IOWA PARK LEADER

25 Cents

Vol. 14, No. 17 IOWA PARK, WICHITA COUNTY, TEXAS 76367 THURSDAY, JANUARY 6, 1983

Chief's resignation is accepted by city

In a called meeting Monday night, the Iowa Park city council accepted the resignation of police chief Billy Hamilton and launched a search for his replacement. Capt. Robert Dean was named acting chief, a position he will hold at least two months while applications are being received and interviews

held. Hamilton was asked last week to resign, then was later suspended with pay and given a deadline of Thursday afternoon to submit his resignation. He missed the deadline but presented his letter early Monday morning. Mayor Charlie Lee said he asked for Hamilton's resignation because the consensus of the council was that Hamilton was "unable to supervise people."

Hamilton cited in his letter health problems stemming from an accident as his reason for resigning. His letter stated:

"Effective as of the next scheduled meeting of the City Council I am submitting, and wish to have accepted, my resignation as Chief of Police for the City of Iowa Park.

"It is with regret that I take this action but feel that for the benefit of the citizens of this city and the department which I now head, the action is required.

"As you are well aware, I was injured in a motor vehicle accident on October 3, 1982 while proceeding to back up one of my fellow officers. Since the mishap I have lost a great deal of time from my duties for medical reasons and even now I am restrained by my doctors from any duty other than light duty. Our department is in need of a full time and physically capable leader and deserves no less. In that I have no idea when I can return to duty as fully as before the accident and in that my doctors have not been able to give me an assurance that it will be in the near future, I feel that the Council should be given the opportunity to place an officer in the Chief's position who can give the department the leadership it needs.

"I am grateful to the citizens of this city government, the City Council and the police department itself. I have made a number of close friends while

in my service and I hope that I can continue to serve our fine city in my capacity as a citizen."

In an interview last week, Hamilton mentioned his concern that, if he resigned, whether he would still be eligible for medical and workman's compensation until he was completely well.

Motion to accept Hamilton's resignation was made by alderman George Hammonds. It was seconded by Lita Watson, and the vote was unanimous, with all council members present.

The mayor then instructed James Barrington, city administrator, to initiate advertisements in various publications for applications to fill the vacancy.

Lee said applications would be accepted until the latter part of February. He apparently set a two-month period because he was vocally opposed to the short time applications were accepted when Hamilton was named chief. The mayor stated then that an inadequate time period restricted the applications to be considered.

Hamilton was named by a 3-2 council vote on two different occasions, and later two of those who sustained his appointment resigned.

With applications to be accepted until late February, and interviews following that, Dean could serve as acting chief until late March.

Dean was the acting chief between the time former chief Charlie Whittingstall retired and Hamilton was named. He also was one of the applicants for the chief's position.

CITY JOINS GROUP

The other item on Monday's agenda was to consider joining the North Texas Housing Finance Corporation. A resolution was passed at a public hearing when concern was expressed that the corporation's financial records were not being kept under way. Information was received that there would be no liability assumed by any of the governmental entities of the corporation.

It is not known how many of the proposed entities have completed their contracts for filing, but cities proposed along with Iowa Park included Wichita Falls, Burkburnett, Henrietta, Olney, Graham, Bowie, Electra and Vernon, as well as the counties of Wichita and Clay.

Each of the entities, with the exception of Wichita Falls, will have one representative of the governing board. Wichita Falls will have four.

Funds for the low-interest home construction financing will be provided through the sale of state and federal bonds. Those eligible for the loans will reportedly be first-home buyers.

The corporation's charter is to be filed this month with the state.

be done either in person or by mail. Telephone enrollments are not allowed.

An enrollment form with the address where it can be mailed is printed in this issue of the Leader. To enroll in person, one can go to the vocational office, which is the metal building immediately east of the high school building, between 8 a.m. and 3:45 p.m.

Fees will be refunded if the class is cancelled due to insufficient enrollment or if the class is filled before the fee is received, Davis said.

City, school meetings scheduled next week

Monday night's agenda for the city council meeting is loaded with numerous items, but the school board meeting slated Tuesday appears to have little for trustee attention.

The council will meet at 7 p.m. in council chambers and the school board will meet at 7:30 p.m. in the administration building.

City agenda items include:

- public hearing and proposed ordinance changing a tract of land between Third and Fourth streets, fronting the access road, from commercial to residential;
- discuss creation of a police reserve, which was brought to light for the first time at the Dec. 27 meeting;
- hold a discussion on progress of renovation and funding of the Burnett home as a city library;
- hear a request from the owner of the mobile home park on East Highway, outside the city, to convert from one master meter to individual meters;
- consider amending an ordinance on abandoning part of Alcott St., because the original ordinance apparently implies the city will stand all costs to return land to adjacent owners;

- hold further discussions with representatives of the local soccer association on permitting use of city property south of the city on FM 368;
- and hear a report on roof leaks at the city hall and discuss methods of correcting them.

SCHOOL BOARD

Other than trustees considering extension of the superintendent's contract another year, the only other item on the agenda besides regular monthly reports is a request concerning the Valley View school clock, according to Supt. Harold Cowley.

Weather Report

Weather reports are officially compiled for Iowa Park at the Texas Experiment Station, southeast of town.

Rainfall for week.....	2.36
Total for month.....	2.36
Total for year.....	2.36
Total last year.....	0.00

Four-inch snow gives new year a wet start

The heavy New Year's Day snowfall almost measured a year's average for Iowa Park, and started 1983 off with a wet beginning.

While the heavy, four-inch covering hampered driving for some, no accidents and no injuries from falls were reported.

The snow measured at the Texas Experiment Station, southeast of the city, was almost as much as received all during last year and almost matched the area's annual average, according to Tim Hunter.

Six inches were measured through 1982. The 57-year average at the station is 4.55 inches.

The past year didn't need

Saturday's precipitation. While the average moisture received at the station is 29.45 inches, the average was exceeded by 4.13 inches as the 1982 total measured at 33.58 inches.

From Saturday's snow captured at the station, 2.36 inches of moisture was melted, Hunter said.

While the heavy snowfall kept some residents at home, who were intimidated from driving, others welcomed the experience by erecting snowmen. Evidence of their creations remain in yards at mid week, all over the city.

The snow was so heavy, however, that it caused the collapse of a carport in the 1100 block of West Cornelia. One car was damaged in the incident.

4-INCH SNOWFALL IS PLENTY OF FUN ... for Ronnie Henderson of 800 W. Magnolia

Banquet ticket deadline Tuesday

Deadline for purchasing tickets to the Jan. 15 Hawk football banquet is 4 p.m. Tuesday, according to Norman Hodges, president of the sponsoring Iowa Park Booster Club.

No tickets will be sold at the door. Hodges pointed out that the early deadline is necessary to give attendance figures to the Iowa Park MuleSkinners, who will cater the

meal.

The \$4.50 covers an "all you can eat" meal, plus hearing a talk by "Super Bill" Bradley, former football great at the Univ. of Texas and Philadelphia Eagles.

Special recognition will be given members of the 1982 Hawks, who compiled the best season record, 8-2, since the season of 1974.

One adult vocation class already filled

With the deadline approaching to register in any of 10 adult vocational courses offered by Iowa Park schools, one class has already been filled, according to Richard Davis.

The course on computers was filled this week. It had been limited to 15.

However, nine other courses on various topics remain open and most of them will begin Jan. 17. Courses,

their hours and length, as well as fee and instructor are:

1. GROWING AND CARE OF HOUSE PLANTS (limited to 20 students). Class will begin Jan. 18 and be held from 7 to 9 p.m. each Tuesday and Thursday for 10 sessions, ending Feb. 17. It will be held in the horticulture department with H.J. Cannon instructing. Fee is \$15.
2. TUNE-UP AND CARBURIZATION (limited to 15) Class will be 7-9 p.m. Mondays and Thursdays beginning Jan. 17 and ending Feb. 10. To be held in the auto mechanics department with Robert Sumner instructing. Fee is \$10.
3. SMALL ENGINE REPAIR (limited to 15) Beginning Jan. 20, six sessions will be held, 7-10 p.m. Thursdays at the vocational agriculture department with George Brandt instructing. Fee is \$15.
4. KEYBOARDING SKILLS FOR BEGINNING TYPISTS (limited to 20) Twelve sessions, 7-9 p.m. Mondays and Thursdays, will begin Jan. 17 at the high school campus with Jane Cowley instructing. Fee is \$15.
5. BASICS IN AUTOBODY REPAIR AND PAINTING (limited to 12) No major body work will be included in this 20-session class which begins Jan. 18 and will be held 6:30-9:30 p.m. Tuesdays and Thursdays at the auto body department. Wendell Allen will instruct and the fee is \$45.
6. PHYLLLO DOUGH COOKING (limited to 20) This dough is used to make two kinds of strudel and a variety of appetizers. There will be

only one session, 7-9 p.m. Jan. 17 at the home economics department. Linda Ayres will instruct and the fee is \$2.

8. STRING QUILTED VESTS (limited to 15) String quilting by machine will be demonstrated at one session, 7-9 p.m. Jan. 24, by Linda Ayres in the home economics department. Fee is \$2.

9. PADDED PICTURE FRAMES (limited to 20) Several techniques of padded frame making will be demonstrated during a one-session course offered by Carey Roberts. To be held 7-9 p.m. Jan. 31 in the home economics department, the fee is \$2, plus the fabric of the student's choice.

10. COUNTED CROSSTITCH (limited to 20) Another one-session class will be offered by Carey Roberts in the home-ec department. It will be 7-9 p.m. Feb. 1 and the fee is \$2.

This is the third year the local schools have offered non-credit vocational courses to area adults, and the two previous years proved to be so well-received that another series was developed, according to Davis.

Enrollment in the courses is on a first-come, first-serve basis, and can

Year's building permits exceed \$2-million mark

Building permits for 1982 exceeded the \$2-million mark with the issuance of a permit for the apartment complex under construction at Johnson and Magnolia.

Actually, the value of the

apartments exceeded the total permits issued through the first 11 months of the year. Through November, permits had been issued for \$1,034,548, and the permit issued to Bill Swan Construction for the apartments was \$1,067,000.

Swan also took out permits to build three other homes, and those four permits along with six other permits brought the month's total to \$1,158,000. The sum was considerably greater than the \$113,600 issued during November.

December's permits swelled the total for 1982 to \$2,192,548.

Permits issued during December included:

- Bill Swan Const., 1309 Blue Jay, residence, \$25,000;
- Bill Swan Const., 1307 Blue Jay, residence, \$25,000;
- Bill Swan Const., 1300 Blue Jay, residence, \$25,000;
- Bill Swan Const., Johnson and Magnolia, apartments, \$1,067,000;
- Richard Ashton, 700 Mockingbird, add-on, \$3,000;
- Paul Duffey, 1301 Sunset, add-on, \$2,000;
- Jim Pendergrass, 310 W. Crystal, mobile home, \$5,500;
- Wayne Williams, 510 N. Yosemite, add-on, \$1,500;
- Carmen Lozipone, 312 Sunset, add-on, \$2,000;
- Robert Yow, 206 N. Atlantic, add-on, \$2,000.

Local students in Who's Who

Two Iowa Parkans will be among 46 Midwestern State Univ. students who will be listed in the 1983 edition of Who's Who Among Students in American Universities and Colleges as among the country's most outstanding campus leaders.

They are Risa Joy Roberts, daughter of Mr. and Mrs. Ross Roberts, and Jill Callahan, daughter of Mr. and Mrs. Pete Koonce.

With their names submitted by campus nominating committees, students named to Who's Who are chosen on the basis of academic achievement, service to the community, leadership in extracurricular activities and future potential.

Included in the publication is an elite group selected from more than 1,300 institutions of higher learning in all 50 states, the District of Columbia and several foreign countries.

Outstanding students have been honored in the annual directory since it was first published in 1934.

IOWA PARK'S POPULATION would have increased dramatically if snowmen such as this wouldn't have melted before they could be counted over the weekend. Several took advantage of the wet snow to show their creativeness.

Cook of the Week

Every homemaker is faced with the problem of what to cook after the holidays. During the Christmas season when people have feasted on turkey, chicken and ham, beef seems to be the choice meat of many for after-holiday eating.

Beef with its variety of cuts is one food that takes to all modes of cooking, and the sights, aromas and pleasures of enjoying it are within easy reach of all. There is no end to its versatility and it is terrific in a simple hamburger or stew to an elegant steak or succulent roast.

Mrs. James Barrington's Round Steak with Rich Gravy recipe today reminds readers that round steak is an economical but popular cut of beef. It constitutes an unbeatable meal for family or guests.

The Barringtons moved to Iowa Park several weeks ago when she assumed duties of city administrator. They are members of the Church of Christ and will be teaching the Bible class for young people of the church starting Sunday.

Darlene was graduated from Sunset High School in Dallas and received a Bachelor of Education degree with a major in special education from East Texas State

Mrs. James Barrington

University. She belonged to the Angel Flight and Council for Exceptional Children at the university. She taught special education at Hooks for three years.

When the couple lived in Gladewater, Darlene belonged to Beta Sigma Phi sorority and was an assistant Blue Bird leader. She also taught Bible classes at the church.

The Barringtons have two children,

Karlee, six, and Cari four. Her hobbies are cooking, sewing and outdoor activities.

ROUND STEAK WITH RICH GRAVY

3 lbs. round steak
 1/2 cup flour
 3 T shortening
 1 envelope dry onion soup mix
 1/2 cup water
 10 1/2 oz. can cream of mushroom soup
 Sprinkle one side of meat with 1/2 of the flour. Pound in; repeat on other side. Cut meat into 6 to 8 pieces.
 Melt shortening in large skillet. Brown meat about 15 minutes. Sprinkle onion soup mix over meat. Mix water and mushroom soup and pour over meat. (More water and soup may be added for more gravy). Cover and simmer 1 1/2-2 hours.

HAWAIIAN BANANA BREAD

2 cups sugar
 1 cup shortening
 6 ripe bananas (mashed)
 4 well beaten eggs
 2 1/2 cups cake flour
 1 tsp. salt
 2 tsps. baking powder
 Cream sugar and shortening; add bananas and eggs. Sift dry ingredients together 3 times. Blend liquid and dry ingredients; do not over mix. Pour into two lightly-greased and floured 8 1/2 x 4 1/2 x 2 1/2 loaf pans. Bake 45-50 minutes at 350 degrees.

HEAVENLY FROSTED SALAD

1-15 1/4 oz. can crushed pineapple
 1-3 oz. pkg. lemon gelatin
 1-3 oz. pkg. lime gelatin
 2 cups boiling water
 1 1/2 cups cold water
 2 bananas, peeled and chopped
 1 cup pecans, chopped
 2 T all-purpose flour
 3/4 cup sugar
 1 egg, well beaten
 1-15 oz. envelope whipped topping mix
 1-8 oz. pkg. cream cheese, softened.

Drain pineapple, reserving 1/2 cup juice; set aside. Combine gelatin in a large bowl; add 2 cups boiling water, stirring until dissolved. Stir in 1 1/2 cups cold water. Add bananas, pineapple and pecans. Pour into a 13x9x2 inch pan. Chill until firm.

Combine flour and sugar in medium saucepan, mixing well; stir in egg and reserved pineapple juice. Cook over medium heat, stirring constantly until smooth and thickened; cool.

Prepare whipped topping mix according to package directions; add cream cheese and beat until smooth. Fold in cooked mixture; spread over gelatin. Chill.

CHOCOLATE/PEANUT BUTTER CHIP COOKIES

2/3 cup shortening
 1/2 cup butter
 1 cup sugar
 1 cup brown sugar
 2 eggs
 2 tsps. vanilla
 3 cups flour
 1 tsp. soda
 1 tsp. salt
 6 oz. chocolate chips
 6 oz. peanut butter chips

Heat oven to 375 degrees. Mix shortening, butter, eggs and vanilla. Stir in remaining ingredients. Drop by rounded teaspoons 2 inches apart onto ungreased cookie sheet. Bake 8 to 10 minutes. Yield: about 7 dozen.

Cookie sale starts Friday

Iowa Park Girl Scouts will start taking orders for the annual cookie sale Friday, according to Mrs. Bob Binion, area supervisor.

All four troops will resume their meetings this week, and the days for the meetings are being announced. Brownie Troop 32, for first and second grade girls, meet each Thursday afternoon, and Brownie Troop 37, made up of third and fourth grade girls, meet on Thursday evenings.

Junior Troop 29, composed of girls

from fourth through sixth grades, meet each Tuesday afternoon. Cadette Troop 34, for the junior high school girls, meet on Wednesday.

 Carey Roberts, Instructor Home Ec. Dept.
- 10. COUNTED CROSSTITCH [Limited to first 20]**
 Counted crosstitch from start to finish.
 Monday February 7 7:00 - 9:00 p.m.
 \$2.00 1 Session I.P.H.S.
 Carey Roberts, Instructor Home Ec. Dept.

Schedule for:

Recreational Activities Center

A course in porcelain doll making will begin at 7 p.m. Tuesday, with Mrs. Mike Young instructing.

All porcelain, paints and firing will be included in the price, as well as patterns for body and clothing. Doll to be used is the "Bye-Lo."

A ceramics class will also begin at 7:30 Tuesday evening and will be continuous.

Lions to sponsor Cowley in contest

Members of the Noon Lions Club voted this week to sponsor James Cowley in the Lions Club public speaking contest, to be held later in the spring.

Cowley, son of Mr. and Mrs. Harold Cowley, recently placed second in state Future Farmers of America competition.

Members also heard a report from John Sibley concerning two local families who were aided over the holidays. The club donated \$100 per family, with which food was purchased at a local grocery store.

UMW meets

The United Methodist Women started activities for 1983 Tuesday with a business meeting and luncheon.

Mrs. Larry Parks presided during the business meeting at which time Mrs. George Trammell introduced Mmes. Ted Anderson, Dave Davis, and James Gossett as new members.

Mrs. James Owens gave the devotion entitled "Leave Some Things Behind in the New Year."

Twenty-five members and one guest, Mrs. J.A. Vasconcellos, were present.

Sorority meets

Eighteen members of Epsilon Eta chapter of Epsilon Sigma Alpha met in Texas Electric Reddy Room Tuesday evening for the first meeting of 1983. Hostesses were Mrs. Charles Dudley, Mrs. Shawn Smith and Miss Paula Beall.

Mrs. Phil McDonald presided over the business meeting. Discussion was held concerning dates and locations for finger printing and identification of local children.

Garden soil preparation

By Don D. Decker
County Agent

It is garden soil preparation time. Early preparation of the soil is probably the single most important practice to successful gardening. My neighbor, Dan York of Iowa Park, already has his garden soils ready for planting in mid-February. He was able to get this task accomplished during the series of warm, dry days prior to Christmas.

His soil preparation technique includes the addition of fertilizer, gypsum, and organic matter prior to tillage. He uses a balanced fertilizer which contains equal parts of nitrogen, phosphorus, and potassium such as 13-13-13 or 8-8-8. The fertilizer is used at the rate of

one-half to one pound per 100 square feet. Gypsum is applied at the rate of five to 10 pounds per 100 square feet. He uses the gypsum every two to three years. York uses all of the organic matter he can rake up. His favorite source of organic material is the barnyard manure from the Wichita Livestock Auction Barn.

After all of the materials are placed on surface, he starts tilling. A roto tiller goes over the garden lightly the first time. He keeps going over the site until the tines of the tiller are running as deep as the platform will allow. His final preparation is plowing up beds on approximately 24-inch centers which places the garden in rows.

One of the key secrets to good soil preparation is proper soil moisture at

the time of tillage. Plowing too wet ruins the soil structure, and it will be cloddy for the rest of the year. Soils are right for tillage when it can be squeezed into a ball. The ball crumbles easily from pressure of the thumb and forefinger. If the ball does not crumble, the soil is too wet. It is alright to till soils which are too dry. Plowing dry soils turns up large, dry clods. But, the first rain melts dry clods into a loose, mellow soil.

The original garden site was cleared from bermuda grass with the use of Vapam, which is a soil fumigant. It is applied after soil preparation and leached into the soil by heavy watering. York prevents bermuda from growing back into the garden by spraying the edges with Roundup during the growing season.

News from Heritage Manor

Activities, both special and regular, for residents of Heritage Manor were announced for January by Lenore Lane, patient activity coordinator.

Weekday activities include:
Mondays - 9:30 a.m., exercise; 10 a.m., arts and crafts; 7 p.m. prayer meeting.
Tuesdays - 10 a.m., bingo, provided by Christ the King Catholic Church volunteers; 9:30 a.m., residents are transported to the cosmetology department to have their hair done.
Wednesdays - 9:30 a.m., exercise; 10 a.m., chapel with Larry Washborn; 7 p.m., prayer meeting.
Thursdays - 9:30 a.m., exercise.
Fridays - 9:30 a.m., exercise; 3 p.m. Bible study with Geraldine Miller.

Schedule for Sunday activities by churches:

Jan. 9 - Grace Baptist Church.
Jan. 16 - United Pentecostal.
Jan. 23 Assembly of God.
Jan. 30 - open.

Special events include:
Jan. 6, 2 p.m., The Melodiers.
Jan. 13 - 10:30 a.m., puppies from the Humane Society.
Jan. 14 - 2 p.m., birthday party for Robbie Dickey (Jan. 26), provided by Faith Baptist Church volunteers.
Jan. 17 - 9:30 a.m., a film, "Remembering Birthdays."

Two new activities will be started this month for residents. A bread-making class will begin at 2 p.m. Monday and a rhythm band, instructed by Pat Aulds, will be at 3:30 p.m. Tuesday.

Friendly Door News

Fri., Jan. 7 - Beef stew, cornbread, and ice cream bars.
Mon., Jan. 10 - Macaroni, cheese & ham, beets, carrot/raisin, applesauce.
Tues., Jan. 11 - Barbecue chicken, potato salad, turnip greens, cake.
Wed., Jan. 12 - Roast beef, gravy, potatoes, green beans, cake.
Thurs., Jan. 13 - Chicken fry, potatoes, broccoli, apple pie.

As I See It....

By BOB HAMILTON

As 1983 gets underway, it appears there is a lot of work ahead for our city council and administrator.

I certainly don't expect as hectic and emotional a year for the city fathers, but certainly the workload doesn't look any lighter.

Where personnel and personalities were the primary topic of the city council throughout 1982, it appears work and money will take their place in 1983.

On the surface, only one personnel problem looms for the council. They must name a new police chief. That is expected sometime in March or maybe early April.

And there may be one other key person hiring by the city. Council has discussed hiring someone to lighten the workload of Charlie Helms, and the position will very likely be filled.

The other big jobs on the horizon are getting started on the new home for the library, weeks of expensive street work, setting up a new sanitary landfill and remodeling of city hall.

I noticed that discussion of the library is on Monday night's meeting agenda. That is an area which really needs some attention, because it has now been 54 weeks since the Burnett property was donated to the city to be used as a library.

Though a lot of work has been done on the project, such as acquiring an architect's design for remodeling, and fund-raising projects, the fact still remains that the library is still in the old high school home economics building.

Repairs on street paving is a never-ending job for the city crews, especially when we have wet years like 1982 and heavy snows like last weekend.

Right along with those pothole jobs is a project which screams for attention: the rebuilding of Park Avenue from Yosemite to Colorado. That area is so bad, it might be wise of the city to close it until it can be fixed.

Iowa Park is no different than any other city when it comes to problems with its sanitary landfill. The present area being used, near Lake Buffalo dam, is almost filled and a new site must be developed.

While land has been leased on the southwest edge of town for a new landfill, there is still much work to be done before it can be used. Right of way must be obtained to the site, and that effort is almost completed.

Then there must be a public hearing concerning the proposed site, but that can't be held until the right

of way work is completed.

Even with everything being ready, should a wrench be thrown into the works, it all could be for nothing and the city would have to start from square one. That, of course, would be if the state rejected the proposed site.

The council will be considering several avenues of work to be done on city hall. One will be what to do with the flat roof that leaks all the time. The other will be taking in the old fire station to provide needed record storage space, much-needed rest rooms and areas of work.

So don't be surprised if you see members of the city council walking around with their sleeves rolled up. Just smile and with the knowledge that they are at work, say "Happy 1983."

Iowa Park School Menu

Fri., Jan. 7 - Corn dog, meat or cheese sandwich, soup, macaroni & tomatoes blackeyed peas, chocolate & plain milk, dessert.

Mon., Jan. 10 - Italian spaghetti, meat or cheese sandwich, soup, tossed salad, fried okra, garlic toast, chocolate & plain milk, dessert.

IRS Tax Tips

FINAL TAX PAYMENT DUE SOON FOR 1982

Taxpayers who did not have enough 1982 federal tax withheld, or whose amended income estimates for 1982 changed substantially during the last quarter, are required to pay the final installment of estimated income tax by Jan. 17 the Internal Revenue Service says.

The IRS notes that there is an exception to this rule for the final installment for those taxpayers who file their returns and pay all taxes

due by Feb. 1. This exception applies whether the declaration is an original or amended one.

Generally, taxpayers must file estimated tax if their tax is expected to be \$200 or more and if they have more than \$500 in income not covered by withholding.

For additional information, a free copy of IRS Publication 505, "Tax Withholding and Estimated Tax," can be ordered by calling the IRS number listed in the local telephone directory under U.S. Government.

Save energy with a heat pump.

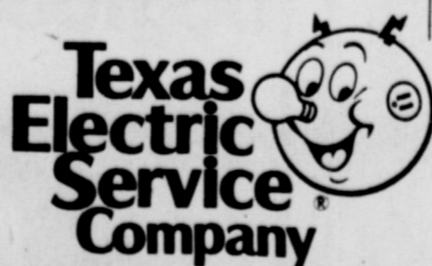

If you're planning to install a new heating or cooling system, consider a high-efficiency heat pump. It's an energy-saving, year-round alternative.

The heat pump provides year-round heating and cooling, using only electricity. During the winter, it extracts heat from the outside air (even very cold air contains heat) and brings that heat inside where it's needed. In the summer, the heat pump is a regular air conditioner, removing unwanted heat from the inside air.

The heat pump is the most efficient combination heating and cooling system that can be installed in your home today.

To learn more about the heat pump, call your air conditioning contractor. And when you call, ask about the year-round heat pump that qualifies for a bonus check from Texas Electric.

Obituaries

Delia Ann Murphree

Funeral services for Delia Ann Murphree, 88, were held Saturday at the Church of Christ in Holliday with Gil Peters, minister, officiating. Burial was in the Holliday Cemetery under direction of Owens-Brumley Funeral Home. She was born May 5, 1894, in Elmore, Okla. and had been a resident of Holliday 62 years. She was a member of the Holliday Church of Christ. She is survived by four sons, Carroll of Buffalo, Walter of Holliday, Fred of Robert Lee and Tommy of La Porte; four grandchildren and eight great-grandchildren.

Lenora Holloway

Mrs. Lenora Holloway, 74, died Friday in a Wichita Falls nursing home. Services were Sunday afternoon at Tanner-Aulds Funeral Home. Rev. Ken Cole, pastor of Faith Baptist Church, officiated. Burial was in Highland Cemetery. Mrs. Holloway was born July 16, 1909 in Emory and had lived in Iowa Park 36 years. She was a member of Faith Baptist Church and a retired nurse's aide. She is survived by two sons, Dale of Panhandle and Lee of Iowa Park, and six grandchildren. Pallbearers were Perry Light, Joe Dale Holloway, Mike Miller, Gary Todd, Lee Reis and Donny Todd.

Dana Doyle Johnson

Services for Dana Doyle Johnson, 86, were held Thursday at Hampton-Vaughan Funeral Home in Wichita Falls with Rev. Ken Cole, pastor of Iowa Park Faith Baptist Church, officiating. Burial was in Lake Creek Cemetery. He was born Feb. 28, 1898, and was a well known service station operator in Iowa Park and the area for a number of years. He is survived by his wife, Vera; two sons, Dan and Wayne of Iowa Park; two sons, D. Vernal Johnson of Wichita Falls and Leroy Johnson of Weatherford; nine grandchildren; 19 great-grandchildren and four great-great-grandchildren.

Edward Sefcik

Services for Edward Sefcik, 61, who died Monday in a Wichita Falls hospital, were Wednesday afternoon at Totten-Day Funeral Home in Electra. Rev. Joe Ainsworth, pastor of First Baptist Church, officiated, and burial was in New Electra Cemetery. He was born Feb. 27, 1921, in Wilbarger County and had lived in the Electra area all his life. He was a retired farmer, member of First Baptist Church and a member of the Veterans of Foreign Wars. Survivors include five brothers, W.A. of Burleson, R.C. and Louis, both of Iowa Park, R.F. of Harrold and R.W. of Electra; two sisters, Lucy Wright of Iowa Park and Joyce Barker of Denison.

Bessie Cameron

Mrs. Bessie Cameron, 71, a former resident of Iowa Park, died Dec. 16 in a San Antonio hospital. Graveside service was held at the Boerne Cemetery Dec. 19 with Rev. Tom White, an Episcopal minister, officiating. Burial was under direction of Ebensberger Funeral Home. She was born Sept. 11, 1911 at Davidson and moved to Iowa Park at an early age. She is survived by a son, Thomas of Ozona, and two grandchildren.

Emmett Lynn Battles

Emmett Lynn Battles, 50, of Holliday, died Thursday in a Wichita Falls hospital. Services were Monday afternoon at First Baptist Church of Holliday with Rev. Lloyd Riddles of First Baptist Church of Abernathy officiating. He was assisted by Rev. Mike Greshman of First Baptist Church of Holliday. He was born Aug. 28, 1932 and had lived in the Holliday area six years. He was a U.S. Postal Service letter carrier and retired member of the U.S. Air Force. Survivors include his wife, Mary; a daughter, Barbara Lynn of Holliday, Calif. and Myron of La Mesa, Calif.; a sister, Jewel Davis of Longview; three stepdaughters, Danielle Chaney of Shreveport, La. and Wren and Beth Barry, both of Wichita Falls; and two grandchildren.

DAREDEVILS such as Troy Linticum on his three-wheeler and Robert Hastings on skis developed new ways to use the four-inch snowfall to their advantage.

Texans rate law enforcement agencies

Texas residents in general are satisfied with the courteousness and fairness of police officers, while those arrested for misdemeanor crimes are not. These were among the results of a recent study of "Public Perceptions of the Police in Texas," conducted by the Survey Research Program of the Criminal Justice Center at Sam Houston State University. Responses came from 1,345 individuals from 181 Texas counties, selected at random and questioned earlier this year on their experiences during 1981. "At no time in the history of Texas have the police been under greater public scrutiny," said Dr. Raymond H. Teske, Jr., director of the survey. The study, published in the press, the judicial system, public officials and others consistently make reference to the role of the police. Another survey topic which Teske said has not received adequate study is the extent and types of contact Texans have with the police. "Most law-abiding citizens are pleased with their police," said Teske. "Highest marks went to the Department of Public Safety, followed by local police and sheriff's departments."

The DPS was rated professional or very professional by 82 percent of those surveyed. Local police and sheriff's departments got 65 percent positive ratings in those categories. Ratings on fairness in administering the law were 80 percent for DPS, either very fair or fair; 65 percent for sheriff's departments; 64 percent for local police. Among those who had been arrested for misdemeanor offenses (29 of the 1,345 respondents, 34 total arrests), fairness ratings were understandably lower. A total of 52 percent of those arrested said they had been treated unfairly (38%) or very unfairly (14%). Only two respondents had been arrested for felony violations. Ratings on competency, dedication, and courteousness were high among all surveyed, with least positive perceptions being reported in the category of honesty. The DPS was rated as very competent (24%) or competent (56%), for a total of 80 percent. The local police earned 64 percent and sheriff's departments 61 percent total ratings in these categories. The DPS was rated as very dedicated or dedicated by 73 percent, as compared to 60 percent for local police and 55 percent for sheriff's departments. The DPS received 77 percent ratings as very courteous or courteous, with the local police totaling 65 percent and sheriff's departments 61 percent. In the honesty category, DPS got marks of 70 percent as very honest or honest and local police and sheriff's departments 61 percent each. More than half of all Texans (57%), according to survey projections, had at least one contact with police during 1981. Of these, 58 percent were with local police, 13 percent DPS troopers, 12 percent police of another city, and seven percent a sheriff's department. Of those reporting contacts, 29 percent were for traffic violations. Almost half (49%) of these were for speeding and 17 percent were for out-of-date license or inspection sticker violations. Of those stopped, 62 percent were given tickets, and 72 percent said they were treated fairly. Of those surveyed, 221 (16%) said

they had been victims of crime during the previous year which they had reported to the police. Of those, only 43 percent were satisfied with the overall job done by the police, 35 percent dissatisfied, and 22 percent gave no opinion. The most frequent types of victimization reported were burglary (6.6% of all respondents) and vandalism (5.1% of all respondents). In only one-half (53%) of the incidents did the complainant actually sign a complaint or report form for the police, someone was arrested in only 15 percent of the crimes reported, and in only five percent of the cases was someone convicted. If property was stolen, in only 15 percent of the cases was the property recovered. General questions relating to crime were also included on the survey. Over one-half of the respondents (54%) felt that crime in their community had gotten worse in the past three years, and 52 percent expect it to get worse in the next three years. Survey participants were asked about their use of police services during the past year and their lifetimes.

SOCIAL SECURITY TIPS

CONTINUING DISABILITY INVESTIGATIONS
Medical Science has greatly helped people to recover from serious illnesses and accidents. Social Security is required by law to review each person who receives disability benefits at least once every three years. This review is to ensure that every person receiving disability benefits is still disabled. Disability benefits are paid only as long as a person is truly disabled and they are not guaranteed income. To begin a disability review, you will normally be asked to visit your local social security office. During the visit, the review process and your appeal rights will be explained to you, and you'll be asked to give a complete medical update. We want to make a fair decision so it is important that you let us know about all your medical history. The decision as to whether you are still disabled will be based on your medical evidence. You may be asked to go to a special exam that the

government will pay for. How long your review takes depends on how fast your medical sources respond. You will be notified of the outcome of your review in writing. If you are not pleased with the outcome you may ask for an appeal. Normally you will have time to appeal before your checks are stopped. Remember that Social Security is required by law to review everyone who receives disability checks. These reviews may make you anxious but your local social security office will work with you.

Carts stolen

Three shopping carts were reported stolen Saturday from Wal-Mart, according to police reports. A witness told police she saw two men load three carts into a blue van and drive south on Yosemite. Police were unable to locate the van, however.

ABOUT TOWN

Heather McLaughlin, granddaughter of Mr. and Mrs. Frank Harlin, was the recipient of a doll given by the Library Board. Santa Claus drew her name Dec. 18 at Wal-Mart.

Area oil, gas report

Cher-Mac Operating of Burkburnett has filed for permit to drill the No. 1 Doyle-Beta and the No. 3B Doyle-Beta in the Wichita County Regular Field. Both wells are scheduled for spudding in Wichita County's G. Wheelwright Survey. The No. 1 well has a proposed total depth of 1,450 feet and will be located in an 80-acre lease, about 10 miles northeast of Wichita Falls. The No. 3B well is about eight miles northeast of Wichita Falls in a 76-acre lease.

The No. 1A & 2A Roller "A", two developmental wells in the Wichita Regular Field, are scheduled to be drilled 2.5 miles southeast of Burkburnett. Clymer-Schaaf Properties of Wichita Falls is listed as the operator. Locations are in a 70-acre lease in the C. Larbaetrier Survey. Projected total depth is 1,400 feet per well.

TS&T Drilling Inc. of Electra has revealed plans to drill a 2,000-foot developmental well in the Wichita Regular Field. The operator has 370-acres leased, with drillsite in Wichita County's R.J. Scott Survey and has designated the venture as the No. 4 Roller. Drillsite is four miles south of Iowa Park.

Arcadia Refining Co., operating out of Tyler, has recorded a successful developmental well in the Wichita Regular Field. It is the No. 6-S H.H. Wade, showing potential for 5 barrels of oil per day on an open choke.

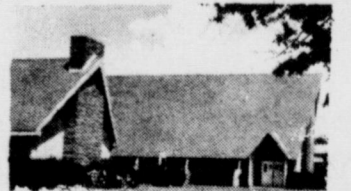

Drillsite was in a 500-acre lease in the GC&SF Survey, 7.5 miles southwest of Wichita Falls, Wichita County. The well was drilled to a total 816 foot bottom, after entering the pay structure at 750 feet. It was perforated to produce from an interval 750 to 757 feet.

SWEEP HIRSCHI

Varsity teams undefeated so far in district play

Iowa Park's varsity basketball teams are undefeated in Dist. 3-AAAA play after sweeping Hirschi here Tuesday.

For the Hawkettes, the victory over Hirschi was just more of the same because they had already played two other conference opponents and stand at 3-0.

But for the Hawks, the win was a major one because it not only was their initial district contest, but Hirschi is the pre-season favorite to take the title.

Defense by both teams led to the Hawkettes' 45-26 and Hawks' 60-54 victories.

Jumping out to a 16-4 first quarter lead, the girls continued their domination to hold a 30-11 lead at halftime. Though Hirschi's height dominated play under the baskets, they seldom were able to get the ball down court on offense because of Iowa Park's full-court press.

Lisa Yeakley led scoring with 23 points. Canning seven of her 10 shots from the free shot line, she kept the defense off balance by scoring four of

her eight field goals from well outside and the others on fast break layups.

Lisa Sefcik was runnerup in scoring with eight.

Several times during the boys' game the Hawks rattled Hirschi with their defense, creating turnovers that led to surges of points for the green and white.

After holding a 10-6 lead at the end of the first quarter, the Hawks saw that lead slip to only one point, 24-23, at the half.

Iowa Park built leads in the third and fourth stanzas, but Hirschi's domination of the boards and outside shooting of Ronie Smith pulled the visitors to within one or two points again.

The taller Huskies controlled the backboards most of the evening, often taking three and four shots at the goal.

Kevin Bidy played his usual role as leading scorer. Though the shortest player on the court, the senior guard canned eight field goals and six free shots for 22 points.

Biddy became cold at the charity line in the third quarter, missing five of six attempts. But he warmed up in

the latter stanza to aid in the victory.

Two other Hawks finished in double digits. Marc Klunkerman and

Wayne Hodges, both of whom were credited by Coach Earnie Reusch for their defensive play, wound up with 13 points each.

The Hawkettes junior varsity also won their game, 33-32, but the Hawk Jayvee fell 36-19.

PLAY TOMORROW

Iowa Park travels to Boswell tomorrow and then hosts Vernon Tuesday. On both dates, the varsities and junior varsities play, with the first game starting at 3:30 p.m.

Following the Vernon contests, the teams travel to Gainesville Feb. 14, host Burkburnett Jan. 18, hit the road again Jan. 21 to Mineral Wells, and then host Azle Feb. 25 and Boswell Feb. 28.

Municipal Court Records

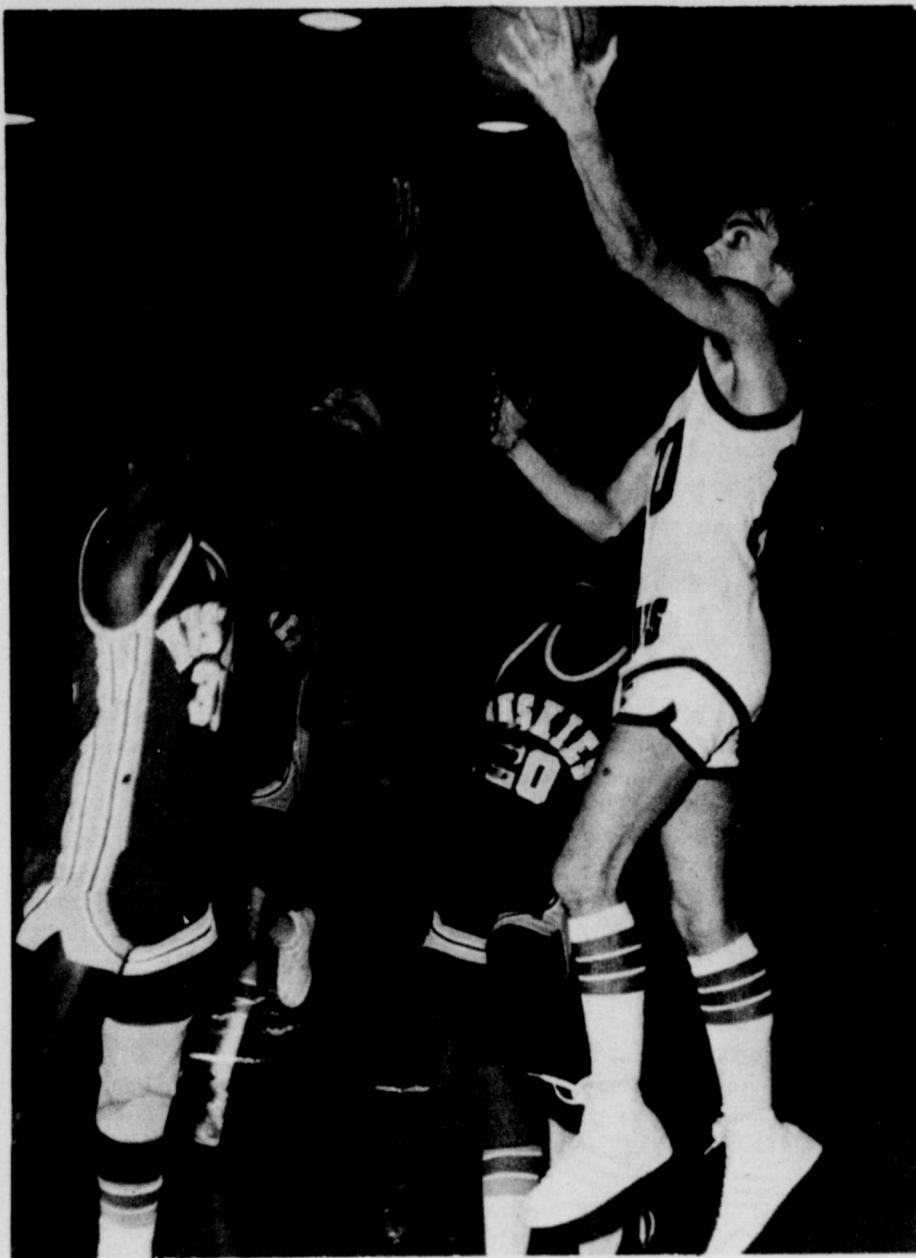

Results of municipal court held here yesterday were:

Donna Meador Simon, expired drivers license, \$31;
Donna Meador Simon, disobeyed stop sign, \$31;
Paul Allen Rumble, failed to yield right of way, \$31;
Stanley Wayne Slaton, speeding, \$31;
Bobby Lee Moore, public intoxication, \$31;
Sammy Ray Lee, public intoxication, \$31.

Michelle Bamber on honor roll

Michelle Bamber, a 1982 graduate of Iowa Park High School, a freshman at Panhandle State Univ. at Goodwell, Okla. has been named to the President's Honor Roll for maintaining a 4.0 grade point average.

The daughter of Mr. and Mrs. Ronald Wyatt, she is taking 20 hours with a double major in computer science.

KEVIN BIDDY DRIVES FOR BASKET AGAINST HIRSCHI ... senior guard scored 22 points.

LISA SEFCIK DRAWS FOUL AND SINKS LAYUP ... as Hawkettes swamp Lady Huskies.

ANNOUNCEMENT

HERE, AT PARK PHARMACY, we have recently installed a modern Taxco Record System, to make available to you, at any time, a complete record of your original Prescriptions and Prescription refills for each year or for any given period.

Under this System your individual record of your Prescriptions will be so maintained as to qualify for Income Tax deduction, Insurance Requirements or for any other purpose under which you may need or desire such a record.

For instance, if you were to lose or misplace your Prescription and had no record of its original Prescription number with which to obtain a refill—it would be instantly available to you under your individual record.

Or, your Doctor may wish to review the medication you have had over a previous period of time; this, too, will be instantly available to him from your personal file.

A copy of your complete record will be available to you at any time or at the end of each year and your record for each succeeding year will become a permanent part of your personal file.

THERE IS NO CHARGE FOR THIS SERVICE—just a request from you to fill out the information below at your convenience and your file will be set up immediately.

City discusses buying backhoe

Holliday City Council Monday night discussed purchasing a new backhoe for the city, and amended the employee manual's section dealing with holidays.

Since the last meeting, council has talked at length about repairing or replacing the existing backhoe, and Monday discussion centered solely on the purchase of a new one. Aldermen were shown specifications from the Case 580-D model backhoe, while Mayor James Cook and alderman Jimmy Willis explained that the 580-D was similar to the model Case 580-C backhoe except for the cosmetics of the body, but a few thousand dollars more expensive than the 580-C.

Aside from the benefit of having a new piece of equipment as opposed to a used backhoe with no knowledge of the maintenance done, Cook said the newer models have locks on the motor, gauges, fuel tank and other parts. In addition, council learned that the company manufacturing Case equipment can also give a 25-percent discount to governmental agencies. With the new model costing between \$29,000-\$30,000, for a Case 580-D, the city could save up to \$6,000. Savings of up to \$5,000 are

possible for the 580-C, which costs \$25,000.

City administrator Jim Hamill was instructed to come up with specifications for a backhoe fitting the city's needs, in order to advertise for bids in the near future.

Funding of the expensive piece was also discussed, and city attorney Gary Southard was asked his opinion of whether or not the city could acquire a loan to finance it. Southard said through his research nothing has been enacted by legislation forbidding government entities from acquiring loan, but that didn't necessarily mean it was legal, also. Common ways to finance such an expense include certificates of obligation or bonds. Cook said the council will take the matter up once again at the next meeting, to allow more time to study the financing issue.

Faced with Christmas holidays in 1983 falling on Saturday and Sunday, council discussed amending the employees manual to specify city holidays in such a case.

Council agreed to allow employees off Friday, Dec. 23, and Monday, Dec. 26, 1983. In addition, if a single holiday falls on a Sunday, the

employees will have Monday off. If the holiday falls on Saturday, employees will take the preceding day, Friday, off.

In other business Richard Kriedler met with the council to discuss Holliday's Explorer Scout program, council agreed to have a second phone installed at city hall, and members of the Holliday Volunteer Fire Department displayed the new Jaws of Life they are currently seeking donations for.

Kriedler, president of the Explorer Scout troop in Holliday, consisting of 25 members between the ages of 14-21, sought the council's help in purchasing safety jackets and flashlights in order for troop members to direct traffic at the scene of an accident.

According to Kriedler, the troop was started one year ago, but fell through, but started up once again. "It is going full force right now," he

commented, adding that the group is discussing various fund raising projects to finance its activities.

Included in the list of activities is working with local police, helping senior citizens, and observing personnel at Sheppard A.F.B. hospital.

Mayor Cook told Kriedler the city could not donate money, but would be more than willing to help in any other way. The Explorer Scouts in Holliday are sponsored by the volunteer firemen, and Lions Club.

Firemen, displaying new version of the Jaws of Life, said that some donations have been made, but the department is still a long way from paying for the equipment. The tool, operated by one person and powered by a Scott Air Pack, costs \$4,484, or about half the cost of the original Jaws of Life. Contributions can be made to any of the 20 volunteer firemen.

Holliday News

Firemen elect new officers

Officers for the Holliday Volunteer Fire Dept. this coming year were elected recently, with president Chuck Parker and vice president Randy Stone maintaining their positions.

Others elected include: Rod

Dolberry, chief; Melvin Bills, assistant chief; Bob Bryan, secretary/treasurer; John Harrigal, captain; Hershel McDaniel, training officer; Dickie Kriedler, lieutenant; Charlie Wilson, reporter; and, Jennifer Wylie, mascot.

Holliday to host monthly meeting

Holliday will host the monthly Northwest Texas Water Utilities Association dinner-meeting at 7:30 p.m. Thursday, Jan. 20, in the Holliday High School cafeteria.

Representing the city will be water superintendent Morganna Thorn, mayor James Cook, city administrator Jim Hamill, and Rep. Charles

Finnell. The meal will be catered by Stanley's of Wichita Falls.

The water utilities association meets in member cities once each month to exchange information, offer sources of training and education, and to encourage friendships among area communities.

District race heats tomorrow

District basketball heats up for Holliday beginning tomorrow night when the Lady Eagles host Henrietta. The Eagles will not play their first district game until Jan. 18, when both teams travel to Petrolia.

The Lady Eagles, 6-10 on the year, lost Tuesday night 35-27 to Megargel, while the Eagles edged the same team they beat in their own tournament a few weeks back, 61-60.

Debbie Long, who led all scorers in the Lady Eagle's thrilling 48-30 win over Nocona last Friday night with 18, was held to 10 points against Megargel.

Megargel, runners-up to Seymour in the Holliday tournament, went ahead 10-4 in the first period, and both teams traded baskets in the second period which ended 16-10. Freddie Knobloch pulled Megargel further ahead in the third period, with the Lady Eagles outscored 12-6. Long led the Lady Eagles in a fourth

period rally, outscoring the visiting team 11-7, but it wasn't enough.

Mike A. Parker and Kevin Lilley were the big guns for the Eagles against Megargel. Parker poured in 22 points, while Lilley added 18. Kevin Blankenship and Brad Harmon also scored in double figures, with 11 and 10, respectively.

The brother duo of C. and C.D. Knobloch combined for 43 points in Megargel's bid for an upset. In the junior varsity game, Holliday won easily 32-19.

The junior varsity girls will play Henrietta before the varsity game,

beginning at 7 p.m. The two teams will also host Archer City Tuesday night, also starting at 7.

The junior varsity girls will also accompany the varsity teams to Petrolia on Jan. 18.

The Lady Eagles' win over Nocona

and the Eagles' loss to the Indians will not be reflected in the district standings, since both schools are in different zones.

Zone "1" includes Holliday, Olney, Henrietta, Petrolia and Archer City. Zone "2" includes Nocona, Jacksboro, Chico and Boyd.

Area oil, gas report

B.M. Hester of Wichita Falls has filed for permit to drill two 5,600 foot wells in Archer County's ATNCL Survey. The No. 2 Aminex B is an oil wildcat to be located in a 500-acre lease, about 6.5 miles southeast of Holliday. The No. 3 Aminex A is a developmental well situated in a 235-acre lease of the B.M. Hester Field, 5.5 miles southeast of Holliday.

Location has been staked by Bop Production of Megargel for a 2,000 foot developmental probe in Archer County's Jefferson County School Land Survey, 4.5 miles southeast of Archer City. The well is designated as the No. 4 George Ikard. Drillsite will be in a 480-acre lease in the

Archer Regular Field.

S.A. Frerich of Scotland has revealed plans to drill a 1,200-foot developmental probe in the Archer Regular Field, five miles southwest of Scotland. The well will be located in a 65-acre lease in Archer County's C&P Survey and is to be designated as the No. 1 S.A. Frerich.

The No. 1 Smith, a developmental try in the Archer Regular Field, is scheduled to be spudded five miles north of Megargel. With projected total depth of 1,600 feet, the well will be in an 80-acre lease in Archer County's C.S. Smith Survey. Dick Boyd of Olney is listed as operator.

Drug traffickers are robbing our kids of their future. Over 17,000 Texas high school seniors are daily drug users... an alarming statistic that merely scratches the surface.

Kids from age twelve to seventeen are the victims. Their innocence earns these criminals easy money. Now is the time to shut down this business in Texas. It won't be easy. Dealers are just the bottom of the drug dealing pyramid. These pushers get their drugs from the kingpins... those at the top of the network... the drug traffickers.

Drug dealing to minors is a hideous crime and those criminals must be stopped. A joint effort by law enforcement and concerned citizens is necessary in declaring war on drug traffickers.

There are no absolute answers but a major step has been taken. A statewide anti-crime hotline is answered 24-hours a day. This hotline is designed to aid law enforcement in a crackdown on drug traffickers.

For the month of February, the Crime Stoppers Advisory Council is focusing its statewide "Crime of the Month" on drug trafficking. Any citizen having information about major drug trafficking is asked to call Texas Crime Stoppers at 1-800-252-TIPS. Cash rewards are available for information leading to the arrest and indictment of criminals. Citizens do not have to reveal their names, just their information, and they will be given a unique code number for identification purposes.

Call 1-800-252-TIPS today with any information on major drug trafficking in Texas. Help stop this growing menace to young people of our state.

Burglary occurs every two minutes in Texas, leaving behind losses that cannot be replaced. In Texas, burglary rings account for 245 million dollars worth of stolen goods annually, an average loss of 966 dollars per home.

Crime prevention is one answer to this growing problem. The simple act of locking one's home before leaving, reduces the chances of burglary by 20 percent. Asking your neighbor to pick up your newspaper when you are away from home and turning household lights on at intervals, can deter a prospective burglar. The Texas Crime Stoppers Advisory Council is doing its part to see that those criminals who make their living by stealing from others are put where they belong - behind bars.

For the month of January, 1983, Texas Crime Stoppers is focusing its statewide "Crime of the Month" program on burglary. Any citizen having information about burglary is asked to call the anti-crime hotline at 1-800-252-TIPS. Cash reward are available for information leading to the arrest and indictment of these criminals. Our efforts to combat crime cannot succeed without active citizen involvement. Your support and participation in this program will be a formidable obstacle to any criminal.

Call 1-800-252-TIPS today to help shut down burglary rings in Texas.
