GIRL FOUND BEATEN, SEMI-CONSCIOUS
...Officer Robert Dean examines scene where girl was found.

Beaten child critical

Police search for clues to identify attacker

Nanette Mathews remained in critical condition at a Fort Worth hospital yesterday afternoon, still unable to give investigators a solid clue as to how she came to be found beaten and semi-conscious in a wooded area near her home Tuesday morning.

The nine-year-old girl disappeared about 3 p.m. Monday from her home at 910 E. Bank where she lives with her father and step-mother, Roger and Gene Mathews, two brothers and a step-brother.

About 7 p.m. Monday police and fire department personnel and an estimated 50 volunteers mobilized a search for the missing girl.

It had begun raining by 12:20 a.m. Tuesday when citizen searchers Billy Henson, his daughter Barbara, and Freddie Morris found the girl a few blocks north of the Mathews home in a heavily wooded area, north of the intersection of Hawthorne and Washington.

Henson had decided to search the area, knowing about an old barn and frequently having observed youths disappear into the jungle where they camped out and built tree houses.

Henson and his companions heard a noise which startled them. Then the

beam of his flashlight caught the movement of an arm.

"If she hadn't rolled over, I wouldn't have noticed her," Henson said. He was terrified by a combination of finding the girl and the sound he had heard which he thought might have come from the girl's attacker.

"That's not something you want to walk up on...it was pitiful," Henson said.

The girl's face was bruised, her eyes were black and swollen and dried blood was caked around her mouth. She was wearing a white shirt, shorts and panties. Some of her clothing was torn.

"I said, honey, who done this to you, and she just grunted," Henson said.

Officer Robert Dean described her condition as "semi-conscious."

"She was screaming in pain at times," Dean said. "I think she thought somebody or her attacker was still around when they loaded her on the stretcher."

The girl was transported to Wichita General Hospital via Gold Cross Ambulance, and later flown to John Peter Smith Hospital in Fort Worth in a Fort Sill MAST helicopter.

NANETTE MATHEWS

glasses. "She's a real, real friendly-overly friendly-little girl, who makes friends real easy," Mrs. Feix said.

Mrs. Feix's daughter and Nanette had been assigned to the same

classrooms for the past three years at Kidwell Elementary School, where they are scheduled to enter the fourth grade this fall.

SECOND SEARCH

The investigation into the incident took a bizarre turn Tuesday afternoon when police and firemen launched a lengthy search for Nanette's 14-year-old step-brother, Garland Wayne Tubbs.

Ricky Mathews said his step-brother disappeared from the home about 1:30 a.m. Tuesday, about an hour after Nanette had been found. The search for Nanette had brought a crowd to the Mathews home.

Garland Wayne complained about it being too hot and crowded in the house. "He said he was going out to sleep in the car," Ricky recalled.

He was not found by searchers who combed the neighborhood, and about 6 p.m. police here were notified that Garland Wayne had gone to a friend's house, between here and Wichita Falls, at 3910 Old Iowa Park Road.

Wrong-way driver busted for grass

A vehicle traveling the wrong way on a one-way street caught the eye of an Iowa Park police officer Tuesday night and resulted in three persons being charged with misdemeanor possession of marijuana.

Charged with the offense filed in Wichita County Court were Ronald Nels Boob, 18, of Wichita Falls; Henry Garza Duran, 17, of Iowa Park, and a 16-year-old Iowa Park male being processed as a juvenile.

Officer Mike Williams said he noticed a vehicle traveling east in the one-way west bound service lane off U.S. 287 about 11:44 p.m. Tuesday.

The suspect vehicle was stopped on Douglas.

The officer found what appeared to be a plastic baggie of marijuana under the back seat.

In other police action, three persons reported vandalism apparently caused by thrown rocks.

On Sunday police received a report from W.F. Williams, who said a rock had been thrown through a window of the Church of God at 600 E. Cash.

Guy Crumpton, 511 N. First, told police Saturday that rocks had been thrown at his travel trailer, breaking three windows.

Last Wednesday police received a report from Gary Tatom, 208 W. Emerald, who said several windows to his residence had been broken.

Last Thursday police received a report from John R. Damaska of Wichita Falls, who said someone had entered his car parked at the Quail Run Apartments and taken his wallet and ice chest.

20 CENTS

Hawk team of 1979 similar to '69 champs

Coach Tommy Watkins admitted this week he could not look at this year's crop of Hawks without comparing them with the great 1969 state championship team.

They are very similar in many ways.

Watkins shared his impressions of the '79 ball club Tuesday with members of the Noon Lions Club. With him were three of his assistants, Jim Arnold, Mike Peebles and Robert Needham.

The Head Hawk gets a familiar gleam in his eyes when he starts talking about the size, experience and speed of the team which will start workouts in about 10 days.

The 1979 team has about the same size as the 1969 club, but is faster both in the line and backfield. And they have about the same playing experience.

Where the major difference is, this year's team is younger, and they haven't the winning tradition as did the Hawks of the 1960s.

And, Iowa Park is playing AAA

competition now, rather than being a large AA school.

Watkins pointed out that he will have 19 lettermen returning. Ten of those returning were offensive starters at one time or another last season, with only the quarterback position lacking starting experience. Nine were defensive starters.

And, also like the '69 club, they'll be playing the "I" formation on offense.

Assessing the talent of 13 players, Watkins said:

Ron Taylor - looks better than he did last year, especially if he reports in good shape...played overweight last year and should be about 200 pounds this year...probably one of the most skilled players...best punter in the district, kept us in the game time and again...will be strong outside linebacker and will play fullback a lot of the time this season. He was a tight end last year.

Troy Thompson - great speed...fastest football player I've ever had in uniform...4.5 in 40...runs very similar to Gary Williams (1969

club)...but he must stay healthy to help us...he was injured a lot the last two years.

Tommy Ross - though a senior, he's very young. Just turned 17 recently. One of the best players I've ever coached. He's big and quick and runs interference well...possibly could outrun Gary Frazier (1969). Plays both offense and defense at tackle. This will be his third year as a starter... Southwest Conference coaches have already expressed interest in him.

Billy Maupin - another three-year starter this year...played a little

overweight last year but will be about 195 this year...been working hard all summer. Billy's another extremely young player, he's only 16 and is a senior. He also runs interference well.

James Spears - played junior varsity last year because he was ineligible after moving here...good potential tailback...will be pushing Troy Thompson...real quick...will also play linebacker. He'll be a senior.

Troy Linthicum - started some last year as a sophomore...played tailback, wingback and some fullback on offense, and corner on defense...though he's only about 145

pounds he's extremely tough...real quick starter.

Mike Ray - 190 pounds...good quickness...plays fullback and some at noseguard on defense...at fullback he will be very important as a blocker and carrying the ball...will alternate with Taylor. He's a junior.

Ronnie Reusch - son of line coach Ernie Reusch...he's about 205, 6-3, but probably is late growing like his father...another young senior...extremely bright, had a good shot at being valedictorian if he was still at Andrews...he'll help us greatly at tight end and defensive end.

Tim Blackwell - another junior, he's big, 6-2, 195, and still growing...will be a defensive end and tight end.

Joe Spruiell - guard, built real good, 180-185, works real hard and is strong.

Kent Fehr - played center last year and will be a key for this year's team. We've always had good centers. They're important. Real strong, 185. Good runner...ran the 440.

Larry Merrill - probably our smallest lineman...good runner...started much of last year and fast improving.

Greg McLaughlin - big, about 190, started some offense and defense last year.

Robert Hastings - tremendous football player despite being small...start at safety and wingback...junior...best wingback I've ever had...nobody has been able to handle him...very capable of making the big play at any time. He was the outstanding sophomore of the year in the district.

Curtis Martin - junior...will be starting quarterback...didn't want to play quarterback last year and started at end and on defense...played better for us last year than anybody but Ross...he's a lot like Jim Clapp (1969 qb) but has more ability...good runner and thrower...two-way starter, taking some rest on defense.

About last year, Watkins said "We came much faster than I had thought, and have been working real hard in what off-season work we can do, like throwing the ball."

Watkins said the team's biggest advantage is having a lot of people with experience; having confidence, "they think they can win."

The major disadvantage, the team hasn't the winning tradition as had the 1969 team. Also the team lacks depth in the line.

Watkins pointed out that there are more polls on who will win District 3-AAA, besides Texas Football

KEEPING COOL—Josh, a three-year-old mixed breed, finds out the cool water of a lake is not the exclusive territory of fish and fowl as a tire inner tube provides for a fine dog dinghy on a hot, summer afternoon.

Weather Report

Weather reports are officially compiled for Iowa Park at the Texas Experiment Station, southeast of town.

Rainfall for week.....	1.11
Total for month.....	3.41
Total for year.....	23.68
Total last year.....	10.00

to start preparations for the new school year.

Drummers will meet earlier, however. They are to meet at 8 a.m. Aug. 9 and 10, and be prepared to work until 5 both afternoons.

Meeting times for the full band will be announced at the Aug. 13 meeting.

"It is important for everyone to attend, so we can get a good start on the new school year," stated Miller. "If anyone cannot attend, they should contact me or Mark Cartwright before Aug. 13.

"A lot of new music will be introduced along with some of the songs used in the past. Students should be sure to bring their instruments in playing order, as much of the time will be spent playing indoors," Miller said.

Francis-Lane wedding held Saturday afternoon

The altar of Faith Baptist Church was impressively decorated for the Saturday afternoon wedding of Miss Cynthia Kay Francis, daughter of Mr. and Mrs. George R. Francis, and Michael David Lane, son of Mr. and Mrs. Frederick De Shong Lane.

The nuptial setting featured a white latticed archway entwined with boxwood, ivy and stephanotis garlands centered at the top with a cascade of wedding bells held by a yellow silk bow flanked by a pair of white doves.

On either side of the curved ornamental structure were brass arched candelabra enwreathed with the same greenery holding white wedding tapers. Sunburst arrangements of yellow gladioli in wicker baskets lent themselves to the decorative pattern.

A special part of the

setting was the brass prayer bench swathed with the chosen foliage and bows where the couple knelt facing each other during the singing of the "Wedding Prayer."

To signify their oneness in marriage, the couple lit a single candle held in a brass candelabrum decorated in keeping with the other appointments.

The officiating minister for the double-ring ceremony was the Rev. Edward L. Lane, pastor of the Emmanuel Baptist Church in Wichita Falls. He was assisted by the Rev. James L. Harmon, pastor of the Floral Heights Assembly of God.

Wedding music was provided by Mrs. John Rentschler, organist, Miss Julie Davis and Mike Davis, vocalists. Mrs. Rentschler played "We've Only Just Begun" and "Colour My World", accompanied the vocalists for a duet number, "You Light Up My Life", and Miss Davis for her solo "The Wedding Song". Near the close of the ceremony, she played the accompaniment for Mike Davis as he sang "Wedding Prayer" while the couple knelt on the prayer bench. The time-honored marches were additional contributions of the organist.

The bride was escorted to the altar by her father where he presented her in marriage for both parents. She wore a lovely formal wedding gown of white poly organza with a redingote skirt that swept into a chapel train. The distinguishing features of the Raschel-lace covered bodice showered with seed pearls were the wedding band neckline, graceful yoke enhanced with a cameo

design and pleated ruffle, and bishop sleeves with wide cuffs, each fashioned of the lace. The delicate network of threads again claimed attention in borders of the skirt, train and fingertip illusion veil touched with seed pearls and held by a camelot cap.

The bride's wedding bouquet was an old-fashioned colonial nosegay of white butterfly roses, daisies and gladiola florets, all intermingled with baby's breath, touches of ming fern and Hahn's ivy.

She completed her costume with the bridal traditions, selecting a gold ring that belonged to her aunt, Mrs. Lloyd Grove of Columbus, Kansas, for "something old"; Mrs. Michael De Witt's white Bible for "something borrowed"; the garter suited to the taste of most brides for "something blue"; and the sixpence in her shoe for good luck.

The delicate colors of yellow, pink, mint green, blue, peach and orchid were reflected in the gowns worn by the matron of honor, maid of honor, four bridesmaids and flower girl.

Mrs. David Martin of Colorado Springs, Colo., the matron of honor, wore a sheer yellow polyester gown flocked with white daisies in the fashionable mode of fitted bodice, scoop neckline with wide circular ruffle, short full sleeves and A-line skirt. She carried a nosegay of daisies to match her dress combined with baby's breath and Hahn's ivy, and wore yellow daisies and baby's breath in her hair.

The other attendants wore identically styled gowns and headpieces and carried duplicate bouquets, except for color.

Miss Rhonda Barge, the maid of honor, wore pink. Bridesmaids wearing mint green, blue, peach and orchid gowns, respectively, were Mrs. Kenneth Horn of Fort Worth, cousin of the bride, Mrs. Michael De Witt, sister of the groom, Miss Lisa Lane, another sister, and Miss Susie Stewart of Fort Worth, cousin of the bride.

Miss Kristina Gentry of Fort Worth, the bride's cousin, the flower girl, was dressed like the matron of honor. She carried the traditional white wedding basket with an arrangement of yellow daisies, baby's breath and Hahn's ivy.

The groom wore a white Saratoga after 6 full dress tuxedo trimmed in satin with high center vest, white teardrop tie and white velvet groom's sash. Carrying out the tradition of using the same flowers that the bride carried, his boutonniere consisted of a white rose, ivy leaf and baby's breath.

The best man, Steve Lane, brother of the groom, and James Roy Hollis, cousin of the groom, who served as ring bearer, wore white Seville tuxedos and ruffled yellow shirts to match the matron of honor's gown. The groomsmen wore white tuxedos and shirts to correspond with the color of the bridal attendants dresses.

Groomsmen were Vance Nault, Jon Lane and Todd Lane of Wichita Falls, the groom's cousins, Michael De Witt, his brother-in-law, and Dwight Pool.

The candlelighters and ushers were Joe Dale Murray of Fort Worth, the bride's cousin, and Howard Lane of Waco, cousin of the groom. They wore black

Lord West tuxedos with light yellow toned ruffled shirts. Fathers of the couple wore traditional black shaped tuxedos with white ruffled shirts.

Mrs. Francis chose a blue polyester knit gown styled with a high neck, gathered bodice and a detachable matching sheer capelet with wide polyester cuffs for the wedding. Mrs. Lane wore an apricot knit gown styled with empire waist, round neckline, A-line skirt and sheer capelet.

Their corsages consisted of white gladioli, ming fern and ivy leaves.

The reception following the wedding was hosted by the bride's parents in the Fellowship Hall of the church.

Miss Carey Dale Roberts directed signatures of the guests in the bride's book with a yellow plume pen at a table covered with yellow satin overlaid with yellow lace. Highlighting the appointments was a framed 11x14 double exposure of the bride circled with greenery and yellow daisies.

The bride's table was attractive from every angle. Draped with yellow satin overskirted with yellow lace, the dignified centerpiece was a silver candelabrum holding a bouquet of flowers in the bride's colors. The silver punch bowl, trays and compotes and white wedding bells added elegance to the table.

The bride's cake was tiered up with two sets of Grecian pillars and elaborately decorated with yellow roses and daisies and detailed frosting designs. For the crowning touch, the traditional bride and groom stood on the top tier between a cross portraying the relationship between

marriage and Christ. The cake was cut and served with the bride's own silver knife and server.

The cover for the groom's table was dusty rose satin overlaid with burlap, and his open Bible-shaped cake was decorated with yellow roses. A special attraction on the table was the bride's five-branched silver candelabrum, a gift from her parents, bedecked with yellow daisies and candles. Coffee was poured from a silver server.

Reception assistants were Mrs. Roy Hollis, Mrs. Jim Stevens, Misses Dee Lynn Smith, Liza Matney of Fort Worth, cousin of the bride, Sherry Evans and Stanley Griffith.

The groom's parents hosted the rehearsal dinner Friday evening at Underwood's.

Lake Murray Lodge in Oklahoma was the honeymoon destination of the newlyweds, the bride traveling in an orchid Qiana dress wearing bone accessories and a corsage of white roses. They will live in Iowa Park.

Both the bride and groom were graduated from Iowa Park High School. She belonged to FHA, FTA, band, girls choir, A Cappella Choir, and was Hawk mascot her senior year. She is attending Midwestern State University where she is majoring in nursing and works for John's Jeans in Sikes Center.

In high school, the groom played football and belonged to FFA four years. He has completed a welding course at Carrigan Center and is employed by Cryovac.

Special wedding guests were Mr. and Mrs. Clark

MRS. MICHAEL DAVID LANE

Lane Sr., Mr. and Mrs. K.J. Hollis of Iowa Park, grandparents of the groom, and Mr. and Mrs. E.B.

Boyette of Fort Worth, the bride's maternal uncle and aunt, who sat in for her grandmother, Mrs. Lee Matney, who was unable to attend.

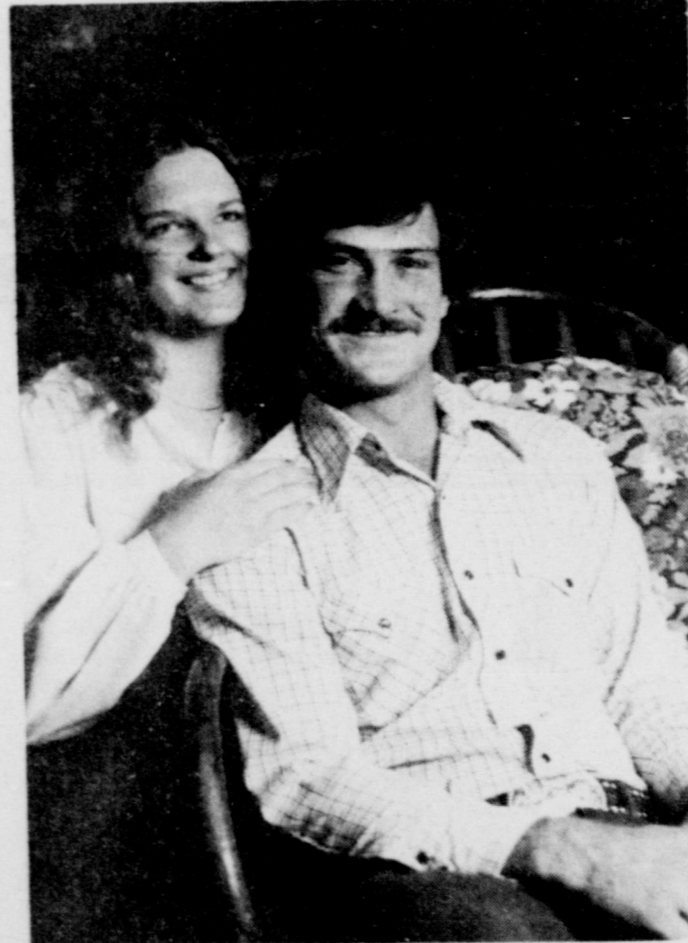

Other out-of-town guests were Messrs. and Mmes. Don Matney, Paul Ed Murray, Jerry Paul Murray and Gary, John Gentry, Mmes. Bradley Fishburn, Frances Dickenson, Johnny Stewart; and Tommy and Stephanie Matney, all of Fort Worth, Mr. and Mrs. Ray Hollis, Sheila and Nicky of Arlington, Mr. and Mrs. Thomas Julian and Scott of Moore, Okla., David Martin of Colorado Springs, Colo., Mr. and Mrs. Homer Matney Jr. of Decatur.

TOPS meet

Elvira Revis, registered dietician at Sheppard AFB, gave a talk on "How to Diet Successfully" for the TOPS Club meeting Monday night. Mrs. Lloyd Lowe presented her with a gift from the club.

Visitors were Pat Mayfield, Lana Lowe, Mary Crowley, Linda Bliss and Cecilia House.

Mrs. James Bowerman was the TOPS Queen and Mrs. C.O. Dodd the KOPS Queen for the week. Thirteen members weighed in and none had gained since the last meeting.

KATHLEEN WHEELER and BILLY GREEN

Couple tells wedding date

Mr. and Mrs. Richard Wheeler announce the engagement of their daughter, Kathleen Susan, and Billy Joe Green, son of Mr. and Mrs. Leonard Green. A November wedding is

planned. The couple both attended Iowa Park High School. She is employed by the Kell Street Dairy and he works for Wichita Metal Products.

Airman retires

Master Sergeant James R. Byrne is scheduled to make his retirement home in Iowa Park after he leaves the Air Force July 31.

Byrne, who has 21 years Air Force service, recently arrived from Osan Air Base, Korea, where he was a refrigeration and air conditioning technician.

major improvement for the facility, according to the RAC board of directors.

Mrs. Floyd (Betty) Merriman has been named to replace former director Kenn Kuckenbecker, who recently resigned to take employment in another state. She is a 28-year resident of Iowa Park.

Mrs. Merriman assumes her new responsibilities after a long affiliation with the YWCA in Wichita Falls. She will offer the RAC many various skills and a wide variety of programs not offered before there.

With her background as program director at the

YWCA, she's had many opportunities to coordinate special events such as art shows, flea markets, fund raising campaigns, as well as organizing tours and teenage drama groups.

Where no instructor is available for a particular class, Mrs. Merriman has taught classes in decoupage, ceramics, pen and ink, paper tole, tole painting, macrame, doll making, silk flower making, copper enameling, silver smithing, as well as many others.

Mrs. Merriman is a leader and officer in the Texas-Oklahoma Y-Teen program.

BETTY MERRIMAN

LOOK WHO'S NEW

Mr. and Mrs. Terry Walls announce the birth of their second son, James Buchanan born July 17, weighing six pounds, one and a half ounces. His brother is Terry Michael Jr. Grandparents are Mr. and Mrs. Glenn Sharp of Wichita Falls and Mr. and Mrs. O.P. Walls of Iowa Park. The great-grandparents are Mr. and Mrs. Albert Sharp, Temperance, Mich., Mr. and Mrs. E.L. Carpenter, Como, Texas, Mrs. Maggie Walls, Iowa Park and Mrs. Lillian Baughman, Nocona.

Brian Scott Patterson announces the arrival of his brother, Brandon Sean. The eight pound, one ounce son was born to Mr. and Mrs. Wendell Patterson July 30th.

Grandparents of the boys are Mr. and Mrs. Clyde Patterson and Mr. and Mrs. Frank Roberts. The great-grandparents are Mr. and Mrs. Odus Mason of Iowa Park, Mr. and Mrs. Elzy Patterson of Petrolia, and J.H. Powell of Altus, Okla.

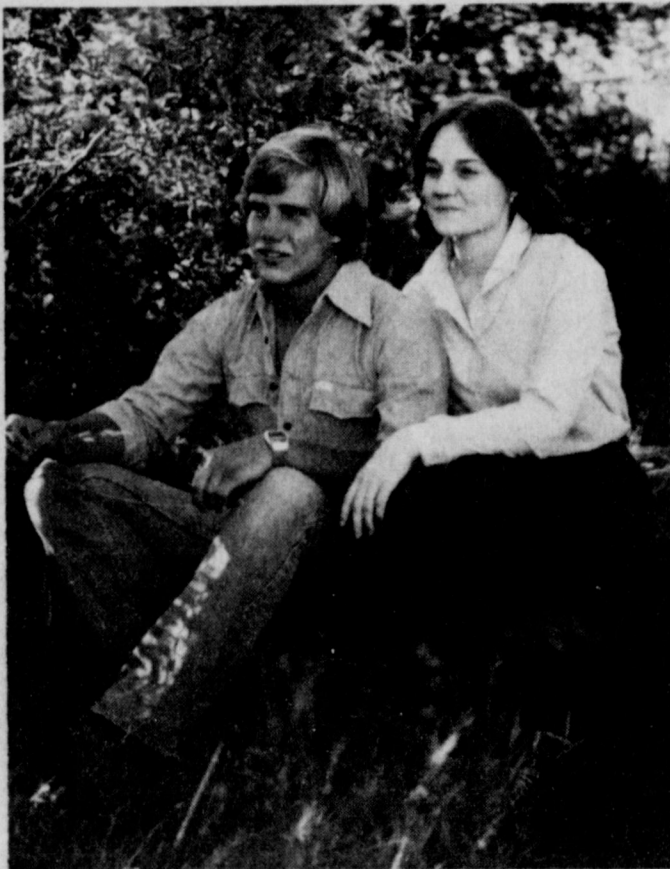

Dusty Shane, an eight pound, four ounce son, was born to Mr. and Mrs. Gary Crawford July 21. Mrs. Crawford is the former Kathy Jameson.

Grandparents are Mr. and Mrs. J.A. Jameson and Mr. and Mrs. Johnny Crawford. The great-grandparents are Mr. and Mrs. Roy Fortner and Mr. and Mrs. W.T. Crawford Sr.

Shower honors Kathy Hines

Fourteen members of the younger set attended a lingerie shower Sunday afternoon for Miss Kathy Hines, bride-elect of Mark Simons. The party was held in the home of Miss Sherry Evans and Miss Kim Baca was assistant hostess.

For entertainment, the group made the net rice bags for the wedding August 11, and each girl built her own banana split for refreshments.

Cook of the Week

Eggs are so versatile, satisfying and festive and have a different flavor any way they are fixed. Deviled Eggs are spotlighted today in a recipe submitted by Sue (Mrs. Gary) Burger. Described as "mounds of yellow egg yolks in white frames", they are ideal for picnics,

parties, used for salads, cold meat platters etc. They add color to meals and tables, especially when sprinkled with paprika as Mrs. Burger does hers.

Paprika, known as the "cosmetic" spice, is a Hungarian word meaning "Turkish pepper". It did not

originate in Turkey, however. It was among the many marvelous new foods found in the New World by Columbus and his successors and taken back to the Old World. From there it eventually reached Hungary and parts of eastern Europe, and Hungarian cooks, like many American cooks, use it lavishly today.

The Burgers, who have lived in Iowa Park two years, will be moving to Florida in the near future. She was graduated from high school in Bristol, Va. and has been a full time student at Vernon Junior College where she has been working toward a bachelor of business degree. She

plans to enter the University of Florida and study for a degree in psychology.

Sue and Gary Burger were both in the U.S. Air Force and stationed at Sheppard AFB. She was in accounting and finance. He plans to seek work as a computer operator in Fla. They have two children, Stacey, four and a half years old, and Shawn, 18 months of age.

Asked what her hobbies were, Sue gave sun bathing and reading as two of the main ones.

DEVILED EGGS

6 eggs
 Place in pan of cold water, bring to boil on moderate heat and boil for about 15 minutes. Remove from pan and cool quickly. Peel and halve, either crosswise or lengthwise. Scoop out egg yolks, mash and add:
 1/4 cup mayonnaise
 1 t vinegar
 1 t prepared mustard
 1/2 t salt
 Dash pepper
 Mix well and fill whites of hard-boiled eggs. Sprinkle with paprika.

MAGIC COOKIE BARS

1/2 cup butter or margarine
 1/2 cups graham cracker crumbs
 1-14 oz. can Eagle Brand Sweetened Condensed Milk
 1-6 oz. pkg. semi-sweet chocolate morsels
 1-3 1/2 oz. can flaked coconut
 1 cup chopped nuts
 Preheat oven to 350 degrees (325 for glass pan). Melt butter, spread evenly in 13x9 inch pan. Add crumbs, pour milk over crumbs evenly. Top evenly with remaining two ingredients. Press down gently. Bake 25-30 minutes or until lightly browned. Cool before cutting. Cover loosely and store at room temperature.

CHICKEN FRIGAZEE

1 large chicken, cut up
 2-3 chicken bouillon cubes
 2-3 stalks celery, cut up
 1 onion, cut up
 Add all ingredients to large pot, cover and bring to a boil; after it reaches a boil simmer 45 minutes. If preferred, remove chicken, skin and debone it.
 Make sauce:
 4 T butter
 4 T flour (1/4 cup)
 1 t salt
 2 cups chicken broth (cooled from chicken)
 2 drops yellow food coloring
 Melt butter, add flour and salt and stir 3-5 minutes over low setting; add cooled broth gradually, stir until

Mrs. Gary Burger

thickens. Add chicken and yellow food coloring.
 Serves 2-3 hungry people served over rice. Easy to double recipe and freeze for last minute guests.

preheated 375 degree oven for 30 minutes; then pour tomato sauce over loaf and sprinkle with oregano. Bake 45 minutes. Delicious reheated in tomato sauce.

HAWAIIAN HAM

Mix 1/8 t ginger, 5 T sugar, 1 T cornstarch. Add:
 1 cup orange juice
 2 T vinegar
 2 T soy sauce
 2 T butter
 2 T slivered orange peel
 Cook over low heat, stirring constantly until thick and clear. Place 1 1/2 inch thick ham slice in shallow pan or baking dish. Cover with half of the sauce. Bake at 325 degrees for 1 1/2-2 hours, basting occasionally with sauce. Heat remaining sauce and serve with ham.

ITALIAN MEAT LOAF

2 slices rye bread
 2 slices white bread
 1 lb. lean round, ground
 3 T Parmesan cheese
 1 egg beaten
 1 t salt
 1/2 t pepper
 3 T parsley flakes
 Dehydrated onion flakes, enough for flavoring
 1 cup water
 Small can tomato sauce
 Oregano
 Put water in large bowl, add bread, let stand for 3-5 minutes. Mash bread, add all ingredients except tomato sauce and oregano. Mix, then mold into loaf. Grease pan with butter. Dot meat loaf with butter. Put in

MAGIC CHOCOLATE FRENCH FUDGE

3 cups (3-6 oz. pkgs.) semi-sweet chocolate chips
 1 can Eagle Brand Milk
 Pinch of salt
 1 1/2 t vanilla
 1/2 cup chopped pecans (optional)
 Melt chips in top of double boiler over hot water, stirring occasionally. Remove from heat, add milk, salt, vanilla and pecans. Stir only until smooth. Line 8 inch pan with wax paper. Spread candy mixture in evenly. Refrigerate for about 2 hours or until firm; then cut and peel off wax paper. Store in airtight container.

Skinner attends fireman's school

Iowa Park Volunteer Fire Department Chief Danny Skinner was among 1,820 students representing 728 cities from more than 32 states at the 50th annual Texas Firemen's Training School held recently at Texas A&M Univ.
 Skinner was sponsored by Wichita County Farm Bureau and Texas Farm Bureau Insurance Companies.

As I See It....

Bob Bullock has exposed his real color - Red.

He not only is in favor of unions, but is encouraging organization of all state employees as part of the AFL-CIO, according to a recent Associated Press article.

Speaking at the union's state convention in Austin recently, Bullock said he encourages such an organization and pledged he would be the first state official to recognize it.

For those who didn't read the AP story, let me quote from it briefly: "Bullock said state employees need a real friend. They need someone who's going to stick by them. Someone who can produce, other than just promise.

"Their cart is stuck in the ditch and they need you. They need to be represented by the Texas AFL-CIO.

"If you'll consider organizing those employees, I'll be the first state official to recognize an AFL-CIO union on all matters not restricted by the appropriations bill or state law, he said."

Now, I ask you, do you really believe Bullock is so concerned with the financial situation of state employees, other than himself?

The answer is simply, NO. Bullock wants to be governor. He wants it so badly, he is willing, and I think has succeeded, to sell his soul to the devil to get elected.

His strategy is simple. In making

such a speech, he figures he will have the support of all union members and state employees in the next election. That's a considerable political base, all state employees and membership of more than 1,000 unions across the state.

And you've probably heard complaints about the money Gov. Bill Clements, as well as past governors, have spent on remodeling and fixing up the governor's mansion. Can you imagine what Bullock would do, since he already has the reputation of spending the most money and having the reputation of occupying the most lavishly decorated office of any elected official in Austin?

One must ask the question, how come Bullock has held back so long with his open support of unions and unionizing state employees? Is it because he was just re-elected last November...and without opposition from the Republican party in the general election?

Bob Bullock is the greatest political hack of them all.

One of his first actions when he left the appointed office of secretary of state and was elected comptroller, was to hire a public relations man for the sole purpose of publicity. At the cost of thousands of dollars annually, news releases from Bullock's office are cranked out at least once a week, and every one of them starts out "AUSTIN, Tex. --State Comptroller Bob Bullock..."

Texas isn't becoming the industrial leader because of unions. People aren't moving to the state because they want to join unions. Unions haven't created one necessary job in Texas, nor are they being successful in filling the millions of job openings in the state.

Texas doesn't need any more unions. And for that matter, it would be much better off without unions at all.

The same goes for Bob Bullock.

GYM CONSTRUCTION - Site preparation was underway early this week for construction of a new gymnasium at Iowa Park High School. The facility will be directly south of the present gym. Completion of the first phase is expected by mid October. Second phase will be installation of a

gymnasium floor and basketball accessories. Third phase, still on the drawing board, will be a structure between the two gyms which will house a lobby, dressing rooms, restrooms and concession stand.

Home building still stymied

There weren't any building permits issued for new home construction in July, either.

For the third consecutive month, and four of the seven months in this calendar year, no building permits were issued for new homes by the city hall.

During the early part of the year, interest rates were considered the main reason for no interest in home construction. Weather was also blamed.

Then, when the tornado struck Wichita Falls, all builders turned to the task of rebuilding homes, apartments and business buildings lost in the storm.

Were it not for the estimated value of mobile homes being moved into the city during the month, July's permit total would have been extremely low. However, it did amount to \$77,348.

For the year, permits now total \$506,565, less than half the \$1,084,107

reported for the same seven-month period in 1978.

Permits issued during July by the city hall included:

Jerry Beggs, 503 W. Smith, mobile home, \$3,200;

Loy E. Thrush, 1305 Edgehill, sidewalk and slab, \$40;

Jerald Brown, 207 Hope Lane, repairs, \$100;

Billy Henson, 800 E. Cash, storage building, \$1,000;

Helen Burrell, 802 Vogel, conversion, \$5,000;

Jeffrey Martin, 705 W. Smith, mobile home, \$17,000;

David Harrington, 109 N. Penn, mobile home, \$21,000;

David Harrington, 109 N. Penn, demolition, \$4;

Don Duerson, 1102 W. Louisa, storage building and garage, \$1,000;

Glenn Collier, 510 E. Washington, mobile home, \$12,000;

M.H. Teel, 1015 Lanelle, conversion,

\$200; James Riddlehuber, 522 W. Washington, conversion, \$800; Richard Underwood, 616 N. Atlantic, mobile home, \$16,000; Richard Underwood, 604-618 N. Atlantic, demolition, \$4.

Hawks

Continued from page 1

magazine, which picks the Hawks. The coaches of the district voted on Mineral Wells, mainly due to the talented backfield and size of the school.

But the team isn't looking toward Mineral Wells, which is the conference opener this year, or any other district contest. Watkins says they are all looking toward the first game, Bowie, and after that they'll start on Decatur, and on down the

schedule, a game at a time.

About Bowie, the Head Hawk ranks the Jackrabbits as possibly the best team since Bowie started having football teams. Despite being AA classification, Bowie has almost as large an enrollment as Iowa Park, and showed they can play good football by beating the Hawks last year.

"If we can beat Bowie, we'll have a pretty good idea of what kind of team we will have this year," Watkins told the Lions Club.

WTCC says 'no' to windfall tax

The West Texas Chamber of Commerce, in a position statement issued Monday, went on record as strongly opposing the assessment of a so-called windfall profits tax on domestically produced oil.

Edward H. Coltharp, WTCC Executive Vice President, stated that the regional chamber had contacted all members of the West Texas delegation in Washington informing them of the chamber's position. It is the opinion of the WTCC that the domestic oil and gas

industry must be depended upon to help produce the country out of the current energy crisis.

In view of this, Coltharp stated that the WTCC stands opposed to the windfall profits tax which will serve only to place the federal government in the energy business and further hinder efforts by the oil and gas industry to adequately increase exploration and production.

In its five-point position statement, the WTCC called for immediate steps to bring

about full production of coal using conventional methods along with accelerated development of nuclear power, production of synthetic oil and gas from coal, and the development of shale oil resources.

The WTCC called for strict cost benefit controls to be used in administering EPA regulations when these

regulations are found to be stalling energy development, without commensurate benefits to the general public.

Opposition to fixed import quotas was strongly voiced by the WTCC on the basis that quotas can subject the nation to a no-growth policy with severe recessionary implications.

HELP WANTED

MARINE CORPS HAS SEVERAL OPENINGS

Jobs are available that offer good pay, excellent training, a great deal of satisfaction, outstanding benefits, a fine chance for promotion, and opportunity to travel and 30 days' paid vacation a year.

If you qualify, you can have all that as a United States Marine.

A Marine's salary goes a long way, since food, clothing, shelter and medical and dental care are completely or practically free, and most other things can be bought at a fair discount. The Corps will help pay for your education, too.

The Marine Corps will train qualified men and women in an impressive variety of fields, from computer operations to cooking; radio repair to court reporting; aircraft to accounting; music to mechanics; drafting to data processing, plus much more; and pay them while they learn.

Some of the jobs—including many of those in combat arms—offer big bonuses, and the training will stick with you long after you've left the Marines.

In addition, being a Marine can give a person a sense of physical well-being, pride and personal fulfillment that's pretty hard to find in the average office, factory or shop.

Being a Marine also means

A great job may be waiting for you.

you may be working in many places around the world you've only dreamed of seeing. What's more there's a wide variety of sport and recreational facilities available to you right on base.

You can rise in rank as rapidly as you deserve in the Marines, and in only 20 years, you can retire on a good pension while you're still young enough to enjoy life, or start a second career with the skills you've acquired.

For free booklets about how to get the jobs the Marines offer, see a Marine recruiter, or call, toll-free, 800-423-2600. In California, the toll-free number is 800-252-0241.

Nicotine gets its name from Jean Nicot, a 16th century ambassador who introduced tobacco to France.

MuleSkinners win trophies

The Iowa Park MuleSkinners have built a reputation for their outstanding chili, but now they are known in barbecue circles.

Two members, Larry Whitaker and Billy James, competed in the Brazos Valley World Championship Barbecue cookoff at College Station Saturday and came away with two trophies.

The trophies were first places for "Best Pit" and "Best Name".

Former county agent retires

W.C. "Bill" Pallmeyer, County extension Agent in Motley County since August 1, 1953, has announced his retirement from the Texas Agricultural Extension Service effective Tuesday.

Prior to his work in Motley County, Pallmeyer received his Extension Service training in Hall County in 1948 and served as County Agent two years in Wichita County and two years in Knox County.

Pallmeyer will move with his family to Meridian, where he will be engaged in private business.

Obituaries

Mrs. Mary Thompson

Services for Mrs. Mary Thompson, 65, who died Sunday in a Wichita Falls hospital, were Wednesday afternoon at First United Methodist Church, with the Rev. Mike Jackson officiating.

Burial will be today at 2 p.m. in the Vega Cemetery under direction of Tanner-Aulds Funeral Home.

Mrs. Thompson was born Dec. 2, 1913, in Joplin, Mo. She was a retired school teacher in the Iowa Park school system, a member of First United Methodist Church, the United Methodist Women, Christian Workers class, and the Retired Teachers' Association.

She is survived by her husband, Riley M. Thompson of the home; two sons, David of Athens, Greece, and Tommy of Dallas; two brothers, Jack Thomas of Waco and C.H. of Pullman, Wash., and two grandchildren.

Clifford C. Stegall

Services for Clifford C. Stegall, 71, formerly of Holliday, were held Tuesday at the Greenwood Funeral Home in Fort Worth.

Stegall died Sunday in a Fort Worth hospital, and he was buried in Greenwood Cemetery in Fort Worth.

Stegall was born Aug. 31, 1907, in Burke. He attended schools at Holliday, Texas Christian University and the University of Texas.

He operated a pharmacy in Holliday 15 years before moving to Fort Worth to practice law.

Stegall was a deacon and trustee of Connell Baptist Church of Fort Worth and a teacher of the Mens' Bible Class.

He was a member of the State Bar Association of Texas and Tarrant County Bar Association.

Survivors include his wife, Lillian Cross Stegall; two sons, J.W. of Fort Worth and Randal of San Antonio; a sister, Mrs. Mabel Darden of Fort Worth; two brothers, Dr. E.T. Stegall of Fort Worth and W.E. of Holliday; and a granddaughter.

Lorin Buck

Services were Saturday at the Holliday First United Methodist Church for Lorin Buck, 84, who died last Wednesday in a Wichita Falls nursing home.

Rev. Bob Bryan, pastor, officiated. Burial was in Holliday Cemetery.

A resident of Holliday since 1960, Buck was born Nov. 11, 1894, at Great Bend, Kan. He was a veteran of World War I and World War II.

Buck worked as a loader in a flour mill. He was a life member of American Legion Post No. 169 in Wichita Falls and was a member of the Holliday First United Methodist Church board.

Survivors include his wife, Viola; two stepsons, Dick Darnell of Wichita, Kan., and Bud Darnell of Texas; a sister, Mrs. Jennie Hermon of Kansas; three grandchildren and five great-grandchildren.

Robert Lynn York

Graveside service for Robert Lynn York, one-week-old son of Mr. and Mrs. Roger York, was Tuesday morning at Highland Cemetery under direction of Tanner-Aulds Funeral Home. The Rev. Howell Farnsworth, pastor of First Baptist Church, officiated.

He was born July 23, 1979 in a Wichita Falls hospital and died Sunday at a Fort Worth hospital.

He is survived by his parents; his grandparents, Mr. and Mrs. Fred York and Mr. and Mrs. Vern Horsky, all of Iowa Park; his great-grandparents, Mr. and Mrs. R.L. York of Wichita Falls, Mr. and Mrs. N.W. Callaway of Iowa Park, Mr. and Mrs. Hugh Gilbrech of Flippin, Ark.

Pallbearers were Keith Karstetter, Ray Harney, Dan Williams and Dennis Fischer.

Bloodmobile slates Aug. 23

The Red Cross Bloodmobile will be in Iowa Park for its regular visit according to the Epsilon Sigma Alpha Sorority, co-ordinated by Glenda Hall, Blood Services Committee. The Bloodmobile will be set up in the First Christian Church from 1 to 6 p.m. on Thursday Aug. 23.

Hall has announced the Iowa Park Bloodmobile goal at 75 units is part of the overall effort to provide that continuous supply of blood for the patients who need it. A total of 350 to 400 units of blood are needed each week throughout the region.

On August 23, the blood drawn in Iowa will be the freshest supply available. On any other day another bloodmobile in another community will supply the freshest supply of blood.

Because blood is only good for 21 days, fresh blood must be continually drawn and made available for patients.

The goal for a community is determined by a mathematical formula mainly based on the blood needs of the region and the number

of eligible donors within the donor age group of 17-65. In order to donate, volunteers must be in good health, weigh at least 110 pounds and pass a mini-physical given at the bloodmobile site. An individual must wait 56 days between donations.

Love is skin-deep. Give Blood.

Love is skin-deep. Give Blood.

the good neighbor.

The American Red Cross

Now that temperatures and electric bills are up, your air conditioner needs all the help it can get.

Hot summer temperatures make your air conditioner work longer and harder. That's what drives up your electric bill.

But there are some things you can do to help. Change or clean your air conditioner's filter to let air flow freely. And trim grass and weeds from around the outside unit for good air circulation.

Inside, close blinds and drapes to help keep out the heat. And try to

cut down on the number of times you open doors — an open door lets hot air rush in. Keep your thermostat set at 78° or higher.

To feel cool at this temperature, use a small portable fan to circulate air in the room.

For more ways to cut down high summer electric bills, get Texas Electric's free energy tips booklet. Just call Texas Electric or ask for the booklet on the comment portion of your bill.

30,072 Miles of Pipe:

WE'VE GOT A SYSTEM THAT'S SAVING YOU MONEY.

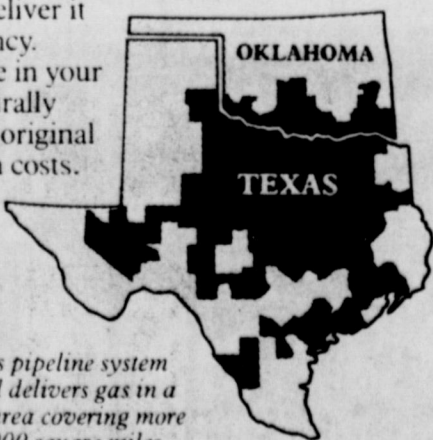

Our modern pipeline system saves you money because it helps us supply gas at the lowest price consistent with safe, reliable service.

This system includes 11,394 miles of gathering and transmission pipelines with thousands of interconnections and 18,678 miles of distribution mains.

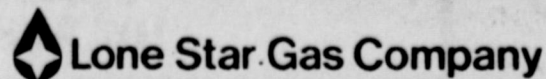

It helps us negotiate with gas producers for terms favorable to you. It lets us collect gas from more than 16,000 wells, then deliver it to you with cost-cutting efficiency.

Gas is an excellent value in your energy budget because it's naturally efficient. It works for you in its original form, free of energy conversion costs. And costs you less because we can deliver it efficiently and economically.

Lone Star's pipeline system receives and delivers gas in a geographic area covering more than 250,000 square miles.

Gas. It's plentiful, efficient and right for the times.

Shoe issuing Wednesday for football players

All Iowa Park High School football players are to report to the field house Wednesday to be issued

playing shoes, according to Head Coach Tommy Watkins. Shoes will be issued from

8 a.m. until "late that afternoon", to players on the freshman, junior varsity and varsity football teams.

Players must have their physical examinations taken prior to Aug. 13, the first day of workouts, Watkins said. Examination forms are available both at the field house and at Iowa Park Clinic.

Two-a-day workouts will begin the 13th, with morning sessions starting at 9 a.m. and afternoon at 5 p.m. Each session will last two hours.

Players will work out in

shorts through the first week, as required by University Interscholastic League rules. The second week of workouts, morning sessions will be in shorts, and pads in the afternoons.

First pre-season scrimmage will be Aug. 24 here with Electra, with both junior varsity and varsity teams seeing action.

Coach Watkins pointed out that the field house is open through the day and from 5:30 to 8:30 each evening for athletes wanting to work out on their own.

Ladies' swim program set

A new program for housewives has been started at the Bicentennial Swimming Pool, according to Dick Wineinger, manager.

A one-hour period for ladies will be held from 10 to 11 a.m. each Tuesday and Thursday for the rest of the

summer.

A water exercise program will be offered, for those desiring to participate. Those not wishing can use the period for just swimming.

Price will be \$1 per day per person, Wineinger said.

Dodd co-authors book

A former Iowa Parkan has co-authored an upper level textbook which analyzes the relationship between congress and the federal bureaucracy in the creation and execution of public policy.

Dr. Lawrence C. "Larry" Dodd, son of Mr. and Mrs. C.O. Dodd of Iowa Park, wrote the book "Congress and The Administrative State" along with Richard L. Schott. The 364-page book was published by John Wiley and Sons of New York.

Dr. Dodd is associate professor of government at the University of Texas. A graduate of Iowa Park High, Midwestern State Univ. and the Univ. of Minnesota, he is

the author of three other books on the legislative process.

Dodd is a former congressional fellow and is currently president of the Southwestern Political Science Association.

Dr. Schott is associate professor in the Lyndon B. Johnson School of Public Affairs at the Univ. of Texas. He holds degrees in history and public administration from Stanford Univ., John Hopkins Univ. and Syracuse Univ. A former Woodrow Wilson Fellow, he has written two other books on public service.

Founded in 1807, John Wiley and Sons is one of America's oldest publishing houses. It is eminent in science and technology, social science, business and medicine.

Municipal Court Records

Results of municipal court held here last Thursday were:

Machael Kelly Compton, possible suspension of driver's license, suspended two months;

Glen Cunningham, public intoxication, \$28.50.

More money for retirees

Air Force and civil service retirees in the Wichita Falls area will get a 6.3 percent cost of living increase in retirement checks issued Sept. 30.

The increase is based on increases of consumer prices from January through June. Figures compiled at the beginning of fiscal year 1979 (Oct. 1, 1978) indicated about 3,500 military and civil service retirees lived within a 25-mile radius of the base.

Gross annual pay to these retired individuals totaled approximately \$24.7-million. Their pay was also adjusted in March 1979 for another cost of living increase.

Active duty military and civil service workers are scheduled to receive a 5.5 percent pay increase Oct. 1, according to Air Force finance officials.

Wild oats cut wheat yields

By Don D. Decker
County Agent

Winter kill destroyed a lot of wild oats in wheat last winter, however, they caused considerable yield reduction according to chemical wild oat control demonstrations. The average increase in yield from controlling wild oats with Carbyne in five result demonstrations a-

mounted to 7.5 bushels per acre. Figuring the wheat at \$3.85 per bushel, the added net profit from this practice was \$19.93 per acre.

The Carbyne was applied by air at the rate of 1 1/2 quarts per acre just as the wild oats reached the 1 1/2 - 2 leaf stage. Yield measurements were taken at harvest with either the producers combine or with a small combine provided by Jim Gordon of Gulf Chemical Company.

Yield increases varied from 14.1 bushels per acre by Doug Wineinger near Thornberry to 2.4 bushels per acre by Clinton Swinford, west of Burk Burnett, to 14.1 bushels per

acre by Doug Wineinger. Wineinger's increase net profit from this practice amounted to \$45.34 per acre, while Swinford's testing increased profits by 29 cents per acre.

Jessie Flick's demonstration, north of Iowa Park, made 41.9 bushels per acre in the treated area, while the control produced 33.5 bushels per acre. The increased yield was 8.4 bushels valued at \$23.39. Loys and James Barbour increased their yields by 4.6 bushels per acre valued at \$8.76. The Carbyne treatment produced 33 bushels per acre with the control making 28.4 bushels. William Morton's wheat located

north of Iowa Park got an added yield of 7.3 bushels per acre valued at \$18.16. The Carbyne treatment produced 46.8 bushels per acre, while the check made 39.5 bushels.

Revival slated at Holliday

The Rev. Rick Hudson, pastor of the Church of God at Comanche, Okla. will be the evangelist for a revival at Faith Tabernacle, N. Bois D'Arc August 5-10. Services will be held at 7:30 p.m. each day and there will be special music during each service.

The Rev. Roy Stewart is pastor of the church.

PUBLIC NOTICE

ADVERTISEMENT FOR BIDS

CITY OF HOLLIDAY, TEXAS

Separate sealed bids for the construction of Water-treatment Facilities will be received by the Mayor at the City Hall in Holliday, Texas, until: 2:00 P.M., TUESDAY, SEPTEMBER 4, 1979 and then at said City Hall publicly opened and read aloud.

The Contract Documents, consisting of Advertisement for Bids, Information for Bidders, Bid, Bid Bond, Agreement, General Conditions, Supplemental General Conditions, Payment Bond, Performance Bond, Notice of Award, Notice to Proceed, Change Orders, Drawings, Specifications, and Addenda may be examined at the following locations: City Hall, Holliday, Texas, and Ernest L. Andrews, Consulting Engineer, 2621 Elmwood, Wichita Falls, Texas, 76308. Copies of the Plans and Specifications and Contract Documents may be secured at the same locations upon payment of \$25.00 for each set. Any Bidder filing a bid, upon returning the documents promptly and in good condition, will be refunded his payment, and any non-bidder upon so returning the documents in good condition will be refunded \$10.00.

Not less than the prevailing wage rates as established by the Secretary of Labor under the Davis-Bacon Act, as set forth in the contract documents, must be paid on this project.

Equal Opportunity in Employment: All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin. Bidders on this work will be required to comply with the President's Executive Order No. 11246, as amended. The requirements for bidders and contractors under this order are explained in the specifications. The "Notice of Requirement for Affirmative Action to Ensure Equal Employment Opportunity under Executive Order 11246" found in the Federal Register Vol. 43, No. 204, October 20, 1978, under Sec. 60.4.2(d); and Items 2 and 4 of the Notice

OPINION SURVEY -

TO ALL CITIZENS OF IOWA PARK

The Mayor and City Council request that every citizen complete the opinion survey below. The results of the responses will be analyzed and used to establish the goals and objectives for the City of Iowa Park for the coming fiscal year. After completing the survey, please return to City Hall or mail to P.O. Box 216, Iowa Park, Texas, 76367.

WHAT ARE SOME OF THE PROBLEMS CONFRONTING THE COMMUNITY OF IOWA PARK?

YES NO

1. Are there enough recreational places for our young people as well as the elderly?
2. Are streets and roads in a good state of repair?
3. Are sewage treatment and water facilities adequate?
4. Does Iowa Park have proper fire inspection and protection?
5. Are refuse collection and disposal services and facilities adequate?
6. Should more effort be devoted to community beautification, such as planting flowers, painting, cleaning up, and mowing?
7. Should more emphasis be placed on storm drainage facilities?
8. Is adequate police protection provided?
9. Do you feel that the City Hall facility properly reflects the civic pride of our community?
10. Do you feel that our library facility is adequate?
11. Do you feel that there is a need for a community center?
12. Are adequate cultural activities and facilities available?
13. Does Iowa Park have enough industry?
14. Should more effort be devoted to the restoration of downtown?

Fertilizer levels being studied

By Don Decker
County Agent

Twelve different fertilizer levels are being compared in a demonstration by Fred Dwyer, northwest of Wheeling Falls. The site is red land (Kumay loam), and it has been in wheat for several years. The purpose of the demonstration is to measure cotton yield response to nitrogen, phosphorous, potassium, and to determine the level which gives the best economic return. This level may or may not be the fertility level which gives the highest yield.

Fertility levels being tried include 20-0-0, 20-20-0, 20-20-20, 40-0-0, 40-20-0, 40-40-0, 40-40-40, 60-0-0, 60-40-0, 60-60-0, and 60-60-60. These are being compared back to a control with no fertilizer. This field has a history of fertilization on wheat, and there may be some fertilizer carry-over from previous years.

This field is typical of cotton rotation with wheat. This demonstration will show the fertility level under this situation which gives the best economic return on cotton following wheat.

The fertilizer was banded within thirty days after the cotton emerged. The fertilizer band was placed three inches to the side and about two inches deep. This put the material into the feeder root zone of the cotton.

This site will be one of the stops on the cotton tour to be conducted later in summer. Yield measurements will be made at harvest time and reported to the growers.

Some of our local farm producers are expressing interest in the production of alcohol for use as a fuel. Bill Bunton near Thornberry is getting rigged up to produce alcohol at the rate of approximately twenty gallons per hour.

The governor recently signed into law an amendment authorizing the Texas Alcohol Beverage Commission to issue permits for the production of industrial alcohol. Anyone who desires to produce alcohol for use as a fuel must secure this state permit as well as a federal permit. There are two types of federal permits for the production of alcohol for uses of fuel. These include: 1) experimental permit, and 2) distilled spirits plant operating permit.

Most of our beginning alcohol producers can qualify for experimental producers and can obtain an experimental permit if all application requirements are met. The distilled spirits plant operating permit is more difficult and time consuming to obtain.

We have no plans available as yet for constructing small alcohol distilling plants. There are some companies who manufacture small plants. Three of these include ACR Processing Corporation or T-Flama, Illinois; Alternative Energy, Ltd. of Colby, Kansas; and Great Northern Equipment Company of Springfield, Illinois.

Have information on both state and federal permit requirements to anyone who might be interested.
