September 28, 1923, at the post
office at O'Donnell, Texas, under the
Act of March 3, 1897.

Next year is campaign year, national, state and county, and the political pot has already begun to boil in national politics. Some few have announced their intention of entering the race for the various county offices. From present prospects, there will be a good crop of candidates out soon after the first of the year campaigning for the different county offices.

ANNUAL STOCKHOLDER'S MEETING:

GOOD THINGS WE LIKE

THOSE who enjoy the sweet potato will like this method of serving it:

Stuffed Sweet Potatoes.
Peel and parboil the potatoes of even size and shape, core with an apple corer and fill each cavity with prunes which have been softened and stoned. Close the ends with halves of the cores, thus keeping in the juices. Bake on a grate with a pan to catch the drippings. In the pan place two cupsful each of sugar and water and allow the sirup to remain while the potatoes are cooking. Remove the potatoes to a hot dish and boil down the sirup until it forms a thread. Pour this over the potatoes and serve with rich game, goose or broiled mackerel.

Boiled Ham.
No Virginia ham is considered fit for cooking until it has been cured at least a year. Wash and scrub the surface well, place in a kettle with cold water and bring slowly to the boiling point, then let it simmer for half of the required time for cooking. One-half hour to the pound is considered the best time for cooking ham. After half the time is passed remove and pour on fresh boiling water and finish cooking. Take from the water, trim and skin it while warm. Cover with cloves and brown sugar and baste with cider while cooking in a hot oven, until well browned on the outside.

Chestnut Stuffing
This is one of the most tasty of stuffings. Take a pound of lean, uncooked ham cut into dice, cover with cold water and simmer until tender. Meanwhile slit a quart of large chestnuts, peel them and boil till soft in salted water. Press them through a sieve, add one-fourth cupful of butter, a tablespoonful of onion juice, a pint of bread crumbs, a tablespoonful of chopped parsley, with salt and pepper to taste, adding a bit of marjoram and paprika.
The chopped giblets, cooked and chopped, are added to this stuffing if desired, making a most finely flavored stuffing.

FOR THE GOOSE—
YOUR enjoyin' her won't keep your neighbor from lookin' beautiful. But it will you.
It's better to pay too much to your fish man than your druggist.
It's hard to know what to do with a kid that lies, a man that speeds after he's been fined and a woman that keeps on eatin' onions.

News From The O'Donnell Schools

LOW FIRST GRADE
(Mrs. Street's Room)
We had a total enrollment of 45 in our room Monday, which is almost a room full.
We have a gorgeous picture in colors of red, green and white of old Santa Claus on our board which reminds us every day that Christmas will soon be here.
Several in our room helped Mack C. Bradley enjoy his birthday party Friday.

High First and Low Second
(Miss Milwee)
Friday is our day to entertain at Chapel. We are working hard on our program and hope it will please every one. It is to be a Christmas program.
We have put up a few holiday decorations and are busy working on a sand table project. We also have enjoyed writing letters to Santa Claus.
Deloris Bell made the most 100's in spelling in the Second grade, and Bobbie Lee Hunter made most in the First grade. Prizes were given to both of them.

High Second
(Mrs. Edward's Room)
We are beginning to get ready for Christmas. We are learning some Christmas songs and telling stories. We had chapel Friday and enjoyed it.
Our room mother, Mrs. Everett, did not come see us last week. It is the second time she has missed this year, and we were sorry not to have her.
The ones who have not been absent or tardy this month in our room are Glynn Edwards, Bearl Tune, Earl Tune, R. J. McKee, J. Verna Street and Norma Ruth Vermillion.

Low Third Grade
(Miss Alta Rodgers)
We have made our room more interesting by gettin' a "Clean Teeth Chart." Every boy or girl who brushes their teeth twice a day gets a gold star. There were a lot who brushed their teeth twice a day and Charles Tate brushes his before school each morning.

High Third and Low Fourth
(Miss Parmer's Room)
We are proud to have Irene Robinson for a new pupil in the High Third Monday. E. A. Roberts has moved away to Pride to go to school.
We are all trying to see who will get the most gold stars on our chart by keeping our teeth clean.
Our room is almost full since part of the Low Fourth has moved in with us.

High Fourth Grade
(Mrs. Gibb's Room)
We have our new picture hung, "The End of the Trail," which we bought with the money we made at the Hallowe'en carnival. We also have our room decorated with Christmas bells posters and holiday festooning.
Our room became so full we sent seven of our Low Fourth into Miss Parmer's room. We miss them very much.

The Low Fourth has missed Glynn Beverage this month. The High Fourth was glad to have Era Culp come back last week. They also had a new pupil, Theodore Robinson. We all enjoyed the chapel program given by Mrs. Edward's and Miss Alta Rodgers' rooms Friday morning.
We gave our room mother, Mrs. Roaten a fruit shower Friday. We also enjoyed Mrs. Gooch's room's splendid Thanksgiving program Friday.

Low Fifth Grade
(Miss Leta Rodger's Room)
We are glad to have Myrlene Smith of Joe Bailey with us.
We hope to win the banner this week by not having many tardys or absentees. We were very happy that there were a large number of our pupils who made no "F's" on their report cards.

High Fifth and Low Sixth
(Miss Sargent's Room)
In our travels in geography we have returned from South America coming back by the way of the Panama Canal and seeing some beautiful countries. We enjoyed and appreciated the wonderful engineering feat of the Canal.
Benjamin Morrison was operated on for appendicitis Thursday. We hope he will soon be well and back in school.
Raymond Stokes was absent Monday. Mandolene Crawford missed school Thursday and Friday. Darnell Roaten missed school Friday for the first time since he entered.
We have an "ink exhibit" in our room, which we think is very interesting.
We all enjoyed Mrs. Gooch's room's program and "The World's Fair" Friday.

High Sixth
(Miss Sorrel's Room)
We surely were glad to have Vera Sealy back Monday. Lois Burdett was absent Monday. We missed her very much.
We are happy to have T. J. Lee as a new pupil.

Seventh Grade
(Mrs. Gooch's Room)
We enjoyed putting on "The World's Fair" Friday. The following countries were represented: Alaska, England, Spain, France, Italy, India, Argentina, Old Mexico, and the United States. We also gave a play and sang a Thanksgiving song.

Have you made the triple test?

GASOLINE must do more than one thing well if it's to be classified as good gasoline. If it gives you only extra-quick starting but is slow on the getaway and lacks power, it's a very wasteful fuel.

So be sure that your gasoline passes the triple test for (1) starting, (2) acceleration and (3) power and mileage. You can be absolutely sure that it will if you insist upon Conoco—because Conoco is the triple-test fuel that is always dependable. It's the quality gasoline that starts you off and keeps you moving in all kinds of weather.

Get it at stations and garages displaying the Conoco sign.

INDUSTRY FACES
RUIN IN RUSSIA

Soviet Cannot Make Mills and Factories Pay, Says Observer.

Riga, Latvia.—Both entering and leaving Russia is an experience. Going in one guards his tongue immediately upon boarding the train. The comradery existing between travelers is slightly strained. One subject is taboo and that is Russia. Upon leaving Russia as soon as the train crosses the frontier a change is noticeable among the passengers. It seems as though every one has heaved a sigh of relief. People who were friendly before become even charming. Tongues wag and before the train arrives at Warsaw, Riga or Reval, as the case might be, all the passengers in the car have become friends.

Leaving Moscow my neighbor in the compartment went to bed before I did and in the evening we did not see each other. In the morning, after we passed the Latvian frontier we both seemed to feel a load lifted from our shoulders. The peculiar mental depression which affects visitors to Russia was gone. We invited each other for breakfast and began to get acquainted. We had both been in Russia for three months and visited widely separated districts.

Visited Industrial Centers.

He turned out to be a German engineer who had visited all of the industrial districts in Russia, from Leningrad right down to the Caucasus. Representing one of the big German industrial combines he had been sent to Russia to investigate industrial conditions and discover what chance there was of establishing a large plant in there. He talked with workers, foremen and managers. He was bringing back a pessimistic report and personally he was disillusioned about doing business in Russia. He also had met and talked with many Americans.

"After the Rapallo treaty was signed we Germans had illusions about exploiting the Russian market and gaining control of the Russian industry," he said. "Today we know better. We have discovered that the trade relations existing between Germany and Russia are not for the improvement of trade and commerce but for the furtherance of Bolshevik politics.

Politics Ahead of Business

"Russia, we found, does not do business with countries where she can sell the most profitably and buy the cheapest, she does business for politics. Today in Moscow the hotels are filled with Americans, they sit in the waiting rooms at the various commissariats and are talking out officials of the various soviet trusts, syndicates and co-operatives to dinner. They are receiving encouragement, just what we got before the Rapallo treaty was signed. They are going to learn just what we have learned during these last three years.

"The reason why there are so few representatives of German concerns in Russia today is not because we are not interested in the Russian market. Neither does it mean that we have capitulated to American competition. It only means the soviet government is now doing everything possible to convince Americans that business can be done and that there is much more business awaiting around the corner just as soon as they can force the United States to recognize the soviet regime. They worked the same game successfully with Sweden, Germany, Italy, England and France and now they are trying it on America.

Purchase Few German Articles.

"At present there are very few German concessions operating in Russia. The soviet foreign trade monopoly is using almost no licenses permitting the import of German goods. I called on many trusts attempting to sell the many varieties of machines we produce, but found they all had to obtain special permits to import them from the trade monopoly, and if after long negotiations such a permit was received, then it would take several additional months before the order would be officially placed by the soviet trade delegation in Berlin.

"Just now the soviet delegation in Berlin is not buying because there is no political profit in doing business in Germany. They would rather pay higher prices to the United States in hopes of obtaining political recognition and huge loans and credits in the future.

"The second reason for the poor business in Russia is the extreme poverty of all soviet institutions which all demand credit. These same syndicates, trusts and co-operative bargains in the last pennings and after endless bureaucratic negotiations and reams of requisitions one discovers they can buy nothing. If business is finally transacted there is no profit because of the expenses entailed.

State Factories Losing Money.

"Heavy industry is buying the most abroad. The purchases mainly consist of replacements in machinery for mills, factories, mines, railroads, all of which need new equipment. The oil, coal and metal industries are buying most. In regard to the electrical industry I found many of the old works in operation and a few new ones. Some hydro-electric stations have been built and they are making slow progress in the process of electrification. Chimneys are smoking, workmen come to the mills and in the offices em-

KNOW TEXAS

Cotton, the most important crop of Texas, was first grown about the old Spanish missions near San Antonio as early as 1775. Texas produces about one-third of the cotton crop of the United States and from 20 to 25 per cent of the cotton of the world.

The value of the Texas cotton crop averages approximately as much as all the gold, silver, zinc lead and copper in the United States. The cotton crop of Texas sells as a raw product at from \$400,000,000 to \$600,000,000 a year. Just what this crop finally brings in retail prices to consumers no one has estimated, but it would be measured in billions.

The annual value of Texas' cotton seed crop ranks third among the crops, occasionally ranking ahead of corn, which is generally second.

ORDER AND NOTICE OF BOND ELECTION

STATE OF TEXAS
COUNTY OF LYNN
CITY OF O'DONNELL:

On this, the 10 day of November 1927, the City Council of the City of O'Donnell, Texas, met in special session, at a meeting place in the City of O'Donnell, Texas, and the following members were present, viz: E. M. Wilder, Mayor, C. L. Davis, City Secretary, J. H. Hardberger, W. E. Singleton, C. L. Davis and R. C. Carroll, and passed the following order:

It was moved by Alderman W. E. Singleton and seconded by Alderman C. L. Davis that there be submitted to the qualified voters of said City, who are property tax-payers therein, the following proposition, for the issuance of the Bonds of said City for the amount of \$40,000.00 Water Works Bonds, such election to be held on the 19th day of December, 1927. The Motion was carried by the following vote: Alderman G. A. Hancey, J. H. Hardberger, W. E. Singleton, C. L. Davis and R. C. Carroll voting "aye", and no one voting "no". Thereupon the following election order was adopted:

It appearing that the City is in need of water-works, and that the City Council deems it advisable to issue the Bonds of said City for said purpose, in the amount hereinafter set out:

Therefore be it ordered by the City Council of the City of O'Donnell, Texas, that an election be held on the 19th day of December, A. D. 1927, at which election, the following propositions shall be submitted to the resident qualified property tax-paying voters of said City, for their action thereupon:

"Shall the City Council of the City of O'Donnell, Texas be authorized to issue the Bonds of said City of O'Donnell, Texas in the amount of \$40,000.00, maturing serially with in 40 years from their date, bearing interest at the rate of 5 1-2 per cent per annum and to levy a tax sufficient to pay the interest on said bonds, and provide a sinking fund with which to pay the principal at maturity, for the purpose of construction of Water-works for said City as authorized by the Constitution and laws of the State of Texas, including Chapter 1, and 7, of Title 22, Revised Civil Statutes of 1925."

Said election shall be held at the City Hall building in said City of O'Donnell, and the following named persons, are hereby appointed Judges and Clerks respectively: W. E. Sanderson, Presiding Judge; J. M. Christopher, Judge; J. E. McClung, Clerk; and E. T. Wells, Clerk.

Said Election shall be held under the provisions of Chapter one and seven, Title twenty-two, Revised Civil Statutes of 1925, and the manner of holding the same shall be governed by the laws regulating General Elections so far as applicable and only qualified voters who are property tax payers, in the said City, shall be entitled to vote at said election.

All voters who favor the foregoing proposition, to issue the Bonds for Water-works, shall have written or printed on their ballots, the words "For the Issuance Of Bonds For The Purpose of Water-works;" and those opposed thereto, shall have written or printed on their ballots, the words "Against the Issuance of Bonds For The Purpose of Water-works."

A copy of this order, signed by the Mayor, and the City Secretary of the City of O'Donnell, shall serve as a proper notice of said Election; And the Mayor and City Secretary are hereby authorized, and directed to cause such notice of election to be posted at the hereinbefore named Polling Place in said City of O'Donnell, for 30 whole days prior to the date of such election, and also, to cause such notice to be published in some newspaper of general circulation, which has been regularly pub-

lished in said City, for at least one year before this date, which notice shall be published once each week, for 30 full days, before the date of said election, the date of the first publication thereof, to be not less than 30 full days prior to the date of such election.

E. M. Wilder, Mayor, City of O'Donnell, Texas.
—SEAL—
Attest:
W. H. Crunk, City Secretary.

LET'S HAVE WATER FOR ALL OUR CITIZENS

I have always been for a water system for O'Donnell, and ALL of her citizens, and am yet, I am just as emphatically against all of her citizens erecting a water system for a few.

A \$40,000 issue will not, according to expert advice of the past and present, be adequate only for a down town water system. No man is justified in voting to increase taxes and that of his immediate neighbor while deriving no direct benefit as would be the case in this instance. It would decrease the insurance rate as far as the issue reaches as a matter of course, but beyond that boundary it would not benefit.

If we were not able financially one year ago to build a complete water system for the benefit of all porate limits, we are not financially able now to build a part system for the property owners within our corporation, the benefit of only a minority portion.

I take no stock in promises of extensions, having had experience in that line before coming to O'Donnell. In fact, have been reliably informed that some of the council thought that \$40,000.00 was too much to spend now, and why expect that they would in the near future be willing to extend at a greater cost.

Give us all water and let us all pay for it, and each use it, according to his needs and desires, I, being a taxpayer, (and not delinquent) shall vote against the issue as called.

(adv.) Geo. D. Foster.

W. M. S. HAS ELECTION OF OFFICERS

(Crowded Out Last Week)

The W. M. S. of the Methodist church met Monday afternoon at 3 o'clock in a regular business meeting. The following officers were elected for the coming year: Mrs. R. O. Stark, President; Mrs. J. W. Gates Vice President; Mrs. C. C. Jones Corresponding Secretary; Mrs. H. E. Gillispie Recording Secretary; Mrs. Don Edwards Superintendent of Study; Mrs. W. H. Veazy Superintendent of Publicity; Mrs. Marion Pemberton Superintendent of Young People; Mrs. Harvey Everett Superintendent of Children; Mrs. D. M. Estes Superintendent of Social Service; Mrs. Ben Moore Treasurer; Mrs. J. W. Weems Superintendent of Supplies. The next meeting will be a social with Mesdames L. L. Busby and W. H. Veazy as joint hostess' at Mrs. Busby's home next Monday, December 4th at 3 o'clock.

JUNIOR-EPWORTH SOCIETY

(Crowded Out Last Week)

The Junior Epworth Society met Tuesday at the regular hour with the superintendent. A splendid little program, which had been arranged by the new president was rendered as follows:

- Song, "If Your Heart Keeps Right."
- Scripture Reading by Mrs. Everett.
- Sentence Prayers led by Ina D. Everett and closed by Kathaleen Veazy.
- Story, "A Pink Rosebud Tea Set," by Mary Shook.
- Song, "What A Friend We Have In Jesus."
- Benediction—By all.
- Next week is social meeting. The place will be announced Sunday.

(Crowded Out Last Week)

Mrs. W. E. Marr returned last week from an extended visit to her mother in California.

G. A. Hileman of Bonham has been here on a visit to G. W. Williams and family.

Mrs. Geoffrey Holmes arrived Wednesday from points in the east for a visit with friends and relatives.

Mrs. I. T. Spear was in O'Donnell Saturday from Earlsboro, Oklahoma, enroute to Grosbeck, Texas.

J. P. Mixon of Greenville is visiting his son, Hubert Mixon and family.

Woodrow Dent, of Post, spent the week end in O'Donnell, the guest of his cousin, J. Y. Everett Jr.

Mrs. George Shumake entertained Tuesday afternoon in honor of her little daughter, Veda's, birthday.

The children entered into and enjoyed to the fullest the splendid little program which Mrs. Shumake had provided. Games and contests were participated in and a happier group of little girls could be found than the ones gathered to celebrate with Veda. The little honoree's cup of delight was brimming full upon the arrival of the guests and when the pretty little gifts from each guest were presented, her joy could not be measured, especially when her parents presented her with a lovely ring bearing her birthstone.

Delicious chicken sandwiches, hot chocolate and olives were served to the following guests. Mesdames Claud Tomlinson and little son, Frank Shumake and little daughter and little Miss Edwyna Vermillion, Fay Tomlinson, Merle Miles, Dorothy Allen Miles, Modine McLaurin, Ivy Dimple Handcock, Jim Ellen Wells, Lorene Beach and Sydney G. French.

THE JOY OF BEING THE EDITOR

Getting out this paper is no picnic. If we print jokes people say we are silly; If we don't they say we are too serious. If we clip things from other papers we are too lazy to write them ourselves. If we don't we are stuck on our own stuff. If we stick too close to the job all day, we ought to be out hunting up news. If we go out and try to hustle, we ought to be on the job in the office.

If we don't print contributions, we don't appreciate true genius; And if we print them, the paper is filled with junk. If we make a change in the other fellow's write up, we are too critical. If we don't we are asleep. Now like as not some guy will say, We swiped this from some magazine. WE DID.—Exchange.

Little Jewell Horn is gradually improving and we trust she will soon be well.

and began picking up shells, but the
water coming in was too great a
temptation, so everyone rushed up
to the bath house, jumped into their
bathing suits and spent a joyous thirty
minutes riding the waves. By the
time everyone was dressed it was
five o'clock and they were due in
Houston at seven. The run was made
in record time, and they arrived in
time to hear Gov. Dan Moody at the
Convention speak on General Educa-
tion, saying he hoped to see the
present school system changed, say-
ing that he favored the County Unit
plan of education.

The teachers expressed themselves
as being much pleased with the
Governor's being in favor of the leg-
islature passing the bill providing for
\$15.00 per capita for public school
children of Texas. The next number
was a high school chorus, composed
of five hundred Texas boys and girls.
The Supervisor of Public School music
in Houston suggested the idea to
President Green that this chorus be
composed of two boys and two girls
from the High Schools of Texas,
which was done. This chorus ren-
dered several splendid songs.

A reception at the Rice Hotel for
the teachers Friday night was a very
elaborate affair and was fully ap-
preciated.

Saturday morning the convention
had general assembly and the most
outstanding feature was a chorus of
two hundred colored boys and girls
from the Houston Colored Schools.

After noon Saturday the ladies
shopped awhile and left Houston at
12:15, spent the night in Austin and
visited with Miss House's brother a-
while, who is a student at State.

Everyone except Mr. Cook was
worn out and went to bed early, get-
ting a good night's sleep. Left Aus-
tin at 4:00 a. m. Sunday, driving
hard and steady until they reached
Eden and had lunch with Mr. and
Mrs. Sanders, drove on to Big
Springs and enjoyed supper with
Miss House's uncle, rested awhile
and headed for home. Something
went wrong with the Chrysler and
all the efforts of the men could not
budge it so they proceeded to wave a
traveler down and Mr. Klug asked if
he might go to the next town and
get a mechanic, when the traveler
volunteered that he was a mechanic
himself and offered his assistance,
which was readily accepted and he
soon had the car humming, which
brought the tired party into O'Don-
nell near midnight Sunday. They ex-
pressed themselves as ten thousand
times repaid for making the long tire-
some trip. Everyone enjoyed it im-
mensely, and say their next trip will
be to the National Education Associa-
tion.

The W. M. S. will meet Monday at
2:30 p. m. as usual. Our "Lottie
Moon" offering is about twelve dol-
lars. We hope to have a good at-
tendance of our ladies next Monday.

**Program for Teacher's Meeting
High School Auditorium, Tahoka,
Dec. 3, 2:00 p. m.**

(Crowded Out Last Week)

The teachers of Lynn county, in
their recent Institute decided to form
a county organization and elected
Supt. A. L. Faubion, of Wilson as
President. Three meetings and a
banquet are to be held during the
school year. All teachers of the
county are expected to be present at
these meetings. Helpful discussions
of vital problems will be engaged in
and prominent speakers from outside
the county will address the teachers.
The program for the first meeting is
as follows:

Song: Onward Christian Soldiers.
Invocation: Rev. Sheppard.
Arousing Interest in the Inter-
scholastic League Work: Supt. Baze.
Vocal Solo: Miss Velma Dawson.

lege of Liberal Arts, Texas Techno-
logical College.
Business Meeting.

**PARENT-TEACHER'S PARTY
GREAT SUCCESS**

The P-T-A. was highly entertained
Thanksgiving night with Mesdames
W. E. Vermillion and Erwin Street
as hostess's for the occasion.

The guests gathered in the Audi-
torium at the High School building
when Miss Era Harris opened the
program with a splendid piano solo.
After this Mesdames Dr. Porter, Geo.
Shumake and J. W. Burkett favored
the guests with humorous readings
which created a wealth of amuse-
ment, and was deeply appreciated by
the program committees as the three
readings were volunteered to fill in
for the numbers which had failed to
be gotten up.

A football game played with pump-
kins was enjoyed as well as a con-
test in which one side had to eat an
apple, a cracker, a cookie and a sweet
potato before the opposite side could
complete the same feat.

In making out the Thanksgiving
Menu, a jolly contest, Mrs. Erwin
Street and D. A. Edwards tied for
honors.

Coffee and pumpkin pie was served
from the Home Economics Depart-
ment to Messrs and Mesdames J. W.

**JUNIORS ENTERTAIN SENIORS
AT MISS ERMA D. PALMER'S**

(Crowded Out Last Week)

Friday evening the Junior Class
of the O'Donnell High School, and
their sponsor, Gordon King, enter-
tained the Senior Class and their
Sponsor, Miss Rice, with a "nutty
party," at the home of Miss Erma D.
Palmer.

The Junior arrived first, there be-
ing twelve present, and completed ar-
rangements for the entertainment.

The Seniors arrived at 8:30 and
gave the class yell which put every
body on their toes for a jolly good
time.

The games all consisted of dif-
ferent kinds of "nut" games with
which all nutty crowds are familiar.

To get partners for the chicken
dinner which was to be served to

the Seniors matched different kinds
of nuts. When the menu was served
it was found to consist of corn and
bread crumbs. The Juniors then

served nut candy. The party was a
great success even from a Senior
standpoint.

**Electricity Brings
Increased Comfort**

Says Herbert Hoover,
SECRETARY, U. S. DEPT. OF COMMERCE.

"WE ARE IN THE MIDST OF A GREAT TRANS-
FORMATION IN THE DEVELOPMENT OF ELEC-
TRIC POWER—IT IS REDUCING THE BURDEN
OF HUMAN TOIL; IT IS INCREASING PRODUC-
TIVITY; IT IS BRINGING INCREASED COM-
FORT TO OUR PEOPLE."

What each workman in the United
States can do with his hands is multiplied
ten times by the electric power he uses.
Sixty-eight million people are using labor-
saving electric devices in their homes.

Electric service has its greatest value
because it is delivered at the time and place
where it is needed. That is what electri-
cal Service means, and the foresight and
enterprise of the country's light and power
companies have helped make it possible.

Because power companies built power
plants and transmission lines that would
take care of the growing demand for ser-
vice many years in advance, every new
electrical invention has found an abun-

dance of power ready to serve it. Now
even the small communities get electrical
service through interconnected power sys-
tems.

Enthusiastic public acceptance has
done much to help build this electrical
service. Three million investors own the ser-
vices of electric power companies and the
whole public has benefitted from greater
service made possible through increased use
of labor saving devices.

To insure the complete fulfillment of
the promise of comfort and happiness which
electricity offers, the American principle
of individual initiative must be maintained.

WOMAN MAKES FORTUNE IN OIL

Began as Real Estate Operator Then Started Drilling.

Wichita, Falls, Texas.—One of the few women oil operators in the country, Mrs. Mabel Rowan of Wichita Falls, also is a successful real estate operator.

Beginning as a real estate broker in Fort Worth, Texas, several years ago, Mrs. Rowan entered the oil business in the natural course of affairs. Among the properties listed with her for sale was a large block of acreage in Reeves county. That was in the days before that section of Texas became oil-producing land.

Drills Own Wells. She acquired a large block of the Reeves county land for herself, subdivided and sold it for farming land. About the time she was ready to place the land on the market, the first oil well in that section "came in." As a result oil leases on Mrs. Rowan's land were sought by large oil companies. It was not long before she formed her own company and started drilling wells.

She went out in the oil fields, dealt with hard-boiled drilling crews, pipeline men and others, and directed her work personally. Donning overalls, she climbed derricks and sometimes assisted in pulling casing.

Not long ago she made a "location" for an oil well in Texas. The territory was "condemned" by geologists, but Mrs. Rowan's well proved to be a producer.

Real Estate Investor. Recently she invested a large part of her money in Fort Worth real estate. One lot for which she paid \$60,000 brought her an offer of \$110,000 a few weeks later.

Despite her achievements, Mrs. Rowan is still unsatisfied. "I am working every day and sometimes nights," she says, "and expect to be doing the same thing for several years before I call myself a success."

Norway Now Grants

Divorce for 25 Cents

Oslo, Norway.—Oslo has a claim to fame not very widely known. It is the greatest unexploited divorce mill in the world.

The Norwegian divorce law is simple, conclusive and profound. If a man and wife don't get along and agree to separate, that's all there is to it. Divorce in Oslo, if you go about it right, needs no lawyers, no red tape and no fuss—and costs 25 cents.

A man and his wife appear before the "stiftsamtman"—that is to say, the civil representatives of the crown. They pay their kronen—a quarter—and explain that it is difficult, or impossible, or unwise, as the case may be, to continue marriage. The stiftsamtman smiles paternally, tells them to think it over for a fortnight, and then return. They wait the two weeks and come back. They are then granted a separation decree which may be operative, according to circumstances, for either one or two years. At the end of this period—during which wife and husband must live apart—divorce becomes absolute.

One-Hand Clock Been

That Way 376 Years

Castletown, Isle of Man.—A one-handed clock in the tower of Rushden castle has been that way for 376 years and does not seem to notice it.

For some reason the castle, which was once the ancient seat of kings and has written references dating to 1267, never bothered to equip the clock.

The clock is driven by a rope wound many times around a wooden cylinder with a stone at the end of the rope. The weight on the pendulum is another large stone.

French Claim Many

of "Biggest" Things

Paris.—France really leads in many things, says a newspaper writer, who, like many Frenchmen, rather smart under the endless list of things—"the biggest in the world"—that are from time to time reported as existing in the United States.

Here are some of the things claimed for France as being the "biggest" in the world: Tour Eiffel, the highest structure.

The Caraby viaduct, the biggest metal viaduct. L'ile de France, 42,000 tons, the biggest steamer built since the war.

The Saint Pierre de Vauvray bridge, the biggest reinforced concrete bridge. The fastest electric train, running from Paris to Vierzon.

Le Bourget, the biggest airfield. The biggest aviation hangars, at Orly.

The Canal de Rome, the biggest underground canal. The 1,000,000,000 candle-power searchlight at Mount Valerien.

The 50,000-kilowatt alternating current generators, at Gennevilliers.

MRS. BRADLEY HONORS LITTLE SON'S BIRTHDAY

Mrs. Guy Bradley entertained Friday afternoon, honoring her little son Mack C.'s sixth birthday.

The little guests were quite happy at taking turns riding Mack C.'s paint Shetland pony for quite a while, after which they played interesting games and Miss Beverly Wells charmed them by telling them some interesting stories.

Mrs. Bradley then ushered them into the spacious pretty living room where a lovely Christmas tree, all lighted and glistening with sparkling decorations awaited them. A pretty little gift was given each guest, making them realize that Santa Claus was really near at hand and operating through the sweetness and generosity of Mrs. Bradley.

Mack C. was given many lovely gifts from his little friends, and delicious hot chocolate, cake and pop corn balls was served to little Misses Verna Street, Jim Ellen Wells, Marilyn Roberts, Mary Louise Cowden, Lawrence Eaton, Sidney Guy Preston, Acie Lambert, Bill Jones Morris Payne, Bob Cowden, Sonny Boy Bowlin and Rochelle Howard.

All the little guests had a happy time trying to extinguish the six tiny candles on the pretty birthday cake.

MRS. N. T. SINGLETON GIVES PRETTY PARTY FOR LITTLE DAUGHTER

Little Miss Jewel Singleton celebrated her sixth birthday last week with a lovely little party.

The children played and enjoyed games from 3 to 5 o'clock in the afternoon.

Jewel was delighted over the gifts showered upon her by her little friends.

Thirteen happy guests were present to whom hot chocolate cake and pop corn balls were served.

retaries and other representatives from more than 20 surrounding counties will discuss arrangements and details. Preliminary plans and permanent organization were effected at a meeting November 14th.

PADUCAH—The first Western Union message ever to be sent from this city went to the West Texas Chamber of Commerce December 1 as a tribute to that organization's efforts in obtaining telegraph service here. The telegram was the result of five years work on securing the project. Paducah did herself proud that week by also granting a natural gas franchise and by cutting over on a new telephone system.

STAMFORD—Jones county again leads West Texas in cotton production figures, with Rannels and Taylor again following in second and third places. Other West Texas counties in the order of their rank are: Haskell, Coleman, Dawson, McCullough, Colorado, Nelson Concho, Coke and Tom Green.

INTERMEDIATE B. Y. P. U.

There were ten members at the B. Y. P. U. last Sunday. This is a fine group for such bad weather and we are glad so many are really interested in the Union. The program was very interesting. The stories of Adam and Eve, Moses, Joseph, Daniel, Paul, Peter and Christ were told and they were very interesting. Mrs. Mansfield was absent and we surely missed her. We hope that she will be with us Next Sunday. Brother Horn took charge of the program and we all enjoyed the program he gave us.

LITTLE WILMA JANE PHILLIPS ENJOYS SEVENTH BIRTHDAY

Mrs. W. B. Phillips filled her little seven-year-old daughter's heart with joy by giving a birthday party last week.

Little Wilma Jane's most favorite friends were gathered to celebrate this happy occasion with her.

They played all kinds of entertaining games and the little guests showered the honoree with many pretty gifts.

Mrs. Philips served delicious refreshments of hot chocolate and sandwiches to twenty-eight children who will long remember this enjoyable occasion.

Little Margaret Lucile Johnson, Doris Nell Gates and Harvey Ann Everett were the little birthday guests.

Mrs. Harvey Everett was a business visitor in Lamesa Thursday.

B. J. Mayberry and wife and Otis Tarpley were here from Tahoka Monday.

MISS EDNA HOUSE HONOREE AT BIRTHDAY PARTY

Friday night a number of Miss Edna House's friends gave her a surprise birthday party at the lovely home of Miss Wynema Sorrels.

To quote Miss House, she was feeling blue and neglected Friday evening, but upon an invitation from Mrs. Street to be her guest at the show, Miss House immediately felt better. After they started to the show Mrs. Street told her she had to stop at Miss Sorrel's for a moment. When they drove up Miss Alta Rodgers came out and with helpers they almost dragged Miss House in to the lighted living room, where a group of friends startled her by crying out the age-old greeting, "Happy birthday, Happy birthday!" There are no adjectives applicable to describe the look of consternation that overspread the honor guest's face at the friends surrounding her, as the thought dawned upon her that this was really a birthday party.

Games of Forty-two were enjoyed for awhile, when the guests marched into the dining room where a lovely birthday cake, with somewhere between thirty and forty candles upon it, graced the dining table surrounded by the birthday gifts.

The guests marched around the table singing a juvenile birthday song, while the honoree's eyes continued to widen at the sight of the baby doll, sand bucket and spade, toy tractor, twin dolls, toy hot water bottle which were presented in turn.

Miss House succeeded in blowing out all the candles except one, and immediately announced to the male

element present that next year she would see upon them now.

Delicious hot chocolate and birthday cake were served by Mrs. Street, Misses Edna Leta Rodgers, Christine Theilma Parmer, Jessie Sara Rice, Alta Rodgers, Wynne and Messrs. David Chandler Lines Eugene Cook, Gordon Mack Noble and Erwin Street.
