Community Fair Is Next Weekend

Best Fair in History Is Expected

Plans are being made to make the Women's department an outstanding feature of the O'Donnell Community Fair. Mrs. Bill Davis is the superintendent of the department. Following are the divisions and the ladies who will head them:

Needlework. Mrs. Dick Harris.
Embroidery. Cut Work, Applique
Quilts. Rugs, Spreads, crochet, knitting, needlepoint, garments, etc.
Hobbies. Mrs. David Franklin
Leather articles, ceramics, copper, Mosaic tiles, misc.
Art. Mrs. L. J. Barrett
Oil paintings, water colors, pastel painting, drawing (ink, crayon, and pencil), Mixed media
Floriculture. Mrs. V. B. Hohn
Cut flowers, flower arrangements
Ornamental plants.
Canned goods. Mrs. Jack Minter
Vegetables — green beans, shell beans, blackeye peas, cream style corn, whole kernel corn, tomatoes.

Fruits — peaches, pears, apricots
Pickles — peach, beet, sweet
sour, dill
Jellies and preserves — grape
peach, apricot, strawberry, okra,
watermelon preserves
Baked goods. Mrs. Bobby Cox
Breads, Cakes, Cookies

The Flower show is open to all wishing to exhibit. Entries will be received Friday Sept. 15th from 8 to 9 a. m. All entries for judging will close promptly at 9 a. m. Others will be for exhibit only. Only ONE bloom or a cluster will be judged in the specimen classes, and these should be in a Coco Cola bottle.

Bouquets, arrangements (fresh cut flowers or dried) and potted plants can be in any containers desired. Shrubs may be used in an arrangement or as a specimen. All exhibitors are requested to replenish old blooms in their arrangement when possible. Flowers cut the night before and left overnight in refrigerator will stay fresh longer.

FIELD DAY SET AT LUBBOCK EXPERIMENT STATION
"All Lynn county residents, farm ranch and town folks alike, have been issued a special invitation to attend the dedication and annual field day at new home of Lubbock Experiment Station Sept. 19," Co. Agent W. B. Griffin said.

Guided tours of experimental plots and lab facilities will begin at 1:00 p. m. Highlights of the field tour will include latest research results on cotton, grain sorghum, irrigation, etc. Formal dedication ceremonies will follow the evening meal.

PENNY WISE
The State Sales Tax, a big pain in the neck, poses no problem to this country editor. We have a quart can and just throw the pennies in it we collect. When it gets full we'll tell Mr. Calvert to come and get it. He can do his own bookkeeping. Like you we are looking forward to next spring's senate and house races. We'll use a high grade black pencil on those who "represented" us.

40 YEARS THIS WEEK
This week marks the beginning of the 40th year of publication for Temple of Truth. Although our files do not contain all of the early years, the old, musty papers, now yellow with age, tell a story of happiness, sorrow, dry years, wet years, good news and bad news for the community. Down thru the 40 years the community and area has grown — not a boom but a normal healthy growth. We are PROUD of being a small part of Big O.

Mrs. H. H. Rogers and daughter Harriett of Hobbs, N. M. were week end guests of Mr and Mrs. C. J. Beach.

—Vine ripe tomatoes. Phone 439-2371. Mrs. Oscar Telchik

EAGLES TO PLAY BALLS HERE FRIDAY NITE
—Fans are still talking about the thrilling ball game last Friday nite here when the Eagles tied Crosbyton 6 all. The Eagles got first blood early in 2nd quarter when Dennis Jordan made a beautiful 80 yard run. The game was played on even terms until the last 40 seconds when a 15 yard penalty (12 men on the field) set up a TL pass by Crosbyton to tie the score. Crosbyton, with a fine passing attack, made 18 downs to 12 for the Eagles.

The Eagle line appeared to be weaker than the backfield. Looking good on the defense were Mahurin and Gardenhire. As it should be, ALL the varsity played heads up ball and as a team. The game was very clean with no personal fouls. The Eagles' future look as promising as our crop after Sunday's rain.

Friday the Eagles are again the host team playing Ralls for another non-conference game. Last Friday Ralls barely kept in the black by taking a weak Post team 7 to 6. The Eagles have a slim edge over Ralls to win. The following Friday is the nite to eat Bulldog meat here and then the Eagles are on the road for Tulsa and Happy. There are no Eagle injuries to date.

School Bond Election Saturday

Proposed Bond Of \$195,000

O'Donnell school district will hold a \$195,000 bond election on this Saturday, for proposed improvements to the school's physical plant.

The funds, if voted, would provide a 10 room addition to the present new elementary building — so that all elementary students can be housed in one building. The building, which will house the Jr. H. I. division as well, would be to the east and north of the present structure. Pictures of the proposed buildings were run in the Index last week. If you missed seeing this the Index has several copies from last week.

The present Jr. H. I. building, built over 40 years ago, and added to and remodeled at least five times, would be remodeled into a modern one story building to be used for offices, band room, vocational agriculture, and home economics. Present office space in the high school building would be converted to needed class rooms. Supt. John Criner said the enlargement of the elementary school would cost about \$114,000 and remodeling of the old Jr. H. I. building about \$81,000. Improvements and repairs to the high school, rest rooms, some paving adjacent to the elementary building and other improvements would cost about \$28,000.

The bonds would be retired by increasing the tax rate from the present \$1.75 to \$2.09. Present valuations would remain the same. The bonds would be retired in 15 years.

Any qualified resident voter of the school district, who has rendered his property for taxation in the district, may, and should vote this Saturday. Balloting will be in the High School Auditorium from 8 a. m. until 7 p. m.

Down thru the many years tax money has been poured into the upkeep of the present Jr. H. I. building. Present and past trustees, who know the problem, see the bond proposal as the most logical step in meeting our school's needs.

Club Breakfast Sat'day

The 1946 Study Club will open the new season with an 8:30 breakfast Saturday in the home of Mrs. Homer Hardberger.

GREG KNIGHT DIES AT DALLAS HOSPITAL

Greg Knight, 13 year old son of Mr. and Mrs. Ben Knight of Knox City, died Tuesday nite at Baylor hospital. He was a grandson of Mr. and Mrs. Ed Gildwell and a nephew of Mr. and Mrs. Ralph Knight of here. About a week ago Greg accidentally shot himself thru the head while playing with a friend's .22 pistol at Knox City. Greg had only returned home after spending a part of the summer here. He had many friends here. Our sympathy.

—Mr and Mrs. Garland Boyle attended the Doe family reunion at Greenville over week end.

—Jimmy Ray Moore will attend college at South Plains Jr. College at Levelland.

—L. D. Casey, Educational Director of First Baptist Church here, has resigned to continue his education.

—The Men's Brotherhood of the Baptist Church met Tuesday at 7:30 p. m. for their regular monthly meeting. A good program was enjoyed.

—The W. M. U. of the First Baptist Church observed its Week of Prayer program Tuesday. A covered dish luncheon was served at noon.

PTA To Meet Tuesday Nite

The first PTA meeting of the new school year will be next Tuesday nite, Sept. 12th at 7:30 at the school cafeteria. The meeting will mark the annual membership nite. Everyone interested in our school is urged to attend and to join the group. Mrs. S. M. Clayton, Jr. said the program would feature a skit "The Queen of the P.T.A." Refreshments will be served and parents and patrons will have an opportunity to meet and visit with the teachers. Warren Smith is president.

58 YEAR OLD LUMBER FIRM CHANGES NAME TO "HOME CENTER"

Cicero Smith Lumber Co. has announced that effective the first of September it will be known as Cicero Smith Home Center. The corporate name of the pioneer West Texas company will still remain Cicero Smith but to better describe its current operations it will be advertised as Home Center.

In announcing the change in the advertised name of Cicero Smith, Ralph Knight, Manager of the O'Donnell Home Center, said the new name was a result of changing times. The addition of such varied items as carpeting, appliances, kitchen, remodeling and completely engineered component homes makes the name Home Center an appropriate one to describe the current Cicero Smith operation.

Good Rains Hit Area

Over half of the trade area received a rain of an inch to two inches Sunday afternoon and nite from the Southwest. Rain in town totaled an inch and up to 2 inches fell to the south, southeast and east including much of Harmony, Draw, Berry Flat, and Plains. The rain decreased to a good shower 4 miles north of town. Much of the area to the west including Wells and New Moore ranged from 2-10ths to 4-10ths. Where the rain totaled the most happened to be the driest part of the area. The rain, where enough to be effective, will up the production at least 25 percent, farmers agree.

The first norther of the season Sunday nite ushered in the beautiful fall season of cool nites and sunny days and sea-blue skies of fall.

Although crops are generally later than normal, present cotton estimates are higher than last year's total of 36,000 bales ginned in town and a total of 55,000 bales over the trade area.

—Mr and Mrs. F. M. Page visited relatives at Andrews Sunday.

—Mr and Mrs. Jerry Harper are the proud parents of a fine daughter born last Thursday at Reese APD hospital weighing 4 1-2 lbs. She is named Nancy Kathleen.

FIRST BALE FOR LYNN

Lynn County's first bale of this year's cotton was ginned last Tuesday morning at Wells Co-op Gin and unloaded in Tahoka at noon. The bale was produced by Guy Bennett of Lamesa who farms the W. R. Taylor place in Three Lakes Community west of here. The Tahoka C. C. gave a \$200 premium.

Several days earlier R. M. Middleton ginned the first O'Donnell area bale at Wells gin and received a premium of over \$400 from O'Donnell. In both cases the Wells gin gave the ginning and purchased the cotton at a premium. Ardis Pace is the manager.

—Mrs. W. C. Hacker and Mrs. S. A. Fry of Hugo, Okla. visited with Mrs. Etta Abernathy last week. Mr and Mrs. C. A. Massey visited in her home recently.

—For sale — a Maytag wringer-type washing machine, also a gas heater. Mrs. Henry Harris.

Methodist Revival Opens Sunday Here

Dr. Landreth

Dr. E. D. Landreth will be the preacher at a revival at O'Donnell First Methodist Church Sept. 10-15 Sunday thru Friday nite. He is the pastor of the First Methodist Church of Lamesa. Dr. Landreth served as pastor at Lamesa a number of years ago. He came to Lamesa in June of this year from the Amarillo district of the Methodist Church. He has served a number of churches of this area as pastor including St. Paul's Methodist Church of Abilene. Bill Schoeller will lead the singing. There will be evening services only except on Sunday. Evening services will be at 7:30. Everyone is cordially invited to attend.

—Mr and Mrs. E. L. Davis attended the Davis Family reunion at Lubbock last Sunday.

—Mr and Mrs. Hornaday McLaurin and family of Odessa spent the week end here with home folks.

GREENHANDS NAME OFFICERS

Last week the Greenhands of F. A. named officers as follows — President, Johnny Anderson, vice president, Jimmy Barton, secretary Kenneth C. Lamberson, Reporter Randy Allen, treasurer, Louie Birdwell, Sentinal, Garry Reeves, Parliamentarian, Bob Smith, historian, Larry Childress, advisor, Mr. Reed

Homeowning Can Be Hazardous Too!

No matter how long the
bronc-buster has been riding,
he can never be sure the next
horse won't throw him.

Such is the case with the
homeowner. No matter how
careful he tries to be, an un-
noticed frayed electric cord,
overloaded circuit, or smold-
ering cigarette can leave his
home in cinders.

It's too late then to realize
his insurance is "too little—
and the wrong kind."

Be sure when you insure.
Call on your local independ-
ent agent for a thorough ap-
praisal of your needs.

MOORE INSURANCE
AGENCY
Phone 8-335 O'Donnell

Fair Dates Are Set

The O'Donnell Community Fair
has been set for Sept. 15th and 16.
General Superintendent of the
3rd annual Fair will be Kenneth
Pearson and assistant superintend-
ent will be Jack Minter. Mrs. Bill
Davis is superintendent of the
Ladies Department. Facilities in
this department will be improved
this year. All interested persons
may contact the above officials.

Next week there will appear a
list of all departments. All busi-
nesses wishing to have a commercial
booth should be making plans now,
according to Harold Hohn.

Farm accidents usually are in pro-
portion to farm and ranch activities.
The harvest season is on and the
tempo of farm activities is on the
increase. The Texas Farm and
Ranch Safety Council urges rural
residents to be doubly careful as
they work with harvesting machin-
ery and drive on the highways deliv-
ering their produce.

Secretary of Agriculture Orville
L. Freeman reports government
stocks of wheat are now near 1.4
billion bushels and would probably
increase another 100 million bushels
had not the program for 1962 been
approved.

WE WILL BUY YOUR COTTON
CROP NOW —

WHY NOT —

1. Cinch a profit on this crop and
eliminate a gamble.
2. Save Money by machining all
of your cotton. Let us show you our
contract without obligation.

Call or come to see us.

Homework Ahead

Start them off right
... with proper light!

You'll be giving your youngsters real help with
their homework when you provide them with
proper study light. Good light helps prevent eye
fatigue ... aids concentration ... encourages good
study habits that lead to better grades. Check your
children's study light now. Make sure they have enough
light and the right kind of light for easy, comfortable seeing.

For best light from a table lamp, use
a 150-watt bulb. A diffusing bowl is
recommended to prevent glare.

Two wall lamps with 100-watt bulbs
in diffusing bowls may be used when
study table is placed against a light-
colored wall.

Farmers are urged by C. S. Bates extension farm management specialist, to take advantage of every opportunity to learn of the provisions of the Agricultural Act of 1961 just recently signed by President Kennedy.

A compact, long keeping emergency ration made from whole wheat has been developed and tested by U. S. Department of Agriculture scientists. It was developed for stockpiling in fallout shelters. The product, in the form of wafers have an estimated shelf life of five years and pack a lot of food value in a small space.

The Texas Agricultural Extension Service in recent weeks has released two publications which should be especially valuable to grain and forage producers. They are B-975 "Insects Attacking Forage Plants" and L-217 "Control of Insects in Farm Stored Grain." Copies are available from the offices of local county agents or the Agricultural Information Office, College Station Texas.

Crop restrictions are forcing some farmers to consider alternatives as sources of income. One possibility is the farm production of beef, says U. D. Thompson, extension animal husbandman. For those interested in this possible source of income, he suggests they pick up a copy of L-597 "A System of Farm Steer Production"

COTTON ROOT ROT KILLS SHADE TREES, SHRUBS, ETC

Cotton root rot is one of the most common plant diseases in Texas. Except for the Panhandle and High Plains, the disease generally is found throught the state. It is very common in heavy, alkaline soils. The disease first occurs in south Texas during late May and is observed in North Texas during June and July. About 85 percent of the wild and cultivated plants are susceptible in varying degrees. The fungus may live on some native trees and shrubs without killing them.

Small flowers, shrubs and trees die suddenly after the first wilting symptoms occur. Large shrubs and trees die more slowly. The bark of affected roots is decayed and is brownish. Woolly, buff or brownish fungal strands are present on the surface of the damaged roots. To check for the strands, place parts of suspected roots in water for a few minutes. Then carefully remove any remaining soil with running water. Allow the specimen to dry for several minutes before making an examination.

The whole root system decays. Bark is rotted off the harder wood of the root and roots slip out of the soil with comparative little pulling effort.

Under moist conditions, with or without affected plants, spore mats sometimes appear on the soil surface. These mats are 2 to 1 inches in diameter, at first snow white and cottony, later they appear tan and powdery.

The disease is controlled by the growing of resistant or immune trees and shrubs. Certain cultural practices may help prevent the disease from occurring more often.

REMEMBER HOW GREAT CIGARETTES USED TO TASTE? LUCKIES STILL DO

LUCKIES DON'T SKIMP

They're so round, so firm, so fully packed—so free and easy on the draw. They're fully packed with fine tobacco. They're firmer than any other regular cigarette. And Luckies smoke longer.

THAT'S WHY THEY TASTE SO GREAT.

Get Texas-size taste ★ Get Luckies today!
