NUMBER 8

O'Donnell Strong For Milk Plant

Wilson, secretary of the county Agent of Lawrence county with a group of men at this week. The meeting was to sell people on the idea of a milk plant at Lamesa also served the O'Donnell. After a lengthy meeting every detail involved in the operation of such a plant was presented. C. H. Williams, chairman of the meeting explained the more and better dairy farms in this section, he believed by establishing a milk plant of sufficient capacity to serve the territory in a twenty-five miles of Lamesa would cause the dairy business to double in importance in this section. The idea of the South Plains doing away with the one make the country one prosperous in the United States that a thorough investigation had been made at places throughout the where such plants have been and he found that these places 4-1-2 cent per pound more than other such places were not Mr. Evans stated that where whole plants such as his are established at Lamesa, an average of \$4.35 per cow per year would necessitate an expenditure of \$200,000.00, half of which would be raised by the people to be served by the plant. Fifty per cent would be furnished by the Golden States Cream Co., of California, with the Borden Co., one of the producers of milk products. He believes that the establishment of a plant in this section would be the future of the country than a new one as equally as much as an is an opportunity that cannot afford to pass up.

ALL-STARS TO LEAVE SCHOOL TEAM
A game that promises to be a hot one will be fought here Saturday afternoon between the local All-Stars and the O'Donnell All-Stars. The game will be held at 7:30 o'clock. The All-Stars are a team of boys from the local school who have been selected by the school board. Below is the list of the All-Stars:

W. E. Payne
J. W. Smith
L. H. Brown
R. H. Jones
D. A. Edwards
S. M. Taylor
G. L. White
H. C. Black
J. K. Green
P. M. Blue
M. N. Red
O. P. Yellow
Q. R. Purple
S. T. Orange
U. V. Grey
W. X. Silver
Y. Z. Bronze

ECONOMIC CLUB ENJOYS PICNIC WED.
The Economic Club of the Home Eclectic school building and an open section in the town where they enjoyed a picnic. The picnic was a success and the members enjoyed the day very much. The picnic was held at the school building and the members enjoyed the day very much.

SCOTT PAINFULLY INJURED BY FALL WED.
Wynelle Scott, daughter of Mrs. M. A. Scott, was injured Wednesday at noon by falling from a horizontal bar on her right side. Besides being bruised and shaken, her right hand was dis-

THANKSGIVING

At last the harvest was bountiful, the gaunt spectre of starvation no longer haunted their daily lives, and the little band of hardy and courageous Pilgrims set aside a day to offer thanks to the Divine Providence that had at last brought them through their period of tribulations.

We all learned the story in school, the account of that first Thanksgiving day, but at times it is well to have its details brought back to our recollections.

Still facing hardships and dangers that would try the patience and soul of a modern citizen, these people still found much for which to be thankful. How much greater therefore, is our cause for offering up thanks at this time.

Living in comfortable, well heated homes in orderly and well lighted cities, enjoying as necessities things that were even beyond the comprehension of the past generation, having before us opportunities for development, prosperous living, and valuable leisure, we may, indeed, regard ourselves as highly fortunate human beings living in one of the finest and most amazing ages in the entire history of the world.

As citizens of America we may well be thankful, living as we do in a land affording greater material comforts, with more satisfactory opportunities for mental and spiritual growth, than any society has ever before offered to its citizens.

As citizens of O'Donnell we may also feel thankful, for the privileges we have of enjoying the company and society of a fine community of right thinking people, where personal friendship abounds, and the opportunity exists to take part in the delightful adventure of making the city the finest little community in the world.

O'Donnell Tin Shop is New Business Here

One of the latest institutions to open for business in O'Donnell is that of the O'Donnell Tin Shop which is located in the Curtis Building, first door north of the West Texas Gas Co.

The new business enterprise is owned and operated by Mr. Carl Fullerton for the past several months has been working at the trade in Lubbock. Mr. Fullerton is well known here having spent several years as a resident of this section and has many friends who will join in wishing him the best of success.

GIRL'S BASKET BALL IS UNDER HEADWAY

Girl's athletics are now holding the interest of the feminine members of the local student body, as both high school and grammar school organized teams Tuesday afternoon. The High School girls are under the direction of Miss Velma Winkler, one of our "new" teachers. In her short time here Miss Winkler has made scores of friends among students and patrons alike, and her engaging personality and executive ability will have much to do with our success.

Grammar girls are in Miss Alta Rodgers' charge. Miss Alta is well known to everyone, so little needs to be said of her success and popularity. Suffice it to say that she has pep, the enthusiasm and the ability necessary to a good coach.

The teams are now in the market for games with other schools, and we are awaiting with interest the opening of basketball season.

Cast of War Birds In Flying Picture

There have been many aviation pictures set to this screen since the Armistice was signed, but never until now has there been an aviation picture in which such an imposing cast of War Birds appear, as in the "Legion of the Condemned," coming to the Lynn Theatre on November 25th and 26th. Not only does this picture of the air boast of its authentic cast, but the production itself was directed by a former member of the Lafayette Flying Corps, William Wellman.

Heading the list of aviators who fought in the air during the War is Captain Sterling Campbell, one of the five ranking aces of the Royal Air Force, who has many planes to his credit. One of the enemy side is Lieutenant Rudolph Schan, a member of the famous Richthofen's Circus, No. 15, who has twelve allied planes to his credit. Others who saw service, and who have more than five planes each to their credit are: Ted Farson, of Detroit, who flew for five years with the French; Ross Cook, Robert de Couedic, Tom Watton and Al Johnston.

Director William Wellman, who also directed "Wings," for Paramount, was a member of the Lafayette Escadrille during the war, J. Monk Saunders, the author of the story, and who also wrote "Wings" was an instructor of aviation.

Misses Velma Winkler and Leta Rodgers and Messrs. Chester Horn and Desmond Yandill attended the Simmons-Tech game at Lubbock Saturday.

Local Laundry Will Open Next Monday

Jersey Breeders Will Tattoo in Future

Solid color and lack of distinctive markings cited as cause of tattoo regulation.

To establish a uniform method of identification for Jersey cattle the members of the American Jersey Cattle Club this year adopted a By-Law which requires that all animals to be registered after January 1, 1929, must be tattooed. The article covering this reads as follows:

"Eligibility—1. No animal shall be registered until both its sire and dam are registered; and, to preserve the identity of registered animals, all animals offered for registration must be plainly tattooed in the ear in indelible ink with such letters and numbers as the owner may select, no two animals (in the same herd) to have the same number. Both ears may be used, and the marks and numbers in the ears must be stated on applications for registration.

The above requirement as to tattooing shall go into effect on January 1, 1929."

Many dairy animals are solid color and in many herds only the owner can definitely identify all such animals. With the tattoo mark recorded in the owner's records and on the Certificates of Registration of purchased animals anyone can identify every animal in the herd. In the event of the owner's death or absence this information is of the greatest value.

It takes but a few moments to tattoo an animal and the identifying mark is permanently fixed in the ear. Needle points form the design of letters or numbers and these points are held in position in the head of the marker which is like a large pair of pliers. The needle points are covered with indelible ink or paste. The instrument is then set in position and the needles penetrate the ear on the inside carrying the ink well under the surface of the skin. Ink is immediately rubbed into the slight wound made by the needle points and the job is done. There is practically no bleeding, and the operation is scarcely noticed by the animal. It is recommended that the ear to be tattooed by cleaned with alcohol before it is punctured. This will remove the wax and other foreign matter and insure a clean surface on which to work.

The new ruling on tattooing has been very favorably received by breeders and agricultural leaders. The subject of tattooing will be of interest for some time to come as there are eleven million Jerseys in the United States and of this number over three hundred thousand are registered purebreds.

ART EXHIBIT WILL BE HELD BY SCHOOL

During the first week in December, reproductions of the world's most famous paintings will be open to the public, the pictures being arranged in a room in the Grammar School building. Admission will be the nominal sum of ten cents. Pupils in each grade will sell tickets and the proceeds will be used to buy a picture or pictures for their class rooms. These pictures are sent out by the Colonial Art Company of Oklahoma City, and are unusually fine reproductions. Be sure and see them.

PARENTS' DAY WILL BE OBSERVED HERE

Something rather out of the ordinary will be the observance of Parents' Day here the first week in December, Thursday and Friday of that week, both the Grammar School and High School will hold open house for any or all patrons of the school. They are urged to visit class rooms, confer with teachers, inspect the school plant, and in every way strive to become familiar with each department.

On Friday afternoon, beginning at 2:30, the student body will present a program of mixed numbers. Each grade in school will be represented. Don't forget the dates, December 7 and 8th.

Mr. T. D. Jones who is installing machinery for what will be known in the future as the O'Donnell Laundry has been very busy this week placing machinery and making necessary preparations for opening to the public on next Monday morning.

His place of business is located in the building just at the southeast corner of the square. Mr. Jones states that after Monday he will be in position to give the people one day service when necessary and will at all times absolutely guarantee his work to give satisfaction. Such a guarantee should merit patronage sufficiently to keep his plant running at full capacity. The O'Donnell Laundry will call for and deliver all work. See their advertisement elsewhere in this issue.

Actress Made Star Before Public Sees Her

Considered a star by Hollywood and yet unknown to Broadway is the fate of Fay Wray, who has one of the leading roles in "The Legion of the Condemned," Paramount's companion picture to "Wings," which comes to the Lynn Theatre on Sunday and Monday, November 25th and 26th.

A little more than one year ago Miss Wray was selected to play the part of Mitzi in Eric Von Stroheim's "The Wedding March," and Von Stroheim made the selection of his leading woman himself.

When the production had gone to the Paramount cutting room studio officials witnessed the performance of Miss Wray and lost no time in signing her to a long term contract. Since then she has played in "The Street of Sin" with Emil Jannings and "The Legion of the Condemned" but because of the late releases both pictures are just coming before the public eye. "One of the most promising of the younger actresses on the screen," says Jannings and this opinion is backed up by Hollywood.

Other members of the cast of "The Legion of the Condemned" are Gary Cooper, leading man, Barry Norton, Lane Chandler, Frances McDonald, Vaya George, Freeman Wood, E. H. Calvert and Charlot Bird.

H. D. CLUB ELECTS NEW OFFICERS WEDNESDAY

At a regular business meeting of the Home Demonstration Club Wednesday afternoon the following officers were elected for the year 1929. President—Mrs. John Earls. Vice-President—Mrs. Ellis Tredway. Sec.-Treas.—Mrs. Clayton. Better Homes Chairman—Mrs. J. F. Campbell.

EAGLES ATTEND SIMMONS-TECH GAME

Gene Gardenhire, Barry McCasland, Lee Vaught, J. Y. Everett, Cecil Tredway, Edgar Miller, Sam Singleton, and Cathey Morrisson, all members of our local football team were accompanied by Mr. and Mrs. D. A. Edwards, Saturday when they attended the Simmons-Tech game at Lubbock.

They report a wonderful game and a still more enjoyable duck barbecue.

FIRST GRADE TO PRESENT PROGRAM

This method is taken to announce that on next Tuesday morning pupils of the First Grade will present an amusing program at the assembly hour. To suit the convenience of the patrons who are planning to attend, assembly will be held at 10 o'clock. Mothers of pupils in this room are very specially invited. The youngsters and their teacher, Mrs. Irvin Street, have prepared an unusually good program. Come and hear it. Grammar School auditorium, Tuesday morning, November 27 at 10:00 o'clock.

W. E. Payne returned Tuesday from a business trip to Abilene and DeLeon.

Thanks

RULES FOR 1929 LIVING ROOM CONTEST

(Miss Thelma Green's, County Home Demonstration Agent, requests that each member of the Home Demonstration Club clip these rules for future reference. In this contest it is agreed by The Semi-Weekly Farm News and the Home Demonstration Department of the Cooperative Extension Service of the Texas A. & M. College and the United States Department of Agriculture that:

This improved living room contest shall be under the direction of the Cooperative Extension Service of the Texas A. & M. College and the United States Department of Agriculture and The Semi-Weekly Farm News, Dallas, Texas.

Aims of the Contest

1. To encourage interest in more comfortable living rooms by making them more livable and attractive.
2. To teach the best use of what is on hand.
3. To teach wise expenditure of money.
4. To teach wise selection and arrangement of furnishings.

Contest Plans

1. The improved living room contest will be under the direction of the Extension Service of the A. & M. College of Texas and the United States Department of Agriculture cooperating, and The Semi-Weekly Farm News.

2. This contest is to be conducted by the Extension Service of the Texas A. & M. College, the home demonstration agent having direct charge in her county, including the selection of the county committee of judges. The Semi-Weekly Farm News not taking part in the appointments of such committee or the rendering of such decisions as are to be made in regard to the winners of the contest.

3. The Semi-Weekly Farm News will offer prizes for the contest.

4. The contest will begin immediately after the Farmer's Short Course at A. & M. College. Registration cards must be sent in to the chairman of the State committee on or before Dec. 1, 1928.

5. Any farm woman (in a county having a home demonstration agent) may enter the contest by registering her name with the county home demonstration agent and working under her supervision.

6. The contestant may enter one of two classes, namely:

Class 1. The living room making the greatest improvement in proportion to the expenditure (cost not to exceed \$50.00.)

Class 2. The living room making the greatest improvement in proportion to the expenditure (cost exceeding \$50.)

(a) In both Class 1 and Class 2 the scoring shall be done on the basis of greatest accomplishment in proportion to the cash expenditure.

(b) A woman must register in Class 1 or Class 2 at the beginning of the contest. As her plan develops, if she find that the expenditure will be greater or less than that prescribed in the class in which she has registered she may be transferred to another class, provided she make application to her county home demonstration agent.

7. Cards will be furnished the county home demonstration agent on which she will register the contestant, giving her full name and address, and indicating the class which she desires to enter. A registration card will be filed in the office of the home demonstration agent and one will be sent to the chairman of the State committee at the college, not later than Dec. 1, 1928.

8. A county committee consisting of two members shall be appointed by the county home demonstration agent. It shall be the duty of this committee to assist the county home demonstration agent in conducting this contest. This committee shall grade the living room at the beginning of the contest, according to a score card which is sent out by the college.

9. At the end of the contest, the original committee shall make a final score of the living room. The final judging in the county must be done between April 15, 1929 and May 1, 1929.

10. Each district home demonstration agent will visit the two winning living rooms in each county of a prescribed district and select the winner in Class 1 and Class 2 for the district. The district judging will begin immediately after May 1, 1929, and will be completed as rapidly as possible by the district agent.

11. After the best living rooms in each district have been decided upon, the State honors will be awarded by the State committee, which shall be appointed by the extension service.

This committee will visit the prize-winning living rooms in each district. The State judging will follow the district judging immediately, beginning not later than June 1, 1929.

12. Announcement of the State prize winners will be made, if possible, during the 1929 Farmer's Short Course at the A. & M. College.

13. The names of the county winners must be made public before the arrival of the district agent for the purpose of judging.

14. In no way must the district agent or members of the State committee be asked to assist with county judging.

15. The district agent or State committee will notify the county home demonstration agent as to the time of arrival in the respective counties for judging, and the time asked for must be reserved for this purpose alone. The county home demonstration agent must not plan other work for this time.

16. No expense need be recorded for voluntary labor performed or the use of materials on hand, although itemized lists shall be made of each.

17. Gifts shall be valued and considered as that amount expended.

18. If a new living room is built during the contest period, whether it is a new house or in a remodeled house its score should be compared with that of the room at the beginning of the county contest. Due to the difficulty of estimating what part of the cost of building was spent on the living room, the contestant may be allowed the following considering the cost:

- (a) Bare room.
- (b) Bare unfinished floor.
- (c) Any furnishings used previously.

Anything additional must be counted at exact cost.

19. The following information regarding each living room shall be given to the district agent upon her arrival for district judging.

- (a) Story of the activity.
- (b) Simple floor plan before improvement.
- (c) Simple floor plan after improvement.
- (d) Kodak pictures before improvement.
- (e) Kodak pictures after improvement.
- (f) List of each improvement made.
- (g) Use of material on hand.
- (h) List of materials on hand and value of each.
- (i) Voluntary labor performed.
- (j) Cash expenditures.

It is suggested that the judging committee and the contestant assist as far as possible in collecting this data.

20. The county home demonstration agent will offer suggestions for improvement.

21. The Semi-Weekly Farm News through its columns will offer suggestions for improving the living room.

District Prizes

Six prizes will be offered for each district.

1. A certificate of honor.

2. A certificate of appreciation.

3. A certificate of commendation.

4. A certificate of commendation.

5. A certificate of commendation.

6. A certificate of commendation.

district by The Semi-Weekly Farm News as follows:

Class 1. For the living room making the greatest improvement in the allotted time in proportion to the expenditure (cost not to exceed \$50.) First prize \$10, second prize \$5, third prize, one year's subscription to The

LYOLET WILL BE CYLINDER IN THE PRICE RANGE OF THE 4

to the motoring public of economies arising out of volume production, let Motor Company, announces "the Outstanding of Chevrolet History—A Price Range of the Four."

ing this important announcement, W. S. Knudsen, president and general manager, points out the sensational public recorded the car in recent months. The Chevrolet at this time offered the added power, speed and economy of six cylinder per inch of displacement, practically the same as the four cylinder, but contributed so much to the popularity of the Chevrolet for the greatest year of its history.

For 1929, Mr. Knudsen declares that production of the new Chevrolet probably exceed 1,250,000 units, thereby surpassing all former records.

The new offering Chevrolet has been highly successful valve-in-head principle. The motor is of the compression type with a cooling jacket and develops 32 horsepower more power than its famous predecessor; its acceleration is measured greater and its speed has been stepped up to satisfy maximum demands. The piston displacement is 194 cubic inches.

This greatly improved performance, thousands of feeting under every road and conditions at the General Proving ground in addition to cross country runs, have at the new Chevrolet engine rate with an economy averaging more than 20 miles to a gallon.

practically the same fuel economy enjoyed by the owners of the four cylinder model. The motor develops 46 horse power engine speed and as a result the automatic lubrication of the mechanism the motor is equally quiet throughout the speed range.

models of passenger cars of commercial types comprise which according to General officials, embodies the greatest value ever offered in an automobile. Included in the passenger line are five closed and two models. All bodies this year feature the famous Fisher stamp of craftsmanship. The commercial car traces a new and larger Utility truck of one and one-half ton capacity with a new light delivery chassis Sedan Delivery.

an appearance standpoint the completely new with a wide range of attractive colors and fine trimmings formerly found only in more expensive makes.

the score of advanced features remains practically the same as a result of the introduction of tremendous volume production.

duction. The passenger car range is from \$525, f. o. b. Flint, Michigan. The prices, according to models, are as follows: Roadster \$525; phaeton \$525; coach \$595; coupe \$595; sedan \$675; sport cabriolet \$695; convertible landau \$725. The economical car prices are slight delivery chassis \$400; one and one half ton Utility truck chassis \$545; All prices are f. o. b. Flint, Michigan.

Dates and places of the special advance showings are as follows: Detroit, November 24-29, Auditorium General Motors building; New York, November 24-29, Waldorf-Astoria Hotel; and Chevrolet Retail Store, Broadway at 57th Street; Washington, D. C., December 1-4, Mayflower Hotel; Chicago, December 1-6, Purc Oil Building, Wacker Drive and Wabash Avenue; Los Angeles, December 1-6, Auditorium Ambassador Hotel; Cincinnati, December 8-14, Sinton Hotel; San Francisco, December 8-13, Civic Auditorium—Larkin Hall; St. Louis, December 8-14, Arcadia Ballroom, 3515 Olive Street; Atlanta, December 18-22, Auditorium-Armory; Dallas, December 18-22, Adolphus Hotel; Portland, Ore., December 18-22, Public Auditorium. All of the foregoing dates are inclusive.

In each of these places the complete passenger car line will be displayed in automobile show style. Elaborate entertainment features have been arranged for the display in each city and in every case provision will be made to accommodate the hundreds of thousands of visitors who will view the new Chevrolet line between November 24 and December 22.

Advanc orders will be taken immediately following the announcement with deliveries starting January first, officials stated. They also pointed out that to insure delivery early next year it would be advisable to place orders as soon as possible.

Speed, acceleration, power and smoothness, to an unusual degree, are offered in the new motor. It is of the high compression type, fully enclosed and with a non-detonating head. It has a three and five sixteenths bore and a three and three quarters inch stroke with a 194 cubic inch piston displacement.

The motor develops 32 per cent more horse power than its famous predecessor and has an abundant source of reserve power for fast getaway, heavy roads and steep grades. New features that contribute to this added power are an improved combustion chamber; a newly designed cam-shaft, and four exhaust and three intake ports.

The speed has been stepped up to satisfy maximum requirements and in acceleration the new motor is vastly superior to any previous Chevrolet model.

This remarkable acceleration is due partly to the use of a new accelerating pump.

ECHOES FROM THE CLASSROOM

Mrs. A. S. Graham was wonderfully surprised last Tuesday week when the Seventh Grade honored her birthday with a lovely fruit shower and by giving her a dainty toilet set and perfume atomizer. The gifts were arranged on her desk which was banked with flowers. She has already expressed her appreciation, and we also wish to commend the youngsters on their thoughtfulness. It was a gracious act which brought much pleasure to the recipient.

The First Grade children surprised their room mother last Friday with a gift of fruit, flowers, candy, and peanuts. When she came to make her weekly visit a mysteriously covered mound on the desk was uncovered to reveal a huge bag of fine peanuts surrounded by a bank of nearly every kind of fruit and candy, and a row of lovely chrysanthemums. It was a beautiful gift and a much appreciated one.

Mrs. Shaw's room had charge of the Assembly program last Friday, and rendered a splendid program. The tiny tots are making the other grades look to their laurels in many respects and certainly when entertaining is in order.

At an early date the First Grade, Mrs. Street's room, will present an unusual program. This will probably next Tuesday, November 27th, and will be given at an hour convenient to patrons who will enjoy seeing it. Don't miss this, it's a wow.

PLOW WITH THE FARMALL

The McCormick-Deering Farmall offers the row-crop farmer a wonderful advantage. With this sturdy, 4-cylinder, 2-plow tractor on the farm you can put all of your work behind you quickly with power—from the first tillage job in spring to the last belt job in winter. The Farmall pulls a 2-bottom plow as ably as does any other tractor. It turns short, handles easily, operates economically, and requires very little attention.

As the season progresses you can shift from one important job to another with amazing speed. Tilling, plowing, seeding, planting row crops, (with 4-row planter), cultivating row crops (with 2 or 4-row cultivator), mowing, raking, loading hay, harvesting grain, harvesting corn, and doing the hundred and one belt jobs around the farm.

You can't beat the Farmall. It makes the horseless farm practicable and possible. It cuts the corners off expense and puts the profit in your pocket.

We can't tell you the whole Farmall story here; but we can prove every point in mighty quick time if you'll ask us for a field demonstration.

POWER TRANSMISSION LINES

BRING MANY ADVANTAGES TO A COMMUNITY

CHIEF among the advantages of electric power transmission lines is flexible service capacity. Many conditions such as heat or cold, cloudy and stormy weather, cause variations in the demand for electric service in any city. Today the greatest demand may be at six A. M.; tomorrow it may come at ten A. M.; and the next day at eight P. M. When a city has transmission line service these variations are instantly met, with ease. But when a city depends upon an isolated power plant it is probable that a heavy load at an unusual hour will result in poor service for part or all of its customers.

Greater dependability is another big advantage of transmission line service. It is usual for a city to have two and sometimes five or six sources of power when served by transmission lines. So that if one source of power is cut out for any reason, another is instantly switched into use. In case of an isolated power plant an accident in the plant itself is likely to throw all or a part of the city of service for a time.

Ability to Increase Power Capacity is a mighty important advantage to any city that has ambition to become truly great. Transmission lines permit instant and almost unlimited increases in the amount of electric power which can be served a city. An isolated plant must undergo drastic structural changes at great cost in order to increase its capacity very much. And the process is slow. Cities have been known to lose important industries because they could not supply enough electric power when it was needed for the industry's establishment or expansion.

The Texas Electric Service Company produces electricity in large centrally located generating stations and distributes it by a system of high tension power transmission lines.

The Silent Partner of Progress

Thanksgiving

Twelve more months have rolled by and again we set aside a day to offer thanks for the good things the past year has brought.

To our customers and readers we give thanks for the patronage and pleasant personal contacts that make newspaper work such a delightfully human enterprise.

To the citizens of O'Donnell we extend an expression of gratitude for the kindly cooperation with which we have been rewarded in all our associations with the community.

MR. AND MRS. A. D. BROWN HONORED WITH PARTY

Tuesday evening Mesdames H. E. Gillispie and W. S. Cathey were hostesses to a number of friends when they entertained six tables of bridge honoring Mr. and Mrs. A. D. Brown...

Fire bushes formed colorful backgrounds for baskets of flowers. A number of strings had been strung through the house and each couple followed their string to the end where they found tarleton bags containing chewing gum and jaw breakers.

Mr. and Mrs. Brown found a basket of lovely gifts, which was a complete surprise to the lady. She made a very charming little speech of thanks.

After several interesting games of bridge the hostesses served fruit salad, cheese-nut sandwiches, coconut cake and coffee to Messrs and Mesdames A. D. Brown, J. P. Bowlin, John Earls, Waldo McLauren, E. T. Wells, Carl Westmoreland, M. J. Whittest, R. O. Stark, M. C. Tull, S. G. French, W. S. Cathey, H. E. Gillispie, Miss Willie Schooler, and Mrs. H. E. Crunk.

THE PRESBYTERIAN CHURCH

"A Church with a Message and a Welcome." Our Sunday School will start at 10:00 a. m. Bring every member of the family. Preaching services at 11:00 a. m. Subject "Thanksgiving" or "Has America lost the art of Appreciation and Gratitude?"

When God created the World America was in the Making. Come out and hear Dr. Arnfield speak on "The Holy Land of Life." Bring a friend and spend an hour in Worship with us, we have installed our new gas heater and the house will be warm and comfortable.

BOYS WILL RECEIVE
TRIP TO CHICAGO, ILL.

Station, Texas, November
three Texas 4-H Club
will receive free trips to the

reau of the Chilean Nitrate of Soda,
Dallas, will send three boys who have
made the best corn club records with
the use of its product, one boy from
each of the three Extension Service
districts in East Texas.

This group of prize winning Tex-
as boys, each equipped with a smart
looking uniform hat which will be
the Texas badge at the National 4-H
Congress to be held in connection
with the International Exposition,

Winners of the Santa Fe trip a-
wards and their prize winning pro-
jects include: Richard Selz, Marshall,

Jack Drent, Ysleta, El Paso
County, cotton; W. C. Wright, Lan-
sac, Dawson County, pigs; Herbert

pigs: Albert Neves, Roby, Fisher
County, pigs; Spence Hall, Post,
Garza County, maise; Milton Wake-
field, Midlothian, Ellis County, dairy
cow; Hugh Barnhart, Galveston,

Joe Hutton, Fairly, Hamilton
County, is winner of the Armour &
Company trip for outstanding baby
beef club member of Texas.

Winners of the Chilean Nitrate of
Soda trip awards are: Paul Robinson,
Midway, Madison County, 154 bush-

Records of these young farmers
show some unusual yields. The least
yield of cotton by a winner, accord-
ing to the records, was a bale to the
acre and one boy made more than
three bales to the acre. One boy
with sweet potato project, gathered

\$106 to \$240 net on their projects.
One boy since January had netted
\$444.98 with dairy cow and a turkey
club boy cleared more than \$500 dur-
ing the year from a start of eight
turkey hens in February.

Removal of the sand from the
road bed of the Midland to Andrews
road has been completed lately, at a
cost of only \$264.60 which was tak-
en from the regular chamber of com-
merce budget at Midland. H. L.
Hart, McCarleyville farmer super-
vised the work.

Personal Mention

Mr. W. H. Vezzey made a business trip to Lamesa Monday.

Miss Frances Chandler spent several days this week with her sister, Mrs. W. M. Patton at Colorado City.

Misses Frances Morrow and Mary Hipp, teacher at Wells, spent the week-end here with Miss Roxie Hancock and Mrs. C. E. Ray.

Messrs. C. H. Westmoreland and Paul Welch returned Tuesday evening from market.

Mr. and Mrs. R. K. Thornhill of Lamesa and Mrs. W. H. Thornhill were Lubbock visitors Sunday.

Mrs. J. D. Smith returned to her home in Haskell after spending the past week with her daughter, Mrs. J. W. Roberts.

Mr. and Mrs. S. T. Price and children motored to Lubbock Sunday. Mrs. Ben Cowden and Miss Thelma Palmer were in Lubbock shopping the last of the week.

Mr. and Mrs. B. M. Haymes accompanied by Miss Hester Gates, have attended annual conference at Lubbock several days this week.

Mr. and Mrs. W. A. Hale and little son Billy of Abilene, accompanied by Mrs. W. K. Hale of Hamlin and little granddaughter Jeanette Walker of Wichita Falls, visited their daughter and sister, Mrs. W. H. Vezzey Thursday and Friday.

There will be a regular meeting of the Ruby Hendricks M. S. on Tuesday afternoon at the Methodist Church, at 4:15 o'clock. Mrs. D. M. Estes, the new Bible study superintendent, will have charge. All members and others interested are urged to come.

One of the most enjoyable features of the work of the Ruby Hendricks M. S. is the friendship with their adopted sister, Gertrude Brown at the Orphans' Home at Waco. This week they sent her a lovely Thanksgiving box, filled with candy, intimate gifts and things dear to a girl's heart.

CARD OF THANKS

As we leave O'Donnell and our many friends, we wish to express to each of them, whether members of our church or of some other, our sincere appreciation for their loyal support, hearty co-operation, and acts of kindness which have made our stay among you a pleasant and profitable one. May we also express our thanks to the general public for the courtesy and respect shown to us. May God bless each and every one of you.

Rev. and Mrs. J. T. Weems.

SONNET TO BARRY (Author Unknown)

Oh Barry was a fine young fellow,
And Barry was a sport
Barry was a good old scout
With not a streak of yellow.
For he was the finest sort.
Barry was a foot ball end.
One of our best men.
But they took him out
I don't know what about.
They put him back in
To help the Eagles win
Barry was a hero hold
At least that's what we've told.
He fought for the dear old O. H. S.
I suppose I'll have to confess,
That Barry is the best.
In all the good South West,
All the girls, smiled at him.
But that's all right for he
Don't smile at them.

RUBY HENDRICKS SOCIETY IS HOSTESS AT PARTY

The Ruby Hendricks Missionary Society was hostess Tuesday evening to a large number of young peo-

ple when its members, with an uproariously Thanksgiving party.

Games of all kinds made all too short. At a late hour pie and coffee with which were served to the guests.

Mr. and Mrs. E. M. Williams first of the week in Lamesa. Mr. Wilder transacted business.

Mrs. Ben L. Cowden spent the week visiting her mother, McNally, of Midland.

Messrs. C. C. Bell and J. J. Bell made a business trip Tuesday evening.

HUNTERS RETURN WITH DAY WITH THREE

One party of deer hunted from the Big Bend came three deer. They report and excitement. Those in the party were B. L. Parker, W. L. hire, H. H. Williams, and Balch.

CHURCH NOTES

Rev. J. T. Weems preached his farewell sermon last Sunday morning, speaking to a crowded house. He took his text from Paul's farewell address, "Ye Know How I have Lived Among you."

Sunday School was well attended and a special lesson enjoyed.

The Woman's Missionary Society met at the regular hour Monday afternoon. Among other things, it was voted to pay the assessment for the zone loving cup.

Quite a bit of the time at the meeting of the Ruby Hendricks Society was devoted to plans for the Thanksgiving party.

Rev. W. K. Horn preached at the Baptist Church at eleven o'clock to a large congregation. Rev. Rankin of Lubbock preached at the evening hour.

The T. E. L. class and the W. M. U. packed boxes for the Orphans' Home, a box of cookies valued at eleven dollars and a box of linens valued at more than fifty dollars.

Mrs. St. Clair has just organized the Sun-Beams, and is doing a wonderful work.

All E. Y. P. U.'s and the Epworth League met at the usual hour. They were well attended and splendid programs were enjoyed.

The Senior E. Y. P. U. entertained the young people of the town with a Thanksgiving party Thursday evening. A full report cannot be given at this time.

The Men's class of the Baptist church lost the race to Washington, so they entertained the T. E. L. Class with a delightful party at the church Friday evening. After several amusing games chicken, sandwiches, pumpkin pie with whipped cream, and coffee were served to about seventy guests.

REV. VIRGIL FISHER IS TRANSFERRED TO POLYTECHNIC

News has been received at Lamesa that Rev. Fisher, pastor of the First Methodist Church, has been transferred to central Texas conference and located at Polytechnic Heights Church. We sympathize with his members at Lamesa because of his going for no matter how strong a leader is sent to them. Bro. Fisher held a place among his people no other can fill.

THANKSGIVING DOUGHNUTS !!

Book your order for doughnuts for Thanksgiving early. The Ruby Hendricks M. S. will take orders Tuesday and Wednesday at the M-System. Big, fat, crunchy doughnuts like Grandma used to keep in the cookie jar down on the farm. Forty cents per dozen, twenty-five cents per half dozen.

There was much excitement in and around Guthrie Mercantile Tuesday afternoon when little Billy Guthrie ran away and could not be found. He came back after several hours absence his fluffy white coat somewhat the worse for wear, and with a serious limp on the starboard side. This was not caused by a broken leg as was first supposed, but by a mud ball between his toes.
