# IOWA PARK LEADER

30 Cents

Vol. 20, No. 3 IOWA PARK, WICHITA COUNTY, TEXAS 76367 Thursday, Sept. 29, 1988

## Hawks' next opponent ranked high in state

Not since 1983 have the Hawks been on the same football field with Gainesville, that they will Friday night, starting at 8 p.m.

Iowa Park takes its 0-4 record to Gainesville for the final non-conference game of the season, and will face the state-ranked Leopards who have a 2-1-1 record.

This is the first time Iowa Park has started the season with four consecutive losses since 1981, but the coaching staff is encouraged by the team's improvement, especially after

the losing effort last week at Mineral Wells.

Gainesville started off the season with a 13-13 tie with another state-ranked team, Springtown, and then shut out Dallas Hillcrest 34-0.

After suffering a 20-14 loss to Oklahoma powerhouse Ardmore, the Leopards rebounded last week with a 14-10 win over Class AAAA Allen.

Despite the fact that Gainesville is a larger town and school than Iowa Park, the Hawks hold the edge in the six-game series, 4-2.

And no Hawk fan who saw the 1982 game will ever forget that 7-6 win over the Leopards, when Gainesville was ranked second in the state by the Associated Press.

The Hawks lost in the first meeting of the two teams, 1972, by a narrow 33-24 margin, and then the two following years won 35-22 and 28-0.

Gainesville beat the Hawks, who went 0-10 in 1975, 46-6, but the Hawks won in 1982 and last year 10-6.

"All we lack is the intensity to be a team to play with anybody," said Coach Len Williams, who also said he was well pleased with the play of his club during the second half of last week's loss at Mineral Wells.

It was during that 24-minute period Friday that he said he "...saw something he hadn't seen all year long, intensity."

The Hawks, who were short handed because of a player's ejection from the field and additional injuries,

### Taking banquet reservations

Reservations are now being accepted for the annual homecoming banquet of the Iowa Park Alumni Association.

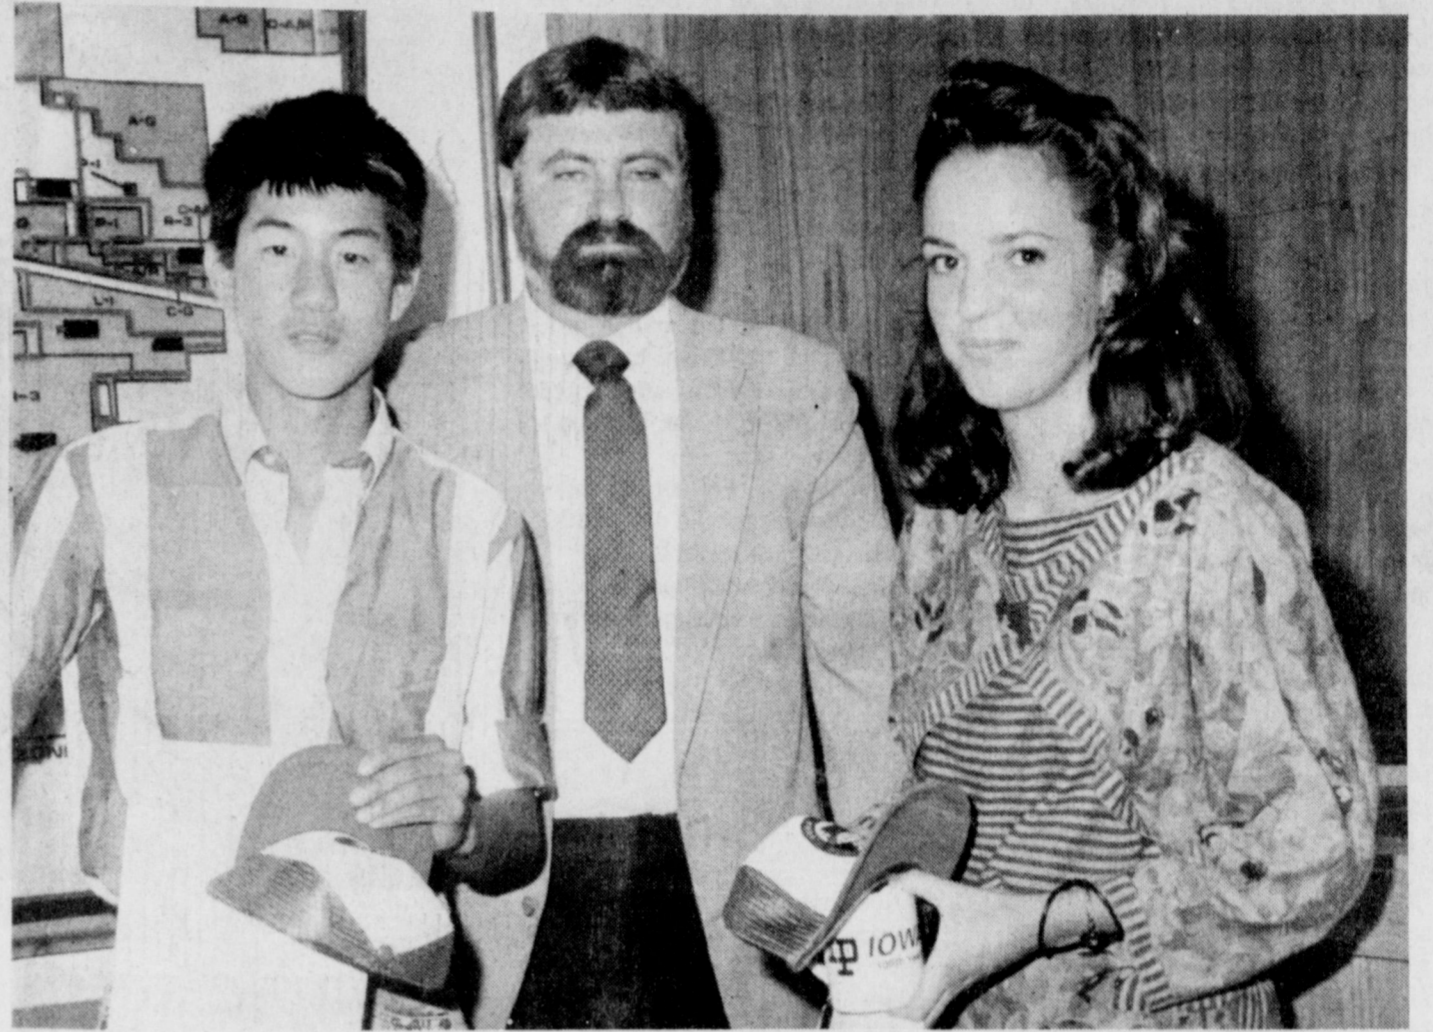

The event will be held at 7 p.m. Saturday, Oct. 22, in the high school cafeteria.

Reservations, at \$7.50 per person, can be made through Josephine Patterson, Box 223, Iowa Park, and must be made by Oct. 15.

The meal, barbecued beef and ham with all the trimmings, will be catered by the MuleSkinners.

Live entertainment will be provided by the Imitation Stats of Seymour.

Anyone interested in serving or helping the Association is asked to contact one of the officers: Karen Lehman, Sue Bradberry, Lela Mercer, Jo Patterson, Ruth Gard or Joni Whitis.

MAYOR TIM HUNTER WITH NEWEST HONORARY CITIZENS OF IOWA PARK ... high school exchange students Naoki Itoh of Japan and Laure Fourel of France.

## Council okays 9-1-1 budget

Besides accepting a petition from a group of citizens and deciding to wait until the next regularly-scheduled meeting to discuss points of the document, the city council attended to several issues Monday.

Included were the recognition of two foreign students by resolution, approving the E-9-1-1 emergency telephone budget, purchase of a new computer and authorizing the administrator to advertise for purchase of two new pickups.

A decision was not reached on bids for the city's insurance coverage, and a called meeting was announced to be held at 7:39 this evening on the subject.

Resolutions recognizing two for-

ign exchange students attending Iowa Park High School this year, Naoki Itoh of Japan and Laure Fourel of France, and making them honorary citizens, were read by Mayor Tim Hunter and presented to the students.

The emergency telephone budget had been revised from its previous consideration, which had been turned down by the council, and was accepted Monday.

The council instructed administrator James Barrington to specify the pickups to be considered in bidding should be white in color. Members said they felt all the vehicles should be of one color in the future.

Also approved were ordinances

naming the newly-annexed roadway that extends from US 287 to Lake Iowa Park "Wigley Road," and a "house-keeping annual project" that concerns eligibility for retirement benefits of present and former employees.

No action was taken on bids for the city's insurance. Barrington told the council that attempting to compare coverage included in the policies was like comparing "apples and oranges." He said he could not make a recommendation at that time.

Because more study was needed, members decided to hold a special meeting this evening at which a decision is expected to be made.

# Group wants administrator, chief fired

## Points of 'petition' to be discussed at city's Oct. 10 meeting

No attempt was made by the city council Monday night to respond to a large number of questions and allegations presented in a two-part petition.

Mayor Tim Hunter, after first explaining to a large audience attending that the council was legally not required to accept a petition, said the issue would be put on the next regularly-scheduled meeting agenda, and at that time be fully answered.

Rumors had been reported over the past few months that a petition seeking the firing of the city administrator and police chief was being passed around.

Administrator James Barrington said late in the week before the last council meeting by someone wanting to be on the agenda, but he explained it had already been posted.

He said a cover letter and several reproduced pages of signatures was delivered to his office last Wednesday by Janice Payton, and he told her the topic would be on Monday's agenda.

The petition itself was not made available to the council until Mrs. Payton was called from the audience Monday. Mayor Hunter accepted the eight-page document and excused himself to the audience while he read it.

Hunter then said he felt copies of the petition should be made for each member of the council, giving them time to study the points, and time would not permit that night.

He also said the document would be studied by the city's attorney.

The next regularly-scheduled meeting should be Oct. 10, the second Monday of the month.

Hunter explained that Iowa Park is a "general laws city," meaning the city's charter differs from "home rule charter cities," and that there is no provision in the city's charter requiring the council to accept a petition.

The mayor agreed with Danny Haynes, who was sitting in the audience and proposed that all points of the petition be discussed in one meeting.

The cover letter on the copies of signatures delivered Wednesday by Mrs. Payton was addressed to the mayor, administrator and council. It stated:

"We, being a portion of undersigned citizens of Iowa Park do ask reasonable time to be heard on the 26th of September, 1988, at the regular meeting of the Iowa Park City Council business meeting, in regards to the self explanatory petition which will be presented to the council at this time in regards to the wishes of a vast majority of tax paying citizens of Iowa Park in regards to the excessive expenditures (sic) of the tax dollars. The undersigned is but a portion of names which will be given to you on the 26th with all the numbers of voting certificates and precinct eligibility (sic). We will have one main speaker at that time to converse with you for the majority and will

see you with the TV media at that time.

Thank you for the courtesy and time that will be extended to us on this date.

The undersigned citizens of Iowa Park, (being a partial list.)"

The list contained 248 signatures, but there were no signatures accompanying the document presented Monday night.

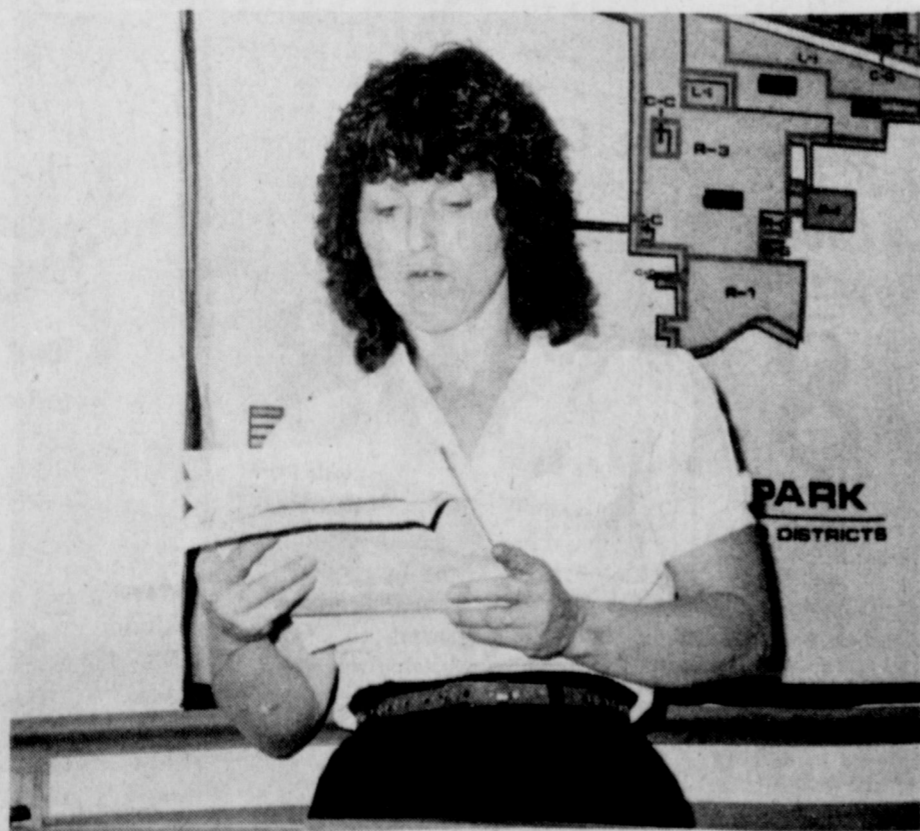

Because a few of the signatures are illegible, the list will not be set in type and reproduced in this issue.

However, it must be noted that none of the 10 pages of signatures had a petition purpose statement at the top, though there may have been on the original sheets.

Following the agreement to take up the petition at the next meeting, almost everyone in the audience left and the council took care of the other items on the agenda.

To The Honorable Tim Hunter  
To The City Administrator James Barrington  
To The City Council: Bud Mercer, Johnny Coker,  
Diane Robnett, Bud Burch, Virgil Woodfin

We, being tax paying citizens of Iowa Park, Texas do have the right and do hereby petition for the investigation and resignations of City Administrator, James Barrington and of Police Chief Alan Sheffield. We ask for a full investigation of all monies that is being spent and a full outside audit of all books. We have the right to demand that our tax dollars quit being wasted on frivolous (sic) things and to be put to use for the city as a whole. Real estate is not an investment that we can see as benefitting us in anyway (sic). Why should our tax dollars be spent for real estate when we are all being told that the taxes are having to be increased to cover expenses of the city. The economy is down, therefore, real estate decreasing in value, but our city government is using our tax dollars, tying it up for an undetermined period of time. Why? Our city should be using this money for something that is beneficial for us today, not later in time. Tomorrow's citizens may have lots of money, if at that time let them purchase real estate with tax dollars if it is beneficial to the city. Our dollars need to work for us now. Also, all of the trips that are taken out of town by these city officials seem to be quite often and very expensive. Why is the cost so enormous? How many are going and to what and for what and why is it beneficial to the town? Is it a real necessity or just a short vacation for the officials going. Do we really gain or benefit from this expense that has grown enormously? We feel that our tax dollars should be considered for much more constructive things, that would benefit us as a whole, not just a few. This would and should include all streets, spraying for mosquitoes (sic), water, employment, and all due respect to us as individuals, being citizens or others who have to visit city hall from time to time for whatever, such as permits, information, paying water bills, or other. The attitude that has and is being shown has been quite unreasonably rude, and even threatening at various times. One man, a local contractor, was told "If he did not do as he was told to do that the city would and could make it very hard on him to ever do any work within the city." Also, the one dollar that is being charged at city hall when a permit is issued for \$110.00 plus one dollar. No-one knows what the one dollar is for or where it goes. Many have asked and always got the same answer. "I don't know." Possibly you can find out and let the people with permits know. This is a lot of dollars to be going no-where. The people of city hall need to realize that they work for the citizens of Iowa Park. All of us, not just a chosen few picked out at city hall. Our tax dollars pay these peoples wages and we feel

JANICE PAYTON REVIEWS PETITION MONDAY NIGHT ...after turning over copy to city council.

## Fall gardening is program of Garden Club meeting

Tim Hunter, co-owner of Hunter's Farm and Home, gave the program at a meeting of the Iowa Park Garden Club Friday morning in the home of Mrs. R.L. Good.

Co-hostess was Mrs. R.F. Bar-tosh.

Introduced by Mrs. Robert Illingworth, vice president, Hunter presented a program on "Preparation for Fall Gardening."

He explained that since the first freeze of the season in our area is between Nov. 1 and 11, there is still plenty of time to plant a fall vegetable garden, and suggested planting the vegetables in stages and in short rows.

He named fall as the perfect time of year to re-design a lawn's landscape, repot houseplants, take cuttings from shrubs and flowering plants, and to bring outdoor hanging baskets indoors for the winter.

Hunter also stated that fall is the time to plan for the spring growing season, preparing flower beds, fertilizing and controlling weeds in the lawn, and planting trees and bulbs. Hunter concluded his presentation with a question and answer period.

Following the program a business meeting, with members answering roll call with their favorite fall vegetable, was held.

Mrs. Joe Kennedy, flower show co-chairman, gave a report on the club's flower show to be held Oct. 22, in conjunction with Iowa Park's Centennial celebration. The theme for this year's show will be "A Century of Nature's Beauty."

Mrs. Vern Mikkelson reported on an upcoming trip to the Myriad Gardens in Oklahoma City. She reminded members that reservation must be paid by Oct. 14.

A conservation report about cactus was given by Mrs. John Clapp, who told members that of the

2,000 varieties of cactus in the world, over 100 varieties can be found in Texas.

She said that the smallest species of cactus, the Davis Green Petaya, can be found in West Texas. The plant is less than one-inch tall and because it is near extinction, is protected by both state and federal laws.

Mrs. Clapp stated that in order to preserve the cactus we have, they should be planted from seed instead of transplanting from one location to another.

Mrs. Norma Fortner, chaplain, gave the thought for the day entitled, "Six Things To Remember."

Mrs. Good, membership chair-man, welcomed a new member, Mrs. Deryl James.

### Look Who's New

Bethany Marie, an eight pound 13 ounce daughter, was born Sept. 8 to Mr. and Mrs. Dennis Dillard at Wichita General Hospital. She is the couple's first child.

Mrs. Dillard is the former Valerie Ward of Iowa Park.

Grandparents are Mr. and Mrs. Richard R. Dillard Sr. of Kamay and Mr. and Mrs. Joe R. Ward Sr. of Iowa Park. Great-grandparents are Mrs. Dollie Dillard of Burkburnett and Mrs. Bernice Douglas of Shreveport, La.

Mr. and Mrs. Randy Gibson are the parents of a daughter, Cori Laine, born Sept. 17 at Wichita General Hospital. She weighed six pounds, three ounces, and has a brother, Grant, 13 months old.

Mrs. Gibson is the former Kellie Richter.

Grandparents are Mr. and Mrs. Donald Richter and Mr. and Mrs. Ray Gibson, all of Iowa Park. Mrs. G.F. Richter of Iowa Park and Mrs. Lou Ingle of Crowell are great-grandmothers.

Heather Denise, an eight pound, 12 ounce daughter, was born Sept. 17 to Mr. and Mrs. Lannie Browning of Iowa Park. She has two sisters, Darla, 12 years old, and Brandi, 10.

Grandparents are Maxine Rutledge of Donna, J.R. White of Weslaco, and Mr. and Mrs. Willie Browning of Iowa Park.

Mr. and Mrs. Stan Spruiell are the parents of a seven pound son, Ryan Austin, born Sept. 23 at Wichita General Hospital. He has a brother, Ross, three years old.

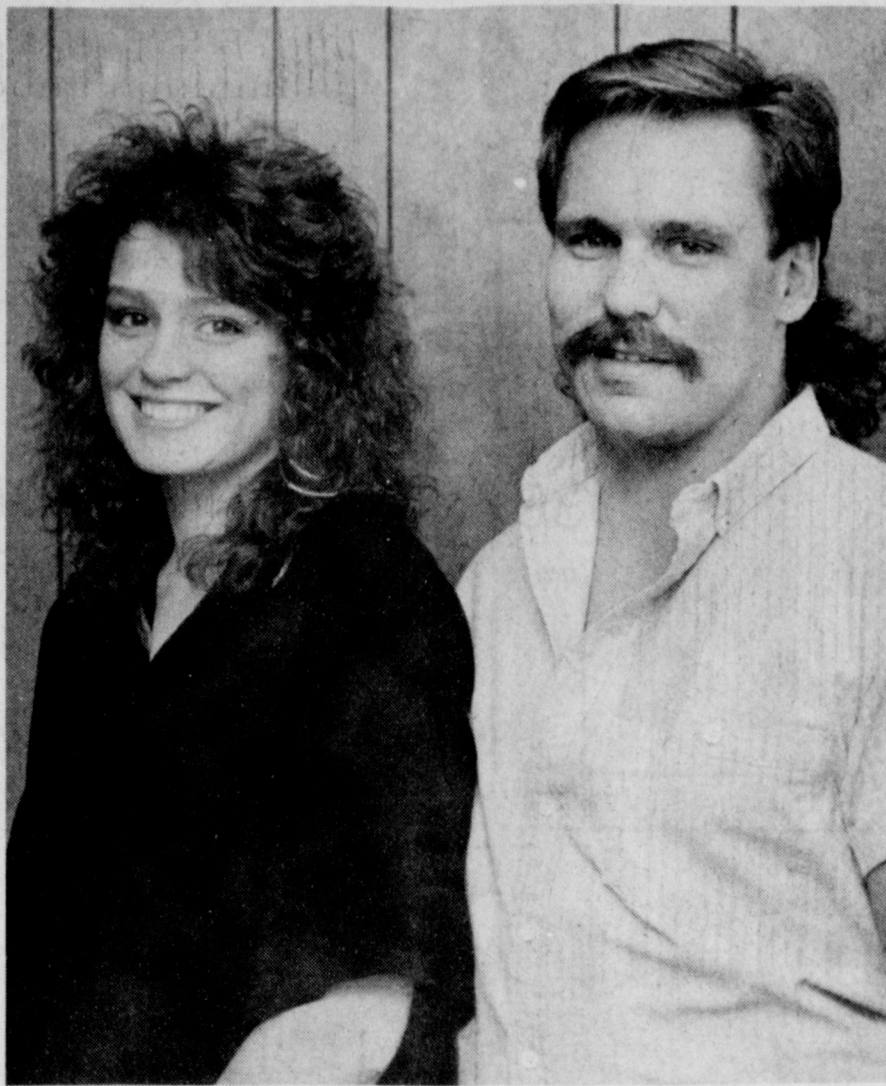

Grandparents are Mr. and Mrs. Glen Spruiell of Iowa Park and Mr. and Mrs. Paul Reed of Dallas. Ruth Mulhauser of Iowa Park is a great-grandmother.

## Announce engagement

Mr. and Mrs. Jerry Evans of Iowa Park announce the engagement and forthcoming marriage of their daughter, Michelle, to Monte McCoy, son of Mr. and Mrs. Lee McCoy of Wichita Falls.

Miss Evans is a graduate of Iowa Park High School and Midwestern State Univ. McCoy is a graduate of Wichita Falls High School and Midwestern State Univ., and is employed at Uarco Business Forms.

The couple will exchange vows Dec. 10 at Faith Baptist Church in Iowa Park.

DAWNA BRADFORD AND BERNIE MANZER

## Couple sets October date

Miss Dawna Bradford, daughter of Mr. and Mrs. Gary Bradford of Iowa Park, and Bernie Manzer, son of Mr. and Mrs. Ray Collins of Irving, will be married Oct. 9 in Irving.

Miss Bradford is a graduate of

Iowa Park High School, and is employed as a hair stylist in Irving. The groom-elect is a graduate of Jonestown, New York, High School, and is employed at the Top Rail Ballroom in Irving.

## Announcing money-saving news for State Farm drivers 50 and over.

State Farm Mutual policyholders 50 and over who have no male drivers under 25 and no unmarried female drivers under 25 in their household will be getting a break on the cost of their car insurance.

If you're 50 or over, call any one of us to see if you qualify.

## Review of Buscaglia book slated at First United Methodist Church

Mrs. Lovell Baker will review "Bus 9 To Paradise," written by Leo Buscaglia, at noon on Oct. 8 at the Fellowship Hall of the First United Methodist Church.

The book review will be held along with a salad luncheon, with a charge of \$6. Proceeds will benefit the mission of the church. 175 tickets will be sold for the event, and can be purchased at the church office, State Farm Insurance office, or by calling Mrs. Gerry Thurlo at 592-5850.

Mrs. Baker has been reviewing books since she was a sophomore in high school, and is well-known throughout the state for her work. She is a member of the staff of Walnut Hill United Methodist Church in Dallas.

Active in the United Methodist Women, Church Women United and teaching in schools of mission throughout the southwest, she was a

MRS. LOVELL BAKER

recent Zonta nominee for Dallas' Outstanding Woman, and is listed in the 1987 Edition of International Who's Who Among Women and in the edition Foremost Women of the Twentieth Century.

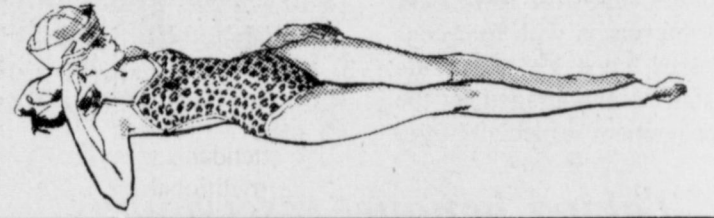

### Band Boosters to meet

The Iowa Park Band Booster club will meet at 7 p.m. Tuesday in the high school band hall.

All parents of junior high and high school band members are asked to attend.

## Why Worry?

Have freedom from UNWANTED HAIR!

How much is enough to get rid of a disfiguring hair problem for life? If you measure in terms of satisfaction and self-confidence, permanent hair removal at GUNTER ELECTROLYSIS STUDIO, represents a minimum at which these qualities can be supplied. Since skill and know how are the determining factors in cost per treatment and number of treatments required for a cure, you probably would pay less to be hair-free than using some of the temporary methods of hair removal for the rest of your life.

# Mashburn, Bodine exchange vows in double ring ceremony Saturday

Miss Paula Lee Mashburn became the bride of Bart Rich Bodine in an afternoon ceremony Saturday at First United Methodist Church. Rev. John Mollett, pastor, officiated the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Billy C. Mashburn of Iowa Park, and Bodine is the son of Mr. and Mrs. Joe H. Bodine of White-wright.

Miss Mashburn was escorted to the altar by her father, and given in marriage by both parents. For her special day, she chose a white chiffon gown featuring a fitted bodice and tuss sleeves. The semi-cathedral train was adorned with ruffles of chantilly lace. A fingertip illusion veil edged in lace completed her attire.

She carried a cascade bouquet formed of burgandy and gray pansies, roses and carnations, accented with English ivy and white satin streamers.

The groom wore a white tuxedo with tails, complimented with a burgandy rosebud boutonniere.

The couple were attended by Mrs. Charles Devenport of Wichita Falls as matron of honor, and Larry Wilson of Bonham as best man.

Mrs. Devenport wore a gown made of burgandy taffeta with short, puffed, off-the-shoulder sleeves. She carried a nosegay bouquet made of white tea roses, burgandy miniature carnations, baby's breath and stephanotis, defined by white satin ribbon loops and white and burgandy satin streamers. Wilson wore a gray tuxedo with a regular coat.

Leslie Alexander of Whitewright and Angela Bodine of Sherman, nieces of the groom, were flower girls. They were each attired in a petite white eyelet dress with burgandy lace around the collar and hem.

Brian Simmons of Iowa Park, nephew of the bride, and Jonathan Alexander of Whitewright, nephew of the groom, served as ring bearers. They wore gray tuxedos with white rosebud boutonnieres.

Ushers were Carlos Bodine of Paris, Brad Alexander of Garland and Bruce Bodine of Sherman, brothers of the groom, and Darin Whitman of Iowa Park, brother-in-law of the bride.

The couple exchanged vows before two-seven branched candelabras decorated with boxwood and grapeleaf ivy intertwined with white bows and wisteria, and holding burning white tapers. The kneeling bench the couple used during the ceremony was laced with grapeleaf ivy and white and burgandy satin streamers.

Boxwood and grapeleaf ivy delicately decorated with white wisteria and white roses adorned the railing around the altar area. Burning votive candles were interspersed along the greenery.

Seating for the families was marked with large white bows formed around twinkle lights. Organist Mike Bedford of Fort Worth, cousin of the groom, provided prelude music which included selections by Bach. Mmes. Jimmy Spear of Iowa Park and Tim Quinn of Carrollton were vocalists and sang "The Wedding Song" and "I Walked With God."

The "Prince of Denmark March" was played by the organist for the

MRS. BART RICH BODINE

bride's attendants to walk to the altar, and the traditional wedding marches were used for the bride's entrance and the recessional.

Following the ceremony, a reception was held in the Fellowship Hall of the church.

The bride's table was the focal point of the reception area, holding the bride's four-tiered cake.

The confection was decorated with wedding bells holding burgandy rosebuds inside of each, between each raised layer of the cake. Frosting wedding garlands interspersed with burgandy roses decorated the sides of each layer. The cake was topped with a miniature bride and groom surrounded by a wreath of burgandy flowers with white leaves and beads.

Covered in a white cut lace embroidered cloth, the table also held a floral arrangement in a cut glass bowl, a gift given to the bride at her shower by the hostesses. Pink wedding bell-shaped mints in a cut glass plate, and assorted nuts served in an antique silver serving dish completed the table setting.

Mmes. Curtis Simmons, sister of the bride, Rey Tolentino of Vernon and Roy Quisenberry of Quanah, cousins of the bride, and Robert Grout of Burkburnett, presided at the bride's table.

The groom's table was covered in a white cut lace embroidered cloth and held a chocolate sheet cake adorned with chocolate roses and the inscription, "Paula and Bart, September 24, 1988."

A gold coffee set and silverware, an antique candelabra with a burgandy candle, antique picture frame with the couple's engagement picture

inside, and assorted nuts and chocolate mints in cut glass dishes completed the table appointments.

Presiding at the groom's table were Mrs. Bruce Bodine of Sherman and Mrs. Carlos Bodine of Paris, sisters-in-law of the groom, Stephanie Bodine, niece of the groom, and Mrs. Mike Galvez of Wichita Falls.

Members of the house party were Mmr. Leon Pechacek and Floyd Page, aunts of the bride, both of Quanah, Veta Phillips of Whitewright, aunt of the bride, Laura Rich of Richardson, aunt of the groom, Carlton Hicks and Billy Marine, both of Iowa Park.

Rice bags were distributed by Tonya and Sonya Bodine of Paris, nieces of the groom.

The registry table, attended by Mrs. Darin Whitman of Iowa Park, sister of the bride, was covered in white over burgandy and held the bride's book and burgandy plume pen.

Prior to the wedding, the bride was honored with two miscellaneous wedding showers, at the First Methodist Church in Iowa Park, and at the home of Betty Almond in Whitewright.

The bride was graduated from Iowa Park High School and Midwestern State Univ. She is employed by the Blue Ridge school district as a first grade teacher. Bodine is a graduate of Whitewright High School and Stephen F. Austin State Univ., and is employed by the Whitewright school district as a computer and business teacher.

Following a honeymoon trip to Lake Murray, the couple is at home at Whitewright.

As I See It... By BOB HAMILTON

I couldn't believe my eyes when I got a hold of the "petition" that was presented Monday night to the city council.

First of all, it is immediately apparent that the "petitions" signed by citizens did not carry the same information as that which was given to Mayor Tim Hunter.

What happened was, a list of sig-

natures with a cover letter was given to Administrator James Barrington last week, and time on the council's meeting agenda requested.

Then at the meeting Monday, the rest of the "petition" was handed the mayor.

One signer said it was not the same information that was on the petition she signed. Part of it was, but not all.

In other words, whomever it was that drafted the document presented the council did in fact put words in the mouths of those who's signatures were presented with a separate document.

I'll leave it to you, the readers, to determine the intelligence and knowledge of whomever wrote the petition, which I have on the front page of this issue. But I encourage you to read it. All of it. Word for word.

Rather than address any of the topics in the "petition," I will wait and hear the council's response at its Oct. 10 meeting.

Also while reading the article on page one, please note the point made that the presentation would be covered by television media. That's very important, when someone thinks they are going to bring pressure on an elected body here in Iowa Park.

Please also note that our tv people didn't find the resolutions concerning our two foreign exchange students interesting enough to report.

On another topic, I'm fully aware that I gave you readers a deadline for getting information in for the issue that will cover the history of Iowa Park.

I'll also admit that we will be happy to take family histories and

other stories for that issue even later. The reason for the deadline was to be able to assure anyone who turned them in that they would be printed in the Oct. 20 issue.

Should some copy come in too late for that issue, we will still find room for it.

I still don't know how many pages we will have, but it'll be a bunch. Businesses are providing the space with their advertising, and the people and churches are really cooperating with their stories.

Let me give you an indication of how interested some people are.

Lewis Emmanuel came over from Electra to visit with me about the issue. He's a native of Iowa Park and a true pioneer.

I'd say the 84-year-old qualifies, since his birth certificate over at the county courthouse is numbered 150!

He told me the story about those tiedown rings for horses that are over on Wall Street sidewalk.

They are actually bits from Tanner's Hardware, broken in two, and sunk into the wet concrete when the sidewalks were poured.

Be patient with us, and wait for the issue of Oct. 20 to come out. I think, if you have any interest in the history of Iowa Park, the people, the businesses, the economy, the churches, whatever, it'll be in it.

Check petition

Fellow Citizens of Iowa Park

On Monday, 26 September, I, along with the other City Councilmen, was presented a lengthy petition addressing a number of local issues. I can assure you that this council will address the petition(s) in its entirety.

Because the list of names was presented to me separately from the petition, I am asking that citizens examine the content of the petition as a whole and make certain the intent of their signature is represented by the same petition. It is available at City Hall for your review.

This will be handled in a professional manner; your input is always welcome.

Sincerely Johnny L. Coker City Councilman

Attacks petition

Dear Mr. Hamilton

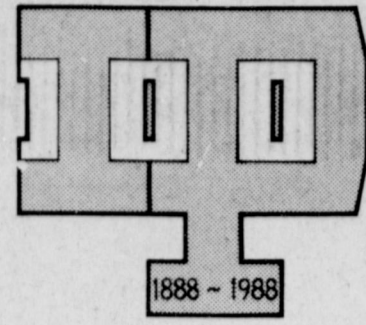

Well, sad to say, ignorance has reared its proud head, propelling our fair city to the forefront of the "laughing stock" category. Again, when I first heard there was a petition circulating requesting changes in our city government, I was not too concerned, since I try to pay attention to the doings of our paid and/or elected officials. All-in-all I believe we now have about the best group of men and women serving the public trust that we've ever had. Were the majority of our citizens cut from the same cloth as some of the "ying-yangs" at Monday's council meeting, I would have to say that our current officials are far too good for us. Fortunately the general population is of good sound mind. All I can figure is that two types of people signed the literary abomination that was presented to the council: (1) those who were hoodwinked into thinking they were signing a valid petition and were presented a blank page to sign, or, (2) those who are ordinarily, in more genteel locales, kept locked in closets. Now dammit, no one with a level of consciousness higher than comatose could have read the petition and signed it both. The "facts" quoted and suggestions made were without any substance at all, and even the most limited inquiry would have proven that to anyone who was in doubt. I'd bet cash money that city hall was not flooded by callers asking, in advance, if any of the allegations were true. I'd bet even more money that the newspaper office, always the best source of factual information, was not overwhelmed by callers wondering if any of the petition's statements were true. Fact is, those who fall into category #2 above could care less if there was any truth in the petition. That's the blessing of ignorance in its advanced stages -- truth is whatever you'd like it to be, regardless. Sadly, most of the category #2 people will be mad (but probably won't grasp enough to be insulted) when they read this. Sadder still is that they still won't take the time or effort to determine the truth. That was self evident in that most left the council meeting when the circus act was over, not wanting to find out what really goes on.

I'd originally started out to comment on the individual salient points, but, frankly, they weren't worth the time. Remember folks -- if you think you're ignorant, do something about it; if you don't think you're ignorant, think again.

Yours in ignorance M.H. Newman

Junior Class Meeting

Miss Gladys Crume called the Junior Class to order Wednesday afternoon and during their first meeting of the year the following officers were elected:

President, Ted Zeck; vice-president, Nell Reaves; secretary, Mary Miles Hines; treasurer, Betty Brown.

Teacher sponsors elected were: Mrs. Thelma Watson and Mr. Pickens Bowen. Mesdams T.M. Clark, M.L. Smith and C.L. Reaves were selected as class mothers.

The class voted to have a booth at the Wichita County Fair, September 24-27. The committee responsible for arrangements, appointed by the president consists of class members Annie Lee Jacks, Mary Miles Hines, Zoy Allen Zink, Gene Beavers and John Mixon.

The class colors, red and white, will be used to decorate at all "junior" affairs.

# Cook of the Week

Mrs. Wayne Kuykendall

Some folks think that after every dinner a good dessert should follow. Evidently such is the case with this week's featured cook, Dawn (Mrs. Wayne) Kuykendall.

Mrs. Kuykendall provided readers with five dessert recipes this week, showing that her family, like most, enjoy a treat after meals or any other time of the day.

The Kuykendalls have lived in Kamay since they married five years ago. The couple have a daughter, Gena, three years old.

The former Dawn Lansford grew up in Wichita Falls and attended Wichita Falls High School.

Dawn is a housewife, and when she isn't busy with household duties, enjoys ceramics and bowling.

Her husband, Wayne, is employed at Kirk's Well Service in Kamay and is a member of the Kamay Volunteer Fire Department.

The couple are members of the Kamay Assembly of God.

### "DIVINITY CANDY" CAN'T FAIL (from Mom)

1-7 oz. jar marshmallow cream  
2 cups sugar  
Pinch salt  
1/2 cup water

Place marshmallow cream in bowl. Place rest of ingredients in a

saucepan and bring to a boil. Boil to soft ball stage, 234 degrees F. Pour syrup mixture over marshmallow cream and stir with mixer until slightly stiff peak forms. Add 1 tsp. vanilla and chopped nuts. Pour in buttered pan or drop on waxed paper.

### EASY PINA COLADA CAKE

1 box yellow cake mix  
1 box instant vanilla pudding and pie filling mix  
1 can Coco Lopez Cream of Coconut  
1/2 cup plus 2 Tbsp. rum (opt.)  
1/3 cup vegetable oil  
4 eggs  
1-8 oz. can crushed pineapple, drained  
Whipped cream  
Pineapple chunks  
Marachino cherries  
Toasted coconut

Set oven at 350 degrees. In a large bowl, combine cake mix, pudding mix, 1/2 cup of cream of coconut, 1/2 cup rum, oil and eggs. Beat on medium speed two minutes. Stir in pineapple. Pour into well-greased and floured 10-inch tube pan.

Bake 50 to 55 minutes. Cool slightly. Remove from pan, poke holes in top of cake almost to the bottom. Combine remaining cream of coco and rum. Pour over cake. Chill. Garnish with remaining ingredients. Store in refrigerator.

Note: If cake mix "with pudding" is used, omit pudding mix.

### RITZ CRACKER PIE

3 egg whites, stiffly beaten  
1/2 cup sugar  
1 cup pecans  
24 Ritz crackers, broken  
1/2 cup sugar  
1 tsp. vanilla

Beat egg whites and 1/2 cup sugar until stiff. Add vanilla. Mix together nuts and crackers and 1/2 cup sugar. Fold into egg mixture. Pour into ungreased pie pan. Bake at 250 degrees 50 minutes. Chill, top with whipped cream.

### NEIMAN MARCUS CAKE

1 box yellow cake mix  
1 stick oleo  
2 eggs

Mix together and press into 9X13X2-inch pan.

1 lb. box powdered sugar  
8 oz. cream cheese  
2 eggs  
3/4 cup pecans

Mix together and pour over mixture. Bake at 350 degrees 35 minutes.

### LEMON VELVET CAKE

1 box lemon cake mix (no pudding in cake mix)  
4 eggs  
1 cup oil  
1 box lemon jello  
1 cup apricot nectar juice

Mix all ingredients together. Pour into bundt pan and bake as directed on box.

### ICING

1/4 cup apricot nectar  
1 1/2 cups powdered sugar  
2 Tbsp. butter, melted

Mix, heat and pour over hot cake.

## Rams score late to edge Hawks

Iowa Park's Hawks put more points on the scoreboard Friday night than they had scored in all of their other three games, but still came out on the short end, losing 36-33 to Mineral Wells in a dramatic non-conference battle.

Three different times they held the lead, but the Rams mustered one final and successful drive, thanks to a major penalty, and scored the winning touchdown with 39 seconds remaining in the game.

Blemishing the Rams' victory is the fact that Iowa Park's camera crew recorded the defensive back returning an interception for a touchdown, as the clock ran out of time to end the first half, stepping on the sideline four consecutive steps.

The Hawks put the first points on the scoreboard, as they did against Breckenridge and Abilene Wylie.

On the first play of Iowa Park's second possession of the ball, sophomore fullback Matthew Blackman broke over left tackle and outraced the Ram defense 45 yards. Kelly McClure's kick was good, and Iowa Park led 7-0 with 5:24 remaining in the first quarter.

Near the end of the period, a fumbled handoff between Blackman and quarterback Jimmy Duggins was covered by Mineral Wells on the Hawk 20 and, on the first play of the second period, the Rams scored on a 16-yard pass. The kick knotted the score.

Mineral Wells took the lead with a 22-yard field goal at the 4:03 mark in the quarter, and would score twice more in the final 57 seconds because of turnovers.

The first was set up when Duggins lost hold of the damp ball and a Ram covered it on the Hawk 38. Mineral Wells' quarterback spread the defense on an apparent pass play, and then threaded his way to the

MICHAEL JOHNSON MOVES TO HELP FELLOW HAWK WITH TACKLE

end zone.

Then, with nine seconds before the half, Duggins' pass was intercepted on the Ram 40, and returned to score. That was the play the officials failed to notice the runner stepping on the sideline, on the Ram side of the field. The kick failed, but the hosts went to the dressing room with a 23-7 lead.

Iowa Park came out for the second half with the intention of making a game of it. And the Hawks did just that, scoring on their first possession.

Iowa Park marched 65 yards, despite a 10-yard holding penalty, and scored when Duggins lobbed an eight-yard pass to Bruce Palmer. That same combination had been featured on another play of the drive, which accounted for 49 yards. The kick for extra point failed.

A 12-yard shanked punt set up the Hawks for their next touchdown, from their own 38 yard line.

The Mean Green needed only 10 plays for Blackman to punch his way over from the one, 38 seconds into the final period. McClure's kick narrowed the score to 23-20.

Mineral Wells, on its next possession and needing three yards for a first down, gambled with a pass that was knocked down by Bunkie Imboden, giving possession to the Hawks on their own 40 yard line. Fullback Gary Tatum, on the first play, burst through the defense and sprinted 60 yards to score. McClure's kick was ruled wide left, but the Hawks again had the lead, 26-23.

The Rams punted to the Hawk 11 on their next possession and, unable to pick up a first down, Iowa Park punted and the ball was returned to the Hawk 35. Mineral Wells scored seven plays later, on a four-yard run around left end, and tacked on the extra point to lead 30-26 with 3:29 remaining on the clock.

Starting from their own 27, the Hawks marched steadily to the Ram 13 yard line, from where Dan Fannin, taking the snap as quarterback, rolled out around his left end and scored. McClure's kick was good, and the Hawks led 33-30, but 1:17 was still showing on the clock.

That drive was highlighted by a 34-yard pass from Fannin, who was playing the flanker position, to Palmer, and also a couple of major penalties against Mineral Wells for twice having 12 players on the field.

The Hawks got off two passes in the final 32 seconds of the game, but both were short and they were on their own 34 yard line when the game ended.

Two players were injured during the game, and another was thrown out.

Fannin injured his right knee on the touchdown run when he was tackled, and Jimmy Nicholson was carried to the hospital by ambulance and released. He was "out on his feet after getting his bell rung," and also apparently had a pinched nerve in his neck.

Blackman finished the night with 127 yards rushing on 18 carries. Tatum's 60-yarder helped his evening's total to 76 yards on seven carries. Marc Cruz was held to 21 yards on the evening.

# New RAC director making big plans

Her goal is to make the Recreational Activity Center a public place, fully utilized by the citizens of Iowa Park. Her name is Pam Johnson and her position is director of activities at the RAC.

Mrs. Johnson began her job at the activity center Sept. 1, replacing the retiring Betty Merriman, and has high hopes for the future of the facility.

The RAC is currently utilized on a regular basis as a meeting place by the Optimist Club and the local Weight Watchers group, and has thus far offered classes in exercise, crafts and ceramics, to name a few.

But the new director wants to implement a broader range of activities available to those of every age, and put the RAC into full public view. She said she was surprised to find that many people here don't know where the facility is located.

It shouldn't be difficult for Pam, who is optimistic and eager to realize her goals. She stressed that she is open to suggestions for classes, activities or other programs from the community.

Her agenda for October will include activities such as Beginning Cake Decorating, Dough Art, Karate, Aerobics and Low Impact Aerobics, Clogging, a Motorcycle Fun Run, the RAC's annual Spook House, and Jazz Dancing.

There are several pluses to using the Iowa Park facility as versus driving to Wichita Falls for the same purpose. The rates for taking classes at the RAC are quite competitive with similar facilities in Wichita Falls, with prices either matching or beating those in the larger city.

Annual membership here is \$4 per year per person, or \$12 for a family of four or more. The latter is a revision that Johnson pushed for recently to build up membership at the RAC.

The family membership, she said, is less than what a membership for one person normally costs in Wichita Falls.

Also the classes are smaller, enabling instructors to give more individualized attention to each student.

PAM JOHNSON

One does not have to have a membership to participate in classes at the RAC, but with no membership, a higher fee is charged for each class. Fees for the class go toward supplies and salary of the instructor.

Since Pam's great love is working with young people, it isn't surprising that many of her goals revolve around activities for Iowa Park's youth. Some of her plans for the future include being able to get enough supplies and support to begin an after-school program for kids whose parents work, and making the RAC a place that kids can go comfortably, reducing the need to go out of town for entertainment.

Pam and her family moved here from Snyder when her husband, Jim, was transferred with his job at Chevron. The couple have three children, Hilary, 13, Tasha, 11 and Ryan, six years old.

She said taking part in the community has been pleasurable, and that she immediately felt "at home" when they moved here. The family is attending First United Methodist Church.

She has previously worked as assistant program director of student activities at Western Texas College, and as program director at Wood's Psychiatric Hospital in Abilene.

Those of you who have suggestions, comments or would like more information concerning the RAC should call Mrs. Johnson at 592-4471, or drop by the RAC. It is located at 304 E. Texas.

# 'Petition'

Continued from page 1

ity center before it had ever been approached to the people? Why was the mayor told to hush and not let this issue be brought to a vote by the public? Why are the men who collect the garbage told to look for and write down everyone who is working on their homes and give the list to James Barrington. Is this the way you want your city to do business with their citizens? Why was the city trucks, city employees, and city's equipment used to clean, haul, level, and fill the lots on Park Street where Discount Food used to be while on city time? We understand a group called and registered as Deep Creek own this property. O.N. Newman owns the adjoining lots. If this is correct why are city people doing the work on the city's time? Why not use these people on the city's business instead if we are paying for their time. Why is there so much turnover in the police department? Why was an officer (sic) with no experience other than 7 months as a reserve made the detective of the department and another officer (sic) demoted. Where is the monies that is missing from the police departments petty cash fund? What happened before the present Iowa Park chief came to Iowa Park in Crystal Beach? Was the police chief asked to leave the town in Crystal Beach? Was the police chief brought before the grand jury before coming to Iowa Park and if so was this investigated? By whom? Does the council know the results? Why does it take someone from our police staff from the city to interview people for employment? If people are seeking employment why then don't they come to Iowa Park instead of us having to pay for the expense of interviews. With our officials going out of town these out of town trips are very costly and are being done excessively without and (sic) basis for them. This is a few of the whys and whatfors. We feel that as a group we are definitely not getting the best possible opinions, discussions, decisions, and commitments from you as a body that has been trusted with the obligations of protecting our city in all ways. This being fairly just and honest with all that includes monies, employment, leadership, and total commitment for the city while in office. There should be an investigation from all aspects for all people before any votes or final decisions are made by the city council. We feel that there has been a large amount of leadership lacking with very little being displayed from the council and none or very little variance of opinions from individual councilman (sic). This showing that there is

little or no consideration whatever the reasons maybe (sic) for any displaying why there should not be a difference of results when more than one mind is being put to work. We know that we are all individuals and that there are different reasons for everything. Why is it then that city council all agree entirely everytime James Barrington proposes any issue. Our opinion is that the council is supposed to tell the city administrator what to do and see that he carries it out to the sat- (sic) and not for him to instruct the city council discussion of opposition on different things from the agenda show that there is a man there that is telling his own theory with his own merits, not wait till next city council meeting so that a get to gather (sic) with council outside of meeting, can meet without the presence of public, so the administrator can instruct each one how to vote. This has been the history of the past council meetings for quite some time now. If you as council members are not qualified to make decisions on your own merits or do not have the time to investigate items and issues on the agenda then you should not hold a chair on the council. If you are not interested in the very best interest of the city of Iowa Park then you may and should resign at this time. We want the city of Iowa Park to continue to be a town that we can be proud of and to live in and at this time this has not been the majority of feelings among the citizens. Many people have expressed their discord with all of the activities in city hall for a long time but feel that if they speak it will hurt them in either business, or harassment with their children or of their home. This is a bad situation but we are asking for help on your behalf and are submitting to you at this time this petition with the best interests of better city government for Iowa Park, Texas in mind. Signed by the undersigned citizens.

(EDITOR'S NOTE: The packet also contained a letter to the editor of some unknown town, signed by Bill Kelsey as a councilman of the City of Crystal Beach, the former home of Iowa Park Police Chief Alan Sheffield. There is no newspaper at Crystal Beach, and the reproduction did not show in what newspaper it was printed. There is also a letter written for former Iowa Park Policeman Tommy Adams, which is similar to one this newspaper printed following his resignation. Neither will be reproduced for lack of space, but are available for inspection at the city hall.)

# Conservation director election set

Election of a director to serve Subdivision Four of the Wichita Soil and Water Conservation District Board will be held Tuesday at Iowa Park High School.

Prior to the 7:30 p.m. election, Wichita County Young Farmers will serve a hamburger feed, according to Fred Dwyer, WSWCD board chairman.

To be eligible to vote in the director's election, any person, includ-

ing the designated representatives of family farm corporations who are eligible voters, must be 18 years or older, reside within Wichita County, and hold title to farm or ranch lands within the district, which includes all of Wichita County.

Candidates for the position must be an eligible voter and own land within Subdivision Four, which is bounded by US 287 on the north,

FM 3658 on the east, Archer County line on the south and Wilbarger County line to the west.

Terms on the board are four years in length.

Current members of the board are Dwyer, chairman, Wichita Falls; Bill Brockriede, vice chairman, Electra; Barry Mahler, secretary, Iowa Park; Rex Wells and Freddie Daume, both of Iowa Park.

## 4-H CLUB NEWS

### 4-H RECORD KEEPING WORKSHOP TODAY

A special workshop on how to keep 4-H records will be conducted by Extension Agent Bethann Oswald and 4-H Volunteer Leader Donna Hodges at 7:30 this evening in the 4-H Auditorium.

Members will learn how to keep important records for their annual records books. Information such as how to get started, what type of information to keep, what type of pictures to take, etc., will be discussed. Basic guidelines for putting a 4-H rec-

ord book together also will be discussed.

"Record-keeping is a year-round process," explained Mrs. Oswald. "We hope to make compiling of record books an easier task in the spring."

Members are encouraged to enter one of the 45 national and state sponsored award programs. Winners from the various categories may reap awards, such as trips to National 4-H Congress, held annually in Chicago, as well as various gifts and over \$300,000 in scholarships.

**DRIVING WITH LLUMAR® ON YOUR WINDOWS IS NO SWEAT.**

It's a hot, muggy day, and you're stuck inside your car. Your air conditioner runs full blast, but you're still hot under the collar. And if all that isn't bad enough, the blinding glare hurts your eyes and hampers your vision. Keep your cool with Llumar®. Llumar solar-control window film from Martin Processing reduces the sun's fury to raise your driving pleasure. Ideal for all types of vehicles, the film allows light in but keeps a considerable amount of heat and glare out. The result: You stay cooler. Your air conditioner works easier. And your car wastes less gas.

**Protects your car. Protects your life.**  
But these are just a few of the reasons to drive with Llumar. Available in a variety of eye-appealing tints, the film adds a stylish, custom tint to your windows. It makes a sporty car look more expensive. And an expensive car look priceless. Llumar stops the sun from fading your upholstery and carpet by screening out up to 99% of harmful ultraviolet rays. It keeps the sun out of your baby's eyes. Softens jarring headlights at night. Affords more privacy, particularly for vans or RVs. And works like a steel curtain across your windows to protect your vehicle from vandalism-and you from flying glass in case of an accident. You can get Llumar only at an authorized dealer. Engineered to resist scratching, the film cleans easily with a milk liquid detergent. An authorized dealer will help you select the right tint, then install it for you. And Llumar is covered by a limited warranty. So test drive our film today. Because Llumar takes the heat so you don't have to. Drive over for a free estimate. And ask about Llumar for your home and office.

# Kirby wins both games

Two touchdowns each scored by Wichita Falls Kirby Junior High were enough for wins here Tuesday evening.

# Hawks

Continued from page 1  
lost in the last minute of that game. As has been the situation all season long, Williams and his coaching staff will not know until Friday night who on the team will be playing. Injuries have kept the Mean Green shorthanded from the first scrimmage. They feel lineman Tony Taylor will be back, after suffering a major ankle injury two weeks ago. But the coaches will have to wait and see if Jimmy Nicholson and Dan Fannin are physically able to suit out. Both were injured in the Ram battle. When Mineral Wells scored the winning touchdown, five starters were off the field. The Gainesville football stadium is located in the southeast part of town, on the east side of US 35 and almost directly south of the main business district.

Iowa Park Junior High dropped the Seventh Grade "A" game 12-0, and the Eighth Grade "A" was edged 12-6. But IPIHS posted one victory the same evening, when a combined team made up of Seventh and Eighth Grade "B" players beat Bowie's Seventh Grade "A" 18-8, at Bowie. In the Eighth Grade game, Cody Witherspoon scored for Iowa Park on a 20-yard pass from Jason Miller. At Bowie, Brian Kinnett scored a pair of touchdowns and Ralph Dillard the other. Tuesday, both "A" teams are to travel to Bowie, where the first game is slated on the schedule to begin at 6 p.m.

## Top 'O Texas Scoreboard

### PEE WEE HAWKS 6 QUANAH BRAVES 0

The Pee Wee Hawks won their third game in a row with great offensive blocking in the line and hard running by Shawn Fulfer and Dustin Johnson. Johnson scored the touchdown. Other outstanding offensive players were Toby Catlin and Justin Gilner. The defense was also tough, holding the Braves to only three first downs for the entire game. Defensive players were Todd Yeager, Wayland Stewart, Max Swenson and Justin Vicars.

### MIDGET HAWKS 14 QUANAH WARRIORS 8

After falling behind 8-0 on a 69-yard touchdown run by Quanah's Germont Jackson, the Hawks came alive in the second half and dominated the Warriors for a 14-8 win. The Hawks took the second half kickoff and held the ball the entire third quarter. On the first play of the fourth period, Robert Klinkerman fired a nine-yard TD pass to Josh Castles. Mickey Mayo's extra point run tied the game. Rusty Downs recovered a Quanah fumble after the kickoff, and Mayo's repeated off-tackle runs took the ball to the Warrior line, from where Klinkerman racked up the winning touchdown. After the following kickoff, Mayo intercepted a pass on Quanah's first play. The Hawk defense, led by Clint Scobee, Downs and Jason Young, along with the ball-control offense, allowed Quanah only three plays the entire second half of play. Mayo led Hawk rushers with 31 carries for 133 yards.

**.62 rain measured**  
Iowa Park received an additional .62 of an inch precipitation Thursday and Friday evenings, according to the measurement made by Virgil Woodfin.

# Husband arrested for wife beating

An Iowa Park man was arrested and put in county jail for assaulting his wife this week.

Police arrested Donald Ray Williams, 28, Tuesday afternoon on a warrant filed Saturday when his wife, Teresa, reported the assault.

The charge, assault causing bodily injury, was made and Williams was taken to county jail following his arrest.

Stanley McMahon reported a case of criminal mischief Thursday to police. The 309 W. Lafayette resident said a vehicle on his property had been vandalized, including breaking out a windshield.

A bicycle reported stolen Monday that had been parked at Wal-Mart was recovered Tuesday at B&R after its owner recognized the vehicle at the store and reported it to police.

Mike Brillhart filed a complaint

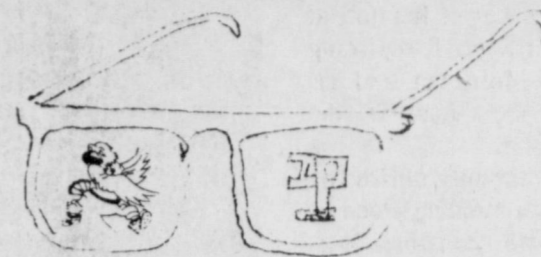

with police that someone had struck his vehicle parked Sunday afternoon at the Sonic Drive In, and driven away.

An attempt to pass a forged check was reported Thursday night at Scobee's. The subject showed an

Oklahoma driver's license issued to a Gary Keith Rosser, but it was not cashed.

Police searched the city following the report, but were unable to locate a vehicle matching the description given them.

## Sports

### Shorts

Iowa Parkan Charles Perry had a good day from his defensive tackle position Saturday when Texas Tech "upset" Baylor 36-6. He added 10 tackles to his season total, which now stands at 23. He's credited with 12 unassisted tackles and 11 assists; two quarterback sacks and one pass breakup. He's now tied for second in big plays on defense with five, and has two quarterback pressures to his credit. The Raiders are now 1-2 on the season, but more importantly 1-0 in Southwestern Conference play, and travel Saturday to Texas A&M, which is 0-3 this season.

## IOWA PARK SCHOOL MENU

Friday, Sept. 30

## TU manager speaks to Lions

Harold Smith, manager of TU Electric in Iowa Park gave the program Tuesday for the evening Lions. He was introduced by Dave Davis.

Smith explained that TU Electric came about in 1982 when Dallas Power and Light, Texas Electric and Texas Power and Light consolidated. He said that consolidation was good for the company and that it was saving money for their 1.2-million customers served last year. He said that the company set an all-time usage of electricity in August of this year.

He said that TU Electric is involved in mining lignite coal. He said since 1971 lignite coal has been a low-cost source of energy that has provided needed fuel diversification and reduced dependence on new supplies of natural gas. Smith also

said that the lignite plants at Big Brown Monticello, near Mt. Pleasant, Martin Lake near Tatum, and Sandow near Rockdale are capable of producing several million kilowatts of electricity, and that additional plants are being planned for the future.

He closed with a VCR presentation of "The Cycle of Texas Lignite."

A special guest at the meeting was Dewayne Spradling, governor of District 2 E-1.

During the business conducted by Jim Sligar, members voted to make a monetary contribution to the Tom Burnett Memorial Library Halloween carnival.

Other guests were Mrs. Harold Smith, Mrs. Harvey Troutman and several members of the Evening Lioness Club.

## AREA OIL & GAS NEWS

Atapco of Midland has filed first production figures on a new oil well in the Wichita County Regular Field. The No. 71-A H. Reilly showed potential to pump 48 barrels of oil and two barrels of water per day.

The operator has 2,100 acres leased, with drillsite in the L.C. Dennison Survey, five miles southwest of Burkburnett.

The well will produce from perforations in the Gunsight Sand, 1,523 to 1,537 feet into the wellbore. Total drilling depth was 1,750 feet with plugback to 1,595 feet.

The No. 5-A Jackson "A" has been finaled by Starr Operating of Dallas.

It is a developmental well in the Wichita County Regular Field. Drillsite is six miles southeast of Burkburnett. Location is in an 80-acre lease in the James Walker Survey.

Daily potential of three barrels of oil was posted with the Railroad

Commission. The well went to a 1,631-ft. bottom, and production will be from perforations in the Cisco Sand, 532 to 536 feet into the hole.

An undrilled location has been abandoned by B&R Oilfield Services of Holliday at a drillsite 5.5 miles northwest of Kamay in the Wichita County Regular Field. The venture had been designated as the No. 1-B J&J Waggoner "D".

Trio Operating of Wichita Falls is planning to conduct a re-entry operation at the No. 2-A HBIV-Parker at a wildcat location in Hardeman County. It is located five miles north-northeast of Quanah in a 160-acre unit in the W&NW Survey. The same operator completed the well as a dry hole in June 1988 with bottomhole at 8,566 feet.

**Attend Church Sunday**

## Obituaries

### Rusty Price

Services for Rusty Price, 28, of Kamay, were held Monday afternoon at Faith Baptist Church, with Rev. Jerry Miller, pastor, officiating. Interment was at Crestview Mausoleum in Wichita Falls, under the direction of Tanner-Aulds Funeral Home.

He died Friday in a traffic accident near Seymour.

Price was born May 16, 1960, in Wichita Falls. He lived in Iowa Park most of his life and moved to Kamay four years ago.

Price is a 1978 graduate of Iowa Park High School, and he had been an employee of Oakridge Energy Inc. six years. He and Lisa Lois Harris were married May 5, 1984, in Holliday. Price was a member of the American Quarter Horse Association and the Oklahoma Quarter Horse Racing Association.

Survivors include his wife; his mother, Sandra Pautsky of Iowa Park; his father, Bill Price of Kingston, Okla.; a brother, Shawn Price of Iowa Park; a sister, Chi Chi Rusk of Norman, Okla.; and grandparents, Lee Price of Wichita Falls, Noel Pautsky of Wichita Falls and Bea O'Hare of Iowa Park.

Pallbearers were Jon Crawford, Jerry Smith, Jim Bob Dooley, Jeff Nolen, Blaine Horton, Gary Haggerty, Ronnie Taylor, and Gary Whitehead.

### CARD OF THANKS

### VICA officers elected recently

The Iowa Park High School cosmetology class elected VICA officers at its first meeting of the year held recently.

The new slate of officers includes Amanda Meador, president; Betsy Gandy, vice president; Kristie Hart, secretary; Lisa Hutchens, treasurer; Kristy Lollis, reporter; and Denise Higgins, parliamentarian. Mrs. Valer Mae Jones is the club advisor.

### Hearing set today on petroleum

Rep. Charles Finnell is hosting a meeting of the House Select Committee on the marketing and pricing practices of petroleum products at 1:30 this afternoon in Wichita One Room at the Wichita Falls Hilton.

The public hearing is open to all interested persons, both to attend and participate.

Rep. Gwyn Shea of Irving, committee chairman, will report on the legislative session to open Jan. 10.

### K-V Crime Kickers to meet next week

The K-V Crime Kickers will meet at 7:30 p.m. next Thursday at the Valley View Methodist Church.

The topic of the program will be fire prevention.

## TOTAL SURRENDER

Abraham couldn't believe his ears. His loving God seemed to be speaking harsh, cruel words: "Take your son...whom you love...and offer him as a burnt offering (Genesis 22:12). Early the following day that broken-hearted father could be seen walking toward the place of sacrifice with his trusting son by his side. Isaac asked the question Abraham feared most "My father...where is the lamb for a burnt offering?" Abraham's heart must have pounded until he was probably afraid Isaac would hear. His head probably throbbed as he answered, "God will provide." Only when it was clearly evident that Abraham was ready to do whatever God asked did the voice come, "Do not lay your hand on the lad or do anything to him..." Abraham had totally surrendered his most precious possession to the Lord.

When two wolves fight over a territorial boundary, the conflict ends in a strange way. When one of the animals is clearly defeated, he surrenders by exposing his jugular vein to the teeth of his adversary. For some unexplainable reason, the victor does not kill him but allows the conquered to go free.

As believers we must relinquish the most precious thing in our lives to God. He wants more than our spare time and leftovers. Only when we are willing to give that which we love the most can we experience the joy and freedom that come from yielding to him.

Total surrender is the only true surrender. When we surrender only a token portion of our income and time to the Lord, our commitment is suspect.

Discover the Joy

# Worth Quoting

I attended the mid-year meeting of the Texas Chamber of Commerce, West Texas Council, in Abilene this past week and learned quite a bit about what is expected to take place in the coming Texas legislative session. Texas businessmen are united into a state Chamber of Commerce for the first time in history and now have the talent, and the money, to exert more influence in governmental affairs. Texas business has received the short end of the stick as far as state taxing and funding goes, and businessmen are determined to do something about it.

The top priority for business people is to demand a change in state law regarding Workman Compensation insurance. As is generally known by now, Texas has the highest insurance rates and the lowest benefits paid to injured workers in the entire nation. This is primarily because of the way workmen compensation is handled in this state. We have a state industrial accident board, but its findings are routinely brushed aside as the state's trial lawyers take their cases into court where they have been successful in winning awards. Practically all of the workman compensation cases are taken on a contingent fee basis which means that lawyers get 25 percent of everything collected. Texas is the only state with such a trial de novo situation and there is a strong move under way to change this by law. The trial lawyers oppose it vigorously, as might be expected.

Texas business pays more than 60 percent of state taxes in one form or another, and this has happened as taxes have been shifted to business from other segments of the state. Farmers, for example, have done a good job in getting out from under state and local taxes. A constitutional amendment provides that farm land cannot be taxed on its current market value, as other property is, but instead is taxed on a land-use valuation

which bases its value on the value of products produced on the land. Farm machinery has been taken off the tax roll. Stored grain never has been on the tax roll. Cattle are no longer on the tax roll. Business inventories, on the other hand, are still there and are taxed every year, usually at a higher rate.

The franchise tax has gone up greatly in the past couple of years and is a tax levied on a firm's assets regardless of whether or not the firm makes any profits. A great many business men have changed their mind about an income tax, feeling that an income tax is much fairer than the franchise tax because if you don't make a profit you don't owe a tax. Unemployment compensation taxes have gone sky high on businesses in the past few years, too, as state and federal government taps businesses with a payroll to pay benefits to those who are out of work. The entire unemployment benefit system is financed by taxes on employer payrolls, paid solely by the employer, and a lot of employers are crying that this is too much of a burden.

Kent Hance, member of the Railroad Commission, told the chamber group that it is likely that the price of oil will drop in the next few months because the OPEC nations are bickering and will be cutting prices to sell more oil. He does predict that in the first part of next year the price of oil will go up, probably to the \$18 range, which would be good news to Texas producers.

Bob Bullock, our Comptroller of Public Accounts, spoke at the Friday morning breakfast, and was decidedly optimistic about the future of the Texas economy. He pointed out some things that need changing, such as fairness in taxation, and also emphasized that Texas is moving away from its dependence upon oil and gas. He said that Texas will have less percentage of its state revenue from oil and gas production than at any other

time since oil became dominant in this state. He said that there are new manufacturing plants in Texas and that many plants are operating at full capacity. Texas is moving from oil and gas dependence toward a more balanced economy and Bullock is optimistic about the future.

HAROLD HUDSON  
Perryton Herald

August is now rushing pell-mell toward the September watermark of the start of another school year -- and the stories of kids start anew.

We were drinking coffee with a principal the other day and talking about all the dear "little darlings" and their mothers gearing up for the start of school.

He recalled one instance when a youngster had been a real terror during the first few days of school. Finally, the principal had to call the mother and report the problem.

"Listen," she said. "I've had to put up with the little monster all summer long, and you did not call me one time. Now he's your problem, so don't call me!"

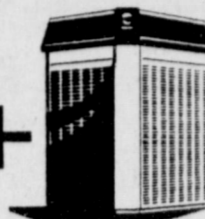

JAMES ROBERTS  
Andrews County News

Times have changed. Ricky Dixon, who played last year for Oklahoma, was drafted by the Cincinnati Bengals as a defensive back. He wanted upward of \$3-million for his services. The club's top offer was \$2-million. Dixon said he wasn't going to sign "for any lousy \$2-million" and thus is likely to sit this season out. This is a strange attitude on the part of a young man who probably never dreamed he could command this kind of money and it is an attitude hard to understand for countless thousands of other young men who would consider \$2-million anything but lousy.

HAROLD HUDSON  
Perryton Herald
