

The Hale-Aikin Committee's "grassroots" study got underway in Lynn County last week when superintendents of schools in the county, school board presidents, the president of the County Board of Education and the County Superintendent met to begin organizational plans and appoint 40 county citizens to take part on the county committee.

Mrs. Ruth Jolly, county superintendent and chairman of the county committee, said that the deep significance and importance of the study can not be over-emphasized or underestimated. The general committee calls for citizens in every county of Texas to express themselves at the local level. The lay public, the taxpayers, the parents for whose children the public school system is operated, will be given full opportunity to have its say about the kind of schools Texas children need and should have. One of the primary purposes of the committee is to involve the general public in a close look at the schools.

Named to the committee from the local school district are—

Mrs. Julian Pirtle, Mrs. Ruth Bates, D. B. McMillan, Mrs. C. R. Burleson, Jr., Ralph Beach, Homer Hardberger, Mrs. C. A. Lacy, Bill Snellgrove, J. W. Gardenhire, Weldon Skinner and Naymon Everett.

To Prevent Trouble . . .

A wise man once said, "Who would not give a trifle to prevent what he would give a thousand words to cure."

These words take on a great deal of meaning when viewed in the light of the many advances in medicine and public health made in the last 50 years in the United States and throughout the world.

Medical research has brought about many outstanding drugs and spectacular operations which save individual lives and relieve suffering, but more outstanding and spectacular are the advances in preventive medicine that have been made which stop suffering before it starts—the proverbial "stitch in time."

Building Program Cited

The Church was organized in a frame school house in O'Donnell. Later they met in the Presbyterian Church building once a month while the other churches used the building the other Sundays. Later the Baptists began meeting in the local theatre building every Sunday and then in 1924 under the leadership of Rev. W. N. Horn the basement was built. Four years later the Tabernacle was built on the three corner lots just across the street west from the basement. These lots were bought for \$750. The lots on which the basement and church were built were given to the church by late Charley Doak.

The church built a parsonage before they built a basement due to the fact that there were no houses in town in which the pastor could live. This house was sold and the next parsonage built in 1931 under leadership of Rev. L. S. Jenkins. In September 1938 construction was begun on the church building over the basement which was opened the 4th Sunday in May in 1939 under the leadership of Rev. J. A. Lunsford. The membership then was 260 and the Sunday School enrollment was 210. Bro. Lunsford and family left for the mission field in October 1940.

Misses Pearl and Effie Vaughn and Melvin Barber were the first to join for baptism and were baptized in a dirt water-tank in the Miles pasture east of town.

The new church was built across the street in 1950. It burned November 18th and the church was rebuilt in 1951 and the first service was April 15th, 1951. The church moved into all of the building and had services all day and dinner May 6, 1951. The old building was wrecked in March 1952 and the lots made into a parking area.

The educational director's house was built in 1955 and a new parsonage built this spring.

Educational director, have been— Gordon Robertson in 1950 Bill Sweeney 1951, Gayle Bowen, 1952-1953 and local men filled in until 1955. John Bullock came in 1955 and Billy Mack Wells came Nov. 1955 and is currently serving.

Present membership is 882 and of this 483 are resident members. The Sunday School enrollment is 424. The Church sponsors a Mexican mission with property on highway in north part of town.

Three Services Sunday

Sunday the First Baptist Church will observe Homecoming with all former pastors of the church invited to attend. After the morning worship hour, dinner will be served in the Fellowship Hall.

At the morning service Mr. and Mrs. Billy Wells will sing a duet titled "Surrender" and the choir will render "To God Be The Glory." The sermon will be by the pastor, Rev. Bill Burton.

The afternoon service will begin at 2 p. m. to dedicate the church building. The song service will be led by Gayle Bowen and among the speakers on the program are:

Alvin Hogg, C. H. Mansell, Burl Koeninger, Dr. E. E. Swanner, Rev. John Johns, Rev. Ernest Stewart, Rev. Bill Burton and Rev. E. C. McDonald. Mrs. Stewart will sing a solo and the men's quartet will sing.

Supper will be served at 5 p. m.

The evening service will begin at 7:30 and a girl's trio will give the special music. The sermon will be given by Rev. Troy Dale of Ozona, one of the best loved ministers to have served the community.

A community is no stronger than its churches. Sunday is the Baptists' "Day In The Sun." All of the community take pride in the very beautiful House of Worship that they will dedicate Sunday free of debt. The influence of this church down thru the years is reflected in the personality of the town.

S S News Given

John G. Hutton, District manager of the Social Security Office declared today that if a long-disabled worker is now over age 50, it is important that he file his application for disability payments as soon as possible, and before January 1, 1958, so that he will not lose any monthly benefit payments. When an application is filed before January 1, 1958, payments can begin with the month of July, 1957. Disabled workers who apply in January, 1958, or later, will not be paid benefits for months before the date of their applications. In no case is the worker entitled to disability payments until he has been disabled for at least 6 months, and in all cases he must fulfill the work requirement of 5 years out of the immediate 10 years before he became disabled and a year and half out of the last three years before he became disabled.

By recent Congressional action, the long-disabled worker now has another 6 months until June 30, 1958, to file an application and still have his social security earnings record protected by freeze as of the date he actually became disabled.

This "freeze" protects a worker's social security earnings record, when he is unable to work because of a severe and long-lasting disability but does not pay benefits until age 50.

Hutton pointed out that the law now permits a veteran to receive compensation from the Veterans Administration for service-connected disability without any reduction in the amount of his disability insurance benefits under social security. This change, significant to persons who have been disabled for some years and to those with service-connected disability, became effective when President Eisenhower signed Public Law 109.

Stores Are Robbed Here

Sometime Saturday night or early Sunday morning entrance was made into the Blocker Grocery and the Line Grocery.

In both instances entrance was made by breaking into rear doors of the stores. The Blocker firm lost from \$100 to \$200 in change and the Line firm about \$100 in change.

Three local youths, 20, 18 and 16 years of age have been charged with the recent burglary of the Highway Garage. All three were jailed in Tahoka. The two older youths will appear before the Grand Jury.

Our town has ridden a lucky streak this fall with little or no crimes being reported until lately. Only the normal amount of shoplifting has been evident.

NEED KIDS CLOTHES

Mrs. Ben Moore, sr. said Monday that the Welfare Center here needed children clothes and shoes desperately.

Folks with children clothes may call Mrs. Naymon Everett at City office and pickup will be made by either Mrs. Felix Jones, Mrs. E. T. Wells or Mrs. Claude Tomlinson. The need is VERY urgent for children clothes. If you wish to give money the clothes will be purchased and the money not given directly in relief. Here's a real chance to serve the needy.

MAIL EARLY FOR HOLIDAYS

Predicting that the Christmas mail this year will set an all-time record, even exceeding the record set in 1956, Postmaster Hal Singletin, 3rd announces his 1957 "Mail Early For Christmas" campaign today.

With Christmas less than a month away, the Postmaster reminds us, "It is later than you think." Most folks have a tendency to wait until December rolls around before they give their Christmas mailing a thought.

The Postmaster further suggests that right now is the time to take the following steps — check your Christmas card list very carefully, make sure that each address includes the full name, street and number, city, zone and state.

He said, also, that it is a good idea to stock up on heavy wrapping paper, sturdy corrugated cartons, strong cord, and paper adhesive tape for use in securely packing and wrapping your Christmas gifts. If you would like to include your Christmas card or letter inside your gift package, just add the appropriate First Class mail postage to the postage for the package itself, thus insuring simultaneous arrival of your gift and greeting.

PLENTY FLU VACCINE NOW

Austin — Asian influenza vaccine is now so plentiful that doctors and druggists can obtain it at will in almost any quantity, exactly as they obtain any other drug product. This means that you can now be vaccinated at your own discretion, regardless of your age, job or physical condition.

In the early days of the flu epidemic, vaccine was so scarce, even though six drug manufacturers were commissioned to produce it and worked 24 hour shifts at the task, that available supplies had to be distributed to states according to population, with populous states getting the lion's share.

Today, however, reports coming from state health departments and from manufacturers indicate that supplies are catching up with demand, so that controls on allocations to states are no longer necessary.

You'll ride in a new world of fashion with Ford's deep-sculptured styling. From new Honeycombed grille and Power-Flow hood to the new Slipstream roof and Sculptured rear deck, Ford's 58 styling is a standout!

You'll be ahead with Ford's all-new Interceptor V-8 with Precision Fuel Induction. Gives up to 300 hp. Smoother power... more power... from less gas! The secret is Precision Fuel Induction, a great new fuel feeding system!

You'll get gas savings up to 15% with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position lets you move smoothly, automatically from solid-feeling take-offs right up to highway cruising speeds.
