BOB BEEBE FOILS AN AUTO THIEF

Baird has had its full quota of stolen autos, many of which have never been recovered. Usually the autos were stolen from garages or picked up on the street. Sunday night an ingenious auto appropriator tried a new wrinkle, but was foiled by the presence of mind and courage of Bob Beebe, a 17-year-old chauffeur.

At 9:15 o'clock Sunday night, shortly after the arrival of the Sunshine Special, the Mitchell Gilliland Garage received a phone message ordering the Cadillac roadster of Homer Peoples, the oil man, to be brought to the home of Dr. Virgil Hill, in the northern part of the city.

There was nothing unusual or suspicious about this, as Mr. Peoples usually orders his car by phone, sometimes to be taken to points as far distant as Abilene, and Bob Beebe was dispatched with the roadster.

It was a dark night and as he drew up in front of Dr. Hill's gate a man wearing a mask, which concealed the upper part of his face, stepped to the side of the car and demanded bruskiy:

"Is this Homer Peoples' car?"

"Yes, sir," answered Bob, raising his voice, for his motor was throbbing in second.

"I'll take it!" cried the masked man, and stepping on the running board he grasped the side of the car with his right hand and reached toward his hip with his right.

"Not on your life!" retorted Bob defiantly.

His hand gripped the man's flex-

ed fingers and broke loose his grip on the car, he stepped on the accelerator, the masked man fell backward and Bob sped back to the garage.

Shortly thereafter, Chris Blakley, who was driving home with his wife, barely escaped collision with another automobile carrying no lights. As the car skidded by he noticed that there were no numbers on the car and that its radiator was propped up with a stout mesquite limb.

THIRTY-THREE JOIN M. E. CHURCH

A report of the visible results of our recent meeting will perhaps be interesting to many of you. Up to last Sunday night thirty-three had joined our church and fifteen or more have joined the other churches, which is the largest per cent of converts joining the churches that I have ever known to come from an evangelistic meeting, all of which speaks well for the meeting.

Wednesday night the church met and adopted the plans of the building committee concerning our new church, which means that just as soon as we can get money enough, we will start the actual construction of the building. Committees were appointed and definite work on getting these funds will start immediately.

Come to church Sunday and let's make it a great day together. At the morning hour the subject will be, "God's House." At the evening hour, "There is a Friend that Sticketh Closer than a Brother."

T. J. Rea, Pastor.

NEW CALLAHAN FIELD LOCATIONS

A dispatch to the Cisco Daily News, dated Baird, February 13, notes the fact that Dr. Arthur Wade, a noted geologist, of London, England, was here last week, looking over properties in the Deep Creek Shallow Field, owned by Homer Peoples and the American National Petroleum Company.

This is Dr. Wade's second visit to the Callahan County Oil Fields. On his previous visit he made an exhaustive survey of the Deep Creek Field, and was inclined to be enthusiastically impressed with its possibilities.

Several new locations were made in Callahan County last week. Willard & Jones made location for a deep test on the Hugh Moore farm, about fourteen miles southwest of Baird; J. M. Tanner Oil Company location on the W. T. Wheeler farm, about eight miles southeast of Baird; Kirk Oil Company has made four locations on the Scott ranch.

F. L. Driskill et al, Hughes No. 2, is drilling at 160 feet; F. L. Driskill et al, James No. 1, spudding; McEireath, Pippen No. 1, is drilling at 360 feet.

A good showing has been found in the W. E. Rulen well on the Hart farm; casing is being set and will drill in during the next few days.

CHURCH BAZAAR

The ladies of the Methodist Church will give an Easter Bazaar, time and place to be announced later.

PATSIIE MEETS MANY OLD FRIENDS

Eula, 2 12-22.

Well, Uncle Billie, how are you and the Star force?

Well, I guess we are doing very well out this way. It looks like Spring to look out over the wheat and oat fields. They look awful green and pretty, and I am one who wants to see the grain make good. Farmers are plowing right along. We still have plenty of moisture to flow.

Some are talking of planting corn. Early birds catch the worms and the late frost might get the corn. So we can't tell what is best, as we all go through life.

Well, I had the pleasure of being in Baird Saturday evening. Met so many of my old friends and sure was glad to see them. You know I have a warm feeling in my heart for the people of Baird.

I attended the Masonic Lodge at night. Sure did enjoy myself. Met so many from young men up to old men. It makes me real proud to sit in a lodge with such men as W. E. Gilliland, W. K. Boatwright, T. E. Powell, W. D. Boydston, Dr. R. G. Powell, V. H. Cowen, Herman Schwartz and many others. As I looked over the lodge room I saw so many young men, whom I am awful proud of.

P. C. Steen, of Clyde, was in Eula on business Friday.

Well, I guess I won't write much this time, but next time I sure will write more.

Patsie.

\$25,000 CHURCH FOR METHODISTS

The members of the Baird Methodist Episcopal Church, South, met at the church Wednesday night, to consider the question of building a new church house. By unanimous vote of those present, it was decided to erect a church building to cost not less than \$25,000.00.

Every member of the church realizes the necessity for erecting a new church building, but for some cause, every effort in that line in the past fifteen years, has fallen through, but the time has come when we must act—go forward.

Oh! yes. Times are hard. No one in the Methodist Church at Baird knows more about hard times, past or present, than the editor of The Star, but we do know this: That when a sufficient number of people unite on a given proposition, they do most anything, hard times or not.

Rev. T. J. Rea made a short talk, explaining the object of the meeting. Presiding Elder W. M. Lane, of Abilene also made a good talk, as he has had considerable experience in building churches. Mrs. H. W. Roes, among others who talked, made the best one. There was no excitement, but what struck one more forcibly than anything else, was in private talks with those present. The remarks made were: "We can do it!" We believe we can, and next week, through The Star, we will tell you why we believe this.

CONCORD SCENE OF HORRIBLE MURDER

LITTLE GIRL TELLS OF HOW BAND OF MEN TOOK LIVES OF MOTHER AND FATHER

AX IS USED ON WOMAN

Third Victim, Boy of 13 Years, Left at Home With His Skull Crushed, But Still Alive

Waco, Texas.—Sunday morning revealed one of the boldest murders in the history of McLennan County with the discovery at Concord, seven miles northeast of Waco, of the lifeless bodies of W. H. Baker and his wife, Mrs. Lou M. Baker, while Homer Turk, 13, years old, was found with his skull crushed but still alive.

Mr. Baker, who was proprietor of a grocery at Concord, was shot through the head, while his wife's head had been cleft open with an ax.

Seven negroes are now in custody of the officers, while nine Mexicans are under surveillance. The only eyewitness to the murder who is in condition to talk is Willie Lou Baker, the 4-year-old daughter of the murdered couple, and who seems remarkably bright and observing for a child of such tender age.

"They shot daddy in the lot, then two men came to the house and asked mamma for money. She handed them something. Then they hit her," declared the child, in giving her version to Deputy Sheriff M. Burton, who, with Deputy Lee Shannon, was the first to reach the Baker home after the murder had been reported. They were soon joined by Sheriff Bob Buchanan, Deputy Mack Wood, City Detective Joe Rutland and Policeman Tom Abbott.

The child also told the officers that the men looked like Mexicans, but talked like negroes. She declared that she remained in the bed after the attack was made on Mrs. Baker, and which the child says she witnessed, thinking that the body of the wounded Turk boy on the floor near the bed was that of a negro.

J. L. Turk, father of the boy who was so terribly wounded and who lives about 200 yards south of the Baker home, awoke Sunday morning at daylight, unable to find his son who had gone over to the Baker house Saturday night to play dominoes. He immediately went to the Baker home, finding his boy lying in a pool of blood on the bedroom floor, while the little Baker girl was on the bed awake. Making a hasty search, Mrs. Baker was found in the kitchen, one corner of which was reddened with her life's blood. A dollar bill was tightly clasped in her hand. In the yard near his store, with his head resting on a pile of lumber, the body of Mr. Baker, who had been dead some time, was found.

FIRE SATURDAY SWEEPS LIBRARY AT BAYLOR

Loss Estimated Up to \$250,000; Students from Law Department Save Books.

Waco, Texas.—Originating in the dome of the building, fire Saturday afternoon swept through the magnificent Carroll Chapel and library of Baylor University, causing an estimated loss of \$250,000.

President S. P. Brooks of Baylor, said after the fire had been gotten under control, that it would cost \$250,000 to replace the structure if it became necessary to build it from the ground up.

He estimated the loss on the contents at approximately \$51,000. Insurance to the amount of \$100,000 was carried on the building and its contents.

Only the law library and Browning collection of books, statuary and portraits, said to be the most valuable of its kind in the United States, were saved. The students of the law department dashed into the burning building and brought the law books to safety.

Twyman is Given Ten Years

Gatesville, Texas.—The jury in the case of the State of Texas vs. H. G. Twyman, charged with the death of Dell Thamea, 15-year-old inmate of the State Juvenile Training School at this place, returned a verdict which reads: "We, the jury, find the defendant guilty of murder as charged in the indictment and assess his punishment at ten years in the penitentiary.—H. H. Haynes, foreman.

Katy Granted Extension Payments

Washington.—The Interstate Commerce Commission has granted the Missouri, Kansas & Texas Railroad Company an extension of payment of \$3,000,000 in receivers' certificates from Feb. 15 until May 15.

THE MARKETS

Supplied by the Bureau of Markets, Department of Agriculture, Washington, D. C.

WASHINGTON, D. C., February 8, 1923.—Quotations for week ending February 6:

HAY—Most markets firm on lighter receipts as result of heavy snows in east and rainy and bad loading weather in the west. Demand unimproved and the slight price advances were caused almost entirely by temporary scarcity of good quality hay. No. 1 alfalfa Kansas City \$20.25; Chicago, \$22.50; Minneapolis \$21. No. 1 prairie Kansas City \$9.50; Chicago \$10; Minneapolis \$15.

FIELD—Demand quiet. Less inquiry from country trade account recent advances of about \$4 per ton in bread and middlings. Re-ellers now offering wheat feed 50c to \$1 under mill prices. Cottonseed meal, espior, price reduced 1c. Gluten feed production at or near capacity. Demand fair. Hooply quiet. Stock and receipts good, movement fair. Warehouse stock of wheat in Buffalo about 6,000 tons. Quoted Feb. 4 bran \$22.50, middlings \$22. Minneapolis; \$6 per cent cottonseed meal \$31.25 Memphis; gluten feed \$31.65, white hominy feed \$21.25 Chicago; No. 1 alfalfa meal \$16.75, Kansas City.

LIVE STOCK AND MEATS—Chicago hog prices advanced from 20-50c per 100 lbs. during the week, medium and light weights gaining most. Beef steers generally firm to 10c higher. Feeder steers firm to 15c higher, veal calves 25-75c. Fat lambs and yearlings generally 25c higher, feeding lambs and fat ewes unchanged. Pub. Chicago prices: Hogs, top \$9.55; bulk of sales \$9.50; medium and good beef steers \$8.75-9; butcher cows and heifers \$4-7.75; feeder steers \$5.15-6; light and medium weight veal calves \$7-10.75; fat lambs \$12-14-15; feeding lambs \$10.50-13; yearlings \$9.75-13; fat ewes \$5.00-7.75. Stocker and feeder shipments from 12 important markets the week ending Jan. 25 were: Cattle and calves 55,926; hogs 3,074; sheep 28,371.

GRAIN—Market had strong undertone during week and prices trended upward—on the sixth wheat reaching new higher since Sept. 26. World wheat situation and higher foreign market, main factors. Unfavorable reports of crop conditions in drought sections of southwest and fair export business also factors. More confidence now exists in grain trade. Visible supply wheat 2,250,000 bushels, a decrease of 1,591,500 bushels for week. Visible supply corn 26,778,000 bushels, an increase of 4,049,000 bushels for week. Closing prices in Chicago cash market: No. 2 red winter wheat \$1.33; No. 2 hard winter wheat \$1.25; No. 2 mixed corn 54c; No. 3 yellow corn 54c; No. 3 white oats 36c. Average farm prices: No. 2 mixed corn in Central Iowa about 40c; No. 1 dark northern wheat in Central North Dakota \$1.22 1-4; No. 2 hard winter wheat in Central Kansas \$1.08. For the week Chicago May wheat up 8 1/2c, closing at \$1.28 3-8c; Chicago May corn up 4 1-4c at 53 1/2c; Minneapolis May wheat up 6 1/2c at \$1.33; Kansas City May wheat up 5 1/2c at \$1.18 1/2; Winnebago May wheat up 5 1-2c at \$1.18 3-8.

BUTTER—Markets steady at close following gradual declines which featured trading early in week. Imports at New York and advice of lower foreign markets affected New York market. Domestic production seems to have been somewhat reduced account severe weather. Comparative demand good. Closing prices, 92 score: New York and Boston 36 1/2c; Philadelphia and Chicago 36c.

COTTON—Prices for spot cotton advanced 40 points during the week closing at 15.96c per lb. New York March features up 43 points, closing at 16.65c.

NEWSPAPER PUBLISHERS MEET IN FORT WORTH

Fort Worth, Texas.—Problems confronting newspaper publishers were discussed and unraveled to a degree at the annual meeting of Texas publishers at the Star Telegram office Monday.

Members attending were A. E. Clarkson, Houston Post, president; Walter A. Dealey, Dallas News and Dallas Journal, vice president; R. H. Cornell, Houston Chronicle, secretary-treasurer; G. J. Palmer, Houston Post, special commissioner; W. Dorsey Brown of Kaufman; A. O. Andersson, Dallas Dispatch; W. C. May born, Houston Press and Fort Worth Press; Frank G. Huntress Jr., San Antonio Express; Ray G. Watson, Houston Post; M. E. Foster, Houston Chronicle; Amon G. Carter, Fort Worth Star Telegram; James H. Allison, Fort Worth Record; John F. Lubben, Galveston News; Harry I. Cohen, Galveston Tribune; J. L. Greer, Denison Herald; Rhea Howard, Wichita Falls Times.

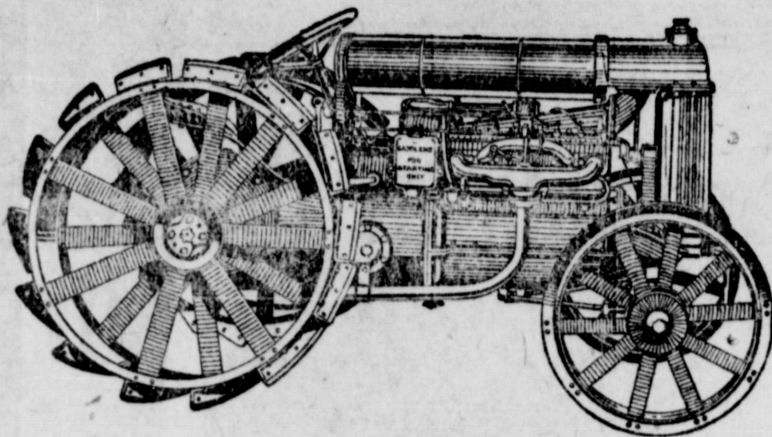

NON-PARTISAN MEETING CALLED FOR FEBRUARY 20

Washington.—A political and economic development of potential possibilities is impending as the result of a decision by organized railroad labor to throw its numerical and financial strength into creation of a nonpartisan union of workers.

On Feb. 20 there are to assemble at Chicago representative "progressives" among labor organizations, farm organizations, women's organizations and the clergy, called by William H. Johnston, international president of the Brotherhood of Machinists and supported by leaders of the sixteen standard railroad unions. The purpose of this meeting is to discuss intelligently political plans for protecting the interests of workers generally.

Fordson

TRADE MARK

When Henry Ford set about building the Fordson Tractor he had a thorough understanding of just what it should be and what it should do. His early life on the farm gave him a deep insight into the daily life of the farmer; his mechanical genius saw the type of tractor needed. He began work on a farm tractor thirty-five years ago, and for more than twelve years he experimented over more than 7,000 acres of land in different kinds of soil, with different crops.

So he built the the Fordson. It is so simple that a schoolboy can operate it. It is low in first cost. It is lowest in operating cost and Fordson service are always to be had promptly from the dealer.

The Fordson is a profitable investment. It can be used every working day in the year. It is an inexpensive power plant that will lighten your farm work. It has proven its worth on more than one hundred thousand farms not only in operating implements in the fields but in belt and pulley work. And it doesn't eat when idle.

Don't delay ordering your Fordson tractor. The demand is greater than the supply.

Price: \$455.75 Delivered at Baird

**REALTY TRANSFERS TO
DRAW A HIGHER TAX**

**MOTOR CAR OWNERS WILL ALSO
HELP PAY THE SOLDIERS'
BONUS.**

Washington.—Funds to pay the
soldier bonus will be raised by direct
taxation, of at least \$100,000,000 a
year for three years.

The House Ways and Means Com-
mittee has reached this conclusion
Here are some taxes that are favor-
ed:

Increase in letter postage from 2c
to 3c, raising \$70,000,000. A tax of
1c a gallon on gasoline, bringing in
\$80,000,000 annually.

A tax of 25c per horsepower of
autos, to yield \$75,000,000.

An added tax of \$1 per 1,000 on
cigarettes, and increased taxes on
smoking tobacco, other than cigars.

A tax on bank checks.

A tax of one-tenth of 1 per cent
on stocks and bonds sold in ex-
changes, to bring in \$80,000,000.

A tax on the transfer of real es-
tate of one-half of 1 per cent or
less, a one-half of 1 per cent tax
yielding \$50,000,000.

The committee, according to Rep-
resentative Frear of Wisconsin, is
nearing its decision on what taxes
will be employed, and expects to be
able to report out a bonus bill with-
in a short time.

Chairman Fordney, after a trip to
the Treasury, favored imposition of
taxes on real estate transfers, stock
and bond transfers and the higher
letter postage, the three to yield
\$310,000,000.

But the committee members in-
clined to the belief that these taxes
imposed too heavy a burden on a
narrow class of business and favored
a wider diffusion.

**\$25,000 BLAZE IN U.S.
TREASURY BUILDING**

Washington.—Fire broke out on
the roof of the United States Treas-
ury Department building Wednesday
and destroyed much new construction
work, some Government records and
a number of blue-prints of soldier
hospital drawings, doing damage es-
timated at \$25,000.

A general alarm, bringing all the
larger district fire companies to the
scene, was followed by a rush from
the building of all clerks and other
employees. There was no panic, how-
ever, girls as well as men leaving
the building in perfect order and
hundreds of them remaining near at
hand to watch the blaze.

A heavy cordon of police and
other Government operatives was
promptly thrown around the build-
ing—a measure of protection for the
billions in gold bullion, currency, war
savings stamps, treasury certificates
and other valuable holdings in the
department vaults.

The fire is believed to have start-
ed with the boiling over of a vat of
pitch used in the roof construction
of the new Treasury extension now
in course of building.

**JOHNSON COUNTY GIVEN
\$1,030,940.01 JUDGMENT**

Cleburne, Texas.—The case styled
Johnson County vs. The National
Bank of Cleburne et al., being
against the bank and three sets of
sureties on depository bonds for the
sum of \$1,129,935.67, was brought to
a close shortly before noon Thurs-
day by an instructed verdict by
Judge Irwin T. Ward for the plain-
tiff for the sum of \$1,030,940.01.

A motion for a new trial has been
filed and preparations are being
made for appeal if the motion is
overruled.

This case grew out of the failure
of the National Bank of Cleburne
which was the depository for the
county. The plaintiff is represented
by four firms of lawyers and the de-
fendants by eight firms.

This is the largest judgment ever
rendered in Johnson County.

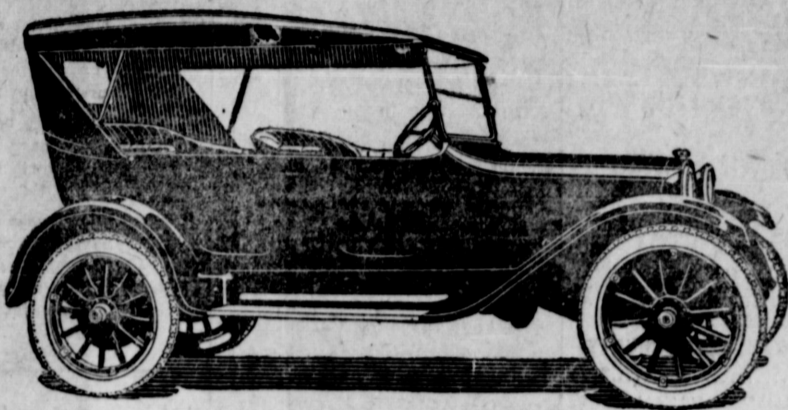

Troop Withdrawal By British Hails

London.—Dramatic events along
the Ulster border, in addition to
creating a grave political situation
which may possibly affect the Irish
treaty, has brought the British Gov-
ernment face to face with a military
problem that may have serious con-
sequences. Officials are debating
whether a large force of British
troops, in spite of the terms of the
treaty, must not be left in Ireland to
maintain order. The evacuation,
which until recently was proceeding
rapidly, has now slackened.

Charter Is Issued for Bank.

Washington.—A Federal charter
has been issued for the First National
Bank of Ennis with capital of \$200,
000.

**PRESIDENT REQUESTS
TREATIES BE RATIFIED**

**ACTION WILL "REMOVE AMBIGU-
ITIES AND ESTABLISH CLEAR
UNDERSTANDING."**

THESEVEN TREATIES

Washington.—The following
seven treaties were submitted
to the Senate by President
Harding

The 100-horsepower treaty regu-
lating poison gas and sub-
marines.

The far-power Pacific treaty.
A declaration accompanying the
four-power treaty regarding
America's rights in mandated
territory.

An agreement supplementing
the Pacific treaty, excluding
the Japanese homeland from
the term of the treaty.

A nine-power treaty on the
Chinese open door and kindred
principles and policies.

A nine-power treaty on
Chinese tariff.

Washington.—President Harding
Friday asks the Senate to give ap-
proval to its arms conference trea-
ties in order that America's profes-
ed desire to rid the world of war
may not become "a hollow mockery."

"If we can not join in making ef-
fective the covenants for peace," he
said, "and stamp this conference
with America's approval, we shall
discredit the influence of the Re-
public, render efforts futile and un-
likely and write discouragement
where today the world is ready to ac-
claim new hope."

Delivering his message in person
in a voice of manner that betokened
deep emotion, the President was
answered raptly by applause
from floor and gallery. He asked
that ratification be given without de-
lay and before he left the Capitol
Senate machinery was set in motion
to hasten a vote.

Five principal treaties and two
supplemental agreements were in the
bundle of international covenants
taken to the senate chamber by Mr.

Harding.

All of these agreements, said the
President, are related portions to
the effort "to put an end to contra-
dictions, to remove ambiguities and
establish clear understandings."

After the address was completed
both Republican and Democratic
leaders predicted that the treaties
would be ratified without long de-
bate and by substantial majorities.

So far there has been no move for
public hearings, but the Senate lead-
ers propose to open the Senate doors
when the series of covenants are
under debate.

Prompt action was requested by
the President. Until the whole series
is ratified, he declared, the neces-
sary readjustment can not be made
"in full confidence."

**FORT WORTH POLICEMAN
FOUND DEAD AFTER RAID**

Fort Worth, Texas.—W. A. Master,
a special county policeman in Mis-
sion Heights is dead, three men
are held in custody by the police and
Federal authorities are in possession
of a quantity of cocaine, valued at
\$1,000, and bottled in bond whisky
valued at \$1,200 as the result of a
raid in Fort Worth.

Master was found dead with a bul-
let wound in his head an hour after
Federal Narcotic Officer Jack Riley
had raided his home.

Two men were arrested and a spe-
cial county policeman was held for
investigation.

This sensational denouement fol-
lowed a secret investigation by Fed-
eral agents that had been in progress
for a month, the culmination of ru-
mors that "persons in police uni-
forms" were peddling whisky and
narcotics.

It was said that the trail led to
movements of a Fort Worth man
from here to El Paso, thence to
Juarez, Mexico, and back. Federal
agents, it was said, traced these
movements weekly for the last
month.

**CONFERENCE DELAY IS
OPPOSED BY ENGLAND**

London.—Great Britain will agree
to no postponement of the Geneva
economic conference unless the re-

quest for such postponement man-
dates from Rome. It was authorita-
tively declared here Friday. The
French Ambassador, it is understood,
was so informed by Lord Curzon, the
Foreign Secretary, during their dis-
cussion of the French memorandum
urging postponement of the confer-
ence.

National Bank at Quinlan Robbed.
Terrell, Texas.—The First National
Bank of Quinlan, 14 miles north of
here, was robbed of \$1,237 Saturday
while the institution was closed for
the noon hour.

Gas Fumes Kill Actress.
New York.—Florence Dashon, mo-
tion picture actress died Saturday
night at St. Vincent's Hospital, after
being removed unconscious from her
gas-filled apartment in the Greenwich
Village section.

New Wizard Rivals Ponzi
Chicago, Ill.—Raymond J. Bischoff,
taken into custody after involuntary
proceedings in bankruptcy had been
instituted against him by creditors,
Saturday admitted that he owes about
\$1,500,000, representing the savings
of 6,000 Chicagoans, mostly foreign-
ers. Less than \$1,000,000 worth of
oil and gas stock of doubtful value
is available to meet the obligations,
it was announced. Bischoff's finan-
cial operations apparently rival those
of Charles Ponzi, Boston "wizard."

Four Tons Limit On Roads.
Dallas.—The Dallas County Com-
missioners' Court will approve re-
quests for permits to operate five-
ton trucks over county roads with
the understanding that no truck shall
carry a load greater than four tons.

Diplomats Named By the President

Washington.—Diplomatic represen-
tatives to Germany, Austria and Hun-
gary were nominated Tuesday by
President Harding. Alanson B.
Houghton of New York being select-
ed as Ambassador to Germany, Al-
bert Henry Washburn of Massachu-
setts as Minister to Austria and
Theodore Brentano of Illinois as
Minister to Hungary. Fred Morris

More food and less cotton would seem to be a wise conclusion for all farmers. The world needs more cotton than the South can possibly raise; but unfortunately, all our best customers for cotton in Europe are so nearly bankrupted by the war they have little money to buy cotton.

The Government claims that the people of the United States have been fleeced out of one hundred and fifty million dollars by fake oil schemes. Most of these fake schemes are located in Texas. In Texas Federal Courts 68 indictments involving 111 persons, have been returned for swindling. The old story that a sucker is born every minute no longer holds good around the oil fields. Five suckers a second would probably be nearer the correct number.

Employees of the navy yards that lose their jobs as a result of reduction in government ship building, demand that President Harding furnish them other jobs. We regret that these people have lost or will lose their jobs, but why should employees of the government expect more consideration than other employees that have lost jobs on railroads and factory plants? Those who have lost their jobs on the railroad, right here in Baird, are just as much entitled to consideration by the Federal Government as employees of the government. If not, why not?

The Federal Government has rounded up 160 undesirable foreigners and will deport them. That is the way to treat foreigners of any nation who abuse their privileges as residents of this country. Some of these flannel mouthed Anarchists hardly got located in this country until they began to attack our Government. These men, who never had the liberty of a bound in their own country, do not appreciate a free government and do not deserve freedom. Let them go back to their beloved Russia and other countries in Europe and see how long they will wear their heads, if they attack their old home governments as they have attacked ours. There are Anarchists—many more—that need deporting.

The time has come when Baird must go forward or stand still. To stand still means eventually to retrograde. The City Council has fully investigated the water question and assures us that the improvement is absolutely necessary. Relying on their judgment The Star favors the bond issue and the editor shall vote for the bonds and the tax. We are and always have been in favor of anything and everything that

looks to improve conditions in our city

Some things have not always turned out just as we expected, and for this reason some opposition to the bonds is evident, but we should not lose sight of the fact that we must have more water. No one will deny that proposition, but honest men differ as to the best method of securing more water.

Our own idea is—and has been for years—that the surest way to secure an unlimited supply of water is to dam the Mexis east of town; but that proposition cannot be considered now, because it would involve a cost far beyond our means, so, the proposition the City Council has submitted to the taxpayers, it seems, is our only hope of preventing the annual summer shortage of water.

We know that times are hard and all that, but as a citizen and a taxpayer, we shall cheerfully vote the extra tax, notwithstanding fewer property taxpayers in town will be harder put to it to meet the extra cost, than this scribe.

We do this because we are led to believe the extra cost will be in some measure, if not entirely met by a reduction in insurance and an ample supply of water, to say nothing of the increase in property values. Whatever increases property values, helps every resident in town, whether they own real estate or not.

We hope to see the bond issue carry, because we want to see Baird grow. We have one of the best little water systems in Texas, secured despite stubborn opposition of some who did not believe the first outlay would pay. Some even contended that the water would not run to the city from the wells, without pumping. Some of the older citizens probably recall this and other objections urged against the first bond issue. The objectors were honest, but they were afraid of a new thing. If they had succeeded, the people of Baird would still be paying 12.12 cents a barrel for water. We recall that during one drought we had to pay 25 cents a barrel for water shipped in on the railroad, that was unfit for cattle to drink, but it was that or nothing. We must have more water.

COAL AND SALT ARE UNDER BAIRD

How many people realize that this entire section of Texas, as far north-west as the Rocky Mountains, was a long time ago at the bottom of the sea? Geologists tell us this is so and, as proof of that fact, they call attention to the deposits of salt and potash all over West Texas.

There is known to be a stratum of coal and, lower down, at 150 feet, a layer of salt, right under the City of Baird. Some day we may get our salt, potash and coal from a shaft near Baird. The small vein of coal, only four inches thick, under the city at a depth of twenty feet, is the finest coal in Texas. None like it in Texas that was ever heard of. It is as far superior to the Strawn coal as Strawn coal is superior to South Texas lignite.

The coal mostly used in this part of Texas is shipped from New Mexico or Oklahoma, four hundred to seven hundred miles away, when it is likely that at less than a thousand feet under The Star office, is better coal than we ship in from other States. Drillers for oil discovered fine coal beds at the Hart wells, five to fifteen feet thick. At the Midland well, ten miles south of Baird, the drill went through a three foot vein of coal.

MAHAFFEY FOR DISTRICT ATTORNEY

Judge W. P. Mahaffey, of Abilene, who announced last week in The Star for District Attorney of

MEDITATION

I want to be true to the children, I want to be worth their trust; They believe in me and that inspiration Should help me to succeed and I must.

I want to be brave for the children, Think their Dad is the bravest of men; And I won't disappoint them—no never— I'll do my very best—just for them.

Oh, yes, I must always be cheerful, In spite of the troubles I've had; For sooner or later the children Will be sure to copy their Dad.

I want to drop every bad habit, I'm anxious to have a clean slate; My life shall be worth the living, Beginning with this very date.

I'm striving each year to be perfect, That I haven't come near to the goal.

Children are such an incentive! They keep me just "raring" to grow.

—Mrs. H. F. Foy.

the 42d Judicial District, is well and favorably known to our people, as District Attorney of this District from 1909 to 1910 and made a good record.

Judge Mahaffey sends The Star the following indorsement of the Abilene bar. This endorsement is signed by Ben L. Cox and twenty-six other Abilene lawyers.

Abilene, Texas, Dec. 3, 1921. To the Voters of the 42d Judicial District:

We, the members of the Taylor County Bar, hereby endorse the candidacy of Judge W. P. Mahaffey, of the Taylor County Bar, who will be a candidate for District Attorney in this Judicial District, at the July, 1922, Primary.

We desire to say to the people of this District that Judge Mahaffey is a mature lawyer and a able and fearless prosecutor. During his former term as District Attorney he ably and fearlessly and impartially discharged the duties of the office.

During such times as these, when there is a wave of crime prevalent over the country, we regard it as highly important that the District Attorney's office be filled by a mature and experienced and fearless prosecutor, who is able to cope with the best legal talent in his District in upholding the law.

We commend Judge Mahaffey's candidacy to the people of this District.

WILLIE T. WILCOXEN TO VOTERS

To the Voters of Callahan County: Greeting! Having announced myself as a candidate for the office of Assessor, I take this method of soliciting your vote an influence in the July Primary, and placing my name as a candidate for the office to which I aspire. Having four well qualified and deserving men as competitors, I feel sure that the "winner" must hustle. I'm willing to work, and at a later date intend to try to see every vote personally.

As to my qualifications and ability, I wish to say that I was born and raised in Callahan County, having spent my entire life here as a home. I received my education through the public schools of the County, being a graduate of the Baird High School. Obtained a business education through Draughon's Business College, Abilene. Had experience in the Abstract Office at Breckenridge, where I had full access to all records.

The subject of taxation is undoubtedly becoming one of the hottest with the public today. During the war, as a rule, taxes were raised, especially those for roads, schools and other public improvements. They were inflated to a war level. Now, with farm products and farm labor deflated to a pre-war level, can the people pay as much in taxes as are now assessed? Is there any way to inflate farm products and farm labor to a war level?

However, just hat the uses and

purposes of these taxes may be, it seems to me that the laboring class must go down under them. The above is my candid opinion of the general tax situation. However, that concerns us very little in county tax assessing, but there is a qualification essential to County Tax Assessors, i. e.: In my opinion being a fair knowledge of the property to be assessed, knowing its value, whether real estate, buildings or personal property. If one possesses his ability, why couldn't he or she bring about an equalization in taxes, provided there doesn't already exist such equalization? Extending to my competitors a hearty welcome, asking and believing that we can show Callahan County some clean politics, free from muckraking and, assuring the voters and taxpayers my appreciation of any favors in my behalf, I am Cordially yours, Willie T. Wilcoxon

PRESBYTERIANS BID YOU WELCOME

We were well pleased with the congregations last Sunday, especially at night—considering the cold, disagreeable weather.

We will have our regular services next Sunday, the evening service beginning at 7:15 o'clock.

Morning theme: "The Manifestation of Christ to the Believer Alone."

Evening theme: "Having the Disposition of the Master."

Come and be with us. We will welcome you.

Cordially, Gerald Fitzgerald, Pastor.

The Callahan County Grand Jury was in session but four days, adjourning yesterday evening after finding three misdemeanor indictments.

MONEY TALKS

The man who wins in life's battle is the one who saves his money

The man who saves is providing resources, and the greater his resources the greater the probabilities of his success.

His resources will be in store for two opposite contingences—the pressure of ill fortune or the invitation of good fortune.

And besides actual resources, the man who saves is forming a personal character of thrift, intelligence and perseverance, strong in itself to achieve success

MAYOR'S THREE GREAT GENERALS

General Pershing was scheduled to pass through a small Kentucky town on his recent tour of the country. The foremost citizen of this town called upon the Mayor and informed him that he must make a speech of welcome to the General, and uphold all the traditions of oratory of the town.

The Mayor replied that he had never made a speech in his life and he did not know what to say. The citizen told him that would be all right, that he, himself, would write

the speech and the Mayor could pin it on the inside of his coat. By holding his coat slightly open he could read the speech, but give the impression that he talked extemporaneously.

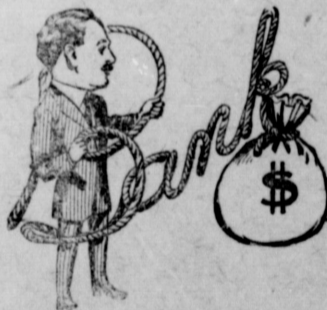

The Mayor agreed, and climbed aboard the rear end of the General's train. He got along fine until near the close, when he said:

"This last war developed three great generals—"

He glanced hastily at his coat and exclaimed triumphantly:

"Hart, Stauffer & Marx!"

He had looked on the wrong side of his coat!

Capital and Ability are Joined

in this bank. Ample resources are backed by able management. This is a good bank with which to have a connection. Not alone will your money be absolutely safe, but the mere fact of having an account here will act to your advantage.

PERSONALS

Judge J. M. Wagstaff, of Abilene, was in the city Tuesday.

Mrs. Mike Sigal returned Friday night from Temple and Dallas.

J. H. Davis, formerly of Putnam but now at Abilene, made The Star a pleasant call Wednesday.

D. P. Carter, of Lockney, formerly of Callahan County, was a pleasant caller at The Star office yesterday.

Homer Varner, of Cottonwood, brother of Walter Varner, the boxer, has purchased the Elite Cafe, taking charge yesterday morning.

Commissioners' Court was in session of the week, auditing and approving accounts and putting the county's business in shape for 1922.

R. P. Stephenson and D. W. Pool, of Eula; Dr. H. H. Ramsey and others, from the county, visited the Masonic Lodge at Baird Saturday night.

H. H. (Doc) Ramsey, of Abilene, attended the Saturday night regular meeting of Baird Lodge, No. 522, A. F. & A. M., in which he still holds his membership.

Will Dawkins, who was operated on for appendicitis a few days ago, is reported doing nicely. He is at the home of his mother at Admiral.

Mrs. J. H. Laird returned last Friday evening from a week's visit with Mrs. Maggie Johnson and Mr. and Mrs. W. B. Jones, in Fort Worth.

Dr. R. G. Powell is replastering the walls and ceilings of the stairway and the hall and offices on the second floor of the A. F. & A. M. Building.

A company of United States Army regulars, passing through Baird yesterday evening, detoured and took a short stretch your legs hike through the city.

O. A. Johnson, wife and little son, Lafayette, of Blackwell, are here visiting the former's parents. Mr. and Mrs. A. W. Johnson and his sisters, Mrs. R. W. Ground and Mrs. C. D. Jones.

Miss Gladys Pierce, of Admiral, who has been in ill health for some time, left last Sunday for Carlisbad, to spend several months. She was accompanied by her mother and uncle, Mrs. Monroe Pierce, and Bud McClendon.

Hugh (Hackberry Slim) Johnson, the noted rodeo manager, rough rider and death defying bulldozer, who has been laid up with inflammatory rheumatism since the 7th of December, is happily recovered sufficiently to be out again, much to the joy of his many friends.

Owing to a rush of other things, we failed to make formal notice last week of the announcement of J. B. Dickson, of Oplin, candidate for Commissioner of Precinct No. 2. Mr. Dickson has lived quite a while in the Oplin section and his friends believe him to be worthy and well qualified to discharge the duties of the office.

The Baird High School Boys' Second Basket Ball Team, composed of Clyde Halstead and Joe McFarlane, guards; Roy Cutbirth, center; Freddy Farmer and Price McFarlane, goals, met Putnam High School First Team on the latter's court Friday and wiped the latter up, the score being 76 to 9 in favor of Baird.

Wayne Tackett left yesterday for Oklahoma City, where he will take up some line of industrial endeavor in which, as he puts it: "I will not lose my job on account of seniority. In other words, I am going to take up an occupation where seniority don't count." Mrs. Tackett accompanied him, and The Star's best wishes for their future happiness and prosperity goes with them, mixed with regret at their enforced departure, for Baird can ill afford to lose such estimable people.

HEREFORD AUCTION SALE

The Shackelford County Hereford Breeders' Association will sell 43 high class registered Herefords at its annual show and auction sale, Saturday, March 4, at Albany, Texas. For catalogues and particulars address Geo. T. DeLafosse, Secretary, Albany, Texas. 10 3t

PAY WELL IN AT CROSS PLAINS

Real Estate Promoter and Candidate for County Judge W. E. (Gene) Melton is feeling pretty cocky these days. He believes his political skies are without a cloud and his recent bringing in of the Stone & McMurray No. 1 Well, on the Eakin farm, near Cross Plains, in which he is financially interested, chirks him up monetarily speaking.

This well drilled into the pay Tuesday morning. 'Gene thinks' it is good for 350 to 500 barrels daily as a permanent thing, and it is making 1,500,000 cubic feet of gas. It is the best well that has been brought in so far in the Cross Plains sector, and many Bairdites went down Wednesday to give the new well the once over.

Master Conrad Chrisman, the ten-year old son of County Superintendent and Mrs. B. C. Chrisman, has, or had a Baird "Little Scorpions" club house in the rear of his daddy's barn garage, in the northeast part of town. Sunday evening was cold and the "Little Scorpions" built a fire in the club house to make things warm and cozy. The flames ignited the shack and incidentally threatened the destruction of the garage barn. Mr. Chrisman turned in an alarm, pushed out his car and turned loose the cow. In the meantime Master Conrad got busy, coupled up the garden hose and so skillfully directed a stream of water upon the incipient conflagration that the flames were quenched before the fire department arrived. The damage was slight, except to the club house, which was a total loss.

SPRING MILLINERY

We wish to announce that we are opening a line of Spring Millinery, located in the Alexander Furniture Building, and cordially invite you to come in and see our first showing of Spring Hats. Every effort will be made to take care of your wants for all kind of headwear, and we earnestly solicit your patronage.

THE STYLE SHOP

NOTICE OF ELECTION.

"AN ORDINANCE

ordering that an election be held in the City of Baird, Texas, on Tuesday, the 28th day of February, 1922, for purpose of determining whether the City Council of the City of Baird will be authorized to issue the bonds of said city in the amount of Sixty Thousand (\$60,000.00) Dollars, to bear interest at the rate of six per cent [6 per cent] per annum, payable March 1st, 1923, and semi-annually thereafter, and to mature serially \$1,000.00 on March 1st of each of the years 1923 to 1927, inclusive, \$2,000.00 on March 1st of each of the years 1928 to 1947, inclusive, and \$3,000.00 on March 1st of each of the years 1948 to 1952, inclusive, for the purpose of constructing Water Works Extensions to the present Water Works System in and for said City, and whether said City Council shall be authorized to levy a tax on each One Hundred Dollars' valuation of taxable property in said City sufficient to pay the interest on said Bonds and to provide a Sinking Fund for their redemption at maturity; and declaring an emergency."

Whereas, because of the development of the City of Baird and the necessity of the construction of water works extensions in said City for the convenience of its citizens, and for the protection of health and property, and because of a lack of funds in the Treasury of said City to construct said improvements, the City Council of said City deems it advisable to order an election to determine whether the qualified property taxpaying voters of the City of Baird will authorize said City Council to issue the bonds of said City for said purpose.

Therefore, be it Ordained by the City Council of the City of Baird, Texas:

That an election be held within the limits of said City on Tuesday the 28th day of February, 1922, at which election there shall be submitted to the qualified voters the following proposition:

"Shall the City Council of the City of Baird be authorized to issue the bonds of said City in the amount of Sixty Thousand [\$60,000.00] Dollars, maturing serially \$1,000.00 on March 1st of each of the years 1923 to 1927, inclusive, \$2,000.00 on March 1st of each of the years 1928 to 1947, inclusive, and \$3,000.00 on March 1st of each of the years 1948 to 1952, inclusive bearing interest at the rate of Six per cent [6 per cent] per annum, payable on March 1st, 1923, and semi-annually thereafter, for the purpose of constructing water works extensions to the present water works system in and for said City, and to levy a tax on each one hundred dollars' valuation of taxable property in said City sufficient to pay the interest on said bonds and to create a sinking fund to redeem them at maturity."

Said election shall be held at City Hall in said City, and the following named persons are hereby appointed managers of said election, to-wit:

R. G. Powell, Presiding Judge.
W. A. Hinds, Judge.
B. M. Brundage, Clerk.
Earl Morley, Clerk.

Said election shall be held under and in accordance with the general election laws of the State of Texas governing City elections, and only qualified voters who are property taxpayers shall be allowed to vote, and all voters voting at said election shall have written or printed on their ballots the following words:

"FOR THE ISSUANCE OF BONDS in the amount of Sixty thousand [\$60,000.00] Dollars, maturing serially \$1,000.00 on March 1st of each of the years 1923 to 1927, inclusive, \$2,000.00 on March 1st of each of the years 1928 to 1947, inclusive, and \$3,000.00 on March 1st of each of the years 1948 to 1952, inclusive, to bear interest at the rate of Six per cent [6 per cent] per annum, payable March 1st, 1923 and semi-annually thereafter, for the purpose of constructing water works extensions to the present water works system in and for said City, and for the levy of a tax on each one hundred dollars' valuation of taxable property in said City to pay the interest on said bonds and to create a sinking fund to redeem them at maturity."

"AGAINST THE ISSUANCE OF BONDS in the amount of Sixty Thousand [\$60,000.00] Dollars, maturing serially, \$1,000.00 on March 1st of each of the years 1923 to 1927, inclusive, \$2,000.00 on March 1st of each of the years 1928 to 1947, inclusive, and \$3,000.00 on March 1st of each of the years 1948 to 1952, inclusive, to bear interest at the rate of Six per cent [6 per cent] per annum, payable March 1st, 1923 and semi-annually, thereafter, for the purpose of constructing water works extensions to the present water works system in and for said City, and against the levy of a tax on each one hundred dollars' valua-

tion of taxable property in said City to pay the interest on said bonds and to create a sinking fund to redeem them at maturity."

so that all voters desiring to support the proposition to issue the bonds of said City for said purpose shall strike out the words "Against the issuance of bonds", etc., and those opposed to the issuance of bonds for said purpose shall strike out the words "For the issuance of bonds", etc.

A copy of this ordinance signed by the Mayor of said City and attested by the City Secretary, shall serve as a proper notice of said election, and the Mayor is directed to cause notice of said election to be published in the Baird Star, a newspaper of general circulation in Callahan County, Texas, for our consecutive weeks next preceding the date of said election, the first publication of which shall be more than thirty days preceding the date of said election, and in addition thereto, shall cause notices of said election to be posted at three public places in said City at least thirty days prior to the date of said election.

The development of the City of Baird and the necessity for the construction of water works extensions or the convenience of the citizens in said City and the preservation of health and property in said City creates an emergency requiring that the ordinance be passed at a meeting of the City Council be suspended and said ordinance shall be in force from the date of its passage, and it is so ordered.

PASSED, this 20th day of January, A. D. 1922.

APPROVED, this 20th day of January, A. D., 1922.

R. Q. EVANS,

Mayor, City of Baird, Texas.

Attest:

C. E. WALKER,

City Secretary, City of Baird, Texas.

Rocky Road to Knowledge.

A man who was acting queerly about the rooms of the local library last week excited much comment. He was in search of some book of reference but refused to accept the aid of the librarian in his search. After he had made a second or third visit and gone it was learned he was a member of a debating society and had been chosen to uphold the affirmative on the question: "Could you and would you order the courtmartial of a soldier who saved the lives of the members of his company by shooting the company cook?"—Pottsville (Pa.) Journal.

Per Capita Going Down.

Washington.—Every person in the country was \$3 poorer at the end of January than at the beginning of the month, according to a statement issued by the Treasury.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

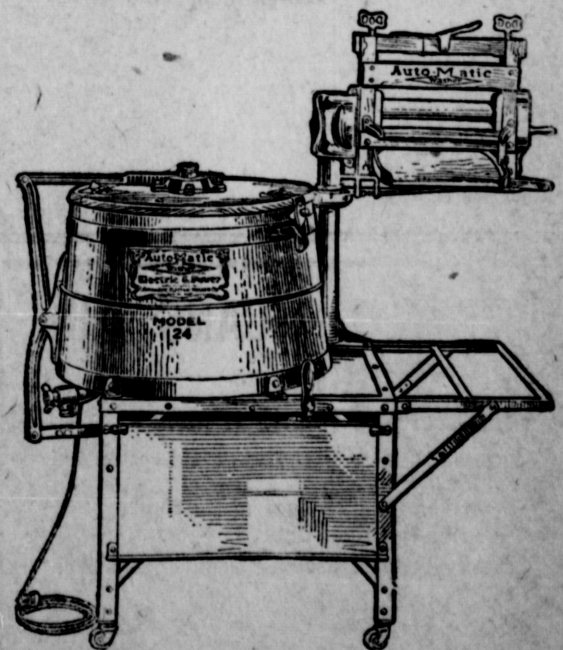

Thedford's BLACK- DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

CALLAHAN SCHOOL LEAGUE'S BUSY

The following officers of the Cal-
lahan County Interscholastic League
elected by the teachers at the Abi-
lene Institute, have been received in
Austin and duly recorded in the
State Office of the League, which
is conducted by the University
of Texas.

Director General—J. F. Boren
Baird.
Director of Debate—S. E. Settle,
Cross Plains.

Director of Declamation—E. F.
Neinat, Clyde.

Director of Spelling—Miss Mis-
souri Strahan, Cottonwood; Direc-
tor of Essay Writing—Mrs. J. F.
Boren, Baird; Director of Athletics
—Guy Tabor, Clyde.

These officers have entire charge
of the County Meet, which will be
held at the Baird Public School,
Saturday, March 11, beginning at 9
o'clock a. m. Winners in the vari-
ous contests selected, a full list of
which was printed in last week's
Star, will represent the County at
the District Meet, which will be held
in April.

The League, as a State organiza-
tion, has been conducted since 1910,
and the next State Meet will be the
twelfth Annual State Meet held un-
der its auspices. Last year the
league numbered 4,095 member
schools, and had 196 county organi-
zations. Advice from the school
of Callahan County indicate that the
work will be taken up enthusiastically
during the ensuing season, and
the County's share of honor cap-
tured at the District Meet.
