Brennan on the Bayou

Dear George and Ona Lou,

Finally—a job! Have you ever heard of Naylor Type and Mats? That's the place, and when I went for the interview, they did not once cringe at my age, sex, height or college degrees. I was amazed.

The job I applied for was proof-reader, and I took a lengthy test for same, doing what the boss called "the best damn reading he'd ever seen." Unfortunately, the position had just been filled, so they're training me to do something else. As yet I haven't found out what that is.

So far I have rolled posters to stuff into mailing tubes, carried orders to different departments, read three books on typography, and taped cardsboards together. They keep telling me things—like put a red sticker on the ticket and mark it with a "C" or write this number here—no, here! I guess that's training.

I did finally determine that the company turns out advertising by the ton in the form of plates, mats, negatives, positives and whole books. The last I can't figure out yet, as I have yet to find a press on the premises. They did show me how the typostator works but won't let me touch it and haven't allowed me near the Linotype.

I'd sell my teeth to get that proofreader's job or to work in the composing room but shall just have to be content as a trainee for whatever it is I'm supposed to be doing.

It's great to be working again, especially where I can catch the scent of ink and hot lead after all these years. My hours are peculiar—10 to 7 with lunch at 3—but the people are all super, which compensates for a lot.

Of course I will continue to submit Brennans, hopefully a pile of them and get ahead for a time. Hope you are both feeling well.

DESIGN OF A POSTAGE STAMP to salute the 75th Anniversary of the National P.T.A. is a blackboard with the lettering chalked in a child's script. The blackboard is bordered in yellow and the chalk is in white. Print order of the 8-cent stamp is 135 million by gravure. The P.T.A. was founded in Washington, D.C. in 1897 by Phoebe Apperson Hearst, wife of U.S. Senator George Hearst and mother of William Randolph Hearst, and Alice McLellan Birney, wife of a prominent Washington attorney. During its 75 years of working for the welfare of all children, the P.T.A.:

- In 1899 petitioned Congress for a National Health Bureau (14 years before creation of the U.S. Public Health Service).
- In 1906 played a key role in the passage of the Pure Food Bill.
- In 1946 was named primarily responsible for the passage of the federal school lunch program.
- In 1951 conducted a national conference on narcotics and drug addiction.
- In 1965 shipped more than a million books to mountain schools in Appalachia.
- In 1970 initiated Project RISE (Reading Improvement Services Everywhere).
- In 1972, under federal funding, integrated alcohol education in its smoking and health project with plans for several pilot programs to be tested at the state level.

Music, movies and memories of "The Dazzling Thirties" will share a spotlight during the 1972 State Fair of Texas, October 7-22, at Fair Park in Dallas. Saluting the new and the nostalgic, the fair will present the varied worlds of fashion, automobiles, livestock and entertainment plus a captivating theme exhibition. Broadway's musical smash, "No, No, Nanette," will raise the curtain for the completely remodeled Music Hall. Beyond the theater and exhibit halls, the carnival atmosphere of parades, midway rides, souvenir stands and mouth-watering food specialties will enchant more than three million visitors during the 16-day exposition.

Mr. and Mrs. Floyd Thompson, 1309 Sunset, attended a get-together Saturday at the home of Mr. and Mrs. Vaughn McKee in Wichita Falls. Games and good food were enjoyed.

Lions Are Next . . .

Fans from all over the world will be in Hawk Stadium this Friday evening when Iowa Park and Brownwood face each other in a District 4-AAA game.

Prominent in the list will be movie makers from TFA Communications Group Ltd. of New York City.

In their several weeks here the crew directed by Don Pierce have become true Parkans and faithful fans of the Mean Green.

We have no doubt the crew in Brownwood have received like treatment there and will be pulling for "their" Lions.

The box office for general admission seats will open at 6:00. We advise all who do not have reserved tickets to come early.

We also suggest that fans of the Lions and of the Hawks come to the high school cafeteria early so they can eat DON'S STEW which will be cooked by the Evening Lions club and served by members of the Noon club.

Funds obtained by serving the meal will be added to the Harold Swanson Fund in State National Bank.

All folk who have eaten Don's Stew will testify to the fact it is "tolerable good." Don, if you haven't known before, is a member of Evvning Lions club and resides with Mrs. Youngblood in the United Methodist parsonage!

All of us know which squad of players is our favorite, and we expect our enthusiastic support to back them to total victory.

Barefoot Is Sanders' Name

Barefoot Sanders, Democratic candidate for the US Senate, has scheduled a visit to this area on Thursday, Oct. 19.

One of the highlights of his visit will be a free spaghetti supper at Weeks Park shelter sponsored by the Democratic Women's Organization.

All residents are urged to come and eat homemade spaghetti and meet Barefoot in the park, hear him discuss the issues and ask questions.

Recent endorsements by Sen. Lloyd Bentsen and other strong Democratic leaders have added momentum to Sanders' campaign.

Interested citizens are invited to visit his campaign headquarters at 711 Travis in Wichita Falls for information about his position on major topics and his qualifications for the job.

Sanders' given name is not a political oddity taken for its purpose of winning votes. It is the maiden name of his grandmother and is of Anglo-Saxon origin.

Read Books

Mike Manners, the puppet, was used again this week to remind Story Time children of good conduct. The boys and girls acted out good manners when talking on the telephone and when company has come.

Refreshments provided by Mrs. Bill Medina were served to 24 children. Wendy Trantham, Kerri Richardson and Sandy Ward were new members this week.

"A Falcon for a Queen" by Catherine Gaskin is written with her customary skill. A tale of love and hatred, the secrets of which ensure the remnants of a proud old family in a web of danger.

"The Chandler Heritage" by Ben Haas spans three generations and nearly a 100 years. This is a novel about a Southern family dynasty, like the few that today wield immense power over the lives of thousands of persons and entire towns. A magnificent piece of story telling, it is compulsive reading throughout.

If you are an art lover you will enjoy the displays that will be maintained the year around in Iowa Park Library. Several local artists will exhibit for our pleasure their work, changing them at three-month intervals.

Hawks 7 Vernon 3

Iowa Park and Vernon fought desperately through 48 minutes last Friday night a Vernon, and both teams managed just one scoring play each.

Beauty of it all was that Vernon secured a field goal and the Hawks pushed over a touchdown with the resulting PAT, to stay on top the District 4-AAA heap.

Receiving the ball on the first kickoff, the Hawks maintained possession for 5 minutes, 15 seconds, when they fumbled on their 25. Vernon made one first down on the 12, but a pass was intercepted on the 5 with 5:10 remaining in the first stanza.

Taking full advantage of this opportunity, Iowa Park reeled off five first downs and didn't give up possession until they failed to make their yardage on the Vernon 5.

The Lions got off one play and fumbled, with the Hawks recovering on Vernon's 12.

Second quarter was not particularly eventful except that Lions piled up four first downs and the Hawks broke up their threats with two interceptions. Intermission found the game scoreless.

At halftime Vernon had a whole passel of pretty girls appropriately clad, to augment their large marching band. Iowa Park Mean Green marching machine did its customary fine work.

Third quarter had its moments of excitement. Vernon took possession and reeled off three first downs, then settled for a field goal from the Iowa Park 25.

With the scoring ice broken, the Hawks set to work in earnest using three completed passes and several good runs to put Vernon in a hole the Lions were unable to clamber out of.

The last 14 minutes were used by both teams fighting vainly to add points.

Trip to Canada

Mrs. Nellie Leath, narrator
Mrs. M. L. Hines, recorder

In a few minutes you may go 5000 miles in your mind, but the actual trip by car and ferry afforded two sisters a memorable six weeks vacation.

Mrs. Nellie Leath and Miss Titia Belle Blanks returned Oct. 5 from a tour all the way to the Vancouver Islands before they turned around and started home. They departed Texas from Dalhart, where they visited friends, and arrived next at the Garden of the Gods. Located here is a 67-room castle, headquarters of the "Navigators," a religious group working with young people on college campuses. The castle was built years ago by an American for his English wife.

One of the Navigators is Gary Leath, a grandson. He took them on a tour to the Air Force Academy at Colorado Springs and to the Icecapades. At Manitou Springs they saw the church built by members from Iowa Park and Archer City Baptist churches. On Sunday they attended services at the Presbyterian church, the home-base church for the Navigators, though they are an interdenominational organization.

On Monday they headed for the State of Washington, drove thru the Grand Tetons, and saw Old Faithful in Yellowstone National Park.

Jim Leath, a son, is chaplain at Fairchild AFB, Spokane. While visiting there the sisters made trips to Vancouver Islands by way of ferry and saw the famous Butchart Gardens, beautiful beyond description, and the Duncan Gardens.

They went across to Alberta, Canada, at Banff. Enroute to Lake Louise it was snowing a bit. They went over the Columbia Ice Fields in snowmobiles. They had prepared a picnic lunch, but the temperature was 25 degrees, so they had lunch in a cafe and ate the picnic lunch at home.

When they left Banff for Spokane, they found autumn weather and gathered apples and pears in the orchards.

At Redding, Calif., they visited friends. A delightful week was spent in San Jose, Calif., with another son, Quinn and family.

Los Angeles was the next stop. Mrs. Leath's daughter and family Mr. and Mrs. Frank Cline, live there. She escorted them on tours of Knott's Berry Farm and thru the Queen Mary, and to the show "Sound of Music," through the Universal Studio grounds, and to the Ice Follies in Inglewood.

Enroute to Iowa Park they visited a friend in Las Cruces, and another at Carlshad, arriving on Oct. 5. They had lived in California at one time, but this was a first time in Washington and Canada. If Mrs. Leath were to visit all her children she would go places for weeks more. And she and Titia Belle might just do that sometime!

Choir director Darrell Dick of IPHS has prepared for us the following report:

Saturday, Oct. 7, the A Cappella seniors traveled to Commerce to participate in the All-Senior Honor Choir. The activities were under the direction of Charles Nelson, director of the East Texas State University choral department and a noted conductor and soloist. Some of the purposes of the trip were to introduce new music to the choir, to introduce UIL solo contest selections, to prepare each individual for a fruitful year by improving techniques and vocal production, and to make available to interested students an opportunity to audition for a music scholarship at ETSU.

The rehearsal was from 8:30 to 5:00 Saturday afternoon and the Choir concluded the day long event with a concert at 7:00.

The singers left with Mr. Dick at 3:30 a.m. Saturday and got back Sunday morning around 1:30 a.m.

Nixon Cause of Unemployment and Inflation

In a weekend speech at San Antonio, U.S. Representative Hale Boggs of Louisiana said the Nixon Administration is responsible for the worst inflation in 20 years and the highest unemployment in 10 years.

"Mr. Nixon said in 1968, if you don't elect me you're going to have either unemployment or inflation. Well, now what happened was we let him be elected and we have both of them."

We also have the most morally corrupt national administration in the history of the USA.

Miss Sandra Skinner, freshman at West Texas State university in Canyon, was elected a senator in the student government there.

Ten freshmen were chosen as senators out of the 1800 freshmen enrolled.

Sandra, 1972 graduate of IPHS, is daughter of Mr. and Mrs. Luther B. Skinner.

Bird Lore

by Lafayette Stankewitz

Bluebirds long have been associated with happiness and it has always been a dream of mine to have a pair of the beautiful creatures.

Bluebirds could not successfully live and nest around our city homes because of the imported house sparrows and starlings that would most likely take over any nesting box we might provide.

The Eastern bluebird belongs to the thrush family. The males have bright, entirely blue backs and wings, and rusty red throat and breast, with white belly and undertail. The females are paler and duller. The young birds look more thrush-like, since they are speckle-breasted and grayish. They have no red but always have some telltale blue in wings and tail.

Not only are bluebirds welcome for their beauty and music, their feeding habits are beneficial to man. Cutworms, grasshoppers, beetles and many other insects and caterpillars are destroyed by them in large numbers. Berries and some fruit may also be eaten.

These birds prefer open country and nest in holes in stumps, posts and trees. Man is responsible for destroying many of the natural sites of this species in his effort to clear his land for various reasons. This bird, however, readily accepts nesting boxes on poles 8 to 12 feet about ground in open areas. They should measure 4x4 inches or 5x5 and 8 inches high with entrance holes 1 1/2 inches in diameter to keep out larger birds.

The Eastern bluebird is a permanent resident of Wichita county. These birds have been seen around our area lakes, the Brooks farm and the Sam Hunter farm.

Several of us birders have our houses built and plan to establish a Bluebird Trail in early spring. Perhaps dreams do come true!

Read any good clothes lately?

You'll find some very interesting reading on the labels in the new clothes you buy.

After July 3, 1972, all garments manufactured that require care and maintenance for their ordinary use must carry a permanent label giving instructions for care and maintenance.

Any questions you have about whether to wash and dry or to dry clean will be answered right on the label.

For home laundering,

you'll find electric dryers are designed for a wide range of modern materials — including polyesters and other permanent press fabrics.

This is just one of many reasons why the flameless electric dryer is America's favorite.

Here are a few tips on how to keep your new permanent press clothes looking their best without spending hours ironing:

1. Never dry more than one washer-load at a time.
2. For truly wrinkle-free

clothes, try drying half a load, so they'll have lots of tumbling room.

3. Try fabric conditioners. They not only make clothes softer, but they cut down on the static electricity that makes clothes cling together and wrinkle while drying.
4. Clean your dryer's lint trap after each load, to increase drying efficiency.
5. Read your instruction book carefully to get the most out of your dryer's unique features. File instructions for future reference.

People power... at your service

DON'T TAKE RURAL TEXANS FOR A RIDE... AND DON'T TAKE US FOR GRANTED.

HERE'S WHAT NIXON IS DOING TO RURAL AMERICA

WHEAT SCANDAL - Giant wheat exporters made huge profits at the expense of individual wheat farmers, many in Texas, on Soviet trade.

TAXES - Wall Street Journal says federal laws favor the corporation or investor who farms on the side for a tax write-off.

FARM ISSUES - Under Nixon, parity dropped the lowest since 1933. Nixon held up payments of nearly \$400 million for feed grains in 1970, forcing farmers to borrow at highest interest rates in history.

CONGLOMERATE SCANDALS - Big Business first, the public second - that's the Republican philosophy. Anti-trust suit against ITT dropped at the same time ITT pledged \$400,000 to finance Republican Convention.

Harry S. Truman said, "The Republicans admire our government so much they want to buy it."

Let's face it. The Republicans just haven't changed much since the days of our grandfathers. They still favor Big Business over the average working man and woman. And while they're taking us for a ride, they keep telling us what a 'dangerous radical' Senator McGovern is.

That's what they said about Harry S. Truman.

HERE'S WHAT McGOVERN IS DOING FOR RURAL AMERICA

HIS STANDING - George McGovern has been elected time and again as a Democrat from a Republican farm state... because they know where he stands.

TAXES - His tax proposal would end the loopholes for tax-loss farming by giant corporations and the wealthy individuals who compete unfairly with family farmers. McGovern's proposal calls for the same tax on capital gains as on earnings.

FARM ISSUES - He sponsored and co-sponsored: Meat Import Limitation Law; Dairy Import Act; Wheat, Feed Grain, and Soybean Emergency Reserve Bill; Rural Development, Rural Job Development, and Rural Telephone Acts; Farm Credit Act; and other pieces of important legislation.

HIS BELIEFS - George McGovern knows that the answers to many of our most pressing problems in America today can be found by developing genuine opportunities for everyone in our small towns and rural areas throughout the country.

Let's not be taken for granted by the Nixon Republicans. Rural America has always fared best under a Democratic administration. If you want to stand up and do something good for rural America, the answer is to help put a Democrat in the White House. We need George McGovern... and George McGovern needs us.

RURAL TEXANS NEED A DEMOCRAT.

23 Study Club

"America, Land of the Free" was title of the message by Mrs. Earl Watson which featured the first meeting of the year of the 23 Study club.

The president remarked she is glad she lives where she does not have to get permission to have this group meeting; that she can not be put in prison simply for disagreeing with the President of the United States; that problems confronting our nation are aired and not swept under the rug; and that we are a nation which has helped our enemies after war with them.

She also pointed out that with every right come responsibilities; urged that we use our influence to bring about equal educational opportunities and exercise the privileges of voting and serving on juries.

Mrs. Travis Smith followed the forceful message by reading the timely "I Am an American" by Elias Lieberman.

Mrs. E. F. Soell was program leader and Mrs. M. L. Hines gave the invocation and led the group in the Club Collect.

Mrs. D. O. James and Mrs. Lester E. Brooks were hostesses for the breakfast in the home of Mrs. James. Arrangements of autumn foliage and fruits centered the tables. Rhizomes from the Trailridge Iris gardens were presented each guest as favors.

Roll call was answered with each one giving "one reason why I am glad I am an American." Yearbooks were presented by Mrs. Chauncey, theme of which is "To America, with Love."

Miss Elyse Kidwell reported on the Arts and Crafts Festival and said the whole community seemed interested in making it an annual event, a project to support Iowa Park Library. A number present paid sustaining memberships to the library fund.

Names were drawn for the Christmas program and each donor is to provide something that is her own handiwork, be it a cake, embroidery, tatting, etc.

Mrs. T. M. Clark, Federation counselor, reported that the president of General Federation has chosen as her theme: Respect, Responsibility and Reverence.

As an accommodation to the program personnel for the next meeting, Coach Grady Graves and some of his athletes, the club will assemble at 1:30 in the home of Mrs. Sam Hill.

Others present were Mmes. C. E. Birk, Homer Black, Earle Denny, O. E. Lochridge, N. E. McKinney, C. L. Metz, James A. Sewell, Joe Singer, W. G. Steele, T. M. Thaxton, Delbert Todd and Fred Widmoyer.

School Men Review Programs and Suggest Improvements

Reports from secondary principals and counselors was an interesting feature of the school board meeting Tuesday night. All indicated there have been few problems, the beginning of the new school year has been smooth and they are well pleased with the plan of having both day- and night-time janitorial service.

John Sibley, co-ordinator of special education, stated Iowa Park has used nine of the 10 options applied for in this area. He suggested that application be made for entering into agreement with Electra to offer in our school a vocational adjustment class as the tenth unit. The board voted to seek this work-study program approval.

A school district is eligible for such a class if there are eight or more eligible students 16 years of age and older and 42 or more potential eligible students to support and justify the secondary units.

Dean Miller expressed appreciation for the additional courses and said 63% of the students eligible are enrolled in some vocational class. He was pleased the academic program has not been lowered and that school work problems are less than formerly since all are not geared to following a college preparatory program for every student.

Bob Dawson noted that for the first time there are more seniors enrolled than first graders and of the large enrollment there were only 21 dropouts. Eleven of those have moved out of the district. No action was taken on adding Bible study to the IPHS curriculum.

Herman Escue said Junior High had a good start with few scheduling problems. CVAE is doing a successful job in 8th grade and is a help in improved attitude of some 7th graders.

Austin Webb said: "We need an intercom, really." The board voted to buy and install one in Junior High. He said he is receiving complaints on athletic insurance because parents cannot collect on their own policies so long as they participate in the school insurance plan, which is compulsory at present.

Harold Cowley said he is considering the vocational aptitude test program and wonders if ability grouping is possible or best. Students would be placed in basic or regular or enriched classes.

H. W. Fillmore was present as legal adviser. The board accepted the resolution declaring Series 1949 paid, and approved an attorney contract for delinquent taxes with Bill Pemberton, Greenville.

Building maintenance service contracts accepted were:

- Gary Lyles, \$300 per month—Valley View
- Joyce T. Bolding, \$350—Junior High
- Margana Thorne, \$233.57—Bradford

Only one water pump and tank installed last year was sold. The Chaparral Builders gave \$210 for that unit. Other bids were refused.

Faris Nowell reported on the TASA-TASB conference featuring the topics dealing with finance. It seems Ad Valorem is a must in most minds. It is a most difficult task, trying to balance the tax and at the same time find a program where the same amount is spent on all students.

Bill Steger said cafeteria participation is slightly above 70%. The new bus will cost \$3,345.

Board voted to pay the Building and Trades class 15% commission for work done for the school. Timekeeper for varsity football games will be paid according to district schedule.

Robert Wilcox said a fine job has been done on the fieldhouse—money now spent is \$44,896.43, plumbing for the washer-dryer yet to be done.

Pilot kindergarten class at the Bradford building is working beautifully and John Sibley invites the public to visit. Classwork can be observed without disturbing students and teacher.

Board members present were T. C. Berry, Delbert Catlin, C. E. Myers, Hoyt Watson, Wilcox and Stanley Williamson.

Fidelis Class

Fidelis Sunday school class of Faith Baptist church held their regular monthly meeting Thursday night Oct. 5 in the home of Mrs. Don Jagger.

Mrs. Lewis Adams, president, opened with prayer.

"Your Devotional Life" was discussed by Mrs. Jackie Newton using Isaiah 40:31. She said we need to learn to be quiet and wait on God. From the word of God we get rest and food to give us strength for the day.

Everyone needs a quiet time with God. We should begin each morning with 7 minutes with God. Invest the first thirty seconds preparing your heart. Prayer for guidance is found in Psalm 143:8. The next 4 minutes read your Bible—Psalm 119:18. After God has spoken to you through his word, then speak to Him in prayer. Then you have 2½ minutes left for fellowship with Him in 4 areas:

- Adoration, I Chron. 29:11
- Confession, I John 1:9
- Thanksgiving, Eph. 5:20
- Supplication, Matt. 7:7

Mrs. Newton closed stating this 7 minutes is a guide, and before you know it you will be spending 30 minutes with God.

October is time for electing of class officers. Mrs. Dick Holdeman was made group captain and all other officers were re-elected. Members agreed to have class meetings the second Thursday of each month.

Secret Pals were revealed under direction of Mrs. Roy Crabtree, social chairman. Each member had 3 guesses as to who had been her Secret Pal during the past year. Gifts were exchanged and names were drawn for new Pals.

Delicious refreshments were enjoyed by those mentioned and Mmes. Paul Callaway, and John Hatfield. Also present were associate members Mmes. Larry Balesley, Bud McDonald.

Gleaners

Gleaners Sunday school class of First Baptist church met Monday evening in the home of Mrs. Eddie Sasser.

Mrs. Earle Denny, teacher, led in a question and answer session on the previous day's lesson. Mrs. Glen Miller led in prayer for the ill persons mentioned by members of the group.

Refreshments were served to Mmes. Luke Coffman, John Cummings, Robert Wilcox, Herb Davis, Clyde Patterson, Gilbert Muelier, Pete Hughes, Glen Miller, Keith Auld, John Chapman, Ken Hines, Earle Denny, by the hostess and her daughter Laura.
