## JOHNSON CASE

# Attorney wants trial moved from county

The attorney for Iowa Park agribusinessman Bobby Johnson has asked that his client's trial be moved out of Wichita County.

Johnson's attorney also has asked that the court reduce Johnson's \$1-million bond and dismiss four counts charging Johnson with aiding and abetting.

The flurry of defense motions filed in U.S. Court in Wichita Falls will be the prime fuel for debate between Gene Douglass, Johnson's attorney, and prosecuting Asst. U.S. Atty. R.H. Wallace when they appear at a preliminary hearing slated for 9 a.m. Wednesday in U.S. Judge Eldon Mahon's Wichita Falls courtroom.

In the motion asking for a change of venue, Johnson's attorney claims, "For more than two years defendant has received extensive, repeated and in-depth unfavorable publicity which has permeated all of the news media within Wichita County ... to the extent that the news media has effectively molded a prejudicial and fixed opinion into the minds of prospective jurors."

Johnson's attorney claims his client could not receive a fair and impartial trial in Wichita County.

In another motion filed by Douglass, the court is being asked to dismiss four counts against Johnson for aiding and abetting his brother H.C. Johnson. H.C. Johnson, who is

the principal defendant on those four counts, was acquitted of those charges, and therefore, his younger brother cannot be tried for aiding and abetting, defense counsel claims.

Johnson is charged with 13 counts of interstate transportation of stolen grain and the four counts of aiding and abetting.

Another motion claims Johnson's \$1-million bond is "unreasonable and unnecessary."

"The government's case against (Johnson) involves voluminous written records in the possession of the U.S. Attorney," the motion states. "In order to obtain a fair trial

(Johnson) must be in a position to assist his counsel in the review and study of those records."

Johnson was arrested July 14 in Rexburg, Idaho, and since July 20 has been held in Wichita County Jail in lieu of the \$1-million bond.

Johnson's attorney also has asked that government prosecutors not be allowed to enter evidence concerning Johnson's alleged flight from justice during his 2½ years as a federal fugitive. That would include Johnson's alleged fake drowning, travel to other states and countries, attempts by the FBI to locate him and the events leading to his arrest.

### BANKRUPTCY HEARING CONTINUES

Meanwhile, involuntary bankruptcy proceedings involving the Johnson family businesses is scheduled to resume at 11 a.m. next Wednesday in the same Wichita Falls federal courtroom before U.S. Bankruptcy Judge John Ford.

In a related settlement, farmers who lost money in their dealings with Johnson should receive additional partial payment soon.

A \$225,000 warehouse bond that has been tied up in state district court was resolved Monday. American Indemnity Co. Inc.,

which held the bond on Geronimo Elevator Co. in Wichita Falls, and attorneys for the farmers, Texas Department of Agriculture and Commodity Credit Corp. agreed that

the bonding company should pay the \$225,000.

Pro rata distribution of the money to farmers will be based on claims they filed with the USDA.

## Police seek interview with girl

Two Iowa Park police officers traveled to Fort Worth yesterday in hopes of interviewing Nanette Mathews, the nine-year-old girl found beaten and unconscious near her home last week.

The girl's condition was reported to have improved to the extent that she might be able to talk to officers and tell them who beat her and left her in a wooded area July 31.

Making the trip were Chief Jim Voyles and Officer Robert Dean. They had not returned by late yesterday afternoon, and it was not known whether they actually interviewed the girl or if they had obtained any additional information that might lead them to the

girl's assailant.

The young girl was found beaten, her clothes torn and her mouth bleeding during the early morning hours July 31. She was located by searchers a few blocks from her home in a wooded area near the intersection of Washington and Hawthorne.

She was transferred to John Peter Smith Hospital in Fort Worth and underwent surgery for head injuries last Tuesday afternoon.

For several days she was listed in critical condition in the hospital's intensive care unit, but earlier this week was moved to a private room where her condition improved to fair.

## Former resident fatally wounded

A former Iowa Park resident was shot to death early Sunday morning at Weeks Park in Wichita Falls.

Phillip Wayne Hopkins, 28, was fatally wounded when an argument developed following a fish fry, though he reportedly was an innocent bystander.

A 24-year-old Burkburnett man, Terry Wayne Kirkpatrick, remains in Wichita County jail in lieu of \$50,000 bond placed on him by Justice of the Peace R.L. "PeeWee" Stewart. He has been charged with murder.

Hopkins, who died about 2 a.m. Sunday at Wichita General Hospital, attended school here and was the owner of Hopkins Painting Contractors of Wichita Falls.

Funeral services were held Tuesday afternoon.

Kirkpatrick reportedly was not a member of the group holding the fish fry. He allegedly left the scene after the shooting and was arrested on the expressway at FM 369 by a sheriff's deputy.

# LEADER

## IOWA PARK

THURSDAY, AUGUST 9, 1979

VOL. X, NO. 49      IOWA PARK, WICHITA COUNTY, TEXAS 76367      20 CENTS

## Budget, personnel board topics

Budget and personnel will probably be the major items on Tuesday's school board meeting agenda, which is scheduled to get underway at 7:30 p.m.

Trustees will hear recommendations from administration personnel

as to needs and projected income concerning the budget.

Tax Assessor-Collector Bill Steger has indicated the district will possibly have a decrease in rate this year. He is publishing a legal notice in this issue of the Leader, that the rate will be \$1.53 per \$100 valuation unless the board makes a change prior to budget adoption.

Some six or seven faculty positions are to be filled, due to changes in jobs.

One such change, announced by Supt. Faris Nowell, was high school math teacher Mike Pridey, who has

been hired as principal at the Byers school.

Also under personnel, resignations must be acted on, as a formality.

Another formality, the contract for the West Wichita Cooperative, of which the Iowa Park district is the agent with the state, will be renewed, Nowell said.

Other topics to be discussed are progress on construction of the high school gymnasium, fund-raising projects for the high school student council, and the forthcoming Texas Association of School Boards convention.

## New students encouraged to enroll now for classes

Students who did not attend school in Iowa Park last year and will attend this fall, but who have not yet enrolled, are encouraged by school officials to report as soon as possible to the principal's office of whatever campus they attend.

All students who attended school here last year are pre-enrolled for classes which are to start Aug. 27.

New students are to register at Bradford, Kidwell, Valley View and Junior High Thursday and Friday of next week, between 8:30 a.m. and noon, and 1 to 3 p.m.

High school principal Bob Dawson has set Aug. 23 and 24 as dates when his students are to report for their locker assignments and other activities necessary prior to start of class.

On Aug. 23, seniors are to be at the high school between 10 a.m. and noon, with juniors reporting between 2 and 4 p.m. the same day.

Sophomores are supposed to report between 10 a.m. and noon Aug. 24, with freshmen scheduled to report between 2 and 4 p.m.

Even with the smallest freshman class in a number of years reporting

this fall, no decrease in high school enrollment is expected, Dawson said.

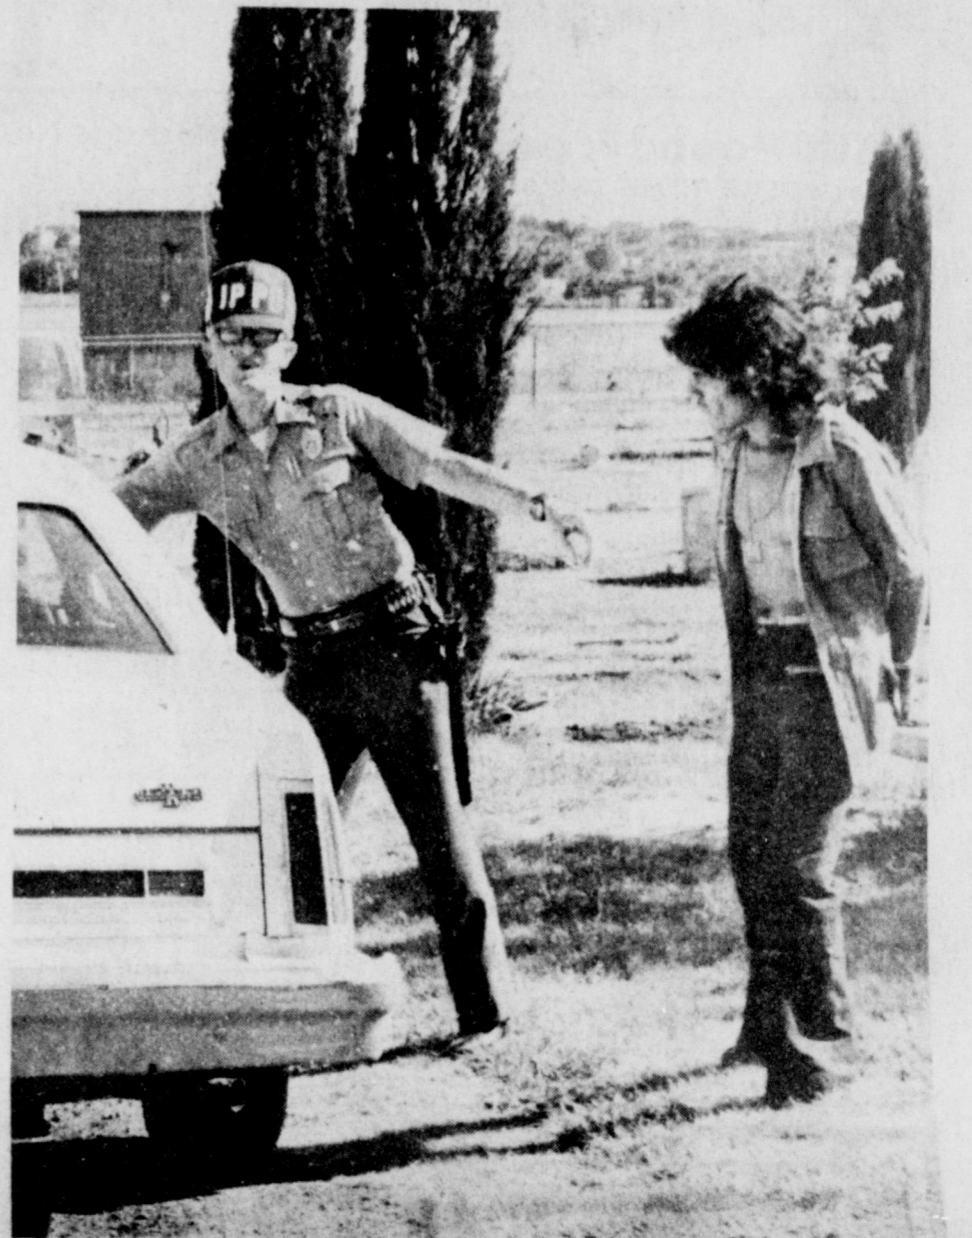

There were 148 seniors who participated in graduation ceremonies last May, and 168 freshmen are pre-enrolled for the start of school.

Additionally, 188 sophomores are expected, 190 juniors and 184 seniors. Should they all report for class, 736 students would start class at Iowa Park High this fall, as compared to 730 at the end of last year, Dawson said.

### Kindergarten student screening set Monday

All children who will be five years of age by Sept. 1 and who have not yet been registered and screened for kindergarten classes are encouraged to report to Kidwell Elementary between 8:30 a.m. and noon Monday for registration and testing.

Immunization record and birth certificates are required for registration, according to Bob Cole and George Taylor, elementary principals.

ALIEN ARRESTED AT CEMETERY  
...Officer Billy Hamilton escorts Mexican national.

## Alien 'deported' to city limits

Iowa Park police responded to a call Monday afternoon in reference to an illegal Mexican alien allegedly attacking a woman at Highland Park Cemetery.

The alien, Antonio Mata Gutierrez, was apprehended by police here and taken to police headquarters for questioning.

Officer Esmeralda Koenig conducted the interrogation in Spanish. The alien was questioned on the alleged incident at the cemetery. He also was questioned concerning the beating of nine-year-old Nanette Mathews.

Police determined the Mexican man knew nothing about the beating of the girl, and that the incident at the cemetery involved the man trying to get a ride to Petrolia where he was looking for work.

Because of conditions precipitated by a cut in funding to the U.S. Border Patrol, the alien was taken to Iowa Park's western city limits and released.

Officials here and at Wichita County Sheriff's Office explained the U.S. Border Patrol is trying to

dissuade local law enforcement agencies from arresting aliens just because they are aliens.

Recent deportation proceedings have been limited to "undesirables," and aliens who can be prosecuted for local and state offenses.

In the case of the Mexican apprehended at the cemetery here Monday afternoon, he had not broken a local or state law, and therefore was released.

Local authorities have been less than enthusiastic about incarcerating aliens because they must bear the expense of housing until the suspect is picked up by U.S. Border Patrol agents in Lubbock. Sometimes that can be weeks, and the federal agency is hesitant about reimbursing local law enforcement entities in such cases.

In other police action this week, Perry Copas, 116 Westview, told police Monday that someone had broken the windshield of his pickup.

Steve Greenwood, 201 W. Pecan, told police last Wednesday that his home had been burglarized of \$550 worth of stereo equipment.

### OPTION HOLDERS ONLY

## Season tickets on sale

With two-a-day football practice opening Monday, Iowa Park High principal Bob Dawson has announced opening of season ticket sales to option seat holders.

Option holders are those who donated cash, materials or labor for construction of Hawk Stadium, and have continued to renew their options each year. Option holders have their choice of seats.

Option holders will have through Aug. 31 to buy their tickets.

Season tickets for non-option

tickets will be placed on sale at 6:30 p.m. Tuesday, Sept. 4.

Cost of a season ticket is \$10, for five home games with Decatur, Jacksboro (homecoming), Graham, Weatherford and Vernon.

Tickets purchased at the gate are \$3 this year.

All high school football players were to receive their shoes yesterday at the field house, so they can break them in prior to formal practice sessions.

Starting Monday, morning sessions will begin at 9, and afternoon sessions at 5. Each session will last two hours. Players will work out in shorts next week, and in pads one session a day next week.

First pre-season scrimmage will be here Aug. 24 against Electra. Season opener will be Sept. 7 at Bowie.

HOUSE FIRE..Iowa Park Volunteer Fire Department responded to a house fire at 309 E. Cash Monday afternoon. Craig Rains said he returned to the rent house in the alley to find it engulfed in smoke. The house belongs to his father Herman Rains. Officials theorized the fire was started by electrical wires in the attic. No one was injured as a result of the blaze.

# Eastman-Boucher wedding held in Wichita Falls

The wedding of Miss Karlene Gayle Eastman and William Lee Boucher Jr. was solemnized Saturday afternoon at the First Baptist Church in Wichita Falls.

The bride is the daughter of the Rev. and Mrs. Clinton L. Eastman of Sterling City, and the groom is the son of Lee Boucher of Wichita Falls and the late Mrs. Olive Boucher.

The bride's father, who is pastor of the Sterling City Baptist Church, officiated the double-ring nuptials.

A concert of sacred wedding music was presented by Mrs. Randall Conner of Winters, organist, and Mrs. Robert Wilson of Bridgeport, pianist. Their prelude duo numbers included "Oh, How He Loves You and Me", "There Is No Greater Love", "Love Was When", "The Lord Whom We Love" and "Jesu, Joy of Man's Desiring".

The instrumentalists alternated providing the accompaniment for the vocalists. Larry Shields of Wichita Falls sang "Savior, Like a Shepherd Lead Us" and Mrs. Elton Milford of Wichita Falls presented "Eternal Life", and for a duet number they sang "God, A Woman and a Man".

The bridal party approached the altar to the strains of "Ode to Joy" by Beethoven played by the organist and pianist and Robert Wilson, trumpeter, and departed from the church as the organist played "Praise to the Lord the Almighty."

The nuptial area was illuminated with cathedral candles in a flowing circle grouping. The center featured arched candelabra adorned with fresh lemon-leaf and emerald. On either side the tapers were aglow in both seven-branched and five-branched candelabra. Two sunburst arrangements of white gladioli and the profile prayer bench further

graced the setting. Family pews were designated with white satin bows.

Candles for the service were lighted by Mark and Markita Savage of Iowa Park, nephew and niece of the groom.

The bride was presented in marriage by her brother, Darrell Eastman. She was an exquisite picture in a formal sheerganza gown. The reembroidered lace bodice traced with pearls was enhanced with a Queen Anne neckline and long traditional sleeves deeply cuffed in the lace. The skirt with its chapel float of chiffon featured a wide bordered hemline inset with lace.

For her headpiece, the bride chose an Alencon lace bandeau and a fingertip illusion veil edged with pearls plus a face-proof veil. The unique bridal bouquet featured lovely garlands of yellow sweetheart roses, baby's breath, ivy leaves and springer fern tucked in her father's white wedding Bible. Concealed in the bouquet was a corsage of yellow roses that was lifted out for her to wear with her traveling ensemble when she and the groom left on their wedding trip.

Conforming to the prevailing custom of observing bridal traditions, the bride wore a third generation wedding lavalier for "Something old"; carried her father's Bible for "something borrowed" and followed the custom of wearing the garter for "something blue."

Two of the bride's cousins, both from Brownwood, were the honor attendants. Mrs. Bruce Fowler was matron of honor and Miss Kathy Bishop was maid of honor. They were attired in long yellow Qiana gowns designed with draped necklines and blouson effect bodices. They carried bouquets of yellow and white daisies, smilax and ivy leaves in informal hand-picked designs and wore yellow daisy and ivy hairpieces.

The groom wore a black tuxedo with tails, a white ruffled shirt and a yellow

rose with ivy backing for his boutonniere. The masculine participants wore less formal black tuxedos.

Larry BeSaw of Asutin was the groom's best man and Elton Milford of Wichita Falls was groomsman. Duties of ushering were assigned to Lynn Savage, Jim Hawkins, Lewis Vann, Richard Kaminski, all of Wichita Falls and Allen Eisenbach from San Angelo.

Following a wedding trip to New Orleans, La., the couple will live in Iowa Park. The bride, who is employed by the Iowa Park Consolidated Independent School District, received a bachelor of music education degree from Hardin-Simmons University. The groom received a master of arts degree from Texas Tech and was recently graduated from Midwestern State University's School of Nursing. He is employed at Wichita General Hospital.

The postnuptial reception was held in the Fellowship Hall of the church where decorations continued the excellent taste that characterized the wedding decorations.

The bride's table was covered with an ivory satin cloth with a skirt that fell to the floor from a gathered ruffle at the top. The cake, baked by Mrs. Ira Bishop of San Angelo, aunt of the bride, towered resplendent in the decor. Consisting of four white tiers embellished with cascades of yellow roses, a sparkling, splashing fountain between the second and third tiers separated by columns enhanced eye appeal. A pearled heart and white satin wedding bells, two familiar wedding symbols, were linked together to ornament the top tier in a graceful fashion.

The silver branched candelabrum holding yellow and white daisies and roses and candles was the attractive centerpiece and the silver and crystal serving pieces completed table appointments.

The groom's table laid with ivory lace held a hurricane globe candelabrum, a fruit cake made by

MRS. WILLIAM LEE BOUCHER, JR.

the bride's mother trimmed with yellow roses and a cross holding double wedding rings.

The bouquets of the bride and her attendants were used to beautify the ivory satin-covered bride's book table where guests registered with a yellow plume pen. Mrs. Johnnie Eisenbach of San Angelo, aunt of the bride, directed signatures of the guests.

Reception assistants were Mmes. Alice Redmond, Peach Creek, Ga., Robert

Sisterson, Houston, Ted Flournoy, Abilene, Mike Kirkpatrick, Lubbock and Miss Emily Cauhape, also of Lubbock.

Mrs. Sheldon Brown of Wichita Falls, pianist, played a medley of love songs during the reception.

Mrs. Joe Eastnam of Brownwood, grandmother of the bride, was among the special guests.

The groom's father gave the rehearsal dinner Friday evening at Antonio's Ristorante.

## Shower fetes bride elect

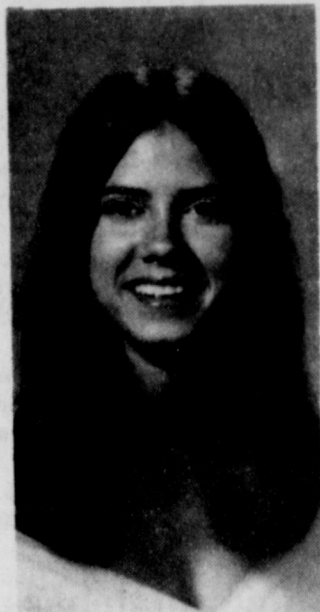

Debbie Cook, bride-elect of Mark Stucki, was honored Tuesday evening with a miscellaneous shower in the home of Mrs. Raymond Long.

Co-hostesses were Meses. Ross Roberts, Harrel Sullivan, Ralph Beall, Derrell Burrell, Gary Blalack, Glenn Garrett, Orange Lester, Earl Crush, Harold McCord and Ray Fortner.

The refreshment table was decorated with a daisy

centerpiece and candles in the honoree's chosen colors, yellow and white.

Among the guests were Meses. Forest Cook and Harold Stucki, mothers of the engaged couple. They, along with the honoree, were presented corsages of white daisies trimmed with yellow ribbons. Also attending were Misses Brenda Cook and Vanessa Stucki, sisters of the young couple.

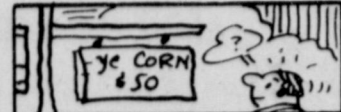

VANESSA VENCIL

### Announce engagement

Mr. and Mrs. C.D. Strickland, of 1116 Ireland in Wichita Falls, are announcing the engagement of their daughter, Vanessa Vencil, to Stanley Dale Clines, son of Mr. and Mrs. M.J. Clines, 800 Vogel, and the late Mrs. Fay Clines.

The couple have set Sept. 7 as the date for their wedding.

The bride elect is a graduate of Wichita Falls High School, and has been employed by Whitney Ford in that city. Clines was graduated from Iowa Park High School, and is presently employed by Buchanan Construction Co. of Wichita Falls.

In 1933, the per bushel prices of wheat and corn in America were lower than they had been 300 years before.

# Cook of the Week

Today's busy mothers, many of whom are business women, seem to be getting good results with fewer woman-hours in the kitchen, at the same time practicing efficiency and "know how" in the business of homemaking. Much credit for that probably goes to the modern equipment, methods and foods, but a lot goes to the "We're Partners" relationship between husband and wife.

Linda and Jim Bob Merrick are partners in the kitchen just as they are in every other part of their lives. She says that the greatest difficulty they encounter in the kitchen partnership is that he goes strictly by recipes when cooking, considering that a necessary tool in the art of successful cookery. Naturally, he can't appreciate her measuring salt, pepper, spices, etc. by "pinches and dashes".

Since Linda and Jim Bob both work and have two small children, they have learned to plan their meals wisely keeping their menus from becoming so complex that it would take a staff of

cooks to execute them properly. "We're Partners" is truly the secret of their happiness and success in the kitchen.

The couple met at West Texas State University. She was graduated from Iowa Park High School and participated in the Miss Iowa Park Pageant during her senior year when she was named Miss Congeniality. She attended WTSU two years and Midwestern State University one year.

Jim Bob was graduated from Quannah High School. He attended WTSU three years and served in the U.S. Navy 10 years. During that time they lived in Morocco, N. Africa, Washington, D.C., Houston and Virginia. They moved to Iowa Park last fall. He is working for the Iowa Park school system and attends MSU. She is working in the insurance office at Wichita General Hospital until August 13, when she will start working as secretary for State Farm Insurance in Iowa Park.

He is a member of the Optimist Club and enjoys all kinds of sports. Linda is a member of the Opti-Mrs. Club and her hobbies are collecting cookbooks and unusual Christmas tree decorations, and oil painting.

The couple's two children, J'Bill, age 5, and Jeri, six months of age, are the pride and joy of their lives; and their grandparents, Bill and Jerry Steger sort of feel the same way about them.

## HINNEY SINGING TEA CAKES

3 1/2 cups unsifted flour  
1 t salt  
1/4 cup sugar  
2 1/2 t baking powder  
1/2 cup currants  
1 1/4 cups milk  
4 T melted butter  
Oil for frying  
Combine all ingredients. Roll out 1/4 inch thickness, cut in 3 inch rounds. Stick with fork 4-5 times. Fry in oil, brown, turn once. Butter hot or cut and toast.

## GREEN ENCHILADA CASSEROLE

1 small can evaporated milk  
1 small can green chilies (chopped)  
1 diced onion  
1 can mushroom soup, undiluted  
Tortillas  
1 lb. ground meat, browned  
Grated Cheddar cheese  
Mix milk, chilies, onion and soup. Fry tortillas just until soft. Layer tortillas with mixture, meat and grated cheese. Bake 20 to 30 minutes at 350 degrees.

## PRALINES

1 cup brown sugar  
1 cup white sugar  
1 T corn syrup  
1 T butter  
5 T water  
Combine all ingredients. Bring to boil. Add 3 cups whole pecans. Cook until soft ball stage (238 degrees) remove from heat. Stir until it loses gloss. Drop on wax paper. Makes 3 dozen.

## CREAM OF GREEN CHILI SOUP

Saute one medium onion in 1/2 lb. butter until soft. Add flour to make thick roux and cook until bubbling. Add 1 pint half and half or light cream and 1/2 gallon milk. Blend 26 oz. of green chilies (put through sieve to make puree). Add green chili puree to other ingredients. Season with salt and cayenne pepper. Cook over low heat, stirring often.

## MULTI-LAYERED JELLO

Use a 9" x 14" pan. Put salad oil on pan to prevent sticking. Mix one pkg. of jello with 1 (repeat one) cup of boiling water. Take 1/3 of jello that has been mixed and put in a bowl. Pour the remaining 2/3 of jello mixture into the pan and put into refrigerator. As soon as that layer of jello is congealed (10-15 minutes), add 1 cup sour cream to the 1/3 cup of jello in the bowl,

Linda and Jim Bob Merrick

mix well and pour into pan on top of the congealed layer of jello. Put back in refrigerator. When this layer congeals you have two layers of jello.

Repeat this process with additional boxes of jello (colors of your choice) as many times as you have time for. The initial layer takes slightly longer to congeal. If you leave the pan in the refrigerator longer between some layers than others, it doesn't seem to hurt the end product.

## TORTILLA VEGETABLE CASSEROLE

2 T salad oil  
3-4 medium zucchini  
1 medium onion  
1 green pepper, chopped  
1 cup chopped green chilies  
Salt and pepper  
1/2 t cumin  
6 corn tortillas, cut in wedges  
1 cup sour cream  
2 T flour  
3 cups shredded cheese  
Heat oil in skillet; add zucchini, onion, green pepper and cook until barely tender (5 minutes). Stir in chilies, salt, pepper and cumin.  
Blend flour with sour cream. In 2-quart casserole arrange half the tortilla wedges; layer with 1/2 vegetable mix, 1/2 sour cream and 1/2 cheese. Repeat. Bake uncovered 30 minutes at 325 degrees.

## Recreational Center offers wide activity

The Iowa Park Recreational Activity Center is offering something for everyone in the community, according to Mrs. Betty

Merriman, director. Open Tuesday, Wednesday and Thursday from 10 a.m. to 5:30 p.m., persons have the option of playing pool, ping pong, foos ball, air hockey or penball. Also available are television, and space to play games or read in cool comfort.

Fridays, the RAC is open from 2 to 9:30 p.m. for games or dancing to the juke box.

Saturday is dance night. The building opens at 5:30

p.m., with dancing from 8 to midnight. This week's disc jockey is "Silver Shadow Disco".

Mrs. Merriman reminds the public that the price of admission to the dances is less when they are members.

### ADULT CLASSES

Adult classes are now being planned for fall. Yoga, belly dancing, aerobic exercises and craft classes will be offered. Persons should call now to have their names on the list for classes.

The calendar of events will change in September, according to Mrs. Merriman,

and the changes will be released in the Leader as soon as they are completed.

## Marsh named Burk manager

Jim Marsh, who has been assistant manager of the Iowa Park JRB Supermarket, has been named manager of the JRB store in Burkburnett.

The former Piggly Wiggly employee, who has 21 years grocery experience, lives in Wichita Falls. He was raised in Altus, Okla.

## Junior high band rehearsals slated

Junior high band students will begin fall rehearsals Monday morning, according to Mark Cartwright, director.

Rehearsal sessions will begin at 9 a.m. and continue until 11 at the junior high band hall.

All students are encouraged by Cartwright to attend, and bring their instruments. Questions from students or parents should be directed to the director at 592-2593.

## Birk Circle has meeting

The Lucy Birk Circle of the First Presbyterian Church met Tuesday morning with Mrs. C.E. Birk.

The president of the Women of the Church, Mrs. C.E. Birk called the meeting to order, and presided.

Miss Titia Belle Blanks taught the Bible lesson, entitled "Passion Week: The Cross, Then Resurrection." She said that, "as

significant and deterministic as Jesus' death on the cross was, no single event in the life of Jesus Christ is as important and essential to Christianity as the resurrection. On it centers the Christian church - its life, its mission, its worship, its hope."

Following a salad luncheon, the group observed the birthday of Mrs. John Clapp, Sr. with cake and ice cream.

## Inflation affects your electric bill even more than your grocery bill.

Every time you go to the grocery store you can see what inflation's doing to your food bill. But because you don't buy electricity by the can, you probably don't realize how inflation affects the cost of electricity.

Fuel costs are up, particularly natural gas. Equipment costs are up. Power lines, transformers and poles cost us more every day. Just like milk costs you more every day.

The millions of dollars we must borrow to build plants to ensure your electricity needs in the future are costing us more.

The cost of building these plants is higher, too, because of inflation. And because of the time and money it takes to comply with an ever-increasing number of government regulations. The longer it takes to build, the more inflation takes its toll. Inflation, overregula-

tion and rising fuel costs are all making your electricity cost you more. But by using electricity wisely you can do your part in keeping that cost down in your home. At Texas Electric, we want you to know what you're paying for.

W. N. HOUSE, Manager, Phone 592-4149

## Elementary school supply list helpful

A list of school supplies needed by elementary students has been released by the Iowa Park Consolidated Independent School District.

The list is for those supplies needed for students from the kindergarten through the sixth grades.

### KINDERGARTEN

- 2 - No. 2 pencils
  - 1 - box No. 8 crayons, 8 colors per box, regular
  - 1 - pair pointed scissors
  - 1 - box facial tissues, 200 count
  - 1 - plastic bottle Elmer's glue, 4 ounce
  - 1 - rest mat (plastic, heavy towel or throw rug, 46" x 24" maximum)
- Please do not label articles

### FIRST GRADE

- 1 - large pencil eraser
- 1 - pair pointed scissors
- 2 - No. 2 pencils, regular
- 1 - box regular crayons, 8 count
- 1 - plastic jar of paste (not squeeze bottle), Kidwell only
- 1 - plastic bottle Elmer's glue, 8

- ounce, Bradford only
- 1 - water colors (with good brush)
- 2 - Alladdin handwriting tablets - No. 5001 - or
- 2 - Zaner-Bloser handwriting tablets - grade 1
- 1 - box facial tissues, 200 count
- 1 - school box (cigar box size)

### SECOND GRADE

- 2 - No. 2 pencils
- 1 - eraser
- 1 - bottle white school glue
- 1 - Big Chief tablet
- 1 - box regular crayons, 24 count
- 1 - pair pointed scissors
- 1 - box facial tissues, 200 count
- 1 - school box (cigar box size)

### THIRD GRADE

- 2 - No. 2 pencils
- 1 - package white looseleaf notebook paper
- 1 - pair pointed scissors
- 1 - box regular crayons, 24 count
- 1 - clipboard (Bradford only)
- 1 - folder with pockets (Kidwell only)

- 2 - Alladdin handwriting tablet - No. 5003 - or
- 2 - Zaner-Bloser handwriting tablet - Grade 3
- 1 - spiral notebook, 8x10, 50 pages
- 1 - spiral notebook, pocket size
- 1 - box facial tissues, 200 count
- 1 - large eraser
- 1 - plastic bottle Elmer's glue, large
- 1 - school box, cigar box size
- 1 - box water colors, good brush

### FOURTH GRADE

- 2 - No. 2 pencils
- 1 - box regular crayons, 24 count
- 1 - plastic bottle Elmer's glue
- 1 - 12 inch ruler
- 1 - package white looseleaf notebook paper
- 1 - box map colors, 12 count
- 1 - large eraser
- 1 - pair pointed scissors (Kidwell only)
- 3 - folders with brads and pockets
- 1 - box facial tissues, 200 count
- 1 - spiral notebook, 75 pages, (Bradford only)
- 1 - red grading pencil
- 1 - school box, cigar box size

### FIFTH & SIXTH GRADES

- 2 - No. 2 pencils
- 1 - package white looseleaf notebook paper
- 2 - spiral notebooks, 8x10, 50 pages

### WORTH QUOTING

In other words, the energy problem is not any great problem - in fact we figure that if welfare money couldn't be spent on gasoline or central heat and air, or power to run color TVs, we would see a very drastic drop in the energy consumed.

Have you made out a payroll lately - it'll make you sick if you do.

Now there is very little that many of us are willing to pay for without an itemized statement. Yet, there are no itemized statements for the dollars and dollars that are taken out of the working man or woman's checks.

The "big hand" is there first, and it ain't reaching - it's grabbing, quicker'n most of us can fill it up. Any more it is a crime to work for a living, and everywhere you look people are fed up with having to foot the bills for so much that is pure-dee waste.

GRANT MABRY  
Hood County News

## As I See It....

Some interesting stories came out of the South Plains area over the weekend, concerning generation of electricity.

The Brownfield News had as its lead story an article about the possibility that that city would receive a grant to build a windcharger system.

Lead story for the Lamb County Leader-News at Littlefield was a half-million grant from the Department of Energy to study feasibility of converting a gas-powered generating plant to solar power.

Part of Brownfield's electricity is provided by a municipal generating system. The wind generating project is really not new, as some large units are already in operation, such as at Clayton, N.M.

The proposed unit at Brownfield figures to generate about 2,500 kilowatts, or roughly half the amount generated by the city's gas turbine power plant.

Southwestern Public Service Co. has a 100,000 kilowatt gas-fired unit in Lamb County which is about to be put out of business due to the cost of natural gas. In fact, construction has

already started on a coal-fired plant nearby.

The grant was given Southwestern Public Service and General Electric Co. to develop a system which would supply approximately 60 percent of the kilowatts the gas unit produces. Additionally, it will be designed so it can utilize both solar and gas, at the same time or separately.

I've been waiting for data to be released from Sheppard AFB, about the savings and efficiency of those solar units installed on base housing about a year ago. We should get a pretty good idea about how much they help on utility bills in this part of the country.

We've got one small solar unit in operation here in Iowa Park.

Dr. Richard Carver designed and built a small unit to heat the water in his swimming pool, and says it does a pretty good job.

He's working on a larger unit to increase its capabilities, besides just

heating pool water, and I'm going to be watching that with real interest.

With utility rates going up rapidly, and everybody being conscious about the energy shortage, there's no telling what changes and advancements will be coming up in the future.

I noted with interest that, shortly after Bob Bullock made his big talk to the AFL-CIO meeting, the Associated Press quoted him as saying he was considering leaving politics and going into the automobile business.

Not only is that a grand idea, but it would certainly serve as an eye opener for the political hack. He might find out then how much a problem bureaucrats are for business people.

Wouldn't it be funny that, if he were to buy an auto dealership, every one of his employees would join a union...and he would be forced into bankruptcy because he couldn't afford the demands of his employees!

## Lone Star Gas wants 15% hike

Lone Star Gas Company filed an application with the Texas Railroad Commission Wednesday seeking to increase its authorized city gate rate to \$2.21 per Mcf (thousand cubic feet) of gas - a 15 percent increase in the city gate rate in effect.

If the request is granted, the company would realize an additional \$40.9-million in revenue annually.

"The increase is necessary," says Douglas W. Williams, senior vice president of Lone Star, "because of the sharply higher costs of buying gas in the field and the increase in the general costs associated with operating any business."

The city gate rate is the amount Lone Star Transmission Division charges the company's Distribution for gas delivered to residential and commercial customers and for distribution company-used and unaccounted-for gas. Transmission is the segment of the company that buys, cleans, stores and delivers gas to the cities.

The increase, based on the city gate rate in effect last December, is 29 cents per Mcf. The average residential customer's bill would increase approximately \$28 per year.

Lone Star's current city gate rate, established by the Railroad Commission in 1977 and based on a test year ending December 1975, allows Lone Star to recover only 85 percent of the increase in gas costs above \$1.1802.

As part of the application filed Wednesday, Lone Star is again requesting a 100 percent flowthrough of gas purchase expense consistent with the rule-making request presently pending before the Railroad Commission. "As a result of the 85 percent flow-through restriction, Lone Star absorbed approximately \$13-million in gas costs in 1978 alone," Williams says.

The proposed rate increase will only affect residential and commercial customers.

## City council sets meeting

Members of the city council face a light agenda when they meet Monday at 7 p.m., according to Steve Morath, city administrator.

The council is to open bids for demolition of two delapidated houses; consider a resolution to allow the Texas Municipal League to represent the city in the Texas Electric Service Company rate case before the Texas Public Utility Commission; discuss a request by the Evening Lions Club for the city to contribute funds toward remodeling a proposed meeting building; and hear a request from Boy Scout Troop 38 for permission to sponsor a marathon.

107 WEST PARK

GREENBELT BOUND—Holliday gridiron all-stater Gerry Graves has been in Childress this week preparing for the 30th Annual Greenbelt Bowl Football Classic scheduled for 8 p.m. Saturday. Graves, son of Mr. and Mrs. Grady Graves, will be playing on the East team. The queen nominee escorted by Graves will be Lisa Talley, daughter of Mr. and Mrs. Don Talley.

## HER HONOR, THE JUDGE

# Council names Mary Denny

Holliday City Council appointed a new municipal judge and denied a natural gas rate hike at Monday night's meeting.

Mary Denny, who became Holliday's first woman city councilman when she was appointed to fill the unexpired term of her late husband, Monday night became the town's first woman municipal judge.

She was appointed to the position following an executive session of the council Monday night.

The executive session also

resulted in the council approving the hiring of Elizabeth Gorman to help finish preparing the tax roll.

Pay raises were approved for Elvin Hoover and Timmy Teafattler.

The council made quick work in denying a 15 per cent rate increase for residential and commercial customers of Lone Star Gas Company.

Councilmen renewed its old rates for dump ground use. Residents inside the city limits can obtain a sticker permit for \$2. The

same price will apply throughout the year. Pick-ups without a sticker will be charged \$2 per dump. Trucks without a sticker will be charged \$5 per dump. Residents outside the city limits can obtain a sticker for \$48.

The council voted to drop its collision insurance on all vehicles except the 1978 police cruiser and the 1977 fire truck.

Don Talley reported Archer County Commissioners are interested in helping build a new law enforcement fire station facility in Holliday.

Authorities are investigating the possible methods of financing including a federal grant or county federal revenue sharing money, Talley said. Initial plans are to build a facility that would include police department facilities, a justice of the peace courtroom, fire truck bays and storage facilities.

Councilmen voted to request that Stone Gulf extend credit to the city for 30 days to avoid having to

use credit cards.

Councilmen moved to file an application with the highway department requesting a stop light be installed on Seymour Highway.

City water service to W.A. Wood's Salvage was

approved contingent on approval by the City of Wichita Falls.

Councilmen approved to pay expenses for Laverne Latton, city secretary, to attend a school on municipal taxes in Abilene on August 16.

## School board sets meeting

The Holliday school board appears to be facing a lengthy agenda when it convenes in regular session at 7:30 p.m. Monday.

Trustees will have to tackle the 1979-80 budget and several personnel changes.

Resignations have been

tendered by Dwade Reinsch, band director, and Cotton Davis, girls basketball coach. Reinsch has taken a directing job at Longview, and Davis reportedly is going into business.

Trustees also will act on a replacement for coach Bill Lee, who has been appointed high school principal.

## PUBLIC NOTICE

ADVERTISEMENT FOR BIDS  
CITY OF HOLLIDAY, TEXAS

Separate sealed bids for the construction of Wastewater Treatment Facilities will be received by the Mayor at the City Hall in Holliday, Texas, until: 2:00 P.M., TUESDAY, SEPTEMBER 4, 1979 and then at said City Hall publicly opened and read aloud.

The Contract Documents, consisting of Advertisement for Bids, Information for Bidders, Bid, Bid Bond, Agreement, General Conditions, Supplemental General Conditions, Payment Bond, Performance Bond, Notice of Award, Notice to Proceed, Change Orders, Drawings, Specifications, and Addenda may be examined at the following locations: City Hall, Holliday, Texas, and Ernest L. Andrews, Consulting Engineer, 2621 Elmwood, Wichita Falls, Texas, 76308.

Copies of the Plans and Specifications and Contract Documents may be secured at the same locations upon payment of \$25.00 for each set. Any Bidder filing a bid, upon returning the documents promptly and in good condition, will be refunded his payment, and any non-bidder upon so returning the documents in good condition will be refunded \$10.00.

Not less than the prevailing wage rates as established by the Secretary of Labor under the Davis-Bacon Act, as set forth in the contract documents, must be paid on this project.

Equal Opportunity in Employment: All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin. Bidders on this work will be required to comply with the President's Executive Order No. 11246, as amended. The requirements for bidders and contractors under this order are explained in the specifications. The "Notice of Requirement for Affirmative Action to Ensure Equal Employment Opportunity under Executive Order 11246" found in the Federal Register Vol. 43, No. 204, October 20, 1978, under Sec. 60.4.2(d); and Items 2 and 4 of the Notice must be completed with pertinent information, as applicable, from Appendix A and Appendix B of the attached Federal Register Vol. 43, No. 68, April 7, 1978, must be included in the documents. The goals and timetables for females in the Notice are to be included in all contracts nationwide. Specific area goals and timetables are to be included in all contracts within that specifically designated area.

Each Bidder must fully comply with the requirements, terms, and conditions of the U.S. Environmental Protection Agency, Region 6 Minority Business Enterprises (MBE) requirements, including the goals for

minority business participation during the performance of this contract. The Bidder commits itself to the goals for minority business participation contained herein and all other requirements, terms and conditions of these bid conditions by submitting a properly signed bid. Requirements are contained in (1) 40 CFR 35.936.7; (2) Federal Register Vol. 43, No. 248, Tuesday, December 26, 1978; (3) Appendix C-2 (9), and EPA, Region 6 Policy and guidelines.

Any contract or contracts awarded under this Invitation for Bids are expected to be funded in part by a grant from the United States Environmental Protection Agency. Neither the United States nor any of its departments, agencies, or employees is or will be a party to this Invitation for Bids or any resulting contract. This procurement will be subject to regulations contained in 40 CFR 35.936, 35.938, and 35.939.

The contract will be awarded to the low, responsive, responsible Bidder.

## Henke-Styles nuptials exchanged here Friday

Kathy Ann Henke became the bride of William "Mark" Styles during wedding ceremonies last Friday evening at the Holliday First Baptist Church.

Parents of the couple are

Mr. and Mrs. Wallace Miles and Mr. and Mrs. Buster Styles, all of Holliday.

Rev. Lloyd Riddles of Abernathy, former pastor at Holliday First Baptist Church officiated.

The nuptial setting featured two candelabras, a unity candle, white carnations and greenery with satin bows.

Special music was provided by Karen Henke of Wichita Falls, sister of the bride, who sang "The Wedding Song." Kevin Rogers sang "Colour My World" and was assisted by his sister on the piano and Donna Ruth on flute.

Traditional wedding music was provided by Fern McAllister at the organ.

The bride was escorted to the altar by her stepfather, Wallace Miles. She wore a gown of organza and Chantilly lace with a cathedral train trimmed in pleated organza ruffles. Her veil was of net and Chantilly lace.

The bride carried a cascade bouquet of white roses centered with a white orchid atop her mother's small, white Bible, which the bride's sister also carried in her wedding.

Maid of honor was Karri Sadberry of Holliday. She wore a yellow polyester blouson styled gown. Matron of honor was Karla Courage of Ipswich, Mass., sister of the bride. Bridesmaids were Chris Wilson of Holliday and Karen Henke of Wichita Falls, sister of the bride. They wore blue gowns styled similar to the maid of honor's.

Candlelighters were Angelia Styles of Colleyville and Kim Addison of Holliday. Flower girl was Laurie Ann Styles of Holliday, sister of the groom, and ring bearer was Farley Styles of Colleyville, cousin of the groom.

Kirk Styles served as best man for his brother. Groomsmen were Rocky Free of Lamesa, Kevin Rogers of Fort Stockton and Gary Benson of Wichita Falls, all cousins of the groom.

Ushers were Kelly Henke, brother of the bride, and Donald Young of Holliday.

The reception that followed in the church annex was hosted by the couple's parents. The room was decorated by Mrs. Floyd Yates, great aunt of the groom, who carried out a central theme using yellow tablecloths with white lace overlays.

Of special significance was the wedding cake decorated with blue and yellow flowers. The ceramic bride and groom decorating the cake was 28 years old and had been used by the bride's mother when she was married to the bride's father, the late Art Henke. It also had been used in the wedding of the bride's sister.

The punch bowl used on the groom's table was a wedding gift to his grandparents, Mr. and Mrs. D.F. Styles of Seymour, 56 years ago.

Attendants at the groom's table were Tammy Wilson, Donna Ruth and Jane Parker.

Attendants at the bride's table were Bridget Talley, Cindy Styles, Debbie Brown and Pam Barton.

Grandparents of the groom attending were Annie Crouch of Goree, Mr. and Mrs. D.F. Styles of Seymour and Mr. and Mrs. H.B. Latham of Andrews. Grandparents of the bride attending were Mr. and Mrs. W.E. Mays of Abilene.

Other special guests traveled from Ipswich, Mass., Colleyville, Lamesa, Fort Stockton, Graham, Abilene, Anson, Seymour, Wichita Falls, and Aber-

nathy.

The bride is a graduate of Holliday High School and Draughan's Business College. At HHS she was co-editor of the annual staff, president of FHA, in band and flag corps and was elected Who's Who in band and journalism. She is employed by Parker Square Savings and Loan.

The groom is attending Midwestern State University and was graduated from Throckmorton High School

where he was an FFA officer, class officer, a member of the basketball team and co-captain of the football team. He is employed by Clow Corp.

The bride chose a two piece cream colored polyester dress for her traveling attire when the new Mr. and Mrs. Mark Styles departed for a week in San Antonio and Padre Island.

They will make their home at 5232 Professional Drive in Wichita Falls.

## HOLLIDAY NEWS

KIMBERLY DALE WEIST

MRS. WILLIAM "MARK" STYLES

## Eagles to start workouts Monday

Holliday gridiron fans anxious to catch a glimpse of this year's Big Red Machine can start spying on workouts next week.

The coaching staff was scheduled to issue shoes yesterday with two-a-day workouts slated to begin Monday.

The Eagles will scrimmage two teams before beginning regular season play. On August 24 the Eagles will travel to Knox City to scrimmage, and on

August 30 the Bowie Jackrabbits will visit Holliday for a scrimmage.

The first game of regular season play will be in Olney on Sept. 7, followed by Electra here on Sept. 14, and Henrietta there on Sept. 21.

### CARD OF THANKS

I would like to thank all my family and friends, and especially Brother Bob Bryan, for the flowers, food and prayers.

# Texas ranks eighth in nation in number of patents granted

Some 2,008 Texas inventors made history in 1978 when they joined an exclusive club that includes such famous persons as Abraham Lincoln, Mark Twain, Eli Whitney, George Westinghouse, Wilbur and Orville Wright and others whose inventions created whole new industries and provided millions of needed new jobs.

They became members of this elite group when the U.S. Patent and Trademark

Office granted them patents for their inventions. The others, of course, were admitted to the club some time ago.

The total number of patents granted to Texans last year was the eighth highest in the nation -- one patent for each 6,481 residents of the state. California led the nation with 6,009 patents, or one for each 3,701 residents. U.S. inventors received a total of 44,150 patents -- the

equivalent of one to every 4,939 persons in the total population.

Virtually every major invention that has contributed to America's growth has been patented. The exclusive 17-year patent right has served to spur innovation and creativity and provided a profit incentive to inventors. It also has helped pay for the time and money poured into the inventive process.

IPO, Inc., a non-profit

public educational group dedicated to preserving the patent system as an incentive to innovation and creativity claims the nation's technological innovation is slowing.

For example, Texas was ninth in the nation in 1973 with 2,174 patents. The number dropped to 2,008 in 1978. "This drop in five years reflects an erosion of technological progress that is going on throughout the nation," IPO says. "The

country needs more inventions, not less, if we are ever to solve some of our great problems such as energy, pollution and others."

U.S. Patents and Trademark Commissioner Donald W. Banner recently commented: "So far, we still lead the world in innovative technology. The laser, the transistor and a host of other innovations attest to this. But, it seems that technological innovation is slowing. President Carter

recently expressed it as follows: "We tend to think of the inventiveness of American industry as a kind of birthright, but complacency is the last thing we can afford...Innovative industries in countries like Japan and West Germany put too many of ours to shame. Our competitiveness has begun to slip."

Banner said that in 1978 fewer patents were issued to U.S. residents while patents to non-nationals increased.

IPO says foreigners are pooling their resources and a friendly relationship between industries and governments in other nations is reducing American competitiveness in the world marketplace.

"We need a clear government policy that recognizes the value of a strong patent system, a judiciary that understands the public benefits of patents and a business and legal profession that re-

spects patents and their importance to the country's leadership and economy," IPO emphasized.

"The people of the nation need the total commitment of its inventors, its government and above all its great industries if we are to solve our problems and remain a world leader," IPO added.

## Time to start fall gardens

It is fall gardening time and Ray Heinert of Wichita Falls is starting his first fall vegetable production. Pat McMann of Iowa Park planted some beans the other day and he said, "With the hot weather, they

seemed to come up overnight." Fall gardens are superior to spring gardens, in the opinion of County Agent Don Decker. The vegetables are making during the cooler fall days which seems to add

to the yield and flavor. However, fall gardening has some special problems.

The main problem in fall gardening is the starting of the cool season vegetables during the hot August days. Cool hardy vegetables such as lettuce, carrots, broccoli, and others germinate poorly when the soil temperature is high.

One direct way to avoid this problem is to set out transplants, Decker said. It is desirable to transplant vegetables such as tomatoes, peppers, eggplants, broccoli, and cauliflower. Other vegetables can be seeded directly into the soil. Good seedbed preparation is important to fall gardening. The environment for getting other vegetables to germinate can be greatly improved with an easy technique.

This involves opening a seed furrow with the corner of a hoe. Water is applied to the seed furrow before the seed is dropped. Enough water is added to wet the soil at least three inches deep below where the seed will be dropped.

Always plant more seed than needed. After planting, do not cover the seeds with garden soil. Instead, it is better to cover the seed with either compost, potting soil, or peat moss. By using such a medium, a better environment is provided for seeds to germinate and grow, according to Decker.

Another practice which contributes to making a quick start with a fall garden is the addition of a mulch material. This is added just after the vegetables emerge. Wheat straw is one of the better mulching materials.

## Obituaries

### Phillip Wayne Hopkins

Funeral services for Phillip Wayne Hopkins, 27, of 2702 Wenonah in Wichita Falls, were held Tuesday afternoon at Owens and Brumley Funeral Home. Rev. Edgar C. Carlisle, pastor of the Baptist Church at Yukon, Okla., officiated. Burial was in Rosemont Cemetery. Hopkins was born June 11, 1951, in Wichita Falls. He attended Iowa Park

schools. He was owner of Hopkins Painting Contractors in Wichita Falls and a member of Pleasant Valley Baptist Church.

He died about 2 a.m. Sunday in Wichita County Hospital after being shot following a fish fry at Weeks Park.

Survivors include his parents, Mr. and Mrs. John Hopkins of Iowa Park, and a brother, John L. Hopkins of Wichita Falls.

Pallbearers were Kenny Holcomb, Bob Johnson, Robert Evans, Bill Johnson, Richard Wilson and Al Broomfield.

### Old building's past recalled

Lester Brooks, speaking Tuesday at the Noon Lions club, recalled interviewing the late H.T. Dodge, who quarried the sandstone for the old Tanner Building, which is more recently known as the Koonce-McCullough Building.

Brooks' interest in old stone buildings developed during the 1940s, he said, and it was during those years he tried to learn as much as possible about the building at 100 W. Cash which was recently purchased by the Evening Lions Club for a meeting building. Disappointed he is unable to find a notebook used when interviewing the late Mae Mae Tanner, mother of the late Buddy Tanner, Brooks said he wants to write a history of the structure once the notes are found.

Brooks said Dodge was unable to locate the site where he quarried the rock in the late 1800s, but he was sure it was somewhere in the area of the Texas Experiment Station. Brooks and friends often searched for the quarry, but were never successful.

Contractor on the building was Deck Hyde, and the stone mason's name was Henry George, Brooks recalled. During his talk, Brooks showed some film slides of the Tanner Building during the 1940s. He recalled the corner was such a popular gathering place on Satur-

days, persons often had to walk in the street to get past it.

The building, once remodeled, will serve as a meeting place for civic organizations, in one side, and the regular daily meeting place of The Friendly Door, an organization financed by the

United Way for senior citizens.

A touch of irony was brought out by Brooks, who recalled one of his first official appearances after being elected District Governor of Lions Clubs was to give the charge address for the newly-organized Evening Lions Club.

### Beall named NFIB member

Announcement has been made of the appointment of Ralph Beall of Beall Auto Parts Inc., located in Iowa Park as an Action Council Member to the National Federation of Independent Business (NFIB) in San Mateo, California and Washington, D.C.

NFIB is a non-profit, non-partisan organization representing the needs of small businesses across the country. Founded in 1943, it was designed to promote the concept of free enterprise and to give independent business a greater voice in shaping the laws which govern business and government.

The idea of the Action Council Member was developed by NFIB President Wilson S. Johnson, who felt the need for members to take a more active role in furthering the cause of small and independent business at the grass roots and federal level.

An enthusiastic business person, Beall reflects the involvement and interest of the Action Council Members.
