NUMBER 42

## HAIL STORM DOES CONSIDERABLE DAMAGE COVERING LARGE TERRITORY

Thursday night one of the heaviest hail storms in the history of this section visited the O'Donnell territory. The hail fell from the northwest, northeast, west, and south. The hail covered a wide area. In the Wells section, New Mexico, state into the storm area damaged, some claiming a loss. It is estimated five thousand acres in the trade territory was affected. Reports from that territory practically all the feed staff will not be a number of farmers northwest and west of that section state that larger than baseballs many instances went tops and car tops. Here the larger stones fell so numerous.

## Church Completion

More days, and the church, which has been a process of remodeling, is practically completed. The interior painting is waiting the arrival of the seats, which will give color harmony to the interior. They will be class rooms are proving a teachers and pupils alike. All generous in size and lighted and ventilated. The rooms will be equipped chairs, the other classes will use the old seats for a while.

## CLUB HAD GOOD DANCE AT LUNCHEON

A weekly luncheon on the part of the Community of Commerce held at the hotel was the largest in attendance. Forty-two enjoyed the luncheon.

## Miss Payne gave interesting reading.

A. B. Lubbock of Commerce and Board of Management was the main attraction. He brought a message from the bank that was highly pleased. Present was very liberal praise for the splendid done by the local chamber and luncheon club.

## Recently I have received letters from America suggesting that since China has altogether gone to the bad and the Chinese are absolutely impossible and since our work among them has gone for nothing then I should "quit and come home."

I hope you don't think thus. The masses of Chinese reminding one of "dumb driven cattle" are still friendly as ever. The war-lords, the rich, the reports make this wariness a real Chinese puzzle; but keep it in mind it's just a big scramble for money and power—then there's no puzzle about it except the puzzle as to how men can be so cruel as to bring such havoc and pain for money. But they know not Christ. We must stay and preach—not run.

Recently I have received letters from America suggesting that since China has altogether gone to the bad and the Chinese are absolutely impossible and since our work among them has gone for nothing then I should "quit and come home."

China has altogether gone to the bad and the Chinese are absolutely impossible and since our work among them has gone for nothing then I should "quit and come home."

## Turkeys Lay Large Eggs at Tredway

John Kocurek of the Tredway community was in town Saturday and while here called at the Index office to show the editor what large eggs his flock of Bronze turkeys produced. The egg that John exhibited measured 9 inches around the long way and 7 inches around the short way and weighed 5 ounces. It was large enough to make a splendid meal for an adult. However, John was frank to admit that all of his turkeys did not produce such enormous eggs. One peculiarity about the large egg was, it was perfectly formed and looked as natural as any ordinary egg.

## Missionary to China Writes Letter

Rev. H. G. C. Hallock, Missionary who has been stationed in China for the past few years, writes the editor of the Index, in which he gives a splendid picture of Chinese customs and habits, and the work foreign missionaries are accomplishing in their field of labor. We reproduce the letter for the benefit of our readers:

C. P. O. Box No. 1234, Shanghai, China, May 29th, 1929.

Dear Editor:

Wars in China suggest sending you "Wu-Ti" the Chinese god-of-war. He is seated. Behind is his armor-bearer. The general idea about Wu-ti is that he delights in war. That is not the Chinese idea of him. Once, a man nine feet high he did great exploits in war, yet he is best known for his loyalty to his friends and for protecting the weak. Officials and scholars worship him as the ideal of loyalty, soldiers do it to make them brave and protect them in battle, and the people worship him to protect them from war's horrors. He's called "Peace Bringer, Protector, and God of Loyalty." But he makes no peace, nor protects nor makes loyal, so is a failure. He's also called "Warrior Prince." As to that name he's a great success. In spite of the claims of Nanking that China is united, wars break out constantly, the Chinese war-lords fighting each other—not fighting for patriotism nor freedom but for money—to squeeze money from rich and poor alike.

Faith puts the Devil to Flight—Inez La Rue.

A number of visitors were present Sunday evening. We hope the number will increase each time.

We are preparing a special program, Sunday evening, July 14th. Titled "The Patriarch Job and the Problem of Suffering." Which will be dramatized.

Mr. and Mrs. Bill Debusk are spending their vacation with relatives and friends at Mineral Wells.

Mr. and Mrs. Ed Singleton and children, Mary Louise and Bob, spent the Fourth in Midland. Bob remained for a visit at the ranch.

Last reports from Bynum Curtis, who is in the hospital recovering from an operation for appendicitis, indicate that he will soon be as full of pep as ever.

Mr. and Mrs. Oscar Shaw, who live in the Newmoore community are very certain that the Fourth of July is rightfully celebrated, since their first baby was born on that day. Mother and baby are doing nicely.

H. R. Thomas of Dallas, who accompanied Mr. Robert Johnson home and remained for a few days' visit with his sisters, Misses Alice and Jeanette Thomas returned Wednesday to his home.

Mr. and Mrs. M. J. Whitsett were in Plainview on the Fourth for the opening of the new Hilton Hotel. They were guests of Mr. and Mrs. Marvin Tull while there.

Mrs. Ed Singleton and children, William Edward and Mary Louise, left last Wednesday for Grant, N. M., where they will visit Mrs. Singleton's mother.

## O'Donnell Has Good Material for a Band

O'Donnell needs a municipal band, and there is no logical reason why O'Donnell shouldn't have a band. Something like two years ago, we boasted of one of the best bands in its class in the state, having taken first prize at the West Texas Chamber of Commerce convention held in Amarillo, as a one-year band. We received more favorable publicity following the convention as a result, than any other one thing the town has ever done. The publicity was of untold value from an advertising standpoint. Every citizen was proud of the distinction gained at the Amarillo convention, but only a few months later, "hardtimes" caused industry to wane and gradually support was withdrawn eventually causing the disbanding of the organization. A careful check of the old members who were in the band when it gained its distinction at Amarillo, shows that thirteen are still in the city with their horns. This would be a good start towards the organization of a band. Why not have one?

## Work Progressing on Singleton Building

The brick and the work on the new Singleton Building is almost completed, or will be by the first of the week. This new modern business structure will be an exact duplication of the other two Singleton buildings completed last year, and will when completed be occupied by L. D. Tucker Dry Goods Co., a former business man of O'Donnell.

Mr. Singleton hopes to have the building ready for occupancy by the 10th of August and the new dry goods firm will open for business immediately following the completion.

## B. Y. F. U. HOLDS REGULAR MEETING

The senior B. Y. F. U. met Sunday evening at the regular hour. We had a very interesting Devotional meeting, Lord Increase Our Faith.

Mrs. Joe Wilson made a very interesting talk on the Daily Bible Readings.

The following made talks: Prayer and Faith—Trixie Harvel. Study our Scripture Texts—Truett Hodnett.

Faith Triumphs over Flesh—June Middleton.

Faith and Flesh, a constant Fight—Irene Martin.

Faith puts the Devil to Flight—Inez La Rue.

A number of visitors were present Sunday evening. We hope the number will increase each time.

## Singleton Bros. Introduce Oil Refrigerators

Of all the wonders of the age, the most unusual one we have seen yet is the coal oil burning refrigerator now in stock at Singleton Bros. Hdw. Store. The machine looks very much like the G. E. Electric Refrigerator, and is a beautiful piece of furniture with its pure white finish and steel hardware. We are not engineers enough to explain the working of the machinery, but we did learn that the heat generated by the burner comes in contact with certain chemicals and water, and the result is ice, at a cost of about two cents a day. The ice is frozen, seven pounds at a time, in neat little cubes, just like the electric refrigerator produces, and the food container is roomy enough for most anything. This machine will be a boon to farm homes not equipped with Delco plants or gas. It is a product of the Perfection Stove Co.

W. D. Hornaday, of Austin, is in O'Donnell looking after his business interests.

## Whole Milk Plant Assured for Lamesa

According to latest reports the required amount of capital has practically been subscribed to insure the establishment of a whole milk plant at Lamesa. It is the belief of the Index that such a plant will furnish a ready market for all dairy products as well as increase the dairy business in this section, and will be one of the most valuable assets the country has ever known.

Mr. L. E. Robinson and son L. E. Jr., made a trip to Dallas last week. Mr. Robinson returned Sunday, while his son remained in Justin for a visit with his grandmother Robinson.

Mr. and Mrs. D. A. Edwards and son Terry, came down from Lubbock for the week-end. On hearing the news of Clean-Up week, Mr. Edwards armed himself with a hoe and got in a lot of foot-ball training.

Mr. and Mrs. C. E. Ray spent the 4th in Levelland with Mr. and Mrs. Bob Ford. The Fords accompanied them home for a visit and returned to their home Saturday.

Mr. and Mrs. B. L. Davis left Sunday for Ratoon, where they will spend several days. They plan to return by way of Roswell and Carlsbad. The trip will last about a week.

E. M. Hebisen returned the past week from a visit with relatives and friends at Emory and Dallas. Mr. Hebisen reports crop prospects are rather poor in that section compared with the O'Donnell territory.

Mr. and Mrs. Ben Cowden and children, Mary Louise and Bob, spent the Fourth in Midland. Bob remained for a visit at the ranch.

Last reports from Bynum Curtis, who is in the hospital recovering from an operation for appendicitis, indicate that he will soon be as full of pep as ever.

Mr. and Mrs. Oscar Shaw, who live in the Newmoore community are very certain that the Fourth of July is rightfully celebrated, since their first baby was born on that day. Mother and baby are doing nicely.

## GOOD WILL TRIPPERS TO VISIT T-BAR WITH ENTERTAINING PROGRAM TONIGHT

The Public Relations Committee of the Community Chamber of Commerce state that a splendid program has been arranged for Thursday night of this week, which will be presented at the T-Bar school house. The meeting was announced at T-Bar last Friday night during the good will trip and program rendered by the Tahoka Chamber of Commerce, by secretary-manager G. S. Dowell.

The program at both Joe Bailey and Draw drew a capacity house and it is believed that the T-Bar trip will even draw larger crowds. The program to be rendered tonight (Thursday) will consist of readings, quartets, saxophone solo, piano solos, and stunts by our local magician, Walter Gaston, and several numbers by a string band. Arnold Davis, known as "Jimmy Rodgers, 2nd," will favor the crowds with some of his interpretations of Jimmy Rodgers.

## Singing School Now in Progress

Mr. Keaton, of Draw, well known to singers over the county, is in charge of a singing school at the Baptist Church. A preliminary meeting was held Monday evening to decide on various matters, and active work began Tuesday night, to continue fifteen nights. This will be a decidedly worth while event. Our singers will do well to avail themselves of the opportunity to find the answers to some of those questions they have been worrying about. Mr. Keaton has the reputation of being a splendid singer and a very agreeable gentleman personally. We are sure that you will enjoy each evening you can devote to this school.

## MRS. ROY MILES ENTER. TAINS JUNIOR G. A.

The members of the Junior Girls' Auxiliary of the Baptist Church and meeting, Mrs. Roy Miles, of Draw, were royally entertained Tuesday afternoon at the home of Mrs. Roy Miles.

Readings, musical numbers and stunts from the little girls made up an enjoyable program which preceded the games. After these, Mrs. Miles served ice cream and cake to Margaret Vermillion, Lorene Beach, Elsie Bernice Eter, Veda Shumake, Sarah Ann Hart, Frances Foster, Wynelle Scott, Mary Jane and Mildred Goddard, Norma Ruth Vermillion, Mildred Ash, J. Verna Stearns, Mary Hamilton, Marie St. Clair, Billy Louise Eter, Wilma Green, Merle and Dorothy Ann Miles and Mrs. Eaton.

The leader asks us to announce that the girls will meet at the church next Tuesday in an all night meeting. May to be devoted to piecing quilts for the Orphans Home. Each member is asked to bring her lunch.

## MRS. MERRITT ENTER. TAINS FOR MARIE SUTTON

Honoring Miss Marie Sutton, who will spend the summer in Colorado, Mrs. Merritt entertained a group of young people at her home Monday evening.

The living room was artistically decorated with streamers of red and white radiating from the center light to each corner of the room. Group games of all kinds were played until a late hour. Refreshments of cake and lemonade were served to Misses Verda Barrow, Ruth Marie Howard, Evelyn Lawler, Edwyna Vermillion, Frances Scott, Gwendolyn and Cleo Faye Lawler, Kathryn Vezeay and Marie Sutton, Messrs. Olin and Bill Yandill, Douglas Ballew, Newman Caddell, Truett Hobdy, Curtis McMillan. Mrs. Merritt was assisted in entertaining by Mesdames Ballew and Wilson.

## MRS. E. L. SORRELS ENTERTAIN WITH 84

Mr. and Mrs. E. L. Sorrels were hostes last Saturday evening to a number of friends when they entertained with an informal 84 party at their lovely home. Messrs. and Mesdames Jim Brinson, A. A. House, E. M. Wilder, Mrs. Edgar Ellis and her mother, Evelyn McKay were the recipients of this gracious hospitality, and the evening was most thoroughly enjoyed. Mrs. Sorrels served her famous apricot cream with wafers to her guests.

We must all stand and give these rousing cheers for the secretary of the Chamber of Commerce and Mr. W. E. Guye. The reason is that they accomplished one of the outstanding feats of Clean-Up Week, alone and single handed. They cleared out the vacant square behind the two buildings. Hip, hip, hooray.

Mr. and Mrs. Major Rodgers and children of Levelland, spent the 4th with home folks here. They left Friday accompanied by Mr. and Mrs. L. Rodgers for a ten days vacation to be spent at Cleburne, Houston and other South Texas points.

Mr. and Mrs. E. T. Wells called on friends in Lamesa Sunday afternoon.

## How to Spend Your Next Fourth of July

Say, folks, do you want to know how to enjoy the 4th of July. If you do I can tell you how a group of O'Donnellites enjoyed the past 4th. We went to a small stream called Wet Tobacco Creek, and what we did was fine. We kindled a camp fire and soon had a nice supper of fresh meat—deer meat if you wish, and when we came back were much heavier than when we went away. Ira Hodges was our pilot and he took us through safe and sound. Wiley Phillips and the three youngsters had a gay time wading while Mrs. Phillips and Mrs. Mayo cooked the game. J. R. bossed around and was ready to eat. We all enjoyed the cats. My, I wish we could have a 4th of July once a week at least. My, we had a time. I think all that went enjoyed it just fine. To say Mr. Hodges is a good guide is putting it mild. We ate fish and cake and dear meat until we were all full, and we washed it down with wet tobacco water with ice in it. Some of the crowd was a little sick but it soon wore off and all were well, so I just hope we can live to go again and have another fish fry. Now, Mr. Editor, don't get scared at this fish story. Ira Hodges caught two fish with one bait and two turtles, and on our way out the boys killed five rabbits for bait, and they had to throw twice at some of them. They make fine fish bait. So we had a fine time. That old Rollins car surely is a good one. J. R. and W. E. are good when it comes to dressing fish, and eating them too. Selah.

## SAUCER RANCH SCENE OF PICNIC FRIDAY EVENING

The Baptist Senior Sunday School class spent a very enjoyable evening on the Saucer Ranch Friday, July 5. An exciting contest has been running for the past quarter between the young men and the young ladies classes. The boys lost and the forfeit was an entertainment for the girls. The only information the girls received in advance was "Be at the church at 7:30, with good appetites." To their surprise the boys had planned the picnic and were ready to produce the materials for a dandy one.

After arriving at the ranch, the boys kindled a fire, and for the next several minutes the roasting of wienies occupied the interest of all. The wienies, served with buns and pickles, made the first course, and toasted marshmallows and punch the second. The remainder of the evening was spent in playing games. At 10:30 the happy crowd started back to town with their minds made up to try to make Sunday School better and more interesting than ever before, and to try to increase the number of regular members. The following members were present:

Truett Hodnett, Truett Hobdy, Desmond Yandill, Roy Lee DeBusk, Wraye Guye, Joe Earl Wilson, Dalready Vaughn, Elizabeth Easbie, of Slaton, June and Jessie Middleton, Marie Dean Preston, Tessa Martin, Mrs. and Mrs. Hobdy, Mrs. Guye, and Rev. and Mrs. Wilson.

O'Donnell needs more street lights in both the resident and business section of town. One approaching the city after dark usually judges the town by the way it is lighted, and this being the case, it is easy to misjudge our progressive little city. It makes a very poor impression to the average stranger after darkness has fallen.

Only a short time ago the Index called the attention of the citizens of O'Donnell to the serious needs of a public park and play ground. A place where the youngsters of the city could spend their idle hours instead of loafing on the streets and seeking their own form of amusement which is not always best for the child. Serious minded folks should be thinking over this problem. Today's boys and girls are the men and women of tomorrow.

The world moves fast these days. It is an age of shattered championships. Only a few weeks ago Reg. L. Robbins and Jim Kelley of Fort Worth were receiving thousands of messages of a congratulatory nature upon their record endurance flight, having remained in the air for a little more than 172 hours. Saturday morning they were dethroned by two former sergeants, Byron K. Newcomb and Roy L. Mitchell who piloted the City of Cleveland to a new endurance flying record, remaining in the air a little more than 174 hours. Robbins and Kelley remained champions for only a few weeks, and we will wager that Newcomb and Mitchell will also be dethroned before many weeks have passed. Dozens of ambitious aviators are now attempting to set a new record or else making plans for a try at a new mark.

Oscar De Priest, negro congressman of Chicago, hurled charges of hypocrisy and cowardice at members of the legislatures of Southern states which recently passed resolutions censuring Mrs. Herbert Hoover for inviting De Priest's wife to a White House reception. De Priest stated, "They are just a lot of cowards. This is my country and your country. I've been elected to Congress the same as any other congressman, and I'm going to have the rights of every other congressman—if it's in the congressional barber shop or at the White House teas." Such a statement from

the Illinois congressman will not soothe the injured feelings and pride of our southern masses. Being called a coward by a negro will make any southerner's blood boil.

A careful check of the agricultural sections surrounding O'Donnell indicates prospects for a bumper feed and cotton crop. This fall are very flattering. Cotton is far above the average for this season of the year. Those who are good authority state that ample moisture is in the ground to almost mature some of the cotton. All feed crops, such as maize, kaffir and other small grain, with the exception of a small acreage of early

feed, is claimed to be doing well. If nothing unforeseen happens, O'Donnell will market fifteen thousand bales of cotton and better than 600 car loads of feed when the harvest is finished this fall. Sounds like prosperity to the Index.

**Plenty of MONEY TO LOAN AT LOW RATE OF INTEREST**

We still have plenty of money to loan for  
the building of that new home you have  
been wanting. We have financed about  
thirty homes in this city during the past  
few months and all are satisfied with our  
low interest rate and monthly payments.  
We also have plenty of money available for  
farm loans. We will refinance your present

Today's Chevrolet is scoring a huge nationwide  
success because it represents one of the most  
sensational achievements in automotive history  
—a Six in the price range of the four.

The Chevrolet six-cylinder engine delivers its  
power freely, quietly, and easily throughout  
the entire speed range—delightfully free from  
annoying vibration and rumble. Combined with  
this remarkable six-cylinder smoothness are  
equally remarkable speed, power and accelera-  
tion—and an economy of better than twenty  
miles to the gallon.

In addition to such sensational performance  
the Chevrolet Six offers the outstanding advan-  
tages of Bodies by Fisher. And no car ever  
provided a more impressive array of modern  
convenience features—adjustable driver's seat  
and VV one-piece windshield in closed models,  
easy action clutch and gear-shift, ball bearing  
steering, and instrument panel complete even to  
theft-proof Electrolock and electric motor  
temperature indicator!

### THE MEDICINE FOR PALLAGRA

Dr. J. L. Leverett, prominent Paris, Texas, Specialist, is attracting National attention with his NEW method of treating Pellagra and certain forms of stomach trouble closely resembling Pellagra. Under a rigid test of more than 3000 patients the treatment proved to be all that was claimed. A 28 day trial treatment for \$5 and this money back if the patient is not benefited and the patient alone is the judge. The medicine doesn't make you sick to take it. For particulars, testimonials and blank for Free diagnosis write J. L. Leverett, M. D., Paris, Texas.

Mr. and Mrs. M. Pearl, of Lamesa, were guests of Mr. and Mrs. Ben Coin Tuesday.

It's hard to convince a winner that gambling is entirely wicked.

Some start a running account and then proceed to run away from it. Many people could say all they think without making much noise.

Train your son in politeness and he may make a successful book agent.

Some evangelists get paid handsomely for bawling out their customers.

The modern girl does the things her grandmother was dying to do, but didn't dare.

Some women seem to believe they have sufficient will power to gossip or leave it alone.
