June 16

PARK CLINIC DR. WATSON  
510 W. ALAMEDA  
IOWA PARK, TX 75661

ALLEN SHEWMAKE has been named school tax collector by the board of school trustees, succeeding Bill Steger. Shewmake pledged this week his office, which will be cut from four to two persons, will be open to the public and ready to lend any assistance to residents who have questions on their taxes. He will also be in charge of the school's transportation department.

# Steger's resignation accepted; audit turned over to DA

Bill Steger's resignation was officially accepted and an audit of school records turned over to the district attorney to determine if a felony has been committed.

Monday night's action by the Iowa Park school board was the second of two meetings held concerning Steger, who until May 31, had served as district tax collector and director of food service and transportation departments.

Following a 14-minute executive session, during which accountant

Nayland Smith went over his audit of the affected departments, the meeting was reopened to the public and board president Roy Boutwell read from a prepared statement. He said:

"I have prepared this written statement, on behalf of the Board of Trustees, Iowa Park Consolidated Independent School District, concerning the matter before us. This statement will constitute the only official comment that will be forthcoming from the Board, and with

the statement, we collectively consider the issue closed.

"On Thursday, May 26, 1983, Mr. Nayland Smith, Certified Public Accountant, was commissioned by this Board to conduct a special audit of the tax office, as well as the cafeteria and transportation departments of the School District; these departments and office were under the direct control and supervision of Mr. Bill Steger.

"On Tuesday, June 7, 1983, a special, called meeting of the Board

was held to review the preliminary findings of the audit. The findings revealed specifically, the probability of the misappropriation of funds, and the misuse of commodities and material. In all fairness to Mr. Steger, no action was taken at that time on his previously submitted letter of resignation, or on the audit report, until such time as he was afforded the opportunity to meet with the Board and Mr. Smith, in an attempt to resolve any, or all of the discrepancies. Accordingly, a special, called meeting of the Board was convened this evening, June 13, 1983. Mr. Steger was invited to attend this meeting, as a courtesy to him, both by certified mail, and in the person of Mr. Harold Cowley, Superintendent.

"By action of the Board, this evening, Mr. Steger's resignation has been accepted, effective May 31, 1983. Additionally the preliminary, special audit, although not an exhaustive examination of all of the records available, has been accepted as a final report; no further audits of records concerning this matter will be ordered by the Board.

"With good conscience towards our obligation to the citizens of this School District, and being advised by legal counsel that we are obligated to do so by law, this Board is compelled to turn the findings of the audit over to the District Attorney's Office for a determination of whether or not a felony crime has been committed, and for the final disposition of this matter. After final disposition by the District Attorney, this audit report will become a public record, available for review in the School Administration Office, during normal operating hours."

The audit can be withheld from the public as many as 10 days, under the Texas Open Records Law, unless the District Attorney determines prosecution is necessary and the audit is part of the case's evidence, in which case it would remain closed to the public until the case is tried.

Steger was hired as tax assessor/collector for the school district in 1966.

Prior to dismissing the meeting, board members unanimously approved naming Allen Shewmake as school tax collector. An employee of the office since 1970, Shewmake will also be in charge of the transportation department.

Because all responsibility for the food service department has been transferred to the administration building, the tax office staff is to be trimmed from its previous four members to two, Supt. Harold Cowley explained.

Vol. 14, No. 40    IOWA PARK, WICHITA COUNTY, TEXAS 76367    THURSDAY, JUNE 16, 1983

## County's road may be blocked to landfill

City council members Monday night were informed of a minor roadblock concerning their proposed new sanitary landfill.

With slightly more than a week remaining before the official public hearing (9:30 a.m. June 30 in council chambers) by the state health department, Iowa Park was informed by County Judge Tom Bacus that an arrangement for road maintenance must be reached or a load limit would be implemented.

The city has applied for a landfill site to be approved by the state. It would be located southwest of the

city, with access from Smith Road. Judge Bacus said in his letter to the state that county road would be used, 1.1 miles on Smith Road and .4 mile on Johnson Road.

However, Administrator James Barrington told the council the city is already maintaining all but .5 and .2 miles of the roads in question.

The judge's letter was to Jack Carmichael, chief of Bureau of Solid Waste Management, and a carbon copy forwarded to Barrington and Gordon Griffith, Precinct 3 commissioner. In it he said:

"... I have discussed the

application with the County Commissioner from Iowa Park and find that there is no apparent adverse effect other than the fact that access to the landfill will have to be over County roads, with the concurrent increase in deterioration of the roadbed due to increased traffic.

"Specifically, access will apparently be by 1.1 miles of Smith Road and 0.4 miles of Johnson Road. Unless there is some kind of agreement to assist us with the maintenance of these roads, we will probably have to post road limits in order to maintain the projected useful life of these

roadways.

"We welcome any comments that you may have with regard to this matter. By copy of this letter I am also advising the City Manager of Iowa Park and the Commissioner of Precinct 3 of their need to get together and discuss this situation ahead of time."

City aldermen, during discussion on the topic, immediately pointed out among themselves that little or no maintenance on the roads has been carried out in a number of years. In fact, the surface between the railroad and Smith hasn't been resurfaced

since it was ripped up a few years ago.

Aldermen also said they had not asked for any county assistance on the streets off the highway to the county barn in the southeast part of town, which is used by heavy county trucks.

Mayor Charlie Lee and Barrington are to visit with the county officials before next Thursday's hearing, in an effort to remove whatever obstacles the county may have placed before the state, in an effort to have the landfill site request approved.

### OTHER BUSINESS

Barrington, at the request of alderman Bud Thompson, explained a missing amount of money which had been pledged to the library by the city, and was not completely expended for architect fees.

The money in question was \$20,000 from the 1981-82 revenue sharing fund, from which \$5,947.17 was paid

## Trustees hear TABS report

School trustees Tuesday night heard reports on two different achievement tests given during the past year to students, and gave tentative approval of policy book revisions concerning food service and transportation departments.

Comments on the tests were presented by the school's three

counselors and high school vice principal, each emphasizing the Texas Assessment of Basic Skills (TABS) tests are not for comparison with other school systems.

The tests, according to the counselors, is to determine areas where more emphasis is needed in order to assist students to achieve

"mastery" in the basics of math, reading and writing.

TABS tests are administered to all students in the third, fifth and ninth grades, as well as re-testing students above the ninth grade who did not achieve mastery and new students in the system who did not take the TABS in the ninth grade.

With a goal of 85 percent of students taking the tests achieving mastery, the following results were posted on the composite for third and fifth graders this year:

Third grade - six of 10 objectives in math mastered; six of eight in reading and four of five objectives in writing.

Fifth grade - four of 10 objectives in math; three of 10 in reading and four of six in writing.

Overall mastery of the basics is not computed for those in the third and fifth grades, but it is in the ninth grade.

Mastery of the basics in math among this year's ninth graders was 85 percent, 91 percent in reading and 98 percent in writing.

Herman Escue pointed out that, unlike some schools in the state, special education students are also administered the tests. This, in some cases, may lower the overall class grades and be misleading. But he said since the test is for curriculum development and not for comparison with other schools, he felt it was important for all students to take the tests.

A test developed in California, referred to CTBS Achievement Test, is administered to all students in elementary grades. Subjects covered are reading, spelling, language and mathematics.

The test is administered in the sixth month of school, in order to give a level of achievement, and in every level, students tests above their grade level.

As an achievement reference point, a student in the second grade, tested in the sixth month, should have a test

grade of 2.6 if advancement is normal.

Total "battery," which is an average of all grades per class, were: second grade, 2.9; third grade, 4.0; fourth grade, 5.4; fifth grade, 6.6; sixth grade, 8.1 and seventh grade, 9.3.

In other words, the test indicates the seventh graders have an overall achievement, based on the California test, of a freshman student in the third month of the year.

### POLICY CHANGES

The cafeterias will no longer be managed by a single person, but each campus will have its manager who is responsible, in order of authority, to the principal, superintendent and board of trustees.

Managers will meet each Monday to plan menus and consolidate purchases, with purchasing orders submitted directly to the administration building.

All cafeteria personnel are now to wear white uniforms and hair nets. The managers are responsible for selecting personnel for extra-curricular and overtime work.

Cash registers and totalizers (two are to be purchased to outfit those cafeterias without them) will be used for collection of money and receipts will be deposited in the bank daily.

Along with the policy, the trustees adopted a pay scale for cafeteria personnel, to be implemented this fall. Salaries for regular workers will range from minimum wage, \$3.35 per hour, to \$4.50 for those with 12 or more years experience. Part time workers will receive \$3.35 or \$3.85, the lower for less than one year experience.

Managers will receive \$4.85 if less than five years experience, and range up to \$5.50 per hour with 12 years experience.

The transportation department will be the responsibility of Allen Shewmake.

## ◆ News in brief ◆

### Leader to print early next week

The Leader will observe early deadlines and printing time next week in order for members of the staff to attend the Texas Press Association convention in Austin. News and display advertising

deadlines will be noon Tuesday, while classified advertising will be accepted until 4 p.m. Tuesday.

The issue, which will carry a dateline of June 23, will be printed Wednesday morning.

### Neighborhood Watch meeting Tuesday

A Neighborhood Watch meeting will be held at 7:30 p.m. Tuesday at Christ The King Catholic Church, First at Clara, according to Don Decker, co-chairman.

"We are hoping to develop some neighborhood directors for all areas of the community," Decker said. He emphasized the need for volunteers from the Bradford Elementary and

north central part of town, areas not represented at the previous meeting.

A film on the Neighborhood Watch Program and how it works will be shown, as well as two pamphlets being distributed courtesy State Farm Insurance.

Future meetings are planned for the areas of the city's two elementary schools, Decker said.

### Bloodmobile to be here Monday

The Red River Regional Red Cross Bloodmobile will be at Faith Baptist Church from 3:30 to 7 p.m. Monday, sponsored by Iowa Park Optimist Club.

Donations are used by hospitals

throughout North Texas and Southern Oklahoma.

"One hundred percent participation at all scheduled Bloodmobiles will provide the blood which is so vitally needed by hospital patients," said Jim Grove, local drive chairman.

### Two reunions are scheduled

Two reunions for former classmates are scheduled during the next week in Iowa Park.

The Valley View School Association will meet Saturday at Iowa Park High School. A steak dinner will be prepared and served at 6 p.m. by the MuleSkinners, said Danny Cravens.

June 25, the 20th anniversary reunion for Iowa Park High Class of 1963 will be held at the ASCS building. Registration is to begin at 1 p.m. and a catered meal served at 6:30, according to Mrs. E.T. Patterson, one of the class room mothers.

**Weather Report**

Weather reports are officially compiled for Iowa Park at the Texas Experiment Station, southeast of town.

Rainfall for week.....	1.01
Total for month.....	1.61
Total for year.....	15.33
Total last year.....	21.59

# Schmidt, Drummond vows are exchanged Saturday

Miss Frances Cecilia Schmidt, daughter of Mrs. Evelyn Schmidt and the late Kenneth Schmidt, and Gary Drummond, son of Mrs. Peggy McAnally of Arlington and Ted Drummond of Wichita Falls, were married Saturday afternoon in the Sacred Heart Catholic Church in Wichita Falls. Monsignor Charles B. King officiated the double-ring vows.

The altar decorations featured the unity candlestick trimmed with leatherleaf and sprengeri and a white bow, Boston ferns and candelabra holding burning tapers. White silk bows marked family pews.

The wedding music was provided by Ann Jorgensen, organist, who

played the traditional marches, Cindye Green, pianist, who played the accompaniment for a vocal solo, "God, a Woman and a Man" by Claudia Vedet.

The bride was presented in marriage by her brother, Michael Schmidt. She wore a formal white Chantilly lace sleeveless gown designed with a low neck bordered with a ruffle that formed cap sleeves. The long skirt featured tiers of lace that extended the length of the chapel train.

She wore a fingertip embroidered illusion veil gathered to a wreath of yellow and white silk flowers. She

carried a cascade of yellow sweetheart roses, peach carnations, baby's breath and sprengeri fern. Following the wedding, reception, the bride tossed a small replica of the bouquet.

The bride was attended by her two sisters, Miss Kathrine Schmidt as maid of honor, and Miss Gloria Schmidt as bridesmaid. They were attired in smart two-piece yellow cotton street-length dresses featuring smocked collars and puffed sleeves. They carried nosegays of yellow and peach carnations with matching streamers.

The groom wore a gray ascot tuxedo with tails, and the best man, groomsman and ushers wore less formal gray tuxedos. Jeff Coats served as best man and Mark Bynum of Wichita Falls was the groomsman. The ushers were Lynn Coats and Kelly Coats of Holliday.

The bride was graduated from Iowa Park High School where she was Who's Who in Home Economics and a member of FHA. She is employed at Wichita General Hospital. The groom was graduated from Holliday High School and is employed by Lone Star Gas Co. The couple will live in Iowa Park.

The bride's mother gave the reception in the Parish Hall. The refreshment table was covered with a peach linen cloth skirted with white lace. The centerpiece was a four-branched silver candelabrum appointed with peach candles, yellow and peach carnations, baby's breath and sprengeri fern.

The four-tiered white cake at one table extremity was sculpted with heavy grape scrollwork accented with lace hearts and trimmed with frosting flowers in the chosen shades. Two sets of Grecian pillars and a top ornament of yellow and peach silk wedding bells added bits of interest to the confection. The cake and punch were served by Miss Lori Huckobey and Mrs. Jeff Coats.

Mrs. Brent Hrcirik directed signatures of wedding guests at a peach linen-covered table appointed with a crystal vase of yellow sweetheart roses and the wedding book.

The rehearsal dinner was given Friday evening by the groom's father

MRS. GARY DRUMMOND

at the home of the groom's grandmother, Mrs. Mary Pybus, at Holliday. Out-of-town wedding guests in addition to the groom's mother were Mr. and Mrs. Wiggins and Phillip of Schertz, Mr. and Mrs. Gus Fischbeck, Dean and Michelle of New Braunfels.

## Couple weds at Sheppard

Teresa Gaye Cummings and Douglas Lee Arnold Jr. exchanged vows in a double-ring ceremony Friday at Sheppard Air Force Base Chapel No. 3. Officiating was the bride's brother, Jack Cummings, Church of Christ minister.

The couple are graduates of Iowa Park High School. The bride is employed by Wal-Mart and the groom is employed by Trice Electronics in Wichita Falls where the couple will live.

MRS. DOUGLAS LEE ARNOLD JR.

The bride is the daughter of Mr. and Mrs. Jack D. Cummings of Iowa Park, and the groom is the son of Mr. and Mrs. Douglas L. Arnold Sr. of Burkburnett.

Honor attendants were Jana Cummings and Douglas Arnold Sr. Ushers were Jim Cummings and Dennis Blevins Jr.

## Handy man's shower held

Brian Catlin, who will be married to Lisa Cadwallader Saturday at the St. Jude Catholic Church in Burkburnett, was honored at a handy man's shower Sunday afternoon at the Armadillo Steak House.

Hosting the affair were Messrs. and Mmes. James Yarbrough, Daniel York, Russell Yarbrough, Jerry Robertson and Dan Williams.

A country and western theme was observed in decorations and food for the party. Fifty guests attended.

# Miller, Bentley wedding Saturday in Little Rock

Miss Meredith Lynn Miller and John Clifton Bentley exchanged their wedding vows Saturday afternoon as they stood before a white satin-covered prayer bench in the chancel area of the Pulaski Heights Baptist Church in Little Rock, Ark. Dr. Jerry Warmath, pastor, directed them in the recitation of double-ring nuptial vows.

The area was centered with a massive arrangement of pink gladioli, mauve peter-john and lavender fuji mums, pink caladium leaves in an urn placed on a white marble column. Two smaller arrangements at the outer areas and myriads of candles enhanced the chancel space.

The family pews were marked with fresh greenery tied with white satin ribbon.

The parents of the couple are Mary Humphrey Miller and Charles Wilbourn Miller of Little Rock and Mr. and Mrs. Charles H. Bentley of Wichita Falls.

The prelude music was provided by a string quartet, organist and two vocalists. The mothers of the couple were seated while the organist played "Jesu, Joy of Man's Desiring." Vocal numbers included a solo by John Wooten who sang "I Am His and He Is Mine," and a duet number, "Savior, Like a Shepherd Lead Us," by Jane Sommerhalder and Wooten.

For the entrance of the groom, his attendants and the bridal attendants, the organist played "Psalm 19," then changed to "Trumpet Voluntary" to signal the entrance of the bride. The congregation sang "The Lord's Prayer" while the bride and groom knelt on the prayer bench, and the organist concluded the music with "Toccata-Symphony No. 5" for the recessional.

Presented for marriage by her

MRS. JOHN CLIFTON BENTLEY

father, the bride made an enchanting picture in an ivory bridal gown of organza. It was fashioned with a high neck of scalloped lace, a sheer V-shaped yoke in front and back defined with pleated shoulder ruching, and the mere suggestion of tiny lace cap sleeves. Beneath the ruching, the entire bodice was of reembrodered Alencon lace, scalloped at the natural waist in front and dipping low into a basque waist in the back.

The graceful softly candelight-hued skirt was accented at the hemline with pleated ruching graced with dainty satin bows above a deep border of satin accented with imported lace appliques.

Completing her attire, the bride wore a veil of ivory silk illusion edged with lace distinguished with scattered appliques gathered onto a

scalloped, circular lace cap. She carried a modified bridal satin cascade of sweetheart roses and stephanotis and trailing English ivy.

The bridal attendants included a matron of honor, maid of honor and seven bridesmaids. They wore identical formal gowns of satin-striped rose organza designed with exaggerated puff sleeves and matching satin sashes that tied in the back with long streamers. They carried French hand bouquets of pink rubrum lilies and roses, lavender daisy poms and freezia, Peruvian lilies and hildegard iris.

Mrs. Bradley Crawford of Waco served as matron of honor, and Miss Susan Shuffield of Dallas was the maid of honor. The septet of bridesmaids included Mrs. Bill Hanley of Dallas, Miss Paige Holland of Houston, Miss Karen Kernodle of

Fort Worth, Mrs. Davis Parrish of Houston, Miss Melissa Purcell of Dallas, Mrs. Mike Williamson of Bedford and Mrs. Alan Ytterberg of Austin.

The groom and masculine participants in the wedding wore gray ascot tuxedos with cutaway jackets and striped trousers.

Chuck Bentley of Wichita Falls, brother of the groom, served as best man. The groomsmen were David Waldrop of Abilene, Andy Miller, Alan Miller, Charles Miller, brothers of the bride, all of Little Rock, Keith Cox of Houston, Keith Bland, Britt Smith and Preston Klinke, all of Memphis, Tenn.

Following the wedding, a reception was held in the ballroom at the Pleasant Valley Country Club. The room was centered with long tables draped with white satin skirts festooned with white tulle caught with nosegays of sweetheart roses.

The tables, crossing at the middle, were centered with a massive arrangement of the same flowers used at the church. At one side was the raspberry-flavored bride's cake and the groom's amaretto-chocolate cake was at the opposite side. The

table decor was completed with trays of fruit, cheese, tiny sandwiches and strawberry punch.

The Art Porter Trio furnished music during the reception.

Reception assistants and members of the houseparty included Mmes. Bryan Reese, James Bonner, Kent Taylor, Misses Susan May, Patty Bates, Elizabeth Richards, Stephanie Shelton, Janis Narum and Stacy Goodrich.

The groom's parents hosted the rehearsal dinner Friday evening at the Little Rock Country Club.

The bride and groom were both graduated from Baylor Univ. He was graduated from Iowa Park High School. At the university, she was in Kappa Kappa Gamma and Student Foundation. He belonged to Kappa Omega Tau and The Guardians. He is associated with Bentley Oil and Gas.

Following a wedding trip to Caneel Bay, Virgin Islands, the couple will live in Wichita Falls. The bride's traveling ensemble consisted of a jade colored linen tweed skirt with a jade camisole and wheat jacket.

Out-of-town wedding guests were relatives and college friends from Texas, Oklahoma, Ill. and Tenn.

# As I See It....

By BOB HAMILTON

The release of Elevator Man, a book written by Midwestern State Univ. professor about Bobby Johnson "Saga of a Wheeler-Dealer," answered a lot of questions which have been asked around this community since January 1977.

Hoggard's book, written with the cooperation of Johnson, was released about three weeks ago and got a big sendoff with a five-night, twice-each-night promotion by one of the Wichita Falls television stations. But little is being commented on around town since its release.

Hoggard did some pretty thorough research of Johnson, interviewing him in federal prison where he remains (in Ft. Worth), family members and a few local residents.

If you're interested in reading the book to find out what and where Bobby went after his disappearance in the Gulf of Mexico, you'll have to skip over several chapters. Otherwise, you will follow Bobby from the time his parents first met and married, through school days at Memphis and then his early and dynamic business growth in Iowa Park.

But to answer the question most asked, about how he got off that boat on which three other men and two women were riding, he did it with the assistance of a nephew, Steve, son of

Bobby's brother H.C., who followed the Honey Beau in a borrowed boat.

Steve and H.C. knew from the start, and other members of the family later learned he was alive. Some visited with him and others spoke with him on the telephone.

Steve drove Bobby to D/FW Airport, from where he flew to Los Angeles. During the more than two years he was on the run, he was in Arizona, Colorado, Montana, Utah, Idaho and Washington. He drove trucks, waited on tables in Reno, briefly owned and operated taverns, a motel handy man, but mostly drove trucks.

After having reached a reported worth of \$9.6-million by the age of 40, his downfall apparently began when he tried to swing a deal to get the McFaddin Ranch near Benjamin. He started funneling all available (and unavailable) money into that operation and got to a point where he couldn't even hardly make payroll.

He dipped into grain stored for farmers and apparently sold \$1.87-million worth, to keep the ranch project afloat, and in desperation tried high rolling in the commodity market where in a few short months lost \$750,000 more.

When he disappeared, he owed some \$1.87-million to 265 farmers and another \$3.1-million to 394 creditors.

Apparently those figures didn't include \$225,000 lost by Clarence Mahler, whom Bobby had talked into signing on a warehouse bond and had to pay off by re-mortgaging his farm. Mahler also lost two years of wheat, \$100,000 worth, that was in storage.

If you're going to read the book, be ready for some overplay of sexy situations. In my opinion, this is where Hoggard attempted to make the book marketable to a part of the population who might not be all that interested in Bobby and his family.

Hoggard's detailing of the family's problems when they were going to hold a memorial for Bobby is in direct contradiction with at least three people who were there. He apparently didn't get but one side of the story when he wrote about photographers rushing up to the cars as they stopped in front of the church. All reporters and photographers were across the street on the curb, according to my sources.

The book is a study of family members and their personalities. It talks about fussing between members and in-laws and also details H.C.'s reaction to how his family was treated while he was in prison.

Hoggard was apparently impressed with Bobby's youth, and twice emphasizes a comment he felt was Bobby's drive toward wealth: "I was always embarrassed of my family's situation, ridin' into town in the back of that Model A pickup and ever'body lookin' at us, like we was just -- you know -- crums."

Hoggard belies his youth in doing so, because he apparently didn't know many of us in those days didn't even have a pickup in which to ride.

Elevator Man doubtlessly will be a limited edition, because its appeal will likely be restricted to these areas in which Bobby operated.

Even the name has already caused confusion. One woman commented to her husband here recently, "Why would anyone want to read about a man who goes up and down in a hotel elevator all the time?"

Oklahoma, as "home" and that's where they plan to go when they retire. On the other hand, we have a great number of retirees from the oil patch who, after having made Perryton their home for a number of years, have concluded that there is no place like home and this is it.

HAROLD HUDSON  
Perryton Herald

## Letter to the Editor

It disappoints me, Mr. Bob. That in spite of multi decades of mandatory public schooling and increased college attendance, so few people understand the meaning of the word, government. I am in mind of the individuals, groups and "media" that repeatedly state that the federal government ought to be responsible for this, the state government pay for that, or the city ought to provide the other.

There is no such thing as a government; government at any level is not a thing. You cannot see it, smell it or taste it. Government is generally defined as the exercise of administrative powers, the mode or system of carrying out the desires of a group of people. Sure, we have buildings, people and equipment, but they all exist at the wishes of those governed.

Therefore, it evolves that advocates of government action are really saying that others should shoulder responsibilities that rightfully belong to individuals or families; and that they should have the right to put their hands in the purses or wallets of others, to favor themselves or others of their choosing.

To which I say "Au Contraire."  
Harry W. Stoskus

## Worth Quoting

Imagine you could live anywhere in the U.S. other than the community where you live now. Would you move? That question was put to 1,200 randomly selected households nationwide in a recent poll. About half of the respondents said they would move and among these would-be movers, 56 per cent said they would move not just across town or to another city but would move to a different region of the country. The migratory itch doesn't seem to apply uniformly across the country. Northeasterners are the most restless and Westerners most content with their home, the poll shows.

Thirty-seven per cent of Northeasterners said they would be glad to move to another part of the country if they had the opportunity. That share dropped to 34 per cent for North Central state residents, 21 per cent for Southerners and 16 per cent for Southwest and West Coast residents.

We don't know how accurate this poll is. Perhaps it was taken during the winter when residents of the frozen Northeast shivered and waded snow and fought bitter cold. At that time the sunny south may have looked good. We suspect, however, that most people will remain where they are unless pulled to another part of the country by the prospect of better jobs or more opportunities. Even then, they are apt to call the former place "home."

We know some people in our own community who have lived here for many years yet still refer to their former home, usually in eastern

### CORRECTION

The name of John Landrum of Iowa Park was omitted from the list of Midwestern State Univ. graduating seniors this spring. He received a B.B.A. degree in commencement exercises May 20. We regret the omission.

## PUBLIC NOTICE

Texas Electric Service Company, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of its intent to revise its Tariff for Electric Service in areas served by the company, effective July 14, 1983, or as soon thereafter as permitted by law.

The changes include a general rate increase and will result in a 16.1 percent increase in the adjusted gross revenue of the company.

A complete copy of the Tariff for Electric Service, as revised, is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality. Copies also are available for inspection in each of the company's public business offices.

TEXAS ELECTRIC SERVICE COMPANY

## County

Continued from page 1

for architectural work. The balance was apparently carried over as surplus revenue sharing money, undetected during the change of administrators, and was used to fund the resurfacing project on Park Street.

Aldermen, after being told an amount similar to the balance was expected to be received for revenue sharing later this year, indicated to Barrington they wanted the money earmarked for the library.

Barrington said the money could not be turned over to the Friends of the Library, as a donation, but could be used to pay for bills of the library.

Other action taken by the council included:

- \* disapproving an appeal by L.T. Kingcade for an additional \$100 adjustment, in addition to \$39.46 already received, on his water bill after it was determined a meter was malfunctioning;
- \* approved a request from Ithama

Jolly and Sonny Fulfer to abandon 25 feet of right of way on North Park, which squares property lines made irregular by earlier council action;

\* appointed Alderman Tim Hunter to serve on the Friends of the Library board as city council representative along with the mayor, as required by the organization's by-laws;

\* reappointed Vern Mikkelsen and Eldon Dowell to the electrical board, with three more appointments yet to be made;

\* authorized advertising for bids for grass lease at the sewer treatment plant, and also for bids for renovation work on city hall;

\* authorized purchase of a pickup for the parks department using an earlier bid from Shaw Motor Co. for \$6,969;

\* held a 47-minute executive session during which employee salaries were discussed, which would be an impact in planning the 1983-84 budget, after which no action was taken during open session.

## Trustees

Continued from page 1

### OTHER BUSINESS

In other business, trustees took the following action:

\* approved participation in the Region Nine media services at a cost of \$2 per 1982-83 ADA;

\* approved expenditure of \$1 per athlete to participate in a new UIL insurance which covers expenses both medical and liability above \$10,000 to a limit of \$5 million;

\* approved Shewmake's report on tax collections indicating 97.3 percent of current school taxes have been received and 96 percent of city taxes are received;

\* heard a report that the food service department, at the end of May, had an unencumbered balance of \$53,832.

The board approved the resignations of five personnel and hiring of four.

Resignations accepted included Elizabeth Meux, high school history, and Marilyn Barrick, junior high; and three West Wichita Co-op personnel.

Donna Chambers in Iowa Park and two from Holliday, DeElva Catrell and Glenda Dolberry.

New personnel hired are Kathy Deaton, first or second grade at Kidwell; Jan Yeager, Bradford fifth grade; Judy Spring, high school home economics, and Jay Kirkpatrick, high school coach.

Misty Hicks represented the Iowa Park FFA Chapter as area secretary at the Texas State FFA Conference held in Trinidad June 6-8. The conference was held to develop leadership abilities, and build a stronger organization.

## 20 ways to help hold down your electric bill.

# A checklist to help you save energy and money at home.

### Energy Conservation Practices

The following low- or no-cost home conservation practices can help you save energy and money.

- Do not use air conditioning until absolutely necessary.
- Keep your thermostat set as high as possible. We recommend 80° in the summer. For added comfort, use ceiling or portable fans to circulate the air.
- Check your air conditioner filters each month to see if they need cleaning or changing. And make sure that the outside unit is free of grass, leaves and trash.
- When leaving home, turn off air conditioning. If away for two days or more, turn off water heater.
- If you use an automatic dishwasher, set water heater to 140°; otherwise, set temperature to 120° or lower.
- Use scrap insulation to plug air leaks from attic and around window air conditioners.
- Repair water leaks in pipes and faucets, and seal air duct leaks.
- Use drapes, blinds, shades, awnings or plants to block sunlight.
- Try to minimize traffic through outside doors.
- Economize in the kitchen. Plan meals so several dishes can be cooked in the oven at the same time.
- Save when you do laundry. Wash and dry only full loads of clothes.

### Energy Conservation Measures

These home installations and modifications require an investment, but may return their cost to you in

- the form of savings on utility bills.
- Caulk and weatherstrip around doors and windows to reduce air leaks.
  - Add insulation to ceilings, walls and floors.
  - Insulate ducts, especially in the attic.
  - Insulate hot water pipes in attic.
  - Install insulation blankets on water heaters, especially in garage or basement.
  - Investigate cost-effectiveness of storm doors and windows.
  - Add solar-reflecting materials to glass doors and windows on east/west exposures.
  - As a convenience, install a clock thermostat to automatically set air conditioner and heating unit to desired temperature. Even when you're away from home, the clock thermostat can control your air conditioner for more economical operation.
  - If your central air unit is more than five years old, you may want to consider replacing it with one that's more energy-efficient. We recommend new units with a Seasonal Energy Efficiency Rating (SEER) of at least 9. For information on how energy-efficient equipment

# Robbie Watts is back!

By Dee L. Fowler

The name Robbie Watts means inspiration to all who know her.

For five years Robbie was a rural mail carrier for Route 2 of Iowa Park. On a beautiful June day in 1981, Robbie was nearing the end of her daily mail run. She suddenly lost control of her car and landed in a nearby ditch. This was the beginning of many physical and emotional problems that would interrupt her life for two years.

Found by a neighbor about 30 minutes later, she was unable to speak or move. The ambulance was summoned and she was rushed to a Wichita Falls hospital. It was then diagnosed that she had suffered an aneurysm, the bursting of a major blood vessel to the brain. A short time later she developed a cerebral artery thrombosis.

She was transferred to Parkland Hospital in Dallas where she spent three months in intensive care. Members of the family kept close vigil, but, Robbie showed no signs of life. Coma.

This was a dark trying period in the life of the Watts family. But they never lost faith that Robbie would be fully recovered.

Robbie says now that she recalls nothing of that first year. After several operations and a prediction of a very poor recovery she was transferred back to a Wichita Falls hospital. Two weeks later, the doctors suggested that Robbie be put in a nursing home, feeling she would only be a burden to her family.

Mrs. Watts now had to have constant vigil and had to be fed through a tube. Robbie's daughter, Judy, said it was at this point that the Watts family made a total commitment. Whatever Robbie's life was to be, that's what their life would be.

A nurse and family friend, Lenore Lane, began caring for Robbie daily. This lasted five months. At this time courage began to mount: Robbie began to respond to questions by nodding her head.

In February 1982, Robbie was taken to Caruth Rehabilitation Center in Dallas. The doctors said she would never walk again, and suggested that she have a motorized wheelchair.

The family began bringing Robbie home for all special occasions and holidays. Even though she was not responding well, she was always placed in the center of all activities so that

she could sense that she was still loved.

On Easter Sunday, 1982 Robbie attended services at the Church of God, her home church. This was the first time she had attended church since she was stricken. Judy says she cannot explain the compelling force that she and the family had, that her mother should attend services that day. Afterwards, Robbie was the center of attention in her home as the family and friends gathered for their annual picnic. This affair has taken place for thirty-five years.

In the weeks following Easter, after returning to the Rehab Center, Robbie began to converse. The family would have to repeat things several times, but, she was beginning to show signs of coming back. She started to eat and move about in her wheelchair.

Looking back, the family feels that they, as well as Robbie, made a step of faith and willpower on that Easter Sunday and that it started her on her way back to health.

Robbie was released from the Caruth Rehab. Center on May 19, 1982. Another daughter, Jill, was to be married in August and she came home to plan the

wedding. She walked down the aisle in Jill's wedding.

In June of 1982 Robbie began therapy at the North Texas Rehab. Center in Wichita Falls. When she entered the center she still could not stand alone or do anything for herself. Statistics tell us that Robbie Watts had a very slight chance for normal recovery.

Mrs. Robbie Watts is a success story. She can now cook a meal, garden, and play with her grandchildren. She can do all her normal chores. On the floor by her chair is a beautiful afghan that she is crocheting.

Each year in May, Robbie's church honors their graduating seniors. For many years Robbie had been the coordinator of this program. It was thought by some that she might never be able to do this again. But this past May, after being out two years, Robbie offered her services again. Needless to say it was a success.

Robbie's busy life has always included her husband, Kenneth, and children, Janice, Judy, Jill and Jeff, and her two lovable granddaughters.

Robbie is back living life to the fullest and loving it more than ever.

ROBBIE WATTS  
... courageous and loved.

## New chemical for chiggers

By Don D. Decker  
County Agent

The season for chiggers in home lawns is beginning, and this pest can deal misery to individuals who are susceptible to their bites. The granular form of insecticide is a "breakthrough" on giving lasting control. The problem of rapid reinfestation has occurred with sprayed-on insecticides in the past.

Chiggers are the target of Mrs. M.C. Lillard of Wichita Falls with a lawn treatment of granular dursban. A \$12 bag of dursban treats the average size back yard. The granular material tends to break down more slowly, giving a longer control. This treatment is also effective in keeping fleas and ticks out of the yard.

Chiggers are easy to kill with a lot of different insecticides. The goal is to

select a form of treatment which will give lasting results as with granular dursban or diazinon.

A lot of the tomato leaves are rolling up, which is easy to confuse with the dreaded virus disease known as curly top. C.B. Harrison and Cheryl Grono of Wichita Falls report tomatoes with tomato leaves rolling upward. This condition develops at the bottom and moves up. On curly top (virus disease), the rolling begins at the top of the plant and goes down.

Fortunately, the current leaf rolling is being caused by a water relationship problem. The plants will eventually adjust without seriously affecting tomato production. Adequate weed control, fertilization, and watering is the best way to manage this condition.

*The Eyes Of Texans*

PROTECTING YOUR EYES FROM SUNLIGHT RADIATION

Last week I mentioned that sunlight can delay dark adaptation for hours and even maybe days. Not only sunlight but a number of medicines can increase a person's sensitivity to ultraviolet radiation. Antibiotics and other acne medicines and even birth control pills can increase one's sensitivity to the sun. All this naturally leads to protecting the eyes from too much sun and the best way is by wearing sunglasses. Yes, but which sunglasses are the best for you? Here are a few guidelines. To be effective sunglasses should screen out at least 75% of the sunlight. If you can see a person's eyes easily through his glasses then they are probably not dark enough. The color of the tint is not too important but the gray tints distort colors the least. The lenses that turn dark when exposed to sunlight are O.K. to wear but they may not always get dark enough when a person is in a car on a real bright day. "Drugstore sunglasses" usually do not provide the amount of sun protection you need. How about polarized lenses? These offer some advantage for people who spend a lot of time on the water or in snow areas. But they are very expensive in prescription lenses because they have to be laminated. More about sun protection next time.

# Cook of the Week

Many modern cooks, both novice and experienced, are finding cake mixes the answer to their good baking. It seems that a large number of cooks, even creative cooks, admit that they are failures at baking from scratch, but say that with cake mixes they are able to prepare a menu finale that leaves lasting impressions on their families and guests. Many cooks prefer cake mixes because they are time-savers and easy to prepare.

Two of Rebecca (Mrs. Randy) Fulbright's recipes this week call for a cake mix as the principal ingredient. The flavor of the Sock-It-To-Me Cake is enhanced with cinnamon and that of the Cheese Cake Squares with cream cheese.

Cinnamon, the yellowish-brown bark of the tree ground as a spice, is the world's greatest sweet spice. It has been used as a flavoring for food, medicine, perfume and in love charms. Forty centuries ago, the Chinese believed the tree was the Sacred Tree of Life and at the time of the Crusades many people thought that it was a spice that came from the Garden of Eden. The Romans used it in religious ceremonies.

The soft, white fresh cream cheese is fast becoming a traditional icing for certain cakes. It is also used in many appetizer dips. In New England, it is mixed with honey to use as a cake filling or dessert sauce, and in the Midwest it is combined with gelatin and Cheddar cheese into a cheese ring.

The former Rebecca Washburn, Mrs. Fulbright was graduated from Iowa Park High School. She is a young matron who takes seriously her role as a homemaker, wife and mother. When asked about her hobbies, she said that she had time for only one - ceramics.

The Fulbrights have two sons, Michael, seven and a half years old, and Dustin, four months old.

Mrs. Randy Fulbright

### SOCK-IT-TO-ME CAKE

1 Duncan Hines Butter Cake Mix  
1/2 cup sugar  
3/4 cup Wesson Oil  
Small carton sour cream  
Mix cake as directed on package, then add 4 eggs, one at a time. In a cup, put 1/2 cup pecans, 1 tsp. cinnamon, and 1 T brown sugar. Now put 1/2 the batter in a bundt pan; crumble the pecans, cinnamon and brown sugar mixture over the batter. Pour remaining batter over this, then rest of pecans over this. Bake 1 hour at 350 degrees.

### HAMBURGER HELPER

1 lb. hamburger meat  
1 can cream of mushroom soup  
1/2 cup chopped onion  
Salt and pepper  
Make patties with the meat, using 1/2 of soup, salt and pepper. Roll in flour and fry in electric skillet. Put patties in casserole dish.  
Take other half of the soup and a little grease from the skillet and make gravy. Pour over meat. Cook at 325 degrees until done.

### MISSISSIPPI MUD

1 cup flour  
1 stick margarine  
1 cup pecans  
Blend flour and margarine till no lumps, add 1/2 cup of pecans. Press this mixture on bottom of pan and bake until golden brown at 400 degrees (about 5-10 minutes).  
1 - 8 oz. pkg. Philadelphia Cream Cheese  
1 cup powdered sugar  
1/2 large container of Cool Whip  
Mix cream cheese and sugar together, stir in Cool Whip until creamy texture. Spread on top of cooled crust.  
2 large pkgs. instant chocolate pudding. Mix according to directions on box. Pour over cheese mixture while still thin. Let set about 5 minutes to thicken. When cool spread rest of Cool Whip and pecans on top of pudding. Chill well about 1 hour.

### QUICK COBBLER

2 cups sugar  
1 cup flour  
1 stick margarine  
1/2 tsp. baking powder  
1 large can any fruit  
3/4 cup milk  
Mix flour, 1 cup sugar, baking powder and milk into a paste. Pour into a baking dish over melted butter. Pour fruit over paste mixture and

pour remaining cup of sugar on top. Add cinnamon to taste. Bake at 350 degrees until done.

### CHEESE CAKE SQUARES

1 pkg. Duncan Hines Butter Cake Mix  
1 egg  
1 stick butter, not margarine (All at room temperature)  
Squeeze with hands until well mixed. Pack into bottom of 13x9x2 cake pan.  
In separate bowl at room temperature, mix:  
3 eggs  
1 8 oz. pkg. cream cheese  
1 lb. box powdered sugar  
Mix with electric mixer and pour over first mixture. Bake at 350 degrees for 45 minutes. Let cool and cut in squares.

## Girl Scouts attend camp

Twenty-two Girl Scouts from Iowa Park attended the NorCenTex Day Camp at Lucy Park last week.

Adults from Iowa Park who served as leaders and assistants were Dee Decker, the program and arts and crafts director; Tami Buckmaster, an assistant Brownie Unit leader; Marsha Binion and Vicki Jordan, Junior Unit leaders.

Brownies from the local group who

attended were Sarah Anderson, Shelley Goodnight, Julie James, Rhonda Jones, Jana Jordan, Jayme Jordan, Chanel Keeman and Gail Stephens. Those in attendance from the Junior Troop were Emiko Anderson, Leisa Bates, Nancy Davis, Candace Heidrich, Chasti Hrncrik, Becky Jones, Joy Jones, Christy Matthews, Jennifer Matthews, April Springer, Shonna Weaver and Rhonda Weaver. Cadettes attending were Teresa Binion and Angie Loving.

## Kathryn Mattis is ACC graduate

Kathryn Elizabeth Mattis, daughter of Mrs. Lucy R. Mattis of 707 Coleman, was one of 713 spring graduates at Abilene Christian Univ.

Mattis received a bachelor of science education in speech pathology.

## Library has loan camera

Iowa Park Library is participating in "Check This Out," a program providing free instant cameras to public libraries throughout the United States, according to Mrs. Billy Mashburn, librarian.

At the local library, persons 18 years or older with a valid library card may borrow a camera for up to

three days, but patrons must supply their own film.

The cameras, which are from the Sun series, feature built-in electronic flash and one-button operation. The program is sponsored by the Customer Service Division of Polaroid Corporation, and it is being offered in cooperation with the American Library Association. Peggy Barber, Director of Public information, stated this is the first time that a corporation has made a commitment on this scale to the nation's libraries.

## Memorial gifts benefit library

Recent memorials for the Iowa Park Library have included: Honoring the memory of Mary Jean Brubaker Dickey; Marie Callon, Pauline Steele, Mrs. Rollins Woodall and Mrs. George Angel;

In honor of Mrs. Ella Alvey; Warren McDonald;

In memory of Frank Harlin; Betty Dyer, Mr. and Mrs. N.E. Guthrie Jr., Neal Collier Family, Mr. and Mrs. Frank Guyette, Mrs. Homer Blalock, Mr. and Mrs. James Sewell, Mrs. Avis Wilson, Mr. and Mrs. R.L. Good, Mr. and Mrs. Merl Cabe, Mr. and Mrs. Raymond J. Scheider, Mr. and Mrs. J.P. Lester Jr., Mr. and Mrs. H.M. Mahler, First Christian Church; Honoring the memory of Charles Brott; LaVena Harlin.

**LOOK WHO'S NEW**

Mr. and Mrs. Michael David Lane announce the birth of their first child, Michael Brandon, a seven pound, four ounce son born June 10. Mrs. Lane is the former Cindy Francis.

The grandparents are Mr. and Mrs. Frederick De Shong Lane, and Mr. and Mrs. George R. Francis. The great-grandparents are Mrs. C.E. Lane Sr., and Mr. and Mrs. Kenneth Hollis, all of Iowa Park.

# Caussey to challenge Rep. Finnell for seat

Holiday school board member and past president Durhl Caussey announced Tuesday his candidacy for the 80th District seat now held by Rep. Charles Finnell, also a Holiday resident.

In announcing his intentions at a news conference in Wichita Falls, the 36-year-old insurance agent said he was concerned with the 17-year incumbent's effectiveness while serving the large 80th District. "I am

concerned because all you have to do is listen to the complaints of other legislators who bear the burden of representation for the 80th District," he stated.

Caussey's attack on the most recent legislative session stems from the lack of action against poor teacher's pay and the threat to agri-business due to the brucellosis program.

"Teachers were forgotten and there was no voice from our district championing their cause," Caussey said. "School districts were left in desperate straits because the

legislature failed to update formula funding and yet there was no voice in Austin helping our cause or telling us of the potential impact upon property taxes," the former schoolteacher asserted.

"Farmers and all those connected with agri-business were threatened when the legislature failed to institute a brucellosis program and again there was no loud voice for the cause," he continued, adding that farmers were left without a water plan and again were not represented in the session.

"I've asked my friends if they have received prompt response from their representative from this district in Austin and their answer is no," he said. "The answer leads me to wonder if it hasn't been our fault that term after term we should have been working for solid and constantly improving legislative representation."

"It is for these reasons and for my deep concern for the people of the 80th district that I declare my candidacy for representative of the 80th district of North Central Texas," Caussey said.

Born in Seymour, Caussey served in the army, and taught in the Benjamin, Quanah and Vernon school

DURHL CAUSSEY

district. He also served on the administrative staff of Northwest Christian Academy.

## Holliday News

### Tax appraisal district request vexes trustees

You can't blame Holliday School Board members for being a little upset at the tentative budget proposal from the Archer County Tax Appraisal District, which came up during Monday night's regular meeting.

Holliday trustees have spent much of their past three board meetings finding ways to trim the local school budget, and have been successful in cutting close to 10-percent from the budgets submitted by various departments, not to mention cutting back six personnel units.

Then comes a budget proposal asking for an increase from last year's figure, including an increase of \$7,500 for a computer terminal to essentially cut personnel, but at the same time, asking for an increase in manpower.

That budget is from the Archer County Tax Appraisal District, and Holliday trustees voted unanimously to submit a letter to the appraisal board asking them to trim their budget from last year at least 10-percent.

The proposed budget totals \$64,554, as opposed to last year's \$63,750. And, according to Holliday superintendent Dan Owen, that isn't too much of a gap to make up. "We did our part in cutting expenditures,

and now, we are asking them to do their part," he said.

Owens said that in addition to several programs being cut back and personnel units saved, the school district is losing money in lower oil revenues. Also, the recent legislative session found little in ways to help school districts such as Holliday.

All trustees voted to submit the letter, except for Dr. Larry Lilley, who was not present.

#### OTHER BUSINESS

Trustees also hired Jeannie Brock to teach junior high science and other courses upon assignment. Brock, a Seymour native, graduated from Tarleton State University. This is her first teaching position.

The Board also voted to hire a remedial aide if federal funds become available. In addition, the board voted to use Region IX Services for 1983-84, and heard a report from a committee on drugs.

Following the committee's recommendations, the board tabled action on using drug dogs in the schools unless it becomes necessary, depending instead upon increased education and the effect of a closed campus policy beginning for the first time next school year.

### Ayres wins Fina suit

Ayres Oil Co. of Holliday was issued a \$12,126,471 judgement against American Petrofina earlier this week by Judge Keith Nelson of the 78th District Court.

The judgment stems from a May court battle in which a jury ruled in favor of Ayres and PPG Industries, which was for "full and completed indemnity" Ayres may incur in a suit filed against it and Fina by PPG Industries for non-delivery of three-million gallons of diesel fuel in 1982 and deceptive trade practices. Ayres owner Jack Ayres filed a countersuit alleging breach of contract against Ayres Oil by Fina.

Nelson awarded PPG actual damages of \$3.24-million in May with six-percent interest on that amount from Oct. 1, 1981, through May 3, 1983, about \$308,375. \$6.48-million in punitive damages, \$150,900 in attorney fees and nine-percent interest on all sums awarded from date of judgment.

### Local students in MSU program

James Robert Parkey of Holliday and Susan Lowe of Lakeside City are among 30 local and area high school students participating in the 1983 Spectrum gifted and talented program at Midwestern State Univ., according to director of admissions Donita Shaddock.

Spectrum is a five-week summer program for exceptional high school juniors and seniors which is co-sponsored by Midwestern and Region IX Education Service Center. Students selected for the program are enrolled for six semester hours or two classes during the first regular summer term at MSU.

College credit earned may be applied toward a degree program at MSU or transferred to another institution following high school graduation.

Participants are selected on the basis of teacher recommendations, achievement and intelligence test scores, motivation, creativity, parent evaluations and the students' own perceptions of their learning ability as well as grade point average.

### PUBLIC NOTICE

Texas Electric Service Company hereby gives notice of non-evidentiary regional meetings to be conducted by the Public Utility Commission of Texas for the purpose of hearing customer comments and protests regarding the Company's proposed rate increase contained in its application to revise its Tariff for Electric Service, filed June 9, 1983.

The meetings will be conducted in the following locations at the following times:

Fort Worth City Council Chambers 1000 Throckmorton Fort Worth, Texas	Wednesday, June 22 2:00-4:30 p.m. and 5:30-8:00 p.m.
Midland City Council Chambers 300 N. Lorraine Midland, Texas	Thursday, June 23 3:00-6:00 p.m.

TEXAS ELECTRIC SERVICE COMPANY

### Moffett completes basic training

Airman James O. Moffett, grandson of Wilena S. Custis of 711 Yosemite St., Iowa Park, has been assigned to Chanute Air Force Base, Ill., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the maintenance analysis field.

He is a 1982 graduate of Iowa Park High School.

#### Schedule for:

## Recreational Activities Center

A free movie, "The Rag Tag Champs," will be shown at 2 p.m. Friday at the RAC. It is a movie for all ages.

Boys can learn to style their own hair in current fashions from Darlene Gardner, local hair dresser. No charge is made on instruction.

The first in a four-night series on country western dance for adults will be held at 7:30 p.m. June 30, and the following three Thursdays. Pre-enrollment is advised.

**TRU-TEST PAINTS**  
**PAINTING HELP SPOKEN HERE.**  
BY Bonnie Blair  
TRU-TEST COLOR CONSULTANT

Dear Bonnie:  
I have a beige rug, also a beige sofa and light colored wood furniture. I have had beige walls and gold walls. But lately they have seemed rather bland to me. Will you please suggest a wall color that will give me a definite change but still keep the beige and bleached wood?  
*Bored with Beige*

Dear Bored:  
Beige is still an excellent and very useful neutral color. But perhaps has been used too much recently as a dominant color. Choose an interesting deep color and let beige be your accent. Try Tru-Test Paint Custom Color NEW PENNY 7162 or BURRO BROWN 7131 and choose a color slightly lighter than your carpet for painting woodwork.

## Reds win minors

Coach Calvin Huff's Reds captured the Iowa Park Little League championship in the minors last Friday with a 17-10 drubbing of the White Sox, with pitcher Todd Pulley taking the win.

Three in-the-park homeruns were recorded by Pulley, Corey Deason and Ken Cooper. Robert Cargal and Jamey Huff added doubles in the 11-hit attack. The win upped their record to 12-4 for the season. Losing pitcher for the White Sox was Ernie Davila.

Other members of the Reds include Jimmy Kaufhold, Shawn Kaufhold, Kevin Beavers, Ralph Hollenbeck, Frank Banks, Ken Cooper, Mart Tatum, Matt Hacker, Jeremy Gellner, Brian Lankford, and coach Jim Pulley.

## Testing waters for bass fans

A local fishing enthusiast is testing the waters to determine if enough interest exists to organize a bass club in Iowa Park.

Gary Tatum, who belongs to one of the bass clubs in Wichita Falls as do numerous other Iowa Parkans, said

he would set up an organizational meeting if adequate interest is indicated.

He can be contacted at 592-2686. Time and place of the meeting will be announced at a later date, if interest is indicated, Tatum said.

## LITTLE LEAGUE

### News and Notes

#### MAJOR LEAGUE

**Giants 15**  
**Astros 0**  
Giants continued their winning ways with Brad Lewis leading the hitting attack with a two-run homer. Shannon Pearson contributed two doubles and a single, while pitcher Jim Duggins fanned nine Astro batters.

**Giants 10**  
**Yankees 0**  
Giants upped their record to 13-0 as Jim Duggins and Kris Swartz combined for a one-hitter against the Yankees. Vance Edwards led all batters with a three-for-three performance at the plate, and Giants' Mike Lubinski added a triple.

**MINOR LEAGUE**  
**Reds 18**  
**White Sox 7**  
Winning pitcher Todd Pulley, losing pitcher Justin Inman.

**Indians 19**  
**Oilers 7**  
Winning pitcher Jason Young, losing pitcher Ralph Dillard. In-the-park homeruns by Jason Smith, Ernie Davila and Mike Phillips sparked the Indians' 17-hit attack.

**Cubs 10**  
**Indians 6**  
Winning pitcher Robert Denton, losing pitcher Ernie Davila. A.D. Sparlin had two in-the-park homeruns for the Cubs in an eight-run fourth inning. Mike Phillips had a grand slam in-the-park homerun

## 4-H CLUB NEWS

### 4-H'ERS PROJECT PLACES AT STATE

A hand woven tapestry pillow designed by Tammy Henderson, Iowa Park 4-H won second place at the Texas 4-H Project Show in College Station. The project show had winning entries from all over the state.

Twenty nine Wichita County projects were entered in various divisions. Each exhibitor received a participation ribbon. Wichita County participants were: Stephanie Anderson, Christy Cravens, Connie Cravens, Sheri Cravens, Tammy Henderson, Lisa Hodges, Dondra Lawson, Ted Lewis, Carla McAlister, Andrea Medina, Scott Mincey, Elisa Murphy, Jeff Nolen, DeAnne Ostergar, Mike Phillips, Stephanie Proudfoot, Cody Ressel, John Ridinger, Ramona Stegal, Dawn Tanner, Stacy Voigt, Beth Wood and Jason Young.

### WICHITA COUNTY 4-H DOG SHOW RESULTS

Seventeen 4-H'ers participated in the Wichita County 4-H Dog Show Saturday. The show was the highlight of the 4-H Dog Obedience project. All the 4-H'ers were awarded certificates of completion for completing the course.

Placings to fourth place were awarded in three classes - 9-13 years of age, 14-19 years of age, and experienced group. In the 9-13 year old class, the winners in order of first to fourth were Amy Reese, Schuyler May, Rickey Haley, and Jeffery Fischer. The 14-19 year class placed LaDonna Chandler - first, Bobby McCathern - second, Susan Medina - third, and Ramona Stegal - fourth. The experienced group finished with Shane Mahaffey, Trina Haley,

Michelle Beasley, and Kathy Ennis in order of first through fourth.

### CARD OF THANKS

We would like to express our gratitude for your expressions of love and concern during Keith's illness and the death of Pat's father. We cherish your friendship and ask for your continued prayers for Keith during his recuperation.

# Area oil, gas report

Locations have been staked by Claude McIlroy of Electra for two 2,000-foot developmental probes in the Wichita Regular Field, eight miles northeast of Electra. The No. 2 Williamson is to be located in an 80-acre lease, with the No. 8 Wittenbach B situated in a 40-acre lease, both in the Waggoner Colony Survey of Wichita County.

The No. 1 Southwest Dutton, a developmental try in Wichita County's Denton County School Land Survey, is scheduled to be drilled six miles southwest of Wichita Falls. Camino Corp. of Wichita Falls is listed as the operator. Location is in a 2-acre lease of the Wichita Regular Field. Projected total depth is 1,850 feet.

At a location seven miles west of Wichita Falls, Spruiell Drilling Inc. of Iowa Park has completed the No. 2 Parker, new oil well in the Wichita Regular Field.

Drillsite was in a 160-acre lease in Wichita County's Palo Pinto School Lands Survey.

The Parker well showed daily potential for 80 barrels of oil on an open choke. Production will be from an interval 4,662 to 4,670 feet. Well's total depth was 5,100 feet, with top of pay logged at 4,662 feet.

Pumping at the rate of 16 barrels of crude oil per day on an open choke, the No. 10 W.T. Waggoner Estate "G" was completed in the W.T. Waggoner Field by Spruiell Drilling Inc. of Iowa Park.

Drillsite is in a 144-acre lease in Wichita County's J. Bradley Survey, three miles south of Electra.

After entering the pay zone at 1,973 feet, the well went to 2,000 foot

bottomhole. It was perforated to produce from an interval 1,973 to 1,977 feet into the hole.

S&J Operating Co. of Wichita Falls has turned in first production figures for its No. 32B W.T. Waggoner Estate "B", a successful development well in the Wichita Regular Field.

Pumping oil at the rate of 4 barrels per day, the well was tested on an open choke.

Drillsite was in a 50-acre lease in Wichita County's H&TB RR Survey, one mile southeast of Electra. The well was taken to a total depth of 2,000 feet, after entering the pay zone at 1,942 feet. Production interval will be 1,942 to 1,953 feet into the wellbore.

W.T. Waggoner Estate of Vernon has filed for permit to drill the No. 1 Gail Thiebaut, a 6,700-foot developmental well in the Wilbarger County Regular Field, three miles south of Vernon. The operation will be in a 110-acre lease in Wilbarger County's H&TC RR Survey, Sec. 71, Blk. 14. The well is to be 467 feet from the south line and 2,185 feet from the west line of the lease and survey.

Pumping 35 barrels of oil per day on an open choke, a new producer has been finished in the Wilbarger County Special Field by Mobile Producing TX & N.M. Inc. of Houston.

The location is in a 1,099-acre lease in Wilbarger County's H&TC RR Survey, Sec. 17, Blk. 13, three miles northwest of Electra. Well's designation is the No. 146 Frances Sumner.

Total drilling depth was 3,047 feet and the pay strata was entered at 372 feet. The well was perforated to produce from an interval 372 to 2,089 feet into the wellbore.

The well is 1,050 feet from the northeast line and 1,600 feet from the southeast line of the lease and survey.

The No. 3B & 4B J&J Waggoner "B", two developmental tries in the Wichita County Regular Field, are scheduled to be spudded six miles southeast of Electra. With projected total depths of 2,000 feet per well, the wells will be located in a 170-acre lease in Wichita County's CC&SF RR Survey. Hull Oil Co. of Wichita Falls is listed as the operator.

L&S Drilling Inc. of Wichita Falls has staked location for the No. 1 Waggoner "E" in the Wichita Regular

Field. It is scheduled for 2,000 feet of hole making. The location is in a 60-acre lease in the M.A. Willis Survey, Wichita County, about four miles north of Kamay.

Stray Oil Co. of Burkburnett has posted initial production figures for the No. 43 Beach "B", a new oiler in the Wichita Regular Field, five miles southeast of Burkburnett.

The well indicated potential for 10 barrels of oil per day on a 2-inch choke. With drillsite in a 97-acre lease in Wichita County's CT RR Survey, the well had total drilling depth of 1,320 feet. It entered the pay horizon at 1,266 feet and will produce from a set of perforations 1,267 to 1,280 feet into the wellbore.

Each well pumping at the rate of 16 barrels of oil per day, the No. 8 & 9 W.T. Waggoner Estate "G" have been completed in the W.T. Waggoner Field by Iowa Park-based Spruiell Drilling Incorporated.

Located three miles south of Electra, the wells are in a 144-acre lease block of Wichita County's N.B. Meade Survey.

The No. 8 well entered the pay zone at 1,726 feet and will produce from a set of perforations 1,726 to 1,732 feet into the wellbore.

The No. 9 well is producing from a perforated interval 1,783 to 1,788 feet into the hole, after entering the pay structure at 1,783 feet. Both wells had a total drilling depth of 2,000 feet.

At a location within the city limits of Burkburnett, Stray Oil Co. of Burkburnett has completed the No. 8 Riley A, new oil well in the Burkburnett Field.

Drillsite was in a 46-acre lease in Wichita County's City of Burkburnett Survey.

The Riley well showed daily

potential for 7 barrels of oil on a 2-inch choke. Production will be from an interval 1,681 to 1,694 feet. Well's total depth was 1,729 feet, with top of pay logged at 1,674 feet.

Energy Resources Group Inc. of Midland has run up the "dry hole" signal at the No. 1 Lowe, a Wilbarger County wildcat located two miles southwest of Vernon. The well was located 4-01-83 in the H&TC RR Survey, Sec. 94, Blk. 14 and went to dry bottom at 8,700 feet. The well was located 2,310 feet from the west line and 490 feet from the south line of the lease and survey.

At a location seven miles southwest of Iowa Park, Landrum Operating Inc. of Burkburnett has completed the No. 21 Sparks-Mayfield, new oil well in the Wichita Regular Field.

Drillsite was in a 105-acre lease in Wichita County's CT RR Survey.

The well showed daily potential for 9 barrels of oil on an open choke. Production will be from an interval 1,258 to 1,260 feet, with top of pay logged at 1,258 feet.

The No. 4 W.F. George is slated to be drilled in the Wichita Regular Field by Mickey Simmons, operator from Burkburnett. With projected total depth of 1,800 feet, it will be spudded in a 75-acre lease of the T&L Survey, six miles northwest of Burkburnett, in Wichita County.

## Municipal Court Records

Results of municipal court held here yesterday were:  
Ernest Richard York, eluding peace officer, \$39.65;  
Faylon James Palmer, speeding, \$59;  
Lisa Lynn Coffee, disobeyed stop sign, \$51;  
Jack Ray Phillips, speeding, \$54;  
Paul Robert Panter, invalid inspection sticker, \$31;  
Velma Shipman Oakley, speeding, \$35;  
Jimmy Lee Collazo, speeding, \$31;  
Dale Lance Nichols, no proof of insurance, \$81;  
Jamie Suzanne Oliver, disobeyed stop sign, \$31;  
David LeRoy Wylie, speeding, \$31;  
Henry Edgar Rye, disobeyed stop sign, \$31;  
Jeannette Craft Bagley, disobeyed stop sign, \$31.

The following were charged by the Department of Public Safety with possible suspension of drivers license:  
Sammy Ray Lee, suspended four months, probated four months;

## Birk Circle hosts area chairperson

Mrs. Mary Ann Couch of Vernon, chairperson of Area Three, was a special guest at the Tuesday morning meeting of the Lucy Birk Circle of First Presbyterian Church held in the home of Mrs. C.E. Birk.

Rev. Norman Nettleton taught the Bible lesson from Colossians which stressed that Christ the Peacemaker desired his followers to be persistent in and effective in their efforts as peacemakers in today's world.

Those who took part in the discussion were Mmes. Birk, Cecil Holloway, Charlie Lemond, Gale Lowrance, Norman Nettleton, Luther Shelton and Miss Titia Belle Blanks.

A luncheon followed the Bible study.

## Church group meets

Thirteen members of the Friendship Class of First Baptist Church attended the monthly meeting held Monday evening in the Fellowship Hall. Mrs. O.S. McLemore and Mrs. Elmer Singleton served as hostesses.

During the business conducted by Mrs. Singleton, it was voted to contribute a monetary gift each month to the purchase of new church hymnals as long as necessary.

The community missions report for May included a contribution to the hymnals fund, helping to provide Kool-Aid and cookies for the Vacation Bible School.

Mrs. E.T. Patterson was in charge of the devotional period and used "Stability of Christian Living" as a theme for her talk.

THIS IS NOT WHAT I MEANT BY HAVING A BALL IN LIFE.

It's getting harder and harder to make ends meet. We all face high food prices, energy bills, interest rates, inflation, and on and on. Because of all these, and other pressures of life, people are seeking escape through pleasure.

We all need pleasure in life. We all want to experience joy — "have a ball." But when we try to get meaning from our pleasure, we find that "having a ball" is more binding than liberating.

Jesus was a joyous person. He said, "I came that your joy might be complete!" He gives a new perspective that helps us attack the pressures and enjoy the true pleasure of living. He sets us free to enjoy life as He meant it to be!

## INVITATION TO BIDDERS

Sealed proposals addressed to the Honorable Charlie Lee, Mayor of the City of Iowa Park, Texas, will be received until 3:00 o'clock P.M. DST on the 7 day of July 1983, at the office of the City Manager, City Hall, Iowa Park, Texas, for a contract to be let by the City for remodeling of the Iowa Park City Hall. All bids received will be publicly opened, read aloud at such time and place and, thereafter referred to the City's Architects for tabulation and checking. Should an acceptable bid be submitted, the City Council proposes to award the contract for which bids are being taken during a meeting of the Council to be held at 7:00 o'clock P.M. on the 11 day of July 1983 at its regular meeting place in the City Hall.

Project Manuals (including a schedule of the general prevailing rates of per diem wages in the locality for each craft or type of workmanship needed to execute the contract and the prevailing rate for legal holidays and overtime work) may be examined without charge at the office of HARPER PERKINS ARCHITECTS, 4724 Old Jacksboro Highway, Wichita Falls, Texas 76302 (817/767-1421) and at the office of

the City Administrator, Iowa Park, Texas and may be obtained from the Architects upon payment of a deposit of \$50.00 for two complete sets of drawings and specifications.

A cashier's check, certified check or acceptable bidder's bond made payable without recourse to the City of Iowa Park, Texas, in the amount of five percent (5%) of the largest possible total for the bid submitted, must accompany each bid as a guarantee if awarded the contract the bidder will promptly enter in a contract and execute such bonds as are required.

The successful bidder will be required to furnish a performance bond and a payment bond each in the full amount of the contract price, written by a responsible surety company authorized to do business in the State of Texas, satisfactory to the City Council, as required by Article 5160, V.A.T.C.S.

No bid may be withdrawn for any reason for at least thirty (30) days after the scheduled closing time for the receipt of bids.

The City of Iowa Park reserves the right to reject any and all bids and to waive any informalities or irregularities in any bid received.
