

# Council okays budget, tax rate

The Iowa Park city council Monday night set the 1982-83 budget and tax rate, approved increases in fees for city services and hired a new policeman.

Aldermen also voted to purchase two new trash trucks, a new ambulance service agreement and accepted a bid to pave a portion of Coleman Ave.

The proposed budget of \$1.8-million was left unchanged after a lengthy discussion with former mayor Johnny Crawford, who urged that the year-end balances be reduced.

Next year's tax rate was set at 76-cents per \$100 valuation.

Crawford, armed with a copy of the

budget, questioned the council and city administrator more than 45 minutes concerning the budget. "I would like to see those (year end) balances lower and lower the tax rate," Crawford said. "It would not put the city in any jeopardy."

Alderman Johnny Coker expressed his opinion on the rate by saying "I feel like we were basically being conservative," to which aldermen George Hammonds and Bud Thompson echoed their agreement.

Both the budget and rate were passed by unanimous vote, as were all the other voting issues of the evening.

Rates for water, sewer and

sanitation collection were all raised.

Single-family residence trash collection cost was raised 33 percent, from \$3.75 monthly to \$5. Commercial and multi-family dwellings were increased from \$25 to \$30 for twice-a-week collection; from \$65 to \$80 for five collections per week.

Minimum use rate for water was left unchanged, leaving the base \$4 for the first 2,000 gallons. The large consumers will bear the brunt of the increases. Those using 10,000 or more gallons were increased 24 percent, 17 percent for purchases between 5,000 and 10,000 gallons, and 10 percent for 2,000-5,000 gallons per month.

The same percentages of increases

were applied to consumers outside the city limits.

Sewer rates are based on water purchases, and no increase was applied for minimum (2,000) water purchases. Residential sewer rate was increased from 30-cents to 38-cents per 1,000 gallons of water purchased, above the minimum. That is a 10 percent increase.

Council members approved a lease-purchase of two new trash trucks for a total of \$107,721 with monthly payments of \$2,261.92. The new vehicles are equipped with diesel engines.

One of the two original trash trucks both gasoline, will be kept in reserve. Steve Morath, city administrator, told the council it had been proven that in times of extreme demand, or truck failure, two trucks could not handle the load.

Causing the purchase of new vehicles was the loss of the other original truck, which was a total loss when it caught fire and burned.

After a number of months during which paving of Coleman Ave. has concerned the city council, aldermen accepted a bid to have the work done.

The street will be paved with a five-inch layer of concrete, instead of asphalt. McGrath Bros. Concrete Co. of Wichita Falls bid \$32,622 for the project, which includes curb and guttering and some additional work on First St. McCarthy Construction of Vernon actually submitted the lowest bid, \$31,907, for asphalt.

Aldermen expressed delight with the concrete bid, saying the life expectancy of the surface would be virtually maintenance free for several years.

Council members had rejected two bids on the project in August. Lowest of the bids, both proposing asphalt, was \$33,932.

The city is to pay \$11,850 for its part of the project, and finance the balance for the property owners at eight percent over a five-year period.

Crawford told the council he also opposed the city paying for any of the project, saying the city had no place improving the value of property for

private owners.

Expenditures of the \$1.8-million budget were broken down on a chart for aldermen. It indicated the following percentages by department:

Utility administration, 3.9%  
Parks and recreation, 3.6%

Library, 1.6%

Water distribution purification, 22%  
Police and fire, 17.5%  
Streets, 14%  
Administration/special items, 11.1%  
Sanitation dept., 10.8%  
Sewer dept., 8.3%  
Debt service, 7.2%

## IOWA PARK LEADER 25 Cents

Vol. 14, No. 3 IOWA PARK, WICHITA COUNTY, TEXAS 76367 THURSDAY, SEPTEMBER 30, 1982

### Undefeated Hawks face Rams here tomorrow

Iowa Park's undefeated Hawk football team tomorrow night gets down to what the season is all about: the race for the district championship.

Game time is 8 p.m. Mineral Wells, one of the top-ranked Dist. 3-AAAA contenders this year, comes to Iowa Park with the confidence that the Rams have lost only once in the seven meetings with the Mean Green.

The Rams opened the season with a respectable 28-28 tie with Arlington Heights, but then slipped against Stephenville, 14-16. Last week they broke into the winning column with a 7-0 blanking of Weatherford.

All three of Mineral Wells' opponents have been larger schools than those Iowa Park has faced. Arlington and Weatherford are both AAAAA classification and Stephenville is a large AAAAA.

All three Hawk opponents have been AAA schools. They opened with a 28-7 win over tough Breckenridge and then shut out Bowie 28-0 and Electra 41-0.

Mineral Wells has won five times against the Hawks, while losing once and tying once, since the Rams dropped down in 1976 from the big-school classification. They had been playing in the large league until population scattered with the closing of a military base there.

However, all the games have been close, with the 16-point margin in 1977 the widest of the series.

The Rams won the initial meeting in 1976, 13-6, followed by scores of 28-12 and 21-14 before the clock ran out in 1979 and both teams owning 14-point scores.

Iowa Park posted its first win over the Rams, 14-3, in 1980, but last year Mineral Wells got back in the win

column with a 9-0 shutout. The Rams win gave the Hawks a 1-5 record at that point in the season, but the Mean Green cranked up in the final three outings to finish with a record of 3-6-1.

As in the past, Mineral Wells is reportedly loaded with fast backs and large linemen.

Four Hawk backs have contributed the bulk of Iowa Park's 1,017 yards rushing for the season. The team is averaging running 339 yards per contest.

Workhorses have been tailback Kevin Parker and fullback Paul Rogers. Parker is averaging 5.1 yards per carry, having been called on 43 times and gaining 220 yards.

Rogers has a healthy 7.1-yard average. His number has been dialed 39 times and he has responded with 277 yards.

Alternate tailback Greg Untalon, who plays down lineman on defense, has the healthiest per-carry average of the Hawk corps. He has carried 18 times, gained 160 yards, and is averaging 8.8 per tote.

Mac Weaver is the alternate fullback. He is averaging four yards for 27 carries, having gained 109 yards.

Iowa Park's passing game is yet untested. After completing four of five attempts in the season opener, the Hawks have thrown only three times more but completed none.

Defensively, the Hawks have allowed their opponents only 344 total yards rushing and 143 passing. Opponents have completed but six of 13 aerial attempts.

### Young Farmers earn honors

Wichita County Young Farmers organization was named the outstanding chapter in Area Four during the area convention in San Angelo last Saturday.

In addition, Barry Mahler was named star chapter farmer and Kevin Coffman was elected area reporter for the 1982-83 year. The group also won first place in radio and television communications. They will compete on the state level, with the state convention slated January 20-22 in Abilene.

The Wichita County Young Farmers were named runners-up in the state level as outstanding chapter, and, according to member George Brandt, they are shooting for first place this year.

Attending the convention were Brandt, Coffman, Mahler and his wife Sylvia.

### POLICE: Trio arrested on drug charge

Iowa Park police, responding to a stolen vehicle call from Electra, arrested three young men shortly before noon yesterday.

An automobile and credit card belonging to Gloria Reeves of Electra was reported to local police as being in Iowa Park. Soon after the call, James McCord, animal control officer, spotted the vehicle and reported it.

Chief Billy Hamilton and officer Pat Hannah stopped the vehicle at Pacific and West Highway, confirmed the vehicle registration by radio, and took the trio into custody.

While talking with the trio, officers saw what was believed to be marijuana seeds and cigarettes and continued searching the vehicle. They found two coolers of beer and two half-gallons of expensive whiskey, one half full.

All three were charged before Justice of the Peace Virgil Hill on Class B possession of marijuana and transported to county jail.

Two of the men were William M. Hutchins, 18, of 1320 Edgehill Trail, and James Owen Moffett, 19, who lives on FM 367.

The third, Donald Joseph Long, 18, of Electra, faces charges by Electra police for theft of vehicle and credit card, both felonies.

None of the trio was reported as employed.

### OFFICER INJURED

Among numerous reports filed Sunday about incidents taking place Saturday night, officer Tommy Adams was attacked and knocked out.

Adams was checking on a vehicle parked behind Dairy Queen, after the business was closed. Someone struck him on the back of the head. He awoke shortly before a backup officer arrived.

He did not require treatment, but was held from work by doctor's orders until Tuesday night.

Other reports filed concerning Saturday night included:

\* Gary Williams told police someone took his foreign car, parked at Woodbriar Apartments, about 1 a.m. and it was found at 9:30 a.m. in the 1500 block of Karen Lane;

\* Jimmy Holdbrook, 1100 Lincoln, said someone took his homemade

OLD TIMEY VISITORS - It wasn't hard for them to catch the eye of anyone in sight, dressed in early 1900 clothing and traveling in classic vehicles. But that was just exactly what a delegation from Wichita Falls wanted here Saturday. They were promoting the 100th anniversary celebration of Wichita Falls, and made a stop at city hall en route to Electra.

### Early interest is shown in special city election

If early interest in voting absentee is any indication, the extra large number of ballots ordered for the Oct. 16 special city election will be justified.

Though absentee voting began only Monday, three ballots had been received by noon yesterday and three more had been requested by mail.

City voters will be electing two aldermen to fill unexpired terms. The two at-large winners in the special election will serve until the regular election in April.

And voters will have a wide selection of candidates from which to select. Twelve of them in all.

Candidates, in the order their

names appear on the ballots, include Mark Wicks, Walter Beeman, Carmen Lozipone, Herman Mahler, Lita Watson, Herman Rains, Ken Thornton, Robert Harper, Tim Hunter, George Van Dee, Charles Whittingstall and Johnny Crawford.

Absentee voting is held during regular business hours at the city hall.

Extra ballots were ordered by Ithama Jolley, city secretary.

Absentee voting will continue through Oct. 12, four days prior to the election date. Ballots received after Oct. 12 must carry a postmark of the deadline date.

### News in brief

#### Tax statements in mail today

The first of the 1982-83 school taxes are to be mailed this afternoon, according to Bill Steger.

Approximately 1,000 statements, all concerning minerals, are to be

mailed. They represent some \$400,000 in tax money, Steger said.

Ad valorem and personal tax statements will be mailed between Oct. 8 and 15, for both the school and city.

#### United Way campaign underway

Solicitations for donations to the Greater Wichita Falls United Way campaign are now underway in Iowa Park, according to Phil Welch, local drive chairman.

Heading the drive locally are:

Wayne House, advanced gifts; Allen Gilstrap, major firms; Bert Williamson, professional; Linda Merriek, metro; and Allen Shewmake, public employees.

The drive is to end Oct. 27, when the final report is to be made.

PRESIDENT SPEAKS - Carrol Chaloupka, president of Texas Farm Bureau since 1974, was the guest speaker when the Wichita County Farm Bureau annual meeting was held Saturday in Iowa Park High School auditorium. He is from Dalhart.

## Help for runaways explained to group

S.T. "Cotton" Starbuck of Bryson was the speaker Thursday evening for the Iowa Park Lioness Club's first meeting of the new year. He spoke on the "Runaway Hotline" for which he does volunteer publicity work. He has spoken at numerous places in Texas and in other states including Colorado, California, Nevada and Wyoming. He was introduced by Dr. D.L. Ligon of Wichita Falls.

Starbuck explained the Runaway Hotline as a toll-free national hotline for runaway children, operated by volunteers 24 hours a day. It allows a runaway child anywhere in the United States to find food, shelter, medical help, counseling in the area from which he is calling; and to establish contact, on his own terms, with someone back home through a message relay.

He stated that Hotline volunteers have helped children as young as 11 years of age, with the average being 15 years of age. In one instance, they helped an eight year old boy who had run away from Michigan and reached Florida before he asked for help.

Starbuck said that the program began in Texas in 1973 after the bodies of 27 boys who had been brutally murdered were uncovered. In Sept. of that year, the Governor of Texas initiated the Hotline calling it Operation Peace of Mind. Between that date and Jan. 1980, the Runaway Hotline received over 320,000 calls.

He said the Runaway Hotline in Texas today is administered and funded by the Texas Governor's Office for Volunteer Services with headquarters in Houston where there are only two paid workers and 85 volunteers.

The speaker stated that there are more than a million children on the U.S. highways during the year that are out on their own and that 75 percent of those are girls. He listed some of the causes for children to leave home as: a feeling of being not wanted, broken homes, pregnancy, imaginary problems and being ordered away by their parents when they have committed an offense.

Starbuck's interest in the work began when he received a call from a runaway boy one night. The boy, in his fright, had failed to dial the toll-free 800 number and got his

## Cemetery group to meet Sunday

The Highland Cemetery Association will hold the quarterly business meeting at 2:30 p.m. Sunday at First Christian Church.

Robert Wilcox, president, will be in charge of business, and he urges all people who have loved ones buried in the cemetery to be in attendance.

number in Bryson. He said that the desperation in the young boy's voice and his feeling of helplessness to aid him provoked him to become familiar with the Runaway Hotline and to find out what he could do to help. He found out that publicity is vital because the number of children that can be helped by the service varies with the amount of publicity that it receives. He distributed free brochures, decals, bumper stickers and telephone cradles to his listeners and asked them to use them wherever possible.

Mrs. L.A. Thurlow was program leader and Mrs. Sam Hunter gave an appropriate meditation to precede the talk. The meeting was held in the Evening Lions Club building and attended by representatives from various clubs and organizations in town.

SHANNON YOUNG

## Announce engagement

Miss Shannon Young and Randy Riley will exchange matrimonial vows Nov. 27 at Floral Heights United Methodist Church in Wichita Falls, according to an announcement of their engagement by her parents, Mrs. Norma Young of Iowa Park and Howard Young of Wichita Falls. Parents of the groom-elect are Mrs. Martha Tinnerstet of Iowa Park and Bob Riley of Graham.

The betrothed couple were graduated from Iowa Park High School where she was a cheerleader and played tennis, and he was active in baseball. She received a B.A. degree in business administration from Midwestern State University and is employed by C.B. Christie Jr., and he works as a quality control manager for Robintech, Inc.

## Cook of the Week

Looking for a recipe that is a little different? How about trying Mrs. Desmond Mayfield's recipe for Corned Beef Salad? Beef is certainly one of those rare and marvelous foods that takes to different methods of cooking and preparation.

"Beef," wrote Marie Antoine Careme, the great nineteenth century French chef, "is the soul of cooking." It has been a part of man's diet for ever so many years. Domesticated cattle were in Egypt by 3500 B.C. and perhaps earlier. There are innumerable references to them in the Bible, and the possession of cattle in ancient times was equivalent to the possession of wealth. Great feasts of Homeric heroes consisted of beef.

Beef is the most popular meat in America. The American housewife selects beef four times of seven when she buys meat, probably because it is so versatile. It can be purchased fresh, dried, smoked, canned; cornbeef is meat that has been cured by salting. The versatility of the meat is seen in elegant steaks, roasts, simple hamburger, hearty stews; and ground beef today is appreciated because it is a budget-stretcher and never has to be humdrum.

Patty Mayfield was graduated from Vernon High School and Texarkana Junior College. She worked for sometime as an underwriter for Western Ins. Co. Desmond, her husband, is a mechanic for Joe Pistocco. They are members of First

Mrs. Desmond Mayfield

Baptist Church. They have two children, Christopher, a second grader, and Samantha, three and a half years old.

Mrs. Mayfield belongs to the Little League Baseball Auxiliary. She is chairman of the teachers' aide program and room mothers coordinator at Kidwell Elementary School. She is also an assistant teacher of Mission Friends at the church. She likes to do ceramics, cake decorating and yard work.

### CORNED BEEF SALAD

1 small pkg. lemon jello, dissolved in 1 cup hot water  
1 can corned beef  
3 hard cooked eggs  
1 small onion, chopped  
2 cups celery, chopped  
1/2 tsp. salt  
1 tsp. lemon juice  
1 cup mayonnaise  
Mix and pour into 13x9 inch pan. Chill 24 hours.

### CRAZY CRUNCH

2 qts. popped corn  
1 1/2 cups pecans  
1 1/2 cups sugar  
1 cup butter  
1/2 cup white corn syrup  
1 tsp vanilla  
Mix popped corn and nuts in greased bowl. Combine sugar, butter and syrup in 1 1/2 qt. saucepan and bring to a boil, stirring constantly 10 to 15 minutes until it turns a light caramel color. Remove from the heat and stir in vanilla. Pour over corn and nuts. Spread on cookie sheet. Break.

### ANGEL BISCUITS

5 cups flour  
1/4 cup sugar  
3 T baking powder  
1 tsp soda  
1 tsp salt  
Cut in 1 cup Crisco  
Dissolve 1 pkg. yeast in 2 T warm water  
Add 2 cups buttermilk  
Mix together; roll out and cut. Fold

in 1/2 and dip in melted butter. Dough keeps 1 week in refrigerator.  
Preheat oven at 400 degrees. Cook 15 minutes.

### CHICKEN SOUTH TEXAS

1 cooked chicken  
tortillas  
1/2 cup chicken broth  
1 1/2 tsps. chili powder  
1/2 tsp. garlic  
1 can cream of mushroom soup  
1 onion  
1 hot pepper  
2 T butter  
1/2 lb. cheese  
1 can tomato sauce  
Soak tortillas 15 minutes in chicken broth.

Line casserole with: butter, tortillas, chicken, onions, peppers.  
Pour soup over, add: Cheese, chili powder, garlic.  
Bake at 350 degrees 30 minutes.

### CINNAMON ROLLS

1 pkg. yeast  
1/8 cup lukewarm water  
1 1/2 T sugar  
2 1/4 cups flour  
1/2 tsp. salt  
1/4 tsp. soda  
3/4 cup buttermilk  
1/4 cup corn oil

First bowl:  
Combine yeast, water and 1/2 of sugar  
Second bowl:  
Combine flour, salt and soda.  
Heat buttermilk on low, add to yeast. Add remaining sugar and corn oil to yeast; add flour salt and soda.  
Let stand 10 minutes; knead 5 minutes. Roll out; spread with butter, sprinkle with sugar and cinnamon. Roll up into jelly roll; cut. Bake in greased pan at 400 degrees 8-10 minutes.

## Burrell receives master's degree

Some 1,002 students were awarded degrees Aug. 14, at the North Texas State Univ. summer commencement ceremonies.

In addition to 510 bachelor's degrees, the university granted 419 master's and 73 doctorate degrees, during ceremonies in the NTSU Coliseum.

Among the NTSU graduates was Holly Jane Burrell, the daughter of Mrs. D.D. Burrell, 802 Vogel, Iowa Park. The 1977 graduate of Iowa Park High School was awarded the master of science degree in speech communication and drama.

## UMW meets

The United Methodist Women continued the study of the book of Isaiah in a meeting held Tuesday morning at the church. Mrs. S.B. Keeter was the leader. The study entitled "Singing the Lord's Song" deals with praise and thanksgiving.

Mrs. Keeter observed that in time of exile, praise becomes the seed of hope which is the recognition that God is still at work. Another preeminent thought brought out in the discussion was that human beings cannot become self-centered in despair or successes if they confess their dependence on God.

In summary, Mrs. Keeter stated "One of the marks of the community that sings the Lord's song is the ability to give witness to God's work in the world."

Eighteen were present.

## CARD OF THANKS

To our pastor and many friends who have been so kind and thoughtful during the time that I was in the hospital and since I returned home, my sister, Evie Teal, and I want to express our heartfelt thanks. You have indeed gone the second mile in doing things that made life easier and more comfortable for us, and we shall always remember your kindness.

# Parachute team feature of Sheppard open house

Soldiers plummeting toward Earth at speeds reaching 180 mph will highlight Sheppard Air Force Base's open house Sunday.

The event will be the culmination of Sheppard's observance of the Air Force's 35th anniversary and annual Community Day.

The plummeting soldiers will be the Golden Knights, official parachute demonstration team for the U.S. Army. Stunts they will perform consist of a baton pass, cutaway, diamond track and formation jump.

All jumps start at 13,500 feet. In the baton pass, two jumpers wait 10 seconds after leaving the aircraft, come together, and free-fall 60

seconds while holding hands and passing a baton.

Then they separate at 3,000 feet and open their main chutes at 2,000 feet.

The cutaway involves one jumper, who free-falls to 3,500 feet, then deploys a first main parachute. The jumper collapses it and cuts it away, free-falls to 2,000 feet and opens another main chute to land.

Two jumpers perform the diamond track. After leaving the aircraft, they free-fall until they are as far apart as time will permit, return together, and open their chutes at 2,000 feet.

Four soldiers wait 10 seconds after jumping, then come together in the shape of a diamond during the formation jump. They free-fall for 60 seconds, separate in a "bomb burst" and deploy their chutes at 2,000 feet. Other events planned are Aero Club airplane rides, demonstrations

with radio-controlled aircraft, military working dogs and the Fort Sill Half Section. Also, performances by Sheppard's Drum and Bugle Corps, Drill Team and the Air Force Band of the west from Lackland Air Force Base. There will also be a static display of various aircraft.

The Missile Road gate will officially open at 11:30 a.m. All activities will be in the area of Hangars 1080 and 1090. Both hangars will contain exhibits conducted by various organizations.

**Friday, Oct. 1** - Burrito with chili & cheese, meat or cheese sandwich, soup, pinto beans, crispy cole slaw, chocolate & plain milk, dessert.

**Monday, Oct. 4** - Salisbury steak, meat or cheese sandwich, soup, mashed potatoes, green beans, hot rolls & butter, chocolate & plain milk, dessert.

**Tuesday, Oct. 5** - Macaroni & cheese, meat or cheese sandwich, soup, French fries, blackeyed peas, corn bread & butter, chocolate & plain milk, dessert.

**Wednesday, Oct. 6** - Cheeseburger, meat or cheese sandwich, soup, chili beans, tater tots, lettuce, pickles, onions, chocolate & plain milk, dessert.

**Thursday, Oct. 7** - Chicken fried steak, meat or cheese sandwich, soup, mashed potatoes & gravy, broccoli with cheese sauce, chocolate & plain milk, dessert.

## Leaders named

Officers of the Iowa Park Camp Fire Leaders Association were elected Tuesday morning during a meeting held at Texas Electric Reddy Room.

Included on the new slate of officers are Mmes. Gratan Eiben, president; Brian Murphy, vice president; Miss Cheryl Frederick, secretary; Mmes. Walter Beeman, treasurer; Norman Russell, telephone chairman; Max Soloman, advisor.

During the meeting plans were discussed for the Blue Bird Adventure Song Practice at Harrell Park Oct. 13, and the Parade of Toys in Dec.

The next regular meeting will be held during an overnight stay at Harrell Park Oct. 29.

## Choir in pageant

The Iowa Park High School A Cappella Choir sang as the pre-show entertainment of the Wichita Falls Centennial Pageant, "Westward to Wichita," at the Wichita Speedway Monday night.

The choir was invited by the centennial chairman, Gale Sogard.

Mr. and Mrs. Clifford Ray Cummings announce the arrival of Joy Suzanne to their family. She was born August 17 and weighed six pounds and eight ounces.

Maternal grandparents are Mr. and Mrs. Carroll Clark of Pampa, former residents of Iowa Park, and Mr. and Mrs. John C. Cummings of Iowa Park are the paternal grandparents. Great-grandparents are Mrs. Calvin Diggs of Borger, Mr. and Mrs. L.F. Knowles of Bedford and Mrs. Ora Mae Cummings of Iowa Park.

Mr. and Mrs. Bob Hodges announce the birth of Heath Wayne, a seven pound 13 ounce son, born September 23. Mrs. Hodges is the former Cathy Cosstick.

Grandparents are Mr. and Mrs. Jack Hodges and Loretta and Jaye Cosstick of Iowa Park. Great-grandparents are Mr. and Mrs. Harry Weitzell of Port Huron, Mich., Gwen Cosstick of Albuquerque, N.M., Mr. and Mrs. Grover Hodges and Mrs. Lila Crabtree of Iowa Park.

## The Eyes Of Texans

**JAMES EDWARDS** Optometrist

**CAN EYE PROBLEMS CAUSE BEHAVIOR PROBLEMS?**

Studies have shown that a significant number of children who have visual problems develop antisocial behavior and that visual therapy [eyeglasses or visual training] can help to relieve some of the stress that go with learning disabilities. Of course, not every young person who has a visual defect becomes a juvenile delinquent but many J.D.s become so because they had difficulty in school due to various visual problems.

When one considers that approximately 80% of what we learn is through vision then it becomes easier to see why vision is so important in the learning process and conversely why a visual handicap could be the "final straw" leading to antisocial behavior. In the formal educational environment the visual process plays a dominant role in the transference of our culture and assessing the operation of the visual perceptual process is primarily within the domain of optometry. In other words, the more efficient a person can see, the more energy he will have to devote to learning. Or, as Mohammad Ali used to say, "Float like a butterfly, sting like a bee/your hands can't hit what your eyes can't see."

**Here are a lot of friendly people  
who may not understand  
the facts of business life!**

A lot of people, especially those who shop out of town, don't understand that local businesses need the support of local people and that local stores are really more valuable to our community than just having a convenient store to run to when you're in a hurry. Of course the convenience is great, but a sound, local business community is good for our town. Local firms provide local jobs and pay local taxes. They help build a healthy financial base for our town and that benefits us all. So before you shop out of town, stop and think about your own town's businesses. When you shop out of town, you support someone else's town instead of our town.

**No need to roam...the best shopping's here at home!**

# As I See It....

By BOB HAMILTON

I certainly don't want to drive the subject of strikes into the ground, but it's worth mentioning of a couple more points following last week's column.

Apparently I stand corrected about the railroad engineers striking for more money. My across-the-alley neighbor has a letter elsewhere on this page pointing out that I should do more homework.

He is correct, if there is no strike talk on wages.

But I sure do wish he would tell me if I'm high or low on my salary figures for engineers. . . and I'm not asking for the starting salaries.

My neighbor corrects me by saying the engineers are striking only for the

right to strike. Now that should make sense. Gosh, I wouldn't want anyone to strike if they couldn't strike.

The other point about striking should have been in last week's column; the Chrysler workers' strike.

This bunch, most of them living and working right in the heart of the country where unemployment stands 15 percent or greater and most of those auto workers, is threatening to walk out for more money.

Remember the Chrysler workers? They're the ones the taxpayers bailed out a couple of years ago with federal money, to keep them a place to work.

Memories are short. The federal government, in effect, joined in competition with Ford,

General Motors and American Motors, by funding Chrysler to continue operations. Now the other companies are laying off workers, and Chrysler employees are wanting more money.

Reckon some of those layed-off workers will go over to the Chrysler plant and walk a picket line with the strikers, just to show their support for fellow union people?

Now the professional football players are on strike and they plan to make up some games of their own. Something to earn some money while they are on strike.

I think that's great. As far as I'm concerned, they've voided their contracts with the people who hired them at salaries no one around here ever heard of.

The owners should let them all continue. Let them finance the equipment purchases, insurance, rental of stadiums, hire the trainers and physicians and office personnel, feed, house and transport everyone from town to town.

If they want to do it on their own, that's fine. But they shouldn't want their bosses to finance the whole thing.

And when one of them is hurt and can't play if and when the strike is over, they shouldn't want the boss to resume the pay if they can't produce.

Ah, to heck with them, anyway. Let's all go fishing Sunday afternoon.

## Lone Star files for rate hike

Lone Star Gas Co. manager Bud Burch yesterday filed an application for a rate increase which would raise the average residential customer's monthly bill in Iowa Park about \$2.20 per month.

Based on Lone Star's rate application, a residential customer who uses an average of 8,000 cubic feet of gas a month paid \$35.96 for gas service in the winter. Under the requested rate, that same customer would pay \$38.16.

Commercial gas customers' rates would also increase under the requested rate schedule.

"Our customers are accustomed to dependable natural gas service," said Burch. "This rate increase is necessary to continue a high performance level and for other necessary expenses, such as maintaining and improving the local pipeline distribution system, which are vital to dependable service."

Lone Star's last rate increase in Iowa Park became effective April, 1981.

"Since that time, every business, including Lone Star, has experienced increased operating expenses," said Burch. "And, of course, unlike other businesses that can raise their prices as expenses go up, we must apply to the city council for a rate increase. No one likes rising prices, but any business must earn enough money to meet operating expenses and still achieve a reasonable profit. Even though our expenses have gone up, Lone Star still has one of the lowest average operating costs per customer when compared to any of the other major gas utilities in Texas."

## Worth Quoting

The last I heard, Richard Canada was still alive and well in Pushmataha County, Oklahoma. What I want to tell you about is the Richard Canada of World War II. He was my jeep driver when I was a platoon leader in the Italian campaign. Nobody ever called him "Richard."

Canada was a full-blooded Indian and a full-blooded American, but he had a little of the devil in him too. He would stand and fight where others would run. He used to tell me, "I'll go anywhere you'll go, Lieutenant." And he would. His courage rubbed off, making me a better officer than I would have been otherwise. His guts came in a small package: he couldn't have weighed an ounce over 120 pounds.

He was always doing things for me that I wouldn't have asked anybody to do. Many times when we moved into a new position late in the day, he would dig my foxhole while I was consolidating the platoon's position. Often, this would be a double foxhole to serve both him and me. He was good at scrounging food, too, and he would always share with me.

But what I want to tell you is about Canada's devilish side.

Many a time during the war, Canada would offer the offhand remark, "Lieutenant, I bet my old man is tougher than your old man."

My standard reply was "I don't know, Canada. My old man is pretty tough."

This would turn him loose, and he would invariably say, "Well, Lieutenant, my old man lives in Oklahoma and everybody knows Oklahoma is the toughest state in the Union. My old man lives in Sardis and that's the toughest town in

Pushmataha County which is the toughest county in Oklahoma. There's one street in Sardis that is tougher than any other street and the farther down that street you go, the tougher it gets. My old man lives in the last house. That's why I think my old man is tougher than your old man."

For Canada, who usually didn't say much, that was a frightfully long speech, but he dearly loved to give it. Everybody loved to give it. Everybody loves to gouge the lieutenant.

## Letters to the Editor

Mr. Editor,

Correct me if I am wrong, but wasn't slavery abolished in the 19th century? Just like the old time fashions slavery is also being brought back into our modern way of living. My husband worked for a company for 1 1/2 years. He was normally off on week-ends. Last week-end was no different, as a matter of fact, his boss sent everyone home Thursday and Friday for lack of something for them to do. A long time friend and business man called him Saturday and ask if he would like to work that week-end. Being a family man with 5 hungry mouths to feed he agreed. His regular employer heard about this (which my husband did not try to hide) and promptly fired him. He gave him the option of never working for this man on his own time again or not working for him. His employer has a personal vendetta against this man. My

husband informed his boss he could not dominate him on his own time. So now he is out of work. I called several state departments inquiring if this action was legal. To my disbelief there is no recourse the working man can take against inhuman, merciless, barbarous treatment such as this. The working man and woman of our great state better make sure they have the permission of the regular employer or (master as they should be called) to work an extra job to feed their families or buy their Christmas. Because fellow workers if you don't you could get the boot! "Hell has no fury as a woman's scorn."

Sue Gholson

Mr. Editor,

I see you have not been doing your homework again. The railroad engineers were not striking for higher wages. The wage settlement had been settled six months before. We were striking for the right to strike (as Provided for in the railway labor act of 1937) in the crew consist change. It was a strike in private industry (not government as in Patco), which your boy Ronald R in Washington said he would not

interfere; but Ronald says one thing and then slways reverses it.

Also, you were wrong on the salary part.

Please try doing your homework a little better next time.

S.R. Alexander  
Engineer of Ft. Worth & Denver RR  
President of Brotherhood Locomotive Engineers.

Dear Publisher:

You previously received a letter from my Office regarding the statewide voter registration drive proclaimed by Governor Clements for the November 2, 1982 General Election covering the period of August 11, 1982 through October 3, 1982.

Since October 3, 1982 is the last day to register to vote for the November 1, 1982 General Election, I wanted to take this opportunity to encourage you to remind your readers that they have until that time to register to vote if they have not already done so.

Again, your full cooperation and assistance in this endeavor is greatly appreciated.

Sincerely,  
David A. Dean  
Secretary of State

### To Whom It May Concern:

Several people wondered why I resigned from the City Council. The present administration had one appointee on the council. I didn't think we needed any more Yes Men.

So I thought we had better have an election so people could vote for somebody that might help the town.

Signed  
H.M. Mahler

Pol. Adv. Pd. by H.M. Mahler

## MEET TIM HUNTER, YOUR CANDIDATE FOR CITY COUNCIL

Raised in the Iowa Park community.

Graduated from Iowa Park High School 1972.

B.S. Degree East Texas State University 1975.

Married - resides with wife Phyllis and son Ky at 1327 Westridge.

Superintendent of Texas Agricultural Experiment Station.

Active member First Baptist Church of Iowa Park.

Member of Iowa Park Rotary Club.

Active in Boy Scouts of America.

Selected Outstanding Business & Professional Man

1980 for Wichita Soil and Water Conservation District.

Let's restore unity and harmony to our  
Community and City Council.

Vote Oct. 16 for Tim Hunter  
Alderman for City Council

# Area oil, gas report

Carl Catlin of Iowa Park has filed for permit to drill the No. 14, 15, and 16 Birk A. 1981, three 850-foot developmental wells in the Wichita County Regular Field, three miles south of Iowa Park. The operations will be in a 240-acre lease in Wichita County's J.A. Ventress Survey.

At a location six miles southwest of Iowa Park, S&J Operating Company of Wichita Falls has completed the No. 74, 75, and 76 Fassett Tuttle, three new oil wells in the Wichita Regular Field.

Drillsites were in a 794-acre lease in Wichita County's ETRR Survey.

The No. 74 well showed daily potential for 20 barrels of oil on an open choke. Production will be from an interval 883 to 898-feet. Well's total depth was 1,360-feet, with top of pay logged at 883-feet.

The No. 75 well is showing daily potential of 15 barrels of oil on an open choke. Top of pay was logged at 1,353-feet and the well is producing from perforations 1,353 to 1,356-feet into the wellbore. Total depth was 1,362-feet.

The No. 76 well entered the pay zone at 867-feet and is producing 25 barrels of oil per day on an open choke. Total depth was 960-feet and the well is producing from a set of perforations 868 to 884-feet into the hole.

The No. 1 Pace, a developmental well in the Wichita Regular Field, is scheduled to be drilled three miles south of Iowa Park. Finnell Oil Company of Wichita Falls is listed as the operator. Location is in a 111-acre lease in Wichita County's Cowherd Brothers Subdivision. Projected total depth is 4,800-feet.

CJE Oil Company of Electra has filed for permit to drill the No. C1 Krohn, a projected 2,000-foot developmental well, five miles east of Electra. The well will be in an 80-acre lease in Wichita County's H&GN RR Survey. The well is in the Wichita Regular Field.

Location has been staked by Thomas S. Shalk of Wichita Falls for a 2,000-foot developmental probe in the Wichita Regular Field, 3.5 miles east of Electra. The well is designated as the No. 2 Sheldon. Drillsite will be in a 68-acre lease in Wichita County's H&GN Survey.

Thomas S. Schalk has also revealed plans to drill a 1,300-foot developmental probe in the Wichita Regular Field, two miles east of Electra. The well will be located in a 41-acre lease in the SA&MG RR Survey and is to be designated as the No. 1 Smith.

A new oil producer in the Burkburnett Field has been finalized by Stray Oil Company of Burkburnett. Designated as the No. 6 Riley "A", the well indicated capacity to produce 15 barrels of oil per day on a two-inch choke.

The location is one mile northwest of Burkburnett, in a 46-acre lease in the City of Burkburnett Survey.

The Wichita County well bottomed at 1,718-feet, the well will produce from an interval of perforations 1,684 to 1,686-feet into the hole. The pay formation was first encountered at 1,684-feet.

The No. 5 Texaco, a developmental try in the Wichita Regular Field, is scheduled to be spudded six miles southeast of Holliday. With projected total depth of 1,650-feet, the well will be in an 80-acre lease in Wichita County's SPRR Survey. D.D. Strange

of Wichita Falls is listed as the operator.

S.L. Mowrey of Wichita Falls has revealed plans to drill a 1,400-foot developmental well in the Wichita Regular Field. The operator has 140-acres leased, with drillsite in Wichita County's W.H. Anderson Survey and has designated the venture as the No. 19 J.Z. Dunn. Drillsite is three miles southeast of Burkburnett, Wichita County.

Texaco, Inc. of Midland has plugged and abandoned two depleted wells in the Wichita Regular Field, three miles northeast of Electra. The wells were known as the No. 36 W.B. Honaker, NCT-1, spudded April 16, 1918 and a dual-zone well the No. 80 W.B. Honaker, spudded December 29, 1944.

The No. 36 well bottomed at 1,982-feet and was located in Wichita County's C&M RR Survey.

The No. 80 well was located in the SPRR Survey and had reached a total depth of 1,933-feet.

The No. 25 Burnett "B" has been given a "dry hole" label by Galaxy Oil Company of Wichita Falls. Located five miles southeast of Electra, the well had been spudded 7-01-64. It was located in the W.W. Carroll Survey, Wichita County, and had reached 1,414-foot total depth.

A developmental well located four miles northwest of Burkburnett has been written off as a "dry hole" by Blair-Lee of Wichita Falls. The well was spudded June 29 and drilled to a total depth of 1,934-feet in the RRVL Survey, Wichita County. The well was known as the No. 3 Golden Cycle.

Koonce Oil Company of Iowa Park has staked location for the No. 2A, 3A, and 4A V.T. Conklin three developmental wells to be located in the Wichita County Regular Field. They are all scheduled for 1,500-foot of hole making and are in a 38-acre lease in Wichita County's J. Johnson Survey, about six miles southwest of Iowa Park.

Joe McDonald has filed for permit to drill a 1,450-foot developmental well, four miles southwest of Iowa Park in Wichita County's H. Balch Survey. The well will be known as the No. 5 Hodges "A" and is located in a 100-acre lease of the Wichita Regular Field.

Pumping at the rate of 15 barrels of oil per day, the No. 9 Denny has been completed in the Wichita Regular Field by Iowa Park-based Catlin Drilling Company.

Located eight miles southwest of Iowa Park, the well is in a 158-acre lease block of Wichita County's H.B. Balch Survey.

It was drilled to a total depth of 1,115-feet, after entering the pay zone at 1,049-feet, and will produce from a perforated interval of 1,049 to 1,055-feet.

Burkburnett-based Jim Springer has turned in first production figures for its No. 13 Akin-Wright, a successful developmental well in the Wichita Regular Field.

Pumping oil at the rate of 9 barrels per day, the well was tested on an open choke.

Drillsite was in an 80-acre lease in Wichita County's RRBL Subdivision Survey, one mile south of Burkburnett. The well was taken to a total depth of 512-feet after entering the pay zone at 184-feet. Production interval will be 184 to 398-feet into the wellbore.

Dallas-based Ro-Jo Oil Company has filed for permit to drill the No. 1 Douglas Mineral Trust, a developmental well to be located nine miles south of Electra. With projected total depth of 4,053-feet, the well is in a 160-acre lease in Wichita County's H&TC RR Survey. The well is located in the Cash Strawn 3820 Field.

A new oil producer in the Wichita Regular Field has been finalized by O'Neal Prothro Operating Company of Wichita Falls. Designated as the No. 52 Goetze "A", the well indicated capacity to produce 9 barrels of oil per day on an open choke.

The location is five miles east-northeast of Electra, in an 80-acre lease in the SA&MG RR Survey, Wichita County.

Bottomed at 1,443-feet, the well will produce from an interval of perforations 290 to 1,394-feet into the hole. The pay formation was first encountered at 290-feet.

Location has been staked by Owens Oil Company of Iowa Park for a 2,000-foot developmental probe in the Wichita Regular Field, two miles southeast of Electra. The well is designated as the No. 7 Jennings D. Drillsite will be in a 50-acre lease of Wichita County's HT&B RR Survey.

At a location seven miles southeast of Burkburnett, Maravilla Development Corp. of Wichita Falls has completed the No. 2 Reno Samples, new oil well in the Wichita Regular Field.

Drillsite was in a 32-acre lease in Wichita County's H. Hastie Survey.

The Samples well showed daily potential for 2 barrels of oil on an open choke. Production will be from an interval 374 to 388-feet, with top of pay being logged at 386-feet. Well's total depth was 1,350-feet.

H.L. Cox of Wichita Falls has posted initial production figures for the No. 7 Ashton-Winters, new oil well in the Wichita Regular Field, one mile southeast of Burkburnett.

The well indicated potential for 2 barrels of oil per day on an open choke. With drillsite in a 40-acre lease in Wichita County's Chris-Winters Survey, the well had total drilling depth of 595-feet. It entered the pay horizon at 554-feet and will produce from a set of perforations 554 to 560-feet into the wellbore.

W.A. Lofton of Wichita Falls has filed for permit to drill the No. 1 Purcell "A", a projected 5,800-foot wildcat for oil, seven miles west of Archer City. The venture will be in a 100-acre lease in Archer County's Club Ranch Survey, John W. Harris Subdivision.

Location has been staked by Luke Grace Oil Company of Wichita Falls for a 6,100-foot wildcat oil probe in Archer County, one mile south Scotland. The well is designated as the No. 1 Hoff. Drillsite will be in a

140-acre lease in the Clark & Plumb Survey.

Olney-based Cleo Oil Inc. has filed for permit to drill four developmental wells, two miles southwest of Archer City. With projected total depth of 1,500-feet, the wells are in a 1,500-acre lease in Archer County's Harris Subdivision. Wells designations are the No. 1M, No. 2M, No. 3M, and the No. 4M Ambercrombie M.

The No. 3 George Ikard et al is slated to be drilled in the Archer County Regular Field by Bops Production, operator from Megargel. With projected total depth of 2,000-feet, it will be spudded in a 480-acre lease of the Jefferson County School Land Survey, four miles southeast of Archer City, Archer County.

Bryant Oil Field Services of Electra has staked location for three 2,000 foot developmental wells in the Wichita County Regular Field. The wells are to be located about eight miles northeast of Electra in an 80-acre lease.

The No. 1 Bryant-Marshall is to be in Wichita County's S.F.T.W. Survey while the No. 1 and No. 2 Bryant will be located in the Waggoner Colony Survey.

M&A Oil Company, Ltd. of Wichita Falls has posted initial production figures for the No. 13 Douglas Mineral Trust "G", new oil well in the Cash Field, eight miles south of Electra.

The well indicated potential for 92 barrels of oil and 453,000 CF casinghead gas on an open choke. With drillsite in a 320-acre lease in Wichita County's H&TC Survey, the well had total drilling depth of 3,903 feet. It entered the pay horizon at 3,806 feet and will produce from a set of perforations 3,814 to 3,819 feet into the wellbore.

The No. A-26 and No. A-27 J.H. Marriott, both developmental wells, are scheduled to be drilled 2.5 miles northeast of Electra in the Wichita County Regular Field. McCormick-Gordon of Plano is listed as the operator. Locations are in a 108-acre lease in the SPRR Survey. Projected total depth for both wells is 2,000 feet.

At a location six miles southwest of Iowa Park, S&J Operating Company of Wichita Falls has completed three new oil wells in the Wichita Regular Field.

by Mobil Producing Tx & NM, Inc. of Houston.

Drillsite is in a 1,099-acre lease in Wilbarger County's H&TC Survey, Sec 17 Blk 13 no A#, three miles northwest of Electra.

After entering the pay zone at 422 feet, the well went to 2,157 foot bottomhole. It was perforated to produce from an interval 422 to 2,007 feet.

Four new oil producers have been completed in the Archer County Regular Field by Pierce-Western Oil of San Angelo. All four wells are located in Archer County's Robert R. Rainey Survey.

The No. 5 and No. 7 Mollie Harber (Mesquite) "B" are in an 80-acre lease, 3.5 miles south of Anarene. Both wells are producing 25 barrels of crude oil per day and were tested on open chokes. The No. 5 well is producing from perforations 937 to 941 feet into the hole and the No. 7 is producing from a perforated interval 941 to 945 feet into the wellbore. Both wells had a total depth of 995 feet.

The No. 2 Cowan-McKinney is in a 50-acre lease about five miles southeast of Anarene. It is producing at the rate of 15 barrels per day on an open choke. Total depth was 1,054 feet with the pay zone being entered at 917 feet.

The No. 2 Cowan-McKinney (Mesquite) is located 10 miles northeast of Olney, in a 50-acre lease. This well entered the pay strata at 933 feet and is producing from an interval of perforations 933 to 1,042 feet into the hole. Total depth was logged at 1,075 feet.

## PUBLIC NOTICE

Lone Star Gas Company, in accordance with Section 43(a) of Article 1446c V.A.T.C.S., hereby gives notice of the Company's intent to implement a new schedule of rates including a cost of service adjustment clause for natural gas service to be charged to the residential and commercial consumers in the City of Iowa Park, Texas effective November 4, 1982.

The rate schedule is expected to furnish a 7.60 percent increase in the Company's revenues from residential and commercial customers in the City of Iowa Park, Texas.

A Statement of Intent has been filed with the City of Iowa Park and is available for inspection at the Company's business office located at 406 Park Center, Iowa Park, Texas.

# TML proposes action on state's water problems

Texas Municipal League president Alan Henry has recommended that Governor Clements' Water Task Force adopt a six-point action program to solve the state's water resource problems.

Appearing before the task force in Austin-Henry, who is mayor pro tem of Lubbock-presented a state water policy statement developed by a statewide panel of mayors and subsequently adopted by the League's board of directors. TML is an organization of 840 city governments that represents municipal officials' interests at the state and federal levels.

According to Henry, the TML policy calls for the State Legislature, which convenes in January, to enact an updated Texas Water Plan which balances the competing needs of cities, agriculture, environmental groups and other interests. Features of the League's six-point proposal include:

- Adoption of a revised long-range Texas Water Plan which specifically identifies total costs, as well as particular projects that would be funded, so that Texas voters would know what they would be getting in return for their tax dollars.

- "Water For People" as the slogan for the new plan.

- Formulation of a comprehensive plan which addresses all of the state's urban and agricultural water-related needs-including water supply, flood control, sewage treatment and conservation.

- State financial assistance for local water-related facilities -- including state guarantees that would reduce interest rates on bonds issued by cities and other localities; provision, on a local-option basis, for citizens in various regions of the state to impose special water surcharges on themselves in order to finance regional water supply systems or other facilities; and state financing for reservoirs and other large facilities.

- Continuing oversight of the new play by the Texas Legislature, to insure accountability.

- Limitations on the transfer of water between regions of the state.

Henry said that formulation of the TML's water policy began immediately after Texas voters defeated Proposition 4--the Water Amendment--at the 1981 constitutional amendments election.

"It was obvious to city officials," Henry said, "that Texas' long-term water problems were not going to go away simply because the voters rejected Proposition 4."

"In our opinion," Henry said, the voters just didn't like that particular plan: they are well aware of Texas' water problems, and what they want is a comprehensive plan that addresses those problems in a sensible, economical manner."

Henry said that the basic TML policy had been developed by a special task force comprised of mayors from cities across the state, and that the task force had received input from environmental groups, water finance experts and others during its deliberations. The statement of principles formulated by the task force was subsequently adopted, with minor modifications, by the board of directors of TML.

Henry said the TML's water policy would serve as the basis for city officials' efforts to convince the 1983 Texas Legislature of the urgent need to implement a comprehensive system for financing local water development, wastewater treatment and flood control facilities.

"Texas cities face many different challenges," Henry said, "but none is of higher priority than water resources."

"Without sufficient water supplies and adequate means for disposing of sewage our cities will inevitably decline. It's that simple."

JUNIOR HIGH CHEERLEADERS this year are Melissa Wells, Kathy Fehr, Wendy Trantham, Stacy Boren, Jamie Owens, Lisa Grace and Emilie Flick. [School photo]

### District choir tryouts slated

The 1982-83 district choir auditions will be held in Iowa Park Saturday.

The eight schools that will be participating are Burkburnett, Henrietta, Iowa Park, Mineral Wells, Vernon and the three Wichita Falls public high schools. A total of 218 students will be participating, with Iowa Park having 46, the largest entry.

Choir directors from the district will serve as judges. They will pick 16 students and two alternates for each section. Vocalists who make the All-District Choir will participate in the All-Region tryouts Oct. 30 at Abilene.

### Junior High sweeps pair

Iowa Park Junior High swept two games here Tuesday with City View.

Stephan Hudson's five-yard touchdown and Scott Weaver's two-point conversion were actually enough for the Eighth Graders to win. But Jerry Mays added three touchdowns, giving the Eighth Graders a 26-6 victory.

In the Seventh Grade game, Iowa Park blanked the visitors 14-0. Touchdowns were scored by Britt Barrick and Bill Chandler.

The Junior High will host Vernon Oct. 12 after observing an open date next Tuesday.

## Conservation district election Tuesday night

An election for a director to serve in Zone 4 on the Wichita Soil and Water Conservation District Board is scheduled for 7:30 p.m. Tuesday, in conjunction with the Wichita County Young Farmers meeting, at the Vocational Agriculture Building, Iowa Park High School.

State law decrees that to be eligible to vote in a soil and water conservation district director's election, a person must own agricultural land within the subdivision where the election is being held. The person must also live in a county all or any part of which is in the district and must be 18 years old.

Legal qualifications state that a candidate for the office of a soil and water conservation district director must own land in the zone he represents, be 18 years of age and be

actively engaged in farming or ranching. He must also live in a county all or part of which is in the district.

Zone 4 of the district is the southwest corner of Wichita county, south of Highway 287 and west of FM 368. Landowners wishing to partici-

pate in this election, and who are in doubt about exact zone boundaries, may call the District Office, 592-4176, for more detailed information. A map will also be posted at the polling place at the time of the election.

Current members of the board of directors of the Wichita SWCD are Fred Dwyer, Chairman; Ray O. Hicks, Vice-Chairman; Bill Brockriede, Secretary; Roy Thompson and Barry Mahler.

The purpose of the Wichita SWCD, with headquarters in Iowa Park, is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The district board of directors coordinates the conservation efforts of various local, state, and federal agencies and other organizations and has authority to enter into working

agreements with these governmental agencies and private concerns to carry out its purposes.

All conservation programs managed by the district are of a voluntary nature to the landowner or operator.

Announcement of coming events were made at a recent meeting of the Valley View 4-H Club held in the home of Mrs. George Howell. These included the petting zoo that will be held at the 4-H barn today, and a project show booth at Sikes Senter Oct. 4 during National 4-H Week.

The next meeting will be held at the home of Keva Gunter Oct. 21.

### Friendly Door News

### Fresh lobsters benefit campaign

Tickets must be purchased in advance for the Oct. 16 lobster bake at Sheppard Air Force Base's south picnic area. The proceeds will benefit the Combined Federal Campaign agencies.

Sponsored by Sheppard Regional Hospital, the event is open to the public and will feature seatings at 11:30 a.m. and 2:30 and 4:30 p.m. At a cost of \$12.50 per person, the menu will consist of yams, corn-on-the-cob, onions, beans, weiners, eggs, beer, soda and a fresh-baked New Hampshire lobster.

Diners are encouraged to dress casually and bring blankets, towels and nutcrackers.

The Friendly Door will honor members who will observe their birthdays during Oct. Friday, at a covered-dish luncheon and party.

Those who will be honored include: Grace Hughes, Jettie Sampley, Helen Clark, Edna Stewart, Miles Thompson, W.D. Johnson, Viola Stewart, Georgia Egbert, Huey B Stevens, Polly Burnett, Bertha Dwyer, Ruth Gard, Gabor Reneau, Mrs. George Baker, Roman Bartosh, Lois Bartosh and Margaret Carter.

Activities next week will include ceramics at 10:30 a.m. Thursday and a visit to the Burkburnett Senior Center Thursday night to attend a country and western dance.

**Fri., Oct. 1** - Beef stew, beets, cole slaw, brownies.

**Mon., Oct. 4** - Chicken pot pie, beets, pear/cheese, cake.

**Tues., Oct. 5** - Liver, onions, macaroni, cheese, okra, cherry cake.

**Wed., Oct. 6** - Meat loaf, blackeyed peas, cabbage, fruit, cookies.

**Thurs., Oct. 7** - Chicken, gravy, mashed potatoes, green beans, carrot & raisin, pudding.

### VICA holds election

VICA officers for cosmetology were elected Monday night.

Vonnie Guyette was elected president. Others elected were Sandy Gullatt, vice-president, Roxa Reusch, secretary; Pam Horton, reporter; Lori Cossick, sergeant-at-arms; and Sylvia Hill, parliamentarian.

### Quanah sweeps doubleheader

Quanah came out on top of a doubleheader against Iowa Park Saturday in Top of Texas Football action.

In the Pee Wee division, Quanah won 6-0, while the score was 32-8 in Midget play.

Quanah scored its lone TD with 30 seconds remaining in the game, on a 95-yard run, in the Pee Wee game.

The Midget Hawks scored late in the fourth period when Clay Miller made a 35-yard run around end.

# Homecoming game is offensive show

The packed homecoming crowd in Eagle Stadium Friday night was treated to an offensive fireworks display from both Holliday and the visiting Henrietta Bearcats, with the red and white coming out on the winning end, 39-22.

The win for Holliday increased its District 11-AA record to 3-0 and 3-1 overall. Henrietta drops to 1-3 for the season, 1-2 in district.

Field position told the tale more than any other segment of the game. The Eagles returned six kickoffs for a 30.4 yard average, while Henrietta returned seven for a 20-yard average.

But, more importantly, it was the kickers who made the difference, with Holliday's Mike A. Parker consistently booting the ball inside the Bearcat 10, while the visiting team's kicker showed signs of inconsistency. The Eagles took over on the kickoffs in the order of Holliday 37, Henrietta 49, Henrietta 48, Holliday 44, Henrietta 42 and Henrietta 30 yard lines.

The Bearcats, on the other hand, started all drives on their side of the 50-yard marker, at the 49, 22, 45, 29, 26, 24 and 25 yard lines.

It looked to be an easy night for the Eagles from the onset of the game, driving 63 yards in six plays, capped by senior speedster Brad Harmon's 31-yard jaunt for the score. A. Parker's point after try was good, giving the host team a 7-0 lead a little over three minutes into the contest.

But the lanky Bearcats, relying on speed to the outside while utilizing an excellent option quarterback in Jerry Lee, took only two plays to make 52 yards, 50 of that coming on a pitchout to tailback Joe Bill Brock for the score. The snap on the point after attempt was bobbled, and Holliday held on to a slim 7-6 lead, 52 seconds after Holliday's initial tally.

The game showed signs of a free-for-all following the next kickoff, which Mike W. Parker returned 30 yards to the Henrietta 49.

On the second play from

scrimmage, Harmon broke for 33 yards, and Gill Gilbert picked up the remaining 15 yards on a wingback reverse for the touchdown. Parker's point after kick split the uprights, upping the score to 14-6 with a little over five minutes gone in the first quarter.

A jarring tackle by a host of Eagle defenders on the ensuing kickoff resulted in a fumble, recovered by Holliday. But five plays later, Parker threw an interception inside the Bearcat endzone.

The Eagle defense kept the Bearcats in a hole, and Henrietta punted to its 45. Seven plays later, A. Parker kicked a 42-yard field goal to up the score 17-6.

Henrietta returned the favor minutes later with a 22-yard field goal, narrowing the margin to 17-9 at 9:38 in the second period.

The next Holliday drive, set up by a 35-yard return by Harmon, took two

plays to cover the remaining 48 yards. Gilbert ran for 13, then Harmon scurried 35-yards down the right side for the touchdown. Parker's kick was good, 24-9.

The two teams traded scores before the halftime intermission, Holliday's coming on a 10-yard run by Harmon with 1:40 left. Parker's kick increased the lead to 31-9. Henrietta produced a miracle drive in the final minute, driving 74 yards in three plays, capped by a 42-yard pass from Lee to David Goodner. The successful point after kick made the score 31-16 going into halftime.

Early in the third period, Holliday drove to the Bearcat 18, when Harmon threw an interception on an option pass.

The interception, giving the visiting team possession inside its five, turned out in favor of the Eagles, when Lee was swamped in the endzone on the next play for a safety. Kevin Blankenship, Timmy Stubblefield, and Brad Harmon made the necessary tackle.

Henrietta punted from its 20, and a 16-yard return by Gilbert placed the ball at the Bearcat 42. Five plays later, Gilbert threw to Harmon in the flats, who proceeded to hurdle a would-be-tackler at the 15 enroute to the endzone. Parker missed his only point after kick, but the Eagles built a buffered lead at 39-16.

Henrietta tallied the final score of the contest with a little over a minute left in the third quarter on a 10-yard pass from Lee to Greg Polk. The attempt for a two-point conversion failed, and the scoreboard froze at 39-22.

Harmon, who has really picked up steam the past two games, had his finest night ever as a varsity player. The back chalked up four touchdowns, three on the ground and one in the air, and rushed 13 times for 184 yards, well over 10 yards per carry.

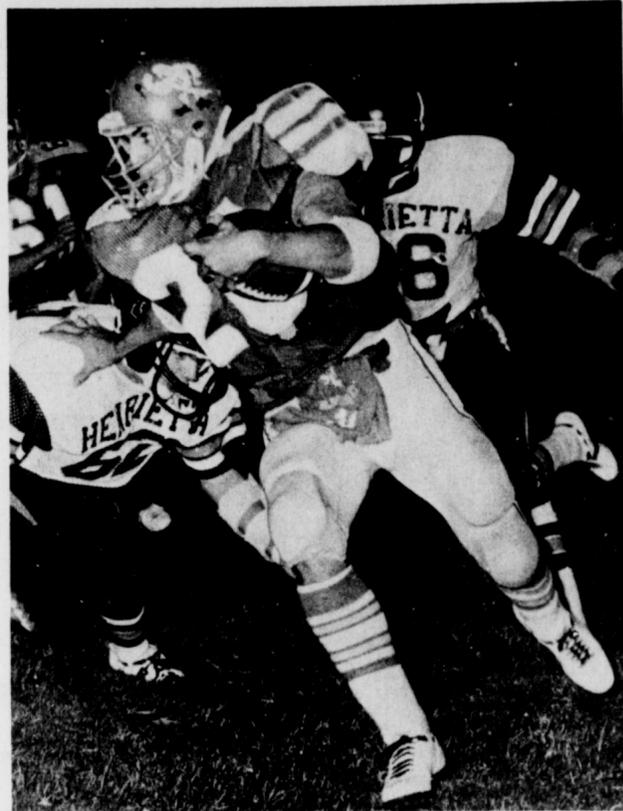

Gilbert, the utility back who always seems to come up with the big play, ran for one touchdown and threw for another while rushing 10 times for 81 yards.

Defensive standouts included Stubblefield, linebacker Jay Burks (subbing for an injured Jeff Belcher), Harold Parsons, Chuck Evans, Blankenship and Bruce Bynum.

# Undefeated Cubs face Eagles

Tomorrow night's matchup between Holliday and Olney will pit the Eagles' size against the Cubs' speed, and most forecasters are calling it an even matchup.

The Cubs, returning five starters from a 8-2 district runnerup in Class AAA last year, are undefeated thus far with a 4-0, 2-0 District 11-AA record. District wins include a 55-0 blanking of traditionally tough Petrolia two weeks ago, and a 63-14 win over Chico.

The strength of the Cubs is their backfield, with speed burners Blanford Paul at tailback and Stan Ashton at quarterback. Both are

all-state prospects. Paul also plays strong safety.

Olney does have its weaknesses, though, with an inexperienced line. Only center Reggi Ammons returns from last year's squad. And, aside from a lack of depth, coach Gary Callaway is utilizing members of last year's junior varsity to his advantage. Their record last year was 9-1.

Other returning Cubs are flanker Scotty Evans and Anthony Dean, both threats as receivers.

Offensively, the Cubs run a split backfield veer using little or no motion in the backfield. The backfield setup is an advantage on the sweeps

and counter dives, utilizing Paul's speed and the offensive line's ability to explode off the line of scrimmage.

Defensively, Olney uses a 26, a form of the 4-3 defense made popular by Odessa Permian.

### HOLIDAY HEALTHY

The Eagles welcome back defensive standout Jeff Belcher at middle linebacker and fullback for the Eagle-Cub contest. Belcher rested a badly sprained ankle during the

homecoming game last week, although judging from his comments on the sideline, Belcher would have played on one leg if needed.

Another bright spot for Holliday is a healthy Mike W. Parker, who, despite experiencing muscle spasms in his back last week, stood out defensively in the Henrietta game and appears in good shape for the Olney game.

The kickoff is at 8 p.m. in Olney.

### Screening clinic to be at school

A screening clinic sponsored by the Texas Department of Health will be held from 10 a.m. to 2 p.m. Wednesday, Oct. 6, at the Holliday Elementary School, according to Zandra Underwood, public health nurse.

The following screening tests will be offered: blood pressures, diabetes, anemia, height, weight, and skin disorders. If an abnormality is discovered, the person will be referred to the physician of his or her choice, according to Underwood.

### Immunization clinic slated Oct. 7

The Texas Department of Health will conduct an immunization clinic from 2 p.m. to 4 p.m. Thursday, Oct. 7, at the Archer Service Center in Archer City.

Immunizations will be offered for DTP, polio, measles, mumps, and rubella. Persons should bring his or her immunization records to the clinic, said Zandra Underwood, public health nurse.

## Holiday News

### Agriculture losses qualify for loans

Rep. Charles Finnell has received word of an economic injury designation for Wichita County from the U.S. Small Business Administration because of severe damage to agricultural crops due to heavy rain

and hail which occurred during the period of June 18-25.

Applications for economic injury disaster loan will be accepted at locations to be announced locally. Eligible businesses and small enterprises which are non-farm enterprises and which have suffered substantial economic injury as a direct result of the damage are eligible to apply.

**Monday, Oct. 4**  
Breakfast: Cinnamon rolls, juice, milk.

Oct. 21	Chico	T 4:00
Nov. 4	Archer City	H 4:00

**HOMECOMING ROYALTY** - Junior Laura Lowder [left] was named Football Queen at Holliday High School and senior Patti Hewitt Band Queen during homecoming festivities last Friday night. Kim Blankenship, not pictured, was crowned Round-Up Queen the following evening.

## SOCIAL SECURITY TIPS

### BENEFICIARY REPORTING

This is a message to all SSI recipients. April 1, 1982 saw a new era in reporting changes affecting SSI payments. Prior to that date all changes were required to be reported on a quarterly basis. Benefits then were computed quarterly although paid monthly.

The new reporting instructions now require each SSI recipient or the representative payee to report any changes by the 10th of the following month to insure that benefits will be recomputed and paid correctly. It cannot be over-emphasized that any overpayments resulting from failure to report timely will be addressed because the Social Security Administration is under obligation to collect all debts. Two of the most important changes that occur quite often are changes in the household composition and changes in the earned or unearned income of a recipient, a spouse or household member in the home of a disabled child.

### RETROSPECTIVE MONTHLY ACCOUNTING

The Social Security raise that was received in July won't count against Supplemental Security Income checks until September. As of April 1982 a change in the method of charging other income against SSI benefits provides for counting new amounts in the second month after the new amount began. Anyone who received both Social Security and SSI checks in July, 1982 got a 7.4 percent increase on both checks.

### Happy 18th Birthdays

October 5

Gill  
Eagle "13"

Love, Your Families

October 5

### Roofer of the Week

### Rudy Molina

For ten years some of the most highly recommended roofers from Wichita Falls have tried unsuccessfully to stop the roof of the First Baptist Church from leaking. Recently one of our own brothers stopped the leak. Praise the Lord!

## NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Wichita County Commissioners Court will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1981 by 7.9 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on October 7, 1982 at 11:00 A.M. in Room 200, Wichita County Courthouse, Wichita Falls, Texas.

FOR the proposal to consider the tax increase:

- Commissioner D.W. Wiley, Precinct No. 1
- Commissioner Weldon Nix, Precinct No. 2
- Commissioner Gordon Griffith, Precinct No. 3
- Commissioner H.C. Greer, Precinct No. 4

AGAINST the proposal to consider the tax increase:

None

ABSENT and Not Voting:

# Security devices can lower insurance for homes

Texas homeowners will be able to apply for an insurance premium reduction credit for certain security devices after tomorrow.

That is the effective date of a rule promulgated by the State Board of Insurance in compliance with HB 764, Acts of the 67th Legislature.

The rule permits a premium reduction of five percent for homeowners who have installed security devices such as deadbolts, solid core doors and special locking devices on windows and garage doors.

"The bill is very specific about what security devices will entitle the homeowner to a credit," said William P. Daves, Jr., Chairman, State Board of Insurance. "Only those specific devices named in the law will make the homeowner eligible for the credit."

To get the credit, a homeowner must apply for an inspection of his or her property and have a qualified inspector, trained by the Texas Crime Prevention Institute in San Marcos, certify that the property is in compliance with the law.

It is the policy of the Institute that

no fee be charged for these inspections.

Application for an inspection must be made to the Texas Crime Prevention Institute. An application form has been developed by the Institute for this purpose. Application forms are being provided to local insurance agents, police and sheriff.

If local authorities are unable to provide the application contact the Institute by calling 512/392-0166 or writing to Director, Texas Crime Prevention Institute, Institute of Criminal Justice Studies, Southwest Texas State University, San Marcos, Texas 78666.

Application for inspection should not be made to the State Board of Insurance.

After the homeowner has complied with the law, the inspector will send a written, signed report to the SBI. The agency will issue a premium reduction certificate to the homeowner that can be presented to the insurance company for premium credit.

The credit can be obtained for all types of homeowners policies,

including the tenant-homeowner policy (HO-T).

The credit is applicable only on policies issued on a homeowners type form. Dwelling policies written on a fire-and-extended-coverage form are not eligible under the law.

The credit certificate issued by the SBI is valid only for the property on which it is issued.

It is valid for three years and will be renewed by the SBI for an additional three-year period at the request of the homeowner.

The law says property qualifies for the reduction if it meets the following specifications:

1. exterior doors must be solid core doors that are 1 3/8 inches thick and must be secured by dead-bolt locks;

2. metal doors must be secured by dead-bolt locks;

3. double doors must meet the specifications for exterior doors and must have the inactive door secured by header and threshold bolts that penetrate metal strike plates, and in the case of glass located within 40 inches of header and threshold bolts, must have the bolts flush-mounted in the edge of the door;

4. sliding glass doors must be secured by secondary locking devices to prevent lifting and prying;

5. dutch doors must have concealed flush-bolt locking devices to interlock upper and lower halves and must be secured by a deadbolt lock;

6. garage doors must be equipped with key-operated lock devices; and

7. windows must be secured by auxiliary locking devices.

Dead-bolt locks on exterior doors must lock with a minimum bolt throw of one inch that penetrates a metal strike plate.

If a door secured by a dead-bolt lock has breakable glass within 40 inches of the lock, the lock must be key-operated from both sides unless prohibited by life safety codes.

Any auxiliary locking device must

include screws, wooden dowels, pinning devices, and key-operated locks.

In areas in which life safety codes permit, metal bars of grating, if mounted to prevent easy removal,

may be substituted for auxiliary locking devices.

Jalousie or louvered windows do not meet the specification of the law unless they have metal grating to prevent easy removal.

## - PUBLIC NOTICE -

### CONTRACTORS' NOTICE OF TEXAS HIGHWAY MAINTENANCE

Janitorial Maintenance Service  
Projects: C.S. 7 and C.S. 8  
Locations: 1.2 and 1.5 miles west of Iowa Park, Texas on US 287, Wichita County, and 4.7 and 6.7 miles south of Gainesville, Texas on IH 35, Cooke County.

Sealed proposals for Janitorial Maintenance Service on one(1) project on US 287 in Wichita County and on one (1) project on IH 35 in Cooke County will be received at the office of the District Engineer, Texas State Department of Highways and Public Transportation, P.O. Box 660, Wichita Falls, Texas 76307, located at 1601 Southwest Parkway, until 10:00 a.m., local time, October 29, 1982, and then publicly opened and read.

Proposals, including plans and specifications, will be furnished to any contractor desiring to submit a bid and are available at the office of Mr. Frank L. Ragland, District Maintenance Engineer, State Department of Highways and Public Transportation, 1601 Southwest Parkway, Wichita Falls, Texas, at the office of Mr. James Urban, Maintenance Supervisor, SH 25, in Electra, Texas, and at the office of Mr. George A. Rosson, Maintenance Supervisor, Interstate Highway 35 North in Gainesville, Texas.

A pre-bid conference will be held at 10:00 a.m., October 22, 1982 at the State Department of Highways and Public Transportation office located at 1601 Southwest Parkway, Wichita Falls, Texas to answer questions regarding the proposed work.

The State Department of Highways and Public Transportation, hereby notifies all bidders that it will affirmatively ensure that the contract entered into pursuant to this advertisement, will be awarded to the lowest responsible and qualified bidder that is considered to be in the best interest of the State, without discrimination on the grounds of sex, race, color, religion or national origin.

## Wal-Mart observing 20 years

When the first Wal-Mart store opened its doors in 1962, no one could have visualized what an impact it would make around the country.

Certainly founder and chairman of the board Sam Walton, when he started his Rogers, Ark. store, had high hopes. But even then he knew if Wal-Mart was to grow, hiring good people would be the reason. Twenty years have gone by and Walton's philosophy proven to be successful.

Wal-Mart in Iowa Park opened its doors in May. It was the 420th in a group that by year's end will consist of 550 stores.

"This 20th Anniversary Celebration," said store manager Mark Reed, "is really going to be something. We all come from this area and are proud to be associated with the Wal-Mart organization."

## IRS Tax Tips

### TAX ASSISTANCE CHANGES

"While IRS toll-free tax assistance will be available Monday through Friday from 8:00 a.m. to 4:30 p.m., the Wichita Falls office of the Internal Revenue Service will no longer provide walk-in tax help," announced Bob Fonck, Wichita Falls IRS Director's Representative. Taxpayers who wish to order forms or get answers to their federal tax questions should dial 1-800-492-4830.

Fonck noted that IRS examination and collection activities would continue at the Wichita Falls location.

# Obituaries

### James G. French

Services for James G. French, 59, were Tuesday afternoon at Owens and Brumley Funeral Home with Rev. Robert Norsworthy, pastor of Lamar Baptist Church, officiating. Burial was in Crestview Memorial Park.

He was born Nov. 17, 1922, in Haskell County, and was a retired welder. He also owned and operated French's Station for many years and served in the U.S. Coast Guard. He was a member of Faith Masonic Lodge and Lamar Baptist Church.

He is survived by his wife, Sue of Wichita Falls; a son, Eddie of Iowa Park; a daughter, Sherry Ming of Wichita Falls; his parents, Mr. and Mrs. J.M. French of Wichita Falls; and a granddaughter.

### Eva Dean Glover

Eva Dean Glover, 59, mother of Sandra Forsythe of Iowa Park, died Monday in an Amarillo hospital.

Services were Wednesday morning at Llano Chapel in Amarillo and burial was in the Llano Cemetery under direction of Griggs & Son Funeral Home.

She is survived by her husband, Jack E.; three daughters Barbara Wright of Wichita Falls, Sandra Forsythe of Iowa Park, and Rebecca Petz of Borger; seven grandchildren; and a great-grandchild.
