

1984  
June 14

**REPAIR DAMAGE** - Workmen were still repairing damage at Bradford Elementary yesterday, caused when an electrical short ignited a fire at 1:41 a.m. Friday. Police discovered the blaze while investigating a burglar alarm which had sounded. No estimate has been made on the damage.

# Students' improvement in basic skills shown

After hearing glowing reports of Texas Assessment of Basic Skills (TABS) results, the school board Monday night gave a stay to the building trades course, hired new personnel and considered major improvement plans for the campuses.

Counselors Herman Escue and Pat Davis told and showed improvements on the TABS scores posted by students in the third, fifth and seventh grades earlier this year.

Charts compared this year's tests with those of the previous year, and both counselors remarked about the success of emphasis being placed on the basics.

The most dramatic improvement was shown in the fifth grade scoring, where marked increases in percentage of mastery were shown. Only one score was the same as the previous year, and others ran as high as 26 percent improvement.

One part of Iowa Park's five-year plan is for all testing grades to score 85 percent mastery on the TABS. Lowest scores by the fifth grade were 72 in math, 72 in reading and 83 in writing. Most of the other scores were 85 and higher.

In the third grade, 78 was the lowest in math, with all others 85 and higher; 85 in reading, and 76 in writing, with all others above 88.

Ninth grade students had four scores below 85 in math, ranging from 66 to 81; lowest reading score was 85, and a 72 in writing was the only score below 93 in the writing test.

Comparative scores on the tests taken by students in the region and those in the state will be available sometime in August, according to Supt. Harold Cowley, at which time an assessment of local achievement can be made with other schools.

### BUILDING TRADES

The high school's building trades vocational class was given a reprieve and will be offered again next year, even though enrollment is less than the minimum of 20 required for state funding of the instructor.

Only 10 upperclassmen have enrolled for the 1984-85 school year, and four or five sophomores out of the general construction class for freshmen are expected to be in the class, trustees were told.

The state will pay only a percentage of the teacher's salary, based on the membership below the 20 minimum. This would mean, if 16 students were in the class, the state would pay 80 percent of the salary, and the rest is to be made up from local funds.

"Enrollment has dropped from 778 to 503 in high school," Richard Davis

told the board. "This means we are still attempting to offer the same programs with 275 fewer students."

Kenneth Watts, who will begin his fourth year as instructor in the course this fall, assured the board the class could complete the project house. Profits from the sale of the house should be a break-even revenue if the school picks up part of Watt's salary, Cowley told the board.

All members of the board approved the proposal to continue the course at least one more year.

Two West Wichita Co-op teachers and four other personnel were hired during the meeting.

Eldon Patterson and Karrie DePriest will be resource teachers at the junior high.

Also hired for the junior high campus were Mark Wilson and John Hoelter. Wilson has taught one year at Electra and will teach seventh grade history as well as coaching football, seventh grade boys basketball and helping with girls' track. Hoelter, just graduating Midwestern State, will teach sixth grade social studies and coach girls' basketball, help with football and help coach high school baseball.

Dorothy Palmer was hired as a first grade teacher, and Howard Klinkerman was hired as boys' physical

education teacher at Bradford.

Also hired was Donnie Ickles as assistant high school principal. Presently in private business, Ickles has a lengthy background as a science teacher at Richardson and also in special education in Wichita Falls and Amarillo regional education centers.

Ickles was selected from four applicants, including Ed Harwell, Tom Venhaus and Don Harrison. The latter, a 1970 graduate of Iowa Park, accepted a similar position over the weekend at Vernon "... for a lot more money than we could offer," commented Cowley.

Newly-hired assistant superintendent Robert Palmer reported on progress by the faculty in preparing curriculum guides, and said they were so good that two other districts had offered to purchase copies.

Concerning a report of intent to implement requirements of HB 246, which the board approved action on at the May meeting, Palmer said "We're moving much, much faster than most schools."

To be fully implemented by the 1986-87 school year, almost all the requirements will be in place locally starting this fall. This is part of the increased number of credits required

**IOWA PARK LEADER** 25 Cents

Vol. 15, No. 39 IOWA PARK, WICHITA COUNTY, TEXAS 76367 THURSDAY, JUNE 14, 1984

## City to seek grant Funds would replace old water lines

With no dissenting comments received during Monday's city council meeting, an application for a \$100,000 grant from the Department of Housing and Urban Development is to be filed.

During Monday's regularly-scheduled meeting, the second required public hearing was held concerning application for the grant. No comment was made at either hearing, paving the way for the application.

Iowa Park will seek \$100,000, which the city expects to match from its own funds, to be used for replacement of water lines in the older part of town. Deadline for filing the application is Friday.

City officials have been aware of the deteriorated state of original townsite water lines since the early 1970s. During the drought of 1970-71, numerous lines burst, caused by dry clay earth. Workers found lines in the older part of town to be corroded to the point of allowing as little as 20 percent of capacity.

In addition, Administrator James Barrington said while the line replacement project is underway, if the grant is approved, valves will be put into place to allow repair work on major lines without shutting down flow to the entire city.

The city's matching \$100,000 would come from an excess built in the sewer fund. This was created by a minimum fee being charged residents which was dictated by the state when the city borrowed money from the state to build additional ground storage water tanks. The money can be spent only on sewer or water projects.

### SPEED LIMIT CHANGES

Speed limits were increased in three areas of the city by the council. The changes were on Pacific, FM 368 and Atlantic.

The amended ordinances now reads speeds on those streets will be: PACIFIC - 40 MPH Northbound and

Southbound between the north city limits and West Texas, 35 MPH Northbound and Southbound between West Texas and West Alameda, 30 MPH Northbound and Southbound between West Alameda and Loop 370.

FM 368 - Northbound and Southbound along Yosemite, Lafayette, and Colorado between Loop 370 and Emerald, 40 MPH Northbound and Southbound between Emerald and the south city limits.

ATLANTIC - 40 MPH Southbound between East Texas and a point 600 feet north of the intersection with East Washington.

Developer Rip Smith was not present during Monday's meeting, when the topic of the city cooperating with Smith in developing a golf course in the northwest part of town was discussed.

However, in his absence, council members approved Barrington initiating application for two permits from the Texas Water Resources Board which would concern the city providing affluent from the sewer treatment plant to be used to irrigate the course.

Barrington explained the city now has a permit to dump the affluent into Buffalo Creek, and an application is required to cease that process. The second permit would be to allow the affluent be placed on the surface, or sprinkler irrigated.

Public hearings are required for any permits, and the minimum time required is four months, aldermen were told. Though the hearings represent a delay, Barrington said he believed Smith would still be

Continued on page 4

## Local police kept busy

The Iowa Park Police Department has been kept extremely busy during the past week with arrests, burglaries, alarms and acts of criminal mischief.

Police were alerted at 9:37 p.m. Saturday that a small girl had been

struck by an automobile in the 200 block of S. Yosemite.

Upon arrival, they found Melissa Louise Robinson, six, of 304 E. Bank, had been hit by an automobile driven by Randy Thomas Cornelius of 411 E. Jefferson.

She was taken by ambulance to Wichita General Hospital for treatment of a broken arm and lacerations.

At 1:41 a.m. Friday, police responded to a burglar alarm sounding at Bradford Elementary, and it was determined a fire was underway inside.

Firemen found and extinguished the source of the flame in the electrical control panels, ignited when the main wires from the outside apparently shorted. Damage was confined to a small storage room.

In the early morning hours last Thursday, a car was damaged by fire and in an unrelated situation a man was arrested.

Police responded to 1008 N. Fourth at 1:31, where Brent Price said someone had poured gasoline atop his car, set it afire, and caused \$2,000 in damage.

At 3:58 a.m., police arrested Alvie Dale Gee, of Wichita Falls, in the 900 block of N. Atlantic on a warrant for forgery.

Robert Luther Raybourne, 602 S. Bond, was stopped driving a car in the 100 block of E. Lafayette at 8:26

## News in Brief

### Class of '59 reunion slated Saturday

Iowa Park High Class of 1959 will hold its 25th anniversary reunion Saturday at Gateway Inn in Wichita Falls.

A reception will be held from 1 to 3 p.m. and the dinner at 7, according to Gayla Dugherity, one of the reunion coordinators.

### Sales tax doubles 1977 for year

Thanks to a combination of inflation and an increase in sales, Iowa Park's sales tax receipts are more than doubled those received in 1977.

The city received a check of \$8,617.92, representing the one-cent sales taxes collected during May. That brought the year's total to \$60,431.45.

For the same period in 1977, Iowa Park had received only \$27,389. That had climbed to \$35,343 by June of 1978.

While Iowa Park figures are running well ahead of eight years ago,

the percentage of gain over this time last year is the lowest of all other cities in Wichita County.

Iowa Park is 1.45 percent ahead of last year's \$59,565.83 reported last June. Wichita Falls is 7.35 percent ahead, Burkburnett 10.71 and Electra 14.2.

### Choir Booster Club meeting set today

The Choir Booster Club will meet at 7:30 p.m. today in the high school choir hall. All parents of junior and senior high school choir members are encouraged to attend.

### Pirkle home gets Yard of Month

The Iowa Park Garden Club has placed the Yard of the Month sign in the yard of Dr. and Mrs. Carter Pirkle, 610 W. Manes. The club chooses an outstanding yard each month and each one will be considered later for the Yard of the Year award.

## One injured Monday in spectacular crash

just outside Iowa Park.

Force of the impact demolished the front of Ahmad's car, and bent the frame of Nichols' to a point where both rear wheels were rubbing the wheel wells.

Ahmad, 19, lost a tooth when his mouth struck the steering wheel. His traveling companion, 17-year-old Melissa Hammonds, also of Denton, complained of leg, shoulder and neck pains. Her head had shattered the windshield. She was transported by ambulance to Wichita County Hospital.

Nichols was uninjured, as was his dog.

Ahmad was taken Wednesday morning from county jail before Justice of the Peace Virgil Hill, where he pled guilty and paid fines for three accounts: failed to control speed and striking another vehicle, \$56; no motor vehicle liability insurance, \$93.50; and possession of narcotics paraphernalia with residue of marijuana (cut glass pipe), \$106.

The Denton resident who reportedly speaks little English and appeared to be from a nation in the middle east, was also taken before Justice of the Peace R.L. Stewart on a charge of driving while intoxicated and placed in county jail under a \$500

bond. The girl told Iowa Park emergency workers she wanted to be taken to Electra, where her mother lived, but did not give her mother's name.

Nichols said he didn't know how he would get back to Colorado. He had been visiting his mother in Dallas and father in Austin, worked a couple of weeks to finance his return trip, and repairs would be worth more than he had.

Officers, searching the immediate area of Ahmad's car, found two empty cartons of beer and one unopened bottle, just below the passenger window.

**Weather Report**

Weather reports are officially compiled for Iowa Park at the Texas Experiment Station, southeast of town.

Rainfall for week.....	1.30
Total for month.....	2.43
Total for year.....	6.94
Total for last year.....	13.94

# Ward, Dillard wedding held Saturday afternoon

The tall wooden cross that hangs high above the baptistry in First Baptist Church was spotlighted in decorations for the Saturday afternoon wedding of Miss Valerie Lynne Ward and Dennis Loyd Dillard. It seemed to cast a distinctive reverent atmosphere around the altar decorations below which included a brass arch entwined with boxwood greenery brightened with white silk roses and a white silk bow at the top center, flanked by votive tree candelabra. The magic of the cross extended to the lower altar to envelop the unity candlestick with its special meaning. Brass stands of Boston fern were included in the setting at the altar extremities.

Pews throughout the sanctuary were marked with votive candles aglow in crystal cups banked with dusty rose and white silk flowers from which ribbons to match dropped toward the floor.

The bride is the daughter of Mr. and Mrs. Joe F. Ward Sr. of Iowa Park, and the groom is the son of Mr. and Mrs. Richard R. Dillard Sr. of Kamay. They exchanged their double-ring vows in a ceremony officiated by Rev. Howell Farnsworth, pastor.

The impressive musical setting was provided by Mrs. Glenn Schell, organist, Paul Tate, pianist, Mrs. Russell Guyette and Rusty Stowe, vocalists. Mrs. Schell played "Savior Like a Shepherd Lead Us," "Traumerie," and "Trumpet Air," and the pianist played "If," "Theme from On Golden Pond," "Evergreen," and "Rustles of Spring" for prelude numbers. The latter accompanied the vocalists for their rendition of "You and I," and Mrs. Guyette for a solo, "I Won't Live a Day Without You." Mrs. Schell played the traditional compositions by Wagner and Mendelssohn for the entrance and departure of the wedding party, and furnished the accompaniment for Mrs. Guyette who sang "The Lord's Prayer" at the close of the ceremony.

The formal gown of white Chantilly lace trimmed with English net and Venice lace that the bride chose for her wedding was the essence in beauty and taste, designed to capture the moment and bring out an appealing "perfect bride" look.

The Victorian bodice featured a high collar of English net topping a sheer yoke of English net sprinkled

MRS. DENNIS LOYD DILLARD

with sequins and bordered with Venice lace and a Chantilly lace ruffle. The yoke was accented at the back with satin-covered buttons and spanned the shoulders, and the basque waist was traced with Venice lace.

The all lace skirt was scalloped with self ruffles caught "with silk ribbons and flowed into a semi-cathedral train. She wore a complimentary lace-trimmed white hat raised in the front to offer a full view of her radiant face after she lifted the blusher when she met her groom at the altar. The illusion waist length veil and blusher were attached to the hat at the back.

The bride chose to keep one of the memories of her wedding day in her silk bouquet of white roses and apple blossoms, dusty pink and burgundy gypsophila, fresh baby's breath arranged in a colonial lace cup encircled with grapevine ivy. She kept traditions of the day by wearing her mother's pearl necklace for "something old;" Miss Carrie Mahler's bracelet for "something borrowed;" her gown for "something new;" and a garter for "something blue."

The bride was escorted to the altar by her father who presented her in marriage for her parents.

The bridal attendants and flower girl looked delightfully nostalgic in their dusty rose taffeta gowns fashioned with raised waistlines, scoop necks trimmed with three ruffles, full skirts with flounced hemlines that lifted to form a bustle effect at the back. The attendants carried dusty rose and burgundy pixie carnations and gypsophila on white lace open fans, and wore hair combs covered with dusty rose gypsophila and baby's breath. The flower girl wore a halo of the flowers and carried a white lace basket of white roses, burgundy and dusty rose gypsophila.

Miss Carrie Mahler took part in the wedding as maid of honor. The bridesmaids were Miss Darlene Mahler, Miss Dana Hicks, and Miss Wendy Jablonka of Shreveport, La., cousin of the bride. The diminutive flower girl was Stephanie Douglas of Crowley, cousin of the bride.

Jake Dillard, the groom's nephew, dressed like the groomsmen, carried the white satin ring pillow trimmed with lace and lilies of the valley.

Chris Jones was the groom's best man. The groomsmen were Ralph Dillard, brother of the groom, Wes Ward, brother of the bride, and Russell Guyette. The ushers were Morris Dillard, another brother of the groom, Joe Ward Jr., the bride's brother, Andy Sitgreaves and Terry Escue.

The groom wore a gray tuxedo with tails, white pleated shirt with wing-tipped collar, cummerbund, gray bow tie, and a red rose combined with stephanotis for a boutonniere. The groomsmen and ring bearer were attired in gray tuxedos with short coats, vest, white pleated shirts and gray bow ties. The ushers wore black tuxedos, white shirts and black bow ties. The boutonnières for both groups and fathers of the bride and groom were composed of single red roses and baby's breath.

The mothers of the bridal couple wore attractive corsages of white gladioli blooms and sprays of pearls with their wedding dresses. Mrs. Ward wore a full length lavender Qiana dress made distinctive with an embroidered capelet accented in dainty bows at the shoulders, and a full, flowing skirt. Mrs. Dillard wore a pink crepe ballerina length dress designed with a diagonally-tucked bodice, cap sleeves, waistline sash and full skirt.

As wedding guests arrived at the church, they registered at a round table in the foyer draped with white lace over dusty rose taffeta. The appointment that added to the intense joy of the occasion was a china vase hand-painted with flowers,

names of the bride and groom, and their wedding date, the handwork of the groom's mother done especially to make the wedding day a more memorable one. The table, where Miss Lisa Jablonka of Shreveport, La., cousin of the bride, presided, also held the wedding book and white plume pen.

The eye-catching color combination chosen by the bride for her wedding brought to the Fellowship Hall of the church, where the reception was hosted by Mr. and Mrs. Joe F. Ward Sr., a refreshing and enchanting charm.

The bride's table was draped with white lace over dusty rose taffeta ruffled at the floor. The lace cloth was drawn up in front and decorated at the corners with plaques of silk English ivy centered with dusty rose bows. The centerpiece, crystal punch service, napkins, mints and cake blended superbly with the cloth.

The centerpiece was a gold basket filled with silk tulips, daisies, roses and stephanotis in dusty rose and burgundy tones. The dusty rose napkins were marked with the names and wedding date of the couple, and the rose-shaped mints in the same color filled a silver compote in front of the centerpiece.

The three-tiered cake with one set of filigree dividers on the table extremity opposite the crystal punch service was a delightful addition to the table setting. Iced in white and arranged on dusty rose ruffled net, it was delicately trimmed with clusters of dusty rose flowers touched gently with burgundy and light green accents, and tiny white ceramic doves. The "Precious Moments" top ornament featuring a ceramic bride and groom standing under an arch covered with white silk roses and leaves, captured the romantic mood of the occasion.

Mrs. Roger York, Miss Mary Miller and Miss Lisa Jablonka served at the bride's table.

The groom's table was laid with ecru lace over burgundy and centered with a six-cup votive candelabrum decorated with flowers identical in color and texture to those on the bride's table. The chocolate cake was decorated with two hearts outlined in the icing, one lettered with June 9, 1984, and the other with "Valerie and Dennis." At one side of the hearts,

two white doves nested in frosting star flowers, and on the other side double-wedding rings stood tall in the flowers.

Iced tea was served from a crystal punch service rimmed in burgundy. Mrs. Andy Sitgreaves and Miss Pam Horton served the tea and cake during the reception.

Houseparty members were Mmes. Robert Mellroy, Glen Miller, Wayne Williams, Bill Curry, Clyde Patterson, Jack Railsback and Vern Horsky.

Another table in the room that held baskets of the couple's wedding scrolls and dusty rose net rice bags tied with burgundy was covered with pink dotted swiss over pink crepe.

The rehearsal dinner was given by the groom's parents Friday evening at K-Bob's Steak House.

After a trip to Colorado, the couple will live in Wichita Falls. The bride chose a beige linen sun dress topped with a multi-colored blouse and wore the corsage that her mother wore in the wedding for travel.

The bride and groom were graduated from Iowa Park High School where she was a member of the band, Flag Corps, National Honor Society and on the annual staff. He was a member of the A Cappella Choir, National Honor Society, played basketball, ran track and was named Best All-Around. Both attended A&M Univ. and Midwestern State Univ. She is presently a senior at the university and is employed at Parker Square Bank. He is employed by W.A. Moncrief and Sons, North Texas Oil Producers.

Special wedding guests were Mrs. Bernice Douglas of Shreveport, La., grandmother of the bride, Mrs. Bessie Mitchell of Wichita Falls and Mrs. Dollie Dillard of Kaman, grandmothers of the groom.

Mr. and Mrs. Robert Bradberry announce the birth of their first child, Melanie Lynn, who was born June 7 and weighed seven pounds and three ounces. Mrs. Bradberry is the former Darla Daugherty.

The grandparents are Mr. and Mrs. Don Daugherty and Mr. and Mrs. Eulas Bradberry, and the great-grandparents are Mr. and Mrs. Roman Bartosh, George Daugherty and Mrs. Leslie Bradberry.

Janah and Michael Price are pleased to announce the birth of their brother, William Ray. Born Monday, June 11. He weighed six pounds, three ounces.

Parents are Mr. and Mrs. Michael C. Price Sr. Grandparents are Mr. and Mrs. Richard Luna of Iowa Park, Mr. and Mrs. James Wallace of Iowa Park, and William Greenwood of New Boston, Texas.

## Church group meets

The Friendship Class of First Baptist Church held its monthly meeting Monday evening in the home of Mrs. Ola McLaurin. Co-hostesses were Mmes. O.S. McLeMore, D.H. Ford and C.L. Metz.

Mrs. Elmer Singleton directed the business which was highlighted by a discussion of the current mission in action program.

Mrs. E.T. Patterson gave a devotional program, using "For the Lord Does Not Change" for a title.

Happy 24th Birthday, Brenda & Brad

## Presbyterians call minister

The First Presbyterian Church has called Betty Louise Meadows of San Antonio for a pastor and she will be on the field July 1. She received her master of divinity degree from Austin Presbyterian Theological Seminary in commencement exercises May 20.

Miss Meadows, a former school teacher, received a B.A. degree from Trinity Univ. at San Antonio, and a masters of education degree from the Univ. of Texas at Austin. She also studied for a reading specialist at Southwest Texas State Univ. in San Marcos.

CONGRATULATIONS MICHELLE ROBERTSON on the awards she received during the 1983-84 school year: Top Quality Work, penmanship, perfect attendance, best speller "Prize Student", math awards, and for making A or A plus in all of her subjects. We are proud of you Mother, Daddy and Patrick

# As I See It....

By BOB HAMILTON

I recently read a letter in a neighboring newspaper that was highly critical of Rio Airline, the commuter flight to Dallas. But I didn't think much about it because my past experience with the company had been one of no problems.

I dropped in at the Rio office over the weekend to make reservations for a flight later this summer. It was a mistake.

There was a young woman and a man working behind the counter. With three customers, it was mass confusion. I knew, right off, there were problems when I overheard the employees trying to decide which would make the announcement over the public address system about a flight boarding.

The man on my right had just completed his second walk to the baggage recovery area, and not finding his belongings began filling out a form to try to get them back.

The customer on my left wasn't too sure he was making the right decision to fly Rio, when the young woman couldn't figure out where to put his claim tag on the golf bag, and then had to be reminded to take an old number off the bag.

A fourth customer walked in with Wichita Falls city manager, and got right on the flight that was about to depart. No problem there.

But another man walked up right behind them, wanting to know if his luggage from a flight earlier in the morning had arrived. Showing his

flight ticket, the employee spoke with a red face while pointing out the luggage had been marked to be put off at Wichita, Kansas and not Wichita Falls, Texas.

All this time I'm still standing there, waiting to make my reservations.

While the man whose luggage was in Kansas began filling out his claim to get his belongings back, another man approached the counter next to me. With no employee waiting on anyone at the time - they apparently went behind the partition to catch their breath - the newest arrival saw what the other guy was doing and calmly explained "It happens all the time."

The newcomer said he files frequently and lost luggage has become a fact of life for him. Fact was, he was there to get his luggage

## City

Continued from page 1

interested in continuing plans as had been discussed at previous meetings.

The council tabled action of approval or denial of the city participating in the course development with Smith, pending outcome of the permit hearings.

Concerning a model boat club's request to use Gordon Lake for its practice sessions and tournaments, the council gave permission to use the lake for tournaments only.

Concern for fishermen and family outings at the lake which could be conflicts when club members were practicing was expressed by Alderman George Hammonds.

However, since at least a year's notice is needed to schedule tournaments, during which time the city would have to post no fishing for a three-day weekend to allow for the competition, the council agreed to that proposal.

Alderman Johnny Coker pointed out economic and public relations benefits to the community by allowing tournaments. Such meets normally attract more than 150 participants, the council was told, not including crowds which would watch.

Also approved was a change in the city's ordinance which concerns establishing of employee salaries.

Barrington explained the present code allowed only salary increases depending on tenure. He asked that the change be made in order to pay some employees for work, effort and loyalty demonstrated, and at the same time cut some salaries for lack of the same reasons.

"This is designed to be a cost-saver for the city," Mayor Tim Hunter told the council.

Following a 66-minute executive session, Hunter explained the discussion was about salary schedules for some employees, which would relate to work on the new budget over the next couple of months.

Other business discussed included:  
\* council approved leasing a tract of land on East Jefferson to D.A. Hill, allowing the first year's rent as Hill's expenditure for a survey and payment of \$1 each for the second and third years of the lease;

\* council approved advertisement for bids to sell surplus property;  
\* members instructed Barrington to step up the city's mosquito spraying efforts, initiate notices of intent to demolish the burnt structure at 113 West Cash, and set a council tour of facilities for July 2.

that should have arrived with him the previous day.

Just as he finished his comment, I was finally asked if there was anything I needed, to which I responded, "No, I'm afraid you couldn't even get me to Corpus Christi, much less my luggage." And left.

This all reminded me of a story told at a meeting I attended. The speaker was a public relations representative for a major airline that served Dallas' Love Field, several years ago.

And he emphasized the story was painfully true.

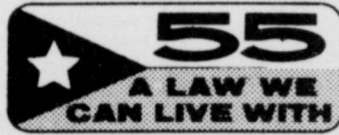

The airline had been promoting a non-stop flight to Hawaii. The price was low, especially considering all the fine food, drink and service customers could expect. The flight was promoted several weeks through heavy advertising.

Airline people weren't about to admit they had made a mistake and cancel the flight, even though one man showed up at departure time. His was the only ticket sold.

The lone customer never had it so good, with that big plane all to himself. The entire staff of grass-skirted hostesses laden him constantly with all kinds of Hawaiian drinks and foods and kept him company with small talk. They didn't want him to get lonesome on such a long flight, and so they kept busy.

An officer of the airline met the flight with a limousine. After welcoming him to the land of fun, they got into the car and sped toward his hotel.

Enroute, the company officer turned to the man and said with a very sincere but red face, "You're not going to believe this, but we left your luggage back at Dallas."

## Tips On Dental Health

RICHARD CARVER, D.D.S.

LOOK MOM - TEETH

Babies usually start getting their teeth when they're 3 to 9 months old . . . and generally have their primary teeth (baby) by the age of 3. When should dental care begin? Right from the beginning.

Many parents think that the baby teeth don't need much care, because they will just come out anyway. . . but these little teeth have a great deal to do with speech, eating, proper growth of the jaw with less risk of orthodontic problems.

You can use a damp gauze or a soft washcloth to clean and massage the ridges where the teeth will erupt then do the same thing after the teeth come in. Change to a small soft brush as more teeth appear. Letting your child fall asleep with a bottle of milk, formula, juice or other sweet liquids often leads to extensive decay. Try substituting plain water.

Children should see the dentist about the age of 3 when most of the baby teeth are in. . . unless you see something suspicious while you are brushing their teeth. It is really difficult for the dentist to make friends with a child after they have been awake all night with the toothache. . . a good start is important.

In the interest of better dental health from. . . RICHARD C. CARVER D.D.S., 315 N. Wall, Phone 592-5141.

## Students

Continued from page 1

for graduation and a seventh class period added to the day.

"I hope you realize that a lot of teachers are spending their summers getting ready for this," Palmer told the board.

Palmer also said "I'm very pleased to be a part of your school district. Iowa Park has a class district, possibly the best in this area, with good teachers and parent support."

Davis reported to the board a maintenance plan to be accomplished this summer at the various campuses, and their costs.

New fencing around the junior high tennis courts will be \$4,984; replacing the four wooden doors in front of Bradford, \$2,725; electrical work at Bradford, \$204, junior high, \$509, high school computer room, \$880, and high school auditorium, \$1,200.

## Police

Continued from page 1

a.m. He allegedly left the scene afoot and was apprehended at his home shortly afterward, according to the report.

Raybourne was charged before Justice of the Peace Virgil Hill for driving while intoxicated and placed under a \$500 bond. Hill then put Raybourne under a \$5,000 bond for evading an officer, and he was turned over to county authorities.

Robert Alen Blair was arrested Sunday in the 100 block of N. Jackson on a charge of driving while license was suspended. He also was taken before Judge Hill, placed under a \$500 bond, and turned over to county authorities.

Janet Sanders told police at 11:42 p.m. someone forced open the west door of her home at 400 E. Pecan and took \$200 in cash and a gold ring with diamonds valued at \$600.

A 10-inch bicycle was reportedly taken from the porch at 1616 Karen, according to a complaint filed by Kent Cox.

Windows of a home built by high school building trades students were broken. Richard Davis told police Saturday that \$200 in windows had been shattered, apparently by rocks.

Circle drive paving at Bradford, Kidwell and high school were reported in need of re-working. Davis gave asphalt prices on the proposal and said the cost would be about \$17,500. But trustees said they didn't feel asphalt would stand up in the future and they felt concrete would last longer and also not cost significantly more.

No decision was reached on consideration whether the school will continue collecting taxes for itself and the city, or turn over the operation to the city.

Mayor Tim Hunter told the board the city needs to know if the board,

sometime in the future, was considering a change in the tax collection responsibility. Hunter said the purpose of the inquiry was the city is planning to remodel the old part of city hall, and if the tax office were to be placed in city hall, architectural plans would need to be made now.

Board members said they wanted more time to consider the future of the tax office.

Tuesday's meeting was the last for the trustees until August, unless a called meeting is scheduled. Board members have traditionally skipped the July meeting.

## NOTICE TO SUBSCRIBERS!

The Iowa Park Leader has suspended its practice of mailing individual renewal postcards to subscribers. Instead the Leader will publish a list of readers whose subscriptions are approaching expiration. Subscription prices are listed below, along with a convenient order form which may be clipped, filled out and mailed with payment to the Leader. Renewals and new subscribers must be paid in advance.

## "Short Rows" with

FARMERS' GRAIN & FERTILIZER, INC.

## CONTROLLING CRABGRASS

Crabgrass or grass burs can be controlled in Bermuda lawns with DSMA or MSMA. These are selective chemicals which kill unwanted grasses without causing damage to the bermuda.

There is no need to "chop away" at crabgrass with a hoe when it can be "sprayed-out" with DSMA or MSMA. The rate of application is 2 1/2 ounces of DSMA or 1 ounce of MSMA per gallon of water. The bermuda is scorched slightly by this treatment but recovers quickly.

This same spray works on grassburs. However, the key to controlling grassburs is treatment before seedhead development. An application now followed with additional sprays early in August and late September gives season long control. Control measures for 2 successive years is needed in order to get rid of all the seed on the ground. We have a bargain on wheat for chicken feed or for baiting fishing holes. Wheat spills during harvest left us with some grain which is being sold for only \$3.50 per 50 pound sack. The supply is limited so anyone interested will want to contact us as soon as possible.

# Cook of the Week

Mrs. Mark Elliott

At this season of the year with temperatures climbing, many cooks are going through their recipe files and pulling out their favorites for hot weather eating. Carolyn (Mrs. Mark) Elliott has done this, and one of the recipes she pulled out was for Pistachio-Almond Ice Cream.

It is interesting to note that pistachio and almond are two nuts mentioned in the Bible which proves that they have been a part of man's diet for a long, long time. One historical reference to the pistachio plant calls it the "green almond," so the green food color in Mrs. Elliott's recipe probably represents the pistachio.

The pistachio tree is probably a native of Persia, and it is still grown chiefly in this area, in a belt stretching from Afghanistan to the eastern part of the Mediterranean. Pistachio was eaten so long ago that its nuts have been found at the archeological site in Jarmo, dated 6750 B.C. in what is now eastern Iraq. It was grown in the hanging gardens of Babylon about 700 B.C. The only place it can be grown in the U.S. is in Calif., but most of the nuts consumed in this country come from Turkey.

The almond is probably a native of Asia Minor. We hear of it early from Babylon, Hittite and Anstolia chronicles and the Bible. It started its westward move before historic times for it has been found in the Bronze Age tombs on Crete. Charlemagne ordered almond trees planted on his domain, and the first French cookbook written about 1300 gives much attention to almond.

There are many luscious uses for both the pistachio and almond

flavorings in cakes, sauces, puddings and ice cream. How delightful to have a recipe where both are used in ice cream where so much of it is consumed in the U.S. during the summer months.

Mrs. Elliott was graduated from Spur High School and attended Tarrant Junior College. After she and Mark, who is associated with Moore Business Forms, married they lived in Wichita Falls six years. After that, they lived in Midland, Amarillo, Jackson, Miss. and Chicago, Ill. They came back to this area several months ago and bought a home on Horse Shoe Lake.

They are members of the Gardens Edge Church of Christ in Wichita Falls. They have three children: Mark Jr., a sophomore at Iowa Park High School, Randall, a seventh grader, and Wendy, two years of age.

Carolyn takes seriously her role as a homemaker, wife and mother, and her hobbies of sewing, gardening and cooking fit nicely into that role.

### PISTACHIO-ALMOND ICE CREAM

- 1 can Eagle Brand milk
- 2 cans Carnation evaporated milk
- 2 cups sugar
- 3 tsps. vanilla
- 2 tsps. almond extract
- 1 tsp. green food color
- 1 cup chopped toasted almonds
- 5 eggs

Add milk to fill a gallon freezer.

### CHICKEN SPAGHETTI

- 1 chicken, boiled and boned
- 1 box spaghetti, cooked in stock

- Brown in 1/4 stick oleo:
- 1 onion
- 1 green pepper
- 1 garlic button (use 1/4 tsp. powdered garlic)
- Mix in large casserole with:
- 1 can tomato soup
- 1 can mushroom soup
- 1 or 2 Tbs. Worcestershire sauce
- 1/2 lb. grated cheese (save some for top)

Bake in moderate oven until done.

### ANGEL BISCUITS

- 1 pkg. yeast
- 1 T lukewarm water (more if needed)
- 2 3/4 cups flour
- 1/2 tsp. baking powder
- 2 T sugar
- 1/2 tsp. salt
- 1/2 cup shortening (oil)
- 1 cup buttermilk (or sweetmilk plus 1 T vinegar)

Dissolve yeast in warm water. Sift together dry ingredients; cut in shortening. Add yeast and buttermilk to dry mixture. Cut with cutter. Bake at 400 degrees 15-20 minutes.

### BOHEMIAN CAKE

- 1 cup oil
- 1 cup sugar
- 1 cup brown sugar
- 2 eggs

- 1 tsp. vanilla
  - 2 1/2 cups flour
  - 1 tsp salt
  - 1 tsp soda
  - 1 cup buttermilk
  - 1 cup chopped nuts
  - 1 cup coconut
- Mix all ingredients together, bake in bundt pan 1 hour at 350 degrees. Frost with:
- 1 box powdered sugar
  - 1 - 3 oz. pkg. cream cheese
  - 1 stick oleo
  - 2 tsps. vanilla
  - 1/2 cup chopped nuts

### MEXICAN SALAD

- Head lettuce
- 2 tomatoes
- 1 onion
- 1 can Ranch-Style beans, washed and drained
- 1 pkg. Fritos, crushed in pkg.
- 1 bottle Kraft Catalina French Dressing
- 1 lb. (or 1/2 lb.) grated Cheddar cheese
- Avocado (optional)

### PINK CHAMPAGNE PIE

- 1 large carton Cool Whip
  - 1 can Eagle Brand milk
  - 1 small can frozen pink lemonade
- Whip ingredients together and pour into two baked pie shells.

# Obituaries

## Jim Jones

Jim Jones, 59, brother of Johnnie Jones of Holliday, died Sunday in a Wichita Falls hospital. Services were Tuesday afternoon at Hampton-Vaughan Funeral Home with Rev. David Bryant, pastor of Bible Baptist Church, officiating. Burial was in the Crestview Memorial Park.

He was born Dec. 7, 1924, in Graham, and was an electrical contractor and partner with Jones-Cantrell Electric in Wichita Falls. He was an Army veteran of World War II and was a Paul Harris Fellow in the Downtown Rotary Club, a member of Faith Masonic Lodge, Maskat Temple, Shrine.

He was also past thrice illustrious master and most high priest of the New York Bodies, Jester Court; board member of past president of the National Electrical Contractors Association; a member of International Brotherhood of Electrical Workers, and a member of the Rotary Senior Citizens Committee.

Survivors include his wife, Dorothy; three daughters, Jane, Joyce and Jean; two sisters, Mrs. Ethel Cobb of Mustang, Okla. and Mrs. Lenora McDaniels of Wichita Falls; two brothers, Arthur of Bowling Green, Mo. and Johnnie of Holliday.

## Jesse J. Terral

Services for Jesse J. Terral, 73, were held Tuesday afternoon at Totten-Day Funeral Home in Electra with Rev. Don Burke, Indian Mission Director, officiating. Burial was in Electra Memorial Cemetery.

He was born in Hamilton County Aug. 10, 1910. He and Ida Lee Matthews were married May 13, 1961, in Wichita Falls. He was an oil field worker and a former resident of Electra where he was pastor of the Pentecostal Church of God. He had been active in Indian Mission work since 1975.

Survivors include his wife; seven sons, Jerry and Larry, both of Fort Worth, Ronnie of Los Angeles, Gene Hanson and David Hanson, both of Hearne, Charles Hanson of Electra and Lloyd Hanson of North Zulch; three daughters, Joyce Trantham of Denver City, Rita Henderson of Electra and Shirley Allen of Iowa Park; a sister, Ima Martin of Iowa Park; 21 grandchildren; and 10 great-grandchildren.

## Mathis Pruett Sr.

Mathis Pruett Sr., 72, died Thursday at his home in Valley View. Graveside services were Saturday afternoon at Highland Cemetery with Tim Moore, Church of Christ minister from Lubbock, officiating. Services were under direction of Tanner-Aulds Funeral Home.

He was born April 1, 1912, at Waterloo and had lived in the Valley View community 30 years. He was a retired oil field pumper. He and Frances W. McKinney were married on Jan. 24, 1932, at Lawton, Okla.

Survivors include his wife; two sons, J.M. Jr. of Kiefer, Okla. and Bobby of Valley View; two daughters, Jobeth Meisel of Valley View and Donna Reynolds of Holliday; a sister, Anale Maney of Buena Park, Calif.; 13 grandchildren and five great-grandchildren.

## Clyde Blankenship

Services for Clyde Blankenship, 86, were held Sunday afternoon in the Seymour Church of Christ. Officiating were W.E. Burkham and Paul Evans, Church of Christ ministers, and Rick Kaufold of Levelland.

He was born June 8, 1898, in Polk County and came to Baylor County in 1906.

He is survived by his wife, Bernice Mae; six daughters, Louise McLemore of Archer City, Lorepha Kaufold of Wichita Falls, Norma Jean Bonetti of Seymour, Joella Jones of San Antonio, Linda Blankenship of Seymour, and Brenda Harrigal of Holliday; a son, Clyde Gwinn of Sunnyvale; two sisters, Allie Shaver of Seymour and Ruby Moyer of Duncan, Okla.; two brothers, Lincoln and Chester, both of Seymour; 14 grandchildren; and 14 great-grandchildren.

## Willie Moser

Services for Willie Moser, 60, will be at 10 a.m. today at Davis Funeral Home in Henrietta. Glen Bridges will officiate, and burial will be in the Hope Cemetery.

He was born May 12, 1924, in Henrietta and was a lifelong resident of Clay County, and a carpenter. He was a World War II veteran of the Seabees.

He is survived by his wife, Theo; two sons, William of Iowa Park and Gene of Houston; two brothers, August of Wichita Falls and Raymond of Dean; a sister, Marie Haberman of Henrietta; and five grandchildren.

# Former student drafts his honors

Scottie Ray Mendez Jr., a former Iowa Park resident, was featured in the June 7 edition of the Abilene Reporter-News.

Written by Connie Rux, the 19-year-old son of Mr. and Mrs. Scottie Ray Mendez Sr. was recognized for his efforts in student competition where his drafting skills earned him honors on both the local and state levels.

The youth's family moved to Abilene over seven years ago, where Mendez Sr. established an oilfield trucking firm, one of only three in that community. Beginning as a roughneck and then driller, Mendez advanced to drilling superintendent for Spruiell Drilling before moving to Abilene.

Young Scottie is not without his relatives in Iowa Park. He has five aunts, all his father's sisters: Mrs. A.B. Cole, Mrs. Perry Hack, Mrs. Jerry Don Allen, Mrs. Tom Wright and Edith Bartlett.

The Abilene paper's article was as follows:

Scottie Ray Mendez Jr. may be soft-spoken, but his architectural drafting skills carried considerable clout this spring in student competition on both local and state levels.

Mendez, 18, who graduated from Cooper High School in May, brought home four blue ribbons and one red ribbon from the 1984 Texas Industrial Arts Students Association annual state competition in Waco. Four of the honors were in drafting, and one of the first-place ribbons was for woodwork.

The lanky young man may be quite

about his skills, but his parents, Mr. and Mrs. Scottie R. Mendez Sr. and his younger sister, Robin Michelle, are proud of him. On May 20 the family surprised young Mendez with an advertisement in the Reporter-News listing his accomplishments and declaring "We are proud of you!"

"I didn't know it was coming out," he says shyly. "My mom pinned it on my mirror and when I walked in I was surprised."

He grins sheepishly. "There are a

lot of students who do outstanding work and only get their names in a list in small print. I was really surprised."

He carefully lays out the drawings that won state and regional honors, including a solar house that won first in regional and second in state. His work is laid on the heavy drafting table which he designed and built "from scratch" and which also took state honors.

Mendez first became interested in architectural drafting when he took woodworking in the ninth grade at Madison Junior High. He worked under a student teacher named Bob Evans.

"My first year at Cooper I couldn't get into the drafting classes," he recalls. "But the second year Mr. Evans was teaching at Cooper, and I got into the class. I also took woodwork under Mr. Ronnie McQueen."

Once into the classes he moved quickly into the advanced drafting projects, jumping from a 300-square-foot floor plan assigned to the class into a project of his own for an 1,800-square-foot house.

His red ribbon at state level came in on-site drafting competition, where students were given a floor plan on which they had to draw elevations within a specified time limit. He took blue ribbons for a presentation drawing of a house plan - exterior and interior - and in a welding drawing.

Mendez says he'll probably go into architectural drafting as a career - eventually. But for now, he says he's going to work with his father in the family business, Triple M. Trucking Company, for a year.

"I want to work for a year driving a truck, to get settled and see what's

going on. I think you need that time after you graduate to decide about a future," he says simply.

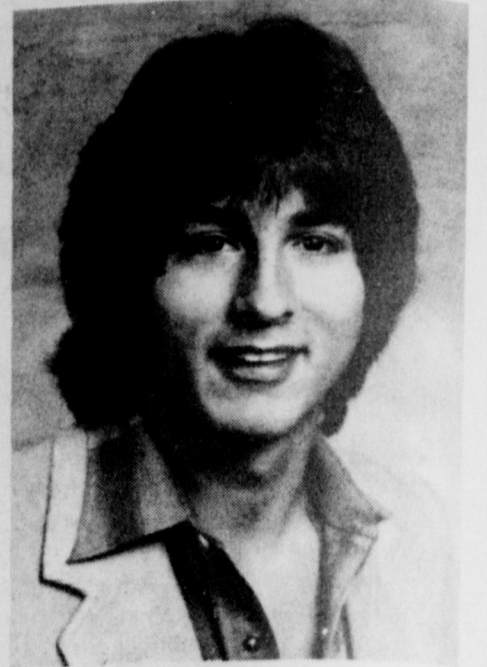

Then he says he'd like to go to Texas State Technical Institute in Sweetwater for drafting. Woodworking, which he enjoys, will remain a hobby. In the ninth grade he says he made a 4-foot-by-8-foot boat that he enjoyed taking to the lake.

Although he'll be busy helping in the family business of hauling oil rigs, he grins in anticipation of getting to do some fishing in the new little boat he and an uncle just bought. He's already caught his biggest bass to date - over four pounds - testing the new boat.

And he's had at least one offer for a possible drafting job. Mendez says he may do some individual drafting jobs too, as they come up, including a floor plan he recently completed for a man building a new home.

Some day, he says softly, he'd also like to design his own home. But for now he's working on a plot plan for a swimming pool his parents would like to build in their backyard.

His mother says she came up with the idea of the newspaper advertisement after attending the senior program at Cooper High School. "They recognized him for just one little thing, and he's done so much," she says proudly.

SCOTTIE RAY MENDEZ JR.

## Birk Circle meets

The Lucy Birk Circle of First Presbyterian Church met in the church parlor Tuesday morning for a Bible lesson directed by Miss Titia Belle Blanks. The title of the study was "The Tenants Withhold the Fruit." Miss Blanks stated that the parable was told by Jesus on Tuesday of Passion Week just three days before he would be taken to the cross to die to make atonement for the sins of the world.

Those who assisted in the presentation of the study were: Mrs. Edna Lemond, who read the scripture; Mrs. L. Shelton discussed "The Cleansing of the Temple;" Mrs. C.E. Birk's part was "The Parable;" Mrs. Gene House told "How the Story Works in Mark's Gospel;" and Miss Frances Park had the last assignment.

## CARD OF THANKS

Words cannot express the gratitude we feel for each of you who helped us get through the passing of our beloved husband, father, and grandfather. We will forever be in your debt.

## Trustees hire three

Personnel was the main topic of discussion during Monday night's Holiday School Board meeting, with the acceptance of two resignations and one leave of absence, and the hiring of their replacements.

Board members granted first grade teacher Paula Hall a one year leave of absence, and hired Sue Richter to fill her position on a temporary basis. Richter is the wife of Wichita Falls Rider High School's head basketball coach, and lives in Wichita Falls.

The resignations of high school English and Spanish teacher Robert White and bus mechanic Henry Owen were accepted. The board then hired Kathy Hunter to fill in White's position, and also hired Lennon Snyder to take the bus mechanic position on a temporary basis. Snyder has had the grounds maintenance contract with the school for the past two years, and will continue to maintain the campus landscape, according to superintendent Dan Owen.

Hunter has had previous teaching experience in Burkholder's school system.

## Benefit dinner slated Saturday

A benefit dinner will be held Saturday at the Holiday School Cafeteria, sponsored by the churches of Holiday.

All proceeds will go to the medical fund for the late Kyle Lee Stubbfield, infant son of Mr. and Mrs. Randy Stubbfield of Holiday. The baby died May 29 in a Fort Worth hospital.

Rev. Bob Bryan, pastor of the United Methodist Church, and other pastors of the city and volunteers are organizing the effort.

Tickets will be available from any of the committee for \$1.50 for adults or \$0.50 for children. Serving will begin at 5:30 p.m.

## Announce engagement

Dr. and Mrs. Richard Jacobi of Midwest City, Okla. announce the engagement of their daughter, Mary, to Michael Dodd, son of Mr. and Mrs. C.O. Dodd of Iowa Park.

Miss Jacobi was graduated from Marietta, Okla. High School, and the Univ. of Okla. She has done graduate studies at the Univ. of Texas at Austin and is currently employed at KAUZ-TV in Wichita Falls.

The future groom was graduated from Iowa Park High School. He received a bachelor's degree at Austin College in Sherman, Master of Divinity degree at Union Theological Seminary in New York, a law degree at Texas Tech Univ. in Lubbock, and a Master's in Law at Georgetown Univ., Washington D.C. He is presently practicing law with O.N. Newman.

The couple will exchange their wedding vows August 11 at the Fain Presbyterian Church in Wichita Falls. Memorial Presbyterian Church in Wichita Falls.

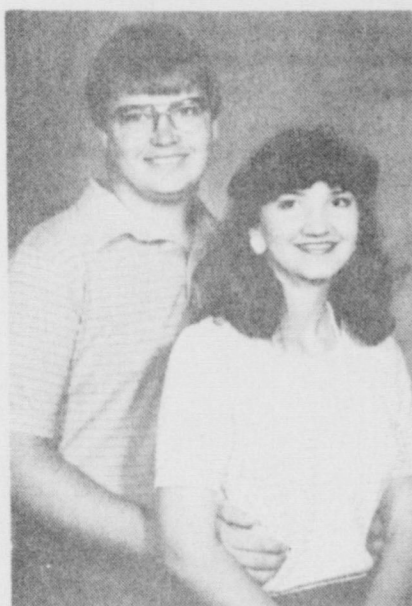

MICHAEL DODD  
and  
MARY JACOBI

## Three graduate today at SAFB

Three Iowa Parkans are to participate in the third annual spring quarter graduation ceremony of Shepard Learning Center, today at SAFB.

Receiving degrees from Vernon Regional Junior College are: Larry D. Cox, associate in Applied Sciences in Occupational Technology; Addie Elliott Sadberry, associate in Science in Secretarial Administration, and Sherry L. Underwood, associate in Applied Sciences in Occupational Technology.

JAYNA EVANS and RANDY CASE

## August date selected

Mr. and Mrs. Jerry Evans are announcing the engagement of their daughter, Jayna Barbara, and Randy Case, son of Jo Ann Case and Billy Case of Wichita Falls. August 11 has been selected by the couple for the date of their wedding which will take place at the Faith Baptist Church.

Miss Evans was graduated from Iowa Park High School and is presently a senior at Midwestern State Univ. where she belongs to Alpha Chi, is secretary to the Texas Student Educators Association, secretary/historian and student Congress representative for Kappa Delta Pi. She is employed by Dr. Paul Collins. Her fiancé was graduated from Iowa Park High School, attended MSU and is employed by United Electric Co.

### CARD OF THANKS

Thank you dear friends for the beautiful flowers, cards, food and the visits made to us during the loss of our beloved Mother, Ann Sanders. Most of all thank you for the prayers offered in our behalf.

Betty & A.L. Fairchild  
Edith & Robert Box  
Kenneth Fairchild  
Marye Lou & Sam Fairchild  
Edna & Joe Fairchild

### Schedule for:

## Recreational Activities Center

Movie time at the RAC begins at 2 p.m. Friday. This week's feature is "Birdie of the Grand Canyon." Movies are free and open to the public.

## MSU students on honor rolls

Seven area students attending Midwestern State Univ. during the spring semester were named to honor rolls.

Three of them, Suzan Renee Dillard of Holliday and David James Kirk and Michael Anthony Lunney of Iowa Park, were named to the Dean's Honor Roll for having made no grade below an "A" while carrying at least 15 semester hours.

On the University Honor Roll were four Iowa Parkans: Lori Ann Barr, Chris Lee Bowerman, Tim Darrell Harris and Connie Kay Heard. This group carried a minimum of 3.5 on a 4.0 scale and had no grade below a "C" and also carried at least 15 semester hours.

According to the registrar's office, only 41 students were named to the Dean's Honor Roll and 134 on the University Honor Roll.

## Jones initiated by honor society

Chris E. Jones of Iowa Park has been initiated into the honor society Phi Kappa Phi at Texas A&M Univ., where he is majoring in petroleum engineering.

About 400 juniors, seniors and graduate students with outstanding academic and leadership records were initiated into the society in May.

Phi Kappa Phi is a national honor society which established a chapter at Texas A&M in 1948. Depending on their classification, students must have a 3.5 grade point ratio or higher to be eligible for membership.

INJURED IN WRECK - Emergency Medical Technicians attend to Melissa Hammonds, 17, injured when the car in which she was a passenger crashed into the rear of another vehicle about 11:46 p.m. Monday. Ali Khalil Ahmad, in

striped shirt, was the driver of the car. Mark Nichols, of Colorado, said he was traveling at least 55 miles per hour when his car was rear-ended.

DR. ROBERT EMIL NOLEN JR. received his degree in dental surgery Saturday from the Univ. of Texas Health Science Center, Dental Branch, Houston. He will open his private practice in late August in Eules-Bedford. The son of Mr. and Mrs. Robert Nolen, he was graduated from Iowa Park High School in 1976 and Midwestern State Univ. in 1980.

P.M. PROBLEM - Coach and player for the Rangerettes of the Iowa Park Girls Softball League shade their eyes from the bright afternoon sun during a game Tuesday.

## LL officials meet Sunday

Iowa Park Little League board of directors and coaches will hold their final meeting of the year at the Texas Electric Reddy Room Sunday to discuss post-season tournament play among other topics.

Directors will meet at 4 p.m., followed by a coaches meeting at 5:30.

During the meeting of the league's coaches, talk will center on tournament play, next year's coaches, and the annual coaches' game.

Little League officials are urging all directors, officers and coaches to attend the meeting.

## Team wins

Iowa Park Hawks '76 soccer team, champions of the Greater Wichita Falls Soccer Association, turned in three wins at the Dr. Pepper Invitational in Lawton three weeks ago, and competed in the Dr. Pepper Open in Dallas the following week.

The defending champs in the 11-12 division found the going tough in the first game in Dallas, bowing out to undefeated San Antonio Thunderbolts 3-1 after leading 1-0 for three quarters.

The Hawks '76 came back in the loser's bracket, defeating the Bedford Sounders 4-0, then the L.D. Cowboys 5-0 on goals scored by Don Ellis, Jason Maxwell and Ryder Parkerson. However, the team failed to advance to Sunday's final round with a lower point total than was needed.

## New Meter Connections

John Jeter - 201 W. Clara  
Jean Watts - 123 James Drive  
Raymond L. Campbell - 303 E. Bank  
Bural Yoder - 511 W. Magnolia  
Gail Hannula - 707 E. Park

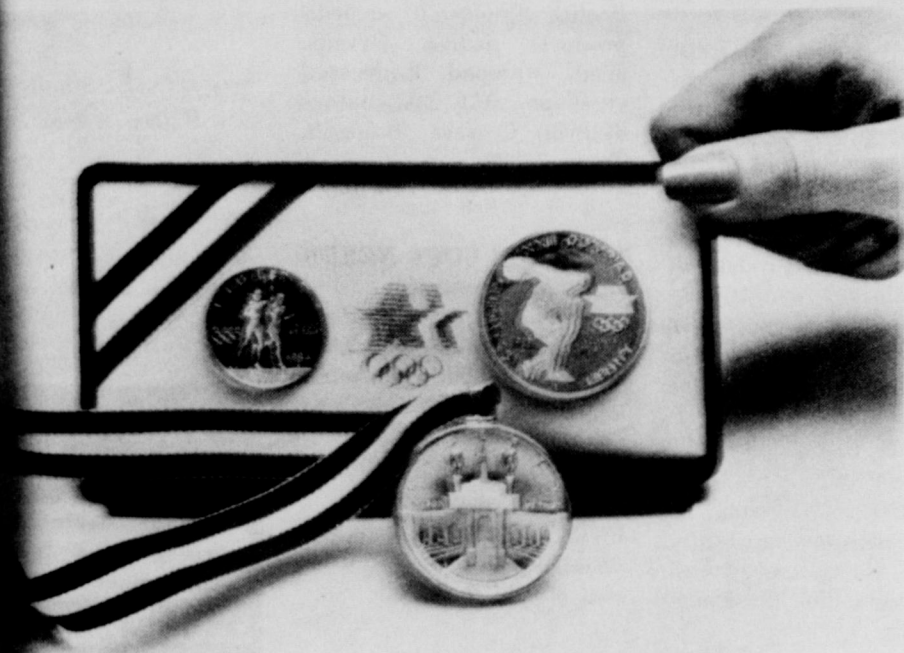

## Slow pitch tournament starts Friday

First game of the fifth annual Mule Skinner Open Slow Pitch Softball Tournament will be at 7 p.m. Friday at Burnett Field.

As of noon Wednesday, 18 teams were entered. Finals will be played Sunday.

### GAMES PLAYED

**Beginner League**  
Rangerettes 14, Butterflies 13

U.S. OLYMPIC COINS AVAILABLE AT LOCAL BANK... silver and gold coins commemorate summer Olympics.

## Olympic coins available here

State National Bank is among financial institutions throughout the United States assisting in the effort to raise funds for America's Olympic team.

The bank has joined the U.S. Treasury Department's Olympic coin consignment program, selling over the counter gold and silver coins.

The U.S. Congress two years ago passed legislation authorizing production of the coins to commemorate the 1984 Summer Olympic Games in Los Angeles.

Three coins have been struck. They are 1983 and 1984 silver dollars and a 1984 "\$10" size gold coin. The gold piece is the first issued by the U.S. Mint in the last 50 years.

Prices are subject to change. H.M. Nipper, vice president at SNE, explained, and are set by the Treasury.

The 1983 and 1984 two-coin silver set is \$64.

The 1983-84 silver and gold proof coin set retails for \$416.

Proceeds from the sale of the coins will be divided between the Los Angeles Olympic Organizing Committee and the U.S. Olympic Committee.

To date, more than \$38.8-million has been raised by the program. Additional information about the coin consignment program, bankers can call the Treasury Hot Line, 202-376-0260.

# Area oil, gas report

Pumping 28 barrels of oil and a minor volume of casinghead gas daily on an open choke, the No. 45 J.H. Marnott has been finished in the Wichita Regular Field two miles northeast of Electra, Texaco, operating out of Midland, is the operator.

The operation is in a 108 acre lease in the SPRR Survey, Wichita County, Texaco took the hole to 2,000 ft. TD and perforated for production at 882 to 1,560 feet into the hole.

Joe B. Hood, independent operator from Wichita Falls, has driven stake for a pair of developmental wells in the Wichita Regular Field, three miles east of Electra.

The wells will be known as the No. 2 and No. 3 Lady "B" respectively. The No. 2 carries permit for 1,200-ft. TD, while the No. 3 is slated to bottom at an even 2,000. The wells are in an 87 acre lease in the C.C. Holcomb Survey.

The No. 2 is 150 feet from the south line and 400 feet from the east line of the lease and survey, while the No. 3 is 410 feet from the south line and 1,200 feet from the east line of the lease and survey.

A 60-year producer is being phased out of action in the Wilbarger Regular Field 4.5 miles southeast of Lockett. It is the No. 1 Waggoner-Staley, which had been spudded on Nov. 8, 1924. The W.T. Waggoner Estate of Vernon is the operator. Plug-and-abandon orders have been issued.

Flowing 176 barrels of oil and 15,000 CF casinghead gas daily on a .285-in. choke, a new producer has been completed in Hardeman County's West Berry Field, about two miles southeast of Chillicothe.

The well is designated as the No. 1 Toke-Labor. Perry L. Larson Operating Co. of Dallas is the operator. Showing 750 PSI flowing tubing pressure, the well will produce from a set of Mississippi perforations at 8,218 to 8,228 feet into the wellbore. Bottomhole was at 8,232. The operation is in a 40-acre unit in the H&TCRR Survey, Hardeman County.

An 8,300-ft. wildcat for oil is slated in Hardeman County nine miles south of Chillicothe, with Trio Operating Inc. of Wichita Falls as the operator. Designated as the No. 2 B.J. Wilson, the well will be located in a 320-acre lease, H&TCRR Survey.

Drillsite will be 550 feet from the west line and 1,200 feet from the north line of the lease and 2,090 feet from the east line and 1,290 feet from the north line of the survey.

A new producer has been brought on line in the Wilbarger Regular Field, with W.T. Waggoner Estate of Vernon as the operator.

Located 13 miles south of Harrold, the well is in a 707 acre lease in the H&TC Survey. It is designated as the No. 1 Fee "ACC".

On a 6.64 choke, it flowed 35 barrels of oil and 64,000 CF gas per day. The well bottomed at 4,393 feet and will produce from perforations 4,350 to 4,354 feet into the hole.

The Wilbarger Regular Field gained a new producer when Ayers and Burch of Wichita Falls completed the No. 89 Humble-Stephens eight miles south of Vernon.

The well indicated ability to pump at the rate of four barrels of oil per day. It was taken to a 1,456-ft. bottom

and will produce from perforations 1,318 to 1,322 feet into the wellbore. The operation is in a 164-acre lease in the H&TCRR Survey, A-295. The well is 600 feet from the west line and 1,180 feet from the north line of the lease.

## Epsilon Eta plans projects

Epsilon Eta chapter of Epsilon Sigma Alpha held the final meeting of the year Tuesday in the home of Mrs. Luther Shaw to discuss projects and activities for the new year.

The projects adopted included: face painting, St. Jude Hospital, finger-printing, Labor Day Telethon, Whoop-Do Queen Contest, Easter Seal Telethon, fall bazaar, Pace Park and Friendly Door.
