

### WHITEHEAD INJURED WHEN STOVE EXPLODES

G. Whitehead, wife of a business man, was severely injured Thursday noon when the stove at which she was cooking exploded, enveloping her in flames. Her clothing protected her from sustaining serious burns and about the face and hands, eyebrows, and lashes were singed. Prompt medical attention prevented the accident being

Whitehead was standing in front of the oven when both were blown open by the explosion, flames flashing as the kitchen and almost to the front door of the explosion. Fortunately for the lady, the stove exploded only a second, and she was unable to catch her clothing. This fact probably saved her from a terrible injury.

Whitehead's temperature ran high for two days. Whitehead is now up and about; her doctor stated that there is no scar. The most serious seems to be about the mouth and the right ear. Whitehead said that this was the first time she had ever injured herself as victim each

Whitehead is now up and about; her doctor stated that there is no scar. The most serious seems to be about the mouth and the right ear. Whitehead said that this was the first time she had ever injured herself as victim each

### CATHEY SUFFERS PARALYTIC STROKE

Cathey, better known to people in this territory as Uncle Mat, a paralytic stroke Tuesday and has so far not recovered. She is now in the hospital. The stroke first made its appearance at breakfast time, when he had the use of his right hand, but could not give an opinion as to a neighbor's and almost failed to reach a local physician was summoned by the time he reached the man, the entire right side was totally paralyzed. The doctor is of the opinion that he had a slight hemorrhage of the brain, but could not give an opinion as to the duration of the time he would be confined to his bed, or just how the attack might be.

### LEAGUE ELECTS NEW OFFICERS SUNDAY

Members were present at a meeting of the Junior Episcopate last Sunday afternoon for the coming year. Officers were as follows: G. C. Cathey, president; Kitty May, vice-president; Madeline McPherson, secretary; Melvin Moore, treasurer; Jim Ellen Wells, reporter. G. C. Cathey was elected leader, and it is felt that this corps of officers and so on will be a success.

### PREACHER PROVES ABILITY AS GARDNER

Rev. Henderson, local Baptist preacher, knows his vegetables. And by his tomatoes. He brought a basket of the Palmer Rosa to the editor Monday, and the mammoth weighed a pound and the other one pound and a half. They were remarkably good, they were decidedly to the palate. Henderson said that he had planted plants of this variety in his garden at the home of Mr. Hal Singleton, Jr., and that each plant would bear several

### LYNN COUNTY RECEIVES SERVICES OF HEALTH BOARD

Due to the enthusiastic response accorded the Healthboard which visited every community in the county last week, Lynn county is to have the services of a county nurse with the support of the state board of health. The health campaign, which lasted through three days, met with interest and a hearty welcome at all places, according to Dr. Gosch. Members of the party addressed five hundred and seventy-eight persons the first day, two hundred and thirty-nine the second, and two hundred and forty-three the third day.

A meeting was held in O'Donnell Saturday afternoon at the Methodist church and while attendance was lighter than had been expected, interest was gratifying. It is felt that, due to the depression with its consequent lowering of living standards, this service will be of material benefit through the coming winter months, and everyone is urged to take full advantage of it.

Dr. Gosch stated Monday morning that Lynn is the first county of the five which comprise this district to get for the aid, and as a consequence will be served first. As the doctor expressed it, the wheel that squeaks the loudest is the wheel that gets the grease.

The first important event in the schedule for Lynn county will be a series of child health conferences. O'Donnell's will be held Wednesday, September 8, at 8:30 a. m.

### CIVIL SERVICE EXAMINATIONS ANNOUNCED

The United States Civil Service Commission has announced open competitive examinations as follows: School social worker (visiting teacher), \$2,300 a year, Indian Service. Closing date, December 30, 1931.

Assistant radio operator (airways), \$1,800 to \$2,160 a year, Bureau of Lighthouses, Department of Commerce. Closing date, September 18, 1931.

All States except Delaware, Iowa, Maine, Maryland, New Hampshire, Vermont, Virginia, and the District of Columbia have received less than their share of appointments in the appointed Departmental Service at Washington, D. C.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

### CATHEYS RETURN MONDAY FROM VACATION TRIP

Mayor and Mrs. W. S. Cathey and family returned Monday afternoon from an extended vacation trip which included points of interest in New Mexico, Arizona, and California.

After a week's visit in California with their son, G. C. Cathey, they returned via the Painted Desert and the Petrified Forest, greatly enjoying all these nationally famous sights.

### SHOOKS MOVE TO NEW HOME MONDAY

Mr. and Mrs. Carey Shook are now occupying the Irvin Street house on Oak Street, having moved to that residence Monday.

### O'DONNELL'S FIRST BALE GINNED WEDNESDAY

The first cotton of this season for this territory was ginned here Wednesday, with an unusually good yield. The cotton came from Mrs. Benny Cox's farm south of town, and was ginned at Pemberton's gin. Thirteen hundred pounds of cotton produced five hundred and forty-eight pounds of lint.

The bale was bought by Mr. Pemberton at \$6.25 per cwt., which is a reasonably good price for this year. A premium for the lady, reached the sum of \$30.00.

The sample drawn from the bale stapled fifteen-sixteenths.

### The Labor Day Parade

### Local News

#### HUNTING SEASON OPENED ON CHICKENS AND DOVES

The first of the year's hunting season opened Tuesday when many of the local nomads went forth in search of prairie chickens and doves.

The Texas laws permit chicken hunting in the northern section, for four days only, September 1, 2, 3, and 4, except in counties in which special legislation has been put in effect. Bag limit on prairie chickens is ten for one day or season, ten in the season.

Dove season is open from September 1 through October 31. The season in South Texas is one month later. The limit, excepting in counties protected by special legislation pertaining to the killing of doves is 15 in one day or 45 in any period of seven consecutive days from the 1st of September through October.

#### FIFTH MONDAY SOCIAL AT PRESBYTERIAN CHURCH

Members of the Cumberland Presbyterian Ladies' Auxiliary were hostesses Monday afternoon to ladies of the other churches of the town when the Fifth Monday Federation met for a regular social hour.

Mrs. Harville conducted the devotional which preceded the main feature of the afternoon, an unusual and delightful pageant entitled "The Two Americas". Mrs. A. W. Gibbs directed it, choosing characters with much thought, and the results of her planning and their work and co-operation fully justified all the time and labor.

Mmes. T. M. Garner, Carey Shook, Miss Attridge Randle and Mrs. Cecil Westerman of Lamesa assisted with special musical numbers which added much to the impressiveness of the pageant.

In a short business meeting, it was decided that a reception committee made up of the president, vice-president, and secretary of each organization will greet guests at each future meeting of the Federation with the idea of further dividing the responsibility for the success of each social, and still more build up that feeling of friendship and neighborliness which is the chief aim of the organization.

Attractive refreshment plates containing slices of watermelon, both red and yellow mated, decorated with sprays of cut flowers, were passed to about fifty guests.

#### WRIGHT SHIPS CATTLE OUT TO PASTURE

Vague ghosts of twenty-five years ago stirred uneasily in their slumbers Thursday morning when cowboys on Judge Wright's ranch south of town drove a herd of one hundred and fifty cattle down the side street which leads to shipping pens. Old-timers have been spinning yarns of old-time round-up days in O'Donnell, and in some instances bewailing the passing of the reign of the cattle barons.

The cattle were being shipped out to pasture west of Lamesa, and will reach grass and water by night-fall. Due to continued drought, grass has not been up to standard here this year, but the cattle were nevertheless in reasonably good condition.

#### TEACHERS INSTITUTE AT TECH SEPTEMBER 7, 8, 9

Fifteen hundred school teachers, representing 18 or 20 West Texas counties, are expected to attend the seventh annual South Plains Teachers Institute at Texas Technological college September 7, 8, and 9.

With the program already announced and the list of speakers completed, Dr. Paul W. Horn, Texas Tech president and conductors of the institute, and Dr. A. W. Evans, assistant conductor, have announced that everything is in readiness for the session.

According to officials, this year's faculty will be one of the strongest in the history of the institute. Among the prominent speakers and educators to be there are: Dr. Shelton Phelps and Dr. A. L. Crab, both of George Peabody College of Teachers at Nashville, Tenn., C. L. Davis, and J. B. Rutland of the state department of education; E. R. Alexander and J. S. Dykes of Texas A. and M. college; Dr. L. M. Jenkins of the University of Texas; J. O. Guleke of Amarillo, member of the state board of education and Mr. Marrs, state superintendent of public instruction.

Separate meetings have been arranged for teachers from the following counties, Andrews, Bailey, Borden, Cochran, Crosby, Dawson, Dickens, Gaines, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Motley, Terry and Yoakum. Independent district meetings will be held by Abertahy, Amherst, Ardmore, Brownfield, Crosbyton, Dickens, Idalou, Lamesa, Levelland, Littlefield, Matador, Muleshoe, O'Donnell, Otter, Petersburg, Post Falls, Ropesville, Shallowater, Slaton, Spur, Sudo, Tahoka, Wilson, and Woodward.

General sessions will be held at the Texas Tech gymnasium, with other meetings in various college buildings and at the First Methodist church building.

Dr. Horn and Dr. Evans, as well as a number of local college and public school teachers, are included on the institute faculty list.

#### 62 RECEIVE CERTIFICATES AT COMPLETION OF COURSE

Sixty members of the local B. Y. P. U. organization received certificates or seals signifying that they have completed one or other of the courses they offered last week during the B. Y. P. U. training school. The awards were presented at commencement exercises held Sunday afternoon at the Baptist church at Tahoka.

One hundred and thirty-eight persons attended from O'Donnell, and Miss Attridge, in describing this as one of the most impressive services they had ever attended.

The school, which was underway throughout the entire Brownfield association, was declared an unqualified success, but the O'Donnell church lays claim to the greatest, because Miss Grace Conner was the teacher. While meetings and other things conflicted somewhat with attendance, numbers of young people here also took advantage of the opportunity, and enrolled in the various classes. Those who attended say that keenest interest was manifested throughout the course of the school, and that everyone received a full measure of inspiration.

Mr. and Mrs. Jimmie Eason of Big Spring were guests Sunday of her parents, Mr. and Mrs. T. A. Wimberley.

O. M. Bean of Littlefield was the guest last week of his sister, Mrs. M. Wilson.

Miss Eudora Payne has recently taken up her duties as saleslady at Wilson's Cash Grocery, and is rapidly making friends among the shoppers.

A. R. Lindsay of Abilene was the guest at a time Wednesday of his niece, Mrs. Roy Wilkes.

Mrs. Claude Wells of Tahoka spent Wednesday with Mr. and Mrs. E. T. Wells.

W. H. Thornhill spent Sunday in Lamesa as the guest of his brother, R. K. Thornhill, and family.

A sports writer is one who gets paid for guessing on results and for explaining why he guessed wrong.

#### SOY BEAN CROP SHOWS GOOD YIELD, SAYS HESTER

E. W. Hester, prominent farmer who lives just south of town and who is known all over this part of the country as a successful breeder of Jersey cattle, said Wednesday that he was harvesting his soy bean crop this week, and that the yield has surpassed first expectations.

Mr. Hester has eighteen acres that he is cutting for curing, and on an average will make about 30 bundles to the row, which are 400 feet long, or approximately 7,000 bundles on the 18 acres. An average bundle will weigh approximately 12 pounds, or approximately, the field will produce 42 tons of green soy bean hay. The hay will be shocked and cured and then stacked for winter feed for the famous Jersey herd.

Mr. Hester stated that this crop was grown on a very poor piece of soil and was on land that had not produced anything in the last two years. Mr. Hester is most enthusiastic in his praise of the crop, and said Wednesday, that by actual experiment on the agricultural experiment stations soy beans showed the same food and milk producing values as alfalfa.

#### WELLS LITERARY SOCIETY TO PRESENT PLAY

The Wells Literary Society, which is an exceedingly live organization, has not permitted the heat of summer months to decrease interest and the announcement is made that on Friday evening, September 4th, a three-act comedy will be presented in the auditorium there.

The title of the play is "A Poor Married Man", and is, according to all reports, chuck full of laughs. It is being staged by request, and has been most carefully worked up. Directed by Mr. Oscar McPenty, a strong cast is confidently expected to put the play over in great fashion.

Players will be as follows: The poor married man, Omah McLaughry; Mrs. Ford, a domineering mother-in-law, Mrs. Robert Cook; Zoe, her daughter, Vera Askew; Dr. Graham, who considers himself a "great catch", Robert Cook; June Graham, his daughter, Everett Triplett; Rosalind Williams, a college reporter, Leta Mae Cook; Billy Blake, a college senior who thinks he had better end it all, Claude Tucker, Jr.; Jupter Jackson, a black trumpet; Billy Tucker.

Plans of good music is promised to add the finishing touches to the evening, and everyone is cordially invited to attend the performance, which is free.

#### SCHEDULE ANNOUNCED FOR HEALTH NURSE

Monday, September 7, Lynn county, Grassland, Adult Health class p. m.

Tuesday, September 8, Dawson county; Woody, Adult Health class.

Wednesday, September 9, Borden county; Gail, Adult Health class.

Wednesday, September 8, Lynn county; O'Donnell, Child health conference, 8:30 a. m. Adult Health class.

Thursday, September 10, Dawson county; McCarty, Adult class at 4 p. m. Ballard, Adult Health class at 2 p. m.

Friday, September 11, Dawson county; Key, child health conference a. m. Adult Health class p. m.

Saturday, September 12, Dawson county; Lamesa, office.

#### MRS. GUYE LEAVES MONDAY ON FALL BUYING TRIP

Mrs. W. E. Guye of Guye's Dry Goods store left Monday morning for Dallas and Ft. Worth markets, where she will buy fall goods for the store here. Mrs. Guye said before she left that only the newest and most up-to-date merchandise will be in the store this season, and that the entire wardrobe for the whole family can be found there.

She was accompanied on the trip by her sons, Wray and Earl Wayne, who will visit relatives and friends. They expect to be gone about a week.

Mrs. J. F. Campbell attended a reception in Lubbock Wednesday honoring Mrs. J. B. McCorkle, bride of Dr. J. B. McCorkle, who was a school mate of Dr. Kenneth Campbell.

Mrs. W. H. Thornhill has returned from a two-weeks' trip to various points in Indiana, and reports a wonderful vacation.

Act of March 3, 1879.

**AN OBVIOUS REMEDY**

Some day some one is going to calculate the sum total of public moneys that has been poured down the sinkhole of unconstitutional legislation. And when that staggering figure is released, the people are going to rise up and demand that this unnecessary waste of the people's funds be stopped.

Unquestionably, too much of the work of Texas' legislature fail to stand up in court.

If the state did not have competent legal counsel, the condition might be tolerated. But it does have an attorney general who is presumed to be fairly well acquainted with the constitution and the law. Given reasonable time to study a bill, he should be able to forecast, with some degree of certainty, whether or not it would survive an attack in court.

Neither house of the legislature should consider a bill unless there was attached to it a certificate from the attorney general, or one of his assistants, stating that in his opinion the proposed bill was constitutional. Of course, the attorney general's opinion would not always prove to be correct; but if he were too often mistaken, he should be removed for incompetency.

Here is a simple and inexpensive remedy for an expensive failure. No laws need be passed to make it operative: committees need only refuse to report on any bill not having the certificate of constitutionality.

**BREVITIES**

A tax of almost anything on almost anything can be put over in Texas, provided you are willing to split the proceeds with the sacred cause of Education. . . . Wounder how long the East Texas road would have lasted, if the trustee officer hadn't called so many of the "general's boys" back to school? Did the fellow who thinks his local newspaper is without influence ever try to put over the community chest without the paper's help? A tip for governor Sterling: The people admire a man who defers to their wishes, but they elect leaders to office. My wife is up in arms again: she says she doesn't mind my night mares, but it's a downright disgrace to have them at eight o'clock in the morning. . . . The East Texas road, certified public accountant of Houston, has written a most readable and informative book on the tax problem in Texas. It (the book) is strictly a Texas product, having been printed and bound in a Texas publishing house. . . . This will find its provocative of thought. A Houston woman last week shot her husband through the heart. But one shot was fired. When did finishing schools begin teaching a course in marksmanship? . . . In last week's TIME, Captain Hickman of the Texas Rangers writes he is such a poor shot he never draws until after the other fellow has fired once. But a subordinate can split a card at twenty paces, shooting with his gun inverted.—*Editors of the Month.*

**UNCLE SAM SAYS**

From 1920 to 1930 farm tenancy increased in 41 states, decreased in 6, and did not change in Southern California. In the whole country the tenancy was 38.1 per cent in 1920 and 42.4 per cent in 1930.

Marglobe and Break O'Day, two-wilt-resisting tomato varieties developed by the U. S. Department of Agriculture, have won the approval of growers and are displacing old favorites.

More farmers ought to carry more insurance and better insurance, economists say, particularly insurance against serious damage to growing crops.

On the Department of Agriculture grounds a crop of soybeans flourish up until about August 1. Then they were disked and turned under as green manure.

**LARGEST LIVING THING**

The largest living thing on earth, and probably the oldest, is the General Sherman tree in Sequoia National Park, California. By precise observations and calculations a committee of engineers determined that this tree was the biggest of the giant redwoods, while the General Grant tree is second in size.

The General Sherman tree has a volume of slightly more than 600,000 board feet of lumber; its height is 272 feet, and its circumference at the ground is 88 feet.

It is estimated that these largest trees are 5,000, or more years old.

The well-known stork, too, seems unable to solve the distribution problem.

More vacations are being taken this summer than ever, most of them involuntarily.

**DADDY'S EVENING FAIRY TALE**

Mary Graham Bonner

**MR. WIND**

"We couldn't have the sort of a party we want without you, Mr. Wind, so will you please come!" the autumn leaves said most of them.

"We want your help in the races and jumps and scampers. We want you to say."

"Ready, Set, Go."

"We could never go without you, Mr. Wind."

The leaves kept flying to the ground. Many were still on the trees.

"In fact most of them were, but the first ones to drop off and blow about were ready for the first party of the season."

"It will be the way it always is, I suppose," said Mr. Wind. "A great many leaves will come which are not invited."

"Now, Mr. Wind," said the leaves already on the ground, "that is not fair."

"And why not?" asked Mr. Wind, as he whistled a merry tune and looked quite happy and also quite naughty.

"Because you know full well, Mr. Wind," said the leaves, "that the others which will come uninvited will be blown here by you."

"You will simply not allow them to stay on the trees. You will send a great many to the party."

"Some, it is true, you will leave alone, but others you will send, oh, so many, many others."

"And why shouldn't I?" asked Mr. Wind. "Won't they enjoy your party?"

"We hope so," said the leaves.

"Shall I send the Breeze children off with the invitations?"

"Please do," said the leaves.

So off the Breeze Brothers and soon the guests began to arrive.

It was almost like a storm of leaves.

"Ah," said old Mr. Wind, "this will be a party after my own windy heart."

"How I shall enjoy it! What dancing and racing and scampers I will start with leaves."

"High ho, high ho, the old wind will blow."

Just at that moment the fairies and gnomes all came running to the party.

"May we come?" they asked. And of course the leaves were delighted and honored.

"Please do," said the leaves.

Such merriment as there was and how Mr. Wind did make the leaves race and dance.

Of course many blew down from the trees—just as the others had said—many uninvited guests.

But Mr. Wind treated them all alike, and they were as happy as could be.

Then they would make houses of themselves, helped by the fairies, and then Mr. Wind would come and blow the house away.

Oh, it was such a jolly, jolly, windy party!

**RIDDLES**

What has no legs and yet can run?  
A stream. . . .

When is a pie like a poet?  
When it is brooding. . . .

Why is the letter T like an island?  
Because it is in the middle of water. . . .

What has four legs but only one foot?  
A bed. . . .

What fruit grows on telegraph wires?  
Currents. . . .

What are the oldest tops in the world?  
Mountain tops. . . .

Why is a cot like an egg?  
They both have to be broken before they can be used. . . .

What is the best thing to do with stamps that won't stick?  
Give them a licking. . . .

Why is a lean monarch like a thoughtful man?  
Because he is, a thin-king. . . .

What is it that people often take yet want to lose as soon as they have taken?  
A cold. . . .

**ON TEXAS FARMS**

A saving of \$127.50 in the feed bill of his 25 cows for June was accomplished by Oliver Person, Harrison county dairy herd demonstrator, who has a 40-acre sand pasture. Grain was cut to 200 pounds per day and production maintained.

A gain of 90 pounds in 31 days is reported by Mildred Craighead, Mason county club girl, on her baby beef calf. It was a motherless calf put on a Jersey nurse cow and given access to a self-feeder in which was placed coarsely ground ration of 54 per cent oats, 18 per cent each of corn and barley, 5 per cent of cotton-seed meal and a commercial concentrate, and prairie hay.

Seven Bexar county 4-H club boys are weighing the milk of 59 cows once weekly and keeping feed records for the guidance of the owners.

Club boys in Childress county are learning to caponize and plan to have a solid carload of capons ready to market next January. In their first caponizing only three out of 149 birds died.

Repeated dry weather breaking on a field badly infested with Johnson grass killed the grass down to a small patch in two years for W. W. Blankenship of Mosheim, Bosque county, the county agent reports. Spraying with calcium chloride has removed the last living grass plant from the field.

Five head of work stock and four dairy cows have been getting plenty of grazing from 3.6 acres of sweet clover demonstration pasture planted in March by R. L. Eddleman of Plainview Community, Baylor county.

Some farmers seem to get a measure of relief by cussing the Federal Farm Board.

Index advertising gets results.

MRS J. W. CAMPBELL, Reporter

## MOONLIGHT PICNIC MONDAY EVENING MUCH ENJOYED

Taking advantage of the gorgeous moonlight nights which are now being enjoyed, picnics have been the order of the day, or night, for the past week.

One of the most enjoyable was Monday evening when a party of young people, chaperoned by Mr. and Mrs. W. E. Singleton, motored to just south of town for supper and a social hour.

Sandwiches, fruit, "pop", and watermelons were dispensed with in great quantities, after which games, songs, and stories whiled away pleasantly.

Those present were Misses Hazel Kirk, Beverly Wells, Alice Joy Bowler, Kathryn Veazey, Eula Belle Holman, Messrs. Jimmie Miller, Howard Tredway, Ralph Beach, Raymond Busby, and Truett Hobdy.

## PICNIC THURSDAY AT INDIAN CANYON

A group of seven girls, attired in pajamas and chow-wow hats, led themselves and their lunches on a picnic Thursday, and left camp in the direction of Indian Canyon. Last reports from that region were that the rocks were almost removed from the effects of the day's activities, but that they will probably never be the same again.

Blistered noses and shoulders have been eloquent witnesses this week as the girls enjoyed a lengthy hike, and the number of supplies taken with them indicate that the picnic hour was also well employed.

Those enjoying the day were Misses Morena and Wynona Huff, Frances Scott, Eula Belle and Louise Bess, Dessa Holman, and Alice Joy Wells.

## A. DUNCAN HONORED AT MONDAY NIGHT

Honoring J. A. Duncan, who will leave with his parents to make his home in New Mexico, a group of young people enjoyed a picnic and a Monday evening at Tahoka lake. Group games of all kinds were played, and story-telling and songs were also part of the evening's fun. Refreshments of "fried angels on a stick", fruit, cookies, and punch were served at the conclusion of the picnic.

Those present were Misses Mary Shook, Lois Burdett, Waldine Island, Gladys Gibson, Margaret Miller, Eva Dell Harris, Vivian and Annie Lee Pearce, and Rebekah Fowler. Messrs. O. L. Harris, Roy Line, Gwyn Line, Hollis Line, Clayton, Vernon Kirkland, and Shugart, Alvis Tredway, J. A. Duncan. Mrs. Dee Harris chaperoned the party.

## BOYS' CLUB MEETS AT MERL MILES

The Boys' Club met at the home of Merl Miles Monday afternoon, with Mrs. Betty Lynn Middleton and Mrs. Lawler joint hostesses. The afternoon was spent making blocks of all kinds, each emphasizing her originality in planning. After a few games had been played, the boys enjoyed delicious ice-cream.

Those present were Jennie V. and Ed DeBusk, Norma Ruth Vermulst, Merl Miles, Marjorie Musick, Frances Lawler, Billie B. and Constance McConal, Lometa Robinson, Leonard Mary Berta Holman, and Mrs. Wetsel of Tahoka.

## BOYS' SCHOOL CLASS PICNIC WEDNESDAY

Members of the Junior Girls Sunday school class of the Methodist church and their teacher, Mrs. Arch Holman, spent a most enjoyable afternoon Wednesday when they held their picnic on the Walls farm just east of town.

Refreshments were in evidence in great quantities, and the picnic was thoroughly appreciated. A number of active games were played.

Those present were Hope Shook, Jennie V. and Opal DeBusk, Modene Holman, Christine Caddell, Frances Robinson, Lometa Robinson, Allene Doris Cornett, Anna Belle Holman, Anna May Frost, Frances and Betty Lou Pierce, with Mrs. Arch Holman as chaperon.

## BRIDGE-DANCE GAY AFFAIR WEDNESDAY EVENING

Miss Beverly Wells and Mr. Howard Tredway were hosts Wednesday evening to a small number of friends when they entertained with an informal bridge-dance at the home of their hostess.

Bowls of roses, honeysuckle, and other cut flowers added charming touches to the spacious living room where three tables were placed for games, and guests were soon deep in bids—and trying to make them. Novel and amusing departures from the accustomed manner of playing were a surprise to bidders, but were heartily enjoyed by their opponents.

At a late hour delicious refreshments of chicken sandwiches and iced tea were served, after which an hour of dancing was enjoyed.

Those present were Misses Kathryn Veazey, Alice Joy Bowler, Mabel Kirkpatrick, Morena Huff, and Ethel Singleton; Messrs. Howard Tredway, Ralph Beach, Raymond Busby, Chas. Cathey, Will Ed Tredway, and Barton Burk; Mrs. J. W. Campbell, and Mr. and Mrs. Fred Henderson.

## SIDELIGHTS

Captain William Bartlett, noted sealing ship captain, who died a few days ago in New Foundation at the age of 84, had a unique record. In 60 years of sailing the treacherous North Atlantic in all kinds of weather he never lost a man at sea. He and his crews captured more than 500,000 seals during his seagoing career, which ended only two years ago. He was the father of famed Captain Robert Bartlett, skipper of Peary's expedition to the North Pole.

Dorothy Dell of the Ziegfeld Follies is strictly chaperoned by her mother, who is determined to keep her little daughter away from some contaminating influences which some-times beset young stars. By the way, Miss Dell's song hit of the show is entitled: "Was I Drunk; Was He Handsome; Did My Mother Give Me Hell?"

Robert Cloud, a New York negro, is a lyric composer of talent, who has written the words and music of more than a score of songs. His regular job, however, is that of a Red Cap at the Grand Central Station.

Evidently believing in the theory that it is all right to try anything once, Kead Provalitis of Waterbury, Conn., followed the suggestion of a friend representing a home-made remedy. He drank moonshine whiskey from a bottle containing an 18-

inch snake in the hope that it would cure his stomach trouble. It didn't. But his wife got a divorce on the strength of it.

The president of a company manufacturing cough drops reveals that his sales for the past year have been greater than in any similar previous period. Wise folks may readily anticipate the answer to the question, "How come?" The company doubled its advertising last year.

## CICERO-SMITH LUMBER CO.

"Where Quality Counts"

**GOOD LUMBER—GOOD SERVICE**

Lumber, Builders' Hardware, Wind Mills, Wire, Post, Paint and 'Nigger Head Coal.'

**DON EDWARDS, Manager**

The annual Peddlers' parade, a big free feed for the "knights of the grip", to be followed by the annual R. O. R. E. traveling men's fraternity initiation and a sport night program are on the docket for the jubilee.

Distribution of moonshine liquor may not have reached the saturation point, but some of its users have.

Those who insist on choosing the laws they will obey have an ample supply to select from.

A stick of chewing gum recently cost a Hollywood talkie producer \$1,000. An extra actor watching the filming of a picture chewed gum during the "shooting" of the scene. The cracking sound made by the chewer was reproduced like static, and the scene had to be made over at a cost of \$1,000.

Henry Billingsley of Lone Pine, Calif., doesn't claim to be much of an airplane pilot, but he thought he could manipulate a stolen plane sufficiently to carry away his two children when he became estranged from his wife. And in spite of his inexperience he got away with it. That is, he got the children away without breaking any necks, but he now faces the law's stern demands for his exploit.

Government entomologists find that some persons are more attractive to mosquitoes than others. That is a brand of popularity that isn't very eagerly sought, however. We won't mind if the Anopheles and Culex never discover that we have "it".

## TEXAS CONGRESSMAN TO MAKE GIFT TO SCHOOLS

Announcement was made this week by Congressman Marvin Jones that every schoolroom of every school in his district will, within a few weeks after the opening of the new school term receive a beautiful portrait-poster of George Washington, executed in colors.

The portrait to be used in these posters is a reproduction of the famous Gilbert Stuart painting and will be 22 inches by 28 inches in size. This poster was selected after a good deal of study, and is considered the finest example of poster making available.

The poster pictures featuring Geo. Washington are being distributed by Congressman Jones in co-operation with the United States George Washington Bicentennial Commission of Washington, D. C., in order to stimulate interest among the thousands of school children of the district in the coming nine months-celebration of the Two Hundredth Anniversary of the Birth of the Father of our country.

Mr. Jones is in constant touch with the activities of the United States George Washington Bicentennial Commission which was created by Congress to formulate and execute plans for the great celebration in 1932.

The United States Commission is placing a good deal of emphasis on the co-operation of the school children of America in this historic event. This poster-picture is just one feature of its work.

Congressman Jones announces that he will see to it that the schools, clubs, churches, and fraternal and patriotic organizations in his district will be adequately supplied with literature to be issued by the United States George Washington Bicentennial Commission.

The George Washington Bicentennial Celebration will begin on February 22, 1932, and last until the following Thanksgiving Day.

## PEDDLERS' JUBILEE AT LUBBOCK, SEPTEMBER 19

Several hundred traveling salesmen of the Southwest will be Lubbock on September 19.

## C. E. CAMERON

Improved Uniform International Sunday School Lesson

(By Rev. P. R. FITZWATER, D. D., Member of Faculty of Theological Seminary, (Institute of Chicago), 16, 1912, Western Standard, Chicago)

Lesson for September 6

TURNING TO THE GENTILES

LESSON TEXT—Acts 13:13-22. GOLDEN TEXT—For so hath the Lord commanded us, saying, I have set thee to be a light of the Gentiles, that thou shouldst bring salvation unto the ends of the earth.

PRIMARY TOPIC—Paul Preaching in Antioch. JUNIOR TOPIC—Paul Preaching in Antioch. INTERMEDIATE AND SENIOR TOPIC—Opening a New Field.

YOUNG PEOPLE AND ADULT TOPIC—A Light Unto the Gentiles.

I. Paul's Journey from Perga to Antioch (13:13-15). From this time forward Paul, who hitherto was called Saul, takes the lead in this campaign.

1. Defection of John Mark (v. 13). From Perga, Mark for some reason went back. He later redeemed himself, and was ready to go again when the second missionary journey was begun.

2. Defection of John Mark (v. 13). From Perga, Paul and Barnabas went to Antioch in Pisidia where they entered the synagogue on the Sabbath day.

3. Paul Preaching in the Synagogue (v. 14-17). After the usual reading of the Scriptures, in response to the invitation of the rulers, Paul delivered his first recorded sermon.

4. Historical (v. 17-23). In this section we see how Paul in a conciliatory way led them gradually through a series of changes in which God had dealt graciously with them.

5. Apologetical (v. 24-27). That this Jesus was of the seed of David and therefore the promised Messiah he proves by three lines of argument.

6. Doctrinal (v. 28, 29). The great doctrine derived from this proof of justification by faith—the very narrow of the gospel. Observe: a. The ground of justification is the finished work of Jesus Christ.

7. Practical (v. 40, 41). The application of this sermon was a warning lest the judgment spoken of by Habakkuk should fall upon them.

8. The Effect of the Sermon (v. 42-52). 1. Many of the Jews and proselytes requested to hear these words again.

2. Open opposition (v. 50, 51). The persecution became so violent that Paul and Barnabas were expelled from the city.

3. The disciples filled with joy and with the Holy Ghost (v. 52). In spite of the bitter experiences occasioned by this opposition, they were filled with joy.

Through Gates of Forgiveness Through the gates of forgiveness we enter a new world, out from darkness into light, out from coldness into warmth, out from evil into good, out from infirmity into love, out from the illusion into the real.—Richard Whitwell.

God's Dew and Showers God's sweet dew and showers of grace slide off the mountain of pride, and fall on the low valleys of humble hearts, and make them pleasant and fertile.—Leighton.

ARVANA NEWS

Crops are doing fairly well, though we need rain.

Miss Johnnie Richardson returned home from a week's visit with Miss Faye Richardson of Tahoka, Sunday.

Mrs. Edwards is on the sick list. We wish her a speedy recovery.

Mr. G. W. Hickerson, Sr., Glenn Hickerson and John Hickerson celebrated their birthdays Sunday by having a big dinner at G. W. Hickerson's. Those who attended the dinner were W. E. Sikes and family, T. M. Ellis and family, Mr. and Mrs. Jake Ellis, Bud Ellis and family. All report a nice time.

TO THE VOTERS OF PRECINCT NO. 6

I expect to be a candidate for the office of public weigher at O'Donnell after the first of the year and take this method of making my plans known.

I have had four years experience as weigher at Trenton, Texas, and weighed 42,000 bales, so I feel that I am qualified to fill the position.

I expect to see all voters after January 1, and ask that you keep this announcement in mind.

W. T. BRANDON. FOR SALE OR TRADE—100 acre farm in Yell county, Arkansas. Joe Yendrick, Stafford, Ark.
