

**ORDER OF EASTERN STAR  
OFFICERS INSTALLED  
HERE FRIDAY NIGHT**

Officers of O'Donnell Chapter No. 725, Order of The Eastern Star, were installed at an open installation, at the Masonic Hall, Friday night.

Mr. and Mrs. Bill Dorman were installed as Worthy Matron and Worthy Patron. Others installed were: Mmes. E. C. Mahurin, Asso. Matron; Fleta Allen, secretary; A. D. Haney, treasurer; Ted Rogers, conductress; Bennie W. Edwards, Asso. Conductress; Naymon Everett, chaplain; B. J. McLaurin, marshal; L. M. Mires, organist; J. G. McGee, Ada; H. D. Vaughn, Ruth; Rochelle Pelts, Esther; S. M. Clayton Jr., Martha; Charlie Beckham, Electa; H. L. Webb, Warder. J. G. McGee was installed as Asso. Patron, and L. M. Mires as sentinel.

Mmes. Clyde Edwards, Harvie Line, and W. E. Huffines were listed as Dear Hearts.

Registration was directed by Mrs. Clyde Edwards. Seventy-eight guests registered.

Before the ceremony, Mrs. Dorman was presented with a pink corsage.

Candles were lighted by Angela Beckham and Ann McLaurin. Presentation of the Bible was by Julene Dorman, and Joey Dorman presented the square and compass, assisted by Julene. A tribute to the Bible was given by Donna Dorman, a niece from Levelland. Mrs. Bobby Cox sang "He".

Mrs. D. L. Adcock of Lamesa, Grand Representative from Virginia to Texas, was installing officer; Mrs. C. F. Thompson Jr., installing marshal; Mrs. R. C. Carro, installing chaplain; Mrs. Quincy Haney from Lubbock, installing organist; and Mrs. Chick Trout, of Lubbock, Grand Representative from British Columbia to Texas, was secretary pro-tem.

The Worthy Matron and Worthy Patron were escorted to the East by their children, Joey and Julene.

After greetings by the Worthy Matron and Worthy Patron, soloist Mrs. Bobby Cox sang, "Dear Hearts and Gentle People", dedicated to the Dear Hearts and officers for the incoming year. Gifts from the chapter were presented to Mrs. S. M. Clayton Jr. and Mr. W. J. Shook, Junior Past Matron and Patron, by Mr. and Mrs. Bill Dorman. Gifts were also presented to those on the program and to Mrs. Toye Farrington, Mother advisor of The Rainbow Girls, and also Mary Ann Farrington.

Installation setting was turned into a beautiful flower garden with a rock wall and a southern plantation mural, enclosing the entire East. Officers' stations were covered with climbing pink and blue flowers in rock arrangements. The officers entered the "Garden of Peace" from the West, through a glittering arched gateway, covered with entwined flowers. Hanging above the pink draped altar was a hanging floral arrangement, giving the effect of lovely flowers and Spanish moss, moving gently in the evening air.

Rev. Robert W. Brown gave the benediction. After the closing drill presented by the officers, a reception followed in the dining hall. The dining room was decorated with flower arrangements. The table was covered with ruffled white net over pink satin. The center piece was an arrangement of pink peace roses and other garden flowers, in a cut glass container Candelabra of silver and crystal, held pink candles.

Members of the installation committee were Mmes. S. M. Clayton Jr., Bennie W. Edwards, Charlie Beckham, B. J. McLaurin, Rochelle Pelts, and H. D. Vaughn, assisted by Bill Dorman.

On Tuesday night previous to the installation a rehearsal meeting was held, and afterward the 28 officers and members were entertained at the Bill Dorman home with ice-cream and cake party. The serving table was centered with a white floral arrangement of daisies and mums. The incoming officers were presented with lovely heart shaped O.E.S. necklaces. The installing officers were presented with hand made Eastern Star aprons.

Mrs. Clayton was given a surprise gift from her officers, which was a hand painted Eastern Star plate.

**MISS DONNA JACKSON SETS WEDDING DATE FOR JUNE 26**

Mr. and Mrs. L. D. Jackson have announced the approaching marriage of their daughter, Miss Donna Sue Jackson, to David Allen Gary, son of Mr. Pat Gary.

The couple will repeat wedding vows at 8:00 p. m. June 26 in the home of the bride's parents.

Both are graduates of O'Donnell High School.

Mrs. Orville Evans attended the funeral of an aunt in Seminole Monday.

**KATIE GARRETT NAMED CHAPTER LITTLE SISTER**

The O'Donnell Young Homemakers met recently for their monthly meeting in the O'Donnell High School homemaking department. The Club president, Mrs. Harold Hohn, presented Miss Katie Garrett, the O'Donnell FHA president, as the chapter's "Little Sister". She was given a charm featuring the Young Homemakers State emblem. A large plaque will be erected in the homemaking department with Katie's name on it and each year a new name will be added as the Chapter Little Sisters are selected.

To be worthy of the honor of Chapter Little Sister, Katie met all the State requirements which are, a 90 point grade average, hold a local or area FHA office, plan to major in homemaking in a Texas College, and must have a junior degree and chapter degree in FHA, and must be a junior in high school. Miss Garrett will represent the O'Donnell chapter at Brownfield September at the Area II Young Homemakers Convention and compete for Area II Little Sister.

Other than being president of the local FHA chapter, Katie is active in Girl Scouts, is also the fifth vice president of the Area II FHA, a member of the FHA state choir and the sweetheart of the O'Donnell Future Farmers of America.

She is a member of the National Honor Society, a member of the First Methodist Church and is active in the Girl Scouts and sports.

Katie, the daughter of Mr. and Mrs. Shag Garrett, plans to enter Texas Tech following her graduation and major in homemaking. This summer she will attend the National FHA meeting in Philadelphia, Pa. as the Area II delegate. In August she will be a delegate from Area II FHA to the Attorney General's Youth Conference in Austin.

The postoffice department requires that no one park between the two fire hoses located in the back alley behind the postoffice. The reason for this is so the Star Route carrier won't have to wait for someone to clear out so he can get up to the back door and unload the mail. It has been known to happen to a city north of here where the Star Route carrier couldn't get up to the back door of their postoffice so he just drove on into Lubbock with this mail. With your cooperation on this matter we won't have to explain why our mail isn't in and up.

**O'DONNELL RODEO SET FOR JULY 8, 9 & 10**

Plans are being made for the annual O'Donnell rodeo, set for July 8, 9 and 10.

Advanced tickets will go on sale June 19 at 10:00 a. m. The queen candidates will sell the tickets.

The one day parade will be July 8 at 6:00 p. m. It will start at the First Baptist Church, winding down through the streets of the town, so you may be able to see it more than once if desired.

The parade will be one that we think will be enjoyed by every one, and will remembered—as we carry out the "Frontier and Western" days with our cowboys and cowgirls, Sheriff posse and riding clubs.

The floats will be judged on their clever ideas and originality instead of the amount of work and beauty, as in the past.

All floats entered will draw a prize.

**MYF INSTALLS OFFICERS**

The following MYF officers were installed Sunday:

- President, Katie Garrett.
- Vice President, Jerry Haire.
- Secretary-treas., Paula Beach.
- Publicity Chairman, Virginia Cook.
- Christian Faith, Eddie Joe Moore.
- Christian Witness, Pam Singleton.
- Christian Fellowship, Harold Bessire.
- Christian Citizenship, Kenneth Vestal.
- Christian Outreach, Cathy Woolam.

Mrs. Bud Bessire is the local sponsor.

Mr. and Mrs. Claude McKee of San Angelo spent the week end with Mr. and Mrs. Roy D. Smith.

**Rotary Club Meets**

The O'Donnell Rotary Club met Tuesday in its regular meeting with President Jack Hackworth presiding. Visiting Rotarians were Frank Hill, A. M. Bray, Bascom McCord, K. R. Durham, and James Efrid of Tahoka and W. B. Thompson, Frank Lidde, Noble Price, Douglas Black, Dallas Woods, and John Agee of Lamesa.

Music of guitar style was the program for the noon luncheon of the club. Miss Lynn Morris, daughter of Mr. and Mrs. Will Morris of Lamesa, was the guest musician.

From the Republic of China has come the special invitation to O'Donnell to come and vacation and tour the museums, dine in the Oriental Gardens, attend the very colorful festivals, take a boat ride on Sun Moon Lake, and share the Chinese way of life. Tourists may stay for 72 hours without a visa and fourteen-day transit visas are obtainable at any consular office of the Republic of China.

Thought for the week: "If we don't watch out, failure will catch up with us while we sit down to wait for Success."

**CELEBRATE JULY 4th AT LONGHORN CAVERN**

Holiday visitors to the Highland Lakes area may shake off the fourth of July heat amidst the chill 64 degree weather of Texas Longhorn Cavern, and one of the big drawing cards for this occasion is the Liberty Bell, a strange dome-like depression formed by nature.

Other depressions have pitted the ceiling of the cavern Dome Room, but none is as deep or well-shaped as the Liberty Bell formation.

The cavern is unique among the great caves of the world because of the variety of its formations; the result of thousands of years of water movement through the diverse Texas rock structure in which it was cut. The vast chambers are all different, although each has some distinguishing feature.

Members of Girl Scout Troop 104, O'Donnell, have been appointed Girl Scout Friendship Ambassadors by Mrs. Malcolm S. Edgar, International Commissioner of Girl Scouts of U.S.A.

The following girls and adult leaders are making a trip to "our Cabana" in Cuernavaca, Mexico, and also to Mexico City: Libby Cook, Connie Davis, Jimmy G. Gardenhire, Mrs. J. W. Gardenhire, Carolyn Reed, Sarah Thompson, Kathy Woolam, Mrs. James Reed, Pam Singleton, Katie Garrett, Paula Beach, Mrs. W. E. Singleton, Jr.

The troop departs from O'Donnell by private cars on June 16. They will spend the night in Junction and drive to Laredo the following day. At Nueva Laredo they will board the train for Mexico City. Six days will be spent at our Cabana with all activities; tours planned with Girl Scouts of other countries. On the return to Mexico City, the troop will tour the city and make a trip to the pyramids. The following day they will attend the ballet, floating gardens and bull fights. The girls and adults will be back in O'Donnell on June 30.

Troop 104 especially wants to thank all the residents of O'Donnell for all the support throughout the years.

Mr. and Mrs. Warren Smith, Mr. and Mrs. Hafford Smith and Mrs. Albert Koeninger were in Dallas over the week end for funeral services of Mrs. Webb Randle, who was a sister of Mrs. Koeninger and Mr. Smith. For many years Mrs. Randle and her husband were residents of this vicinity.

**JUNIOR AND CHAPTER FHA DEGREES AWARDED**

The local FHA Chapter announced the awarding of Junior and chapter degrees for the 1964-65 school year. Judy McKinney has served as degree chairman of the chapter this year.

Linda Vestal, Kathy Woolam, and Marilyn Allen received Junior degrees.

Those receiving chapter degrees were Pam Singleton, Katie Garrett, Paula Beach, Diane Kieschick, Virginia Cook, Terri Lu Taylor, and Donna Moore.

**LITTLE LEAGUE GAMES**

Thursday, June 3

The first game of the night found the Giants going against the Yankees and being defeated by a score of 2 to 1. The second game pitted the Braves against the Cubs and the final score was the Braves 5 and the Cubs 1.

Jerry Webb worked on the mound for the Yankees and allowed only one hit, a single by Steve Vestal. Benito Lopez did the catching for the Yankees and had a pair of singles at the plate. The other two hits for the Yankees were a single by Joe Martinez and a double by Cato Vargas. Walter Brown went all the way on the mound for the Giants with Odell Hunter doing the catching.

In the second game of the night Johnny Avila pitched a near perfect game, giving up only one hit, a single by Richard Disson.

The battery for the Cubs was Billy Wood and Joe Valdez. Woods gave up four hits, singles to Mike Mensch and Sam Mensch and a pair of singles to Burnell Jackson.

In the first game Monday night the Yankees defeated the Cubs 12 to 2 in four innings. In the second game the Braves trounced the Giants 9 to 2.

Cato Vargas started on the mound for the Yankees and gave up 1 run off 1, single by Billy Wood. Vargas was relieved by Danny Amaro who also gave up 1 run off a single by Joe Valdez.

The Cubs started Richard Disson on the mound but relieved him in the first inning after six runs had scored. Joe Valdez pitched the remainder of the game. Joe Martinez led the hitting for the Yankees getting 2 singles and a triple while Rex Childers and Danny Amaro each had a single.

This completed the first half of play with the standings as follows:

	W	L
Yankees	9	0
Braves	2	7
Giants	5	4
Cubs	2	7

**MISS SHARON MORRISON AND GARY LYNN REEVES MARRIED HERE FRIDAY**

Miss Sharon Morrison and Gary Lynn Reeves exchanged double ring wedding vows at 6:00 p. m. Friday in the First Methodist Church here. Virgil Cullum, minister of the Seagraves Church of Christ, officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. C. B. Morrison Jr. Reeves is the son of Mr. and Mrs. James Reeves.

Presented in marriage by her father, the bride wore a street length dress of eyelet organdy. The bodice featured a scalloped neckline and short cap sleeves. Her shoulder length veil of silk illusion fell from a tiara edged with seed pearls.

### ACCENT ON HEALTH . . .

Ten killers are at large in Texas. These killers aren't bandits or criminals - they are the ten leading causes of Texans' deaths. The ten killers account for a giant share of \$2,092 Texans who died in 1963.

The latest statistics released by the State Health Department categorize, profile and dissect the leading killers.

This is how they stack up on paper.

Heart disease took the lion's share . . . one out of every three deaths in the State. National statistics also show the same leading cause of Apoplexy - or stroke, is classified as the third most deadly, with 11 percent of the death total.

Accidents, as the fourth leading killer, claimed 5,999 lives, or seven percent of the total. Death due to accidental cause takes the largest percentage of lives for the age groups between one and 45.

Disease of early infancy, fifth in sequence, takes its toll . . . of course below the one year marker.

Pneumonia ranks sixth in the line-up of killers claiming five percent of the deaths.

General arteriosclerosis, diabetes mellitus and congenital malformations are the seventh, eighth and ninth cause of death, respectively.

Suicide is the tenth leading cause of death. It first ranked tenth in 1958. Deaths from suicide increase given to owners of the car. But with few exceptions the courts have not upheld such limitations where the loss or injury was due to negligence of the operator of the lot and where the stipulations were not specifically called to the attention of the car owner.

**IT'S THE LAW IN TEXAS**  
 LOCAL RULE . . .

Under our dual system of Gov-  
 ernment, to sets of law . . . state  
 and federal . . . may govern what  
 we do.

State laws have traditionally gov-  
 erned certain fields: for example  
 the law of wills, estates, and trans-  
 fers of property upon death. Each  
 state has its own rules on death  
 transfers, how to make wills, and  
 what happens when a person dies  
 without a will.  
 But the federal government has  
 some power in this field, especially  
 when federal money went to the  
 decedent or when it involved a  
 national policy.

In a dispute between the United  
 States and a State over a decedent's  
 estate, the U.S. Supreme Court set  
 forth some of the federal powers:  
 A war veteran died in a veterans  
 hospital without a will or heirs. He  
 had some personal property. Under  
 the state law property escheated to  
 the state. Under federal law his  
 property goes to the U.S.

The U.S. Supreme Court handed  
 the estate to the U.S. under its  
 war powers. When patients die  
 without wills all their property goes  
 to keep up veterans' hospitals and  
 recreation programs.

Other veterans' laws have cut in-  
 to the states property laws. Federal  
 laws govern G.I. insurance. They  
 cut off community property rights  
 even though premiums came from  
 community funds.

As a rule people who live in  
 federal enclaves within a state  
 must obey state laws. The Texas law  
 governs civilians on military and  
 scientific areas, or workers on a  
 federal reservation as to wills,  
 property, marriage and divorce. In  
 the case of crimes, there may some-  
 times be concurrent jurisdiction.

But the federal government may  
 pass laws to avoid conflict between  
 state laws and a national policy.

(This newsfeature, prepared by  
 law without the aid of an attorney  
 the State of Texas, is written to in-  
 form - not to advise. No person  
 should ever apply or interpret any  
 who is fully advised concerning the  
 facts involved, because a slight  
 variation in facts may change the ap-  
 plication of the law.)

This local news item was pre-  
 pared by a census bureau electronic  
 computer and typed at 10 lines per  
 second especially for the Editor of  
 the O'Donnell Index-Press.

County selected service business  
 grossed \$739 thousand in 1963.  
 Lynn County's 58 service estab-  
 lishments had total receipts of \$739  
 thousand in 1963, a decrease of 8  
 percent from 1962, according to a  
 report of the 1963 census of busi-  
 nesses just released by the Bureau  
 of the Census, U.S. Department of  
 Commerce. The last previous census  
 at business covered operations dur-  
 ing 1958.

The service trades in the census  
 of business included those provid-  
 ing: personal services to individu-  
 als; miscellaneous business ser-  
 vice; auto repair and other auto  
 services. Also included were motion  
 picture production and distribution  
 business; motion picture theatres;  
 other amusement and recreation ser-  
 vices; and hotels and motels.

The selected service trade estab-  
 lishments in the county employed 81  
 persons (exclusive of proprietors)  
 and had a payroll of the year of \$135  
 thousand. The state as a whole in-  
 cluded 69,879 establishments with  
 receipts of \$1,879.3 million.

**ACCENT ON HEALTH**

There are no plants, shrubs or  
 trees on the moon, as far as we  
 know today.

On planet Earth, however, veg-  
 etation helps sustain life. But some  
 plants, trees or shrubs are potential  
 killers of man.

Some part of the ornamental  
 plants or flowers in your yard  
 may contain deadly poison. Many  
 poisonous plants are so common and  
 seemingly innocuous you don't sus-  
 pect their toxic qualities.

Who would suspect that the beau-  
 tiful oleander bush, grown indoors  
 and outdoors all over the country,  
 contains a deadly heart stimulant,  
 similar to the drug digitalis? So  
 powerful is this poison that a single  
 leaf of an oleander can kill a child.  
 Many people have died merely from  
 eating steaks speared on oleander  
 twigs and roasted over a fire.

The pretty mountain laurel plant  
 was used by the Delaware Indians  
 to make a suicide potion. The popu-  
 lar Christmas flower - the poin-  
 settia - is full of an acrid, burning  
 juice, so lethal that a child who  
 consumes one leaf of the plant might  
 die. The berries of mistletoe proved  
 deadly to adults who brewed what  
 they thought was a "medicinal tea."

It's easy to be deceived by plants.  
 One part may be edible while an-  
 other is poisonous. For example,  
 twigs of cherry trees release cyan-  
 ide when eaten. Peach tree leaves  
 contain hydrocyanic acid, one of the  
 most dangerous poisons known.

Even two of our most popular veg-  
 etables, the potato and tomato,  
 come from plants related to the  
 deadly nightshade. Although fresh to-  
 mato fruits and potato tubers are  
 harmless, the foliage of both plants  
 contain alkaloid poisons capable of  
 causing digestive upset and nervous  
 disorder.

Most dangerous in your vegetable  
 garden is rhubarb, its stalk, com-  
 monly used in baking and cooking,  
 is not toxic. The leaf blade, how-  
 ever, contains oxalic acid which  
 crystallizes in the kidneys, causing  
 severe damage.

Also beware of laurels, azaleas,  
 water hemlocks and butternut be-  
 cause of their poison content. Both  
 foliage and acorns from oak trees

**PARKING LOT CAR THEFT**

Mort Measell owned a parking lot.  
 It was enclosed by an eight foot  
 fence and had one entrance and one  
 exit. Mort kept at least one at-  
 tendant on duty at all times to  
 park and watch after his customers'  
 cars. Patrons were requested to  
 leave their keys in the car to en-  
 able the attendants to park the cars  
 as well as move them when neces-  
 sary.

Hotrod Harry parked his car in  
 Mort's lot and was given a claim  
 check. He promptly put it in his  
 pocket without paying any attention  
 to it. Upon the back of the claim  
 check was written "The person ac-  
 cepting this ticket assumes all risk  
 of accident, and expressly agrees  
 that the management shall not be  
 liable, under any circumstances, for  
 any injury to person, loss or dam-  
 age."

A couple of hours later Harry re-  
 turned. His car had been stolen.  
 Mort said he was sorry, but point-  
 ed to the statement on the back of  
 the claim check. Mort refused to pay  
 for the stolen car. Harry sued him.  
 Must Mort pay for the stolen  
 car?

Mort probably would have to pay.  
 Most courts have held that a state-  
 ment on the back of a parking claim  
 check is only effective if called to  
 the car owner's attention. Mort had  
 not done this. Also, Harry had a  
 right to believe from the fact that  
 Mort maintained an enclosed space  
 for parking, with attendants on duty,  
 that he was paying the parking fee  
 in consideration of care and watch-  
 fulness to prevent injury or loss.

Parking lot operators may attempt  
 to escape responsibility by a notice  
 of limitation of liability posted on  
 the lot or printed on the claim check

**TO ALL LAW ENFORCEMENT OFFICIALS**

A NATIONAL POLICE FORCE is  
 a tool of tyranny. I abhor the impli-  
 cations on the term, and I refuse to  
 let the FBI be forced into prac-  
 tices which smack of police state  
 actions, regardless of the circum-  
 stances.

Our country today is caught up  
 in a great and too-long neglected  
 cause of human rights. Some indi-  
 viduals, in their efforts to secure  
 fundamental guarantees of the  
 Constitution for all citizens, have  
 criticized this Bureau for not ex-  
 ceeding its authority and for not  
 assuming responsibilities belong-  
 ing to local and State police.

The FBI fully appreciates the  
 grave responsibility inherent in  
 the investigation of alleged viola-  
 tions of federal civil rights status.  
 As I have stated many times, we  
 are meeting these obligations with-  
 out apology. Our role, however, is  
 that of an investigator - not an  
 accuser, prosecutor, jury, or judge.  
 The FBI is a fact-gathering and fact  
 reporting agency, not a national  
 police force. It is not empowered to  
 furnish protection nor to police  
 streets of our communities.

Citizens should not be misled by  
 the self-styled "medicine men" in  
 our midst who with their patented  
 tonics for all social ills profess to  
 hold the magic key to Utopia. Un-  
 der close examination, their creden-  
 tials often prove to be as false as  
 their charges that the FBI is drag-  
 ging its feet and is not deter-  
 mined to enforce civil rights laws.  
 The ludicrousness of these charges  
 is exceeded only by their inaccu-  
 racy. What these drummers of dis-  
 cord are actually advocating is that  
 the FBI dispense with the demo-  
 cratic principles of law enforce-  
 ment and apply police state meth-  
 ods.

In a democracy, the end does not  
 always justify the means. We must  
 not lose sight of the fact that the  
 path of justice is a two-way street.  
 To my mind, the freedoms and  
 rights of our Nation can be im-  
 plemented, as well as preserved,  
 without resorting to totalitarian  
 tactics.

Texas forests provide Texans with many products for everyday living such as  
 lumber, paper, chemicals, and plastics. They also provide many opportunities  
 for recreation: as a place to hunt, fish, bird watch, or just enjoy the out-of-doors  
 at a picnic.  
 More than 41,000 Texans work in Texas' forests and mills to produce an  
 annual payroll of \$138 million and products worth \$500 million per year.  
 The Texas Forest Service, now celebrating its Golden Anniversary, is dedi-  
 cated to the perpetuation, protection and utilization of this natural resource.  
 The following sponsors salute the Texas Forest Service on its 50 years of  
 service to forestry in Texas.

**Thinking about central  
 air conditioning  
 for your home?**

**Here are 3 good reasons for installing  
 ELECTRIC central air conditioning now!**

**LOW INITIAL INSTALLED COST.** Installed cost of electric central air conditioning  
 systems today is about one-third lower than it was 10 years ago. One  
 reason for this is that widespread demand for electric central systems  
 has made possible money-saving volume production by manufacturers.

**LOW OPERATING COST.** Our new low rate for residential electric service has  
 substantially reduced the operating cost of electric central air conditioning.

**PROVED DEPENDABILITY.** Electric central air conditioning operates on the same  
 simple, ruggedly dependable principle as your electric refrigerator -  
 which means long life and low maintenance cost. Thousands of installa-  
 tions throughout this area are proof of the efficiency, economy and de-  
 pendability of electric air conditioning.

Our air conditioning advisors will be glad to show you how you will save  
 money when you choose electric central air conditioning. Call our office  
 about it soon.
