SCOUTING

the American Way

BOY SCOUT WEEK
February 8-14

When the Boy Scouts of America celebrates its 30th birthday on Thursday, February 8, all of the 1,239,000 Scouts, Cubs, Scouts leaders will re-dedicate themselves to the service motif which has characterized the Movement for three decades. Scouting offers a venture, fun and achievement—attractive to all boys—through the democratic life of the Scout Troop and Patrol, as essential ingredients in his character-influencing program for the boys of America. Drawing on the rich experience of the Movement, local and national Scout leaders anticipate the opportunity to serve more boys annually.

WORK TO START IMMEDIATELY

IN NEW OFFICES FOR COUNTY AGENT AND AAA FARM PROGRAM

PERCENT INCREASE

IN FREIGHT

Case I railroads on January 1, had 37,090 new freight cars on order, the largest number on any responding date since January 1, 1938. The Association of American Roads announced today.

New freight cars on order on January 1, 1938 were 7,978 on order. Freight cars on order at the beginning of this year including coal, box, 15,143; refrigerator, 500 & 450; stock, 88; and miscellaneous, 240.

New freight cars put in service in 1939, totaled 24,527, an increase of 11 compared with 1938, but a decrease of 50,530 cars compared with 1937. New freight cars installed in 1939 in 1939 included 12,275 box, 10,927 coal cars, 772 flat cars, 137 stock cars, 137 refrigerator cars, and 83 miscellaneous cars. Of the total number installed 6,407 were in railroad shops.

The Santa Fe System carloading in the week ending January 20, 1939, were 16,661 as compared with 17,771 for the same week in 1938, better from connections were 5,500 as compared with 4,830 for the same week in 1938. Total cars moved were 22,046 as compared with 20,607 for the same week in 1938. The Santa Fe handled a total of 1,097 cars during the preceding week of this year.

New From Mexico Mrs. Embury Wall of Elida, New Mexico was through the city Tuesday en route to San Antonio, where she stopped for a brief visit with her cousin Mrs. William O. Forgy.

HURRIED CHECK

REVEALS 1938 TOTAL BEATEN

Given a "last minute" rush Tax Collector Aubra Cade breathed easier Thursday after handling over 700 applications for poll tax receipts Wednesday.

No official check of the number paid could be made late Thursday, but after checking and re-checking during the next few days, total applications are expected to soar at least 276 over the 3,200 registered in 1938. Cade and his assistants waited late into the night to fill out all requests.

Additional ad valorem and poll tax payments are expected to arrive in mails during the next few days. Aubra Cade, county collector, said he expected the total poll tax receipts issued to Lynn county to be near 3,600.

Beginning today, all ad valorem taxes bear penalties. One percent penalty and interest will be added to the state and county taxes and to school taxes in most districts.

Likewise, payers of state and county taxes will be required to pay poll taxes for themselves and wives, yet those poll taxes paid late will not permit voting.

rites Held

FOR WILLIS RAY KIRKLAND

Willis Ray Kirkland, 23, a former student in the O'Donnell school system, died at Clovis, New Mexico January 26. A former student in the local school system, he resided here until about one year ago.

Funeral rites were held here from the First Methodist church, with the Rev. J. H. Crawford, pastor, officiating.

Survivors include his parents, Mr. and Mrs. W. R. Kirkland; two brothers, Vernon and Charles Kirkland; two sisters, Mrs. Waldene Cathey and Evelyn Kirkland. One niece, Jimmy Evelyn Cathey, and paternal grandparents, Mr. and Mrs. P. G. Kirkland, also survive.

Slight Rainfall

Recorded Here At Intervals Thursday

Showers fell intermittently throughout the day here Thursday, making most drivers observe a more careful driving technique.

However, the downpour was not heavy at any time and only at intervals was the precipitation heavy enough to warrant calling it a West Texas rain.

GUESTS IN ROGERS HOME

Mrs. W. L. Rogers had as guests Sunday Mr. and Mrs. Major Rodgers and Charles of Loveland, Mr. and Mrs. N. M. Wyatt and family of Tahoka, Wayne Holland, Tech student and Mr. and Mrs. B. B. Street and Weldon and Donald.

Attended Funeral In Snyder

Mr. and Mrs. R. O. Stark and Mr. and Mrs. Roy W. Gibson were in Snyder Sunday to attend the funeral of Mr. Ed Curry.

Mr. Curry was the father of Mrs. R. M. Ritzenthaler formerly of this city but now of Missouri.

Miss Thelma Palmer was a business visitor in Brownfield Wednesday morning.

Weldon Street and Donald Street went to Lubbock Monday where they attend Tech. Donald enrolled as a mid-term student.

Mr. and Mrs. Marshall Whitsett and Miss Thelma Palmer were business visitors in Lubbock Monday.

Hat Is In Ring

HOP HALSEY
OF Lubbock

HOP HALSEY IN

RACE FOR STATE OFFICE

Hop Halsey, Lubbock druggist, announced his candidacy for representative to the Texas Legislature from the 119th district composed of Gaines, Dawson, Lynn, Terry, Yoakum, Cochran, Hockley, Crosby and Lubbock counties. He is the first announced candidate for the district post.

Halsey is well known over the South Plains, having lived in Lubbock the past 15 years and associated with his father, Mark Halsey, in the drug business for the past 14 years. He is manager of Mark Halsey Drug No. 2, Broadway and College avenue. For the past year he has been broadcasting with his Drug Store Cowboys over KPYO and at numerous celebrations over this section.

He is a graduate of Lubbock High school and attended Texas Tech college for four years before entering the University of Texas where he studied law. In 1933, he returned to Lubbock to take charge of the college store his father opened.

Halsey was prominent in activities of Tech and has been active in business and civic affairs since.

Halsey's previous political campaign experience came in the 1936 race for the legislature when he opposed J. Doyle Settle, then representative running for his second term. Halsey and Settle were in the run-off in a field of five candidates. He did not make a race for the position in the 1938 race.

Halsey said he did not wish to make a formal statement at this time but at a later date if issues were involved in the campaign, the voters would be given an opportunity to learn his stand on any and all questions. He said he planned to make an active campaign for the office.

He is married and resides at 3103 Twenty-second street, in Lubbock.

Over 59,000 Bales

Of Cotton Ginned

E. W. Holloway came in Thursday and gave us the official government report on the amount of cotton ginned up to January 16, 1939. The total for the past season up to that time was 59,423 bales, compared with 55, 698 ginned in 1938 and prior to January 16, 1939.

RENEWS SUBSCRIPTION

Our thanks this week go to C. R. Bushson of route 2, O'Donnell, for his renewal of the Press. Thank you, and may your favorite political candidates give many cigars.

RECOVERING FROM TONSILLITIS

Cynthia Rae Forgy, two year old daughter of Edith and Mrs. William G. Forgy is recovering from a severe attack of tonsillitis.

TOTAL OF 628 STUDENTS NOW ENROLLED IN LOCAL SCHOOLS; HIGH SCHOOL HAS 223 PUPILS

Audition of Youths

Symphony Planned For "All-American"

Completion of the district selection committee to audition Texas youths between 16 and 25 years old in Lubbock February 24.

A state committee will hear further eliminations in Austin March 6, 7 and 8. Regional auditions then will be in eight cities of the United States, where Texas winners will compete with those of other states, and winners will be sent to New York at Stokowski's expense, for final examinations. Candidates are expected to arrange for their own transportation and expenses, and for those of their accompanists, if any, to local and state auditions, but the NYA districts will lend every effort possible to assist.

Youth selected in New York auditions will be given jobs as members of the symphony of 109 persons and will be paid at regular musicians' rates for the tour.

Taking its cue from the famous conductor's own set of requirements, the committee in Lubbock specified that general qualifications require applicants to read music fluently, possess good technique, unusual feeling and imagination. Each will be asked to play one representative passage from a standard symphony repertoire and one solo work, both to be judged on the basis of musicianship, color and variety of tone and interpretation.

BOWLING RESULTS

Blocker's Grocery.—Christopher 177-157-175; Koeninger, 111-133-121; Caldwell, 113-129-138. Tune, 178-177-254; Davis, 161-147-146.

Cornet Drug — Brock 217-189-221; Williams, 192-154-168; Carroll (first ave.) 100-100-100; Hancock, 174-172-153; Schooler, 173-156-161.

Whitsett Drug — Whitsett: first (Hall) 126-190-170; Brewer, 137-216-144; Forgy, 172-168-181; Yandell, 157-130-215; Gardenhire, 191-148-166.

NEW HOME IN DAWSON HEIGHTS

Work is progressing rapidly on the new home of Mr. and Mrs. Earl Howard.

The home which will be modern in every respect faces the Irvin Street home in Dawson Heights.

Mrs. J. E. Gartand returned to her home in Lamesa Tuesday.

She was called here last Friday by the illness of her daughter, Mrs. J. Mack Noble and son J. Mack Jr. who are both recovering from recent illnesses.

Mr. and Mrs. C. L. Hafer visited friends in Slaton last Sunday.

The highest enrollment ever recorded in the public school system of O'Donnell was tabulated Wednesday when over 600 students came under the supervision of Superintendent S. F. Johnson.

Tabulation of the records showed that 588 white students were enrolled and 40 colored.

Two hundred and seventy-three students are now enrolled in the O'Donnell High School, so Johnson says, and is a far cry from that which confronted him in 1926-27 when he assumed the superintendency. At that time, only 84 students were in the high school.

Attendance within the last few days has had the teachers literally pulling their hair due to illness from flu, colds and a plethora of bad weather.

1,000,000 TREES PLANTED IN DUST BOWL

Amarillo, Feb. 1.—Trees by the millions are growing in the Southern Great Plains today, protecting farm lands and homes from the force of the wind and providing recreational spots where only a few years ago dust storms and black blizzards were rolling across a vast expanse of almost treeless plains.

An additional 1,300,000 trees and shrubs will be planted in the Dust Bowl region this year, according to George W. Hood, regional forester of the Soil Conservation Service. Moisture from heavy snows has made conditions favorable in many areas, and planting programs already are under way, the forester said.

Approximately 7,500 acres of farm land has been planted to trees and shrubs by farmers working in cooperation with the Soil Conservation Service since the program was started in the spring of 1935. Hood pointed out. Most of these plantings have been on areas so severely eroded that they are no longer suited for cultivation. Plantings have been made in hundreds of acres of dented farm houses and along field borders to protect the soil against wind erosion. Many plantings have been made for the production of fence posts and fuel for use on the farm.

Of the 7,500 acres planted during the last five years, tree growth is considered successful on 3,500 acres, according to Hood. Another 2,000 acres show sufficient promise to justify replacing the trees that have died.

Cultivation during the first few years after the trees are planted is absolutely necessary, it was pointed out. Otherwise, weeds and grass use all the moisture in the soil and the trees die. Failure to cultivate plants has resulted in severe losses and is the chief cause of many of the trees dying.

Father of Former Resident, Ben Brown, Is Buried

W. I. (Uncle Will) Brown, 81, father of Ben Brown, a former O'Donnell resident, died at his son's home in Temple Sunday. Funeral day.

Th aged deceased was a resident here in Tahoka from 1917 until 1938.

Ben Brown was connected with the bank here during the several years in O'Donnell, but is now connected with a lumber concern.

MOVING TO MILES HOME

Mr. and Mrs. Gene Gardenhire moved to the Roy Miles home on East Eight Street Monday.

WHY APE THE DICTATORS?

The proposal made by a high Federal official, that the President be given sweeping dictatorial powers in time of "war emergency" has met with the opposition of a large number of America's newspapers, Republican and Democratic alike. The Portland Oregonian made a typical comment when it said: "It is an unexplainable phenomenon that there are free-born Americans in important positions who would have us prepare for war by adopting the theories of the governments that are responsible for the present war—theories which have not yet proved an asset in the winning of the war, but which in Russia have produced an amazing and disastrous military incompetence." One wonders just what grounds any official has for talking about an imminent emergency. The recent polls show that the American people are as determined to keep neutral as they were when hostilities abroad began. The pronouncements of most officials, including the President, indicate a deep determination to keep out of foreign war, and to never again send an A. E. F. to other lands. To give any executive of govern-

ment the power to commandeer factories, ships, supplies, and to take those other steps which we properly associate with dictatorships is not democracy, it is to give hardware to the enemy. It would fasten upon our land those ruthless shackles which so crazily bind millions of people in lands where all liberties have been destroyed by the State. Call this socialism, communism, or what you will—irrespective of the name employed, the extension of the power of unrestrained officialdom over the individual must inevitably mean the death of democracy and freedom and our Constitutional form of government.

Perhaps the most vital quality the American people must possess today is calmness—the ability to rationally and coolly think things through. If we give way to hysteria and to the bland arguments of those who cry "emergency" whenever opposition to their plans appears, our future as a nation and as a free people will be dark. The job of all Americans is to re-keep democracy alive at home—Industrial News Review.

Betty Crocker MEALTIME MAGIC

Prepared by Your Newspaper—Betty Crocker Home Service Department

A FEBRUARY CAKE

HERE'S a cake for your February birthday party. Of course, it has splashes of red in it—in honor of the flaming hearts, red cherries and the red in the flag of the United States—all of which play their part in our February celebrations. The icing on this cake is satiny white—thus making it an effective background for red candles. The cake itself is white—two fluffy, tender layers put together with a luscious satiny icing.

And right between the cake and the icing there's a layer of bright red jelly. It can be raspberry jelly—or currant jelly—or any jelly you like.

WHITE BUTTER CAKE
 1/2 cup butter
 1 cup sugar
 1/2 cups cake flour
 or
 1 1/2 cups all-purpose flour
 3 tsp. baking powder and 1/2 tsp. salt
 1/2 cup milk
 1 tsp. flavoring (lemon and vanilla or any desired combination)
 3 egg whites
 Cream softening, add sugar gradually and cream until fluffy. Sift flour once before measuring. Sift flour, baking powder and salt together and add to creamed mixture alternately with the milk. Blend in the flavoring. Fold in the egg whites, beaten until stiff but not dry. Pour into two well greased 8 inch square 2 1/2 inch layer pans and bake 25 to 30 minutes in a moderate oven, 350° F.

RED AND WHITE ICING
 2 cups sugar
 1/2 tsp. cream of tartar
 1/2 cup water
 2 egg whites
 1 tsp. vanilla
 Raspberry and Currant Jelly (or any bright red flavored jelly)
 Mix sugar, cream of tartar, and water together in saucepan. Boil.

If you have any specific cooking problems, send a letter requesting information to Betty Crocker in care of this newspaper. You will receive a prompt, personal reply. Please enclose 3 cent stamp to cover postage.

Betty Crocker, Inc.

the Rotary club of this city and the Rotary clubs of other countries will inventory past activities and review present activities.

From Rotary clubs all over the world come news of plans for Rotary Observance Week activities. In Chicago, the Rotary club will sponsor the "Town Meeting of the Air" CBS broadcast at the Civic Opera House, on February 22. The Rotary Club of Columbus, Ohio will present a half-hour long and short wave world-wide broadcast through the courtesy of NBC. In many cities, Rotary clubs have made arrangements to present broadcasts through their local stations. In the Latin American countries, a number of broadcasts have been arranged for presentation during the week of February 18 to 24. From Japan comes word that all Rotary clubs will collaborate in an endeavor to unite the entire Rotary movement in Japan in observance of the occasion. Rotary clubs throughout the world will cooperate with other agencies existing in the individual communities. Most familiar among such agencies in the U. S. are the Boy Scouts, Y. M. C. A., 4-H Clubs, Future Farmers of America, and organizations such as the Chambers of Commerce, other service clubs, civic groups, and so on.

Many clubs will take the opportunity to pay homage to Rotary's founder Paul P. Harris, who is living in Chicago and is active in Rotary affairs.

At no other time in Rotary's 35-year history has an event of such magnitude been contemplated. Rotary believes that in times such as these it should bend every effort toward uniting its internationally representative membership in thoughts of good will, cooperative understanding, and tolerance. Rotary believes that even though its 210,000 membership is but a handful of the world's population, still it is representative of almost every nationality and creed. Moreover,

The new president, Mrs. Ed Denton, presided, and Miss Maurine McNatt gave an interesting talk on food values. Only a few members were present, as the long-continued cold weather has apparently made people afraid to get very far away from their stoves. Refreshments were served by Mrs. Denton and Mrs. Herman Dabbs, who are president and vice-president respectively for this year.

Rotary International has designated the week of February 18 to 24 as Rotary Observance Week, an occasion which will be celebrated by the Rotary club of this city and by the majority of the 5,000 Rotary clubs of 65 countries. This coincides with Rotary's thirty-fifth anniversary, which will constitute the basis for many club activities.

Rotary was founded by Paul P. Harris, in Chicago in 1905, and is generally regarded as the forerunner of the service club movement in the United States. The major purpose of Rotary Observance Week is to devise ways and means of making the activities of Rotary clubs and Rotarians more effective from a service standpoint. Serving as a basis for what constitutes a re-education to Rotary service principles,

"When statements about Alka-Seltzer are made over the air, please, please believe them."
Mrs. Oma Catherine Jones

Don't—THAT'S THE MOST IMPORTANT THING YOU'LL HEAR TONIGHT

Alka-Seltzer

Millions suffer less from Headache, Acid Indigestion, Dizziness of Cold "Morning After" and Muscular Fatigue because they have heard—and believed—their own radio announcements. To these millions, the relief obtained by the use of Alka-Seltzer is worth far more than the genuine enjoyment they get from the broadcasts.

The most important parts of our radio program, both to you and to us, are the commercial announcements. Once you have tried Alka-Seltzer, we believe you will agree with us. But try Alka-Seltzer because it is unusually effective medicine not because you enjoy the radio program.

WHY ALKA-SELTZER IS SO EFFECTIVE
 The pain-relieving analgesic in Alka-Seltzer is in complete solution, ready to ease the distress as soon as you swallow it. The pain-relieving action is made more effective by alkaline buffers. The alkalizing elements in Alka-Seltzer reduce excess stomach acidity.

Get Alka-Seltzer the next time you pass a drug store.
 Large package 60¢
 Small package 30¢
 Try a glass of Alka-Seltzer at your Drug Store Soda Fountain.

MINNEAPOLIS-MOLINE UNI-CARRIER AND TOOLS NEW METHOD OF FARMING

This famous farm machine was developed mostly for use in semi-arid sections, and in groves, orchards and vineyards. With the M. M. Uni-Carrier and tools, and any modern tractor, the farmer has been able to produce a larger crop in the semi-arid sections of the country than previously. This new type of farming, using the contour lister methods, sponsored by the U. S. Dept. of Agriculture, calls for a new type of farm implements. Thousands of Uni-Carriers and tools in use for many years have proved that the Uni-Tiller is more practical and economical than a series of single unit implements. The Uni-Tiller handles as easily or easier than ordinary implements—and all tools are operated by a double power lift. A carpenter does not buy a BRACE for every BIT used in his work. If he did he would spend a lot of money needlessly, and have an extra chest or two of tools to carry around. The UNI-CARRIER may be considered the AGRICULTURAL BRACE and the various tools are the AGRICULTURAL BITS—and only those needed are bought. You get away from paying for a lot of extra frames, levers, wheels, joints, etc. The Uni-Tools fit the UNI-CARRIER similar to the way a BIT fits a BRACE. That is the implements are attached to the UNI-CARRIER by means of clamps that fit the tool bars. This is further than that, the Uni-Tools may be used in combinations and adjusted to fit the job and tractor power available. All you buy is the new heavy duty UNI-CARRIER—only one sturdy frame, one set of levers, wheels, and any of the simple Uni-implements you may need. The carrier hitched directly to the wheel or crawler type tractor. The Uni-implements attached directly to the square, high carbon steel tool bar of the UNI-CARRIER by means of the tool bar clamps. The tillage tools can be used individually, or in almost any desired combination. Just glance at all the different machines illustrated. Different sizes of most machines are available. Ask for complete facts.

Boy Scouts Over United States Planning Observance 30 Anniversary of Order

The nation's 1,350,000 Cubs, Boy Scouts and their leaders will celebrate the 30th anniversary of the organization of the Boy Scouts of America in a week's observance beginning Thursday, February 8. Scout Week is the most important week in the Boy Scout calendar and nine million present and former Scouts and leaders will join in observance which this year has the theme "Scouting—The American Way."

The Scout Program with its Patrol method and other group activities is a "school for citizenship." Since Scouting provides democratic group decisions and action, the celebrations throughout the nation will be varied. Each Troop will celebrate the birthday anniversary in accordance with its own plans. Scouts will play an important role in the Boy Scout Week celebrations

linking together, if only for a short time, the Scouts in the great rural areas with those in the cities and towns.

The high point of the week's observance will be a nation-wide broadcast from the White House, Thursday evening, February 8 in which President Roosevelt, as Honorary President of the Movement and himself an active Scout leader will talk to his "fellow Scouts and Scoutmasters" as well as the millions of friends of Scouting.

Speaking also during the Presidential broadcast will be Walter W. Head, of St. Louis, President of the Boy Scouts of America, who will speak from Detroit, Mich., where he will be attending a dinner of Scout leaders. Mr. Head will speak briefly and then introduce the President of the United States and at that point the broadcast will

switch to the Nation's Capital.

A feature of the White House broadcast will be the annual dedication by the nation's Scouts to the Scout Oath which is the guiding principle of Scouting.

At the conclusion of his address, President Roosevelt will ask the Scouts, listening in every part of the nation as well as in all of its possessions, to take the Scout Oath or Promise led by Dr. James E. West, Chief Scout Executive and Editor of "Boys' Life" who will be "cut into" the broadcast from Miami, Fla.

Sunday, February 11 will be Scout Reverence Day and in thousands of churches of every denomination there will be Scouts attending special services. More than half of the nation's 43,368 Cub Packs, Boy Scout Troops and Scout Circles are sponsored by the churches and synagogues of America.

Scouts of Jewish faith will hold their special services Friday evening, February 9, and Saturday.

Special emphasis will be placed upon the twelfth point of the Scout Law which reads, "A Scout is Reverent. He is reverent toward God. He is faithful in his religious duties, and respects the convictions of others in matters of custom and religion."

In many communities Scouts, by Patrols and Troops, will take an "Old Scout Census", systematically calling at all residences according to pre-arranged plans, to record the names and addresses of those who were once Scouts or Scout leaders. Many of these "Scout Alumni" will be invited to participate in Scout activities during Boy Scout Week.

Scouts will wear their uniforms and have special roles and demonstrations in public and private school assemblies. Fraternal and civic clubs will have Boy Scouts as their guest speakers who will give first-hand accounts of what Scouting means to them.

Hundreds of Troops and Cub Packs will have special "parents' night" meetings in which the parents will be participants in some of the activities. Other Troops will have their meeting during Boy

Scout Week set aside for Troop Reunions with former members returning to renew acquaintances and for an evening of fellowship and the various activities will also have their part in the celebration where weather conditions permit. There will be camping trips, hikes and outdoor rallies, and there will be inter-Troop winter sports carnivals where snow and ice conditions allow.

In those states where Lincoln's Birthday, 12 is observed as a school holiday Scouts will make patriotic pilgrimages to shrines of the "Great Emancipator." Troops will also engage in special "good turns" during the week to show their appreciation to their sponsoring institutions. They will also participate in Boy Scout Merit Badge Shows, Courts of Honor, Scout Circuses and other similar indoor activities.

MAKING LARD AS ADVISED BY COUNTY H. D. AGENT

Grace I. Neely, Extension Specialist in Food Preservation, Roy W. Snyder, Supervisor-Specialists' work.

The better quality fat trimmings should be used for lard. Leaf fat makes the best quality lard. It is a good practice not to include the caul or ruffle fat with the other fat trimmings when rendering.

Fat should be cut in one-inch cubes to facilitate rendering. It is not necessary to remove the skin from the fat if the hogs are properly cleaned. To hasten the operation, grinding the fat is recommended.

The fat should be rendered on not too hot a fire. The cooking should proceed until the cracklings float and show golden brown. Cook the lard until practically all of the water bubbles cease to show on the surface, and then as a final test, press the cracklings on the side of the container to see that they are not full of grease.

As soon as all of the water ceases to show on the surface, the kettle should be removed from the fire and the lard rendered as once.

To eliminate surplus settings on the bottom of the chilled lard, straining through several thicknesses of closely woven cloth is de-

desirable.

The quicker the chill the finer the grain. Agitating lard when chilled tends to produce a whiter product, however, too much air should not be whipped into the chilled lard.

To produce as nearly a neutral fat product as possible, a heaping tablespoon of soda to a 15-gallon kettle of lard may be added. This should be done just before the lard is removed from the fire. Stir it thoroughly before the grease is

drawn off.

KEEPING LARD

To keep lard store all lard in a clean, cool, dark, dry and well ventilated room. Where it is advisable to can the lard to help in keeping the quality, cool the lard to at least 300 degrees F. and pour into plain tin cans. Seal at once and invert cans. Let stand five minutes then cool quickly in cold water. As soon as cool, clean cans and store as above.

SOCIETY

OUT OF TOWN GUESTS AT TUESDAY CLUB

Mesdames Walter Slaton, E. L. Turrentine and Ray Weathers of Tahoka were out of town guests of the Tuesday club this week when Mrs. E. T. Wells was hostess.

In Contract games, Mrs. Pauline Campbell won high score prize and elam prizes were awarded Mrs. Guy Bradley and Harvie Jordan.

At the tea hour delicious refreshments were served.

Miss Jim Ellen Wells played a substitute hand.

Members present were Miss Thelma Palmer Mesdames Guy Bradley Harvie Jordan, Fred Henderson, C. L. Hafer, Newell Hughes, Pauline Campbell, and Marshall Whitsett.

Mrs. Robinson will be hostess next week.

MARRIED BY REV. LUNSFORD

Miss Dorothy Martin and Leland Crouch were married Monday Jan. 29 at the Baptist Parsonage by Rev. J. A. Lunsford.

The couple will reside east of the city where Mr. Crouch is engaged in farming.

EUZELIAN CLASS WILL HAVE LUNCHEON

Members of the Euzelian class of the Baptist church are invited to meet Tuesday at the parsonage.

Each member is asked to bring a covered dish for the luncheon at 12:30.

W. M. S. MET AT CHURCH MONDAY

A lesson on "China" directed by Mrs. R. O. Stark was enjoyed by Methodist W. M. S. members Monday.

Mrs. Ben Moore and Mrs. J. L. Schooler gave topics.

A business meeting followed.

Present were Mesdames Everett, Estes, Crawford, Gates, Jones, Curtis, Wheeler, Carroll, Pearce, Garner, Spikes, Moore, Schooler, and Stark.

BAPTIST W. M. U. MET MONDAY

Members of the Baptist W. M. U. met at the church for their weekly meeting Monday.

Mrs. J. A. Lunsford gave a review of the book "Give ye them to

AN APPRECIATED VALENTINE

Loin lamb chops just "go" on the menu of the luncheon or dinner party for St. Valentine's Day. And when they are broiled to a turn and arranged as shown in the accompanying photograph, they are sure to make a hit with the guests at your party.

The garnishes suggested here are simple but effective. Peach halves are topped with lettuce cut from canned cranberry jelly. The hot baking powder biscuits are cut in heart shape to further emphasize the Valentine motif.

And broiling lamb chops is simple, too, if you do it the modern way. Here are the easy steps: Turn heat high; place chops on

broiler rack and slide broiler pan in position so that there is about three inches between the top surface of the chops and the heat; when the chops are nicely browned, season with salt and pepper and turn; continue broiling until second side brown, about fifteen minutes in all. Arrange on platter and serve at once.

If there is a regular late comer among your invited guests, wait until you see her turn the corner before the chops are put in to broil. Better to keep your guests waiting for broiled lamb chops than to keep the chops waiting for late guests.

BOY'S LIVESTOCK SHOW SET FOR MARCH 16

Plans for the coming Lynn county boys livestock show were drafted in a meeting at the office of County Agent Donald Turner Saturday morning January 27. Vocational teachers of the County, the Farm Security Supervisor, and A. D. Wenzel, prominent Berkshire hog grower of Wilson, met with the county agent to discuss these plans. March 16 has been set as the date for the show and attractive prizes will be offered 4H club boys and members of vocational agriculture classes in fat calf and hog classes. A complete prize list will be published at a later date.

Mr. and Mrs. J. K. Applewhite and Mr. and Mrs. D. W. Gaignat attended in Amarillo Tuesday and Wednesday.

Everett Bryant of Abilene was here Sunday.

With the American Expeditionary Forces, during the World War, nearly 400 bands went to France. They took along more than 200,000 sheets of music, which cost the Government nearly \$50,000.
