

THE O'DONNELL INDEX

VOLUME XII

O'DONNELL, LYNN COUNTY, TEXAS, THURSDAY, JUNE 13, 1935

NUMBER 36

ner O'Donnell Girl Winning New Weekly

The newest exchange coming to the attention of the O'Donnell news, and in Carson county. Our first was also one of the first of this newsy little weekly, and especially interesting to us because it is edited by Mrs. Carl Richter who will be remembered here as Ruth Hancock. The paper consists of six columns each, and presents an attractive and readable appearance, and every page is full of local news and interesting.

THAT LITTLE ROOM

Family from Arkansas moved to this struck oil and got rich. Bought a fine home and in writing it to the folks back home said: "I got a big house which has got me in one room we don't need but sit around in it. One we don't do nothing but cook and get a big stove in it. Two we don't do nothing but sleep and get big beds in 'em. Then we go to the furnace. It's got a place to take a bath sitting down or standing up. In another corner it's got a wash your hands in a white tub. We don't do nothing but wash 'em in it. Then in another there's a place to wash your hair. Complete new roofs have been placed on several residences. Most of the business buildings were roofed with a composition roofing, and it was found that all of them needed repairing. Insurance appraisers and adjustors were here Friday and Saturday of last week and much of this week paying off claims.

FORMER TEACHER DIES AFTER THIRTY-ONE YEARS

McCarley, local business man and pleasant surprise Wednesday when he greeted a salesman billing company. Salesman was M. W. Haynie, and thirty-one years ago taught school in San Saba where Mr. McCarley was. They had not seen or heard of each other during that time, but as he smiled, Mr. McCarley said to himself, "I know you."

WORKERS TO COME FROM RELIEF ROLLS

County Relief Administrator advised a communication from the Guy, CCC Enrollment Supervisor of the Texas Relief Commission that hereafter only those whose families are on the relief rolls will be selected for CCC work. A Conservation Corps selection is limited to applicants who make a proper allotment to dependents. "It has been determined that selection for enrollment beginning June 15, 1935, every case represent families on relief rolls. The above quotation is specific and will be useless for you to register as our actions must be by this rule. I assigned quota larger than number of available applicants. I mean, in any instance, that I am authorized to select non-applicants. There will be no non-applicants in any county."

SHED A TEAR FOR PAPA

SUNDAY is Father's Day, belated apology for giving too much attention to Mama on Mother's Day. Maybe you think Papa isn't here about it! The only way to get him in a good humor again is to give him a present. We suggest a pipe, some shaving equipment, a box of cigars, or a trade card at DAVIS DRUG STORE so he can get what he wants.

Low Rain Beneficial To Growing Crops

A slow rain, which appeared to be fairly general over the South Plains fell intermittently Tuesday and Wednesday. It was decidedly beneficial to those crops which are just germinating or which have succeeded in coming up in spite of the standstills and packing rains.

Much of the territory is being replanted this week for the second or third time. Rain, hail, and sand have done away with preceding plantings to the extent that the situation is fast becoming serious for many of our farmers. Much of the funds for buying feed and seed for this year's crop have come from federal loans, and has been used. Now, when it is necessary to replant, many of us are wondering just where the money is to be found. So far, however, fields are being planted again with the hope that this will be our bumper crop year.

Houses and Buildings Undergoing Repairs

Local carpenters and odd-job men have been busy for several days repairing the damages inflicted on property here by the destructive hail and wind-storm of last week. Window panes on the north and west sides of practically all residences were broken by the hail, the screens twisted and torn, and shingles or composition roofs badly damaged. Complete new roofs have been placed on several residences. Most of the business buildings were roofed with a composition roofing, and it was found that all of them needed repairing. Insurance appraisers and adjustors were here Friday and Saturday of last week and much of this week paying off claims.

2317 Cotton Rental Checks Received

A total of 2317 first payment 1935 cotton rental checks amounting to \$102,173.03 have been received at the county seat's office, according to V. F. Jones, county agent. Attend firemen's meet in El Paso this week. Mr. and Mrs. Carey Shook, Mr. and Mrs. Randall Gibson, and Messrs. Vernon Kirkland and J. D. Fairley are representing the local fire department at the annual State Convention at El Paso this week. We hope to have a complete report of their activities for next week's Index. Johnnie Rochell of Lubbock was here on business Tuesday.

LOCAL PEOPLE IN STORM AT McCAMEY TUESDAY

Mr. and Mrs. Roy Preston and son Buck, returned Thursday from a visit with friends and relatives at Lamesa, Big Spring, Stanton, Rankin, McCamey, and other points. While at McCamey they were in a storm of rather exciting proportions with hail killing livestock and wind and hail destroying buildings and property. Damage was especially great on the sheep ranches they report.

LAYMEN'S SERVICE SUNDAY AT METHODIST CHURCH

B. M. Haymes, lay leader for the local Methodist church, asks that we announce a special service to be held here at eleven o'clock next Sunday morning. Mr. Joseph R. Griggs, district lay leader, will speak at that time. A number of our people are well acquainted with Mr. Griggs, and know that he is a splendid speaker. The public is cordially invited to come and hear him.

Lad Seriously Injured By Fall On Knife

A game of cowboys and bandits ended in near tragedy last Thursday afternoon when Guy Thompson, 19-year old son of Mr. and Mrs. Clay Thompson, fell on his imitation dagger and received a deep wound in the left breast.

At West Texas Hospital, Lubbock, where he was taken Friday night, X-Ray pictures revealed the dagger had severed a small artery, puncturing the covering of the heart and nicked the heart itself very slightly. The internal hemorrhage from the blood vessel had filled up the thoracic cavity on the left side, pressing against the lungs in such a manner that the boy could not use it for breathing at all.

The patient was so weakened from the loss of blood that he could not be given an anesthetic to undergo an operation to tie the ends of the artery. Hospital attendants started him on a series of fibrogen serums to stop the hemorrhage, and on Sunday morning about eight ounces of blood were drawn off the lung cavity. It was thought for several hours after his entrance at the hospital that a blood transfusion might be necessary but the attending physician said Sunday afternoon that this would probably not be necessary, as his pulse, respiration, and general condition were much more favorable.

Mrs. Thompson is at his bedside, and other members of the family are also attending him. The Index joins with the community in extending best wishes for his recovery.

Delinquent Tax Information

On all delinquent and unpaid taxes that are paid by June 30th, 1935, there will be added only 5 per cent penalty. All taxes due and delinquent for the year 1934 and former years that are not paid by June 30th will bear 6 per cent interest per annum from the date they were returned delinquent together with 8 per cent penalty and cost of redemption. This is in accordance with H. B. No. 7, Acts of the 43rd Legislature. Any one who has delinquent taxes will make a great saving if possible to pay same by June 30th, 1935.

Personal Mention

Mrs. D. M. Estes arrived in O'Donnell last Wednesday after an absence of almost two years. She has been visiting relatives and friends in several points during that time. She was accompanied home by her daughter and son-in-law, Mr. and Mrs. R. P. Slaughter.

Mrs. W. H. Ritzenthaler and little daughter, Dorothy Ann, are here for a visit with friends. They left their home in Salisbury Mo., several days ago and have been visiting their arrival here Monday.

Mr. and Mrs. R. P. Slaughter of Lovierville, Washington, who have been guests of Mr. and Mrs. D. M. Estes for several days, left this week for an extended vacation trip which will take them to Fort Worth, Houston, Leesville, La., Jackson, Miss., and Chicago, Ill.

Mr. and Mrs. H. G. Turner of Tahoka were here on business Tuesday.

Mrs. Carl Richter of Skellytown was the guest of her parents, Mr. and Mrs. Walter Hancock, Monday night.

Mr. Eldon Hancock of Waxahachie spent the week end here with his parents, Mr. and Mrs. Walter Hancock.

Mr. and Mrs. T. R. Tune and sons, Berl and Billy, were in Lamesa on business Wednesday, and visiting their son, Dick Tune and family.

C. C. Caldwell made a business trip to Dallas the latter part of the week.

Miss Wynona Huff is at home for summer vacation. She has been in school at C. I. A. Denton.

Mrs. Loy Preston and three daughters of De Leon are visiting her parents, Mr. and Mrs. F. G. Wheeler, and other relatives and friends.

Mr. and Mrs. J. L. Shoemaker Jr., and family left Tuesday for a visit with relatives and friends at Alba,

West Texas Cities Asked to Send Sponsors to Reunion

Stamford, Texas, June 4.—Towns and cities throughout West Texas are being invited to send cowgirl sponsors to the Sixth Annual Texas Cowboy Reunion to be held here July 2, 3, and 4. Letters urging that the sponsors be selected at once are being mailed to chambers of commerce by H. G. Andrews, chairman of the sponsors committee. Sixty-five towns were represented by sponsors at the Reunion last year.

A handsome, special made saddle, similar to the one awarded to Mrs. Ardeth Copeland of Blackwell, Nolan county, winner of the first prize last year, will be presented to the girl taking first place in the judging this year. The saddle is being made by Frank Mize of Dallas, an artist in leather working. It has a padded seat quilted with silk thread of different colors, and is hand stamped. The saddle will be contributed by the Salesman-Club of Dallas. Second prize will be a pair of boots, given by the Bryant-Link Company of Stamford; third prize, pair of spurs offered by Necona Boot Company, Necona, Texas; and fourth prize, pair of bits, contributed by W. R. Boone of Lubbock.

In the awarding of prizes, the appearance, horsemanship, and riding apparel of the girl, and the appearance, performance and equipment of the mount will be considered by the judges. The judging will take place in the rodeo arena of the Reunion grounds on the mornings of the first and third days of the celebration. The winners in past years will not be eligible for awards at the 1935 reunion.

Sponsors are required to furnish their own mounts and equipment, but brooms and forage will be provided by the Reunion.

The girls will ride in the parades to be held during the Reunion, and will be guests at a round of social affairs in their honor, including dances, teas and receptions. Mrs. L. M. Hardy of Stamford has been selected as hostess to the sponsors, and Miss Clara Mae Jones, has been chosen as Stamford's sponsor.

Mr. and Mrs. Roy Hall and little daughter of Lubbock were here on business Wednesday morning.

Warning Issued On Incorrect Parking

Local officers ask that we again publish warning to motorists that observation of parking regulations will be strictly enforced and to request cooperation in this matter. As has been explained from time to time, these regulations are not so much on the part of the city as of the State highway department, and while it may be fairly easy to get by the home officers, ignoring traffic regulations might be considerably more serious if a highway patrolman happened along and found cars parked contrary to regulations.

During the past few days three motorists have been fined for incorrect parking, and others were subject to fine. So, for your own convenience and benefit, please observe traffic regulations. Our officers will sincerely appreciate your help in carrying out instructions of the highway department.

MRS. ALLEN VERY ILL IN RELATIVES HOME

Condition of Mrs. Glenn Allen, who has been very ill for some time, is reported to be still unfavorable as we go to press.

Mrs. Allen has been in the home of a brother, Mr. Jap Randle of Lamesa, for several days. It is feared that a blood transfusion will be necessary up to Wednesday. The Index joins up with other friends in extending wishes for a complete and speedy recovery.

WELLS 4-H CLUB HAS CALLED MEETING

Members of the Wells Home Demonstration club met at the home of Mrs. John Etter on June 6th for a called meeting.

Twelve members were present to discuss plans for the encampment. Alta Mae Simpson was elected delegate to the Short Course.

A benefit forty-two party will be held at the home of Mrs. L. J. Barrow on the proceeds to increase the club treasury.

THREE LAKES H. D. CLUB MEETS WEDNESDAY

Seven members and three visitors were present when the Three Lakes Home Demonstration club met June 6th at the home of Mrs. Amos McMillan.

The program "Seeing the Beautiful" was discussed. Mrs. Hickerson gave as a reading the poem "Daffodils", which was appreciated and enjoyed.

The next meeting will be held on June 17th at the home of Mrs. Jake Ellis. A covered dish luncheon will be served at noon, so each member is asked to bring her favorite dish.

Mrs. Burnett of Lubbock was the guest a few days this week of her parents, Mr. and Mrs. H. H. Williams. She will be remembered as Miss Frances Williams.

Wind Erosion Work To Be Checked Soon

For the purpose of checking up on the use of the money which was granted the state relief for the listing of land in order to prevent wind erosion, the Texas Relief Commission has requested all persons who received wind erosion funds to execute a compliance certificate by today, June 13th.

In the certificate of compliance, the farmers who received funds will be required to state how much money they received for listing land, how many acres they were unable to list. If, for some reason they were unable to list some of the land which they agreed to list when they received the funds, the Commission will request a refund of ten cents for each acre which was not listed.

Hide Tanning Demonstration June 19

Mr. M. K. Thornton Jr., Extension Service Leather Specialist from College Station will hold a hide tanning and leather working demonstration at the farm of T. I. Tippet, three and one-half miles east of Tahoka on June 19th and 20th, according to V. F. Jones, county agent.

Mr. Thornton will be here two full days to give instructions, and actually go through the various steps in tanning hides, and the proper utilization of the leather. Any one who is interested in leather work is invited and urged to attend this demonstration. The demonstration work will start about 9:30 A. M. on Wednesday, June 19th.

WITH OUR NEIGHBORS

We are informed at the post office this week that the Brownfield post office would go away over the requirements of a second class office, and that an inspector had been here recently, and had recommended to the department that Brownfield be made a second class office again.—Terry County Herald.

Valuations in Floydada School District for the year 1935 are slightly lower than for the year of 1934, a check on the renditions made last week end by secretary J. B. Houston, disclosed. The figures for this year are \$2,360,156, which is \$14,582 less than in 1934.—Floydada Hesperian.

Dates for the 19th annual West Texas Old Settlers Reunion were set for Thursday and Friday, August 15 and 16, by officers of the organization at the meeting in Floydada on Tuesday of the Floyd County Old Settlers.—Lockney Beacon.

Casing in the Wanette-Hart test oil well collapsed Wednesday night, and this hole must be abandoned. The derrick is to be skidded and a new well started. This will be done immediately.

Just how far from the old well the new one will be drilled had not been determined last week.—Lynn County News.

Plans for a gala Fourth of July celebration here are rapidly nearing completion, as various clubs and organizations work out the details of a parade of floats and individual entertainment. Our officers will sincerely appreciate your help in carrying out instructions of the highway department.

Challenge Wind Mills

Entirely enclosed by a galvanized helmet. Water and dust proof.

A size for every need—6 3-4, 8, 9, 10, 12, 14, 16, 18, and 22 foot.

The working parts are entirely enclosed in a weather-proof, galvanized steel helmet, which cannot be penetrated by dust, rain, or snow, and run in oil. The perfect system of automatic lubrication assures every moving part being covered with oil at every stroke. All mills have adjustable stroke and removable bearings, either TIMKEN ROLLER or bronze, which can be easily replaced when necessary. The problem of oil is one that you do not have to worry about with a CHALLENGE, as oil requires changing but once a year, at your convenience.

With the multiplying spring governor the mill is safe in any wind. It automatically takes care of the mill in the strongest wind and allows it to do the maximum amount of work in the ordinary wind.

It has every good feature that is desirable on a windmill and is as near perfect as a windmill can be made.

See this mill demonstrated at our store, June 14th and 15th.

TEXAS

ON TEXAS FARMS

"Knee deep in June" is okeh for the post but apparently not for the dairyman if he is knee deep in Sudan grass now to seed.

According to Extension Dairyman E. R. Eudaly, the value of Sudan grass is reduced about half if allowed to form seed.

He says it should be cut for hay just as it heads. If it is being grazed but not kept down, mow half of it now and two weeks later the other half. That way grazing will not be interfered with.

Mow the permanent pasture too. Twice a year mowing will kill the weeds Eudaly says. Cut high the first time, three or four inches off the ground and low the next time to get the spikers and new branches.

Plant now for trench silo filling. Three tons per cow is what will be needed. Cane or grain sorghum can be planted on the cut stubble if there is enough moisture.

Cows need dry feed too, Eudaly says. And roughages are cheaper than grain. So plan for one ton of hay or bunched feed for each cow.

The Government's drought relief

cattle buying removed about one million dairy cows from Texas farms, according to Eudaly. Remaining milkers should now be tested to be sure they are "worth their board and keep."

A JOINT RESOLUTION**

Proposing an Amendment to Article XVI of the Constitution of Texas striking out Section 20a to prohibit the open saloon and vesting in the Legislature the power to define laws against such vesting; vesting in the Legislature the power to regulate the manufacture, sale, transportation and possession of intoxicating liquors, including the power to give a State Monopoly on the sale of distilled liquors; providing that intoxicating liquors shall not be transported, sold, bartered or exchanged in any county, justice's precinct or incorporated city or town on the sale of intoxicating liquors had been prohibited by local legislation held under the laws of the State at the date of the taking effect of Section 20, Article XVI of the Constitution of the State of Texas, until a majority of the qualified voters of such county or political subdivision shall determine such to be lawful at an election held for that purpose; providing that such prohibition shall not apply to alcoholic beverages containing less than one percent alcohol by weight in any county or political subdivision in which the qualified voters have voted to legalize such sale under the provisions of Chapter 116 of the Regular Session of the Legislature; providing for an amendment to the Constitution repealing the form of ballot; providing for the proclamation and publication of such by the Governor making an appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of Texas be amended by striking out Section 20a to Section 20b inclusive, and substitute in thereof the following:

ARTICLE XVI Section 20.

(a) The open saloon shall be hereby prohibited. The Legislature shall have the power, and it is its duty to define the term "saloon" and enact laws against subject to the foregoing, the Legislature shall have the power to regulate the manufacture, sale, possession and transportation of intoxicating liquors, including the power to establish a State Monopoly on the sale of distilled liquors.

(b) The Legislature shall enact laws whereby the qualified voters of any county, justice's precinct or incorporated town or city, by a majority vote of those present, determine from time to time whether the sale of intoxicating liquors for beverage purposes shall be prohibited or legalized within the prescribed limits; and such laws shall contain provisions for voting on the sale of intoxicating liquors of various and various alcoholic content. In all counties, justice's precincts or incorporated towns or cities, the sale of intoxicating liquors had been prohibited by local legislation held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article XVI of the Constitution of Texas, it shall continue unlawful to manufacture, sell, or exchange in any such county, justice's precinct or incorporated town or city, any spirituous, vinous, or malt liquors or fermented beverages of producing intoxication or other intoxicants whatsoever, for beverage purposes, unless and until a majority of the qualified voters in such county or political subdivision have voted at an election held for that purpose to determine such to be lawful; provided that this subsection shall not prohibit the sale of alcoholic beverages containing not more than 3.2 percent alcohol by weight in cities, counties, or political subdivisions; hereof in which the qualified voters have voted to legalize such sale under the provisions of Chapter 116, Acts of the Regular Session of the 43rd Legislature.

Sec. 2. Such proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at a special election to be held throughout the State of Texas, on the fourth Saturday in August, at which election all voters favoring said proposed Amendment, shall write, or have printed on their ballots the words:

"FOR the amendment to the State Constitution repealing State-wide prohibition, prohibiting the open saloon and providing for local option."

And those voters opposed to said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the amendment to the State Constitution repealing State-wide prohibition, prohibiting the open saloon and providing for local option."

If it appears from the returns of said election that a majority of the votes cast are in favor of said proposed Amendment, the same shall become part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the same published and such election held as provided by the Constitution and laws of this State.

Sec. 4. The sum of Eight Thousand (\$8,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

The above is a true and correct copy.

GERALD C. MANN
Secretary of State.

HOUSE JOINT RESOLUTION**

Proposing an Amendment to Article III, of the Constitution of the State of Texas, by adopting a new Section to be known as Section 51-b, which shall provide that the Legislature shall have the power to provide under such limitations and restrictions as may be deemed by the Legislature expedient, for old-age assistance and for payment of same not to exceed Fifteen Dollars (\$15) per month each to actual bona fide citizens of Texas over the age of sixty-five (65) years, who are not habitual criminals, nor habitual drunkards, nor inmates in any State supported institution; and providing that the requirements for length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for old-age assistance and continuously for one (1) year immediately preceding such application; and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for old-age assistance; providing for an appropriation to defray the expense of proclamation, publication and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a Section to be known as Section 51-b, which shall read as follows:

"Section 51-b. The Legislature shall have the power by general laws to provide, under such limitations and restrictions and regulations as may be deemed by the Legislature expedient, for old-age assistance and for the payment of same not to exceed Fifteen Dollars (\$15) per month each to actual bona fide citizens of Texas who are over the age of sixty-five (65) years; provided that no habitual criminal, and no habitual drunkard while such habitual drunkard, and no inmate of any State supported institution, while such inmate, shall be eligible for such old-age assistance; provided further that the requirements for length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for old-age assistance and continuously for one (1) year immediately preceding such application.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for old-age assistance as that Government may offer not inconsistent with the restrictions hereinbefore provided."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of the State of Texas on the fourth Saturday of August, 1935 at which election there shall be printed on such ballot the following clause:

"For the Amendment giving the Legislature the power to provide a System of Old-Age Assistance not to exceed Fifteen Dollars (\$15) per month per month and to accept from the Government of the United States financial aid for old-age assistance."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same printed as required by the Constitution and Laws of this State.

Sec. 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of the funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of said publication and election.

**H. J. R. No. 46
HOUSE JOINT RESOLUTION**

Proposing an amendment to Article IV of the Constitution of the State of Texas so as to authorize Courts having original criminal jurisdiction to suspend imposition or execution of sentence and to place defendant on probation and to reimpose such sentence, under such conditions as the Legislature may prescribe, providing for an election on the question of adoption or rejection of such Amendment and making an appropriation therefor; providing for the proclamation thereof; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IV of the Constitution of the State of Texas

be amended by adding thereto, between Sections 11 and 12 a new section to be known as Section 11a, to read as follows:

"Section 11a. The Courts of the State of Texas having original jurisdiction of criminal actions shall have the power, after conviction, to suspend the imposition or execution of sentence and to place the defendant upon probation and to reimpose such sentence, under such conditions as the Legislature may prescribe."

Sec. 2. Such proposed Constitutional amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas on the fourth Saturday in August, 1935, at which election all voters favoring said proposed Amendment, shall write, or have printed on their ballots the words:

"FOR the Amendment to the State Constitution authorizing the Courts to place defendants on probation."

And those voters opposed to said proposed Amendment shall write, or have printed on their ballots the words:

"AGAINST the Amendment to the State Constitution authorizing the Courts to place defendants on probation."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the same published and such election held as provided by the Constitution and laws of this State.

Sec. 4. The sum of Four Thousand Dollars (\$4,000), or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

The above is a true and correct copy.

GERALD C. MANN,
Secretary of State.

"50% of all motor wear occurs during the starting period"

... say automotive engineers

Measuring cylinder wear with a precision gauge—accurate to a hundred-thousandth of an inch!

***Motorists who know these facts will save money:**

Motor oils refined by the usual methods have some oiliness and film strength, but they may form carbon and sludge, which lead to expensive motor repairs.

Other oils may form almost no carbon and sludge, but are so over-refined that they are robbed of oiliness and film strength they need to prevent motor wear.

Germ Processed Oil is refined to eliminate carbon and sludge troubles and then the Germ Process adds extra oiliness and 2 to 4 times more film strength than any straight mineral oil, as tests on the Timken machine have proved.

Only the oil with the "Hidden Quart" will stay up in your motor and cut down this starting wear!

Here are the facts: Oils not Germ Processed drain back into the crankcase when your motor is idle. Bearings, pistons and cylinders are dry when you start. Even in warm weather your motor makes at least a thousand revolutions before the quickest flowing oil can reach all parts. Bare metal grinds against bare metal—destructive wear occurs.

Conoco Germ Processed Oil cuts down this costly starting wear! The patented Germ Process—adding concentrated oily essence to highly refined oil—makes it penetrate and combine with metal surfaces. That penetrative film, forming the "Hidden Quart", becomes part of the metal itself and never drains away.

Hundreds of dry-crankcase runs have proved the "Hidden Quart"

lubricating value. Cars using Germ Processed Oil were driven 15 to 75 miles with the crankcase empty but without motor damage!

Germ Processed Oil protects your motor another way. All cars built since 1931 have greatly increased pressures and must have oil of extra high film strength for safe lubrication. Straight mineral oils have no more film strength than they had 10 years ago—some have less! Conoco Germ Processed Oil, with 2 to 4 times the film strength of mineral oils, gives modern motors the lubrication they need.

Only Conoco Germ Processed Oil gives full motor protection—when you start, while you drive. You will cut motor wear if you use it!

IMPROVING MY BEDROOM

By Allene Gooding, Wells 4-H Club

When we moved into our present home, the walls of my room had been beaver boarded, but had not been painted or papered. I painted them myself, and also varnished the floor, window's facings, doors, using paint and varnish which Mother had left over from some work last year.

I had no furniture in my room except a bed and a small box for my clothing. The bed did not come up to 4-H standards, and my closet had no shelves. Now I have shelves and also a rod on which to hang my clothes.

I have added a study desk, a dressing table with mirror and chair, an end table, two pictures, a small rug, two lamps and a waste paper basket, as well as new sheets, pillow cases, towels and other linens.

LOCAL H. D. CLUB HAS MATTRESS DEMONSTRATION

"Place a layer of cotton, fold the tick over, and then beat and beat" said Mrs. Waldo McLaurin when she demonstrated mattress making from field cotton to members of the O'Donnell Home Demonstration Club on May 15.

Mrs. McLaurin is local club demonstrator for the bed club, and the mattress making demonstration was held in the recently constructed basement of her lovely home.

Fifteen members were present for the all day meeting. At noon a delicious covered dish lunch was served, and a delightful social hour enjoyed.

EMPLOYABLES BEING REGISTERED WITH NRS IN TEXAS

Austin, June 11.—Registration of all employable persons receiving emergency relief in Texas was the National Reemployment Service was ordered by State Relief Director Adam B. Johnson in a communication addressed to all county administrators and directors of transient divisions.

The state director acted under instructions from Federal Administrator Harry L. Hopkins, who said it is necessary that such persons be classified as to occupation and fitness for work, and thus be available for referral to public and private employment.

The regulation applies to non-resident persons receiving transient relief and to all rural rehabilitation

families. Local NRS officers are making arrangements to handle this registration immediately.

At the same time, Johnson said the State Board of Control has adopted the policy of denying aid to employable persons who refuse to accept employment as farm laborers in the county of their residence.

"We continue daily to hear about shortage of farm labor in many sections of the state, in counties where relief administrators to supply this labor from the relief rolls. The employable relief client who refuses to work on a farm is not worthy of further assistance from our organization," Johnson said.

Another step toward reducing the relief load was taken when the state agent of the United States Department of Labor promised to supply relief officials with all reports of labor shortages from the Farm Placement Service in order that relief clients may have an opportunity for placement in farm work.
