## Edgar Brash Writes Story of His Experiences While Lost In Guadalupe

(From Lamesa Reporter)  
My 1925 Hunting trip and experiences while lost for five days and nights in Guadalupe Mountains of Texas.

The trio of hunters, comprised of M. C. Hamilton, H. E. Williams and myself, left home some time before daylight Saturday morning, December 26, 1925. It was pretty cold but warmed up somewhat during the day. It must have been close to seven o'clock p. m. when we arrived at the ranch owned by Mr. Walter Glover. Going in and knocking on the door, we found Mr. Glover at home who instantly made us welcome and started to cook some supper. But we refused this, having eaten a late dinner we were not hungry. The wind was blowing pretty hard and it was turning cold again.

Having some little gifts for Mr. and Mrs. Glover and the little girl, we gave these to Mr. Glover and went to the Pine Canyon Springs, about a mile from the house. We immediately pitched camp, ate a bite and went to bed. It sure was cold that night and my, how the wind blew and the snow fell.

Sunday Mr. Glover came up to the camp and told us the thermometer on his house went to five below zero, and commented on the dense fog that hung over the top of the mountain.

Monday morning we went up Pine Canyon to hunt and up in the day we jumped a bunch of deer. One was a buck and was killed by Uncle Edgar, or at least we think so. He and I doing all the shooting at this buck. Going on over to him, we found him still alive so I took another shot at him and after he breathed his last we began at once to skin him. It took the two of us quite a while to skin him and get him cleaned and his head cut off, immediately after we built a fire, washed our hands in the snow and decided to eat our lunch. While eating our lunch around a nice warm fire, the conversation ran along many channels most of which I can't recall. But while sitting there Uncle Edgar asked me if I knew what was the most wonderful discovery man ever made, not being able to answer him I asked him what was the most wonderful. He said, "When man learned to build a fire." Since going through my horrible nightmare of experiences I can truly say I heartily agree with him. Because I did not learn the wonders of a fire, but I can say

I found out the extreme discomfort of NOT having one.

Well, we sat there quite a while and each took a half of the deer and he the head and we started for camp. Our loads were quite heavy and of course we had to stop and rest quite often. But as time wore on I having the lighter load, became impatient to reach camp. So as he stopped to rest once I told him I would go on to camp and put my game down and come back and help him with his. This I did, and when we got the deer all to camp the afternoon was pretty well gone. The weather was awfully cold and snowing and the fog and wind still held on. We gathered some fire wood, cooked some supper and went to bed.

Tuesday we got up, got breakfast and decided to go over on the east side. Mr. Hamilton gave one of his knees a severe twist the first day, and was of course bothered with a stiff leg and sore knee. Well, we "framed" it up for me to go up his hind skirt around the rim rock, Uncle Edgar to take the middle and Mr. Hamilton to go low down. Thereby covering lots of country. Well, about noon Uncle Edgar and I came back together and sat down by the fire he had built, ate our lunch and thought we would wait for Mr. Hamilton. After waiting for a long time he fog seemed to get worse instead of better. It would blow before the wind like smoke and was terribly thick. It was also snowing hard and fast. While laying there by a nice warm fire the snow flakes would fall on my coat and my attention was called to the many different shapes of flakes and the beauty of them. How each flake was perfectly formed and how they would sparkle. Some large, some small, some pointed and some other shapes too numerous to mention.

Having sat there for quite a while and hollering for Mr. Hamilton, we decided to go to camp and hunt out the base of Signal Peak. This we did, and just as we separated, we heard five shots. But the shots came from Pine Canyon and we had last seen Mr. Hamilton on the east side of the mountains. We kept on hunting and picked out a certain point to meet on and I was the first there. Just as Uncle Edgar came in sight three shots boomed out and we knew Mr. Hamilton wanted us for something. Making our way in the direction of the sound of the shots, we yelled and whistled, but we

## Boy Scout Official Lectures

The Boy Scout meeting held at the State Theatre Thursday morning proved to be one of the most interesting ever held in O'Donnell. J. P. Fitch, regional executive for the states of Texas, Oklahoma and New Mexico, and Scout Executive Palmer of Lubbock were present. In honor of the visitors, the banks, post office and most of the stores in town were closed for the hour of the meeting. The O'Donnell band put everyone in splendid humor to hear the address by Mr. Fitch.

Mr. Fitch proved himself a forceful speaker and no doubt his explanation of Boy Scout Work will bear fruit for many a day, as many of his hearers had never before realized its value to the development of our citizenship. He has been engaged in Boy Scout work for twelve years and is recognized as one of the foremost leaders in the movement in the United States.

Honoring the visitors, a luncheon de luxe was spread at the Recall Cafe where about fifty of the town's business men met for a social and business hour. At the close of the meal, Mr. Fitch paid the citizenship of O'Donnell a very pretty compliment for its progressive spirit in maintaining our splendid band and in the manner in which we were looking after the welfare of the boys. He said we could build cities but they would be worthless unless we built the proper citizenship to maintain them.

Local Scoutmaster Ben T. Brown thanked Mr. Fitch and Mr. Palmer for their efforts in trying to help our Boy Scouts, and to show that his heart was really in the work he said he had ten dollars to start the ball rolling to help further the movement. The following responded as fast as Secretary Ben S. Coia could write the names: Dr. C. P. Tate, \$10; Dr. J. F. Campbell, \$10; B. F. Rodgers of Jefferson, \$10; William Tredway, \$10; E. L. Sorrels, \$10; Rev. J. Wood Parker, \$10; Edward Singleton, \$10; E. M. Wilder, \$10; making a total of \$90.

There yet remains a small deficit on the pledge made last year and this money must be raised. A committee will be appointed to collect the remaining amount at an early date.

## O'Donnell Day At Slaton's Revival Meeting

An announcement was received this week by Elder W. A. Kercheville, pastor of the Church of Christ, from the pastor of the Church of Christ at Slaton, where a revival meeting is being held, that next Tuesday night had been designated as O'Donnell night and invited Elder Kercheville to bring his congregation and fill the pulpit on this occasion. After consulting the members of his church, the local pastor accepted the invitation and will be accompanied by a large number of people.

It is proposed to leave early in the evening and assemble at some point en route where a lunch will be spread. Not only the members of the Church of Christ are invited to make the trip, but everyone will be welcome and are urged to go.

During this meeting, other towns will be invited to participate the same as O'Donnell. That is something different in revival meetings and it is likely that other pastors will follow in the wake of the Slaton pastor in bringing about a more friendly and cooperative feeling among the churches of the South Plains.

## O'Donnell Band Attraction At Littlefield C. of C. Meet

### James Buford Williams Passes Away

James Buford, the little son of Mr. and Mrs. C. E. Williams died at the family home Friday morning at 1 o'clock after an illness of about two weeks. The child was recovering from a severe attack of pneumonia when complications set in which its weakened condition could not resist. The child was two years, six months and eighteen days of age at the time of death.

The funeral services were conducted at the Methodist church by Rev. W. C. Hart at 4 o'clock Friday afternoon and burial was had at the O'Donnell cemetery immediately following.

The floral decorations were profuse and beautiful. Besides wreaths and sprays given by individuals, the Methodist Sunday school and the Junior class of the High School each gave a beautiful bouquet of flowers.

The parents of little James Buford have the sincere sympathy of everyone in the loss of their only child.

### New City Hall Nearing Completion--Old Glory Unfurled February 22

The new city hall is about completed and for the first time old glory floated from the mast pole on Washington's birthday. The City Council is now utilizing the room in the upper story for meeting purposes. The fire truck and equipment will soon be moved to its new home on the lower floor and a man will be on duty day and night.

It has been decided to place the big siren near the telephone office and as soon as the proper motor arrives it will be installed. It is said that the siren can be heard from five to ten miles. In the next few days you hear a sound that will send a shiver up and down your spinal column don't think its Gabriel blowing his horn or the wail of a lost soul; it will only be the fire department trying out the new siren.

Six year terms for presidents will never do. The voters ought to have a chance to take an interest in their government oftener than that.

About fifty citizens, including the O'Donnell band, attended the district meeting of the West Texas Chamber of Commerce at Littlefield Monday. Those attending report that Littlefield accorded all visitors open house for the day and are enthusiastic over the reception given.

C. E. Kelley made a one-minute talk for O'Donnell at the meeting and Geoffry Holman made a five-minute talk for "My Home Town." Notwithstanding the fact that Geoffry had not prepared a speech for the occasion, but spoke extemporaneously, it is said that his talk was good and was defeated only by a Ralls boy to enter the contest at Amarillo next June. H. L. Hohn also spoke for O'Donnell.

Bandmaster Ab Taylor left here with his band Sunday noon, spending the night at Lubbock so as to have the boys in better condition for playing. En route they played at Tahoka, Slaton, and Wilson and gave a concert at Lubbock upon their arrival. Everywhere the boys played they were given an ovation and the encouragement they received on the trip will put new pep in their work.

Following is a partial list of those who attended the meeting, exclusive of the members of the band:

Mr. and Mrs. L. L. Busby, Mr. and Mrs. C. E. Kelley, Mrs. Major H. Rodgers, Geoffry Holman, Mr. and Mrs. E. J. Tredway, Mr. and Mrs. W. A. Tredway, H. C. Gantt, Mr. Watson, Dr. C. P. Tate, Mose Sanderson, Clyde Ash, E. S. Scrimshire, W. H. Veazey, D. A. Baggett, H. E. Gillespie, W. L. Palmer, Mr. and Mrs. Ab Taylor and son, Mr. and Mrs. Johnnie Rochell.

The next meeting will go to Crosbyton, this town winning the meet over Lamesa by a small margin.

E. C. Wilcox came down from Childress first of the week on a business trip and to renew acquaintances with his many friends here. Wilcox says that he has not lost one ounce of love for the O'Donnell country and never misses a chance to give us a boost. He is planning to put in a crop on his new place and says that he will soon have his land ready for planting.

**JAMES BURFORD WILLIAMS**

He was born the first of August  
He only weighed six pounds,  
When on a bright sunny morning  
This old world he found.  
He was a little cow-boy,  
As true as truest steel,  
And played with his toys,  
And rode his little cart wheel.

He was a smiling lad of two,  
A happy little cow-boy  
And his cute ways and sayings,  
Filled his home with joy,  
Mornings—He stood in the door,  
To watch his Daddy go away  
Then kissed-mamma good-bye,  
And out he'd go to play.

He was so cute and tiny  
And loved by one and all,  
Some one always picked him up  
When'ere he took a fall.  
Then one night at bed time,  
He said, "I feel so bad,"  
To see the baby suffer,  
Made us all feel bad.

We watched over the little form,  
Many long nights and days  
The nurse trying to cure him,  
In many different ways.  
One night the nurse told us,  
"He can't live through the night  
The home began to darken,  
That had always been so bright.

We all stood around him,  
Here's where we did wrong,  
For we wept in sorrow,  
When the doctor said, "He's  
gone."

But we all knew we'd miss him,  
So we wept for him in grief.  
We should have wept in gladness  
When we saw his relief.  
Some day we will go to meet him,  
In heaven where he's gone;  
Looking down on us,  
Waiting for us to come on.

**Willie Joe Hubbard  
Celebrates Birthday**

Master Willie Joe Hubbard, son of Mr. and Mrs. Cecil Hubbard, enjoyed the greatest day of his young life Monday when he celebrated his fifth birthday. A number of his friends responded to Willie Joe's invitation to come over and have a good time with him on this occasion. Mrs. Hubbard and Mrs. Roy Everett looked after the young folks' entertainment and everyone present claim they had as much fun as did the little host. Upon entering the children registered their names, ages, and the thing they most desired which record will be kept for future reference. After having tired of playing numerous games, the youngsters were called to the dining room which had been appropriately decorated in Washington's birthday colors, the room being darkened and red shades over the lamps and at each plate was a big red apple. Refreshments of cake, fruit salad with whipped cream was served. When the time came for blowing out the five candles which decorated a large cake, each child made a wish and all blew together.

The register showed the following present: Sheridan Potter, Nora Lou Brown, Eula Jim Harland, Marjorie Burdett, Claud Norris Mansell, Roy Elmo Everett, Lucile Burdett, Ira Marie Mansell, John Williams Garner, Nancy Ruth Garner, Lorene Brown.

**CARD OF THANKS**

We desire to extend our sincere thanks to the dear people of O'Donnell for their kindness during the illness and death of our darling little boy, James Buford. We also thank the Senior class of the High School, the Sunday School class and others for the many beautiful floral offerings given. May God's richest blessings be upon you.

Mr. and Mrs. C. E. Williams.

**ORDER FOR SCHOOL BOND ELECTION**

THE STATE OF TEXAS:  
Counties of Lynn and Dawson  
O'Donnell Independent School District.

On this the 28 day of January, 1926 the Board of Trustees of the O'Donnell Independent School District convened in special session with the following members present:

of the State of Texas particularly Sections 8 and 9, Chapter 62. Special Laws passed at the Regular Session of the Thirty-seventh Legislature, in 1921, and any other statutory provisions applying."

It is further ordered by the board of trustees that the following named persons shall be, and they are hereby appointed officers of said election: J. M. Christopher, A. W. Gibbs, G. C. Grider, Jeff Shook, and J. W. Shaw.

It is further ordered that the ballots for said election shall have written or printed thereon the following

**OFFICIAL BALLOT**

"For the issuance of bonds and the levying of the tax in payment thereof."

"Against the issuance of bonds and the levying of the tax in payment thereof."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote.

It is further ordered that none but resident qualified taxpaying voters of the O'Donnell Independent School District, as incorporated by Chapter 62, of the Special Laws passed at the Regular Session of the Thirty-seventh Legislature, in 1921, shall be allowed to vote at said election.

It is further ordered that three weeks prior notice of said election shall be given by written notice thereof duly posted in three public places within the limits of said O'Donnell Independent School District, and the Secretary of this Board is hereby authorized, ordered and directed to post such notices.

It is further ordered to have said notice of election published in some newspaper of general circulation published in said O'Donnell Independent School District, to-wit, the O'Donnell Index, which notice shall be published once each week until the date of said election, which shall be four full issues of the paper.

It is further ordered that said election shall be held under the provisions of Chapter 62, of the Special Laws passed at the Regular Session of the Thirty-seventh Legislature, in 1921, and amendments thereto, and any other statutory provisions applying; and this Board of trustees will furnish all necessary ballots and other election supplies requisite to said election.

It is further ordered that the manner of holding said election shall be governed by the General Election Laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the statutes hereinabove mentioned.

And it is further ordered that immediately after said election has been held, the officers holding the same shall make returns of the result thereof to the Board of trustees of said School District, and shall return the ballot boxes to the Secretary of such board, who shall safely keep the same and deliver them, together with the returns of the election, to the board of trustees at its next regular or special meeting, and further orders are reserved until the returns of the said election are made by the duly authorized election officers, and received by this board.

The above order having been read it was moved by H. L. Hohn, and seconded by Jeff Music, that it be passed. Whereupon, the question being called for, the following members of the board voted "Aye": W. L. Gardenhire, J. M. Payne, R. L. Wagner, J. L. Schooler, E. J. Tredway, H. L. Hohn, and Jeff Music; and none voted "No".

W. L. Gardenhire, president, board of trustees of the O'Donnell Independent School District in the counties of Lynn and Dawson, Texas Attest: J. M. Payne, secretary board of trustees of the O'Donnell Independent School District.

## Officers Shoot from Chevrolet

Present day officers must be trained to shoot from the wheel as well as from the hip.

Police Officer H. W. Holman, 1925 champion revolver shot of the Los Angeles Police department, recently demonstrated the absence of vibration in the modern automobile by drilling six bullets through the bullseye of a regulation target while shooting from his car with the motor running at full throttle.

Officer Holman made perfect target groups while shooting from the front seat, while sitting astride the car hood and while using the front

fender as a rest for his pistol arm. The car used was a Chevrolet touring model which Officer Holman purchased recently. The unique target practice was held at the police revolver range in Griffith Park, Los Angeles. The marksman observed all rules governing regular target practice except that he shot from the automobile.

## HARD TO EXPLAIN WHY EARTH QUAKES

*Still Much to Be Learned on the Subject.*

Seismologists' explanations of the earthquake prevalence in the Far West offer no basic reasons. They say that the Santa Barbara temblor was tectonic, that it was caused by a recurrent slip along old fault lines near the Pacific coast, and that the slip was probably set in motion by the slight quakes in Montana. This really gets nowhere, for it has long been known that the Pacific coast has many fault lines, and there is not even an effort to explain why the preliminary tremors were felt in Montana, where there are no fault lines, and where there had been no earthquakes in the memory of man.

It is predicted there will be continuing quakes for some time, and they may be felt in widely separated parts of North America. This is, however, no cause for alarm. Except in regions of known earthquake prevalence, where the faults are marked, an earthquake seldom or never does any large damage. The earthquake which a few months ago was lightly felt in Cleveland and more markedly in New England and Canada, was quite innocuous. The Montana quake was one of the severest in a non-earthquake region, but the damage was comparatively small and there was no loss of life.

As for California, the danger is more real, but it is to be borne in mind that only two disastrous earthquakes have been recorded in that state, the really calamitous San Francisco temblor and the one which recently caused considerable damage in the small city of Santa Barbara. By the law of probabilities no more cities are due for visitations for a long

time. That the danger is considered very slight is proved by San Francisco's magnificent rebuilding on the ruins of the destroyed city.

We cannot tell the wherefore of earthquakes and we cannot predict when or where they will occur. It is possible, of course, for cities in earthquake regions to build with some thought of earthquake possibilities, but otherwise nothing can be done, and American life is not to be disturbed by phenomena as yet so inadequately explained.—Cleveland Plain Dealer.

### Expositions Costly

Such exhibitions as the one recently in progress at Wembley entail an enormous expenditure to put over properly, and whether they will result in loss or gain is always problematical. London's first big exhibition, that of 1851, was a great financial success, says the Montreal Star. More than 6,000,000 people visited the Crystal palace, and the surplus, after paying all expenses, was nearly \$750,000. The next one, held in 1862, was not

so successful. Shortly after its opening the prince consort died and when the American Civil war broke out its receipts were so impaired that, although they totaled about \$2,250,000, there was a final deficit of \$50,000. The Paris exhibition of 1867 showed a profit of \$340,000. In Vienna in 1876 a loss of nearly £2,000,000 was sustained; the Philadelphia exhibition showed a loss of about \$1,250,000, while the Paris international exhibition, although it attracted 16,000,000 visitors, showed a deficit of \$6,250,000. Then luck changed. A series of small exhibitions held at Kensington were all successful, while the Chicago-World's fair and the great exhibition at St. Louis both showed big profits. In 1908 London's White City proved a fairly profitable undertaking in spite of a wages bill of \$4,000,000.

It's getting to be an awful problem: automobile manufacturers can't make cars fast enough to replace those that get smashed up.

### Chamber of Commerce To Meet Monday Evening

A meeting will be held in the Warren building Monday evening at 7:30 for the purpose of reorganizing the Chamber of Commerce and every citizen of the town and surrounding country is invited to attend.

During the rush of the winter and fall season the Chamber of Commerce has been inactive and it is proposed to revive the organization and outline a program of work for the year.

O'Donnell cannot progress without an organized body to further its interests. It requires cooperation to accomplish anything worth while. Attend this meeting and help put new life in our Chamber of Commerce and let's show the world that we are a live people.

### Simpson Broadcasts Explanation to Voters

While in town this week Sheriff Wesley Simpson stated to the Index man that the District Court was keeping him too busy to talk politics or visit the voters and it will probably be five or six weeks before he can get away from the duties of his office. However, when he catches up with his work he expects to personally canvas the county and see every voter in person in the interest of his candidacy for sheriff and tax collector. He hopes that the voters will not put themselves under obligations to anyone until he has an opportunity to plead his claim for the office.

### Littlefield C. of C. Sends Letter of Appreciation

In recognition of the excellent work done by the O'Donnell band at Littlefield Monday, Clayborne Harvey, secretary of the Chamber of Commerce writes Bandmaster Taylor the following letter:

Littlefield, Texas, February 24, 1926.  
Mr. Taylor, Bandmaster,  
O'Donnell Band,  
O'Donnell, Texas.  
Dear Sir:

I am taking this occasion, on the part of the Littlefield Chamber of Commerce, to express our sincere and hearty thanks to you and your band for the courtesy shown us by your presence and the excellent music you furnished us during the convention. I might state that I have been in the music game for many years and I have my first time to hear a band as young as yours play with the expression and exercise the execution that your band did while in our town.

Trusting that we shall have the pleasure of having you and your organization with us again in the near future and assuring you that if at any time we can be of any service to you either from a musical standpoint or otherwise, do not fail to call upon us.

Yours truly,  
Littlefield Chamber of Commerce,  
Clayborne Harvey, Secretary.

### Senior Class Play Well Attended

The Senior Class was greeted with a capacity house at the State Theatre Friday night of last week when it staged the play, "Petrel, the Storm Child." The play was in three acts and histrionic ability of no small degree was displayed by the members of the cast throughout its rendition. The class was assisted by the band which rendered a number of pieces, also Ab Taylor's Singing Orchestra gave numbers between acts.

Thirteen members of the class formed the cast as follows: Delbert Beaton as Captain Stubbs, W. B. Hohn as Sim Freemtn, Maurine McDaniel as the Storm Child, Martin Lines as Lem Gale, Mary Joe Ballew as Amanda Libby, Thady Gardenhire as Jabez Kingman, Geoffrey Holman as Bob Braxton, J. V. Shook as Harry James, Howard Tredway as Ezra Green, Roxie Hancock as Bessie Stubbs, Oma Fairley as Mrs. Kingman, Golda McGill as Cecile, a Maid, and Martin Lines as Mr. Brief, a Lawyer.

The play was so well received that the class plan to put it on at a number of the rural schools, beginning tonight at Wells.

### O'Donnell Band To Give Many Concerts

Bandmaster Ab Taylor has arranged a number of concerts to be given by the band during the next few days. The first appearance will be made at the Hancock school Friday night. On the Friday night following the band will play at Wells to assist in a class play being put on. On the following Friday night the boys will give a concert at Draw and the next Friday night at Wells. In addition to the band, Mr. Taylor has organized a singing orchestra which is said to be right up to the minute.

These concerts are being given to raise money to purchase music and otherwise assist the band.

The band boys must have uniforms and the citizens of the town are very unappreciative if they do not see that the boys obtain them. When the Index man proposed to give one uniform if someone else would give another, C. E. Kelley of the First National Bank called his hand and Ben T. Brown pledged another, so there are three uniforms pledged. If you can't pledge a full suit, give a cap, pair of britches or pair of shoes. The boys must have these uniforms and we must provide them.

Don't worry about how many people are bigger and richer than you: look how many are smaller and poorer.

**Hardeger Gins Sold  
To Tahoka Man**

A deal of considerable importance was made this week when John Hardeger sold his two gins to Mr. Pemberton of Tahoka. The purchaser has already taken charge of the property and will shortly begin overhauling both plants in anticipation of a heavy run this fall.

Mr. Pemberton will move here with his family and he and two sons will have active supervision of both gins. W. H. Harland, who has been with the Hardeger gins for the past two years will remain as head ginner with the new owner.

The Hardeger gins have been popular with the farmers and the new owners will use every effort to keep them up to the standard set by the Hardeger brothers.

**Pride Events**

Dave Hanes seems to have made more corn than he needs, for he is hauling corn to market this week.

Bill Cathey is very busy now getting everything necessary to start farming since he has to make a living for two.

A short time back a new house was started on the road to O'Donnell and by getting some information it was learned that Dewey Thomas and wife were to occupy the residence when completed. Now Dewey's is very nicely improved and he is placing feed in the new lots getting ready for two.

There is quite a bit of sickness over the country at present. Flu is a severe epidemic and is dreaded by everyone.

George Lightfoot and family have been on the sick list but are improving at present.

Mr. Miller's family have been sick this week. Indications are for an improvement.

Ernest Harris has been experiencing the flu, but is expected to be at work soon again.

Mr. Winters has changed his way of farming and instead of "Gee, Beck" and "Come, Kit," he says a tractor won't stop by talking to it, but only when the gas plays out or he cuts it off.

The light snows that came put some people busy, but did not last long. However, there is a great longing for more moisture soon.

Prof. Cargile reports the attendance has fallen off considerably since the flu has been in the country.

Curtis Hanes seems to think horses are too slow to do his farming and that 160 acres is too small for him to attend, so he is going to try 2 or 3 hundred acres for 1926 crop.

Mr. Disheroon is grubbing some now. He says he hasn't time for anything else as it is such a nice job.

It is reported that Mr. Stevens is to be included in the Pride community during 1926.

John Simmons has decided to farm this year and is going to work an Curtis Hanes place.

Mr. Lindsey is going to move to Rannels County. He intended moving last week, but on account of catarrhal fever was detained. His family, he was detained a week or two. They are improving.

Charley Cathey has decided he likes sandy land rather than so many weeds.

People are very busy making preparations for a crop. Most every day some indications are shown, some plowing, grubbing, and others are doing various other things even hauling out new plow tools. Let's all hope and work for a prosperous year.

L. H. C.

J. M. Crouch and J. T. Voss were here this week from Munday. Mr. Crouch came here two years ago and at once saw that this country had a future and before leaving purchased a half-section east of town. Besides the increase in the value of the land, Mr. Crouch has received a splendid rental each year, and, naturally, is enthusiastic over his investment and is a booster for the country wherever he may be.

Mrs. Malvin Brown is spending the week in Clovis, New Mexico, the guest of her mother.

### Ford Buys Large Tract Of Land For Airplane Service

The purchase of 1,400 acres of land at Maynard, Ind., by the Ford Motor Company was announced Saturday. The property, which is located on the Illinois-Indiana state line, approximately twenty-five miles southeast of Chicago, will be utilized as the Chicago terminal of the Ford Air Transport service. Since establishing of the Detroit-Chicago air-line on April 13, 1925, Ford planes have been landing at the government field at Maywood, Ill. Considerable difficulty was experienced by Ford pilots in reaching the landing field due to smoke and fog settling about Chicago. This will be avoided by the new location which removes the necessity of traversing the metropolitan district.

In announcing the purchase, the company stated that the property will be utilized as a landing field only.

"The Ford Motor Company intends no manufacturing activity of

any sort and contemplates building no more than a hanger for the shelter and servicing of airplanes," the statement said.

The hanger, incorporates several unique features of construction and many of the most modern facilities for servicing airplanes. The building, which will be 123 feet wide and 103 feet long, will be constructed as to adopt itself to future expansion in line with future development of the air transport service. To facilitate the movement of planes in and out of the buildings, sliding doors designed to open the entire length of the hanger will be installed. This feature will be made possible by the use of a cantilever type of roof.

The property is but six miles from the Chicago assembly plant of the company at Hegewisch and is in excellent condition for use as a landing field.

### J. M. Weatherford Asks For Re-Election As Tax Assessor

The many friends of J. S. (Jim) Weatherford will be pleased to learn that he will make the race to succeed himself as Tax Assessor. During his incumbency Mr. Weatherford has made an efficient county official and no doubt the voters of the county

will give him a second term. Since this is his first term in office it is doubtful if anyone will oppose him in the race.

Mr. Weatherford is an old-timer in this section and has always stood four-square for the upbuilding of the country. He served the City of Tahoka as city secretary for a number of years and could have continued in the office indefinitely had he not chose to seek the office of tax assessor of Lynn county.

Before coming to this county, Mr. Weatherford lived in Borden county where he served as county and district clerk for a number of years, and a lot of Borden county folks say he made a good one.

Mr. Weatherford will endeavor to see all the voters of the county before the election, but should he fail to see you, he will appreciate your vote just the same.

### Another Mistake

A little mistake in the Index last week caused a lot of trouble. The headlines over the announcement of Miss Viola Ellis as a candidate for county treasurer read, "Miss Viola Ellis Announces for County and District Clerk." Some of Miss Ellis' friends got mad about this and cursed the editor and the editor cursed the printers and the printers cursed the devil and he got mad and quit his job and there you are. Just why a sober bunch like the Index force could make such a mistake is unexplainable, but it was made and all we can do is apologize. Miss Ellis is a candidate for county treasurer, but if she was a candidate for county and district clerk she would make Happy Smith and T. Cowan do some fast running to beat her.

**Mac Hancock Announces for Sheriff and Tax Collector of Dawson County**

The Index takes pleasure this week in carrying the announcement of Mac W. Hancock as a candidate for the office of sheriff and tax collector of Dawson county, subject to the action of the voters at the democratic primary in July. This is the first time that Mr. Hancock has ever asked the voters of Dawson county or any other county for office and at first he was a little timid about making his announcement, but so many of his friends urged him to get in the race that he

finally yielded, and now that he is in, he expects to do all in his power to win, but will conduct his campaign upon his own merits. Mac Hancock has been living in Dawson county for the past twenty-three years and his stock-farming operations have brought him in contact with a great many people and there is not one with whom he has had dealings can say he is not a square shooter. He is in the prime of life, knows the people whom he will serve, capable and honest, and if elected will make his county a dandy good sheriff and tax collector. The Index asks that the voters give his candidacy due consideration when making up their minds for whom they will vote.

**Call For Bids**

Any banking corporation, association or individual banker in the City of O'Donnell desiring to bid shall deliver to C. T. Kibbe, Mayor of said city of O'Donnell, on or before 2 o'clock, p. m. on the 5th day of March, 1926, a sealed proposal stating the rate of interest that said banking corporation, association or individual banker offers to pay on the daily balance of the funds of the City of O'Donnell, payable every thirty days for the term of the next three years from date of selection of such depository.

Such proposal shall be accompanied by a certified check for not less than \$100 as a guarantee of good faith on the part of the bidder and that if his or its bid should be accepted, he will enter into a bond as provided by Revised Statutes of the State of Texas; and upon the failure of the banking corporation, association or individual banker, that may be selected as such depository, to give the bond required by law, the amount of certified check shall go to said City of O'Donnell as liquidated damages and the said City Council shall readvertise for bids.

Given under my hand and seal Given under our hands at O'Donnell, Texas this the 18th day of February, A. D. 1926.

**Resolved**

Whereas our Heavenly father in his Divine Wisdom has seen fit to call home little John Burma Parker, and whereas there is now an unfilled vacancy in the home of our beloved Bro. Parker that never can be filled on earth, therefore he it resolved that we The Pastors Association present these resolutions to the bereaved family and pen one copy to our minutes.

Resolved first; That in the home going of little John Burma we extend our deepest sympathy to the bereaved family in their sad hours and commend them to Him who is "The Great I Am."

And further Resolved; That as we know their home shall be overshadowed by this gloom of despair, yet we know Heaven shall be Dearest and fairer by the new ties now made.

Be it further resolved, that we express as a unit our Faith in Him who said, "I will come again and receive you unto myself that where I am there you may be also." And that we look with explicit faith To the great Day when Little John Burma shall be raised in Power and Glory.

Resolved too, that as a Pastors Association we feel that one of our Co-Laborers and his noble companion shall feel and know that we as a body and individually are weeping with them as they weep.

Adopted in open session this 22nd day of February, 1926.

Messrs. Musick and Rodgers recently purchased the agency from the Highway Garage people and will make their headquarters at the coal office of Mr. Rodgers. The new firm state they intend to push the sale of the Texhoma products to the limit. The deal included the storage tanks owned by the Highway Garage people, and it is likely that additional storage tanks will be erected by the company at an early date.

Both the new proprietors are well known O'Donnell business men and no doubt will make a success of their venture. In assuming charge of the business, they ask all the old customers to continue their patronage and solicit new business from those who have not been using the Texhoma products. They will sell only in wholesale quantities.

**Quartet to Give Concert At High School February 27**

The Simmons University Male Quartet, known in Abilene as "Simmons' Big Four," will render a secular program in O'Donnell at the high school building Saturday evening, Feb. 27, under the auspices of the high school.

The quartet has just returned from an extended West Texas tour touching nine of the principal cities in this section. The University Choral Club, assisted by the quartet, rendered a very interesting program at Lamesa Tuesday evening, Feb. 9, to a large crowd.

The quartet composed of four of the best singers in any university in Texas, according to music critics in more than two dozen towns where the quartet has sung in the last two months. The singers are Rudolph Caffey, Anson; Lackey Beckham, Savoy; Burl King, Abilene; and Ira Marshall, Floydada. These men are students under Prof. H. Grady Harlan, head of the voice department of the University.

High school students have tickets for sale. The price is 50 cents.

**Regular Meeting Of W. M. U.**

The W. M. U. of the Baptist church instead of having a regular meeting at the church met with Grandma Veasey out at the home of her son, W. H. Veasey.

Devotional was led by Bro. Horn, after which the regular bible study was engaged in for about 30 minutes.

At the close of the lesson Mrs. W. H. Veasey served lovely ice cream and cake to the following: Bro. Horn, Mesdames Horn, Musick, Middleton, George Newsome, Yandell, Rodgers, Sanderson, Morris Sanderson, Sorrels, Goddard, Mansell and Grandma Veasey.

The W. M. U. will meet at the church next Monday afternoon for the purpose of packing a crate of eggs for Buckner Orphans Home.

Lee Christopher was seen hanging around the county clerk's office in Tahoka Monday. Some are of the opinion that Lee was getting up his courage to ask Happy Smith to issue the papers that sometimes gets fellows in lifetime troubles.

District Court being in session in Tahoka this week, a great many of our citizens were in attendance—or were over in Borden county waiting for the grand jury to adjourn.

E. J. Tredway reports that chicken thieves have been working full time these dark nights. He lost his flock of fine cacklers one night last week. B. D. Brookins also lost a bunch of hens the same night. A load of buckshot promiscuously scattered through the anatomy of these night prowlers would have a tendency to make them respect people's hen roosts.

The little child of Mr. and Mrs. Whitmore, who live near Newmoore, had its hand caught between a door and the facing Thursday evening and was painfully injured. Lon Light brought the child to town and it was treated by Dr. Campbell.

**Miss Viola Ellis Announces For County Treasurer**

The Index takes pleasure in carrying the announcement this week of the candidacy of Miss Viola Ellis for County Treasurer. Miss Ellis is now principal of the Newmoore school and is a young lady of high ideals and attainments and is well qualified to fill the office she seeks. She was practically raised in Lynn county, being the daughter of S. W. Ellis of Three Lakes, who is regarded as one of the county's staunchest citizens.

The Index asks that the voters of the county give Miss Ellis their earnest consideration when making up their minds for whom they will vote, and believes that a vote for her would be a vote in the right direction.

Following is Miss Ellis' Announcement:

To the voters of Lynn County:

I am announcing as a candidate for County Treasurer of Lynn County. I have been a citizen of Lynn County for ten years, having come here in 1915 at the age of fifteen years. I have either attended school, or taught school for the past several years, and am teaching at the present time.

As to qualifications of course, I feel capable of filling the office or, I should not ask for it. Should a public office ever be entrusted to me, public confidence and public welfare should ever be uppermost in my mind and dominate my actions.

My school shall engage all of my time until the middle of May. After that time I hope to see every voter in the county and I hope no one will decide against me before he has had an opportunity to talk with me.

**Mr. and Mrs. Scott Return To Dallas**

Mr. and Mrs. J. E. Scott have returned to their home in Dallas, after having lived here one year. The Scotts are fine people and I is O'Donnell's loss that they could not make up their minds to remain longer with us. Mr. Scott still owns extensive farming interests in the O'Donnell country and will make frequent visits here to look after his property.

## SENIOR NEWS

We are happy over the results of  
our class play, and we thank all who  
helped us in any way to make it a  
success.

V. B. Hohn, Raymond Busby and  
Geoffrey went to Littlefield Monday.  
The first two mentioned are members  
of the O'Donnell band, and the later  
spoke before the West Texas Chamber  
of Commerce on "Our Town."

Yes, we will be represented at the  
County meet. Roxie Hancock and  
Delbert Beaton are the Senior de-  
bators.

We urge the public to hear the  
Simmons College Quartette at the  
Methodist Church Saturday evening,  
February 27. They will be here  
under the auspices of the High School  
for the Athletic fund.

## JUNIOR CLASS

The girls try-out debates was held  
last Monday and Sue Gates, a junior,  
won first place. Juanita Millsap  
another classmate, won third place.

Desmond Yandell was out of  
school several days last week.

Leona Stokes visited in Snyder  
last week.

The seniors and juniors were de-  
lightfully entertained Friday night  
February 12, when the sponsors,  
Misses Rice and Rodgers, honored  
them with a valentine party, at the  
home of Miss Rodgers.

Hear Simmons College Male Quat-  
tette at the Methodist Church Sat-  
urday night February 27.

**Farm for Rent**—Will rent farm on  
third and fourth. Applicants to  
farm on halves will not be consid-  
ered. Apply at the Index office.

J. F. Wilhite came out from Fort  
Worth last week to visit his brother,  
B. P. Wilhite, and was so enamored  
of the town and country that he has  
decided to make his home here. Mr.  
Wilhite's family will arrive next  
week.

## Advertising Pays the Man Who Advertises

Dr. J. F. Campbell and E. A. Lackey  
both believe that it pays to ad-  
vertise. Last week the former ad-  
vertised for a lost part from his car  
and the latter a fine watch. Within  
a few hours after the Index had been  
mailed, the lost articles were return-  
ed to them. Maybe you have lost  
something or want to sell something.  
If you have, maybe the Index has a  
reader who has found that very thing  
or wants to buy that article and the  
only way to reach him is by adver-  
tising. Dr. Campbell and Mr. Lackey  
know that one gets results by  
advertising in the Index. You can,  
too, if you will only try.

## Close Call

A narrow escape from serious in-  
jury and possible death was had  
Thursday morning by the occupants  
of the dental offices of Drs. C. E.  
Waller and L. D. Stephens in the  
Warren building. A fool and a gun  
had met on the lower floor and the  
gun not being loaded was discharged  
and a bullet crashed through the  
ceiling, pierced the floor of the den-  
tal office, struck the brick wall and  
was deflected through the ceiling  
and passed out through the roof.  
The bullet missed one patient's  
head by only a few inches. The  
fool and the gun were not injured  
and neither were the occupants of the  
office, but the latter were unanimous  
in the belief that a fool is born every  
minute to keep the stock supplied.

## Goes Wild on Joy Juice

A "cullud lidy" imbibed too much  
joy liquid Sunday afternoon and  
made herself so obnoxious even to  
was taken to the city bastille and in-  
the people of her own race that she  
carcerated therein by Chief Wimberly.  
Even while being led through  
the streets her joy knew no bounds  
and she rent the air with vociferous  
outbursts. Upon being placed on the  
carpet in front of Mayor Kibbe Mon-  
day morning the dusky damsel re-  
fused to divulge where she had ob-  
tained the joy-juice further than  
some "Brownwood niggers" had giv-  
twenty-five bucks with trimmings to  
en it to her. She was assessed  
buy permanent waves for her sisters  
in Africa.

## Randall News

Nearly everyone in the community  
has had the flu during the past two  
weeks.

Mrs. I. U. Durham returned from  
Oklahoma last Thursday where she  
has been visiting her daughter, Mrs.  
Lee Tickner. She reports the ar-  
rival of a winsome grand-daughter  
during her visit.

Mr. and Mrs. J. B. Elmore left  
Monday morning for Dallas where  
they expect to spend several weeks.

In a practice game with Plainview  
Monday afternoon the Randall boys  
basketball team lost to the visitors  
with a score of 9 to 10.

Mr. and Mrs. R. M. Meador of Joe  
Bailey, spent Sunday night with Mrs.  
Meadors parents Mr. and Mrs. A. A.  
Smith.

Mr. and Mrs. Joe Mears of Evel-  
land were visiting relatives here dur-  
ing the past week-end.

A Lamesa photographer made pic-  
tures of the school and school build-  
ing here Monday afternoon for the  
Dawson County School Annual.

Mr. and Mrs. J. J. Mears are en-  
tertaining a new baby girl this week.  
This wee maiden is the first girl the  
stork has presented to the Randall  
community in many moons.

A Pleasure to Serve You

Edward the little son of Mr. and Mrs. Snyder, who live on a farm, died Saturday and was buried at the O'Donnell cemetery Sunday afternoon. Eld. W. A. Kerabesville conducted the funeral services at the grave.

The parents of the little boy were unable to attend the burial as an-

other child was seriously ill at the time.

could not get an answer from him. We finally made up our minds to answer him so we could tell exactly where to go for him. I then fired my gun three times and got an answer and we knew about where he was. Leaving our sweaters and guns by a large boulder, we went in his direction. Uncle Edgar having to stop and rest told me to go on to him and he would follow later. When I got to Mr. Hamilton he had just finished skinning his deer and cleaning him and cutting him up. He, or rather both of them sure were bloody. After I rested a few minutes we each took a half or rather I took the third quarters and he took the rest and I his rifle and started to go to Uncle Edgar who was waiting down the side of the mountain for us. When we got to him, he and Mr. Hamilton divided the fore quarters in two and that equalized the load. Returning to the place Uncle Edgar and I had left our guns and sweaters, we got same and returned to camp. After hanging up the meat in a nearby tree, we prepared and ate supper and "turned in" for the long cold night.

The next day was Wednesday and it was foggy and cold. As we were finishing breakfast, Mr. Glover came to camp and we had quite a nice chat. Among the things discussed of course was the denseness of the fog and how it held on and the zero weather we had had. Then the subject of conversation changed to a man getting lost. Uncle Edgar wondered if a man could get lost bad in the hills and Mr. Glover gave a very emphatic "Yes." "But," said Mr. Glover, "if a man does get lost, he ought to take down the first canyon he comes to." "Then," said Mr. Hamilton, "There are some bluffs in some canyons a thousand feet deep and impossible to go around, how can he go over these?"

"There are very few of these," said Mr. Glover, "and when a man comes on one of these high bluffs he should climb out of the canyon and come down a backbone or side of the mountains."

"Now if you fellows are ready to go don't let me detain you," said Mr. Glover. And after unsuccessful attempts to get him to go with us, we departed up Pine Canyon on the supposedly last day of our hunt.

During the past days of the hunt, trudging through the snow, my feet had become cold and when we came to camp at different times, I got my feet too close to the fire and burned the soles off both of my boots. Having only a pair of Nettleton shoes on Wednesday, I had made up my mind I would not take the rim rock, but would be middle man. Mr. Hamil-

on account of his stiff knee, taking the low route and Uncle Edgar going up high.

Then coming on a pretty socket, well protected from the wind and snow, I could not resist the temptation to work out this place for deer. Going close to Uncle Edgar I told him I would go up high and see if I could not scare something up. "Alright," he said, "I'll wait here for you." Then I started up the hill and it was a pretty stiff climb. When I had gone quite a way I yelled to him to go on up Pine Canyon to the "Pot hole" (a hole of water in solid rock that very seldom is known to have been dry) and I would top over and meet him there. When I heard his alright, I started off again. As I said before, it was a pretty stiff climb and when I reached the top I was hot and tired. Then I sat down to rest and eat a sandwich and to cool off. Owing to the extreme cold of the fog and the wind, I was not long in cooling off. Looking straight in front of me was a long gradual slope to the bed of a shallow canyon and several deer tracks leading in that direction. Thinking it was the direction in which I wanted to go, I went headlong in the snow, fog and wind.

There was quite a bit of snow on the ground but some places were free from snow. Under trees where, as the wind would blow the snow it would melt, and in some open spaces

too it would be free from snow but very damp. As best I could, I stayed in these places, but quite a few times I would have to walk over the snow. Owing to the extreme cold of the weather the snow had frozen over hard. Even when I would walk on it it would squeal and offer a loud, indescribable noise, and realizing that any game could hear me, I walked real slow and careful and looked a long way ahead.

Winding around and working my way to the bottom of this canyon I found it to be very smooth and almost free from rocks of any size. Just fine for deer to rest, protected from the weather. Imagine my setcay when I saw the bed of the canyon just literally covered in deer racks some headed up the canyon and some were going down. Of course the snow was quite deep, but the bed of the canyon and realizing my shoes were light and thin, I trusted along the sides of the canyon. It was not bad walking by all means. I was fresh, full of vim and expectation and my hopes ran high. The idea of the canyon being a very gradual slope and deer trails over them to, gave me easy going down.

(Continued next week)

Claimed that more neighborly spirit should be shown. The boys any way are willing to call on all the pretty girls.
