Three homes burglarized during daytime Friday

Property valued possibly as high as \$5,000 was taken in three daylight burglaries Friday in Garden Valley Addition.

Homes were entered, ransacked and burglarized at 111 Hope Lane, 307 and 401 West Valley Drive, according to police reports.

Two of the homes were known to have been entered between 7:30 a.m. and 12:30 p.m., and the third sometime between 6:30 a.m. and 6:30 p.m. Forcible entry was noted at two of the homes.

Someone removed a window to enter the Charles Childs home at 401 W. Valley. According to the list of missing items, this was where the biggest haul took place.

Included on the list was \$100 in cash, numerous rings of which many had diamonds including a \$500 wedding set, two calculators, two pen sets, gold chain, Mexican and German coins, bronze cannon, three watches, gold chains, pearl necklace, a \$150 leopard skin purse, two micro cassette recorders, numerous earring sets, electric shaver, ladies' underwear, perfume, electric baseball game, fishing reel and travel alarm.

A window on the east side of the Gary Teer home, 307 West Valley Drive, was broken to gain entry.

Other than a can of root beer, a plastic bag and a glass jewelry box, nothing else was listed as missing.

There were no signs of forced entry at 111 Hope Lane, but Brenda McIntyre stated the house was locked at 7:30 a.m. and both the front door and back door (with a deadbolt lock) were standing open when she returned at 12:30 p.m.

Signs of rummaging were noted in the kitchen, bedroom and child's room. Listed as missing were a watch, gold necklace, calculator, two purses, camera, Six Flags piggy bank, two make up bags, lingerie, jeans, stuffed bear, earring stand, all valued

at approximately \$250.

Bural Marshall Yoder said someone took \$221 worth of fishing equipment and gear from his boat overnight while it was parked at 204 E. Washington.

A window of an automobile was reportedly broken out while parked overnight Saturday at 716 Alameda. Kenneth Garrett, who filed the report, estimated damage at \$75.

Shortly after 5 p.m. Tuesday, police had to chase two young men off the city water tower at Lake Gordon. They were Ken Xelon and Mark Alan McKenzie, ages 20 and 21 respectively.

Police tell home-protection plan

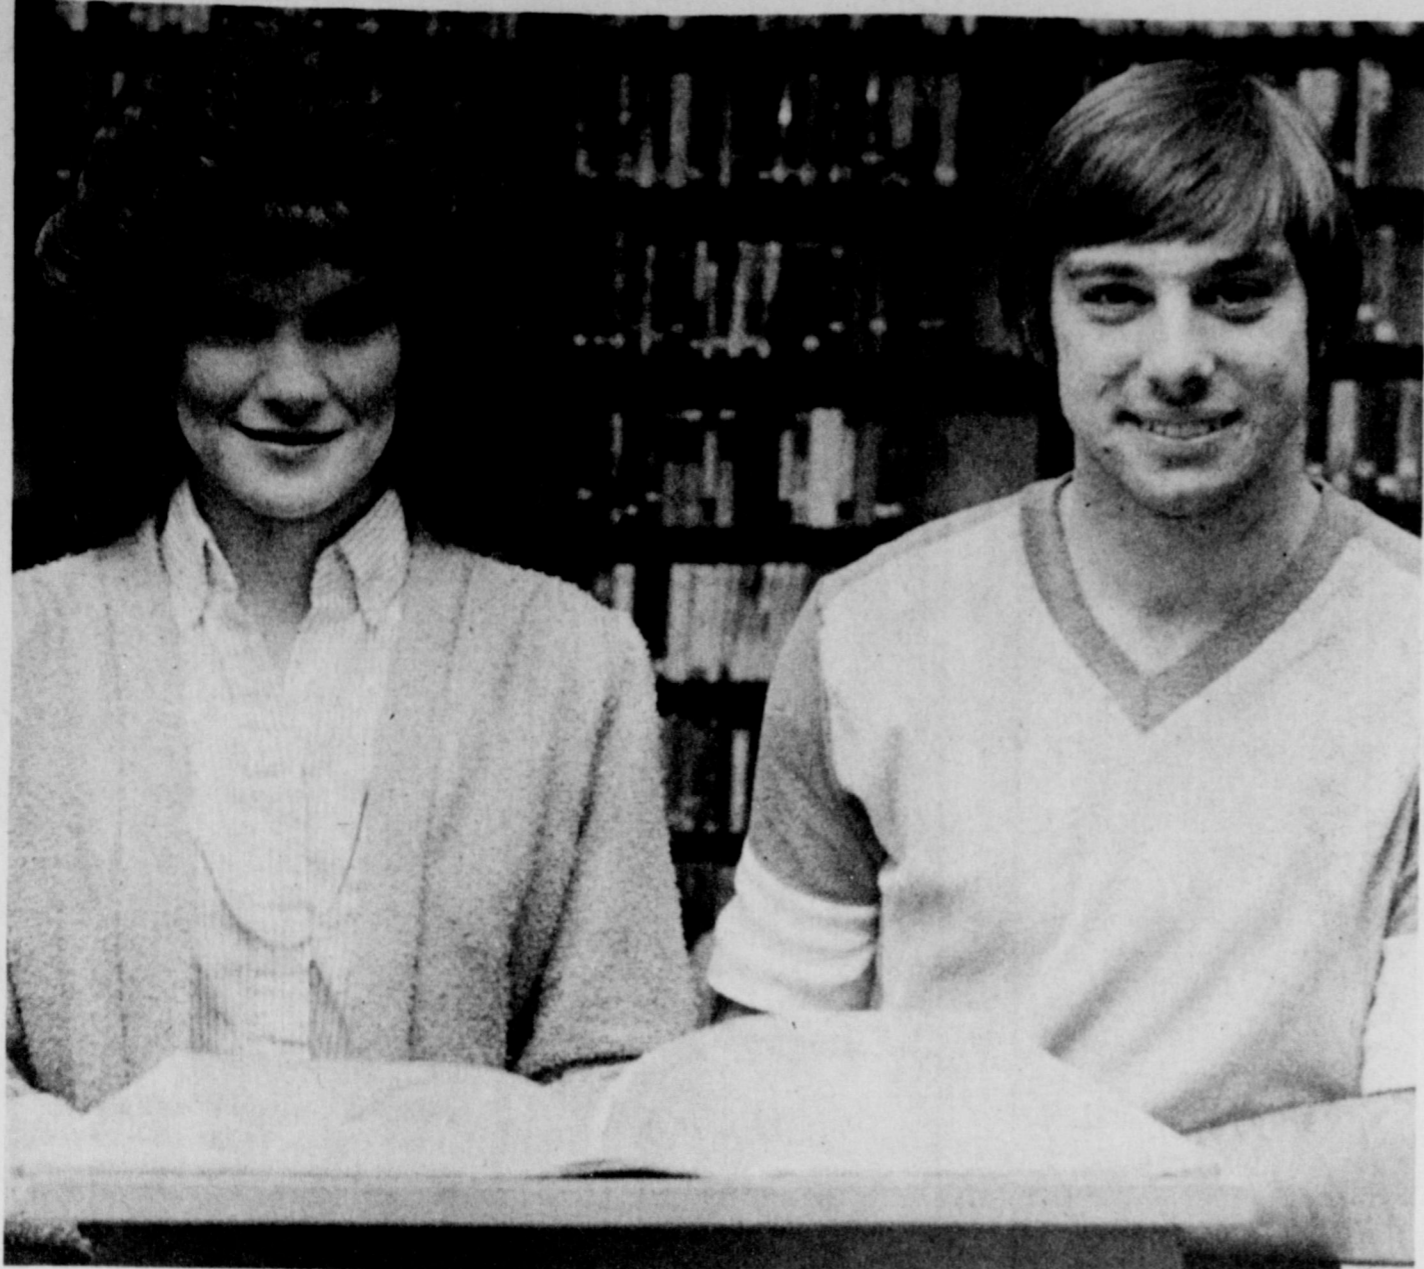

The Iowa Park Police Department is initiating a new program designed to help curb vandalism and burglaries of homes.

Chief Tom Fenley said special attention will be given homes if requested by owners.

"We will check houses at least three times daily when the owner is out of town and has notified us in advance," he said.

Additionally, when notifying the department of one's intentions of being out of town on trips, the owner should also explain who locally might have a key and who can be contacted in case of an emergency.

Homeowners suspicious their property might be attacked while at work can also give that information to the police and special attention will be given by patrolmen while cruising the neighborhood, Fenley said.

HONOR GRADUATES - Salutatorian and Valedictorian for Iowa Park High School graduating class of 1983 were announced this week. They are Lori Barr, daughter of Mr. and Mrs. Charles Barr, and James Cowley, son of Mr. and

Mrs. Harold Cowley. Miss Barr completed her four years of high school with a grade point average of 97.1 and Cowley 97.8.

City, school meetings scheduled

Both the city council and school board will hold regularly-scheduled meetings next week, and both apparently will be brief sessions, according to their agendas.

The city meeting will begin at 7 p.m. in council chambers, and the school board will meet at 7:30 p.m. Tuesday in the school administration building.

On the city's tentative agenda are an ordinance and resolution to be considered.

Aldermen will consider proposed

ordinance to place stop signs on Bond at the intersection with Aldine. The resolution, if approved, would authorize the city administrator to make application for a 50 percent matching grant to put a teletype in the police department.

Aldermen will also consider bids submitted to sell a pickup and also hear suggestions on a schedule for work sessions to prepare the city budget.

An executive session for discussion of personnel is also on the agenda, according to James Barrington,

administrator.

Personnel will also be discussed at the school board meeting. Supt. Harold Cowley said a few personnel resignations will be considered and possibly the hiring of some new personnel.

Bids will be opened for the purchase of a driver's training car. Assignments are to be made by Chairman Roy Boutwell.

Under discussions are two topics: summer maintenance program and board policies.

Cryovac adds more space

Workmen are in the process of adding 13,500 square feet to the west side of the plant at Cryovac.

Manager Frank Gossett confirmed yesterday the additional space was needed because machines to produce a new product will be added "toward the end of the year."

Gossett declined to elaborate on the new project, citing obvious interest by competitors.

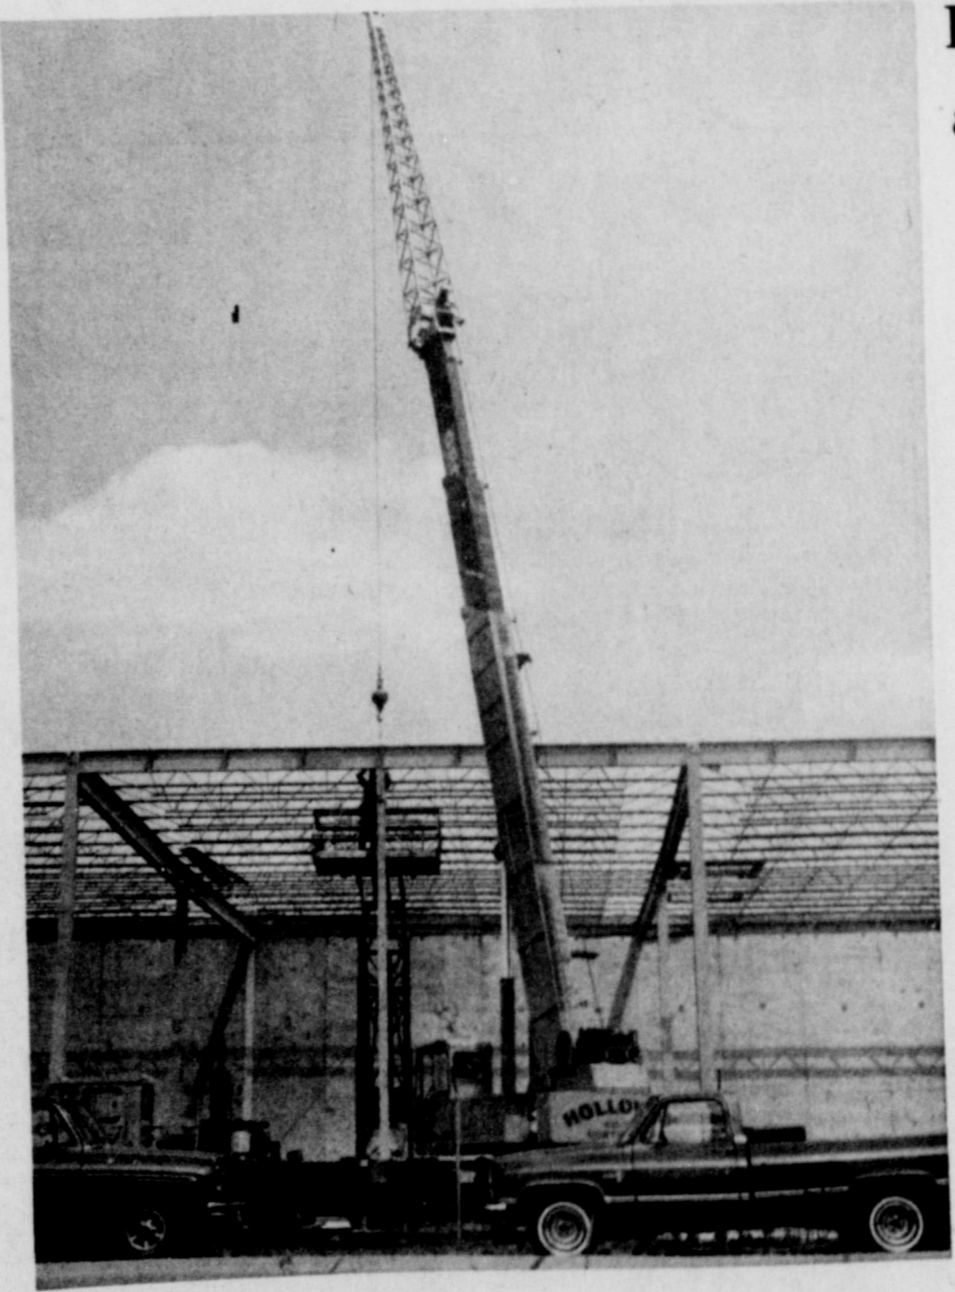

He did say, however, that approximately 12 additional personnel would be required to operate the machinery, working three shifts five days a week.

National economic conditions created a "slack period" for some of Cryovac products during February and March. During that period, personnel who normally work 40 hours a week on equipment other than extrusion, were cut to 32 hours.

But business is "picking up," Gossett said, and operations are back to normal. One employee said many are working overtime now.

Gossett said the firm may have to add some personnel "within the next 30 days."

The current expansion is believed to be the fourth major project at the plant since it began operation in 1975. Plastic bags and films are produced.

Building permits are \$94,545

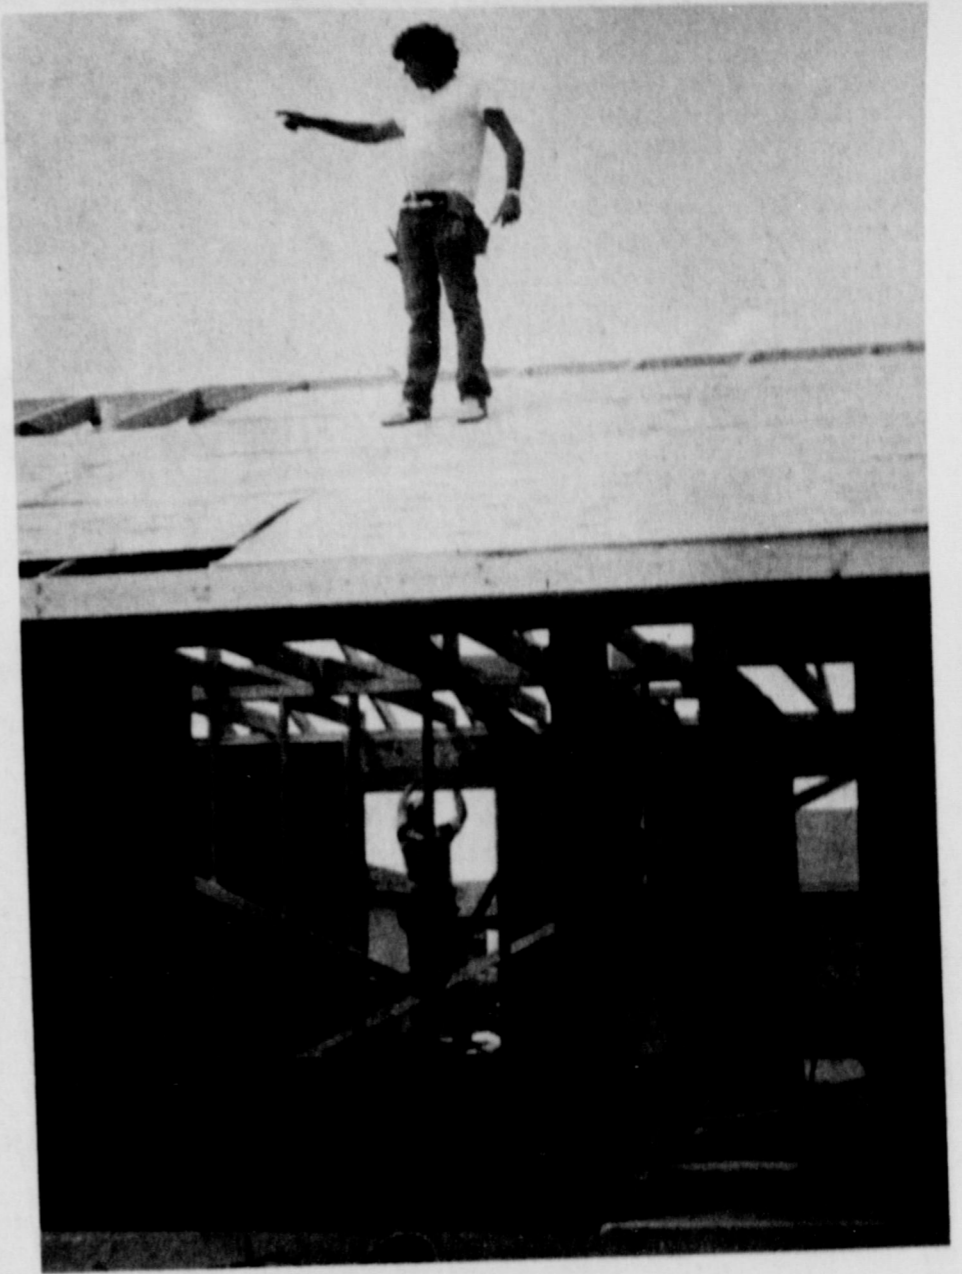

Based on building permits issued during the first quarter of 1983, Iowa Park's construction will easily surpass the million dollar mark.

April's permits amounted to \$94,545, bring the year's sum to \$329,093.

Permits included one new residence, four mobile homes and the rest additions and alternations.

Permits included:

- Lynn Bleeker, 713 W. Rebecca, addition, \$800;
- Harold White, 307 E. Alameda, addition, \$1,000;
- Gritrue Britt, 703 E. Jefferson, alteration, \$4,850;
- Wallace Smith, 1306 Edgehill, additions, \$3,500;
- Gordon C. Bohannon, 801 W. Smith, mobile home, \$24,000;
- John Louis Chapman, 1009 W. Louisa, addition, \$400;
- Mark Bottles, 702 E. Lafayette, addition, \$300;

Local, state events set for 'Older Texans'

Several members of the Friendly Door are expected to participate in the North Texas Fitness and Fun Day for Senior Adults, to be held May 14 at Sheppard AFB.

While most apparently will be competing in dominoes, others possibly will be participating in other activities of the day, according to Mrs. Elmer Singleton. Persons 55 years of age and older

have been invited to participate in the athletic and recreational events, including basketball free throw, softball free throw, Frisbee throw, 50-yard walk, one mile walk, 50-yard and 100-yard run.

Separate events will be held for men and women, in three age groups: 55-64, 65-74 and 75 and over.

Teams are invited to compete and a revolving trophy will be given to the

designated team winning the most points. Competition is open to teams from centers, nursing homes, retired persons chapters, camping groups, adult Sunday school or church groups.

Recreational events for all ages and sexes will include 42, dominoes, bridge, checkers, washer pitching, ugly face contest, name-that-tune and dances to include waltz, jitterbug,

Cotton Eyed Joe, polka, Schottische and 10 pretty girls.

Each group is to have its own record for dance music.

There will also be a "roll-a-thon" wheel chair race, for those confined to wheel chairs.

Contestants should have a sack lunch with them.

Registration will begin at 8:30. Cost for entry will be \$1, and the first

150 entries will receive a T-shirt to commemorate the event.

A similar state event is planned May 18-21 at the Univ. of Texas at Arlington. That one is slated May 18-21, but deadline for registration is May 11.

There are 48 events for participants, ranging from bowling, golf, track and field (16 events), tennis (5 events), racquet ball,

swimming (7 events), running (5K and 10K) and bicycling, to billiards, 42, basketball throw, checkers, walking, horseshoes, washer pitching, dancing (6 events) and bridge.

Registration forms and information can be obtained from senior citizen centers, telephoning 214-369-8206, or by writing Hal Geldon, Box 676, Richardson, 75080.

Book review attracts 140 persons

Approximately 140 persons heard Mrs. Lovell Baker of Dallas review "Confessions of a Totalled Woman" by Karen Wise at the third annual Amity Study Club's book review and luncheon Saturday at the high school cafeteria.

Ten outstanding Iowa Park seniors were honored with plaques of recognition and a presentation of \$1200 was made to Tim Hunter, head of Friends of the Tom Burnett Memorial Library. The money represented profits from the last two book reviews bringing the total donated by Amity Study Club to the library to \$1700 in three years.

As a part of the presentation, Mrs. Earnie Reusch recited an original poem entitled "A Grand Lady" depicting the stages of the Burnett home and its 60 years of existence.

Mrs. Baker called the book she reviewed "one book you would enjoy owning and one you'll want to go back to again and again."

She recounted the chapters speaking totally from memory, telling of an ordinary Atlanta housewife, mother of two children, wife of one man.

In the chapter, "Please help me stomp out spiritual giants," Karen Wise compares herself to the immaculate, perfect, total woman and describes her life as that of a common woman who makes mistakes, one who deals with rejection, ill health and obesity.

In a chapter dealing with family life, she discussed using positive words with the children even when it is hard. She talks of building the character of children as individuals instead of as clones of parents. "Who will teach our children respect, good manners and religion if we, the ones who love them do not," she asked.

Mrs. Baker in continuing the review said that the real world is compared to the fantasy presented by television. Her observations included: there are no indepth discussions

about deodorants and no trauma over ring around the collar. The real world is the PTA fighting drugs and being a displaced woman after 24 years of marriage.

In the chapter on making friends in your home, the author suggested "keep it simple-enjoy your friends."

A high point of interest in the review was "Liberated Women-Are You Listening?" The three categories of women described were: the whining idiots who have no goals, the

mannish type fighting for rights, and the missing category, one who can work if necessary but still wants to be a woman.

The book review artist ended her presentation with "The Softening of the Hearties," telling the story of Philip, who, although terminally ill, has defied all predictions for life. She remarked that most people are too serious and must be able to empathize which is part of being a Christian, and closed with "A merry heart doeth me

good, let us laugh and enjoy one another."

Seniors honored were Kevin Robnett, Kregg Fehr, Lori Barr, Andy Anderson, James Cowley, Kent Roberts, Susan Davis, Darla Flick, Robby Hausler, and Terri Oswald.

Lioness Club members hear of northern trip

Mrs. D.O. James and Mrs. Grover Clemland presented a travelog on a Kraftours trip that they made during the summer of 1982 through eight states, including Alaska, Alberta, British Columbia and the Yukon for the program at a Lioness Club meeting Thursday evening.

Interest in the slides during the narration focused on the spectacular scenery in Canada and Alaska and historic buildings in the lower states. The program was closed with a reading "The Travel Ten Commandments" by Mrs. Clemland.

Mrs. L.A. Thurlo served as program leader and conducted the business. For the devotion, she gave "I'm a Prude with Pride."

During the business, the following officers were elected for 1983-84: Mmes. Thurlo, president; D.O. James vice president; Grover Clemland, secretary; Sam Hill, secretary; V.I. Karstetter, directors.

A certificate of appreciation was presented to the club from state headquarters of The Runaway Hotline for volunteer assistance in publicizing the help available for runaways.

Mrs. Thompson was hostess for the meeting held at the Evening Lions Club building.

UMW luncheon held Tuesday

The United Methodist Women held the annual May luncheon Tuesday at the church with Mrs. James Owens presiding.

Preceding the luncheon, Mrs. H.W. Carter presented a combination of her own interpretation of Spring and Mother's day. Using principally the latter theme, she began with the first rustle of spring and the blooming of the first wild flowers which bring happiness into the lives of people as well as a special message from God. "Just as nature begins a reviewing of God's land so should we with our own spiritual living and our surroundings," she observed.

Continuing, Mrs. Carter mentioned the important part that flowers play in people's lives and said that no bouquet is quite as beautiful as the first flowers of spring a child brings to his or her mother as a symbol of love, just as the coming of spring symbolizes God's love for his creation.

She used a significant quote from the Upper Room giving the story of a woman at a special meeting who wrote the word "Mother" on the line requiring her profession. In closing, Mrs. Carter used Helen Rice Steiner's poem, "Praying Hands."

As I See It....

By BOB HAMILTON

There's not much I like about our present governor.

I think Mark White lost whatever support I may have had for him when he campaigned on promises I knew he could not carry out. That includes pay raises for teachers and election of PUC members, neither of which could be delivered without action of the legislature.

But he further alienated himself when he proposed to pay for the teacher salary increases with "sin taxes."

First of all, I'm not sure our educators would like to be associated with sin. The term is stupid, if you will. After all, I don't think my smoking is sinning, though lily-white Mark might.

Now, if he really wants to raise money sinning, maybe he should get

behind the pari-mutual horse race betting bill. Smoking isn't against the law in Texas, but betting on the nags is.

There are a lot of people who don't feel wagering on the outcome of a horse or dog race is sinning, either.

But if pari-mutuel racing was approved, the figures offered are that \$53-million would be realized for the state the first year, and that would increase to more than \$126-million by 1988.

If teachers are hungry enough for a raise from "sin taxes" to support White's proposal for more taxes on smokes, they would really lick their chops at the idea of money from race tracks.

White does draw a little sympathy from this writer, however; he's got Bob Bullock, the reportedly dried-

out-drunk comptroller who likes to send cow chips to editors, nipping at his heels for the next governor's race.

Now that's a combination that will really have the Democrats scratching their heads on how to vote in the next party primary. It will be tough to decide between a candidate who "stretches the truth" while campaigning and another who delights in seeing how much over 100 MPH he can push his new car down a highway.

Probably the best bill the legislature could come up with this session would be one prohibiting either White or Bullock from ever again wearing a white hat.

Then the people would at least have a visual appreciation of what they were dealing with.

State hospital seeks volunteers

"All Kinds of People Should Reach Out and Help One Another." The Volunteer Services Department of Wichita Falls State Hospital is recruiting students for the "Reach Out" Student Volunteer Program for this summer. A four-day orientation-training will be conducted Tuesday, June 8 through Friday, June 11, from 9 a.m. to noon.

The special orientation-training is designed to prepare student volunteers for working with and without patient contact. Facts about mental illness and mental health, goals and organization of the hospital, and the volunteer's role in treatment will be presented during the four days. Activities included in the orientation will be participation in various therapy groups, tours of the units and departments, panels of hospital personnel, current volunteers' experiences, role playing, and a picnic with patients the last day of the training.

To be a student volunteer in the June through August program, one must be 14 years old or older, be interviewed prior to the orientation-training, have parent's permission if under 18, provide their own transportation, and agree to work as little at two hours one day a week.

Volunteer positions available to the student volunteers include assisting in the classroom on the Children's Unit, working in the X-Ray Clinic, in Occupational Therapy, Music Therapy, the Fashion Shop, assisting in the Adult Education program, being a ward friendly visitor, participating in a recreation program, and more. Following the orientation-training each student will choose his assignments. However, anyone attending the orientation-training is

under no obligation to volunteer if he chooses not to.

Volunteering offers an opportunity to learn about mental illness and mental health, as well as exploring the different vocations in the health care field. Volunteer service is also an excellent reference for future employment.

Students interested in "reaching out" to the hospital's 600 patients should call the Volunteer Services Department at 692-7010 and arrange for an interview.

Letter to the Editor

To All Residents of Iowa Park.

We, the four families on the far end of South Wall, would like to Express and Give Credit that is gratefully due to the Street Dept. Employees of our city.

Numerous rumors have been passed about trying to get Homeowners to give their pros and cons on the all weather alleys. Our little group decided to give our city a try at repairing the entrance and worst part of our alley.

Employees of the city had already made a good road bed of sand stone, which was only short term. Our group contacted the Street Dept. with the idea, we Residents buy the rock

needed to finish the job to make this alley section all weather. Within five minutes they agreed to spread the rock if we residents purchased the rock. Rock was Delivered and great pains were taken by the Street Dept. in spreading the rock to give us a great alley (better than most city streets). Now our trash can be picked up anytime and of course we too can use the alley. It is apparent the city does not have the funds to do complete jobs on the alleys, but for a few bucks, from each Resident could accomplish what we and the city needs. It is our firm belief, if people of Iowa Park would work closer and cooperate with our city government, more good things could take place in our city.

We hear of more things people everywhere are against, but very little (if any) of what they are for.

Again many thanks to our city Employees that helped us, when we tried to help our selves.

DENETTE VANEK and JOSEPH FAIELLA

Couple sets July date

Mr. and Mrs. Bill Vanek announce the engagement of their daughter, Denette Ruth, and Joseph N. Faiella of Corpus Christi, son of Mr. and Mrs. Louis Faiella of South Weymouth, Mass.

Miss Vanek was graduated from Mary Carroll High School at Corpus Christi and is presently employed as a

word processing technician by Merrill, Lynch Co., Inc. The prospective groom was graduated from South Weymouth High School and attended Harvard Univ. at Boston. He is employed by Carmel Construction Co. at Corpus Christi. The First United Methodist Church in Iowa Park will be the setting for the wedding July 2.

Special activities planned for Heritage Manor residents

In observance of National Nursing Home Week (May 8-14), Heritage Manor has planned several activities to which the general public is invited to witness. The activities include:

Sunday - open house, 2:30-4 p.m.; a balloon lift off will be at 2:45.

Monday - games day with checkers, dominoes, cards and bingo; a group of fiddlers is to perform at 6:30 p.m.

Tuesday - barnyard day - Humane Society is to have dogs for patients to pet at 10:30 a.m.; other animals at 4 p.m.; and a carnival at 6:30.

Wednesday - kite flying contest to begin at 10:15 a.m. to 11 a.m.

Friday - kids' day at 10 a.m.

Saturday - "rest."

Fresh vegetables in the spring and summer become the best planned part of many menus because the homegrown ones are spectacularly delicious and brighten the taste buds as no other foods can. The really fortunate people are those who have their own gardens and can be sure that vegetables appear on their tables absolutely fresh.

The appealing taste of fresh vegetables must have been a craving of Baron Eduard de Rothschild because it is said that he never sent word to his gardener what vegetables he had chosen for dinner until an hour before mealtime because he wanted them to be fresh.

Jackie (Mrs. Billy) Moffitt, evidently appreciates vegetables because okra, tomatoes, onions, green pepper, squash, celery and black-eyed peas are important ingredients in her recipes for this week.

When the cowpea arrived in the United States, it became known oftener as black-eyed peas from the black spot on one end; it is also sometimes called the blackeye bean or simply the black eye.

The black-eyed pea is firmly established in the south today which might not have always been the case. It was perhaps in danger of dying out when Jefferson instructed his overseer at Monticello to have a certain plot on the estate planted urgently "with cowpeas, of which there is a patch at Mr. Freeman's to save, which, great attention must be paid as they are the last of the neighborhood."

Black-eyed peas are not so popular in the northern states and are cultivated mostly for forage, and people from that section of the nation remind southerners that "we feed those to cattle." The peas do not seem to have as colorful and interesting history as the green peas which Christopher Columbus is supposed to have planted first in America on Isabella Island. Just as the Indians accepted the green peas enthusiastically, so have southerners accepted the black-eyed peas.

Mrs. Moffitt, who is branch manager of the United Savings office in Iowa Park, and her husband, who is self-employed, live in Wichita Falls. A graduate of Wichita Falls High

Mrs. Billy Moffitt

School, she has worked for Parker Square Savings and United Savings a total of 18 years. She is a member of the Wesley United Methodist Church. Her hobbies are tennis, reading, bicycling, painting and gardening.

Mr. and Mrs. Moffitt have a son, Alan, a daughter, Belinda Beavers, and three grandchildren, all of Wichita Falls.

WHERE FAMILIES OF ONE OR MORE ARE WELCOME

What picture comes to mind when you hear the word "family"? Do you see a mother, father, and 2-3 children? What does a family look like?

Every family is unique. There are families with children, some with no children, some are single-parent families, and there are "blended families" — where a new family is formed from former ones. "Part-time" families occur when a parent has custody on week-ends or during vacations. Families come in all sizes and in wide variation. Your family — of one or more — is... welcome with us. Though every family has its own specific set of problems and potentials, we all need Christ, His love, and and human caring. Let us meet your family this week!

NEWS FROM THE Halls of the Hawks

By KARI HAMILTON

The library will be closing Friday in order to inventory all books and materials. A good many students still have overdue books. These need to be turned in this week. If you can't locate a lost book, it needs to be paid for within the next two weeks.

Applications are being accepted for the Annual Staff. The staff will accept one photographer and three staff workers. Turn your applications in to Mrs. Venhaus.

The annual awards assembly will be held at 9 a.m. Tuesday. Teachers

will present award certificates to the top students in all subject areas. Also, students will present to the school the trophies that have been won during the year.

Another assembly will be held next Thursday. All scholarships will be presented.

The basketball and other spring sports awards normally given at the spring sports banquet will be presented at this time. Also, the Marine Corps is to give the John Phillip Sousa Award in band.

Missionaries program topic

Mrs. J.A. Berg led the program on "Ministering to Foreign Missionaries and Their Families" during a meeting of the Night WMU of First Baptist Church held at the church Monday. Mrs. V.I. Woodfin was hostess.

Assisted by Mmes. Roy B. Smith, W.F. Booher, S.B. Reaves and D.O. James, who gave topical discussions, the program emphasized ways that the missionaries home on furlough and on foreign fields could be ministered to. Providing a house, furnishings, transportation and warm friendship were stressed as ways that people could minister to missionaries home on furlough; and caring for their parents and children in the states attending school, prayer and giving were emphasized as ways to minister to them when they were serving on foreign fields.

During the business directed by Mrs. Woodfin, it was voted to adopt the North Broadway Day Care Center for the May missions in action project. A nominating committee composed of Mrs. Bill Curry, Mrs.

Elmer Singleton and Miss Helen Reed was elected, and the annual WMU Houseparty at Waco was announced for Aug. 8-10. Twelve members were in attendance.

Psychologist to speak here

The chief clinical psychologist of Vernon Adolescent Drug Abuse Treatment Center will speak at a meeting here Monday evening.

"Family Stress: Its Contribution to Drug Abuse and Discipline Problems," will be the topic of Dr. Jerry Lyles at 7 p.m. in the Iowa Park Junior High library.

Sponsored by the West Wichita County Special Classes Cooperative, the program is intended for interested parents and teachers wishing to better understand the pressures faced by adolescents today.

No admission will be charged. Dr. Lyles has for many years been working with teenagers who have drug and alcohol abuse problems. He maintains a private practice in marriage and family counseling.

FOR WATER TAP

Council approves Molina's appeal

Holiday City Council Monday night granted a variance to an amendment to the water ordinance it passed one week earlier, in action taken during a short regular meeting.

Council allowed an exception to Rudy Molina for a water tap to a home currently under construction on the 100 block of W. Chestnut. The home sets on a city lot already

occupied by an existing dwelling. The amendment made to the water ordinance last week restricted the number of water taps per city lot, or 5,000 square feet, to one.

A grandfather clause was inserted in the amendment before final passage, allowing water taps to structures already receiving water

but in violation of the space restrictions. Molina's request raised the question of whether or not to allow a tap for a dwelling under construction at the time the amendment was passed.

Aside from action taken on Molina's request, council heard a report from Mayor James Cook on various subjects, and paid bills.

Thinclads to region

Nine Holiday thinclads travel to Stephenville tomorrow and Saturday in hopes of advancing to the state track meet in Austin May 13 and 14.

Tough competition is expected, though, at the Tarleton State University track.

Hurdler Kevin Blankenship will compete in the 110-meter highs and 300-meter intermediates. The 400-meter relay team consisting of Kris Toliver, Jeff Wise, Bruce Bynum, Mike A. Parker and Tom Hamill will also compete, and Toliver will double up with another run in the 100-meters.

In the field events, returning once again from a second place finish in regionals last year is high jumper Patt Capps. He will be joined by fellow Eagle weightman Barry Hardin in the pole vault and Clint Sissom in the discus.

Eagles beat Nocona

Senior Eagle Jeff Belcher upped his personal record to 6-1 in the pitching department, as well as going three-for-four at the plate, as Holiday beat its old nemesis Nocona Tuesday afternoon at Indian field.

Belcher's hitting performance was equalled by fellow senior Brad Harmon, and the two accounted for four earned runs scored. Belcher received support from Mike W. Parker at the mound as the Eagles increased their chances of a playoff spot with a 5-2 district record, 11-5 overall.

Coach Jake Cotrell's starting nine allowed one Indian run in the bottom of the first inning, then proceeded to tighten up defensively. The Eagles increased their 3-1 first inning lead with two runs each in the second and third frames, before adding single runs in the fourth and fifth inning.

Holiday's two losses have come at the hands of district leading Boyd (6-1) and Petrolia (3-4). The Pirates lost to Boyd Tuesday in Boyd 11-7.

Three regular season games remain on Holiday's schedule.

Two bills by Finnell await White's signature

The Capitol office of State Rep. Charles Finnell announced the final passage of two bills aimed at substantially reducing the cost of state government. In ceremonies at the State Capitol on May 3rd, Governor Mark White signed into laws House Bills 691 and 1214 by Finnell.

H.B. 691 answers a federal mandate to bring state statutes into compliance in the area of weight limitations for vehicles on Texas' highways. Prior to this measure, Texas law on maximum weight loads did not extend to state-maintained highways inside of city limits. This loophole threatened Texas' access to federal highway funds amounting to over \$160 million dollars.

H.B. 1214 will affect the administrative operations of the Employees Retirement System of Texas. Officials estimate that the measure should save Texans as much as \$659,000 over the next five years.

In other action last week, Rep. Finnell appeared before the House Committee on Criminal Jurisprudence on behalf of his H.B. 2045 and H.B. 2046. The first bill would increase the penalty for 2nd offense cruelty to animals from a Class A Misdemeanor to a felony of the third degree. The second bill is aimed at outlawing alcohol and other controlled substances in county jails. This bill would create a felony offense for any individual to furnish an inmate with alcoholic beverages, controlled substances or dangerous drugs except with the prescription of a physician. The Criminal Jurisprudence Committee passed both bills favorably and reported them to the full House.

"With only 28 days remaining in this 140-day regular legislative

session, we are facing the most active period ahead," Finnell stated. "The Governor has, to date, signed two House bills into law. I am pleased to have two of my House bills completed and now at the Governor's desk, before the final days of the session."
