IOWA PARK, TEXAS

Johnson draws 17-year sentence

Judge says family and associates knew of hoax all the time

Former Iowa Park grain dealer Bobby M. Johnson was sentenced to 17 years in prison Tuesday.

Federal Judge Eldon C. Mahon, after lecturing strongly to Johnson, sentenced him to the maximum of 10 years on count 12 and seven years on count 13, the two to run consecutively.

Maximum sentence was 10 years and \$10,000 fine on each count, but the judge did not mention a fine. He approved dropping 15 other counts charged against Johnson, as part of a plea bargain.

His brother, H.C. was sentenced to 16 years and was put on probation after some 18 months.

Johnson gave little indication of response to the sentence, looking once to his right where three federal officers were sitting, and then back at the judge.

The two charges to which Johnson pled guilty at a trial last month were for transporting stolen grain across

state lines.

Johnson had been sought by state and federal authorities since he disappeared from a boat in the Gulf of Mexico Jan. 3, 1977, when he was allegedly taken from one boat by another which was driven by a relative.

He was sighted once by federal officers in Oregon but escaped, and then caught in Rexburg, Idaho July 14. The time he has spent in jail since his capture will be "good time" toward his sentence, according to Judge Mahon. He has remained in jail, unable to make bond, which was first set at \$1-million and later reduced to \$500,000.

The judge told Johnson it was sad to see a person who had risen from rags to riches (Johnson said he had some \$2-million in the bank at one time, besides his assets). Mahon connected Johnson with "human weakness of greed." "It seems man just won't ever be satisfied," he said.

Most cases like this are decisions made on the spot, Mahon lectured, but "...the court can't help but be influenced by the fact this was premeditated. That's the thing I don't like about the plea agreement."

Mahon told Johnson many members of the family and his associates were "accomplices to the crime." He said they had feigned grief; people knew he was not deceased, that the whole thing was a hoax; and that the "deception continued almost two and a half years and didn't end until your arrest...by you, your associates and members of your family."

Reminding Johnson he could have faced a maximum of 170 years in prison and fines amounting to \$175,000, "I trust and have great confidence that you have made a turnabout...then you can endure the punishment."

The judge permitted Johnson to visit with four or five members of his

family immediately after the court adjourned, for visitation prior to being returned to jail.

At the outset of the session, Judge Mahon pointed out he had received some 50 letters and a petition (not saying how many names on it) which asked leniency in sentencing Johnson. He also permitted Johnson's attorney, Gene Douglass, to call on three men who spoke in Johnson's behalf.

Willard Frye of Wichita Falls said he had worked as a pilot and bulldozer operator for Johnson, and he "would go into a joint venture with him now" if the opportunity permitted.

Grant Carroll of Grandfield, Okla., said "I'd like to do business with him again", and admitted he had lost some 20,000 bushels of wheat that was stored in one of Johnson's elevators.

The third man, Gene Snow, was another former employee who said he was responsible for keeping track of grain in Johnson's elevators and said Johnson "...never set out to intentionally steal or take from anyone."

Johnson was given an opportunity also to speak before sentencing. He appeared to be reading from notes which were on a tablet lying in front of Douglass.

After giving his full name and age, 44, he brought the only light point of the entire 50-minute session by saying "I don't know what address to give."

He said he had built his business from a start of driving trucks and eventually to buying the elevator in Iowa Park. In January of 1976, Johnson said "I had a lot of trucks running, 13 some-odd elevators, a large brokerage business in fertilizer, offices in New York, Oklahoma and Texas, a lot of different businesses going" and estimated he had between 80 and 100 persons on his payroll.

His attempt to purchase the McFadden Ranch, near Guthrie, was his downfall, he told the court.

Against the advice of his attorney and CPA, he undertook the project, which originally called for "paying so much money each year and clearing 2,500 acres." He decided to do the job on a volume scale, and cleared 18,000 acres of virgin land in six months and planted it to wheat.

During this time his fertilizer business dropped off and grain prices were dropping. The ranch project was costing more money than he had expected. "Everything I did seemed

to go bad to worse," he said.

After being turned down by a Wichita Falls bank for a loan...he had sought between \$500,000 and \$600,000...he said he started trying to recoup money on the grain futures. But that had also failed, and even lost more money.

Had he been able to harvest the wheat crop he had planted on the ranch, he estimated the crop would have raised almost \$3-million. Enough to get him out of financial trouble.

"To keep it (the ranch) I started doing some things, I started selling my farmers' grain," he explained.

"I thought I would rather have my family and friends think me dead, rather than being in the penitentiary,"

Johnson said, admitting that lack of sleep for a long period of time due to pressures had not permitted him "to think straight."

He told the court he intended to pay back all he owes. In support of his intentions, he said 10 years ago he had been \$500,000 in debt. He had called in his creditors, received their cooperation, and worked his way out of the trouble, paying off all he owed.

"I have sinned and feel like I should be punished," Johnson told the judge.

U.S. Attorney R.H. Wallace told Judge Mahon, before the sentencing, that Johnson had lived up to his plea bargaining agreement and was very cooperative in testifying recently before a federal grand jury.

25 CENTS

VOL. XI, NO. 12

Chamber has woman president

The Iowa Park Chamber of Commerce has its first woman president.

Mrs. Gus (Helen) Rich was elected president Monday at the annual membership meeting of the Chamber. First vice president will be Tommy Key and second vice president David Parkey.

They will be officially installed at the annual banquet.

A change in nominations was made at the meeting, after an earlier report from the nominations committee had listed Danny Parkerson as its candidate.

Parkerson, who has served the past year as first vice president, and recently assumed the presidency after Bill Bates resigned, due to health reasons, resigned from any office on the Chamber.

New directors are Bates, Ralph Beall, Linda Merrick, H.M. Nipper, Harrel Sullivan, Everett Boulware, Parkey and Philip Welch.

After new members were recognized in the audience, Key reported that the third annual Wichita County Christmas parade was still to be sponsored by the Iowa Park Chamber on Dec. 8.

"We're hoping for about 100 units to enter. We had good response to notices about the parade," he said. Cash prizes will be given to the top entries.

Following the parade a chili lunch will be served by the MuleSkinners, Santa Claus will be at his hut between Settle Drug and Iowa Park Florists, and drawings will be held throughout the day, giving script to winners who can redeem it with local merchants.

Nipper, president of the Industrial Development Corporation, said the title for the old fair grounds, between Park West Shopping Center and Shaw Motor Co., had not been

transferred yet, but plans are almost finalized for construction of a TG&Y Family Center, a new H&S Food Store, and space for three smaller businesses. The plans call for the family center to have 35,000 square feet and H&S some 18,000 square feet, Nipper said.

Dr. Erwin Soell reminded the

membership the board should be more watchful about electing a director to the IDC board, or the same problems could develop as did with the old Texas-Oklahoma Fair board.

Elections to the IDC are to be held each September of even-numbered years.

1980 IOWA PARK CHAMBER OF COMMERCE OFFICERS
....Tommy Key, left, first vice president, Mrs. Gus Rich, president, and David Parkey, second vice president.

REPRESENTATIVES of the Sheppard Area Community Relations Council met here in the Texas Electric Reddy Room Monday. Beyond the standing speaker, a Sheppard chaplain, are Iowa Park Mayor Johnny Crawford and Steve Morath, city administrator. In the foreground are Kenneth Hill, Wichita Falls mayor, and Maj. Gen. Robert W. Baxley, Sheppard Technical Training Center commander, co-chairmen of the Council.

Four arrested for burglary

Less than an hour and a half after receiving information that a possible burglary was underway here Monday night, Iowa Park policemen had arrested four young men and recovered tires they had taken.

A passer-by reported to police shortly after 8 p.m. having seen men entering Foix Auto Service, 300 W. Highway. The vehicle left before police arrived, but they had a description, and found it later on the streets.

Gerald Claude Hopkins, 18, and three juveniles, two age 16 and the other 15, were questioned and then turned over five new automobile tires they had removed from the business. The tires had been left at another person's home.

Entry into the building was gained through a window. Value of the tires was set at \$28.27 each.

The four were arraigned before Justice of the Peace Virgil Hill. Three were released from jail on bond and the other to his father.

G.L. Smith told police someone driving a white pickup and pulling a

two-wheel utility trailer left the road and knocked down three fence posts on South Wall shortly after 5 p.m. Saturday and failed to notify the owner.

Vanesa Stucki contest winner

Vanesa Stucki won the title of North Texas-Southern Oklahoma Miss Pecan in competition at Nocona Saturday. She also won first in talent competition, doing a ballet and twirling exhibition to Main Event.

Miss Stucki represented the Iowa Park Chamber of Commerce and she will compete at the state contest next summer.

She is the daughter of Mr. and Mrs. Harold Stucki, and is a junior at Iowa Park High School.

Another Iowa Park beauty, Robin Doan, won the Nocona contest last year.

THANKSGIVING

A TIME TO GIVE THANKS FOR ALL GOOD THINGS...

Baker-Blair nuptial vows exchanged here recently

Nuptial rites of simple dignity were performed Nov. 10 in the chapel of First Baptist Church to unite Miss Pennie Louise Baker, daughter of Mrs. Nina Baker and the late Mr. Hoyett Baker, and Randy Nile Blair, son of Mr. and Mrs. Bernard Blair.

The bride and groom exchanged double-ring vows of matrimony under the direction of the Rev. Howell Farnsworth, pastor, before the stained glass window that has been preserved through the years to become a prized part of the church's heritage. Soft lighting for the setting was provided by lights burning behind, on either side and cathedral candles glowing in fifteen-branched candelabrum in front of the window. The brass candlestick was entwined with emerald and leather leaf and centered with a blue satin bow.

A musical background was provided by Miss Debbie Wylie, pianist, whose featured selections included the prenuptial music and traditional marches.

Escorted and given in marriage by her brother, R.W. Baker of Glenrose, the bride wore a formal gown of delustered candlelight satin and Chantilly lace. The bodice of the gown was of

lace accented with seed pearls, complimented by a raised waistline and high illusion neckline of the lace and pearls. Chantilly lace medallions were scattered over the skirt, its beauty further accentuated by a hemline highlighted by lace and pearls that was caught in the back to form a chapel train.

The bride's fingertip illusion veil, embellished with lace medallions and a border of the delicate open network, floated gracefully from a headpiece covered with Chantilly lace. She carried a cascade of white rosebuds, blue carnations and baby's breath with white lace streamers.

In observing the bridal tradition of wearing "something old", she selected the wedding band that her father placed on the hand of her mother at their wedding. Her lovely gown was the "something borrowed" from her sister-in-law, Mrs. Bernard Richard Blair Jr. A garter was both "something blue" and "something new", and in her shoe, she wore a penny dated the year of her birth.

Miss Janet Daniels took part in the wedding as maid of honor. She was attired in a floor length violet blue polyester and cotton gown designed with a lace

bordered square neck, long sleeves with wide lace cuffs, and a skirt featuring wide tiers separated with insets of lace. She carried a nosegay consisting of the same flowers in the bride's bouquet.

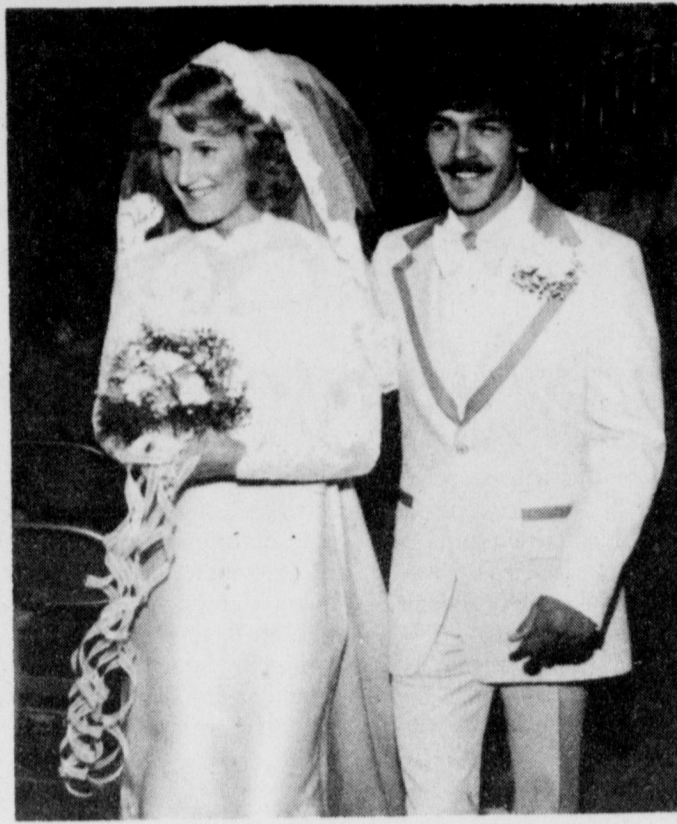

The groom wore a light blue tuxedo with a white ruffled shirt and a boutonniere formed with a white rosebud-centered blue carnation surrounded with baby's breath.

For their formal wedding attire, Tom Pappas, the best man, Shane Kimbrew, usher and the bride's brother who gave her in marriage, wore light blue coats, dark blue pants and white ruffled shirts.

Miss Debbie Mataska, the bride's niece who lighted the candles for the service, wore a long blue dress and a corsage of white daisies and blue carnations.

The bride's mother chose a street-length two-piece rose Qiana dress styled with cowl neck, pleated bodice and long sleeves. The groom's mother wore a peach-colored polyester shirt waist street-length dress with smocked bodice and cuffs on the long sleeves.

The bride and groom were both graduated from Iowa Park High School, she in 1979 and he in 1977. She played basketball four

MR. and MRS. RANDY BLAIR

years, ran track one year, belonged to mixed choir two years and was on the Student Council. She was vice president of the senior class, homecoming queen, class favorite and Miss Iowa Park High School.

The groom played football four years and ran track one year. He was in Auto Mechanics. He attended Midwestern State University and is presently employed

Burkburnett, Mrs. Bob Mataska of Henrietta, sisters of the bride, and Mrs. R.W. Baker of Glenrose, her sister-in-law.

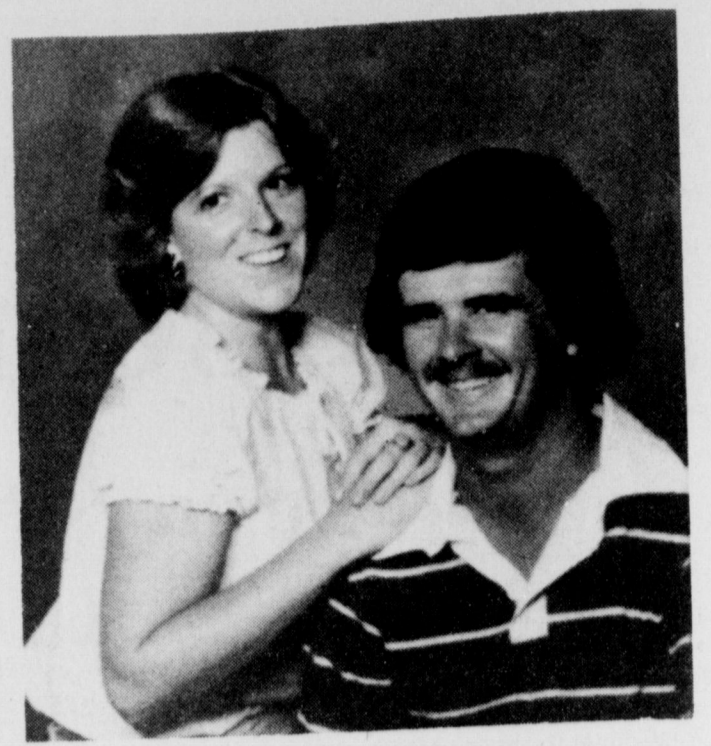

Miss Alicia Alewine of Abilene, niece of the bride, registered guests, and Miss Amy Baker, another niece, handed out the white net rice bags tied with blue ribbons and lilies of the valley.

The refreshment table was laid with white lace over blue and centered with bride and groom figurines standing under a lace-topped gazebo. The three-tiered cake highlighted in the table setting featured one set of Grecian pillars, and frosting drapes and garlands interspersed with blue roses and bows. The top ornament was a miniature bridal couple in formal wedding attire standing in a heart outlined with pearl hearts on a lacy white dais.

The crystal punch service and bridal napkins completed the table appointments.

The groom's parents hosted the rehearsal dinner at Sizzling Steak House.

Other out-of-town guests were Mr. and Mrs. Paul Ruske of Del Rio, brother-in-law and sister of the groom.

LEORA COPAS and RICKEY AARON

Announce engagement

The engagement of Miss Leora Marie Copas and Rickey Lynn Aaron is being announced today by their parents, Mr. and Mrs. Perry Copas of Iowa Park and Mrs. Margie Aaron of Quanah.

Miss Copas was graduated from Iowa Park High school in 1978. She was active in Co-op, basketball, volleyball, girls choir and pep squad. She is a student at Midwestern State Univ. where she is treasurer of the Rodeo Club. She is employed by Best Products.

The prospective groom

was graduated from Quanah High School in 1973 where he was involved in football, track, basketball and FFA. He attended Cisco Junior College and Tarleton State Univ. and was a member of the rodeo teams at both schools. He is self-employed.

Mr. and Mrs. Larry Fulfer announce the birth of their first child, a seven pound, nine ounce son, Brandt Dale born November 16. Mrs. Fulfer is the former Tanya Alexander.

Grandparents are Mrs. Carolyn Fulfer and Mr. and Mrs. S.R. Alexander of Iowa Park and Jon Fulfer of Valley View. Great-grandparents are Mr. and Mrs. Cletus Moore of Iowa Park and Mrs. J.M. Littrell of Wichita Falls. The great-great-grandmother is Mrs. J.E. Thomas of Canyon.

Crystal LaShaye, a six pound, fourteen ounce daughter, was born to Mr. and Mrs. Tony Alexander, Oct. 31.

Grandparents of the new baby are Mr. and Mrs. S.R. Alexander of Iowa Park, Mr. and Mrs. Travis Beasey of Wichita Falls and Mr. and Mrs. Kenneth Copeland of Lawton, Okla. The great-grandparents are Hazel Inman, Grace Copeland and Nona Littrell, all of Wichita Falls. Mr. and Mrs. Ponder of Wichita Falls are great-great-grandparents.

Study Clubs hold 17th joint meeting

The 23 Study Club and Philia Study Club held the 17th annual joint meeting Monday evening in Texas Electric Reddy Room.

The Federation Heritage Day program, the only one required by General Federation of Women's Clubs, was observed with members from both clubs taking part. To meet the requirement in the fullest sense, some federation phase of GFWC, TFWC, Santa Rosa District and both clubs was essential. In planning the program, the committee in charge chose to place emphasis on the work, projects and accomplishments of the year 1970.

The speaker's table was centered with an heirloom ecru lace cloth topped with a natural woven twine runner trimmed with brown and ecru silk flowers and brown velvet ribbon and bow. The table held a gold plate which was presented to the 23 Study Club for a 50th anniversary present by the Philia Study Club. A framed GFWC emblem hung on the wall back of the table.

Mrs. Sam Hill from the 23 Study Club was a program leader.

Mrs. Thomas Johnson, president of the Philia Study Club, used "A Merry Thanksgiving", a poem by Marian Douglas for the meditation.

The delightful arts feature of the program was presented by Mrs. Delbert Todd, Dee Ann Todd and Chris Miller, members of the Backdoor Theater, who gave a dramatic skit using excerpts from "To Kill a Mockingbird" (Lee).

The symposium: "Federation History in 1970" was introduced by Mrs. Deryl James, who gave a resume of the Philia Study Club activities during the year selected for highlight, and Mrs. T.M. Clark followed by reviewing the work of the 23 Study Club.

Mrs. Hoyt Lovelace from the Philia Study Club was assigned the GFWC, and she stressed how the president that year encouraged widening of horizons to

include greater international interests.

Mrs. Chauncey Weiler spoke on TFWC reminding club members that 1970 was the Diamond Jubilee of the state organization and that Mrs. Philip Carpenter of Burkburnett was the president. She wore a pin designed by the president and sold by districts and clubs throughout the state to help defray some of the indebtedness of the organization.

Mrs. Earl Watson, president of Santa Rosa District, making her official visit to both clubs, concluded the symposium by giving highlights of the district during 1970 and discussing the current project of each district to furnish a television for M.D. Anderson Hospital in Houston. She announced that Santa Rosa District and Top of Texas District would be co-hosts for the state convention at Amarillo in the spring of 1980.

Mrs. Watson also wore a 1970 TFWC pin and a money corsage presented to her by both clubs.

Mrs. Don Rice, president

of the new Amity Study Club, was a special guest.

During the social hour, Mrs. Erwin F. Soell, president of the 23 Study Club, presided at the silver coffee and tea services. The

refreshment table was laid with an ivory lace cloth over brown linen. The centerpiece was an arrangement of flowers, berries, leaves and cat tails in autumnal hues flanked by yellow candles uprising from silver holders.

Former resident crowned queen

Rae Ann Jinkins, a senior at Broken Bow, Okla., was crowned queen of the Savage football team at recent homecoming activities.

She is the daughter of Dr. and Mrs. Jim Jinkins, former residents of Iowa Park, the granddaughter of Mr. and Mrs. Wayland Jinkins of Iowa Park and Mrs. Omega Harris of Marietta, Okla., a former resident of this city and teacher at City View.

The young lady's father is superintendent of schools at Broken Bow and her mother is a teacher in the school system. She is a member of the basketball team, Future Homemakers of America and National Honor Society.

Pack honored

Cub Scout Pack 36 will hold its monthly meeting Nov. 29 at 7:30 p.m. at First Christian Church. Theme for the month is "Knight of Yore."

The pack was honored Saturday at the Wichita District banquet and received two awards: Wonderful World of Scouting and 1979 certificate of recognition.

Attending from Iowa Park were Rev. and Mrs. Clyde Markee, Messrs. and Mmes. Leon Denton, Jimmy Denton, Buddy Johnson and Mrs. Brenda Beavers.

Miss Blanks is hostess

Miss Titia Belle Blanks was hostess for the Thursday meeting of the Lucy Birk Circle of First Presbyterian Church in the home of Mrs. Mae Shelton, chairman of the circle.

Mrs. Edna Lemond was moderator for the Bible lesson entitled "The Order

of Worship". She stressed that the service of worship is an act of corporate praise for God is praised for what He has done in Jesus and what He is doing in the lives of individuals and in the church.

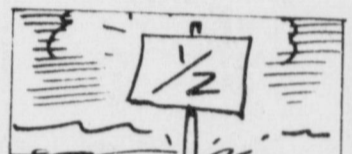

"This praise will primarily focus on God and only secondary on us and me," she concluded.

A salad luncheon followed the study. Five were present.

Timmy, Charles and Penny Bradberry announce the arrival of their little sister, Cherrie Bettina Suzanne. She was born November 14 at Wichita General Hospital, and weighed seven pounds and fifteen ounces. Her parents are Mr. and Mrs. Jimmy Bradberry.

Grandparents are Mr. and Mrs. W.D. Vestal Jr. and Mr. and Mrs. S.M. Bradberry of Iowa Park. Great-grandparents are Mrs. Amma Cheshier and Mrs. Leslie Bradberry of Iowa Park, Mrs. George Wood of Wichita Falls and Mr. and Mrs. W.D. Vestal Sr. of Petrolia.

The Pacific Ocean holds half the water on earth.

Disco dance set Saturday

Teenagers planning to attend the disco dance Saturday, featuring the "Silver Shadow", who have not renewed their memberships in the Iowa Park Recreational Activity Center will be required to either renew or pay the non-membership price.

Two pool tournaments, belly dancing classes and rhythmic aerobics will be held next week.

The tournaments will be Friday, with those ages 8-12 competing at 4 p.m. and 13-16 at 7 p.m. It is open to members only, according to Betty Merriman, RAC director.

Belly dancing will be held at 7 p.m. Tuesday, followed at 8:15 by rhythmic aerobics.

Cook of the Week

The Thanksgiving feast can not help but recall the very earliest days of our country. Turkey, of course, is the feature of the meal, and traditional side dishes include candied yams, cranberries, fruit salad, pumpkin pie, etc. The table setting might even feature a horn of plenty or a bowl of fruits and nuts.

Mr. and Mrs. H.E. "Hag" Howard will be among the many couples in Iowa Park who will have their children home to enjoy the turkey dinner and trimmings with them. The menu will include delightful dishes from the past and 20th century favorites, and some of her "royal fare" desserts that have gained high stature for her with family and friends.

The Howards moved to Iowa Park from Gainesville one year ago. He works for Texaco Inc. at Electra, and, fortunately for the city, they chose to live here. They are members of First Baptist Church where he is a deacon, and she is group captain of the LLL Sunday School class and on the church visitation committee. Both enjoy football and are loyal Hawk fans.

Many people in the church have had the privilege of sampling her sumptuous cooking at socials and covered-dish meals, and she gets many requests for her recipes, especially those in the pastry department.

About four centuries ago, a good pastry cook might have been recognized by royalty in a certain country where pastry making was regarded as an accomplished art. In those times, the king bestowed a fortunate few the title of Master Pastry Cook, and the recipients of the honor were granted special privileges. Sounds like Mrs. Howard merits the title of master pastry cook in the 20th century. (Take special note of her Cranberry Cake with Hot Sauce and pie crust recipes.)

Mayzie Howard was graduated from Prairie Valley High School near Nocona. She worked for the Nocona News four years and later for Egan Printing in Dallas. At Gainesville, the couple belonged to the First Baptist Church and she taught the four-year-olds in Sunday School 20 years. She enjoys reading, sewing and antiques.

Hag and Mayzie Howard have one son, Ben, of Pampa, and two daughters, Shauna Smith of Denton and Carol Flint of Gainesville.

Mrs. H.E. Howard

CRANBERRY CAKE WITH HOT SAUCE

Cream:
2 T butter
1 cup sugar
Then add:
1 t vanilla
2 cups sifted cake flour (deduct 2 T if plain flour is used)
3 t baking powder
1/2 t salt
1 cup milk
2 cups whole raw cranberries
Cook at 400 degrees for 35 minutes
Note: cake does not have an egg

SAUCE

1/2 cup butter
1 cup sugar
1/2 cup coffee cream
Melt butter in pan, blend in sugar until dissolved, stir in cream; simmer 3 or 4 minutes.

The sauce must be served hot and the cake must have it.

HOT CHICKEN SALAD (Serves 6)

Mix all together:
1 chicken, boiled and boned
2 cups celery
1 cup Cheddar cheese, grated
1 cup pecans
1 cup mayonnaise
3 T onion, chopped

Six donors recognized

Six Iowa Park residents achieved gallon goals recently when the Red Cross Bloodmobile visited the city. Joe Singer, 1508 Rita Lane, completed his fourth gallon and Mrs. James Bowman completed her third gallon as a donor.

Four others achieved their first gallon levels. They are Richard Hicks, Rt. 2, Kevin Wright, 410 W. Clara, Ella Jean Watts, 123 James Drive, and Tommy Key, 1114 Cornelia.

ABOUT TOWN

Historic Carson City silver dollars to be sold in 1980

Handsome 1882-CC, Handsome-1882-CC, 300,000 one of nearly 300,000 coins in the mixed years category in the February 1980 sale.

Nearly one million silver dollars minted in Carson City, Nev., in 1878 through 1893 will be sold early next year, the U.S. General Services Administration announced today.

The historic coins - the last of the government's holdings from America's great silver mining era - were part of nearly three million 90 percent silver dollars stored in U.S.

Treasury vaults for more than 60 years.

There will be two sales. The first, beginning Feb. 8 and ending April 8, 1980, will offer 923,287 silver

dollars to the public by mail at fixed prices. The sale will feature three categories of the "cartwheels": 1883-CC (195,745), 1884-CC (428,152), and "Mixed Years-CC" - 1878-1885 and 1889-1893 (309,390). There will be no limit on the number of coins that may be ordered. Coins in the 1883 category are \$42 each, and in the 1884 category, \$40 each. "Cartwheels" in the mixed years group are \$20 per coin.

The second sale, to be conducted later in the spring, will offer 54,847 coins in three mint-year categories: 1880-CC (4,284), 1881-CC (18,998), and 1885-CC (31,567). The coins will be sold at public auction by mail bid. A minimum bid price will be set just prior to the sale. There will be a limit of five coins from each category per bidder.

Prices in each sale include delivery by registered mail to addresses in the United States, its territories and possessions, and to APO and FPO numbers.

Prospective buyers should send a post card, giving name, address and zip code

Carson City dollars are 90 percent silver-100 percent history.

to: Carson City Silver Dollars, San Francisco, Calif. 94170. Information and order forms will be sent to those on the list in time for the first sale.

From 1972 to 1974, GSA sold some 1.9 million of the silver dollars in five public sales, netting \$55.3 million for the benefit of taxpayers. Sales were discontinued in 1974 because of diminishing demand.

The decision to return the coins to the marketplace - made by Congress and signed into law by President Carter in March 1979 - has received an enthusiastic response from the public. The agency says it already has heard from more than 200,000 persons interested in acquiring some of the historic coins.

Each coin is in a plastic case - appropriate for display - inside a velour-lined gift box. A brief history of the coin is enclosed in each box.

The Carson City mint produced only 18 years of the silver dollar designed by George T. Morgan. Known as "Morgan Dollars," they feature the head of Miss Liberty on one side and an eagle within a wreath on the other. The letters "CC" - for Carson City - appear under the wreath.

Each silver dollar measures four centimeters in diameter and eight mils in thickness. It weighs 412.5 grains and is .900 fine silver. Although the market price of silver fluctuates daily, when silver sells for \$12 per troy ounce, the silver content of one coin is worth about \$9.27.

In the late 1800s, the increasing popularity of paper money plus the large number of silver dollars in circulation lessened the demand for the "cartwheels" produced at Carson City. The mint struck its last silver dollar in 1893. Coins stored there were shipped to other mints and to Federal Reserve Banks throughout the country.

Legislation in the early 1900s plus the demand for silver in the 1940s to support the war effort resulted in massive coin melts. All but about three million of the government's holdings of the 90 percent silver dollars in Treasury vaults revealed the secret of their historic and numismatic value. Most of the remaining "cartwheels" - many still in their original mint bags - were from the long-closed Carson City mint.

MOCK DRILL - Firemen from Iowa Park, Electra, Burkburnett, Kamay, Cameron Gardens and Wichita West participated in a simulated explosion and fire situation at Kidwell Elementary Monday evening. The situation called for several victims to be trapped inside the building. Under

the watchful eye of Iowa Park firemen, teams drilled on entering the building and searching for the victims. Gus Rich stands at left, while a team of firemen, using wax paper inside their oxygen masks to simulate heavy smoke condition visibility, enters the building.

As I See It....

If you enjoy an exercise in frustration, go shopping for an automobile. Especially if you haven't done it in three or four years.

If your memory serves you pretty well, you might be prepared to spend six or seven thousand for that luxury car you always wanted, now that you might be able to handle that price.

But you won't find it. That's what is being charged for those little get-about-these days. You know the ones...you can put one foot forward and hold the other somewhere behind, because there's so little room.

And if you had a luxury car, took real good care of it so you would have a good trade-in when you bought your replacement, forget that also. Your big car isn't worth what a little car costing half the price in a trade-in.

I can't blame our two local automobile dealers. They have nothing to do with the situation. In fact, they are generally as frustrated as shoppers are today.

Forecasts of higher and higher gasoline prices have driven the public into smaller and more economical automobiles. And the demand for the smaller cars has raised their prices, as it should in the free market place, to where they cost as much as the large cars.

Part of the problem is the federal government, and part of it is the American automobile manufacturers. The rest of the blame is shared by lack of public awareness and the world oil situation.

Remember years ago, when you wanted the ultimate in economy and low investment, you bought a pickup? No more today. Pickups, though they are the hottest thing on the sales market across the nation, get about the same mileage as a full sized automobile being driven with two tires flat.

Rural dwellers are having to pay a price for their city cousins, also. Those smog retarding devices are very nice in Los Angeles, New York, Chicago and Houston. But they make very little sense to someone living in Iowa Park, except that they raised the cost of the car several hundred dollars and require a higher priced gasoline.

It appears that, if a person's income doesn't increase at a reasonable level with the cost of the vehicles and fuel, we are going to face some drastic changes in our lifestyle here in the United States.

We will be driving smaller cars, have fewer cars per family, taking shorter trips, spending more time at home and learning what family and neighbors are all about.

Commuters will be moving closer

to their jobs, delivery of goods and merchandise will take longer, areas depending on tourist trade will have to change to other forms of earning an income or go broke, and the days of free travel will become a memory, rather than a way of living.

A forecast of gloom and doom? No. Rather a recognition that things change. And we must be ready, mentally prepared for the changes, or frustration will be a mild term.

UW campaign exceeds goal

The United Way campaign reached an all-time high of \$1,407,329. The final tally was seven percent over this year's campaign goal of \$1,314,500, it was announced last Thursday.

Iowa Park chairman Keith Aulds joined with the Burkburnett Chairman, Rev. Lamoin Champ, and Wichita Falls vice chairman, Bob

Schleider, in displaying the final tabulations of funds raised annually to benefit 33 agencies in the North Texas area.

Budget hearing from allocation of the funds will start the last week of November and continue two weeks. Allocations to the community service agencies are based on need and projected program.

Worth Quoting

Any time someone tries to tell you that state bureaucrats aren't copying their big brothers in Washington, don't you believe them.

Recent Texas Railroad Commission rule changes have added tons of paperwork to firms doing surface

mining.

Texas Utilities Co. recently filed an application for a permit to mine lignite in Panola County with the RR commission. The application weighed 474 pounds and cost half a million dollars to prepare. The commission then demanded 20 copies.

In 1976 the utility firm secured a permit for surface mining in the same county. Then the report weighed just 77 pounds and cost \$50,000 to prepare. Ten copies were required.

Add the cost of filing cabinets required to hold the report and you can see how things are going.

VIRGIL MOORE
Breckenridge American

Light agenda faces aldermen

City council members apparently face a light agenda for Monday's 7 p.m. meeting in council chambers, according to Steve Morath, city administrator.

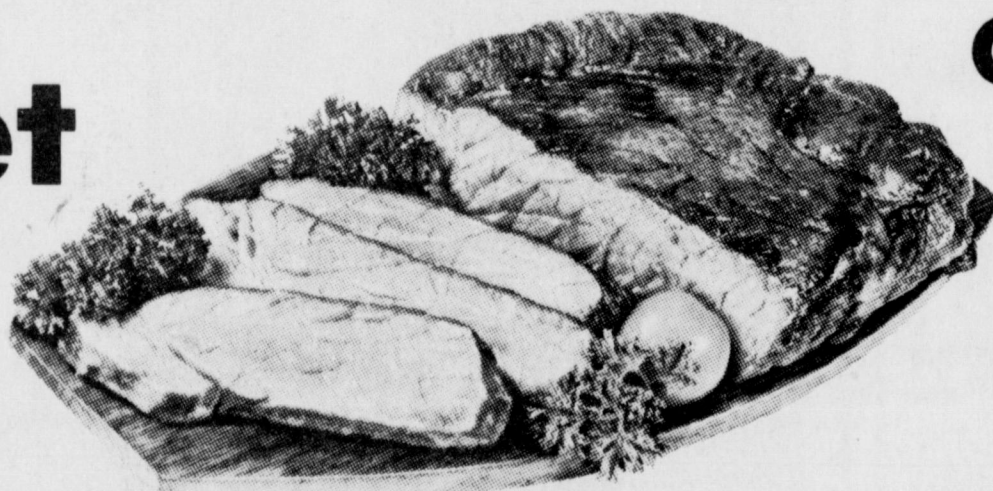

The early agenda calls for awarding of bids for a police car, two compact pickups and a ton truck; and three resolutions: authorizing the mayor to execute a lease agreement with Deryl James for property on West Highway; appoint Stanley Williamson to the county tax appraisal board; and authorize the mayor to execute a deferred compensation plan, requiring no money, to permit Morath to join the International City Management Association Retirement Corporation.

The Hawk offense was unable to consistently cope with Vernon's mammoth defense, and consequently dropped their final game of the season, 20-6.

Iowa Park blew two chances in the first half, after covering Lion fumbles, but was held out of the end zone until the fourth quarter.

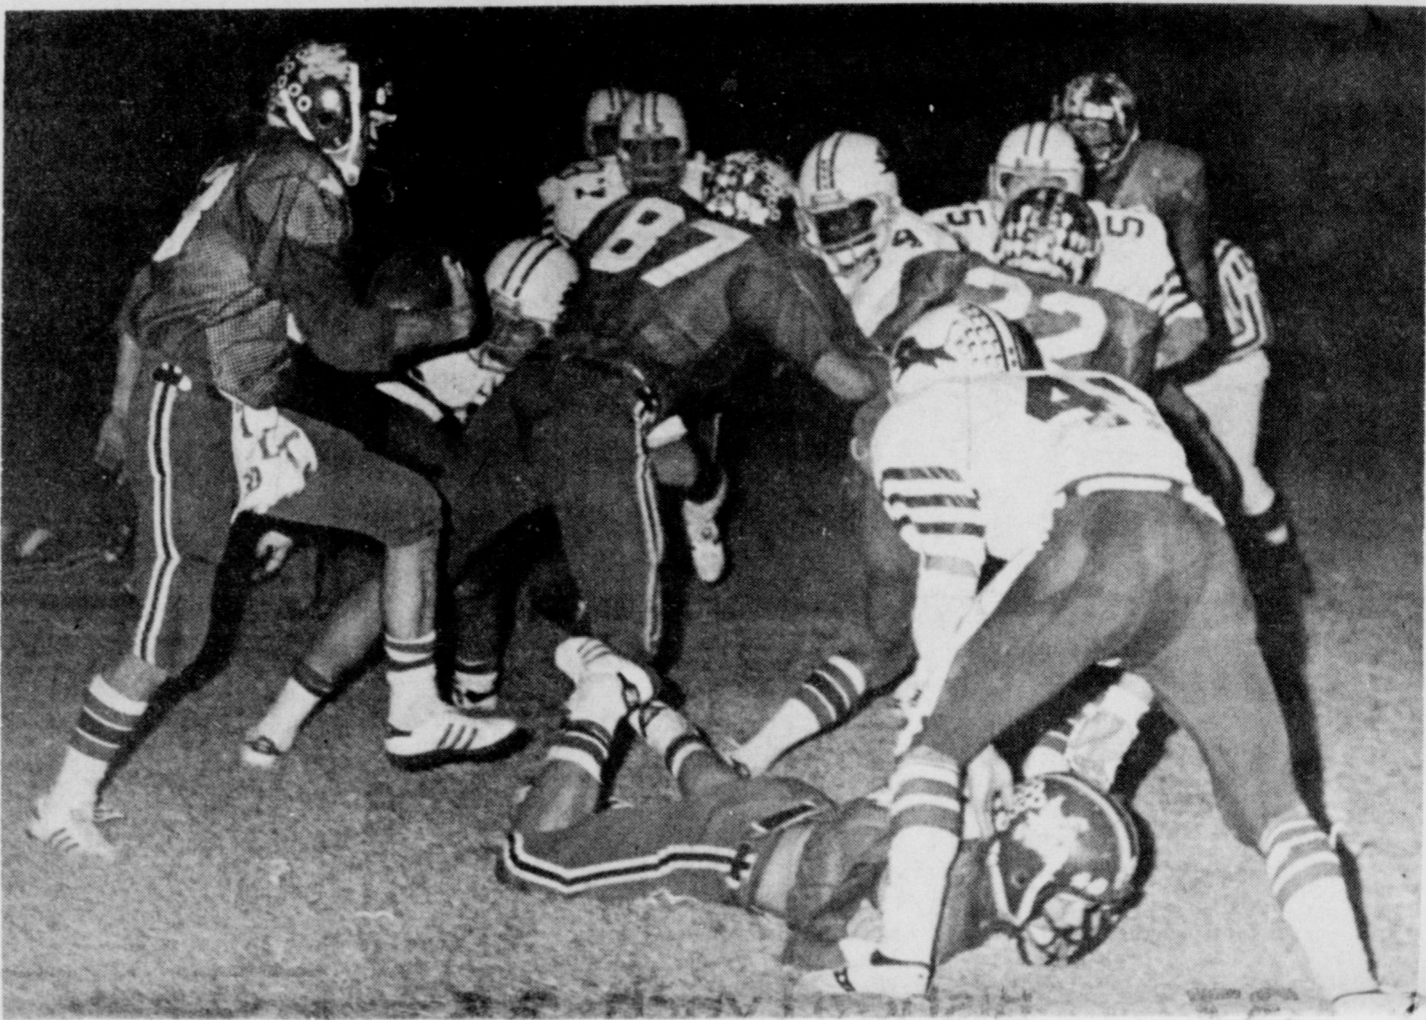

So determined was the Vernon defense, the Hawks had a first down on the Lion five yard line early in the second quarter, and turned the ball over on the two yard line four plays later.

The Hawks had been averaging 250 yards rushing in their nine earlier games, but were held to a mere 100 for the night, leaving them a 6-4-1 record on the season and 2-3-1 in District 4-AAA play.

Senior tailback Troy Thompson was the only Hawk able to muster more than seven yards for the night. The fleet carrier finished the evening with 84 yards on 22 carries. It was just the fourth game this season he had failed to surpass the century mark.

Thompson was quarterback Curtis Martin's favorite receiver Friday night, catching three of the six completions of the evening for another 43 yards.

Martin's other passes took the Hawks an additional 20

TROY THOMPSON uses effective blocking for big gain.

yards for a total of 163 yards offense on the night.

Iowa Park's proud Mean Green defense, which had

averaged giving up only 135 yards for the season, appeared hard-pressed to handle Vernon's bigger and quicker backs. John Wooley, Mitchell Whiteside and George Copeland ran through and around the Hawks for 233 yards, scoring twice from 14 yards out and the other from the one.

Quarterback Copeland also completed two of four pass attempts for another 38 yards, giving the visiting team 271 yards total offense for the evening.

The Iowa Park touchdown came early in the final period, when the Hawks mounted their only successful drive of the evening, a 65-yarder.

Martin ran for eight yards, and Mike Ray picked up two more, on a play which drew an additional 15 yards on a personal foul against the Lions.

From the Vernon 41, Thompson picked up 31 yards, five and 25, to the

Lion 10, and then was held without a gain. Martin tried a pass which fell incomplete, and then hit tight end Ron

Taylor as he crossed the goal line for the touchdown.

Martin tried to pass for the two-point conversion, but couldn't find a receiver open and was cut down short when he tried to run for the PAT.

Vernon fumbled three times during the game. The first, which was on the Lions' second play from scrimmage, was by covered by Robert Brown; the second by Martin and the third by Tommy Ross.

Iowa Park didn't have a fumble turnover, but Vernon snagged one of the Hawk passes, that coming in the fourth quarter.

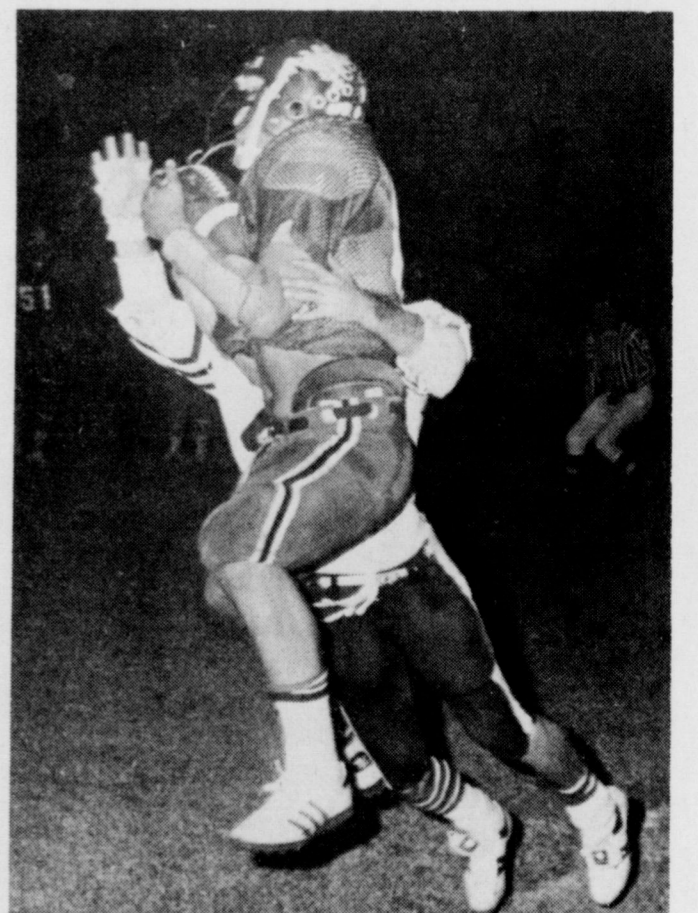

Taylor had his most consistent night of the season as a punter, averaging 41 yards per kick. He was credited with four punts which traveled 42 yards each, one for 43 and the other a 33-yarder.

Friday's game was the final high school football outing for 19 Hawk seniors, who will be lost next spring to graduation.

DISTRICT CHAMPIONS!!!

Eagles hand Boyd only loss of season, 41-6, for title

Every once in a great while a football team will play a game in which they can do no wrong, while the other team can do nothing right, usually resulting in a one-sided affair.

Last Friday night the Holliday Eagles were the fortunate ones to experience the everything-goes-right syndrome by embarrassing state-ranked and previously undefeated Boyd, 41-6, and capturing the district

championship outright in the process.

There were some key plays that affected the momentum of the game, as well as production from players at just the right time that contributed to the final result. For instance:

- Four interceptions by an Eagle defense that had previously allowed the opposition an average of 100 yards passing per game.

Boyd was held to 60 yards, completing three of 14 pass attempts. Three of those interceptions were by Larry Boydston.

- Four pass completions out of four attempts by sophomore quarterback Joel Mankins to Lindy Dolberry for 77 yards and one touchdown. Not bad for a run-oriented offense.

- The Eagle defense held the district's leading rusher, Junior Garcia, to 64 yards in

22 rushes. Holliday's own leading ground gainer, Ray Looney, finished the evening with 134 yards in 25 carries and three touchdowns. Garcia scored one.

- The slack made up by junior fullback Carl Martin after the Eagles' second leading rusher, Jim Ezzell, was slowed with a knee injury. Martin carried 15 times for 78 yards.

- Two blocked punts; one by linebacker Joe Chase, and the other blocked by the Jacket punter's own teammate.

The Eagles wasted no time from the first kickoff that was returned 24 yards by Looney to start the game.

Mankins completed a 24-yard pass to Dolberry, setting up a 28-yard touchdown run by senior Kyle Stone on a wingback reverse. Jody Collier's first of four successful point after kicks made it 7-0 with but two minutes gone in the game.

Boyd set up shop on the Jacket 34 following the kickoff. Two running plays by Garcia netted three tough yards. On third and seven, Boyd quarterback Scotty Hightower attempted a long bomb that was picked off by Boydston at the Eagle 40.

Both teams traded the ball back and forth until the end of the initial period, when Mankins again hit Dolberry, this time for a six-yard touchdown. The touchdown was preceded by a 36-yard pass reception to Dolberry.

ALTHOUGH EAGLE RUNNINGBACK RAY LOONEY lost his grip on the ball after being tackled by runner-turned-defender Junior Garcia, the ball went safely out of bounds for a 23-yard gain against Boyd Friday.

teammate. Sadberry covered the blocked punt for the Eagles at the Boyd 24, setting up a six yard scoring run by Looney with four minutes left in the third period. The point after conversion was off to left, but nevertheless, Holliday led, 41-0.

Boyd scored their only touchdown of the night with three minutes left in the game, mainly for pride. The score was actually set up by Gregg Graves interception of a Boyd aerial at the Eagle six late in the fourth period. Holliday failed to make the first, and punted away, giving the Jackets possession at the Eagle 25.

Boyd went 25 yards in seven plays and three Eagle penalties for the score. With first and goal at the eight, Garcia ran the ball two times for no gain, but each time the Eagles were called offside. Garcia scrambled four yards for the score, giving the Jackets its only score. The conversion attempt by Boyd was thwarted when Lemons met Garcia rather rudely at the line of scrimmage for no gain, freezing the scoreboard at 41-6.

	Hol.	Boyd
15	First Downs	9
249	Yards Rushing	91
77	Yards Passing	60
326	Total Yards	151
4-4	Passes	3-14
4	Interceptions by	0
2	Fumbles Lost	2
3-30.3	Punts	5-19
9-89	Penalties	5-35

WHERE DID HE GO?
...Jim Ezzell (10) sneaks by 'Jackets for seven.

With the kick good, Holliday led, 14-0.

The Jackets, obviously stunned by the early 14 point deficit, decided to go once again to the air, a tactic that had proven successful against the Eagles in earlier games. But the Red defensive line had a little different opinion on the matter, sacking Hightower two consecutive times for minus-25 yards. The second sack sent the Boyd quarterback to the sidelines and safety for a good eight minutes of action. Kent Lemons, Tommy Sadberry, Chase, Greg Dillard, and Scott Reece were the main reason for Hightower's

problems.

Ezzell jarred the ball loose from Garcia at the Jacket seven on the following play where Sadberry recovered for the Eagles. Looney took it in on the next play, extending the Eagles' lead to 21-0.

Chase recovered a Boyd fumble on the Jackets next possession, giving the Eagles good field position at the Boyd 18. Looney ran for five yards, then Carl Martin busted loose for 10, setting up Looney's two-yard scoring plunge with but a minute gone since the Eagles' last score. With the kick good, Holliday built their lead to 28-0.

Again Boyd's offense was collared in their own territory, setting up a Jacket punt at the Boyd 43. Chase blocked the punt attempt, his fifth of the year, and Lemons alertly scooped the ball up and ran 26 yards for the score, giving Holliday a 35-0 halftime lead.

A late drive in the first half by Boyd ended at the Eagle 29 when Boydston again picked off a Jacket aerial, forcing Boyd into the dressing room at halftime without a score.

Both teams played between the 30-yard lines throughout the third quarter until the Boyd punter punted into his own

IN BRIDGEPORT

Eagles take on Pilot Point Friday in bi-district tilt

The Holiday Eagles, District 13-A Champions by virtue of a 41-6 thrashing of previously unbeaten and state-ranked Boyd last Friday night, will travel to Bridgeport tomorrow to meet the Pilot Point Bearcats in a bi-district clash starting at 8 p.m.

Pilot Point, picked by most pre-season polls to finish no better than third or fourth in District 14-A, finished the regular season unbeaten, with a 9-0-1 record, the only blemish coming in a 6-6 tie against district foe Callisburg. The Bearcats have defeated Coppell, Sanger, Pottsboro, Muenster, Lindsey, Van Austin, Little Elm, Aubrey, and last year's bi-district winner, Celina, 20-0.

Last year, the Eagles fell victim to Celina, 13-0 in a defensive struggle that saw

the Eagle offense intercepted three times and held well below its total yard average. In 1977, Holliday again lost their bi-district bid, this time to Pottsboro, 21-15.

Pilot Point is the District 14-A representative in the

Game tickets go on sale

Tickets to the bi-district game to be played in Bridgeport tomorrow night will be on sale tomorrow between 8 a.m. and 12. Prices are \$2.50 for adults and \$1.50 for students. Prices at the gate will be higher. Persons wishing to purchase tickets can do so at either the H.H.S. superintendent's office or at Holli-Tex Supply Co.

state gridiron playoffs for the first time in 11 years. The Bearcats are a big play team, depending mainly on the arm of All-District quarterback Jeff Thomas (5-11, 180), who has thrown for 1,235 yards and 14 touchdowns this season. Pilot Point is starting only four seniors, with sophomores and juniors dominating the starting spots.

Thomas will be accompanied by two junior tailbacks, Jerome Johnson and Brad Huff, while sophomore John Shinler will start at fullback.

The Bearcat offensive line is rather small, but quick to the punch, with the center weighing 180, both guards at 170, the two tackles at 240 and 160, and the ends playing at 130 and 160.

Bearcat head coach G.A. Moore, when asked about his team's preparation for tomorrow night's game, said, "It will take a fantastic effort from us to keep up with the Eagles. We have played all season long somewhat above our heads, and can only hope to continue in that manner." Coach Moore is in his second year as head coach for the Bearcats, after coaching Celina.

Eagle runningback James Porter reinjured his left knee in practice Monday, and will be doubtful for the Bearcat game.

Jim Ezzell, the Eagles' outspoken fullback and

linebacker, will start tomorrow night at both positions after injuring his knee in the Boyd game. Ezzell is the Eagles' second leading rusher for the season with 813 yards.

WINNERS OF H.H.S. HOBO DAY

Council makes quick work of Monday's short agenda

The Holliday City Council breezed through a rather light agenda Monday night with only three council members present.

Councilmen Jim Willis, Mike Parker, and Jim

Virdell hired a city dog catcher, passed a motion to adopt a booklet for city employees, agreed to have a partition built in city hall, and declared the city offices to be closed Thursday and Friday for the Thanksgiving holidays.

The council hired Elvin Hoover as the city dog catcher, stating that Hoover would answer only actual stray dog calls from his home phone, 586-1283.

Council members also voted to adopt a booklet for city employees that would have information concerning job descriptions, requirements, and standards.

Also during the meeting, council members voted to purchase a partition for the front of the city hall in order to control traffic flow in the office, and add storage space for records.

Holliday School Menu

Monday, Nov. 26
Breakfast: Cereal, milk, juice.

Lunch: Chicken fried steak, whipped potatoes, green beans, hot rolls, dessert, milk.

Tuesday, Nov. 27
Breakfast: Rice, butter, toast, milk.

Lunch: Spaghetti and meat sauce, blackeyed peas, salad, dessert, milk.

Wednesday, Nov. 28
Breakfast: Donuts, milk, juice.

Lunch: Hamburgers, lettuce, tomatoes, onions, pickles, chips, dessert, milk.

Thursday, Nov. 29
Breakfast: Scrambled eggs, bacon, milk, toast.

Lunch: Tacos, cheese and lettuce, tomatoes, corn, dessert, milk.

Two charged with robbery

Two Holliday men were arraigned before Justice of the Peace R.L. Stewart Monday on charges of aggravated robbery.

Billy Dean Wise and

Charles Lee Hitchcock were accused of robbing a man Saturday in Wichita Falls of \$132 and beating him. They were released from jail on \$5,000 bond.

Obituaries

Mrs. Edna C. Buzzard

Funeral for Mrs. Edna C. Buzzard, 91, who died Saturday in a Wichita Falls hospital, was Sunday afternoon in First Christian Church, with Rev. Clyde Markee, pastor, officiating.

Burial was in Highland Cemetery under direction of Tanner-Aulds Funeral Home.

Mrs. Buzzard, nee Edna Cox, daughter of the late Mr. and Mrs. John Cox, was born Dec. 28, 1887 in Blue Springs, Mo. She was married to the late S.T. Buzzard June 4, 1909.

The couple moved to the state of Washington following their wedding and lived there five years. They came to Iowa Park in the spring of 1919. Mr. Buzzard was engaged in oil, ranching and real estate. He passed away in 1963.

Mrs. Buzzard was a member of First Christian Church in Iowa Park. She served for many years as a Sunday school teacher in the primary department and as Sunday school secretary.

She was a field worker and board member of the American Red Cross for

many years, and a charter member of the Woman's Forum in Wichita Falls. She was an honorary member of the Northwest Texas Council Boy Scouts of America, a member of the Royal Neighbors of Wichita Falls, and Friendly Door of Iowa Park. She was a long-time worker in the Texas-Oklahoma Fair, serving as head of the antiques, curios, and relics division of the Women's Department for many years.

She is survived by a sister, Mrs. Myrtle Travis of Iowa Park; and several nieces and nephews.

The family suggests that memorials be made to the First Christian Church in Iowa Park, or the American Red Cross.

Pallbearers were Bill Lane Sr., J.B. Barbour, Rollin Roberts, Rollins Woodall, Lonnie Beavers and Lacy Beavers.

Vaud Griffin

Vaud Griffin, 71, of Wichita Falls, father of Eloise Kerr and Wanda Beavers of Iowa Park, died Sunday in a Wichita Falls hospital.

Services were Tuesday afternoon in Hampton-Vaughan Funeral Home. Dr. James Palmer, pastor of Floral Heights United Methodist Church, officiated. Burial was in Crestview Memorial Park.

Born Oct. 25, 1908, in Throckmorton County, he had lived in Wichita Falls most of his life and was employed by McAlister Trucking Co. He was a Methodist.

He is survived by his wife, Para; four daughters, Mrs. Kerr and Mrs. Beavers of Iowa Park, Vernetta Bennett of Harvey, Iowa and Norma Lawson of Wichita Falls; two sons, Thurman Splawn of Fort Worth and Olan Splawn of Austin; two sisters, Mrs. Ruby McPherson of Wichita Falls and Mrs. Edna Kuaba of Colorado Springs, Colo.; a brother, Frank Griffin of Wichita Falls; and 13 grandchildren.

LADY EAGLE CARLA COTTRELL attempts a jumpshot against Iowa Park in Holliday's season opener Monday night won by Iowa Park, 53-35.

1979-80 TWIRLERS from left: Cathy Halenack, Patty Hewitt, Kristi Haney, and Lucretia Halenack.

Texans favor work for prisoners

Nine out of 10 Texans disagree with the idea of some radical reform groups that requiring prison inmates to work is a form of "slave labor."

This finding is one of several regarding inmates and inmate working conditions revealed in the latest

Texas Crime Poll, conducted by the Criminal Justice Center at Sam Houston State University.

A total of 1,530 Texans from 180 counties throughout the state participated in the survey. Eighty-nine percent said they had no objection to inmates being required to do any type of work in prison for which they are physically able.

Participants were also asked if they agreed with the movement to pay inmates the minimum wage for work.

Texans appeared divided on that issue, with the majority (57%) saying inmates should not be paid for producing products not used by the prison and for products such as license plates made for other states.

Only one in five (20%) said inmates should be paid for doing prison maintenance work, such as preparing food or sweeping floors, and a slightly higher number (23%) thought they should be paid for such things as food and clothing used by the prison.

If prisoners were paid, however, four of five Texans surveyed (79%) say they should pay for one or more services that they receive. More than two out of three (68%) said they should repay victims of their crimes for losses, and another 52% said they should pay court costs.

Dr. George Beto, former director of the Texas Department of Corrections (TDC) and now distinguished professor of criminal justice at Sam Houston, said he is opposed to paying inmates.

If inmates were paid for their work and then required to repay TDC for food, clothing, medical care, and education, it would be "a meaningless bookkeeping device," said Beto. "It would simply be transferring money from one column to another."

In place of money, TDC pays inmates in time for work they perform, said

Beto. "An inmate can receive two days credit for every one he serves, which is a great boon to him," he said.

"Texas, probably, has the most liberal good time law in the nation. In a very real sense, the State of Texas is paying prisoners in the form of time, which is much more important to them, considering their circumstances, than money."

Another Crime Poll question concerned reinstating privileges of convicted felons, once they are released. At present they may not vote, hold public office, purchase firearms, and are barred from certain employment opportunities

by licensing agencies. Four of every five Texans surveyed (82%) said they should have full and equal employment opportunities while 70% said they should be able to vote, 20% said they should have the right to hold public office, and 12% said they should have the right to purchase firearms.

"Once a person has paid his debt to society, and presumably his purpose is to lead a constructive life, any

barrier to the attainment of that goal should be removed," said Beto.

"Twice the legislature of this state, in both houses, has passed legislation which would result in that condition, but in both instances the legislature has been vetoed by the governor's office."

Boosters elect new officers

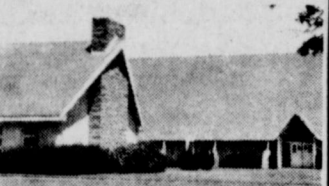

The Hawk Booster Club Monday night elected a new slate of officers for next year.

Norman Hodges was elected president, Tommy Smith vice president, and Mrs. Norma Martin was re-elected secretary-treasurer.

About 30 youth will compete in senior and junior divisions, according to Jackie Hopkins, assistant county extension agent.

The Living Word

One of the basic factors in the current drift away from God is the fact that modern man wishes not to believe in God. Moderns possess a great pride in their accomplishments -- man can travel to the moon, project his own natural abilities such as walking, hearing, seeing, speaking, and the like through mechanical processes, through the use of advanced medical science he can cure many diseases, substitute organs for those that are worn out in the human body and in general extend his life span -- He can think, remember, invent, and construct. There is almost no limit to what man can do. Therefore, there is a tendency in our 20th Century to feel that man is self-sufficient, independent and without any need for God. Man can care for himself and for his every need. Man's pride leads to self-worship, for man tends to make himself his own god. In his pride, modern man does not wish to be subject to any living being, nor to the moral, ethical, and religious guidelines God would give him. He seeks freedom from any outside limitations upon his own desires. Consequently, he engages in wishful thinking and eliminates the idea of God. This frees him from any moral, ethical, and religious guidelines. However the truths stated in David's 139th Psalm are still valid, "Whither shall I go from thy Spirit? Or whither shall I flee from thy presence?...for thou are there."

WHAT TO EXPECT WHEN YOU VISIT ANY OF OUR SERVICES

You may expect a quiet, comfortable place filled with friendly people who have assembled for a serious purpose.

You may expect a warm attitude of welcome. Each person is encouraged to sit where he so desires. Usually the closer to the front the easier it is to understand the speaker. There are no reserved or assigned places. We believe it ideal for families to worship together.

The singing is always congregational. We consider it to be a personal act of worship. Therefore, everyone is encouraged to join with all others to sing each hymn with deep feeling. We believe it important to understand the words which express truths we all hold to be precious. We do not use any mechanical instruments of music.

There are no collections at any service other than Lord's Day morning. Visitors are never expected to contribute. We are pleased to have you as our guest. Services are scheduled to be one hour in length.

Each service is simple in nature, instructive in purpose. We sing. We pray. We listen to the Word of God. Every Lord's Day we partake of the Lord's Supper in memory of His death till He comes again. No one is excluded from this service.

Although the preaching is expected to reprove, rebuke, and to exhort, no one is publicly singled out for embarrassment. Each is encouraged to make his own personal application of the divine instruction.

Everyone is free to leave immediately after each service. However, our preachers and officers are always available in the foyer after every service. Everyone is encouraged to remain to greet them and to visit with all others who have assembled.

You may expect every sermon to be true to the Bible. There are no pleas for special interest groups. No political or social viewpoints are advocated.

You may expect emphasis upon the proclamation of the Gospel of Salvation, the teaching of New Testament articles of faith, the expression of gratitude to God in worship. We seek only to prepare the soul of man for Eternity.

If this seems reasonable and appealing to you, why not give us a visit this week?

DEMONSTRATION RESULTS

Top cotton varieties reported

By Don D. Decker
County Agent

The top cotton varieties in the demonstration by Hertis Baber at Burk Burnett were GP 3755, CASCOT B2, Paymaster 792, Western 44, and CASCOT L7. His test included 23 varieties planted in 30-inch rows. The site was located on an Enterprize fine sandy loam which is a very fertile soil. Baber's fertilizer program was 40-40-40 applied prior to planting.

Varities in the top one-third of the test along with the pounds of lint per acre included GP 3755, 900 pounds, CASCOT B2 - 884, Paymaster 792 - 806, Western 44 - 798, CASCOT L7, TAMCOT SP 37 - 710, Gregg M45 (glandless) - 710, and LX 571 - 694.

The varieties in the middle one-third were D&PL SR5 - 692 pounds, D&PL SR 2 - 682, Macha 1100 - 660, Westburn M -

648, Dunn 120 - 642, CASCOT BR-1 - 600, Dawson B25, - 598, Lamesa 5 - 576.

The bottom one-third varieties were Lamesa 8 - 572 pounds, Early Cot 32 - 554, GP 3774 - 542, Dawson V14 - 536, McNair 308 - 532, Southwest 2 - 518, and Morecot M70A - 518.

This demonstration was replanted on June 14 following the June 6 flood. The seeding rate was 13 1/2 pounds of seed per acre which gave a spacing of 3-4 plants per foot.

It is interesting to average this demonstration with the Rex Well's demonstration, which was located on a tight redland soil west of Wichita Falls.

An average of both demonstrations has about the same varieties in the top ten. The top varieties in the average include 1st - GP3755, 2nd - Paymaster

792, 3rd - TAMCOT SP 37, 4th - LX 571, 5th - CASCOT B2, 6th - CASCOT L7, 7th - D&PL SR 5, 8th - Western 44, 9th - Westburn M, and 10th - Gregg M45.

The wheat variety demonstrations were planted last week with Dan Flippin at Punkin Center and Loys and James Barbour of Iowa Park. The Flippin demonstration is located on the southeast corner of the road intersection at Punkin Center, and the Barbour test is located on Highway 287 near Rifle Range Road.

The same varieties were included in both demonstrations, however, the soil types are different. Flippin's is a lighter mixed soil while Barbour's is a tighter redland.

Varities being tested include TAM 105, TAM 106, TAM 101, Maverick, Sturdy,

Texred, Vona, Lindon, Payne, Tascosa, Rall, Newton, and Coker 68-15.

There is also a fertilizer test being conducted at both sites adjoining the variety study.

Optimists honor youth

In observance of National Youth Appreciation Week, the Iowa Park Optimist Club hosted a banquet Monday night at the First Presbyterian Church honoring a group of outstanding students from grades 5-12 for their accomplishments in the home, school, church and community.

Those honored were Lynne Morsbach, daughter of Mr. and Mrs. Lynne Yarbrough, Danny Forman, son of Mr. and Mrs. Bradley Loucks, Terry Taylor, son of Mr. and Mrs. Darrell Taylor, Dana Beavers, daughter of Mr. and Mrs. Billy Beavers, Ryan Muckensturm, son of Mr. and Mrs. Daniel Muckensturm.

Others honored were Tom Perry, son of Mr. and Mrs. Jim Perry, Lynette Flick, daughter of Mr. and Mrs. Jesse Flick, Jan Hale, daughter of Mr. and Mrs. Lee Hale, Meri Mellroy, daughter of Mr. and Mrs. Robert Mellroy, Carrie Mahler, daughter of Mr. and Mrs. Wendell Adkins, Ray

Boutwell, son of Mr. and Mrs. Roy Boutwell, and Darla Flick, daughter of Mr. and Mrs. Jesse Flick.

Following the traditional Thanksgiving meal, guests were welcomed by Jim Grove, club president.

Jim Merrick gave a short history of National Youth Appreciation Week and introduced the guest speaker, Philip Welch, Iowa Park State Farm Insurance agent.

To conclude the activities, each student honored at the banquet was presented with a certificate of recognition.

Texas Electric TIPS help keep home electric bills down.

Saving energy—and energy dollars—in your home can be as simple as using energy wisely.

For example, make sure filters are kept clean in your furnace, air conditioner and clothes dryer. This ensures units are operating efficiently. And using less energy.

For additional savings on heating and cooling, keep drapes closed for

extra insulation on overcast winter days and hot summer days. But on sunny winter days, open them to let the warm sunshine in.

And, turn off ALL appliances when you're not using them. When you stop and think of the many ways you use electricity, you'll see what an energy saver this can be!

For more information—and a lot more tips—get the TIPS booklet from Texas Electric. Just call Texas Electric or ask for the booklet on the comments section of your next electric bill.

At Texas Electric, we're trying to help you keep your electric bill down.

TIGHT DEFENSE helped the Iowa Park Hawkettes win their season opener, 52-35, Monday over Holliday. Jill Watts and Jo Ann McClurg led the Hawkettes in their 1979-80 debut, scoring 14 and 12 points, respectively. Iowa Park held a 29-10 halftime lead. The Iowa Park junior varsity edged Holliday 29-27 in the first game of the evening. The girls will host Rider at the Iowa Park High gymnasium Tuesday, starting at 6 p.m.

ANNOUNCEMENT in the form of a large sign was made last week that a TG&Y Family Center is to be built on the old fair grounds in the near future. The site is between Park West Shopping Center and Shaw Motor Co. In addition to the 35,000 square foot store is to be a new H&S Food Store, though owner Herb Skinner says contracts have not yet been completed. The supermarket is said to be 18,000 square feet.

CARD OF THANKS
I wish to thank all my friends and neighbors for the beautiful flowers and wonderful cards I received during my stay in the hospital.
Thank you all so very much,
Margie Sumner

CARD OF THANKS
I wish to express my heartfelt thanks to each one who showed kindness and affection to my sister, Mrs. S.T. Buzzard, during her long illness. A special thanks to those who visited her bringing joy to her heart and a smile to her lips, to the Rev. Clyde Markee for his faithfulness in visiting and the beautiful final rites he performed in the church she loved so dearly.
I also appreciate those who furnished the delicious food and served it so graciously during the time of her passing.
Myrtle Travis

PUBLIC NOTICE
Pursuant to TEX. REV. CIV. STAT. ANN. art. 1446c §43(1975). Lone Star Gas Company hereby gives NOTICE of the Company's intent to implement a new schedule of rates effective on the latter of December 10, 1979 or such other date as new rates become effective in the City of Iowa Park, Texas to be charged for natural gas service to residential and commercial customers in the environs areas (outside incorporated limits of Iowa Park, Texas).
The rate schedule is expected to furnish a 5.56% increase in the Company's gross revenues in the environs of Iowa Park, Texas.
A Statement of Intent has been filed with the Railroad Commission of Texas and is available for inspection at the Company's business office located at 400 W. Park St. Iowa Park, Texas.
Any affected person desiring to contest such changes in rates can file a complaint with the Director of the Gas Utilities Division, Railroad Commission of Texas, P. O. Drawer 12967, Capitol Station, Austin, Texas, 78711.
