# IOWA PARK LEADER

25 Cents

Vol. 15, No. 10 IOWA PARK, WICHITA COUNTY, TEXAS 76367 THURSDAY, NOVEMBER 17, 1983

**THRILLING SEASON ENDER-** Hawk fans who missed Friday night's season finale at Azle deprived themselves of watching one of the more exciting games of the season. Greg Untalon, shown here following good blocking, helped advance the ball into Azle's territory in the fading moments of the contest, and the big senior then booted a 32-yard field goal with only 14 seconds remaining in the game to give the Mean Green a 26-24 victory.

## Joyce Wilson found dead Friday in home

Joyce Elizabeth Wilson, who lost her appeal to overturn a voluntary manslaughter conviction, apparently committed suicide late last week in her home at 1014 Foley.

She had been found guilty of shooting to death her husband in their home in 1982, and two weeks ago her appeal was rejected by the Texas Court of Appeals, Second Supreme Judicial District.

Wilson, 39, was found dead in the den of her home at 8:56 a.m. Friday by a neighbor, Calvin Leonard, 911 Foley, who became concerned after not seeing any activity about the house after Tuesday.

She was found lying on a couch in the same room where she had shot to death her husband.

Chief Tom Fenley said he is still awaiting results of an autopsy, which was performed to determine the cause and time of death.

However, he said "evidence was found indicating she had possibly taken (an overdose) some prescrip-

tion drugs." Even though the findings of the appeals court has been filed in the district clerk's office, as of yesterday the court had not yet issued a mandate indicating how and when Wilson was to report to start serving her prison sentence.

### OTHER CASES REPORTED

Former city police chief Eugene Swedberg filed a report someone had taken from his automobile a .380 ca. pistol, leather holster and case. Now a security officer in Wichita Falls, Swedberg indicated the weapon had been taken sometime between Friday and Monday, and was valued at \$360.

Another former member of the local police department, Lou Dormier, who worked several years as a radio dispatcher, said her 1976 Volkswagen Rabbit was taken from 1013 Louisa between 10 and 11 a.m. Thursday. It is valued at \$1,650.

Fifteen company payroll checks, drawn on State National Bank, were reportedly taken from the check-

book of City Cleaners. Owner Tommy Key discovered the missing checks Wednesday of last week. They were taken from 107 W. Cash.

## Fire station bid okayed

The city council Monday night approved a bid to build a fire department substation, deannexed a 10-acre tract of land, and heard plans for a golf course which would require some city participation.

Lowest of six bids received on the fire station, to be built in the south part of the city, was submitted by Billy James, at \$14,210.

Construction is expected to begin sometime next week on the structure, which will be located about two blocks north of Bradford Elementary on South Texowa. Corner stakes ~~seventh bid, from Billy Gimore, was received Monday but was never opened because it was not received by the specified date of Nov. 9.~~

As agreed at a previous meeting, the council passed an ordinance removing a 10-acre tract of land in the extreme northeast corner of the city, Bogan Acres, from the city limits. Mr. and Mrs. Paul Miller, owners, had requested detachment from the city over the past several years because they did not feel they were receiving full city benefits.

Developer Rip Smith told the council he wants to build a nine-hole golf course, around which he proposed to build some 68 homes. It would be on the east side of Lake Iowa Park and would be brought into the city, he said.

Already denied by the Planning and Zoning Commission a request to take raw water from the lake, Smith said he would need the affluent from the sewer treatment plant to irrigate the course, because treated water would be too expensive.

Explaining his plans to open the course three days to the public and additional periods to senior citizens, ladies, school teams and special events as a benefit to the community, he said the course would otherwise be closed for memberships only.

Cost of course construction was estimated at \$250,000 and

\$375,000. "We would have a membership drive for about 300 members. To make a go of it, we must have water and at least \$200,000 in memberships," he said.

In return for opening the facility to the public, Smith asked the city to allow him to locate two tee boxes on city property, and the city participate in half the cost of laying a pipe to pump the affluent from the treatment plant to the course.

Aldermen generally voiced encouragement of the project, but declined to make any commitment with them had better cost figures for

laying the water line. "Saying he was 100-percent in favor of the project, Alderman Johnny Coker said he felt this was "... one of the most positive large projects since I've been here."

Studies indicate the course would require 68,000 to 300,000 gallons of water a day, depending on season and weather. The treatment plant produced an average of 500,000 gallons a day, the council was told.

Administrator James Barrington was instructed to work with Smith to

## News in Brief

### Bloodmobile to be here Monday

The Red Cross Bloodmobile will be at Faith Baptist Church from 3:30 to 7 p.m. Monday, sponsored by the Iowa Park Optimist Club.

Blood donors must be between the ages of 17 and 66, and in generally good health.

### Early publication for Thanksgiving

The Iowa Park Leader will print one day early next week, because no mail will be delivered on Thanksgiving Day.

Early printing has been the policy of the Leader whenever a holiday falls on Thursday, so readers will

have their paper a day early instead of a day late.

Deadlines will be as follows: Monday afternoon for organization meeting reports; 4 p.m. Monday for display advertising and 10 a.m. Tuesday for classified advertising.

### Arts and Crafts Festival Saturday

The second annual Arts and Crafts Festival will be held Saturday at Iowa Park Recreational Activity Center.

Sponsored by Epsilon Eta, the event is to open at 9 a.m. and end at 5 p.m. Twenty booths will display a wide assortment of arts and crafts.

Red beans and cornbread, nachos and Frito chili pies will be served, with proceeds to benefit renovation of Burnett Memorial Library.

Also, a sweet shop will be available to the public, with its proceeds going to the National Foundation March of Dimes.

### October low month for permits

October turned out to be one of the smallest months of the year for construction in Iowa Park, according to city hall's report on building permits.

Only five permits were issued during the entire month, amounting to a mere \$6,650. That raised the year's sum to \$933,889.

Permits issued during October

included: Hattie Brown, 407 W. Daisy, addition, \$350; W. Leo Thames, 605 W. Clara, addition, \$1,500; Homestead Ceramics, 116 W. Cash, repairs, \$1,500; Joe Wayne Owen, 204 W. Emerald, addition, \$500; Carroll E. Gerstner, 1106 W. Louisa, addition, \$2,700.

### Police patrolman receives promotion

Jerry Barker has been promoted to the position of patrol sergeant of the Iowa Park Police Department, according to Chief Tom Fenley.

"This promotion followed an extensive promotional procedure, in which three officers were considered for the promotion," stated Fenley.

"The procedure covered about six weeks and included a written examination, overall job performance evaluation, an oral interview, and consideration for tenure and experience. Officer Barker was rated the highest of the officers competing

in the promotional procedure," Fenley said.

Duties of the new sergeant are to take over many of the routine supervisory duties previously handled by Capt. Robert Dean. "Hopefully, Capt. Dean can then take over some of my duties, and I'll have more time to devote to the overall operation of the department," said the chief.

Administrator James Barrington and Dean assisted in the overall job performance evaluations and the oral interview portions of the procedure.

## SALES TAXES

### Iowa Park only community in county showing increase

Iowa Park continues to be the only city in Wichita County on the plus side in sales taxes collected.

The city stands at a 20.27 percent increase over the same 10-month period for last year after receiving \$12,909.33 for the month. The check for the same month last year was \$12,347.67.

That made the city's sales tax receipts \$110,173.41 for the year, which is 20.27 percent above the \$91,607.73 for the same period in 1982, according to the state comptroller's report.

Electra stands at a minus 21.13 percent for the year, Wichita Falls minus 4.87 percent and Burkburnett minus 2.42 percent.

Three Wichita County ranches were recently recognized at a ceremony at the state capitol in Austin.

They have been inducted into the Family Land Heritage register.

The ranches, their year of beginning, and representatives attending the ceremony were: Williamson Farm, 1882, John Warren Williamson; Beulah Francis May Ranch, 1883, Floyd Scott May, and Parker Ranch, 1883, Beulah Francis May Thompson.

Basic requirements of the Family

Land Heritage program include continuous agricultural production on the farm or ranch for 100 years, land ownership within the family, complete operation or supervision of the farm/ranch production by family members who are Texas residents, and a land area of at least 10 acres with a minimum income of \$50 from farm or ranch products.

If the farm or ranch is smaller than 10 acres, sales must equal or exceed \$250 per year.

Sen. Ray Farabee commented following the ceremony, "I am pleased that the Department of Agriculture each year honors the spirit of our farmers and ranchers, both past and present. Texas owes

much to the pioneers who struggled against the elements and other adversities to build the foundations of the state. We owe them and their hard-working descendants, a debt of gratitude.

"The stringent requirements of this program are not easy to fulfill, and I think that the number of new honorees from our area indicates the strong heritage of the 30th District. These families, and everyone affiliated with the farms and ranches, should be extremely proud of this honor," Farabee said.

Thirteen family farms and ranches from the eight counties of the 30th Senatorial District were represented at the ceremonies.

### Annual Chamber luncheon Monday

The annual Chamber of Commerce all-membership luncheon will be held at 11:45 a.m. Monday in the county agricultural building, 220 W. Park, according to Linda Merrick, president.

Guest speaker will be William Crafton, retired Air Force colonel.

His topic will be "Proud Being an American."

During the business session, members will vote on a slate of officers for next year, who will be installed at the annual banquet in January.

The luncheon is open to all members of the Chamber of Commerce. Reservations for the catered meal, which will cost \$6 per person, must be made by today at the Chamber office.

### No injuries in bus bumping

Word spread quickly through the community during the pre-school hour Friday, that a school bus had been involved in a head-on accident.

It was, but no one was injured. Not even a bloody nose.

The bus, driven by Billy House, was traveling west on West Highway and attempted to turn north on Third Street when it was confronted by a pickup.

The pickup, driven by Donna Laureen Wynn, was heading south on Third and was in the north-bound lane attempting to turn onto West Highway.

House, according to the police report, brought the bus to a stop and Wynn drove into the front of the bus, shattering a headlight lens.

No citation was issued after police completed their investigation, and all the children made it to class on time.

## Basketball opens Tuesday

Iowa Park High basketball teams will kick off their 1983-84 season schedules Tuesday, but in different locations.

According to the schedules, the Hawkettes are to host Rider with a triple-header. The ninth grade team game is to start at 5:30, followed in order by the junior varsity and varsity.

The Hawks are to play Rider at

Rider High, with the JV game beginning at 6 p.m. and the varsities meeting immediately afterward.

Next games will be: Hawkettes vs Rider at Rider Nov. 28; Hawks vs Graham here, Nov. 29.

The girls scrimmaged Electra here Tuesday evening.

Tonight, the Hawks are to scrimmage Wichita High in Wichita Falls, with the JV starting at 4 p.m. and the varsity following.

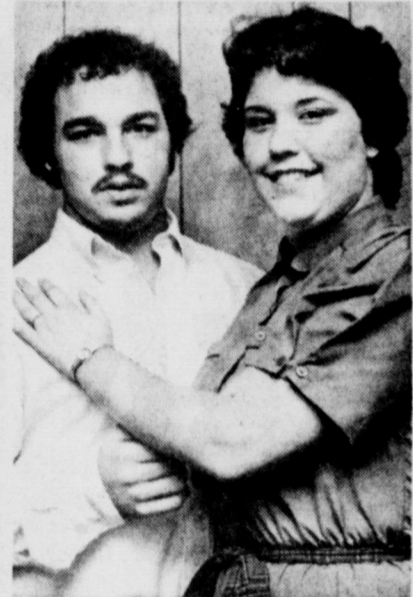

**Library News**

The November and December video VHS movies at the Iowa Park Library have been announced by Mrs. Billy Mashburn, librarian.

These include: All Quiet on the Western Front, The Adventures of Tom Sawyer, The Apple Dumpling Gang, Black Stallion, Bon Voyage, Charlie Brown, Bundle of Joy, El Cid, Creature from the Black Lagoon, The Eagle Has Landed, East of Eden, Farewell to Arms.

Others are: Hello Dolly, Julia, The Magnificent Ambersons, 1979 Dallas Cowboys Team Highlights, Oh God, 9 to 5, Stalag 17, Urban Cowboy, Von Ryan's Express, Look in a Book #11, Arthur, Mommie Dearest.

Atari games are Skiing and Othello, and Intellivision is Baseball.

**JONATHAN WOMBLE and CAROLYN JAMES**

**To wed Saturday**

Carolyn Faith James, daughter of Mr. and Mrs. Clifford James of Lexington Park, Maryland, and Jonathan Neal Womble, son of Mrs. Vickie Darlene Gardner of Iowa Park, High School. She is attending Aladdin Beauty College in Wichita Falls and he is employed at Ken's Pizza.

**DAVID RUTLEDGE and ROBIN HAWTHORNE**

**November date set**

Mr. and Mrs. Robert Hawthorne are announcing the forthcoming marriage of their daughter, Robin Rochelle, and David Russell Rutledge, son of Mr. and Mrs. Don Rutledge of Burkburnett. The couple will be married Nov. 25 at the First Assembly of God Church.

Miss Hawthorne is a senior at Iowa Park High School where she is president of the VICA Club in cosmetology. The groom-elect was graduated from Burkburnett High School and is a licensed plumber employed by Rutledge Plumbing.

**Troops hold family meal**

All five Brownie and Girl Scout troops in Iowa Park held their annual Family Thanksgiving Dinner Thursday evening at the First United Methodist Church in Iowa Park.

Attended by approximately 125 troop members and their families, the dinner was highlighted by entertainment provided by the troops in the form of skits and songs. The ham was provided by the Service Unit, while families provided salads, vegetables and desserts.

Table centerpieces, made by Vickie McCormick, Marsha Binion, Mary Loving and Cadette Troop 34 were given away as door prizes.

**Illingworth, Geer vows are exchanged Saturday evening**

The beauty of candlelight imparted interesting distinction to the setting for the formal wedding Saturday evening uniting Miss Cindy Ann Illingworth and Greg Alan Geer. Candles aglow in 21-branched and two tree candelabra decorated with boxwood garlands accented with white doves, wine silk roses and silver bows shed soft illumination in the altar of First Baptist Church in Burkburnett where the double-ring ceremony was performed by Rev. Lamoin Champ, pastor.

Providing the only supplement for the candlelight were two arrangements of wine silk lilies, white snapdragons and leatherleaf touched with silver bows on either side of the steps leading to the altar where the daughter of Mr. and Mrs. Robert Riley Illingworth of Iowa Park and the son of Mrs. Donna Louise Geer of Burkburnett and the late William Edwin Geer, exchanged their vows.

The unity candlestick decorated in the same style of the candelabra was used by the minister during the ceremony to emphasize how it symbolized the union of husband and wife. Mothers of the couple lighted the two outer candles in the candlestick and other candles were lighted by Jimmy Gilmore, brother-in-law of the bride, and Richard Geer, brother of the groom.

Miss Susie Slayden served as both pianist and organist for the wedding. She played piano prelude music to include "The Rose," "Theme from Ice Castles," and "Wedding Song" and accompanied Miss Janet Cox, vocalist who sang "Truly" for a prelude number. Miss Slayden played the organ for the bridal party to walk to the altar to the tune of the traditional processional. She furnished piano accompaniment for the vocalist to sing "Will You Walk With Me?" after the bride's father had presented her in marriage, and "God, A Woman And A Man" while the couple lighted the unity candle. The wedding party left the church to the strains of the traditional recessional played on the organ.

The bride was radiantly happy as she met the groom at the altar wearing a picturesque gown of white bridal satin reflecting that she was somewhat nostalgic in selecting her wedding dress. In design, the gown featured a fitted bodice covered with lavish reembrodered lace and seed ring lace neckline. The bishop lace sleeves were full to the elbows then clung closely to the arms and tapered to points over her hands. The full hooped skirt of bridal satin that flowed into a chapel train was bordered with reembrodered and Venise laces.

The bride's two-tiered waltz length illusion veil with a blusher cascaded gracefully from a camelot cap of lace and pearls. She carried a cascading bouquet of wine and white silk roses and baby's breath nestled in silver laces terminating in white picot streamers accented with green silk rose leaves tied in love knots.

In keeping traditions of the day, the bride wore heirloom pearl

earrings that belonged to her aunt, Mrs. Don McCall for "something old" and a "something borrowed" string of pearls from her sister-in-law, Mrs. James Illingworth. For "something blue," she slipped a good luck penny into a blue net bag tied with a blue bow and wore it in her shoe; and wore her lovely gown for "something new."

Wine taffeta was fashioned into the attractive gowns, also with a nostalgic air, worn by the bridal attendants. The long dresses were styled with low necklines bordered with off-the-shoulder ruffles, fitted bodices, puffed sleeves edged with teacup ruffles, wide gathered hemline flounces headed by smaller flounces that lifted in the back to create a bustle effect. Their haircoems were adorned with a white sweetheart rose intermixed with wine silk roses.

Blending perfectly with their costumes were their white lace fans topped with silver net ruffles that held their open wine roses and powder pink sweetheart roses from which silver lace streamers threaded with wine picot ribbon trailed.

Mrs. Jimmy Gilmore, sister of the bride, served as matron of honor. Bridesmaids were Mrs. James Illingworth, of Dallas, her sister-in-law, Miss Connie Dilger, Mrs. Micheal Geer, sister-in-law of the groom, both of Burkburnett, and Mrs. Toby Popenfoose of Wichita Falls.

Miss Kari Baugh of Iowa Park, the flower girl, was dressed like the attendants in a gown modified for her age. She scattered wine silk rose petals in the path of the bride from a white lace basket trimmed with silver.

Jason Gilmore and Scott Illingworth, nephews of the bride, carried the white satin heart-shaped ring pillows trimmed with lace and wine impatienc flowers. They were clad in silver Cambridge tuxedos with tails, winged tip shirts and ascot ties.

The groom chose a white tuxedo with tails for his wedding, wearing with it a white winged tip shirt, ascot with pearl tack and a boutonniere of one each, wine, sweetheart pink and white rose.

The groom's attendants, ushers, and fathers of the bride who wore a formal suit, were attired in silver Cambridge tuxedos with matching shirts and ascots.

The best man and groomsmen, all from Burkburnett, included Micheal Geer, brother of the groom, and Kol Garland. Ushers were Jimmy Gilmore, James Illingworth, brother of the bride, and Larry Dorey.

Wine silk roses mixed with wisps of wine and silver net tied with prism

**MRS. GREG ALAN GEER**

ribbon were featured in the corsages on gowns worn by mothers of the bride and groom. Both chose dusty pink chiffon gowns, Mrs. Illingworth's dress was designed with a high collar and bow at the front neckline, and pleated skirt. Mrs. Geer's gown, also with a pleated skirt, was fashioned with short sleeves and a handkerchief point capelet.

Wedding guests registered before the ceremony in the church foyer and later at the reception under the direction of Miss Karla Bitner. The table was covered with tiered white lace over wine satin and appointed with a framed needlepoint message "With This Ring I Thee Wed, November 10, 1983," the handiwork of Mrs. Jimmy Gilmore, the wedding book, white plume pen, and wine candle in a hurricane globe encircled with greenery accented with bits of wine and silver.

The bride's parents honored the newlyweds at a lovely reception held in the Fellowship Hall of the church following the ceremony.

The bride's table was draped with fine white lace swagged with wine and silver silk bows, the cloth candelabrum that held wine candles was arrayed with wine, pink and white silk sweetheart roses set off with a silver bow.

The four-tiered white cake at one extremity brought a rare charm to

the table with its floriated cascades of wine and pink silk roses, tiny white ceramic angels with their trumpets and lattice work heart frosting designs. Tall Grecian pillars divided the two lower layers to show a circle of cherubs holding a bowl of silk flowers in the chosen colors, and lower pillars separated the two top tiers to give extra height. The traditional bride and groom dressed in formal white stood under a lace heart on top of the confection to fit into the romantic mood of the occasion.

The silver punch service and white napkins with scalloped edges sketched in silver with flowers and wedding rings and imprinted with "Our Wedding Day - Cindy and Greg, November 12, 1983," lent extra interest to the table decor. The cake and punch were served by Mmes. Larry Carpenter, Dave Bennett, David Dorey and Tony DiMarzio.

The groom's table was covered to the floor with silver satin headed at the top with wine ribbon and also possessed the quality of delighting the guests. One extremity held a unique appointment featuring a wine-colored violin surrounded with greenery, mauve apples and grapes, eucalyptus and birch branches. A wide wine bow at the top extended in streamers over the violin. At the other extremity, a wedding ring-shaped cake was flanked by two heart-shaped cakes, each bordered in wine and silver flowers which lent meaning to the lettering across them "Two Hearts Are Joined Together."

The votive candelabrum in the center and silver coffee and tea services completed the decor. Miss Sandy Armstrong and Miss Karla Bitner served at the table during the reception. Jennifer Jarosz distributed the pink ceramic hearts filled with bird seed, and the houseparty members were Mrs. Deanna Graham and Mrs. James Adams.

The groom's mother was hostess for the rehearsal dinner Friday evening at the First National Bank room in Burkburnett.

Following a trip to Vail, Colo., the couple will live in Burkburnett. For travel, the bride wore a navy blue linen suit and red silk blouse.

The bride was graduated from Iowa Park High School and is employed as an assistant by Dr. Kenneth E. Jarosz. The groom was graduated from Burkburnett High School where he was in National Honor Society. He is employed by United Parcel Service.

Special wedding guests were Mr. and Mrs. George Adams of Akron, Ohio, grandparents of the groom, Mrs. Alma Illingworth, Mrs. Elsie Porter, grandmothers of the bride, and Mrs. Don McCall, all of Cross Plains. Others were Mrs. Harold Baxter, Mrs. Deana Maxwell and James Lynn of Abilene, Mrs. Wilma Riley of Tyler, Mrs. Ozella Derrick of Mesquite and Mr. and Mrs. Jim Youghblood of Dallas.

# Farabee announces for re-election

State Senator Ray Farabee announced his candidacy today for re-election to the Texas Senate representing the 30th District, which covers a 29 county area and a part of Denton County in North Central and Northwest Texas.

"Wichita County is an important part of the 30th Senatorial District. It has been a privilege to represent this county in Austin. I would like to continue my public service for an additional four year term," Farabee said.

Farabee, a Democrat, was elected to the State Senate in 1974. The 51 year-old native of Wichita Falls is married to Helen Farabee and has two sons in college.

Sen. Farabee is chairman of the State Affairs Committee and a member of the Legislative Budget Board, which has primary responsibility for preparation of the state budget. He also serves on the Finance

and Jurisprudence Committees. He was recently appointed to chair the Select Committee on Judiciary, and to serve with Gov. White, Lt. Gov. Hobby and Speaker Lewis on the Fiscal Policy Committee.

During his eight years in the Senate, Sen. Farabee has sponsored significant legislation which has benefited the 30th District and State of Texas, including:

- Drug Trafficking Act, providing stiffer penalties for large-scale drug dealers;

- Teacher competency testing for improved public education;

- Laws to help agriculture and rural communities;

- Bills to strengthen child support enforcement and cut welfare costs;

- A law limiting the insanity defense.

Farabee was cited for the third time by Texas Monthly as one of the 10-best legislators in Texas. In its

SEN. RAY FARABEE

assessment of Texas legislators, Texas Business recently accorded him "Great Honors," stating, in part, "... Overall, Ray Farabee is the most effective member of the Texas Senate."

# County agent receives award

Two County Extension agents who organized a one-of-a-kind county cotton show in Kent County, which has now expanded into a 30-county area show, shared a Texas Superior Service Unit Award presented Thursday in ceremonies at Texas A&M Univ.

Shirley Long, county-agent home economics at Jayton, and David Finley, former Kent County agent for agriculture who transferred recently to Wichita County, were recipients of the award.

They were honored during the Headquarters Staff Conference of the Texas Agricultural Extension Service, Texas A&M Univ. System. Director Zerle L. Carpenter made the presentation.

The team was cited for "imaginative and creative leadership in planning and implementing innovative programs through the program building process resulting in new programs and a better way of life for Kent County citizens."

The cotton show was originally planned by the county's Crop Finley have organized the show into a major activity involving 4-H members, the Family Living Committee, the Extension Homemakers, the Field Crops Committee, local and area business and the County Commissioners Court. It now involves most of the 1,100 county residents.

Purpose of the show is to promote production of quality cotton, improve profits through better marketing, and to promote and demonstrate the many uses of cotton products. It is also designed to demonstrate and publicize the impact of cotton on the economy of the area.

Ideas from the show have been adopted by a 30-county bi-district planning committee known as the

Rolling Plains Economics Program (R-PEP), and will be staged in Abilene in December. Long and Finley are providing leadership to the planning committee for this show.

Another program of these two agents was a Health Fair, which resulted in the licensing of 15 certified medical emergency technicians -- a significant event in a county with no health care facilities or doctor services.

The Program Building Committee, under the leadership of Long and Finley, sponsored a "Fun Fest" for the community in 1982. This festival involved nearly all residents of the county. It will be expanded to a

County Fair this winter.

Long, a five-year member of the Extension Service, received her Bachelor's degree from Texas Tech University, and is now working toward her Master's there. Before transferring to Kent County, she served as county agent in Cottle County for two years.

Finley has been with the Extension Service for more than six years. He earned his Bachelor's from Texas A&M, and he also is working on his Master's at Texas Tech. Before going to Kent County, he had earlier served as county agent in Freestone County and as Extension entomologist in Fisher and Jones Counties.

# As I See It....

By BOB HAMILTON

Residents of the south side of town are about to get their wish, a substation of the fire department.

Council members Monday night approved a bid to build the structure on land which for several months has been prepared. Corners of the building were staked out the next morning, and construction apparently will begin next week.

Now, I'm still waiting for someone to tell me who is going to operate the trucks stationed in the new building.

This subject has been kicked around several years. Several vocal residents of the south part of town have been joined by equally vocal members of the volunteer fire department in their approach to the city council to build the substation and put trucks in it.

The reason: lengthy trains passing through town could prevent fire trucks from the main station, which is north of the tracks, from reaching a structure fire in the south side.

Studies were made as to the number of structure fires that have been reported in the area south of the tracks. Several years' records were used. And only in one case, a truck was briefly delayed by a train from crossing the tracks.

But history really isn't the point. It's true, any delay of any sort could possibly cost the loss of an entire home, or business. The fear is real and justified.

Now, lets look at something other than fear, history, records and what have you. Let's determine who's going to fight those fires with those trucks to be stationed in the substation.

Don't ask me, I don't know. I've been told there are several who live in the southern area who would, or could, operate the equipment.

I'm sure they would, or could, if they are south of the tracks at the community in half. But how many are there at various hours of the day and

night?

It's a fact that there are hardly enough volunteers in town during weekday working hours to answer a fire call. There are others who will answer the call if the "front line" members are not adequate. Many of our firemen work outside the city or on jobs they cannot leave during working hours.

And then, let's consider the security at the new substation. It's never been a problem at the main station, adjoining the police department and visible to the busy old highway traffic.

Will the new station be left open 24 hours a day? Will it be locked at night and open during the day? Will it be locked 24 hours a day?

If it's locked, who will have the

keys? How many keys will be distributed?

Security of buildings in the neighborhood of the new station is a problem. Just ask our school administration people why they had to finally put an alarm system on the Bradford Elementary building.

City council members are representatives of the entire community, and by far the majority of those approaching the council on the issue have said they want the substation. So the council was just doing its job in authorizing the building's construction.

But there are still a lot of questions to be answered and a lot of money being spent to justify. I'm sure the answers will come, but I haven't heard them yet.

# Easy ways to save.

When the temperature starts to drop, here's what you can do to help hold down your heating bills and

save money. Set your thermostat at 68° or lower.

Remember, the lower you set your thermostat during the winter, the lower your electric bill will be. At night and when you're going to be away, set it at 55° or lower. Open drapes during the day to let sunlight in, and close them at night to help hold in warm air.

These easy ways to save can help you use less energy this winter. And you can learn more ways

to help hold down your electric bill — winter and summer — with a TIPS booklet from Texas Electric. For your copy call us or ask for it on

the comments section of your electric bill.

## How Much Do You Value Your Treasure?

Whether your nest egg is worth one pearl, or a whole strand, we treat all our savings accounts the same. Through wise investing and careful planning, we'll see that your money is cultivated to grow to maturity, and insured by the U.S. government for up to \$100,000. When you have a nest egg you value, come in and let us help you turn it into a treasure.

Locally Owned

**RETIRED, BUT WORKING** - Don Decker was among 32 retirees of the Texas Agricultural Extension Service honored at a luncheon at Texas A&M Univ. Nov. 8. He retired as Agent of Wichita County three months ago, but as of Nov. 1, he was named manager of Farmers Grain and

Fertilizer, Inc. He is shown with Dr. Zerle Carpenter, left, Extension Service director, and Bernard Eads, president of the County Judges and Commissioners Association of Texas.

**Camp Fire given plot responsibility**

An area in front of Burnett Memorial Library has been reserved for planting of native wild flowers and shrubs, and the responsibility for the historical preservation plot has been given to the Camp Fire organization. Designation of the plot was made by the Friends of the Library, which has responsibility over the library's operation.

Fourth and Fifth grade Camp Fire members will be transplanting bulbs from the lily family Saturday, as well as working soil around the native willows for Bluebonnet planting.

Next week, First, Second and Third grade members will remove grass and then the Kindergarten members will sow the Bluebonnet seeds.

Planting of native shrubs will be done after the first of the year.

Friends of the Library will designate other areas of the grounds in the future for upkeep by various organizations of the community.

**Lucketts to observe golden anniversary**

Mr. and Mrs. Wayne Lockett will be honored Saturday afternoon at a reception in the Fellowship Hall of Faith Baptist Church to commemorate their 50th wedding anniversary.

Hosts and hostesses for the reception will include Messrs. and Mmes. Walter Spruiell, Duncan Spruiell, Jerry Spruiell, Mark

Thompson, Larry Thompson, David Uhren, Alvin Thompson, Mrs. Lavere Thompson and Peggy Lockett, all of Iowa Park, Mr. and Mrs. J.B. Jones of Estancia, N.M. and Mr. and Mrs. Horten Irvin and family of Oklahoma City.

Mr. and Mrs. Lockett were married Nov. 18, 1933 at Estancia, N.M. and went to Loco, Okla. in a covered wagon herding 54 head of horses and mules on their honeymoon. They moved to Iowa Park in June of 1934 and he started working for Thompson Bit Shop (now Thompson Tool Co.).

He served in the Navy Seabee's for three years during World II and was stationed in the Hawaiian and Mariannas Islands. Mrs. Lockett lived in Calif. during that time and the couple moved back to Iowa Park in 1947 where he continued to work for Thompson Tool Co. and operating a welding business of his own.

The Lucketts moved to Perryton in 1961 where he owned his welding business. When he retired they moved back to Iowa Park two years ago. They are members of Faith Baptist Church and is a member of the Masonic Lodge.

The tables for the reception will be covered with off-white linen cloths. The registry table will hold the anniversary book, pictures of the honored couple when they were married and of them today, and a bud vase of gold cushion mums.

The anniversary cake will be a focal point of interest in the setting. A three-tiered structure resting on a gold lace base will tower tall with two sets of Grecian pillars and will be fancifully decorated with lace and scroll work and yellow roses encircling the base of each tier. The top ornament will feature three white satin wedding bells lifting "50" in gold numerals.

The cake table will be further adorned with gold and silver serving pieces and a floral arrangement of gold and bronze mums.

The hors d'oeuvres table will be centered with a unique covered wagon, a replica of the Lockett's honeymoon vehicle loaded with gold cushion mums.

**Study Club plans party**

The monthly meeting of the Modern Music Study Club was held Thursday evening in the home of Mrs. Delbert Todd with Mrs. Kenneth Davis serving as co-hostess. Members answered roll call by giving their special Thanksgiving memory.

During the business directed by Mrs. J.W. Farmer, it was voted to invite the husbands to the Dec. 8 Christmas party at the home of Mr. and Mrs. Kenneth Davis. Mrs. Michael Sargent was introduced as a new member. It was voted to honor the memory of Mrs. Bertha McDonald by naming the 1984 music scholarship for her.

For the program, members sang "O Could I Speak the Matchless Worth," the hymn of the month. Mrs. Larry Thompson presented a piano solo, "Sonata, Opus 49, No. 2 in G Major" by Beethoven. Mrs. Todd sang "O

Lord Be Merciful" by Bartlett. She was accompanied by Mrs. B.G. House.

Mrs. Keith Aulds introduced a guest, Miss Lisa Dietrichson who presented two vocal solos, "I Saw the Lord" and "The Lord's Prayer."

**Birk Circle meets**

The Lucy Birk Circle of First Presbyterian Church met Tuesday morning in the church parlor for a Bible study led by Miss Titia Belle Blanks. Topical discussions were given by Mmes. Lois Holloway, Edna Lemond, L. Shelton and C.E. Birk during the study.

The topic for the lesson taken from "The Parable Is a Mirror" was "Expose of a Corrupt Nation" and featured some of the parables of John the Baptist, mainly "Axes and Trees," "The Vipers and Their Offspring" and "The Fan and the Winnowing."

In the first parable it was emphasized that the axe which felled the tree symbolized that God's word, sharper than a two-edged sword was the instrument he used to hew down the fruitless trees, and that Christ is to be God's axe to destroy the opposing powers standing in the way of the establishment of his kingdom.

In the second parable, John compared those who tried to thwart the coming of the kingdom to vipers and warned that they were related to that old serpent, the devil, instead of being heirs of Abraham. In the third parable the fan used to purge the wheat from the chaff represented the fan that Christ used, his separating word, and the Holy Spirit to purge out the chaff of corruption.

Miss Blanks said in summation "A Godless world needs to be reminded that the Heavenly Reaper is coming with his fan in his hand to purge the earth of its worthless chaff."

**Church group meets**

Sixteen members of the Friendship Sunday School class of First Baptist Church and one visitor, Mrs. Clara Gallagher of Alexandria, Va., attended the monthly meeting held Monday evening in the home of Mrs. E.T. Patterson.

Mrs. Patterson gave a devotion on "Thanksgiving," an American holiday proclaimed by Abe Lincoln to be observed the fourth Thursday in Nov., and told a story, "T.M. On the Pies" by Marion Stewart.

Mrs. Elmer Singleton was in charge of the period devoted to business when a monetary love offering for Eleanor Bell, volunteer home missionary and a monetary offering for the local food bank were voted.

The next meeting will be the Christmas salad supper Dec. 12 when a Christmas program will be given and gifts exchanged.

# Cook of the Week

Thanksgiving, Christmas and New Year, the happy holidays, are just around the corner and with them comes the call for special traditional foods, one of these being fruit cakes. Mrs. Leon Reedy has an easy recipe for a six and a half pound, very moist and rich cake that she shares with us today.

Her recipe, like so many of fruit cake recipes, calls for raisins. The raisins might be described as concentrated grapes, for drying removes only the water, leaving the other constituents of the fruit practically intact, particularly the sugar. The dried grape is sometimes called the currant because the best of the ancient world came from Corinth.

Raisins were probably first produced in Asia Minor by the simple process of burying grapes in the hot desert sands. The Romans grew special kinds of grapes for the table. They also differentiated between grapes to be eaten fresh and those designed to be converted into raisins, which Columella explained were made from the largest and sweetest grapes.

Billie Reedy, a native of Throckmorton County, attended Woodson High School. She and her husband, who currently has Oil Country Services, lived in Iowa Park several years ago, then moved to the Fort Worth area and back in this area settling in Wichita Falls for seven years before moving to the Pleasant Valley Estates in July 1982.

Mrs. Reedy considers being a homemaker, wife, mother and grandmother a woman's true career and being the mother of five children and 11 grandchildren she has had and still has plenty of opportunities to fill her role. She is a member of the Church of Jesus Christ of Latter Day Saints in Wichita Falls. Her hobbies include sewing, handwork, genealogy, reading and sports. When she lived in the Fort Worth area she was a member of the women's volleyball team.

Mr. and Mrs. Reedy have two daughters, Lavonda Johnson of Burkburnett and Lana Pearson of Bedford, and three sons, Steven of Wichita Falls, Jay a student at the Univ. of Houston, and John of

Mrs. Leon Reedy

refrigerator at least 24 hours before serving. Makes a 6 1/2 lb. very moist and rich fruit cake.

### SCALLOPED POTATOES

4 or 5 medium-size potatoes  
 1/2 lb. (more or less) American cheese  
 3/4 cup chopped ham or Spam (optional)  
 4 cups medium white sauce  
 3/4 cup cracker crumbs  
 1 T butter

Boil potatoes in salted water until tender; drain and cool. Slice or dice and put aside. Make white sauce, add cheese and ham and stir until melted. Remove from heat and add to potatoes; mix well. Put into casserole dish and top with a layer of cheese. Coat cracker crumbs with butter then spread over casserole. Bake at 400 degrees 20 to 30 minutes until topping is melted.

### WHITE SAUCE FOR POTATOES

3/4 cup butter  
 3/4 cup flour  
 1 t salt  
 Pepper  
 4 cups milk

Melt butter in sauce pan. Blend in flour, salt and pepper; stir in milk. Bring to a boil and cook until thick. Put in grated cheese, stir to melt; add ham.

### QUICKIE COBBLER

1 cup flour  
 2 t. baking powder  
 1/4 cup dry instant milk  
 1 cup water  
 3/4 stick oleo  
 1 qt canned fruit (peaches, berries, etc.)

Ad 3/4 cup sugar to fruit and heat in a sauce pan. Mix together dry ingredients and water; set aside. Melt oleo in 9"x13" pan. Pour batter in pan and spread evenly. Pour fruit over batter. Sprinkle with cinnamon and nutmeg if desired. Bake in preheated 400 degree oven 20 minutes, then at 350 degrees until done (about 15 minutes). The batter rises to the top to form a nice golden crust while baking. Serve with ice cream, if desired.

For a quick dessert several batches of the dry ingredients can be mixed ahead of time and stored in pint jars. When you are ready to use it, add 1 cup water to the dry mixture and proceed from there.

### BEEF AND VEGETABLE PATTIES

1 lb. ground beef  
 1 egg, slightly beaten  
 2 slices bread, crumbled  
 1 small onion, diced  
 1 medium potato, grated  
 1 carrot, grated  
 1 can mushroom soup  
 1 cup milk  
 Salt and pepper

Mix together all ingredients except milk and soup. Make into patties and brown lightly on both sides. Place in baking dish. Cover with soup diluted with milk. Bake at 375 degrees about 20 minutes.

### CHICKEN AND RICE

2 cups uncooked rice (not minute)  
 1 chicken, cut up  
 1 can cream of mushroom soup  
 1 can cream of celery soup  
 2 soup cans milk  
 1 envelope Lipton's onion soup (dry)  
 Salt and pepper to taste

Put dabs of margarine in bottom of baking dish or pan. Sprinkle rice over oleo; place chicken pieces over rice. Season lightly with salt and pepper. Mix soup and milk together and pour evenly over chicken. Sprinkle onion soup mixture over the top. Cover and bake 1 hour at 350 degrees. Uncover, add a little water or milk around the edges. Bake about another hour.

## Tomato test results told

Testing of various tomato hybrids was recently completed by George Baker, owner of Baker's Greenhouse for spring and fall gardens.

Baker, subject of an earlier feature story concerning his testing and general hints for North Texas gardeners, said Tuesday the Jackpot and Red Express varieties stood out

among the 14 varieties he personally tested, but that the unusual weather this fall made it difficult to perform an ideal test.

"The rest did very well in an unusual year in that the top two varieties were the only ones to produce in the fall," Baker said.

With hot temperatures and no rainfall in September, and late fall rains with an added late change of season contributed to poor production by the other varieties, Baker said.

"If you have a variety that you like better, then use it," Baker said. "I don't want to change anyone's mind when they are having success with another variety."

## UMW program on 'World Thanks'

Mrs. Gene Owens presented the World Thanks program and conducted the pledge service for the United Methodist Women Tuesday morning.

"Thanks-A-Plenty" was the theme of the program which emphasized how the thoughts and feelings of people turn to thankfulness during this season of the year.

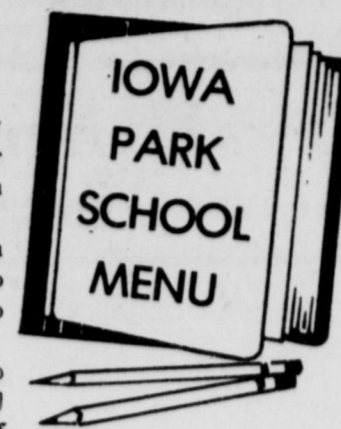

The theme of the pledge service was "Loving Kindness and Tender Mercies" and it was based on the words of Christ who said when people ministered to the sick, hungry, thirsty, naked and those in prison they did it unto him.

The money collected during the program will go to missions. Twenty members were present.

## Watson attends 4-day conference

Dr. Earl Watson attended the Annual Scientific Assembly of the Texas Academy of Family Physicians last week in Fort Worth.

He was among more than 500 family physicians from around the state to hear renowned speakers discuss up-to-the-minute health and medical care topics. He also had the opportunity to attend 20 hours of clinical seminars and visit some 72 scientific or technical exhibits.

Fri., Nov. 18 - Burritos, chili & cheese, meat or cheese sandwich, soup, Spanish rice, cole slaw, chilled fruit, chocolate & plain milk, cookies.

Mon., Nov. 21 - Shrimp with tartar sauce, meat or cheese sandwich, soup, cheese wedges, cole slaw, French fries, pickle & onion slices, corn bread & butter, chocolate & plain milk, pudding.

Tues., Nov. 22 - Goulash, meat or cheese sandwich, soup, fried okra, blackeyed peas, corn bread & butter, chocolate & plain milk, fruit cobbler.

Wed., Nov. 23 - Cheeseburgers, meat or cheese sandwich, soup, lettuce, tomatoes, pickles, onions, tater rounds, pinto beans, chocolate & plain milk, ice cream bars.

JUNIOR QUARTERBACK VAN HEDRICK SURPRISES AZLE DEFENDERS WITH RUN

# Untalon kicks Hawks past Azle in AAAA swansong

The Iowa Park Hawks said goodbye to Class AAAA football Friday night with a victory, and Greg Untalon couldn't have closed out his senior career in a more satisfying fashion.

Coach David Baugh's Mean Green unit defeated Azle 26-24, and wound up the season with a 4-6 and 2-5 conference record. The team will be playing in Class AAA next season.

But the Hawks had to overcome a better-than-expected Hornet offense, nine penalties and some "home cooking" time keeping.

Azle took the lead, 24-23, on a 32-yard field goal with 4:51 showing on the scoreboard clock. It was the first time the Hornets had led since the game's initial score.

The Hawks ran seven plays, and Baugh called a conference with the game officials. He wanted to know how the clock had been run down to 1:42 in such a short time. But complain was all the satisfaction he got out of the conference.

Four more plays were run, and the Hawks were on the Hornet 16, needing five yards for a first down, but more importantly, having no times out remaining and only 14 seconds remaining on the clock.

Untalon was sent in to try for the game-winning field goal. Azle called a time out, to let him think about it.

When play was resumed, the ball was snapped. Van Hedrick had a slight problem setting the ball on the tee, but Untalon still went through his motion, slightly scooping the ball. But it cleared the uprights, and officials signaled the Hawks had taken the lead once more.

Baugh again looked at the clock, and saw not one second had been consumed, according to the clock's keeper. It still showed 14 seconds. But this time he got some satisfaction from the official, who had the clock run down to 12.

There were still nine seconds remaining in the game after a short kickoff return to the Hornet 37, and the Mean Green defenders knew they had their hands full, trying to hold onto their lead. Azle had been able to move the ball almost at will throughout the evening.

Hornet quarterback Stanley Christian, who had completed 12 of 22 pass attempts so far, tried a long bomb, but it fell incomplete from a mass of Hawk defenders gathered around one receiver. He got off one more pass, with one second showing on the clock, and it was caught, but the receiver was tackled after only a 22-yard gain, and the Hawks had won.

Game observers are still trying to figure out why Azle hadn't won a game all season. The Hornets gained 199 yards on 13 pass completions, and ran the ball

35 times for another 154 yards, for a 353 yard evening.

Their inability to hold onto the ball was possibly the reason. Five fumbles were lost during the game, covered by James Beebee, Craig Whisnand, Mark Copeland, Bobby Halady and Jerry Allen.

Azle took the lead in the first quarter, scoring the first time the Hornets got their hands on the ball when Christian ran one yard to snap a 71-yard drive.

But the Hawks marched right back down the field on the next series from their own 37 to send Kendall Hill the final four yards to score. Allen's kick sent the Hawks into a 7-7 tie, with 17 seconds remaining in the initial quarter.

Halady's fumble recovery on the Azle 45 set up Iowa Park's next score, which was a two-yarder by Hill with 6:20 left in the second quarter.

On the first play after the following kickoff Azle again fumbled away the ball and Beebee covered it on the Hornet 35. It took only one play, this one by Bryan Fulfer, to chalk up Iowa Park's third TD, but a key block downfield by David Elder sprang the senior flanker loose.

Allen's kick for the extra point failed, but the Hawks were ahead, 20-7, with 5:59 still remaining in the game.

Hawk coverage of the following

kickoff broke down, and Azle thought it had another touchdown. But a penalty for blocking below the waist called the play back to the Hawk 45.

That touchdown was only delayed a couple of minutes, however, as the Hornets scored in four plays, the touchdown coming on a 14-yard pass from Christian with 3:50 remaining in the half.

Untalon kicked the first of his two field goals for the evening early in the third period. A Whisnand fumble recovery started the Hawks on their drive from their own 32. When the drive bogged down, the big senior booted a 35-yarder to give the Hawks a 23-14 cushion with 5:30 to go in the period.

Christian's third completion of seven attempts on the next Azle possession was a 19-yard touchdown, and narrowed the score to 23-21.

Iowa Park's next scoring opportunity came at the end of the third quarter, when Copeland claimed a Hornet miscue on the Azle 22. But the drive stalled at the Hornet 15, and from there, Azle used a sustained ground attack to move the ball to the Hawk 17 where, still needing three yards for a first down, the Hornets elected to try a 32-yard field goal of their own.

It was good, and the hosts held a 24-23

lead.

Azle never used its punter the entire evening, and Beebee was called on only twice, in the first and third quarters, to punt for the Hawks.

In all, Iowa Park drew nine penalty flags and lost 80 yards via that route. Three of the four penalties against them in the second half were 15-yard majors.

Untalon closed out the evening, despite his knee injury, which had kept him out of contact against Boswell and Gainesville, with 97 yards on 16 carries, to go along with his two big field goals.

Fulfer carried only eight times, but accounted for 87 yards. Hill's number was called 13 times and he turned in 81 yards, and Whitman carried 10 times for 60 yards. Beebee gained 20 yards and Hedrick seven.

Iowa Park's 359 total yards were the best of the 10-game season.

## Fish fry to fete Finnell

State Rep. Charles Finnell will be honored by two state officials in addition to his constituents and supporters throughout the district at the Finnell Fish Fry Thursday, Dec. 1 at the Holliday High School cafeteria, according to Don Talley of the committee for Responsible Representation.

The fish fry, held once every two years to help finance Finnell's re-election campaign, will be prepared once again by Iowa Park's MuleSkinners.

In attendance will be Mack Wallace, Chairman of the Texas Railroad Commission, and Gary Mauro, Commissioner of the General Land Office. Talley said that, before the event, a number of other well-known Texans will be indicating their attendance.

"We want to have a good time, enjoy entertainment of the district, and show Charles and Kay Finnell that we're with them all the way as the '84 campaign approaches," stated Talley.

Tickets for the event are \$15, and may be purchased from the committee by writing Committee for Responsible Representation, Box G, Holliday, 76366.

# School facilities opened to use by religious groups

Holliday School Board Monday night approved the use of school facilities for religious groups subject to certain guidelines, in action taken during the board's November

meeting. Discussion before a vote was taken on the subject of allowing religious groups access to school facilities centered around legalities of such

approval. According to superintendent Dan Owen, seminars he has attended where the subject was discussed indicated that the nation's courts have gone both ways in cases involving the separation of church and state.

The guidelines state that the group using school facilities be out of the classroom by 7:45 a.m., clearing the room or rooms for regular classes, which begin at 8. Also, no one in no way can solicit students to attend the special meetings while at the school, only students in grades seven through 12 may attend if they choose, and, special meetings can be held twice at the most in a week.

The board also accepted policies and guidelines mandated by either the state or federal governments on subjects ranging from supervision of handicapped students to selection of a bank depositor.

Changes added to current policies included restrictions on the number of days a student can miss school due to an extr-curricular activity and restricting a student from missing a class he or she is failing in to attend an extra-curricular activity.

Also, requisitions for field trips and fund-raising activities will be submitted by the sponsors subject to approval by both the principal and superintendent.

In other business, the board approved resurfacing of the tennis courts, and approved the annual audit report by Nayland-Smith with suggested changes in purchase orders and fixed access records.

The board approved the purchase of \$3,755 in materials for repairing and painting the tennis courts, and for the school to use its own personnel to do the work in order to save taxpayers between \$9,000 - \$10,000 in labor.

Savings on the project was evidenced by two contract bids for the job, which ranged from \$12,000 to \$14,000. According to Owen, work will begin soon, and the courts will be closed until the work is completed.

Also, the textbook committee was named, with Tommy Lofland, Karla Wallace, Susan Byers and Debbie Clark in charge of Language and Composition, grades kindergarten through 8; Don Ward and Don Lucy, high school math; Steve McIlhane and Matt Robinson, ninth grade history (World Studies); and, Cal Gauden and Jim Bob Wallace, vocational agriculture, grades nine through 12.

## Holliday News

### Chapparral Riding Club holds awards banquet

Holliday Chapparral Riding Club held its annual awards banquet in Wichita Falls Wednesday.

Those receiving trophies were: Denissa Weyant, First Place Peeewe Girls; Missy Charboneau, First Place Junior Girls; Ray Charboneau Jr., First Place Junior Boys; Senior Women were Judy Thompson, First Place; Sandar Wortham, Second Place; Mary Branscum, Third Place.

Denissa Weyant also received a trophy for being High Point Rider in 1983.

Special awards were given to workers Denny and Ann Weyant, Loretta Davis, Ray and Ann Charboneau.

Five playdays were held at the arena at Stonewall Jackson Camp during the year with events of pylon, poles, bowtie, barrels, flag, and potato.

Current officers are Ray Charboneau, President; Denny Weyant, Vice-President; Ann Charboneau, Secretary; Loretta Davis, Treasurer; and board members Judy Thompson and Sandra Wortham.

### Boys may not open season against Electra Tuesday

The Holliday Eagle basketball teams open season Tuesday when they host the Electra Tigers.

Maybe.

Because of the Tiger football team's appearance in the state playoffs, the game is up in the air, according to Eagle coach Bill Higgins, at least until after the weekend.

The outcome of Electra's latest playoff game will be known by then, with a win by the Tigers almost assuring a postponement of the matchup.

Lady Eagle coach Steve McIlhane won't have to worry about that,

however, as his squad faces the Tigerettes in a game immediately following the junior varsity games, slated to start at 4 p.m.

The Eagles will entertain Notre Dame for certain Friday night, with both junior varsity teams also slated to play. Another game against Electra is slated Nov. 29 there before the December Seymour Tournament.

Holliday will face Iowa Park there Dec. 6, followed by the junior varsity Petrolia Tournament, then varsity competition against Seymour, the Holliday Tournament in mid-December, and junior varsity tournament in Seymour.

### Sophomores set annual supper

Holliday High School's sophomore class of 1983-84 will hold its annual supper from 5 p.m. to 8 p.m. Tuesday at the school cafeteria.

Tickets for the supper are \$3.50 for adults and \$2 for students fifth grade and under.

Sophomore class president this year is Robert Parkey. Other officers are David Carr, vice president; Kim Wylie, secretary; Larry Krob, treasurer; and Jeff McReynolds, reporter.

Sponsors are Bob White, Jeanie Wilson and Dee Cottrell. Room mothers are Carol Parker, Jo Krob, Terri Wylie and Martha Harmon.

Student council representatives are Pat Parker and Cindy Snider.

## Use green tomatoes for pickles, relishes

By BARBARA CORNELIUS  
County Agent

With the first frost in Wichita County last week, gardeners are faced with the problem of using green tomatoes. Though green tomatoes may be fried like squash, the most popular use is for pickles and relishes.

Pickles and relishes stimulate the appetite and add tartness and color to a meal. They are also sources of minerals and vitamins, especially vitamins A and C. They retain most of the vitamins because of high acid content and short heating time in the water bath. They contain little or no fat, and except for the sweet type, are low in calories.

While pickling today is a relatively simple process, it does take planning and organization with proper equipment, as well as careful observance of recipe directions and procedures.

The following recipes using green tomatoes should allow gardeners to make use of their green tomatoes.

#### CRYSTAL TOMATO PICKLES

- 7 lbs. green tomatoes
- 2 gallons water
- 1 quart slaked lime
- 9 cups sugar
- 2 quarts vinegar
- 2 tbsps salt
- 6 strips cinnamon bark, 1 1/2 to 2 inches long
- 1 tsp grated nutmeg
- 1 tsp ground ginger

Slice green tomatoes 1/4 inch thick; place in glass or porcelain lined container. Cover with 2 gallons water in which the quart of lime has been dissolved. Let stand 24 hours. Remove; rinse well through several cold water baths to remove all lime. Add cinnamon sticks and a cloth bag containing nutmeg and ginger. Heat the vinegar and spices to boiling and allow to stand for 1 hour.

Add slices of green tomato, and cook rapidly until slices are glazed and syrup clings to the spoon. Fill hot jars with the slices arranging cinnamon sticks attractively with the slices in the jar. Discard the spice bag. Heat spiced vinegar to boiling;

pour over tomatoes. Close. Process in boiling water bath 5 minutes. Start to count processing time as soon as water returns to boiling.

#### PICCALILLI

- 1 qt green tomatoes, chopped
- 2 med. sized sweet red peppers chopped
- 2 med sized green peppers chopped
- 2 large mild onions, chopped
- 1 small head cabbage, chopped
- 1/2 cup salt
- 3 cups vinegar
- 2 cups brown sugar, firmly packed
- 1 tsp mustard or
- 2 tbsps mixed spices

Let stand overnight. Drain and press in a thin cloth bag to remove all liquid possible. Add the vinegar, sugar and spices and simmer 15 minutes. Pack into hot jars. Close. Process in boiling water bath 5 minutes. Start to count processing time as soon as water returns to boiling.

## ACTIVITIES in Neighboring Communities

The Texas Agricultural Extension Service is cooperating with the Internal Revenue Service in offering 35 Tax Practitioner Workshops across the state. The nearest workshop in this area will be held in Vernon Dec. 5-6.

These two-day workshops are specifically designed for tax practitioners who work extensively with farmers and ranchers.

The 23rd Annual Pecan Pageant has been set for Saturday Nov. 19, at the Nocona High School Auditorium. The pageant will begin at 7:00 p.m.

### Gas water heaters last 'til the last.

Natural gas water heaters heat water fast. So fast there's plenty of hot water for the first shower... and the last.

And not only are gas water heaters faster than non-gas types, they cost less to operate. In fact, high-efficiency models heat water

for half the cost. (Thanks to improved flue, baffle design, better insulation and, in one, a submerged burner chamber.)

So get more for your money and get a gas water heater for your home. Today. You'll have hot water that lasts 'til the end of the line.

# County's oil, gas production benefitted economy

The sale of crude oil and natural gas from Wichita County wells made an important contribution to the county's economy in 1982 and accounted for \$167-million of the \$41.1-billion wellhead value of Texas petroleum production last year.

In its annual survey of the economic impact of oil and gas industry operations in the significant producing counties of Texas, Texas Mid-Continent Oil & Gas Association reported that the county ranked 69th among Texas' 254 counties on the basis of value of its marketed petroleum production. Such production includes condensate and casinghead gas.

The county's wells produced 5.3-million barrels of crude oil, valued at \$166.4-million, and 255.7-million cubic feet of natural gas, valued at \$533,801. Owners of royalty in the county received \$20.9-million as their share of the output, the Association noted.

"The figures cited in this survey offer graphic evidence of the continuing importance of petroleum production to nearly every county in Texas, a situation which should continue indefinitely," said the Association's chairman, Joe C. Walter, Jr., Houston independent producer.

"There are a number of encouraging signs indicating that the oil and gas industry's protracted slowdown in activity is coming to an end. A general economic recovery in the United States and other industrialized countries will increase the demand for petroleum products, thereby stimulating geophysical and drilling activity here and abroad. The domestic petroleum industry stands ready to drill more wells as drilling projects become economically feasible," Walter said.

In addition to paying property taxes to cities, counties, and school districts, producers in the county

supported state government through production tax payments estimated at \$7.7-million, according to the Association survey. Crude oil taxes amounted to \$7,654,902, while natural gas levies totaled \$40,035.

Based on Texas Employment

Commission figures, some 4,523 oil and gas industry employees in the county received wages of about \$99.4-million in 1982.

In the search for new petroleum

reserves in the county, oil and gas producers spent a reported \$76.6-million in the drilling of 567 wells, including 12 wildcat, or exploratory, wells. This effort resulted in the

completion of 354 oil wells, although some \$22.5-million was lost in the drilling of 213 dry holes. As of April 1, 1982, there were 8,388 producing oil wells in the county.

## Municipal Court Records

Results of municipal court held here yesterday were:

Steven Ray Johnson, suspended six months, probated six months;

Kenneth Wayne Smith, suspended six months.

## Area oil, gas report

At a location three miles northeast of Electra, Texaco of Midland has finaled a new oil producer in Wichita County Regular Field.

The well is designated as the No. 116 W.B. Honaker, pumping oil at the rate of 18 barrels per day. The well also showed potential for 157,000 cubic feet of casinghead gas per day.

Location is in a 368-acre lease in the DL&C RR Survey, 150 feet from the west line and 570 feet from the south line. Bottomed at 2,000 feet, the well will produce from perforations 783 to 1,028 into the hole.

A 2,000 ft. developmental well is planned by F.T. Johnson Jr. of Wichita Falls at a drillsite seven miles west of Burkburnett. The location is in the TE&L A-289 Survey, 300 feet from the west line and 4,748 feet from the south line of the lease and 300 feet from the west line and 6,998 feet from the south line of the survey. Well's designation is the No. 7 Dickey McGann "A". It is in the Wichita Regular Field.

Jack Tillman Equipment Co. of Wichita Falls has filed for permit to drill the No. 7A Osa F. Railey, a 1,350-ft. developmental well seven

miles southeast of Burkburnett. Location is in the Henry Hastie A-98 Survey, 150 feet from the east line and 2,510 feet from the south line of the lease and 1,450 feet from the east line and 2,510 feet from the south line of the survey. The well is in the Wichita Regular Field.

World Oil Corp. of Dallas has filed for permit to drill the No. 1 Stanley Williamson and the No. 2 Stanley Williamson, two 1,700-ft. developmental wells four miles northwest of Burkburnett. Locations are in a 20-acre lease in Wichita County's Elizabeth Stanley A-259 Survey, 150 feet from south line and 150 feet from west line of the lease and 1,263 feet from the north line and 150 feet from the west line of the survey and 150 feet from the north line and 317 feet from the west line of the lease and 630 feet from the north line and 317 feet from the west line of the survey respectively. They are in the Wichita Regular Field.

Mobil Producing Tx and N.M. Inc. of Houston has filed first production figures on a new oil well in the Wilbarger Regular Field. The No. 75 W.R. Piper showed potential to make three barrels of oil and 1,000 CF casinghead gas per day.

The operator has 640 acres leased, with drillsite in the H&TC RR A-782 Survey, 150 feet from the north line and 150 feet from the east line, four miles northwest of Electra.

The well will produce from an interval 56 to 1,842 feet into the wellbore. Total drilling depth was 2,035 feet.

A 1,998 ft. developmental well is planned by Walter Hahn of Ft. Worth at a drillsite 10 miles southeast of

Harold. The location is in the H&TC RR A 1232 Survey, 150 feet from the south line and 300 feet from the east line. Well's designation is the No. P5 W.T. Waggoner "R". It is in the Wilbarger Regular Field.

At a location 4.5 miles southeast of Medicine Mound, Paul DeClava of Wichita Falls has finaled a new oil producer in Hardeman County's Moncrief-Dodson Field.

The well is designated as the No. 3 Cato, flowing oil at the rate of 106 barrels per day on a 5/64 choke. Tubing pressure was 820 PSI. The well also showed potential for 32,000 cubic feet of casinghead gas per day.

Location is in a 994-acre lease in the H&TC RR Survey, 1,820 feet from the south line and 3,420 feet from the west line. Bottomed at 8,075 feet, the well will produce from perforations 7,956 to 7,984 feet into the hole.

A 9,100 ft. developmental well is planned by Ensereh Exploration Inc. of Dallas at a drillsite five miles north of Chillicothe, Hardeman County. The location is in a 40-acre lease in the W&NW RR A-1099 Survey. Well's designation is the No. 1 Love-Nuckles Unit. It is in the Love Field.

Brazos Petroleum Co. of Midland has filed for permit to drill the No. 1, Gatewood-Scott, a 8,500-ft. wildcat for oil 2 1/2 miles south of Chillicothe. Location is in a 165-acre lease in Hardeman County H&TC RR A-1853 Survey.

A Graham-based operator has staked location for the No. 1 Clark, a

## Obituaries

### Gay Mankins

Services for Mrs. Gay Mankins, 71, sister of B.D. Arp of Holliday, were held Friday at Owens and Brumley Funeral Home in Wichita Falls with Rev. Miles Graham, pastor of the First Christian Church at Electra, officiating. Burial was in Crestview Memorial Park.

She was born June 6, 1912, in Collin County, and was a lifelong resident of Wichita Falls. She was a retired employee of Perkins-Timberlake.

Survivors include two sons, Dewey Talley of Pryor, Okla., and Mike Talley of Broken Arrow, Okla.; a daughter, Janie Fletcher of Muskogee, Okla.; her mother, Mrs. F.F. Arp of Wichita Falls; four brothers, B.D. Arp of Holliday, Forrest Arp of Longview, Nolan Arp and Jack Arp, both of Wichita Falls; five sisters, Joy Flippin of Las Vegas, Beatrice McCarty of Dallas, Bernice Clark of Pampa, and Kattie Dorris of Pampa; five grandchildren and three great-grandchildren.

### Joyce Elizabeth Wilson

Services were Monday afternoon at Grace Baptist Church for Joyce Elizabeth Wilson, 39, who died Friday at her home. Rev. Jimmy Johnson, pastor, officiated and burial was in Highland Cemetery under direction of Owens and Brumley Funeral Home.

She was born Aug. 21, 1944, and had lived in the Wichita Falls area all her life. She was a nurse and member of Grace Baptist Church.

Survivors include a daughter, Kim Jo Findley of Duncan, Okla.; a son, James of South Dakota; her mother, Mrs. Johnnie Barton of Duncan; and a sister, Frances Calloway of Las Vegas, Nev.

### Gregory Edwin Via

Gregory Edwin "Digger" Via, son of Ronny Via of Salem, Ore. a former resident of Iowa Park, was killed Nov. 9 in a one-car traffic accident at Plains, Texas. Funeral services were held Saturday at Denver City.

He was born May 25, 1965, in

Denver City and was graduated from high school there in 1982. He was an outstanding athlete, member of the National Honor Society and Fellowship of Christian Athletes.

In Iowa Park, he is survived by Mrs. Lila Sims, his grandmother, Mrs. Elmer Singleton, his great-grandmother, Kenneth Via, an uncle, and Oscar Singleton, a great-uncle.

### Ralph Stanley Hogue

Services for Ralph Stanley Hogue, 71, of Bellevue were Thursday afternoon at the Bellevue Church of Christ with C.E. "Sonny" Cole of Saint Jo officiating. He was assisted by Dan Rogers of Bellevue. Burial was in Bellevue Cemetery with Owens and Brumley Funeral Home in charge of arrangements.

He was born in 1912 in Montague County and was a longtime resident of Bellevue.

Survivors include his wife, Ruby; a daughter, Karon Hogue Worley of Wichita Falls; three sons, Carl of Holliday, R. Brent and Wayne, both of San Angelo; a sister, Lena Brooks of Breckenridge; nine grandchildren; and one great-grandchild.

### Alvin Pringle

Services for Alvin Pringle, 64, father of Doris Allen of Iowa Park, were held Thursday at Owens and Brumley Funeral Home in Burkburnett with Rev. C.L. Cole, Baptist minister from Duncan, Okla., officiating. Burial was in the Burkburnett Cemetery.

A native of Vernon, he was born Aug. 1, 1919 and was a longtime resident of Burkburnett.

He is survived by two daughters, Myrtle Batten of Orlando, Fla. and Doris Allen of Iowa Park; a son Larry Locke of Ladonia; two sisters, Billie McAlister of Booneville, Ind., and Ruby Sirmons of Snyder, Okla.; two stepbrothers, Gene Bryant of Waco, and Paul Bryant of Wichita Falls; two grandchildren; and three great-grandchildren.

# Area oil, gas report

wildcat for oil and gas to be located three miles north of Chillicothe. With projected total depth of 8,900 feet, the well in a 501-acre lease in Hardeman County's H&TC RR A 49 Survey. The operator is Bennett Resources Inc.

The No. 1 Richardson Two, a developmental try in Wichita County's KMA Lime Field, is scheduled to be spudded seven miles

west of Kamay. With projected total depth of 4,300 feet, the well will be in a lease in the H&TC Survey. Ken Ellis Oil Co. of Wichita Falls is listed as the operator.

Gageco Energy Resources of Wichita Falls has revealed plans to drill a 2,000-foot developmental well in the Wichita Regular Field. The operator has 5 acres leased, with drillsite in Wichita County's L.M. Collins Survey and has designated the venture as the No. 1 T.P. Harris. Drillsite is four miles east of Electra.

H.L. Gage, operating out of Wichita Falls, has recorded a successful developmental well in Wichita County's H. Balch Survey. It is the No. 11 Denny, showing potential for 35 barrels of oil per day on an open choke.

Drillsite was in a 74-acre lease in the Wichita Regular Field, 10 miles southwest of Iowa Park.

The well was drilled to a total of 1,800-foot bottom, after entering the pay structure at 1,783 feet. It was perforated to produce from an interval 1,783 to 1,800 feet into the wellbore.

Osprey Petroleum PLC of Wichita Falls posted initial production figures for the No. OP 19 and No. OP 20 Donohoo, new oilers in Wichita County's J. Robertson Survey, five miles southeast of Burkburnett.

The No. 19 well indicated potential for 8 barrels of crude per day on an open choke. It entered the pay horizon at 1,378 feet and went to 1,334-foot total drilling depth. It will produce from a set of perforations 1,280 to 1,290 feet into the wellbore.

The No. 20 well is pumping at the rate of 6 barrels per day, also on an open choke. With total drilling depth of 1,365 feet, the well entered the pay zone at 1,320 feet. It is producing from perforations 1,320 to 1,327 feet into the hole.

Both wells are located in a 40-acre lease of the Wichita Regular Field.

Archer City based Haigood & Campbell has turned in first production figures for its No. 16 Foster, a successful developmental well in Wichita County's HT&B RR

Survey.

Pumping oil at the rate of 5 barrels per day, the well was tested on an open choke.

Drillsite was in a 240-acre lease in the Wichita Regular Field, eight miles east of Electra. The well was taken to a total depth of 1,683 feet, after entering the pay zone at 1,595 feet. Production interval will be 1,595 to 1,598 feet into the wellbore.

The No. 1 Frank Sims is slated to be drilled in the Wilbarger Regular Field by Burk Royalty Co., operator of Wichita Falls. With projected total depth of 6,400 feet, it will be spudded in a 336-acre lease of the H&TC RR Survey, Sec. 71, Blk. 14, three miles southeast of Vernon, in Wilbarger County. The well is 467 feet from the west line and south lines of the lease. It is also 467 feet from the west line and 3,117 feet from the south line of the survey.

Location has been staked by Robert P. Lindsay Oil Properties of Wichita Falls for a 7,250-foot Wilbarger County wildcat. The explorer well will be known as the No. 1 Woodard-Franklin. It is in an 80-acre lease in the H.B. Whittington Survey, A 1052, 12 miles north of Vernon. The well is 900 feet from the north lines and 2,900 feet from the east lines of the lease and survey.

The No. 1 Rutherford, a developmental try in Wilbarger County's H&TC RR Survey, is scheduled to be spudded in a 209-acre lease in the Wilbarger Regular Field. F.T. Johnson Jr. of Wichita Falls has a proposed drilling depth of 7,000 feet for this well. The well is 467 feet from the west line and south line of the lease, it is also 467 feet from the south line and 1,236 feet from the east line of the survey.

A 7,500-ft. Hardeman County wildcat for oil or gas is scheduled for spudding 7.5 miles south of Medicine Mounds. Harry W. Williamson of Abilene is the operator. The operation is in a 509-acre lease block in the H&TCRR Survey A-1520. Drillsite will be 990 feet from the north line and 2,310 feet from the west line of the lease and survey.

Operating out of Houston, M. Producing has completed a producer in the Wilbarger Regular Field three miles west of Electra. Designated as the No. 145 H&TC pumped 20 barrels of oil per day at a small volume of gas on open choke was drilled to total depth of 2,236 feet.

Drillsite was in a 640-acre lease in the H&TCRR Survey Sec. 15 Blk. 14. Wilbarger County's Bugscu Field will see more drilling activity when the No. 1 Trisler is spudded Steve Warren and Associates Arlington. Location is in a 120-acre lease in the Wil. Co. Subdiv. Sec. 10 three miles east of Elliott. Project total depth is 6,300 feet. The well will be spudded 800 feet from the north line and 850 feet from the west line of the lease and survey.

A shallow wildcat is planned by Ocot Inc. of Wichita Falls. Wilbarger County 5.5 miles northeast of Harrell. The well is designated as the No. 1 Marchant. It is in a 160-acre lease in the Waggoner Col. Subdiv. 467 feet from the south line and 467 feet from the east line of the lease and survey.

A 29-year producer has been phased out in Wilbarger County's Grayback Field eight miles southwest of Electra. Designated at the No. 1-F W.T. Waggoner "CC," the well bottomed at 2,415 feet in the H&TCRR Survey Sec. 17 Blk. 5. It was located 440 feet from the north line and 1,650 feet from the east line of the lease and survey. S&H Oil of Vernon was the operator.

Al King Petroleum Co. of Wichita Falls has filed for permit to drill the No. 14 Goetze "B", a 1,920-ft. developmental well 10 miles northeast of Electra. Location is in a 50-acre lease in Wichita County's SA&MG RR Survey. The well is in the Wichita Co. Reg. Field.
