IOWA PARK, TEXAS

QUARTERBACK CURTIS MARTIN READY TO PASS  
....Hawks ready for scrimmage with Electra

# Summer ends Monday

## Iowa Park students returning to classrooms

As of 8:30 a.m. Monday, the summer is over.

That's when the tardy bells will ring, signaling the start of another nine months of classes in Iowa Park schools.

Students will be released at 2:30 p.m. Monday, as has been the custom

of local schools for several years. Normally classes dismiss at 3:30.

But it won't be long until the first holiday. Classes will be dismissed after the first week for a long weekend for Labor Day, Sept. 3.

Today and tomorrow, high school students will be picking up their

locker and class assignments. This morning the seniors will pick up theirs between 10 and noon; juniors 2-4 p.m. today; sophomores 10-noon Friday morning; freshmen 2-4 p.m.

Teachers in the school system started in-service training Tuesday. Wednesday and today they are

attending in-service sessions in Wichita Falls, directed by the Region Nine Service Center. Tomorrow they'll be back at their respective campuses.

Screen tests will be given at Kidwell Elementary between 8:30 and 11:30 a.m. next Wednesday for all three and four year old children who may have a learning problem, speech or language problem, or a physical handicap which may interfere with learning, according to John Sibley. Any five-year-olds who have not already been screened will also be screened at that time.

### BUS ROUTES

Bus routes and times have been prepared by Bill Steger, who is responsible for the school transportation department. He points out that some of the times can vary as much as 10 minutes, depending on circumstances and problems.

Bus One will begin picking up students on Bell Road at 7:03 in the mornings, be at the high school at 7:36, at the junior high at 7:50, and at the Valley View campus at 8:17. Returning in the afternoon, it will be at the junior high at 3:48 and complete its last stop on Bell Road at 4:26. Ann Casper is driver.

Bus Two will make its first pickup at the experiment station at 7:15, be at the junior high at 8:00, and arrive at Valley View at 8:20. It will arrive at the junior high at 3:40 p.m., and make its last stop at Hammon Ranch at 4:27. Jim Bob Merrick is driver.

Bus Three will make its first pickup on FM 367 at 7:15 and its final stop at Bradford by 8:07. Dick Wineinger is driver. Wanna Hunter drives in the afternoon, and her last stop will be at the trailer park on the east edge of town.

Bus Four will make its first pickup at 7:11 a.m. on Seneca and First, and five minutes later on Horseshoe Lake Road, and is to arrive at Valley View at 8:20. Its final stop will be on 367 at 4:24 that afternoon. Randy Lovelady is the driver.

Bus Five will make its first pickup on Rifle Range Road at 7:16, and arrive at Kidwell by 8:10. Final stop in the afternoon will be on Old 287, west of Huntington, at 4:30. Dessie Brott is driver.

Bus Eight will start picking up on FM 368 at 6:50, arrive at Valley View at 7:45, and the junior high by 8:15. Its final stop at the point of origin is to be at 4:57. L.T. Kingade is the driver.

Bus Nine will start picking up students on Smith Street at 7:15, be at the high school at 7:41, Kidwell at 7:53, and at Valley View at 8:18. It will make its final dropoff at the point of origin at 4:15. Letha Hail is the driver.

Bus Ten will leave Lake Diversion at 7:00, arrive at Valley View at 7:45, and the junior high at 8:15. That afternoon its final stop will be at the Redding Farm at 4:55. Linda Varnadore is the driver.

VOL. X, NO. 51      THURSDAY, AUGUST 23, 1979      20 CENTS

IOWA PARK, WICHITA COUNTY, TEXAS 76367

### DATE CHANGED

## Wraps come off Hawks in scrimmage tonight

With enthusiasm running high among fans and players, everyone will get some idea of the season to come when the Iowa Park Hawks meet Electra's Tigers in a scrimmage here tonight.

The date was changed after originally having been set for Friday, according to Tommy Watkins, head coach.

Fans will be treated to a triple-header, as the freshman team is to scrimmage at 5:30 p.m. followed an hour later by the junior varsity. Watkins said it would be about 8 before the varsity teams take the field in Hawk Stadium.

The following Friday the Hawks will travel to Lawton, where they will get some valuable experience on artificial turf while they scrimmage Lawton MacArthur High, a school similar in enrollment to Iowa Park.

Besides wanting to scrimmage a team of similar size, Watkins wanted some time on artificial turf, as Iowa Park meets Hirschi Oct. 18 in Wichita Falls Memorial Stadium.

The Hawks put on pads for the first time Friday, after four days of training in shorts. Then Saturday morning they held an intersquad scrimmage which brought out a chorus of "Oh's" and "Ah's" from fans along the sidelines.

Watkins said he felt his defense was ahead of his offense, and was especially high in his praise of the five defensive linemen for their play.

The two scrimmages are designed to allow the team to gain experience in working together prior to regular season games. And the Hawks will need whatever experience they can gain before the Sept. 7 season opener.

Iowa Park meets the Bowie Jackrabbits, at Bowie, in the opener, and a statement by Head Hawk Watkins earlier in the season has now come even more true.

Watkins said "If we can beat Bowie, we'll have a pretty good idea

of what kind of team we will have this year."

Well, the first state ratings came out this week, and Bowie has laid claim to the top spot among Class AA teams in the state. The Jackrabbits

figure to have the best football team in that school's history.

Watkins said his players were in good shape, other than a few nagging sore muscles, twisted ankles and bruises.

## Local man drowns in Montana river

Clinton Farr, 23, son of Mr. and Mrs. Roy Farr of 601 W. Rebecca, reportedly drowned Monday in Montana.

Farr attended Iowa Park High School and was living in the small eastern Montana community of Fairview where he worked in the oil field.

Farr and two companions, Richard and Ann Barker, reportedly purchased an aluminum canoe Monday morning.

About 12:30 p.m. Monday the trio launched their new canoe in the Yellowstone River east of Sidney, Mont.

Farr was in the canoe alone about

10 feet from the river bank when it tipped over, according to Harold Grinolds, Richland County sheriff, who is investigating the incident.

Grinolds said Farr was not wearing a life vest and disappeared into the water when the canoe toppled. Barker was unsuccessful in his attempt to rescue Farr.

Law enforcement authorities were dragging the river and flying over it in search of Farr's body. The search for his body continued Wednesday, officials said.

One Sidney resident described that section of the Yellowstone River as being calm with the water level below normal.

## Public generally satisfied with city's services

Respondents to an opinion survey conducted by city officials here indicate they are largely satisfied with Iowa park's present condition, but that they would like to see more efforts directed toward restoration of downtown and street improvements.

The 14-question opinion survey solicited citizenry input through a questionnaire published in the Iowa Park Leader.

Forty-two persons submitted their opinions which the city council and administration plan to use in establishing the goals and objectives for the city.

The question that drew the most lopsided response was one concerning street conditions.

Are streets and roads in a good state of repair? the question asked. Thirty-seven persons, or 88 per cent, said streets here are not in a good state of repair. Four persons, or 10 per cent, indicated the streets were in good condition. One person was undecided.

The question concerning community beautification drew a similar response.

Should more effort be devoted to community beautification, such as planting flowers, painting, cleaning up and mowing? Again, 37 persons, or 88 per cent, said more efforts should be directed in the areas of beautification. Five persons, or 12 per cent, said enough was being done.

Should more effort be devoted to the restoration of downtown? Thirty-six persons, or 86 per cent, said yes. Five persons, or 12 per cent, said no. One person was undecided.

Are there enough recreational places for our young people as well as the elderly? Twenty-eight persons, or 67 per cent, said no, there are not enough recreational facilities offered. Thirteen, or 31 per cent, said recreational facilities are adequate.

IOWA PARK FIREMEN were joined by West Wichita and Cameron Garden volunteer crews Friday to put out a grassfire near the intersection of FM 369 and Old 287. Firemen were able to save all structures, but several acres of grass were burned before the blaze was brought under control.

One person was undecided.

Are sewage treatment and water facilities adequate? Twenty-four persons for 57 per cent said yes. Thirteen, or 31 per cent, said no. Five respondents were undecided.

Does Iowa Park have proper fire inspection and protection? Twenty-four persons, or 57 per cent, said yes. A dozen persons, or 29 per cent, said no. Six persons were undecided.

Are refuse collection and disposal services and facilities adequate? Twenty-eight persons or 67 per cent said yes, while 12 persons, or 29 per cent, said they think refuse service are inadequate. Two persons indicated they were not sure.

Should more emphasis be placed upon storm drainage? Twenty-six persons, or 62 per cent, indicated a need in that area, and eight

respondents, or 19 per cent, said no. Eight persons were undecided.

Is adequate police protection provided? Eighteen persons, or 43 per cent, said police protection is inadequate. Seventeen persons, or 40 per cent, said it was sufficient. Seven persons were undecided.

Do you feel that the city hall facility properly reflects the civic pride of our community? Twenty-six persons, or 62 per cent, said yes. Fifteen, or 36 per cent, said no. One person was undecided.

Do you feel that our library facility is adequate? Twenty-one persons, or half the respondents, said yes. Seventeen for 40 per cent said no, and four were undecided.

Do you feel that there is a need for a community center? Twenty-three persons, or 55 per cent, said yes. Seventeen, or 40 per cent, said no. Two persons were undecided.

Are adequate cultural activities and facilities available? Twenty-four persons, or 57 per cent, said no. Thirteen persons for 31 per cent said yes, and five persons were undecided.

Does Iowa Park have enough industry? Twenty-two persons, or 52 per cent, said yes. Eighteen, or 43 per cent, said no. Two persons were undecided.

### Neighbor helps recover items

Rural dwellers have often been quoted as saying they couldn't do without their neighbors.

That certainly was true in the case of Norman Hodges, who lives on the Old Iowa Park Road near the airport. It was a neighbor who helped him recover some \$7,000 worth of possessions that had been stolen.

John Williamson noticed two black males, a couple of weeks ago, drive into Hodges' driveway, and later

leave. He later told Hodges the description of the vehicle and individuals, as well as their license number.

The two were arrested by Wichita County Sheriff's Department personnel, and all the items taken, including guns, television set and jewelry, were returned.

"I'd probably never gotten the things back had it not been for John's help," Hodges reflected.

### City sales tax ahead of 1978

The city sales tax reimbursement check for August was \$2,000 ahead of the payment for the same period last year.

The August check to the City of Iowa Park for sales taxes collected by local merchants was for \$5,164 as compared to \$3,109 received this time last year.

So far in 1979 the city has been reimbursed \$42,490 as compared to \$41,588 that had been received by this time last year.

### Weather Report

Weather reports are officially compiled for Iowa Park at the Texas Experiment Station, southeast of town.

Rainfall for week.....	1.81
Total for month.....	1.86
Total for year.....	25.78
Total last year.....	16.71

# Smith-Lane vows recited in garden ceremony

At the twilight hour Saturday evening, Miss Dee Lynn Smith, daughter of Mr. and Mrs. Rip Smith, and Steven De Shong Lane, son of Mr. and Mrs. Frederick Lane, were united in marriage. The ceremony was performed in the lush garden bordered with pink and white geraniums, calladiums, white and red coleus at her parents home.

fully-landscaped garden were a profusion of colorful summer flowers and a gazebo flanked with red geraniums, begonias and yaupon shrubs.

The nuptial space in the garden where the Rev. Howell Farnsworth, pastor of First Baptist Church, performed the double-ring ceremony, was spotlighted by a votive candelabra arch linked to graduated votive candelabra at either side, each candlestick was entwined with yellow silk flowers and boxwood. The hurricane globe aisle markers were adorned with the same decorations.

Following the same delicate theme noted in the decorations and costumes were the musical selections chosen by the bride and groom for their wedding. Mrs. Jerry Gholson, organist, and Miss Carrie Cole, soloist, were the musicians, the latter giving special offerings of "Sunrise, Sunset", "Wedding Song" and "The Lord's Prayer". Mrs. Gholson provided accompaniment, heralded the approach of the wedding party and backgrounded their departure with the longtime favorite processional and recessional.

Wearing a lovely gown to compliment her youthful beauty, the bride was escorted to the altar by her father who presented her in marriage for both parents.

For the cherished, memorable moment in her life, the bride chose a long poly

linen gown designed with a scoop neckline bordered with a wide ruffled flounce edged with cluny lace, fitted bodice with a lace-covered waist band. The skirt was formed of three full lace-trimmed tiers to lend a nostalgic touch.

The bridal veil of lace-accented illusion was held by a bandeau of cluny lace dotted with seed pearls. She carried a bouquet of yellow silk roses centered with a white silk orchid complemented with white satin and lace streamers tied in love knots centered with silk orange blossoms. She observed bridal traditions by wearing "something old", "something new", "something borrowed" and "something blue."

Mrs. David Blackerby participated in the wedding as matron of honor and Mrs. Bob Aulds served as bridesmaid. They wore long yellow gauze and Venise lace gowns over peau de soie. The square necklines and butterfly sleeves lent pleasing emphasis to the empire waists, and a deep ruffled hem flounce captured skirt interest. They twirled yellow sheer parasols trimmed with yellow daisies at the points and tops from where blue and yellow silk streamers fell in waterfall fashion.

The groom wore a yellow silk rosebud boutonniere with his white vested tuxedo and white ruffled shirt.

Michael Ehlert of Grand Prairie, the best man, and

and restrained fashion. Draped with exquisite white lace over blue satin, the delicately beautiful centerpiece consisted of yellow and white silk roses and rosebuds.

The graceful four-tiered white cake was strewn with yellow roses set apart with touches of blue. One set of filigree dividers added lofty dignity and the meaningful top ornament, featuring a traditional bride and groom standing in an arched globe covered with white flowers with yellow centers and topped with a white satin wedding bell, completed the picture.

The crystal punch service and blue bridal napkins engraved with names of the bride and groom further appointed the table. Mrs. Michael Ehlert of Grand Prairie and Mrs. Lynn Dozier of Burkburnett, sisters of the bride, served refreshments to the guests.

Mrs. Mike DeWitt, sister of the groom, sat at the registry table laid with blue linen and highlighted by a long stem yellow rose tied with blue ribbons, the bride's book and plume pen.

A table in the setting held a silver tray filled with the yellow and blue net rice bags.

Houseparty members were Mrs. L.W. Teel Jr., Mrs. Tom Gibbs and Mrs. Mark Shirley.

A punch fountain was placed in the garden where patio furniture was arranged at vantage points for the convenience of the guests.

The reception preceded the departure of Mr. and Mrs. Lane for a honeymoon in Lake Tahoe, Nevada, the bride traveling in a smart dress of peach sheaf fashioned with a fitted elastic waist band and accordion pleated skirt. Her accessories included a white orchid corsage.

Both young people are well known in Iowa Park and were graduated from Iowa Park High School. She is employed by Parker Square Savings and Loan, and he by Cryovac. He is also a student at Midwestern State University. They will live in Wichita Falls.

The groom's parents hosted the rehearsal dinner Friday evening at Luby's Cafeteria at which time the betrothed couple presented appropriate remembrances of the occasion to their attendants.

Out-of-town guests included Mrs. Roy B. Smith of Sunset, grandmother of the bride, Mrs. Sammy Pennington, Mrs. Wallace Bass, Stacy and Shawn of Oklahoma City, Mrs. Juanita Cummings of Altus, Okla. and Mr. and Mrs. John Sykes of Bryan.

MRS. STEVEN DESHONG LANE

Michael Lane of Iowa Park, brother of the groom, who served as groomsman, wore blue tuxedos.

Mothers of the bride and groom wore white silk long stem roses tied with yellow and blue ribbons with their formal wedding gowns. Mrs. Smith was attired in an apricot polyester dress distinguished with three ruffles at the low neckline. Mrs. Lane wore a pale blue

aqua Qiana dress styled with a round neckline in front that dipped to a V in the back, and a capelet bodice forming the sleeves and dipping to a full V in the back.

Following the wedding, the newlyweds were honored at a reception hosted by the bride's parents.

In the dining room of the Smith home, the refreshment table was beauty itself, presented in both gracious

D'WAYNE REEVES and DONNA CASPER

## Announce engagement

The engagement of Miss Donna Casper and D'Wayne Reeves is being announced today by the young lady's parents, Mr. and Mrs. E.L. Casper. The future groom's parents are Mr. and Mrs. Bill Reeves of Richardson.

Miss Casper was graduated from Iowa Park High School where she was in girls choir two years and A Cappella Choir her junior and senior years. She made Division 1 in UIL solo contest and was a member of the Madrigal Unit that also received Division 1 in the Greater Southwest UIL contest.

## TOPS meets

Mrs. Teresa Winters was welcomed as a new member of TOPS Club at the meeting Monday night. Mrs. M.L. Towns was Queen for the Week.

The groom-elect was graduated from Richardson High School. A wedding date has not been chosen.

## Mercers host annual social

Mrs. Roland Putman read an article on "Diet and Exercise" and Mrs. Pauline Steele read a write up of the club meeting that appeared in a local newspaper in 1967, which was mailed to her from a reader in Alaska, for the program.

Mrs. C.O. Dodd, co-leader, conducted the business. Nineteen weighed in.

A hamburger cookout was held Friday evening at the home of Mr. and Mrs. Bud Mercer for Epsilon Eta's annual summer social.

Husbands of members and Mrs. Bill Vanek of Corpus Christi were special guests. Twenty-six attended the outing.

# Cook of the Week

Meat still remains one of the most important parts of a meal. Liver, with its high iron content ranks high nutritionally, but many people do not have a taste for it and find it hard to camouflage the taste.

Mrs. Ken Cole, a registered nurse, knowing its high nutritional value, resolved to serve liver once a week following her marriage. As time went on everyone lost his taste for it, so she did not include it when planning her menus. Considering it an essential part of a well-balanced diet, she searched and experimented until she found a recipe that the family considered palatable - Savory Liver Skillet. She said that the liver can hardly be tasted but it still retains its nutritive value.

Mrs. Cole moved to Iowa Park in July when her husband accepted the pastorate of Faith Baptist Church. A graduate of Palo Duro High School in Amarillo, she received a B.S. degree in nursing from Texas Women's University. She has worked at Parkland

Mrs. Ken Cole

Hospital in Dallas, Plainview Hospital and Greenville Citizens Hospital. She is not working regularly as a nurse now,

but she is quite busy being a helpmeet to her husband, caring for the children and doing church work. At present, she is assistant teacher in the five-year old Sunday School department and will be a Girls in Action leader beginning in September. She enjoys playing the piano, sewing and cooking. The Coles three children are Sherie, a high school freshman, Robert, a sixth grader, and Michael, a fourth grade student.

3 cups chopped celery  
1 can ripe olives, chopped  
1/2 cup green onions and tops, or plain onions  
Mayonnaise

Cook vermicelli in salted water, letting long vermicelli slide into water as it softens. Cook about 3 minutes, then drain, blanch and put in mixing bowl. Pour oil over and cut into approximately one inch pieces. Add seasonings, except lemon juice, mix and cool. Add celery, olives and onions. Mix well; add lemon juice and mayonnaise. Mix together well. May be made a day or two ahead to enhance flavor. The salts may be increased to suit the taste.

### CHILI AND EGGS

Toast  
Chili, heated  
Fried eggs  
Grated cheese  
Chopped onion

Place fried egg on toast. Put chili over egg and top with onion and grated cheese. Place in oven until cheese is melted. (This is a quick idea for supper).

### PISTACHIO SALAD

1 - 9 oz. carton Cool Whip  
1 cup miniature marshmallows  
1 - 3 oz. pkg. Pistachio Pudding (instant dry)  
1 #2 can crushed pineapple

Mix all together and let set a few hours before serving.

### CHOCOLATE SHEATH CAKE

Sift in large bowl:  
2 cups sugar  
2 cups flour  
Bring to boil:  
2 sticks oleo  
4 T cocoa  
1 cup water

Pour over flour and sugar, stir well.

Add:  
1 t soda  
1/2 cup buttermilk  
1 t cinnamon  
1 t vanilla  
1/2 t salt

2 eggs, slightly beaten

Mix and pour into 11 x 16 x 1/2" pan. Bake 20 minutes. Begin icing 5 minutes before cake is done.

### icing

Melt and bring to boil  
1 stick oleo  
4 T cocoa  
6 T milk

Remove from heat and cool, add:  
1 box powdered sugar  
1 t vanilla  
1 cup pecans

Beat with spoon, spread on cake while hot.

### VERMICELLI SALAD

12 ozs. vermicelli  
4 T oil  
1 t salt  
1 t seasoned salt  
1 t garlic salt  
1 T lemon juice

The second courtesy was a surprise Tupperware show given Wednesday in the home of Mrs. Harold Phillips. Guests had ordered their gifts in advance and these were presented to Miss Cates following merchandise demonstration. The couple will be married Sept. 8.

### CORRECTION

A mistake was made in listing the ingredients in Becky Whitaker's Creamy Cherry Pie in the Aug. 16 Cook of the Week. Instead of 1 can of evaporated milk it should have been 1 can Eagle Brand Milk.

The recipe corrected should read:  
2 graham cracker crusts  
1 can cherry pie filling  
1 can Eagle Brand milk  
1 large container whipped cream

Mix milk and whipped cream together and gently fold in cherries. Pour into pie crusts and chill.

## Showers fete bride elect

Miss Brenda Cates, bride-elect of Billy England was honored at two pre-nuptial parties during the week.

The first courtesy was a lingerie shower held in the Texas Electric Reddy Room Tuesday. Hostesses were Leora Copas, Lisa Smith and Kathy Myers.

The honoree, Mrs. Dorothy Cates and Mrs. Wilbur England, mothers of the engaged couple, were presented with corsages in keeping with the spring theme emphasized in decorations.

## 60 attend block party

A "get acquainted" block party on Surrey Circle was held Friday night. Mrs. Afton Pike and Mrs. Don Rice were the organizers. Homemade ice cream and watermelon were served.

Over 60 attended the party.

# Soil testing important to crops

By Don D. Decker  
County Agent

Soil testing is being used by Otto Malone of Electra in determining the fertility needs for his wheat crop to be planted this fall. Soil tests were taken on his fields several years ago. Fertilizer has been used through the years, and the fertility needs may have changed.

Most of the nitrogen is used each year, however, it is entirely possible to have a build-up of phosphorous in the soil. Also, some of the land along the Red River tends to become acid and may need Calcium in the form of gypsum or calcium-carbonate.

Malone is sending his sample to a commercial lab through K&K Grain Company in Electra. A test for micro-nutrients will be included in his tests. Some of our soils may be deficient in Iron, Zinc, or Sulfur.

About two weeks is required to get the results of a soil test. Other producers wishing to use soil testing as a guide to their fertility program will want to send samples as soon as possible.

Soil test kits are available from the county agent, other agricultural agencies, and fertilizer dealers.

Effective September 1, the cost of soil testing will increase at the Texas A&M soil laboratories located at the university, Seymour and Lubbock. The cost is \$2 per sample, however, it will rise to \$4 on September 1.

Don't wait to the last minute to make arrangements for fertilizer to go on this year's wheat crop. The fertilizer supply is adequate but transportation of fertilizer is critical, according to Ralph Harvey of Texhoma Agricultural Producers.

The fertilizer demonstration by James and Loys Barbour proved a definite need for phosphorous fertilizer. Phosphorous can be applied with seed at planting time or can be broadcast and plowed under prior to planting. Regardless of the application method, early fertilizer arrangements can help to ease the transportation problem.

Dr. Dale Lovelace, Extension Agronomist, recommends phosphorous placement with the seed. He reminds the growers not to exceed 16 pounds of actual nitrogen per acre when

fertilizer is placed with the seed. The fertilizer placement demonstration by Frank Wolf on the 1978 wheat crop showed no difference between seed drill or broadcast placement.

Dry, hot weather has brought the bollworm activity to a screeching halt, but it is also taking a toll on the cotton crop. Cotton on the tight land is suffering more than on the sandy soils. Some of the tight land cotton has thrown off small bolls which greatly reduces prospects. The younger cotton is holding up better than the earlier plantings.

This is not to say the cotton is ruined. Looking at the county as a whole we have a good crop, but rain is badly needed. Cotton generally can hold on for a week or 10 days without rain and still make a good crop.

James Brockriede and Terry McAlister both report little to no bollworm or boll weevil damage. The good news is the fact they are finding no bollworm eggs, which means the cotton will escape damage from this pest until at least September 5. By that time, most of the cotton should be made.

Boll counts by cotton insect scouts indicate fields are varying in yield prospects from one-half to one bale per acre. The boll counts provide a good indicator as to how the cotton is doing. It takes a boll per inch to make a bale per acre. Cotton averaging 12 bolls per foot has a yield potential of one bale per acre

- 6 bolls per foot gives a one-half bale per acre prospect.

Otto Malone has some broadcast cotton on 16-inch rows which looks good on a sandy soil located near the Red River. A leaf canopy has

developed which shades the ground. This field was planted after the flooding rains, which fell around June 6. His cotton is beginning to set bolls. There is no insect activity problems at present.

## 4-H CLUB

## News

4-H is an exciting youth program that helps young people learn how to do new and interesting things through learn-by-doing projects. The purpose of 4-H, as a youth development program, is to educate young people.

4-H is a program for youth between the ages of 9 and 19 and is administered by the Texas Agricultural Extension Service of the Texas A&M University System. Members may be found in urban, suburban, and rural areas. 4-H is a non-profit, educational program which is open to all youth.

Youth take part in 4-H by joining a 4-H club. A 4-H club is a group of boys and girls who participate in 4-H projects, run their own club, elect officers, and develop their own program with the help of adult volunteer leaders. Improving leadership and citizenship are two of the greatest benefits of 4-H club membership.

There are many things you can do in 4-H - discover new ideas and skills, make things you can use, take part in club meetings and activities with friends, have fun at 4-H parties, camps, fairs, picnics and tours, and

make new friends. Above all, 4-H is educational. 4-H explores everything from rabbits to rockets, from canning to camping, from square dancing to veterinary science.

Through individual projects, group activities and adult volunteer leadership, the 4-H program attempts to help youth acquire skills that will lead to self-directed and lifelong learning, says Jackie Hopkins, Assistant County Extension Agent - Home Economics.

If you would like to know more about 4-H and how you can join, contact Jackie Hopkins or Lance Hanson at the Wichita County Extension Office, 1626 Midwestern parkway or call 766-0131.

### Back-to-school dance Saturday

The Recreation Activity Center will sponsor a back-to-school dance Saturday night at the RAC.

The dance for junior high and high school students will be from 8 p.m. until midnight, said David Horsky.

Music will be provided by the Voyagers and Traveling Disco.

### New Meter Connections

Jimmy Smith - 306 E. Bank  
Patrick Kelly - 1601 Yucca  
Rose Estes - 918 Van Horn  
Birthe Massey - 614 W. Rebecca

### Summer readers to be honored

Young people who participated in the Summer Reading program will be honored today at 3 p.m. at a party in Texas Electric Reddy Room. Friends of the Library will host the party.

During the meeting, a film will be shown and awards and certificates presented to those who participated in the reading program by Mrs. Erwin F. Soell, president of Friends of the Library.

### Friendly Door Lunch Menu

**Thurs. Aug. 23** - Weiners, macaroni & cheese, green beans, jello-vegetable salad, cake  
**Fri. Aug. 24** - Chicken tortilla casserole, pinto beans, greens, salad, peanut butter cookies  
**Mon. Aug. 27** - Chicken fried steak, gravy, tater tots, peas, salad, vanilla pudding  
**Tues. Aug. 28** - Chicken tetrazini, carrots, salad, jello & topping  
**Wed. Aug. 29** - Meat loaf, baked beans, spinach, cole slaw, pear halves  
**Thurs. Aug. 30** - Pot roast, celery, potatoes, carrots, onions, tomatoes, peanut cake

### James family holds reunion

The children of Mrs. D.O. James and the late Mr. James held the fourth reunion over the weekend at Sanbar Motel on Possum Kingdom in honor of their mother. Boating, swimming and skiing provided diversion.

Hosting the reunion were a son and daughter-in-law, Mr. and Mrs. Billy James of Iowa Park. Other children of the honoree and their family present were Messrs. and Mmes. Don James, Michelle and Charla, Douglas James, Bradley, Derek and Mindy of Wichita Falls, Dale Hansard and Lisa of Lubbock, Don McManus and Brent of San Antonio, Deryl James, Janice and John of Iowa Park.

Other relatives in attendance were Mrs. James Hamilton of Tupelo, Miss., Mr. and Mrs. E.J. Bailey of Little Rock, Ark., Mr. and Mrs. Maurice Langdon, Vince and Lisa of Bridgeport. Mrs. Hamilton and Mrs. Bailey are nieces of Mrs. James and Mrs. Langdon is a great-niece.

### LOOK WHO'S NEW

Mr. and Mrs. James Richter announce the birth of their first child, Whitney Ann, an eight pound, four ounce daughter, born August 10. Mrs. Richter is the former Carolyn Mahler.

The new baby's grandparents are Mr. and Mrs. George Richter and Mrs. Frances Atkins of Iowa Park and the great-grandfather is Ray Carson of Harrison, Ark.

Mr. and Mrs. David Lietzke announce the birth of their first child, a six pound, thirteen ounce son, John Louis, born August 16.

The grandparents are Mr. Mrs. James Hill and Mrs. Janette Golden of Blanchard, Okla., and Mrs. Merle Lietzke of St. Cloud, Fla. Great-grandparents are Mr. and Mrs. John Bailey of Blanchard, Okla. and Mrs. A.E. Belew of Chickasha, Okla.

## Double cooking saves time

By Barbara Cornelius  
County Agent

Fixing double recipes of family favorites, then freezing some for another meal is a real time-saver for busy homemakers. Here are some do's and don'ts for freezing meals to be heated or cooked and served later:

Plan so the precooked main dishes will not be in the freezer more than 2-3 months.

Prepare the food as if it is to be served right away. Do not overcook. In fact, some foods such as macaroni and vegetables are better if slightly underdone. Final cooking is done just before serving.

Crumb or cheese toppings should be added when the food is reheated for serving.

Quick cooking of cooked food helps keep the natural flavor, color, and texture of the food. It also retards or prevents the growth of bacteria that may cause spoilage. To cool, set uncovered pan of food in iced or very cold water, or set pan on ice.

Always use moisture-vapor-proof freezer containers or moisture-vapor-proof freezer wrap. There are many materials especially for freezer use on the market now. Some materials, such as boil-in bags can be used later for reheating. Some container can be used in the oven.

Glass freezer jars are excellent for chili, spaghetti sauce, or other "runny" dishes you may want to prepare ahead.

Use a container that holds just enough for one family meal. Quart containers hold 4-6 servings; pints hold 2-3. Freeze and store foods immediately after preparation and packaging at 0 degrees or below.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

### CARD OF THANKS

Thank you so much for your kind expressions of love shown to us during our time of sorrow. Your many prayers, visits, cards, flowers and food were so thoughtful. God bless each of you for your kindness.

Mrs. Josie Szenasi  
Stephen and Stacy Rough  
Mr. & Mrs. Alvin Parish Jr.  
and girls  
Mr. & Mrs. Charles Burgess  
and children

### FROZEN MAKE-AHEADS SAVE TIME

Recipes often call for ingredients that must be chopped, grated, diced or minced before you can use them. It's possible to do this time-consuming work ahead of time, then keep the various ingredients in your freezer until they're needed. Here are some examples:

Cheese can be grated a pound or two at a time. One pound makes about four cups of grated cheese. Measure the grated cheese in 1-cup units-or in the amount you will want most often. Put in air-tight containers or wrap in moisture-vapor-resistant plastic wrap, and freeze. American process cheese freezes well.

Chop a pound or two of onions at a time, either with a knife or in your blender if

you prefer finely chopped pieces. Wrap in 1/2 cup or 1/4 cup units in air-tight plastic wrap. Place packages in a glass freezer jar that can be tightly closed. This is necessary to keep the onion odor from escaping. Freeze. Green peppers can be chopped and frozen; parsley can be minced and then put in the freezer. Both should be packaged in convenient sized units, then put in air-tight containers.

Bread crumbs can be kept on hand in the freezer, too. Save bread heels until you have several. Crumb them in the blender, or between two sheets of wax paper with your rolling pin. Store in an air-tight freezer container. If you like, you can lightly butter the heels before crumbling them - to make buttered crumbs.

## Holiday elementary supply list released

The list of supplies needed for Holiday elementary school students have been compiled by the principal and teachers.

In addition, all teachers request that parents label each item with the child's name.

### KINDERGARTEN

Plastic rest mat  
200 count facial tissue  
Blunt point scissors  
Elmer's glue  
Eight count box of crayons  
Two No. 2 pencils  
Cigar or school box  
Lunch will cost 50-cents per day, and snacks will cost 10-cents daily. Parents are asked to send the \$3 weekly fee in an envelope with the child's name on it each Monday with the student.

### FIRST GRADE

Big Chief tablet  
Aladdin writing tablet No. 1251  
Four No. 2 pencils  
Sharp point scissors  
Elmer's school glue  
Cigar or school box  
Small plastic drinking glass  
Large box of facial tissue  
Two boxes of eight count crayons  
One box of 24 count crayons  
Eraser  
One three-hole folder with two pockets

### SECOND GRADE

Big Chief tablet  
Writing tablet, either Aladdin No. 1252 Grade 2 or Zane Blosser Grade 2  
Four No. 2 pencils  
Scissors  
Elmer's glue  
Cigar or school box  
Small plastic drinking glass  
Large box of facial tissue

Crayons  
Eraser  
Ruler  
One three-hole folder with two pockets  
Spiral notebook  
Steno notebook

### THIRD GRADE

Two folders with pockets  
Two No. 2 pencils  
Loose leaf notebook paper  
Looseleaf notebook  
Glue  
Crayons  
Ruler  
Watercolors  
Large box facial tissue  
Scissors  
School box  
Coloring book

### FOURTH GRADE

Six No. 2 pencils  
Large box of facial tissue  
One 16-count box crayons  
Notebook paper (no college ruled)  
Ten folders with pockets and brads  
Scissors  
Four ounce school glue  
Large zippered pencil case  
Metric ruler  
Eraser

### FIFTH and SIXTH GRADE

Large box facial tissue  
Map colors  
Sharp pointed scissors  
Crayons, at least 16-count  
Large bottle Elmer's glue  
Black or blue ball point pen  
Pencils  
Nine folders with pockets  
White paper, five side holes, regular rule  
Ruler

## Whoop-T-Do feature to attract 1,000

As many as 1,000 persons from outside Iowa Park could be here Sept. 29 for the annual Whoop-T-Do, Chamber of Commerce directors were told Monday at their monthly

## Library board to make appeal

A representative of the library board is expected to appeal for better library facilities when the city council meets at 7 p.m. Monday in council chambers.

The meeting will also serve as a public hearing for suggestions from the public on how the city might spend \$157,671 in general revenue sharing money during the upcoming fiscal year. However, Steve Morath, city administrator, said he did not know if revenue sharing money was to be sought by the library board for improving facilities.

Aldermen will review a report from the consultant hired to study a rate increase proposed by Lone Star Gas Company.

Also to be reviewed will be the property tax relief bill passed in the last session of the state legislature.

Morath said he will present the July financial reports.

meeting.

The large number is expected to be participants and followers who will compete in a marathon race, a new addition to the Whoop-T-Do, sponsored by Boy Scout Troop 38.

Directors heard a report of plans for the annual celebration, which traditionally occurs on the Saturday of Iowa Park High School homecoming weekend. Helen Rich is this year's project chairman.

Mrs. Ray Pittman, Chamber secretary, said she is now accepting booth assignments from clubs and organizations for the annual event.

Col. Larry Pritchard, liaison officer from Sheppard Air Force Base,

presented the Chamber a picture of an F-15 jet fighter, which has been dedicated to Iowa Park. The photograph will hang on the office wall.

Directors heard a report that Tom Caldwell, of HFA Development Co. of Dallas who is working with Carroll Development Co., a company holding an option to purchase the old fair grounds, was in the city recently to check on taxes and audit the community.

Speaker for next month's directors' meeting will be Noras Martin of Wichita Falls, who will explain and answer questions on a proposed regional Better Business Bureau.

## Rainfall varies measurements

Measurements of rainfall this week have varied considerably, but nobody is complaining of receiving too much.

While some individuals, mostly to the north of town, reported as much as three inches having fallen Sunday night, only 1.81 was measured from three consecutive evenings of rain storms at the experiment station southeast of town.

Rainfall at the station was reported as .96 of an inch Sunday evening, .60

Monday and .25 Tuesday, for a total of 1.81.

The three measurements brought August's total to 1.86, according to station records, making the year's sum to date 25.78 inches. This is compared with 16.71 for the same period in 1978.

Other than a light pole downed at Burnett Field, a few tree limbs broken and shingles of some homes loosened, no damage was reported from high winds which accompanied the thunderstorms this week.

## As I See It....

Yes, they are experts. Yes, they were following an established plan. Yes, they felt they were doing the best for the citizens. But....

I couldn't believe my eyes and ears Monday night when I heard the Civil Defense sirens had been sounded in Wichita Falls. Everything they did was right, except it was all wrong.

As I understand, from explanations given later, the sirens were sounded as a thunderstorm moved over the city because they wanted to alert citizens that 75 mile per hour winds were accompanying the storm. The CD director explained it was done so people could turn on their radios and television sets and learn what was taking place.

True, the sirens are to be used to warn people, not only of a tornado, but also of deadly gas leaks, or flooding, of atom bomb attack, and things like that in general.

That's all good, in its place and time. But....not in a town which was subjected only four months ago to one of the largest tornado funnels in recorded history. Not in a town that is still rebuilding. Not in a town where people are undergoing psychiatric help because of the tornado trauma.

No siren should be sounded when a thunderstorm approaches a community, unless it is to warn the citizens to take immediate cover. I don't care what the book says.

Under such circumstances, that siren should tell people they are to take immediate cover to save their lives. And they shouldn't have to turn on anything, radio or tv, to find out what it is all about. You can wind up in the obituary column the next day doing that.

For instance, once I heard of the siren sounding....it came from a

telephone call of a new resident in Wichita Falls wanting to know what was going on and what she should do.... I turned on the government weather radio. Know what? For the two minutes I listened, I heard the temperature, wind direction, humidity, things like that, but nothing about immediate danger from high winds.

The actions of those people in responsible positions Monday were totally irresponsible. I'm sure nothing like that will ever happen here.

Readers of the Iowa Park Leader will suffer a real loss after this edition. We're losing our news editor, Lewis Simmons.

After three years on the staff, Lewis has decided to move into another field. He is accepting a teaching assistant job at Midwestern State Univ. while completing his work toward a Master's Degree, and will start in the classroom next week.

Lewis has been responsible for much of the excellent news coverage this newspaper has had during his stay on the staff. His writing and photography have brought honors and recognition to the paper, not only from the readers but from experts who have judged entries in contests.

While he is fulfilling his hopes of becoming a teacher on the university level, his wife, Brenda, has accepted a teaching position with the Electra schools. They will remain residents on Bell Road.

It will be difficult to continue operating the paper on the same level as while such a professional journalist like Lewis was with us. I'm happy to announce that our son, Kevin, will begin training to fill his place. Kevin will also be attending classes at Midwestern.

No, the leader isn't going to pot without Lewis. But the adjustment following his leaving will be difficult, and we ask your patience.

## Letters to the Editor

Dear Mr. Hamilton,

I am writing in regards to the municipal court records printed in the paper weekly. I am a firm believer that an offender of the law, after the payment of the fee, should therefore be exempt from further punishment such as the printing of the municipal court records. Mr. Hamilton, by printing these records you cause personal embarrassment to law offenders, not to mention family and friends. I don't think that such records "make or break" your paper. I personally being a subscriber to the Leader think these records down grade your paper. I don't stand alone in such beliefs other have expressed their opinions the same. I understand that these records are public information, but if someone wants to know who has been in trouble with the law each week let them acquire information at the City Hall!

Jeff Watts

Dear Editor -

I wish to express my appreciation and thanks to the personnel of the water department for the superior job, time, effort and their courtesy. It is very gratifying to know we have such conscientious people working for our city.

I had a sewer problem for a period of 13 years and I have called on this department many, many times in the past years. Each time my problem was given very little, if any consideration. Until I recently talked to Mr. Vines and Mr. Segafus. At that time Mr. Vines told me he would fix it no matter what it took. The workers of the water department spent many hours in this hot summer weather laying a complete new line that completely solved my problem. For this I am forever grateful.

Respectfully yours,  
Fay D. Brott

## RAC slates rummage sale

The Iowa Park Recreational Activity Center will hold a rummage sale between 9 a.m. and 5 p.m. Saturday. The facility is located at 304 E. Texas.

Items such as football equipment, bicycles, household items and clothing will be available, according to Betty Merriman, director. More is needed for the fund-raising project, she said.

A back to school dance will be held Saturday night, featuring "The Voyagers", David Horsky and Steve Beavers. It is to begin at 8 p.m., and prizes will be given.

# Trustees anticipate higher operating costs

Anticipating a 10 per cent rise in operating costs, the Holliday school board Monday night adopted its 1979-80 budget calling for expenditures of \$1,232,255.

Total revenues are budgeted for \$1,726,605, leaving a \$494,350 contingency fund to begin school on next year.

**INSTRUCTION**  
Almost half of the budgeted expenditures will go toward instruction which is earmarked for \$521,040. The largest chunk under instruction, \$430,780, will go into teachers salaries.

Other appropriations under instruction include teacher aides \$15,760, teaching supplies \$12,000, substitutes \$10,000, furniture \$10,000, equipment \$7,000, West Wichita Co-Op \$5,000 and Xerox \$5,000.

Budgeted from between \$3,500 and \$1,000 each are workmen's compensation, TEC, tuition, Region IX, equipment repair, auto rental, audio-visual supplies, classroom books, travel, insurance and audio-visual equipment.

Other items under in-

struction receiving \$500 or less are auto repair, textbooks, subscriptions and miscellaneous.

**LIBRARY**  
Holliday's two school libraries are budgeted for \$30,785 with \$14,360 going to salaries, \$10,000 to books, \$1,200 to book binding, \$1,500 to supplies and \$1,000 each to audio-visual supplies and furniture.

Smaller amounts are budgeted for workmen's compensation, TEC, subscriptions, travel and other equipment.

**PRINCIPALS**  
Principals were budgeted for \$61,526 with \$41,000 for salaries, \$14,326 for secretaries and \$2,500 for travel.

Other expense items, all for \$1,000 or less, include workmen's compensation, TEC, supplies, miscellaneous, graduation expense, furniture and equipment.

**TRANSPORTATION**  
Transportation was budgeted for \$92,950 with the following breakdown: vehicles \$36,000, gasoline \$20,000, salaries \$14,000, maintenance and repair \$6,000, parts \$3,500, tires \$4,000, insurance \$3,500 and extra drivers \$2,000.

Other expenditures, all \$1,000 or less, include workmen's compensation,

TEC, physicals, oil, tools, travel, bonding expense, licenses, miscellaneous and shop.

**CO-CURRICULAR**  
Co-curricular is budgeted for \$70,625. The breakdown includes athletic budget \$29,500, salaries \$17,000, band \$12,000, cafeteria deficit \$5,000, travel \$4,000, other expenses \$1,200, equipment \$1,000 and expenditures of \$500 or less for fees, dues, TEC and workmen's compensation.

**ADMINISTRATION**  
Administration is budgeted for \$115,117 with \$32,267 earmarked for tax office and secretaries and \$30,000 for salaries.

Other expenditures include consultants \$14,000, auto \$8,000, tax collection

\$8,000, supplies \$5,000, travel \$3,500, insurance \$3,000, election \$2,000, professional services \$1,500, audit \$2,100 and land purchase \$1,000.

Expenditures of \$700 or less each include other equipment, furniture, miscellaneous, filing fees, bonding expense, legal publications, subscriptions, vehicle repair, maintenance and repairs, TEC and workmen's compensation.

**DEBT SERVICE**  
Debt service was budgeted for \$91,560 with \$71,460 to be applied to interest, \$20,000 to principal and \$100 for bank charges.

**MAINTENANCE**  
Maintenance is expected to receive \$139,850 with \$40,000 going to electricity,

\$25,000 to salaries, \$15,000 for insurance, \$14,000 for janitor supplies and \$12,000 for gas.

Other expenses include building supplies \$7,000, grounds supplies \$4,000, equipment \$3,500, water \$4,500, telephones \$4,000, parttime employees \$2,500, building repairs \$2,500, grounds repairs \$2,500, other expenses \$1,500 and workmen's compensation \$1,000.

Budgeted for \$400 or less are TEC, miscellaneous and travel.

**CONSTRUCTION**  
From separate construction funds, \$75,500 was budgeted for building a new track and \$33,302 for buildings and improvements.

## Resignation is accepted

Holliday school trustees accepted the resignation of teacher-coach Gail Laubenthal at Monday night's meeting.

In addition to approving the new budget, trustees approved continued participation in the West Wichita Co-Op which supplies Holliday students with special education and counseling services.

Trustees also approved the purchase of new playground equipment including two swings, a tetherball and outdoor basketball and volleyball courts.

Sherry Roland was hired as a bus driver.

## HOLLIDAY NEWS

### Eagles to test wings in scrimmage Friday

After a week of preparation in pads, Coach Don Lucy's '79 edition Big Red football team will scrimmage Knox City tomorrow night beginning at 6:30 in Knox City. The freshmen, junior varsity and varsity teams will all participate.

Sixty-eight players reported to two-a-days last week, including 14 returning lettermen.

Coach Lucy stated that the young men reported in good condition with an excellent attitude. That, along with some timely rain showers, has made the practices very productive,

he said.

The scrimmage in Knox City will test the abilities of three potential starting quarterbacks: senior Kyle Stone, junior Greg Graves, and sophomore Joel Mankins.

On the receiving end of the ball will be some talented ends including seniors Kent Lemon (6-2, 190), and Jeff Smyers along with junior Lindsey Dalberry. Split ends will be senior Shane Owens and junior Larry Boyston. All can catch the ball, which should figure into the game plan, with Coach Lucy

promising a more aggressive aerial attack.

Lucy pointed out that this scrimmage will give some players their first opportunity to play on the varsity level.

Speed and size will be the Big Red's best asset this season, with depth in most positions. Experience is the only drawback Coach Lucy sees, but the scrimmage tomorrow night, along with next week's scrimmage against AA powerhouse Bowie, should give the Eagles plenty of action before their season opener against the Olney Cubs Sept. 7.

## City looks toward streets, expanding police department

Holliday City Council Monday night earmarked \$5,000 for street paving, took steps toward expanding its police department and voted to invest \$90,000 in certificates of deposit.

The city recently paid Archer County \$5,000 to pave approximately a mile of city streets, and Monday night decided to spend another \$5,000 similarly in an effort to improve street conditions before winter.

Alderman Jimmy Willis argued that the council should spend some money to

seal coat streets already paved on the north side of town.

Councilmen also voted to hire two additional parttime employees to help with weekend street patching. They will work under the supervision of a regular municipal maintenance worker.

Based on the research of Alderman John Goforth, the council voted to invest \$90,000 in six-month certificates of deposit at City National Bank. The money is coming from savings accounts drawing passbook rates and excesses in checking accounts in the water fund and general

fund.

Police Chief Don Pennington won the council's approval to hire an additional officer through the federal government's Comprehensive Employment Training Act. Contingent on his meeting all the requirements, Pennington wants to hire Joe Pope, a recent graduate of the North Texas Police Academy for a 90-day probationary period. If Pope's performance is satisfactory, he could work a year for the city with the federal government paying his salary.

Barring any problem, Pope could begin work here about September 10, thus

doubling Holliday's police coverage, Pennington said.

Pat Bailey, 605 Northwest Avenue, confronted the council with a sewage drainage problem that occurred on city property and caused sewage to back up in her backyard. City personnel had instructed her to hire a plumber and septic tank service to try and correct the problem. Later it was revealed that the problem occurred on city property.

Mrs. Bailey came to the council asking for reimbursement of fees paid the plumber and septic tank pump service since the problem was found in sewer

line blockage maintained by the city. The council approved her request.

Councilmen tabled action on a report that Newman Johnson is being billed for two sewer taps, but is being serviced by only one line.

Councilmen voted to have city workers empty trash cans at Holliday Cemetery once a month and periodically mow along the entrance road.

The council indicated it will face a 14 per cent increase in operating costs during the coming year and plans to hold a public hearing on property tax evaluations at its next meeting slated for Sept. 4.

### School start set Monday

Holliday's new school year will begin Monday with general sessions for elementary and high school students.

At 8:15 a.m. Monday elementary students will meet in the gymnasium, and high school students will meet in the high school auditorium.

Any new student that has not registered so do so from 8 a.m. - noon Friday.

### Kid football starts Monday

Preparations are underway for this year's Holliday Top Of Texas football program, said Cecil Hooten.

Equipment will be issued from 5-7 p.m. Monday at Holliday city park.

Parents are urged to obtain physicals for players hoping to participate. To be eligible to play, youths must be no younger than eight and no older than 11 before September 1, Hooten said.

### 38 tickets during July

In his monthly report to the Holliday City Council, Police Chief Don Pennington said Monday night that he had issued 38 citations for speeding since mid July.

Since that time he also has issued one citation for violation of the dog ordinance, and one citation for no driver's license.

Pennington has investigated a reported burglary of a habitation, two cases of simple assault and two cases of vandalism.

He arrested three suspects for driving while intoxicated and two persons for felony DWI. One person was arrested for public intoxication and another for disorderly conduct.

Pennington said he recovered two stolen cars and two sets of identification.

He investigated one city traffic mishap and assisted the Department of Public Safety on investigations into two mishaps outside the city limits.

## Wylie-Kunkel nuptials are exchanged Friday

Dianna Gay Wylie became the bride of Perry Calvin Kunkel during double-ring ceremonies Friday at Our Redeemer Lutheran Church in Wichita Falls.

She is daughter of Mr. and Mrs. Felix Wylie of Holliday, and he is the son of Mr. and Mrs. Oscar Kunkel of Olney. Rev. Todd A. Dittloff officiated.

Susan Wylie, sister of the bride, registered guests as they entered the church where the altar was decorated with twin candelabra entwined with greenery.

Arrangements of white gladioli and yellow carnations mixed with baby's breath were placed in front of the altar which also featured a unity candle.

Linda Krottinger of Wichita Falls was organist.

She accompanied Chuck Gee of Wichita Falls who sang "The Wedding Song" and "The Lord's Prayer."

The bride presented her mother with a yellow rose as she entered the church to be presented by her father. The bride gave the groom's mother a yellow rose as she left the church.

The bride's gown of candlelight Chantilly lace featured a full skirt and chapel length train. A beaded headpiece held her chapel length veil edged in lace.

Her bouquet was a cascade of yellow roses and white daisies mixed with baby's breath carried on top of her maternal grandmother's 60-year-old German Bible.

Maid of honor was Debbie Wylie, twin sister of the

bride. Bridesmaid was Debbie Goyen of Wichita Falls. Both were dressed in a yellow sheer caplet over an empire waist gown. They wore baby's breath in their hair and carried nosegays of yellow and blue daisies mixed with baby's breath.

Stephanie Webb of Lewisville was flower girl, and ring bearer was Chris Ferguson of Graham.

The groom wore an ivory tuxedo, and other male attendants wore light blue tuxedos.

Best man was Bud Wylie, brother of the bride, and groomsmen were Mike Kunkel of Olney. Ushers were Larry W. Webb of Lewisville and Charles Herring of Olney.

A reception was hosted by the bride's parents in the church fellowship hall. A white cloth with tiers of net covered the refreshment table centered with an arrangement of yellow carnations, blue daisies and baby's breath.

The three-tiered cake was decorated with cascades of yellow and blue roses, topped by a miniature bride and groom.

Serving assistants were Misses Tammie and Diana Rhea Wylie, sisters of the bride, Karen Goyen and Mmes. Larry W. Webb and Robert Ferguson.

The rehearsal dinner was hosted by the groom's parents at Underwood's.

The bride chose a red and white sun dress for her traveling attire. The couple visited points of interest in the Fort Worth area on their honeymoon and will make their home in Olney.

The new Mrs. Kunkel is a sophomore at Midwestern State University. She was an honor graduate of Holliday High School where she participated in UIL journalism, speech and one-act play competition.

The groom attended MSU and was graduated from Olney High School where he was captain of the football team and an all-district gridiron selection. He is employed by Olney Fuel and Supply.

### Option holders have one week

Option holders have another week remaining to purchase their season football tickets, according to Bob Dawson, high school principal.

Option holders have through Friday of next week to exercise their option and claim the seats they've held over the years.

Season reserved seats will go on sale to the general public Sept. 4,

beginning at 6:30 p.m., Dawson said.

The Hawks will be on the road for their opener, at Bowie, and the first of five home games will be Sept. 14, against Decatur.

Other home games will be Jacksboro, Sept. 28, which has been designated as homecoming; and three Dist. 4-AAA games, Graham, Oct. 12, Weatherford, Oct. 26, and Vernon, Nov. 16.

### Kid football signup Saturday

Signup for Top 'O Texas Football will be held at 4 p.m. Saturday at the Koonce-McCullough Building, 100 W. Cash, according to Gordon Griffith.

Players must be at least eight years of age before Sept. 1, and cannot be 12 before the same date, Griffith said.

Interested parents who have questions about the program are encouraged to attend the signup meeting, where officials will be on hand to explain the program.

There are coaching opportunities for parents interested in volunteering. Griffith said two head coaches six assistant positions are open.

Any youth who will be unable to attend the signup

should contact Griffith at 592-4840.

### Signup set for soccer players

Soccer players will begin registering Saturday at the Recreation Activity Center, West Texas and North Bond, from 10 a.m. to 3 p.m.

Boys and girls from age six through high school are eligible to play in the Greater Wichita Falls Soccer Association fall league. Registration will continue through Sept. 8, according to Leo Thames, Iowa Park soccer commissioner.

A meeting of coaches will be held at 7 this evening in the Texas Electric Reddy Room.

### Boosters set Monday meet

The Hawk Booster Club will hold its first meeting of the year at 7:30 p.m. Monday in the fieldhouse, according to Howard Klinkerman, president.

Film of tonight's scrimmage with Electra

will be shown, and varsity players introduced.

Klinkerman said the members will have soft drinks and sandwiches for sale tonight at the scrimmage.

EARLY EFFORTS by Police Sgt. Charles Whittingstall to fight a blazing garage were to no avail, when he couldn't get enough water through the garden hose. The blaze occurred last week at 710 E. Bank, apparently started by two small boys. Volunteer firemen arrived soon enough to bring the fire under control before the structure was destroyed.

## Obituaries

### Mrs. Cereta Robinson

Mrs. Cereta Robinson, 79, a lifelong resident of Iowa Park, died Monday in a Wichita Falls hospital.

Funeral services were Tuesday afternoon in the Church of God with the Rev. W.F. Williams, pastor, officiating, assisted by the Rev. Carol Landreth, pastor of the Highland Church of God in Wichita Falls. Burial was in Crestview Memorial Park under direction of Tanner-Aulds Funeral Home.

Mrs. Robinson was a writer and had published a book, "A Tour With John Through the Book of Revelation". She was working on another book entitled "King's Highway" at the time of her death.

She was born March 24, 1901 in Iowa Park and was a member of the Church of God.

Mrs. Robinson is survived by her husband, Troy of the home; a daughter, Mrs. Mickey Shook of Refugio; a son, Johnnie Leroy Reeder of Wichita Falls; a brother, Willis Hendricks of Iowa Park; three sisters, Mrs. Phonzie Strickland of Houston, Mrs. Ola McLaurin and Mrs. Lena Simmons of Iowa Park; seven grandchildren and six great-grandchildren.

### Clark Henry Holloway

Services for Clark Henry Holloway, 78, who died Sunday in a Wichita Falls hospital, were Tuesday afternoon in Tanner-Aulds Funeral Home.

Officiating were the Rev. John Klappenbach, pastor of Odell Baptist Church, and the Rev. Ken Cole, pastor of Iowa Park Faith Baptist Church. Burial was in Highland Cemetery.

A 34-year resident of Iowa Park, he was born Feb. 4, 1901, in Farmington, N.M. He was a retired grocer, a deacon in Faith Baptist Church and served on the Iowa Park City Council from 1957-62.

His survivors include his wife, Lenora; two sons, Dale Clark of Panhandle and Lee Allen of Iowa Park; three brothers, Charlie of Iowa Park, Coy of Granbury and Cran of Newark; three sisters, Mrs. Cora Lakey and Mrs. Cornelia Todd of Iowa Park and Mrs. Callia Valcik of Saginaw; and six grandchildren.

Pallbearers were John Rentschler, Harry Moore, Billy Jo Dickerson, Herb Adcock, J.B. Trantham and Jim Miller.

### Mrs. Dora Edith Bentley

Services for Mrs. Dora Edith Bentley, 75, of Electra, mother of Mrs. Leverne Owens of Iowa Park, were Friday in the Electra First Baptist Church with the Rev. Joe Ainsworth, pastor, officiating.

Burial was in the New Electra Cemetery under direction of Totten & Holt Funeral Home.

Born Aug. 1, 1904 in Cartersville, Okla., Mrs. Bentley had lived in Electra since 1904. She was a member of First Baptist Church and Order of Eastern Star.

She is survived by her mother, Mrs. Nora Smith of Oklahoma City; a daughter, Mrs. Owens of Iowa Park; four sons, O.L. Bentley of Electra, Glen of Kermit, Harold of Big Spring and Doyle of Wichita Falls; three sisters, Hazel Meeks of Grandview, Polly Tabor of Oklahoma City and Norma Keith of Dallas; nine grandchildren and four great-grandchildren.

### Homer Bates

Funeral service for Homer Bates, 76, who died Monday at his home in Dallas, was Wednesday afternoon in the Cockrell Hill Baptist Church in that city.

Burial was in Haven of Memories Cemetery at Canton, under direction of Dudley-Hughes Funeral Home in Dallas.

A 40-year resident of Dallas, he was born July 31, 1903 in Van Zandt County.

He is survived by his wife, Elsie; two sons, Bill of Iowa Park and Harold of Odessa; a brother, Irby of Longview; three sisters, Mrs. Verba Wright of Palm Springs, Calif., Mrs. Grace Ayres of Canton and Mrs. Viola Erwin of Lufkin; and three grandchildren.

## Nut casebearer losses bother pecan growers

There is an exceptionally heavy drop of pecans in progress, which is causing considerable concern by home owners as well as common growers. Elvin Hefner of Iowa Park and Dr. Raymond Hander of Wichita Falls report heavy loss from pecans falling from their trees.

An inspection of the losses indicates most pecans are dropping due to attacks of the second generation pecan nut casebearer. Unfortunately, it is too late to do

anything about the losses caused by this pest. Growers needed to spray on July 12-15 in order to have controlled this second generation. The second generation control is 42 days after the spray date for the first generation, which was May 30 - June 2.

Some of the nut drop is caused by drouth stress. If there is no hole in the base of the nut, drouth caused the tree to "throw off". These trees need 2 1/2 - 3 inches of water applied on the feeder

root zone. Feeder roots are located under the outer tips of the branches at the depth of about 12 inches.

The nut drop caused by the casebearer is not all "bad". Most of the larger trees tend to overload. Thinning by this pest could help the remaining nuts to fill better with improved quality. Young trees which have only a few nuts may have lost their entire crop which is misfortunate. The second generation usually does not cause this much

damage.

A new technique of pecan tree establishment is being used by Wesley Davis between Iowa Park and Wichita Falls. His system is aimed at transplanting the trees to the orchard during the first year of growth.

Rather than planting pecans into a nursery row, he plants the nuts into a 1/2-inch gallon milk carton. The bottom of the carton is cut out and placed on screen wires above the ground. The cartons are filled with good soil and the nuts planted early in the spring.

The pecans germinate later in the spring and begin to grow rapidly. The roots quickly hit the screen wire, which causes air pruning of the tap root. This causes the seedling to develop an

extensive fiber root system within the carton.

Later in the summer the trees are transplanted to the orchard on 35 feet centers. Davis has made a tool which removes a plug of soil the exact size of the milk carton. The carton is cut away from the seedling as it is slipped into the hole, which is the exact size of the transplant. Davis said, "The trees never know they have been transplanted and they never slow down."

The seedlings are watered once a week into a small reservoir built around the base of each plant. The transplanted orchard is kept free of grasses and weeds by plowing, hoeing, and spraying with Round-up. Davis said, "I gain a years time with this technique, and this system works best for me."

This method of pecan tree establishment was developed by Oklahoma State University.

The speed of the earth's spin slows about a second a century.

September 10 Late registration at Iowa Park, 6:30 p.m.

#### Monday Evening

Hist 301 U.S. History to 1865 - 6:30 p.m.  
BAdm 335 Real Estate Appraisal - 6:30 p.m.  
Math 306 Business Math - 6:30 p.m.

#### Thursday Evening

BAdm 336 Techniques of Construction - 6:30 p.m.  
Engl 301 Composition & Grammar - 6:30 p.m.

#### General Information

Generally anyone 18 years of age is eligible to enroll. High school seniors may enroll with the permission of the high school principal and the registrar. Other persons who did not finish high school, may enroll if over 18 and out of public school a full year or have successfully passed the GED tests. Texas residents may enroll for 2 courses for \$50.00 or 3 courses for \$61.00 plus textbooks.

#### CONTINUING EDUCATION COURSES

Beginning Typing I, Intermediate Typing I and Basic Bookkeeping I are scheduled as non-credit continuing education courses in cooperation with the Burkburnett Community Education Program. Interested persons may register in advance with Danny Taylor at the Burkburnett School Administration Building.

# You don't have to fast for lunch to get a fast lunch.

Ken's Buffet.

If you haven't found that fast, delicious lunch yet—how does all the pizza, pasta and salad you can eat sound? Just walk in to Ken's, pick up a plate, and fill it with all your favorites. Then have a seat and someone will bring you a drink. Now wasn't that faster, more relaxing and better tasting than yesterday's lunch? From 11 am to 1:30 pm.

## City slicker hunters not a welcomed sight

By LEWIS SIMMONS

If there's anything a rural resident Texas dove hunter hates to see, it's a luxury car parked on the side of a dirt road with a man wearing Gucci shoes perched on the hood, a beer in one hand and a Browning automatic shotgun in the other.

Like the New Mexico and Colorado residents who hate to see folks like me invade their winter wonderland during snow skiing season, I hate to see "city slickers" from the Dallas-Fort Worth metroplex invade this area during the first few weeks of September.

Let's keep economics out of the argument.

And before I am strung up for making sweeping generalities with no basis for my criticism, let me say that there may be some responsible visiting hunters from the land of skyscrapers.

However, I have never met one. As a rule, they violate all the rules. Frequently they show little respect for the land, landowners or other hunters, much less the law.

Because of past bad experiences with my urban counterparts, I seldom hunt within the vicinity of a Dallas or Fort Worth license plate.

A few years ago I was invited to a

weekend of dove hunting in Throckmorton County. The host had invited some of his old Army buddies who live around Dallas.

Most of those guys couldn't tell a turkey from a toad frog. Anything that moved got shot at. The day's harvest included meadow larks, sparrows, scissor tails, a bobcat, several rabbits and skunks and a few dove that must have been hit by stray pellets.

I've been peppered with eight shot by urban hunters who never look beyond the end of a muzzle, and I've seen bag limits flagrantly violated.

None of this is to indicate urban residents are the only outdoorsmen who ignore hunting protocol. But as a group, carelessness and disrespect are characteristic of their rendezvous.

A friend and I were discussing the dilemma just last week, and we figured our hatred for metropolitan bag limit violators stems from the fact that we're just not good shots. We're lucky to bag enough doves for one decent meal during the entire season.

Then again, our thinking might be found in knowing we don't wear Gucci's while shooting doves with a Browning from a Lincoln.

**HUNTING GEAR**—It doesn't take a lot of fancy equipment to pursue the sport of dove hunting: a shotgun, shells, hat, game vest, liquid refreshment and a folding chair fills the bill for most hunters.

Quail season will be November 17 through February 17.

## Dove hunting a favorite sport

Aside from football, probably there is no other outdoor sport that attracts more people in this area than dove hunting.

Anybody who hunts anything probably hunts dove.

Different hunters may give different reasons for their attraction to the sport,

but economics and availability probably are rooted in all reasoning, in addition to the fact that dove season signals the beginning of hunting season in general.

The cost of outfitting a dove hunter can run the gamut, largely depending on the type of scattergun selected.

Foreign-made single shot shotguns can be purchased for less than \$40, and the price rapidly escalates depending on the brand, type of action and aesthetics.

Most hunters seem to prefer an automatic or pump shotgun in 12 or 20 gauge manufactured by a reputable arms company with a price tag in the neighborhood of \$200. Double barrels in side-by-side or over-and-under also are popular choices.

Not counting a vehicle and the gasoline needed to get you there, shotgun shells

can be the second most costly investment depending on how often the trigger is squeezed. One way to cut the cost is by saving the empty hulls and reloading them yourself.

The cost of other accouterments simply depends on the individual hunter's needs and desires but usually includes a hunting vest, hat, folding chair and something to carry liquid refreshments in.

In addition to the variable expense to pursuing the sport, availability of mourning dove in this area is a definite attraction.

Barring cold fronts and heavy rains that can chase doves out of North Texas, this area generally is known for its good mourning dove crop.

Evidence can be found in the wheat stubble, sunflower patches and stock ponds that attract the birds here.

## Dove season starts

For the working man who enjoys dove hunting, the timing is perfect this year.

Dove hunters in Texas' North Zone which includes this area can enjoy opening weekend hunting that will stretch into the Labor Day holiday.

The first part of the mourning dove season will run September 1 through October 21. Second part of the season will be January 5-13.

All-day hunting will be in effect from 30 minutes before sunrise to sunset.

Limits will be 10 doves daily with 20 in possession. A hunting license is required for anyone planning to hunt outside the county of their residence unless they are under 17 or

over 65, persons hunting on land where they reside and certain disabled veterans.

The cost of a resident hunting license is \$5.25.

Anyone who plans to hunt and fish during the coming year might be wise to purchase a combination license for \$8.75, saving a dollar if licenses were purchased separately.

A 24-page booklet covering Texas hunting and sport fishing guidelines is available where hunting and fishing licenses are sold. It is published by the Texas Parks and Wildlife Department.

Archery season for deer will run October 1-31 with regular season from November 17 through January 1.

**MOURNING DOVE**—Supplying a favorite sport among North Texas hunters, mourning dove season opens Sept. 1 and runs through Oct. 21. Second half of the season will be Jan. 5-13. Shooting hours are 30 minutes before sunrise to sunset with a daily bag limit of 10 with 20 allowed in possession.

## Coach to be speaker at reunion banquet

Tommy Watkins, athletic director for the Iowa Park High School, will be the featured speaker for the

12th annual banquet of the Iowa Park High School Alumni and Ex-Students September 29 at 7:30 p.m. in the high school cafeteria.

A reception will start at 5:30 p.m. in the high school library instead of the hall area near the cafeteria where it has been held in the past.

The banquet this year will afford special recognition to the classes of 1909, 19, 29, 39, 49, 59, 69 and 79. Jo Ellis Patterson, corresponding secretary of the IPHS Alumni Association, has already mailed approximately 1,000 invitations to graduates, former students and teachers.

The catered meal will cost \$3.50 this year and reservations and checks must be received by Wednesday, Sept. 26. These can be mailed or taken to the Iowa park Chamber of Commerce.

A registration booth will be set up for all ex-students at the football game on Friday night between Jacksboro Tigers and the

Hawks.

Robert Wilcox is president of the IPHS Alumni. Other officers include Danny Parkerson, 1st vice president; Jim Medlinger, 2nd vice president; Ruth Dorris Gard, treasurer; Carolyn Mahler Richter, secretary; Jo Ellis Patterson, corresponding secretary; Olive White Blalock, reporter.

### Foreign airmen special guests

Three foreign airmen who are taking training at Sheppard Air Force Base, were special guests of the Christian Workers Class of First United Methodist Church Thursday evening at the monthly covered dish supper and business meeting.

The trio included Capt. Fu Shing Lee and Capt. Jung-An Chen from China, and 1st Lt. Nagi Ali Ahmed from Egypt. They were accompanied by Iline Swad-

ley from the Foreign Training Office and Rosemary Beck, bus driver.

Hosting the dinner were Mr. and Mrs. Clyde Winfrey, Mrs. Effie Winfrey, Mrs. Ida Parker and Mrs. Kathleen Hatten. The tables were decorated with green place mats and colorful flowers.

Herman Mahler directed the business and introduced the visitors. Other guests were Mr. and Mrs. Hubert Thompson and Miss Sherie Burdette.

### Kingcade has new release

"Angel Without Wings" is the newest release for local country-western vocalist Dan Kingcade.

MIKE DANCHAK

The record was cut several months ago at Benson Studio in Oklahoma City, using a studio band. Flip side is a ballad "You Walked Through My Mind." Both songs were written by Ted Thygesen of Wichita Falls.

Kingcade describes his newest record as the most professional sound of his

### New minister named

Mike Danchak, currently minister of the Church of Christ in Pearsall, has accepted the invitation of the Iowa Park Church of Christ to serve as minister beginning Sept. 1.

He began preaching in 1961 in the local church's youth training program while a junior in high school and continued appointment preaching during his college education. He received a bachelor of science degree in Bible from Abilene Christian University in 1966, graduating cum laude, and his Master of Education in Guidance Counseling from ACU in 1968. He also holds a provisional and professional Texas teacher's certificate in history, English and guidance. He has done post-graduate work at Texas Tech in family counseling.

Danchak has served congregations at Cotulla, Big Spring and Pearsall since graduation. He has published a weekly newspaper article "The Living Word" for ten years and conducted a daily radio program "Power for Today" over Pearsall radio station KVWC. He has also taught in the church educational program from grades three through adult and has served as a deacon in the church.

The new minister is also active in community affairs. He has served as P-T-A

president. He is currently president of the Board of Directors of Frio Hospital Association, treasurer of Pearsall Cemetery Association and secretary-treasurer of Danchak's Inc., a family owned and operated business. He has served as a counselor in public schools and worked with Volunteers in Probation, a guidance program with juvenile delinquents.

His wife, Sharon, received a BS degree in education, cum laude, from ACU in 1969 and has done post graduate work at Texas Tech. She is a certified public school teacher from kindergarten through elementary. The daughter of a minister, she has been active in the church's education program from cradle roll through grade two. She has also taught Bible classes for adult women and is active in training teachers in the use of visuals in the Bible school curriculum.

The couple were married August 1968. They have two children, Jeffrey Michael, 5 1/2 years old, and Erica Michelle, 11 months of age.

In Wales it was thought that rubbing your palm with an oak leaf would keep you healthy for a year.

nine recordings. Previous records include "Big Blue Diamonds", and the original "Coca-Cola Cowboy", which is now a national hit by country star Mel Tillis.

## story if you are

## selling your home!

When we are called by a prospective client who is planning to sell his home, we evaluate the potential value of the property.

Our evaluations are based on the current market price of homes here in Iowa Park. And because of our sales record, established over the past year, we believe we are better informed, more realistic, than any other appraisers.

The problem is—it is possible that a prospective client to be given an unrealistic value by someone else. Then the home would sit unsold for a long period of time, because people just won't pay an unrealistic price or over for it.

List your home with us, when you are ready to sell. We'll give you honest, professional appraisals. After all, our fee is based on the price we bring. And nobody, but nobody, works harder and sells more Iowa Park homes than we do.

## Attention: Parents or Guardians of school children

Dear Parent or Guardian:

The Iowa Park Schools serve nutritious meals every school day. Students may buy lunch for .55, .60, .65, and .75 cents, breakfast for .30 cents, and extra milk for .09 cents for white milk and .10 cents for chocolate milk.

Children from families whose income is at or below levels shown on the attached scale are eligible for free or reduced-price meals. The reduced price for lunch is .10 cents and for breakfast .10 cents. If your income is greater than those shown, but you have unusually high medical bills, shelter costs in excess of 30 percent of your income, special education expenses due to the mental or physical condition of a child, or disaster or casualty losses, your children may still be eligible.

The school children of parents or guardians who become unemployed are eligible for free or reduced-price meals and free milk during the period of unemployment, provided that the loss of income causes the family income during the period of unemployment to be at or below the levels shown on the scale.

To apply at any time during the year for free meals and free milk or reduced-price meals for your children, complete the attached application and return it to the school. The information given on the application is confidential and will be used only for the purpose of determining eligibility for free meals and milk or reduced-price meals. Within ten days of receiving your application, the school will let you know whether or not your children are eligible. If you do not agree with the school's decision you have a right to a fair hearing. This can be done by calling or writing the Chairman of Cafeteria Committee at P.O. Box 428, Iowa Park, Texas, 592-5082.

In certain cases foster children are also eligible for these benefits. If you have foster children living with you and wish to apply for such meals and milk for them, please notify us or indicate it on the application.

All children are treated the same regardless of ability to pay. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

If we can be of any further assistance or if your family size or income changes during the year, please contact us.

Sincerely,  
/s/ Faris O. Nowell  
Superintendent of Schools

Letters and applications will be distributed to students August 27, 1979. Prior to that date applications may be obtained at the Iowa Park School Tax Office, behind Kidwell Elementary School.

### FREE AND REDUCED-PRICE ELIGIBILITY INCOME SCALE

[Minimum Guidelines Increased by 25% for Free Meals and Milk and Increased by 95% for Reduced-Price Meals]

Family Size	Family Annual Income	
	Free Meals	Reduced-Price Meals
1	\$0 - 4,590	\$4,590 - 7,160
2	0 - 6,040	6,040 - 9,420
3	0 - 7,490	7,490 - 11,680
4	0 - 8,940	8,940 - 13,940
5	0 - 10,390	10,390 - 16,200
6	0 - 11,840	11,840 - 18,470
7	0 - 13,290	13,290 - 20,730
8	0 - 14,740	14,740 - 22,990
Each Additional Family Member	\$1,450	\$2,260

Each School district may determine the price charged for reduced-price meals, but in no case may the charge for a reduced-price lunch exceed 10c or a reduced-price breakfast exceed 10c. Price charged for Reduced-Price lunch .10 Reduced-Price Breakfast .10. (Indicate N.A. if not participating in Breakfast Program.)
