# Aldermen delay action on project

The city council delayed until next Monday taking any action on bids to remodel the city hall.

When the council meets again at 7 p.m. Monday, Mayor Johnny Crawford said he would have recommendations both on alternates the council might accept for the remodeling, as well as a means of financing the project.

Meanwhile, aldermen approved unanimously a proposal to authorize issuance of certificates of obligation to finance the work. Crawford urged the members to approve the issue "to leave the door open as a method of financing."

Though the certificates cannot be issued unless the city hall project is approved, passage of the proposal was necessary from a paperwork and legal standpoint, Crawford said. He urged aldermen to "not shoot down the project now" after so many years planning and work had gone into it.

Lowest of four bids to remodel the city hall's interior, exterior, grounds improvement and pave a parking lot was submitted by Wallace and Raub, at \$244,344. Other bids ranged, on the same basis, from \$270,900 to \$318,397, to the highest of \$331,181.

Wallace and Raub gave a base bid of \$152,700. The first alternate, to

remodel the existing offices, was \$22,730. For doing the exterior of the building, foundation work and canopies, the bid was \$44,582. Site work bid was \$10,762, and the parking lot bid was \$13,570, said to be an excellent bid according to Crawford.

Crawford told council members the State National Bank had already given an offer to purchase the certificates of obligation for 10 years at 9.5 percent. He said he would have a plan Monday for paying off the certificates.

Another agenda item tabled for more consideration was an ordinance

changing the council's procedure of hiring and firing police chiefs and officers.

City Administrator Steve Morath proposed the city's policy of any naming of a chief or police officer be brought before the council for action be changed, and that he be given that authority, as he is over other city employees.

Almost without exception, aldermen said they wanted to retain the authority of accepting any applicants for the police department, or rejecting them.

Another, amended, ordinance will be offered at Monday's meeting which will ask that authority to dismiss a police officer be given the city administrator. Morath explained the change would take most of the opportunity to allege "politics" in the police department out of any future situations.

Council members approved a proposal to change the city's group insurance policy. Morath said the insurance company now carrying the employee hospitalization policy had notified him of an 18 percent increase in premiums.

The change aldermen approved was to downgrade the policy to where premiums would be about the same as they have been. But Morath said the change would still provide coverage "better than in 1978" when the city initiated insurance coverage for employees.

Morath explained the change was not sought by employees because of the cost to the city, but rather the premiums personnel have to pay to have their dependents included.

Action also was postponed on a proposal by Walter Berbee that the city abandon a portion of North Alcott. He explained that the home he purchased is partially located in the city's property.

A delay on the proposal was made while utility line locations are studied.

Hiring of three temporary personnel to work in the parks

Aldermen agreed to hire Terry Davis, who will join the high school faculty this fall, as a "working foreman" as well as two students. Total cost for the summer work would be \$3,500, Morath told aldermen.

# Barge, Garmon nuptial vows exchanged in Abilene

Wearing a wedding gown fashioned by her mother, Miss Rhonda Lorraine Barge became the bride of Stephan Dwayne Garmon in a double-ring ceremony performed by Dr. James Flammig in the First Baptist Church at Abilene May 2.

In design, the formal gown of candlelight satoglo featured a bodice covered with Chantilly lace, long sleeves closed with pearl buttons, a Queen Anne neckline and empire waistline trimmed with narrow embroidered lace. A wide border of the delicate lace encircled the hemline of the skirt and chapel train to complete the picture.

The bride's blusher and fingertip veil of candlelight illusion fell from a bandeau of the same material and embroidered lace used in her wedding gown. She carried a colonial bouquet consisting of a dozen dark pink sweetheart roses intermingled with carnations in shades of pink arranged with a candlelight lace background and matching satin streamers.

For sentiment, she carried the Bible that her mother carried in her wedding for "something old" and "something borrowed". A candlelight lace handkerchief made by her mother with the names of the bride and groom and their wedding date embroidered in blue was chosen for both "something new" and something blue.

The candlelight setting for the ceremony was provided by tall tapers aglow in two spiral candelabra and two V-shaped candelabra accented with candlelight satin bows and lemon leaf. The meaningful unity candlestick completed the altar decor.

Traditional music was furnished by John Campbell, organist, and Jim Barker, vocalist, who sang "The Lord's Prayer."

Parents of the couple are Mr. and Mrs. James D. Barge of Iowa Park and Mr. and Mrs. Robert Garmon of Poway, Calif. The bride, given in marriage by both parents, was escorted to the altar by her father.

A quintet of charming attendants preceded the bride to the altar. Each wore an old rose Qiana gown with square neck, spaghetti straps, gathered waistline and A-line skirt complemented with a matching

MRS. STEPHAN GORMAN

chiffon overlay made with boat neck, gathered waist and side split skirt. Each carried a nosegay formed of pink flowers, lace and ribbon effects featured in the bride's bouquet.

Miss Donna K. Barge of Iowa Park attended her sister as maid of honor, and Mrs. Mike Lane, also of Iowa Park, served as matron of honor. Bridesmaids were Miss Dee Berryhill of Dardendale, Ark., Miss Celeste Rainey of Longview and Miss June Lunde of Houston.

The groom wore a gray vested cut-away tuxedo, white ruffled shirt and a boutonniere of pink roses, ivy and baby's breath. His attendants wore less formal gray tuxedos. The ushers and father of the bride wore black tuxedos.

Sam Buddin of New Orleans, La. was best man. Groomsmen were Sam Allen of Sherman, Mike Gorman, brother of the groom, of Chicago, Ill., Brad Bradley of Singapore and Paul Grover of San Diego, Calif. Ushers were Tim Garmon of Poway, Calif., brother of the groom, and Jeffery

Diehl of Irving, cousin of the bride.

Mrs. Barge chose a mauve polyester empire-waisted, pleated skirt gown overlaid with a matching chiffon cape, and Mrs. Garmon wore a royal blue poly crepe gown designed with boat neck, three quarter length sleeves, fitted waist and A-line skirt for the wedding. Both wore white cymbidium orchids.

The newlyweds are on a wedding trip through Colorado, Nevada and California. They were honored at an open house and reception at Poway, Calif. Baptist Church Sunday. They will live in Abilene when they return.

The bride was graduated from Iowa Park High School. She is a senior at Hardin-Simmons University majoring in education and works for Hastings Books and Records. The groom, who is employed by Pelican's International, Inc., received a B.S. degree in biology from Hardin-Simmons University. He was graduated from high school at Poway, Calif. and received an associate of arts degree from Palomar Community College.

The bride's parents were hosts for the postnuptial reception held in the church dining hall.

The table where guests registered in the bride's book was covered with candlelight lace and held two baskets, one filled with the couple's wedding scrolls, and the other with the candlelight lace rosebud rice bags, which were handed out by Darren Diehl of Irving, cousin of the bride.

Reception assistants were Mrs. Scott Kobs, sister of the groom, Mrs. Rick Garmon, his sister-in-law, and Miss Charla Diehl, cousin of the bride.

The wedding cake table was draped with candlelight lace. The attractive frosting decorations on the three-tiered candlelight cake featured wedding bells and roses in shades of pink, and a nosegay of fresh carnations and roses was the top ornamentation. The silver punch service and white napkins lettered in gold with "Today, Tomorrow and Always, Rhonda-Stephan May 2", further enhanced table interest.

The groom's parents were hosts for the rehearsal dinner held at Pelican's. Mr. and Mrs. N.R. Diehl of Irving and Ed Garmon of Crowspey, Ill., grandparents of the bride and groom, were special wedding guests. Others from out-of-town not previously mentioned were: Mr. and Mrs. Dale Diehl, Michael Diehl of Irving, Rick Garmon of Poway, Calif., Scott Kobs of Escondido, Calif., Michael Garmon of Chicago, Ill., Mr. and Mrs. John McTaggart of Burleson and Mike Lane of Iowa Park.

Mrs. C.O. Dodd was the ideal KOPS and Mrs. N.W. Callaway was the best TOPS loser. Mrs. E.L. French was a new member.

Miss Donna Lauren Starnes and Bradley Ray Wynn exchanged double-ring nuptial vows Saturday evening in First Baptist Church at an altar centered with a brass arch threaded with boxwood greenery accented with sprays of lily of the valley, orange silk roses and an orange silk bow at the center top.

Fifteen-branched brass candelabra holding tall burning orange candles marked either extremity of the lower altar. An orange silk bow that added the finishing touch to the candlesticks matched those that were used on church pews for family members.

The Rev. Howell Farnsworth performed the ceremony to unite the daughter of Mr. and Mrs. G.W. Starnes and the son of Mrs. Lila Belle Wynn and the late Walter Keith Wynn.

Mrs. John Panter, pianist, and Dwayne Latimer, vocalist, provided the wedding music. The former played appropriate prelude selections including "Theme from Ice Castles" and "Nadia's Theme." She accompanied the vocalist for his rendition of "Wedding Song" and played the

MRS. BRADLEY RAY WYNN

marches of tradition for the entrance and exit of the bridal party.

The bride's parents gave her in marriage, her father answering for both of them when the minister asked "Who giveth this woman in marriage?" She was attired in a

formal gown of white Qiana enriched with Venise lace which formed the wedding ring neckline and trimmed the bodice and long sleeves. The full skirt swept into a chapel train. Her fingertip veil of illusion was outlined in lace and attached to a lace bandeau.

The bride carried a silk cascade of white roses, orange rosebuds and stephanotis backgrounded with white lace complemented with white silk ribbons that extended floorward. She carried a handkerchief that had belonged to her late paternal great-grandmother for "something old." "Something borrowed" were her mother's gold ear rings that had been handed down by the bride's maternal grandmother. The "something new" and "something blue" bridal traditions were her dress and garter, and she slipped a penny in her shoe for luck.

Miss Barbara Havins of Childress, the maid of honor, wore an apricot Qiana gown designed with spaghetti straps and a matching lace jacket. She carried a nosegay consisting of the same flowers and lace and ribbon accents in the bride's bouquet.

The groom, Greg Niefert, his brother, who was best man, Mike Daymude and Ken Johnson, the ushers, were attired in western suits, the groom wearing an orange silk carnation for his boutonniere.

Mothers of the bride and groom wore corsages of orange and white silk roses with their gowns they chose for the wedding. Mrs. Starnes wore a long mint double knit dress styled with a pleated skirt and matching nylon cape. Mrs. Wynn was attired in a full length orange double knit dress topped with a sheer jacket.

The bride was graduated from Vernon High School and attended Vernon Regional Junior College. She

is employed at Beall Auto Parts. The groom, who is employed at Ayres Tire Co., was graduated from Iowa Park High School. They went to Dallas for a short wedding trip and will live in Iowa Park.

The reception following the wedding was given by the bride's parents in the Fellowship Hall of the church. The groom's mother was hostess for the rehearsal dinner held Friday evening at Little Richard's Salt Lick Restaurant.

At the reception, Pam Schmidt, sister of the groom, presided at the bride's book table which was covered with a white crocheted cloth and appointed with framed pictures of the bride and groom, the book and orange plume pen.

The bride's cake table was draped to the floor with a white crepe cloth overlaid with white lace swagged at the top and caught up with orange silk bows.

The four-tiered white cake that was lifted up beautifully with two sets of Grecian pillars was touched with clusters of orange frosting roses clinging to pale green leaves, and sculptured with deep scrollwork and garlands. The romance of the occasion was noted in the ceramic wedding bells that decorated the tops of the divided tiers, and the kissing bride and groom standing in front of a pearled heart studded with orange blossoms chosen by the bride for the top ornament.

The table extremities held three-branched silver candelabra lotus bowls holding orange silk roses and poppies and orange candles. The white bridal napkins were inscribed in orange with the couple's names and wedding date. Mrs. Roy Chism of Grand Prairie, the bride's aunt, served the cake during the reception.

The punch and gifts table and groom's table were covered with lush toast-colored polyester cloths. Mrs. Cecil Atkisson of Austin, the bride's aunt, served punch from a crystal bowl supported by a base filled with a cluster of orange silk flowers. The centerpiece for the table featured a wicker basket filled with the orange and white checked gingham rice bags. A serving window in the background held a crystal epergne filled with a bouquet of white roses, rosebuds and fern.

Sandy Thurber, the groom's sister, presided at his table which held the chocolate horseshoe-shaped cake decorated in orange frosting roses and the reluctant groom and his pursuing bride figurines, and the silver coffee service.

# Cook of the Week

The name of Mrs. Stanley Hoye, who lives at Kadane Corner can be added to the list of those who think that microwave cooking is one of the most exciting advances of the age.

In a pamphlet put out by Texas Electric a short history of microwave cooking is given. In the early 1940s when Dr. Percy Spencer was doing some work for the military at Raytheon Corp., he found a melted candy bar in his pocket. He was working with high-frequency radio waves generated by a magnetron, a form of vacuum tube, used for radar technology.

He experimented and found that the waves, when confined to a metal cavity or "oven" would quickly penetrate food and vibrate moisture molecules within it. The vibration actually cooked the food. Research in the discovery continued and the first consumer microwave ovens were marketed in the 1950s. However, the real beginning of microwave ovens in the American kitchen was in about 1967.

Laverne Hoye agrees wholeheartedly with the advantages of microwave cooking: speed, energy saving, safety, easy cleaning, nutrition, economy, simplicity, convenience, flavor and appearance.

Mr. and Mrs. Hoye, who are engaged in extensive farming and ranching, moved to the area three years ago from Iowa and purchased a farm near Kadane Corner. He and his brothers own a business, Hoye, Inc., in Villisca, Iowa, a farm in Guatemala and one near Houston.

The Stanley Hoyes are members of the Iowa Park First Baptist Church. She is chairman of the Wichita Falls Christian Women's Club, which she helped to organize in July 1980. In Iowa, she worked for a time in advertising and served as a 4-H leader. She was graduated from high school in Atlantic, Iowa, attended college at Cedar Falls, Iowa and Midwestern State University.

The couple's children are Terry Hoye of Dalhart, Texas, Cathy Yunag of Fremont, Neb., Forest Hoye of Scotts Valley, Calif., Sally Payne of El Paso, Texas, Laurie Murray of Messana, Iowa and Joe Hoye, a student at Iowa State University. They have six grandchildren.

Her hobbies include photography, embroidery, tole painting and cooking.

Vanilla ice cream  
Drain peaches. Place in 1-qt. baking dish (or 4 individual dishes). Put 1/4 tsp. butter in center of each peach half, sprinkle with brown sugar. Bake uncovered on high for 3 minutes. Serve warm with a small scoop of ice cream in center of each peach half.

# As I See It....

By BOB HAMILTON

I'd have given a lifetime subscription to have been at Lake Buffalo Sunday evening and seen the expression on an 11-year-old boy's face when he extracted a five-pound carp from the waters with his fishing line.

Danny Easter lives in Childress. He was visiting relatives, his aunt Elizabeth Stephens and grandfather Major Morrow; when he made his big catch.

To watch any child accomplish in sports is a true pleasure. But what makes this youngster special is the fact that he has to move around either on crutches or in a wheel chair, because he is paralyzed from the waist down.

Maybe Danny will give me another chance to see him "catch the big one" sometime in the future.

After having worked a good portion of my adult life with farmers, I have a pretty good idea about how they feel, right here at harvest time, every time a weather front moves clouds overhead.

Farmers of this area are two and three weeks away from harvesting what may be an all-time record yield wheat crop. For all practical

purposes, the crop is made, and it's a good'un.

But for the farmers, year after year watching to see if they get enough rainfall to plant a crop, whether it rains enough to make the crop grow, and then whether a storm misses or hits the crop when it is ready to harvest... just points out what an amazing breed farmers are.

You won't hear many farmers talking about how good this year's crop is. They've learned not to count their eggs until they're hatched.

Additionally, they haven't much to brag about, because the price of wheat is so low, it's ridiculous. It's so low, in fact, that a bumper crop of... say, 40 bushels... will show very

little profit after cost of plowing, buying seed, planting, fertilizing, spraying for insects, and then the high cost of harvesting.

If the price of wheat were to double, well, you would easily see some real smiles. And you know what it would do to the cost of your bread? If all the middle men held their prices, a loaf would increase about a penny.

This has been an unusual season, weather-wise. I hope it's just as unusual, farmer-wise, and that the bumper crop is harvested without weather problems, and someone decides the crop is worth more than they are currently offering to pay for the grain.

Our farmers need it, and deserve it.

## Start average billing before you start your air conditioner.

If you use the same amount of electricity this summer as you did last year, you're going to see a *big increase* in your summer bills.

Our Average Billing Plan can help, because it "averages out" your electric bills. You still pay for all the electricity you use, and your payments will still vary from month to month. But in high-use months you pay for less electricity than you use, and in low-use months you pay for more than you use.

Many customers find this helps ease the impact of high summer air conditioning bills. Our average billing plan is available to both residential customers and churches. If you'd like to know more, give us a call at Texas Electric.

Included in the new slate of officers are Gordon Griffith, president; George Blackwell, first vice president; Dennis Neuman, second vice-president; R.E. # Trustees give second teacher salary increase

Twenty-eight Holliday faculty members were present at Monday night's school board meeting, where trustees extended teachers their second salary increase for the 1981-82 school year.

Trustees awarded classroom teachers—excluding coaches—an additional \$300 above state base, which, added to an increase of \$500 to \$700 above state base approved by trustees during their March meeting, brings their salaries to \$1,000 above state base.

Supt. Ray Coe added discussion of teachers' salaries to the agenda after visiting with a faculty committee before the meeting, where committee members discussed at length their salaries, then made recommendations.

In addition to the salary increase, teachers will be issued free passes to all school functions.

In other business, board members accepted the resignation of Connie York effective May 29, hired Stephen McIlhaney of Knox City to coach girls' athletics, approved athletic and band budgets, and issued the oath of office to Gene Harmon.

McIlhaney was hired by trustees at \$4,000 above state base, and begins his duties in August as girls' volleyball, basketball and track coach. McIlhaney has coached girls' athletics at Knox City for six years, and, according to athletic director Don Lucy, comes highly recommended.

Both the athletic and band budgets were approved by trustees, with athletics receiving an increase of \$8,194 over the previous year's proposed budget. The total proposed budget for athletics, \$44,639, includes a \$4,000 increase in basketball, \$2,000 in football and track, \$500 for golf and \$400 for volleyball.

The total proposed band budget, \$17,193, is an increase of \$2,733 over

last year's figure. "This includes regular replacements and new equipment," band director Tom Woody said.

Harmon was sworn in to fill the unexpired term of Jake Cottrell, who accepted a coaching position in the Holliday schools. Harmon was chosen on the basis of his third place finish in April's at-large trustee election, where Mrs. Alice Bishop Carver became the first woman trustee for Holliday. Board president W.T.

Mankins issued the oath to Harmon. In other business:

\* trustees motioned to hire an additional vocational agriculture teacher for the 1981-82 school year;

\* accepted Archer County's estimate to resurface the school's parking lots at their costs of materials; and,

\* approved a contract with West Wichita Cooperative for 1981-82 school year.

Mrs. Thorn's credentials are impressive, holding both a Class B water and sewer license. She was most recently employed by the city of Iowa Park as supervisor of the water plant the past two years.

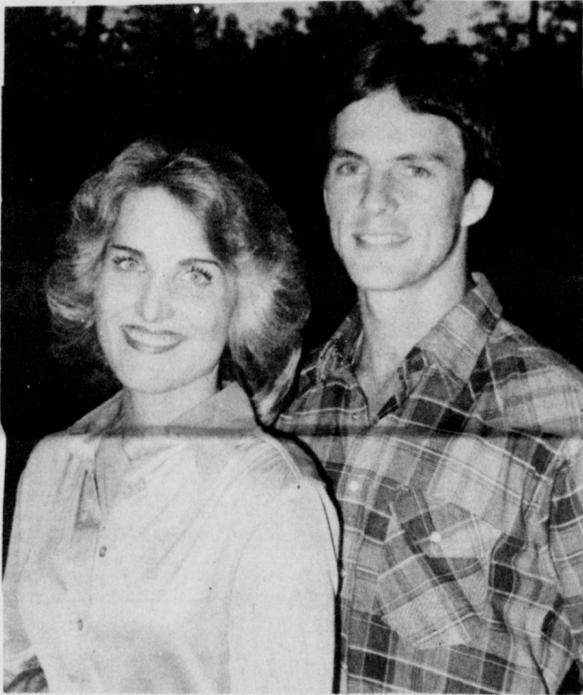

Holliday city council will discuss her salary Monday at 7:30 p.m. during their regular meeting.

Mrs. Thorn began her duties Tuesday.

## Band concert set tonight

# Ray, Linthicum at state

The eyes and thoughts of Iowa Park sports enthusiasts will follow two Hawks into Memorial Stadium on the campus of the University of Texas at Austin tomorrow evening. Mike Ray and Troy Linthicum will be representing Dist. 3-AAAA and Region One in the state track meet. This will be the second time Ray has competed in the state shot put competition. He was not at all pleased with his fifth-place finish in the state's capitol last year, posting a heave of

54-3 after earlier in the season having a throw measuring 56-10 1/4. Linthicum, who the past few years has been only a spectator at the pole vault runway, will be competing in the giant meet for the first time. Both athletes are seniors. Ironically, neither one won first place at the district meet in Vernon. But both had their best performances of the season when they went to Odessa for the regional, and won there, while neither district champion

qualified for the state. According to regional qualifying performances, Linthicum is tied with three others for second going into tomorrow's 5 p.m. competition. He, Kent Harris of Gregory-Portland, Bobby Gilbert of Houston King and Cazy Francis of Little Cypress-Mauriceville each cleared 14-0 to advance to state. John Green, also of Gregory-Portland, had the best qualifying height of 15-0.

When Ray enters the shot ring at 6 p.m., he will do so with the knowledge he qualified with the third-best throw at region. Dallas Adamson's Ray Beasley posted a 57-8 1/2 and Paul Caccipaglia of DeSoto, 56-8, had better throws. Fans planning to watch the two compete tomorrow can do so from a single seating location. The shot put ring is in the southeast corner of the stadium floor, and the pole vault runway is on the south end, with the bar at the southwest corner.

## Local Scouts to Jamboree

Three Iowa Park Boy Scouts will be leaders of a group attending the National Scout Jamboree July 23-Aug. 5 near Washington D.C. Jim Hughes of Wichita Falls will be the Scout Master. Wayne Watson will be Senior Patrol Leader, James

Hughes, brother of former Iowa Park banker Don, and son of Joe Hughes, long-time patriarch of area Eagle Scouts, made the announcement when he spoke Tuesday to the Noon Lions Club.

## Soccer results

Iowa Park soccer teams rallied Saturday and brought home seven victories. The Dalphins beat the Rockets 2-1. Thunderbirds won 6-0 over the Lions. Panthers over Knights 2-1 and Aztecs 11-0 over the Warriors. The Chiefs, Hornets and Hawks all drew wins by default. The Tornadoses lost 3-0 to the Cyclones and the Stings drew a bye. Playoffs will begin Saturday with many teams playing two games in order to complete the playoffs by May 23. A meeting of the Soccer Club will be held at 7:30 p.m. Monday at Iowa Park Recreational Activities Center. Meetings will not be held in June or July.

# Terry Escue selected Boys State delegate

Terry Escue, son of Mr. and Mrs. Herman Escue, has been selected to attend the 1981 Texas American Legion Boys State, according to Commander Constance Elless of the Leo H. Smith Jr. Post. Escue is a junior at Iowa Park High School. This year's session will be held

June 6-12 on the campus of the University of Texas at Austin. During their stay at the state capitol, the young men from all parts of Texas will participate in the organization of political parties, campaigns, elections and the enactment and enforcement of their own laws within a mythical state. Elected state officials will function "for a day" at the capitol the final day

and conclude with a joint session. Two outstanding youths from each of the 51 states in which the American Legion sponsors Boys State will be selected as delegates to Boys Nation in Washington, D.C., during July. There, they will study federal government organization and operation in the same manner at the local state sessions are held. "As one of the Legion's outstanding youth-training programs, Boys State affords these youngsters an opportunity to learn the functions of local and state government," Elless said.
