DR. EARL WATSON
220 W. OLARA
IOWA PARK, TEXAS

MRS. CHARLES DUDLEY

First woman named to school board

Mrs. Charles Dudley became the first woman to serve on the Iowa Park school board, when she was appointed by trustees to serve in the post vacated several months ago by Hoyt Watson.

The action took place during Tuesday night's regular monthly meeting of the board of education. Following a 16-minute executive meeting of the trustees, closed to the public for deliberation on whom should be named to fill the post, Mrs. Dudley's name was placed in nomination and approved by a 4-1 decision. Trustee Roy Boutwell cast

the vote against her. She was notified by telephone of the action and asked to attend, appearing at 10:15 p.m. Soon afterward, board president C.E. Myers administered the oath of office. It was explained to Mrs. Dudley that she would serve until the next

regular board election, which is in the spring. At that time the position would be subject to vote of the public, to determine who will serve the remaining year in office. Mrs. Dudley, who resides at 1000 Mary Drive, was an unsuccessful candidate for the board last spring, when she ran on a program of "basic education" and her seven-year experience as secretary to the superintendent and as bookkeeper for the school district.

In that election, G.R. Rusk and J.O. McCullough were elected, receiving the most votes. Incumbents Robert Wilcox and Glen Miller were defeated, receiving 429 and 424 votes, respectively. Mrs. Dudley received 305.

Being named to the board, Mrs. Dudley joins Mrs. Earl Watson in breaking the sex barriers of the two local governmental bodies. Mrs. Watson is the first woman elected to the city council.

OTHER BUSINESS
Trustees approved expenditure of \$4,495 for a new copying machine for the administration office.

They also agreed to allow Notre Dame High of Wichita Falls to continue using the local junior high football stadium next year, but increased the per-game fee from \$100 to \$125.

Following lengthy explanations of proposed trips and activities for the high school and junior high choirs and bands, trustees approved all proposals. On a band trip to Amarillo next spring, trustees approved chartering buses rather than allowing students to spend the night away from home.

Fund-raising projects for the high school music groups were also approved. Another money project, requested by the Student Council, was also approved. SC president Anthony York explained his group wanted to sell senior pins.

A budget amendment was approved, allowing the schools to purchase overhead projectors for Kidwell, Bradford and Valley View. The money to be used was an unexpected \$760 through Title I.

The teacher work day scheduled for Nov. 21 was changed to the 23rd, because students are to be let out of school Nov. 24-25 for Thanksgiving.

PROJECT COMPLETED
Trustees approved matching funds raised by the Kidwell P.T.A. to aircondition the remaining four classrooms in that building.

When completed, all classrooms in the five-campus system will then be airconditioned.

Principal Bob Cole told trustees the P.T.A. netted \$2,500 at the recent Halloween carnival. Tentative bids to aircondition the rooms is about \$1,000 per room, he said.

Trustees also approved entering into a contract with Bob Jones to purchase the house being constructed by the Building Trades class, when it is completed in the spring. Mrs. Jones is a teacher at the high school.

According to the agreement, as explained in the meeting, Jones is to pay \$37,500 for the house, put up \$1,000 earnest money, and agree that no change order will be made in the construction plans.

The 1977-78 textbook committee, composed of Faris Nowell, Dean

MARTHA DUDLEY

Miller, James Ward, Robert Cole, George Taylor, Jimmy Alsop, Ethyl Jeter, Patsy Todd, Doug Chaney, Bob Dawson, Betty Dearen, Denise Hambrick, Ruby Black, Raydean Mattis, Latrice Dulaney, Tim Kasper, Jim Gotcher, Harriet Laird and Mike Priddy was approved.

During administration reports to the board, it was pointed out that a "computer assisted instruction program" was being tried for a 30-day period. A terminal at the junior high is connected with a computer at Arlington, allowing information on every subject taught in schools, college information and other data to be available locally almost instantly.

Should the program be approved, if recommended after the trial period, cost to the district would be \$4,000 annually, Dean Miller explained.

Bill Steger told trustees 37 percent of the current taxes have already been collected, and student participation in the lunchrooms increased three percent, to 78 percent, during October.

1977 IOWA PARK LEADER 1977

IOWA PARK LEADER

THURSDAY, NOVEMBER 10, 1977
IOWA PARK, WICHITA COUNTY, TEXAS 76367

VOL. IX NO. 10 15 CENTS

Iowa Park area voters approve three amendments

Voters in Iowa Park and surrounding precincts endorsed only three of the proposed amendments to the state constitution in Tuesday's election.

Persons in precincts 32, 33, 34, 35 and 60 combined to approve Amendment No. 1, Court of Criminal Appeals; Amendment No. 3, bail for persons charged with a felony; and Amendment No. 7, State Commission on Judicial Conduct.

Voters here voted Amendment No. 2, Veterans' Land Fund; Amendment No. 4, historical property tax relief; Amendment No. 5, agricultural or marine associations; and Amendment No. 6, electronic banking.

Statewide, Texans rejected only two propositions, the one on electronic banking and the question on agricultural and marine marketing associations.

At voting places here and throughout Wichita County voters appeared in favor of the continued use of electronic balloting, according

to Jerry Padgett, assistant county clerk. Ballots from throughout the county were counted by a computer within an hour and a half after polls closed Tuesday night, Padgett said.

However, questionnaires answered by voters on the new voting system indicated a concern over the cost of purchasing the system, \$135,000, and over the fact that voters were not required to sign a ballot stub, Padgett said.

The cost-feasibility question ultimately will be decided by Wichita County Commissioners Court, but the requirement for voters to sign a ticket stub was abolished by the Texas Legislature during its last session.

Voters wouldn't have signed a ballot stub even if the standard, large paper ballots had been utilized, Padgett said.

Complete Iowa Park voter returns follow with individual amendments designated by number.

Bloodmobile slated here next Thursday

Mark your calendar for next Thursday afternoon.

Between 1 and 6 p.m. on Nov. 17, the Red Cross Bloodmobile will be at the First Christian Church to receive blood donations.

The quota for Iowa Park is 75 pints, according to Tim Kaspar, new local drive chairman.

Council to meet Monday evening

Electric rates, annexations and re-zoning will likely highlight Monday's meeting of the city council. The meeting will begin at 7 p.m. in the Texas Electric Reddy Room.

Public hearings will be held on annexations of four tracts of land, including the Little League baseball fields, Top of Texas football field, a park area donated to the city and Colonial Heights, a 21-acre tract of land north of Cryovac.

The council is expected to take action on a recommendation from the Planning and Zoning Commission to re-zone Block 169 from single family residence to general residential. A 24-unit apartment complex is proposed for the area between Diamond and Crystal.

Texas Electric is to have a rate schedule for council approval, as result of the recent ordinance passed which gave TESCO a 8.3 percent

Parade entries being sought

Local entries are being sought for the Chamber of Commerce sponsored Christmas parade to be held at 10 a.m. Dec. 3.

Numerous entries have already been confirmed from Wichita Falls and Sheppard AFB, but only a couple have responded from Iowa Park thus far, according to Danny Parkerson, chairman of the Retail Committee.

Awards will be presented to the two best entries of the parade.

Those interested in entering the parade may contact Tommy Key, parade chairman, of Parkerson.

FINANCIAL HELP to complete the Bicentennial Swimming Pool bath house was received Tuesday from the Levi Strauss Foundation. Representing the foundation were Wichita Falls plant employees Miller Harwell, left, and Janis Stafford. Receiving the \$1,000 check were Harold Cowley, project chairman, and Bill Steger, member of the finance committee.

Rotary Club, city call for clean-up

The Iowa Park Rotary Club will sponsor a clean-up day Nov. 19. In connection with the project, Mayor Johnny Crawford has declared that week, Nov. 15-22, as clean-up week, urging all citizens to participate and help clean up their neighborhoods.

Rotary will have vehicles available to pick up heavy items on the 19th, including a wrecker for towing away abandoned and junk cars.

Citizens who need pickup can call the city hall anytime between the 15th and 19th, giving name, address and type of items to be picked up. Those items should be placed near the curb in front of the home, and someone should be available to help load the items.

"I call upon the Rotarians, the youth and other citizens of the community to volunteer their time and, where possible, equipment on Saturday, Nov. 19, for the purpose of gathering rubbish and junk to be hauled to the dump ground as a beautification and health measure, and that during the clean-up, fix-up week there will be no charge for dumping rubbish or junk by citizens of Iowa Park at the dump ground, providing the dumping is done according to the instructions of the attendant," Crawford said in his

proclamation. In connection with clean-up week, the city will be running all alleys, commencing with those south of the railroad tracks on Nov. 15; all north of the railroad and east of Pacific Nov. 16, and North of the railroad and west of Pacific Nov. 17.

Citizens are reminded that ordinances of the City of Iowa Park provide for care of premises by the occupant or owner of a piece of property, specifically:

ORDINANCE 141 - Housing Code

"It shall be unlawful for the owner or occupant of a residential building, structure or property to utilize the premises of such residential property for the open storage of any abandoned motor vehicle, ice box, refrigerator, stove, glass, building material, building rubbish or similar items. It shall be the duty and responsibility of every such owner or occupant to keep the premises of such residential property clean and to remove from the premises all such abandoned items as listed above, including but not limited to weeds, dead trees, trash, garbage, etc., upon notice from the Building Official.

For the purpose of this section, an abandoned motor vehicle is defined as one that is in a state of disrepair and incapable of being moved under its own power."

ORDINANCE NO. 99 - Weeds
"Requires each occupant or owner to maintain the alley abutting the property, clear of weeds, grasses, or other vegetation, excluding five inches in height."

ORDINANCE NO. 90 - Trash & Garbage

"The placing of garbage or rubbish or any refuse material in any street or alley within the city limits, except in designated garbage containers, is prohibited.

Heavy accumulations such as brush, broken concrete, ashes, sand or gravel, automobile frames, dead trees, and other bulky items shall be disposed of at the expense of the owner or persons controlling the same."

ORDINANCE NO. 128 - Junk Yard Ordinance

"No parts or junk shall be outside the bounds of the occupant or owner's property line, or in city street right-of-ways, or roadway, or on any city property."

Juvenile prison escapees apprehended here Friday

Four days after their escape from Gatesville State Prison, two juveniles were apprehended here by Iowa Park police.

Three youths escaped Nov. 1 from the state institution in Central Texas. Two of the youths, 16 and 17, whose age protects them from having their identities revealed, allegedly stole a pickup truck in Austin.

They were apprehended at 9:45 a.m. last Friday by Iowa Park police in the vicinity of E. Washington and Seneca. One of the youths surrendered to police at the home of a friend.

Iowa Park police would not identify whose home, and explained the Iowa Park resident would not be prosecuted for harboring a fugitive.

The second youth ran from the home. Officers fired warning shots into the air before the subject surrendered, police said. The youth did not return the gun fire and no one was injured.

At 2 p.m. Friday state correctional offices Otis Webb Jr. and Jessie Jordan arrived in Iowa Park and returned the two youths to Gatesville, police here said.

David Moats of Austin, whose pickup truck was stolen and used in the escape, came to Iowa Park to

recover his vehicle. In other police action Warren G. Reid of Electra reported he had purchased a quantity of fertilizer during the recent bankruptcy sale at Robert Johnson Grain Co. here.

Reid told police last Thursday that when he came to Iowa Park to take possession of the fertilizer he discovered 10 tons was missing.

Ricky Kirkland reported Saturday that a CB radio antenna had been stolen from a pickup truck parked at 906 W. Cornelia.

On Sunday Jimmy Alsop reported a tire had been slashed on a pickup truck parked in the driveway at 901 Van Horn.

Weather Report

Weather reports are officially compiled for Iowa Park at the Texas Experiment Station, southeast of town.

Rainfall for week	.94
Total for month	.94
Total for year	24.72
Total last year	27.50

Fashion show slated today

Models for the "Holiday Fashions", a program planned by the Texas Agricultural Extension Service, for today from 12:10 to 12:50 p.m. at Texas Electric Reddy Room, were announced this week.

The models, all from Iowa Park, are Mmes. Deryl James, Douglas Tanner, R.T. Robinson, G.R. Rusk, Gary Galliton, Roy Adams, James Williams, Miss Kim Hamilton and Miss Patricia Brown.

Mrs. Steve Virdell of KWFT will be the narrator

for the season's fashions from Velfree Shop with the working woman in mind. Fashions will be shown from sportswear, bridal and formal lines.

The public is invited. Those who attend are asked to bring a sack lunch and eat it during the show.

Miss Blanks leads study

Miss Titia Belle Blanks taught the Bible study for the meeting of the Lucy Birk Circle of First Presbyterian Church at Mrs. C.E. Birk's Tuesday morning.

The study was based on the subject "The God of Sarah, Rebekah, Leah and Rachel" and the purpose was to show that these women, just as much as their husbands, Abraham, Isaac and Jacob, were chosen by God to carry forward his purpose.

Mrs. L. Shelton was the presiding officer. Others present were Mmes. E.B. Compton Jr., Gale Lowrance and John Clapp Sr. They ate lunch at the Friendly Door.

Food, the general term for what is eaten by man and other creatures for sustenance of life, is one of the most important of our daily needs.

All foods that we eat come from plants and animals; but all people in the world do not eat the same foods. Some people in Central Asia live mostly on milk and milk products, and millions of people in the Orient eat little but rice. Eskimos live almost entirely on meat and fish, but the San Blas Indians of Panama eat mostly fruits and vegetables.

The kinds of food that some people eat depend largely on what plants they can grow and what animals they can raise. However, no ancient king had all the kinds of food an American housewife can buy today. She can have her choice of foods grown in America and many other lands.

Foreign foods and spices have become a part of the national cuisine, and the recipes of Mrs. Gene Bond for this week give us an inkling of that. We feel the

Mexican flavor in the jalapeno and chili peppers, tropical America in the avocado (now grown in some parts of the U.S.) combined with the "good old Southern" fruit cake, so popular in the U.S. during the holidays.

Mr. and Mrs. Bond are owners of Sand Beach Skating and Swimming. She is the former Gloria Youngblood of Wichita Falls where she was graduated from high school. She received a B.B.A. degree from Midwestern State University and taught at Hirschi High School for five years where she was sponsor of the Student Council. She is currently doing work toward her masters degree at MSU.

Mrs. Bond is president of Alpha Epsilon Omicron chapter of Beta Sigma Phi, Cub Scout den mother, school room mother, a member of Ball Babes Bowling League and sponsor of the Fun Club at Sand Beach. She belongs to Floral Heights Church of Christ in Wichita Falls.

Mr. and Mrs. Bond have two sons, Kenneth, a student at MSU and Johnny, eight years old.

removed and chopped fine
1/4 cup jalapeno peppers, seeds removed and chopped fine
1 1/2 cups vinegar
6 cups sugar

The above ingredients may be put in blender to chop and blend. When thoroughly blended put in saucepan and bring to a rolling boil. Stir in 6 oz. bottle of liquid pectin, bring again to a rolling boil and boil for one minute. Let cool, then skim.

Pour into canning jars, leaving 1/8 inch headspace. Process five minutes in boiling water bath. Add red or green coloring to give jelly a more appetizing appearance.

GUACAMOLE SALAD

1 T plus 1 t unflavored gelatin
1 1/2 cups cold water
2 medium avocados, mashed (about 1 1/2 cups)
1 medium stalk celery, thinly sliced (about 1/2 cup)
1/4 cup lemon juice
1 small tomato, peeled and chopped (about 1/2 cup)
2 green onions, chopped (about 3 T)
1 or 2 T chopped canned chilies
1 t salt
1/4 t red pepper sauce
Salad greens
Ripe olives and cherry tomatoes for garnish

Sprinkle gelatin on 1/2 cup of the cold water in saucepan, stir over low heat until gelatin is dissolved, about 3 minutes. Stir in remaining 1 cup cold water. Refrigerate until slightly thickened, about 40 minutes.

Mix avocados and lemon juice in large bowl. Stir in gelatin mixture, celery, tomato, onions, chilies, salt and pepper sauce. Pour into 4-cup mold. Refrigerate until firm, about 3 hours. Just before serving, unmold on salad greens and garnish with olives and tomatoes. Will hold up to 24 hours in refrigerator.

TURKEY DRESSING BAKE

2 cups cut up cooked turkey
2 eggs
1 cup warm water
1-1 oz. pkg. turkey or chicken gravy mix
1 1/2 cups herb-seasoned stuffing mix

JALAPENO JELLY
[Good with meats]
3/4 cup bell pepper, seeds

Cook of the Week

'Career, marriage' AEO program topic

Mrs. Danny Holman presented a program on "Career and Marriage" for the Monday evening meeting of Alpha Epsilon Omicron chapter of Beta Sigma Phi hosted by Mrs. James Owens. During the

presentation, she pointed out advantages and disadvantages of working wives.

Members responded to roll call by giving problems encountered when career and marriage are mixed.

Mrs. Gene Bond conducted the business at which time a family was selected to be recipients of love gifts consisting of canned goods, meat and staples at Thanksgiving and Christmas.

Miss Lavonne Stogner was chosen "Spirit of Christmas" to represent the chapter at the annual Lambda Gamma dance Dec. 9. Mrs. Mike Isbell and Mrs. Don Wilson, transferees from other chapters, were named to the service committee and Mrs. Dick Lunsford was named to the scrapbook committee.

In other business, it was voted to purchase a camera for the chapter and plans were made to entertain Alpha Tau Chapter Nov. 21 at a party in the Establishment Apartments dub room. Announcement was made that the AEO yearbook won honorable mention at the Faith City Council fall tea.

Mrs. Wilson won the hostess gift.

Others present were Mmes. Bobby Attwood, John Conklin, Bill Veal, Wilbur Garrels and Gayle Cleghorn.

The current great interest in human rights motivated the 23 Study Club's program committee to formulate a program on Africa, with the spotlight on Rhodesia, for the International Affairs program of the 1977-78 year. The program was given Thursday afternoon in a meeting hosted by Mrs. Earl Watson and Mrs. T.M. Clark in the home of the former.

"Sing the Glory of Africa" was the theme of the program presented by Miss Ethyle Kidwell. While we sing the glory of Africa through film, music and discussion, we will also get a fleeting glance of the sorry

plight of the people who have been oppressed since white men set feet upon soil and began exploitation of one of the richest countries in the world", she said in introduction.

The filmstrip, featuring a conversation between a black African and his grandson, was flavored with the warmth of their relationship. It showed the beauty of Africa, contributions Africans have made to art adopted by the western worlds, something of the exploitation of colonialism, the love the natives feel for their homeland, close family relationships and their high hopes for the future.

The recorded music featured the famed and highly trained Protestant Kinshasha Choir, hymns and songs sung in three different languages, French, Swahili and Lingala and native instruments. Included was the national anthem composed by an African.

Interest in the program was heightened through a tape of a recent interview with Larry and Mickey George of Denton who served for several years as missionaries of the Methodist church in Mrewa, Africa. The couple shared their feelings regarding the quality of life, cheap labor, ceiling on education and job opportunities, the conditions under which the Blacks live, their ability to govern themselves, and the possibilities for the church in general in Africa.

Mrs. Rollins Woodall read a poem, "We Watched the White Man's Arrival" by James Matthews, an African poet, to conclude the program. The poem was an invitation to the world to

share in the Blacks aspirations, oppressions and their struggle for dignity and liberation.

African artifacts collected by Mrs. Watson during a visit to the continent were on display.

Mrs. C.A. Hicks was program leader.

Mrs. Glen Miller chose "Controlling the Tongue" for the title of her devotion.

Mrs. Clark compared the departments of General Federation of Women's Clubs to rooms of a house as she gave the federation report.

Mrs. Joe Singer directed the business preceding the program.

Mrs. Watson, chairman of the recent Art and Crafts Show, reported that the Iowa Park Library benefited \$207.83 from the show. Mrs. Singer announced Dec. 18 as the date for the Christmas Tour of Homes sponsored by the club. Included on the tour will be the homes of Messrs. and Mmes. O.N. Newman, Bill Bates, G.R. Rusk, Cecil Streich and Joe Singer.

Shower fetes bride elect

A prenuptial shower was given Monday evening in the Fellowship Hall of Faith Baptist Church honoring Miss Phyllis Hall, bride-elect of Cleatus Dale Copeland.

The honoree's chosen colors of dark pink and light pink governed decorations for the affair. These were emphasized in flowers fashioned in corsages presented to Miss Hall, her mother, Mrs. Bill Hall, and the future groom's mother, Mrs. Ruben Copeland, and in the floral

centerpiece for the lace-covered refreshment table.

Gaylene Sorey registered guests.

In addition to mothers of the engaged couple, special guests included Mrs. Beulah Magill of Burkburnett, grandmother of the bride-elect, Mrs. W.C. North and Mrs. Nellie Crampton, grandmothers of the prospective groom, Misses Amy and Lori Hall, sisters and Mrs. Jewel Goins, a special friend of the honoree.

Hostesses were Mmes. Johnny Toler, Gera Frazier, Annie Johnson, Daniel York, Jimmy Duggins, George Hammonds and Dennis Sorey.

16 attend NBW meet

Fifteen members and one guest, Mrs. Riley Thompson, attended the meeting of Night Baptist Women of First Baptist Church Monday at the home of Mrs. Wm. Nunn.

Mrs. Bill Curry read the names of 15 foreign and home missionaries who were on the birthday calendar for the day and conducted the special prayer period for them.

Miss Helen Reed directed the business. Mrs. Lee Smith reported that a book "Somebody Loves You" by Helen Steiner Rice had been purchased to be placed in the church library in memory of the late Mrs. Carroll Duke.

Mrs. J.A. Berg led the program taken from Royal Service entitled "The Baptist World of Hong Kong" stating the Baptists began their work there in 1836.

Mrs. D.O. James continued with a topical discussion "Baptist Convention Today".

The work of the nationals in the Baptist hospital, church and schools was brought into focus through assignments by Mmes. V.I. Woodfin, C.L. McKinnon and J. Louis Quick.

Also present were Mmes. S.B. Reaves, J.C. Roby, W.F. Booher, E.T. Patterson, Roy B. Smith and Homer Blalock.

Methodist Women Festival, Bazaar is slated Saturday

The United Methodist Women's Harvest Festival and Bazaar will be held Saturday from 9 a.m. to 6 p.m. in the Fellowship Hall of the church. Mrs. Eugene Lowrey is chairman of the fund-raising event and proceeds will be spent on a church or community project.

Chairmen in charge of the various booths and departments include Mmes. Larry Parks, publicity; Jim Conatser, James Perry, white elephant; James Owens and Parks, bake shop; E.E. Wallis and George Trammell, stitchery; C.L. Thompson and Allan Bennett, arts and crafts.

Other chairmen are Mrs. Rafael Carrillo Miranda, Mrs. Evie Teal, plants; George Trammell, Riley Thompson, harvest booth; Mmes. Carl Sullivan, Miles Thompson, Lowrey, kitchen.

Mrs. H.W. Carter, president of UMW, will be the hostess and the treasurers will be Mrs. Riley Thompson, Miss Shirley Lowrey and Miss Ethyle Kidwell.

Home grown vegetables and fruits will be featured on the harvest table, and pies, cakes, bread, etc. can be bought in the bake shop.

During the day, stew, chili, sandwiches, pies and drinks will be served. The public is invited to come, eat, browse and select articles for themselves or for gifts.

LOTS OF EVERYTHING can be found at the United Methodist Women's Harvest Festival and Bazaar Saturday. Showing a few of the items are from left, Mmes. James Rinehart, James Owens, Larry Parks and Roy Lakey. Mrs. Gene Lowrey is chairman of the event and Mrs. H.W. Carter will be hostess.

The Alathean Sunday School class of First Baptist Church held a Thanksgiving luncheon Tuesday in the Rev. Kenneth Flowers gave the invocation. Following the meal, Mrs. Sam Hill gave the devotion on "Giving" stressing the importance of giving cheerfully and unselfishly for the glory of the Lord who gave all. Mrs. Flowers, accompan-

Amarillo family to conduct revival

Mr. and Mrs. Jerry Hollingsworth and children, Hunter and Heather, of Amarillo will conduct a lay revival at First Baptist Church Nov. 18, 19 and 20.

He is an attorney at Amarillo and she is a teacher in the elementary school system, teaching music in third through sixth grades and fifth and sixth grade science. Both are graduates of Baylor University.

Lay revivals are not new to the Hollingsworths. However, this will be the first meeting where he has not had to have a translator. The family conducted lay revivals in Nigeria in 1975, Nevis, an island in the Caribbean in 1976 and Brazil in 1977.

During the services Friday and Saturday beginning at 7 p.m., Hunter and Heather, will present pup-

pet shows. A brunch will be held Saturday at 10 a.m. in honor of Mrs. Hollingsworth and a breakfast will be held Sunday at 7:30 for the men to get better acquainted with him.

Bill Bates will be in charge of music for the revival.

Herbert Davis is chairman of the revival committee. Working with him are Mrs. Howard Marlar, president of Day Baptist Women, Bill Curry, George Taylor and Donald Hill.

The Hollingsworths have another daughter, Hart, a student at North Texas State University.

"Silence is the fence around wisdom." Hebrew proverb

Penny Karenina, an eight pound, two and a half ounce daughter, was born to Mr. and Mrs. Jimmy Bradberry November 5th. She has two brothers, Timmy Neal, four years old and Charles Gregory, two years of age.

Grandparents are Mr. and Mrs. W.D. Vestal, Jr. and Mr. and Mrs. S.M. Bradberry of Iowa Park. Great-grandparents are Mrs. Leslie Bradberry of Iowa Park and Mrs. Marian Wood of Wichita Falls.

Festival, toy drive discussed

The Camp Fire Leaders organization held the monthly meeting Thursday morning in Texas Electric Reddy Room.

Items discussed included the Song Festival and toy drive to be held Nov. 19 at First Baptist Church in Wichita Falls and the end of the magazine sale.

Prizes for magazine sale will be awarded at the Mother-Daughter Christmas party which will be held Dec. 2 in Kidwell Cafeterium. Plans were made for decorations, refreshments

and program for the event.

Those present were Mmes. James Garrett, president, Charles Wicker, Lawrence McEmore, Jerry Hodges, Jimmy Chafin, Don J. Wilson, Billy Beavers, Don Moser, Max Solomon and James Conner.

The next meeting will be Dec. 1.

Church group has luncheon

The Alathean Sunday School class of First Baptist Church held a Thanksgiving luncheon Tuesday in the Rev. Kenneth Flowers gave the invocation. Following the meal, Mrs. Sam Hill gave the devotion on "Giving" stressing the importance of giving cheerfully and unselfishly for the glory of the Lord who gave all. Mrs. Flowers, accompan-

ied by Mrs. O.E. Lochridge, sang "Thanksgiving Hymn" and "Come, Ye Thankful People, Come."

Mrs. Jim Adams, church secretary for the past 15 years, was a special guest and was presented with a hand-painted silver butterfly as a token of appreciation for her service.

Others present were Messrs. and Mmes. W.G. Partney, Leon Sanders, Lee Vaughan, N.E. McKinney; Mmes. W.F. Booher, Emma Phillips, J. Louis Quick, Mattie Hale, L.C. Good, L.C. Hill, L.E. Brooks, J.A. Berg, R.A. Williams, Doc Smith, Tom Ogden, J.C. Roby and O.M. Jones.

Day care is program

Barbara Lingle from the Licensing Division of the Department of Public Welfare spoke to members of the Park Area Demonstration Club at their meeting Wednesday morning in the home of Mrs. G.V. Henderson. Her topic was "How to Choose Day Care for Children."

Mrs. W.E. Karstetter was in charge of the meeting and Mrs. James Todd contributed the devotional thought on "Smiles".

The next meeting will be in the home of Mrs. M.E. Reneau and Dee James, county extension agent, will give the program.

Others in attendance were Mmes. F.D. Stermer, J.C. Roby, Bertha McDonald, Elvy Sargent, Allie Girard, Joe Cope, Roy Fortner and W.G. Partney.

Great News FOR THE World

Our challenge, to find one place in the Bible, Old or New Testament, where the phrase "immortal soul" is used, has been unanswered.

The doctrine of the immortality of the soul, not being in the Bible, the question is, where did it come from? It was borrowed by christendom from pagan teaching. Note the following quotations:

*Herodotus, historian, 450 B.C. writes as follows: "Egyptians were the first who asserted the doctrine that the soul of man is immortal (Herod. Book ii; Sec. 123).

Mosheim says, "It's first promoters argued from that known doctrine of the Platonic School, which was also adopted by Origen and his disciples, that the divine nature was diffused through all human souls; or in other words that the faculty of reason, from which proceed the health and vigor of the mind was an emanation from God into the human soul." (Ecclesiastical History, Vol i; p. 86).

About 200 years after Christ, arose the famous theologian, Origen, born in Alexandria. Encyclopedia Britannica has this to say about him: "Origen, the most distinguished and most influential of all the theologians of the ancient church ... At an early age, he listened to the lectures of Pantaeus and Clement in the Catechetical School. This school, of which the origin is unknown, was the first and for a long time the only institution where Christians were instructed simultaneously in the Greek sciences and the doctrines of the Holy Scriptures. In Alexandria, Christian ideas were handled in a free and speculative fashion and worked out with the help of Greek philosophy."

Justin Martyr (A.D. 150) said, "For if you have conversed with some that are indeed

called Christians, and do not maintain these opinions, but even dare to blaspheme the God of Abraham, and the God of Isaac, and the God of Jacob, and say that there is no resurrection of the dead, that the souls, as soon as they leave the body, are received up into heaven, take care that you do not look upon these. But I and all those Christians, that are really orthodox in every respect, do know that there will be a resurrection of the body and a thousand years in Jerusalem, when it is built again and adorned and enlarged, as Ezekiel and Esaias (Isiah) and the rest of the prophets declare. (Dialogue with Trypho the Jew, Sec. 80).

The above historians bare out the following facts:

1. That one of the earliest Christian writers, since the New Testament, Justin Martyr, speaks of the doctrine as blasphemy against God.

2. Immortality of the soul was a doctrine taught by Pagans, such as, ancient Egyptians and Greek philosophers, example, Plato.

3. That one of the most influential Christian teachers of the third century studied the scriptures, aided by Greek philosophy.

If the doctrine of the immortality of the soul can be traced back through Hindus, Chinese, and Greek philosophers such as Plato and Socrates, and cannot be found in the Bible, how can we submit a question that involves eternity to the vote of heathen idolators, who bow down to the stock of a tree and worship the work of their own hands?

Write for free book "Nature and Destiny of Man" to Christadelphians 1508 Kell, Wichita Falls, Tex.

Worth Quoting

Any day now, it will probably be a television special ... Moses coming down from the mountain with the laws beneath his arm.

He'll make like the fairy Godmother in "Cinderella" and wave that magic wand ... and phffft -- another miracle for the citizens.

In many, many ways, it seems that the great White Father in Washington has adopted the magic wand theory ... one wave, and our elected representatives can solve a perplexing problem.

And from many of the actions in recent days in Washington, we're

convinced the whole kit and kaboodle are living in a fairyland of fantasy that has no relationship to reality.

One wave of the magic wand ... and a decree goes out that American ships shall carry at least 12 per cent of all imported crude oil brought to the shores of this country. Great! Another political debt paid off to the Maritime Union.

Reality of the matter is that there aren't enough ships left flying the American flag to carry six per cent of the imported oil -- much less 12 per cent.

Our representatives put on their

flowing white robes and descended the marble steps one day this past week, waved the magic wand -- and decreed that utility rates would be cut 40 per cent for all senior citizens. Great, more votes for next election.

Another wave of the wand and domestic oil shall cost the same as imported oil -- with a \$5.00 tax per barrel going into the federal treasury. A decree from on high.

Another wave of the wand and employers shall pay twice as much social security tax as employees pay ... another decree from the fairy godmother.

The magic wand is great for fantasy and for votes but it's lousy economics.

The only other place in the country that can match Washington for wand waving is Crystal City, Texas.

Crystal City is the place where the fourth generation dead beats have taken over the city council, the school board and the county government.

They've been on the receiving end of welfare so long, that they're convinced that everybody owes them a living ... and consequently they stopped paying gas bills three years ago. The day of reckoning came -- as it must in all matters of economics -- and the gas was shut off.

And the residents went hot-footing it to Washington for more magic wand waving -- wave the wand, fairy Godmother -- pay our past due bills and turn the gas back on.

We actually had people in Washington that were going to open the Treasury and pay those bills until sister cities of Del Rio and Laredo squawled about fair play.

If poverty and unemployment are so high in Crystal City perhaps now that the citizens must face up to reality rather than fantasy, the people will seek gainful employment elsewhere.

What this country needs more than anything else is a way to shut the gas off in Washington and perhaps bring those people out of fantasyland back into the world of reality.

As I See It....

By BOB HAMILTON

I feel like I've lost a trusted friend of long standing.

For years, I've looked to information furnished by the League of Women Voters, concerning issues to be voted on. I always felt the organization demonstrated pure objectivity, allowing me to base a decision on the good and bad points of the subject.

But no longer.

The League has violated its "nonpartisanship policy" by taking a stand on the Equal Rights Amendment. The League is now a political activist.

Of course, the League's policy states it does not support or oppose any "political party or any candidate". It does not say anything about an issue. But where is the line? I surely don't know.

In the Wichita Falls's League newsletter mailed out recently, right along with the voter's guide on the constitutional amendment information, was the following article:

"\$127 has been sent to the State Office for the Last Chance ERA Fund. We are continuing to collect money for this all-important fund. If you are interested in helping the ERA to pass in the last 4 states, please send your check to...."

Letters to the Editor

Dear Sir:

I am enclosing \$5 for another year's subscription for your very good paper. I have certainly missed getting the Leader and hearing what all is going on in the nicest little city in Texas. Surely there's not another place with so many wonderful people to the square yard as in Iowa Park. I really miss you all. Emil is doing all right. He walks now.

Thank you for giving us such a good home paper.

Sincerely yours,
Mrs. Emil Schram

It's not the issue the League is supporting, though I disagree with the ERA. It's just the fact the League is taking a political stand.
Goodby, old friend.

Did you read Pres. Carter's comment this week concerning the energy bill, in which he said: "We should reward individuals and companies who discover and produce new oil and gas, but we must not give them huge windfall profits on their existing wells at the expense of the American people."

Funny, how you can take such a sentence and pick it to pieces. Especially when you disagree.

First of all, I hadn't realized receiving payment for one's efforts

and labor was a reward. I always thought it was payment earned. Reward sounds like a gift, which I think most non-producing residents think of the petroleum industry receives.

Since when is a barrel of one type oil worth more than another, old or new. We're not talking about whisky. What we're talking about is a commodity and the going market price.

If Carter's thinking is true, then we're "rewarding" the Arabs considerably more than we're "rewarding" our own people. And those "rewarded" Arabs are fast buying up everything of value we have in our "unrewarded" United States with our own "rewards".

Humor 'n Whimsey

Joe Riordan

When God made fathers He made an imperfect lot. Fathers come in various sizes, shapes, color and temperament. Some fathers were built to be towers of strength -- so their children might imitate them. Other fathers were designed weak -- in hope children might learn the disadvantages of feeble character. Most fathers were assembled average -- a combination of good and bad.

God wanted all fathers to be good, so He gave each one a free will in order for each to choose between good and evil. Some choose the straight and narrow path while others take a winding road. Some were outdoorsmen and sportsmen. There were introverts and extroverts, loud talkers and soft spoken men. Each father was different.

But fathers were alike in one way -- each was given a pair of arms and a lap. The arms were long enough to reach around a child who wanted security.

And, then God topped off his creation with a generous supply of love, which a father could keep and distribute wisely or forget and never use.

God didn't want all fathers to be exactly like. If all fathers were the same, how could children ever judge them? He knew children would compare so they might boast about whose father was the strongest, or the smartest, or most loving.

Every father was created with some imperfection since God knew each would, someday, be recalled. Then He put them on their own, reminding them He was there in case they ever needed help.

In His infinite wisdom, God knew each father needed love, respect, and an occasional "comeuppance". So, he created mothers to stand beside fathers. Then he created children to bolster sagging egos, to blot out mistakes, and to bring a father from sadness to joy with the words: "I'm glad that you're my daddy."

Lions cruise past Hawks, 40-0

Vernon moved the ball almost at will Friday night, cruising to a 40-0 win over the winless Hawks.

The Lions had been expected to win the game, anyway, sporting the second best record among Dist. 4-AAA teams. But with four starters sidelined with injuries, one slowed by flu, and two more leaving the game with new injuries, there was little test given the Wilbarger County bunch.

Terry Daniels, pressed into the starting quarterback slot two weeks ago because of injuries to the two experienced players, left the game at halftime with a knee injury.

And reserve tailback Andy Sitgreaves was sidelined with a shoulder injury.

But even with people playing in unfamiliar positions, filling in for others, despite their still lack of experience, and despite facing one of the better defensive platoons of the conference, the Hawks never committed a turnover. That's the first time this season. No fumbles, no interceptions.

Sophomore tailback Troy Thompson had his usual good night, picking up 76 net yards on 20 carries, to lead the Hawk offense. That includes four losses for 13 yards, too.

Another sophomore, fullback Scott Hutson, filling in for sidelined starter Kip Fuller, finished the night with 33 yards to show for his 10 times with the ball.

It was not one of the better showings for Iowa Park in the passing department, however. Bruce Holder, who was pressed into action despite an ankle injury sustained a week earlier, connected on two of his nine attempts, for 14 yards. David Wright, from the tailback position, made his one throw good to Gary Blackerby for 16 yards. But

NO WHERE TO GO - Vernon's Earl Wilson is cut off at the pass by aggressive Hawk defenders Ray Willingham, 63, Richard Dietrichson, 85, and David Wright, 13.

neither of Daniels' two shots were completed. Blackerby caught one of Holder's passes, also, bringing him near the modern-day season record for receiving by a Hawk.

Vernon's first offensive platoon played through half of the third period, before the reserves started checking onto the field. But the starting Lion defense stayed throughout the game.

The Lions scored twice in the first period, while they were gaining 105 yards on the ground and another 82 through the air. They scored again in the second quarter, while amassing 143 yards rushing and 44 more passing. After scoring on a 27-yard

pass in the third quarter, the reserves started showing up.

The Hawks didn't have much offensively through the first half, but did comparatively well in the second. Thompson had 20 yards in the first quarter, minus six in the second, then broke for 30 in the third and 32 in the fourth.

Hutson's 10 yards on two carries in the second quarter was about all the offense Iowa Park had for that period. Daniels had the only other carry in the quarter, and lost seven yards. None of the Hawks' four pass attempts during the first half was completed. Iowa Park had a pair of first downs in the first

period, none in the second, then picked up five in the third and three more in the final stanza.

Though Iowa Park didn't have a turnover in the game, the Lions had a pair. Norman Marquart covered a fumble in the first quarter, and Tommy Ross gathered a Lion miscue in the second. The Ross grab halted a Lion drive at Iowa Park's seven yard line.

Unlike in the other losses for Iowa Park this season, none of the opponent's touchdowns was on a long gain. Longest run for a TD was eight yards, but the passing touchdown was a 27-yarder. Longest run for the speedy Lions all night was 40 yards.

TWO-POINT LANDING is made by Hawk tailback Troy Thompson when his feet are cut from under him by Vernon's Mark Davis. Thompson led Hawk rushers in Friday's game, with a net 76 yards.

One last chance... Hawks close out season here Friday with Graham

Iowa Park's Hawk football team has only one more chance to salvage something from the 1977 season.

They will host the Graham Steers in Hawk Stadium, starting at 8 p.m., to see who will lay exclusive claim to the District 4-AAA cellar.

Neither team has won a district game yet this season. Graham, by virtue of a 12-12 tie with Class AA bully Breckenridge, has a slight edge over the Hawks, with a 0-8-1 record. Iowa Park is 0-9.

Coach Pat Tone is expected to use a ton of tape and wrappings to piece together the remains of his battered and beaten club for the final contest.

A win would match last year's 1-9 season record. But it would be somewhat better, in that Iowa Park's win in 1976 was over non-conference Azle, Tone's first year here.

A victory would mean the first district win for the Hawk varsity football squad since 1974. The team went 0-10 in 1975, the last year under Coach Grady Graves.

Graham lost to Jacksboro 0-24 in the season opener. The Tigers have since gone on to win their district championship. Then came the tie with Breckenridge, which has also laid claim to a conference title this fall. And in their final non-league game, the Steers dropped a 12-25 decision to Sweetwater.

In district games, at least on paper, Graham has a better offensive and defensive record than have the Hawks.

Graham lost to Vernon 3-28, while the Hawks lost 0-40. Against Mineral Wells, the Steers lost by a scant 7-8,

while the Rams came from behind to beat Iowa Park 28-12.

Stephenville edged Graham 17-14, but rampaged past Iowa Park 39-0. Against Burkburnett, Graham lost 13-21. The Bulldogs put down the Hawks 35-0. And while Brownwood shot down Iowa Park 49-0, the Lions did almost the same to Graham, 41-14.

For the season, Graham has scored 87 points and given up 207; Iowa Park has scored 37 and given up 309.

Tone's young Hawks have been limping the past two weeks, or longer. But each has indicated he would see action in this, the final game, if at all possible.

They want to win at least once this year. And for most of the players, it will be their last opportunity for a varsity team win in their high school careers.

END OF THE ROAD - Mark Tidwell, Vernon quarterback, is brought down without grace by Mean Green linesman Ray Willingham.

BUSTING LOOSE - Eagle quarterback Steve Lucy opens hold for James Porter against Archer City Wildcats. The

Eagles defeated the county seat cats to retain the county championship and earn a berth in the state Class A playoffs.

7th GRADE UNDEFEATED

Junior high blows AC off field, 58-0

The seventh grade Eagles finished the year as Holliday's only undefeated gridiron unit after building an unblemished 8-0 season record.

The seventh graders won their season ender against Archer City under some unusual circumstances, sharing the 58-0 victory with the eighth grade Eagles.

The eighth graders, who finished 7-2 on the year, had responsibilities during the first half.

Joe Chase passed to Craig for a 30-yard aerial TD in the opening stanza, and Ray Looney scored on a four-yard plunge. Chase made the extra points.

Again in the first quarter, Joel Mankins completed a 66-yard TD aerial to Chase, and Looney supplied the extra points.

In the second quarter Looney scored on a 12-yard run. He also made the extra points.

Chase scored on a 30-yard run later in the first half, and Holliday went to the dressing rooms with a 36-0 margin.

Looney opened scoring in the third quarter on a 50-yard TD run.

Then the seventh grade Eagles took over. Brad Harmon scored on a 32-yard romp and he passed to Gil Gilbert for the extra points.

In the fourth quarter Harmon tossed to Lilly for the final TD, iced by Mike Parker's extra point run.

Tim Wade, Mankins and Sisson each recovered a fumble.

Holliday's freshman Eagles were upended by Archer City junior varsity 22-0.

Two of Archer City's touchdowns came after blocked Holliday punts. The Wildcats ended their scoring with a TD in the last 30 seconds of the contest.

Holliday's junior varsity defeated Burkburnett's junior varsity "B" team 12-0.

Joey Kincaid drew first blood for the Eagles on a 35-yard run in the opening quarter.

In the final stanza Holliday capped an 80-yard drive when Kirk Styles blasted into the end zone from 10 yards out.

The junior varsity ended the year with a 7-1-1 mark, while the freshmen were 1-4.

City council has personnel problems

A Holliday City Council executive session Tuesday night resulted in one city employee resigning the fire department and prompted councilmen to call a special meeting for Saturday night in an effort to solve what appears to be a police personnel problem.

The council voted itself into executive session when controversy surfaced concerning a \$234 bill for winter police uniforms and equipment.

When the police department bill was culled from the pile of city bills, Alderman Charles Parker said he had approved the purchase of \$168 in winter police uniforms.

"You can't okay it. You don't have that authority," Alderman Red Denney told Parker. "The council ought to know about it."

Parker said it was his understanding the council had agreed to furnish officer Dennis Rees with uniforms, and that he had given verification when telephoned by the Wichita Falls firm where the uniforms and winter coat were purchased.

Parker said he would pay the city for the purchase he had authorized.

Alderman Ben Ezzell also pointed out that the purchase had been made the day before the last council meeting, but nothing had been said about the buy at that meeting two weeks ago.

Mayor Jim Darr interrupted to say the next policeman hired by the city

would be required to finish his own gun and uniforms.

Ezzell said Rees should be called to the meeting, and his proposal was endorsed by Alderman Melvin Bills, who said, "If we say anything else we ought to have him (Rees) up here."

It was reported Rees was unavailable Tuesday night because he was attending a law enforcement school to receive certification as a Texas police officer.

There also was discussion concerning Rees' alleged inactivity.

There were indications that some councilmen did not think Rees was spending enough time on patrol and that he was not writing enough traffic citations.

After a short discussion with a reporter from the Iowa Park Leader concerning the legality of closed sessions and the way the council had been conducting some of its meetings, Ezzell's motion to go into executive session was seconded by Alderman Fred Maier and approved by the council.

Only city employee Junior Akers remained with the council when it retired behind closed doors.

Akers emerged from the closed session in 10 minutes and promptly left in his automobile. He returned with a fire radio.

Asked what had happened during his private discussion with aldermen, Akers indicated he had been chastised by Ezzell for his emergency driving habits.

Half an hour after the council had voted itself into executive session the meeting was re-opened to the public.

Akers turned the fire radio over to the council and said he would resign the volunteer fire department.

The council also voted to convene in special session at 6 p.m. Saturday to meet with Rees. The council most likely will vote itself into executive session, but the remainder of the meeting will be open to the public.

In other action Tuesday night the council voted 3-2 to insulate the back portion of the storage building at the city yard to store the old city fire truck and the county fire truck stationed at Holliday.

Fire Chief John Harrigal estimated cost of the insulation would be \$559. He said firemen would furnish the labor.

The improvement to the building had been requested so the two trucks would not freeze or have to be drained.

Explaining the service is provided strictly by volunteers, Harrigal added, "We're not just sitting around here wanting to spend the city's money."

"The question is not whether or not the fire department is efficient. It's whether the city has the money," said Denney, who along with Maier did not vote in favor of the expenditure.

Asked earlier how he felt about the request, Maier replied, "No comment."

The insulation expenditure was approved by Bills, Parker and Ezzell.

There remained a question as to whether the vote was valid, since a vote was taken about five minutes before the council legally was to have convened.

The council began its meeting at 6:30 p.m. Tuesday instead of the posted time of 7 p.m. because Harrigal had to attend another meeting at Lakeside City that night and the mayor agreed to convene early to accommodate Harrigal.

A stumbling block in the city's garbage collection efforts surfaced when Akers told councilmen he refused Monday to pick up trash at Holliday Foodworld.

"You reach down there for a handful of paper and get a handful of slop," Akers said. He complained of loose garbage and "slop" on the floor of a wire cage garbage container at the grocery store.

Darr said he would contact the manager. He said if Foodworld does not want to meet the city standards "then they can haul it themselves."

The council also reviewed a list of overdue water service accounts and voted to purchase a copy of the Southern Builders Plumbing Code.

Others present at Tuesday night's regular meeting included Glen Wood, Hershel McDaniel and Bob Bryan.

Beef short course here next week

Dr. Richard C. Thomas will be instructor of a beef production short course for adult farmers Monday through Thursday at Iowa Park High School.

The course is being sponsored by the Iowa Park High School Vocational Agriculture Department, according to Richard Davis and Dennis Brooks, vocational agriculture instructors at IPHS.

The short course is scheduled to begin at 7:30 p.m. Monday at the IPHS Vocational Agriculture Building. Other meetings in the series of four will be held Tuesday, Wednesday and Thursday.

During the dates the course is in progress, Thomas will be available to assist cattlemen with individual problems and to

provide on-the-farm instruction, Davis and Brooks said. Cattlemen interested in attending the short course should write or call Davis or Brooks. An entry fee of \$5 will be charged.

Beef production short course certificates will be presented to each cattleman who attends all the training sessions.

Thomas, beef production

DR. RICHARD THOMAS

specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Science at Texas A&M University, will be the instructor for the course. He is headquartered at Texas A&M University.

Thomas has a strong background in animal production and genetics. He received his B.S. and M.S. degrees from Texas A&M University and his Ph.D. from Iowa State University. His graduate thesis was a detailed study of growth and size of cow and their affect on weaning weight of the calf.

For the past seven years Thomas was in charge of the beef cattle research at McGregor. His responsibilities there included the direction

of record keeping and management of an 850-cow herd that was bred totally by A.I. and of a 500-head feed lot. This entailed direct supervision of the nutrition, health and reproduction programs employed there.

Thomas states that the beef cattle producers of today must take a close look at efficiency of production. Production costs such as land, feed, labor and taxes are rising without a relative increase in market values. The specialist also states that in order to deal with this type of situation, the producer must look at the costs and returns of the different types of production systems.

Thomas states that considerable time will be spent during the short course looking at the potential costs and returns of some of the production systems. Selection of important characteristics such as fertility, ease of calving, size and growth will be discussed along with topics such as pregnancy diagnosis, range management, supplemental feeding and herd health.

The course can be changed to meet the needs of the producers enrolled.

"Short courses in beef production, as well as in other areas, are now available to farmers and ranchers throughout the state under a cooperative program between the Texas Education Agency and Texas A&M University," says Bob Jaska, associate professor, Department of Agricultural Education at Texas A&M University, who coordinates the program for Texas A&M.

"This cooperative program," says Jaska, "is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm and ranch people."

Specialists are now available in the fields of beef production, farm electric wiring and safety, farm electric motors, are welding, swine production, tractor maintenance, pasture, and oxy-acetylene welding.

Voters at Holliday, Dundee and Bowman joined Archer City residents in nixing three of the proposals in Tuesday's state constitutional amendment election.

A total of 244 votes were cast in the county with 50 persons making ballots at Holliday. Thirty-one persons attended the polls at Dundee, and Bowman served 30 voters.

Across the county voters

turned down Amendment No. 2, Veterans' Land Fund, 161-179. Amendment No. 4, historical tax relief, was nixed 138-203, and Amendment No. 6, electronic banking, was defeated by Archer County residents 99-242.

Amendment No. 1, criminal appeals court, passed 213-128, and Amendment No. 3, bail for accused felons, passed 278-66.

Amendment No. 5, agricultural and marine market associations, passed 175-161, as did Amendment No. 7, judicial conduct commission, 177-156.

Complete returns from local boxes follows.

Three amendments nixed

Local teacher is recognized

Mary Ann White, a teacher at Holliday High School, has been named Business Education Teacher of the Year by the District IX Texas Business Education Association.

The association selected Mrs. White during a sectional meeting Oct. 24 in Wichita Falls.

Mrs. White received her bachelor's from North Texas State University and has

taught 19 years. She teaches Shorthand, Accounting I, Typing I and Typing II.

In addition to her teaching responsibilities, Mrs. White is sponsor of the junior and senior classes, and the UIL typing and shorthand contestants. Many of her contestants have been UIL district, region, and state winners.

Mrs. White is a member of

Texas Business Education Association, Texas State Teachers Association, and National Education Association. She has served as president and secretary-treasurer of the Archer County unit of TSTA.

Mrs. White and her husband Bob have 2 sons. They are very active members of Tenth and Broad Church of Christ.

MARY ANN WHITE

HOLLIDAY HAPPENINGS

Turkey dinner on tap Tuesday

For folks who just can't seem to get enough turkey and dressing, they'll have a chance to warm up for the holidays and help the Sophomore Class in the process.

Looking ahead toward the day they'll be taking a senior trip, the Sophomore Class will sponsor a public turkey and dressing dinner from 5-8 p.m. Tuesday at the school cafeteria.

Tickets will be available at the door or from any class

member. Cost will be \$2.50 for adults and \$2 for children.

Holliday school board is scheduled to meet in regular session at 7:30 p.m. Monday in the teacher's lounge in the old building.

Bids on a proposed new band hall will be among items slated for action.

Country music entertainer Joe Paul Nichols will be presented in concert at 8

p.m. Nov. 29 at the new high school auditorium.

Holliday Volunteer Fire Department is sponsoring the concert. Tickets are available from any members of the fire department.

Advance tickets for adults is \$1.50 and \$1.25 for children. At the door tickets for adults will be \$2, while children's tickets at the door will be \$1.75.

Holliday students will not attend classes Nov. 18 which will be a teacher workday.

Holliday schools will dismiss Nov. 23 for Thanksgiving holidays.

Holliday City Hall will be closed Nov. 24 and 25. Trash regularly scheduled to be picked up on Nov. 24 will be collected on Nov. 23.

Forty Holliday adults were checked for diabetes and high blood pressure during a free clinic recently sponsored here by the Texas Department of Health.

Holliday School Menu

THURSDAY, Nov. 10
Chicken & noodles, peas, carrots, cranberry sauce, hot rolls, milk, dessert.

FRIDAY, Nov. 11
Hamburgers, lettuce & tomato salad, onions, pickles, mustard, mayonnaise, potato chips, ice cream, milk.

MONDAY, Nov. 14
Jiffy burgers, buttered corn, salad, milk, bread, dessert.

TUESDAY, Nov. 15
Creole Spaghetti, blackeyed peas, whipped potatoes, batter bread, syrup, milk.

WEDNESDAY, Nov. 16
Chili beans, scalloped potatoes, cabbage, cole slaw, corn bread, milk, butter, dessert.

THURSDAY, Nov. 17
Beef stew, crackers, cheese, salad, dessert.

Although the nightingale is known as a brilliant singer, its plumage is drab, with rusty brown and gray feathers.

The moose is the largest member of the deer family.

Big Red closes schedule Friday with Callisburg

Already guaranteed a berth in the state playoffs, the varsity Eagles will host Callisburg for tomorrow night's regular season ender and coast back into District 13-A dominance.

Even if by some misfortune Holliday were defeated by Callisburg the Eagles could not lose the district crown they will assume Friday night.

Kickoff in Eagle Stadium is set for 7:30 p.m. Friday against Callisburg which is 2-2 in district play.

Callisburg defeated Pet-

rolia last week 22-13, and earlier in the year edged past Lindsay 19-18.

Muenster handed Callisburg a 20-14 loss, and Archer City blanked Callisburg 9-0.

Holliday will enter the game with an unblemished district mark with wins over Petrolia, Lindsay, Muenster and Archer City.

Last Friday night's game in the county seat between the Eagles and Archer City was the deciding factor in the district. Both teams went into the contest undefeated in district, but

Holliday's victory jolted Archer City into a second place 3-1 record for tomorrow night's season ender with the 2-2 Muenster Hornets.

Lindsay is fifth in district play with a 1-3 record, and Petrolia is the cellar dweller with a 0-4 loop mark.

Holliday fans will be eager to see the outcome of Friday night's clash between Celina and Pottsboro which will decide District 14-A.

Nov. 18 Holliday will face the champion of District 14-A which possibly could be played in Nocona or Bowie.

Despite being penalized more than 100 yards, the Eagles overcame a halftime deficit and squeaked past Archer City, 7-3.

The victory will allow Holliday to coast into the Class A playoffs as they retain dominance of the county gridiron.

Holliday fans packed the stands and stood two-deep along parts of the sideline as the county rivals collided in Archer City to decide the county and District 13-A championship.

Although Holliday had been favored to easily handle the Wildcats, one observer summed up the

situation shortly before kickoff, maintaining, "Anything is liable to happen when these two towns get together."

What the Holliday fans hadn't counted on happening was Archer City jumping out front so early in the game.

The Wildcats also fielded a surprisingly talented punter and a nine-man defensive line that left little running room.

But the biggest surprise of the night was the regularity in which Holliday found itself on the wrong end of yellow flags.

A disgruntled Holliday fan mumbled at halftime that the referees' uniforms were the same color as Archer City's—black and white.

The chanting of "HERO, HERO, HERO" had barely subsided after the opening kickoff when Holliday drew its first five-yarder of the night.

Momentum quickly swung toward Holliday's favor when Rusty McDaniel intercepted a wild Wildcat pass to end Archer City's initial drive.

A seven-yard pass from quarterback Steve Lucy to Larry Ayres failed to generate a needed first down for the Eagles, who were forced to punt.

Archer City's drive to the scoreboard was kept alive when Holliday drew a 15-yarder for roughing the kicker on a punt.

The Wildcats followed up with 31-yard aerial. Facing a fourth-and-five situation, the hosts settled for a 35-yard field goal that put them out front by three with 2:38 left

in the opening stanza.

Holliday fumbled away its chances of scoring in the remainder of the first quarter.

Midway through the second quarter Holliday's offensive machinery appeared to be operating more smoothly when Jay Wright sailed a pass into the arms of McDaniel for a 24-yard gain.

Moments later Lucy launched one to McDaniel, but a 15-yard penalty against Holliday halted what would have been a 30-yard gain.

Bad luck continued to fall on the Eagles when the follow-up punt was blocked,

giving Archer City possession on the Eagle 37.

The Eagles did not allow a first down, but themselves were unable to penetrate for a score before the halftime buzzer sounded.

It didn't take the Eagles long to unload their guns when the third quarter clock began ticking.

First play from the line of scrimmage after taking Archer City's kickoff Lucy nailed Mark Wells for a 17-yard aerial.

A penalty flag on Holliday threatened the drive, but Stanley Craddock, Wright and Ayres continued to accumulate the necessary yardage. Holliday received a

break when Archer City was penalized on an Eagle punt. The Eagles were back in business with Lucy and Ayres picking up a couple of first downs.

Then Holliday inherited a yellow flag and the officials stepped off another 15 yards against the Eagles. The drive seemed quashed.

But 30 yards from paydirt Lucy found McDaniel in the open for Holliday's lone TD pass. With 6:25 left in the third quarter Wells kicked the extra point and Holliday pulled out front 7-3.

Holliday fumbled again late in the third quarter, but Archer City was unable to capitalize on the turnover.

Reminiscent of action in the early going, the punting was resumed with neither offense able to produce anything substantial.

With 1:27 left in the game defensive standout Gerry Graves recovered the ball for Holliday when an Archer City receiver bobbled a punt return. Three flags against the Eagles kept coach Don Lucy's birds from scoring from 34 yards out.

On their last series Archer City went into the air.

Again, Graves sniffed out the pigskin and came up with an interception that nailed down Holliday's victory.

The Hawk Squawk

Vol. 7

Official Newspaper of Iowa Park High School

Issue 1

When it rains, it pours

As the old cliché says, when it rains it pours, and it poured Friday night against the Iowa Park Hawks in Vernon. No it did not rain but just as well have since the Hawks could do nothing right.

When you lose nothing seems to go right and the Hawks lost more starters to injuries. To start out with junior fullback Kip Fuller and junior guard Blaine Kidwell did not suit up. Then junior defensive back Andy Sitgreaves left the game early in the first quarter with a severely bruised right shoulder. Senior noseguard Randy Gibson left the game with a pinched nerve in his neck. Senior defensive back Terry Daniels left the game late with a knee injury and senior defensive back Keith Hillard finished the game but badly bruised his elbow. The Hawks just could not seem to move the ball with only one drive inside the Lion 30.

Leading rusher for the Hawks was Troy Thompson carrying 20 times for 90 yards. Scott Hutson, replacing Fuller, picked up 35 yards on 11 carries. David Wright and Gary Blackerby each carried two times with Wright picking up seven yards and Blackerby picking up none. Bruce Holder carried four times for minus nine yards.

Wright was the leading passer for the Hawks, throwing once for 15 yards. Holder was two out of nine for 13 yards and Terry Daniels was zero out of two. Leading receiver for the Hawks was Blackerby hauling two passes for 22 yards. Richard Dietrichson caught one pass for six yards.

Ronnie Taylor was forced to punt six times for a 31.3 yard average. The Hawks had the ball six other times but two of the drives ended when time ran out at the half and at the end of the game. Four other times the Hawks just could not make a first down with fourth and short yardage to go.

The Hawks only good drive started on their own

28 yard line. The Hawks picked up four first downs one coming on a ruffing the passer call against Vernon. Wright passed 15 yards to Blackerby for the first down of the drive. Hutson then picked up three yards for a first down after Wright has scrambled for eight. Then came the ruffing the passer call. Thompson then burst up the middle for 13 yards. Things then started going bad. Thompson had to fall on a bad pitch out for a loss of three. Holder then attempted to pass to Dietrichson but the ball fell incomplete. Blackerby was then dropped for a two yard loss. With fourth and 15 yards to go Holder was sacked and Vernon received the ball on their 23 yard line.

Things started out as usual for the Hawks. Vernon drove down on its first possession for a touchdown. The extra point was missed. On its next possession it looked as if they were headed for another touchdown when Norman Marquart recovered a Vernon fumble. Vernon scored five more times before the final gun sounded only having to punt twice.

Fine defensive performances were turned in, in a losing effort, by Hillard, Gibson, Ray Willingham, Barney Scott, and Blaine Horton. The only turnovers going the Hawks way were fumble recoveries by Marquart and one by Tommy Ross.

The Hawks are now 0-6 in district and 0-9 on the season. Graham comes into Iowa Park with an identical 0-6 record in district.

SHOWGIRLS - Providing that extra touch during halftime festivities are the Hawk Band twirlers. Standing, from left, are Rhonda Kuehler, Jill Koonce and Kellie Richter. At front is featured twirler, Carrie Cole.

Students assisting teachers

In order to practice some of the skills learned so far in Child Development, Mrs. Wilson's 2nd period class is assisting the kindergarten teachers at Kidwell and Bradford. Different groups of students will be going each week.

This past week, Bobby Collins and Donna Klinkerman helped Mrs. Roberts at Kidwell. Going to Mrs. Eckelkamp's class were Pat Cooke and Bea Whitton. Mrs. Whittingstall at Bradford was assisted by Sid Waldrop, Bev Banks and Susie Cavinder.

Tracie Siddle and Deek Dietrichson have been aiding Mrs. Roberts this week. Assisting Mrs. Eckelkamp are Patti Bryan, Cindi Wessel and Vicki Collins. Mrs. Whittingstall is being helped by Jeanna Brown and Carrie Rains.

The students have been working with the classes as well as the teachers. The kindergarten students found the flannel board designed by Mrs. Wilson's class very

interesting. They also enjoyed the play-dough made by the Child Development Class.

The kindergarten students are not the only ones who have learned and had a good time this week. The high school students report-

ed that they too had had an enjoyable time learning.

Through this program, Juniors and Seniors in high school are exposed to another field of work, such as working in Child Care Centers.

Around IPHS

PICTURES ... The seniors got a chance to order their senior pictures last week, from a representative from Hennington studio.

BAND ... The Hawk Band participated in the U.I.L. Marching Contest Nov. 2, but much to their's and everyone else's disappointment they received a IL.

CROSS COUNTRY ... The I.P. Cross Country Team consisting of Anthony Crittenden, Kevin Calahan, Ricky Nanez, Billy Jay Farmer, Marty Sitgreaves, and Jim Smith placed third. Vernon placed first and Rider placed second.

FHA-HERO sets dad-date night

The regular monthly meeting of Iowa Park Future Homemakers of America-Home Economics

Related Occupations was held Monday night in the Homemaking Department at the high school with Kathy Johnson presiding.

During the meeting, it was decided to observe Daddy-Date Night Dec. 20 and members made Thanksgiving tray decorations for Wood Convalescent Center. The president led the closing ceremony.

Senior Athletes of the Week

Tanya Alexander

Tanya has lived in Iowa Park for 7 years and has played volleyball for 5 years. She has been a member of the volleyball varsity team for 3 years, playing the position of spiker and wearing #33.

Tanya also likes to play softball. Some of her hobbies are music, sewing, swimming and water skiing.

Billy Ray

Billy has been #73 on the Hawk varsity football team for the past 2 years. He plays the position of lineman and tackle. Billy has been playing football for 7 years.

Billy's hobbies are leatherwork, writing and reading poetry, playing with CB miniature golf and reading science fiction. Billy is also involved in track, throwing the shot put and discus, lifting weights and playing and watching miniature golf. He likes to watch baseball and basketball. He likes the subject of science.

For the 1977-78 school year Billy is the president of FTA and is a member of FCA.

The odds against finding all 13 cards of one suit in a bridge hand are 158,755,357,992 to 1.

EDITORIAL

Homework: Right or Wrong?

For many years the main gripe of most students has been homework. If you were to mention homework to a student, the immediate reaction is: "No, thank you, I don't want any."

The problems with homework is that it takes time, often it takes too much time. Some kids work and can't always find the time.

Another reason homework might not be a good thing. The worst and best grades are made on homework. The worst grades come from kids that don't do it. The good grades come from the people that work hard and

the ones who cheat. The cheaters won't learn by copying homework and thus it impairs their classroom work.

A person in favor of homework will usually say "Practice makes perfect" or "It keeps kids off the streets." This is true in theory but poor in practice. Most of the time the loafers will loaf, the workers will work and the cheaters will cheat.

Finally, we know that school consumes most of a student's waking hours. Why is it necessary to load down a teenager even more, taking away what little leisure time they have?

-JEFF SHAW

Critic's Corner

The rating of these movies is that of the critic and not the opinion of the paper.

1. Great 2. Good 3. Fair 4. Poor 5. Walked Out
"PIECE OF THE ACTION"

By Tim Wright

"Piece of the Action" is a story about a high school teacher, Sidney Portier, and his side-kick, Bill Cosby who get involved with a gang of crooks. Surprisingly the teachers end up with the crooks' money! The chase is exciting as they go from motel room to motel room, and rooftop to rooftop. (PG)

"CHICKEN CHRONICLES"

"Chicken Chronicles" is a movie about a high school newspaper in which the editor's brother is really the star. The younger brother, who seems to be a make-out artist, gets involved in some really funny situations. (PG)

FTA elects new officers

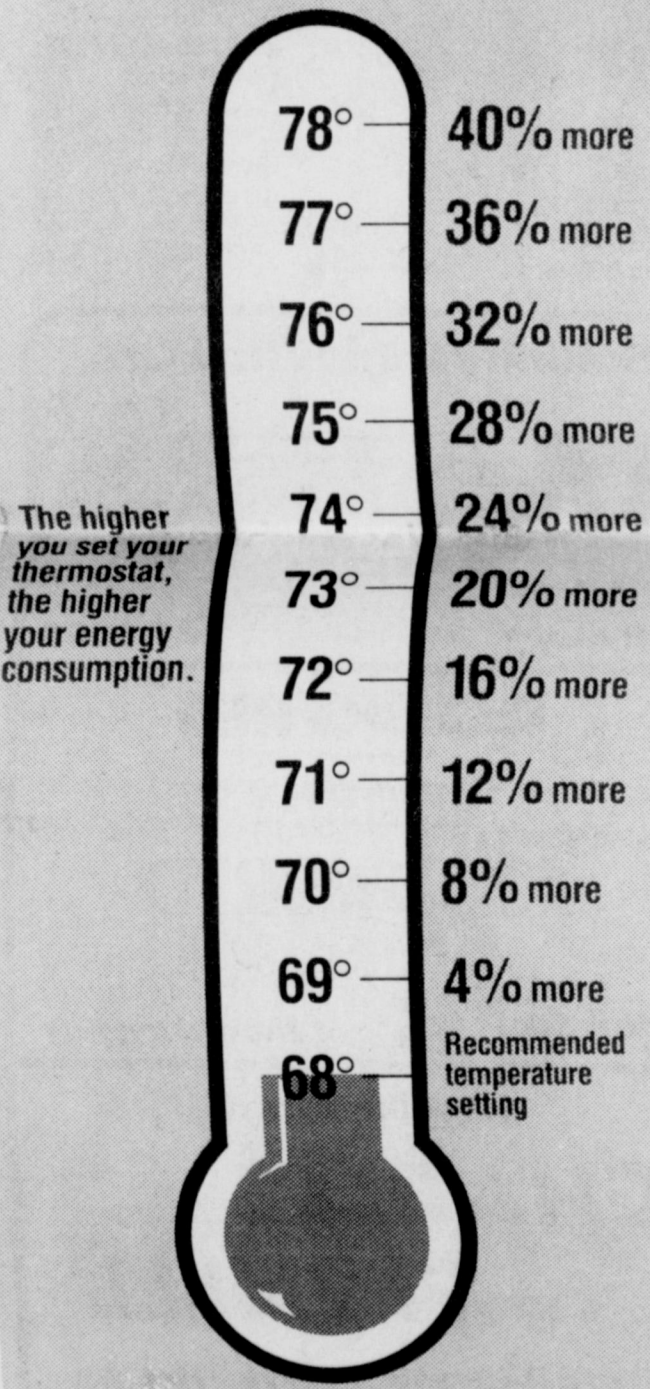

At its last meeting, F.T.A. elected its officers for the 1977-1978 year. Billy Ray was elected to serve as President. Other officers elected are Donald Polter, Vice-President; Lisa Shults, Secretary; Kip Fuller, Treasurer; and Beverly Banks, Reporter. Teacher's aids were assigned. The meeting then adjourned.

Small saying

The teachers at IPHS are mostly associated with their saying that they say. Some are old-fashioned, others are more contemporary and then there are some you wonder about. Here are a few:

Mrs. Lovelace ... "Cork it!"
Mrs. Kathy Jones ... "Oh fizzle!"
Coach Williams ... "Dats Cool Bubbal!"

HAWK SQUAWK
Editor ... Jeff Shaw
Asst. Editor ... Trish Roberts
Staff Artists ... Carol Crush, Bo Dickerson, Dana Mikkelsen, Robert Schrieber, Gregg Wallace
Photographer ... Jeff Shaw
Reporters ... Bev Banks, Darrell Caldwell, Anthony Crittenden, Carol Crush, Bo Dickerson, Jeff Feix, Dana Mikkelsen, Trish Roberts, Robert Schrieber, Jeff Shaw, Gregg Wallace, Tim Wright
Sponsor ... Lin Lovelace

The higher you set your thermostat, the higher your energy consumption.

"You can lower your heating bill 24% this winter by lowering the temperature in your home from 74° to 68°."

"A setting of 68° during the winter is the one Texas Electric recommends for both comfort and energy efficiency. For each degree above 68° the energy used for heating your house is increased by approximately 4% per degree.

As shown by the chart the difference between the recommended thermostat setting and 74° is 24%. At 78° the increase in energy usage is 40% or more.

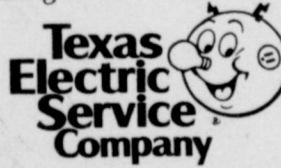

Clearly, the lower you set your thermostat the lower your heating bill is going to be. And after last winter, one of the coldest on record, we think a lot of people are going to be trying their best to use less energy.

Remember to change the filter in your heating system regularly, too. A dirty filter causes your heating system to work longer and that costs you more. Check the filter at least once each month.

All forms of energy are costing more these days. If you're serious about saving energy and money, request a copy of our energy efficiency tips booklet on the comment portion of your electric service bill."

FLYING HIGH -- Boosting spirits during gridiron festivities are the Hawk cheerleaders. Top, from left, are Patricia Roberts, Marla McCord and Suzanne Davis. Front, from left, are Penny Baker, Belinda Price, Cathy Costick and Wendy Baston.

Graham rallies in 2nd half to shoot down freshmen, 15-12

The Graham Steers freshman team scored touchdowns in the second half to come from behind and hand the freshman Hawks a heartbreaking 15-12 loss here Thursday afternoon.

The Hawks took the opening kickoff and roared into the end zone five plays later. Mike Ray accounted

for 67 of the 69 yards on the drive. He ripped off 14 yards on the first offensive play and then passed to Ricky Wharton for 20 more to give the Hawks a first and 10 at the Steer 19 yard line.

Steve McCord picked up two yards and then Ray carried three straight times, scoring from the eight. Ray was stopped at the one on the conversion attempt after a high snap from center.

Four plays later, Scott Brown found Wharton free from the 39-yard line and completed an apparent touchdown pass to the fleet running back. However, an illegal procedure penalty wiped out the touchdown.

On the second play of the second quarter, McCord roared through a big hole on the right side of the line and sprinted 49 yards for another apparent touch-

down. This one was called back on an illegal motion infraction.

With 8:01 left in the half, Mike Wright intercepted a stray aerial and returned it to the Hawk 44-yard line. McCord picked seven yards and then Ray ripped through the left side of the Steer secondary for a 47-yard touchdown run. This time there were no flags and the touchdown was good.

Ray's PAT attempt hit the cross bar and fell back onto the playing field.

Graham put together a 77-yard drive, with the touchdown coming with 8:58 left in the game. The extra points came on a running attempt which left the Hawks with a 12-8 lead.

The Steers tacked on the winning touchdown on a quarterback sneak with 2:57 on the clock. The PAT was good giving Graham a 15-12 lead.

The Hawks came roaring back and marched from their own 19 to the Graham 40 before the Steers intercepted a pass with :06 left on the clock.

Ray picked up 133 yards on 19 carries, by far his most productive game of the year. McCord picked up 57 yards on 13 carries.

The freshman Hawks close out their season this afternoon at 5:30 against the Wichita Falls High Pups.

'68 class makes plans

Several members of the 1968 senior class of Iowa Park High School met at Texas Electric Reddy Room Tuesday night to discuss plans for their 10-year reunion.

Barry Jackson, president of the graduating class, appointed Danny Parkerson, chairman of activities, and Donna Scobee Franks acting secretary.

Tentative dates for the reunion were set for June 23 and 24 and suggested activities included a picnic, swimming and skating event for members and their families during the morning and afternoon of June 24, and a banquet and dance for couples that evening at Wichita Valley Community House.

Definite dates will be determined at the next meeting of class members Nov. 29 at 7:30 p.m. in Texas Electric Reddy Room. All members are invited to attend the meeting.

Present for the first meeting in addition to those previously named were Vickie Faulkner Hodson, John Trahan, Allen Shewmake, Kenneth Via, Dianne Morrison Pappan, Donna Hill Sparkman, Judy Solomon Cookingham and Andrea White Cantrell.

Four talks are slated

Jim Anderson, communications specialist for Lone Star Gas Co., is slated to make four talks in Iowa Park next week.

He will speak to the Optimist Club at 7 p.m. Monday, at 8:30 a.m. Tuesday at the high school and later, at 7 p.m. to the Opti-Mrs. Club, and at noon Wednesday before the Rotary Club.

Title of Anderson's talk will be "Kiss A Frog and Make It Happen."

Anderson, who lives in Fort Worth, has been employed by Lone Star 11 years. He has been an advisor three years in the Junior Achievement program, and was a loaned executive this year for the United Way campaign.

ND faces showdown

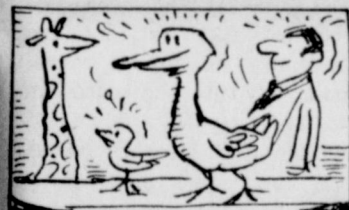

Notre Dame Knights crossed the halfway mark toward their bid for a return to district dominance with Saturday's 21-20 win here over the Tyler Gorman Crusaders.

The homecoming win at Iowa Park's junior high stadium, leaves Notre Dame 2-0 in TCIL District 4-A competition.

The district showdown will come at 7:30 p.m. Saturday when the Knights travel to Muenster for a shootout with Sacred Heart.

BIG BOBCAT was killed Saturday evening when it ran in front of a pickup containing David Legunas, left, and James Howell, as the pair was returning to Iowa Park from Lake Diverson. The bobcat, second reported to be killed in the area in about a week, was 54 inches long and weighed some 45 pounds.

A sparrow has 14 vertebrae in its neck. A giraffe or a man has only seven.

County of Wichita
In the Name and by the Authority of The State of Texas

To: DONALD BLEVINS, whose residence is unknown, and the respective unknown heirs and legal representatives of all the above named parties, and their heirs and legal representatives, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiffs herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 78th Judicial District, Wichita County, Texas, wherein The City of Wichita Falls, joined by the Wichita Falls Independent School District, the Wichita Falls Junior College District, and the City of Wichita Falls both for itself, and as successor to all property and assets of any kind of the Wichita County Water Control and Improvement District No. 1, State of Texas and County of Wichita are plaintiffs; and DONALD BLEVINS is defendant, by the filing by said plaintiffs of a petition on the 2nd day of February, 1977 and the file number of said suit being No. 35,541-B and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property to-wit: East 40 feet of Lot 15 and Lot 16, Block 242, Original Addition, Wichita Falls, Wichita County, Texas together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:
The City of Wichita Falls, \$167.96
Wichita Falls Independent School District, \$164.90
Wichita Falls Junior College District, \$2.34
The City of Wichita Falls for itself, and as successor to all property and assets of any kind of the Wichita County Water Control and Improvement District No. 1, \$-00-
State of Texas, \$22.86
County of Wichita, \$65.79
TOTAL, \$423.85

The names of all taxing units which assess and collect taxes on said property not made party to this suit are NONE.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to including the day of judgment herein, and the establishment and foreclosure of liens, if any securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request thereof, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit by filing a written answer at or before 10 o'clock a.m. on the first Monday after the expiration of forty-two (42) days from

and after the date of issuance hereof, the same being the 5th day of December, A.D. 1977. (which is the return day of such citation), before the honorable District Court of Wichita County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Wichita Falls, Wichita County, Texas, this 20th day of October, A.D. 1977.

To: LENNA ALLEN and JACK ALLEN, whose residence is unknown, and the respective unknown heirs and legal representatives of all the above named parties, and their heirs and

legal representatives, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiffs herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 30th Judicial District, Wichita County, Texas, wherein The City of Wichita Falls, joined by the Wichita Falls Independent School District, the Wichita Falls Junior College District, and the City of Wichita Falls both for itself, and as successor to all property and assets of any kind of the Wichita County Water Control and Improvement District No. 1, State of Texas and County of Wichita are plaintiffs; and LENNA ALLEN and JACK ALLEN are defendants, by the filing by said plaintiffs of a petition on the 2nd day of February, 1977 and the file number of said suit being No. 35,540-A and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property to-wit: North 37 and one-half feet of Lot Number 5, Block Number 99, Original Addition, Wichita County, Wichita Falls, Texas together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due plaintiff, exclusive of interest, penalties and costs is as follows:
The City of Wichita Falls, \$342.41
Wichita Falls Independent School District, \$330.08
Wichita Falls Junior College District, \$41.21
The City of Wichita Falls both for itself, and as successor to all property and assets of any kind of the Wichita County Water Control and Improvement District No. 1, \$4.66
State of Texas, \$42.03
County of Wichita, \$117.14
TOTAL, \$877.53

The names of all taxing units which assess and collect taxes on said property not made party to this suit are NONE.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to including the day of judgment herein, and the establishment and foreclosure of liens, if any securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment herein, and the establishment and foreclosure of liens, if any securing the payment of same, as provided by law.

Issued and given under my hand and seal of said court in the City of Wichita Falls, Wichita County, Texas, this 20th day of October, A.D. 1977.

COLOGRAPH DISPLAY - Mrs. Cora Dell Miller, formerly of Iowa Park, will have her original prints and watercolors on display at the Iowa Park City Library through November. Now of Wichita Falls, Mrs. Miller will be showing a dozen works including colograph, a print "build up."

UMW holds meeting

"The Blessedness of Forgiveness" was the program topic for two fellowship meetings of United Methodist Women Tuesday morning.

Fourteen members of the Mike-Judy Thornberry circle and one visitor, Mrs. H.W. Carter, president of UMW, met with Mrs. James Todd, and Mrs. James Owens was program leader.

Others attending were Mmes. Allen Bennett, Elgin Denny, Estle Gallop, Carroll Hester, L.L. Lindesmith, Herman Mahler, Arch Hughes, C.L. Thompson, Miles Thompson, George Trammell, T.J. Pace and Kathleen Hatten.

Mrs. Rafael Carrillo Miranda was hostess for the Larry-Mickey George meeting and Mrs. Don Cook directed the program. Others present were Mmes. Don Beals, Charlie Lee, Emma Gaunt, James A. Sewell, Evie Teal, R.M. Thompson, Jimmie Kasparek and W.M. Owens.

"Sharing" was the topic of the program led by Mrs. L.A. Thurlow for the Joyce Hill group which met in the home of Mrs. Gene Owens.

She was assisted by Mmes. Gene Lowrey, Carl Sullivan, Eldon Thompson and Phil Krum.

Morgans attend anniversary

Mr. and Mrs. W.S. Morgan went to Durant, Okla. Sunday to attend the 50th wedding anniversary of her brother and sister-in-law, Mr. and Mrs. Jess G. Timberlake.

Hosting the affair were the couple's daughters, Mrs. Charles Simmons, Del City, Mrs. Wayne Boone, Harrah, Mrs. Ronnie Cubley and Mrs. Billy Mullens, both of Durant. Their son Richard was killed in an automobile accident in 1962.

The couple married Nov. 5, 1927 in Walters. He was born in Utica, the son of Rev. and Mrs. George T. Timberlake. She was the former Dora Carolina Richardson, daughter of Mr. and Mrs. J.H. Richardson and was born in Waurika.

The couple has nine grandchildren and one great-grandchild.

THE STATE OF TEXAS

County of Wichita
In the Name and by the Authority of The State of Texas

To: JACK ISAACS, whose residence is unknown, and the respective unknown heirs and legal representatives of all the above named parties, and their heirs and legal representatives, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiffs herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 78th Judicial District, Wichita County, Texas, wherein The City of Wichita Falls, joined by the Wichita Falls Independent School District, the Wichita Falls Junior College District, and the City of Wichita Falls both for itself, and as successor to all property and assets of any kind of the Wichita County Water Control and Improvement District No. 1, State of Texas and County of Wichita are plaintiffs; Jimmy Davis, Bill Davis, Jack Isaacs and Dora Elkins are defendants, by the filing by said plaintiffs of a petition on the 21st day of February, 1977 and the file number of said suit being No. 35,544-B and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property to-wit: North 40.6 feet of South 81 feet of Lots 1 and 2, Block 240, Original Addition, Wichita Falls, Wichita County, Texas together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:
The City of Wichita Falls, \$627.65
Wichita Falls Independent School District, \$631.68
Wichita Falls Junior College District, \$45.03
The City of Wichita Falls both for itself, and as successor to all property and assets of any kind of the Wichita County Water Control and Improvement District No. 1, \$1.50
State of Texas, \$4.96
County of Wichita, \$255.95
TOTAL, \$1566.77

The names of all taxing units which assess and collect taxes on said property not made party to this suit are NONE.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to including the day of judgment herein, and the establishment and foreclosure of liens, if any securing the payment of same, as provided by law.

Issued and given under my hand and seal of said court in the City of Wichita Falls, Wichita County, Texas, this 28th day of October, A.D. 1977.

Soil must be suitable for leveling

For land leveling to be done properly in Wichita County, the soils must be suitable. Soils which have a very high clay content do not lend themselves to irrigation readily. This is because the water is unable

to move through the soil profile as it should, according to Randy Underwood, Soil Conservationist.

Irrigation land leveling is a practice which can be cost shared under the Great Plains Conservation Program or the ACP Program. To obtain cost share funds, the soils must be suitable for irrigation, the land irrigated at least two years out of the past five.

In Wichita County land leveling is done to install Level Border System. Level Border Systems are used in

this county due to the high salt content in the irrigation water. Level Borders allow salt to filter down through the soil profile, by doing this, the salt content should not increase in the soil to a toxic limit unless excessive watering is done.

Irrigation land leveling is just one of the ways to conserve irrigation water. With the land leveled correctly, the correct amount of irrigation can be applied to plants evenly and at the proper irrigation intervals.
