542 front fender underskirts Jet-smooth ride

HERE'S WHERE YOU GET THE GOOD WORD ABOUT THE '62 JET-SMOOTH CHEVROLET

Jet-smooth ride, n. 1. The cloud-9 feeling of comfort that people in Chevrolets enjoy wherever they go. 2. A supple Full Coil spring flexing at each wheel of a Chevrolet to absorb road shock. These are teamed with over 700 noise and vibration filters throughout the automobile to help eliminate the noise and vibration ordinarily transmitted by metal-to-metal contact. The total effect is a ride of supreme quiet and smoothness. 3. The reason why so many Chevroletowning families leave home ever so happily. 4. A habitforming pleasure for which

new V8-skedaddle, n. 1. The result of touching an accelerator that's linked to one of Chevrolet's new V8 engines (also known as 'six-skedaddle" when engine is Chevrolet's trusty 135-hp. Six). 2. The moving power of Chevrolet's 1962 V8 engines. There are five of them, ranging from a standard 170-hp. version up to an optional-at-extracost 409-hp. powerhouse.

Body by Fisher craftsmanship, n. 1. The closest that a body manufacturer has come to the care and skill

of the jewelry maker. 2. The art and science of forming metal into the strong, solid body structure of the 1962 Chevrolet. 3. Something you won't find in any other car in Chev-rolet's field.

deep-well trunk, n. 1. The giant warehouse built into the rear of a 1962 Chevrolet. 2. A trunk that loads at the bumper level and has a capacity of 29.7 cubic feet. It is built with an extradeep recession in its floor so that it can easily accept odd-shaped outsize objects.

comfort-high seats, n. Thought by many to be the most comfortable things to happen to the bottom side of the human lap since dad's overstuffed armchair.

front fender underskirts, n. 1. Sturdy steel linings that are under the front fenders of 1962 Chevrolets to add extra protection against flying stones, mud, slush, road salt and that old bugaboo, corrosion. 2. One of many ways the Chevrolet is built to stay beautiful.

rich new interiors

rich new interiors, n. One of the principal reasons why people step into the 1962 Chevrolets and promptly feel luxurious all over. One-Stop Shopping Center,

n. 1. Where people go to get the most car for their money and get exactly the kind of car they want. 2. A concentration point for the 33 cars Chevrolet offers for 1962. These come in three lines: The

elegant new Jet-smooth Chevrolet, the new-size CHEVROLET Chevy II, the sporty

new Corvair, and the new Corvette, with new refinements, new V8 power. 3. Where '62 values are way up but prices are the same-or less-on comparably equipped models.

4. The place where you

enter a new world of worth in automobiles. 5. Where most Americans go for a pleasant, instant cure the moment the new-car bug bites them.

Texans, this Thanksgiving have much to be thankful for in the of personal health and health way of personal health and health of our communities. Increased standards of living and improved hospital facilities have given our infants a better chance of survival, children and adolescents a heal-er, happy life and our grownups ger life and usefulness.

Figures revealed by State Health Department show what strids have been made toward keeping our population alive and healthy. A few developments for which we uld be partilularly thankful are: Nearly one haif million normal galthy bables were born to Texas arents during the two year period een Sept. 1, 1958 and August 1960. This adds up to an aver-682 babies born each day.

Only 151,000 Texans died during the same period, a ratio of more than three births to every death.

The excess of births over deaths The excess of births over deaths during the two year period added some 347,000 to the State's population. That increase combined with newcomers now making their home in Texas swelled the population to 9.5 million. During the last 25 years deaths during the first year of life have dropped from 71 per thousand to less than 29 per thousand. And maternal deaths have dropped from 6.9 per thousand to a ratio of 0.3 per thousand.

"C" Is for Cookie-Bar

"C" STANDS FOR CHRISTMAS . . . and for cookies, and, maybe that's the reason that the two are inseparable! At any rate, these Fruit-Coconut Cookie-Bars will make good eating at holiday time, and excellent gifts as well.

FRUIT-COCONUT COOKIE-BARS

- 1/2 cup butter or other shortening
- 2 eggs, unbeaten 14 cup milk
- 11/2 cups sifted flour 11/2 teaspoons double-acting
- baking powder 14 teaspoon salt

Have shortening, eggs, and milk at room temperature. Sift flour once, measure, add baking powder, salt, and sugar, and sift again into mixing bowl. Add shortening, eggs, 2 tablespoons of the milk, and vanilla. Beat 2 minutes. Add remaining milk, 1 cup coconut, fruits, and nuts. Beat 1/2 minute longer. Chill 2 hours. Spread chilled mixture in two greased 8x8x2-inch pans. Bake in moderate oven (375°F.) 20 to 25 minutes. Cool. Spread with frosting and sprinkle at once with remaining flaked coconut. Cut in 21/2x1-inch bars. Makes

Ring In the New Year

LOOKING FOR SOMETHING new to serve for special occa-sions? Here's a Marbled Pudding Ring—made with 2 flavors of pudding-that looks complicated but is actually not hard to make. This dessert, to be served with whipped cream or sauce, will be a welcome change for late winter menus. It's just right for a group of six to eight.

MARBLED PUDDING RING

1 package chocolate mint 31/2 cups milk 1 package vanilla pudding pudding and pie filling mix and pie filling mix

Combine chocolate mint pudding mix and 1% cups milk in saucepan. Cook and stir over medium heat until mixture comes to a full boll. Remove from heat. Repeat, using the vanilla pudding mixture comes to a full boll.

ding mix and remaining 1% cups milk.

Lightly butter a 1-quart ring mold. Place large spoonfuls of each hot pudding in mold, alternating vanilla and chocolate mixtures. Then cut through puddings once with a spatula to give marbled effect. Chill until firm. Unmold on serving plate. Serve with whipped cream. Makes 6 to 8 servings

BUCK ELLIS, OWNER

SEAT BELTS SAVE LIVES

In the early days of barnstorming flying circuses, the daredevil wing-walkers, stunt flyers and especially those who specialized in crashing old airplanes into abandoned buildings appeared to be reckless, death defying idiots to most on-lookers. The fact of the matter is they took careful precautions to prevent accidents and made lengthy advanced preparations for the more hazardous stunts.

The safeguard generally regarded as a must -- and still universally maintained today --- was seatbelts, fastened securely to the framework of the aircraft and buckled thruout the flight. It is reasonable to assume that a pilot who survives an intent-ional crash into a building with the use of seat belts would protect himself from the possible serious in-juries or death from an accident involving an automobile.

To a large extent this is true. Automobile seatbelts first began appearing in large numbers of passenger vehicles several years ago as a direct result of pilots, race drivers and others acquainted with their value Today it is a recogniz-ed fact, based on hundreds of accident reports, elaborate, controlled tests and reports from various state highway departments across the country that seatbelts are de-finite lifesavers in automobile accidents. One comprehensive study which evaluated reports of parallel accidents of cars with anr without seatbelts -- indicated that the chances of escaping death in a traffic accident were improved by the use of seat belts.

A Step in Time

'TWAS long after Christ-mas, and all through the house the floors were covered with fallen greens and broken ornaments. In grandma's day, traces could be found a year later, but not so today. "Do not allow these sharp needles and glass to be ground into your rug," says Singer, who have just introduced their new Roll-A-Magic canister vacuum, with extra capacity disposable dust bag to cope with just such problems. "Each thorough cleaning assures longer life for rugs.'

SAMPLE A NEW guest... '62 CHEVROLET

Come in and drive any (or all three) of these new cars for '62

62 CHEVROLET If you've a yen for room, refinement and riding comfort (at a price that takes the high cost

out of feeling luxurious), take a guest drive in this one. You'll see why this is all the car any-

one could reasonably want. That head-in-the-clouds Jetsmooth ride. The power choices up to a pulse-racing 409 h.p.* The whopping deep-well trunk. Fact is, the more you get to know this built-for-keeps beauty, the more you'll find to like.

NEW CHEVY II and you'll discover just how dapper dependability can be. Here's a brand-new line of cars, sensibly designed to save you money on service, maintenance and operation. The ride is wonderfully gentle and precise, thanks to new Mono-Plate rear springs. Roominess, for people and stuff, is remarkable. Discover all the happy details for yourself-at your Chevrolet dealer's.

'62 CORVAIR Here's a fleet-footed blend of sports car spirit and thrifty prac-

ticality. Along with some neat new refinements, Corvair's rally-proved four-wheel independent suspension, rear-engine design and tenacious traction are all back, as rarin' to go as ever. If you haven't had a go in Corvair, your Chevrolet dealer's the man to correct that oversight.
