### CARE URGED WITH SPRAYS

With spring house cleaning and the anti-moth battle under way, housewives all over Texas have been using inscticide sprays. Because most of these are poisonous and some are inflammable, special precautions noted on the labels should

be observed. Common sense safety rules in-clude protection of food, dishes. silver ware and cooking utensils from moth, mesquito or fly sprays. If you spill concentrated insecticide solutions on yourself, wash off im mediately with soap and water.

Don't expose yourself or members of your family unnecessarily to insecticide dust or spray mists. Provide extra ventilation by opening doors and windows when extensive jobs are being done.

Care should be taken not to spray liquid insecticides into elec-trical outlets or on exposed electrical connections because of danger of short circuits. Don't apply oil base sprays near fire, flame sparks and don't smoke while ap-

plying them. Special precautions should be taken to store insecticides where children will not be able to reach them. Never put into a kitchen cup board where they might be mistaken for food.

#### All Pavement To Be Re-Surfaced

Mayor L. J. Hash this week said that Kerr and Middleton Paving Co. were moving in their equipment and preparing to re-top the City's expense all the existing city pavement; also 8 new blocks will be paved with the city paying for intersections.

Blocks proposed for paving are: blocks on 8th running east of Rex Theatre.

1 block running north from the Rex Theatre. 2 blocks on 6th st. running east

from Jeff Shook residence. 1 block running east and west facing the south entrance of the new grade school building.

1 block running north and south from corner of Forbes residence run ning north to Blocker residence. 1 other block pretty well assured

The above is subject to revision. Mr. Hash said that there was time for additional blocks to be worked up for paving and interest-ed parties should see him immediately. Because of the prevailing drought and resulting economic conditions, Mayor Hash said that no person would be urged unduely to pave. Paving a \$2.15 a running foot. Mr. Hash also said the paving contractors would correct points in paving made s years ago when paving the streets.

Mrs. J. V. Burdett was hosters to the Thursday Bridge Club last week. Mrs. Harvey Jordan won high score, Mrs. L. L. Birdwell won second high, Mrs. J. T. ## World's Greatest Potato Race

That's the 2200-mile dash on the Santa Fe with 1,350,000,000 potatoes

Somebody east said, "Pass the potatoes!"

Out in California, the fertile San Joaquin Valley heard them. And look what happened. Santa Fe started moving 14,000 to 15,000 carloads of potatoes to hungry markets all over the Midwest and East. 36,000 to 40,000 pounds to a carload. As high as 550 carloads per day at peak of harvest. That's more than 1,350,000,000 potatoes. And that's a lot of spuds.

Bag 'em. Load 'em. Roll 'em. And huetle. Somebody east said, "Pass the potatoes!"

From America's largest fleet of refrigerator ars owned by an individual railroad, these yellow

Santa Fe

Santa Fe "reefers" are dispatched to the "Potato Capital of the West."

There the cars are cleaned, checked, loaded, switched. And iced fast (a car a minute, if you please). These potatoes can't wait!

In servicing the cars as they speed east, new icing docks at Bakersfield and Needles, Calif., Belen, N. Mex., Waynoka, Okla. and Kansas City work the clock around. Electronically-controlled "hump" yards speed the switching.

#### SANTA FE PRECISION—SANTA FE SPEED

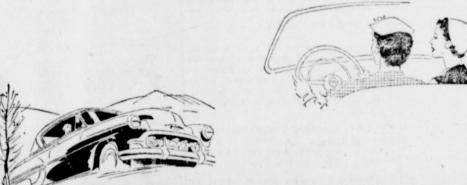

On-time delivery calls for full-time precision to keep these schedules "on the advertised."

After the potatoes come the wheat...citrus fruits...grapes...melons...and green vegetables all year long—flooding east from Santa Fe country to you. Everything from avocados to zucchini.

It costs Santa Fe millions of dollars to serve you so—and provide you with Super Chiefs, too! But we're proud to say they are earned dollars. Not one penny comes from the taxes you pay.

for the driving YOU do!

This year's Chevrolet brings you the most important gain in economy in Chevrolet history. And it's the kind of everyday economy that saves you money wherever and however you drive!

Inch along through heavy traffic. Roll up the miles in steady highway cruising. Long trips or short errands, byroads or boulevards, you get far more miles per gallon in this great new Chevrolet.

New high-compression power is the reason. Both the new 115-h.p. "Blue-Flame" engine in Powerglide\* models—and the advanced 108-h.p. "Thrift-King" engine in gearshift models—deliver more power on less gasoline. Acceleration and hill-climbing ability are greater, fuel consumption is lower!

This is the kind of economy that counts the most-important gasoline savings for the driving you do, together with lower over-all costs of upkeep. And along with it, you enjoy all the other advantages that only the new Chevrolet offers you. Come in and see for yourself!

BOYD SMITH, OWNER

DE MOLAYS MEET

Saturday June 13th at 2 p. m. there will be an initation of several boys into the Order of DeMolay at the Masonic hall in Lamesa. Local boys as well as others will receive the degrees. All Master Masons are invited.

The Conclave will be held in Lubbock June 19 thru 21. There will be a parade and the Lamesa chapter will enter a float.

Homer Vaughn placed first in bowling and second in tennis at the recent Midland meeting and several others placed second and third. Those attending the meeting Monday nite were Nolan Porterfield, Carl Jones, Edmund Hobdy, Dell Wells, Valcee Cox, Bobby Poteet, Avery Doss and Chas.

LOCAL BOY MAKES GOOD AT TEXAS A. AND M.

Carroll Pearson, son of Mr and Mrs. John Pearson, is doing outstanding work at Texas A. and M. College. Carroll graduated from O'Donnell High School in May of 1950. He is majoring in animal husbandry. Much of his time is taken up by school work but he still has time to work at the Cotton Section of the Texas Agri. Experiment station which helps toward paying his expenses. He is in the Transportation Corps of ROTC and has been promoted to rank of Lt. Colonel on Corps Staff. He is a distinguished student in that his grade point average is 2.5 for the last 2 semesters and he has made a B average for the 3 years that he has attended A. and M. He is a member of Saddle and Sirloin Club, an organization of A. H. students. Member of Alpha Zeta, a national agricultural honor society, member of Panhandle A. and M. Club. He will leave for Ft. Eustis, Virginia June 10 for a 6 weeks camp with Transportation Corps.

Beef producers can put extra pounds on their calves, faster and more efficiently, by creep feeding. Creep feeding also lessens the drain on the mother cows and gives them a chance to more fully utilize the good range growth for getting back into op condition.

Tom Brewer attended a meeting of the Canadian River District at Lubbock Monday. He said that O'Donnell would have a member on the Board of Directors to be appointed by City Council.
