

**CONTESTS ANNOUNCED FOR LUBBOCK MUSIC CONTESTS**

Over 175 contestants competed for honors last Friday and Saturday at Lubbock in the annual South Plains Music Festival sponsored by the South Plains Music Teachers Association. Mrs. Lillian Butler, Slaton, resident.

Other contests will be held March 1 for piano students from 16 years and over; March 15 for piano students from 5 to 10 years; and March 22 for voice and violin students, orchestra, and piano ensemble.

**NINE PLAINSMEN LISTED IN WHO'S WHO IN AMERICA**

Three cities on the Panhandle and South Plains have citizens represented in 'who's who in America.' Lubbock boasts five names, Amarillo, three and Canyon one. Of the nine persons two are women.

While representatives of Texas listed in "Who's Who in America" range from Mercedes on the south to Amarillo on the north, El Paso on the west to the Arkansas line on the east, only 78 towns and cities of the state having persons of sufficient repute to be included.

**FUTURE FARMERS TO MEET**

The biggest crowd of vocational agricultural students that ever gathered in West Texas is expected at Lubbock March 24 for the fifth annual judging contest at the Texas Tech college. The O'Donnell vocational agricultural teams have been invited to take part in the contests. Teams will enter for competition in farm shop, dairy judging, live stock judging, poultry judging and plant production.

Loving cups will be awarded to winning teams. Entries in the contest close March 17.

**MINISTREL UNUSUAL ATTRACTION**

A chorus of over fifty framers will be an added attraction during the chamber of commerce county-wide minstrel to be presented Thursday, March 6, according to Mrs. W. D. Arnett and Mrs. Phillip Yonge, civic directors of the Lamesa Chamber of Commerce.

**NOMINATE LOWERIE FOR LAMESA MAYOR FIRST TIME**

J. R. Lowerie was chosen democratic nominee for mayor Friday in the first city primary election ever held there. The largest vote in the history of the city, 887, was polled. Lowerie's count was 314.

W. L. Marr and Ray Williams defeated four other candidates to be named nominees for commissioners. Marr received 429 votes and Williams received 302.

M. Q. Martin was second in the race for mayor, obtaining 272 votes. Dr. F. C. Warrick polled 178, and E. B. Warren, present incumbent, got 123.

Other counts in the commissioners' race were Jud Watson 248, and M. Hatch 260, S. D. Austin 250.

City general election will be held April 1. Lowerie will be opposed by at least one other candidate, R. L. Meyers having announced on an independent ticket.

**FARMERS IN LYNN GO TO SCHOOL AND STUDY**

Grown men and women, experienced farmers and their wives, have started back to school in the New Lynn community, 1-2 mile northeast of O'Donnell. And, they have gone back to study agriculture.

Taylor White, teacher of vocational agriculture in Tahoka High School, organized and is teaching the class in which sixty farm men and women have enrolled for instruction. Meetings are being held each Monday and Friday nights. Attendance has never fallen below 48, which is believed to be a new record in Texas for schools of this nature.

**TAHOKA WINS SECOND IN JUDGING CONTESTS**

Tahoka's vocational agricultural class judging team won second place in a contest held at Floydada Saturday between the various classes of the South Plains. The Lynn County capital team won \$10 as second prize. The Post High School team won first place.

**LYNN COUNTY CLUB GIRL WINS CLUB AWARD**

Christine Owens, Lynn county 4-H club girl, has been awarded second place in the plains district on her complete year's work. The honor entitles her to compete in the state contest with twenty-four other club girls. During the year she earned \$250 from her club project, poultry.

Miss Thelma Palmer spent the week with friends in Lovington.

J. N. Spikes, of Lamesa, was the guest of Mr. and Mrs. Marshall Whitcomb Monday evening.

**CENSUS FOR THE FARMER'S BENEFIT**

The farm census is taken primarily for the benefit of the farmer, while comparatively few of them make personal use of the farm statistics of the census, it should be borne in mind that the data provide the agricultural colleges and the great body of writers for the agricultural press and for economic periodicals with the facts upon which their most valuable studies and analyses are based. Upon the accuracy of the information given by the farmer depends to a large extent the value of the statistical work to be carried on in the farmer's behalf, not only by the Federal and state departments of agriculture, but by students of agricultural conditions in all parts of the world, according to I. E. Barr, census supervisor of this district. To what extent the very marked

increase during recent years in the cost of living and especially in the cost of certain kinds of farm products due to shortage in production is a question of vital moment to a vast number of people. A complete and accurate census of farm areas and products will furnish data which, when studied in connection with the revised population figures, should throw light on the great question of our national food supply. Those who are operating farms should apply to their county agents for sample farm schedule in order that they may be prepared to answer questions promptly when the enumerator calls. A sample of this schedule may be seen at the index office. No information of any nature concerning your report will be permitted to come into the hands of anyone else. All information is confidential. Sample copies should be given to the enumerator and not

sent to Washington. Enumeration will start April 2, 1930.

**MRS. PORTER TREADWAY DIES AT TAHOKA**

The death of Mrs. Porter Treadway occurred soon after two o'clock Sunday morning, March 2, following an operation in a Lubbock hospital. She had been in poor health for several months. She is survived by her husband, five children, Euna, Marie, Vance and Iris Treadway and Mrs. Ira Krebb, all of Tahoka, and her father, Mr. Caldwell of Wichita Falls.

Mrs. Treadway was the sister-in-law of our fellow townsman, E. J. and W. A. Treadway. Both families were present for the funeral services, which were conducted at Tahoka by the Baptist pastor from Littlefield. Mrs. Treadway was well known and loved throughout a wide section of

the country. Many of her friends from O'Donnell went to pay their last tributes Sunday afternoon. The Index joins with them in sorrow at the passing of a lovely character, a tender wife and mother.

Poultrymen always used to cool the eggs hatching in an incubator by taking them out for a short time each day. It has been found that this practice is necessary, says the U. S. Department of Agriculture, except when the temperature of the incubator has been running too high. To decide whether to cool eggs or not notice the size of the air cell, which should gradually increase in size. If the development is too rapid, cool the eggs until they feel slightly cool to the touch.

Thomas Howard of Lovington, N. M., spent Sunday with his parents.

If the dairyman buys all his feed, hires all his labor, and disposes of the milk at current wholesale prices he will make little if any money. If he buys all his feed and does all his labor he may make day wages. To make the greatest profit raise most or all the feed and market it through the dairy cow at a price at least equal to what the same feed would cost on the market.

A poultry house for sitting hens should be secluded, slightly darkened, and separated from the houses for layers and breeders. Place the nests so that the hens won't have to fly or jump into them.

Mrs. W. H. Veasey, who was called to Hamlin to the bedside of her mother, Mrs. W. K. Hale, returned Monday evening. Mrs. Hale is in the hospital at Wichita Falls.

# ANALYZE THE ALLOWANCE ON YOUR USED CAR

*If a dealer pays you more than the true worth of the car he must make up the difference by extra charges on the new car or re-sell it to some one else at too high a price*

**P**ERMANENT value is always better than a temporary bargain in the purchase of an automobile. It pays to look ahead and consider reliability and ultimate up-keep costs, as well as comfort, safety, speed, and beauty of line and color.

Since most automobiles are bought for replacement, the value set on your used car is a factor in almost every purchase. Frequently it is given an importance beyond its true worth.

Used cars have a definite market value and you are justly entitled to an allowance based on that value. It is not fair that you receive less. It is not to your best interests to receive more.

**I**F a dealer pays you more than the true worth of the car he must either re-sell it to some one else at too high a price or make up the difference on the new car. This he cannot do unless he is allowed an excessive profit on the car or on financing, extra equipment and other charges. In either case, you pay the bill, for no way has yet been found to give something for nothing. The money must come from somewhere.

You may not get the largest used-car allowance from the Ford dealer, but that very fact should give you confidence that you are receiving full value in the new car. *Ford charges are not marked up or increased to cover a high trade-in allowance on your old car.*

Because there is no waste, extravagance or undue profit in manufacturing, distribution or selling, every dollar you pay for a Ford brings a full dollar in return. In lower first cost, in reliability and long life, in the low cost of operation, service and replacement parts, the Ford will save you much more than the seeming difference in trade allowance.

**F**URTHERMORE, at least \$75 extra value is given to you in the new Ford in the Triplex shatter-proof glass windshield, the Rustless Steel, the five steel-spoke wheels, and the four Houdaille hydraulic double-acting shock absorbers. The unusually large number of ball and roller bearings, and the extensive use of fine steel forgings instead of castings or stampings, are other features that show the extra quality built into the Ford car.

- Roadster, \$435
- Phaeton, \$440
- Tudor Sedan, \$500
- Coupe, \$500
- Sport Coupe, \$530
- Two-window Fordor Sedan, \$600
- Three-window Fordor Sedan, \$625
- Cabriolet, \$645
- Town Sedan, \$670

*All prices f. o. b. Detroit. Convenient low time payments arranged through the Universal Credit Company*

**FORD MOTOR COMPANY**

*Bill Der Says*

**KEEP THINGS UP!**  
Quoth old Bill Der: "A run-down shack denotes a most appalling lack of pride upon the owner's part and gives onlookers quite a start."

When you acquire a home, take care of it. A few minor repairs from time to time will prolong the life of the building and keep its value at par. Of course we handle the materials for such work at prices you can afford. Our service is no further from you than your telephone.

**HIGGINBOTHAM-BARTLETT CO.**

# SCHOOL NEWS

The reporter who visited school Wednesday morning found every room and department functioning in the most efficient manner. Interscholastic activities are the center of interest this week, as each room is choosing contestants for each event. O'Donnell is justly proud of the standard of work maintained in both High School and Grade School, and the index takes great pleasure in publishing these news items each week. Plans are now under way whereby a regular school column will appear each week having more detailed reports and perhaps specimens of the work being done.

### HONOR ROLL

**Mrs. Shaw's Room**  
Arithmetic—Betty Gaye Simpson.  
Reading—John Holland Stokes.

### Mrs. Street's Room

We failed to work out our honor roll in time for publication this week, but will have it next week. Our room mother visited us Wednesday morning, and told us a story.

### Miss Milwee's Room

Those on the honor roll in spelling this week are: Earl Minion, Laverne Lawler, Clyde Batt, Margie Ables, Neomia Campbell, Ruby Brewer, Francis Barrow, Francis Jones.

### Miss Jordan's Room

The honor roll for this week for the Low Fourth includes Deloris Bell, Aris Thompson, and Lendon Russell, while Syble Hayes is the lone member from the High Fourth.

Our room mother, Mrs. B. B. Street, came to see us last Tuesday and read a story on health to the pupils. She also brought each one a pop corn ball. We are always glad to see her, and wish she could come more often.

### Miss Harville's Room

On the honor roll this week are Mary Jane Goddard, Jim Clemens, S. E. Everett, Leona Holman, Charles Kirkland, and R. O. Burdett.

Our room mother, Mrs. J. W. Roberts, came to see us Wednesday afternoon for the last time. We are very sorry to lose her.

### High Fifth

Our room mother, Mrs. R. C. Carroll, visited us Friday of last week. We adjourned to Miss Gary's room and engaged in an arithmetic contest.

Our declaimers the "Lucky Thirteen," will put up a real fight this evening. We are expecting some of them to do big things for us and we are sure that our spellers, Norma Vermillion and Donald Street, will bring honor to the room. In the excitement of Interscholastic meet tryouts we are not neglecting our every day work. We are doing good work in notebooks as well as in our textbooks. Watch our room. Some winners for county meet will be from the High Fifth.

### Sixth Grade Miss Hancock's Room

We are busy this week with spelling and declaiming contests. The room tryout was held Wednesday morning, and Margaret Vermillion and Earl Guy will compose our team. Earl missed nine words from one hundred and eighty, and Margaret missed none. All are expecting these two to make the junior team which will represent this school at the county meet.

We are glad to have Malcolm Nicholson as a new pupil.

Our history lessons are very interesting now. The room has been divided into two groups, the Texans and the Mexicans. Each side has a flag, and the group which has the best lesson each day raises that flag. The Mexican flag has been up more days so far, but just watch the Texan flag wave from now on.

### Mrs. Edwara's Room

To make the honor roll in the High Second and High Third grades, a pupil must make 100 per cent all week. Those who made the honor roll this week are Ruby Ratliff, L. E. Robinson, Wayne McDaniels, Scottie St. Clair, Harvey McKee, Marjorie Musick, Estelle Sultemier, and Viola Culp.

Our room mother, Mrs. Guy Bradley, came to see us Wednesday morning and read another chapter from our new story, "The Curley Tops Snowed In." We are always glad to see her.

The class pins have come, and are very attractive. They are gold filled with the letters OGS on them.

This room entertained in chapel Thursday morning with an unusual program. The Hancock School was invited to put on a one act play, which was very entertaining and was thoroughly enjoyed.

On Tuesday evening a group of Boy Scouts largely composed of boys from the Seventh Grade went on a picnic at the Scout Grounds. Everybody had a good time. Our honor roll this week is made up of the names of Schuyler Dean, Melvin Moore, Thornton Musick, Lawrence Treadway, Kirby Musick, J. T. Middleton, eds Shumake, Kitty Mae Garner, Lorene Beach, and Johnnie Edwards.

## War Tanks Made of Wood

**HOLLYWOOD, CALIF.**—Will the next war be fought with wood instead of steel?

This question is under discussion here since the recent release of a war feature film in which keen interest is being evinced by army officers in the monster tanks, supposedly made of steel, that are shown in action. Instead of being built of steel, however, the tanks are made of a grainless wood.

Film studio directors declare that this material called prestwood also is widely used in elaborate movie settings showing interiors of homes and modern offices, as well as for making telephones, kitchen cabinets, breakfast nooks, birdhouses, and even speedboats.

## Fashion Puts on Spring Furs: Latest Style Note From Paris

Fashion may be noble and feminine furberles that flourish today may be down by tomorrow.

But there's one mode that has endured from Neanderthal days when lovely women graduated from fig-leaves to leopard-skins.

It's the fashion of furs! Furs for adornment, the oldest known fashion, are the latest command of Paris for the smartly turned-out woman this spring.

Whether for spring, summer, fall, or winter—furs are fashionable all the year round. They constitute the most constant wearing apparel demands of women the world over, according to Don L. Ono president of A. B. Shubert, Inc., largest house in the world dealing exclusively in American raw furs.

"Each season has its own specially adapted furs, ideal for trimmings on the smartest garments of the season," Mr. Ono said at a fur style show in Chicago recently. Furs are just as fashionable for summer as for winter, and as sensible.

"This year for example, coyote, banger, and fox are the mode. Style setters of the world are demanding these pelts in greater quantities than ever before."

"The fur-fashion trend in the springtime is always towards the lighter furs. This year, with the advent of new lines and fabrics in intimate fashions, wolf, badger and fox seem particularly adapted to the style trend."

"The demand for these furs as trimmings for spring coats and suits is good news to the American trapper whose annual catch includes many thousands of wolf or coyote skins, badger, and fox."

"Furs are not necessarily wintry in aspect or weight, as the new fashions show. The long-haired, cool gray

These Sponsors the Wolf-Trimmed Coat.

wool (the coyote of our western states) and badger, with its silvery tones, are as springlike as the coyote-weaved weaves which they adorn.

"Fur, always so popular as a separate neck-piece, is increasingly fashionable this spring. The soft, comforting qualities of our American-made, and silver foxes, and the rare variety of the cross fox, makes them ideal for spring wear."

## Oldtime Acquaintances Hold Get-Together

Former residents of Tolar, Texas, who have recently come together in O'Donnell met Tuesday evening at the home of Dr. and Mrs. McElroy for a few hours talk about old times and a few interesting games of progressive forty-two.

At a late hour refreshments of chicken salad, deviled eggs, cake and hot chocolate were served to Messrs. and Mesdames R. E. Higgs, Will A. Campbell, Jeff Musick, Woods A. Campbell and J. W. Kirkpatrick.

## G. A. Members Enjoy Picnic

The Intermediate G. A. girls met at the home of Mrs. Martin on last Thursday afternoon for no other purpose than to go to Rock Canyon on a picnic for girls only. Our spirits rose as the time came for us to depart and it was indeed a gay bunch that left town at five-thirty. When we arrived at Rock Canyon the sun had almost gone down, but we made good use of the time left before it was really dark. We climbed over the rocks and hills until the chaperons called us to camp. Then we climbed on a rock above the camp-fire and entertained the crowd below with such vocal music as has not been appreciated since. They did not appreciate our music as they should, so we went down and ate a splendid picnic lunch consisting of things that always go with picnics— and ice cream. After singing some more and giving an echoing yell for the G. A., we started home.

Those present were Misses Verna Mae Anderson, Ruth Marie Howard, Frances Williams, Cleo Lawler, Frances Scott, Evelyn Lawler, Addie Williams, Verda Ballew and Gwendolyn Lawler; Mr. and Mrs. Martin Howard, C. D. Lawler and Mrs. Ballew; Misses Willadeen and Doris Ballew, Lois Howard and Laverne Lawler.—Reporter.

## Amelia Simpson Celebrates Birthday

Miss Mary Amelia Simpson celebrated her fourteenth birthday last Friday evening with an informal dance which was thoroughly enjoyed by a number of her young as well as several other friends. The spacious rooms were cleared for dancing and splendid music furnished by the radio was an invitation to all to enjoy themselves. The young guests lost no time in availing themselves of the privilege, and the older ones were soon deep in games of bridge.

Punch and candies were served throughout the evening.

Those present for the happy occasion were Misses Irma D. Palmer, Anna Maud McVicker, Lois Nelson, Alice Joy Howell, Kathryn Veasey, Beverly Walls, Deana Holman, Hazel Burk, and Marie Dean Preston, Messrs. Everett, Beach, Burk, Clayton, Howard and Will Ed Treadway, Cathey, Holman, Pryor, Schanis and Monagin, Messrs. and Mesdames E. T. Wells, Burley Brewer, and Mr. Ben Cowden, all of whom wish the young hostess many, many happy returns of the day.

## Wayne Clayton Honored With Birthday Party

(Accidentally omitted last week)

Wayne Clayton celebrated his thirteenth birthday with a lovely party at his home, with his classmates, teacher, and room mother making up the guest list.

Guests arrived at the hospitable country home of his parents, Mr. and Mrs. S. M. Clayton, each bringing interesting looking packages, which, when opened, proved to contain beautiful and appropriate gifts.

One of the most amusing games was a contest in making words from the letters in the word "sweetheart." Mrs. George Shumake, seventh grade room mother, won the prize for the girls, which was a lovely bottle of perfume. Lawrence Treadway won the Eversharp pencil which was the reward for the boys. Many other group games were played.

Refreshments of cake and cocoa were served to Mesdames George Shumake and Paul Gooch, Misses Lorene Beach, Anna May Lackey, Cleo Lawler, Kitty Mae Garner, Veda Shumake, Marie St. Clair, Messrs. Thornton and Kirby Musick, Herman Whitehead, Earl Howard, Roy Smith Melvin Moore, H. C. McKee, Schuy-

ler Dean, Lawrence Treadway, Richard Bradford, Woodrow Barber, and Randall Foster.

Harry Stacy, now located at Hamlin, spent the week-end with Mrs. Stacy here.

Mrs. Bill Young, of Lovington, N. M., spent Sunday here with friends and relatives.

H. T. Thornhill, of Anson, spent the week-end with his brother and wife, Mr. and Mrs. W. H. Thornhill.

Mr. and Mrs. Gordon King were week-end guests of Mr. and Mrs. Irvin Street.

Mrs. King, who will be remembered here as Miss Edna House, is teaching at Berger, Texas, while Mr. King is in Lubbock.

The auditorium of the Baptist Church is this week receiving a coat of calomine, which will make the interior very attractive.

Mr. and Mrs. Elvis Gilbreath spent the week-end with Mrs. Gilbreath's parents near Cisco.

Mr. and Mrs. G. W. Gates and family, of Shallowater, spent Sunday with Mr. and Mrs. J. W. Gates.

### Clock May Solve Perpetual Motion

CHICAGO—What is believed to be the nearest approach to a perpetual motion machine has been discovered by Dr. P. G. Simpson, a consulting authority on the removal of poisons from the body. This clock is said to be the only one of its kind in America.

Radium is contained in a glass tube, from the end of which are suspended two gold leaves. An aluminum sheath is mounted on opposite sides of the leaves, and the whole apparatus is enclosed in a glass case, pumped out to as low a vacuum as could be obtained and sealed in operation. The rays from the radium charge the leaves with positive electricity, which causes them to diverge until they touch the metal sheath. The leaves then drop back to their original position, and the movement is repeated approximately every thirty seconds.

Dr. Simpson, who is head of the Radium Clinic of Chicago, says the movement of the leaves will continue for more than 2,000 years. Scientists declare that theoretically the leaves will never stop moving. The clock has now been in constant operation for four years.

PERPETUAL CLOCK

### NOTICE OF ELECTION

At a regular meeting of the City Council of the City of O'Donnell, Texas, held at the City Hall in said City on the 20th day of February, 1930, an order for an election for the purpose of electing Two (2) Aldermen to enforce the ensuing two years was passed and the following notice was ordered published as required by law:

Notice is hereby given that an election will be held at the City Hall in the City of O'Donnell, Lynn County, Texas on the First Tuesday in April, the same being the 1st day of said month, for the purpose of electing Two (2) Aldermen for said City to serve for the ensuing two years.

The polls of said election will open at eight (8) o'clock A.M. and will close at seven (7) o'clock P.M. Every person not disqualified by law who shall have attained the age of twenty one (21) years and is entitled to vote for members of the Legislature, and who shall have resided within the Corporate limits of said City for six (6) months next preceding said election, shall be entitled to vote.

W. R. Sanderson, J. M. Christopher

J. R. Mayo and A. C. Fairley are hereby named as officers of said election, and the person first named herein will act as judge of the election, in accordance with the Statutes of the State of Texas governing such elections, and shall make returns thereof as required by law.

Passed and approved this 20th day of February, A. D. 1930.

E. M. WILDER, Mayor.

W. A. TREADWAY, City Secretary.

### MARRIED WOMAN FEARS GAS — EATS ONLY BABY FOOD

"For three years I ate only baby food, everything else formed gas. Now, thanks to Adlerika, I eat anything and enjoy life." Mrs. H. Gunn.

Just ONE spoonful Adlerika relieves all GAS as you can eat and sleep better. Acts on BOTH upper and lower bowel removing poisons you never knew were there and which caused your stomach trouble. No matter what you have tried for stomach and bowels, Adlerika will surprise you! CORNER DRUG STORE.

C. L. Davis returned Sunday night from Olton.

### T-BAR NEWS

The District Singing Convention met here Sunday. A large crowd attended and a number of good songs were rendered.

Alva Boles and his sister Miss Hattie Boles, were T-Bar visitors Sunday.

Mr. and Mrs. Beasley, formerly of this community, attended singing Sunday.

Carl Richter, who is attending H. P. C. at Brownwood, spent the weekend with his parents, Mr. and Mrs. R. E. Townsend.

Jack Sparkman, formerly of this community, died one day last week. We regret very much the death of this good man.

Mrs. Thorpe of Brownwood spent the week-end with her son, Fuller Thorpe.

J. R. (Jimmie) Thomas has moved back into our community.

Mrs. D. Henderson is visiting her daughter, Mrs. Less Crews, of Amherst.

Our boys are practicing for the

track meet which will be held at Tahoka.

Miss Oleta Franks an dMiss Marguerite Randolph took Sunday dinner with Miss Lucille Townzen and Miss Glynn Croft.

Carl Alexander of Tahoka spent Sunday at T-Bar.

The trustee's of this community were good enough to let we H. D. Club women have a room at the school house for their work. Meeting days are first and third Thursday's of each month. Visitors are welcome. Miss Greenwade will be present on the third Thursday.

Mrs. C. W. Dunn spent the weekend with her sister, Mrs. Belle Kight.

J. P. Bowlin, manager in gin, was a business visitor back Monday.

### KONJOLA MAKES GOOD AFTER ALL ELSE FAILED!

St. Louis Lady Glad To Relate How Fine Experience With New And Different Medicine

MRS. DORA BAUER

Konjola is a different medicine simply because it scores victory after victory in cases that have defied and resisted all medicines and treatments tried. This is not a boast. It is a fact established and proved in thousands of cases like that of Mrs. Dora Bauer, 3403 St. Vincent avenue, St. Louis. Read her grateful words:

"How I wish that every sufferer from neuritis could know what Konjola did for me! For ten years I endured agonies from this awful ailment. I had to keep my arms wrapped tightly to ease the pain. My digestion was had too, and this weakened me, making me still easier prey for neuritis. I can not remember how many medicines and treatments I tried, but found nothing to give relief, until I found Konjola. In just five weeks this remarkable medicine restored digestion, rid my system of poisons and impurities, and then the neuritis left as if by magic. What a boon Konjola proved to be to me! No wonder Konjola is known as the medicine with more than a million friends. It should have a billion."

Konjola is sold in O'Donnell at Whitsett Drug Co., and by all the best druggists in all towns throughout this entire section.

## Bring New Hours to You

HOW often have you said, "If I only had someone to help me I could be through with my work in time to—?" Yes, in time to enjoy a whole world full of new diversions. Time would be yours for study and self-improvement, for profitable occupation, for devotion to your children and their needs, for bridge, golf—or for doing any one of hundreds of other delightful things.

Electricity creates the New Hours for these things. There is an electric appliance for practically every household task of today. If, alone, you can do your work in six hours per day, with the help of electric appliances you should be able to do it in three hours. There are three perfectly New Hours for you each day.

Then, too, there is the ease of doing things electrically. In three hours you can not only do all the work which once took six hours, but you can do it so much easier. So that when you are through with your work you will feel fresh and ready to fully enjoy the three New Hours which will be yours to do with as you will.

These New Hours are already made for you. They are right in the walls of your home. All you need to secure them is a few properly placed Service Outlets and the electric appliances which will most efficiently and economically do your work and conserve your strength.

The Texas Electric Service Company completely understands the use of electricity in the home. We will be glad to advise with you as to the placement of Service Outlets in your home, and also as to the most useful appliances for your particular needs. Then you can begin at once to enjoy the fullest use of electric service, for our terms are such that you use your appliances as you pay for them, conveniently, each month. Let the Service Outlet start bringing New Hours to you at once.

WHAT NEXT?

The recent ruling of the U. S. Post Office Department that the publication of advertisements of the old-fashion box socials, as given by rural schools, churches, etc., is illegal on the grounds that a box social is a "game of chance," sure makes the average citizen wonder what will be ruled from the newspaper columns next by some foolish nut at the head of governmental affairs...

FORMER RESIDENT HERE TRANSACTING BUSINESS

C. Mills, a former resident of this community, now of Gracemont, Okla., spent the week-end in O'Donnell, Mr. Mills made the visit at this time to look after his farm interest in this section.

C. L. Davis, one of the owners of the B. & O. Cash Store, visitide Tahoka, Littlefield, Plainview and Olton last week.

C. L. Davis, one of the owners of the B. & O. Cash Store, visitide Tahoka, Littlefield, Plainview and Olton last week. He attended the meeting of the Amarillo Presbytery from Friday to Sunday which was held at Olton, and reports a fine meeting.

EXES TO MEET

Invitations have been sent to 10,000 former students of the University of Texas, urging them to attend the huge Texas round-up April 11 to 13. The celebration, sponsored by the state ex-students' association, will be three-fold in nature, combining the annual ex-student reunion, the formal dedication of the new \$500,000 auditorium-gymnasium and the annual meeting of the dad's and mothers' association.

WORMS ONLY NOW LEGAL BAIT FOR EARLY FISHERMEN

Worms only are now listed as legal bait and fishermen must resort to worms for the next two months, according to announcement made by Roscoe Parks, deputy game commissioner. The newfangled high-bait artificial baits are "out" during the spawning season.

TAKE CARE OF THE HORSE

The farm horse is less likely to get sore shoulders if it gets special care in early spring until the muscles harden and the winter hair sheds. Clean the shoulders carefully after the day's work and before harnessing in the morning. After removing the harness wash and castile soap, and rinse with cold salt water. Keep this up for two or three weeks. It is worth while to spend a little time on the horse in the field. Raise the collar and clean the sweat, dirt, and hair from the shoulders and collar. Whenever possible, lift the collar forward and let the horse's shoulders cool off.

Mr. and Mrs. B. O. Stark, accompanied by Miss Christine Millweaver, spent the week-end with friends and relatives at Floydada.

Mr. and Mrs. B. O. Stark, accompanied by Miss Christine Millweaver, spent the week-end with friends and relatives at Floydada.

Mr. and Mrs. J. W. Campbell were in Midland and Big Spring Sunday.

Mr. and Mrs. J. W. Campbell were in Midland and Big Spring Sunday.

Mr. Ben Cowden spent a few days with home folks this week. She says that the school at Midland is very much to the liking of Mary Louise and Bob.

CHIROPRACTIC BELIEVE IT OR NOT!!! WHAT AN INDIVIDUAL DOES NOT UNDERSTAND HE OPPOSES. If you want to suffer, that's your business—if you want to get well that's my business. DR. McILROY, Chiropractor—calls answered—Pho: 139-164

TAHOKA WINS OVER LAMESA IN TRACK

Lamesa lost in the dual track meet at Lamesa Thursday with Tahoka. Tahoka scored 52 points to Lamesa's 41. All regular events were held except the high and low hurdles. The 100-yard dash and relay were the outstanding events with dashes by Regan and Norris of Lamesa the most spectacular.

Texas is going forward industrially—not spectacularly but steadily. Sledge Co., Tyler, making clothing, increases its force from 135 to 200.

Miss Blanche Poppellwell of Lubbock was a week-end guest of Misses Sue and Hester Gates.

It's a good idea to make a small outdoor seedbed, with specially prepared soil, in a corner of the farm garden, to start the plants. They will be more stocky if started here and later transplanted. A good soil mixture for the seedbed is one part of well-rotted manure, two parts of good garden loam or rotted sods, and one part of sharp, fine sand. The addition of leaf mold or peat makes the soil better. Mix the materials well and shift the soil.

Texas industrial development continues. The Texas Sugar Refining Co., plant at Texas City has reopened.

Mr. A. L. Lenman of Tahoka spent Sunday with Mr. and Mrs. Ben Colin.

SMILES WITH ADDED MILES. You needn't say a word. Just drive in and point to your car and we'll do the rest. In the minimum time, at minimum cost we'll have your car running smoothly as a bird on a windless day. HIGHWAY GARAGE John Earls, Prop.

What part of your newspaper is of most interest to you

The front page? The society page? Woman's page? Financial? Editorial? Cartoons.

There is a part of nearly every page that is practical, helpful, full of news—the advertising. Do you interest yourself in reading it? You should. Here is the news of immediate value to you. Comforts—necessities—luxuries—merchandise every bit of which gives you a dollar's worth of value for every dollar you spend.

In the advertisements is information of practical worth. Reputable merchants bring wares for your inspection that are soundly made and known proved value. The statements they make they are willing to sign—knowing that each statement must be truthful, for their reputation, standing in the community, and business prestige is at stake.

It pays to read advertisements. For, in this part of your newspaper, you can find where your money can be spent to best advantage. A very material aid in bettering your every-day life. A way of lengthening your pocket book.

Get the habit of reading the advertisements in this paper, and taking advantage of the help they bring you

Poor Appearance Bars Many A Good Man

Whether we like it or not, appearances count in this world. It's only natural to associate success with the man who LOOKS the part. When a man looks neat we take a lot for granted. On the contrary, when a man looks shabby or unkempt, the thought "failure" comes to mind and it takes a lot to down it. The man who knows his world adopts every legitimate means to look his best at all times.

Our clothes are made to fit and fit to wear. Every suit price reduced to fit the pocketbook, and if the clothes you have are not becoming to you, you had better bring them to us. We clean and press 'em.
