## MATTIS HALL

Col. Thomas B. Miller accepts Mattis Hall at the formal dedication of the building at SAFB. Attending the ceremony were Mrs. Mattis and their two children.

## Sheppard Dormitory Dedicated

Mattis Hall was officially dedicated last Friday as a dormitory for students at Sheppard Air Force Base. Mrs. William C. Mattis, widow of Capt. Mattis, unveiled the name plate on the dormitory and the building was officially accepted by Col. Thomas B. Miller, commander of the Technical school on the Base. Mrs. Mattis presented her late husband's pilot wings and captain bars to Col. Anderson W. Atkinson, vice-commander of Sheppard Technical Training Center, to be placed in the 1000-man dormitory. With Atkinson and Mrs. Mattis

on the reviewing stand were her two children: Charles W., 12, and Katherine 11. Other family members included Raydean's mother Mrs. C. A. Brown of Iowa Park; her late husband's brother Michael Mattis of Davis, Calif.; his two sisters: Mrs. Lawrence Pozzi of Oakland, Calif., and Mrs. J. D. Gray of Roseville, Calif. Bill's mother Katherine C. Mattis of Santa Rosa, Calif., was unable to attend. Many friends from Iowa Park and the area joined Sheppard officials to witness the dedication. Following the ceremony, guests toured Mattis Hall (Building 716)

and viewed a large portrait of Mattis which has been hung in the building. After a luncheon honoring Mrs. Mattis, Colonel Atkinson presented a copy of her husband's portrait to her. The SAFB drill team served as honor guard and the 361st Air Force band offered musical selections at the dedication. Col. Francis L. Jones gave the welcome and Col. Peter Zolnerowich led the invocation. Captain Mattis was killed in an aircraft accident March 11, 1965, in Vietnam. He was a veteran of World War II and was formerly a student at Sheppard.

## Play Ball!

Senior League baseball will get the season underway with two games Friday night at Will Burnett Field. Little League will get a big send-off with the usual Saturday morning parade downtown and the first games at 11:00 a.m. on the W. F. George Fields west of town. Games will continue all day. Parents and fans are reminded admittance to all the games is free but there will be concession stands in operation where they can get sandwiches and other food, and soft drinks.

## Maryanne Haley in Show Cast

Maryanne Haley, daughter of Mr. and Mrs. G. A. Haley of Iowa Park, is a member of the cast of Cisco Junior College's spring musical "The Best of Broadway." It will have a two-night run in Cisco, at 8:00 p.m. Friday evening, May 5. "The Best of Broadway" is a production of the drama and music departments. It contains some of the best-known songs, comedy sketches and choreography from a number of Broadway revues. Personnel of the show will include the CJC Singers, members of the Wrangler Band, actors, actresses, vocal soloists and dancers. Maryanne is a freshman at the junior college. In IPHS she was a member of the student choir.

## Miss Ford Country At Shaw Motor

Miss Ford Country, Sandy Lankford, will visit Iowa Park on May 12 and attend the Formal Opening of Shaw Motor Co. in the new building that has been constructed at 600 West Highway.

## Cable Television Discussed at Public Hearing

Mayor Gordon G. Clark presided last Friday night for an informative session concerning Cable TV, which was held in the Agriculture building on W. Park. Marvin Athens, representing a group requesting a franchise to establish Cable TV service in Iowa Park explained the deal and answered questions. There were 30 persons at the meeting and only a few questions were posed. They mostly concerned costs to the subscribers. Installation cost will be about \$25 for each installation with a monthly service charge ranging from \$5 to \$7.50. Apparently there is no organized objection to granting of the franchise although most local citizens do not see a pressing need for Cable TV.

John Mixon drove to Ft. Worth late Friday evening and the next morning he and son Jerry and a friend Jerry Slusher took off to Tow, where the family has a cabin on Lake Buchanan. John returned Sunday evening but brought no fish. He reported there had been rains, more than one, and the yard mowing was a task.

The program will include numbers by the mixed choirs, the Junior Varsity a cappella, music theory class, and the Tempos.

Under direction of Darrell L. Dick the 1972 award winning Sweepstakes a cappella choir present the major part of the program.

## Coaches Named

Athletic director Grady Graves announced Monday the hiring of two more coaches to work with the IPHS Hawks:

Bobby Butler, age 32, has been signed to be head basketball and head junior varsity football coach. He is presently freshman coach at Sherman high school.

Bobby is a graduate of Trenton high and has attended University of Houston and East Texas State university at Commerce.

In high school Butler was active in all sports. He went to Houston on a football scholarship but was injured as a freshman and transferred to ETSU.

Bobby had two years at Rains high school—Class A—as head basketball and assistant football coach; five years at Bonham—AAA—head basketball and junior varsity football; one year at Sherman as freshman coach.

In seven years of coaching Butler has never had a losing season. In 1965 at Rains his team compiled a 20-7 record, and in 1966 at Bonham they were 21-5. That season Bonham lost to Brownwood in the semi-finals in football. Bobby was also head of the scouting units at Bonham.

Butler replaces Earnie Reusch who has resigned and will move to Andrews. Butler and his family plan to move here in early June. Bobby and Gyneth have a daughter Daphne, age 10, and son Kyle, age 6.

The family are affiliated with the Methodist church.

Barney Oliver, age 25, has been secured to coach all freshman sports. He was graduated from Archer City high in 1965 and from Texas Tech in 1970.

Barney was all-state defensive end on the 1964 state championship team at Archer City. He began as a freshman and never missed a game in his four years in high school. He played all sports—lettering four years in football and in basketball, and three in track.

Oliver attended Texas Tech on a football scholarship and was a starter for two years as defensive end. Since graduation he has been with a building firm in Oklahoma City.

Barney is a member of the Methodist. Unmarried, he plans to move here sometime this summer. He will replace Don Lucy, who has been moved to backfield coach of the Hawks.

## Nominated for President of Year

Mrs. George Bludnick has been nominated as a candidate for President of the Year of Faith City Council of Beta Sigma Phi. Mrs. Bludnick has served as president of Alpha Epsilon Omicron chapter for 1 1/2 years. She will be in competition with the presidents of 15 other chapters belonging to Faith City Council.

Mrs. Bludnick has served on the by-laws committee and has attended all meetings and functions of the Council and conducted chapter pledge rituals.

She took over the duties of the ways and means chairman following the move of Mrs. Robert Pearson and has acted as chairmen of the service committee.

Mary has "brought the chapter members closer together and more to the true meaning of Beta Sigma Phi," according to Mrs. Louis Sawyer, Council representative.

The army band from Ft. Worth will present a concert in IPHS auditorium at 1:00 p.m. this Thursday. The program will include light concert music and rock stage band numbers.

## Engagements Announced

Mrs. Elizabeth Brannan of Clyde has announced the engagement of her daughter Delores Marlene & Charles Darryl Blackwell. He is son of Mr. and Mrs. Odell Blackwell, Rocky Point. The late Clint Brannan was father of the bride-elect.

She is a graduate of Clyde high school and is to receive a degree from Tarleton State college in Stephenville this month. She belongs to the DST social club and plays basketball and volleyball for the college. She will work with the Stephenville recreation department this summer.

Blackwell is a graduate of Iowa Park high school and now is a sophomore at TSC. He is a member of the Tarleton Rodeo club and Future Farmers of America. The wedding is being planned for June.

Mrs. and Mrs. Roy Blevins have announced the engagement of their daughter Demetra Kay and Stephen D. Young. He is son of Mr. and Mrs. Carl Lee Young of Xenia, Ohio.

Miss Blevins is a senior in Iowa Park high school. Young is a graduate of Xenia high school. He is an airman stationed at Sheppard AFB.

The couple will exchange wedding promises in August.

## Birthday Trip

Surprise! And it was a real one. Dutch George and wife and Lick Rally and wife drove to Fort Worth, Sunday because it was a sort of special day . . . Dutch's birthday.

When they arrived at Vance Godbey's Smorgasbord Restaurant and went in casually to look for a table, they were escorted to a private room full of people ready to sing "Happy Birthday." Frances had called several couples and told them if convenient to meet them there at a certain time.

Sharing a bountiful meal and the lovely big birthday cake were Messrs. and Mmes. G. R. Rusk, H. M. Nipper, Roy Johnson, Pete Koonce, R. B. Faulkner, C. A. Nipper, O. N. Newman and the Reillys and the Georges.

Dutch did not announce his age but Frances says he, like Jack Benny used to say, "has been 39" for the past 13 years.

## Primary Election Crowds Expected All Day Saturday

Let us remind our readers that the Primary elections will be run off this Saturday. Many Democrats are contesting for non-inations all the way from United States senator up to Constable in Precinct 3 in Wichita county.

Voters registered in Voting Precinct 32 will come to the County Agriculture Building at 220 W. Park. Those in Voting Precinct 33 will mark ballots in the Presbyterian church here.

Mrs. D. O. James, chairman of the Democratic party in Voting Precinct 33, announced this week that voters who in the past were in that precinct should check their Registration Credentials to see if they are still in it.

A new voting precinct has been set up south of FM 567, cutting off many of the former Voting Precinct 33. If your Registration Receipt reads "Precinct 60," you will do all your voting Saturday at Wichita Valley Community House.

We also presume that Republicans will have some form of Primary Election, but nobody in this area has gone to the trouble of publicizing this deal.

## Kidwell Scores High in Meet

Hundreds of interested parents and friends of pupils attended the Elementary School Track Meet held here Tuesday, May 2.

Athletes from Kidwell school ran away with the honors, scoring 912 points.

Predford athletes scored 808 1/2 points to come in second.

Valley View scored 504 1/2 points. First places in all events were rated worth 10 points; second, 8; third, 6; fourth, 4; fifth, 2; and sixth, 1. Points were doubled in all the relays. And of course the pupils ran only against others in the same grade.

## Night WMS

Night Group of Baptist Women met Monday evening with Mrs. Carl McKinnon as hostess at the First Baptist church.

Mrs. Lee Smith opened with the Calendar of Prayer using Rom. 12 as background scripture. She told of the work of Olivia Temple, director of Week-day Ministry at Akron, Ohio, and of Gerald S. Harvey, preacher turned photographer; of missionary work at Salisbury, Rhodesia; and of work with migrants who have no place to call their own.

Mrs. D. O. James, Mrs. Carroll Duke and Mrs. Lee Smith were elected a committee to nominate officers.

Mrs. Bill Curry was leader for the program on "Foreign Missions . . . an Extension of the Church." She stated "We look through the eyes of Mrs. John Herndon, missionary to Portugal since 1964" and Mrs. John Cummings took the part of Mrs. Herndon.

Letters that might have been written stressed these facts: Churches provide missionaries; The foreign mission board guides volunteers; The church equips missionaries; The foreign mission board administers the program of the church; The churches work through their missionaries.

The singing of "We've a Story to Tell to the Nations" by the group closed the program.

Others present were Mmes. Omega Harris, Bratton Reaves, Mae Roby, Virgil Woodfin.

## The cooler the home, the warmer the marriage.

Marriages may be made in heaven, but it's hard to keep them heavenly when it's hotter than blazes.

That's where central gas air conditioning comes in. It can bring you together. All summer long. As close as you want. All summer long.

And it won't cost you much either. In fact, if you have gas heating in your home, you could easily have half a central air conditioning system already. Because you may be able to use the duct work and furnace blower you already have. That saves about fifty percent on installation costs.

That's just part of the savings. Gas costs less to operate than electricity. And you get special low rates during the long hot summer months.

But you'll save more than money with gas. You'll save time and energy, too. Because with central gas air conditioning there are fewer moving parts. Fewer breakdowns. Fewer repairs.

This summer, have central gas air conditioning installed. For love's sake.

See Your Gas Air Conditioning Dealer.

### L. J. LANE

I am a candidate for County Commissioner, Precinct 3. My opponent has been in office for 24 years. I wish to say if elected, I will to the very extent of my ability try to cut waste of our County Funds.

I also feel the taxpayers should be informed with a statement as to where their money is being spent at least once a year. Too often we are unaware of the working value of each dollar we spend in County Taxes.

If elected, I will try to have a voice for all matters brought before me in the County Court House. I am honest and I feel experienced and capable. I will represent you and will work for efficient progress. Elect me as your full time working Commissioner.

I regret that I could not see and talk with each voter in person, but I will, if elected, serve everyone equally.

I feel the taxpayers' money can be spent more wisely and there is need for a change. I seek your allegiance and support as your next Precinct 3 Commissioner.

Cast your vote for L. J. Lane on Saturday, May 6th.

Western Electric workers are hurrying some cables for telephone service along the south side of West Washington in Iowa Park. The cable has 1200 pairs of wires. We asked the fellow in charge how far he was going with this new installation, and he replied that present plans call for about two miles in a westerly direction.

### LET'S RE-ELECT JESSE JAMES State Treasurer

JESSE JAMES has a proven record of honesty and efficiency as verified by State Auditor reports.

JESSE JAMES last year earned for the State of Texas over Sixteen Million Dollars in interest from State Funds deposited in over 1,100 Texas Banks—more than any billion dollar bank in Texas made.

LET'S KEEP JESSE JAMES STATE TREASURER. He has proven he knows how to handle your state's finances.

### TOPS 138

Mrs. Burrus of Joy's Shop in Wichita Falls and her assistant were featured as the program at the Monday evening meeting of TOPS 138 in the Texas Electric community room. Appropriate clotting for a trip and how to pack it proved an interesting topic for discussion.

As an ice-breaker, each guest was handed a piece of paper and asked to write something. Interpreting the handwriting became a personality test for each one. Mrs. Bernice Towne is program leader for the month of May.

Eyvyonne Ray was in charge of weighing-in as each of the 22 members arrived. Susie Estes had lost the most and was declared Queen for the Week. Geraldine Wood's name was drawn but she was not present to receive the money prize. Era Mae Baxter received the gift for the KOPS group. Only three members had gained during the week.

Others present were Mildred Beall, Featrice Bowles, Melba Bush, Adelle Callaway, Gayle Dean, Pauline Steele, Pug Walsh, Gay Williams, Willie Robertson, June Dickerson, Rebecca Dickerson, Norma Flick, Margaret Farr, Lela Garrels, Shirley Hicks, Betty Lowe, Mildred McLenore, Hazel Moore.

### Don Owens Is Home from VN

Maj. William D. Owens arrived home two weeks ago from a year in Vietnam, his second tour there during the 12 years he has been in the service.

He and his wife Jane and children Sarah Elizabeth and William Richard left Saturday for El Paso, where he hopes to be at Fort Bliss the next three years. He will be doing staff work in Combat Development Command with the Air Defense Agency.

Don says the atmosphere in Vietnam is quite different to what he experienced there in 1967 on his first tour of duty. He noted progress in nation building in South Vietnam. Land is being returned to tiller farmers, attitude of indifference lessening, self-development of the people increasing; and they administer their government agencies. The USA speaks out only on financial budget items.

During times of leave he visited Tokyo, Japan, and cities in Australia.

In addition to Vietnam, Major Owens spent three years in Germany.

Don is son of Mr. and Mrs. W. M. Owens; Jane is daughter of Mr. and Mrs. R. E. Waters.

Iowa Park school district has received payments totaling more than \$564 as its share of a huge refund to the state occasioned by court decisions that certain book publishers had conspired to fix the prices of children's books. Latest refunds total \$700,000 and boost Texas' recovery to more than \$1,100,000. Still more is expected.

HEMLOCK UNDER GLASS

The period between the time I buy a product and it is declared to be hazardous seems to be growing shorter. No matter how carefully I read the labels, I somehow manage to select items that eventually wind up on a special shelf for untouchables.

My array now includes two deodorants, a liquid disinfectant soap, medicated powder, insect spray, a set of pottery dishes, and other assorted goodies which can neither be used nor returned for refund. So there they sit.

Lately there has been a flurry of try-it-you'll-like-it advertising on radio and tv. We are also told to "trust" this and that. We tried, trusted and liked cyclamates, phosphate detergents, aluminum cookware, pottery dishes, leaded gasolines and paints, hexachlorophene, saccharine, plastic-wrapped cans, hormone-treated meats, pesticides—you name it—all before anyone bothered to tell us how bad they are.

And have you heard the latest? There is a federal regulation on the amount of allowable filth in spices; "filth" being dirt, insects, rodent hair and excreta. To top that off, the exact allowable amount, according to Betty Furest, is among Washington's top secrets! No one has access to it.

Having done some research professionally, I know it takes time, like months and years, to conduct a scientific test. Even so, there are some people who would rather have waited for the results than to have used the products later declared unsafe. Unfortunately they are in no condition to protest now.

I would like to suggest a remedy for that kind of business: Have the proud manufacturers and advertising agencies use the products themselves for a minimum of one year before foisting them on the market for mass consumption.

If they don't develop brain lesions, tumors, retardation, or a bad case of death, the product would be declared wonderful and sold as if it really were. Also we'll let the fellows who pour cyanide into the ship channel, including the judge who okayed it, spoon a bit of it into their morning coffee.

Representatives of the various environmental control agencies might enjoy moving their lavish offices out of air-tight buildings onto city streets to take in the air they have declared safe. It's the same their as putting generals on the battlefield. Progress would progress much faster.

Re-elect a Representative with Integrity

# Charles Finnell

Everyone is for "ethics" in the legislative process now that there has been a scandal in Austin; however, Representative Finnell has consistently advocated a strong Code of Ethics since his first term when he supported such a bill in 1967.

Charles Finnell is respected by those he serves and those he works with at all levels of government.

- \* High Seniority as Member of:
  - Agriculture Committee
  - Oil and Gas Committee
- \* Consistently Supported:
  - Strong Code of Ethics since elected
  - Vocational-Technical Training facilities
  - Rights of Local Government
  - Farm-to-Market Road Program
- \* Consistently Opposed:
  - State Income Tax
  - Trailer Brake Law — S.B. 183
  - Tax on Groceries and Medicine
- \* Lifelong Resident of Holliday, Texas

## We Believe In Ben Barnes

Ben Barnes has served this state with honor and distinction. We personally know him to be a man of honesty and integrity and we stand proudly behind him without reservation. We deeply resent the attempts at character assassination against him which have marked this campaign and we urge you to reject such tactics resoundingly at the ballot box. Ben Barnes has the qualities of leadership and integrity to make Texas an outstanding governor. Let's give him our overwhelming support on May 6th!

## SHUCKS

Mrs. Frances Farenthold is the one candidate in the governor's race who can bring the needed reform to Texas government.

She alone, among the candidates, is the best hope for returning integrity to Austin. She can straighten the crooked stick that controls Austin now.

Mrs. Farenthold has the legal mind to serve in government. She has a brilliant, educated mind and she knows what is wrong with our state government. She was pushing reform long before it became a political issue.

She can stand on her past record as a politician for the people. She was a member of the Texas Dirty Thirty who turned out to be the White Knights of Texas government. The Dirty 30 are state representatives who can say "I told you so" after their accusations were re-inforced by the Abilene convictions.

Sissy's record can't be matched by other candidates as far as the belief of the people is concerned.

She was one of only 12 House members to vote against the 1969 banking bills that created the Sharpstown stock scandal. She was the primary pusher behind the ousting of Jerry Saddler, land commissioner. She opposed the redistricting bill of Gus Mutscher that was declared unconstitutional by the courts.

Mrs. Farenthold voted against a raise in tuition for Texas colleges. She has continually sponsored and supported bills to provide stricter enforcement against pollution of Texas lakes and rivers.

The other major candidates are running on large expenditures for organizations and advertising. Their offers to clean up the mess in Austin come several years too late, and each of them has had many years of responsible position without turning a hard to accomplish it.

Texans really need Frances Farenthold. "She has voted perfectly for the working people, for the consumer, for the small business owner and for the environment. That's a strange, strange quality for someone who wants to be a governor!"—Unquote and Amen.

**ESA Installs 1972 Officers**

Installation of officers featured the meeting of Epsilon Eta chapter of National Park Area Home Demonstration Club on Tuesday evening, when Mrs. Peter Koonce was hostess to the group at her home.

Mrs. James Dyer gave a history of the local organization in observance of Founders Day and also was in charge of the installation. She stated that Raydean Mattis is the only charter member still active and that Mae Mitchell was the first president, 23 years ago.

Using the theme "A treasure chest of love and friendship," Mrs. Dyer installed the following:

Mesdames:  
 Lavena Harlin, president  
 Lucy Woods, 1st vice-president  
 Kay Lucy, 2nd vice-president  
 Margie Faulkner, treasurer  
 Lela Mercer, recording sec'y  
 Wanda Adams, corres. sec'y

When the gavel was presented to Mrs. Harlin, she in turn presented each officer a love charm, remarking that there is deep meaning and thought behind each gift. She also hinted that they might be a kind of tribe.

Mrs. Patsy Cope presided for business and gave the opening ritual. The ways and means committee reported that the sixth grade will be in charge of the paper drive on May 20.

The Youth Awards committee announced that the winners will be recognized on May 12 at the junior high school in assembly period at 1:00.

Sandwiches, tiny tomatoes, fresh fruit ice cream sundaes, and fruit punch were served during refreshment and fellowship time on the patio.

Others present were Louise Berry, Louise Clapp, Bernice Compton, Gay Graves, Jolyn Boutwell, Jane Cowley, Georgia Kingcade, Gayla Daugherty, Essie Johnson, Dena Morrison, Pat Ratcliff, Bobbie Shaw, Olive Blacklock, Frankie Hendrick.

Mr. and Mrs. J. A. Berg returned Tuesday from several days in Garland where they went to be with her brother John R. McKinney, who is in a hospital there for treatment.

**Reader Writes**

IOWA PARK HERALD: Having followed the campaign for State Representative from the 53rd District in your newspaper and the fact that the primary election is now only a few days away, I am compelled to voice my feelings about one of the candidates, Robert Edwards.

I have known Mr. Edwards for over a decade and consider him a close personal friend as well as a man of great determination and integrity. But, this is not an election which should be decided on the basis of personal affection. Now is the time to put a man office who has the honesty and sensitivity to the issues to restore the faith of the people in the political process.

Having spent nearly all of my life in or around the political arena, I have seen only a select few men who have those qualities. Robert Edwards has them, and there is no question in my mind that under his leadership the people of the 53rd District will have the type of representation they deserve. And the people of Texas can begin a new day of progress.

Therefore, I strongly submit my support for Robert Edwards' candidacy, and urge you and your fine newspaper to do the same. Warmest possible regards. Sincerely yours, William F. Ikard. 2005 Arthur, Wichita Falls.

**Bird Lore**

by Lafayette Stanekwitz

April was the month for many birds to return to their summer homes, and most of them are accounted for.

I've had orioles coming to the same tree year after year looking for a special string for their nest and also for their favorite meal of apple sauce or jelly. I also fasten a small basket to my clothesline post and place cotton string and small sticks in it. The western kingbird, mocking bird and scissor-tailed flycatcher share this.

An old mop thrown across the clothesline pleases some and a little Bewick's wren even roosted in it. The house finches lined their nest with soft bits of it. The brown thrasher and cardinal prefer to pick their sticks and other nesting materials off the ground.

Perhaps I shouldn't feed the birds during the summer, but it is so enjoyable to watch a cardinal family being fed a peanut-butter meal from the feeder or to see a baby mocker sitting in the feeder flapping his wings and hoping his Mom will feed him some cake crumbs even though he can feed himself!

I hope you are enjoying the purple martins as much as I am. We still have young birds coming in although most mature birds are incubating eggs.

Remember, birds need water for both drinking and drinking. Place your bird-bath near a fence of the branch of a tree so the birds can use it as a perch after bathing. A wet bird cannot fly far. To keep the water clean and fresh flush out the bath often.

**Fourth Birthday**

**Mule Train!**

Six ladies ranging in ages from 62 to 86 went on a hilarious hayride last Thursday. Dewey Spruiell hitched two of his donkeys to a wagon and away they went—around and around the big pasture.

The laughter and screams reminded one of teenage girls on a carnival ride. The six were Mrs. Lill and four sisters: Mmes. Annie Jones, Lucy Whittenburg, Fannie Bonner of Sweetwater and Mary Allen of Rotan; and their sister-in-law Mrs. Will Spruiell.

**We must provide jobs for every able Texan**

"The future economic development of our state will directly affect the life of every Texan. Its success or failure will contribute to the success or failure of state programs for education, employment, health, & many areas vital to a progressive and growing Texas.

"In the immediate future, we need an aggressive program of industrial development to assist present industry and acquire new industry. This means we need a governor who is credible, a man who can speak the language of business and industry. This kind of effort will mean better wages, more jobs and a better standard of living for our people.

"We must maintain balance industry and agriculture to make the most productive use of our resources. And this effort will require the leadership of a governor who understands that balance, and knows the business of agriculture as well as the needs of business."

We must maintain a growing commerce in Texas to be competitive with other states. No candidate for Governor of Texas is better equipped by experience or knowledge of these needs than Dolph Briscoe. This is one more reason to elect Dolph Briscoe governor.

**The cooler the home, the warmer the marriage.**

Marriages may be made in heaven, but it's hard to keep them heavenly when it's hotter than blazes.

That's where central gas air conditioning comes in. It can bring you together. All summer long. As close as you want. All summer long.

And it won't cost you much either. In fact, if you have gas heating in your home, you could easily have half a central air conditioning system already. Because you may be able to use the duct work and furnace blower you already have. That saves about fifty percent on installation costs.

That's just part of the savings. Gas costs less to operate than electricity. And you get special low rates during the long hot summer months.

But you'll save more than money with gas. You'll save time and energy, too. Because with central gas air conditioning there are fewer moving parts. Fewer breakdowns. Fewer repairs.

This summer, have central gas air conditioning installed. For love's sake.
