and more worth when you sell it . . .

it's your best buy!

More go

V-8 or Six, you get more GO per gallon, thanks to Ford's Automatic Power Pilot. Only Ford in the low-price field offers V-8 power . . . a low-friction Six.

More ride

With Ford's advanced front suspension, front end road shock alone is reduced up to 80%. And with Ford's balanced spring and shock absorber action you travel "first class," whether on boulevard or the rough back roads.

More drive

Fordomatic is the only "automatic" in its field which offers both torque converter smoothness and the get-up-and-go of an automatic intermediate gear. Ford also offers Overdrive and Conventional.

More looks

Modern, clean lines give your Ford stylesetting beauty. And for eye-pleasing decor, you get exterior colors that harmonize with decorator-designed interiors. Ford's beautiful Crestmark bodies feature the most visibility in Ford's field. And the way these bodies last is another reason for Ford's high resale value.

More advances

Ford alone in the low-price field brings you such fine-car features as foam-rubber cushions on all seats, on all models . . suspended pedals . . . Center-Fill Fueling . . . and optional Ford Master-Cuide power steering, which does up to 75% of the work when you turn or park. Test Drive a Ford and see why over 1,000,000 car-buyers selected Ford this year!
