2nd Lt. Russell J. Scott, son of Mr. and Mrs. P. J. Scott of Bowie, left Monday to report for active duty in the air force. He reports at Lackland AFB in San Antonio for processing. He expects to be sent from there to Graham AFB in Marianna, Fla., where he will begin jet flight training.

Russell is a native of Iowa Park and received his early education here. He moved to Bowie with his parents in 1952. A graduate of Bowie high school, he received the bachelor of science in civil engineering degree from Texas A & M on May 21 of this year.

Russell was a distinguished student and received the Vultee-Consolidated award for outstanding interest shown in flight training. He also received the award as "Outstanding Cadet" at March AFB, Calif., last summer.

CHURCH OF GOD YOUTH TO SERVE SUPPER

Young people of the Church of God will serve dinner at the church next Saturday, August 7, for all friends of the church. Serving time will be 5:30 to 7:30 p.m., and prices of the plates are 75 cents for adults and 50 cents for children.

Menu for the meal is as follows:
Cabbage-Carrot Salad
White Bread Roast Beef
Brown Gravy
Snow Flake Potatoes
Brown Beans Buttered Corn
Harvard Beets
Peach Cobbler Ice Tea or Coffee

Four Parkans to Get Midwestern Degrees

Four from Iowa Park will be among the 74 to get degrees in August from Midwestern university.

Commencement exercises are to be in the university auditorium at 10:00 a.m. Friday, Aug. 27. Baccalaureate services will be in Fain Memorial Presbyterian church at 10:45 a.m., Aug. 22.

Those from Iowa Park receiving master's degrees will be: Mrs. Zada Jones, master of education in elementary education, music and physical education.

Miss Frances E. Park, master of education in general education, music and physical education.

Two bachelor's degrees go to: Mrs. Ethel Averitt, bachelor of education in elementary education.

Katy Merle Sumrall, bachelor of music education in music education and speech.

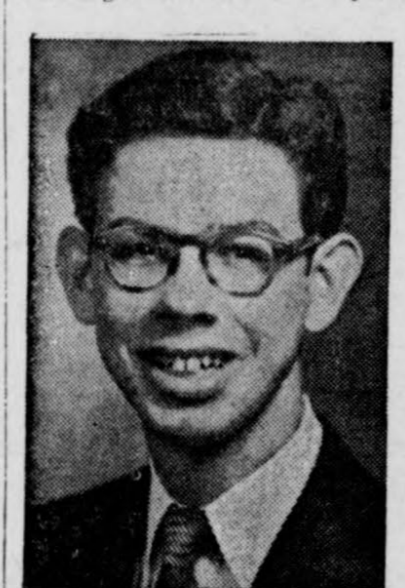

An honest, fearless lawyer, former district judge and assistant attorney general of Texas; an ex-serviceman and school teacher; a home owner, church and civic worker; and a family man.

Young Wichita Orator To Conduct Meeting At Church of Christ

The first gospel meeting in the building recently constructed by the church of Christ in Iowa Park will be conducted by Milton Copeland of Wichita Falls, who will also be conducting his first gospel meeting.

Even though it is his first gospel meeting, Milton is not really an amateur as he has been preaching for about two years and for the past seven months has been preaching regularly at Bluegrove, except when substituting for his father Gilbert Copeland, who is minister for the Floral Heights Church of Christ in Wichita Falls. Too, he has been preaching on a regular radio program every Sunday morning for the past year.

Young Copeland finished Wichita Falls high school in June and plans

to enter Abilene Christian college in September, where he plans to major in Greek and biblical languages with possibly a second major in journalism.

While in high school, Milton became well known for his achievements in representing his school in public speaking events. During his high school career he participated in 70 debates, winning 45 and losing 25. Most of those lost were during his sophomore year.

In his junior year Copeland won first place in the state extemporaneous speaking contest and went on to Denver for the national competition, where he placed second.

This spring he participated in the national oratorical contest sponsored by the American Legion. There were 350,000 participants of 47 states in this event. Copeland was chosen as one of the top three boys to compete for national champion. In the final contest he again won second place.

According to Cleo Jones, local minister, Milton has chosen the topic "First Things First" for his opening sermon Sunday at 11:00 a.m. In the evening he will preach on "Repentance."

Mr. Jones says the series will include a service at 10:00 each morning and at 8:00 each evening from August 8 through 18. The building is cooled by refrigeration, and everybody is invited to hear this talented young speaker.

Heart Failure Takes C. D. Gates, 78

C. D. Gates, 78, a retired farmer, died Wednesday night after suffering a heart ailment early in the evening.

Mr. Gates was born April 28, 1876, in Missouri, son of Mr. and Mrs. William H. Gates. His father died when he was three years old. He and his mother moved to southern Oklahoma, where he married Miss Ora L. Campbell in Lawton in 1908.

Mr. Gates farmed several places in Oklahoma before moving to Burk Burnett, where he was a farmer. He and Mrs. Gates moved to Iowa Park in 1945 and he retired.

Funeral services will be conducted Friday morning at 10:00 at the Tanner Funeral Home with Rev. H. M. Riek, Baptist pastor, in charge. Burial will be in Temple, Okla., under direction of Tanner Funeral Home of Iowa Park.

Palbearers will be Joe Bell, Orin Hofacket, Fred Widmoyer, Bert Caddell, Ted Thigpen, all of Iowa Park; and Frank Hewell of Burk Burnett.

His widow is the only surviving relative.

Mrs. Arthur Haufbauer and Sheryl Ann of Brainard, Nebr., are visiting Mr. and Mrs. Don James and family.

Mary Lou Miller Burns to Death in Early Morning Fire at Home; Father Hurt Searching for Girl

Iowa Park residents were awakened at 3:00 Thursday morning by the fire alarm sounding in response to a call to the southwest part of town.

The fire, which completely destroyed the home of Mr. and Mrs. Bob Miller, also claimed the life of their six-year-old daughter Mary Lou. Mr. Miller was critically burned when he tried to rescue his three children.

Mr. Miller, 28, a dragline operator at the gravel pit near Iowa Park of Wichita Sand and Gravel company, was reported in grave condition at Wichita General hospital from extensive third degree burns suffered when he collapsed in his flaming home where he was trying to find Mary Lou.

His wife, the former Miss Helen Gertrude Chandler of Wichita Falls and two children Roy, 7, and Helen Marie, 5, escaped injury. All are suffering from shock and from breathing smoke, and are under a doctor's care.

The four-room frame home was a total loss. Firemen arrived just after 3:00 and had the flames out at 4:00 a.m. The blaze apparently started in the front part of the house where an air conditioner was in operation, but cause of the fire has not been determined.

The family was awakened when the television set in the front room exploded, according to neighbors who also were awakened.

Mr. and Mrs. Miller were sleeping on the back porch while their three children were in a bedroom.

Miller rushed into the house and brought out two children and then returned for the 6-year-old daughter. He collapsed in the burning house and a neighbor H. C. Hicks went in and carried Miller to safety.

Miller had suffered second degree burns over much of his body and third degree burns about the face, head, arms and parts of his body.

Mr. Miller was rushed to Wichita General hospital in a Tanner ambulance.

Body of the child was found in the bathtub covered by debris after the fire was extinguished, firemen reported. They think she mistook the bathroom door for the back porch door and had stumbled into the bathtub and collapsed.

Water was found to be running in the tub at the time the body was found, burned beyond recognition.

Mary Lou was born March 19, 1948, in Wichita Falls and would have begun school this fall.

Mr. Miller, a veteran of World War II, holds the Purple Heart decoration for wounds received in Germany in 1945.

Grandparents of Mary Lou are Mr. and Mrs. R. M. Miller and Mr. and Mrs. Elroy Chandler, all of Wichita Falls.

Uncles and aunts of the child include Charles R. Miller, Albert Miller of Wichita Falls, Mrs. Mildred White of Irving and Mrs. Irene Chumley of Iowa Park, all on her father's side; and Mrs. Pauline Ford, Mrs. Juanita Cloves and Mrs.

Wanda Wise, all of Wichita Falls, sisters of Mrs. Miller.

Funeral rites will be conducted Friday afternoon at 5:00 at the Baptist Chapel with Rev. H. M. Riek and George Shropshire officiating. Burial will be in Highland cemetery under direction of Tanner Funeral home.

Palbearers will be John Garvin, Jack Foley, R. L. Blagg and Fred Morgan sr., all associated with the Wichita Sand and Gravel company. An emergency committee has been set up here for the Miller family, and any contributions of money, clothing or household furnishings can be given to Mrs. H. I. Tatom, Earle Denny or Fred Hays.

Charlie Holloway has offered one of his houses to the family for a home until they can get one of their own.

Grass fires have kept the volunteer fire department busy the past few weeks.

It is the wish of the department and its chief, Uriah Blum, that more caution be taken in burning trash, dry grass and weeds.

Blum says the department has agreed to turn off vacant lots with permission of the owner and for him to be present at the time of the burning. The fireboys must be notified one or two days before the lots are to be burned off.

Let's all help the boys by being more careful. They give a lot of free time to make our community more safe.

Baptist Youth to Present Drama

Simon the Leper, a drama by Dorothy Clarke Wilson, will be presented by a group of young people of the Baptist church Sunday evening, Aug. 8.

Young people are regularly in charge of one monthly evening service, and the play will be their program for August.

The drama, presented in four episodes, is a gripping story of Christ's healing power and of his purpose to use suffering as man's chief instrument of service to Him and to the world.

Franklin Farmer has the role of the leper who was healed by Christ. Upon his return home, disappointment in his betrothed and betrayal by his brother cause him intense suffering and with it comes the revelation of God's will for his life.

Other characters will be portrayed by Barbara Butts, Bob Riek, Mrs. Jimmy Jeter, Loveta Green, Bernice Cage and Bill Brubaker. Mrs. Homer Blalock is directing the play with the assistance of Mrs. Dorothy Thompson and Mrs. Fred Wright, costumes; Mrs. L. E. J. Woods, garden chairman; Mrs. O. E. Lochridge, organ; and Fred Wright, stage lights chairman.

Shortage of Funds Hampers Fight on Polio in Nation

All National Foundation for Infantile Paralysis patient care and polio prevention programs are threatened unless the public understands and supports the Emergency March of Dimes, August 16-31.

The immediate need is for 20 million dollars.

This is the sum required to pay the costs of continuing care for 67,000 patients stricken in earlier years and unknown numbers of victims of current record outbreaks.

Simultaneously we must meet the cost of increasing the nation's supply of gamma globulin and financing the polio vaccine study.

National Foundation programs are at the point of no return. There can be no retreat, except at human sacrifice or postponement of polio prevention.

The March of Dimes last January was the most successful in polio history, yet it fell far short of the needs for 1954. That is why we must now make an emergency, all-out effort to raise more money.

CARD OF THANKS

I wish to thank the voters of Iowa Park and vicinity for the opportunity to remain Wichita County Hide and Animal Inspector. I will continue to give my best efforts to this important work and will always welcome suggestions and constructive criticism.

In Rex Lehman, I had a worthy opponent. He is a good man, and a credit to our county in the work he is now doing.

Sincerely, T. GUY WILLIS.

Navy Bound — This group of young men left Wichita this week accompanied by Chief Andrew F. Parker, seated above, for Dallas to take physical and entrance examinations for the navy. Standing left to right are Olen Miles Rob-

Parkans Attend Planning Session For X-ray Survey

Miss Ethyle Kidwell, general chairman for Iowa Park of the free X-ray survey to be conducted in Wichita county, August 19 thru Sept. 15, was among the 14 persons attending a meeting in Wichita Falls last Monday to make final plans for the survey.

Miss Kidwell will be assisted by Mrs. Taylor George in securing local organizations to assist in hostess and clerical work on Wednesday, Sept. 15, when the mobile unit will be in Iowa Park.

Mrs. Bert Van Horn of Iowa Park, chairman of arrangements at Sheppard AFB, also attended the meeting.

Airman and Mrs. George Wirmel jr., son-in-law and daughter of Mr. and Mrs. E. H. Copeland, have been transferred from Sheppard AFB to Mellis AFB, Las Vegas, Nev. Mrs. Wirmel will be remembered as Miss Sally Copeland, ME. Wirmel is a musician with the 683rd Air Force band.

★ Park Clinic News

Mrs. Glen Kendrick of Wichita Falls underwent minor surgery on Friday, July 30.

David Wayne Padgett, son of Mr. and Mrs. J. D. Padgett, suffered a heat stroke Thursday, July 26.

Mr. and Mrs. Leo Cook of Wichita Falls announce the birth of a son Saturday, July 31.

Mr. and Mrs. J. B. Kasperek are parents of a daughter born Wednesday, August 4.

Malcolm Mills underwent surgery Wednesday, Aug. 4.

Mrs. Louise Ralston has accepted a position in the Wichita Falls school system as librarian. The Ralstons recently moved back to Iowa Park after being gone a year.

Mrs. Ralston was employed as librarian in the Talco school, but the family was unhappy away from Iowa Park.

Mr. and Mrs. Derwood Spruiell and children Cindy, Mike and Pat of Van visited his parents Mr. and Mrs. Will Spruiell last week.

'Panama Hattie' to Be Presented in Dallas

Three former State Fair Musicals favorites will return to Dallas for "Panama Hattie," fifth of the season's State Fair Musicals productions. In the title role will be the world's most famous "doll" of "Guys and Dolls," Vivian Blaine. As her romantic lead will be dancer, actor, writer Buddy Ebsen and the comedy will be carried by the one and only Arthur Treacher.

"Panama Hattie" will open its two-week run on August 9 in the air-conditioned State Fair Auditorium.

Word has been received of the arrival of Col. and Mrs. Nicolaus Gaynos and children Scott and Nikki, in St. Johns, Newfoundland, for a three year tour of duty. Mrs. Gaynos is the former Loris Scott, daughter of Mr. and Mrs. P. J. Scott of Bowie, formerly of Iowa Park.

Mr. and Mrs. J. D. Craft of Henderson visited his mother Mrs. Della Craft and other relatives here last weekend.

NEWS FROM CONGRESS
 By Frank Beard

It is now almost a certainty that Congress will not adjourn before sometime around the middle of August. I expect to be home just as soon as possible after Congress does adjourn. Two of the subcommittees on which I serve will hold hearings between now and the first of the year which will be necessary for me to attend. One of these committees deals with military operations, and the other with alleged labor racketeering. Other than the time that is necessary to spend with the two committees, I expect to be in the district most of the time until the first of the year when the new Congress convenes. I expect to visit every community in the District during the recess.

I am deeply grateful to the people of the Thirteenth District for allowing me the opportunity to serve them as their Congressman for another term and to make it possible for me to be nominated in the primary without an opponent. It is my hope that I may be able to fulfill the obligations and trust that have been placed with me in such a way as to continue to merit the trust and confidence of the people that I represent.

Syngman Rhee, the President of Korea, has been in Washington this week visiting President Eisenhower. Apparently the purpose of his mission here is to speed the rehabilitation of South Korea which is currently somewhat bogged down.

It is President Rhee's hope that and greatly develop his country. He has very great and sweeping plans for South Korea. While I am sure that Dr. Rhee has done a wonderful job for the Korean people may secure aid to industrialize that he represents, I cannot agree with some of the statements that he has made recently about the part that we should play in his relationship with the rest of the world.

This week the House acted on the Tax Bill, Military Housing Bill, Atomic Energy Bill, and Mutual Security, which leaves only two major pieces of legislation, the Agriculture Bill and Social Security, to be finally acted on before adjournment.

OUTDOORS
 WITH
Russ Forbis

E. M. Spratt, director of law enforcement for the Game and Fish commission, said recent severe penalties inflicted by Texas courts for out of season deer hunting should serve as ample warning.

He called attention to several \$200 fines plus costs, in the latest report, which were levied for raids on the state's big game herds.

Spratt said wardens are trying to protect deer now, since they are beginning to reappear after the fawning season.

"Deer usually disappear for a time after the new fawn crop. But now the does are beginning to come out of seclusion with some of the early fawns, especially in view of the drought-stricken ranges. They are showing up in public places such as highway shoulders in search of food, and therefore tempt a few to shoot them."

The director recommended some of the arrest report cases for high priority reading material for persons getting itchy trigger fingers. A Corpus Christi man was fined \$200 and costs for killing a doe deer. The same penalty was assessed a Portland man for hunting deer in closed season. Men from Dallas and Ingleside got similar sentences.

"Some of our deer are desperate for nourishment," said Spratt. "In fact, in the more severe drought areas we are getting reports of deer starving to death. This crisis gives Texans an opportunity to show true sportsmanship. For those who choose otherwise, they stand reminded that our wardens are using every modern means of law enforcement to protect the deer."

Summer Breakfast Special

To make breakfast a happier occasion, dramatize the foods you serve by bringing them to the table in an attractive arrangement. It's easy at this time of year when nature offers so many fruits which look appetizing just as they are.

As a suggestion, try muskmelon, grapes and doughnuts for a breakfast menu. Quarter the melon (or melons) and arrange in the center of a rectangular tray. Arrange a row of cook book quality doughnuts from your grocer's ready-to-eat cake department on both sides of the melon, and then with scissors, cut the bunch of grapes into attractive segments, and lay them wherever need be to complete your beautiful food picture.

Make this your breakfast centerpiece, and serve any other breakfast dishes your family may want.

THANK YOU
My Fellow Texans

From the bottom of my heart, I want to thank all of you who supported me in the First Primary. Your interest in good government and your enthusiasm in this fight for Texas is an inspiration to me. Together, we will continue to discuss the issues and carry on the clean, hard campaign which will result in a decisive victory for Texas in the Second Democratic Primary on August 28.

Sincerely,

ALLAN SHIVERS

Your C. of C.

Ruth Hill Yeagan

DIRECTORS BREAKFAST

Directors of the Chamber of Commerce will meet on Tuesday morning, August 10, at 6:30 for outdoor breakfast and business at the home of F. E. Hill.

Pres. Fred Hays is asking for a full 100 per cent meeting.

MERCHANTS PLAN FOR CHRISTMAS

The merchants are already making plans for Christmas. New ideas for an outstanding Christmas Town Party are being reviewed, and a selection will soon be made of activities to please young and old.

THREE IMPORTANT COMMITTEES

Chairmen of three important committees will meet this week to outline vital activities for the fall:

These committees include: Finance, Harrel Sullivan; membership, F. M. Wilson; and the Contact Club, Ted St. Clair.

ON THE LEVEL

An instructor at the recent school for chamber of commerce managers in Dallas said the manager operates on one of four levels:

The Expiring Level
 The Perspiring Level
 The Aspiring Level
 The Inspiring Level

We believe the average manager operates at one time or another on one of these four levels as long as he is on the job.

We know a manager who has aspired, inspired, perspired and almost expired all on the same job.

LEARN FROM THE MISTAKES OF OTHERS

You can't live long enough to make them all yourself.

OLD FRIENDS AND NEW

We saw in Dallas recently three former managers of Electra C of C: Leon Rogers, Leo Butler and Frank Elkins.

Also met Alfred Jernigan, manager of the Jasper C of C and former university roommate of James Elms.

Talked to a brother-in-law of Roy Thompson, too.

The Institute is a good place to meet nice people and get some good ideas.

POST GRADUATE WORK

—Blow by Blow Account

Attendance at the managers school in Dallas was the largest in its history: 315 students and faculty were registered. Of this group about 75 were in the graduate seminar—three of them women.

Problems taken up by expert specialists included:

- "Principles of Municipal Government" under leadership of Prof. J. M. Claunch, dept. of government, SMU.
- Speaker of the day was Clem D. Johnston, president of the Chamber of Commerce of the U.S. Two statements he made stay with us: "Ambition requires a sense of direction."
 "Good luck is when preparation meets opportunity."
- "Retail Activities" discussion filled the afternoon session on the second day, directed by Charles W. Harbaugh, director membership sales promotion, US Cof C.
- "Current Problems of Traffic and Parking Confronting Municipalities" was by Frank Coz, Kawneer company, Berkeley, Calif.
- Speaker of the day was Thomas R. Reid, director, office of civic affairs, Ford Motor company, Dearborn, Mich.
- In the afternoon: "New Trends and Thoughts in Industrial Development," by Maurice E. Fager, manager, Kansas free fair, Topeka.
- "The Science of Appearing before Municipal Boards, State and Federal Boards and Commissions and Committees" by Lon L. Munsom, Manager Traffic and Transportation dept., Chamber of Commerce of San Antonio.
- Speaker of the day was William G. Sattiel, Consultant and Sales Executive, of Chicago.
- "New Uses and Devices for Publicity and Information in Local Chambers of Commerce" by Marvin Hurley, executive vice-president of Houston Chamber of Commerce.
- "Fundamental Economics" by Dr. E. P. Schmidt, director of economic research department, CCUSA of Washington, D.C.
- Speaker of the day was Bishop A. Frank Smith, St. Paul's Methodist church, Houston.
- "Ways and Means of Knowing and Understanding the Services and Materials offered by the US C of C" by Harry J. Krusze, manager internal affairs, CCUSA.

Examinations were held Saturday morning.

"The Trading Post," daily organ of the Institute was printed and delivered at luncheon which was served in the ballroom of the hotel. Good entertainment was presented at each luncheon.

New officers elected included:

President, Ray M. Faubion, Hutchinson, Kans.
 Vice-president, Howard J. Hicks, Beaumont.
 Manager, Jim Roberts, Dallas.
 Secretary-treasurer, Miss Roberta C. Merillat, Dallas.

Directors representing all eight states in the district were elected.

YARBOROUGH:

Thanks Friends; Predicts Victory

AUSTIN, Aug. 4 — Democratic gubernatorial candidate Ralph Yarborough said this week he will win the Aug. 28 second primary by a sweeping margin.

Said Yarborough, confidently: "678,000 Texans — a majority of Texans — can't be wrong."

"678,000 Texans have hammered home their belief that integrity in their government can be achieved only by a change."

"678,000 Texans have noted their distrust and disapproval of a third term for their governors."

"678,000 Texas Democrats have made it crystal-clear they want a leader whose loyalty is unquestioned, who will never betray them."

Yarborough thanked "each and every one of the brave Texans who voted for and with me" in the first primary. He said he was "especially and particularly grateful to the citizens of Wichita county who have joined our common fight to restore decency and honor to Texas government."

Yarborough said the campaign issues now are sharply drawn. He said: "Texans can now choose for or against a tradition-breaking third term, for or against straight-forward Democratic leadership and for or against integrity in their State Capital."

The Democratic candidate repeated his thanks to "his friends of Wichita County and urged their voting support — along with the votes of all other Texans — Aug. 28." Paid Pol. Adv.

Wildlife Exhibit Added to T-O Fair

A new exhibit at the 1954 T-O Fair will be the Texas Wildlife Educational Exhibit.

Presented by the Texas Game and Fish commission, this exhibit is made up of the many birds, mammals, fishes and reptiles from various geographical sections of Texas.

When set up, the exhibit is 145 feet long. The mammals are exhibited in nine steel cages and three wire cages. The small birds and mammals are in 11 boxed cages and wild ducks and geese are in a wire pen which has a tank of water. Snakes are in glass-front cages. The aquarium consists of five tanks.

All cages, aquaria and pens are equipped with individual lights and aquatic scenery is painted on a panel in back of each tank, making an attractive setting for the marine life on display.

State game wardens will be present at all times to answer questions about wildlife and game laws of the state.

All wildlife species exhibited at the Fair are living animals and can be found in Texas.

Texas-Oklahoma Fair officials regard this exhibit as educational and expect it to command a great deal of attention, for there will be many rare animals on display.

Mr. and Mrs. Homer Mulkey and Mrs. A. Lutz had as guests last week Mr. and Mrs. S. B. Young of Olney and Miss Leslie Mullins of Port Arthur.

Ruth Mary Dale and Caroline Sewell returned last weekend from Eagle Nest, N.M.

Polio victims need help NOW!
give
EMERGENCY
MARCH OF DIMES
AUGUST 16 TO 31

The weakened muscles and paralysis which sometimes follow polio result from the effect of the viruses on nerve cells which control these muscles. The seriousness of the disease depends upon the extent of damage that the viruses do to the nerve cells. The muscles most often affected are in the arms, legs and back. Occasionally nerves which control the breathing muscles are damaged, and in some instances the patient must use an iron lung. Sometimes the throat muscles which allow swallowing and talking are affected.

Facts About Polio

Polio, one of the most feared sicknesses in our state, has been in the limelight for some time and is receiving an unusual amount of attention as the results of this newly injected drug are being made known. From a booklet, "What you should know about Poliomyelitis", distributed in this area by the H. B. Talley Insurance Agency for the benefit of those who have asked pertinent questions concerning this disease from time to time, the following information is published. This is by no means the final word on polio, or the entire story. Mr. Talley has booklets by the dozens, each dealing with a slightly different phase of polio. In case there remains a question in your mind, you may obtain these other articles at no charge from him. Bear in mind, these articles are written by those doctors who have done most to find a cure for polio, and not by an insurance company trying to sell insurance.

To Prevent Poliomyelitis

In spite of all the newspaper stories, the fact is there is not already a definite vaccine or cure for polio. Dr. Jonas Salk's vaccine of the 3 polio viruses is the most promising vaccine to date, but this is only the second year it has been used. And it is not available to everyone, but is only available to certain groups who are being used to test the vaccine.

A recent paper carried the story of a 7 year old Corpus Christi child who had been given the Salk vaccine, yet developed polio. So a sure-fire cure for polio may be only months away, or it may still be years away. At any rate, even if the Salk tests this year are completely successful, it will be a couple of years before enough vaccine is manufactured to make it available to all who would like to have it.

There was a lot of speculation 2 years ago that gamma globulin will prevent polio. After all the tests were made around the country, it was found that GG gives only a certain degree from immunity and that it is effective for only about 6 weeks after the GG injection. GG is made from whole human blood, and is extremely precious. Although GG will possibly continue to be used, primarily on children in areas which are suffering epidemics of polio, its value is limited by the fact that the supply of GG itself is limited, and that its immunizing properties exist for only a few weeks.

Neither Salk Vaccine nor GG is available to everyone, as you can see. Therefore, YOU have still to take the responsibility for preventing polio, as best you can. The US Department of Health, Education and Welfare suggests five steps to help you keep your family free from polio.

Five points on Polio

1. Get as much rest as possible; polio victims often have a history of having suffered a cold or influenza prior to the discovery of the polio germ in their body. And rest is the best "vaccine" against catching cold, anytime of year.

2. Avoid extremes of temperature. Do not get overheated, nor plunge into cold water when you are hot. If you are caught in a rain, change to dry clothing quickly.

3. Avoid crowds, since people with mild undiagnosed forms of polio may unknowingly spread the disease. This doesn't mean you should to keep your children from their normal playmates, nor stay away from your own friends. But bear in mind that polio is contagious, according to most medical authorities, and that where you stay away from crowds you stand a better chance of not contracting it.

4. Be careful of your water supply. Swim only where you know the water is pure; drink only sanitary water; wash your hand thoroughly and often — being certain always to wash before eating and after going to the toilet.

5. Consult your doctor when any member of your family develops a fever with headache, sore throat, muscular pains or weakness, or stiff neck and back. Do not try to home-remedy these symptoms when polio is in your community. Time is of the essence in the treatment of polio. A few days' delay in treatment often means the difference between cure and fatality.

Facts About Poliomyelitis

Cause: There are at least three viruses which can cause poliomyelitis. They are smaller than the tiniest germs. They find their way through the mouth or nose and then attack nerve centers which control certain muscles. No one knows just how poliomyelitis — once called infantile paralysis — is transmitted. But polio viruses have been found in noses and throats of people who have polio, and in their discharges.

Parkan in Europe Enjoys Mountains, Food, Sightseeing

Miss Cecilia Yeargan, who is on a tour of Europe with Midwestern students and others conducted by Mr. and Mrs. G. A. Reeves is having a thrilling time seeing how the other half of the world lives. From Lucerne, Switzerland, she writes in part:

"Right after lunch about 15 of us took the train to the base of Mt. Pilatus, close to Lucerne, then took the cog railway to the top. It took about 20 minutes going up and 45 minutes coming down. We saw the most gorgeous scenery, and riding the cog train was much fun and quite a sensation.

"Two of the girls were left on top of Mt. Pilatus. After an hour's wait for another cog train they reached the valley to find the party had left by boat. They caught a train and beat the boat party back to the city of Lucerne by 45 minutes."

Miss Yeargan was impressed with the clean, airy and modern appearance of the cities.

"The people, especially the clerks etc. are courteous and give us a real welcome everywhere we have been. If there is any lack of manners, it has been on the part of tourists."

Regarding the food, she says, "We have had very excellent food everywhere. All of us have gained about five pounds. The pastry and chocolates in Holland, Germany and Switzerland, all are out of this world. We also have oodles of fruit, vegetables and delicious meats.

"So far, we haven't worn any summer clothes. But probably will when we get to Venice, and until we leave Le Havre.

"We are having a great time." From Venice the group will go

to San Marino, Rome, Sorrento, Assisi, Florence and Santa Margherita—all in Italy—and Nice, Grenoble, Bourg, Paris and Havre in France.

They will return to New York on August 25.

Mrs. Parish Released From Hospital In Hong Kong

Latest word Mr. and Mrs. Ruben Parish have received from their daughter-in-law and granddaughter Mrs. Frances Parish and Valeria, who were among the survivors of the British Skymaster airliner that crashed into the South China Sea near Hainan Island two weeks ago, was a telegram from Washington, D.C., informing them Frances and Valeria have been dismissed from a hospital in Hong Kong. They have no further information concerning their son Leonard and his two sons, who disappeared after the crash.

Mr. and Mrs. Parish do not know when Frances and Valeria plan to continue their trip to the States.

Leonard Wayne Luckett, son of Mr. and Mrs. Wayne Luckett, and Gene Paul Moore, son of Mr. and Mrs. E. A. Moore, left last week for Ft. Bliss, where they will take their basic training.

Yarborough Offers Program to Produce Conservation of Water

Ralph Yarborough, candidate for governor, told a central Texas farm and ranch audience this week that "action now" is needed to preserve Texas' "precious water and soil resources" — not "five more years of crippling limping delay."

Speaking at Johnson City, only a few miles from the multiple dams of the Lower Colorado River Authority, Yarborough said:

"One of the great governmental needs of Texas is a water conservation program of action now."

"Five years of delay in the midst of the worst drought in Texas history ought to be enough to convince everyone that action—not words—is needed."

Yarborough is a member of the original board of directors of the river authority. He this week called for construction of "50 great dams on the lower reaches of Texas' main rivers" for the two-way purpose of preventing flood destruction and conserving precious water.

He would supplement this basic program, he said, with the building of many smaller dams on the upper reaches of our rivers, and their tributary streams and ponds and tanks on our farms and ranches."

Yarborough added: "I think it tragic that Texas soil and water conservation has been crippled by the constant backbiting of the US government by the incumbent."

"I am opposed to burning the American flag to satisfy one damagogue. States' rights can be preserved in a co-operative, harmonious program encompassing local, state and federal needs."

Methodist Choirs Plan Fall Fiesta

The combined choirs of the Methodist church met Monday evening for their first rehearsal for the South of the Border Fiesta which will be held early in September at the James Sewell home.

The lawn will be transformed into a colorful patio under direction of Mrs. Gordon Clark and Mrs. F. E. Hill.

Mrs. Keeter and her committee are planning delicious food which will be served at quartet tables by singing waiters.

Mrs. Sewell is over-all chairman of the fiesta.

Mr. and Mrs. Jack Guthrie of Denver, Colo., are announcing the arrival of a son James Robert. He was born June 21 and weighed 8 pounds. Mrs. Guthrie is the former Miss Bobbie Jo Bradford and the grandparents are Mr. and Mrs. W. R. Bradford.

Mrs. Frank Dorris and daughter Janie of Happy visited Mrs. Ruth Gard and other relatives here last weekend.

Charles Quick is home on a 30-day leave visiting with his parents Mr. and Mrs. Louis Quick and other relatives. Charles is in the navy stationed at Port Hueneme, Calif.

School Term to Start Monday, August 30

Supt. Keith D. Swim has released the following information concerning the term of school which opens in the fall:

School will start Monday August 30, at 9:00 with an all-day session. Classes will be held all day with the regular closing time of 3:45.

Any student who did not reside in the school district during the month of January, when the school census was taken, must have an age - grade - residence certificate signed by parent or guardian before he can enter school. This is a must!

Students attending school for the first time must have birth certificates and certificates for diphtheria and smallpox vaccinations.

The school has a new drivers' training automobile for the new year.

The lunchroom has undergone several improvements. There will be two steam tables and double lines will be formed to step up the speed of serving lunches.

Clean-up painting has been done throughout the buildings and work has been done on the heating system.

The faculty will have a meeting and luncheon on Saturday, Aug. 28. Mr. Swim hopes to have an out-of-town speaker for the occasion.

The school will observe Labor Day as a holiday.

Last Monday, Mr. Swim and William Hudson, new superintendent at Electra, attended a meeting in Vernon for a planning program to be held the last of August: "In Service Training Program." Both were invited to serve on committees arranging for this program.

Farewell Party Honors Mrs. Braud

Mrs. K. P. Abernathy entertained Women of the Presbyterian church at her home recently with a farewell party for Mrs. E. A. Braud.

Sgt. Braud received his orders Monday to report to Nagoya, Japan. He is taking his family to visit and stay with her parents Mr. and Mrs. K. V. Woodward of Long Beach, Miss., until he can send for them to join him in Japan.

Mr. and Mrs. Braud have three little girls: Cyndy, Judy and Becky.

The group enjoyed 42, canasta and anagrams. Mrs. Braud was presented a farewell gift at the conclusion of the party.

Refreshments of homemade ice cream and cake were served by Mrs. Abernathy and Mrs. Locke Lowrance to Meses. Braud, R. P. Caruso, F. L. Emanuel, Charles Williams, L. Shelton, John Clapp sr., L. Lovelace, E. J. Shook, A. H. Estes, J. B. Ridenour, Floyd Miller, C. E. Birk and Beverly; and Misses Mina Troutman and Clara Lowrance.

Baptist News

16 members from the five circles of the WMU met Monday for regular monthly mission program and business. Mrs. Sam Hill, president, directed the session.

Mrs. D. O. James, secretary pro-tem, read minutes of the last meeting, and reports of chairmen followed.

Highlights of the reports included announcing of 45 attending youth camps at Vernon and 29 enrolled in the Mission vacation Bible school held in Waggoner Park in Rocky Point community.

New business included announcement of Week of Prayer for state missions, Sept. 13-17. Mrs. J. A. Berg will be program chairman in charge.

Royal Service program rendered by Gleaners circle Monday was entitled "The Challenge of Indonesia." Mrs. J. T. Paris presiding. Circle members assisting were Mesdames C. P. Pace, Earl Simmons, O. S. McLemore and T. T. Thigpen. In keeping with the Indonesia motif, fruit juice and assorted nuts were served.

Blanche Groves circle members met Tuesday morning with Mrs. Carl McKinnon for Bible study led

by the hostess. Three regular and two new members were present: Meses. McKinnon, D. O. James, L. E. Brooks, Harry Moore and Herman Kight. The next meeting will be August 17 with Mrs. Roy Crabtree.

Chapel Revival continues through Sunday evening. George Shropshire and Deloss Kagy are urging all friends in the community to attend the Outdoor Services each evening at 8:00 and each morning at 10:00.

CHAPEL SERVICES CHANGED

Beginning next Sunday the Chapel will have the following schedule of services:

Sunday School, 9:45
 Worship, 11:00
 Training Union, 7:00
 Evening Worship, 8:00
 Bible Study, Wed. 7:30 p.m.
 Heretofore Rev. Riek has been preaching and conducting the mid-

week services at both meeting places, necessitating the staggered schedule. Now that the Chapel has a pastor, the services are the same as those at the Mother church.

The revival in progress has had good crowds with gratifying results. Through Wednesday morning there had been seven coming for baptism and three by transfer of letter.
