Vol. 15, No. 9 IOWA PARK, WICHITA COUNTY, TEXAS 76367 THURSDAY, NOVEMBER 10, 1983

11 OF THE 15 SENIORS WHO STARTED SEASON WITH HAWKS WILL PLAY FRIDAY

IN SEASON'S FINALE

Hawks have plenty to play for

If you're out of the district race, no chance for the state playoffs, and playing the last game of the season against a team you'll likely never see again, there's not much to get worked up about, right? Wrong.

Iowa Park's Hawks are working just as hard for tomorrow's season finale at Azle as they have for any game of the season.

Why? Because, for one thing, it is the swan song to a high school football career for the seniors. And also, Friday's game will determine if Azle is to remain relegated at the bottom of the district standings, or if the Hawks will join them.

Also, this is the last football game for the Hawks in Class AAAA, as they will be triple-A beginning next fall. And they'd like nothing better than to end their stay in this conference on a winning note. Besides all that, there's the pride of all competitors involved.

The hornets have had a tough time of it all season, and stand winless in Dist. 3-AAAA action. However, they've shown throughout that they

don't lay down to be walked over. Last week's 28-14 loss to Burkburnett is a good indication.

The Bulldogs shot down the Hawks 20-9, as a comparison.

It is well to note the history of competition between Iowa Park and Azle, and Mean Green fans are hoping history doesn't repeat itself in this series.

Iowa Park humbled the Hornets here last year, 33-3, to close out the 1982 season.

The two teams played a two-game series back in 1976 and '77. In the first game, played here, the Hawks took measure of the Hornets by an 18-3 margin. The next year, at Azle, the hosts sent the Hawks packing with a 25-12 defeat.

That win in 1976 was Iowa Park's only mark in the winning column in a three-year span, during which they went 1-29.

Iowa Park is a long way from reaching that depth this season, however, having already won three games. The Hawks won their first two games of the season over Breckenridge and Bowie, but fell on

hard times until they pulled off what many termed an upset when they beat Gainesville for their only conference win.

A victory tomorrow night would give the Hawks a 4-6 season and 2-5 district record.

The Hawk coaching staff was heartened this week when senior tailback Greg Untalon put on his uniform to work out for the final game. He missed all of last week, except for the second half of Friday's game.

Untalon stood on the sidelines in

Iowa Park soldier wounded on Grenada

Iowa Parkan Jeff Kiser is recovering from a gunshot wound suffered during the recent Grenada operation.

The son of Mr. and Mrs. Henry Kiser, 1007 W. Louisa, is in the military hospital at Fort Bragg, N.C.

He was shot in the calf of his leg by a sniper Wednesday morning of last week. The following morning, he called his parents from Puerto Rico to tell them first of all where he was and then to let them know he was safe and alive.

The Kisers had just missed visiting him the day before the operation was begun.

His parents had wanted to visit with him and had traveled to his station, arriving Tuesday. "But we were just about half a day late, because he had already left with his outfit," recalls his mother. They were not told where he had gone.

Kiser had enlisted in June after graduation. Other than "a couple of days" last November, they'd not seen him since his enlistment.

The soldier's leg was first put in a cast, which was removed Monday. His father said they were trying to determine if Jeff could come home on leave, and receive treatment for his wound at the Sheppard AFB hospital during his recovery.

JEFF KISER
... wounded on Grenada

School buys computers

Iowa Park school trustees, in a brief business meeting Monday night, accepted the lowest of four bids to purchase six small computers, three printers and switch cables.

The meeting followed an extended presentation in the high school auditorium by Carl Rickert, owner of a drug dog search firm from Gainesville, who is to provide a service for the school system.

Attended by approximately 100 parents, children, school personnel and board members, Rickert explained and demonstrated the service his organization is to perform, showed a film on drug abuse and answered questions from the audience on how to identify an abuser's symptoms.

Using six women's purses, he planted some drugs in one and allowed the search dog he had with him to pick out the purse.

Rickert, a former officer with the

Department of Public Safety, offered to put on programs for church and civic organizations wishing such, at no expense. He had spent most of Monday and Tuesday presenting programs on all four school campuses for students and faculty members.

"We were not hired to cure a drug problem," he said. "We were hired as a deterrent to a drug problem."

The program ran 37 minutes longer than had been scheduled, most of which was taken to answer questions from the audience.

BUY COMPUTERS

The Computer Store of Wichita Falls was the low bidder on the computers and related equipment, with a bid of \$11,235. The computers offered are Apple II-E. High bid was by Radio Shack, \$15,324.

Trustees voted to accept the bid, pending verification all specifications had been met.

The resignation of Mrs. George Topper as second grade teacher was accepted, and approval to hire Frances Diane Hefty as replacement was given.

Iowa Park Booster Club representatives, L.S. Whisnand, Lee Hale and Conrad Martin told the board their organization wanted to build an all-purpose athletic building similar to those at Vernon and Graham, which could be used during bad weather by the football team, track team, band and physical education classes.

Hale explained the group would launch a solicitation campaign if the

Continued on page 7

Council to consider bids Monday evening

The city council will consider letting four bids which were received in response to advertisements, when aldermen meet at 7 p.m. Monday in council chambers.

One of the bids to be considered will be for construction of a substation for the fire department in the south part of town. Six bids were received for consideration, James Barrington, administrator, said.

Bids were also received for the purchase of a police patrol car replacement, equipment for the sewer plant, and workers' compensation insurance.

Barrington said the council will also have to take some action, possibly in the form of a resolution, on the rate

increase request submitted some three months ago by Texas Electric Service Co.

Developer Rip Smith has requested time before the council to discuss his plans for a golf course northwest of the city. At an earlier meeting which Smith did not attend, a proposal that Smith be given rights to affluent from the sewer treatment plant for irrigation use was discussed.

Barrington said the council may consider a proposal to establish fire lanes, particularly in the area around apartment structures.

A public hearing will be on Monday's agenda to consider deannexation of some property in the extreme northeast part of the city.

Local voters agree, reject Amendment 8

All Iowa Park area voting precincts went along with the rest of the county, and apparently the state, in turning down one of the 11 proposed state constitutional amendments.

Precincts 32, 33, 34, 53 and 60 all rejected Amendment 8, that would have authorized taxing units to exempt from taxation property of certain veterans' and fraternal organizations.

The amendment lost heavily in Precinct 32, 122-72. It was closer in the other three and in the county, losing 29-27 in Precinct 33; 12-9 in Precinct 34; 17-6 in Precinct 53; and 22-19 in Precinct 60, and 2359-2009 in the county.

Amendment 8 was the only issue turned down in Precincts 32, 53 and 60. Precincts 33 and 34 each turned down one other.

Amendment 9, "providing for assignment of judges of statutory

probate courts to other statutory county courts with probate jurisdiction and to county courts," was rejected in Precinct 33 by a narrow 28-27 margin.

The margin was just as narrow on Amendment 5 at Precinct 34. That amendment would authorize use of the permanent school fund to guarantee bonds issued by a school district.

While voting was less than normal in all five boxes, the percentage was apparently not as low as other boxes in the county and area.

The five area boxes produced eight percent of all the votes cast in the county's 62 boxes, even though not one absentee among the 89 cast was from the Iowa Park box.

As usual, Precinct 32 had the largest turnout of any box in the county, 197. Precinct 56, at

Continued on page 4

ARSON AND SUSPECTED ARSON - Evidence of gasoline poured along the baseboard of the kitchen and livingroom left no doubt in firemen's minds that Friday's 7:17 a.m. fire at 406 S. Jackson was the work of an arsonist. Damage to the unoccupied four-room structure was minimal, due to quick work by the Volunteer Fire Department. On the right, fire in the metal trash container at

Highland Cemetery at 7:34 p.m. Sunday was believed to have been started by one or more persons. The blaze was extinguished before it spread to the storage building, but the electric pole was slightly burned. The house was the second work of arson in two weeks, with Ken's Foodliner being heavily damaged earlier.

Study Club's program on Americanism

An outstanding Americanism program highlighted the meeting of the 23 Study Club held Thursday afternoon in the home of Mrs. Sam Hill, with Mrs. Riley Thompson serving as co-hostess.

The meditation and three topical discussions emphasized how a true American sees the knowledge of experience in the past and resolves to share the struggles and triumphs of the people who forged the great nation, America.

Mrs. Travis Smith served as program leader.

For the meditation, Mrs. Rollins Woodall used "Once Upon A Time," a patriotic article written by Alton S. Newell, which first appeared in the Wall Street Journal and has been reprinted several times.

The first of the panel speakers was Mrs. D.O. James who discussed "The Painful Price Our First Ladies Pay." She paid tribute to them by saying

that they have performed a great public service to people in America, filling a role, non-elective, non-paid, non-appointive, the most demanding volunteer job in America.

Mentioning the things in common that the First Ladies have had, she said that each had to establish her chain of command, learn to be on display and also find some way to guard her private moments, win the love and respect of White House employees, be responsible for entertaining, redecorating and rearranging, according to her color scheme and tastes.

Mrs. James gave special attention to six former First Ladies. She praised Eleanor Roosevelt for helping the president keep in touch with the overseas clientele and for helping Mayor La Guardia set up civil defense in Calif. She described Bess Truman as being very devoted to her husband

and referred to one of the memorable experiences in the White House as that of entertaining the future Queen Elizabeth of England at a time when a redecorating project was in progress which entailed the moving of furniture, rugs, etc. from Mrs. Truman's bedroom to furnish the bedroom for the visiting dignitary.

She said that Mamie Eisenhower was remembered for her decollete hostess gowns and that she applied lots of polish, pomp, spirit and circumstance to formal entertainment. In describing Jacqueline Kennedy, Mrs. James said that she was known for her economical running of the White House and for drawing amazing work out of the White House and her own personal staff. She mentioned how Jacqueline was a staunch lady at the death of her husband and had a plaque placed in her bedroom stating that he lived there with her during the short time he was president.

Mrs. James described Lady Bird Johnson as conscientious and willing in devotion to her job, organizing each day and mapping it out. Her secretary said of her "I never heard Lady Bird with a sharp word for anybody or with complaint or anger in her voice; she always had a pleasant expression on her face." She said that Pat Nixon wanted to do things for others, liked cottage cheese which the White House has not been without since she moved in. Mrs. James mentioned that she had survived two national spotlights and lived through two heart-breaking political campaigns.

Mrs. Sam Hunter discussed "Restoration of Miss Liberty," emphasizing how after 97 years the nation's symbol of freedom is now in critical need of \$39-million in repairs due to exposure to the salt water, air pollution and high winds and that Ellis Island where it stands is in need of repairs that will cost three times that amount.

To enhance appreciation of the Statue of Liberty, Mrs. Hunter reviewed its history. She said that it traveled the world over looking for a home before making its stand in New York Harbor. Created by sculptor Frederic Bartholdi, who first proposed the idea to the king of Egypt, then after having spent two years on sketches and models had it rejected. The French, trying to strengthen its position with the United States, offered to pay for the monument and give it to the U.S. However, the real estate and pedestal would be provided by America where funds were very short at that time. With money granted through a French lottery, the statue was finished in sections and shipped to Bedloe Island, and enough money was finally made up to put in shape for unveiling ceremonies Oct. 18, 1886.

Mrs. Hunter discussed some of the plans to raise the money to have Miss Liberty and Ellis Island in shape by July 4, 1986. She said that the federal government would have no part in it and that money would be raised through television, documentaries, entertainment specials, private citizens, small corporations, foundations, etc. She said that the children seem to be at the forefront of the fund-raising.

Mrs. C.E. Birk's topic was "Will the Nation's Symbol (The Bald Eagle) Survive?"

She introduced her talk by recalling the celebration of the 200th anniversary of the Continental Congress' adoption of the bald eagle as the national symbol on July 20, 1982. She said that the appearance of two bald eagles highlighted the boisterous ceremony when an Air Force band played patriotic songs and conservationists made speeches lamenting the plight of the big birds. Another main attraction was the arrival of an oil painting of the Great Seal which features an eagle with wings widespread. It was on loan

from St. Paul's Chapel in New York where it was hung sometime before George Washington's inauguration.

On the lawn behind the historic hall, there were eagles on buttons, flags and stamps and two live eagles, Migisiwa and Omega.

The observance of 1982 as the "Year of the Eagle" was a part of a campaign by conservation groups to focus attention on the serious threat of the eagle's continued existence, according to Mrs. Birk. She said that in America's early days environmentalists have said that this country may have had 100,000 bald eagles; now in 49 states there are fewer than 4,000. However, in Alaska where the largest eagle preserve is there are more than 30,000.

Concluding, Mrs. Birk said "The purpose in honoring the bird is to warn Americans of the danger that it is in and help to return the species to its former abundance."

For the visual arts feature, members brought American needlecraft articles including quilts, coverlets, tatting, knitting, crochet and embroidery for display.

Refreshments were served from a table appointed with a fall dried arrangement surrounded by leaves and nuts.

The next meeting will be the joint meeting with the Philia Study Club and Amity Study Club Nov. 14.

Mrs. Woodall reviews book

Mrs. Rollins Woodall presented the program on "My Story-My Witness" taken from the book "Compelled by Faith" for a meeting of the Christian Women's Fellowship held in the home of Mrs. Frank Harlin Monday night. Co-hostesses were Mrs. John Weaver and Mrs. Wm. Andersen.

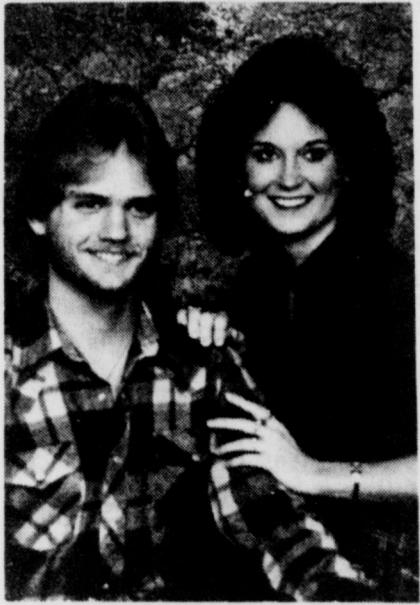

Mrs. Woodall pointed out that a witness knows a fact and to be a Christian witness one has to have heard the Good News about Jesus and be committed to sharing this news regardless of the cost. She said that the first disciples shared what they had seen and experienced with Jesus.

She concluded with "Today we must tell it our own way because we have had a personal experience with Christ and know Jesus as our personal Savior. Helps in this witnessing are Bible study and having a special time of prayer."

The worship part of the program was brought by Miss Carey Dale Roberts.

Mrs. Dale Walling conducted the business meeting. Announcements were made to include: sing-along Nov. 17 at Heritage Manor; Bible study Nov. 28 at 10 a.m.; Christmas program presented by Mrs. Pauline Steele Dec. 5th; and preparation of decorations for Heritage Manor Dec. 8th.

Refreshments were served to 15 members and two guests.

CURTIS WILLIAMS and DONNA COOK

Announce engagement

Mr. and Mrs. Donald F. Cook announce the engagement and approaching marriage of their daughter, Donna, and Curtis Williams, son of Mr. and Mrs. Felton Williams of Valley View. December 31 is the date chosen by the couple for their wedding.

Miss Cook was graduated from Iowa Park High School and is employed by About Face Salon of Beauty in Wichita Falls. Her fiancé was graduated from Iowa Park High School and is employed by Raymond Hulin Rodeo Equipment of Kamay.

Wright, McGee nuptials exchanged Saturday afternoon

Mr. and Mrs. James Allen McGee, who were married Saturday afternoon at the Eden Hills Baptist Church in Wichita Falls, are now in Hawaii where they are spending their honeymoon.

The bride is the former DeAnna Lynne Wright, daughter of Mr. and Mrs. Charles Delaine Wright of Route One, Wichita Falls, and the groom is the son of Mrs. Edna E. Hudson of Henrietta and the late O.P. McGee.

The double-ring ceremony was officiated by Rev. Charles Miller, pastor, before an archway entwined with sprengeri fern accented with blue and white silk roses. On either side stood attractive floral arrangements of pale yellow gladioli and mums, baby blue and white carnations and white roses.

The candlelight during the service was contained in two outer candles in the unity candlestick in the lower altar. The one that the bride and groom lighted following the ceremony burned by itself as a reminder of Christ's words "wherefore they are no more twain but one flesh." Church pews were decorated with white silk bows.

For the prelude music, Miss Carmen Frederice, pianist, played "When I'm Near You," "The Lord's Supper," "If," and "Colour My World." She accompanied Miss Kay Hamilton, vocalist, who sang "Theme from Love Story" as a prelude selection and "The Lord's Prayer" during the lighting of the unity candle. Mrs. Lawrence Six, organist, played the time-honored wedding marches.

The pleasing combination of white silk organza over bridal white satin created the mood of the traditional wedding gown worn by the bride. She was escorted to the altar by her father who gave her in marriage for her parents.

The bodice of the gown was enhanced with Chantilly lace appliques and fashioned with a princess collar of lace. The appliques were repeated on the long sleeves and in a border of the long skirt and chapel train for the finishing touches

MRS. JAMES ALLEN MCGEE

to a lovely wedding dress. She wore a white satin camelot cap overlaid with white lace to secure her blusher and fingertip veils of illusion, and carried a nosegay of white and red sweetheart roses with trailing white satin ribbons.

The bride carried a white Bible, a wedding gift from her parents for "something new" and wore her mother's heirloom pearls for "something old." The pearl earrings that she wore were "something borrowed" from her maid of honor, and she chose the popular garter for "something blue."

Miss Vicki Lyn Baker took part in the wedding as maid of honor. She was attired in a formal A-line gown of pale yellow satin designed with scoop neckline, short sleeves, matching sash at the waistline and split skirt in the back. Miss Stephanie Frazier and

Miss Karen Wright, sister of the bride, the bridesmaids, wore identically-styled pale blue satin gowns. Each attendant wore a matching camelot cap. The maid of honor carried a nosegay composed of blue carnations and white daisies, and the bridesmaids carried nosegays of yellow carnations and white daisies.

The groom wore a white rose boutonniere with his black tuxedo with tails. All male participants wore less formal black tuxedos.

David Wright was chosen by the groom to be his best man, and the groomsman was David Watson. The duties of ushering and seating guests were assigned to Gary House and Dean Albares.

The mothers of the bride and groom wore identically styled A-line formal Qiana dresses featuring round necklines and long sleeves. Each wore a matching half hat. Mrs. Wright complemented her champagne pink dress with a corsage of pink and white carnations, and Mrs. Hudson graced her baby blue dress with a corsage of blue and white carnations.

Miss Rebekah Whisnand was seated at a table covered with white Chantilly lace over yellow to direct signatures of the guests as they arrived at the church. The table held the wedding book, yellow plume pen, and a basket of blue and yellow silk rice rosebuds with the couple's scrolls attached.

The bride's parents hosted the postnuptial reception in the Fellowship Hall of the church where the decorations were governed by the bride's chosen colors of baby blue, pale yellow and white.

The bride's table draped with white lace, swagged with blue and yellow silk gathered to tiny matching wedding bells, over white satin clearly stood apart in the setting. The attractive centerpiece featured two large white satin wedding bells surrounded with the bridal attendants' nosegays. The extremities held the cake and crystal punch service. The three-tiered white cake with two sets of Grecian pillars was trimmed with cascades of yellow frosting roses and topped with the traditional bride and groom standing against frills of white lace.

Crystal trays filled with mints and

blue napkins accented with "And this our life beginning" and bells added further bits of interest.

Mrs. James Jenkins and Mrs. Sharon Henderson served at the bride's table and Miss Kay Hamilton and Miss Vicki Baker served at the groom's table during the reception. The latter table was laid with white lace over blue and appointed with a macrame basket filled with blue sweetheart roses, a chocolate sheet cake decorated with blue and yellow designs, the silver coffee service and trays of nuts.

Slices of the groom's cake were placed in small boxes for the guests to take home with them.

Members of the houseparty were Mrs. Joe Dee Alvey Sr., aunt of the

bride, Miss Stephanie Frazier and Miss Karen Wright, sister of the bride.

Mr. and Mrs. Earl Hudson hosted the rehearsal dinner Friday evening at Western Sizzlin Steak House.

The bride and groom are both students at Midwestern State Univ. She was graduated from Iowa Park High School and he was graduated from Rider High School.

Out-of-town wedding guests included Messrs. and Mmes. Joe Dee Alvey Sr., and Gean Dale Alvey of Lindale, Barney Dennis, Louis Chandler, A.J. Clauch, Dickie Clauch and family; Kellie Lindley, all of Fort Worth; Mrs. Ann Clauch of Burleson and Clarence Sellers of San Francisco, Calif.

Mr. and Mrs. Jim Clapp announce the birth of James William, their first child. He was born November 7 and weighed eight pounds, eight ounces. Mrs. Clapp is the former Jan Spruiell.

The grandparents are Mr. and Mrs. John Clapp and Mr. and Mrs. Bill Spruiell of Iowa Park. The great grandparents are Mr. and Mrs. John Clapp Sr., Mr. and Mrs. Jim Fish of Iowa Park, and Mrs. Myrtle Armstrong of Atlanta, Ga.

Families sought

to host Airmen

For the sixth consecutive year "Operation Thanksgiving" will allow single airmen here the opportunity to share Thanksgiving dinner with host families from the base and surrounding communities.

Last year, 146 airmen were hosted at 50 different homes on and off base. The program is sponsored by the Chaplain Division.

Families wishing to host airmen for dinner in their homes should call Chapel 3 at 851-4360 or 851-2246 and tell them the number of airmen they are willing to host. They will be notified of the names of the airmen a day or two before Thanksgiving.

The host families pick up the airmen at the recreation center, Building 430, at 11:30 a.m. Thanksgiving day, and transport them to and from their homes.

As I See It....

By BOB HAMILTON

Ever since the government got involved in changing dates of special observances, there's been nothing but confusion.

Take, for instance, Veteran's Day. Historically, Veteran's Day has been on Nov. 11. The date was originally designated Armistice Day, because Nov. 11, 1918, was the date of the signing of the Armistice between the Allies and Germany ending World War I.

Even the calendar manufacturers designate Nov. 11 as Veteran's Day. But the federal government, followed by the state governments so as not to confuse holidays for

government workers, established the fourth Monday of October as Veteran's Day. They probably set it in October so the holiday wouldn't be so close to Thanksgiving.

For several decades, Armistice Day was primarily observed to remember those who had lost their lives in the war. But congress decided, after the Korean conflict, it should be the day to remember all veterans of all wars, and in 1971 set up that Monday situation.

So far, I've only been able to distinguish two surviving residents who were in the military during WW-I, Gale Lowrance and Charlie

Metz.

There aren't many of them left, those "Doughboys" of the teens. Consider, you would have to be 65 years of age, if you were born the year WW-I ended!

I can remember meeting a few who claimed to have fought in the Civil War. But, obviously, they're all gone now.

Whatever date you want to use, we should all remember those who offered their lives in the service of our country, both the dead and the living.

On that subject, there should be no confusion.

Voting

Continued from page 1

Cunningham school in Wichita Falls, was next high in the county with 175.

In all, 371 votes were cast in the five area boxes, which was nine votes greater than the 362 cast in all of Archer County, 330 in Baylor County, 116 in Cottle County, 348 in Hardeman County, 63 in King County, 276 in Knox County or 117 in Throckmorton County.

Voter turnout in the other area polls was: 57 in Precinct 33; 21 in Precinct 34; 24 in Precinct 53, and 42 in Precinct 60. There were 4,462 votes cast in the entire county.

Easy ways to save.

When the temperature starts to drop, here's what you can do to help hold down your heating bills and

save money. Set your thermostat at 68° or lower.

Remember, the lower you set your thermostat during the winter, the lower your electric bill will be. At night and when you're going to be away, set it at 55° or lower. Open drapes during the day to let sunlight in, and close them at night to help hold in warm air.

These easy ways to save can help you use less energy this winter. And you can learn more ways

to help hold down your electric bill — winter and summer — with a TIPS booklet from Texas Electric. For your copy call us or ask for it on the comments section of your electric bill.

Two receive 50-year pins

Fifty year and 25-year members of the Iowa Park Chapter, Order of Eastern Star were honored Tuesday evening during the stated meeting.

Fifty year members present were Mrs. Kathleen Hatten and Mrs. Hester Hofer. Mrs. Maurice Rosebure was presented with a 25-year pin, and other 25-year members present included Mmes. Ginger Young, Margaret Slay, Lois Robertson; and William C. Lane.

Two members of the chapter will be serving on Grand Chapter committees for the next year. Mrs. Janis Latimer will serve on the Jewels of Opportunity committee and

Reading importance explained to parents

Randy Lovelady, fifth grade teacher, presented a short talk on reading and its importance Tuesday night for the meeting of the Bradford P.T.A.

The fourth grade classes presented a program on the customs and traditions of Thanksgiving under the direction of Karen Lamberth, music teacher. Dave Bridgers provided the piano accompaniment.

Mrs. Steve Gray presided during the business meeting.

Mrs. Faye McAllister will serve on the Founders Day committee.

Reports were given by Mmes. Daisy Swift, Mary Bartow, Jo Gilbert and McAllister, who attended the Grand Chapter meeting held in San Antonio last week and attended by more than 5,000 members from over the state.

Announcements were made of the School of Instruction which will be held today at Wichita Falls Faith Lodge on Kemp, and the meeting of the past matrons and past patrons association of District 2 Section 6 Saturday in Iowa Park. Mrs. LaNelle Smith, deputy grand matron, will make her official visit to the local chapter Nov. 22.

LOOK WHO'S NEW

Dr. and Mrs. Daniel Biggs of Oklahoma City announce the birth of Daniel Robert, a seven pound, 13 ounce son, born November 1. The baby has one sister, Dana Ruth. Mrs. Biggs is the former Kendra Edwards of Iowa Park.

Grandparents are Mr. and Mrs. George A. Biggs of Bethany, Okla. and Mr. and Mrs. Kenneth Edwards of Iowa Park.

Emergency Food Pantry service available

Iowa Park's Emergency Food Pantry stands ready to assist any family in need of food.

Operated by the Ministerial Alliance, food is available to families whose bread-earners are laid off, in between jobs or have suffered a financial setback of some sort.

Families already receiving food stamps do not qualify for Emergency Food Pantry assistance, however.

Anyone needing assistance, or anyone knowing of a family in need of assistance, can contact any church pastor to make application.

Clowning serious business for Buddy Bridwell

By DEE L. FOWLER

Clown clinics and clubs are cropping up all over the country. The clinics usually last six weeks and are very thorough in their teaching make-up techniques and molding unique clown personalities.

Clowning formed its roots many centuries ago. Something that may seem quite new is not new at all. It originated as an entertainment for royalty in the form of court jesters. It

also played a large part in church services where clowns would act out the ministers sermons. It was soon banished from the church because it became too secular and was too much in the spotlight.

In the early 1960s the clown ministry was revived. Now there are more than 3,000 clown groups in the United States alone.

Everything is symbolic in clowning. The word "clown" is derived from the

word "clod," which means dirt. This is symbolic of the dust from which man was created.

The basics of clowning is make believe. It seems if you make believe, the chance for belief is heightened. The clown can transform the ordinary into something special.

When a person dons that make-up and decides to become a clown, he or she can be very creative because the inhibitions seem to disappear. He is anonymous and can do things people just don't do on their best behavior, like hugging, joking and disrupting all sorts of things in progress.

Every act is acceptable because "error" is the name of their game. In the eyes of adults and children their mistakes are forgiven. Clowns are angelic and yet so human.

Development of character and face is taught in the clinics. No two clowns are alike. It is a "no-no" to copy another clown. The clowns have a code of ethics and each of them respect this. Because of the high regard children have for them and the example they are supposed to project a clown must never act unseemly. They should never be vulgar in word or deed. A clown should never embarrass, unless it is a fellow clown. A good clown never drinks or smokes while he is in make-up. Above all he should never smell of alcohol.

A clown is a fantasy character. Children put their trust in them. A clown is childlike and unthreatening and they invite confidences, never to betray. There seems to be a little clown in everybody. They fumble, fail, fall and get up and try again.

It takes weeks, months and sometimes years for a clown to develop that character he wants to be. He becomes an artist with the make-up brush after many trial and error practices. Sometimes hours go

REDNECK RALPH AND SWEETPEA
... Bridwell and daughter, Wendy.

into a single appearance that may last only minutes. But fulfillment and joy cannot be measured in minutes and hours. Their first priority is to bring joy and laughter.

Sometimes clowning is presented in a funny light and sometimes it might be presented in a serious manner with funny overtones. A clown is serious about his craft and becomes an example to all around him.

Clown clubs are non-profit organizations. They do a lot of charity work when they are called on. Any fees collected are paid to the participating clowns. The clown clubs are recipient of members who have first graduated from clown clinics

Yes, the clowns actually graduate and receive certificates. Their graduation exercises are usually held in pizza parlors, parks, etc.

Even though clowning is not for everyone (to each his own), there is such a club in the area called "The Clown Arouns." The club boasts about 50 active members. A clown clinic is held each year and it's graduates are then given the opportunity to join the club.

Buddy Bridwell (Redneck Ralph) of Iowa Park is one of those "funny fellers." He is one among several of the town clowns.

Buddy started out on his own six years ago and then eventually attended the clinic and joined the "Clown Arouns."

Buddy is originally from Wichita Falls and played football for Hirsch High. He now lives in Iowa Park with his wife Shirley and their two children.

Corey and Wendy are also into clowning with "Pop." Although Shirley is not a clown, she is very supportive of her brood. This can always be a fun family affair. Corey's clown name is "Barney" and Wendy's clown name is "sweetpea."

"Redneck Ralph" is an all-around guy who got into clowning because of his love of kids and people in general. He is serious about his clowning work.

Bridwell is an outdoorsman who loves to hunt and fish. He also helps with the soccer tams around town.

Not long ago Buddy won a three-wheeler which has been an asset to his clowning. So if you see a guy well over six-foot tall riding around on a three-wheeler with a funny suit on, it's got to be Buddy Bridwell.

Buddy says the more clowning he does the more he likes it. He has done promotions, remotes and grand openings and a little rodeo work. He once said "If you're a clown, you never have to be invited to a parade. All you do is just hop on the first truck."

This is true, a clown can just show up and be accepted.

You'll see "Redneck Ralph" just about anywhere there is fun going on and he just might have "Barney" and "Sweetpea" with him.

Buddy is like all true clowns, he works some for free and some for fee, but the business of making people happy is serious business!

4-H CLUB NEWS

TOP 4-H MEMBERS EARN SALUTE

Three outstanding 4-H club members from Wichita County will be honored at the Rolling Plains District 4-H Gold Star Luncheon at 12:30 p.m. Tuesday in Vernon.

Among the top 4-H'ers in the district being honored will be Beth Wood, daughter of Mr. and Mrs. Joe Wood of Iowa Park; Brian Mannen, son of Mr. and Mrs. Bob Mannen of Burkburnett; and Levada Davis, daughter of Mr. and Mrs. Albert Davis of Wichita Falls.

James Morris, an attorney in Paducah (formerly of Iowa Park) and a former County Extension Agent will address the luncheon in the Empire Room of the Wilbarger Memorial Auditorium, 2100 Yamparika. Kit Horne of West Texas Utilities Company, which sponsors the annual banquet, will welcome the honorees and guests.

The theme of this year's program will be the 75th anniversary of 4-H. The luncheon is planned and conducted by 4-H'ers on the Gold Star committee of the 1982-83 District 4-H Council. Committee members this year are from Archer, Baylor, Wichita, Wilbarger and Young counties. Levada Davis and Ted Lewis are the committee members from Wichita County. Paul Patterson of Shackelford County, council chairman, will be masters of ceremonies.

To qualify for the Gold Star Award, highest 4-H honor at the county level, a 4-H'er must be at least 13 years old, have completed three years of club work, and be active in 4-H. The award is intended to stimulate winners to higher achievement and to encourage other young people to participate in the county 4-H program. David Tunmire, County Extension Agent, said.

The awards will be presented by Mrs. Elaine Houston and Ed Garnett, district directors for the Texas

Agricultural Extension Service. 4-H is the youth program of the Extension Service.

LOCAL 4-H'ERS TO PARTICIPATE IN DISTRICT FOOD SHOW

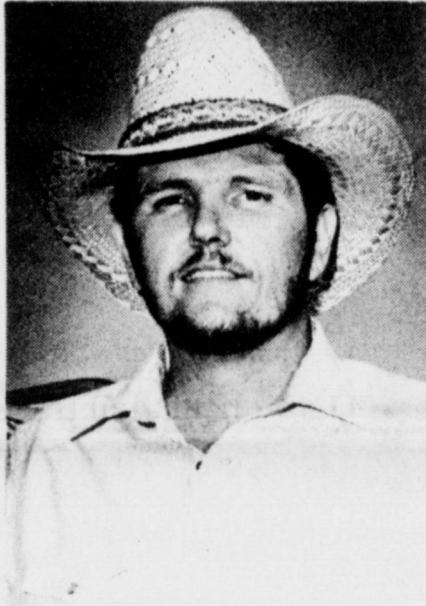

Wichita County 4-H members are making final preparations for the Rolling Plains District 4-H Food Show. It will be held Saturday, Nov. 19, at the Sikes Senter Mall shopping center in Wichita Falls.

A total of eight 4-H'ers from the county will compete. They are: Michelle Pingree, Southwestern 4-H; Lisa Hodges, Valley View 4-H; Beverly Mannen, Friberg Cooper 4-H; Michelle Hooker, Southwestern 4-H; Jeff McCoy, City View 4-H; Michelle Beasley, City View 4-H; Terrie Martin, City View 4-H and Merry Elliott, City View 4-H.

Entrants from 21 counties will compete in senior and junior divisions. Each division has four food classes: main dish, fruits and vegetables, breads and cereals, and snacks and desserts. Contestants in the district event are all winners of their county food shows. Senior division winners in each category will advance to the state 4-H Food Show next June in College Station.

County Extension Agent Cheryl Mapston said the contestants will report to the shopping center in Wichita Falls at 9:30 a.m. Nov. 19. Judging will begin at 10 a.m. The dishes will go on display in the mall during the afternoon and the public is invited to view them. Ribbons and trophies will be presented during an awards ceremony at 2 p.m.

Cookbooks containing all the recipes prepared in the district show will be on sale at the competition for \$3, said Carol Arndt, King County Extension Home Economics Agent and chairman of the District Show Committee. Also on the committee are Extension Home Economics Agents Kathryn Carnes, Tedra Ulmer, Cheryl Mapston and Jane Locknane.

News in Brief

Wilson's conviction appeal is rejected

Joyce Elizabeth Wilson's appeal to set aside a voluntary manslaughter conviction in 89th District Court was reportedly rejected last week by the Texas Court of Appeals, Second Supreme Judicial District.

She was convicted in 1982 and was appealing because evidence was admitted in her trial concerning her shooting at two previous husbands before killing of Willie Wilson in their home here.

No information concerning when

she is to report to begin her sentence was available at presstime. Assistant District Attorney Barry Macha is out of his office all this week, and according to a secretary in the office, he is the only person there who can give out any information on the case.

The sheriff's office has received no instructions from the DA's office to take Wilson into custody, and Iowa Park Police Chief Tom Fenley says he has had no contact concerning the case.

18 vocalists earn All-Region

Eighteen Iowa Park High School choir students were chosen Saturday for the All-Region Choir.

Those chosen, their categories and chairs included: Tim Norris, second, Charles Perry, 11th, bass 2; Bryan Fowler, first, Craig Whisnand, second and Phillip Clements, eighth, baritone; Wes Toler, 10th, James Redclift, 14th, tenor II; Jay Yeakley,

first, tenor I.

Others chosen were: Cindy Harper, sixth, Melissa Hatcher, 12th, alto II; Missy Logan 14th, Tammy Washburn 16th, alto I; Brenda Cook, 15th soprano II; Holly Farnsworth 11th, Paula Mashburn, 12th, Michelle Crittenden, 13th, Tina Escue, 14th and Robin Isbell, first alternate, soprano I.

Thanksgiving Worship Service set Nov. 20

The Community Thanksgiving Worship Service, sponsored by the Iowa Park Ministerial Alliance, will be held at 6 p.m., Nov. 20, in the First Baptist Church.

Rev. Ken Cole, president of the Alliance, will deliver the message and

special music will be provided by the Iowa Park High School A Cappella Choir under the direction of Allen Andrews.

Other pastors who will participate in the service are Revs. Charles Hensley of the Assembly of God, Dale Walling of First Christian, George Topper of First United Methodist, Ole Olds of the Church of God, and Howell Farnsworth of First Baptist.

The public is invited to attend the service.

Stereo, fishing equipment taken

The theft of \$1,250 worth of stereo and fishing equipment was reported Monday to Iowa Park police.

Craig Rains said someone took the items from his apartment at 309 E. Cash sometime between Friday and Monday.

Listed as missing were two turntables, amplifier, cassette deck, cabinet, two speakers, four rods and reels and two tackle boxes.

A shoplifter reportedly took a \$50 white gold ring about 2:40 p.m. Friday from Louis Jewelry.

Computers

Continued from page 1

school would provide the land and accept responsibility for its maintenance and upkeep. He said the cost was estimated at \$70,000, not including an Astroturf covering on the floor.

The proposed steel building would be 60 feet by 120 feet, 24 feet high.

Additionally, Hale requested that a special fund be set up in the school's name, so donations could be tax-deductible, but with the specification that all funds would be returned to the donors should adequate money not be obtainable after a six to eight-month period.

Trustee Rusty Rusk said as far as he was concerned, the school should build such a structure if it was felt it was needed. He said the businesses would wind up being the main source for such donations, and he didn't feel the businessmen would want to give toward such a fund.

"We have the money if we need it" to build the building, he said. He added that the businessmen already pay school taxes, and atop that would be asked to make additional donations to the fund. "If the school builds it, the expense is spread across the entire school district," Rusk pointed out.

Chris Hanson named Wal-Mart manager

Iowa Park's Wal-Mart store has a new manager.

Chris Hanson assumed that position Monday morning, in place of Mark Reed, who was re-assigned to the Decatur store.

Hanson was on the staff that opened the Decatur store in April of 1982, and was transferred to the store at Graham in October.

Formerly with K-Mart, he went to work with Wal-Mart almost six years ago in Missouri, where he remained until his Decatur assignment.

Born in New York, he was raised in Kansas City, Mo. His wife, Pam, is a native of that state. The couple has two sons, Chris, five, and Mike, two. They now make their home at 812 Vogel.

Junior high ends season

Closing out their 1983 season here Tuesday with a four-game finale against Vernon, Iowa Park Junior High won one, tied one and lost two.

The eighth grade B team won, 8-6; seventh grade A team tied, 0-0; and losses were by the eighth grade A team, 0-25, and seventh grade B team, 0-12.

Playing at Electra Thursday, the

Hawk junior varsity won its game but the freshmen lost.

Suiting out only 15 players, the JV defeated Electra 14-6. The freshmen lost 8-14.

Both the JV and freshmen will travel to Burkburnett this evening to close out their seasons. The freshmen are to kick off the first game of the double header at 5:30.

Little Richard's

Pioneers edge limping Hawks

Friday's last home stand of the season for the Hawks was a see-saw battle through midway in the third quarter, but the visiting Pioneers of Boswell took command from that point and edged the limping Mean Green 19-6.

The Hawks fought from behind to take the lead early after the halfway rest period, but offensively, it was all downhill from that point. Throughout the game the fans had to keep their own score and try to judge

the time on the field, because the scoreboard didn't have a light on it. It was the second meeting between the two teams. And since Iowa Park is going down in classification, the 1-1 record between the two schools may

stand several years before the rubber match is ever played.

Boswell scored first, last in the initial period, on a one-yard plunge to cap a 63-yard drive.

Iowa Park narrowed the margin late in the second quarter when the Hawks went 61 yards in three plays.

On the first play following a Pioneer drive that stalled on the Hawk 39, Bryan Fulfer scampered 38 yards. Kendell Hill picked up another yard.

Then Van Hedrick threw to Darin Whitman on the two-yard line and he stepped into the end zone untouched.

Hedrick attempted to kick the tying extra point, but failed. He is the third kicker on the team, but Jerry Allen had been hurt a few plays earlier and Greg Untalon was standing on the sidelines in his street clothes.

So the teams went to the dressing rooms at the half with the visitors leading 7-6.

Iowa Park took the second half kickoff and drove steadily downfield, and had a first down at the Pioneer 14. Whitman was held without a gain, but James Beebee drove to the five. But on the next play, Hedrick was dropped for a four-yard loss, giving the Hawks a fourth-and-five situation.

At that point, it was learned Untalon had suited out during halftime, strictly to kick extra points. He was called on to kick the field goal, and cleared the goal posts from the 15.

But Boswell was charged with being offside and the Hawks for motion, offsetting penalties. And the down had to be replayed. Undaunted, Untalon cleared the crossbar again from 25 yards out. In fact, his kick cleared the bar so well, the ball hit on the East curve of the track, at least 30 yards beyond the goal post.

That gave the Hawks the lead, 9-7, with eight minutes remaining in the game.

Both teams exchanged possessions with turnovers before Boswell was forced to punt. Allen misjudged the punt, the ball bouncing off his chest, and Boswell covered on the Hawk 22. Two plays later Boswell took the lead again on a 21-yard scamper by the quarterback.

Boswell attempted a fake kick for the extra point, but the play failed, giving the visitors a 13-9 lead with 1:45 yet to play in the third period.

Just before the period's end, Beebee punted from his own 21 to the Boswell 47, but coverage broke down and the ball was returned to the Hawk 32.

Boswell picked up a first down on the Hawk 11, but in three more plays couldn't advance any more than the six, and had to settle for a 23-yard field goal. It was the second and only successful try at a field goal for the visiting Pioneers.

The score came with 10:15 still to play in the last period. But it might as well have been the end of the game, because the Hawks just couldn't muster any offense from that point. Boswell's defense limited the Hawks to only four net yards the entire period.

The Hawks had very little luck receiving punts in the game. Two of Boswell's four punts wound up in turnovers. Besides Allen's fumble, another was ruled to have bounced off Jeff Brookshire's leg midway in the last quarter.

Boswell lost the ball twice on turnovers, both fumbles. Jeff Sanders covered the first one, which came on the fourth offensive play of the Pioneers. Hill covered the other in the third period.

The Pioneers amassed all their 240 yards offense on the ground, controlling the ball for 57 plays.

Iowa Park ran 33 rushing plays and Hedrick attempted 14 passes, completing five for 80 yards and one touchdown.

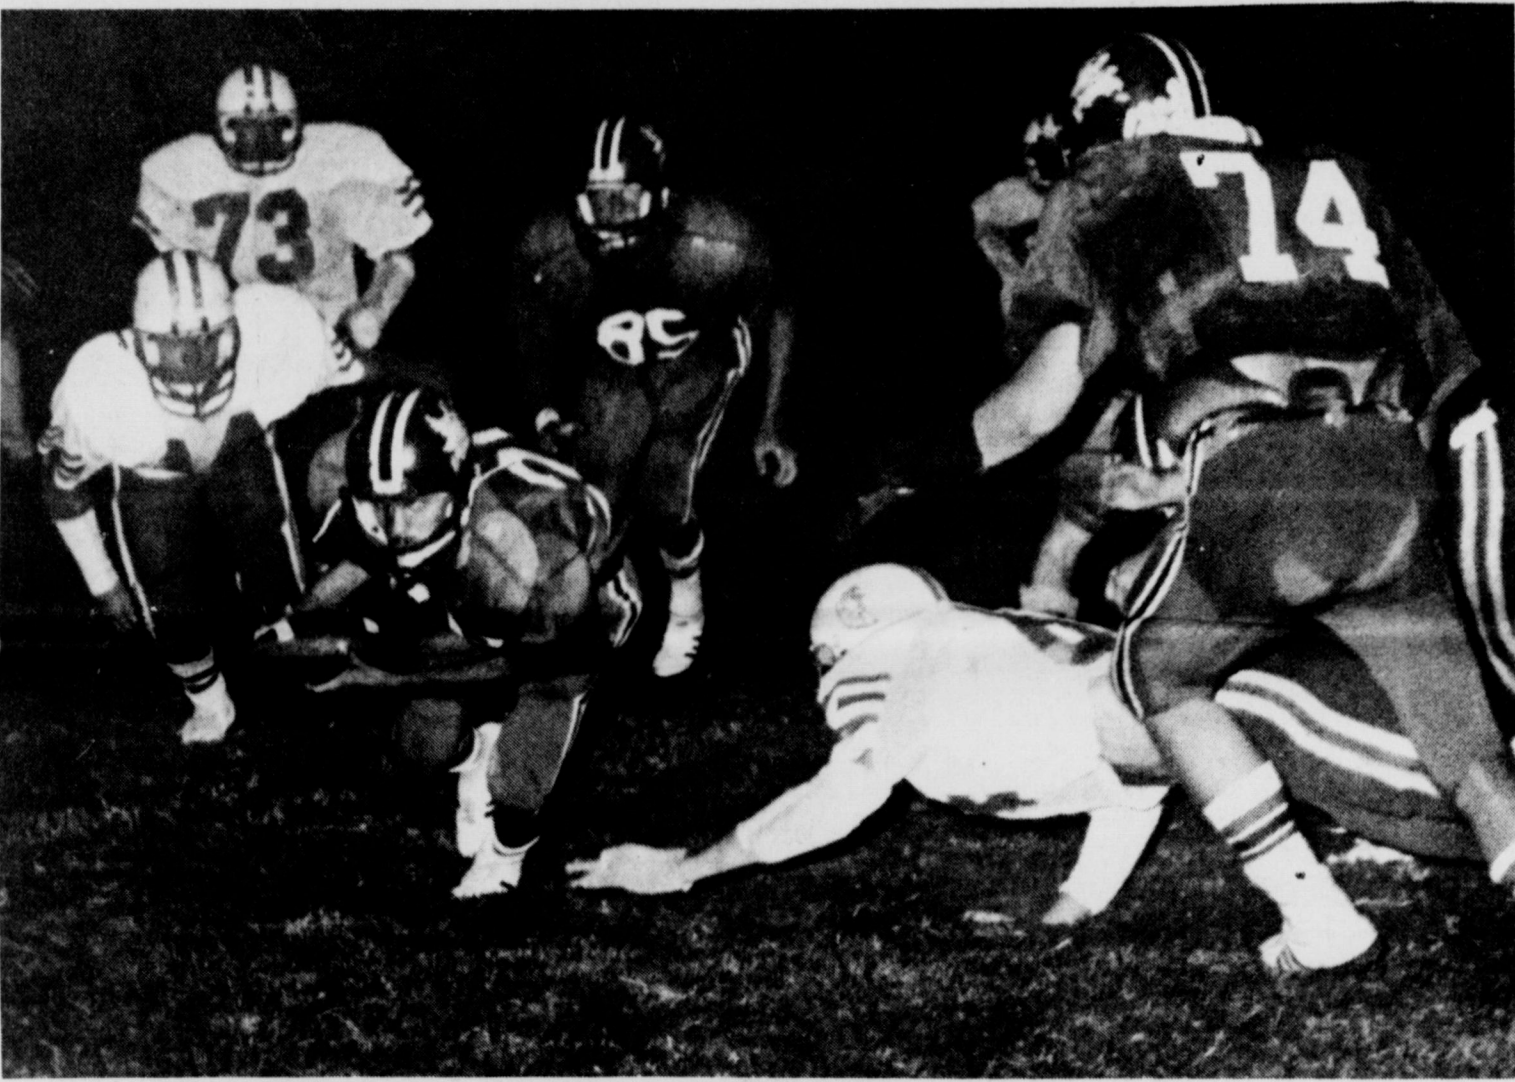

Fulfer was the key in Iowa Park's ground game, carrying only six times but gaining 86 yards. He also caught one of Hedrick's passes for another 28 yards.

Whitman caught two passes for 32 yards and Beebee a pair for 20 yards.

Beebee gained 36 yards on eight carries.

Year of frustration: Eagles lose to AC, 10-7

If you have ever noticed how some high school football coaches seem to be either balding prematurely or suffering from a loss of sleep, its because they have spent too much time in the film room running the projector until it's smoking with abuse.

Because a football game, such as Friday night's thriller between the Big Red and the County Seat Wildcats, is a game that is not always determined by consistent officiating or playing.

What irks the coach most often is that one particular play, maybe even a couple, that would have made a big

difference, didn't. His job is to find out why. One can be assured he will be able to tell you what each player, and official, was or wasn't doing at that particular moment.

For the record, Archer City overcame a late rally by the Eagles to win the battle 10-7, and the Wildcats now carry their 7-3 record into the state playoffs against 9-1 Dublin.

The play that sticks out like a mutant in a beauty pageant occurred during the Wildcat's 22-play, 77-yard winning drive in the final period.

Pass completions from Archer City quarterback Brad Pippin to Robert Stallcup put the Wildcats in good

position at the Eagle 48 before the Red Machine got down to business and forced them into a fourth-and-two situation at the 40.

The wildcats went into punt formation, but Pippin took the snap and attempted the two yards needed for a first. He was met, however, by a brick wall, and looked to be short of the yardage needed, evidenced by the initial placement of the ball.

That was until a second official placed the ball a half-yard closer to the goalline, and even then it was barely enough for a first down.

To make matters worse, the Eagles were flagged for an offsides infraction

on a fourth-and-one situation at the 11 in the same drive. According to the observation from the daily paper, Pippin "... showed his field-general skills later in the drive drawing the Eagles offside on a fourth-and-one on the 11."

It failed to mention Pippin clearly outsmarted his own center, who's forward motion before the snap was more responsible for what happened.

THE GAME

Archer City drew first blood on a 25-yard field goal late in the second period by Stallcup, giving the visitors a 3-0 advantage. It could have been more of a lead had it not been for the inspired play of Eagle defensive back John Smyers, who personally accounted for two Wildcat turnovers. The senior covered a Mitch McLemore fumble at the Eagle 48, and later killed a Wildcat drive with an interception at Holliday's 20.

Holliday took the lead in the third quarter on a 71-yard drive capped by Don Hobgood's three-yard blast, with Kelly Carver kicking the extra point for a 7-3 score.

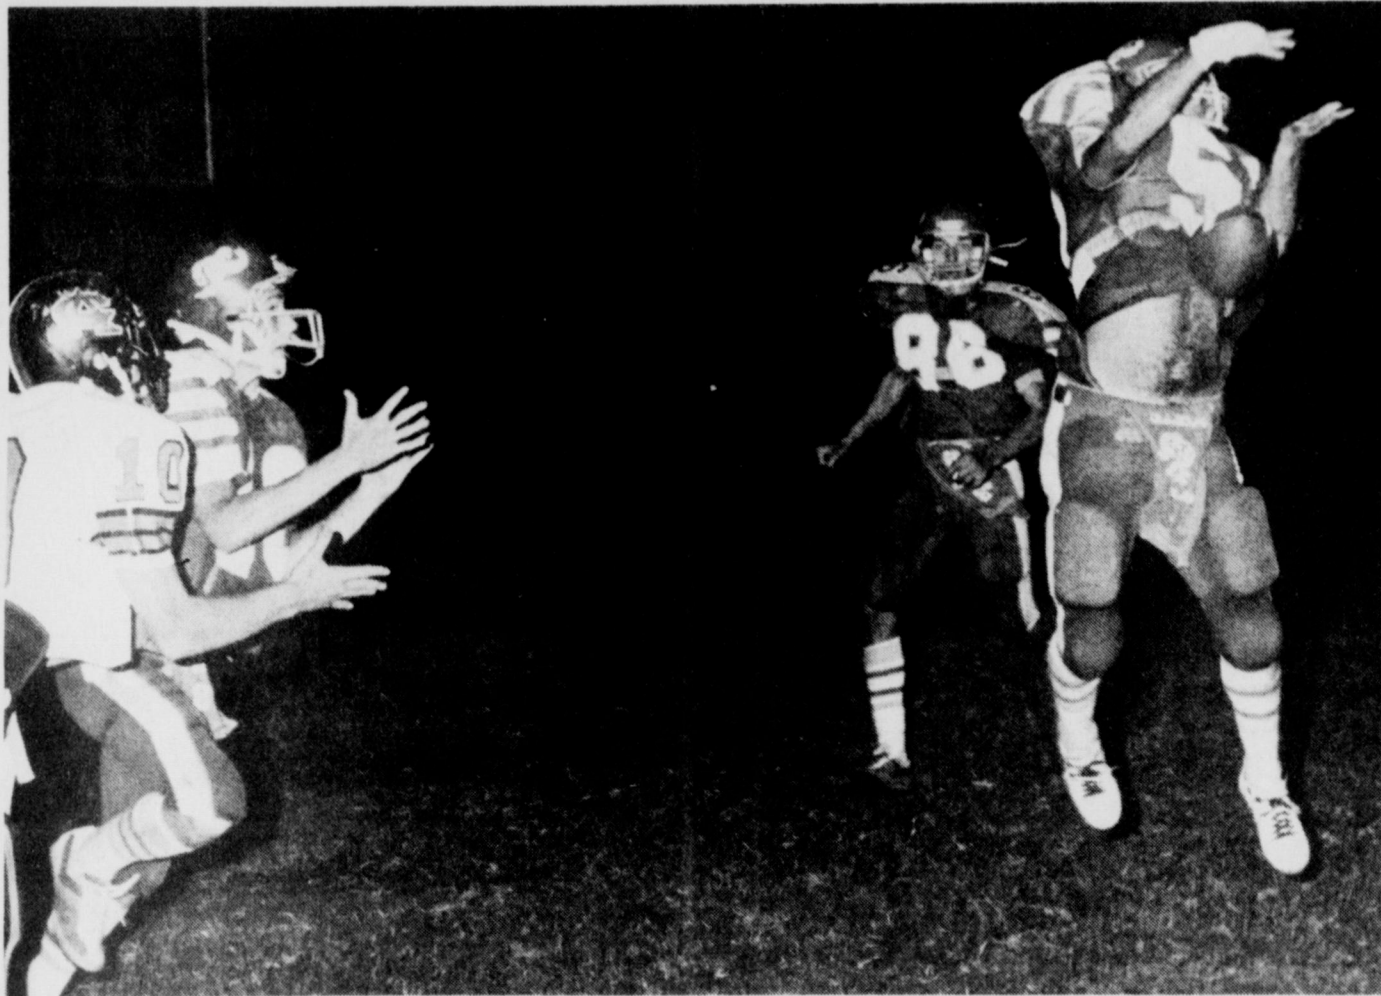

Archer City then mounted its time-consuming drive, which was climaxed by Mike McBride's one-yard run with less than two minutes left in the game.

McBride's scoring run came on a fourth-and-goal situation after the Eagles had mounted an almost successful goalline stand from the six.

Following the kickoff, the Eagles drove deep into Wildcat territory on five pass completions by senior signal caller Pat O'Brien. But, with just over 30 seconds left, McLemore intercepted an O'Brien pass in the endzone, and Archer City ran out the remaining time to notch the victory, only their second against a Don Lucy-coached Eagle squad.

The Eagles, finishing 5-5 for the year and 4-4 in district play, were led by O'Brien, Bobby James, Shannon West, Tom Hamill, Jay Burks, Mark Parker, Hobgood, Jeff Wise, Kelly Coats, Guy Gilmore, Charlie Featherston, Steve Snider, Kelly Carver, Mike Muse, Bill Cook, Smyers, Jim Rogers, Donnie Long and Less Dolberry.

LES DOLBERRY HAULS ONE IN DURING LATE-GAME RALLY

Area oil, gas report

A Wichita Falls-based operator has staked location for the No. 13 Goetze "B", a developmental well to be located ten miles northeast of Electra. With projected total depth of 1,920 feet, the well is in a 50-acre lease in Wichita County's SA&MG RR Survey, Wichita Co. Reg. Field. The operator is Al King Petroleum Co.

S&J Operating Co. of Wichita Falls has filed for permit to plugback for shallower pay at the No. 93 Fassett & Tuttle in Wichita County's Wichita Co. Reg. Field, six miles southwest of Iowa Park. Proposed total depth is 1,447. The well is in a 794-acre lease in the ETRR Survey.

The No. 4 H.C. Obenhaus has been drilled by J.S. Looney of Burkburnett.

It is a developmental well in the Wichita Co. Reg. Field, 12 miles northeast from Electra. Drillsite is in a 58-acre lease in Wichita County's Wagg. Col. Lds. Survey.

Daily potential of 10 barrels was posted with the Railroad Commission. The well went to a 1,000-ft. bottom, and top of pay zone was logged at 896 feet. Production will be from perforations 896 to 904 feet into the wellbore.

J.C. Wells of Iowa Park has posted first production data for his No. 3 Dutton in the Wichita Regular Field five miles east of Electra.

It indicated ability to pump four barrels of oil per day on open choke. It bottomed at 950 feet and will produce from a set of perforations 828 to 842 feet into the hole. Drillsite was in a 25-acre lease in the Ward and Todd Survey A-625.

Location was 450 feet from the north line and 150 feet from the west line of the lease and survey.

J.F. Hood of Fort Worth has filed for permit to drill a Wichita Regular developmental well five miles north of Kamay. It will be known as the No. 17 T.J. Waggoner, with drillsite in an 80-acre unit in the H. George Survey A-454. Location is 150 feet from the north line and 750 feet from the east line of the lease and 2,070 feet from the east line and 1,470 feet from the north line of the survey. Projected total depth: 2000 feet.

Operating out of Lawton, Ok., AMV Operating Inc. has driven stake for a 1,999-ft. developmental well in the Wichita Regular Field 2.3 miles north-northwest of Kadane Corner. It will be spudded in a 312-acre lease in the Thomas Cooke Survey A-34 and will be known as the No. 1 Bradley. Drillsite will be 750 feet from the east line and 1,300 feet from the south line of the lease and survey.

A pair of 1,750-ft. developmental wells are scheduled in the Wichita Regular Field by O.L. Fulfer of Kamay. The wells, located five miles northeast of Kamay, are designated as the Nos. 6 and 8 J.A. Watkins.

The operation will be in a 103-acre lease in the H.B. Balch Survey A-12. Location is 1,800 feet from the north line and 150 feet from the east line of the lease and 2,200 feet from the north line and 2,000 feet from the west line of the survey.

Paul DeClava of Wichita Falls has staked location for a Hardeman County wildcat one mile west of Quanah. The explorer well will be known as the No. 1 Greene. It carries permit for 9,000-ft. TD. Location is in a 160-acre unit in the W&NRR Survey A-355. The well will be spudded 839 feet from the west line and 1,009 feet from the north line of the lease and survey.

Pumping 21 barrels of oil per day on open choke, a new producer has been brought on line in Hardeman County's Dead Dog Field 25 miles southeast of Quanah.

Iowa Park based R.C. Goode is the operator.

The well went to total depth of 8,247 feet and will produce from a set of Mississippi Formation perforations 7,240 to 7,248 feet. The well is in a 1,280 acre lease block in the H&TCRR Survey A-1667.

Location is 660 feet from the north line and 3,300 feet from the west line of the lease and survey.

Pumping 187 barrels of oil per day on open choke, the No. 2 Tabor Estate has been completed in Hardeman County's Holmes Field by Bennett Resources Inc. of Graham.

The well is in a 40-acre unit in the W&NRR Survey.

It bottomed at 8,313 feet and will produce from a perforated interval 7,772 to 7,792 feet into the hole.

Located 8.5 miles south-southwest of Quanah, the well is 2,368 feet from the west line and 4,128 feet from the north line of the lease and survey.

Houston-based Loutex Energy Inc. has staked drillsite for a Hardeman County oil wildcat 7.5 miles northwest of Chillicothe. The explorer well will be known as the No. 1 T.P. Gerald. It is in an 80-acre unit in the W&NRR 933 feet from the west line and 933 feet from the south line of the lease and 3,000 feet from the east line and 1,250 feet from the north line of the survey.

Holliday News

Council rejects TESCO request

Holliday City Council Monday night rejected TESCO's current rate increase proposal, met in executive session to discuss a September accident involving the police car, and Ordinance 82-5 which restricts water taps outside the city limits.

Council members voted in an earlier meeting to suspend the rate proposal from TESCO, now before the Public Utilities Commission (P.U.C.), for 120 days. Facing the deadline for action on the proposal, council voted to reject it.

In addition to denying the request, council also agreed to send alderman Leon Addison to a future meeting in Austin as Public Utilities Liaison Representative. Addison, absent from the meeting, has been consistently against rate increase requests from various utilities.

Council entered into executive-closed session to discuss possible litigation concerning an automobile accident involving Holliday Police Chief Lomax Campbell and the city's only police vehicle.

Campbell was in pursuit of a speeding violator on U.S. 277 Sept. 24th, when he was in collision with another car driven by Keith Myers, also of Holliday. Although no major injuries were sustained to either party, both vehicles sustained heavy

damage.

Council returned to open session and voted to have the city's insurance company handle replacement of the police car, which was totalled, and attempt to recoup the losses from Myers.

Aldermen also discussed Ordinance 82-5, reportedly because of past requests by persons outside the city's limits for water service. Council voted to maintain a strict adherence to the ordinance, which denies such requests.

In other business, council was given a report on current tax collection by collector/assessor Laverne Slatton, and reports on the ambulance calls and municipal court.

1983 taxes collected from Oct. 3 to Nov. 4 total \$7,754.23, according to Slatton, with a balance on the 1983 roll of \$60,844.69.

Delinquent taxes collected from August 1 thru Nov. 3 of this year is \$2,586.62, with a balance of \$11,164.78.

The city's ambulance responded to seven calls in October, transporting eight patients. Two tickets were issued by Campbell in October, and total fines of approximately \$233 were collected by city judge Betty O. Tanner.

Homemakers set meeting

The newly-formed Holliday Chapter of the Young Homemakers of Texas will hold its November meeting at 7 p.m. Tuesday, Nov. 22, in the high school home economics room, according to Donna Reynolds, public relations officer for the group.

Featured at the meeting will be Archer County extension agent Kathryn Carnes, members of the Lake Kickapoo Home Demonstration Club, and local senior citizens.

"We encourage all interested persons to attend the meeting," Reynolds said.

Friday, November 11

Breakfast: Cheese toast, syrup, milk, juice.

Lunch: Ravioli, green beans, whipped potatoes, cake, milk, butter.

Monday, November 14

Breakfast: Scrambled eggs, biscuits, milk.

Lunch: Tacos, lettuce, tomato, cheese, corn, cobbler, milk.

Tuesday, November 15

Breakfast: Cinnamon rolls, juice, milk.

Lunch: Barbecue on a bun, relish, French fries, apple crunch, milk, spinach.

Wednesday, November 16

Breakfast: Jelly, toast, milk.

Lunch: Turkey and dressing, cranberry sauce, creamed potatoes, green beans, milk, jello, bread.

Thursday, November 17

Breakfast: Pancakes, syrup, milk, juice.

Lunch: Nachos, cheese, peppers, chili beans, salad, milk, cake.

The Nose Knows.

An aromatic chemical is added to natural gas to give it a distinct odor. One that's easy to detect.

It's this distinct odor and knowing what to do when you detect it that keeps gas safe.

If you're outdoors and smell gas, you should call your local Lone Star Gas office.

If you're indoors and detect faint whiffs, check to see if a pilot light has gone out or a burner valve has been left partially open. These are corrective steps you can take yourself.

If your equipment is working properly and you still smell gas, please follow these precautions:

1. Don't switch anything electrical on or off. Don't strike a match or do anything that could cause a spark.
2. Have everyone leave immediately, leaving door open to help ventilate.
3. Go to a nearby phone and call Lone Star.

Help us keep natural gas one of the safest energies available. Use your nose. Then use your head... and follow the proper precautions.

(Just a reminder: Before you do any digging, call your local Lone Star Gas office so they can inform you on pipe locations.)

Cotton farmers can 'show off' their crop

By DAVID FINLEY
County Agent

Wichita County Cotton producers will have an opportunity to "show off" their cotton at the upcoming area cotton show to be held Dec. 6 and 7 at the Abilene Civic Center, Abilene. This is the first ever area show of its kind in the state or nation and will highlight cotton in all of its phases from production to consumer utilization.

For farmers to enter, they must select a plant from their field and

then harvest 13.1 feet of row from that field. This sample will be ginned at the Chillicothe Research and Experiment Station. A readout will be obtained on micronaire, grade, staple length, uniformity ratio, and fiber strength. These quality factors plus yield percent turnout and the actual cotton plant are then rated on a scale of one to 100 points, with 100 being the best that the entry can score.

Entries can come from a single field, or if there are several varieties

in the field, each variety can be harvested, a plant chosen and be considered a separate entry. You will be able to enter as much as you'd like.

Entries can come from a thirty county area in a line from Wichita Falls to San Angelo. Approximately 2 million acres of cotton will be represented. The winner of the 1983 show will receive one ton of certified cotton seed, courtesy of G&P Seed Company, Aquilla. Plaques and ribbons will also be awarded to winners in certain categories.

The type of cotton plant to select is of great importance. Select one that is strippable, not bushy. It needs to have good tight bolls and be storm proof. Also, it needs to be free of insect and disease damage. Your local county Extension agent can help you in selecting your plant and also in harvesting your sample. Contact them or the office in Wichita Falls if you have questions.

Wheat planting time is here and so is the time for our office to get out fertilizer tests on wheat. We put out one test this week on the Lalk brothers' farm near Electra on county line road north. It is located next to the paved road where producers will have an opportunity to watch it during the growing season. Nine different plots were established with rates ranging from 92-0-0 to 40-40-40. We also put out some slow release nitrogen to see how it will help wheat here. This spring we will come back and topdress three plots with urea, following soil test recommendations.

Watch the progress of this test during the growing season. It may help you decide whether or not fertilization is feasible for you and also whether or not it will make you money.

Obituaries

John Leslie Bradford

John Leslie Bradford, 54, a professor of chemistry at Abilene Christian Univ., died Friday at West Texas Medical Center.

Services were Monday morning at the University Church of Christ with Eddie Sharp, minister, officiating. He was assisted by Walter H. Adams, retired dean at ACU. Burial was at Elmwood Memorial Cemetery under direction of Elliott-Hamil Funeral Home.

He was born Aug. 2, 1929 in Iowa Park, the son of the late Mr. and Mrs. B.L. Bradford. He was graduated from Iowa Park High School in 1946 and from ACU in 1950. He received his master's degree from North Texas State Univ. in 1951.

He married Wanda Hansen Aug. 25, 1953 in Fort Worth and joined the ACU faculty as an assistant professor of chemistry. He taught analytical chemistry as a graduate assistant at Baylor Univ. from 1960 to 1968. Locally, he had served as a consultant for several businesses and organizations, including Hendrick Medical Center, West Texas Medical Center, Abilene Independent School District, the City of Abilene, Abilene State School and numerous others.

At ACU, Dr. Bradford served as a member of admissions and registration committee, the judicial board and faculty senate. He had published numerous articles in professional periodicals based on research activities. He also taught chemistry at Abilene Christian School and was a member of the American Chemical Society and University Church of Christ, where he had been an elder since 1977.

He is survived by his wife; two daughters, Mrs. David (Karen) Cox of Midland and Renee Bradford of the home; a son Bryan of Abilene; and a brother, Jim of Abilene.

Brooksey Nell Woodard

Services for Brooksey Nell Woodard, 66, were held Saturday at Owens and Brumley Funeral Home in Burkburnett with Rev. Dave Bryant, pastor of the Bible Baptist Church in Wichita Falls, officiating. Burial was in the Burkburnett Cemetery.

She was born Nov. 16, 1916, in

Tennessee and had lived in Burkburnett since 1957.

She is survived by her husband, Dan; two stepsons, Dale of Wichita Falls and Gary of Houston; a sister, Mrs. Silas Verble of Iowa Park; and a brother, Walter Warren of Dubach, La.

Mary Kate Warner

Mrs. Mary Kate "Katie" Warner, a former resident of Iowa Park, died Sunday in a Chillicothe hospital. Services were Tuesday at First Baptist Church with Rev. Wallace Clay, pastor, officiating. Burial was in the Chillicothe Cemetery under direction of Manard Funeral Home.

She was born in Wilbarger County and she and the late R.G. Warner, who died May 14, 1983, lived in Iowa Park several years.

She is survived by two sisters, Stella Lewis and Helen Whiteley, both of Chillicothe.

RIBBON CUTTING - The Iowa Park Chamber of Commerce was on hand early Thursday morning to help King's Food begin its grand opening celebration. Along with the ribbon-cutting by owner Darrell Taylor, the ceremony

marked the change of the firm's name from Superfine Food to its new name. On hand for the cutting also were store employees and several customers.

Wendy Hicks A&M officer

Wendy Hicks, a senior Agricultural Education major at Texas A&M Univ. from Iowa Park, has been elected secretary of the University Collegiate FFA Chapter.

As secretary, her duties include developing the agenda for each meeting, preparing a collegiate FFA telephone directory, keeping the minutes of all meetings, and managing the FFA recreation room.

Wendy has been involved in many activities in her years at TAMU, with both the Collegiate FFA and the

Saddle and Sirloin Club. Other activities include assisting with FFA leadership contests, judging contests, leadership training schools, TAMU career days, and the Houston Livestock Show.

The TAMU Collegiate FFA is a professional club in the College of Agriculture with approximately 150 members. Chapter activities provide experiences which contribute to the members development as future teachers in vocational agriculture or similar positions of leadership.

Cook of the Week

People all over the world like cookies. Long before cookbooks were popular, when recipes were handed down from one generation to the other, cookies were the exclusive delight of European royalty and noble families. Made from rare and costly ingredients, these miniature cakes were traditionally baked to celebrate religious holidays and special occasions. More recently, European bakers turned holiday cookie-making into a social event, often involving a dozen families and several days' work.

In the frugal atmosphere of colonial America, cookies were quite simple. But imaginative cooks soon fancied up the doughy morsels from humble beginnings of sugar, shortening and flour to extravagantly modern fruit and nut concoctions. The French are reputed to make the fanciest cookies and the Germans the spiciest. The English cookies are generally large and bland tasting. American cookies are all of these things and a lot more.

Beth (Mrs. Wayne) Anderson, our cook for this week, is a wise homemaker and mother who satisfies her family's sweet tooth with a wonderland of cookies, some plain, some fancy - all good. One of the happiest memories of the Anderson children's childhood days will probably be their mother's cookie jar and the enjoyable times that they spent baking cookies to help fill the jar.

Mrs. Anderson was graduated from high school in Hopewell, Va. and from Petersburg General Hospital School of Professional Nursing with a specialty in critical care. He is an instructor at Sheppard AFB. They are members of the Church of Jesus Christ of Latter Day Saints in Wichita Falls.

Their children are Chad, 12, Jeremy 10, Emiko 9, Sarah 7, Matthew 5, Christian 2 and John 1.

Mrs. Anderson is room mother at Bradford Elementary School where she is publicity chairman and historian of the P.T.A. Her hobbies are cooking and cross stitching.

MOM'S FRUIT CAKE COOKIES

1 cup Crisco
1 cup brown sugar
1/2 cup granulated sugar
3 eggs
1 t vanilla
4 1/2 cups flour
1/4 t baking soda
2 1/2 t baking powder
1/2 t salt
1/2 cup milk

Mrs. Wayne Anderson
Christian and John

Blend Crisco, sugar, eggs and vanilla until light. Sift dry ingredients and add alternately with milk. To this mixture add:

1 cup raisins
1/2 cup dates
1/2 cup citron
1 1/2 cup nuts
3/4 cup candied cherries
3/4 cup candied pineapple

Mix well and drop by teaspoonsful onto ungreased cookie sheet. Bake at 350 degrees 10 minutes. Watch carefully or they will burn.

Note: "I often use 1 lb. candied mixed fruit instead of citron, cherries and pineapple. These are wonderful for people who don't think they have the time to make a fruit cake at Christmas.

LEMON BARS

2 cups flour
1/2 cup powdered sugar
1 cup margarine
Cut margarine into flour and powdered sugar with pastry blender. Press mixture into 9x13 pan. Bake for 20 minutes at 350 degrees. Allow to cool.

While cooling, beat together:
4 eggs
2 cups sugar
1/2 cup concentrated lemon juice
1/2 cup flour
1/2 t baking powder
Pour liquid into prebaked shell and bake an additional 30-40 minutes. Dust with powdered sugar when cool. Then cut into bars. Makes 24-30 bars. These freeze well.

SUGAR COOKIES

2 1/4 cups flour
1/2 t cream of tartar
1/2 t baking powder
1/2 t salt
1/2 cup shortening
1/2 cup butter
1/2 cup powdered sugar
1/2 cup granulated sugar
1 egg
1 1/2 t vanilla

Sift dry ingredients (flour, cream of tartar, soda and salt). Set aside. Cream butter, shortening and sugar; add egg and vanilla; mix well.

To creamed mixture, add presifted dry ingredients; mix well. Roll into walnut-sized balls. Flatten balls with a glass that has been dipped in granulated sugar. Bake at 375 degrees 6-8 minutes. Makes 4 dozen.

FORGOTTEN COOKIES

3 egg whites
1/2-1 cup sugar
1 cup chocolate chips
1/2 cup nuts
Beat egg whites till stiff; gradually beat in sugar till stiff peaks form. Fold in nuts and chocolate chips. Drop

by spoonful onto your oven rack which has been covered with aluminum foil. Return rack to preheated oven (350 degrees) and immediately turn heat off - thus the name "forgotten" cookies. Leave the cookies for several hours or overnight. They look like divinity candy and are a real treat. Yield: approximately 4 dozen.

QUICK & EASY COOKIES

1 box any flavor cake mix
2 eggs
1/2 cup oil
Mix 1/2 dry cake mix with oil and eggs to form batter; gradually add remaining cake mix to form stiff dough. Add any "extra" to the dough - chocolate chips and nuts to yellow cake mix for chocolate chip cookies; coconut to lemon cake mix makes delicious lemon cookies; raisins to carrot cake mix; nuts to applesauce or spice cake mix.

Drop by teaspoonsful onto ungreased cookie sheet. Bake at 350 degrees 10 minutes. Each box of dry cake mix will make 4 dozen cookies.

D.A.R. Museum topic of speaker

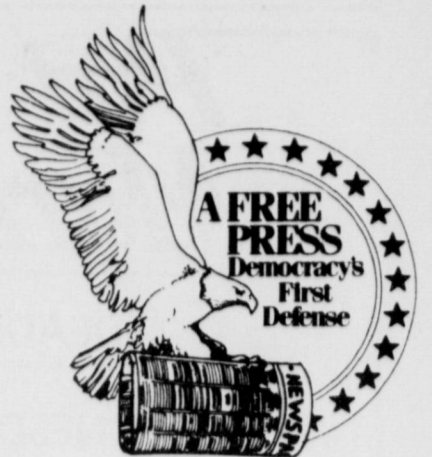

Mrs. Jay M. Norwood of the Major Francis Grice Chapter of Daughters of the American Revolution (D.A.R.) was featured speaker Tuesday morning at the Ruth Fellowship of United Methodist Women meeting.

Speaking to the 23 members and guests, including members of the Rebecca and Mary Fellowships, Mrs. Norwood discussed the D.A.R. Museum in the nation's capitol and her position as correspondent docent program at the museum.

The program included slides of the museum, which is located at 1776 Constitutional Ave. in Washington D.C. Included in the slide presentation were pictures of the museum's many rooms, each one furnished by individual states to depict its heritage and culture. Of special interest to the group was the Texas Room, which showed a stencil wall pattern taken from a German cottage, and furniture from the mid-1800 period.

In addition, slides of the D.A.R. headquarters and genealogical library, both located in Washington D.C., were shown.

Mrs. Norwood distributed brochures and postcards of the Texas Room to those present. She is past chapter regent of the Major Francis Grice Chapter N.S.D.A.R. (National Society Daughters of the American Revolution).

Church group meets

Twenty members of the Alathean Sunday School class of First Baptist Church and one guest, Mrs. Brent Patterson of Olney, attended the monthly luncheon held Tuesday at the church.

Mrs. Page Morgan, program chairman, introduced Mrs. R.A. Tanner who brought a Thanksgiving devotion.

Mrs. Earle Denny was in charge of business following the meal. It was voted to make a monetary gift of \$50 for a picture to hang on the wall in the church parlor and to send \$25 to Girlstown at Christmas. Mrs. J. Louis Quick and Mrs. George Lewis were appointed to serve on a committee for Christmas gifts.

The Eyes Of Texans

AMERICA VS. RUSSIA
IN THE BATTLE OF RETINITIS PIGMENTOSA
Part 2

Last week we were discussing Retinitis Pigmentosa [RP] and how the Russians say they have a cure for it but the American doctors don't think so. Even tho there probably isn't any medical cure for RP there are some non-medical approaches that will reduce the severity of the disease. Since bright light is not good for RP patients they should wear special amber lenses that cut down on visible light and absorb infra red and ultraviolet. Any fever should be controlled as there is a deleterious interaction between light and elevated retinal temperature. Experiments have shown that vitamin A has a negative effect on RP so supplements with this vitamin should be avoided.

Since RP victims have a reduced visual field a reverse telescope that makes a person's visual field smaller so that it falls on the central "good" part of the eye would help a RP patient to get around. There are also image intensifiers similar to an infrared "snooperscope" to help a person with RP see better at night. These devices are very expensive but they do intensify light 800 times!

Countdown to divestiture

It's now less than two months away... "it" being the break-up of the Bell System. On Jan. 1, 1984, Southwestern Bell and 19 other Bell operating companies will formally sever ties with AT&T in the largest separation in American corporate history.

No longer will Southwestern Bell and its 19 sister companies be affiliated with AT&T. No longer will the oft-used term "one Bell System" be applicable.

Instead, the Bell operating companies will be reorganized into seven independent regions (with Southwestern Bell making up one of those seven).

What this means to you is that beginning Jan. 1, the various telecommunications services you've previously received under one roof will come from two or more companies.

Southwestern Bell will provide local phone service, limited long distance service and various other offerings such as Custom Calling services, public telephones, mobile phone service and white and yellow page directories.

AT&T, on the other hand, will offer long distance service and terminal products, will retain its manufacturing and research arms (Western Electric and Bell Labs), and will assume ownership of all Bell-owned equipment presently being leased to customers on a monthly basis.

In preparation for the break-up, we at Southwestern Bell Telephone will be making changes in certain operational procedures before the end of the year so that "all systems will be go" come Jan. 1.

This phase-in will give you an opportunity to learn about, understand and ask questions concerning new procedures before they're permanently in place.

Here's one example of how we're preparing for a post-divestiture environment: Between now and the end of the year, you'll start being referred to AT&T Information Systems

when you call Southwestern Bell Telephone to inquire about leased equipment.

Also, by the end of the year, all Southwestern Bell Telephone customers will notice a change in the way their monthly telephone charges are listed. Since different Bell companies will provide different services beginning in January, your monthly bill will be broken out accordingly — with each supplier's charges listed on separate pages.

We want you to know

As always, if you have questions about these or other matters related to your telephone service, feel free to contact me. Or, you can call Southwestern Bell Telephone's toll-free number for divestiture information — 1 800 555-5000 — anytime between 8:30 a.m. and 4:30 p.m., Monday through Friday.

In addition, complete details about various divestiture-related issues can be found in the insert which accompanies your monthly telephone bill.

At Southwestern Bell Telephone, we believe the more you know about what will and won't change with divestiture, the easier this transition to a new era in telecommunications will be for you.

One of the questions I get from time to time is, "What options are available to me on the installation of inside wiring?" Good question. Right now there are three options available to the residence customer. First, a customer can provide his own wiring. Second, a customer can have a contractor install the wiring. Third, we'll be glad to provide and maintain the wiring and bill you accordingly.

Remember, if you have something to talk about, don't hesitate to drop me a line.

Dan Adams

Sweeping changes in UIL being considered

Raising academic standards and restricting loss of school time were major issues addressed by the University Interscholastic League's Legislative Council, which held its 3rd annual meeting in Austin, Oct. 15-17.

The council voted to place on a referendum ballot proposals that would raise academic credit require-

ments and restrict classroom absences by those participating in golf and tennis. In addition, the council voted to allow speech students to miss no more than 10 days per year in order to participate in speech/debate tournaments.

The referendum ballot will be mailed from the UIL office to school administrators in February. Results

will be announced March 3. A simple majority is needed for proposals to pass, and items approved will take effect during the 1984-85 school year, unless otherwise specified.

"The meeting had the largest attendance, the greatest participation and the most comprehensive press coverage of any in League history," said Dr. Bailey Marshall, UIL director. "I was pleased to see the increased interest. Those who may have questioned or doubted the League's rulemaking processes surely were impressed by the openness and the free exchange of ideas."

Among the proposals slated for referendum ballot examination are:

* An item that would require students to be passing four rather than three courses, excluding physical education, in order to compete in a League contest.

* A proposal that would prohibit students from missing a class that they are failing in order to participate in a League activity.

* A proposal that would require students to have passed four courses rather than three the preceding semester in order to compete. If passed, this item will not go into effect until the spring semester, 1985.

* A proposal that would restrict golf and tennis students to 10 days lost per year for participation in each activity respectively. For instance, a tennis player may miss no more than 10 school days in order to compete in tennis tournaments.

In addition, the council voted to place on the referendum ballot proposals that would relax summer basketball, football and volleyball camp rules. Summer camps would be open to athletes who have not participated in a varsity contest. Also, students may not be coached in a summer camp by a person employed by the students' school.

The council also placed on the ballot a proposal that would open the door to summer basketball leagues. Summer league play would be permitted between June 1 and August 1 under the following guidelines: Students may participate in one league only. Students may not be coached by a coach employed by the player's school. Students may not play more than two games per week. Students may not play on a team that has more than three players from one school. School equipment may not be used. Students may not compete against a team that has more than three players from a single school.

"In both league and camp situations, the player may not be coached by a secondary coach -- meaning a seventh through 12th grade coach -- employed by the student's school," Marshall said.

Other major council proposals going on the referendum ballot include:

* Amending the rules to allow for parochial and private school membership into the League.

Studying the concept of disqualification of coaches or contest sponsors who knowingly violate League rules.

* Revising the UIL spring meet calendar, with the combining of boys' and girls' district, regional and State Meet athletic events. District meets would be held either April 1-6 or April 15-20. Regional meets would be held April 29-May 4. The State Meet would be held in Austin, May 9-11.

* Revising the Five-Year Rule so that a child being retained in the seventh grade for competitive purposes would lose the final year of high school eligibility.

* Adding gymnastics and wrestling as UIL sports for Conference AAAAA only.

* Placing the amateur restrictions on all students beginning in the ninth grade, regardless of the student's age.

* Eliminating mandatory penalties in basketball and volleyball for players or teams violating game and tournament participation restrictions. The council recommended passage of this proposal, which would give the district executive committees greater flexibility in assessing penalties.

* Revising the college course enrollment so that courses taught by a high school teacher during the regular school day and conforming to Texas Education Agency guidelines are not considered college courses, even though college credit is given.

* Changing soccer seasons to begin on either the first Monday following certification of the district football champion (with the season to end the last week of February) or beginning on Jan. 1 (with the season ending with the state championship tournament, held the last week of April).

* Allowing athletes to sign a letter of intent and a college scholarship agreement that contains the conditions of the scholarship, provided the athlete receives no part of any valuable consideration guaranteed by that scholarship until after all UIL eligibility is completed. If passed, the item would take effect in 1984-85.

* Revising future basketball starting dates, allowing basketball practice to begin on the seventh Monday following the first Thursday in September.

* Giving administrators the choice of keeping the present outside soccer restrictions as is, applying restrictions only to players who have participated in varsity contests, or abolishing outside participation restrictions. At present, soccer players who participate in club soccer prior to the start of the UIL soccer season are ineligible to represent the varsity soccer team.

The council also voted to move the first day to play basketball games from Nov. 22 to Nov. 21, to allow baseball players to wear metal cleats this spring, and to restrict music organizations to one non-League meet held on school time. The music restriction takes effect next year.

The council also voted to meet March 7, 1984 in order to take action on the following items:

* Recodification of the League's Constitution and Contest Rules.

* The findings of the Junior High Athletics Study Committee.

* Procedures for implementation of a penalty on coaches or contest sponsors who knowingly violate UIL rules. The final item will be considered only if the concept of contest sponsor punishment is approved on the referendum ballot.

In final action, the council referred to a Committee on Excessive Expenditures a proposal that would penalize schools for spending on "luxuries" above basic athletic equipment and supplies. This panel, to be named soon, as well as a Committee on Loss of School Time-Missing School -- Number of School Contests will meet this spring and issue a report to the Athletic Committee of the Legislative Council, May 30-31. The Council also voted that if a district executive committee imposes either a post-district disqualification or a district disqualification, that action may be appealed to the State Executive Committee.

The council defeated a proposal that would have increased from \$40 to \$50 the limitation a school may spend per student as an award for participation in interschool competition.

"The council members did an outstanding job in considering the 50-plus items presented in public hearings Sunday as well as the multitude of proposals they had previously heard," Marshall said. "They listened to, read and considered what each individual had presented. Though many of those addressing the council took conflicting sides, I believe all those attending truly are concerned with the total education of the student first and foremost."

CARD OF THANKS

We would like to thank the Wichita Valley Farms Community and friends for the lovely daisy plant sent to us during the loss of our loved one, Stella Watson. God bless each of you.

E.L. Watson
Mr. and Mrs. DuBart Watson
Rhonda Watson

Schedule for:

Recreational Activities Center

ATTENTION ALL ARTHRITIS SUFFERERS

The self-help arthritis classes have been scheduled for Tuesday, Nov. 22, at 1:30 p.m. and each Tuesday following for several weeks. The number of weeks will be determined by the number of people attending.

Maureen Klein, executive director of the Arthritis Foundation, will direct all classes. The course is sponsored by the Arthritis Foundation in Wichita Falls.

This is a new beginning date for these classes. Anyone interested is invited to attend. The only charge will be for the book used.

MEMBERSHIP DRIVE UNDERWAY

The RAC membership drive is currently underway. Anyone who wishes to help support the Iowa Park RAC may do so by buying a membership card.

You will need a card to participate in any classes at the RAC, and in addition you will be giving them support. Many of the activities given for the children are entirely free of charge and all classes are kept at as nominal a charge as is possible.

Memberships are \$3 a year and may be purchased at the RAC.

Volunteers recognized

Six Iowa Parkans and a local organization were among those recently receiving recognition for volunteer service to the Wichita Falls State Hospital.

Betty Bowman received a 500-hour bar to attach to her previously-earned 100-hour pin.

Student volunteers Missy Logan, Jamie Owens and Kristen Sharp received 100-hour pins, as did Luther and Judy Raybourne.

The 23 Study Club received a certificate of appreciation for its members' volunteer work with patients, also.
