While Walter Winchell is on temporary active duty with the U. S. navy his column is being conducted by guest columnist. This week's column is written:

By KATE SMITH
'We're All Americans'

As a singer and commentator I have had my say via radio to millions of Americans both at home and abroad. From time to time I receive gracious invitations from editors to express myself as a reporter on topics of the day. I always welcome such opportunities and more so now, for I feel that not enough is being said on behalf of America for Americans.

Not so long ago I introduced a new song of America titled "We're All Americans" which your editor thought should be the title of this column. The lyrics of this song which I made recently for Columbia Records, reads:

*We're all Americans,
We're proud to bear the name;
Our nation's fathers wove a flag
By the light of freedom's flame.
Now waving bravely overhead,
It tells us what to do;
We're all Americans,
All true blue.

It is that flag which gave us our birthright. It is that spirit which gave us our courage. It is that freedom which made our land a great democracy. It is that something—faith perhaps—which is found in the following stories:

Youthful America

I'm thinking of a child, a little girl of 11. An average American girl, her name is Mary Esther Wheatley, from Hamburg, N. Y. . . . Mary's daddy was an aviator. His was a hazardous job for he flew the untried planes. . . . he was a test pilot. Making aviation safe for America was his vocation. One day, not long ago, he made his last flight for his ship crashed in San Diego bay. The heaviest heart in the world was Mary's, but slowly she recaptured the faith which had always made her brave and understanding. She wrote the following lines:

They say my father died . . . he did not die,
Why just tonight I heard him fly—
above my roof . . .
They say he folded his wings at sea
but daddy would have
wanted me
To doubt these things. You can't
fold wings
That for a lifetime have been spread
to fly above a first child's
head!

Tonight when all the world is still,
I'll lean upon my window sill,
And listen for you, Daddy Bill,
And though the whole world fails
to note
A fast-approaching dying boat,
with ghostly motors in his throat,
I'll hear it come, and I shall be
Proud . . . proud that you flew east
to me . . .
On wings . . . that no one else
can see!

Americans at Home

Everyone is talking these days about our national defense effort; and hundreds of thousands of loyal Americans are figuring out ways, great and small, to help. Knoxville, Tenn. . . . has figured out one that seems to be a very substantial contribution. For several years, Knoxville was the first major city in the Tennessee valley to use electricity generated by the TVA. But now, instead of an unlimited use of electric lighting, the city has resorted again to flickering oil lights.

The Aluminum company's plants at Alcoa need all the power they can get. It is TVA power. Since somebody has to conserve it, Knoxville has taken the lead in setting an example. Merchants are turning off their window display lights and signs at night. One store in the downtown section substituted oil lanterns in its display windows; and strung them around the store's marquee. A florist has resorted to candles to light his windows. A cafeteria also uses candles to light the restaurant for its Family Night.

Under the impetus of these public demonstrations of power savings, more and more ideas for curtailing power have been originated. A 25 per cent curtailment of consumption is the goal.

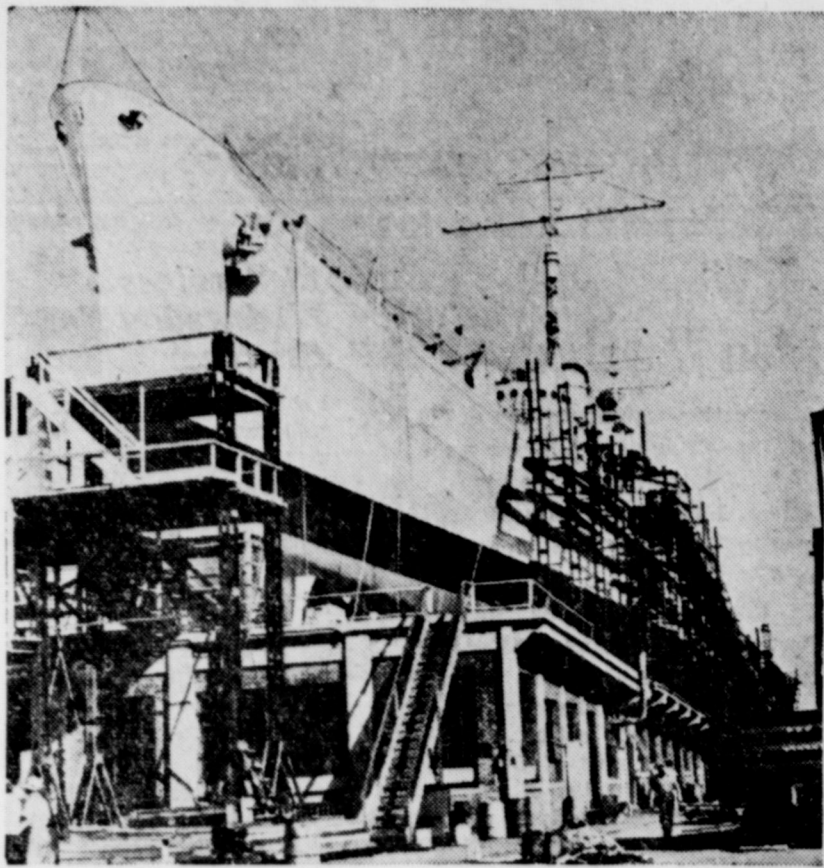

A Foreigner Abroad in America

Last month hearts of all Americans were touched with great sorrow at the passing of Ignace Jan Paderewski. A magnificent pianist, a supreme master of music, his technical skill was enhanced by his warm personality and generous nature.

Polish by birth and loyally working all his life for that land he loved, still Paderewski was an internationalist . . . a citizen of the world. Even when he was ill and weak, even when he no longer played the beautiful music that has delighted millions through the years, he gave his remaining strength toward the rehabilitation of his countrymen. Always he was a leader among men. And yet he was a simple man . . . speaking a simple language.

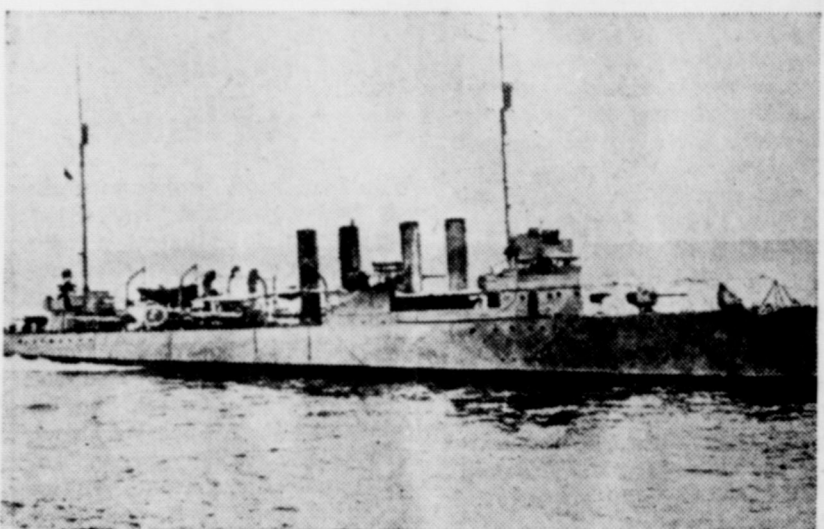

It is fitting that we here in America honor this man.

U. S. Cruiser Prepared for Launching

The U.S.S. Atlanta is prepared for launching at Federal Shipbuilding yards at Kearny, N. J. Launching was postponed because of recent strike at the yards, but work was completed under navy supervision after the navy took over the yards. The Atlanta is a 6,000-ton cruiser, with a designed speed of more than 38 knots.

Sister Ship of Attacked U. S. Destroyer

The U.S.S. Roper, shown above, is a sister ship of the U.S.S. Greer, which was attacked by a submarine of unidentified nationality while en route to Iceland with mail. The destroyer escaped the submarine's torpedoes and dropped a depth charge, according to an announcement released by the navy department. The destroyer was not damaged.

Nazis Kept on the Alert

Guerilla warfare is admittedly a thorn in the side of Germany's invading army. Top photo shows German troops in a village watching the windows of the houses in an effort to catch snipers. At bottom, German troops have dropped to the side of the road to flank an enemy patrol after learning the patrol was headed towards them.

Quick on the Trigger

The motorcycle scout shown in this photo demonstrates how he would act if an "enemy" plane attacked the truckload of supplies he was escorting during third maneuvers at Camp Polk, La. The soldier quickly dismounted and set his automatic rifle into play against the plane.

Reunion in America

Back with his mother, after four years in Norway, is Johan Lie-Nielsen of Boston, six, who made the trip tagged like a piece of baggage. Johan's mother couldn't understand her son as he speaks no English, and she no Norwegian.

Confers With Hull

Admiral Kichisaburo Normura, Japanese envoy, after conference with Secretary of State Hull. Both Normura and the secretary refused to divulge the nature of their conference, but Hull said it had reference to all relations between the two countries.

Attorney General

President Roosevelt has named Solicitor General Francis Biddle (above) as attorney general, to succeed Robert H. Jackson, now associate justice of the Supreme court.

A Kiss It Was!
There was a sudden screaming of brakes as the sports car skidded around the corner, struck a lamppost, careened across the pavement, turned back into the road, bumped into three cars, narrowly escaped knocking down a policeman, hit a wall, and finally came to a stop.
A breathless girl climbed out of the car, followed by an equally breathless young man. "Darling," he said, rapturously, "that's what I call a kiss!"

Pre-Staffed
They were just married and she had cooked her first chicken.
When he was about to carve it, he asked: "What did you stuff it with, dear?"
"It didn't require stuffing, darling," she replied. "It wasn't hollow."

Unnatural
Doctor—What is your profession?
Patient (pompously)—I'm a gentleman.
"Well, we'll have to try something else. It doesn't seem to agree with you."

According to a historical note the saxophone, or an instrument like it, was known in ancient Egypt. And the Israelites fled into the wilderness.

Cutting Reply
"Your hair needs cutting badly, sir."
"No it doesn't; it needs cutting well. You cut it badly last time."

Later Acquaintance
The hempecked husband was bemoaning his lot.
"But," said his friend, "I knew your wife Gertrude as a child—she was just 'Gert' to me!"
"Well," came the answer, "she's just 'rude' to me!"

YOU BUY INOCULATION ON FAITH

Field tests have shown a big difference in the quality of inoculator brands on the market. You cannot see the legume bacteria you purchase. Immediate demonstration is impossible. What is the reputation and experience behind the inoculation you buy?
● NITRAGIN is the ORIGINAL LEGUME INOCULATOR, having served the farmers for over forty years. It was a GOLD MEDAL at the World's Fair, St. Louis, 1904.
● NITRAGIN is made in the most complete and modern laboratory of its kind in the world.
● NITRAGIN is the leader in its field by a big margin. NITRAGIN demand in the South has rapidly increased year after year. During the fall of 1940 the Southern shipments of NITRAGIN were for more than 45 million pounds of VETCH and WINTER PEAS. This large demand is due to many field tests carried on year after year. We prove by these tests that NITRAGIN is a good product.

Royal Dutch East Indies Mountain Artillery Crossing a Stream

SINCE the invasion of the Netherlands in May, 1940, the Government of the Dutch East Indies has worked ceaselessly to strengthen the islands' defenses against the day when they may be called upon to withstand the first shock of a general Pacific war. The standing Army has been enlarged to some 150,000 well-trained and well-equipped troops, part of them fully motorized. It will soon be expanded still further as the result of a

"Native Militia Bill", passed by the People's Council on July 11. The air arm, too, has been strengthened since 1940 and is now composed of some 500 bombers and fighters, mostly of American origin. These include such proven models as the famous Glenn Martin bombers, with a range of 1800 miles, and several sister craft of the American-built Catalina Flying Boat which helped locate the Bismarck last May. Both types are

well adapted to the needs of the far-flung island empire, whose distances greatly exceed those of most European and Near Eastern battle fields. On its own ground, using every advantage which the familiar terrain offers it, this compact little army and its sturdy Dutch and native soldiers could certainly give a good account of themselves and could make any attempted invasion of their islands a costly enterprise.

B-P W CLUB SPONSOR REVIEW OF BOOK

TAHOKA, Sept. 11 (Special) — The Business & Professional Women's club is sponsoring a book review to be given by Mrs. Lenore M. Tunnell Monday night in the high school auditorium here.

The book to be reviewed by Mrs. Tunnell is "Keys to the Kingdom", written by the noted author A. J. Cronin, who wrote such other well known books as "Citadel", "The Hatter's Castle", "The Stars Went Down", and "Three Loves". Mrs. Tunnell has been in much demand recently as a book reviewer, and the B. & P. W. club assures the public that they will be given a treat in this Review.

Admission charges: ten cents for school children, twenty-five cents for adults.

Around OUR PLACE by Fred Gyp Son

Pecos Turner was swapping bird-dog talk with Herman Grote, the cleaner, the other day when in came Parson Smith, wanting to know if Herman could clean and press his wife's dinner dress.

"Sure," Herman told him. "Want me to send out to the house for it?" "Oh, no," said the Parson. "I've got it with me."

And he reached in his hip pocket and pulled out the dress.

All of which brought on the following discourse on fashions by Pecos:

"It's a caution how times change. Back yonder in my day a man was sure gambling when he set out to woman. He never knowed for certain a gal had legs till he married her. The yards of garments she's wearing, he can't tell. What she's got on would overdress a ballroom today.

"Nowadays, it's different. Bobbed hair, short skirts, low front and back—every rag she's wearing wouldn't pad a crutch. And if a young buck ain't satisfied that all the cards are face-up on the table, he can carry her to the seashore and dunk her in the water in a one-piece bathing suit, and every scar, wart and pimple will stand out. All he's got to do now is find out what brand of beer she drinks.

"Used to, I thought women was delicate critters, and it was men what could take punishment, but I'm wrong. Come winter, and a gal wears fox fur, but her brisquet's bared to the weather and the only break to the cold on her legs is a

pair of fish-net stockings. All she's got on wouldn't warm a wet pup. "But you don't hear her teeth rattling or see her slapping her hands or stomping her feet. If she's cold nobody knows is. Turn a man out in the weather as shy of clothes as that and you could 'comb Texas and half of Chicago and not find doctors enough to fight off his pneumonia.

"No sir, give a woman her vanity case, and she can go further than a man with a Sharpe's rifle and a

Six-County Meet To Be Held Here

TAHOKA, Sept. 11 (Special) — County Agent Don Turner and Home Demonstration Agent Miss Maurine McNatt are planning for a large attendance on the part of Lynn county farmers and housewives when the six-county Food and Feed program is given here on September 22, in the American Legion Hall.

The county agents, county home demonstration agents, the members of the Food and Feed committees, and the Land Use Planning committees of Lynn, Garza, Crosby, Dawson, Borden, and Scurry counties and all others who may be interested are expected to be here on that day to hear discussions by specialists from the Texas A. & M. College on Food and Feed for Dairy and Beef Animals and for Poultry

and the proper care to be given dairy and poultry products.

Home Economists will also be present to discuss how these products may be used in the diet.

Foods for the demonstrations will be furnished by the Home Demonstration club women of Lynn county.

This meeting is being sponsored by the Extension Department of the Texas A. & M. College, assisted by the Farm Security Administration. The program will begin at 9:30 o'clock in the morning and will close at 4:30 in the afternoon, Monday, September 22.

All the farmers and farm women and H. D. club women of Lynn county are urgently invited to attend.

Every family or individual is expected to bring their own lunch. It is believed that all who attend will find the day well spent.

FROM KANSAS CITY

Mrs. Harry Clemage and daughter of Kansas City, Mo., arrived in Lubbock Tuesday. The young lady has enrolled at Tec, and Mrs. Clemage has assumed duties at the local store owned by her husband.

Mrs. Noble Price and son John V. and Luther Key of Lamesa and Mr. and Mrs. Cecil Key of Waco visited briefly with Mrs. J. Mack Noble Wednesday.

Mr. and Mrs. Ben Moore Jr. have moved into their home north of the Ben Moore Sr. home. They have resided at the Chemical Plant for the past three months.

THE TRUTH SIMPLY TOLD

Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of their value. And favorable public opinion supports that of the physician who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and worry it causes. If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed. Burning, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging backaches, persistent headaches, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out. Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!

Baptists To Meet In Tahoka

With favorable weather conditions 300 or 400 visitors are expected to be here on Tuesday and Wednesday of next week attending the meetings of the Brownfield Baptist Association to be held in the Tahoka Baptist Church.

Messengers are expected to be here from each of the more than thirty churches in the bounds of the association, which covers three entire counties and a large part of two others.

The church in the association with the largest membership is the First Baptist Church of Brownfield. Other strong churches in the association are those at Tahoka, Seagraves, O'Donnell, Wilson, New Home, Meadow, Ropesville, Denver City, Central, and Wells.

The Association is scheduled to open Tuesday morning at 10 o'clock with a devotional service, followed by the seating of messengers and other items of business; and Rev. W. H. Jackson of Wilson will preach the annual sermon at 11:30.

The afternoon will be devoted to business matters and discussion of denominational causes, while a Brotherhood program will be given in the evening, beginning at 7:15 and closing at 8:30 followed by a

Young People's program from 8:30 to 9:30.

The session Wednesday morning will open at 9:00 o'clock, when various reports, resolutions, and other matters of business will be presented and considered, with a sermon by Rev. Ted Brian at 11:20 a. m.

After luncheon, the business meeting will be conducted and the closing sermon will be delivered at 3:15 by the local pastor, Rev. George A. Dale.

Mentioned on the programs of the association in one capacity or another, we note the following Lynn county Baptists: Rev. W. H. Jackson, pastor of the Wilson Church; Rev. George A. Dale, pastor of the Tahoka Church; Rev. Lynn Lemon, pastor of the Grassland Church; Rev. Ted Brian, pastor of the Redwine Church; John Heck of Wilson; Miss Clara May of Wilson; Melvin Ratheal, educational director, Tahoka; and others well known in this county.

Lynn county residents listed on committees include the following: Rev. W. H. Jackson, Mrs. Garland Pennington, Rev. Geo. A. Dale, Miss Clara May, Mrs. Henry Heck, Rev. Lynn Lemon, Melvin Ratheal, Rev. W. P. Brian, and Rev. Earl McManis.

Tahoka Bulldogs Open 1941 Season In Lamesa Tonight

TAHOKA, Sept. 11 (Special) — Coach Leo Jackson's Class A Tahoka High School Bulldogs meet the Class AA Lamesa Tornados on McCollum Field, Lamesa, under the lights tonight at 8 o'clock in the first football game of the season for each team.

The band, pep squad, and many fans will follow the team to Lamesa for the game.

Though no one expects Tahoka to whip the strong Class AA outfit, those who see the game may be due a surprise, as was the case last year when Lamesa was glad to eke out a win over the surprisingly strong Bulldogs.
