## Eagles To Host Morton

### Good Game Expected

Friday nite at Johnson's Field the O'Donnell Eagles will be hosts to the Morton Indians in a district game. The game is expected to be unusually good as these two teams are arch rivals in athletics. Although the Indians are rated favorites by games played and won, the visitors may be line for a surprise as the Eagles are showing steady improvement and have a fine team spirit.

### Cemetery Meeting Set To Plan Dinner

There will be a meeting of the O'Donnell Cemetery Association Thursday nite Oct. 21st at the American Legion Hall at 7:30 p. m. to discuss plans for the annual Thanksgiving dinner. This is an important meeting and everyone interested in this civic project is urged to attend, according to Mrs. Ralph Gary, president of the association. The day, again, is this Thursday nite. Let's be there.

### Civic Groups Behind X-ray Program Due Here

The following organizations will sponsor the T. B. X-ray unit to be in O'Donnell on Nov. 30th: The 1946 Study Club, the 1939 Study Club, the PTA and The Rotary Club.

The Community cannot be satisfied with less than 100 percent in the campaign to X-ray every person over 15 years in O'Donnell and the surrounding territory. This means everyone, even those who look and feel the picture of health. No community is safe from T. B. while a single case of this communicable disease exists in it.

### Musical Program Given

The members of the 1946 Study Clubs entertained guests last Wednesday afternoon at the First Methodist church. The life and music of Stephen Foster was presented by Mrs. Ed Robinson at the organ, Mrs. Carr Spraberry at the piano, Mrs. Wayne Clayton, vocalist and Mrs. Wayne Carroll as reader.

Following the musical program a social hour was enjoyed in the Fellowship Hall. To carry out the theme "Music of the Southland" the table was centered with a miniature wagon filled with cotton topped with pickaninies and surrounded by colorful musical instruments. Favors were chenille musical notes. Approximately 30 members and guests were served.

Next Meeting Oct. 27th

## Good Fall Business

7650 bales of cotton have been ginned to date from this season's crop and the weather remains open and ideal for harvesting operations. The big news this year is the surprising increase in local production per acre over earlier estimates. The length of fiber and general excellence of quality of lint are very surprising compared to the average and the price remains favorable. Although there are dry sections, notably the Joe Bailey section, the trade area has near an average crop and was made on less than 7 inches of effective rainfall.

Business over the week end did not begin until late Saturday afternoon but continued that nite and thru Sunday when many merchants were open.

EARNEST MONEY CONTRACT (TYPEN MISTAKEN FOR "RECEIPT")

An all too common trap for the prospective home buyer is a sales contract signed under the delusion that he is merely signing a "receipt" for his earnest money payment. Once the buyer has signed such contract, he is bound by its provisions. Many unfortunate engagements have been announced by clients to lawyers with the words "I have just signed a receipt for a house on Blank Street. Will you take over now and see that everything is O. K.?"

Sales contracts are often called by other names, such as earnest money contracts, binders, receipts, etc. All of them are for the same purpose and almost without exception involve the deposit of money by the buyer. Some require the seller to put up a good faith deposit. The fact that such deposited sums are usually to be forfeited in event the depositor later fails to go through with his specified contractual obligations lends additional weight to the often stated admonition that no contract should be signed without complete understanding as to its terms.

But many home purchasers and sellers rush to sign a hastily prepared contract with very little knowledge of its contents. The pressure of time, the informality of the occasion, the casual appearance of the contract, and perhaps the fact that a partially printed form is used may contribute in causing the true importance of the act to be overlooked. At any rate, many are lulled into a lapse of good business judgement.

However, semester exemptions are still tied to attendance. Spiderweb Business Proves Profitable In California Town

YUCAIPA, Calif.—Such precision devices as sunsights, astronomical instruments and survey instruments require crossed hairs. Mrs. Nan Songer supplies spider webs with which the "hairs" are made.

Her business goes back to her childhood when, because of her frail health, her parents encouraged her to be out-of-doors as much as possible. She became interested in insect life—first moths and butterflies, then crickets, and finally spiders.

By 1930, when 37, she had been experimenting with extracting the silken web from spiders for several years. The government was inquiring whether the web would be produced commercially.

Human hairs had been utilized for years in sunsights, bombsights and periscopes, but were susceptible to extreme temperatures. They contracted and broke in the sub-zero cold of the stratosphere—and sagged in high temperatures. An extremely fine, sturdy and elastic strand was needed—and the spider web was the answer.

Using fine needles, Mrs. Songer draws the silk from one of the spider's spinnerets and reels it on a metal frame for shipment.

G. I. Surprised That Duty Makes Him Hero

CENTER HARBOR, N.H.—Soldiers from this town perform their duties whether or not it makes them heroes. One was even surprised that performance of an especially hazardous piece of duty recently qualified him as a hero.

The following note was received by the parents of Pfc. Erwin Young notifying them he was chosen to receive the bronze star for gallantry in Korea:

"I did what I thought was my duty and they called it heroic action. I shot a Chinese at point-blank range and one of his hand grenades blew up in my face. I sure thought I had had the course. It didn't even mar my beauty, though.

"Things are pretty quiet here right now and we're all waiting to go into the army reserve."

This Community Has Five Names

CARROLTON, Ind.—Most towns are satisfied to have one name but this town has five and, in the 1870's, James Whitcomb Riley wrote a poem about it.

The highway signs call it Carrolton, the postoffice is named Finly, after Rep. Finly Grap; the place once was called Kinder and the railroad thinks its name is Reedville. In his poem, Riley termed it "The Little Town of Tailholt." This name came into being when an early auctioneer was selling town lots. They were not exactly going like hot cakes so the auctioneer said: "Just buy one old lot; a tailholt is better than none."

Bassett, Va., Pastor Asks Prayer for Son

BASSETT, Va.—The weekly newspaper, the Journal, here has published the plea of Rev. Douglas M. White, pastor of the First Baptist Church, that residents send up a petition to God in behalf of Paul Vance, son of the pastor and Mrs. White. The boy is suffering with a brain tumor. Because of this plea, most of the population of Bassett has talked to God in the past weeks. The plea is as follows:

May I request the readers of this paper to join me in prayer this week?

At the time of this writing I have been informed by the neurologist at Duke hospital that Paul Vance, my 12-year-old son, has a tumor at the base of the skull. It is too risky to operate, but they are going to try X-ray therapy. What will follow we cannot tell; it just remains to be seen how he will respond to the treatments.

Our boy is a Christian, he loves the Lord, and trusts Him day by day. We have placed Him in God's hands and whatever He sees fit to do will be quite all right. God makes no mistakes. We are fully persuaded that God can raise Him up of course.

Early in my Christian experience God gave me a promise, which has become the foundation stone of my life. I am taking my stand upon that promise now. "And we know that ALL things work together for good to them that love God, to them who are called according to His purpose" (Romans 8:28).

Beauty 'Flips Lid' As Mayor Kisses Her

WILDWOOD, N.J.—Several thousand persons crowded Wildwood's boardwalk recently to watch the 42nd annual baby parade. The crowd saw one of the biggest parades in history as seven bands, 300 entrants and the queen's float filed along the boardwalk in a two-hour spectacle.

Highlight of the gala affair was the crowning of the queen, Miss Barbara Blake, by Mayor W. Harry Steele. Queen Oceania, the 42nd was crowned at the reviewing stand, which was situated between Glenwood and Magnolia ave.

This also provided the most humorous comment of the day by Mickey Shaughnessy, who served as MC for the entire parade. As the mayor kissed Miss Blake after crowning her, the crown slipped from her head which prompted Shaughnessy to remark, "There's one girl who flips her lid when the mayor kisses her." The mayor went through the proceedings again without mishap.

Accountant Can Get Goods on Credit Easier Than Others

URBANA - CHAMPAIGN, Ill.—When you want to buy goods on credit, you will find it a lot easier if you are an accountant or auditor than if you happen to be a laborer or farm hand, regardless of your income. Your occupation doesn't determine your credit rating, but it helps.

"The more specific factors which aid in determining reliability of risk are occupation, the amount and regularity of income, age, reserve assets of various kinds, character, and reputation," says Robert S. Hancock of the University of Illinois marketing faculty.

He recently studied occupations in relation to credit in cooperation with the Associated Credit Bureaus of America. He reports findings in "Current Economic Comment," quarterly journal of the University's Bureau of Economic and Business Research.

Business executives, accountants, and auditors got the best ratings from credit bureaus and department store credit managers. Next were independent and chain store retail managers, and a group including physicians, surgeons, and dentists. Public officials—federal, state, and local—ranked 19th in a list of 42 occupations. Transient and seasonal workers got the lowest rating.

A similar study made in 1941 at Illinois by marketing professor P. D. Converse gave army and navy officers next to the top rating, and ranked the medical men 12th and 14th as credit risks. In Hancock's study the officers dropped to 8th place, while doctors and dentists upped their rating.

Artist in Jail Uses Pound Note as Model

LONDON—Mrs. Garry, who is art instructor in a Yorkshire (England) prison, is extremely gratified with one of her pupils, A. F. Taylor. Given the right tools that talented student can produce, in half an hour, a pound note which amazingly resembles the original, the instructor says. However, this is what sent him up.

Evangelist Hits Bottle in Moral Way at Meetings

WINONA LAKE, Ind.—About the last place you'd expect to see liquor bottles prominently displayed would be in a revival tent.

But "converted" whisky bottles are a part of the evangelistic equipment used by the Rev. Curt Emmons. They form a musical instrument played at services by his 20-year-old daughter, Ethelee. She taps them with wooden sticks—vegetable-brush handles—bringing forth a ringing sound.

Many liquor bottles are picked up, but few are chosen, for the ecclesiastical musical instrument. Emmons explained that perhaps as many as 250 are tried and found wanting before a bottle with the right musical tone is found.

Ethelee began playing snare drums when she was 7. She has played various instruments at the services and took up bottles about eight years ago.

The bottle that would be most difficult to replace is a piercing, high-pitched, half-pint gin bottle from London, England. It produces the highest note of the keyboard of some 27 bottle keys. Some of the bottles used for lower notes contain varying amounts of water.

When a bottle is broken Emmons begins hunting around vacant lots and other likely spots for discarded bottles. The keyboard contains bottles from 12 different states including Kentucky. The labels have been removed.

Amber bottles produce better tones than clear bottles—why, Emmons doesn't know nor could he account for the fact that only one of more than 200 bottles that look just alike is suitable for musical purposes.

Emmons told of a drunk who staggered in to the meeting one night and came up to the front row, where he could get a good view of the bottles. After the sermon, he went to the altar and renounced whisky.

"He walked out of that meeting as straight as you or I," Emmons said. "God sobered him up."

Biggest Bears Are Found Near Iowa Town

MARQUETTE, Iowa—The oldest, largest and most harmless bears in the world reside in north-east Iowa.

These venerable and innocuous ursine giants march high in the hills which overlook the Mississippi north of Marquette. They may be seen by visiting Iowa's only national monument, Effigy Mounds.

All told, there are 80 mounds within the monument's boundaries. But only 18 of these are bear mounds. There are three bird effigies and the rest are linear and conical mounds.

Great Bear

Great Bear Mound, largest of the effigies, is 140 feet long, five feet high and 70 feet wide at the shoulders. It is one of the Yellow river group at the north end of the monument. Yellow river mounds have been cleared of underbrush and hiking trails have been built.

A smaller bear mound in the same area has been outlined with gravel to aid the viewer's eye in following the lines of the effigies.

Effigy Mounds is one of mid-America's richest archeological treasures. A great deal has been learned about the stone age culture of the mound builders through study of pottery and implements found near the mounds.

A recent discovery which caused quite a stir among Iowa archeologists was the finding by national park service authorities that not one, but two separate tribal groups simultaneously built mounds in the monument area.

Sacred Ground

This has led scholars to believe that the area was a sacred burial ground set aside for all mound building peoples in the section. Apparently all the mounds were burial places.

Ding Dong Daddy Is Charged by Wife No. 16 With Bigamy

LOS ANGELES—Wife No. 16 of the Ding Dong Daddy of the "D" Line, Francis H. Van Wie, 66, has charged her husband with bigamy. Mrs. Martha Moyle Van Wie signed a complaint that she married the former Sen Francisco motorman unaware of his 15 previous marriages.

The complaint accuses the polygamy motorman of marrying Martha in Yuma in 1951, then eloping two months ago with wife No. 17, Mrs. Amelia Pritchard Van Wie, 73.

Mrs. Martha Van Wie agreed to testify as a witness if the district attorney issued a bigamy complaint. She made her promise a few hours before a warrant was signed against Van Wie.

She told Walter Sullivan, district attorney's investigator, that she met Van Wie early in 1951 at a social gathering here and he proposed marriage, hinting that he was wealthy and would take her off the old age pension rolls. Mrs. Van Wie said they separated after two weeks, were reconciled for a few weeks longer and finally separated four months after their marriage.

Mrs. Van Wie filed suit for divorce in Long Beach and a few days later learned of Van Wie's marital record as the "Ding Dong Daddy of the D Line" in San Francisco back in 1945.

Mrs. Pritchard left Van Wie when she also learned of her husband's past fame as a marrying motorman. At the time she left him, Van Wie was uncertain whether he ever had been divorced from wife No. 14, Mrs. Mary Abbe of Oakland, but promised the district attorney he would surrender if a bigamy complaint were issued.

Van Wie then accepted an offer to make a theater appearance in Oakland. Informed that Mrs. Martha Van Wie insisted she was his 16th wife, he declined comment.

More people drive  
**FORD V-8's** than all other  
**V-8's combined**

And it's still the only V-8 in the low-price field! No other engine in the world has enjoyed so much popularity as Ford's V-8. Today, 4 out of every 5 V-8's are Ford V-8's. Ford and Ford alone offers a V-8 in the low-price field... and for hundreds of dollars less than most sixes.

**FORD'S V-8 IS THE SAME TYPE OF ENGINE AMERICA'S COSTLIEST CARS ARE SWINGING TO!**  
 Seven makers in the last six years alone have switched to V-8 power in their most expensive models. Yet Ford's been offering V-8 power for over 22 years! Ford gives you your choice of Fordomatic,\* Overdrive,\* or Conventional Drive—the finest choice of drives in the low-price field.

**FORD'S V-8 IS THE MOST MODERN V-8 OF ALL!**  
 Ford's new 130-h.p. Y-block V-8 is the most modern overhead valve V-8 in any car at any price. And it's just one of Ford's many "Worth More" features like new Ball-Joint Front Suspension and tomorrow's modern styling. See and Value Check all of Ford's "Worth Mores" and you'll agree Ford's worth more when you buy it... more when you sell it. \*Optional at extra cost.

WHEN THERE'S A JOB TO BE DONE . . . .  
*You can count on*  
**THE AMERICAN LEGION**

When the chips are down you can count on The American Legion to do the job.  
We are proud to salute our local Legionnaires and their state and national organizations during "AL WEEKS" OCT. 20 to NOV. 11.  
Our friend "AL"—THE AMERICAN LEGION—is a proven friend of the veteran and rates high in the community, state and nation.  
When disaster strikes or when your hometown needs a helping hand, these battle-tested citizens are to be found in the front lines serving "For God and Country."  
Our friend "AL" needs more eligible veterans of the World Wars and Korean Action to keep The American Legion strong. If you are an honorably discharged veteran of either war, there's a place for you in The American Legion.  
If you want to maintain our American way of life and help bolster the programs of Community Service, Americanism, Rehabilitation, Child Welfare and National Security—JOIN THE AMERICAN LEGION TODAY.
