

# O'DONNELL INDEX PRESS

34th Year: No. 52

O'DONNELL, LYNN COUNTY, TEXAS, ★ Wed. Aug. 29, 1956

\$1.50 PER YEAR

Above is Bobby Long, APO 25915206 10th Air Div, 42, Seattle, Wash.

Bobby is stationed near Fairbanks, Alaska, and the index shows he would enjoy hearing from his classmates and friends.

**WANTED** — to work and live on farm — to work after school and week ends, youth age 15. Wage to be agreed on. See Ray Agnew at index.

Mrs. Harold Mires is moving to Lubbock next month to be employed by a bank there.

Mr. and Mrs. Billy Gardenhire, and Mr. and Mrs. Ariys Askew vacationed at Red River, Cloudford, and Ruidoso, New Mexico last week.

Mr. and Mrs. Cleatus Cox, Bobby, Mr. and Mrs. Clois Leverett and Kathy, Mr. and Mrs. Bill Gardenhire and Ronnie and Mr. and Mrs. Wedell Edwards spent several days at Lake Thomas fishing.

Jack Kay remains in Veterans Hospital at McKinney for treatment of a bone disease, according to his wife Monday.

Mr. and Mrs. Raymond Kay of Monahan were here last week for Kay-Vickers wedding.

**STUDENT ACCIDENT INSURANCE**

The school board approved the same plan of student accident insurance that was offered last year by Educator's Life Insurance of Ft. Worth. All pupils taking part in the major sports such as football, basketball (boys and girls) and track will be required to take the basic policy which will cost the student \$1 for the school year. In addition the school system will pay insurance to cover major sports. The policy is honored by any doctor or any hospital. This is probably the cheapest accident insurance that is available. Last year students here collected a great deal more in benefits than the premiums paid. Parents are urged to read carefully the explanation of the policy benefits as well as its limitations.

**Miss Stalcup Weds**

Mr. and Mrs. J. H. Stalcup announce the marriage of their daughter, Elwanda, to Martin Wuensche, Jr. of Wilson. The Rev. Hezner, pastor of St. Paul's Lutheran Church of Wilson read the double ring ceremony at 2 p. m. August 18th. Only relatives of the couple attended. The bride is a graduate of the O'Donnell High School and is employed by the A. S. C. office in Tahoka. Mr. Wuensche is a farmer and they will make their home near Wilson.

**NOW DROUTH RELIEF PLAN IN OPERATION**

The new drowth relief plan to help farmers and ranchers buy roughage for livestock is in operation. Walter McKay, state director of the Farmers Home Administration, said that county FHA offices were ready to accept applications for hay and other roughage. Applicants should go to the nearest FHA office to file their applications. The local FHA committee will determine each applicant's eligibility and will issue a certificate for \$7.50 per ton of roughage for a supply to Dec. 31, 1956. The applicant then applies the certificate on the purchase price of roughage from any dealer he chooses. The dealer endorses the certificate and draws a draft on the state emergency drowth committee's account. Roughage includes all types of hay, cotton seed hulls, peanut hulls, sorghums, sorghum bundles and ensilage.

**MANY SEE DAN BLOCKER ON TV'S "GUNSMOKE"**

Just about everyone in this trade area saw (and were proud of) our own Dan Blocker Saturday in his role of an Army officer chasing injuns on "Gunsmoke" — a popular TV horse-opera. It was a dog-gone good thing Marshall Dillon didn't "kill" Dan cause O'Donnell would have gotten powerful rilled at the whole thing.

Seriously, Dan is making a nice start in character roles having worked 8 days this month at \$100 a day.

James Bowlin has moved back here from LaPeria and his wife and daughter are visiting her parents in Dallas.

Mrs. Vernon Caswell and children are visiting in Arkansas.

Mr. and Mrs. Warren Bezert of Dallas visited Mrs. Lydia Hancock over week end.

**AT HOT ROD MEET**

An O'Donnell hot rodder is among the leading contenders at the 1956 National Championship Drag Races at Kansas City, Mo. Aug. 31 thru Sept. 3rd. He is Herman Lawhon who will enter his '33 Ford with '54 Olds engine. More than 350 hot rodgers from all parts of the nation will be at this national meet.

**BRIDE IS HONORED**

The home of Mrs. James W. Reed was the scene of a bridal shower honoring Mrs. Wayne Davis last Friday. The reception rooms were decorated with arrangements of pink and white flowers.

Mrs. Bill Bell registered the guests as they entered and directed them to the refreshment room.

Miss Frances Mae Rogers and Miss Martha Weatherford served punch from a crystal bowl, along with cakes and pink and white mints. The table was covered with a lace cloth and centered with a bridal pair encircled with a wedding ring and flanked with pink and white asters and gladiolas. Crystal appointments completed the decor. Co-hostesses with Mrs. Reed were Mesdames: Andrew Vulgamore, Hamp Thompson and Naymon Everett.

**SHOWER GIVEN**

Mrs. O. G. Smith, Jr. was honored with a pink and blue shower at a coffee last Thursday morning in the home of Mrs. J. T. Forbes by the Wesley Sunday School Class of the Methodist church.

**LIVESTOCK MEETING IS SET FOR THURSDAY NITE**

Thursday nite at 7:45 p. m. Aug. 30th there will be a meeting in the High School Ag. building of all persons interested in the feeding of hogs, cattle and sheep. Mr. Clepper of Lederle Laboratories will be in charge and on the program will be several films. The public is cordially invited to attend.

**Mr. Smith Weds**

**JERRY SMITH WEDS LAMESA LADY**

Jerry Smith, son of Mr. and Mrs. Bud Smith of Mesquite Community, was married to Miss Dot Lauderdale, daughter of Mrs. Lauderdale of Lamesa on August 21st. Mr. Smith graduated from the Borden County High School in 1954 and the bride graduated from the Lamesa High School. They are at home in Andrews where Mr. Smith is employed by the Halliburton Oil Co.

**MONEY STILL AVAILABLE FOR ACP PRACTICES**

Dee R. Green, office manager of Lynn Co. ASC, states that funds are still available to share the cost of carrying out any of the 1956 ACP approved practices. The approved ACP practices are — terracing, installing irrigation pipe, bench leveling for irrigation, winter legumes seeded in the fall of 1956, deep plow ing sandy crop land and chiseling to a depth of not less than 8 inches to control wind erosion. Please make application at the office before the practice is started, otherwise approval cannot be issued.

**Rotary Governor Due Here Next Week**

The O'Donnell Rotary Club next week will be host to Rex Webster, Governor of the 183rd District of Rotary International, who is making his annual official visit to each of the 40 Rotary Clubs in West Texas. He will address the local club on Spt. 4th and confer with President Homer Hardberger, Secretary Truett Hodnett and the committee Chairmen on Rotary administration and service activities.

Mr. Webster is vice president and Public Relations Director of Great Plains Life Ins. Co. of Lubbock and is a member and past president of Rotary Club of Lubbock. He is a graduate of Texas Tech and has lived in Lubbock since 1934. He has been a member of Lubbock Rotary Club since 1941 except during the war when he was an officer on a destroyer in Navy.

Each year Rotary, a world-wide service organization, continues to grow in numbers and in strength. President Hardberger added. During the past year 351 new Rotary Clubs were organized in 48 countries of the world.

Rex Webster

**Football Practice Opens**

Above is Joe Palmer, former Eagle star athlete, head football coach of 1956 Eagles, who began workouts Monday with about 30 team members. Names and positions may be available by next week. The locals should have the most seasoned material in several years as a number of promising players last year were sophomores and juniors.

The ball goes into play for the first time when the Eagles go to Cooper Sept. 14th and the next Friday nite to Tahoka. The Bulldogs were hard hit by graduation but remain a favorite to win. The first home game is Sept. 28 with Post.

Players reporting Monday were: Leo Barrington, John Billingsley, Lanny Brewer, Lloyd Davis, Mack Forbes, Ted Franklin, Jerry Gass, Charles Gass, Tommy Gardenhire, Jerry Jackson, Larry James, Roger

## Preston Smith Is New Senator

**Daniel Is New Governor**

Preston Smith, Lubbock theatre owner, was elected the new State Senator Saturday over Carroll Cobb with a lead of 2244 although Cobb carried 8 counties, including Lynn and Dawson, of the 11 county district. The heavy Lubbock county vote spelled the difference. Smith received 20,725 votes to Cobb's 18,479.

**HERE'S HOW LYNN CO. VOTED**

Here's how Lynn County voted in Saturday's Democratic primary run off:

For Governor: Price Daniel 864, Ralph Yarborough 1248.

Attorney General: Tom Moore 764, Will Wilson 1,302.

State Senator, 28th District, Preston Smith 998, Carroll Cobb 1113.

In the Precinct 1 commissioner race Curt's Morgan with 510 votes was named the new commissioner over Clarence Church with 493 votes.

**HERE'S HOW BORDEN CO. VOTED**

Following are results of Saturday's voting in Borden County with 324 votes cast in governor's race.

For Governor: Ralph Yarborough, 178, Price Daniel 146.

Attorney General: Will Wilson 201, Tom Moore 95.

District Attorney J. Ray Martin 148, Wayland Holt 171.

Commissioner Precinct 1, John Stephens 99 and Dee Burrus 103.

Eddie Noble has returned from a summer tour of Europe.

**School Budget Approved**

At a called meeting Thursday nite the O'Donnell School Board approved the new budget for the new school year of 1956-57. The school is expected to spend \$197,929 and of this amount \$99,655.50 will come from school district taxes and the other approximately \$100,000 from the State Educational Agency. Tom Yandell, school tax collector, reported \$6,643,700 as the assessed valuation of the district and the tax rate is \$1.50 per hundred.

The lowest teaching salary is \$2805 and the highest salary in the system is \$6800. There is no money in budget for athletics which pays its way. The school is paying about \$25,000 a year in interest and retirement of bonded debt.

In the brief session among other business the Board voted to begin a driver education program probably in early November with a car furnished by Ellis Chevrolet. The Fire Department also made its annual safety report on the school plant with a few minor suggestions.

**HEADQUARTERS ALL HUNTING AND FISHING EQUIPMENT. ALSO NEW 1956-57 FISHING LICENSE H. and S. AUTO AND HOME SUPPLY**

**Students Here Register Friday**

**Two New Teachers**

Thursday, Aug. 30th the O'Donnell School faculty will meet at 7:30 in the Homemaking Cottage for a breakfast and the initial meeting of the 1956-57 school term. Following the breakfast there will be a general faculty meeting at 9 a. m. and a building faculty meeting at 10 a. m. At 1 p. m. Thursday the teachers will report to their respective buildings to prepare for registration of students on Friday.

Students in ALL grades are to register on Friday Aug. 31st between 9 a. m. and 3 p. m.

First eight grades: room assignments will be made, books issued, purchase lunch tickets, pay student insurance, workbook deposits, etc.

High School: Seniors and Sophomores will register between 9 a. m. and noon. Juniors and Freshmen will register between 1 p. m. and 3 p. m.

There will be no formal classes on Friday, however. Students are urged to register on Friday to avoid confusion on the following Monday.

**Classes Monday**

Monday, Sept. 3rd school will begin. Buses will run their regular schedule on this date and the lunchroom will be open. High school classes start at 8:30 a. m. and elementary classes start at 9 a. m. Parents are urged to keep their children at home until near the starting time for classes. Children arriving early make a problem for the teachers who need this time to prepare for the school day.

Supt. Skinner said that the school now had a complete faculty with the employment of two new lady teachers.

Recently contracted is Mrs. Rogers of Gainesville who will teach in the Grade School, Mrs. Rogers is married and has 19 years teaching experience.

Contracted Monday is Miss Eleanor Dudgeon who will teach science in Junior High. She has a B. A. degree from Tech and a M. A. from Texas U. She lives with her mother 14 miles northeast of town. Her father was Dr. Dudgeon of Sweetwater.

Donald Dingsus will teach high school math and Zane Harris will teach Jr. Hi math.

As stated last week Mrs. Wayne Carroll has been signed to teach in Grade School and Mrs. Furlow in Junior High. Otherwise the faculty of last year will teach much the same grades and subjects as last year.

**Scouts Are On Trip**

Tuesday morning some 20 O'Donnell Boy Scouts left for an over nite camp on the Concho River near San Angelo to return Wednesday. Adult leaders going included Silas Russ, who made the trip possible by having a friend with the camp site, John Spraberry, Vernon Caswell, Pete Hale, Avery Doss, Leonard Mires and perhaps others. Scout Master Don Mansell spent the nite with his boys. During the summer the boys have made two other camp outs, attended a week's camp at Post and enjoyed swimming each Wednesday nite at Tahoka thanks to Dean Wright of that pool. The group has grown so that one more troop is to be formed.

Don is surely doing a splendid job with his boys and he has the thanks of his town.

**Q. B. Club Set**

All men interested in organizing a booster club to support the Eagle football team and other school sports are urged and invited to meet at the High School Auditorium Thursday August 30th at 8 p. m. to elect officers and make plans to support the team. Yea, EAGLES!!

**EVERY DAY IS SNEEZE DAY**

Hay fever season is a year around affair in Texas. The reason behind this sad state of affairs is Texas' wide range of climatic and soil conditions which produce an assortment of offending

flora — trees, shrubs and grasses. Ragweed pollen is still the biggest enemy of the watery-eyed set. State Health Officials say, but mountain cedar, scrub elm, and a variety of other plants and grasses also cause their share of sneezing misery. There are some bright spots in

Texas, though. Department hygienists say pollen counts in El Paso, Amarillo and other West Texas towns have been "amazingly low". From midwinter until early spring, susceptible people from Dallas southward will be affected by the pollen of cedar, a profusely growing tree

with a bad habit of pollinating in late autumn and winter rather than in spring.

Fall hay fever sufferers probably have the scrub elm to blame for their troubles. A late summer and autumn pollinator, the elm is common over most of the state, but is particularly profuse in the bottomlands of the Guadalupe and Trinity Rivers. The mesquite, a member of the legume family, causes minor allergic trouble in West Texas during May, June and July.

Grass hay fever is possible thruout spring, summer and fall over most of Texas, and in the winter in the Rio Grande Valley. Bermuda grass is the chief offender. Rhodes grass is a potential hay fever grass in the Lower Rio Grande Valley.

In arid parts of Central and West Texas, Russian thistle is a leading cause of inhalent allergy. Sage pollen is a potential factor in West Texas.

How do you get relief from hay fever? A sea voyage during your season would do it. So would staying in an air filtered room. But since neither action is practical, check with your doctor about a series of pollen extract shots.

**SEARCH MADE FOR YELLOW FEVER MOSQUITOES**

A search for yellow fever mosquitoes in the Lower Rio Grande Valley last month was "inconclusive" the State Department of Health has announced. The failure to find significant numbers of mosquitoes of the type capable of transmitting yellow fever was probably due to intensive spraying of insecticides on cotton crops on Valley farms.

**Now! Four "Pickup" truck choices with the same money-saving payoff!**  
**Ford Trucks cost less**  
 These four huskies have a lot in common — starting with lowest all-around cost. They're priced low. Rugged construction and modern Short Stroke power are designed to keep running costs down. And Ford trucks with their proven longer life have traditionally high resale value.  
 Here's something else they share — features you'll find on no other trucks!  
**Short Stroke power, V-8 or Six!**  
 Ford alone gives you a choice of modern  
 Short Stroke power — and what a choice it is! Ford's 167-hp V-8 is the best-selling best-proved of all truck V-8's. And Ford's 133-hp Six is the only Six in this field with Short Stroke design!  
**Driverized comfort and safety!**  
 You get exclusive seat shock snubbers to smooth out the ride, the widest-opening doors, and widest standard rear window of any cab! Lifeguard safety features, too, for added protection and peace of mind.  
**Ford trucks last longer**  
 Using latest registration data on 10,502,351 trucks, life insurance experts prove Ford trucks last longer.
