NEEDLECRAFT PATTERNS
Chrysanthemum Motif on Towels

7075
A FLOWER-FESTIVAL that's simply irresistible! Twelve splashy chrysanthemum motifs in 5-to-the-inch cross-stitch for linens or curtains.

Household Hints

When sanding unfinished furniture for painting, sand thoroughly with fine sandpaper wrapped around a padded wood block. Wipe off with a soft lintless cloth.

When winding a hank of wool, wind it on a moth ball. Then, if the wool isn't all used or is put aside for awhile, the moth ball discourages moths.

Backless summer dresses should be made with a jacket, if you want to get full service from them. On cool nights a light bolero jacket will protect your back.

Serve hot cakes or waffles with heated honey and butter mixed together. For extra flavor, mix a little orange juice and grated rind with the honey before heating.

Use a carpet sweeper daily and a vacuum cleaner once a week and beating, which causes carpet threads to weaken and break, will not be necessary.

Shake Turkish towels vigorously before hanging to dry. This will remove wrinkles and raise the nap.

To clean glass straws, use an ordinary pipe cleaner. For the larger size glass straws use two or three cleaners twisted together. Cleaners may be used a number of times.

Root vegetables retain their nutritive value and freshness longer if the tops are trimmed off before they are stored.

Your brown and white saddle shoes should be cleaned each day. Sloppy shabby shoes are never a sign of good styling.

Color symbols on pattern; needs no chart. Pattern 7075; transfer of 12 motifs 2 by 3 to 9 1/2 by 9 1/2 inches.
Our improved pattern—visual with easy-to-see charts and photos, and complete directions—makes needlework easy.
Due to an unusually large demand and current conditions, slightly more time is required in filling orders for a few of the most popular patterns.

Randy-Handy Rinsor
Three-Cup Plunger
whisks thru those little laundry jobs and saves your hands, too. Gentle suction action forces soap and water thru and thru the clothes you don't want to put into the big washer. It's efficient, too, for those rinsing, whether it's of hand laundry or washer-cleaned clothes. Cups are firm rubber, kind to cloth. Unsurpassed for baby clothes, ladies' dresses, and personal laundry, chemise spreads, and blankets. Use it with your electric washer for plunging clothes in hot or cold rinse water.

WANTED: USED TIRES

The last 1000 miles are the danger miles ... don't drive past the danger point

B. F. Goodrich Silvertowns that outwear prewar tires ... now at less than prewar prices!

FORMER PRICE \$16.10 PLUS TAX
Now \$14.40
LESS A BIG ALLOWANCE FOR THE OLD TIRE OFF YOUR CAR

6.00-16 PLUS TAX

We have a big market for sound used tires. On your car, it is impossible to detect the exact condition of a tire. But we have the experience and equipment to examine them thoroughly, to detect flaws and to select casings suitable for repairing, recapping or reconditioning. This knowledge is extra money in your pocket, because we can give you a bigger allowance if your tires can be made safe for further use. And this allowance comes off the already lower-than-prewar price of most popular-sized B. F. Goodrich Silvertowns that outwear prewar tires. This new tire has a wider tread that runs flush-to-the-road, gives greater road contact, firmer footing, more even wear, more road grip. Finer, sturdier cords and more of them give the tire greater strength and suppleness to resist the road pounding of high speeds. So don't be satisfied with less than the best when the tire that outwears prewar tires costs so little.

PHON

I GIVE YOU TEXAS By Byce House

People are always writing, phoning or dropping by to ask advice about a book they are planning to write. Almost without exception, they are seeking a short cut, a magic formula whereby one can get ahead in writing. Their faces fall when they are told that the only recipe is hard work, which is the recipe in just about any other field.

Hard work plus patience. For example, "Cub Reporter" is based on experiences and observations of this newspaper while breaking news in the newspaper game back in 1913 and the two years which followed.

The idea of writing the book came about 1927. My mother had written a letter from Memphis, Tenn. and enclosed clippings telling of the death of C. P. J. Mooney.

editor of the Commercial Appeal. After the work of getting out the Eastland Daily Oil Belt News was done, I sat at my desk, slowly read the clipping and then mused as twilight descended. The determination came to write a book about Mr. Mooney, my first editor, and the glorious crew of reporters of the old C. A.

Years went by slowly, subconsciously, the project took form. Frequently, I thought of the undertaking but it had not matured. This like the aging of certain beverages in the wood, is a process that can not be hastened. There is no substitute for time, its sifting, its mellowing, its hallowing.

One day, a pen was dipped into ink and the writing began. The slower method of pen and ink gave a thought, a scene, an individual trait, the full chance to unfold; it is details which make a man or an event

come to life on paper. Nearly 50,000 words in ink — then revision, then typing it off on the machine, with changes of words, adding of touches as the task went along — and task it was, slow and hard.

And so "Cub Reporter" was written — 30 years after the happenings had taken place, 20 years after the idea of writing the book was born.

The whole project was done with out a thought of whether the book would sell a single copy. It was something I had to do — something I wanted to do, a tribute to the memory of a great man, a salute to the forever perished days of glorious youth.

KNOW YOUR BREED Silver-Laced Wyandottes By W. J. DRYDEN

The Silver-Laced Wyandotte is believed to have come from crosses of Dark Brahmas, Silver Spangled Hamburgs and a French fowl named Brenda.

Standard weights are: Cock, 8½ pounds, hens 6½ pounds, cockerels, 7½ pounds, pullets, 5½ pounds.

The female is round in shape, the back gently sloping. An ideal market fowl, this type also can be bred for high egg production without sacrifice of standard requirements.

Cutting Protein Loss Will Slash Feed Cost

Dairymen can reduce the size of next winter's protein-feed bill considerably by saving a greater percentage of the protein in their home-grown forage crops, say dairy specialists of the USDA. One way to reduce the protein losses and thereby actually put more of the home-grown protein in the cows' manure next winter, is to make silage from forage crops instead of curing in the field for hay.

Buyers of farms have paid cash since the period 1935-9, farm land values for the country as a whole have increased 95 per cent.

Flood-Proof Fence Used in Australia

Lays Flat While Drift
Wood and Water Pass

A fence which bows before the onrush of flood waters and lies flat while water and drift-wood pass over is being used in Australia. The posts are 33 feet apart and two wooden droppers are placed between the posts and another alongside each post. The posts are bored with holes 4 inches from the ground

and 1½ inches from the edge of the post, and another 3 inches from the edge. These posts are 6 feet long, 3 feet 6 inches above ground.

The droppers are bored 4 inches from the bottom and then 6 inches, 7 inches, 8 inches and 11 inches, allowing the top barbed wire to rest on the side of the dropper, to which it is tied through the hole with the wire. The droppers are 3 feet 10 inches long. The bottom wire is reeved through the droppers and then through the posts. Each dropper near a post has a piece of wire passed around the top of the post, then around the dropper so that it will give way in flood time and allow the fence of droppers to collapse. The bottom wire, 4 inches from the ground, holds the fence to the posts.

After the flood has subsided, all that is necessary is to stand the fence of droppers upright again and attach it to the posts as before.

STATE SEEKING MEN FOR HIGHWAY PATROL

The Department of Public Safety is now accepting applications from qualified young men to fill the 200 additions to the Texas Highway Patrol made possible under new appropriations voted by the recent Legislature.

Examinations will be given some time in September, Director Homer Garrison said. The first of four schools of 50 men each will begin about Dec. 1st.

"We are already receiving a lot of applications," Garrison said, "but many of the applicants can not qualify. Our standards are high, as they necessarily must be."

Garrison said prospective Patrol men must be between 21 and 35 years old, not less than five feet 8 inches in height, weight not less than two nor more than three pounds for each inch of height and be in perfect physical condition.

Candidates also must have lived in Texas at least a year and have not less than high school education or its equivalent.

Budget Pointers

There's a tendency to go along with the crowd when it comes to spending money, especially on food, instead of seeing what can be done to stretch the food dollar. Getting the most out of the food dollar does not, fortunately, mean that we have to tighten our belts; it just means a bit of maneuvering.

In the midst of soaring food costs, there's plenty of help for the woman who wants it, and today's recipes are designed to give you plenty of food for thought. Give your family a change of menu, and give the budget a chance to stay within its limits at the same time.

There are several general rules to follow: Buy wisely; don't overbuy and let food go to waste; serve and cook whatever you have properly, and don't toss away good leftovers.

For main dishes you can call on good quality proteins for front line duty; they're cheaper than the expensive cuts of meat and do just as much for you.

Macaroni-Cheese Souffle.

- (Serves 6)
- 1 cup cooked macaroni
 - 1 cup sweet cream or condensed milk
 - ½ cup butter or substitute
 - 1 cup soft bread crumbs
 - ½ green pepper, minced
 - 1 medium green onion, minced
 - 1 tablespoon chopped parsley
 - ½ cup grated cheddar cheese
 - Salt and pepper
 - 4 eggs, separated

Cook macaroni in boiling, salted water until tender. Drain; scald milk and add other ingredients. Stir in beaten yolks, then fold in stiffly beaten whites. Turn into a greased casserole and set in a pan of hot water. Bake in a moderate (350-degree) oven for one hour. Serve with mushroom or pimiento cream sauce.

Eggs Foo Young.

- (Serves 6)
- 6 eggs, beaten
 - 1 No. 2 can bean sprouts
 - 2 tablespoons chopped green pepper
 - ½ cup shredded onion
 - 1 teaspoon salt
 - ¼ teaspoon pepper
 - ¼ pound mushrooms, sliced, if desired

Add salt and pepper to eggs and beat well. Add remaining ingredients. Taste and add more seasoning if desired. For each cake, measure out ½ cup of the mixture and use 1 tablespoon of fat for frying. Four mixture into skillet, leveling vegetables evenly over the surface of the cake. Brown on both sides, turning once. About five minutes are required to cook each cake. Serve with soy sauce.

Rice Nests With Egg.

- (Serves 6)
- ¾ cup butter or substitute
 - 1½ cups cooked rice
 - 6 slices bacon
 - 6 eggs
 - Salt and pepper

Butter a baking dish and place rice in it, forming nests out of it with a spoon. Broil the bacon and place one strip around each nest, holding it in place with a toothpick. Break an egg in each nest and sprinkle with salt and pepper and

LYNN SAYS:

Serve Simply But Season Well

Fill pears with camembert cheese and serve as a salad with french dressing.

Like your tomatoes served simply? Try a very few herbs, a bit of oil and vinegar as a dressing.

Poach peaches in a bit of honey after you've sprinkled them with lemon juice and you have a real dessert treat. A bit of whipped cream goes nicely, too.

SUNDAY SCHOOL LESSON

Earning and Spending

LESSON TEXT FOR SEPTEMBER 7—Proverbs 11:24-27; 16:8; Ecclesiastes 5:10, 11; James 3:1-6.

MEMORY SELECTION—Better is a little with righteousness than great revenues without right.—Proverbs 16:8.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

By WILLIAM CULBERTSON, D. D., Of The Moody Bible Institute, Chicago.

AS BELIEVERS in Christ we are responsible not only for the way we earn our living, but for the way we spend what we earn.

Of course we must earn our living honestly, but if we spend foolishly that which we have earned, we shall have dissipated much of the effect of our example in earning.

Possessions are a trust from God, and we shall have to render an account of our stewardship.

Just because we have given a certain percentage of our income to Christian causes is no reason to think we shall meet with divine approbation with regard to our stewardship. If we give a tithe, well and good, but what about the other nine-tenths? Is God pleased with our stewardship there?

I. The Vanity of Wealth (Eccles. 5:10, 11).

IN ANY study of wealth, it seems necessary to begin with an understanding of its limitations. We live in a world in which men frequently lay great importance on possessions, and indeed, there are many things which wealth can purchase. On the other hand, there are some things that money cannot buy. And further, we should recognize that our possessions are not eternal, that they may suddenly fade away.

The passage here reminds us of the fact that wealth for wealth's sake is bound to be a disappointment. The man who loves silver shall not be satisfied with silver, any more than the man who loves pleasure shall be satisfied with pleasure. Augustine was right when he said that man could be satisfied with no less than God himself.

Notice how accurately the picture is drawn. If we have increased wealth, we have increased responsibility (v. 11). That fact is as unalterable as the most rigid law we know. The only advantage is, as the Preacher expresses it, the beholding of goods with the eye—not a very great advantage after all.

II. The Proper Accumulation of Wealth (Prov. 16:8).

IT IS just as true as when Solomon wrote it, that "Better is a little, with righteousness, than great revenues without justice."

This statement needs no argument, needs no proof. If we would have the honor of men, self-respect, and the blessing of God, there is no alternative.

III. The Improper Accumulation of Wealth (James 5:1-6).

THE apostle James speaks of a condition that will obtain in the last days (v. 3). There are many evidences that the condition he describes has had altogether too many fulfillments in recent history.

James excoriates the rich who have defrauded their employees in order that they might fare sumptuously and live riotously. These unscrupulous rich have taken advantage because they were not resisted (v. 6). Such wealth is corrupted.

Notice once again that the result of their sin will rise to break them. It is a serious thing to trifle with sin, to eat the bread of iniquity. God has no patience with injustice in social relationships. Sooner or later judgment will come.

IV. The Proper Use of Wealth (Prov. 11:24-27).

LIBERALITY should characterize the child of God. It is true that the Bible condemns the attitude of imprudence, yet it also condemns the attitude of the miser. To withhold more than is meet, also tends to want.

How blessedly true it is that there is a recompense to giving. Here we read that the one who waters shall himself be watered. Our Lord affirmed the same truth in Luke 6:38.

To have it within our power to help, and fail to do so, is to bring upon ourselves censure and condemnation. Therefore, we should seek to perform the good (v. 27).

This passage concludes with the statement that one who searches after evil shall find that evil will come to him. The man who sets his heart to do wrong will not have to wait long to find the occasion to do that which is in his heart.

Many are the injunctions in the New Testament regarding the proper use of wealth. For example, the Christian has a duty toward his own family (I Tim. 5:8). He is enjoined to be sympathetic and generous in his giving to help others (II Cor. 8:1-15). Certainly he is to dispense his goods with the glory of God in view (cf. Col. 3:17).

5. What is the number of degrees around the equator?
6. What is the largest inland sea in the world?
7. Which is the most populous of the South American countries?
8. Who was it said: "These are times that try men's souls"?
9. Are Ethiopians Christians?
10. Does a barrel of compressed air have more buoyancy than a barrel of air at atmospheric pressure?
3. Alaska.
4. He was assassinated.
5. 360 degrees.
6. The Caspian, which is 760 miles long and varies between 100 and 280 miles wide. Its total area is 170,000 square miles.
7. Brazil.
8. Thomas Paine.
9. Yes, they have been Christians since shortly after the Crucifixion, when Matthew carried the doctrine of Christ into that country.
10. No. A barrel of compressed air has more weight, therefore has less buoyancy.

The Answers

1. Plato.
2. Yes. The Union ship Kearsage sank the Confederate cruiser Alabama in European waters off Cherbourg, France.

Star Spangled Banner Key Watched Had 15 Stripes

The Star Spangled Banner that Francis Scott Key watched "through the perilous fight" had fifteen stripes. From 1795 to 1818 the American flag had fifteen alternating red and white stripes. Two extra stripes stood for the two newest states in the Union, Vermont and Kentucky, admitted in 1791 and '92.

CLABBER GIRL Baking Powder

EXPERIENCE is the BEST TEACHER

EXPERIENCE— DURING THE WARTIME CIGARETTE SHORTAGE—TAUGHT ME THERE'S NO OTHER CIGARETTE LIKE A CAMEL!

IT'S GREAT TO GET CAMELS AGAIN REGULARLY. THEY SUIT ME TO A 'T'!

More people are smoking **CAMELS** than ever before

Bees Don't See Red— Even When They Sting

Bees can see most colors, but are color blind to red. For that reason flowers dependent upon bees for pollination are seldom red. Poppies are an exception to this rule, however, due to their peculiar construction—for poppies not only reflect the red rays which humans see, but in addition a large percentage of the ultra-violet rays beyond our vision. It is these ultra-violet rays which attract the bees, and not the red.

SMALL FRY by Skag POWERHOUSE

NO OTHER CEREAL GIVES MORE ENERGY! GET THE ORIGINAL KELLOGG'S CORN FLAKES IN THE WHITE, RED, AND GREEN PACKAGE. REGULAR OR FAMILY SIZE.

change to CALOX for the tonic effect on your smile

Efficient Calox works two ways:

- 1 Helps remove film... bring out all the natural lustre of your smile.
- 2 A special ingredient in Calox encourages regular massage... which has tonic effect on gums... helps makes them firm and strong. Toss up your smile... with Calox!

Made in James McKesson Laboratories, 113 years of pharmaceutical know-how.

SNAP! CRACKLE! AND POP! SAY...

Kellogg's RICE KRISPIES

P.S. Be sure you get America's favorite rice cereal, the one and only Kellogg's Rice Krispies!

Special FOR BARS AND BEVERAGE STORES!

PERFECOLD Self-contained dry beverage cooler

- *no costly installation
- *no remote equipment
- *just plug it in!

It's ready to use . . . because the condensing unit is inside the cooler. Nothing to buy, install, or wire. That's why PERFECOLD costs you less, earns you more. Bottles stay cold and DRY (no messy water or ice) — the way your customers like them. Easy to service, too (and economical!) — no belts to break and no oiling necessary.

Refrigeration Dealers! Write Perfecold for Information on Dealerships!

PERFECOLD, INC.
1940 South Main Street
Los Angeles 7, Calif.

Without obligation, please send me full information on the Perfecold Dry Beverage Cooler.

Pre-Registration Starts At School Thursday

There will be pre-registration in High School on Thursday and Friday, Sept. 4th and 5th. Schedule for registration will be as follows:
Thursday morning 9:00; Freshmen (Sept. 4th)
All students are urged to be there on time for registration so that an even distribution can be made for all classes. Books and lockers will be issued also at the time of registration.
All high school students entering school here for first time, must bring transcript of credits.
Grade school registration and the assignment of rooms will be Monday morning September 5th at 9 a. m.
All first graders entering school

for first time must have birth certificates, and it is recommended that they be vaccinated against most common diseases for which there is a vaccination.
