Hawks seek third win Friday at Breckenridge

The Hawks are expected to face their toughest test thus far this season Friday, when they travel to Breckenridge to take on the Buckaroos.

Kickoff time is 8 p.m. in Buckaroo Stadium.

Both teams are undefeated, and have wins over Abilene Wylie. The Buckaroos dumped Wylie 27-7 in the season opener, while the Hawks shot down the Bulldogs 48-7 last week.

And, since they began playing each other in 1970, each team has won five games. Breckenridge edged the Hawks 14-13 last year.

But the similarities continue. As Breckenridge American sports editor Don Treul pointed out in his article this week, "There are a lot of similarities between these two squads. Both schools use green and white for their colors, both use the same tune for their school song, both are unbeaten, both have played and defeated Wylie rather easily, both teams are coming off losing seasons, both teams have state championship traditions and both teams have high hopes for the 1989 season and are expecting a victory Friday night."

In their game last week, the Bucks knocked off Hamlin 27-6.

Kasey Kunkle is Breckenridge's quarterback, and he likes to throw, especially to Tommy Beauchamp and Chris Wilson.

In the two games thus far, Kunkle has complete 46 passes and completed 18 for 232 yards and three touchdowns. Beauchamp has 10 receptions for 114 yards and a pair of touchdowns, while Wilson has five catches for 60 yards and the other TD.

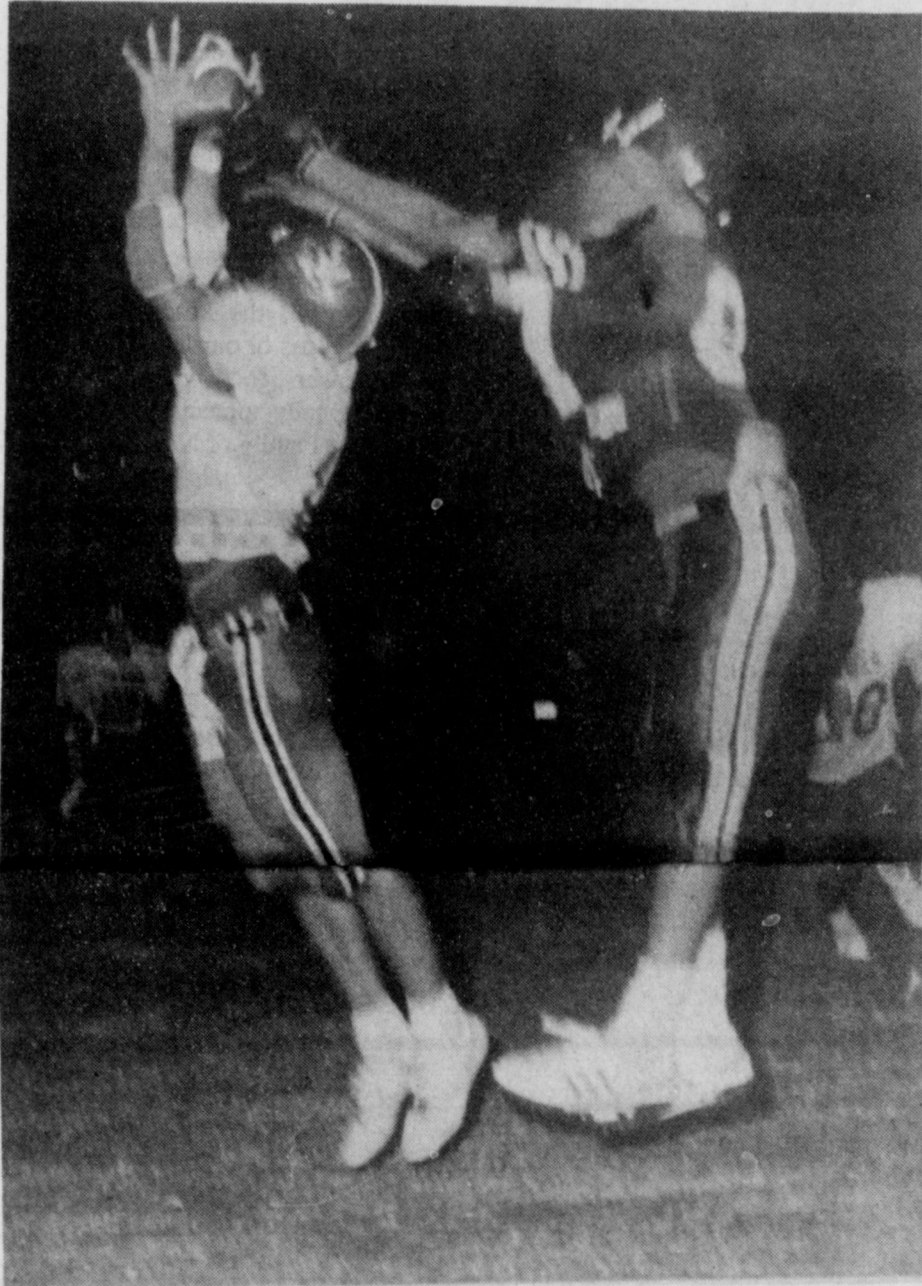

Three backs who take most of the handoffs are Romney Carey, 22 for 86 yards; Fidel Puebla, 17 for 86, and Bubba Humphreys, 20 for 79.

The Bucks' leading defenders are Barrett Clark, four tackles, seven assists and one interception; Chris Hill, four tackles, five assists and one interception; Stephen Holland, three tackles and 10 assists, and Harry Thurman, two tackles, 10 assists and one interception.

Breckenridge makes very few mistakes offensively, having lost the ball only twice this season on fumbles and no interceptions.

Iowa Park has won only twice in the five years Bill Grissom has been head coach at Breckenridge. Those were 24-13 in 1984 and 20-7 year before last.

Grissom has a record of 31-21-1

BRUCE PALMER makes interception against Wylie, and returned it 65 yards for touchdown. For the complete story, turn to page 8.

as the Head Buck.

Offensively, the Hawks have not had a start like this season since 1971, when they scored 88 points in their first two games.

But that year they also held their initial two opponents scoreless, and both this year's foes have scored once.

Senior quarterback Jimmy Duggins is off to a good start, having completed eight of his 15 passing attempts for 166 yards.

David Slack, Matthew Blackman and Kelly McClure are the Hawks' leading ground-gainers, with 141, 125 and 119 yards, respectively.

Eventhough he didn't have an

COOTIES

National organization now headquartered here

The headquarters of a national veterans' organization is now located in Iowa Park.

All records of the 38,000-member organization known as the Military Order of the Cootie, a wing of the Veterans of Foreign Wars, were moved Monday into the former grain elevator office building on South Victoria.

The headquarters had been located the past 40 years in Fostoria, Ohio. To move all the filing cabinets, furniture and storage boxes, two large trucks and two trailers were required.

Long-time Iowa Park resident Bob Birdett is primarily responsible for the office relocation. He is serving as the organization's executive director, a position officially known as the Supreme Quartermaster-Adjutant.

Birdett has long been affiliated with the Cooties, having served as the state leader and the national Commander 1984-85.

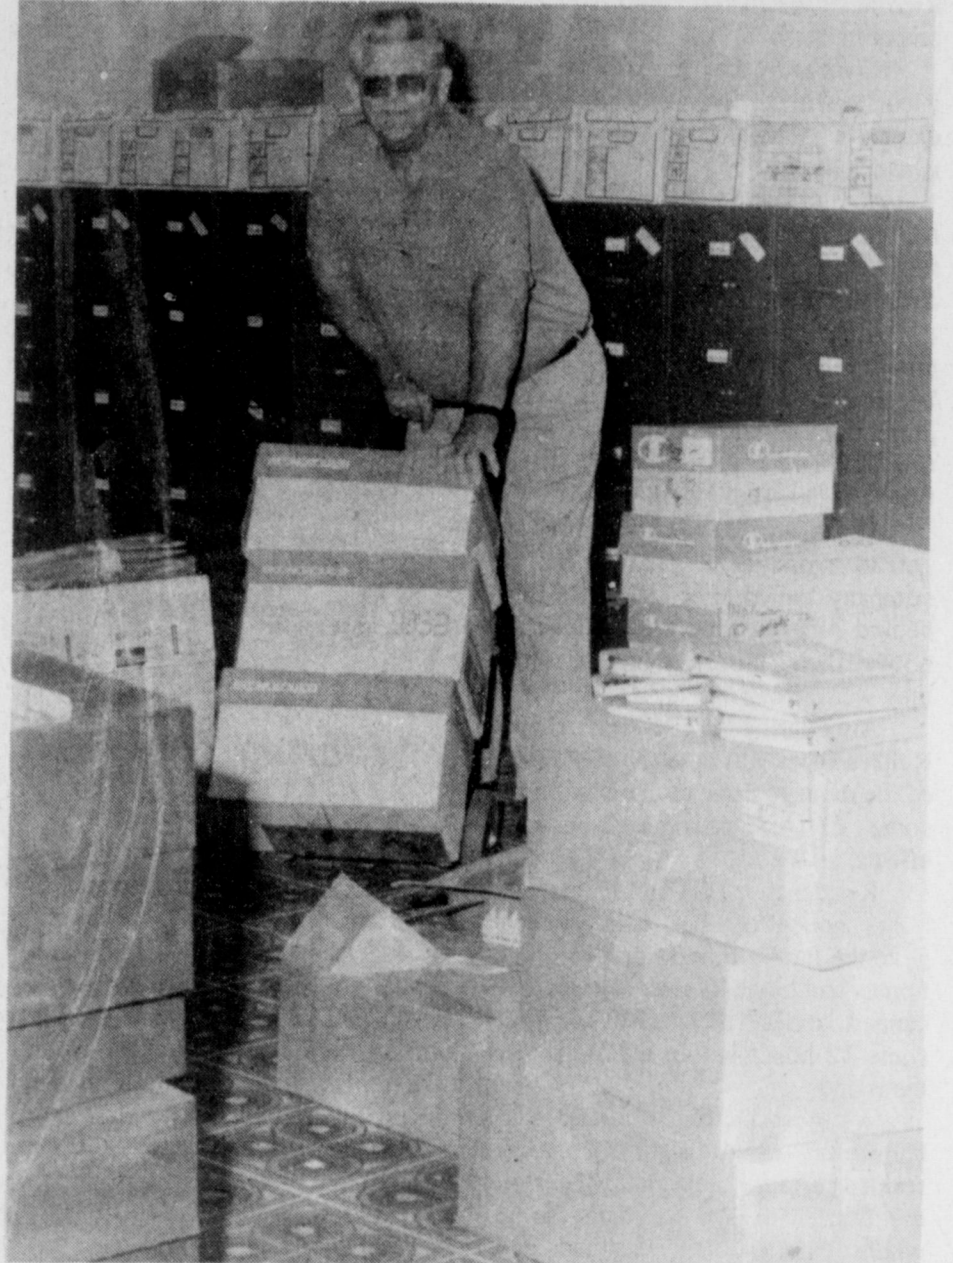

After being elected to his present position, he maintained his home south of Iowa Park, and continued to make the 1,142-mile one-way trip regularly, until the move.

He was assisted in obtaining the building space by Tommy Key, local realtor, who negotiated the lease with owner Ralph Harvey Jr.

Three women will work with Birdett in the "Supreme Headquarters" in maintaining the records and correspondence with members in all 50 states and several foreign countries.

Moving of the headquarters was not accomplished without challenge. A 10th District council member challenged the constitutionality of the vote which approved the relocation, but was unsuccessful.

"The Military Order of the

BOB BIRDETT HAS BIG JOB AHEAD . . . setting up national headquarters.

and auxiliary order to the Veterans of Foreign Wars of the United States," according to a pamphlet produced by the organization.

Chamber drops ticket plan for Whoop-T-Do

Directors of the Iowa Park Chamber of Commerce Monday decided to not use tickets as currency at the Oct. 7 Whoop-T-Do, and also were told the organization was recipient of a major financial donation from Southwestern Bell Telephone Co.

At the August monthly meeting, directors approved a recommendation of a committee to sell 25-cent tickets which would be used at all booths non-profit organizations have at the annual Whoop-T-Do.

But after hearing a concern from Sam Hunter, representing the Evening Lions Club, that several problems could arise at that organization's carnival games, directors decided to revert back to currency.

The Chamber, as its own fundraising project, was intending to take a 10-percent fee from the gross when cashing in the tickets, and not charge the usual fee for booth space.

Now the Chamber will ask each organization to donate 10-percent of

its gross after the day is completed.

"There had never been any question of honesty," Joe Hughes, vice president, stated. "We just felt it was the easiest way for all concerned (to discount when rebating for tickets). We know everyone connected with our non-profit organizations is honest."

As of the meeting, there had been 26 non-profit organizations to reserve booth space, and 18 individuals reserving space for arts and crafts, Susan Dillard, Chamber secre-

Open house at schools next week

Iowa Park schools are making plans to welcome parents and patrons next week when open house will be held at three campuses.

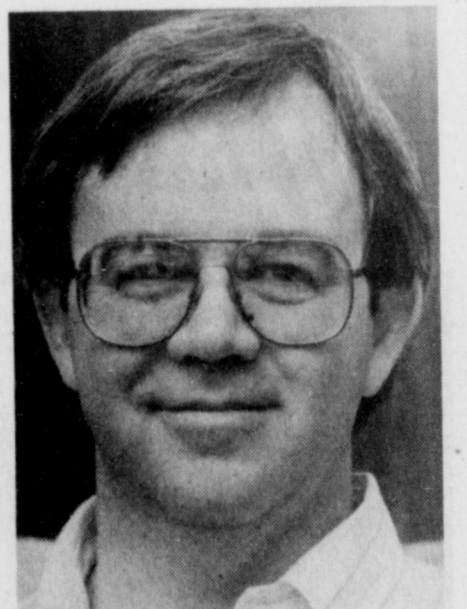

Kidwell Elementary will be open Monday, with activities to begin at 7 p.m. with a Parent-Teacher Association meeting in the cafeteria.

Following the meeting, visitors will be invited into the classrooms to meet with teachers until 8:30.

Bradford Elementary open house will be Tuesday. The P-TA meeting is to begin at 7 p.m. in the cafeteria, and, like Kidwell's schedule, visitors can meet with teachers in their classrooms until 8:30.

Open house at Iowa Park Junior High School has for the past several years been attracting more and more parents, according to Jimmy Alsup, principal.

That event will be Thursday of next week, starting at 7 p.m. with a meeting in the cafeteria. Teachers will remain in their classrooms until 8:30 to welcome visitors.

Keith Fisher

Fisher to fulfill Fielding's term

A called meeting of the Iowa Park school board will be held at 7:15 this evening to appoint Keith Fisher to complete the unexpired trustee term of Gary Fielding.

Fielding announced at the board's August meeting he was resigning, and did not attend the regularly-scheduled meeting of the board last week. His term is to expire next spring.

Fisher ran unsuccessfully for Place 5 on the board last May, and was defeated 144-121 by Denny McCarthy.

FIGHTING FIRE - Iowa Park firemen battled a blaze Saturday night at 1018 Cornelia, home of Mr. and Mrs. Frank Burns, who had left a few minutes earlier than the fire was reported, to go out for dinner. There were no injuries, but damage was said to be considerable.

News Briefs

Number listed for paint complaints

Vehicle owners with complaints about paint being splattered on them from the water tower should contact Frontier Adjusters in Wichita Falls, at 761-2193.

Callers should speak to Chip

Hitchcocks. Should he not be in the office, the callers should leave their name, address and telephone number for contact at a later time.

Complaints should not be given to the Iowa Park City Hall.

Volunteers to help clean house

A number of volunteers are expected to report to 908 E. Highway at 9 a.m. Saturday, to help clean out a fire-damaged house.

Leading the group will be members of the city council, who are expected to be joined by several members of churches that belong to the Ministerial Alliance.

Aldermen volunteered their per-

sonal help at last week's council meeting, and preachers announced Sunday help would be needed to accomplish the job.

Darrell Jolly said Tuesday a lot of work has already been done which should shorten the time workers will require to accomplish the project. He also said a truck to haul away debris has been donated.

AFTER HURRICANE

Family hears news from Puerto Rico

A local family has more than just a passing interest in the progress of Hurricane Hugo, as well as Hurricane Iris, as relatives in Puerto Rico have weathered Hugo, and are preparing for Iris.

Ravaged by the hurricane, Puerto Rico reported several deaths and extensive housing damage on the island.

Aquilla and Ralph Carrillo-Miranda have patiently awaited and received word on his mother, father, and sister and her family.

After trying since Friday to reach the family, and unable to succeed because of jammed lines, Aquilla heard from her sister-in-law, Carmen Carrillo, Tuesday. Word is that the family is physically well.

Mrs. Carrillo, who was able to get to work at a pharmaceutical company, called after waiting in line behind others who were anxious to notify their family members that they were okay.

Although the call was short, Ralph's sister was able to relay some of the damage done to the island and some of the possible long-term effects.

Residents of the island had 24 hours notice of the storm, which gave the family time to prepare their homes and buy batteries, candles and canned goods. Electricity was out some 12 hours before the storm hit the island.

A beach-front home in Humacao, where Ralph's parents resided sustained heavy damage from the hurricane. The Caguas home where Carmen, her husband and children live is built into the side of a mountain, and with time to board up the front windows, only received two broken windows.

Mrs. Carrillo said that not one home on the island was undamaged, and worst hit were the poor residents of the "barrios," whose houses made

The rain forests of Puerto Rico were greatly damaged, according to Mrs. Carrillo, who reported that so many trees were destroyed, she could see homes she didn't know were there. She also said some of them landed in her swimming pool.

The rain forest in Puerto Rico is the only rain forest on American soil, and in the National Park System.

It is obvious that residents of Puerto Rico will be affected for some time to come. Drinking water is contaminated on most of the island, and although Mrs. Carrillo and her family have a water tank, most islanders do not. Electricity may not be restored to the island for two months, and phone service is expected to be all but absent as long as six months.

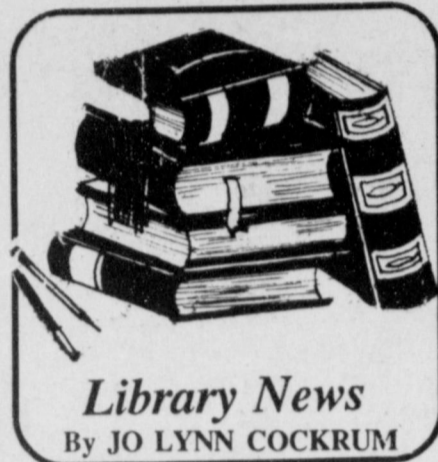

Air travel to and from Puerto Rico is possibly hindered, as Mrs. Carrillo-Miranda said she understands the control tower was destroyed in the storm.

Possibly the worst isn't over yet. With residents still trying to

recover from this week's devastation, Hurricane Iris, followed by two tropical storms, are expected to hit Puerto Rico in the next few days.

Mrs. Carrillo-Miranda has been trying to tape news accounts on the storm to send to her sister-in-law, who has neither seen nor heard any news.

The last major storm to hit Puerto Rico, according to Mrs. Carrillo-Miranda, was when Ralph's mother was a young girl.

STORYTIME

Due to the lack of response on Tuesdays, Storytime for 4-6-year-olds will only be held on Thursdays until further notice. The Thursday class is held from 1-1:30 p.m., and there is still plenty of room if you would like to have your child in it. The hours for the Toddler Class will remain the same, Friday 9-9:30 and 9:30-10 a.m.

VOLLEYBALL

Congratulations to the winners of the volleyball play-offs! Winning teams include: The Alleyrats--Monday/Thursday League, the Methodist Sandstormers - Tuesday/Friday League, and the Lakeview Church of God Youth Team. The Alleyrats and the Sandstormers will compete for the title of City Champions. Summer Plans are underway for a Fall League with an organizational meeting to be held at 7 p.m. Monday in the meeting room at the Library. All persons interested in playing in the fall are urged to attend. If your team is established, please bring a roster. For further information, call Jo Lynn at 592-4981.

FIREMEN fought a fire Saturday night at the home of Mr. and Mrs. Frank Burns, 1018 Cornelia. Though they were able to bring the blaze under control, damage was extensive. The only injury was the loss of the family's pet cat.

Epsilon Eta begins rush

Epsilon Eta Chapter of Epsilon Sigma Alpha held their first rush social of the year recently at TU Electric Reddy Room.

The social, whose theme was "Help Me Make the Grade," was

After games were played, each one made her own banana split.

The next rush event will be the Pledge Pin Ceremony on Oct. 3.

Rush chairman is Connie Hrcirik, with Mary Boyd in charge of decorations, Skeeter Clark, food chairman, and Dee Dee Forney serving as entertainment chairman.

Mrs. Patterson gives program

Mrs. E.T. Patterson presented the week of Prayer for State Missions program Monday night for the Thelma Smith Baptist Women of First Baptist Church. She gave highlights of the five daily programs built around "God's Church: Love Extended."

Mrs. Patterson said that the state offering goal for the annual

observance was \$4,898,989 and the goal for the church was \$4,000. She explained the Mission Texas Strategy program of the Baptist General Convention of Texas to reach the more than one-half of the population in the state that is unchurched through the offerings.

Mrs. Patterson gave some of the highlights of the five programs, the themes being "Key Churches," "Partnership Missions," "Mission Service Corp.," "Care and Share" and "Urban Allies: Language, Radio and TV Chaplaincy." She gave the daily focuses and "Extended in Love" illustrations to emphasize how part of the offering would be spent.

Preceding the program, a salad supper was held and Mrs. V.I. Woodfin directed a brief business meeting.

Fourteen members and one guest, Mrs. James Cook of Amarillo, were in attendance.

New booster club formed

The Spirit Team Booster Club was recently organized and officers elected.

Open to all interested parents and others wishing to support the Spirit Team and Cheerleaders, membership dues are \$5 per person or couple, and is open also to businesses.

Gay Williams was elected president, Ramon Garcia vice president, Sue Imboden secretary and Cookie Ellis treasurer.

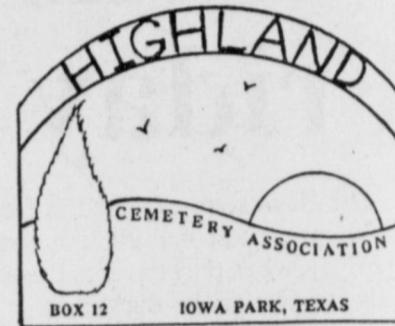

Meetings are tentatively slated at 6 p.m. the first Monday of each month, in the IPHS homemaking department.

Mrs. Williams can be contacted at 723-0952 (work) or 592-5617 (home), and Garcia at 696-6789 (work) or 692-8237 (home).

Card of Thanks

We would like to extend our thanks for all the kindness shown during the loss of our loved one. The cards, flowers, food, visits and calls were all greatly appreciated.

Cook of the Week

Mrs. Raymond Pettitt

Although Brenda (Mrs. Raymond Pettitt) and her family have only lived here a short time, she is no stranger to Iowa Park.

The daughter of Mr. and Mrs. Bobby Fox grew up here and is a graduate of Iowa Park High School.

Brenda attended Lee College in Cleveland, Tenn., where she received a degree in elementary education and music. This is also where she met her husband, Raymond, who is now a Church of God minister.

They lived in California nine years, six of them in Orange where Raymond was pastor of the Christian Life Church. Now on a leave of absence, he serves on weekends as interim pastor for churches throughout the state of Texas. He was interim pastor for the Iowa Park Church of God for a month before the new pastor, Rev. Edward Prince, arrived.

The Pettitts have two children. Twelve-year-old Ryan is in the seventh grade and was a member of the all-star baseball team this summer. He is currently playing on the seventh grade football team. Andrea is six years old, and in the first grade. She is taking piano lessons, and clogging lessons, which her mother says is quite a change from the tap and ballet lessons she was taking in California.

The couple said the family is enjoying the slower lifestyle of Iowa Park, which is a contrast to the fast pace of southern California.

Brenda is a talented individual who plays the piano, sings, sews, and knits. She said that she especially enjoys sewing, and is currently making T-shirt dresses for a lady in Nashville, Tenn. to display in trunk shows.

When Raymond was asked if there was something Brenda does well and failed to mention, he said, "Brenda is a good mother. She loves her church, and anything she does, whether it's teaching Sunday School, Vacation Bible School, singing or playing the piano, she's good at it."

With a husband like that, it's obvious that Brenda is also a winner.

The recipes submitted by Brenda were given to her by her mother-in-law, with the exception of "Jalapeno

syrup. Chill until partially set, then add remaining ingredients. Chill in oiled shallow pan.

HAMBURGER QUICHE

- 2 unbaked 8 in. pie shells
- 1 lb. ground beef
- 1/2 cup mayonnaise
- 1/2 cup milk
- 4 medium eggs, beaten
- 1 Tbsp. cornstarch
- 2 Tbsp. water
- 1 1/2 cup grated Cheddar cheese
- 1/3 cup sliced green onion
- Dash of pepper

Brown meat in skillet and drain. Blend mayonnaise, milk and beaten eggs together. Mix cornstarch in water until smooth and add to mix. Stir in meat, cheese, onion and pepper. Pour into shells. Bake in 350 degree oven 35 to 40 minutes until golden brown. Serves 8.

VEGETABLE DIP

- 1 pint mayonnaise
- 1 pint sour cream
- 3 Tbsps. minced onion
- 1 Tbsp. dill weed
- 1 1/2 Tsp. Lawry's Salt
- 1 1/2 Tsp. Worcestershire Sauce
- 1 Tbsp. Accent
- 3 Tbsps. parsley flakes
- 6 drops Tabasco Sauce

CHERRY-O-CREAM CHERRY PIE

- 1 crumb crust (9 in.)
- 1 pkg. (8oz.) cream cheese

Pepper Cornbread," a recipe from one of Raymond's aunts.

JALAPENO PEPPER CORNBREAD

- 1 1/2 cup cornbread mix
- 1/2 cup cream corn
- 1 1/4 cup milk
- 1/4 cup salad oil
- 3 eggs, beaten
- 1 medium onion, grated
- Garlic to taste
- 1 1/2 Tbsp. sugar
- 1 small jalapeno pepper, chopped
- 1/2 cup grated cheese

Pour into well-greased pan and bake 30 minutes in 375 degree oven.

CRANBERRY SALAD

- 1 pkg. cherry jello
- 1 cup hot water
- 1 cup sugar
- 1 Tbsp. lemon juice
- 1 cup pineapple syrup
- 1 cup walnuts
- 1 cup ground cranberries
- 1 orange, ground

Dissolve jello in hot water, add sugar, lemon juice and pineapple

- 1 1/3 cups (15 oz.) Eagle Brand milk
- 1/3 cup lemon juice
- 1 tsp. vanilla
- 1 can (1 lb. 6 oz.) prepared cherry pie filling

Soften cheese to room temperature and whip until fluffy. Gradually add milk, continuing to beat until well blended. Add lemon juice and vanilla. Blend well. Pour into crust. Chill 2-5 hours before topping with cherry pie filling. Chill pie filling while chilling cream filling.

RAC News

NEW CLASSES

As we get ready for the holiday season, two new classes are being offered in October.

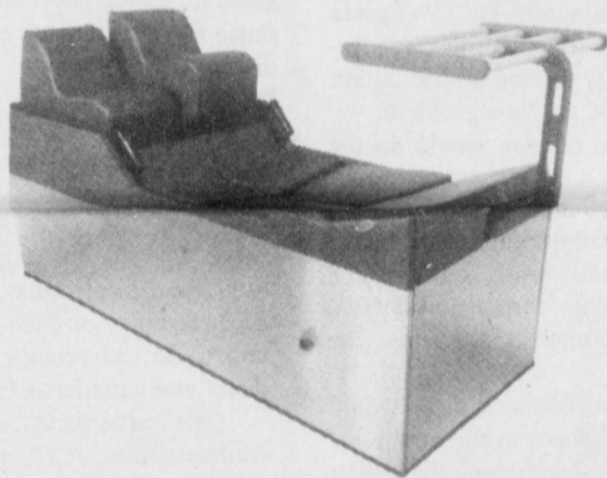

On Oct. 5th, Betty Mitchell will teach a "Halloween Bear" class. The class will begin at 7 p.m., and registration is requested. The fee is the cost of supplies, and the RAC will charge a \$4 membership fee.

Kathy Hicks will begin a three-session "Holiday Cake Decorating" demonstration on Oct. 9. She will begin with a Halloween Cake, a Thanksgiving cake on Oct. 16, and a Christmas cake Oct. 23. The demonstrations are scheduled to begin at 10 a.m. on each of these dates.

Scout troops are meeting in the building this year. Call your troop leader about days and times.

Tae Kwon Do will begin classes again on Oct. 2

For more information about any of these classes, or for suggestions, call Pat, 592-4471.

Optimists hear physics teacher

Mrs. Diana Collins, physics instructor at Iowa Park High School, spoke to the Iowa Park Optimist Club during a regular meeting recently.

Mrs. Collins said while her physics class maintains only five students a year because of its difficulty, this year she has 16 students enrolled, most of which are either in honors or advance courses. She told members that her

physics class has been one of the two Texas classes invited to the Los Alamos New Mexico Research Center to tour the facility in the last few years.

Since the facility is highly classified, names of the students participating must be turned in in advance so that they may be checked out in detail.

During the tour, the scientists lead the students on a tour, and answer questions, proving to be very inspirational to the youth, according to Mrs. Collins.

Mrs. Collins stated that Iowa Park will be allowed to send 11 students to the research center this year.

Girl Scouts plan picnic

Iowa Park Girl Scouts service unit 24 is planning a "Get Acquainted Picnic" from 1 to 3 p.m. Saturday at Oscar Park.

The picnic was planned to offer an opportunity for all troops to get acquainted, plan the new year, sign up new members and to have a uniform trade day.

Any girls who have uniforms they would like to sell or trade are encouraged to bring them.

All Iowa Park troops and their parents are invited, as well as any new girls or adults who would like to join Girl Scouts.

Troop organizer is Jo Lynn Cockrum, 592-4436.

Officers elected

Nikki Williams was elected president of the Iowa Park Junior High Student Council last Wednesday.

Other officers elected for the 1989-90 year include Rhonda Morath, vice president; Gina Inman, secretary; Dennie Atchley, treasurer; Don Ellis, reporter; and Scott Byrd, parliamentarian.

WAL-MART PHARMACY

500 W. Highway 592-4157

Allan Knowlden, RPh.,
Manager

Q: WHAT IS A HEAD LOUSE?

A: The head louse is one variety of a number of different lice. This Head lice complete their life cycle in approximately one month and new generations multiply rapidly, over and over again.

Q: WHAT DOES A HEAD LOUSE LOOK LIKE?

A: Head lice and insects, flattened in shape from top to bottom; they have no wings and do not jump or fly. Their mouths include a set of six pairs of hooks by which they can attach themselves to the hair shaft. They possess short, stout legs equipped with large claws for grasping and holding onto human hair. While they look terrifying when magnified, they actually measure only approximately one-tenth to one-eighth of an inch in length.

Q: HOW DO YOU GET THEM?

A: Head lice are usually transmitted from one infested person to another by direct contact with the hair. Personal items like combs, brushes, towels and bedding are other frequent sources of contamination. Another common source is clothing, such as hats, ribbons, scarves, topcoats and sweaters, all of which provide excellent transportation from one individual to another.

Head lice do not observe any class distinction; they can infest anyone and are a problem which is rapidly gaining ground in all strata of our society. The schoolgirl who borrows a comb - the student trying on a hat in an East Village Shop - children who share a bed in a crowded home - the traveler resting his head against the back of an airline seat - can fall victim to a head louse infestation.

Q: HOW DO YOU KNOW IF YOU HAVE HEAD LICE?

A: Although the lice are difficult to see, they are easy to recognize, provided you are actually looking for them. One tell-tale sign is a persistent itch of the scalp, often accompanied by infected scratch marks or what appears to be a rash. Closer inspection, possibly aided by a hand lens, will reveal small, silvery eggs attached to individual hairs. In checking the scalp, pay particular attention to the back of the head and the area behind the ears; lice live mainly in the area at the back of the head, although they will occasionally migrate to the beard or eyebrows. In severe cases of infestation, occasionally swollen lymph glands are noted in the neck or under the arms.

Q: HOW DO THEY LIVE?

A: During all stages of their life cycle, lice need to feed frequently on human blood. The optimum temperature for head lice is about 87°F. When the temperature of their environment rises or falls, such as a person with a high fever, or a dead person, the lice will leave to seek a new host.

The adult female head louse lays eggs (nits) which she glues to the hair shaft with a tenacious material applied near the root of the hair. The young lice hatch approximately 10 days later and emerge as miniature replicas of the adults. In order to survive, the newborn louse must feed within 24 hours. Under favorable conditions, the head louse will reach maturity in about two weeks. During its 20 to 30 days of life, the female louse can deposit as many as six eggs per day, so there may be hundreds of nits in a single infestation.

Lice and their nits can survive (for a time) off the human host. Thus even though you may have been successful in eliminating your infestation, immediate reinfestation is possible or a fresh infestation of other family members may occur.

If one person in a family, camp, school or other institution has head lice, there is a strong possibility that others will too. Therefore, everyone should be checked and the recommended treatment applied to all persons who may have been infested.

Remember, head lice can appear to anyone, clean or dirty, rich or poor. The most important fact to remember is that the problem should be treated quickly because delays will only help to spread the infestation throughout the community.

As I See It... By BOB HAMILTON

In case you haven't noticed lately, there are a lot more smiles on peoples' faces, a new spring in their walk, and some very, very serious conversations at the coffee shops.

Nope, it's not about the weather, which has been very nice, nor is it about national or world politics, nor even taxes.

It's because the Hawks are winning again!

No community, and I've lived in eight others, supports its football team more than Iowa Parkans. They just relate to their varsity team.

Last year was rough on them, with that 1-9 season. So were the years 1975, 1976 and 1977, when the Hawks went 1-29.

But I can always tell when our Hawks are having a good year. So do the people of the community.

It's a point of pride. It's community identity. It's bragging rights. It's a lot of things, but mostly, it's the desire of the adults to get behind

a group of young people who are doing something positive, at a time when the youth of the nation are taking some bad knocks.

The Mean Green had a lot of fans in the stands down at Wylie last Friday, and the caravan of lights headed north after the game was lengthy.

But not as lengthy as it will be, if the team continues its winning ways. I've seen that line of shining lights stretch as far as one could see from atop a high hill.

I've seen people standing in line for hours, just to purchase their season reserved seat tickets.

I've seen fans standing three-deep around the field fence, because there weren't enough seats in the stands.

I've even seen a couple that wanted badly enough to see all the action, that they took a step ladder to the games, so they could see over all those who stood at the fence.

I've seen fans lined up on both

sides of the road at sunrise in the morning, so they could send their team off on a long road trip.

I've seen people look directly in the eyes of others, and tell them they never missed a Hawk football game, when there had been times in the past one could throw a rock into the stands and be secure it wouldn't hit a living soul.

I've seen a time when everyone wore green, even women dying their hair green, to show their support for their Iowa Park Hawks.

I've seen businessmen disgusted because they cashed hot checks, taken from fans who wanted more to watch the Hawks play than be honest.

I've seen this community's support from one extreme to another. And I'm here to tell you...if there's many more wins this season, this old town will once again be itself.

Winning...by the Hawks...is a way of life in Iowa Park!

Worth Quoting

It all started when Brenda and I had an opportunity to work as extras in the cast of "Texasville" being filmed at Archer City. It was a nighttime shoot, so filming began shortly after sundown and continued until nearly sunrise the next morning.

My wife and I were among approximately 300 extras summoned to the rodeo arena for crowd scenes during that night's filming of episodes from the centennial pageant portion of the movie based on Larry McMurry's novel.

It was pretty exciting. There were Peter Bogdanovich, the director, and several of the big stars of the show including Cybill Shepherd, Jeff Bridges, Timothy Bottoms and Billy McNamara.

All of us extras were crammed up high into one corner of the rodeo arena's grandstands, so we were quite a long distance from the stars who were working down in the arena. The crowd served as "background" for the scenes being shot down in the arena.

They had us hoot and holler and clap and whistle for a few scenes, but mostly we just sat and watched while drawing \$4 per hour. They served us box lunches at about 1:30 a.m.

Then along about 3:00 a.m. Bogdanovich's assistant to his assistant to his assistant came up into the grandstands and pointed a finger at me. "You, sir, in that hat. We need you."

I just sat there in a sleepy stupor. He pointed his finger at me again and repeated himself: "You, sir, in the hat. We need you." I couldn't imagine what on earth they wanted with me, but I finally rose to my feet.

Then he started pointing to some other guys wearing cowboy hats, and we were all herded down to the bucking chutes at one end of the arena. They directed us to sit on and stand around the bucking chutes like real cowboys do.

It became obvious that I was one of the few who actually knew what he was doing. I didn't need any directing to play this part.

My mind drifted back to a time during my high school days when Roland Lyles and I used to sneak off on Sunday afternoons to ride broncs at Runt Sloan's arena near Newcastle.

I stuffed my cheek full of chewing tobacco, hitched up my jeans, screwed on my hat and climbed atop a chute gate. They're gonna put me in the movies. Yee-haa!

After they got all of the extras situated, the two stars entered the rodeo arena. In this scene Cybill and Jeff play the part of Adam and Eve in the centennial pageant. Their outfits were skin tight flesh colored body suits with a few strategically placed olive leaves.

When Cybill peeled off her robe and revealed what she wasn't wearing... well, I dum near fell off the chute and swallowed my chew. If I had known about this, I would have offered to work for free.

The scene's action takes Cybill and Jeff right beside where I was perched. They were so close, I could

have touched her. I'm here to attest that she's every bit as pretty in person as she is in films. My heart was going pitter-patter.

Luckily, they had to shoot the scene several times, so Cybill swished past me several times. When it was over, I floated down off my perch and drifted back up to the grandstands where my jealous wife was waiting.

Now, the lady in charge of casting extras tells me that they want me back to shoot another scene in November. In this scene I'm supposed to play the part of a photographer taking pictures of the centennial celebration on the courthouse lawn.

I thought I had good training to play the part of a cowboy in my first scene, but this next role as a photographer is right down my alley. I've been photographing celebrations on our courthouse lawn during the Clay County Pioneers' Reunion for years and years.

Shoot, I just might win an Academy Award.
LEWIS SIMMONS
Clay County Leader

Load up the wife and kids. Pack your belongings and bid a fond farewell to the Panhandle of Texas. According to two egghead professors in New Jersey this country is only fit for buffalo.

These two birds, Deborah Epstein Popper and Frank Popper, both Eastern educated PhDs, have come to the conclusion that the federal government should purchase all the private land in the Great Plains, seed it with grass, and run buffalo on the country. They would call this great preserve "The Buffalo Commons."

According to their analysis, published in the American Planning Association's planning magazine, the area of the United States between the 98th meridian and the Rocky Mountains is not fit for human habitation. They feel it should be depopulated and returned to native grasses and wildlife.

The area in question would cover most of 10 states. They are Colorado, Kansas, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas and Wyoming. The pair of Poppers describe the Great Plains as, "endlessly windswept, nearly treeless, semiarid, austere beautiful, historically untenable, increasingly empty and now facing ecological devastation."

With a brush of the hand they disregard the agricultural importance of the region by saying that the crops produced just add to the nation's surplus. According to the World Almanac the 10-state area produces two-thirds of the nation's wheat, two-thirds of the nation's barley and is home to half the cattle in the nation. In total over half the country's farm acreage is in the 10 states the Poppers want to close.

I have a better idea. Let's depopulate the area of the country EAST of the 98th meridian and WEST of the Rocky Mountains. The government

could buy up all the crack houses in Los Angeles, the toxic waste dumps in New Jersey, the rusting steel mills in Pittsburgh, the union halls in New York, the state government in Massachusetts, all the Ivy League colleges, most of Hollywood and the bathhouses in San Francisco. The federal government already owns most of Washington, D.C., Virginia and Maryland, so including the federal bureaucracy in the depopulation program would not be a problem.

That kind of plan would do the entire country a lot of good and probably be a lot less expensive than buying the Great Plains. If any of those displaced by the program want to learn about hard work, self reliance and individual responsibility we would welcome them to the Panhandle.

As for the Poppers, there would be a place for them in the new plan. The government would purchase their home and move them to a place more suited to their idea of land reform. I am sure that they would be happy tending either water buffalos in their new adopted home of China or yaks on the steppes of Siberia.

Then their plan for "The Buffalo Commons" can be added to the trash heap with the other idiotic schemes that have tried to gull people in the past.
JIM HUDSON
Perryton Herald

The Perot Group has been playing political hardball with the city of Fort Worth to get everything it wants at the new Alliance Airport near Haslet.

Now it has brought its combat team to the Northwest School District in an effort to get 100% tax abatement for 15 years for the new American Airlines maintenance facility at the airport.

Hopefully the Northwest board will be the one public body to stand up to The Perot Group. Tax abatement is a bad idea, and it is especially a bad idea when a development like American at Alliance is going to bring 800 new students to the district and not pay one single penny for their education.

Local governments must give serious thought to the increasing cry for tax abatements to lure new industry to their communities. I tend to agree with Decatur City Secretary Sam Renshaw, who says if a company is worth having in your community, it will want to pay its fair share of governmental costs.

But time after time we are seeing the big boys of industrial development asking for tax breaks to bring new industry to an area.

There is no school district in Wise County that needs a solid base of industrial development more than Northwest. But the joy that many expressed over the Alliance project is going out the window as The Perot Group and American Airlines try to get a free ride on school taxes.

If Ross Perot is as interested in quality public education as he says he

is, then he must know that it takes money to provide it. Giving tax abatements to local industries while state funds are evaporating is not the way to improve the quality of our education.

The Dallas Morning News, in an editorial June 28, asked the question "should tax dollars be used to buy corporate relocations in a bidding war with other locations?"

The operative theory of economic development is that a government foregoes an immediate boost to the property tax base in exchange for jobs, payrolls and the enhanced value of other real estate that will presumably more than offset the loss of tax revenue that would have been paid by the company.

In truth, the vast majority of economic benefits from the Alliance Airport-American Airlines venture, will fall outside the Northwest School District, and certainly the Wise County portion of that 3-county district.

As the Dallas Morning News so correctly said in its editorial, it may be that Texas must enter the bidding war with all the money it can muster. Or maybe investing in better schools is a better economic development effort.

The business community must get interested in public education. Their survival as businesses depends on it. We're producing a large number of illiterate and semiliterate graduates in public schools of Wise County, and even with all the reform efforts underway, this is going to continue for a long time.

We've invested lots of money in improving the curriculum and getting good teachers and giving those kids who are disadvantaged to start with a better chance of making it in the outside world.

I hope that the Northwest School Board will "just say no" to The Perot Group to this request for tax abatement on the Alliance-American project.

It doesn't make any economic sense for the taxpayers or educational sense for the students of that school district.
ROY EATON
Wise County Messenger

From the time Alco Discount Store opened in Lamesa in 1981 until the time it announced Chapter 11 bankruptcy on May 10 they maintained an advertising program of direct mail circulars to the area.

The advertising department in Abilene, Kan., felt very keenly and sincerely, that they needed a circular to go into every home for proper coverage even in rural West Texas.

Their program was built on numbers -- a fallacy that has plagued businesses and industry in recent years. Direct mail companies throw out big numbers, but never tell the advertiser how many go into the post office trash cans, or go to vacant homes, or get dumped elsewhere. Numbers, numbers, numbers, numbers.

Alco mailed 7,500 into this market on a consistent basis. They sent circulars where people don't exist. But, they loved those numbers. They were comfortable and happy with them.

And they were going broke slowly but surely. It was a losing program coupled with poor in-store management and an out-of-touch advertising department in company headquarters who had no idea of what Lamesa and the trade territory was all about. It was a tragedy to start with and a tragedy until the end.

Several West Texas publishers made a flying trip to Kansas to meet with Alco advertising officials in 1988 verifying what they felt newspapers could do for the firm. While Alco listened very courteously and were gracious hosts, they never changed. "We like the numbers we get with direct mail," was the message the publishers got.

It was a frustrating effort -- politely received and then ignored. The handwriting was on the wall even then for the company. They had tremendous parking facilities and they had some good merchandise. But they had atrocious management for the most part of their eight-year existence and they had the worst advertising, marketing and merchandising program we have ever encountered.

We pleaded with them to price merchandise, advertise it in the newspaper where hundreds of other advertisers were found and they could be assured of traffic and become accepted.

Rather than change they slept with the junk mailers and took Chapter 11.

But the story doesn't end there.

Upon filing Chapter 11 bankruptcy to close the store, they pulled out of direct mail and started running four-column-by-14 inch ads in each issue of the *Press-Reporter*, The traffic overwhelmed them. They put a discount price on merchandise and became legitimate with ads in the local newspaper. They enjoyed a tremendous closing-out sale to empty the building two weeks in advance of the anticipated July 15 closing date.

We don't know what might have happened had they approached management, merchandising and advertising differently. When we visited Abilene, Kan., one of the comments to us was: "When we ran grocery specials in your newspaper, Mr. Buckel, people came in and purchased ONLY the specials -- nothing else."

When I explained that was an overwhelming endorsement of what we believed could happen, they were disappointed that folks didn't shop for something beyond the advertised specials.

We pointed out -- "Your problem is in-house management and merchandising." They did not understand.

So now a 33,000-square foot store, owned by a very nice couple in Great Bend, Kan., stands vacant on the Lubbock Highway. Let's hope there is a buyer or a tenant found before too long.

The moral of the store could well be -- "Don't open a business if you don't know how to manage, merchandise and advertise your goods and products."

WALTER BUCKEL
Lamesa Press-Reporter

Friendly Door Menu

Friday, Sept. 22
Pork Roast, w/gravy, hash browned potatoes, broccoli w/cheese sauce, roll and rainbow parfait.

Monday, Sept. 25
Spaghetti w/meat sauce, Italian vegetables, tossed salad w/Ranch House dressing, garlic toast and butterscotch pudding.

Tuesday, Sept. 26
Oven fried chicken, new potatoes, green beans, cornbread and peach cobbler.

Wednesday, Sept. 27

tary, told the board. Southwestern Bell Telephone gave \$1,500 to the Chamber to assist in the cost of moving into the new building, costs involved in last year's centennial observation, and because the Chamber's goal is to develop growth in the community.

Dan Adams, area representative of the company, told the board, "The telephone company is really saying 'thank you' to all of you for your efforts in promoting growth. We do appreciate ya'll."

Chamber President Kenneth Via expressed his disappointment that only one representative from Shepard AFB attended a dove hunt sponsored by the organization along with State National Bank.

After pointing out it was the second event base personnel had been invited to attend -- the other attracted only a few more -- Via said he was "not completely discouraged" in his efforts to improve relations with the base.

In other business, directors voted to operate their own booth at the Whoop-T-Do and hold a work day Sept. 30 in preparation for open house during the annual celebration.

A report was made concerning the organization's dues structure, but additional study will be made before a final decision is made by the board.

Cooties

vention, the National Council of Administration and the Commander-in-Chief.

"Only active members of the Veterans of Foreign Wars of the United States shall be eligible for membership in the Military Order of the Cootie, and such membership shall be continued and conditioned upon retaining active membership in the V.F.W."

"The objectives of the organization are to promote social and reunion features among the members of the order and to keep alive therein the spirit of optimism and humor so characteristic of the American serviceman."

One of the organization's major projects is to visit hospitalized veterans, adopting a program of "Keep 'Em Smilin' in Beds of White." Members have developed fund credits with the Veterans Administration Volunteer Service of more than \$5-million by visiting more than a million patients in 31,000 visitations and traveling more than 3.8-million miles, according to the brochure.

Local organizations are named "Pup Tents," while state units are termed "Grand Pup Tents" and the national organization the "Supreme Pup Tent." Meetings are known as "Scratches" and officers designated as "Shavetails."

First Baptist sets fall revival

Larry Russell, staff evangelist with First Baptist Church in Greenville, will lead the music portion of First Baptist Church's Fall Revival to be held Oct. 1 - 4.

Russell is in his third year of music evangelism after having served 32 years in church staff positions including churches in Wichita Falls and Electra. He has led music in over 400 revivals.

With a theme of "Victory in Jesus," the revival will be open to the public.

"NO MAN HATES HIS OWN BODY" EPHESIANS 5:29-31

One would assume that a husband would automatically love his wife, but unfortunately that is not the case in many homes today. This would be filled with too many husbands, who are battling with their wives, pulling against them, making their way hard, and not being tender and kind with them. Here are some things that are guaranteed to keep you from loving your wife. If she can never please you. Some men are forever finding reasons to criticize. It is always true more is accomplished by praise than by fault-finding. Find something good about the way she cooks, treats the children, etc.

If you are rude or harsh with her. A wife will always respond better toward her husband when he obeys the biblical injunction to "live understandingly with her" (1 Peter 3:7).

If you crush her self-esteem. A wife needs her self-esteem, built, and not torn down. She will love you dearly if you praise her both in public and in private. Remember, you chose her. If she was a bad choice, that reflects on you, not on her. Tell everyone what a good wife you have found. If you tell them how many faults she has, they will wonder why you were so foolish to choose her! The Bible says "bestow honor on them". (1 Peter 3:7).

If you lose sight of her beauty. Solomon said, "...rejoice in the wife of your youth..." Proverbs 5:18,19. In other words, remember what drew you to her in the first place. Never forget that a wife nourished on the love and devotion of her husband is always lovely.

Husband, what your wife will be is up to you!

Seven arrested during week

Iowa Park police arrested seven persons during the past week, all in unrelated incidents.

Gene Paul Britt, 49, was taken into custody at 3:22 p.m. Thursday in the 100 block of E. Jefferson on two charges of making terroristic threats and one for criminal mischief.

The first complaints were listed against Britt earlier on that date, but he was not arrested until later. He was transported to county jail.

Shortly after that, at 4:24, police were asked to investigate two suspicious males walking in the 1300 block of Bluejay.

Officers arrested Michael John Avengo, 46, on a charge of public intoxication. He was released four hours later after posting bond.

Another public intoxication arrest was made at 8:12 p.m. Friday in the 300 block of W. Diamond, when

police were summoned on a report of a fight in progress.

Mark Sean Granahan, 22, was arrested, and released at 1:53 a.m. Saturday on personal bond, according to the police blotter.

At 12:53 p.m. Sunday, police were called to the 1000 block of Mary, where Richard Lynn Tigrett, 39, was arrested on a charge of assault. He was transported to county jail, according to the blotter.

On a charge of public intoxication, Shawna Renae Allen, 22, was arrested at 2:15 a.m. Monday, and taken to county jail.

Also arrested Monday, at 11:08 p.m., was Rudolph Gonzales, 32, on a charge of public intoxication. He was released after paying a fine.

A resident in the 500 block of W. Clara reported a riding lawnmower valued over \$750 was taken sometime Saturday.

Council to hear requests

Residents of two blocks on West Texas will ask the city council Monday night to put stop signs on their street.

A public appearance is on the meeting agenda, reportedly sought by residents of the 600 and 700 blocks, to make the request.

The meeting is to begin at 7 p.m. in council chambers.

Another public appearance has been requested by Rev. Mike Grubbs, who will ask permission to hold another CROP Walk in the community in November.

The council is scheduled to hear a request to allow the Wichita Valley Water Supply Corp. take over the Horseshoe Bend water system.

At present, water is sold directly from the city's transmission line from Wichita Falls to Serena Lago Inc., developing firm of the area, which, in turn, sells the water to the residents.

The water supply corporation reportedly rejected the developers for

service initially, and the developers went to the city council with their proposal.

Before Iowa Park could serve the housing development, however, permission was sought and received from Wichita Falls' city council by the developers.

Also on the agenda, aldermen will consider actions necessary to bring the Recreational Activities Center up to required building code.

One minute needed for tax action

The city council needed only one minute to complete its agenda in a called meeting Monday night.

Only two items, both ordinances, were on the agenda: setting the tax rate and adopting the 1989-90 budget.

And, as had been the case at all the previously-required hearings on the budget, no citizen had a comment or asked to address the council on the topic.

The council increased the tax rate from .84 per \$100 valuation to .885, which will generate an additional \$42,000 to finance the general operating fund of \$1,575,500.

With the projected expenses of the water and sewer department set at \$1,065,000, the total budget for next year is \$2,832,500.

Two graduate Midwestern

Two Iowa Park residents were among 125 Midwestern State Univ. students completing degree requirements during the 1989 summer term.

Toni Beth Holland Cerda received a BA degree, and will graduate summa cum laude with a grade point average of 3.9 to 4.0. Frances Kay Walls Clayton received a BAAS degree.

THIS FALL IS THE START OF SOMETHING BIG ON HBO.

"Crocodile Dundee II"

Coming to America

Babar

On Location: Billy Crystal

HBO has big news to report. Along with the movie "Big," we have more big movies than ever before and more 1988 award-winning movies than any other pay service. And that's not all. There's a new HBO original movie every month, hilarious comedy specials, championship boxing and wonderful family programming like

"Babar" and "How to Raise a Drug-Free Child." It adds up to what is surely HBO's best season ever. And if that's not enough, add Cinemax and you'll get the most movies on pay TV. Box office hits, classics, foreign films and more. So get HBO and Cinemax and find out what all the excitement's about.

Defense humbles Wylie, 48-7

Defense -- spelled with a capital "D" -- was the difference in Iowa Park's 48-7 win Friday over a good Abilene Wylie ball club.

The Mean Green defenders set up all five of Matthew Blackman's five touchdowns. And the sixth TD was scored by the defense itself.

The Defense held Wylie's running game to a minus 14 net yards, while giving up 13 receptions out of 31 attempts for 171 yards and the Bulldogs' lone score, which came on their first drive.

Iowa Park's hard-hitting defenders set up the initial touchdown that came with less than one full minute of play. And Wylie took the opening kickoff.

Brian Luney crushed the returning receiver, causing a fumble which was covered by Joey Boyd on the Bulldog 24 yard line. Three plays later, Blackman scooted 14 yards over left guard to light up the scoreboard, with 11:07 yet remaining in the first quarter. Kelly McClure's kick for extra point was wide, however.

That lead lasted a little over three minutes, however. Wylie capped a 65-yard drive with a 20-yard touchdown pass and kicked the point after, to lead 7-6 at the 7:43 mark.

On the final play of the opening period, Jay Loggins threw the host quarterback for a six-yard loss, forcing the Dogs to punt from their own 16 on the first play of the second period.

Bruce Palmer resumed the punt from his 49 to the Wylie 26. Six plays later, Blackman scored from the four, but was cut short by a yard on his run for the two-point conversion. The drive was highlighted by an eight-yard run by David Slack and Jimmy Duggins' 12-yard run.

The next 10 minutes provided some of the most interesting play for the spectators any Hawk fan could want to see. Such as: two consecutive tackles, by Loggins and McClure, that set the Dogs back 12 yards on their first drive; a high snap and hard rush on punter Luney, who dodged a tackler, stepped aside and kicked the ball 28 yards; Palmer's tackle of a pass receiver for no gain, and a tackle by Chuck Brown that shook the ball loose from the receiver which turned the ball over to Iowa Park at the Hawk 33, with 1:24 left in the half.

But there was more. Three straight passes in the final 19 seconds, with the last coming well after regulation time had ended, and the third good for Iowa Park's third TD.

Palmer made a spectacular finger-tip catch in the end zone of a 29-yard pass for an apparent score, but the play was nullified on a clipping penalty.

Then, with three seconds remaining, Duggins again connected with Palmer, taking the ball to the Bulldog four yard line as time on the clock expired. But that play was called back again, this time for offsetting penalties. Wylie had been called for offensive pass interference and Iowa Park for an illegal receiver downfield.

So the ball was taken back to the 35 yard line for one more play. Duggins then hit tight end Stephen Brown about the 20. Brown eluded three would-be tacklers about the 14, and all three collided, freeing the senior's route to the end zone. Then, Duggins threw to a wide-open McClure for the two-point conversion and a 20-7 lead.

Mike Brewer returned the second half kickoff 54 yards, to the Dog 36. Slack was caught a yard behind the line of scrimmage on the first play, but McClure on the next play found his way to the 21, and Blackman racked up his third TD of the game with only 1:14 ticked off the clock.

McClure kicked the extra point.
Two plays after the ensuing kickoff, Palmer went up with an intended receiver and tipped the ball away, into the awaiting arms of Marc Cruz on the Wylie 42 yard line. That possession ended when McClure narrowly missed a 40-yard field goal attempt.

From their own 23, the Bulldogs failed on two pass attempts, and then a deep snap to the quarterback in a "shotgun" formation sailed high over his head for a 15-yard loss. The punter shanked his kick out of bounds on the Wylie 23, and four plays later, Blackman scored from the 14. Again, McClure's kick was true, giving the visiting Hawks a 34-7 lead.

Wylie picked up a first down after the following kickoff, thanks to a five-yard penalty against the Hawks and a six-yard pass. Another aerial was good for nine yards, but then Palmer made the first of his two interceptions of the game, returning the ball 42 yards to the Dog's 16. Three plays later, Blackman capped his scoring of the evening on a five-yarder. And McClure tacked on another kick.

Coach Len Williams, not wanting to run up the score, used an entire junior varsity backfield the balance of the evening on offense, but hadn't counted on his first unit defense scoring.

Two completed passes by Wylie moved the ball to the Hawk 45. But then Palmer snagged his second interception on his own 35 yard line, and set sail down the visitors' sideline to score.

JV kicker Todd Pulley split the uprights for Iowa Park's 48th point.

In all, Wylie suffered four interceptions. Bunkie Imboden thwarted a Bulldog by snagging a pass on his own five yard line, with 32 seconds remaining on the clock. That came on a play immediately following an eight-yard sack by Lewis Skinner and Corey Bridwell.

Blackman carried the ball 14 times and gained 69 yards, while Slack picked up 68 yards on only 11 totes. McClure was called upon twice and added 24 yards to the 95 he picked up on two carries in the season opener.

Other yard-gainers were Johnny Duggins, three for 19, Pulley, three for 11, and Cruz, one for seven.

Blackman also had two catches for 21 yards; Brown two for 40, and Cruz one for 17, besides McClure's three-yard extra point catch.

CHARLES PERRY: The senior defensive tackle from Iowa Park turned in his second consecutive outstanding performance last weekend (against New Mexico). Press box stats had him for six tackles, including two for losses of 11 yards on running plays and a nine-yard quarterback sack. His big play came on fourth-and-goal from the one when he wrapped up the runner for a three-yard loss with 1:45 left to play. "Charles really played well," said defensive coach Dean Slayton. "He was very consistent penetrating inside." Slayton said Perry played 80 of the 83 defensive snaps in heat that registered well over 100 degrees on the field.

ss ss ss ss ss

James Beebe, another ex Hawk, is also making news in college athletics. The big fullback is leading Midwestern State Univ. in rushing after two games with 125 yards on 36 carries. That's 45 percent of the Indians' rushing yards.

ss ss ss ss ss

The new assistant superintendent of the Abilene Wylie schools had to stand directly behind the south goal posts during Friday's football game. That's because he's a former Hawk. Don Harrison was a starting tackle on Iowa Park's 1969 and 1970 state championship football teams.

ss ss ss ss ss

Scores of local interest from last week include:

- Burkburnett 7, Mineral Wells 7
- Gainesville 6, Dallas Hillcrest 3
- Breckenridge 27, Hamlin 6
- Bowie 12, Jacksboro 7
- Northwest 41, Bridgeport 13
- Decatur 29, Olney 0
- Southlake Carroll 36, Graham 28
- Vernon 13, Everman 13

ss ss ss ss ss

Though they didn't make the top 10 teams in the weekly state poll of Class AAA football teams, taken by the Dallas Morning News, the Hawks did receive two nominations. Breckenridge received one. Daingerfield received nine, but didn't make the top 10.

Weekly honors chosen by the Hawk coaching staff after grading the Wylie game film include:

Defensive - lineman, Mike Dungan; linebacker, Chuck Brown; secondary, Bruce Palmer.

Offensive - lineman, Robert Cargal; back, Jimmy Duggins; receiver, Stephen Brown.

Big Hit - Brian Luney (opening kickoff tackle), and Jay Loggins (trap block).

ss ss ss ss ss

Fans with video cameras are reminded that University Interscholastic League rules prohibit any filming of a football game, without the written permission of both the schools involved.

ss ss ss ss ss

Iowa Park native Jess Gardner, who recently moved to Wichita Falls from Fort Worth, worked as a volunteer more than 10 years at that city's Colonial Golf Tournament.

Junior high teams split season openers Tuesday

Iowa Park Junior High's four football teams split season-opening outings Tuesday night against Graham.

The Eighth Grade "A" team won 22-0, but the "B" team lost 56-0.

In Seventh Grade competition, the "A" team lost 18-0, but the "B" team won 6-0.

Charlès Bradberry recovered a Graham "A" fumble on the Graham 30 yard line to set up the first touchdown, and Tony Lozipone scored on a quarterback rollout from the 25. The extra point attempt failed.

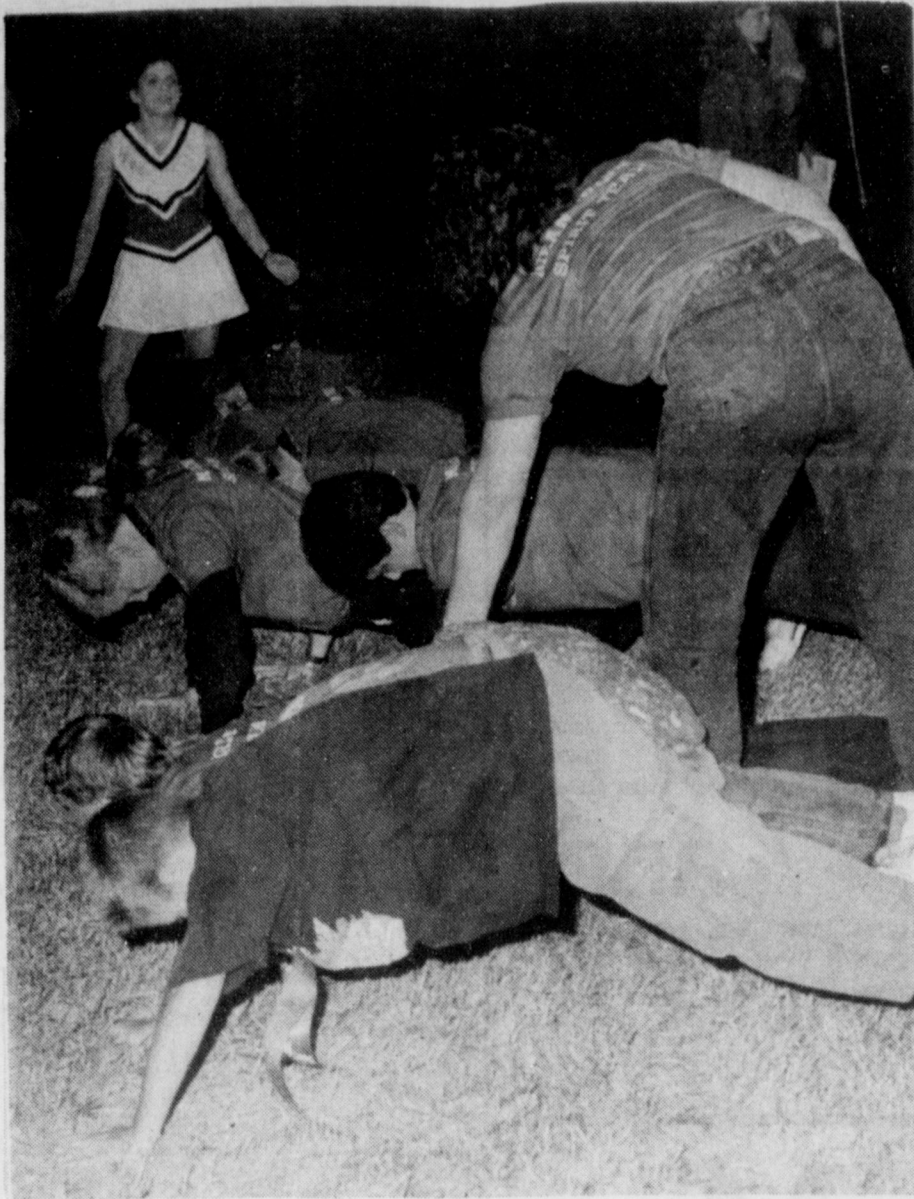

Brent Brown made it 12-0 on a 40-yard jaunt, but again the PAT failed.

Another Graham miscue set up the next Iowa Park TD. Jason Maxwell covered a fumble that set up a Lozipone-to-Brown 10-yard pass to score.

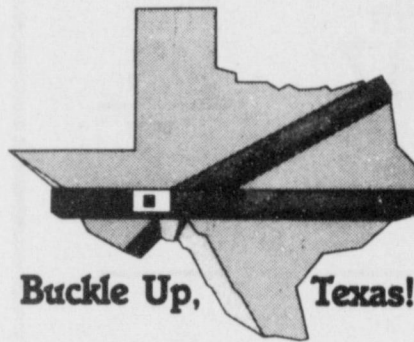

Mike Blevins recovered yet another Steer fumble at midfield to stop a Graham drive. Later, A 60-yard run

NEIGHBORS

ELECTRA HOMECOMING
Electra school homecoming, sponsored by the Electra Chamber of Commerce, will be held Saturday, Sept. 30. Featured events will start at 6:45 a.m. with a pancake feed, followed by a sidewalk arts and crafts sale, parade, antique and classic auto show, downtown entertainment, car cruise, Hee Haw Show and downtown street dance.

THAT'S SPIRIT! - Male members of the IPHS Spirit Team do pushups after each Hawk score to represent the total score on the board at the time. Friday, at Wylie, they had to do 188.

by Brown for an apparent touchdown was nullified by a penalty.

Cody Williams scored from 10 yards out in the Seventh "B" game.

Next junior high games will be at 4 p.m. Tuesday at City View.

Frosh start fast but finish slow against Bowie

By BRUCE PALMER

The Freshmen were the first team from Iowa Park to face a district opponent this season.

Freshmen, along with help of 10 Junior Varsity players, faced the Bowie Jackrabbits' Junior Varsity Thursday night at the junior high field.

The game will not be counted toward the freshman district record. They will, however, face the Bowie Frosh in the first district game three weeks from now.

The Freshmen jumped ahead early after recovering a Jackrabbit

fumble. Chris Williams punched in the ball, however the extra point failed, making the score 6-0 early.

Bowie had the ball once again, when Mark De la Rosa intercepted a 'Rabbit pass and took it 30 yards to make the score 12-0. But, once again, the extra point try failed.

In the second quarter, Bowie's offense got on track, running off 20 straight points.

The Hawks had a drive going in the second half when disaster struck. The Hawks had the ball inside the five-yard line, when Bowie stripped it out of the hands of a carrier.

When the Hawks eventually re-

gained control, they were pinned against their own goal line. Bowie shut down the offense and the Hawks were forced to punt.

Bowie was handed a two-point safety when the center snapped the ball out of the end zone.

Bowie then tacked on another touchdown, to make the score 30-12.

De la Rosa then capped off a Hawk drive with a touchdown run to make the final score 30-19.

The Freshmen saw the majority of the action, with occasional help from the JV players. The close game made the coaches optimistic about the chances of both the Freshmen and Junior Varsity against Bowie, when district rolls around.

The JV and Freshmen will see their next action against Breckenridge tonight in Hawk Stadium.

The JV will be without the help of several key players. Injuries struck Greg Stanford, who is lost for the season, and Perry Walls, who is out for a game because of injuries received in the Varsity game last week at Wylie.

Also lost are Todd Pulley and Robert Denton, who were elevated to the Varsity.

Cheerleaders' Point of View

Once again the Hawks came through with another victory. The score was 48-7.

We wanted to show our appreciation to all the fans who made the long drive to Abilene Wylie to back the Hawks.

Last week we got "Team of the Week." What was exciting was the fact that we got Channel 3 and Channel 6. That was the first time it has ever happened. This week we got the QV 103 sports award, so we have a lot to cheer about.

We are having Wild, Wild West Day Friday and would like for everyone to show their spirit by wearing western clothes. Everyone get ready for the big game Friday in Breckenridge.

We hope to see everyone there, cheering on the Hawks to another victory!

PPG offers scholarships

Joel M. Ellett, Plant Manager and Foundation Agent for PPG Industries in Wichita Falls, has announced plans for the 1991 Community Scholarship Program.

The Foundation's four-year scholarship is valued up to \$6,000. The winner will receive a stipend of \$1,500 for up to four years of college study or until undergraduate degree requirements are completed, whichever occurs first.

Juniors attending Rider, Hirschi, Wichita Falls, Burkburnett, Iowa Park, and Notre Dame high schools, as well as children of employees and

retirees of the Wichita Falls plant, regardless of which secondary schools they attend, are eligible to compete for the scholarship.

Junior class students who will graduate in 1991 must submit an application form and take the combined Preliminary Scholastic Aptitude Test-National Merit Scholarship Qualify Test (PSAT-NMSQT) on Oct. 21 or 24, 1989 to be eligible.

TOP 'O TEXAS FOOTBALL

Iowa Park Pee Wees 26 Burkburnett Pee Wees 0

Behind good blocking by Bodie Yarbrough and Justin Smith, Justin Terry scored once, Mike Swenson racked up a pair of touchdowns, and Chad Wright scored two extra points.

First pass of the season was from Terry to Wright, for a 39-yard gain.

Brandon Brown intercepted a pass and carried it in for a TD.

Also outstanding on defense were Jason Routh and Richard McCann.

Obituaries

Wilker S. Morgan

Services for Wilker S. Morgan, 88, were held Wednesday afternoon at Dutton-Tanner-Aulds Funeral Home with Rev. Charles Hensley, pastor of First Assembly of God Church, and Rev. Jimmy Banks Jr., grandson, officiating. Burial was in Highland Cemetery.

He died Tuesday in a Wichita Falls hospital.

Morgan was born Dec. 19, 1900, in Balsora, Tex. He was retired from Wichita County Water Improvement District No. 2, where he worked 20 years. He had lived in Iowa Park since 1943, after moving from Jacksboro. He and Addie Veola Timberlake were married Nov. 24, 1924, in Durant, Okla.

Survivors include his wife; a son, Donald of Lewisville; a daughter, Shirley Banks of Iowa Park; two sisters, Maggie Clayton of Comanche, Okla., and Myrtle Pitts

of Bridgeport; five grandchildren; and nine great-grandchildren.

Pallbearers were Bill Dickerson, James Brixey, Clay Witherspoon, Herb Turner, Floyd Davis and Jimmy Davis.

Eva Mae Burney

Services for Eva Mae Burney, 74, were held Monday morning at St. Mark's United Methodist Church with Rev. Bob Bush of Bogata United Methodist Church and Rev. Jack McNabb, pastor of St. Mark's United Methodist Church, officiating. Burial was in Crestview Memorial Park.

She died Sept. 15, in a Wichita Falls hospital.

Mrs. Burney was born July 25, 1915, in Mexia, Tex., and had lived in Wichita Falls since 1954. She retired after 25 years with McClurkans. She was a member of

St. Mark's United Methodist Church where she was a Sunday school teacher, treasurer and former member of the administrative board. She was past president of United Methodist Women. She attended school in Valley View, Tex.

Survivors include her husband, R.D. "Dick"; a daughter, Jean McNabb of Wichita Falls; a son, David of Wichita Falls; three sisters, Annie Johnson of Iowa Park, and Louise Kuchinsky and Margie Sanders, both of Wichita Falls; and three grandchildren.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 7, 1989

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the salary of members of the legislature to one-fourth of the Governor's salary and increase the salary of the Lieutenant Governor and the Speaker of the House of Representatives to one-half of the Governor's salary. The annual salary of members of the legislature, the Lieutenant Governor, and the Speaker of the House of Representatives is currently \$7,200. Under this provision, the annual salary of the Lieutenant Governor and the Speaker would be \$46,716, and the annual salary of members of the legislature would be \$23,358, based on the Governor's current annual salary of \$93,432. The increase for the Speaker and the members of the legislature would take effect when the legislature convenes for its regular session in January 1991. The increase for the Lieutenant Governor would take effect when the term of that office begins in 1991. The salary increase for the Lieutenant Governor would not make members of the legislature ineligible to run for the office of Lieutenant Governor.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$500 million of Texas water development bonds. The additional bonds are to be used as follows: \$250 million of the bonds are to be used for water supply loans and facilities acquisition; \$200 million of the bonds are to be used for water quality enhancement projects; and \$50 million of the bonds are to be used for flood control. The legislature may provide that \$100 million be used for subsidized loans and grants to economically distressed areas of the state for water and wastewater facilities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$500 million of Texas water development bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 51 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds to provide money to establish a Texas agricultural fund, a rural microenterprise development fund, a Texas product development fund, and a Texas small business incubator fund in the state treasury. The Texas agricultural fund would be used to provide financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced in Texas by Texas agricultural businesses. The rural microenterprise development fund would be used to stimulate the creation and expansion of small businesses in rural areas. The Texas product development fund would be used to aid in the development and production of new or improved products in this state. The Texas small business incubator fund would be used to stimulate the development of small businesses in the State.

The principal amount of bonds outstanding at one time could not exceed \$25 million for the Texas agricultural fund and \$5 million for the rural microenterprise develop-

ment fund. The financial assistance offered by both funds could include loan guarantees, insurance, co-insurance, loans, and indirect loans or purchases or acceptances of assignments of loans or other obligations. To carry out the Texas product development fund, the legislature could authorize loans, loan guarantees, and equity investments, and the issuance of up to \$25 million of general obligation bonds for initial funding. To carry out the Texas small business incubator fund, the legislature could authorize loans and grants of money, and the issuance of up to \$20 million of general obligation bonds for initial funding.

Bonds authorized under this amendment would be paid out of the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in any interest and sinking account at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the recovery and further development of the state's economy, with goals of increasing job opportunities and other benefits for Texas residents, through state financing of the development and production of Texas products and businesses."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 13 proposes a constitutional amendment that would authorize the legislature, by general law, to exempt from ad valorem taxes property owned by nonprofit veterans organizations that are chartered or incorporated by the United States Congress.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to exempt property of nonprofit veterans organizations from ad valorem taxation."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would provide an exemption from ad valorem taxation for goods, wares, merchandise, other tangible personal property (including aircraft), and ores (other than oil, gas, and petroleum products) if the property is acquired in or imported into the state and is destined to be forwarded out of the state, regardless of whether the intention to forward the property existed when the property was acquired or imported into the state, if it remains in Texas for 175 days or less for assembly, storage, manufacture, processing, or fabrication. The proposed amendment would authorize the governing body of a county, municipality, school district, or junior college district to prevent the exemption of this tangible personal property from taxation by taking official action before April 1, 1990. A county, municipality, school district, or junior college district could rescind a decision to tax the property, in which case the exemption would become effective in the year of the rescission and the property could not thereafter be taxed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment promoting economic growth, job creation, and fair tax treatment for Texans who export goods to other states and nations by restoring and allowing, on a local option basis, an ad valorem tax exemption for certain personal property that is in Texas only temporarily for the purpose of assembling, storing, manufacturing, processing or fabricating."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that

would enable the legislature to provide, by general or special law, that members of a hospital district board may serve terms not to exceed four years. Currently, hospital district board members' terms are two years.

The proposed amendment will appear on the ballot as follows:

"Authorizing the members of a hospital district governing board to serve four-year terms."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 40 proposes a constitutional amendment that would change the format of the oath of office for officeholders in this state. All elected and appointed officers would be required to take an oath or affirmation swearing to faithfully execute the duties of office and to preserve, protect, and defend the constitution and laws of the State and the United States. In addition, each elected and appointed officer would be required to sign a sworn statement that he or she had not paid, offered, or promised anything of value for a vote or to secure appointment to an office, as applicable. The written, sworn statement would be filed with the secretary of state. The information in the statement is currently contained in the oaths of office taken by elected and appointed officials.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to require that a member of the legislature, the secretary of state, and an elected or appointed officer, before assuming office, sign a written oath stating that the member, the secretary of state, or the officer did not engage in bribery to obtain the office."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 24 proposes a constitutional amendment that would allow the legislature to authorize the issuance of up to \$400 million in general obligation bonds. The proceeds of the bonds could be used to acquire, construct, or equip new corrections institutions, mental health and mental retardation institutions, youth corrections institutions, and statewide law enforcement facilities, and to repair and renovate existing facilities of those institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to facilities of corrections institutions, youth corrections institutions, and mental health and mental retardation institutions and for the expansion of statewide law enforcement facilities."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 101 proposes a constitutional amendment that would authorize the legislature to pass laws to organize and combine state agencies that perform criminal justice functions. The legislature could combine into one or more agencies all agencies that have authority over the confinement and supervision of convicted criminals, that set standards for or distribute state funds to political subdivisions with authority over the confinement and supervision of convicted criminals, and that gather information about criminal justice administration. Agencies that could be combined would include the Texas Department of Corrections, the Board of Pardons and Paroles, and the Texas Adult Probation Commission. The amendment would also authorize the legislature to pass laws authorizing the appointment of members of more than one department of government to serve on the governing body.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to organize and combine various state agencies that perform criminal justice functions."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would authorize the legislature to enact laws requiring or permitting judges to advise juries that a defendant convicted of a criminal offense can receive credit for good conduct that results in a shorter prison term and that eligibility for parole or mandatory supervision can also affect the length of time a convicted criminal serves in prison.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to require or permit courts to inform juries about the effect of good conduct time and eligibility for parole or mandatory supervision on the period of incarceration served by a defendant convicted of a criminal offense."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount allowed for federal income tax purposes as of January 1 of that same year as a deduction for living expenses incurred by a state legislator. The per diem of \$30 would increase to \$81, which is the current maximum living expense deduction.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to set the amount of per diem received by a member of the legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state legislator in connection with official business."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment that would authorize the legislature to provide for the use of the permanent school fund and the income from the permanent school fund to guarantee bonds issued by the state for the purpose of providing loans or purchasing the bonds of school districts to acquire, construct, renovate, or improve instructional facilities. If the permanent school fund were required to make payment as a result of its guarantee of bonds issued by the state, the fund would have to be reimbursed immediately from the state treasury. The amount of bonds guaranteed by the permanent school fund could not exceed \$750 million unless a higher amount was authorized by a two-thirds vote of both houses of the legislature. If a school district were to become delinquent on a loan, the amount of the delinquency would be offset against other aid to which the district was entitled.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts."

PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would provide a bill of rights for crime victims. This constitutional amendment would give crime victims the right to be treated with fairness and respect and to be reasonably protected from the defendant. On his request, the crime victim would have the right to notification of court proceedings, the right to be present at all public court proceedings unless a court determines that the victim's testimony would be affected by hearing other testimony, the right to confer with a representative of the prosecutor's office, the right to restitution, and the right to information about the conviction, sentence, imprisonment, and release of the defendant. The legislature would be authorized to enact laws to define the term "victim," to enforce the rights of crime victims, and to provide that certain public officers and agencies are not liable for a failure to protect a victim's rights.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment

providing a bill of rights for crime victims."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 71 proposes a constitutional amendment that would require the district attorney in Fort Bend County to be elected and serve terms at the same times as criminal district attorneys in the state. Currently, criminal district attorneys are elected in gubernatorial election years and district attorneys are elected in presidential election years.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment requiring a district attorney serving in Fort Bend County to be elected and serve a term in the manner provided by general law for criminal district attorneys."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 32 proposes a constitutional amendment that would authorize the legislature, by general law, to permit charitable raffles conducted by qualified nonprofit organizations. The amendment would require that the raffles be conducted, promoted, and administered only by members of the qualified nonprofit organizations and that the proceeds from the sale of raffle tickets must be spent for the charitable purposes of the organizations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit and regulate raffles conducted by certain nonprofit organizations for charitable purposes."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment allowing the legislature to pass general laws authorizing the creation of hospital districts upon approval of a majority of the qualified voters of the district. The amendment would also permit the legislature to authorize the creation of hospital districts by general or special law in counties with populations of 75,000 or less and to authorize the commissioners courts of such counties to levy ad valorem taxes and issue general obligation bonds for the support and maintenance of such districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting to the people the right to decide whether to create and maintain hospital districts to protect the public well-being in a manner independent of the legislature."

PROPOSITION NO. 17 ON THE BALLOT

House Joint Resolution 33 proposes a constitutional amendment that would allow the legislature, by general law, to authorize the use of public money to provide local fire departments and other public fire-fighting organizations loans or other financial assistance to purchase fire-fighting equipment and to aid in complying with federal and state law. The legislature would also be allowed to authorize the use of public money for scholarships and grants to educate and train members of these organizations. Part of the money could be used for administrative costs of this program. The legislature would provide for the terms and conditions of all such scholarships, grants, loans, and other financial assistance.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the state to provide scholarships, grants, loans, and other financial assistance to local fire departments and other public fire-fighting organizations to purchase fire-fighting equipment, to aid in providing necessary equipment and facilities to comply with federal and state law, and to educate and train their members."

PROPOSITION NO. 18 ON THE BALLOT

Senate Joint Resolution 44 proposes a constitutional amendment that would repeal subsection (e) of Article III, Section 50-d of the constitution. Article III, Section 50-d currently allows the Texas Water Development Board to issue and sell Texas agricultural water conserva-

tion bonds in an amount not to exceed \$200 million, if two-thirds of the members of each house of the legislature approve. Under subsection (e), this authority will expire in November, 1989. Repeal of subsection (e) by passage of this amendment would continue in effect the authority to issue and sell the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to eliminate certain time limitations relating to the issuance of Texas agricultural water conservation bonds."

PROPOSITION NO. 19 ON THE BALLOT

Senate Joint Resolution 59 proposes a constitutional amendment that would allow local governments to invest their funds as authorized by the legislature. Currently, the constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company prevents local governments from making some kinds of investments. This proposed amendment would allow local governments to make any investments authorized by the legislature.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize local governments to invest their funds as provided by law."

PROPOSITION NO. 20 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment which, if passed, would abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties. A majority of the voters in an affected county must vote in favor of this proposed amendment before the office is abolished in that county. If the office of county surveyor is abolished in any of these counties, the powers, duties, and functions of the office are transferred to a county officer or employee designated by the commissioners court of the county in which the office is abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties."

PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 74 proposes a constitutional amendment that would authorize the legislature to enact laws authorizing the Texas Higher Education Coordinating Board or its successor to provide for, issue, and sell an additional \$75 million in general obligation bonds as college savings bonds. The form, terms, and denominations of the bonds would be prescribed by law. The interest rate and installments would be prescribed by the Texas Higher Education Coordinating Board or its successor. The maximum net effective interest rate would be set by law. Proceeds from the sale of the bonds would be credited to the Texas opportunity plan fund, which is used to make loans to students to attend institutions of higher education in Texas. The bonds and interest on the bonds would be payable from the first money coming into the treasury in each fiscal year that is not already appropriated by the constitution, less the amount remaining in the sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds as college savings bonds to provide educational loans to students and to encourage the public to save for a college education."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 7 de noviembre de 1989. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

Sept. 24

We will honor all our Senior Adults during the Morning Service.

The women will be presented with a corsage, and the men will receive a boutonniere.

All of them will receive a certificate of appreciation.

During the worship service, conducted

by the Senior Adults,

Guest Speaker will be

Rev. George Broome

Retired pastor and former church official.

AREA OIL & GAS NEWS

At a location seven miles south-southwest of Iowa Park, Finnell Oil Co. of Wichita Falls has finaled a new oil producer in the Wichita County Regular Field.

The well is designated as the No. 6 Chilson "D", pumping oil at the rate of 39 barrels per day plus 40 barrels of water. Production will be from a perforated interval 687 to 731 feet into the hole.

The No. 5 L.K. Holman, a 1,950-ft. developmental well, is scheduled to be drilled in the Wichita County Regular Field. F.T. Felty Operating Co. of Burkburnett is the operator. The well will be spudded in a lease two miles south of Burkburnett in the Reuben Hornsby Survey.

Finnell Oil Co. of Wichita Falls has filed for permit to drill the No. 4 Cullum Headquarters, a 1,800-ft. developmental well five miles east of Kamay. Location is in a lease in Wichita County's DCSL Survey. The well is in the Wichita County Regular Field.

A re-entry operation is planned by Williams Petroleum Co. Inc. of Burkburnett at the No. 18 Murphree Estate in the Wise County Regular Field. The venture will be aimed at shallower production. With a completion depth of 400 feet, the well is located two miles southeast of Fowlkes in the SA&MG RR Co. #1 Survey.

The No. 55 I.J. Cole has been finaled by L&J Oil of Wichita Falls.

It is a developmental well in the Wichita County Regular Field. Drillsite is three miles southwest of Iowa Park in the Palo Pinto CSL Survey.

Daily potential of seven barrels of oil, 1,000 CF casinghead gas and 40 barrels of water was posted with the Railroad Commission. The well will produce from perforations 530 to 534 feet into the hole.

At a location 5.5 miles north-northeast of Electra, Tri-Mc Oil Co. of Electra has finaled a new oil producer in the Wichita County Regular Field.

The well is designated as the No. 4 Williamson "85", pumping eight barrels of oil per day, plus 1,000 CF casinghead gas and one barrel of water.

Location is in a lease in the Waggoner Colony Lands Survey. The well will produce from perforations ranging from 1,914 to 1,936 feet into the wellbore.

Flowing 111 barrels of oil per day, along with 32,000 CF casinghead gas, the No. 1 Cato Wilson "A" was completed in Hardeman County's Lower Field by Paul DeCleva of Wichita Falls.

Drillsite is nine miles southwest of Chillicothe.

It will produce from a perforated interval in the Chappel Formation, 8,065 to 8,075 feet into the hole.

The location is in a lease in the H&TC RR Co. Survey.

Hardeman County's Quannah Field gained a new producer when Texaco Producing of Midland completed the No. 1 J.B. Sharp 2.5 miles north of Quannah.

The well indicated ability to pump oil at the rate of 26 barrels per day. It also produced 22,700 CF casinghead gas and 44 barrels of water daily. Production will be from perforations from 5,890 to 5,904 feet into the wellbore.

Joe Patterson

Patterson joins SNB

Joe Patterson, a 10-year resident of the Iowa Park area, assumed the position of consumer lending officer Monday at State National Bank, according to President Jimmie Tate.

Patterson's background includes 23 years in consumer lending, of which all but five, with a finance company, were with banks.

Except for eight years he lived in the Fort Worth area, Patterson is a life-long resident of Wichita County. He was raised in Wichita Falls, graduated Wichita Falls High and attended Midwestern State Univ.

Other than a stint with the First National Bank of Fort Worth, all his

banking career has been with City Bank, a firm that has changed names several times in recent years and is now known as NCNB.

His commuting time to work is now considerably shorter than before. Patterson, 45, and his wife, Connie, live northwest of town on Johnson Road.

They've lived there the past five years, and prior to that resided five years in the Valley Farms area.

Patterson is a member of La Vista County Club, and lists his favorite hobbies as golfing, hunting and fishing.

Sept. 17-23 designated Young Farmer Week

Young Farmer Week, Sept. 17-23, has been designated in Texas by Gov. Bill Clements.

Young Farmers of Texas is an organization with an active membership of people ages 18-40 (and some older), who are interested in agriculture and agriculture education.

Young Farmer chapters provide not only quality education in agriculture and related fields, but also provides the community with an organization that wants to "give back."

Many chapters give scholarships to local students. Others are involved in the local stock shows, not only donating labor but also by purchasing animals to support youth.

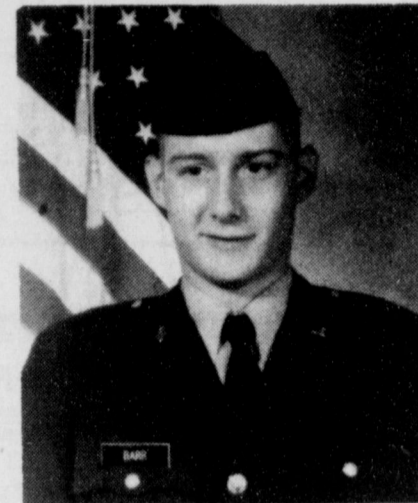

Young Farmers are community minded.

Wichita County Young Farmers provide community service by supporting the Cripple Children's Livestock Auction, the Iowa Park 4-H and FFA Project Show and Wichita County Junior Livestock Show.

Other activities include the organization's annual truck and tractor pull and a consignment auction.

Mac Reeves is president, Kevin Wells vice president, Paul Starr secretary, Larry Godwin treasurer and David Phillips reporter.

Monthly business meetings are held the first Tuesday of each month at the Iowa Park High School Vocational Agriculture Building.

Donnie Joe Barr

Stationed at Fort Hood

Donnie Joe Barr, son of Mr. and Mrs. Edd Bar of Anchorage Alaska, graduated from basic and technical training at Fort Leonard Wood, Mo. He is now stationed at Fort Hood, Tex.

Barr is the grandson of Mr. and Mrs. Fred L. Hambright of Iowa Park.

"Let's Talk...It's The First Step" - Locally Owned

WHAT SITS OUT BACK, RUNS SUMMER AND WINTER, AND SAVES YOU MONEY?

A heat pump. And there are three good reasons you should get one.

A HEAT PUMP COOLS, HEATS AND SAVES.

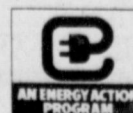

Replace your old air conditioner with a new electric heat pump. It's a high efficiency air conditioner in summer. While, in the winter, it's the most energy efficient heating system you can own. On even the coldest days, a heat pump system operates efficiently and will provide all the warmth you need.

A HEAT PUMP CAN SAVE \$130 A YEAR.

Compared to a gas furnace, a heat pump is more energy efficient. And TU Electric's low rates make heating and cooling your home with a heat pump an even better value. Tests have shown you can save \$130 or more a year by installing a heat pump.*

GET MORE INFORMATION.

You can find out more about the amazing heat pump, including details on rebates, from your local heat pump dealer.

TU ELECTRIC
A Commitment To Service

*Typical costs based on 1,658 sq. ft. home, comparing 9.0 SEER heat pump to 9.0 SEER air conditioning unit with a gas furnace, using TU Electric rates. (\$0.0385/kWh winter electric rate, \$0.0651/kWh summer electric rate.)

LEGAL NOTICE

SHERIFF'S SALE
THE STATE OF TEXAS
County of Wichita
NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable 30th District Court of Wichita County, on the 31st day of August 1989 by Dorsey Trapp, Clerk of said District Court for the sum of Two hundred thirty one and 06/100 DOLLARS plus 10% interest from date of judgment and costs of suit, under a certain judgment, in favor of Iowa Park Independent School District, Et Al in a certain cause in said Court, No. 37,338-A and styled Iowa Park Independent School District, City of Iowa Park and County of Wichita vs. Pamela Gay Morgan and Bobby Morgan and placed in my hands for service, I Thomas J. Callahan as Sheriff of Wichita County, Texas, did, on the 31st day of August 1989 levy on certain Real Estate, situated in Wichita County, Texas, described as follows, to-wit:

Lot 7-C, Block 136, Original Townsite of Iowa Park, Wichita County, Texas according to the plat of the Original Townsite of Iowa Park recorded in the Plat Records of the County Clerk of Wichita County, Texas and as described in a deed recorded in Volume 1434 at Page 80 of the Deed Records of Wichita County, Texas; commonly known as 105 East Lafayette, Iowa Park Texas.
And it is further Ordered, Adjudged, and Decreed that the owner of such property, or anyone having an interest therein, or their heirs, assigns, or legal representatives, may, within two (2) years from the date of the filing for record of the purchaser's deed and not thereafter, have the right to redeem said property as provided by law.
Note: Please be registered at the time of sale with Sheriff, Deputy Sheriff or agent conducting the sale.

and levied upon as the property of Pamela Gay Morgan and Bobby Morgan and that on the first Tuesday in October 1989, the same being the 3rd day of said month, at the Court House door, of Wichita County, in the City of Wichita Falls, Texas, at 10 A.M. by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public venue, for cash, to the highest bidder, as the property of said Pamela Gay Morgan and Bobby Morgan.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Iowa Park Leader a newspaper published in Wichita County.

Witness my hand, this 31st day of August 1989
Thomas J. Callahan
Sheriff, Wichita County, Texas
By Larry W. Proffitt, Sgt. Deputy.
