Groom's Father Reads Marriage Lines For Willeford-Gilbert Rites

Miss Peggy Jo Willeford of Burkburnett became the bride of Louis Earle Gilbert in a ceremony read at 8:00 p.m., Friday, Aug. 6, by Rev. G. M. Gilbert, father of the groom and pastor, in the Iowa Park Church of God.

Mr. and Mrs. A. D. Willeford of Burkburnett are parents of the bride.

Pianist was Miss Karen Kirkpatrick of Kamay, who also accompanied Mrs. Margie Battle, vocalist. Miss Shirley Ruth Willeford was her sister's maid of honor.

Ushers and candlelighters were Leon Goforth of Iowa Park and Dale Boren of Burkburnett. Jackie Ray Gilbert was his brother's best man.

The bride was given in marriage by her father. Her dress was of white chantilly lace and tulle over satin, with a ballerina-length skirt. Her shoulder-length veil was of white net. She carried a cascade bouquet of pink roses. For sentiment the bride carried a handkerchief belonging to her grandmother.

A reception in the parlor of the church immediately followed the ceremony. Miss Grace Churchman, aunt of the bride, presided at the refreshment table which was covered with a white lace cloth over pink. The centerpiece was an arrangement of pink asters.

Miss Sharon Ramsey of Burkburnett secured signatures for the bridesbook. Peggy is a popular member of the senior class of Burkburnett high school. Earle is a 1954 graduate of Iowa Park High School. He is employed by the Chevrolet company of Burkburnett. They will reside at 428 Avenue D in Burk.

Out of county visitors for the wedding were Mr. and Mrs. G. W. Gilbert of Big Spring, Mrs. Ona Clay, Damon Clay, Mr. and Mrs. Thurman Clay, Mr. and Mrs. Aubrey Clay and son, and Mrs. Clarence Nelson and Larry of Fort Worth; Rev. and Mrs. Ray T. Hill of Paris.

Peggy is the granddaughter of Mr. and Mrs. W. H. Willeford and Mrs. J. A. Churchman, all of Iowa Park.

IOWA PARK'S BROCHURE
The new brochure for Iowa Park is off the press and will be used to advertise widely the town and what it has to offer.
Each family in the trades area will also receive a copy to remind them of the many things Iowa Park has for their needs and convenience.
The folder is a handsome job on Woodbine Duplex Enamel paper in turquoise and india. It contains 30 photographs and a map of the surrounding area, and carries pertinent information.

CONGRATULATIONS
To Chairman Chauncey Weiler of the Brochure committee for his excellent photography and top publicity.
To George R. Huckaby and his sons George Jr. and Ben, for the fine commercial printing job.
And to President Fred T. Hays, Vice-presidents F. M. Wilson, Harrel Sullivan, and other executive committee members, Alan W. Berry and Keith D. Swim; and to the directors.

BRAG ON IOWA PARK
Be proud of your town and others will think more of it.
Knock your town and others will just think you're grouchy!

ONCE IN A LIFETIME
Now comes an "Evaluation of 1954 School" from Southwestern Institute, giving the students an opportunity to grade the faculty.

Of course there were some who were more popular, more convincing, better salesmen of ideas—than others; but we found that each had something good to contribute to our sum total of information.

Then there were the meals. All of it was good food, and though we didn't care much for certain items, we noticed others ate as though they enjoyed them.

And the entertainment. Some that pleased us probably didn't appeal to other students; but taken by and large, we thought it a fine Institute, and we learned a whale of a lot.

Presbyterians
A large group of Presbyterians enjoyed family night on the lawn of the church on Wednesday evening under a clear moonlit sky.
Mr. and Mrs. Marshall Boyd, who will leave in early September to return to their home in Louisiana, were specially honored, and presented a farewell gift from the congregation.
During the past two years Mrs. Boyd has taught the primary class and Mr. Boyd the Pioneer class in the church school. They have also been members of the choir and have taken other part in the church program.
Rev. M. C. Yeagan presented the gift with words of appreciation for the fine service rendered by Mr. and Mrs. Boyd during their stay in Iowa Park.
Homemade ice cream and cake were served. Arrangements were in the hands of Mrs. C. E. Birk and Mr. Charles Williams.

Franklin Farmer Fills Baptist Chapel Pulpit
Franklin Farmer, son of Mr. and Mrs. Urbin Farmer, is preaching at the Baptist Chapel while George Shropshire, pastor, is in Cisco conducting a revival.
Franklin spoke at both services last Sunday and will occupy the pulpit at both hours next Sunday.
He plans to enter Southwestern Baptist Theological seminary in Fort Worth, Sept. 6 to study for the ministry.
Franklin has done outstanding work in the church here and is an active member of the young people's department.
He has won several speech contests in school and church and has recently appeared in the drama "Simon the Leper" presented at the local Baptist church.
Last year Mr. Farmer was a member of the Muenster school staff.

REPORT from the U. S. SENATE

By Lyndon B. Johnson

The Senate voted down the farm price support bill reported by the agriculture committee and instead passed the flexible support bill favored by the administration. The committee bill, which I favored, would have maintained price supports on basic crops at 90 per cent of parity. The administration proposal, which I voted against, sets these supports on a sliding scale of between 82.5 and 90 per cent of parity.

To my way of thinking, the legislation simply means that when the farmer does not need help, he will be guaranteed 90 per cent of a fair price. When the farmer does need help, his income will be lowered to 82.5 per cent of a fair price. There is a basic assumption behind this flexible price support theory with which I cannot agree. It is the assumption that there are economic problems which can be solved by lowering the income of one segment of our population.

This seems to me a fallacious theory. I do not believe that lower income for Texas farmers will promote prosperity for residents of Texas cities any more than I believe that a low income for industrial workers promotes farm prosperity. I believe firmly that prosperous farmers mean prosperous factory workers just as prosperous workers mean prosperous farmers. I believe also that prosperity in the fields and in the factories promotes the prosperity of business.

It is unfortunate that the campaign waged by the Department of Agriculture on behalf of its farm program has been of such nature as to divide the American people. It has turned—or sought to turn—city folk against country folk.

Farmers have been pictured as bloated plutocrats, driving into the city in their gold-plated autos to pick the pockets of the consumer. In the minds of many, the farmer has become a profiteer—a man who sells at fantastic exorbitant prices.

That is a result of the work of the high-powered press agents in selling the theory of flexible farm price supports.

We know in Texas that this is not a true picture of the farmer.

We know our farmers have been hard hit by drought—by insect depredations—by falling prices. Everywhere you go in Texas you find farmers deeply uneasy about the future—many of them convinced the Agriculture Department has become their enemy instead of their friend.

The uncertainty with which they regard the future is certainly understandable.

It is my opinion that flexible price supports will not solve the problem of farm surpluses—will not mean lower consumer prices—will not mean prosperity.

I believe their immediate effect will be to lower farm income by taking away the floor upon which agriculture relies to prevent disaster and hardship. I believe their long-range effect will be to set a dangerous precedent which could be harmful to our entire national economy.

That is why I voted against the administration bill.

When the American housewife spends a dollar for food produced in this country, 56 cents goes for processing, marketing and transportation charges. The farmer receives 44 cents, approximately 30 cents of which goes to buy tractors, trucks, plows, gasoline and other supplies required for the modern farmer.

In other words, the farmer and his family have about 14 cents out of each consumer dollar for domestically produced food for their cost and investment.

The farmer's share of the consumer dollar has dropped in recent years and months with the decline in farm prices. Retail food prices have remained at about the peak levels of 1952.

CONFIDENTIALLY

Mr. Motorist

There's been a lot of MYSTERY about this wheel aligning business—a lot of technical talk about such things as "camber," "caster," "toe-in" and other terms to explain why your automobile steers hard or wears out tires as fast as you can buy new ones. We don't believe in ghosts or mystery stories and that's why we've installed a new John Bean VISUALINER in our Steering Service Department.

The VISUALINER is the first machine we've ever seen that makes driving easier and safer by harnessing beams of light. Checks wheel alignment quick-as-a-flash and projects a "picture" on a screen so that you can see for yourself whether your car needs attention. It's no secret that faulty wheel alignment can cause "wandering," "road weave" and other hard steering symptoms. So, drive in today and let the VISUALINER show you whether your automobile is right for the road.
