

MEASURE PROVIDES FOR ADVANCE WORD UPON MARRIAGE

Amendment Calling For Medical Examination By Reputable Physician Of All Males.

Elopement Halted—Provisions Of Bill Only Apply To Men Under 25 and Women Under 21; Called For 10 Days Originally.

AUSTIN, Feb. 20.—The House tonight passed Senator Hyer's bill requiring that application for a marriage license be made for at least three days before the ceremony. The measure was supplemented by an amendment which will exact from males a certificate from a reputable physician showing they are free from venereal diseases.

Provisions of the bill will apply only to men under 25 and women under 21 as a result of adoption of an amendment offered by Representative Minor. As originally drafted at the instance of the county clerks association of Texas, the bill applied to all persons regardless of age and required ten days notice.

Speaking in support of the measure Representative Chastain declared that it would prevent "liquor marriages" and hasten weddings leading to divorce court.

"You can't legislate love into matrimony," Representative Jack Keller replied.

DOCTOR REMOVES PIN FROM LUNG OF CHILD

Philadelphia.—Eight-year-old Fred-dy Shepherd of Hamilton, Ont., is out of death's reach. Dr. Chevalier Jackson, noted surgeon, removed a straight pin lodged deep in one of the youngster's lungs. The operation, one of the most amazing in Philadelphia's history was performed at the University of Pennsylvania Graduate hospital.

The Shepherd boy, rushed here by authorities of the Hamilton hospital, was put under ether at 2:30 p. m. and half an hour later it was announced that Doctor Jackson had successfully removed the pin which had endangered the boy's life for 11 days. Had the pin remained in the youth's lung much longer it would have caused an infection and certain death.

CHATS WITH GOVERNOR NOT KNOWING IDENTITY

AUSTIN, Feb. 23.—A north Texan waiting in the lobby seats in the state senate began chatting last night with an eager faced young man who sat beside him listening to prison removal debate. "You live here?" asked the North Texan.

"No, but I have been staying here recently" was the reply.

"University student?" asked the North Texan.

"No."

Just then the senator came up.

"I see you have already met the governor," he said.

THE BIG OUTLAY

An estimate issued by the American Automobile Association places the probable outlay for highway construction in the United States this year at \$1,360,025,776, which is almost \$12 for every man, woman and child in the nation.

Thus the amount spent on the highways alone exceed the entire appropriations of the United States Government in that day when Thomas B. Reed, speaker of the house of Representatives, met the complaints of the people because congress had appropriated more than a billion dollars to carry on the government for a year, with the retort: "This is a billion dollar country."

The total mileage of highways of all types to be constructed by the various states during 1929 totals near-

ly 31,000 miles.

It will be necessary to keep the confidence of the people, if Maine is to expend \$20,000,000 through a bond issue. Don't permit too much smoke to form a screen around the State Highway Commission, lest the voters get suspicious.

SWEET CLOVER GOOD COVER CROP FOR FIGS

Galveston.—The use of yellow blooming sweet clover as a cover crop for enriching fig orchards in South Texas was tried out by nine farmers here last year with results so outstanding that twenty-three more farmers started the practice last fall. Due to years of county agent work here the idea of using a leguminous cover crop in fig orchards has become well established but hitherto the crop used has been burr clover. However, "Yellow blooming sweet clover has been found to thrive just as well here," says county agent J. C. Yeary, "and instead of making a low, thick-matted growth as does the burr clover, it makes a straight upright growth which lets the ground dry out quicker in the spring and makes the plowing of fig orchards much easier and quicker. It is later about seeding in the spring but the relative low price of the seed overcomes this objection. A luxuriant growth is made the first season. The profits or savings from the new cover crop are hard to figure as type of soil and weather conditions have to be considered in each individual instance, but leading farmers have taken to the sweet clover enthusiastically and large co-operative buying of seed is contemplated by a fig committee here."

MESQUITE NEWS

Weather for cotton picking was real fair last week. Hope for about 20 days like that and we will bid our old Patched Sack Adu.

The party at Mr. Looneys was enjoyed by all present. But very few knew of it until it was over, it being on Friday night. Had another party Saturday night at Mrs. Choehens, it was well attended and highly enjoyed.

It seems like home again Sunday morning to see Mr. Arthur Fisher and sister at Sunday School. They having recently moved from our community to the city of O'Donnell. Sunday School was well attended Sunday morning, having elected new teachers for the classes should have better Sunday School the weather is getting better. Maybe more people will come out and join us. There is not a community anywhere that has better material for church work than Mesquite. Why not come out and see for yourself.

Quite a few went visiting Sunday afternoon, but think more went to the base ball game. Never learned who was winner.

Schol is progressing nicely, but the winter cotton picking still holds quite a few of our pupils out.

The Flu is almost leaving our people. I am sure we will all be lonesome as it is a good entertainer.

Remember every Second Sunday is regular Church day. Let's all come out.

We had a real singing Sunday night at Mr. Beardens. We all felt like when Mr. John L. Fisher left us it would be impossible for us to have singing, but there is three or four

young leaders. We don't want the older folks to fail us by not coming. We need your help. Let all pull together, for the betterment of our community.

Night Hawk.

BOY SCOUT HIKE

The Boy Scouts of O'Donnell went to T. J. F. Tank last Saturday and spent the day, accompanied by Vernon Martin, who is assistant Scoutmaster.

The boys hiked to Mr. Barnett's farm 1 1/2 miles southeast of town and went from there on in a wagon. The feast was held at one o'clock, the meal consisting of bacon, potatoes, bread, a few canned goods and rabbit.

After dinner the boys played "capture the Flag" and "Follow the Leader" for a while, then they explored the hills, canyons, caves and other interesting things around the tank. After several miles of hiking the boys returned to camp and did justice to a good meal and returned home.

The thirteen boys that went are: Mr. Martin, assistant scoutmaster, Arthur Singleton, Senior Patrol Leader; Harold Yandell, Patrol Leader; Olen Yandell, Patrol Leader, and Alvin Tredway, Melvin Jones, Willard Green, James Monroe Hamilton, Oliver Hancock, R. E. Barnett, Harvey Barnett, Parks Singleton, and H. C. McKee.

COMMITTEE TO TAKE CARE OF ARRANGEMENTS ABOUT LYNN AGRICULTURAL INSTRUCTION APPOINTED

Arrangements for the agricultural short course for Lynn county to be held at the Tahoka high school building on Friday and Saturday, March 7 and 8, are being rounded out by Executive Chairman Taylor White. According to present indications, the meeting will be of greater benefit to the farmers of this county than anything of a similar nature ever held here.

Mr. White has selected chairmen for a number of committees, and these men working with him have selected other committeemen to help out in the arranging for and holding of the course. Superintendent Baze is head of the arrangement committee.

The committee as announced by Mr. White are:

Publicity and Invitation, G. H. Nelson, chairman; E. I. Hill, H. P. Caveness, G. C. Grider, and Miss Thelma Greenwade.

Finance, J. C. Wells and J. K. Applewhite.

Reception, Mrs. R. W. Fenton, chairman; R. T. Broedlove, C. B. Townes, J. E. Morgan, Mrs. L. Lumsden, Mrs. R. A. Metcalfe, Mrs. Taylor White, J. E. Earles, G. C. Grider.

C. E. CAMERON

WESTERN UNION INSTALL AUTOMATIC SYSTEM

LAMESA—Western Union of this city has cut over this week from Morse Code to Automatic. The machinery for the new cut over was installed this week and the first telegrams received with pasted tape were circulated here Tuesday morning. This places Lamesa in a class with the larger cities of the Plains in this type of Western Union service.

LAMESA—V. Z. Rogers City School Superintendent left here Wednesday for Cleveland Ohio, where he will attend the National Department of Superintendents annual convention. While away Rogers will visit many school systems. Rogers will inject into the Lamesa System many new educational ideas that he will get while on this educational tour.

Slage is very much relished by calves just weaned. They take to it more quickly than to dry feed, and will lose but little weight during the weaning period if they are liberally fed on slage, grain, and legume hay.

Yearling beef cattle make from 25 to 40 per cent more gain than mature cattle on the same quantity of feed.

As a supplemental pasture, Sudan grass deserves to be more popular than it is and might well be grown in all parts of the United States, except in regions with short or cool summers, in the opinion of the U. S. Department of Agriculture. It is palatable, productive, nutritious, easily grown, and does not persist as a weed.

Market sheepskins and lambskins promptly—not more than 5 or 6 days after salting—or decomposition may set in. Other hides and skins if properly cured in winter, or spring, may be kept safely in a cool place until May or June without deterioration, thus making it possible to collect a large enough number for more advantageous marketing.

Lack of sanitation is the cause of many poor incubator hatches and high chick mortality. The incubator should

TEXANS LETS TALK TEXAS

7TH GRADE ENJOYS PICNIC

The seventh grade pupils decided to go on a picnic on Thursday evening.

As everything was arranged at four o'clock they started off. After they had reached the place they had planned games of ball between the boys and girls were played. The scores were 13 to 21 in favor of the boys. "But we don't care much," said the girls, for they have had more practice."

After a long game of ball all were called to lunch and roasted marshmallows, fruit and cakes and other good things were spread to eat.

After lunch other games were played and about sundown all started home.

The ones enjoyed this are: Miss Jessie B. Sargent, Edwyna Vermillion, Waldine Kirkland, Lois Burdett, Ruby Burdine, Hasseltine Newsome, Viola Wyatt, Madeline Crawford, Fay Tomlinson, Wilma and Alma Green, Esta Pemberton, Mary V. Shook, Cleo Petty, Perlena McKey, Jewel Bean, Marguerite Miller, Cleo and Evelyn Lawler, Verma Mae Anderson, Emma Webb, Alma Berry, Kimmie Lee Pearce, Ruth Edwards, Messes Willard Green, Allen Chandler, James Cathey, Vernon Kirkland, Ben Morrison, Benny Moore, Melvin Jones, Wayne Clayton, Wilfred Gates, Oliver Hancock, Arthur Singleton, Howard Scott, and our teachers, Mr. and Mrs. Graham.

The last week was very busy for the 7th grade. For the tests came one by one each day. But we are hoping all of them pass for we want to have a large Graduation Exercise.

We are very glad to have James Cathey back in school as he has been out on account of his mother's illness.

We are sorry that Clarence Ivey is out on account of illness. But we are hoping he will be back soon. For we miss him very much.

Several have brought their money for their class pins. We will be very glad when more bring their money for their class pins. We will be very them.

The 7th grade have been making beautiful posters for the P. T. A. banquet at the High School Friday.

We have taken up our spelling list and every one has made good grades so far. We are going to try to have some out of our room to go to county meet.

Thursday morning the pupils of Mrs. Edwards room entertained the lower grades and a few visitors with a delightful program. The first number was a short play "Doctoring Dolly." Following this was a motion song, after which a dramatization of the story "Epainandas" was given. Each child enjoyed acting his part, which greatly added to the pleasure of the audience.

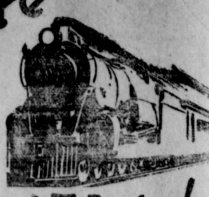

Mr. and Mrs. J. J. McKinney of Floydada spent Sunday with Mr. and Mrs. Mack Garner.

Regular meeting of O. E. S. Monday night, March 4. Initiation work. All members are requested to be present. Marguerite Middleton. W. M.

"Bessie" will be presented by the local fire department on March 8th, High School auditorium. See it.

Mrs. W. S. Cathey, who has been in the hospital at Lubbock for several weeks is now at home. At this writing (Thursday) she is not yet able to receive callers, but is doing nicely. A host of friends will be glad to know that she is well on the road to recovery.

S. S. Class Celebrate Washington's Birthday

One of the gayest of all the parties Friday evening honoring the birthday of the Great American was held at the home of Mr. and Mrs. W. H. Veazey, with Mrs. Naymon Everett hostess to her Sunday School Class of girls.

National Colored were used in decorations, and group games were emblematic in some way of events in the life of Washington. After a number of these games, sandwiches, cakes, coffee with whipped cream were served to the class members, and their guests. Plate favors were tiny hatchets tied with red ribbon.

Those who registered in the guest book were Misses Ina D. Everett, Margaret Miller, Evelyn Laller, Marie Sutton, Novell Ratliff, Thyma Painter, Alice Joy Bowlin, Thomy

Hart, Waldine Kirkland, Gladys Gibson, Kimmie Lee Pearce, Kathlyn Veazey, Beverly Wells, Mary V. Shook, Marydell Vermillion, Edwyna Lois Burdett, Wilma Williams, Messes Allen Chandler, Robert Line, Hollis Hunt, Willard Green, Clayton Line, James Cathey, Cecil Tredway, Wilbur Line, Jack Lynn Cathey, J. Y. Everett, James V. Kirkland, Claud Tate, Carl Boatenbough, R. H. Gibson, Truman Lawler, and O. L. Harris.

A "fitting" period of several weeks is necessary for the farm work here if he is to be in good condition for heavy spring work. Changes in kind and quality of feed and in amount of work should be made very gradually. Put the horse on a smaller ration of fine-quality hay early in the spring and start him on a light feed of grain three times daily.

THIS FOOD IS PUT UP IN A VARIETY OF FORMS

WHEN a food outgrows the stage of being a delicacy and becomes so universally used as to be a staple, a demand is created for various forms of that food on the market. Not so long ago, tomatoes grew in old-fashioned gardens as "love apples," to be looked at but not eaten. Later it was discovered they were good to eat. The first tomatoes canned were a delicacy, but today tomatoes can be bought in some dozen different forms — ranging from whole tomatoes to tomato paste.

Pineapple used to grow in royal gardens under glass. When it was discovered that Hawaii could grow better pineapple in the open fields and ship it, sun-ripened in cans, pineapple was a delicacy. Today, with the discovery that pineapple is a complement to meat and vegetables, it is known, also, that it contains valuable food elements. It is not only a delicacy but an important food product and is packed in a variety of forms ranging from sliced pineapple to the pineapple juice.

The most popular forms in which Hawaiian Pineapple is available are sliced, crushed, "tid-bits" and broken slices, and pineapple juice. Both sliced and crushed pineapple may be had in what is known as "fancy" — the choicest piece, and "standard," sliced: an choice but

costing less, and very delicious. Crushed pineapple is primarily a culinary ingredient. It is just as choice as the slices—in fact, it is even better as far as flavor is concerned as it comes from the outer portion of the pineapple, nearest the shell and this shell is nearest the sun.

The juice is pure juice of the pineapple, unwatered so that it can be mixed with other liquids in soups, puddings, sauces, etc. It contains all of the rich mineral properties and vitamins which make pineapple so vital a part of the health diet.

Pineapple is put on the market in various size cans. The one called "Buffet" can, containing five slices of pineapple or nine ounces of the crushed product; No. 1 1/2, a slightly larger fat can containing six larger slices; No. 2, a tall can, containing ten slices, or one pound of crushed; No. 1, a tall can, containing nine slices of pineapple, or eleven ounces of crushed; No. 2 1/2 can, containing eight large slices of pineapple or one pound five ounces of crushed pineapple.

Pineapple tid-bits and pineapple juice are obtainable in No. 2 tall cans. These tid-bits are especially valuable for salads or any dish in which the choicest piece, and which small pieces of pineapple are needed.

TO MY MOTHER

Mother Dear, I hear your voice. Though I know You're far away. Dwelling in the Land of Paradise. Called to a brighter day.

I can see your guiding hand Here, on earth, dear, once more. Showing me the narrow path-way As in days gone on before.

Mother, I know 'tis better That you've gone to the promised land. There to dwell in peace with angels. And with God walk hand in hand.

How I miss your cheerful smile. And your motherly sweet ways. No place is home to me. Dark and empty seems the days.

Every word is now a memory. Every action a sacred deed. Every smile a consolation. Your dear face we but need.

Heavenly Father, guide my footsteps So my mother I may meet. There to sing your sacred praises In the land of golden streets. Florence Henderson.

JUNIOR M. S. ENTERTAINED BY MISS MARY V. SHOOK

Last Tuesday afternoon the Junior Missionary Society met at the home of Mary V. Shook for a delightful social hour. The following program was rendered.

- Song—By All. Lord's Prayer. Reading—Hope Shook. Song—Thyra Painter. Playlet—Thyra Painter, Lois Burdett, Kimmie Lee Pearce, and Mary V. Shook. Reading—Waldine Kirkland and Maudine Crawford. Reading—Mary V. Shook. Song—Alice Joy Bowlin and Mavis Hart.

Mothers of the members had been invited and several of them made interesting talks which were much appreciated. At the conclusion of the program Mrs. Shook served delicious sandwiches, Angel food cake and hot chocolate to the following: Mesdames J. P. Bowlin, B. M. Haymes, Mell Pearce, Mack Garner, and Dovie

Kirkland, Misses Alice Joy Bowlin, Thyra Painter, Mary V. Shook, Kitty Mae Garner, Waldine Kirkland, Mavis Hart, Maudine Crawford, Lucille Martin, Lois Burdette, Kimmie Lee Pearce, Lorene Beach, Hope Shook, the hostess and Master Jimmie Lee Shook. Reporter.

NOTICE OF CITY ELECTION

At a regular meeting of the City Council of the City of O'Donnell, Texas, held at the City Hall, on February 7th, A. D., 1929, a quorum being present, it was ordered upon motion by Alderman Singleton, and seconded by Alderman Hardberger, and passed by unanimous vote, that an election be held in the City of O'Donnell, Lynn County, Texas, on the first Tuesday in April, A. D., 1929, at the City Hall, for the purpose of electing a Mayor, three Aldermen, a City Marshal, and a City Attorney, for the ensuing two years, and in pursuance thereto, the following notice is hereby ordered published as the law provides, to-wit:

"Notice is hereby given that an election will be held in the City of O'Donnell, Lynn County, Texas, on the 1st Tuesday in April, A. D., 1929, the same being the 2nd day of said month, said election to be held in the City Hall, City of O'Donnell, Texas, for the purpose of electing a Mayor, three (3) Aldermen, a City Marshal, and a City Attorney, for the said City of O'Donnell, Texas, for the ensuing two years.

The polls of said election will be open at eight (8) o'clock, A. M., and will close at seven o'clock (7) P. M. Every person not disqualified by law who shall have attained the age of twenty one years, and who is entitled to vote for members of the Legislature, and who shall have resided within the corporate limits of said City for six (6) months next preceding the date of said election.

Dinner For Four

Dinner which will meet all bodily needs and the eyes and palates of your family:

Menu

- Cream of Celery Soup Spinach Apricot Tapioca Coffee Tomato Sauce

This dinner requires the following at prices current in the cheaper stores: one cup of spaghetti in tomato sauce, seven cents; one egg, one pound of ham butt, one can of spinach, one can of cream of mushroom soup, one-eighth pound butter, seven cents; one pound, twenty cents; one cup of sugar, one and one-fourth cup of onion-half cents; and one-half cents; a total cost of twenty cents. The eight cents will pay for bread and any necessary seasonings.

Breading and Dessert

For Milanese pudding

follows: to one can of spaghetti in tomato sauce, add one cup of ground boiled ham, one egg slightly beaten, and salt and pepper to taste. Pour the mixture into a buttered mold and steam for one hour. Turn from the mold and serve. A little grated Roman cheese is an addition to this dish. For ground ham dishes, butts at a low rate are economical. Apricot tapioca is made as follows: open and drain the juice from a can of apricots. Add enough water or milk to make two cups of liquid. Heat in a double boiler, and add one-fourth cup of granulated tapioca. Stir frequently until the tapioca becomes transparent. Add salt, a little lemon juice and one-third a cup of sugar. When partially cool, stir in the fruit. Chill and serve.

They Speak Your Language

There was a time when you had to take an interpreter into the store with you when you went shopping, a few hundred miles from home. The things they had for sale were hard to recognize. Even familiar products were sold in strange forms, and under queer names.

It was one of the disadvantages of travel that had to be taken along with the pleasures.

Nowadays the millions of Americans who go visiting their neighbors, North, South, East and West, encounter no such difficulty. The picturesque beauty, the quaint customs that make other sections of the country different and delightful have all their old appeal. You can still hear mellow music in a Vermont farm-house under an Ethan Allen quilt. But in any of these localities you can buy your favorite toilet soap, or breakfast cereal, or automobile tires as readily as in your own town. The trade-marks and the packages speak your language. National advertising has made good brands of merchandise uniformly known from coast to coast.

**IF YOU READ THE ADVERTISEMENTS AND USE ADVERTISED GOODS,
YOU ARE AT HOME IN ANY STORE IN AMERICA.**

Prosperity On Worn Out Farm

THAT 18TH AMENDMENT

Jim Reed of Missouri—a hard man to convince—and Bill Borah of Idaho—a master in the art of defense—crossed swords Monday in the United States Senate on the matter of national prohibition.

Have you read what these two great orators said on this occasion? Wonder if there are any more pros than before or less cons than in the past?

The Missouri Senator describes the 18th Amendment as a "hideous crime," and accused the Anti-Saloon with the substituting the doctrine of force for that of reason. He denounced corruption in government as an outgrowth of the liquor law, and pleaded for State control.

Senator Borah denied that the law was "that crime of crimes," and said that State control had been tested and failed. He said "it may have been a mistake; the people of the United States may have erred in their judgment—time and experience alone will demonstrate the fact, but it was not a crime."

Borah has no fight with the person who claims the right to urge the repeal of the 18th Amendment, but he demands the enforcement of the law so long as it is a part of the constitution of the United States.

This does not prove that the great Idaho orator is wedded to the 18th Amendment, for he declares that the enforcement of the law "presents a question much superior to my mind to the question of wet or dry."

And the question is not yet settled neither will it be in our generation. But, as Borah says, "The fight against the liquor traffic is not for ten days or ten years, it is an eternal fight."

CHICKEN THEFT IS MADE A FELONY

House Passes Hornsby Bill Increasing Act From Misdemeanor; Barron Warns On Time Limit.

AUSTIN, February 29.—(Deferring a trip to the University of Texas because of inclement weather, this house today spent out of its time in passage of the Hornsby measure which had piled high during the demeanor to a felony, then rolled raising chicken theft from a mis-up its sleeves and tackled local bills week's floor fights.

Speaker Barron sounded the warning that with only 13 days of the legislature remaining, scores of the 400 bills on the calendar would die unless the house speeded up its legislative program.

Baldwin Warns About Love
Personalities were injected at one time when Baldwin warned the house to pay close attention to a Love senate bill relating to payment of poll tax receipts.

"He is liable to be trying to slip something over," Baldwin said. Holder reminded Baldwin that Love was senator from Dallas county.

ty. "That's nothing to the county's credit," Baldwin retorted.

The automobile trailer has found a new use in North Carolina, where one is utilized for carrying water, men, and equipment to forest fires. The trailer has a 300-gallon water tank, a large compartment for equipment, emergency food supplies for 20 men, and seating space for 10 men.

WHAT'S DOING IN WEST TEXAS

Many farmers of Spur, and others in Dickens county are planning to attend the Texas-Panhandle-Plains dairy show at Plainview in April some of them taking prize Jerseys. The Spur Chamber of Commerce has assisted in placing \$10,000 worth of excellent cows in the Spur country.

Stamford is experiencing a remarkable growth in building with an addition of 1700 square feet to the city hall to house new fire fighting equipment, a \$85,000 West Texas Utilities ice house, one pretentious six story hotel, and a six story modern office building.

A. K. Short, Federal Land Bank representative of Houston and M. R. Bentley, agricultural engineer extension service, of A. & M. college will hold a one day terracing school in Haskell the first of March in co-operation with County Agent Price. Other county agents will assist in the work.

The goal of \$2500, for a library for Olney has been over subscribed \$500 and the purchasing committee has listed a number of books to be published. Half the \$2500 goal was furnished by ten interested citizens to be given when it was equaled in

other donations.

Elmo V. Cook, teacher of vocational agriculture in the Coleman HI School, is making a success of evening dairying schools held in the school building. Farmers interested in improving and increasing their herds make up a large percent of those attending.

San Saba has been put on the waiting list for a county home demonstration agent since a mass meeting of women at the court house asked for this service. Mrs. Amelia Cowan of the Womans Auxiliary of the C. of C. and Miss Bess Edwards of the Extension Service were influential in procuring the agent.

Work on a new city hall at Paducah has started. It is to be of brick construction, two stories high and will house in addition to the city government, the fire department which now has about \$20,000 worth of equipment, the chamber of commerce, and will contain living and club rooms for the firemen.

A cash outlay of from \$55,000 to \$60,000 is being put into a new telephone system of the Bell Telephone Company at Presidio. In addition to an entirely new system for Presidio and the erection of a new office building, the lines to Marfa are also to be rebuilt.

The O'Donnell Electric Hatchery is now in operation under supervision of H. H. Williams. The big 18,000 egg Petersime electric machine was installed recently in the Fritz building and was set with eggs the middle of the month. Regular settings are to be made twice a week.

The February issue of West Texas Today, official magazine of the West

Texas Chamber of Commerce contained an advance story on the 11th annual convention of the regional commercial organization which will be held in El Paso May 13, 14 and 15. Pictures depicting scenes en route to the border city, and attractions there are also published.

The March issue of West Texas Today will be devoted almost entirely to Aviation and towns that have taken forward steps in this new means of transportation in West Texas. This issue follows the appointing of an Aviation Committee, and its meeting in Fort Worth.

Scores of children visited Children's newly equipped playground on a recent warm day. The new equipment is at Fraier Park and is the result of the interest of the Local Lions Club in the children.

The new high school building at Big Springs which was recently completed is one of the most modern in West Texas, having 31 rooms, spacious auditorium, a gymnasium with a seating capacity of six hundred. The cost was approximately \$120,000.

More Heat Less Gas
There is only one suggestion for the better use of radiant type Gas Heater, beyond having a good flame, proper connections, keeping burners and heating elements clean and general care is not burning gas needlessly.
This suggestion is to watch the flame so that it does not GO OVER THE TOP of the radiant grid which throws out the heat. This wastes heat and gas, besides not giving you all the heat that there is in the gas that is burned. The flames should be just high enough to heat the grid or other radiating material and no higher.
The principal of this radiant type heater is incandescence, the use of a small amount of gas to produce a great deal of heat, practically all of which is utilized. Simply turn on enough gas to make the entire grid glow—and no more.

COYOTE KILLED AT EDGE OF CITY LIMITS MONDAY

O'Donnell is a modern city in every respect and is considered very tame by all who know it as it is, but nevertheless, a full grown coyote was killed at the south edge of the city limits on Monday of this week by Winter Knight of Tahoka.

Winter killed the animal with a .22 caliber rifle which he carries in his car.

MISS ALICE JOY BOWLIN ENTERTAINS; HONORING GUEST

Miss Evelyn Bailey of Fort Worth was the inspiration for a merry party Saturday evening when former members of the S. L. I. Club gathered to greet her. She was during her residence here, a member of this

club. Bunco, touring and other games were the diversion of the evening, until the refreshment hour when the hostess served fruit salad, cake and hot tea to Misses Pauline Wheeler, Tommy Hart, Ina D. Everett, Kathryn Veazey, and the guest of honor, Messrs Claud Tate, J. Y. Everett, Carl Beatenbough, and Randall Gibson.

BALANCING THINGS

The Chinese discovered tea. But American furnishes the tea hounds.

The Chinese gave us mah-jongg. But the income tax blanks is our own idea.

The Chinese originated gambling with cards. But Wall Street is our invention.

The Chinese first made white paper. But the yellow journal is distinctly a local product.

The Chinese originated binding the feet. But feminine American vanity made it stylish.

The Chinese are responsible for chop suey. But Americans are the only ones that eat it.

The Chinese invented discordant music. But our song writers are preserving it for all time.

The Chinese invented discordant music. But our song writers are preserving it for all time.

LYNN COUNTY BOARD OF EDUCATION

Office of The County Supt.

To Principals and Trustees of Schools:

I wish to call your attention to the Farmer's Short Course to be held in Tahoka, Texas, March 7, 8.

According to the agent who promoted the course, Thursday, March 7th, will be of especial interest to school children. There will be pictures shown and talks given that will stimulate interest and activity in the Club Work and general home life. Recognizing the fact that this is wholly an agricultural section, and realizing the need of better methods and management in our agricultural operations, I am recommending that trustees allow and encourage teachers to bring their classes for Thursday March 7th, the first day of the course, and give teachers and pupils credit for a full day of school work. Pupils who attend should be encouraged, if not required to write a composition on some phase of the work of the Short Course as a part of some future lesson in English. These papers can then be read and discussed in the class, thus affording an excellent method of reviewing the Short Course. Some children who prefer to give their reports orally should be allowed to do so at some English period, thus affording a practical and profitable exercise in oral English. The majority of our school children will follow agricultural pursuits so the facts that may be learned at the Short Course will be of more value to them than many of the facts found in their text books. Let us undertake to educate our children for farm and farm life rather than educate them so as to be unfitted for and dissatisfied with farm life.

Our County Farm Agent will be here at that time and it will be a good time to get acquainted with him. Possibly he will have some plants to give out at that time that you will be interested in.

Please write to me as soon as possible whether any or all of your pupils will be present. Write to me at once whether you are coming or not.

Yours very truly,
H. P. Caveness, County Supt.

CARD OF THANKS

We wish to express our appreciation to the good people of O'Donnell for their liberal donations and many acts of kindness after the loss of our home by fire on last Sunday night. We wish to especially thank the ladies of O'Donnell and all who contributed in any way. We assure you such acts of kindness will never be forgotten.

Mr. and Mrs. E. V. Parr.

Mrs. Bert Bulley and daughters, Evelyn and Zinda, of Fort Worth, arrived Friday evening for a short visit with friends and relatives.

On March 8th, "Roostime" will give you the biggest evening's entertainment you ever purchased in O'Donnell. Price 25 and 50c.

THE FOOD VALUE OF PINEAPPLE

A pineapple is being produced in large quantities in the Hawaiian Islands and is gaining a prominent place on the American bill of fare, it is attracting the attention of food specialists, scientists and doctors. In fact it is greatly to the credit of our colleges and universities today that they maintain a department where the food value of any product is tested, and where the most careful experimental work is carried on with any food that the American people like to eat.

Such experiments have been performed on Hawaiian pineapple, and the following interesting figures have resulted:

Moisture, sugars, protein, crude fiber, mineral matter, and fruit acids in the order named are found in "canned" pineapple. Naturally

the largest percentage of fruit is the moisture.

Since the vitamins in food is regarded as of prime importance in arriving at its dietary value, experiments on rats and mice are performed to this point.

These experiments beyond question have shown that a pineapple takes an unusual amount of time to ripen, and this applies to canned pineapple as well as just after it has reached the right stage of ripeness.

Thus the American justified in her belief that pineapple is an especially substantial food which should be regarded as a pleasing flavor and

Wilson and Perryton To Meet at Lubbock

(From Wilson Pointer)

The Mustangs and Perryton will meet at the Tech Gymnasium Thursday night, for the first game of three to decide the bi-district honors in basket ball.

The first game will be played on Thursday night at 9:30 or immediately after a band concert that is to be staged there that night.

The second game will be played Friday night at 7:30 and if a third game is necessary it will be played after the second Friday night.

It was necessary to guarantee Perryton \$250.00 to come to Lubbock for the games.

According to Coach Nix and Superintendent Faubion Wilson had rather bring the game to Lubbock than that of all district two could see their representative in action.

Let's don't let those men spend one cent on that proposition, let's be at Lubbock for every game 100 per cent strong, rooting and yelling for those Mustangs.

Mr. Faubion informed us that Wilson was behind the Mustangs to the extent that 40 men signed up to underwrite the expenses within one hour time.

It will be necessary for Lynn County people to turn out in large numbers to help meet the heavy expense that has been incurred in order to bring the games where they could witness them.
