## COFFEE DATES

1683-FRANZ GEORGE KOLSCHITZKY SAVED VIENNA FROM BESIEGING TURKS BY SWIMMING THE DANUBE SEVERAL TIMES TO CONTACT THE AUSTRIAN ARMY POISED NEARBY. WHEN THE TURKS WERE ROUTED, THEY LEFT BEHIND SACKS OF COFFEE, THEN UNKNOWN IN VIENNA. THESE WERE AWARDED TO KOLSCHITZKY FOR HIS HEROISM. HE THEN OPENED THE FIRST OF THE FAMOUS VIENNESE COFFEE HOUSES.

1723-FRENCH NAVIL CAPTAIN GABRIEL MATHIEU DE CLEIU BROUGHT THE FIRST COFFEE TREE TO THE WESTERN HEMISPHERE. ON THE RIGOROUS VOYAGE FROM MARTINIQUE, DE CLEIU MET HIS SCANTY WATER RATION. TO KEEP THE FRAGILE PLANT ALIVE, CURRENT U.S. NEEDS REQUIRE AN ANNUAL CROP OF 2,500,000 TREES. MANY OF THEM DESCEND FROM DE CLEIU'S COFFEE TREES. NEED A SUB-TROPICAL CLIMATE AND PLENTY OF RAINFALL.

1773-HISTORIANS SAY THE BOSTON TEA PARTY WAS LARGELY RESPONSIBLE FOR THE OVERWHELMING POPULARITY OF COFFEE AS AMERICA'S FAVORITE HOT BEVERAGE. PROTESTING AGAINST HEAVY TAXATION, CITIZENS TURNED FROM TEA TO COFFEE. NOW AMERICA'S BIGGEST IMPORT DOLLAR-WISE, COFFEE IS THE BASIS OF A \$1 1/2 BILLION TRADE WITH LATIN AMERICA.

## Salk Polio Vaccine Is Here For 1st And 2nd Graders

### Dr. Lehman Gives 'Shots'

Tuesday morning at the Principal's office in Grade School, Dr. Joe Lehman, our local physician, administered the first injection of the new Salk polio vaccine to about 140 First and Second Graders. The next injection will be in two weeks, May 4th. These shots are free. The final injection will be in 8 months and will be at the expense of the parents. Although the vaccine is only 80 to 90 percent effective, it is near 100 per cent in preventing death from the dread child's disease.

Within the next few weeks Dr. Lehman is expected to have vaccine to give children not covered in the 1st and 2nd grade program.

Chances of adults having polio are remote so folks are urged to

give our children a chance... first. This we know the community will do. Costs will depend on cost of vaccine but price range should be from \$19 to \$15.

## REFLECTIONS FROM A COUNTRY PARSON

By C. R. Blake

If the average person would file all his actions in a systematic manner and place them in index form, he would be surprised at the number of listings under "unfinished business." Some advice given by Ben Franklin was, "Never put off till tomorrow that which you can do today." However, we modern mortals have responded with the version of "Putting off till tomorrow what we don't want to do today." As a result, we are so busy thinking what we ought to do that we don't have the time to do what we need to do. The end of our unfinished business is never in sight.

Just suppose for a moment that the Lord had left His work in an unfinished state. There is no limit as to what the results would have been, but this one thing is certain: if God had postponed sending His Son into the world; if Jesus had delayed His death, burial and resurrection, our hope of Heaven would be very uncertain.

But God did finish His work! When Jesus cried from the cross, "It is finished," we see God had not delayed in His reach for men. Then why, oh why do men delay to reach for God? The truth is, it is merely a matter of being under "UNFINISHED BUSINESS."

LEONA BENDER, popular radio star of KTSA says, "Every woman knows light Karo is best for cooking... and on the table..."

**it's Karo for me, the best-tasting waffle syrup of 'em all'**

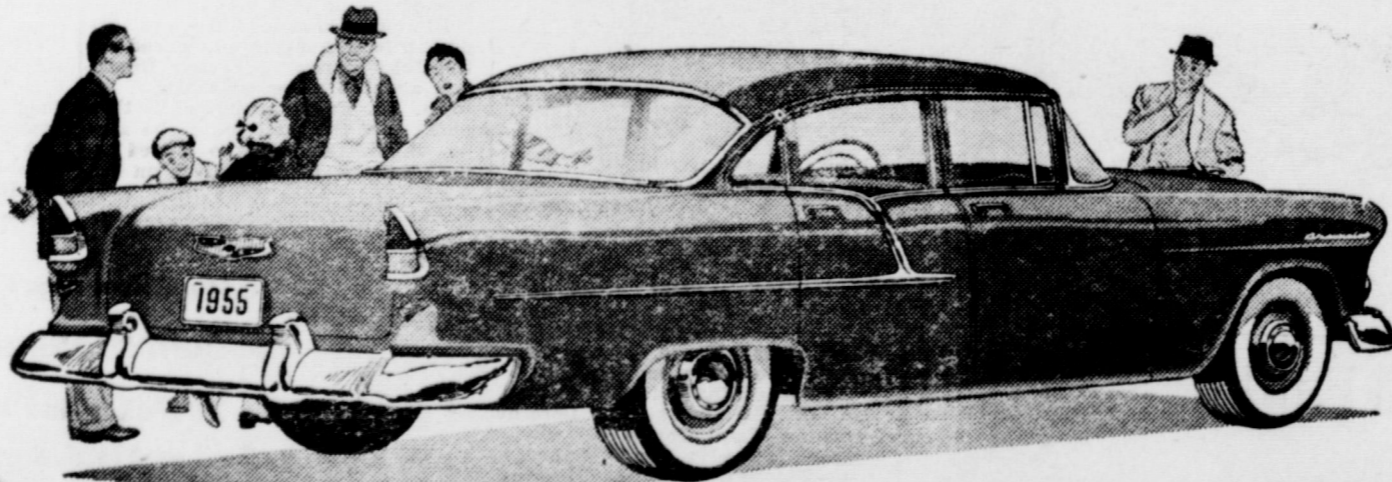

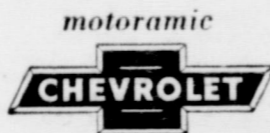

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night...it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

**Here's why Chevrolet out-V8's everybody!**

These features and advantages are the measure of a truly modern V8 engine... and only Chevrolet has them in the low-price field. Most aren't even found in high-priced cars. That's why Chevrolet is stealing everybody's thunder with the most modern V8 on the road!

**Modern 12-volt electrical system!**

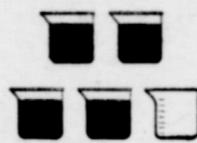

The only car in the low-price field with the extra energy of 12 volts... twice the electrical punch.

Faster, stronger cranking for cold-weather starts and a "fatter" spark for faultless high-speed operation.

**Highest standard compression ratio in its field!**

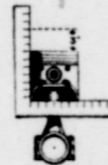

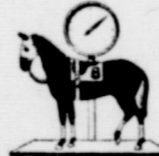

Chevrolet's compression ratio is 8 to 1, to wring every possible ounce of power and extra miles out of every gallon.

**Requires only four quarts of oil!**  
 Chevrolet's V8 engines are so efficient they need only four quarts of oil... so you save money on every oil change!

**Highest horsepower per pound!**

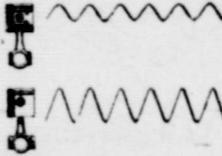

These great V8's weigh far less than any similar engine in America, top the low-cost field in power per pound!

**Shortest piston stroke in the industry!**

Three-inch stroke reduces cylinder-wall friction, generates less heat, permits more compact design.

The pistons do far less traveling per mile... that means less engine wear, lighter loads on bearings, longer life.

### Hold Reunion of 2,000 Member Family

GRACEVILLE, Fla. — As you would have suspected, Florida's highest public officials and most ambitious politicians were present when the state's largest family held its 49th annual re-union in this small town recently.

The Williams family got together at Old Galilee church and made plans for a bigger and better celebration for the 50th annual re-union next year. The politicians had a field day, for the Williams family numbers approximately 2,000 members, many of whom are voters in the state of Florida.

Attendance at the re-union was larger numerically than the population of Graceville, the site of the re-union.

The Williams family members are descendants of Andrew Elton Williams, who settled near here more than a century ago and started the family off with 22 children.

The youngest and only surviving child of the patriarch is Uncle Wiley Williams, 83, Pollard, Ala. He attended the re-union as the guest of honor.

The Navy's surface-to-surface guided missile Regulus has been successfully tested for use by ships and facilities ashore.

The Navy's heavy cruisers USS Boston and USS Canberra are being converted to guided missile cruisers.

The Marine Corps includes three Marine Divisions and three Marine Aircraft Wings.

### AMISH CAPITAL This Town Has More Buggies Than Autos

ARTHUR, Ill.—On the streets you'll find more horses and buggies than automobiles. The hitch-rack is used every day in the week except Sunday.

For this is the home of one of the larger sects of Amish people in the country. Approximately 1,500 Amish live on the farms nearby. They are prosperous, friendly. They've never gotten in trouble, and mind their own business.

But strangers stare at them because the men are whiskered, wear homemade clothing and flat black hats. The women dress just as severely, and keep their heads covered. They dislike the automobile, and use the horse exclusively.

#### Hitch Rack Rules

Arthur has entire streets where the hitch-rack reigns. Signs are posted, prohibiting autos to park in these areas. The highways near Arthur are filled with the black-topped buggies of the Amish farmers.

Strangely the Amish have preserved many Old World traits, and yet form a harmonious segment in the area surrounding them. For although Arthur is known as "Capital of Amishland," there has never been any friction between these people and their non-Amish neighbors. They are extreme pacifists.

#### Make Own Clothes

Mention of the word Amish generally brings to mind a vague mental picture of queer, Quaker-looking people who ride in horse-drawn vehicles and wear plain clothes of their own making.

For nearly a century the Amish lived happily in Pennsylvania, then land shortage drove some of them farther west. Following the Civil war new settlements were made in Canada, Ohio, Indiana, Iowa and Illinois. Since then, many of the sects have modernized and accepted present-day living standards.

But the Amish in the Arthur community are strictly "old order." Although Lancaster county in Pennsylvania still is considered the mother community of the Amish sect, the followers at Arthur are perhaps the purest Amish in existence, and stubbornly resist the inroads of modernization. Only adults are permitted to join the Amish church, for they believe that each person should be convinced in his own mind that he desires to accept the principles of faith, such a decision not being considered childish.

**Ford sells more because it's worth more**

The new Ford Fairlane Town Sedan is an outstanding example of modern 4 door design.

In 1954, more Fords were bought by the motoring public than any other make. That's because more and more people are discovering that Ford has more to offer!

FOR YEARS, Ford has been the trend-setter in all the features that make a car worth more . . . V-8 power . . . Ball-Joint ride . . . modern styling. And today, Ford brings you even more good sound reasons to buy.  
 First, Ford offers the reassuring response of new Trigger-Torque power in your choice of 2 mighty V-8 engines or the industry's most modern Six.

**Commuter Snags Train But Can't Hold It**  
 EUREKA, Calif.—Loafers at the railroad station here for the truth. Seems the agent heard a loud crash on the rear end of a train derailed around a curve. A disheveled lay prone on the ground, surrounded by the contents of his baggage suitcases.  
 An owlish youngster started agent, but made no effort to help him. "Was he trying to catch a train?" the station agent asked the youngster.  
 "He did catch it," replied the youngster, "but it got away."

### Little Girl Pleads For Blood for Mom

NEW YORK—A little five-year-old girl, pretty with black eyes filled with tears, called upon her neighbors and pleaded that they give blood so her ill mother could return home.

The child, Louise Chianello, received the idea of soliciting blood for her mother from listening to her father, John, make many phone calls in frantic search for a blood donor for his wife, Stella. The young mother has been in the hospital with an internal ailment that has necessitated five major operations and scores of transfusions.

John exhausted his funds and had to remove his wife from a private hospital. He has no money left for professional donors.

Louise decided to take matters into her own hands and visited the neighbors saying:

"Please help my mommy so she can come home again."

Three of the neighbors said they would give blood for Mrs. Chianello. Surgeons said that she will need 25 pints of blood to make sure she pulls through.

### G. I. Bill

For Korean Veterans

CARTHAGE, Ill.—A Korean veterans time-payment plan has just been instituted by Carthage college in this community, according to an announcement by Dr. Harold H. Lentz, president of the college.

The new payment plan is designed to help those veterans who wish to attend college under the new G. I. bill. Under the provisions of this new bill the veteran receives a specific monthly allotment from which he must pay the costs of books, tuition fees, board and room. The World War II G. I. bill provided for tuition and other academic costs to be paid by the veterans' administration and the veteran also received a monthly subsistence allowance.

Originally torpedo tubes on Navy destroyers were mounted in the bow. Now they are mounted in a battery which can be trained so that the whole ship need not be turned toward the target.

The Navy's heavy cruisers USS Boston and USS Canberra are being converted to guided missile cruisers.

# FACTS PROVE IT!

GET THE FACTS ON "ALL 3" LOW-PRICE CARS AND YOU'LL HAVE PROOF PLYMOUTH IS FIRST:

**FIRST IN SIZE**—By actual measurement the 1955 Plymouth is the longest car in the low-price 3. (It's even bigger than some medium-price cars.) Plymouth is truly a big car... 17 feet long!

**FIRST IN ROOMINESS**—Plymouth is also the biggest car inside, with the greatest hip room and leg room. More comfort for you! And Plymouth's trunk, by far the largest in its field, lets you pack practically everything.

**FIRST IN VISIBILITY**—Comparison proves that Plymouth's glamorous new Full-View windshield—with cornerposts swept back both top and bottom—gives you the greatest visibility of "all 3."

**FIRST IN BEAUTY**—Compare styling and see why *Charm*, a leading fashion magazine, chose Plymouth "Beauty Buy of

the Year." Plymouth's long, sleek Forward Look wins over the hand-me-down styling of the "other 2."

**FIRST IN ECONOMY**—Smoothest and thriftiest engine of all! That's Plymouth's fast-stepping new 6-cylinder PowerFlow 117. Its Chrome-Sealed Action gives you extra thousands of trouble-free miles.

**FIRST IN COMFORT**—Plymouth offers you the most comfortable ride you ever experienced in a low-price car. Only the biggest car in the lowest-price field can give you true big-car riding comfort.

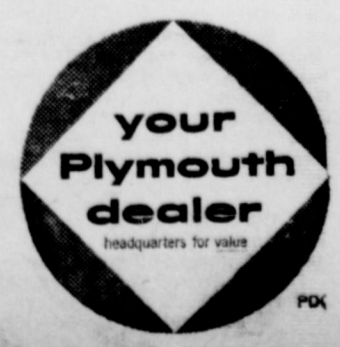

**FIRST IN EXTRA VALUE**—Plymouth gives you many extra-value features that the "other 2" low-price cars don't have. Come in today and let us show you why Plymouth is first for value!

**Why pay up to \$500 more for a car smaller than Plymouth?**

Don't be fooled by the claims of so-called medium-price cars that they cost practically the same as Plymouth. When you compare price tags you'll find that, model for model, Plymouth sells for much, much less than medium-price cars, and gives you more car for your money!
