MR. ROGERS TO WED
Mr and Mrs. J D Malone of La-
mea announce the engagement and
approaching marriage of their daugh-
ter, Wanda Louise, to Finis Ray
Rogers, son of Mr and Mrs. J G
Rogers of New Moore. The wedding
will be Oct. 21st in Lamesa.

STATE, COUNTY ALLOW
TAX DISCOUNT PAYMENT
Property owners can have three
percent off by paying their state and
county taxes during the month of
October, states George McCracken,
tax assessor and collector of Lynn
county.

During November the discount
rate is two percent and during Dec-
ember it is one percent. Last date
for paying these taxes without a
penalty is January 31st.
Folks are requested not to over-
look payment of their poll taxes
(\$1.75) unless exempt. Every year
a number of people forget to include
sufficient money for their poll taxes
which are not included on the tax
notices sent out to property owners.

TRAILER LICENSE LAW --
Farmers are reminded again of
the new Texas law requiring license
tags on farm trailers which may be
obtained at the Lynn County tax of-
fice of George McCracken. Here the
license plates may be obtained at the
Moore Insurance Agency.
When applying for plates at a
sub-station, trailer owners should
bring the last year's registration
receipts as the sub-stations have no
record of the same.

CARD OF THANKS
We wish to express our heart felt
appreciation to our many friends
and neighbors for your kind minis-
tering to our needs at the time of
the passing of our loved one. Our
special thanks for the food, the flow-
ers, the prayers and cards and all
other thoughtful acts. Our special
appreciation to Rev. Hamblin and
Rev. Smelser and those who sang.
May God bless and keep you.

O'DONNELL INDEX PRESS
41st year, No. 4 O'DONNELL, LYNN COUNTY, TEXAS, Wed. Oct. 3, 1962 \$2 And \$2.50 Per Year

Folks You Know

Mr and Mrs. M B Allen and Mr
and Mrs. Dan Allen of Dallas re-
cently returned from a trip thru
New Mexico and Arizona visiting
relatives in Phoenix and then to
the Grand Canyon.

The Index received word this
week of the death Monday of Mrs.
Adeleine Payne, teacher in the local
colored school for past 8 or 9
years. She was at her home in Mar-
lin at time of her death but lived
here until a few months ago.

Mr and Mrs. W L Maxwell and
his sister visited relatives in Hobbs
over week end.

Mr and Mrs. Lester Parker visit-
ed their son, Mr and Mrs. Price
Parker at Lubbock and Lester and
Price attended the ball game. Sun-
day they visited Dewey Parker and
family at Littlefield.

Country Editor

We think of Indian Summer as
that time between the first light
frost and the first knockout freeze.
Our Indian Summer usually spans a
period of two to three weeks.
Indian Summer on these Baldies
is too beautiful to describe. From
the coolish early morning to mid-
afternoon when the temperature is
in the mid 70's, the deep blue skies
radiate a zest of living test describ-
ing the harvest season on the Plains.
The fall flowers and fall vegetables
are the best of the year.

It is not unusual to see vegeta-
tion observing a "false spring". Doc
Beach has a plum tree in bloom and
we have a lilac hedge in bloom.

Business-wise this fall's busi-
ness will be different from any we
have seen in recent years. Due to
late June planting, the majority of
the cotton acreage will not be ready
for harvest before the first killing
freeze (average date Nov. 4th).
Many estimate that up to 60 per-
cent of the crop will be machined
harvested. There will be some
change in our economy as one mer-
chant said "Machines don't buy
groceries."

We had several enjoyable visits
with Jimmy Shook of Rogers last
week. He told us that several years
ago the town lost its newspaper and
the number of businesses were far
less than before World War 2. Spaced
between Temple and Cameron
good roads, fast cars and other fac-
tors hit Rogers and the same influ-
ences are at work in O'Donnell.

A newspaper in a small town is
always on thin ice -- financially
speaking. Then there are always
those who try to make the ice thin-
ner until the rural newspaper gives
up. In the last ten years 35 rural,
marginal newspapers have disap-
peared in Texas. Only one new
paper opened for business -- and
that was on the coast.

JANE THOMPSON HEADS GIRL SCOUTS

Troop 104 was called to order
Sept. 15th. It was the first meeting
of the new season of scouting. Last
year's president, Carolyn Reed pre-
sided. New officers elected are:
President: Jane Thompson
Vice president, Jimmy Gay Gard-
enhire,
Secretary, Katie Garrett
Treasurer, Paula Beach
Reporter, Libby Cook
Pam Singleton and Carolyn Reed
were named to represent the Troop
at the Council Board at Lubbock
It was decided that each girl
would give a dollar a week to the
fund for the trip to Mexico. Later
the group discussed the Five Point
Program of Scouting.

Lions Set Pancake Supper

The Lions Club will meet today
(Wednesday) in a regular meeting

James Thompson is the able
coach. He produced a championship
team about three years ago and a
number of the youths are playing
varsity ball now.

Mr. Shook passed away suddenly
of a heart attack at her home here
Monday afternoon.
She was born July 21, 1895 in
Robert Lee and had been a resident
of Lynn County for 40 years. She
was a long time member of the local
Methodist Church.

The daughter of Mr and Mrs.
James V. Sumrall of Robert Lee,
she was wed to Mr. Shook on June 1
1913 at her home in Robert Lee.
She was a long time member of the
O'Donnell Chapter of Order of East-
ern Star.

Survivors include her husband,
Jeff Shook, three daughters, Mrs
Mary V. Sherrill of Draw, Mrs. Hope
Bearden of Stephenville and Linda
Sumrall of the home, one son, Jim
Shook of Rogers, one sister, Mrs.
Laura Harrook of Los Angeles,
Calif, five brothers, Arnold Sum-
rall of Alpine, Tom Sumrall of San
Angelo, James Sumrall of Lovelock,
Nev., Frank Sumrall of Sallina,
Calif and Riley Sumrall of Child-
ress as well as six grandchildren
and two great grandchildren.

Pallbearers were Naymon Everett,
E C Mahurin, Paul Sherrill, Wallace
Huffines, Boyd Barnes and Jake
Whitely.

Mrs. Shook's interests centered
in her home raising some of the
most beautiful flowers to be seen
anywhere. She was a most gracious,
Christian lady and her memory will
always linger among her friends
who include all who knew her down
thru 40 years here.

Levelland -- Robbie Hale, daugh-
ter of Mr and Mrs. J. P. Hale of O'
Donnell, was elected reporter of the
Agricultural and Rodeo Club of the
South Plains College during an or-
ganizational meeting last Monday
morning.

Card Of Thanks

We wish to express our sincere
thanks to our neighbors and
friends for all their kindnesses in
ministering to our needs during the
time of the loss of our loved one.
Our special thanks for the food, the
flowers and all other thoughtful
acts.

RETIREMENT PLANS SHOULD BE MADE IN ADVANCE

Whether you have decided to re-
tire or not, you should visit the so-
cial security office three months be-
fore you reach retirement age. The
social security representative can
help you in many ways. For one
thing, he can find out how much
your retirement payments will be
when you are ready for them.
Though he won't give you advice as
to when you should retire, he can
give you valuable information to
help you decide for yourself.
If you have decided to retire, he
will help you in claiming retire-
ment benefits for yourself and
members of your family who might
get benefits on your record. He will
help you get whatever proofs are
needed to go with your claim. For
example you will probably need
proof of your age. He can tell you
whether any of the documents you
now have will do for proof of age.
You should check with your so-
cial security office even if you plan
to keep working. You do not have
to quit work entirely to get social
security. Many people think they do
and are losing social security pay-
ments. Some of them depend on
neighbors and friends for advice.
Often this kind of advice is wrong,
and when it is wrong it is usually
expensive. Before going to the so-
cial security office, it is a good idea
to call or write ahead. There may
be something you'll need to bring
with you. The social security re-
presentative can tell you what to
bring and the best time to come in.

EAGLES BITE FRENSHIP TIGERS 28 TO 0

O'Donnell's Eagles scored 28
points in the first half to take
Frenship here last Friday nite.
Eagles QB Fen Taylor hit Charles
Burlison for 35 yard pass and a TD
in the initial period. Rex Graves
ran left end for the extras. A few
plays later Fernando Lopez sprinted
74 yards on a beautiful reverse play
for the second hometown tally. In
the second go-round Graves hit on
a three yard plunge and then Lopez
took off on a 56 trip into Tigerland.
The Eagles lost one TD in 3rd
stanza on a penalty. O'Donnell now
has a record of 3 wins to 1 loss.
This Friday is a rest period for
the Eagles. The next week, Oct. 12
the Eagles host Spur and the date
is also Homecoming.
The first test of the year for the
Eagles will be Oct. 19th when they
travel to Sundown to open conferen-
ce play.

OPINION TESTIMONY

In court all lawyers ask all witnesses except witnesses to report their observations, not opinions. It is for the judge and the jury — not the fact witnesses — to make inferences as to the guilt or liability from the facts.

On the other hand, only "experts" can give the court their opinions. Aren't most people expert in some things? Most people are qualified to give opinions on such everyday

things as speed, time, sound, and the like. Sometimes where impressions are hard to describe, a witness may have to talk in terms of opinions about such things as the force of a blow, distance of a sound, the amount of light, the degree of cold or heat, weight, size, health, temper, fear, and the like.

We can express the opinion that Jones "looks like the man" who did a crime, or that his footfalls or his voice were those of Jones. Courts will admit such evidence. So too, one can testify about his friends' sanity or handwriting and sometimes your own motives.

But most often the court must rely on certain skilled persons like physicians or engineers for "expert opinions" especially in complex or technical cases.

Problems in using experts: They may not agree. They may give opinions on the "ultimate" fact which the jury itself must decide (the extent of injuries, who is the father, what caused the explosion.)

Lo the experts here invade the jury's province?

As a rule, no. Before a court will let the expert testify he must show special knowledge, say, in science, art, trade. Even so, the judge and jury decide issues of the trial, not the experts alone.

SHORT COURSES BENEFIT EATING ESTABLISHMENTS

Over 15 million meals will be served in 20,000 Texas eating establishments this week. If you are average you'll eat at least two of them. You could go into the vast majority of those restaurants and cafeterias and be assured of getting a wholesome meal — totally oblivious of the fact that you are eating food cooked and served by complete strangers.

How can this be, especially since some 26 different diseases can be spread by improperly handled food? Included in the list are such scourges as trichinosis, the deadly botulism, strep infections and salmonellosis (food poisoning).

There are many reasons of course, but among the main ones are the three day short courses in sanitation conducted by the State Department of Health for persons engaged in food preparation and service.

Good housekeeping around grain storage bins will pay good dividends says C. F. Garner, extension entomologist, by holding insect infestations to a minimum. He points out that lots of grain will soon be going in farm storage structures and suggests the bins be given a thorough cleaning and an application of a good residual spray before any grain is stored. Local county agents can supply details on the insecticides to use.

Research Pays Off --

How much does research cost? The better question would be: What is research worth?

Research is indeed the proverbial "stitch in time." Medical research has brought about many outstanding drugs and spectacular operations which save individual lives and relieve suffering, but more outstanding and spectacular are the advances in preventive medicine that have been made which stop suffering before it starts.

Economically speaking, preventive medicine has saved the people of the United States countless dollars. A case in point is retrolental fibroplasia, an eye condition marked by the formation of fibrous tissue behind the crystalline lens. Prematurely born babies are often stricken causing partial or total blindness.

At first premature births were blamed. However, research financed by federal and private means discovered the cause to be the excessive administration of oxygen—employed regularly in incubators for premature infants.

This study cost approximately \$50,000. In the U. S. 5,000 children are blind because of retrolental fibroplasia. Each child will cost an estimated \$100,000 for education, training and support from birth to death — or a grand total of \$500 million.

Caring for these 5,000 children in our generation will cost 100,000 times more than the cost of the research which prevents the disorder. Other items developed solely through research include the Sulf vaccine and steroid (cortisone) compounds — which prevent blindness, relieve arthritis, and aid skin diseases and allergic conditions.

Who can put a price on the suffering and crippling averted because of them. The life expectancy of Americans now born is now past 70 years of age. In just 17 years — 1937 to 1954 — it increased 9.6 years.

This means, because of the decline in the death rate, over \$770 million additional federal income taxes was received in 1955 alone, plus the accompanying rise in earning power and productivity from an increase span of life.

The wise man who said, "Who would not give a trifle to prevent what he would give a thousand worlds to cure?" was right.
