IOWA PARK, TX 76367 112

# Drug-search dog program introduction next week

Students, faculty, administration and the public will have the opportunity to view and have explained the drug search dog

program next week. And following a two-day schedule of the program, which will be held at all campuses, the board of trustees is

expected to act on a contract Tuesday night to install the search program, according to Harold Cowley, superintendent.

Board members at their October meeting instructed Cowley to launch an inquiry for the service and have a policy drafted for use of the program.

Cowley has obtained Carl Rickert, a certified narcotics specialist from Gainesville, to carry out the program, should the board take final action on the proposal Tuesday night.

A schedule of talks, film and demonstrations have been set up to introduce the program.

Monday's schedule includes: 9:30-10:30 a.m., grades 11 and 12, high school auditorium; 10:30-11:30, grades 9 and 10, auditorium; 1-2 p.m., grade 8, junior high cafeteria; 2-3 p.m., grades 6 and 7, cafeteria; and 3:45 p.m., high school and junior high faculties, high school auditorium.

Tuesday the schedule will be: 9:30-10 a.m., kindergarten, Kidwell cafeteria; 10:10-30 a.m., grade 1, cafeteria; 10:30-11 a.m., grade 2, cafeteria; 1:15-1:45 p.m., grade 3, Bradford cafeteria; 1:45-2:15 p.m., grade 4, cafeteria; 2:15-2:45 p.m., grade 5, cafeteria; and 3:45 p.m., Bradford and Kidwell faculties, high school auditorium.

Parents and the general public will be permitted to attend any of the scheduled programs, as well as being encouraged by the administration to attend a program at 7:30 Tuesday evening at the high school auditorium.

Tuesday evening's program will be attended also by members of the board who, after the hour-long

period, will move to the administration building for their monthly business meeting.

On that meeting agenda will be a proposal to act on the search dog contract, consider bids to purchase computers, changes in the budget, and accept a resignation and hire a replacement.

The contract for the search dog will call for 40 hours per month. Cowley said Rickert will not give any advance notice of when he will visit a campus, or what the frequency will be, other than fulfilling the 40 hours.

Rickert will receive an hourly fee while on campus plus travel time from his Gainesville base.

**TAKEN TO HOSPITAL** - Emergency medical technicians of the Volunteer Fire Department were dispatched at 4:38 a.m. Sunday to 1617 Karen, where they found 17-year-old

**John Van Pelt unconscious**, reportedly the victim of a domestic dispute with relatives. He was transported by Plumlee Ambulance to Bethania Hospital.

## FINAL HOME GAME

# Hawks short of players but ready for Pioneers

Iowa Park will host the Boswell Pioneers in Hawk Stadium tomorrow night in the final home stand this

season for the varsity. But when the kickoff is signaled at 8 p.m., there's a question of how

many green and white uniforms will be on the field, and who will be in them.

varsity players were in uniform for Tuesday's workout, and there wasn't an offensive tackle among them.

starters. He's working Darin Whitman and Jerry Allen at the fullback position to fill Roach's shoes.

times and gaining 69 yards.

## All treats, no tricks Halloween

"We didn't have one single complaint filed for criminal mischief," Police Chief Tom Fenley commented proudly following Monday night's Halloween observance here.

Fenley complimented the youth for not doing any damage, as is pretty much a tradition for Halloween night.

Three thefts were reported during the past week, however.

Michael Johnson said a boy's bicycle, a red frame and yellow wheels valued at \$100, was taken sometime Tuesday night after it had been left in the bicycle rack at the junior high campus.

A rototiller was reportedly taken from 611 N. Victoria Saturday, Gene Williams, who filed the report, valued the loss at \$250.

A car battery valued at \$85 was reportedly taken from the bed of a pickup while parked between 7:30 and 8 p.m. Sunday at 1008 Van Horn.

Their ranks already riddled by injuries, the Hawks suffered another major loss over the weekend, when it was determined starting fullback Lee Roach was out for the season with pinched nerves in his neck and back.

Greg Untalon, who saw action in part of the opening quarter against Burkburhett, isn't expected to see any more action this season. He has a knee injury and tried to play with a brace, but said it didn't help.

The loss of Untalon and Roach was preceded by starting quarterback Dale Hayley being sidelined by surgery. Untalon and Hayley are seniors, Roach is a junior.

Atop all that, the team was riddled by other minor injuries and illness early this week. In fact, only 18

In order to work out, the varsity and junior varsity squads were combined, Coach David Baugh reported, and that gave the coaches 29 players with which to work.

Roach has carried the ball more than any back this season, 100 times. The micro fullback has gained 376 yards. Untalon carried 70 times and gained 349 yards.

## "THEY'LL PLAY"

"They'll play," Head Hawk Baugh said confidently yesterday. "We're just going to have to pull together more, now that we have our backs to the wall."

Baugh has been impressed by the attitude and effort of players who have been brought off the sideline to fill holes left by injured and ill

His selection of James Beebe to replace Untalon at runningback last week against Burkburnett was a good one. The big junior was the workhorse of the game, carrying 14

## BOSWELL TOUGH

Boswell is expected to be every bit as fast in speed, team-wise, as it was last year when the Hawks took an early lead and had to fight off a determined rally by the Pioneers in order to emerge with a 21-12 decision.

## Hawk Band superior

The Hawk Marching Band earned a Division One from the judges Tuesday at the University Interscholastic Band marching contest, held in Wichita Falls Memorial Stadium.

The superior rating gives the organization its first step toward the coveted Sweepstakes Award.

Should the band earn superior ratings in the spring sightreading and concert performance, it qualified for the Sweepstakes.

Iowa Park Junior High band received a Division Two rating Tuesday morning in marching competition.

## TUESDAY

# Voters to decide on constitution amendments

Local voters will join citizens over the state Tuesday to vote on 11 proposed changes to the state constitution.

Polls will be open from 7 a.m. until 7 p.m. Absentee voting will continue through Friday at the county clerk's branch office in the county agriculture building on West Park.

Polls open for voters Tuesday will include: (voting) Precinct 32 - County Agriculture Building; Precinct 33 - Faith Baptist Church; Precinct 34 - West Wichita Coop (metal building on school campus) at Valley View; Precinct 53 - Pleasant Valley Church on Huntington Lane; Precinct 59 - Alendale Baptist Church; and Precinct 60 - Valley Farms Community House.

The following analysis of all 11 amendments was provided by the League of Women Voters:

### AMENDMENT 1

**THE CONSTITUTIONAL AMENDMENT AUTHORIZING FEWER JUSTICE OF THE PEACE AND CONSTABLE PRECINCTS IN COUNTIES WITH A POPULATION OF LESS THAN 30,000 AND PROVIDING FOR CONTINUOUS SERVICE BY JUSTICES OF THE PEACE, CONSTABLES, AND COUNTY COMMISSIONERS WHEN PRECINCT BOUNDARIES ARE CHANGED.**

### \*\*\*EXPLANATION\*\*\*

Article V, Section 18 of the Texas Constitution requires each county in Texas to have at least four and not more than eight justice of the peace and constable precincts. Each precinct must have one justice of the peace (JP) and one constable. Any precinct that contains a city with a population of 8,000 or more must have four to eight constables at present a county must have from four to four such of 18,000 or under, could have from one to four such of precincts. Each precinct would have one JP and one constable unless the precinct contained a city of 18,000 or

more in which case two JPs would have to be elected. Texas has 254 counties - 146 with less than 18,000 inhabitants and 39 with more than 18,000 but less than 30,000.

The proposition also provides that in the event of any precinct boundary changes the incumbent JPs, constables, and county commissioners would serve out the terms to which they had been elected.

### \*\*\*FOR\*\*\*

\* Many counties have no need for four JPs and four constables, and the requirement creates an impossible financial burden.

\* Allowing variation to fit the needs of the individual counties will contribute to more effective local government and will save the taxpayers money.

\* Minority rights will be protected by the requirement for approval of boundary changes by the U.S. Justice Department.

### \*\*\*AGAINST\*\*\*

\* Reducing the number of elected officials sets a bad precedent and might lead to cutting the number of county commissioners.

\* It might dilute representation of minorities in counties where the number of constables and JPs is reduced. Each boundary change would have to be cleared with the Justice Department, a cumbersome process not worth the potential hassle.

\* If the number of justices and constables were reduced people would be burdened with longer and more inconvenient trips to receive the services of a JP or constable.

### \*\*\*AMENDMENT 2\*\*\*

**THE CONSTITUTIONAL AMENDMENT REPLACING THE LIMITATION ON THE VALUE OF AN URBAN HOMESTEAD WITH A LIMITATION BASED ON SIZE.**

### \*\*\*EXPLANATION\*\*\*

The Texas Constitution exempts a person's homestead from forced sale to pay off creditors except under specific circumstances. Homestead protection is available for either rural or urban property. Rural homesteads may not exceed 200 acres and an urban homestead lot or lots may not exceed

\$10,000 when first designated a homestead. In both cases homestead protection applies to the improvements on the property.

The proposed amendment makes no change in rural homesteads but would replace the \$10,000 urban homestead limit with a one-acre limit, together with any improvements on the land. The new definition would apply retroactively to all urban homesteads in Texas.

### \*\*\*FOR\*\*\*

\* Homestead protection is a Texas tradition but because of rising land values in urban areas fewer homesteads are protected.

\* Basing the urban homestead exemption on land area rather than land value would make constitutional revisions unnecessary.

\* It is important for the amendment to be retroactive because the number of Texas homes which are really protected from forced sale under current law has dwindled.

### \*\*\*AGAINST\*\*\*

\* A one-acre exemption is too generous; a half-acre limit would be sufficient.

\* The one-acre limit treats homestead owners in different locations inequitably. An acre is worth much more in affluent areas of large cities than in poor sections of small towns.

\* The homestead exemption's purpose is to provide family home security, not to avoid payment of debt. The current exemption of a \$10,000 lot or lots plus an unlimited amount of improvements is sufficient to provide for an adequate home.

### \*\*\*AMENDMENT 3\*\*\*

**THE CONSTITUTIONAL AMENDMENT PROVIDING FOR THE ADVANCEMENT OF FOOD AND FIBER PRODUCTION AND MARKETING IN THIS STATE THROUGH RESEARCH, AND PROMOTION FINANCED BY THE PRODUCERS OF AGRICULTURAL PRODUCTS.**

### \*\*\*EXPLANATION\*\*\*

Legislation passed in 1967 allows Texas producers of a specific crop to create and elect Producers Boards that

promote sales of the crop and support research programs for such purposes as control of disease and predators. Seven boards now operate in all or part of the state for the following commodities: corn, grain, sorghum, mohair, peanuts, pork, soybeans, and wheat. (Rice, flax, and cattle producers are specifically excluded by the statute authorizing the commodity boards.)

At present, activities of the Producers Boards are financed by fees that are collected when the commodities are processed or sold. The maximum amount of the fee is set when the Board is created. Payment of the fee is voluntary. A farmer or rancher who does not wish to pay the fee may file a request for an exemption, or may apply for a refund within two months after payment.

By authorizing "refundable assessments" this amendment and its enabling legislation would allow a Producers Board to prohibit exemptions from fee payments. Refunds would still have to be allowed.

### \*\*\*FOR\*\*\*

\* Uniform collection of fees will yield additional revenue and will enable the Producers Boards to do a more effective job of marketing and research. Revenues have dropped because the processors who collect the fees (such as grain-elevator operators) dislike this task and encourage producers to apply for exemptions.

\* Agricultural producers strongly support the boards. All of the Producers Boards now operating were approved by wide margins in votes of the affected farmers and ranchers. An individual producer who does not wish to support a Board's activities can still get a refund of any fee.

\* Mandatory contributions will help ensure that all producers of a commodity who benefit from the promotional programs help pay for them.

### \*\*\*AGAINST\*\*\*

\* The paperwork of applying for a refund will discourage producers from trying to get their money back. The exemption option, which this amendment would abolish, is much more convenient. Payment of production fees should remain voluntary.

\* Activities of the Producers Boards often duplicate services of the Texas Department of Agriculture, Texas

# Cook of the Week

At this season of the year with some very exciting holidays ahead, many cooks are going through their recipe files and pulling out their favorites for special occasions. Chances are most of them call for pecans, just like three of Billie M. (Mrs. J.A.) Everette's festive recipes for this week.

One reference states that the pecan is a nut originally 100 percent American. The United States has been left in almost indisputable possession of the pecan. They have been planted, sparingly, on some far-flung areas, but they are not much eaten in those places or any places outside America; though they can be found in luxury food stores in large cities throughout the world. One reason the pecan has failed to gain popularity outside of America is that its flavor is a great deal like the walnut, so there was little incentive for the Old World to bring in the new nut.

A reference book states that the territory now Texas may well be where the pecan started despite its scientific name, the Illinois hickory. It was probably named Illinois because that is where it was first encountered presumably by French missionaries pushing southward from the St. Lawrence valley. The nut seems to be the most appreciated in Texas, and almost all the butter pecan ice cream made in the United States is consumed in Texas. One expert said "Texans will buy anything with pecans in it."

"Pecan" is an American Indian word. Pre-Columbian Indians used pecans extensively. They pressed oil from the nuts and seasoned cooked fruits with them. They ground them into meal to thicken stew, mixed them with vegetables and roasted them to carry on hunting trips. Thomas Jefferson introduced the nut to the Atlantic Coast when he moved some trees from the Mississippi Valley to Monticello. He gave a few to George Washington, who planted them and three of them are still there.

Mrs. Everette, the daughter of the late Mr. and Mrs. A.C. Spruiell, was reared in Hubbard and first came to this area in 1926. She and her husband, who will celebrate fifty five years of married life Dec. 11, moved back to Iowa Park three years ago, moving here from Arlington where he worked for Mid-City Chrysler-Plymouth and she had a florist shop there. They previously owned a grocery store at Plano between 1933-1950. They are members of Faith Baptist Church.

Mrs. Everette is a member of the Order of Eastern Star and her hobbies are flowers and music.

Mrs. J.A. Everette

## HOLIDAY FRUIT DELIGHTS

1 1/2 lbs. dates, chopped  
 1/2 lb. candied cherries, chopped  
 1/2 lb. candied pineapple, chopped  
 1 lb. pecans, chopped  
 1 cup butter  
 1 1/2 cups sugar  
 1 egg  
 2 1/2 cups flour  
 1 tsp. salt, cinnamon and soda  
 Cream butter, sugar and egg. Mix half of flour, salt, soda and cinnamon with butter and eggs. Save other half to coat chopped fruits and nuts.

Mix together. Drop on greased cookie sheet with spoon; bake at 375 degrees 10 to 15 minutes. Yield: 10 dozen.

## DELICIOUS SUMMER SAUSAGE

5 lbs. fresh ground beef  
 4 rounded tps. Morton's Tender Quick  
 2 1/2 tps. liquid smoke  
 2 1/2 tps. mustard seeds  
 2 1/2 tps. garlic salt  
 2 1/2 tps. coarsely ground black pepper  
 2 tps. salt

Work thoroughly to mix well. Work well again each day for four days. On fifth day, work into two rolls about the size of a silver dollar. Place in long pan and cook 8 hours at 150 degrees. Leave on pan one hour. Cover rolls with foil to keep or can be frozen.

## ICE BOX ROLLS

2 cups warm water  
 2 pkgs. yeast  
 2 tps. salt  
 2 eggs, beaten  
 1/2 cup sugar  
 3/4 to 1 cup shortening  
 6 cups flour

Mix and put in covered bowl in refrigerator until double in size. Work down with big spoon. Make into rolls and put in greased pans about an hour before baking. Bake at 350 degrees until golden brown.

## ITALIAN CAKE

Cream together:  
 1 stick butter  
 1/2 cup Crisco  
 2 cups sugar  
 Add five egg yolks  
 Add alternately:  
 2 cups flour  
 1 cup buttermilk  
 1 tsp soda  
 1 tsp vanilla  
 1 can Angel Flake coconut  
 1 cup chopped nuts  
 Whip egg whites until stiff and fold into other ingredients. Bake at 350 degrees 25 to 30 minutes.

Frosting:  
 1/2 stick butter  
 1 8 oz. pkg. cream cheese  
 Cream together, then add:  
 2 boxes powdered sugar  
 Vanilla  
 Spread on cake and sprinkle nuts on top.

## CHERRY SALAD

1 can cherry pie filling  
 1 can (16 oz.) crushed pineapple  
 1 can Eagle Brand milk  
 1 8 oz. carton Cool Whip, room temperature  
 1 tsp almond flavoring  
 1/4 cup lemon juice  
 1/2 cup coconut  
 Mix together well and let set in refrigerator overnight

## COLE SLAW SURPRISE

1 large can sauerkraut  
 1 cup chopped purple onion  
 1 cup chopped green pepper  
 2 cups chopped celery  
 1 jar chopped pimento

Heat ingredients below until well blended, pour over salad and let set overnight:

2 cups sugar  
 1/2 cup vinegar  
 1/4 tsp marjoram  
 1/4 cup salad oil

## OLD FASHIONED BUTTERMILK CUSTARD

1/2 cup butter  
 1 3/4 cups sugar  
 3 rounded T flour  
 3 eggs, beaten  
 1 cup Borden's buttermilk  
 1 tsp vanilla and spices to taste  
 One 9-inch unbaked pie shell

Mix custard ingredients thoroughly and pour into unbaked pie shell. Bake at 350 degrees 10 minutes, then at 325 degrees 25 minutes.

## PECAN CLUSTERS

1 can Eagle Brand milk  
 12 oz. pkg. semi-sweet chocolate chips  
 4 cups miniature marshmallows  
 3 cups pecans

Put chips in milk and let heat until melted, but do not boil. Stir in marshmallows and pecans. Drop by spoonful on Saran wrap and let set overnight.

## Substance abuse subject of Lioness Club speaker

Jan Poore, a member of Wichita Falls Council of Substance Abuse, and a leader in PLUS (Proud, Loud, United Students against drugs) gave the program for the Iowa Park Lioness Club in a meeting held Thursday evening in the home of Mrs. D.O. James. Mrs. Homer Blalock was the co-hostess.

Mrs. Poore described PLUS, an organization started in 1981 with seven students and a present membership of 78, stating that its purpose was to educate students about drug and drink abuse and encourage them to fight school age substance abuse. She is the liaison for Ben Milam Elementary P.T.A. and made the observation that too many parents are unaware that substance abuse in America is the highest of any developed country in the world, and that their children become vulnerable at a very early age. She showed posters, color books and pamphlets that PLUS had put in all of the Wichita Falls schools.

Mrs. Poore encouraged club members to watch The Chemical People, a nationally televised program on Channel KERA, Nov. 2 and Nov. 9 which will be hosted by First Lady Nancy Reagan and stars, Bill Bixby, Michael Landon, Rita Morena, Willis Stargell and Bruce Waltz.

Following the talk, Mrs. L.E. Brooks read the story, "A New Life for Jimmy," taken from the Lions Club magazine.

Members answered roll call with their favorite flower.

Mrs. L.A. Thurlo directed the business. A report on the recent Whoop-T-Do project was heard and members of the social committee discussed plans for the Christmas party and program. The club will not meet in November.

Schedule for:

**R**ecreational  
**A**ctivities  
**C**enter

New aerobisthenics classes will begin Monday at 7:15 p.m. and continue Mondays and Thursdays. Beginner classes will be at 8:20 p.m. the same days.

Gymnastics classes are at 4 p.m. Wednesdays.

## Shower fetes bride elect

Miss Cynthia Wells, bride-elect of Phillip Farnsworth, was honored Sunday afternoon at a lingerie shower in the home of Mrs. Michael Holder at Lakeside City West. Co-hostesses were Miss Gayla Harrell and Miss Christy Holder.

The red lace-covered refreshment table was especially attractive with its white lingerie shower tree centerpiece, crystal punch service, pink and red petits four, gold flatware and serving pieces.

The table where guests signed the bride's book was appointed with a gold candelabrum and a bouquet of red and pink silk flowers.

Miss Wells was presented with a corsage of fresh red roses and baby's breath, and mothers of the betrothed couple, Mrs. Danny Cullers and Mrs. Howell Farnsworth were given cream-colored silk rose corsages.

Special guests were Mrs. G.E. Shawver of Electra, grandmother of the honoree, and Mrs. Liz Tate of Dallas, grandmother of the groom-elect.

## Festival planned to benefit library

Mrs. Steve Turner conducted the business meeting for the Epsilon Eta chapter of Epsilon Sigma Alpha Tuesday evening at the home of Mrs. Bud Mercer. Mrs. Bill Hrcenik was co-hostess.

During the meeting, plans were discussed for the Arts and Crafts Festival Nov. 19 when all proceeds will be given to the Iowa Park Library, the chapter's service project for the year. Plans were also discussed for the pledging program in Jan. and a report on the Whoop-T-Do queen contest was heard.

The next meeting will be the traditional Thanksgiving dinner Nov. 15.

THANKS—

KIDWELL P-TA would like to thank MuleSkinners, Stanley Hawkins, Steve Ming, Clown Arouns, Breaktime, Whites, Cryovac, all workers, and all donations sent in support of our Halloween Carnival.

### Garden Club holds glass art workshop

Mrs. Michael Hodson conducted a workshop on glass art for the Iowa Park Garden Club in a meeting held Friday at Texas Electric Reddy Room. Each member was instructed in painting mirror squares.

Mrs. N.D. Hodson gave the thought for the day, and members answered roll call with their favorite hobby.

The monthly covered-dish meal and birthday party were held Tuesday at Friendly Door in honor of members whose birthdays are in November.

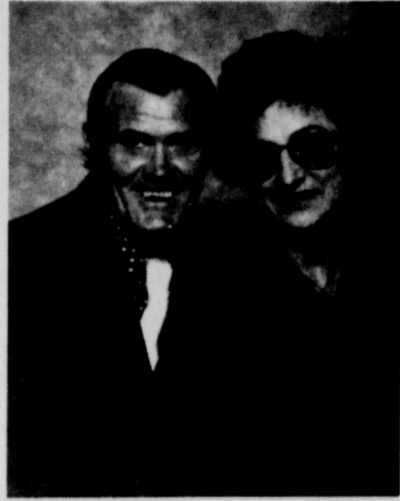

Included in the group were Mae Roby, Nettie Lowrance, Carl Hoffman, Pauline Singleton, Una Adams, Joel Spruiell, Mae Simmons, Maggie Perkins, Shirley Trimm, Jewel Jones, Grover Hodges, Mable Thaxton, Johnnie Cornelius, Ted Pierce.

Others were Gertrude McCarthy, Henry O'Brien, Gerline Williams, Ima Jean Caddell, Jack Hart, J.D. "Cub" Rushing, Ruth Thomas, Hildegard McLeland, Ila Duggins, Steve Lovelady, Kathryn Bricker, Katherine Cottrell and Hester Clark.

The Friendly Door band will provide entertainment for residents at Heritage Manor Tuesday afternoon. Reservations for the Thanksgiving dinner must be in by Nov. 18, according to Myrna Robinson, site manager. The dinner will be served in two shifts Nov. 22, starting at 11:30 a.m. Special music will be provided by Gary and Joyce Fielding.

The center will be closed Nov. 24-25 for the Thanksgiving holidays.

MR. AND MRS. EDWARD NIX

### Anniversary to be observed

The children and grandchildren of Mr. and Mrs. Edward Nix of Wichita Falls will honor them Sunday at a reception to commemorate their 35th wedding anniversary. The Texas Electric Reddy Room in Iowa Park will be the scene of the reception which will be held between two and four p.m.

Children of the couple are Tressa Murray of Iowa Park, Gayla Scoughton of Scott AFB, Ill., Alana Nix and Pat Nix of Wichita Falls. They have four grandchildren.

Mr. and Mrs. Nix were married Nov. 6, 1948 in Wellington and moved to Wichita Falls in 1953. He is employed by Levi Strauss and she is employed at the Medical and Surgical Clinic.

Relatives and friends are expected from Wellington, Odessa, Bowie and nearby area towns.

Mr. and Mrs. Donnie Schroedar, former Iowa Park residents, announce the birth of their second child, this one a daughter, Lacy Rachelle, born Oct. 9 at Sierra Vista Hospital in San Luis Obispo, Calif. The girl tipped the scales at seven pounds, two ounces and was 19 1/2 inches long. She has an eight-year-old brother, Randy.

Grandparents are Mrs. Lila Wynn of Iowa Park, Mrs. Penny Thompson, and Russell Schroedar, both of Mendenhall, W. Va., and her mother, Mrs. Vera Gardenhire, of Hedley.

## Aponte, Ketchersid vows solemnized Friday

In a double-ring ceremony performed Friday evening at the Sacred Heart Catholic Church in Wichita Falls, Miss Marie Teresa Aponte became the bride of Kevin Allen Ketchersid. Father Vincent Redder was the officiant, and Alan and Judy Fager were the readers for the service.

Parents of the couple are Mr. and Mrs. Edgardo Aponte of Leavenworth, Kansas and Mr. and Mrs. Cheston S. Ketchersid of Iowa Park.

The couple repeated their vows as they stood between fourteen-branched candelabra entwined with boxwood and accented with burgundy and gray bows holding cathedral candles. The church pews were marked with burgundy and gray silk bows.

Mary Ann Detrick, organist, furnished accompaniment for solos by Mrs. Mickey Green, who sang "Flesh of My Flesh" before the bridal prayer, "Mothers Song" and "It Seems I've Always Loved You." She played the traditional processional and recessional.

The bride, presented in marriage by her father, chose a formal gown of white organza over taffeta detailed with rich Venise lace and pearl-centered embroidered daisies. The fitted bodice featured a Queen Anne neckline, a sheer yoke in both front and back, long tight sleeves adorned with the appliqued daisies, and the same designs added charm to the full skirt that drifted into a chapel train.

Her two-tiered illusion veil bordered with small daisies cascaded from a Juliet cap of Venise lace and daisies. She carried an eye-catching bouquet of burgundy tiger and asteria lilies and carnations, lily greenery accented with two shades of gray satin loops and sprinkled with silver glitter.

The bride wore a white bead rosary for the "something old" tradition. The "something borrowed" was her gown from a friend in Kansas. The blue background in a cameo that she wore constituted the "something blue" addition and her garter was "something new."

Miss Gisela Aponte of Leavenworth, Kansas served her sister as the maid of honor. She wore a long burgundy polyester gown designed with white lace bodice, spaghetti straps and matching sash that tied in a bow. Her gown was complemented with a long-sleeved jacket ruffled around the neckline and

MRS. KEVIN KETCHERSID

down the front. She carried a teardrop bouquet formed of burgundy carnations tied with gray streamers.

The bridesmaids, Miss Sabrina Allison of Leavenworth, Kansas, and Miss Jana Ketchersid of Iowa Park, sister of the groom, were smartly dressed in long burgundy gowns styled with matching lace yokes and sleeves, peplum waists and string belts. Each carried four long stemmed carnations accented with gray satin trailing ribbons.

The groom and best man wore silver gray tuxedos with tails, white shirts and gray bow ties. Other male participants wore less formal silver gray tuxedos. The groom's boutonniere featured burgundy carnations and baby's breath.

Rowland Ketchersid of Iowa Park, brother of the groom, was best man. Gary Wood and Nelson Rivera, both of Wichita Falls, were the groomsmen. Guests were ushered by Michal Aponte, brother of the bride, and Rick Walker.

Mothers of the bride and groom wore burgundy carnations with gray ribbon trim corsages with their street-length dresses. Mrs. Aponte wore a pastel floral print dress with long sleeves and turquoise cinderella collar, cuffs and belt. Mrs. Ketchersid was attired in a winter white brushed cotton dress fashioned with ruffled V neck, long sleeves, gold belt and gold bow buckle.

The groom's parents hosted the rehearsal dinner Thursday evening at Texas Electric Reddy Room.

Following the wedding, the bride's parents were hosts for the reception held at Sacred Heart reception hall.

The wedding book was placed on a white linen-covered table appointed with burgundy carnations in a bud vase trimmed with a gray bow, and an off-white plume pen. Miss Kathy Davis directed signatures of the guests.

Attention of the guests was drawn immediately to the bride's table covered with white linen swagged with burgundy and gray silk. The focal point of interest was the three-tiered white cake with one set of filigree pillars. Each tier was deftly trimmed with a risen design of small reverse shells, and between each design was a cluster of white roses and a few burgundy drop flowers with pale green leaves. The dividers afforded a glimpse of the second tier covered with a cluster of the roses and drop flowers accented with tiny white doves. The beauty of the cake reached a peak in the top ornament of two white satin wedding bells filled with lilies of the valley nestled in puffs of net. The bells were raised by a sugar bell anchored to a heart-shaped dais.

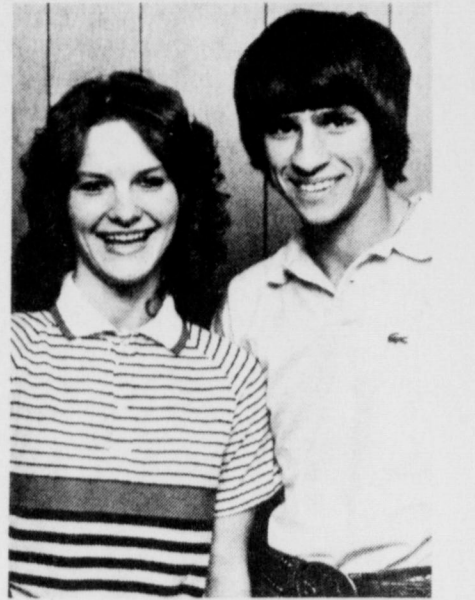

The bride's bouquet, crystal punch service and bridal napkins completed the table decor.

The groom's table, also laid with white linen, held the bride's throw away bouquet of fresh burgundy and gray pixie carnations, silver coffee service, and chocolate cake decorated with shell borders and names of the bride and groom written in green over maroon beneath a display of marzipan fruit and candy.

Miss Cathy Schoonover and Miss Patti Carr served at the refreshment tables during the reception.

The bride was graduated from Leavenworth, Kansas High School, attended St. Mary's College and is employed at the First Wichita National Bank. The groom was graduated from Iowa Park High School, attended Vernon Regional College and is employed at Cryovac. They will live in Iowa Park.

Special wedding guests were Mrs. Ethel Ketchersid of Vernon and Mrs. Bertha Bradstreet of Iowa Park, grandmothers of the groom. Out-of-town guests not previously mentioned were Mr. and Mrs. Otto Steinwaech of Bonner Springs, Kansas, Miss Frances Gaddis of Leavenworth, Kansas, Mrs. Louise Peters of Irving.

TAMMERA REASOR and KENNY SINCLAIR

### Couple sets July date

Mr. and Mrs. James Reasor announce the engagement of their daughter, Tammera Joleene, and Kenny Sinclair, son of Mr. and Mrs. Bobby Sinclair of Wichita Falls.

Miss Reasor is a senior at Iowa Park High School. She is employed by Taco Villa. Her fiancé was graduated from Rider High School and is employed by Wallace Mfg.

The wedding date chosen by the couple is July 14, 1984.

# As I See It....

By BOB HAMILTON

I find it very interesting that a racist like Jesse Jackson would announce his candidacy for the presidency of the United States.

Yes, I call Jackson a racist. Anyone who talks about the black-white situation all the time is as much a racist as one who burns crosses. And that's all he talks about: what the whites have done to, are doing to, and are expected to do to, the blacks is his constant topic.

Of course he recognizes he must enlist the help of all the other ethnic groups, the have nots, who want what the haves have. He said in a speech during the past year the blacks want their share now; not including full employment, because the slaves were fully employed; he wants the blacks' "share" of ownership of all the major corporations. . . now.

Jackson has clearly indicated his impatience. He wants his race to succeed through politics, and to heck with earning.

And after hearing him on radio and television, delivering his speeches, I can just imagine what it would be like if he were elected president, and how his state of the union message would sound. He'd have the house gallery packed with supporters, representing the "amen corner."

I don't think Jackson feels he can be elected. He wants to go down in the history book as being the first black presidential candidate, and also to have a public forum to express his beliefs. Problem is, I feel the national media have for years given him more than his share in that.

How about all that flack from Margaret Thatcher and her British political people complaining about the United States invading Grenada?

Did you have the first thought when you heard it as I: what happened to their appreciation for our support when they sent forces to the Falklands?

My old buddy at the Andrews newspaper had a similar observation: "Key officials in this country recently played a vital role in re-structuring the \$75-billion debt owed by Mexico -- mainly to banks in this country."

"And those same key officials of the Federal Reserve System played a similar role in restructuring the pastdue debt of Brazil -- a debt that tops \$90-billion. A similar role was conducted on behalf of Chile, Peru and Columbia.

"Intelligence sources in this

country believe that the U.S. was only hours ahead of a Cuban takeover of Grenada with its invasion.

"So who were the first critics to sound off about the U.S. invading Grenada to prevent the takeover by Castro and his professionals?"

"Yep -- the first outbursts of indignation, censure, and cries of 'Yankee imperialism' came from Mexico and Brazil, followed by Chile, Peru and Columbia.

"The old saw works equally well for countries as for individuals: never loan money to your brother-in-law!"

# Easy ways to save.

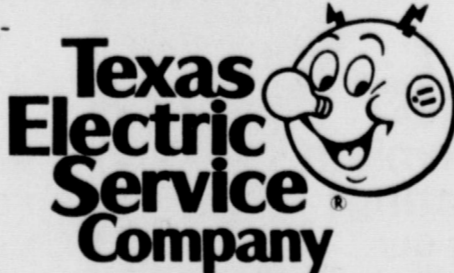

When the temperature starts to drop, here's what you can do to help hold down your heating bills and save money. Set your thermostat at 68° or lower.

Remember, the lower you set your thermostat during the winter, the lower your electric bill will be. At night and when you're going to be away, set it at 55° or lower. Open drapes during the day to let sunlight in, and close them at night to help hold in warm air.

These easy ways to save can help you use less energy this winter. And you can learn more ways

to help hold down your electric bill — winter and summer — with a TIPS booklet from Texas Electric. For your copy call us or ask for it on the comments section of your electric bill.

## Stella Carver

Stella Carver, 82, mother of Joyce Bray of Kamay, died Monday in a Wichita Falls hospital.

Services were Tuesday at Bible Baptist Church in Bowie with Rev. Dale Webster, pastor, officiating. Burial was in the Elmwood Cemetery under direction of Burgess-Fry Funeral Home.

She was born Oct. 3, 1901, in Gorman and had lived in Bowie since 1942. She was a member of the Bible Baptist Church.

She is survived by four daughters, Louise Prestwood of Daingerfield, Nina Ruth Wiley of Wichita Falls, Mrs. Maurice Browning of Clute and Joyce Bray of Kamay; four sons, Fred of Nocona, Howard of Bowie, Johnny of Gainesville, and Bennie of Dallas; three sisters, Essie Taylor of Gilmer, Iris Palmer of Bridgeport, and Ruth Rusk of Walters, Okla.; 26 grandchildren; and 23 great-grandchildren.

## Stella R. Watson

Graveside services were Monday afternoon at Crestview Memorial Park for Mrs. Stella R. Watson, 87, of Wichita Falls. She was the mother of Dubart Watson of Iowa Park. Rev. Jim Andrus officiated and burial was under direction of Owens and Brumley Funeral Home.

She was born June 16, 1896, in Eureka and had been a resident of Wichita Valley Farms 31 years. She was a housewife, a member of the Baptist Church and a retired school teacher.

She is survived by her husband, Elisha L. Watson, one son, Dubart of Iowa Park; one sister, Lillian Gladney of Corsicana; and two granddaughters.

## Freeman D. Burns

Graveside services were held Wednesday morning in New Electra Cemetery for Freeman D. Burns, 61. Rev. Miles Graham, pastor of First Christian Church, officiated. Totten-Day Funeral Home was in charge of arrangements.

He was born Jan. 1, 1922, in Kansas City, Kan. He was retired from Dorland Machine Shop and a longtime Electra resident.

Survivors include his wife, Faye of Iowa Park; six stepsons, Larry Southers of Vernon, Jimmy, Bobby, Johnny and Richard Southers, all of Wichita Falls and Jerry Southers of Electra; a stepdaughter, Gloria Boren of Iowa Park; and a brother, Lewis of Leavenworth, Kan.

## Adele Ann Green

Services for Adele Ann Green, 76, were Sunday afternoon at Christ the King Catholic Church with Rev. Charles B. King of Sacred Heart Cathedral officiating. Burial was in Highland Cemetery under direction of Tanner-Aulds Funeral Home.

She died Friday in a Wichita Falls hospital.

She was born Nov. 28, 1906, in Windthorst and was a retired licensed vocational nurse. She moved to Iowa Park in 1964 from Vernon, and was a member of Christ the King Catholic Church and Altar Society.

Survivors include her husband, Erbie; two stepsons, Eddie of Murchison and Bobby Ray of Burkburnett; six sisters, Pearl Martini of Wichita Falls, Lucy Gookin of Electra, Ruth Lindsey and Mabel Marriott, both of Wichita Falls, Bernice Hoeffner and Anthonette Wiist, both of Oklahoma City.

## Jewell Flippin

Services for Jewell Flippin, 82, were Wednesday at Totten-Day Funeral Home in Electra with John Dunahoe, Southside Church of Christ minister, officiating. Burial was in the Electra Memorial Park.

She was born Aug. 22, 1901, in Bridgeport and was a longtime resident of Electra. She lived in Canada from 1956 to 1968.

Survivors include two sons, Cecil of Toronto and Jesse James of Escanaba, Mich.; four sisters, Della Wolf of Iowa Park, Ruth Carlton of Bridgeport, Gretchen Buffalo of Nocona and Nola Reid of Bovina; 10 grandchildren and 11 great-grandchildren.

## Patriotism theme of UMW program

Mrs. Sam Hunter, program leader, used a patriotic theme for the Tuesday morning meeting of the United Methodist Women. She reviewed the circumstances under which the nation was founded, stating that our forefathers came for the purpose of building a country based on faith in God.

"America is still basically a religious country rated as one of the greatest civilizations in the history of mankind, and it rests with the American people today to continue the spirit which our forefathers had to keep our nation great," Mrs. Hunter emphasized.

Mrs. Larry Parks directed the business. Mrs. Travis Smith reported on the District UMW meeting held at Nocona recently and Mrs. L.A. Thurlow reported on the upcoming bazaar which will be held Saturday in the Fellowship Hall of the church.

ANNUAL CHRISTMAS BAZAAR sponsored by the United Methodist Women will be held from 9 a.m. until 3 p.m. Saturday in the Fellowship Hall of First United Methodist Church. Along with the handcrafts the UMW will be serving lunch of stew, chili, sandwiches and desserts.

From the time Leonardo da Vinci made the first sketches of gliders to the first real airplane was a period of 400 years.

LEADING CHEERS during 1983-84 for Iowa Park Junior High are: [bottom] Angie Martin, Tammie Bridges and Tomi Sue Cockburn; [standing] Stacy Boren, Amy Freeman, Kathy Fehr, and mascot Peni Lee.

### Susan Streich is recognized

Susan Streich, daughter of Mr. and Mrs. Cecil Streich, has been chosen the Student-of-the-Month by the Rotary Club. Another honor that she received in October was that of being chosen the homecoming queen of the Iowa Park High School for 1983-84.

SUSAN STREICH

She was valedictorian of the junior high school and has been a double A honor roll student throughout high school. As a senior, she is president of the National Honor Society and treasurer of the Student Council and senior class. She is section leader of the A Cappella Choir and has served as reporter of the choir one year. She has been drum major in the band, member of the district band, district and region choirs and attended the state solo and ensemble in band and choir for two years.

Susan has been named to Who's Who Among American High School Students, Who's Who in biology, chemistry and history. She is a member of the Thespians and was named the best novice girl during her junior year. She has participated in

tennis two years and placed second in district one year.

She is a member of the First Baptist Church in Wichita Falls where she sings in the youth choir. She plans to further her education at Baylor Univ. and major in business.

### Eight students to be feted

Eight Iowa Park High students will be honored at a banquet sponsored by the Iowa Park Optimist Club Tuesday evening.

The 10th annual Youth Appreciation Week Banquet is to begin at 7:30 p.m. in Christ the King Catholic

Youth to be honored, and their parents, include: Tim Norris, Mrs. Pauline Rutledge; Caroline Patter-

son; Mr. and Mrs. W. E. Patterson; Jay Yeakley, Mr. and Mrs. Alton Yeakley; Becky Brown, Mr. and Mrs. Charles Brown; Deryl Roy, Mr. and Mrs. George Roy; Tammy Washburn, Rev. and Mrs. Larry Washburn; Brett Hale, Mr. and Mrs. Lee Hale; and Kim Nicholson, Mr. and Mrs. James Nicholson.

**Fri., Nov. 4** - Burritos with chili & cheese, meat or cheese sandwich, soup, buttered corn, creamy cole slaw, chocolate & plain milk, pudding.  
**Mon., Nov. 7** - Space man sandwiches, meat or cheese sandwich, soup, golden French fries, chilled fruit, macaroni & cheese, chocolate & plain milk, cake.  
**Tues., Nov. 8** - Mexican tacos & cheese, meat or cheese sandwich, soup, buttered corn, lettuce & tomato salad, chocolate & plain milk, fruit cobbler.  
**Wed., Nov. 9** - Cheeseburgers, meat or cheese sandwich, soup, golden tater tots, lettuce, tomatoes, pickles, onions, chili beans, chocolate & plain milk, ice cream bars.  
**Thurs., Nov. 10** - Meatballs & spaghetti with cheese wedge, meat or cheese sandwich, soup, combination salad, buttered English peas, garlic toast, chocolate & plain milk, lemon sunshine pudding.

### First Baptist sets conference

The First Baptist Church will host a four-day conference dealing with the work done by the missionaries of the Southern Baptist Convention, beginning Sunday at the 11 a.m. worship service when Boyd Pearce, a foreign missionary to Kenya, will be the first speaker of the conference. Bryan Ross, a state missionary to the area around Big Spring and San Angelo will be the speaker for the 7 p.m. worship service.

Barbara Vann, who is a U.S. 2 home missionary to Milwaukee, Wis. will share about her work Monday evening. The special guest for the Tuesday evening service will be Marlois Kirksey, a foreign Missionary to Brazil. For the concluding service Wednesday evening, Ivan Earl Colclasure, who is serving as a home missionary in the Christian Service Corps, will be the speaker.

The public is invited to attend the services. A nursery will be provided for all preschool age children.

## 4-H CLUB NEWS

### FOOD SHOW WINNERS

Eight winners were determined from among 55 participants in the annual Wichita County 4-H Food Show held Saturday in the 4-H Auditorium in Wichita Falls.

Winners in the senior and junior divisions included:

Senior - main dish, Terri Martin; breads and cereals, Jeff McCoy; fruits and vegetables, Merry Elliott, and nutritious snacks and desserts, Michelle Beasley.

Junior - main dish, Beverly Mannen; breads and cereals, Michelle Pingree; fruits and vegetables, Michelle Hooker, and nutritious snacks and desserts, Lisa Hodges.

All will compete in the Dist. 3 contest, slated Nov. 19 at Sikes Senter Mall in Wichita Falls.

clubs.

The training which started last January included all phases of leadership for youth. Topics covered such items as 4-H club organization, leading project groups, teaching leadership skills to youth, and 4-H programs.

The leaders, Donna Hodges, Pam Boyd, Gary Boyd, Jeanette Davis, Troy Kyle, Elaine Ennis, Annette Barfield, Doris McKenzie, Albert Davis, and Al Rindinger, were recognized at the annual 4-H Achievement Banquet in October.

### Gas dryers maintain one's appearance for less.

Saving money is important. For everyone. That's why natural gas dryers are the preference for those who know.

They cost less to operate than non-gas models. In fact, high-efficiency gas dryers dry about three loads of wash for the cost of drying

one in a non-gas dryer.

And gas dries clothes faster. And it makes them feel soft and fluffy.

So get more for your money and get a gas dryer for your home. Today. After all, in these times, looking one's best for less is something everyone can appreciate.

KENDELL HILL AT END OF 20-YARD GAIN

CHRIS REEVES BLOCKS SURE TOUCHDOWN PASS

# Bulldogs rally to win

Burkburnett's Bulldogs had to come from behind twice to beat the crippled Hawks, 20-9, in order to keep their playoff hopes alive.

The Hawks had taken the lead on a 26-yard field goal by Jerry Allen late in the first quarter. And they held onto that lead until a wild fourth quarter that made fans think they were watching a Dallas Cowboy game.

Burk virtually passed it way to take the lead for the first time early in the fourth quarter. Three passes, 14, 16 and 21 yards, took the ball to the Hawk 11. And facing a fourth down on the three, they passed again for the score, to cap a 76-yard drive.

But the Hawks came right back to take the lead once more, less than three minutes later.

Darin Whitman took the following kickoff and returned it to his own 41. Lee Roach and Van Hedrick couldn't advance the ball. And a trick pass play from Hedrick to David Elder was almost completed and would possibly have been good for a score, had the throw not been too long for the receiver.

Unable to pick up a first down, Hawk punter James Beebee sent the ball sailing to the Burk 25 where the receiver bobbled the catch and Jeff Brookshire was there to cover it on the 19.

Bryan Fulfer picked up 10 yards, Beebee one, and then Roach spurted through the left side of the line eight yards, dragging two tacklers the final two steps, to score.

Allen's kick for the extra point was wide to the right, but the Hawks led, 9-7, with 7:36 remaining in the game.

The host Bulldogs drove 67 yards in eight plays on their next series, scoring on a 16-yard sprint around right end with 4:02 left on the scoreboard clock.

Burk gambled on the extra point, faking a kick and attempting to throw for the two-point conversion, but Iowa Park's alert defensive secondary had the receivers covered and blocked the pass.

Hawk mistakes buried whatever hope they had for a win after that.

Beebee returned the following kickoff to the Hawk 34. Iowa Park drew a five-yard delay penalty before the ball

could be snapped on the first play. And after the walkoff and following snap of the ball, Hedrick missed his handoff connection with Roach and Burk was set up on the Iowa Park 26 when a 'Dog covered the fumble.

The Bulldogs needed only four plays to score the final points with 2:20 left in the game.

Greg Untalon, wearing a brace on his knee in an effort to play, left the field in the first quarter and didn't return. But he had carried three times and gained 24 yards.

Workhorse Lee Roach, injured during the game, was called on only nine times, far below his average of 14 per game, and gained 31 yards.

Beebee took over the heavy-carry chores. His number was called on 14 times. He gained 69 yards, including runs of 10, 25 and 28 yards.

Kendell Hill was called on three times and gained 29 yards, including a 20-yarder in the fourth quarter on an injured ankle that kept him out of workouts early this week.

Hedrick completed two passes of

seven attempts, both to Whitman, for 29 yards.

Penalties were as much a problem for the Hawks as was Burk's defense. Twelve flags were thrown against the Mean Green, including two consecutive tosses that gave the Hawks a first-and-20 situation. Total steps against Iowa Park during the evening were 93.

The host Bulldogs were flagged seven times, but 20 of their 50 yards in penalties came on a pass interference call.

Friday's win made it two in a row for Burkburnett over Iowa Park since their record since Iowa Park joined them in 1971 8-5 over the Hawks.

# Valley Farms housewife always collecting, doing

By KEVIN HAMILTON  
When you enter Mrs. Maurie Boylan's home in Wichita Valley Farms, considering you know her before you step through the door, two things may come to mind that will impress you.  
The first thought might be "How did this woman, who married very young and received little education from school, do so well for herself materially?"  
And, the second thought, "Are all of these pieces of art originals?"  
The outgoing hostess would easily take those questions in stride, because she is immensely proud of her heritage as well as her productive years as a wife, mother of two grown sons (now really, how does she do it), holder of the Priscilla Hauser teaching certificate in tole and decorative painting, and avid collector of everything ranging from

cigarette lighters to her newest collective-craze, thimbles.  
There's more.  
Born on the Coppermine Ranch in Archer County, Mrs. Boylan's father, Cooper Williams, raised her until she married her husband at the ripe age of 15. "As a child, I wanted to be either an artist or a dress designer," she remembers. "I guess in school I was never studying the books, but instead spent all that time cutting out paper dolls."  
The lack of a complete education always bothered her, until she received the teaching certificate in tole painting. "It requires over 100 hours of instruction before you can be accredited, and it is very difficult," she says, pointing to the three certificates mounted on her wall.  
Mrs. Boylan also maintains her father educated her during her early years with a heap of common sense,

and hopes some of that rubbed off on her.  
Another note of good fortune was her marriage to Maurie Boylan, owner of Longhorn Music Co., where one of the couple's sons, Cooper, also works. "My time with the two boys (Lonnie and Cooper) growing up was always full because the house was always full of their friends," she states. "But when they left, I was lost with time, and my husband provided me with his support when I started undertaking different hobbies."  
She began with porcelain, particularly with reproducing old antique dolls, then turned to china painting before canvas and tole painting.  
These hobbies may not appear to be too involving, but consider that she works part-time with her husband in his business, part-time at the Mustard Seed teaching art lessons and carrying those lesson-giving hours to her own home on other days.

MRS. MAURIE BOYLAN CONCENTRATES ON WORK ... landscapes are her favorite canvas subject.

She has also found time to maintain her lighter collection, which numbers well over 5,000 and fills an entire display case plus a large drawer.  
Not to mention her never-ceasing fondness for collecting miniatures.  
... or the six-room, two story doll house complete with furnishings, lights, even a cat chasing a mouse in the kitchen while another licks up spilled milk.  
... or her miniature tea sets, one of which is a complete set with a handpainted landscape.  
... or her antique hat pin collection.  
... or her glass paintings.  
... or her water colors.  
... or her wood sculptures.  
... or her plants.  
... and, maybe finally, her extensive ceramic works, with rows and rows of projects-to-complete and four kilns to aid that cause.  
"I cannot draw," she flatly states. "I can sketch, then paint, and when I do paint I like to do mountains and ponds." Several pieces hanging on her walls attest to the fact.  
"What I have found, though, is that

the frames to me are as important as the paintings, they can make one look good or bad," she claims. Another point she says is important in doing a landscape is to take a photograph of the scene you wish to paint first, in order to have consistent light tones. "That is what I want more than anything right now," she says, "a good camera."  
Her lighter collection began over 23 years ago with a small collection which numbered less than a dozen. Currently she has different ones from all over the world. Her display case includes a shelf with lighters from the states, with just a few remaining eastern states remaining to complete that particular segment, and one shelf with lighters from other countries.  
When son Lonnie was serving in Vietnam as a seaman, he searched for a lighter in Hong Kong during one furlough. The proud mother tells of him returning to ship with a silver lighter purchased while there, and a Hong Kong silver coin similar in size to the U.S. half dollar. "He had the

ship's welder weld the coin to the lighter, then gave it to me."  
Of the four-shelf display case which is packed fully, she reaches for an aged cigarette lighter that has been through several years of use. It is the one her father used over 22 years. "He told me it had been dropped in every cow pasture and mudhole in North Texas," she proudly states. Another yet comes from her grandfather, and still worked when it was given her despite the fact he lit three packs of cigarettes a day for several years with it.  
The doll house, which with the help of son Cooper took less than two months to construct, looks about as close to the real thing as one can get. Saying the initial plan was to build it for her grandchildren, which now number six, the two spent several hours fixing individual pieces of shingles, outside wood, and pebbles for the fireplace, and Cooper wiring it for lighting.  
Her most current collection attempt, thimbles, now numbers six,

and includes commemorative works for Prince Charles and Lady Di's wedding, Mickey Mouse's 50th anniversary, and Elvis.  
To top it off, you might say, she helps her husband with yard work, maintaining a manicured lawn. "I do the mowing and trimming and such, and he does all of the "hard work" such as edging," she admits. "We now have a big riding mower to do the work (their home sits on an acre), but when we first moved here I was mowing with a push mower," she chuckles.  
The talented homemaker/artist sculpture/collector/wife and mother is indeed a gifted individual.

LIGHTER COLLECTION NUMBERS OVER 5,000 ... and a tale accompanies each one.

AMERICA VS. RUSSIA IN THE BATTLE OF RETINITIS PIGMENTOSA  
Retinitis pigmentosa is a disease of the retina that is considered untreatable by American scientist has received increasing notoriety lately because of an attempt by Russian doctors to treat an American child that was brought to Russia by the parents. Just what is retinitis pigmentosa (RP)? RP is actually a pigmentary retinal dystrophy caused by multiple genetic inheritance patterns affecting approximately 0.5% of the world population. RP gradually replaces the sight elements in the retina (rods and cones) and starts in the periphery of the retina. The main symptoms are decreased dark adaptation and reduced peripheral vision. Color vision is also affected sometimes. Since rods are used for night vision and RP affects the rods, night vision suffers first. RP is transmitted genetically by recessive, dominant or X-linked recessive genes.  
According to American doctors, there is no medical cure for RP but some things can be done to reduce the severity of RP.  
Next week I'll discuss various therapeutic approaches in managing RP.  
in the interest of better vision from the office of

# Commerce has its way, 23-6

Commerce ruled its own roost through much of the first half Friday night in East Texas State Univ. stadium, and the 16-0 cushion the Bulldogs built before Jay Burks' touchdown run was enough, with the host team prevailing 23-6.

The win for the Class AAA Bulldogs avenges a 21-7 setback suffered last year when Commerce travelled the long distance to

Holliday, and gives them a 6-2 record for the season, while the Eagles rolled to 5-4 for the year.

Tailback Bruce Smith was the quick gun for Commerce, rambling 17 yards for the second of two first period touchdowns for the Bulldogs.

A 65-yard pass completion from quarterback John Lane to wingback Scott Jones went for another score, with the point-after-kick in that series

falling off to the left. Commerce made it 16-0 with a 37-yard field goal by strong-legged Gregg Bass, the head coach's son.

### HOLLIDAY SCORE

Shortly before halftime intermission, Burks capped a 67-yard drive with a three-yard plunge to give the Big Red its only score of the evening. Kicker Kelly Carver failed on his after point try, and the scoreboard stayed 16-6 until a fourth-quarter Commerce touchdown.

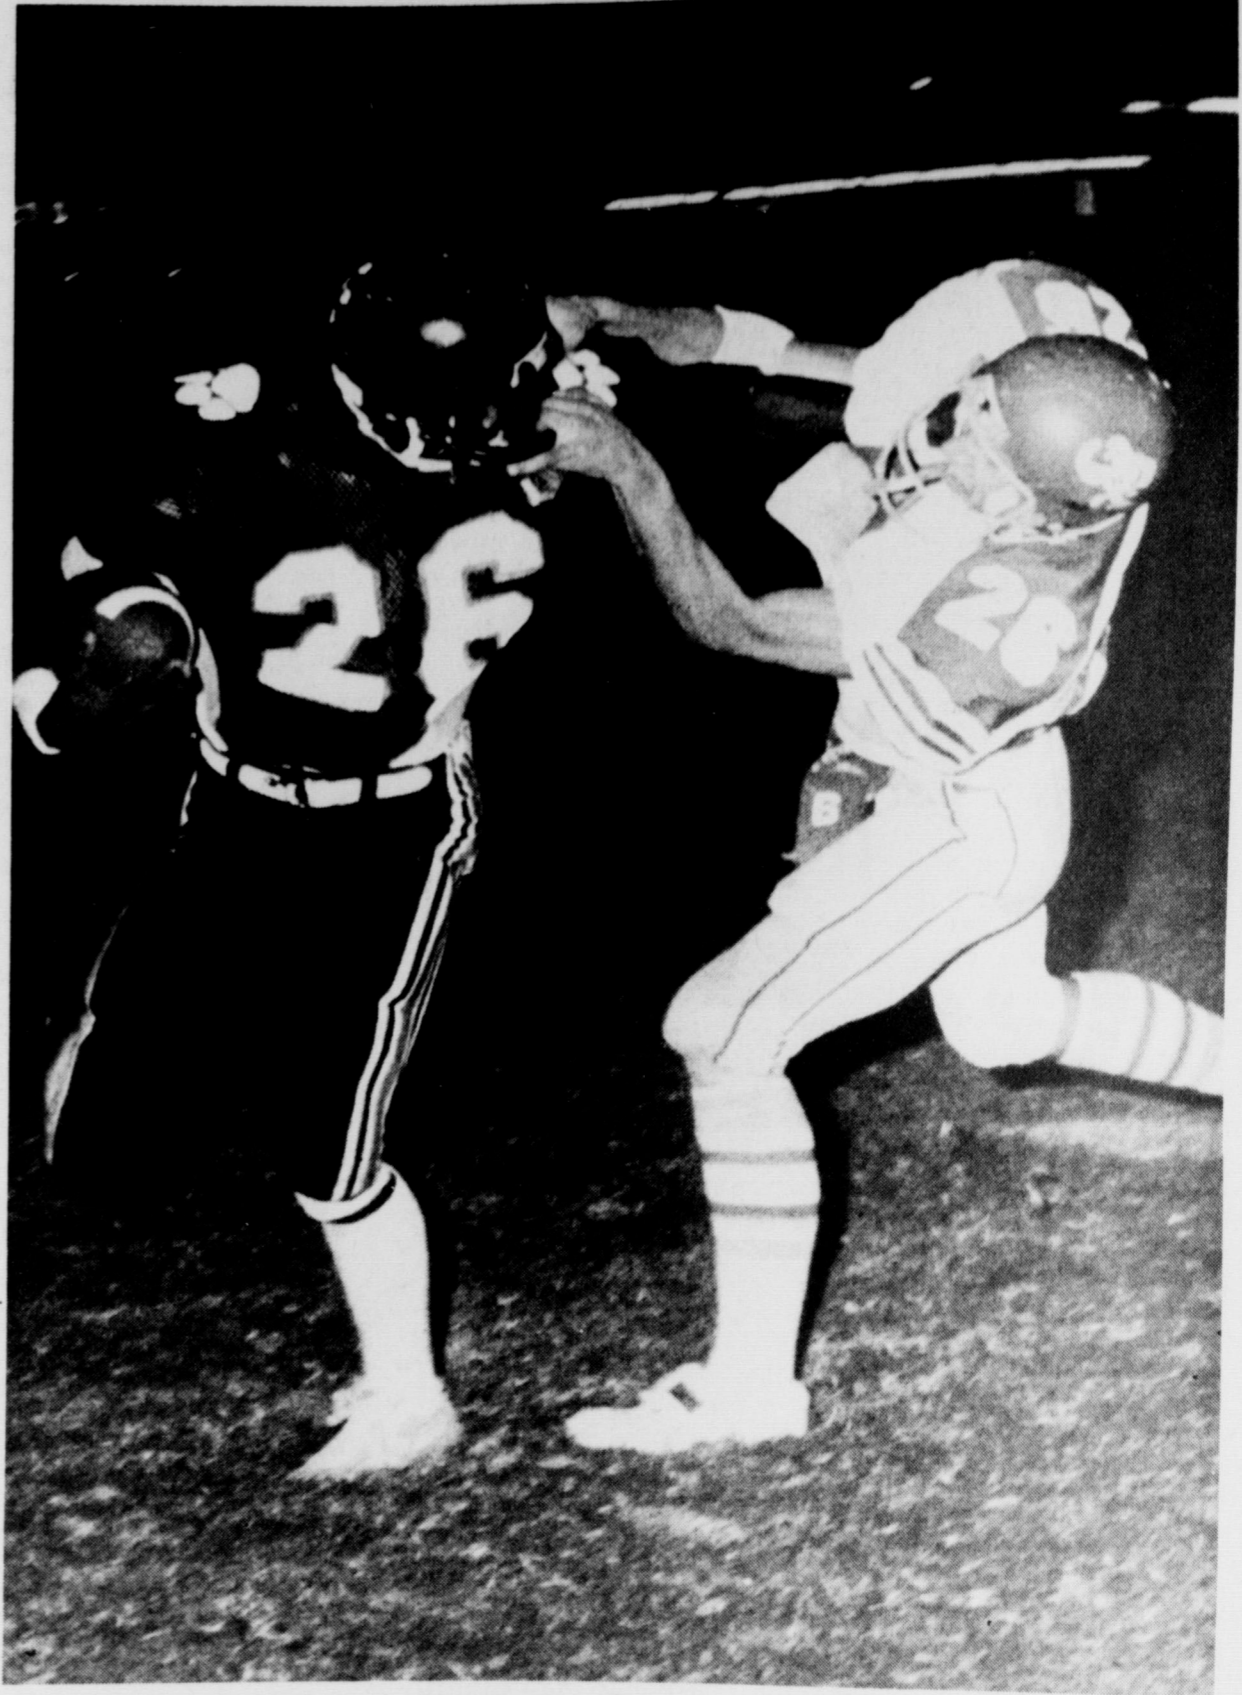

Smith tallied the final Bulldog score on a one-yard plunge capping a 68-yard drive late in the final period. The extra-point kick by Bass gave the host team a 23-6 lead it held until the final gun sounded.

Asked about his team's performance in Commerce, head coach Don Lucy responded, "Kinda poor." He added, "We didn't play that well, although the last three quarters was a good football game, but Commerce outplayed us in the first period."

Holliday tried the pass more frequently than at other times this season, but with marginal success, as quarterback Pat O'Brien was intercepted three times. The Eagle signal caller did manage to complete four passes out of 13 attempts for 64 yards.

## Lucy likes new league

"I like it, I think the district will be better for it," head coach Don Lucy of Holliday said Tuesday when asked about the new redistricting for U.I.L. sports the next two years.

Holliday remains in the same district, which will once again be called District 9-AA, instead of District 11-AA as has been the case the past two years.

New district members are Seymour and Electra, with both

teams dropping down a notch from Class AAA ranks. Old district members Chico and Archer City will be dropping down to Class A to compete in separate districts, while Boyd moves to District 9-AA.

Therefore, the new District 9-AA next year will feature the Eagles, Electra, Henrietta, Jacksboro, Nocona, Olney, Petrolia and Seymour.

Boyd will compete in District 12-AA and play Grandview, Itasca, Kennedale, Milsap and Rio Vista.

### TO PLAY IOWA PARK

Holliday will also renew an old rivalry next year when it meets Iowa Park, a former district member over two decades ago. According to former Holliday School graduates, neither team had an edge on the other at that time, and neither could beat out state powerhouse Crowell, a team that featured more players with facial hair than not in those days.

The schedule for the next season is as follows: Archer City, Sept. 7, here; Boyd, Sept. 14, here; Iowa Park, Sept. 21, there; Seymour, Sept. 28, there; Electra, Oct. 5, here; Henrietta, Oct. 12, here; Nocona, Oct. 19, there; Jacksboro, Oct. 26, here; Petrolia, Nov. 2, there; and, Olney, Nov. 9, there.

### LOOK WHO'S NEW

A son, Matthew Evan, was born Oct. 27 in Wichita General Hospital to Mr. and Mrs. Mark Peters of Holliday. He weighed seven pounds, 14 ounces.

Grandparents are Mr. and Mrs. Lonnie Moore and Rita Peters, all of Wichita Falls. Great-grandparents are Mr. and Mrs. H.E. Moore of Iowa Park and Masalda Wilson of Bowie.

## Annual Eagle-Wildcat match-up slated Friday

Last year it was a 34-0 whitewash in Archer County as the Holliday Eagles rampaged their way to an unbeaten district record. This year, a rebuilding Eagle squad and playoff-contending Wildcat bunch from Archer City has all the signs of that score being reversed.

That is, until you ask the Eagles themselves. They are eager to secure the county bragging rights once again.

"It ought to be one heck of a game," Eagle mentor Don Lucy said Tuesday. "I look for it to be a close-scoring game with good hitting on both sides."

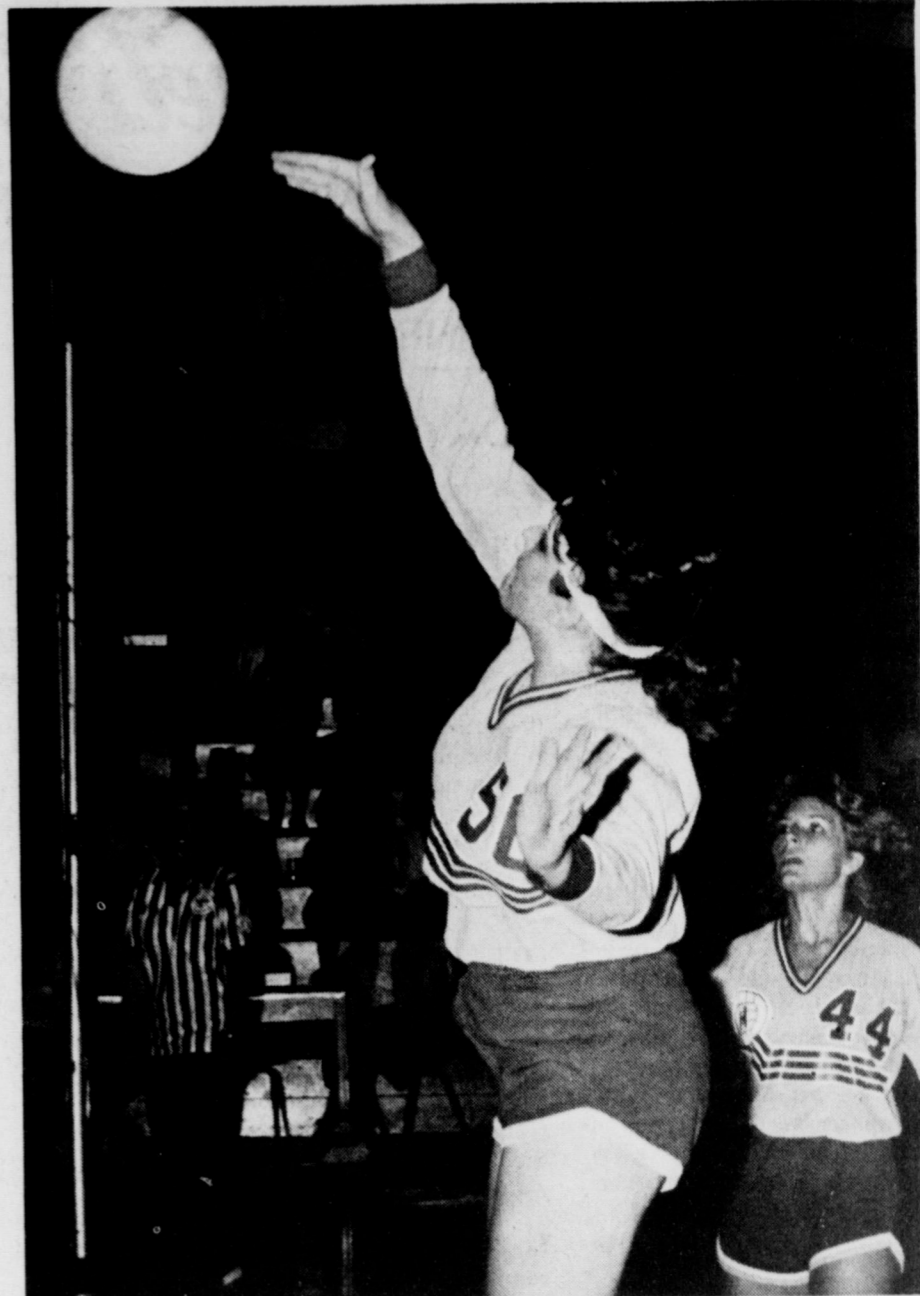

Lucy went on to say that the 34-0 score last year was deceptive, because "... they gave us a good a fight as any other district opponent last year."

This season the Wildcats are 5-2 in District 11-AA with tomorrow night meaning the difference between making the playoffs, or not making the playoffs.

With unbeaten Boyd already secure in the district champ spot, the battle for second is between the Wildcats and Olney, a team Archer City upset earlier in district play.

But losses to Nocona and Boyd put Archer City in a tie with the Cubs, and tomorrow night's game will most certainly spell the difference. A win by both Olney and the Wildcats will make no difference, with Archer City progressing.

Mitch McLemore is the big gun for the Wildcats, rushing 10 times for 221 yards and three touchdowns against Chico last Friday night. The big back ran for scores of 67, 32 and 12 yards.

RHONDA KROB SPIKES ONE ... against Chico Monday.

## Chico wins crown

The Chico Lady Dragons rallied after losing the first game of their match against Holliday's Lady Eagles in Graham Monday night, and went on to win the playoff for the championship in District 11-AA volleyball.

Coach Steve Mellhane's squad played the defending champs from Chico tough throughout the game, winning the first game of the match 15-10, before falling the final two games 9-15, 10-15. The final game was

the closest of the last two, with the Lady Eagles surging ahead 4-0 before Chico rallied during its service.

More than just deciding who would be district champ, the playoff was necessary to decide who would meet who Saturday in Springtown in the bi-district tourney. Because of the loss, the Lady Eagles will play district champ Hamilton at 11 a.m. with Chico playing runner-up Hico immediately following the Holliday-Hamilton game.

## Junior high honor roll

Honor roll for the first six week period at Holliday Junior High was released recently by principal Jake Cottrell.

Students making the "AA" roll averaged 90 or above in each class, while those making the "A" roll averaged 90 or above in all courses combined. They are:

**SIXTH GRADE AA:** Carla Carr, Schondra Conyee, Renee Wilson. A: Brandon Davis, Tanya Franks, Johnny Hancock, Ryan Menasco, Teresa Noll, Brian Roland, Julie Scholl, Terry Stewart, Brian Sweitzer, Melissa Wagner, Kim Whitsitt.

**SEVENTH GRADE A:** Pam Bailey, Tammy Beaves, Scott

Belcher, Mary Jane Billingsley, Christy Edwards, Melissa Faver, Keri Lilley, Katha McAllister, Luci Mellhane, Beth Moldenhauer, Michael Richards, Arthur Romoser, Lauri Styles.

**EIGHTH GRADE AA:** Shannon O'Brien, A: Klionie Berend, Dustin Bridges, Seretha Finnell, Jenny Ingram, Norelia Reed, Colt West.

### HOLLIDAY SCHOOL MENU

- Friday, November 4**  
Breakfast: French toast, syrup, milk, juice.  
Lunch: Frito chili pie, beans, cookies, macaroni and tomatoes, cheese, milk.
- Monday, November 7**  
Breakfast: Frosted flakes, milk, juice.  
Lunch: Fish, macaroni and cheese, tartar sauce, cole slaw, cookies, milk.
- Tuesday, November 8**  
Breakfast: Donuts, milk, fruit.  
Lunch: Chicken pot pie, peas, salad, fruit, milk, butter, bread.
- Wednesday, November 9**  
Breakfast: Cinnamon toast, milk, fruit.  
Lunch: Pizza, salad, corn, cake, milk.
- Thursday, November 10**  
Breakfast: Pancakes, syrup, milk.  
Lunch: Hamburger, chips, lettuce, tomato, cheese, onions, milk, ice cream.
- Friday, November 11**  
Breakfast: Cheese toast, milk, juice.  
Lunch: Ravioli, green beans, whipped potatoes, cake, milk, butter.

### LOOK WHO'S NEW

Mr. and Mrs. John White of Bowie are the proud parents of a new son, Josh Clinton, born Wednesday, Oct. 26 at Bowie Memorial Hospital. He weighed eight pounds.

Josh has a brother, 2 1/2 year-old Jeremy Clayton. His mother is the former Dana Rains of Holliday.

Proud grandparents are Mr. and Mrs. Don Rains of Holliday and Mr. and Mrs. Milton White of Bowie.

DEANNA CHASE PUTS ONE UP FOR HOLLIDAY ... help received from Tammy Stevens

## Area oil, gas report

J.F. Hood of Ft. Worth has filed first production figures on a new oil well in the Wichita Reg. Field. The No. 16 Waggoner "C" showed potential to make 16 barrels of oil per day.

The operator has 80 acres leased, with drillsite in Wichita County's H. George Survey, four miles north of Kamay.

The well will produce from an interval 1,442 to 1,450 feet into the wellbore. Total drilling depth was 1,950 feet.

A 600-ft. developmental well is planned by Louis F. Kent of Wichita Falls at a drillsite four miles south of Burkburnett, Wichita County. The location is in a 40-acre lease in the CTRR Survey. Well's designation is the No. 11 Perkins Est. Lease. It is in the Wichita Co. Reg. Field.

Joe B. Hood of Wichita Falls has filed for permit to drill the No. 1 Patton, a 1,999-ft. developmental well three miles east of Electra. Location is in an 88-acre lease in Wichita County's C.C. Holcomb Survey. The well is in the Wichita Co. Reg. Field.

Texaco Inc. of Midland has filed for permit to plugback for shallower pay at the No. 113 W.B. Honaker, NCT-1 in Wichita County's Wichita Co. Reg. Field, three miles northeast of Electra. Proposed total depth is 1,956. The well is in a 333-acre lease in the S&P RR Survey.

A 3,950-ft. developmental well is planned by American Petrofina Co. of Texas of Wichita Falls at a drillsite four miles southwest of Kamay, Wichita County. The location is in a 640-acre lease in the W.H. Spillers Survey. Well's designation is the No. 3-39 Cypriidge Mongold Unit. It is in the KMA Field.

Stray Oil Co. of Burkburnett has filed first production figures on a new oil well in the Wichita Co. Reg. Field. The No. 2A Beach 148 showed potential to make five barrels of oil per day.

The operator has 43 acres leased, with drillsite in Wichita county's CTRR Survey, five miles southeast of Burkburnett.

The well will produce from an interval 1,261 to 1,271 feet into the wellbore. Total drilling depth was 1,335 feet.

## Amendments

Continued from page 1

A&M University, and private organization that promote the same commodities.

\* Texas voters rejected a similar amendment in 1977.

### AMENDMENT 4\*

**THE CONSTITUTIONAL AMENDMENT AUTHORIZING STATUTORY PROVISIONS FOR SUCCESSION OF PUBLIC OFFICE DURING DISASTERS CAUSED BY ENEMY ATTACK, AND AUTHORIZING THE SUSPENSION OF CERTAIN CONSTITUTIONAL RULES RELATING TO LEGISLATIVE PROCEDURE DURING THOSE DISASTERS OR DURING IMMEDIATE THREAT OF ENEMY ATTACK.**

#### EXPLANATION\*\*

Article III, Section 62 of the Texas Constitution, approved by the voters in 1962, requires the legislature to provide for succession to public offices, **except members of the legislature**, in case of disaster caused by enemy attack. This amendment is designed to fill a perceived gap, and to provide for other emergency measures. Article III, Section 58 of the constitution declares Austin to be the seat of government and requires the legislature to hold its sessions there. Article IV, Section 8 permits the governor to convene the legislature at a different place if Austin is "in possession of the public enemy or in case of prevalence of disease threat." However, the Constitution makes no explicit provision for convening the legislature at a location other than Austin in the event of a nuclear attack.

The proposed amendment would require the legislature to provide for emergency interim successors to replace legislators who become "unavailable" due to enemy attack and would allow the House and Senate to suspend constitutional rules governing actions of the legislature for up to two years by concurring with a proclamation by the governor to that effect. The suspension may be renewed with another proclamation and concurrence. It would also permit the governor to keep the time and place of the meeting of the legislature secret. Implementing legislation, HB 1216, provides that emergency successors would be chosen from former state senators or representatives living in the district where the legislators had become "unavailable." The lieutenant governor and Speaker of the House would choose successors from a list of seven names submitted by the executive director of the Employees Retirement System.

#### FOR\*\*

\* The state government lacks crucial powers to respond to enemy attack or the threat of enemy attack. The authorities would need an orderly plan for bypassing the usual restrictions which could become a hindrance during an emergency.

\* Proper civil defense planning such as this could save lives and ensure continuance of our democratic form of government.

\* The advanced weaponry likely to be used could isolate the state and prevent reliance on the federal government.

#### AGAINST\*\*

\* In the event of a nuclear attack the federal government will most likely assume total control of governmental functions, making this amendment unnecessary.

\* This proposal is an exercise in futility. Even if some governmental authorities could survive a nuclear attack, they might not be those designated to issue emergency edicts and to choose successor legislators. Possibly all the "qualified" substitute legislators in a given district would also be "unavailable."

\* This amendment would give the governor dangerous and unprecedented powers under "the threat of immediate attack." Determination of "an immediate threat" could possibly aggravate an international crisis by precipitately exercising emergency powers.

### AMENDMENT 5\*

**THE CONSTITUTIONAL AMENDMENT AUTHORIZING USE OF THE PERMANENT SCHOOL FUND TO GUARANTEE BONDS ISSUED BY SCHOOL DISTRICT.**

#### EXPLANATION\*\*

The Permanent School Fund (PSF) is a perpetual trust fund made up of income from public lands that are constitutionally set aside for the support of the state's public schools. The cost of administering the PSF is currently paid out of general revenue. Earnings from the PSF, together with certain taxes make up the Available School Fund (ASF). The ASF is distributed annually to the local school districts and is applied to their personnel, maintenance, and operation costs. There is no state program to assist school districts with construction costs, which are usually financed through the sale of school district bonds.

This proposition authorizes the legislature to enact laws providing for the use of the PSF and income from the PSF to guarantee bonds issued by school districts. It also would permit the legislature to appropriate money from the ASF to administer the PSF or any bond guarantee program established by law.

#### FOR\*\*

\* A bond-guarantee program, by improving most school districts' bond ratings, would lower the interest they must pay on bonds. Because of the state's population growth, many districts face increasing needs for school construction.

\* A bond-guarantee program would pose virtually no financial risk to the state as records indicate that the likelihood of default is very small.

\* The administration of the PSF should be handled by experienced investment managers and the legislature is more apt to pay competitive salaries for these positions if they are funded by PSF money rather than by general revenue.

#### AGAINST\*\*

\* If the state is going to use the PSF to guarantee school district bonds, it should also be prepared to spend part of the fund in the event of a default. Although defaults have been rare, the Texas economy is depressed in some areas and defaults may become more common.

\* The constitutional dedication of the principal of the PSF has enabled it to grow phenomenally providing income for operation of the schools. The real risk of this amendment is allowing the principal of the PSF to be used for this purpose.

Some people think the amendment would open the door for future attacks on the multi-billion-dollar fund.

### AMENDMENT 6\*

**THE CONSTITUTIONAL AMENDMENT ALLOWING THE LEGISLATURE TO PROVIDE FOR ADDITIONAL REMEDIES TO ENFORCE COURT-ORDERED CHILD SUPPORT PAYMENTS.**

#### EXPLANATION\*\*

Since 1876 the Texas Constitution has prohibited the garnishment of wages—that is, seizure of a person's current pay to satisfy the claims of creditors. This constitutional prohibition has been interpreted as a bar to any Texas law permitting involuntary withholding of wages to satisfy court-ordered child support obligations—a mechanism used in 47 other states to enforce child support orders.

Single-parent families are the fastest growing family group in the United States and the number of persons who have been ordered by a court to support their children has risen sharply. Along with the rise of court-ordered child support payments has come a rise in the number of parents who do not obey those orders and fail to provide adequate support for their children. Texas law requires that parents support their unmarried minor children. The methods currently in use in Texas have failed to effectively enforce the large majority of child support orders for both welfare and non-welfare cases in Texas. Texas enforcement tools currently focus on remedies for nonpayment rather than on a system to ensure timely regular payments on a continuing basis.

This amendment would permit the legislature to provide for the garnishment of wages to enforce court-ordered child support payments. The garnishment would not be available for other purposes.

#### FOR\*\*

\* This proposed solution is one of the most effective means of on-going enforcement of support obligations according to the National Conference of State Legislatures.

\* The Legislative Budget Board and the Department of Human Resources estimate an annual tax savings of \$9,000,000 on welfare cases alone by 1985 if the amendment passes.

\* Parents rather than taxpayers need to support their children.

#### AGAINST\*\*

\* It would be an administrative burden on employers. Information concerning an employee's private life would be known to an employer and employers might discriminate against employees who are subject to wage assignment.

\* There are practical limitations to wage assignment. Employees might quit or change jobs frequently to avoid the assignment. Assignments are ineffective against debtors who are self-employed, paid in cash, or unemployed.

\* This could be a first step in allowing garnishment for other purposes.

### AMENDMENT 7\*

**THE CONSTITUTIONAL AMENDMENT PROVIDING FOR FINANCIAL ASSISTANCE TO VETERANS AND TO AUTHORIZE THE ISSUANCE OF \$800 MILLION IN BONDS OF THE STATE TO FINANCE THE VETERANS' LAND PROGRAM AND THE VETERANS' HOUSING ASSISTANCE PROGRAM.**

#### EXPLANATION\*\*

This amendment authorizes \$300 million in additional bonds for the Veterans' Land Fund and \$500 million to create a Veterans' Housing Assistance Fund. The new Housing Assistance Fund would be managed by the Veterans' Land Board, a three-member board chaired by the State Land Commissioner which now manages the veterans' Land Fund. These bonds would be general obligation bonds, backed by the credit of the state.

The amendment also authorizes the Veterans' Land Board to use future income of the Funds (over and above amounts needed to retire outstanding bonds) to finance additional loans from either Fund. The Constitution now requires that Veterans' Land Fund income not required for bond payments be deposited in the General Revenue Fund. In addition, the proposed amendment authorizes the Board to issue revenue bonds to provide further financial assistance to veterans for either land purchases or home mortgages. No limit is placed on the amount of revenue bonds that the Board may issue. Thus, the loan programs could be continued indefinitely without further bond authorizations by the voters.

Eligibility requirements for loans from either Fund include: 90 days' service in the U.S. armed forces, and Texas residency either at the time of entering service or for five years immediately before filing the loan application.

The Veterans' Land Program was created by a 1946 constitutional amendment with an initial bond authorization of \$25 million. Since that time Texas voters have approved six amendments adding to the Land Fund. The total amount now authorized is \$950 million; however, no loans have yet been made from the \$250 million in bonds authorized in 1981.

Over the years, more than 77,000 veterans have received assistance in purchasing more than four million acres of land through the Veterans' Land Fund. Because of a minimum acreage requirement of 10 acres, virtually all of this land has been in rural areas.

Present legislation limits financial assistance from the Land Fund to a maximum of \$20,000 to any veteran, with a 5% down payment required. Lending rates are set by the Board, generally at about 1% above the interest on the bonds financing the loan. The current rate is 8.5%. Loans are for a 40-year term.

The proposed new Veterans' Housing Assistance Fund would make available 40-year \$20,000 home mortgage loans at rates similar to those for the Land Program. These loans would be handled through commercial lending institutions, which could provide any additional financing needed by the veteran.

#### FOR\*\*

\* The long term, low interest mortgage loans offered by the new Veterans' Housing Assistance Fund would enable thousands of Texas veterans to finance homes that they could not otherwise afford. These loans would probably be offered on more favorable terms than mortgages available through the federal VA and FHA programs.

\* Additional home purchases by veterans would stimulate the home-building industry and the state economy. Thousands of new jobs would be created.

\* The proposed Housing Assistance Program would have an even broader appeal than the existing Land Program, since most veterans live in cities and have a more immediate need for housing than for rural land. Younger veterans, especially, would make use of this new program.

\* The authorization of additional bonds for the Land Program would extend the availability of this program. It is also appropriate that surplus revenues created by good management of the Funds be used for additional assistance to veterans. Allowing the Veterans' Land Board to issue revenue bonds for the two programs provides another possible source of funding for the programs without further commitments of the state's credit.

#### AGAINST\*\*

\* A disproportionate amount of the state's credit is now being used for assistance to veterans. More than half of the present state debt is for Veterans' Land Fund bonds. The \$800 million in additional state bonds proposed by the amendment would significantly increase this debt. The state's credit should be used to meet public needs rather than to assist in the purchase of homes and land by individual citizens.

\* Mortgage loan assistance for veterans is already available through the federal Veterans Administration. In addition, veterans receive many other state and federal benefits, such as college tuition, medical care, and hiring preferences for civil service jobs.

\* State assistance for housing should go to those who cannot otherwise afford decent residences. Maximum income limits are set for recipients of mortgage loan assistance from the Texas Housing Agency. But need is not a consideration in the proposed Veterans' Housing Assistance Program.

\* The provisions of the proposed amendment that would allow the Veterans' Land Board to use fund surpluses and issue revenue bonds for an unlimited period of time and in unlimited amounts are bad public policy. The Legislature and the voters should retain some control over all state spending.

**THE CONSTITUTIONAL AMENDMENT TO AUTHORIZE TAXING UNITS TO EXEMPT FROM TAXATION PROPERTY OF CERTAIN VETERANS' AND FRATERNAL ORGANIZATIONS.**

#### EXPLANATION\*\*

The Texas Constitution permits the legislature to exempt from taxation a number of different kinds of property including buildings used exclusively by public charity institutions. In addition, a section of the Tax Code provides a property tax exemption for certain veterans' organizations if the property is not used to produce revenue or gain. The constitutionality of this exemption has been placed in doubt by an Attorney General's Opinion which held that the legislature could not add to the list of properties constitutionally entitled to an exemption. Another section of the Tax Code exempts real and tangible personal property of certain "charitable organizations" that are organized exclusively to perform certain charitable functions listed.

This proposition authorizes, but does not mandate, political subdivisions to exempt veterans' organizations from ad valorem taxation on their property if certain stated requirements are met. It also provides that political subdivisions may exempt fraternal organizations from ad valorem taxation if they are primarily engaged in charitable or benevolent functions. The legislature is authorized to establish eligibility requirements and set property limitations for fraternal organizations to benefit from the exemption.

#### FOR\*\*

\* This amendment is necessary to ensure that veterans' groups may receive property tax exemptions since the current law is in doubt. Many veterans and fraternal organizations have been receiving these tax breaks and would not be able to survive without them.

\* Many fraternal organizations do not meet the "purely public charity" standard imposed by the courts and used by tax appraisers to decide if they qualify for an exemption under the Tax Code.

\* With this amendment, each local governing body will be able to decide what type and amount of exemptions are justified and what can be afforded locally.

#### AGAINST\*\*

\* The proposed exemptions would shift the tax burden to already pressed taxpayers.

\* The amendment does not clearly define "fraternal organization." Leaving that determination up to each individual taxing unit might invite litigation.

\* The amendment should allow the legislature itself to limit the types and amounts of property that may be exempted and to provide eligibility requirements for veterans' organizations as with fraternal organizations.

**THE CONSTITUTIONAL AMENDMENT PROVIDING FOR ASSIGNMENT OF JUDGES OF STATUTORY PROBATE COURTS TO OTHER STATUTORY COUNTY COURTS WITH PROBATE JURISDICTION AND TO COUNTY COURTS.**

#### EXPLANATION\*\*

The Texas Constitution provides that each county shall have a county court. The elected county judge who presides over commissioners court and is the chief executive officer of the county also presides over the county court. Each of the constitutional county courts has general jurisdiction over probate matters - registration of wills, administration of estates, appointment of guardians, and commitment of the mentally impaired. The legislature has created more than 100 statutory county courts to relieve the county judge of some or all judicial duties. Many of these courts have some probate jurisdiction. Eleven specialize in probate matters—three in Dallas County, three in Harris County, two in Bexar County, and one in Galveston County.

Under this proposal statutory probate-court judges would be allowed to substitute in any county in the state for another judge of a statutory county court with probate jurisdiction or for the judge of the constitutional county court. Implementing legislation provides that the probate judges would elect one of their number to serve as statewide presiding judge for four years. That judge would be empowered to assign probate judges to substitute in any county in the state where needed. Both active and retired probate judges would be eligible for such assignments.

#### FOR\*\*

\* Probate cases can involve complex questions of law. Constitutional county judges are not required to be attorneys. Some statutory county judges may be unavailable or disqualified to sit on some probate cases. Although probate cases can be transferred by the constitutional county judge to the district court or a special judge may be appointed in certain cases, these options are generally unsatisfactory. Appointment of a special judge is cumbersome and the appropriate district judge may have overcrowded dockets of his or her own. It would be more efficient and more effective to allow judges with special expertise in probate matters to hear cases when emergencies arise outside their home counties.

#### AGAINST\*\*

\* Transferring special probate judges around the state would mean that those judges might be unavailable in their home counties. The constitutional county judges would be tempted to disqualify themselves on the slightest excuse. If a county needs a statutory court with probate jurisdiction the legislature should create that court rather than shift the load to a few overburdened probate court judges.

\* Constitutional authority is not required for the legislature to regulate the administration of statutory courts.

### AMENDMENT 10\*

**THE CONSTITUTIONAL AMENDMENT TO PERMIT A CITY OR TOWN TO EXPEND PUBLIC FUNDS AND LEVY ASSESSMENTS FOR THE RELOCATION OR REPLACEMENT OF SANITATION SEWER LATERALS ON PRIVATE PROPERTY.**

#### EXPLANATION\*\*

When it is necessary for a city to relocate a sewer main, sewer laterals belonging to private property owners must also be relocated. Some property owners are not able to pay the cost of this construction. The amendment would allow the city, with the consent of the property owner, to contract for the relocation of the sewer lateral, with repayment to be made to the city within a five-year period at an interest rate set by statute.

\* This amendment would facilitate needed replacements and relocations of sewage lines. It is permissive for both the city and the property owner.

#### AGAINST\*\*

\* The five-year repayment period provided by the amendment is too short. Repaying the cost of a new sewer lateral within this time period will create a hardship for individuals with low incomes.

### AMENDMENT 11\*

**THE CONSTITUTIONAL AMENDMENT TO CHANGE THE BOARD OF PARDONS AND PAROLES FROM A CONSTITUTIONAL AGENCY AND TO GIVE THE BOARD THE POWER TO REVOKE PAROLES.**

#### EXPLANATION\*\*

This amendment removes the Boards of Pardons and Paroles from the constitution and requires the legislature to establish it by law and to enact laws governing parole. This amendment also gives the board exclusive power to revoke paroles, thus eliminating the governor's power to veto (revoke) parole decisions made by the present board. The governor would retain the power to grant reprieves, commutations of punishment and pardons.

The present limit of three members of the Board of Pardons and Paroles and their method of appointment would also be removed from the constitution. The implementing legislation would enlarge the board to six members and would give the governor power to appoint all members.

#### FOR\*\*

\* Together with its implementing legislation, this amendment will expedite the parole process and save the taxpayers money. A six-member board should spread out the workload and save time.

\* The Board of Pardons and Paroles has a trained staff with resources and expertise to determine eligible offenders' readiness to be released from prison. Trial judges, prosecutors, and county sheriffs have an opportunity to comment before a parole is granted.

\* The present system of a governor's clemency staff of reviewing paroles granted by the board is a duplication of effort, adds three weeks or more to the parole process, and may jeopardize any job the parolee may have been promised upon release. Such a clemency staff receives no special training, nor does it interview the prospective parolee; thus it is less qualified than the board to make parole recommendations to the governor.

\* Expansion of the Board of Pardons and Paroles and the removal of the governor's power to revoke parole are two of the recommendations designed to eliminate overcrowding of prisons which were proposed by the 1982 Governor's Blue Ribbon Commission on Comprehensive Review of Criminal Justice Corrections.

#### AGAINST\*\*

\* The present gubernatorial veto power over paroles is an important safeguard to ensure that only capable and rehabilitated offenders are released from prison. The governor's staff need not investigate each case as closely as the board in order to evaluate the wisdom of the board's recommendations.

\* The power to deny parole gives the governor the discretion to be tougher than the board.

\* Additional appointment power given to the governor in the enabling legislation does not compensate for the loss of direct power to prevent selected releases from Texas prisons.
