# Locals dominate county stock show

As they have for the past few years, Iowa Park youth dominated the annual Wichita County Live Stock Show this week in Wichita Falls.

So dominant were the animals exhibited by local 4-H and FFA members, 80 of the 174 animals in Tuesday's premium sale were from Iowa Park.

with a floor of \$98.44, was purchased for \$1,800 by Danny Sides Chevrolet, Pontiac and Oldsmobile of Burkburnett.

Roy Hollis exhibited the champion turkey tom, and State National Bank purchased it for \$550. The champion turkey hen was shown by George Howell, and Raymond's Welding paid him \$725 for

the bird. Berend Brothers Feed Stores bought the champion pen of fryer rabbits from Ricky Hollenbeck, paying \$700.

Marey McCarthy earned the showmanship award in the beef steer class. Besides the youngsters from here with their show animals, other Iowa

Parkans played a prominent part in this year's show. Jimmy Howell served as president of this year's organization.

The Wichita County Young Farmers, headquartered here, helped operate the show and then joined with the Iowa Park MuleSkinners in feeding the youths and prospective buyers a bean and chili feed prior to Tuesday's auction.

## Young people do good things

"Our young people often get only the bad publicity and sometimes aren't recognized when they do something good," commented Roy Boutwell.

He made the statement as he reported a young local man who found the billfold of Boutwell's son, Randy, lying in the middle of West Highway after 10 a.m. Saturday.

Tim Swedberg found the billfold, containing about \$200 along with drivers license and personal papers, and immediately notified the owner to return it.

# Fund drive launched for city improvements

Directors of the Community Improvement Project have launched an aggressive campaign to establish a "Sustaining Fund" to help finance Phase One.

Phase One is the beautification of Iowa Park's business district, which will include creation of two parks in burned-out areas, fencing off vacant lots, sidewalk improvements, planter boxes for sidewalks, and improvements of plants in the median on Park Street.

Iowa Park Chamber of Commerce board of directors voted Monday to serve as fiscal agent on the project, which will include receiving of donations and disbursements of funds spent on improvements.

Serving as directors of the Community Improvement Project are Mayor Tim Hunter, chairman, Kenneth Via, Bob Hamilton, Tommy Key, L.W. Teel and Rip Smith.

"We believe that the business area is the key to the economic revitalization of our community," said Hunter. "If we can create what we envision for the business area, the investment will more than return to residents their donations through increased economic activity that should spawn a broader tax base,

more salaries and convenience to shoppers."

Concerning improvements, a general public meeting has been held, followed by two meetings of directors who were appointed by the mayor, to act on suggestions received at the public meeting.

The "Sustaining Fund" is not to be confused with the Christmas decorations fund which was announced last week. The Sustaining Fund will be used exclusively to finance improvements and maintain them.

More than one phase is planned for the overall Community Improvement Project.

Certain varieties of trees, bushes and flowers have been selected for their beauty, drought resistance and hardiness, which will be used in the median on Park, as well as in planter boxes and vacant lots made into parks. Experts in horticulture made the selections.

Several plateaus of donations have been designated for the Sustaining Fund and recognition of donors is planned.

The Gold Charter Members will be those who donate \$1,000 or more, and their names will be inscribed on a

plaque to be displayed at the Chamber of Commerce.

Silver Charter Members will be designated for those who donate \$500 or more; Charter Members will be the designation for \$100 or more donations and those donating \$25 will be named Sponsoring Members.

Records of tax deductible gifts to the Sustaining Fund will be kept by the Chamber of Commerce, enabling donors to make periodic donations through the coming month and climb from one level of membership to another.

"We hope not only individuals and businesses become interested in our program but the many service clubs in Iowa Park will also," Hunter said.

## Consolidated tax collections agency is meeting topic today

A meeting of county, city and school officials of Wichita County will be held this afternoon in Wichita Falls to discuss turning over tax collections to the Wichita Tax Appraisal District. Local tax collector Allen Shew-

"We would like to see a total involvement in this program from churches, clubs, retired persons, school clubs, residents and even children and former residents who still call Iowa Park their home.

"We know that improvements to the business area will eventually lead to improvements for the entire town. We can paint our own future however bright we want it to be if we simply work together for our hometown," Hunter said.

A form of submitting donations to the Sustaining Fund can be found on page eight of this week's edition of the Leader. Other publications in the future will also carry the form, to make donations as easy as possible for residents.

make said he was notified last week by mail of the meeting, which is to be held at the Appraisal District's office on the third floor of the county annex building. The meeting is to begin at 3 p.m.

## Tax collector aggressive on delinquent accounts

Iowa Park city and school tax collector Allen Shewmake is aggressively seeking money owed to the local political entities, including collecting from a former delinquent tax attorney.

Shewmake said he received a check for \$978 Friday from Jack Hart, of Mays and Hart in Greenville, and an additional amount is coming.

The amount paid was listed in an early correspondence with the attorney, according to Shewmake, but about \$200 more is still owed and Hart has reportedly indicated he will pay it.

The shortage was disclosed at last week's school board meeting, when Shewmake said the former school's attorney for delinquent tax collections had failed to pay court costs. Because the payments had not been made, those who had been filed on still did not have clear titles, which has caused several problems to the owners, Shewmake said.

Twenty-one suits were filed Thursday of last week, and 50 more

are coming, now that the 1984 delinquent list has been turned over to the new attorney. Taxes for 1984 became delinquent in February, according to state law.

Those not paying their delinquent taxes by July will be assessed a 33-percent penalty, and letters are being mailed to the taxpayers to notify them, Shewmake said.

At last week's meeting, Shewmake said 93.47 percent of the current year's school taxes had been paid, and 92 percent of the city's taxes.

# Borman, Veitenheimer vows exchanged Saturday

Mr. and Mrs. Gerald Francis Veitenheimer who were married Saturday morning at the St. Mary's Catholic Church at Windthorst, are now on a wedding trip to Paradise Island in the Bahamas. They will live at Windthorst when they return.

The bride is the former Miss Susan Elizabeth Borman, daughter of Julie Borman of Wichita Falls and Dr. David G. Borman of Iowa Park, and the groom is the son of Mr. and Mrs. Ralph Veitenheimer of Windthorst.

Rev. Bartholomew Landwermeyer officiated the double-ring ceremony at an altar decorated with fresh flower arrangements of blue carnations, gladioli, and baby's breath. The church pews were marked with light and dark blue ribbon bows.

Mrs. Albert Osterman, organist, Lee Ann Bates and Randy Bilyeu, vocalists, presented the wedding music. Their selections included "Through the Eyes of Love," "Truly," and "Just You and I" for pre-nuptial music. During the ceremony they offered "To Me" during the offertory, "Endless Love" during communion, and "The Wedding Song" while the bride and groom were lighting the unity candle.

The bride was escorted to the altar by her father who presented her for marriage. She chose a striking gown of white taffeta enriched with fine laces. The bodice featured a bib of Chantilly lace, Queen Anne neckline graced with Venise lace appliques, leg of mutton sleeves that terminated in applied Venise lace motifs and formed a guantlet effect.

The natural waistline was trimmed with Venise lace which flowed into tiers of Chantilly ruffles, and the cathedral train was formed of

MRS. GERALD VEITENHEIMER

alternating rows of organza and lace ruffles.

The bride's headpiece was adorned with Venise lace sprinkled with sequins and pearls and flowed into multiple layers of full netting. The

finishing touch of beauty to the picture was her cascade bouquet of silk roses in shades of blue and white, matching stephanotis with streamers accented with strings of beads. A crystal rosary was worked into the bouquet to enhance its meaning.

The bride was preceded to the altar by a maid of honor, five bridesmaids, a flower girl and ring bearer.

Miss Carolyn Ashbrook, the maid of honor, wore a light blue taffeta gown fashioned with a fitted bodice, off-the-shoulder neckline flounce and puffed sleeves, and a natural waist cummerbund. The skirt of three tiers was highlighted with matching taffeta ruffles that formed a sweep train. She carried a flat white basket filled with a mixture of blue and white silk flowers and baby's breath.

The bridesmaids, all from Wichita Falls, were three sisters of the bride, Mrs. Clifford Skelton, Miss Karen Borman, Miss Laurie Borman, and Miss Shelle Shaw and Miss Kathy Veitenheimer, sister of the groom. Their gowns and baskets of flowers were duplicates of those of the maid of honor.

Misty Berend and Seth Berend, cousins of the groom, took part in the wedding as flower girl and ring bearer, respectively.

She wore a floor length dress featuring layers of Venise lace accented with a ruffled neckline flounce and a bright blue cummerbund and carried a wicker basket of flowers that matched those carried by the bridal attendants. He wore a full dress black tuxedo with pipe wing collar, black tie and cummerbund.

The groom wore a full dress black tuxedo with traditional length tail coat, wing tip collar shirt, vest and bow tie. His boutonniere consisted of a white carnation and blue rosebud.

Lonnie Berend served as best man for the groom. The groomsmen were Russell Veitenheimer, Chuck Heydrick, Raymond Veitenheimer, brother of the groom, Bill Hoffman, his cousin, and Chuck Veitenheimer. The ushers were David and Kenneth Veitenheimer, brothers of the groom, Nubbin Johnston, Clifford Skelton, and Scott Borman.

The fathers, groom's attendants and ushers wore black tuxedos. The fathers and ushers wore wing tip shirts and black bow ties and cummerbunds. The best man and

groomsmen were dressed the same except for blue ties and cummerbunds.

Candles for the ceremony were lighted by Bradley Veitenheimer and Curtis Berend.

The mothers of the bride and groom both chose floor length periwinkle blue chiffon gowns for the wedding and complemented them with corsages of blue and white tiger lilies and roses. Mrs. Borman's gown featured a boat neck accented with tiers of flowing chiffon and a belted waist. Mrs. Veitenheimer's gown was distinguished with diagonal ruffles of chiffon trimmed in pink and purple stitching on the bodice.

The banquet tables for the reception held in the St. Mary's Parish Hall were decorated with ivy and sugar bells tied with blue ribbons.

The wedding cake achieved a distinctive look that dazzled and enchanted the guests. The confection of four tiers was decorated with small blue roses and a profusion of rosebuds in blossom, swags and scrolls. Four small cakes decorated in the same theme surrounded the large cake.

The groom's three-tiered chocolate cake was set off with a design of a boat done in different shades of the chocolate.

The wedding cake was served by Mrs. Lonnie Berend, Miss Chris Cline and Miss Darline Shaw. The groom's cake was served by Mrs. Chuck Veitenheimer and Miss Stephanie

Parsley presided at the wedding book.

The rehearsal dinner was given by the groom's parents at their home in Windthorst.

The bride was graduated from Wichita Falls High School where she was All-American and All-State four years in swimming. She is a student at Midwestern State Univ. School of Nursing. The groom was graduated from Windthorst High School and is employed by Albert Veitenheimer and Heydrick Petroleum Co.

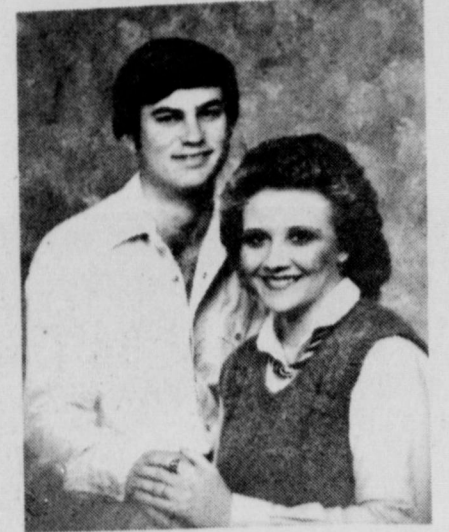

Out-of-town guests for the wedding included Mr. and Mrs. Christ and family, St. Paul, Minn., Dr. and Mrs. Richard Rock, Albuquerque, New Mexico, Mrs. Jimmy Long and daughters, Ft. Smith, Ark.

## As I See It....

By BOB HAMILTON

Over a period of time, deterioration takes place and it can go almost unnoticed unless we step back and take a fresh, objective view.

Take the Leader's office, for instance. I knew it wasn't looking too good, but after we painted the walls Saturday, there was no comparison with the improvement.

Our old ceiling, which has allowed gallons and gallons of rain water to flow through it, will soon be replaced, along with our lighting system. And after that, we plan some exterior improvements.

But, like our building has deteriorated, so have parts of our business community. Several businesses have made improvements, others are planning to make them, and some haven't had the first thought to do a thing.

At the same time, we have some vacant areas that need some beautification, sidewalks that need replacing and others just plain old sweeping, and things in general some sprucing.

The Business Area Improvement project, mentioned on the front page this week, is important to our community. One of the most common suggestions made at a public meeting on the subject was the need for more businesses in Iowa Park.

The committee working on the situation feels we would have no success by just inviting new businesses to come here. Rather, we feel we must create a demand for them to locate in Iowa Park.

And the only way we can create such a demand is to improve the economic climate of the business district. In other words, create more trade than our existing businesses can handle.

So our first step is to try to create a pleasant atmosphere for shopping. We want to do this by simple cosmetic methods of hiding unattractive areas with fences, creating gardens, cleaning our businesses. In general, we want to encourage people to visit our business area because it is a pleasant place to be.

If we can accomplish this, in the first phase of the community improvement project, we feel we can

create a pride among our residents. And we feel that pride will be carried over to homes, public buildings, public areas and the overall community.

We can make this project work, but we must be willing to work, donate, suggest, communicate and encourage.

There'll be a lot more reported on the project as things progress and goals accomplished.

## News in Brief

### Court rules on Coffman case

After entering a plea of guilty to involuntary manslaughter, Donald Steven Stone of Burkburnett was sentenced Friday in 89th District Court to a five-year probated sentence and fined \$5,000.

Stone was involved in a two-vehicle accident Aug. 2 in Wichita Falls which took the life of Iowa Parkan Darin Coffman, son of Mr. and Mrs. Luke Coffman.

### Bids being sought for library work

Renovation of the Burnett home into a library is nearer a reality this week, as the city has begun advertising for bids to have the work done.

Sealed bids will be accepted until 3 p.m. April 18 at the city hall, at which time the bids will be opened. Action is expected to be taken at the April 22 council meeting.

### Leader office expands weekday hours

In an effort to better serve readers and customers of the Iowa Park Leader, the paper's office is now open two additional hours on weekdays.

The office will open at 7:30 a.m. and close at 5:30 p.m., and also will

remain open through the lunch hour from noon to 1.

"We know we have inconvenienced some people with our hours in the past, and we want to make it easier for people to visit our office," commented publisher Bob Hamilton.

### ACHIEVEMENT TESTING

Effective educational measurement and evaluation has become increasingly important in today's schools. There is a growing concern about students' mastery of the basic skills and their ability to function adequately in society. There is concern, too, about whether all students are learning and functioning as well as they are able to.

Annual achievement testing of Iowa Park students is scheduled for the week of March 25-29. The Comprehensive Test of Basic Skills (CTBS) will be administered to all students in grades 1 through 8. The series is designed to measure achievement in the basic skills commonly found in state and district

curricula. The tests provide information about the relative ranking of students against a norm group as well as specific information about the instructional needs of students. The subject areas measured are reading, spelling, language, mathematics, and reference skills.

Students in grades 2, 4, and 6 will also be taking the Test of Cognitive Skills (TSC). This is an academic aptitude test that measures general knowledge and skills not usually directly taught in school that have been shown to predict academic achievement. They are especially useful when used in conjunction with achievement tests.

Computerized test results will be sent home to parents later in the spring. Parents are encouraged to contact their child's teacher or counselor if they have questions concerning the scores. Overall district results will be communicated to the local school board to aid in the assessment of the education program.

It is important that students anticipate the tests with interest rather than with anxiety. The tests require no special preparation and will not affect their school grades. Parents are asked to encourage their children to be in attendance. Ample sleep and a nourishing breakfast are definite assets for students involved in a test situation.

Chamber of Commerce. The office is located inside Holliday Home Furnishings on Main.

## Krob hurls 10-0 win

Eagle hurler Larry Krob came away with his second straight win against Henrietta Friday afternoon, as the seasoned pitcher no-hit the Bearcats to aid a 10-0 win for Holliday, now 3-0 for the season.

Krob, a junior, struckout eight Henrietta batters in the game, while only two balls got out of the infield, both on errors. Pitching wasn't the only thing going right for Krob in the game, as he hit a three-run homer early in the contest, and added a two-run double one inning later. Les Dolberry went two-for-three.

Bearcat pitcher Roger Whatley suffered the loss.

### MOVING UP IN STATE

The latest Schoolboy Poll for Texas High School Baseball showed Holliday moving up three notches to third in Class AA, behind Leonard and Clifton. Nocona, another District

3-AA foe, is also in the Top Ten at eighth.

The Eagles and Indians meet in a crucial district game tomorrow at 4:30 in Holliday. The Big Red will be putting up an undefeated record in the game, while the Indians are currently 6-2.

## Style show held Tuesday

The Holliday Chapter of Young Homemakers of Texas held a Style Show last Tuesday in conjunction with the Future Homemakers of America Chapter at Holliday High School.

Fran Lopries served as commentator, and clothes were furnished by the Calico Cat, Rainbow Express, Mozelle's Four Seasons, New Dimensions, Kirkland's, and the Country House.

Plants were furnished by Wolfe Nursery and Archer Flower and Gift Shop.

The next Young Homemakers of Texas meeting will be at 7 p.m. Monday in the home economics department at Holliday High School.

Gil Peters will be the featured speaker, and the public is invited to attend.

# Parent-teacher coffee for meeting candidates

A parent-teacher coffee at 7 p.m. Tuesday in the Erma Barton Auditorium at Holliday High School will be followed by some very productive information for those attending, with a meet-the-candidates' period in addition to a presentation of more information on school reform by the school's administrators in a question and answer session.

Voters in the school district will get an opportunity to learn each candidate's intentions if elected to the Holliday school board in the April 6 election, with incumbents and challengers slated to field questions from the crowd in the P-TA sponsored event.

Superintendent Dan Owen, and principals Carol Magee, Jake Cottrell and Bill Lee will also give those present a good idea of what to expect in the coming school year as new guidelines in the school reform bill begin to take affect.

Owen said their talk will center on the guidelines for grades and

eligibility (10-day rule), and HB-72, which deals with curriculum.

Refreshments will be provided, as will a nursery.

Trustees not involved in the upcoming election will nevertheless be present at the coffee and assembly.

## Social Security News

### APPLYING FOR RETIREMENT OR SURVIVORS BENEFITS

A person who plans to retire before age 65 should apply for Social Security benefits no later than the last day of the month he or she wants the benefits to begin.

Benefits payable for months before the person becomes age 65 usually can begin no earlier than the month of application. This also holds true for widows and widowers who will receive benefits before age 65; however, widows and widowers can still receive a benefit for the month of a worker's death if they apply during the following month.

In general, a person who applies for retirement or survivors benefits after reaching age 65 can receive payments for up to six months before the month of application. It is possible to apply as early as three months before the month benefits are to start. This will help assure that the first payment is received on time.

Applicants for Social Security benefits should bring to the Social Security office their own social security card or a record of their number, and, if their claim is based on another person's record, that person's social security number; proof of age; a marriage certificate if the application is for a wife's, widow's, or widower's benefits; children's birth certificates if application is being made for them; and Form W-2 for the last two years or, if self-employed, copies of the last two Federal income tax returns.

## POISON PREVENTION

...how to save lives.

Poison prevention is important to every family. Here are some tips on how to "poison-proof" your home.

- \* Keep household products and medicines out of the reach of children and locked up when not in use.
- \* When you use household products or medicines, don't let them out of your sight, not even for a minute.
- \* Store all medicines separately from household products.
- \* Keep items in their original containers.
- \* Leave original labels on all products, and read the label before using.
- \* Always leave the light on when giving or taking medicine.
- \* Avoid taking medicines in front of children since youngsters often try to imitate grown-ups.
- \* Refer to medicine as "medicine," not "candy."
- \* Clean out the medicine cabinet periodically, and safely dispose of unneeded medicines.
- \* Use safety packaging properly. Close the container securely after use.

Senior Van Hedrick hurled the first no-hitter Thursday when the Hawks blanked Windthorst 10-0.

# Cook of the Week

If experience does indeed make perfect, Thelma (Mrs. Jimmy) Voyles, our cook for this week, can surely claim perfection in the culinary department. She has been a part of the Iowa Park School cafeterias 29 years, working at Kidwell Elementary, junior high and high school. She has been manager of the high school cafeteria the past 13 years.

Mrs. Voyles plans to retire at the end of the present school year, and she is filled with mixed emotions. "I love to cook, and I love the students, and I know that I will miss them," she said. She has also enjoyed her association with her co-workers, teachers and administrators and she realizes that she will have to adjust to retirement.

During the current year, Mrs. Voyles and her co-workers have served an average of 425 students per day, and when pizza is on the menu, they serve about 450.

A native of Oklahoma, she has lived in Iowa Park since 1936. She is a member of the First Baptist Church and Hope Sunday school class, and the DAV Auxiliary in Wichita Falls.

Jimmy, who is a former Wichita County sheriff, and Thelma have a son, Jerry, and a daughter, Mrs. Robert Penaluna, both of Iowa Park, and one grandson.

Mrs. Voyles' hobbies are sewing, crocheting, latch hook work and cooking. One of her recipes today, Pretty Easter Cake, sounds like a tempting dessert for the special Easter Sunday dinner or for any time of the year.

Mrs. Jimmy Voyles

Food Cake as directed. Let set until completely cold.

Dissolve 1-3 oz. pkg. strawberry Jello in one cup boiling water.

Add one-10 oz. pkg. frozen strawberries and chill until thick.

Make two layers of cake by splitting cake in half. In each layer pull cake apart making holes close together. Fill each hole with Jello mixture, and flip top layer back on bottom layer, then cover with Cool Whip. This makes a large cake and is pretty with an Easter bunny stuck in hole in center of cake.
