Asks Questions And More Questions; Gets Five Dollar Reward

Lyle Pugh has demonstrated a bulldog tenacity that would do credit to a G-Man--and has made it pay exactly \$5.00 worth.
Several months ago a contest was started by a wellknown firm and all the dealers and service station helpers had to do was to spot the mystery man, which the company was sending out and try to sell him the firm's product.
Pugh not only asked local people, but every stranger for the many weary months about their car needs, but no one resembled the mysterious buyer until last week when Lyle hit the jackpot! He was promptly sent a check for \$5.00 and his tenacity praised.

Motorized Unit Attracts Large Tahoka Crowd

TAHOKA, TEXAS, July 11. (Sp.) Several hundred people coming from many parts of Lynn county witnessed the demonstration and heard the program given by a mechanized unit of the 5th cavalry stationed at Fort Clark near Del Rio on the courthouse square here Tuesday afternoon.

The demonstration and the program were given under the auspices of the Marion G. Bradley Post of the American Legion, with Aubra M. Cade, service officer, acting as master of ceremonies. H. O. Hargett is the post commander and Harry Roddy the Post adjutant.
The program consisted of a band concert by the 5th cavalry band of 26 pieces, talks by Lieutenant Corradine in charge of the detachment, Lieutenant George Coleman of Lubbock, recruiting officer, and a patriotic address by District Attorney Truett Smith.

Lieutenant Carradine gave much information respecting America's fighting force, which he declared was the best in the world. Those who have become jittery over our supposed weaknesses should have taken heart after hearing Lieutenant Carradine's address.
Lieutenant Coleman told of our need for more men in the army, however, and extended an invitation to young men to enlist.
Truett Smith made an inspiring patriotic address that brought enthusiastic cheers; and following this, the band played the "Star-Spangled Banner".

Fighting equipment demonstrated by soldiers consisted of two armored scout cars, each having three mounted guns, blank cartridges being used in making the demonstrations.
The semi-automatic Garrant rifle was declared to be the best and most effective gun in the world for use in the infantry and cavalry. It is manufactured in the United States available to no other army world except our own.
The machine guns like the most modern and effective have ever been devised--anti-aircraft guns, machine guns, rifles and machine pistols--were shown to among the most effective in the world.

The detachment is visiting in the city.

THERMOMETER READING HERE HITS 109

It was too hot Wednesday for many people to ask others "is it hot enough for you?"
A reading of 109 in the shade was recorded on one thermometer downtown here, while another was only slightly less, thereby giving O'Donnell a portion of the dubious honor of being "one of the hottest" towns in the state.

A hot, south wind did not alleviate the suffering of the populace. Rain (something you read about that happens further east) is needed in this section within the next few days, so many farmers say, if Lynn county is to have anything like decent crops. The hot winds and sunshine are fast drying out all present moisture.

TEN-PIN LEAGUE NOW SHAPES UP. AS 4-PLACE TIE

By failing to get pins when pins were needed, the former bowling leaders, Higginbotham's, slipped slightly lower in the standing Tuesday night when two games were dropped to the pace-setting Corner Drug five. The latter team copped one game by chalking up only 705 pins.
The twice-setback sent the building keepers reeling down to a tie with the C-C Dry goods, and a possible tie with the four-place Applewhite team, which played Thursday night to get to results in this paper. A triple win for the tractor agency would tie them with Higginbotham's. The C-C aggregation down Whitsett's three straight Monday night through the help of three absent players. Averages of 170, 160 and 160 went across the board.

Employment Man Each Thursday

TAHOKA, TEXAS, July 11. (Sp.) Beginning yesterday, and on every Thursday in the future until further notice, an interviewer from the Lubbock office of the Texas State Employment Service will be on duty in the court house of Lynn county at Tahoka.

This service occurring each Thursday morning between the hours of 9 and 11:30 will be for the purpose of taking claims for unemployment compensation and is mainly meant to serve such claimants as reside in Lynn county, according to L. S. Morgan of Lubbock, senior interviewer, who made the announcement.

WILL RETURN TODAY

Mrs. W. L. Palmer, Miss Thelma Palmer and Yvonne Westmoreland will return today from Albuquerque where they visited.

Little Joan Rooster will accompany them home for a visit with her

Wendell Willkie Gets Around

Wendell Willkie is still a pretty down-to-earth soul, despite the large honors and stupendous responsibilities heaped upon him by his party at the Philadelphia convention. The Republican candidate for President keeps in close touch with the little people that he has known throughout his meteoric career, and does not hesitate to argue foreign and domestic policy with them. Above, Mrs. W. D. Lewis, an Akron friend, purchases a shirt for her husband while Willkie, who never buys his own clothes, kibitzes. A few moments later he was explaining to her why he thinks this Government should give England all possible aid short of sending our boys abroad. Below, the G. O. P. candidate is shown dropping in on an Ohio Edison steam crew with which he was once associated and getting into the thick of a discussion of affairs of state, despite the informal atmosphere.

County Health Nurse Reports On Work During Past Six Months

BY MRS. GLADYS DAVIS
County Nurse

School Hygiene
Inspection by physician and nurse 95. Inspection by dentists, 2150.
Corrections since inspections, approximately 75. Individuals admitted to nursing service, 3. Home visits, 8.
The Dental Health Puppet Show was shown to six schools with an attendance of one thousand eight hundred sixty five.
A classroom health talk was made to a group of thirty five.
The primary aim is to secure maximum health of every school child through his own intelligent cooperation and that of all others who control his environment. All activities of the school health program are educational in character and the responsibility rests on the teacher to carry out an effective program. Literature has been distributed among the teachers in order that they might learn and recognize the early symptoms of the communicable disease and thereby prevent the spread in the school. Physician inspections were made of pupils to discover physical defects and acquaint the parent of this defect.
Cripple Children Service
A number of cripple children have been discovered and we have tried to stress on the parent the importance of having the correction made as early as possible and how they might have benefit of state aid if needed.
General Sanitation
Two public lectures and talks were made on sanitation with two hundred twenty five in attendance. Educational work in sanitation has consisted of the following: 1. Showing need for safe water supply, both public and private. 2. Teaching proper handling of milk. 3. Instructing in danger of disease transmission of flies. 4. Showing need for proper disposal of human waste. Sanitary inspection of all school buildings has been made by the sanitarian. Also complete sanitary inspection of all tourist camps and eating establishment has been made by him. There has been an inspection of all dairies in the county in an effort to improve the quality of raw milk sold to the consumers.

BAPTIST PLAN REVIVAL HERE ON JULY 28

Revival services will begin at the First Baptist church here Sunday, July 28 and will continue through August 11, according to an announcement made today by Rev. J. L. Lunsford, pastor.

The Rev. Lawrence Tutt, pastor of the Rotan church will have charge of the services, while N. E. West of Oklahoma will direct the singing.
An appeal to all the church's members to make their plans now to attend the services was also made by Rev. Mr. Lunsford.
"We are having good crowds each Sunday now, and would be happy to have all those not attending church elsewhere to come and be with us anytime," the pastor here said.
Services next Sunday are: Sunday school, 10 a. m.; morning worship, 11 a. m.; training union, 7:30 p. m.; evening worship, 8:30 p. m.

Walker Wins Golf Tourney

TAHOKA, TEXAS, July 11. (Sp.) Tournament play of the Tahoka Golf Club's recent contests has ended and qualifying scores for a second tournament should be turned in this week or early next week to either Charles Townes or Wynne Collier. Prentice Walker defeated Charles Townes in the championship flight to win highest honors of the tournament. Collier was consolation winner.

In the first flight, James Applewhite of O'Donnell won over Borden Davis 1 up on the 20th.
Two O'Donnell men were in the fourth flight finals, Bedford Caldwell beating out L. E. Roberson.
Fourty golfers participated in the tournament.

PLAN FISHING TRIP

Mr. and Mrs. Harvey Line, Mr. and Mrs. Rochelle Pelts and Mr. and Mrs. C. J. Fritz, accompanied by their children, left for a fishing trip at Buchanan Dam Thursday night.

SECOND SECTION SUMMER SCHOOL TO START HERE JULY 15

The second section of the summer school will start here July 15, according to S. P. Johnson, local superintendent of schools.
The sessions are to begin at 8 o'clock.

A party composed of Mary Frances Fowler, Corine Proctor, Nila Rae and Jimmy Ruth Miller and Mr. and Mrs. J. R. Miller were at Buffalo Springs over the 4th.

Mr. and Mrs. Don Edwards and daughter Miss Louise were in Olathe Monday the guests of Mr. Edwards' brother.

Judge P. W. Goad, seeking reelection for county Judge, was here Wednesday in connection with his candidacy and while here talked with Rotary Club members relative to the proposed highway west of O'Donnell.

Mr. and Mrs. Chas. Cabool are on a vacation trip to Missouri and other states.

Mrs. J. E. Garland visited here Wednesday.

F. L. Price Still In District Race

To the voters of the 16th Judicial District of Texas:

The report has been circulated that I have withdrawn from the race for District Attorney due to my recent illness. It is true that I have made a supreme fight for my life to overcome the serious illness which I have had to endure since March of this year, and now it seems that the good Lord has spared me for a purpose, and that in the next few weeks my health will be back to normal. I am glad to say I am improving daily, but my physicians advise no vigorous campaign for another three weeks. Therefore, I call on all my friends to stay with me in the coming Primary and thus give me a last chance to serve you as District Attorney in that same fighting spirit which I have had to put up with my illness.

I assure you your loyalty to me will ever be remembered and I feel sure I can see many of you before the Second Primary if you will put me in the run-off.

TOM L. PRICE

Preparedness To Be Observed

Lubbock, July 10.—Saturday, July 13, has been set as South Plains Preparedness Day, according to a

announcement made late last week by A. I. Glassman, Commander of the local American Legion Post at Lubbock.

A huge parade will be held in Lubbock, beginning at 10 a. m. Saturday, through the downtown business section of Lubbock. A special military band will head the parade to be followed by U. S. Army recruits, numerous mechanized units, armored cars, battery equipment, trucks and enlisted personnel. Others participating in the Preparedness Day Parade will be all Veterans of Foreign Wars, Spanish American War Veterans, Boy Scouts, National Guardsmen, ROTC units and others, as well as members of the American Legion.

Plans are under way for a Patriotic Rally to be held immediately following the parade. All military units from South Plains towns are invited to take part in the Preparedness Day program, according to Commander Glassman.

Lynn Receive More School Aid In 1940

AUSTIN, July 10.—Lynn county will receive \$1,528 more from the state this year to operate its schools than it did last year. State Supt. L. A. Woods estimated today. This is based on the assumption that the county will have the same number of

students next year as it had last year.

Supt. Woods said the action of the state board of education in raising the per capita from \$22 to \$22.50 was another step toward bettering the educational facilities of Texas.

Supt. Woods pointed out that increased state assistance to schools, plus more efficient management and improved teaching methods have been largely responsible for Texas being raised to 18th educational rank in the union from the low mark of 36th which it held in 1932.

It is not expected that the educational per capita appropriation will increase state expenditures as a whole, Woods pointed out, since the scholastic population has decreased in some localities.

Happy Howery spent the 4th in Odessa with relatives.

Compares Russia With Our Country

(From the Semi-Weekly Farm News)

Not long ago Mr. Hudson wrote that Communism, or Socialism, would be the remedy for our national ills. I know it would not because in Russia they have Communism, and look at the poor people there. They have no political freedom in Russia. Political liberty as well is dead. All those rights which Americans hold dear, all those political privileges which were fought for and died for by our forefathers—the right to vote, to have free speech, free press, free assembly, trial by jury, the right to petition and other rights guaranteed us in the immortal Bill of Rights, are unheard of in Russia.

And look at the wages they get. About 120,000,000 to 125,000,000 receive little or no wages if they are paid in kind and subsist on black bread. Around ten million are in prison camps.

Autos you cannot buy in Russia. There are 400,000 autos there but they are mostly trucks and cars of government officials. Only 2,000 are privately owned.

Look at food costs in Russia: Steak \$11.5 a pound, butter \$1.82 a pound, eggs \$1.56 per dozen, coffee \$12 a pound. They even have no religious liberty. Communism thrives on hate. They hate God, they hate religion, they hate the dignity of the human personality, they hate love, they hate man's inalienable rights, they hate democracy.

Several years ago when Mr. Robert L. Ripley visited Russia he reported that the mass starvation in that country was not due to crop failure, but to man-made famine. The Soviet Government deliberately caused chaos by robbing the farmers of their grain in order to sell it to foreign countries and acquire foreign currency.

The Soviet Government holds money more valued than the lives of its people. In the meantime, according to Mr. Ripley, the people struggled to subsist on dogs, cats, weeds and grass, even extracting the gold filling from their teeth in order to buy a loaf of bread.

Buena Lyons spent a number of years in Russia. And look what happened when he was leaving. When Mr. Lyons was leaving Russia a Russian friend came in, kissed him warmly on both cheeks and pleaded, "Dear Gene, only one thing I ask of

CAPABLE - TRUSTWORTHY - FEARLESS

Your Vote Solicited FOR

Tom N. Hale FOR Sheriff

A square deal to all... regardless of color, race or financial standing. Tom Hale, present commissioner from precinct No. 4, has served Lynn County well, and is deserving of a promotion. And if elected, he is determined to administer the law fairly, yet economically.

Give Tom Hale a chance—he will not fail you!

(This space paid for by friends who know him and believe him to be the finest material for Sheriff)

you—when you are out in the free world tell the truth about Russia. Tell them what we would tell if we dared."

Mr. Lyons said, "I had the sense to leave behind me a nation trapped, trapped physically with bloodhounds and machine guns and death sentences guarding the frontiers to prevent people from escaping with a passport system.

The Soviet farmers are being paid an average of 3.4c a gallon for their milk by the government. The government reselling it to the public around 30c a gallon. Tea is bought from the peasants for about \$1 a pound, sold for nearly \$10 a pound. The government buys rye at less than 1c a pound, retails it at 7c.

In Russia it requires four months wages to buy a new suit or a pair of shoes. If you believe such conditions

would mean revolution except the ruthless tyranny you will reach deduction shared widely here. You will also understand why Stalin is the only army in the world which is not permitted to have charge of its own ammunition.

Speaking Schedule For Candidates

Speaking schedule for candidates prior to the first primary election according to Chairman President Walker, is as follows: Friday, July 12, open Tuesday, July 16, Petty Monday, July 21, Wilson Tuesday, July 23, O'Donnell Friday, July 26, Tahoka All these meetings will be at 8:00 p. m.

GAS

Turns Houses Into Homes

Home lovers nowadays demand all the comforts and conveniences of modern living.

That's why Gas and Modern Gas Appliances have become so popular.

Gas, because it is clean, economical... up-to-date. Gas Appliances, because they are so good looking and compact... so perfectly suited to the American home of today.

Thus, it is sound business judgment as well as good design to let "GAS Do the Major Housekeeping Jobs" of cooking, water heating, refrigeration, house heating.

Dr. and Mrs. Julian Davis were in Lamesa and Big Spring last Thursday.

Miss Ann Brewer vacationed in Post last Thursday.

STOP AND THINK

Say, boy, stop and think before you take another drink.

Why, you have got to know some-where; she's probably old and gray.

And here you are spending your money by drinking and throwing your life away.

Say, boy, don't go astray.

Just listen to me and go the other way.

Why, I was foolish in my younger days, I listened to others and was led astray.

And I have a mother who was old and gray.

Each night by her bed for me she would pray.

It did no good; I went astray. I paid no attention to what mother would say.

But, now since I am old and gray, I pay attention to what old folks say.—By P.B.

TYPHOID FEVER CONTROL IS OUTSTANDING ACHIEVEMENT

AUSTIN, July 11—The control of typhoid fever in the United States represents an outstanding achievement in preventive medicine. In 1900 the national death rate from this disease was 31.3 per hundred thousand; today, the rate is 1.9. This marked decrease in typhoid deaths is based on knowledge of its cause, how it is spread, and application of control measures. Perhaps at this point, no other disease is more vulnerable to scientific attack than typhoid fever. Indeed, it is no exaggeration to say that from a public health point of view, there should be no typhoid fever," declares Dr. Geo. W. Cox, State Health Officer. However, Dr. Cox pointed out that typhoid, while an unnecessary evil,

was a persistent attacker of Texans. Each year about four hundred Tex-ans die of typhoid, and approxima-tely four thousand are ill. The average duration of illness is about six weeks, which makes typhoid responsible for the loss of 168,000 man days in Texas each year.

Typhoid prevention is a simple procedure. Typhoid vaccine is in-jected under the skin in the upper part of the arm, in three doses, usu-ally at weekly intervals. It ordina-rially protects against the disease from two to three years or longer, although one who is definitely ex-posed to infection should be revac-cinated at more frequent intervals. Typhoid fever can be controlled by the use of pure water, pasteurized milk or clean milk, clean foods, prop-er disposal of sewage, screening a-

gainst flies and destroying their breeding places, by search for and care of human typhoid carriers, and by the general practice of vaccina-tion.

Certain people, apparently healthy, carry the germs of typhoid in their intestines or urinary tract and cause many cases of typhoid each year by insanitary personal habits. They are called typhoid carriers, and many cases of typhoid result from per-sonal contact with these carriers.

In selecting a place for a vaca-tion, choose one where the water and milk supplies are pure. Be sure that the food supply is screened a-against flies. When camping, it is best to boil water used for drink-ing, unless its purity has been certified. Clear, sparkling stream water may be polluted.

**OUT OF STATE GUESTS
HONORED**

Mrs. Sam Singleton of Fresno, California and Mrs. Glenn P. Lee of Marlow, Oklahoma were presented guests prizes at a party given Tuesday by Mrs. Harvie Jordan.

Other guests were members of the Tuesday Bridge Club. Mrs. J. Mack Noble won high score prize and Mrs. Fred Henderson and Mrs. Noble won slam prizes.

A delectable salad course was served at the tea hour.

Others present were Mesdames Bradley, Wells, Hughes, Hoffman, Whitsett, Campbell, Robinson and Miss Thelma Palmer.

Miss Palmer will be hostess next Tuesday.

**MRS. CALDWELL WAS
BRIDGE HOSTESS**

In her home on East Ninth Street, Mrs. Bedford Caldwell was hostess Wednesday to members of the Ac-Hi Club.

Mrs. J. F. Adams won high score prize, Mrs. Geo. Oates second and Mrs. Grant Winston bingo.

A refreshment plate was served at the tea hour to Mesdames Howard, Thompson, Hardberger, Gardenhire, and the above mentioned.

**T. E. L. CLASS
HAD SOCIAL**

Mrs. Ed Goddard was hostess Wednesday to members of the T. E. L. S. S. class.

During the social hour, games and contests were enjoyed.

Refreshment of angel food cake ice cream and frosted cakes were served.

Present were Mesdames Street, McRea, Lambert, James, Fortner, Long, Maxwell, Wright, Preston, Lunsford, Singleton, Kaiser, Ledbetter, Beach and a guest Mrs. Glenn Allen Jr.

A. M. Cade of Tahoka, candidate for assessor-collector was in the City Tuesday.

Dr. and Mrs. J. M. Bubany and Postmaster and Mrs. J. Mack Noble were in Post last Thursday.

Ray Weathers who is a candidate for assessor-collector was a business visitor here Wednesday.

Jess Merrick, candidate for commissioner, Dawson county, was in O'Donnell Wednesday attending the rodeo, and meeting with Dawson voters.

Tom Hale, candidate for sheriff, and who is recuperating from a broken ankle sustained in an accident a few weeks ago, was in O'Donnell Wednesday meeting voters.

H. C. Story of Tahoka, was here Wednesday in the interests of his race for assessor-collector.

Supt. and Mrs. S. F. Johnson are occupying their new home recently remodeled on North Small Street.

Hop Halsey was in O'Donnell Wednesday with his musical organization, which played for the rodeo without charge.

H. M. Snowden, candidate for county judge was in the city Thursday.

**Tenant Farmers
May Buy Farms**

The county office of the farm Security Administration has been notified that Lynn County has been designated to purchase farms under the Bankhead-Jones Farm Tenant Act, according to County Supervisor Wyman J. Welch. Application blanks may be obtained in the county office in the courthouse at Tahoka and should be filed not later than August 15.

Farm tenants, sharecroppers and farm laborers who have established residence in Lynn county are eligible to file applications. Preference will be given to married persons or persons with dependent families who own livestock and equipment necessary to carry on farming operations.

Additional information may be obtained at the county office.

Asks Questions And More Questions; Gets Five Dollar Reward

Lyle Pugh has demonstrated a bulldog tenacity that would do credit to a G-Man--and has made it pay exactly \$5.00 worth.

Several months ago a contest was started by a well-known firm and all the dealers and service station helpers had to do was to spot the mysterious man" which the company was sending out and try to sell him the firm's product.

Pugh not only asked local people but every stranger for the many weary months about their car needs, but no one resembled the mysterious buyer until last week when Lyle hit the jackpot! He was promptly sent a check for \$5.00 and his tenacity praised.

Motorized Unit Attracts Large Tahoka Crowd

TAHOKA, TEXAS, July 11. (Sp.) Several hundred people coming from many parts of Lynn county witnessed the demonstration and heard the program given by a mechanized unit of the 5th cavalry stationed at Fort Clark near Del Rio on the courthouse square here Tuesday afternoon.

The demonstrators and the program were given under the auspices of the Maries G. Bradley Post of the American Legion, with Aubra M. Cade, service officer, acting as master of ceremonies. H. O. Hargett is the post commander and Harry Roddy the post adjutant.

The program consisted of a band concert by the 5th cavalry band of 26 pieces, talks by Lieutenant Ceradine in charge of the detachment, Lieutenant George Coleman of Lubbock recruiting officer, and a patriotic address by District Attorney Trust Smith.

Lieutenant Carradine gave much information respecting America's fighting force, which he declared was the best in the world. Those who have become jittery over our supposed unpreparedness should have taken heart after hearing Lieutenant Carradine's address.

Lieutenant Coleman told of our need for more men in the army, however, and extended an invitation to young men to enlist.

Trust Smith made an inspiring patriotic address that brought enthusiastic cheers; and following this the band played the "Star-Spangled Banner".

Fighting equipment demonstrated by soldiers consisted of two armored scout cars, each having three mounted guns, and equipped with radio sending and receiving sets; motorcycle with mounted machine guns, etc.

Among the guns exhibited and demonstrated was the new Garrard rifle, machine guns, and anti-aircraft guns, blank cartridges being used in making the demonstrations.

The semi-automatic Garrard rifle was declared to be the best and most effective gun in the world for use in the infantry and cavalry. It is available to no other army world except our own.

The machine guns like the most modern and effective ever been devised--anti-aircraft guns have rifles and machine guns passed out among the inspection.

The detachment is visiting.

TEN-PIN LEAGUE NOW SHAPES UP AS 4-PLACE TIE

By failing to get pins when pins were needed, the former bowling leaders, Higginbotham's, slipped still lower in the standing Tuesday night when two games were dropped to the pace-setting Corner Drug five.

The latter team copped one game by chalking up only 705 pins.

The twice-setback sent the building greeters reeling down to a tie with the C-C Dry goods, and a possible tie with the fourth-place Applewhite team, which played Thursday night too late to get results in this paper.

A triple win for the tractor agency would tie them with Higginbotham's.

The C-C aggregation down Wittsett's three straight Monday night through the help of three absent players. Averages of 170, 160 and 160 went across the board.

Employment Man Each Thursday

TAHOKA, TEXAS, July 11. (Sp.) Beginning yesterday, and on every Thursday in the future until further notice, an interviewer from the Lubbock office of the Texas State Employment Service will be on duty in the court house of Lynn county at Tahoka.

This service occurring each Thursday morning between the hours of 9 and 11:30 will be for the purpose of taking claims for unemployment compensation and is mainly meant to serve such claimants as reside in Lynn county, according to L. S. Morgan of Lubbock, senior interviewer, who made the announcement.

THERMOMETER READING HERE HITS 109

It was too hot Wednesday for many people to ask others "is it hot enough for you?"

A reading of 109 in the shade was recorded on one thermometer downtown here, while another was only slightly less, thereby giving O'Donnell a portion of the dubious honor of being "one of the hottest" towns in the state.

A hot, south wind did not alleviate the suffering of the populace.

Rain (something you read that happens further east) is needed in this section within the next few days, so many farmers say, if Lynn county is to have anything like decent crops. The hot winds and sunshine are fast drying out all present moisture.

Wendell Wilkie Gets Around

Wendell Wilkie is still a pretty down-to-earth soul, despite the large honors and stupendous responsibilities heaped upon him by his party at the Philadelphia convention. The Republican candidate for President keeps in close touch with the little people that he has known throughout his meteoric career, and does not hesitate to argue foreign and domestic policy with them. Above, Mrs. W. D. Lewis, an Akron friend, purchases a shirt for her husband while Wilkie, who never buys his own clothes, kibitzes. A few moments later he was explaining to her why he thinks the Government should give England all possible aid short of sending our boys abroad. Below, the G. O. P. candidate is shown dropping in on an Ohio Edison steam crew with which he was once associated and getting into the thick of a discussion of affairs of state, despite the informal atmosphere.

BAPTIST PLAN REVIVAL HERE ON JULY 28

Revival services will begin at the First Baptist church here Sunday, July 28 and will continue through August 11, according to an announcement made today by Rev. J. L. Lunsford, pastor.

The Rev. Lawrence Tutt, pastor of the Rotan church will have charge of the services, while N. E. West of Oklahoma will direct the singing.

An appeal to all the church's members to make their plans now to attend the services was also made by Rev. Mr. Lunsford.

"We are having good crowds each Sunday now, and would be happy to have all those not attending church elsewhere to come and be with us anytime," the pastor here said.

Services next Sunday are: Sunday school, 10 a. m.; morning worship, 11 a. m.; training union, 7:30 p. m.; evening worship, 8:30 p. m.

Walker Wins Golf Tourney

TAHOKA, TEXAS, July 11. (Sp.) Tournament play of the Tahoka Golf Club's recent contests has ended and qualifying scores for a second tournament should be turned in this week or early next week to either Charles Townes or Wynne Collier. Prentice Walker defeated Charles Townes in the championship flight to win highest honors of the tournament. Collier was consolation winner.

In the first flight, James Applewhite of O'Donnell won over Borden Davis 1 up on the 20th.

Two O'Donnell men were in the fourth flight finals, Bedford Caldwell beating out L. E. Robinson.

Forty golfers participated in the tournament.

County Health Nurse Reports On Work During Past Six Months

BY MRS. GLADYS DAVIS
County Nurse

In a survey of health work in Lynn county for the past six months the health nurse wishes to take this opportunity to tell the people of this county just what the work consists of and the progress that has been made in the six months that we have been organized.

Communicable Disease Control

There have been two admissions to the service and four home visits were made to these two cases. The families were taught to protect other members of the house hold from the disease and how to dispose of the waste and linen.

Lectures and talks were made to public gatherings on the control of communicable and venereal diseases.

It was pointed out to several clubs using the importance of future action regarding these diseases. Approximately one thousand people saw these films and heard these lectures.

Maternity Service

There were one hundred and one admissions to this service. Two hundred home visits have been made to these mothers. It has been pointed out to the mother the importance of visiting her physician and arranging for medical and nursing care as early as possible, including institutions in maternity hygiene and infant care, and giving proper instruction in preparation for delivery.

Eight lectures and talks were given with three hundred eighty nine in attendance.

Infant in Pre-School

There were eighty admissions to this service. One hundred ninety home visits were made to these children. Stress has been placed on feeding, medical supervision and immunization.

Interpretation of physician's orders have been given these mothers regarding the problems in relation to feeding. The mothers have been taught the signs and symptoms of communicable diseases and the spread of disease has been prevented through instruction and isolation.

Walker Wins Golf Tourney

TAHOKA, TEXAS, July 11. (Sp.) Tournament play of the Tahoka Golf Club's recent contests has ended and qualifying scores for a second tournament should be turned in this week or early next week to either Charles Townes or Wynne Collier. Prentice Walker defeated Charles Townes in the championship flight to win highest honors of the tournament. Collier was consolation winner.

In the first flight, James Applewhite of O'Donnell won over Borden Davis 1 up on the 20th.

Two O'Donnell men were in the fourth flight finals, Bedford Caldwell beating out L. E. Robinson.

Forty golfers participated in the tournament.

FLAN FISHING TRIP

Mr. and Mrs. Harvey Lane, Mr. and Mrs. Rochelle Pelts and Mr. and Mrs. Clavin Fritz, accompanied by their children, left for a fishing trip at Buchanan Dam Thursday night.

SECOND SECTION SUMMER SCHOOL TO START HERE JULY 15

The second section of the summer school will start here July 15, according to S. F. Johnson, local superintendent of schools.

The sessions are to begin at 8 o'clock.

A party composed of Mary Frances Fowler, Corine Proctor, Nila Rae and Jimmy Ruth Miller and Mr. and Mrs. J. R. Miller were at Buffalo Springs over the 4th.

Mr. and Mrs. Don Edwards and daughter Miss Louise were in Olton Monday the guests of Mr. Edwards' brother.

Judge P. W. Goad, seeking reelection for county Judge, was here Wednesday in connection with his candidacy and while here talked with Rotary Club members relative to the proposed highway west of O'Donnell.

Mr. and Mrs. Chas. Cabool are on a vacation trip to Missouri and other states.

Mrs. J. E. Garland visited here Wednesday.

Precinct 2

DAWSON COUNTY

General Sanitation

Two public Lectures and talks were made on sanitation with two hundred twenty five in attendance. Educational work in sanitation has consisted of the following: 1. Showing need for safe water supply, both public and private. 2. Teaching proper handling of milk. 3. Instructing in danger of disease transmission of flies. 4. Showing need for proper disposal of human waste.

Sanitary inspection of all school buildings have been made by the sanitarian. Also complete sanitary inspection of all tourist camps and eating establishments has been made by him. There has been an inspection of all dairies in the county in an effort to improve the quality of raw milk sold to the consumers.

Cripple Children Service

A number of cripple children have been discovered and we have tried to stress on the parent the importance of having the correction made as early as possible and how they might have benefit of state aid if needed.

General Sanitation

Two public Lectures and talks were made on sanitation with two hundred twenty five in attendance. Educational work in sanitation has consisted of the following: 1. Showing need for safe water supply, both public and private. 2. Teaching proper handling of milk. 3. Instructing in danger of disease transmission of flies. 4. Showing need for proper disposal of human waste.

Sanitary inspection of all school buildings have been made by the sanitarian. Also complete sanitary inspection of all tourist camps and eating establishments has been made by him. THE O'DONNELL PRESS

Published Every Thursday—Forms Close Wednesday Night

Entered at the postoffice at O'Donnell, Texas, as second-class mail matter, under the Act of March 3, 1879.

WILLIAM G. FORGY, Editor and Owner

Devoted to the Best Interests of O'Donnell and Lynn County—One of the best agricultural sections of Texas.

SUBSCRIPTION PRICE—In Lynn and Adjoining Counties \$1.00 per annum; elsewhere \$1.50 per annum. Payable in advance.

In case of error or omission in advertisements the publishers do not hold themselves liable for damages further than the amount received by them for such advertising.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation will be gladly and fully corrected upon being brought to the publishers' attention.

T. L. Price Still In District Race

To the voters of the 16th Judicial District of Texas: The report has been circulated that I have withdrawn from the race for District Attorney due to my recent illness. It is true that I have made a supreme fight for my life to overcome the serious illness which I have had to endure since March of this year, and now it seems that the good Lord has spared me for a purpose, and that in the next few weeks my health will be back to normal. I am glad to say I am improving daily, but my physicians advise no vigorous campaign for another three weeks. Therefore, I call on all my friends to stay with me in the coming Primary and thus give me a last chance to serve you as District Attorney in that same fighting spirit which I have had to put up with my illness. I assure you your loyalty to me will ever be remembered and I feel sure I can make many of you before the Second Primary if you will put me in the run-off.

TOM L. PRICE

Preparedness To Be Observed

Lubbock, July 10.—Saturday, July 13, has been set as South Plains Preparedness Day, according to an

announcement made late last week by A. I. Glassman, Commander of the local American Legion Post at Lubbock.

A huge parade will be held in Lubbock, beginning at 10 a. m. Saturday, through the downtown business section of Lubbock. A special military band will head the parade to be followed by U. S. Army recruits, numerous mechanized units, armored cars, battery equipment, trucks and enlisted personnel. Others participating in the Preparedness Day Parade will be all Veterans of Foreign Wars, Spanish American War Veterans, Boy Scouts, National Guardsmen, ROTC units and others, as well as members of the American Legion.

Plans are under way for a Patriotic Rally to be held immediately following the parade. All military units from South Plains towns are invited to take part in the Preparedness Day program, according to Commander Glassman.

Lynn Receive More School Aid In 1940

AUSTIN, July 10.—Lynn county will receive \$1,528 more from the state this year to operate its schools than it did last year. State Supt. L. A. Woods estimated today. This is based on the assumption that the county will have the same number of

students next year as it had last year.

Supt. Woods said the action of the state board of education in raising the per capita from \$22 to \$22.50 was another step toward bettering the educational facilities of Texas.

Supt. Woods pointed out that increased state assistance to schools, more efficient management and improved teaching methods have been largely responsible for Texas being raised to 18th educational rank in the union from the low mark of 36th which it held in 1932.

It is not expected that the educational per capita appropriation will increase state expenditures as a whole, Woods pointed out, since the scholastic population has decreased in some localities.

Happy Howery spent the 4th in Odessa with relatives.

Political

Shack Blocker attended the double-header baseball game in Lubbock on the 4th.

Compares Russia With Our Country

(From the Semi-Weekly Farm News)

Not long ago Mr. Hudson wrote that Communism, or Socialism, would be the remedy for our national ills. I know it would not because in Russia they have Communism, and look at the poor people there. They have no political freedom in Russia. Political liberty as well is dead. All those rights which Americans hold which were fought for and died for by our forefathers—the right to vote, to have free speech, free press, free assembly, trial by jury, the right to petition and other rights guaranteed us in the immortal Bill of Rights, are unknown in Russia.

And look at the wages they get. About 120,000,000 to 125,000,000 receive little or no wages. They are paid in kind and subsist on black bread. Around ten million are in prison camps.

Autos you cannot buy in Russia. There are 400,000 autos there but they are mostly trucks and cars of government officials. Only 2,000 are privately owned.

Look at food costs in Russia: Steak \$1.15 a pound, butter \$1.82 a pound, eggs \$1.56 per dozen, coffee \$12 a pound. They even have no religious liberty. Communism thrives on hate. They hate God, they hate religion; they hate the dignity of the human personality, they hate love, they hate man's inalienable rights, they hate democracy.

Several years ago when Mr. Robert L. Ripley visited Russia he reported that the mass starvation in that country was not due to crop failure, but to man-made famine. The Soviet Government deliberately caused a famine by robbing the farmers of their grain in order to sell it to foreign countries and acquire foreign currency.

The Soviet Government holds money more valuable than the lives of its people. In the meantime, according to Mr. Ripley, the people struggled to subsist on dogs, cats, weeds and grass, even extracting the gold filling from their teeth in order to buy a loaf of bread.

Eugene Lyons spent a number of years in Russia. And look what happened when he was leaving. When Mr. Lyons was leaving Russia a Russian friend came to him, kissed him warmly on both cheeks and pleaded, "Dear Gene, only one thing I ask of

CAPABLE - TRUSTWORTHY - FEARLESS

Your Vote Solicited FOR

Tom N.

Hale
FOR
Sheriff

A square deal to all... regardless of color, race or financial standing. Tom Hale, present commissioner from precinct No. 4, has served Lynn County well, and is deserving of a promotion. And if elected he is determined to administer the law fairly, yet economically.

Give Tom Hale a chance—he will not fail you (This space paid for by friends who know him and believe him to be of the finest material for Sheriff)

you—when you are out in the free world tell the truth about Russia. Tell them what we would tell if we dared."

Mr. Lyons said, "I had the sense to leave behind me a nation trapped, trapped physically with bloodhounds and machine-guns and death sentences guarding the frontiers to prevent people from escaping with a passport system.

The Soviet farmers are being paid an average of 3.4¢ a gallon for their milk by the government. The government reselling it to the public at around 30¢ a gallon! Tea is bought from the peasants for about 1¢ a pound, sold for nearly \$10 a pound. The government buys rye at less than 1¢ a pound, retails it at 7¢.

In Russia it requires four months wages to buy a new suit or a pair of shoes. If you believe such conditions

would mean revolution except for ruthless tyranny you will reach deduction shared widely here. You will also understand why Stalin is the only army in the world which is not permitted to have charge of own armaments.

Speaking Schedule For Candidates

GAS

Turns Houses Into Homes

Home lovers nowadays demand all the comforts and conveniences of modern living.

That's why Gas and Modern Gas Appliances have become so popular.

Gas, because it is clean, economical... up-to-date. Gas Appliances, because they are so good looking and compact... so perfectly suited to the American home of today.

Thus, it is sound business judgment as well as good design to let "GAS Do the Major Housekeeping Jobs" of cooking, winter heating, refrigeration, house heating.

Mr. and Mrs. J. H. Lawley were in Big Spring the 4th.

Miss Arleta Wilson visited her parents in Jayton on the 4th.

Dr. and Mrs. Julian Davis were in Lamesa and Big Spring last Thursday.

Miss Ann Brewer vacationed in Post last Thursday.

STOP AND THINK

Say, Boy, stop and think before you take another drink.

Why, you have got a mother somewhere; she's probably old and gray.

And here you are spending your money by drinking and throwing your life away.

Say, boy, don't go astray. Just listen to me and go the other way.

Why, I was foolish in my younger days.

I listened to others and was led astray.

And I have a mother who was old and gray.

Each night by her bed for me she would pray.

It did no good; I went astray. I paid no attention to what mother would say.

But, now since I am old and gray, I pay attention to what old folks say.—By P.B.

TYPHOID FEVER CONTROL IS OUTSTANDING ACHIEVEMENT

AUSTIN, July 11—The control of typhoid fever in the United States represents an outstanding achievement in preventive medicine. In 1900 the national death rate from this disease was 313 per hundred thousand; today, the rate is 1.9. This marked decrease in typhoid deaths is based on knowledge of its cause, how it is spread, and application of control measures. Perhaps at this time, no other disease is more vulnerable to scientific attack than typhoid fever. "Indeed, it is no exaggeration to say that from a public health point of view, there should be no typhoid fever," declares Dr. Geo. W. Cox, State Health Officer. However, Dr. Cox pointed out that typhoid, while an unnecessary evil, is a persistent attacker of Texans. Each year about four hundred Texans die of typhoid, and approximately four thousand are ill. The average duration of illness is about six weeks, which makes typhoid responsible for the loss of 168,000 man days in Texas each year.

Typhoid prevention is a simple procedure. Typhoid vaccine is injected under the skin in the upper part of the arm, in three doses, usually at weekly intervals. It ordinarily protects against the disease from two to three years or longer, although one who is definitely exposed to infection should be revaccinated at more frequent intervals.

Typhoid fever can be controlled by the use of pure water, pasteurized milk or clean milk, clean foods, proper disposal of sewage, screening a

gainst flies and destroying their breeding places, by search for and care of human typhoid carriers, and by the general practice of vaccination.

Certain people, apparently healthy, carry the germs of typhoid in their intestines or urinary tract and cause many cases of typhoid each year by insanitary personal habits. They are called typhoid carriers, and many cases of typhoid result from personal contact with these carriers.

In selecting a place for a vacation, choose one where the water and milk supplies are pure. Be sure that the food supply is screened against flies. When camping, it is best to boil water used for drinking, unless its purity has been certified. Clear, sparkling stream water may be polluted.

Hop Halsey was in O'Donnell Wednesday with his musical organization, which played for the rodeo without charge.

H. M. Snowden, candidate for county judge was in the city Thursday.

Tenant Farmers May Buy Farms

The county office of the farm Security Administration has been notified that Lynn County has been redesignated to purchase farms under the Bankhead-Jones Farm Tenant Act according to County Supervisor Wyman J. Welch. Application blanks may be obtained in the county office in the courthouse at Tahoka and should be filed not later than August 15. Farm tenants, sharecroppers and farm laborers who have established residence in Lynn county are eligible to file applications. Preference will be given to married persons or persons with dependent families who own livestock and equipment necessary to carry on farming operations. Additional information may be obtained at the county office.
