Vol. 21, No. 7 IOWA PARK, WICHITA COUNTY, TEXAS 76367 Thursday, November 2, 1989

Voters to decide on 21 amendments

Texans will cast their opinions on ballots Tuesday on 21 proposed amendments to the state constitution.

Locally, polls will be at the county agriculture building (ASCS) for Precinct 32; Faith Baptist Church for Precinct 33; West Wichita Coop in Valley View for Precinct 34, City View Baptist Church for Precinct 35 and Chaparral Baptist Camp for Precinct 60.

All polls are to open at 7 a.m. and close at 7 p.m.

Voters are reminded that this election has nothing to do with the Iowa Park school district bond election, which will be held the following Tuesday.

The constitutional amendments include:

1. To limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary.
2. To authorize issuance of an additional \$500 million of Texas water development bonds for water supply, water quality, and flood control purposes.
3. Authorizing the legislature to provide for the recovery and further development of the state's economy, with goals of increasing job opportunities and other benefits for Texas

residents, through state financing of the development and production of Texas products and businesses.

4. To authorize the legislature to exempt property of nonprofit veterans organizations from ad valorem taxation.
5. Promoting economic growth, job creation and fair tax treatment for Texans who export goods to other states and nations by restoring and allowing, on a local option basis, an ad valorem tax exemption for certain personal property that is in Texas only temporarily for the purpose of assembling, storing, manufacturing, processing or fabricating.

6. Authorizing the members of a hospital district governing board to serve four-year terms.
7. To require that a member of the legislature, the secretary of state, and an elected or appointed officer, before assuming office, sign a written oath stating that the member, the secretary of state, or the officer did not engage in bribery to obtain the office.

8. Authorizing the issuance of general obligation bonds for projects relating to facilities of corrections institutions, youth corrections institutions, and mental health and mental retardation institutions and for the expansion of statewide law enforcement facilities.
9. Authorizing the legislature to or-

ganize and combine various state agencies that perform criminal justice functions.

10. Authorizing the legislature to require or permit courts to inform juries about the effect of good conduct time and eligibility for parole or mandatory supervision on the period of incarceration served by a defendant convicted of a criminal offense.
11. To set the amount of per diem received by a member of the legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state legislator in connection with official business.

12. To provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts.
13. Providing a bill of rights for crime victims.
14. Requiring a district attorney serving in Fort Bend County to be elected and serve a term in the manner provided by general law for criminal district attorneys.

15. Authorizing the legislature to permit and regulate raffles conducted by certain non-profit organizations for charitable purposes.
16. Granting to the people the right to decide whether to create and maintain hospital districts to protect the

MOPPING UP - Iowa Park firemen put the finishing touches on a fire that heavily damaged the home of Mr. and Mrs. Bobby Kenyon, 300 S. Victoria, Monday night. Both occupants were away when the blaze was discovered. The home was insured, Kenyon said. One fireman, Charley Wright, was slightly injured fighting the fire.

GRAHAM HERE

Hawks need win Friday for chance in playoffs

When the Graham Steers enter Hawk Stadium tomorrow night, they will try to play the part of spoiler by matching their 40-0 win over the Hawks last year.

Graham, with a 1-2 district record, is virtually out of the playoff picture. But the Hawks are still alive for a playoff hope, even after last week's loss to Decatur.

"We've got to win the next two games" to have any chance at a place

in the playoff picture, Coach Len Williams said this week.

Kickoff for the last regular season home game for the Hawks is at 7:30 p.m.

The Steers count heavily on the running of senior Shawn Cauble, who amassed some 1,200 yards last season in only eight games.

It will be up to the Mean Green defense to shut him down.

Cauble gained 822 yards in four

games this far this season, including a whopping 311 on 26 carries against Abilene Wylie.

Despite losing to defending state champion Southlake Carroll, which is top-ranked in all polls again this year, 28-36, Cauble gained 109 yards on 12 carries, including 72-yard TD.

And in the Steers' 10-13 loss to AAAA Azle, he gained 213 yards, including a 56-yard touchdown romp.

He added 193 last week against Bowie, and added three touchdowns, bringing his season total to 13.

But the Steers have had their success with the passing arm of quarterback Rodney Baggett.

Three of Graham's touchdowns in the Carroll game were on passes, two to Rob Thetford and one to Todd Thetford.

Rob Thetford also caught touchdown passes against Burk Burnett and Abilene Wylie, but also has run for scores against Vernon, Decatur,

Halloween prank turns into night in WF jail

The practice of taking decorative pumpkins from someone's porch on Halloween night is neither uncommon nor condoned.

It has led to a serious charge against three young Iowa Parkans.

The trio apparently drove over to Wichita Falls in search of some fun Tuesday night, and decided to take both pumpkins and a ghost-shaped wind sock from a particular house.

But in the process, they were reportedly confronted by the woman of the house, who tried to stop them. The woman was alleged to have been shoved to the ground in a successful attempt to escape.

Their second mistake: they had unknowingly chosen the home of a Wichita Falls police officer to attack. And the woman took down the license number of their vehicle.

Iowa Park police were notified at 10:50 of the incident and the vehicle number. Local police stopped the suspected vehicle at 11:21 in the 200 block of Joy.

Arrested on a warrant from the Wichita Falls police department on a charge of robbery were Cody Brian Barnett, 18, Don Ray Ladesma, 18, and a 15-year-old juvenile.

They were picked up by Wichita Falls police for transport and booking in that city.

In an unrelated incident on Halloween, an Iowa Park man was charged with assaulting a 15-year-old junior high school boy.

James Elliott Todd, 44, was taken before Justice of the Peace Bill Robinson, who set his bond at \$500, and transported to county jail.

Todd reportedly had filed complaints several times with local police that he was being verbally harassed by junior high school boys who were calling him names.

Tuesday, Todd is alleged to have confronted a group of boys after such an incident. A boy to whom he was

speaking reportedly apologized, but as he turned his back to leave, one of the others said something to him.

Thinking it was the same youth, Todd is alleged to have turned back and struck the youth.

The incident occurred at 2:13 p.m., according to the police blotter.

News Briefs

Area receives needed rainfall

It had been about six weeks since the last appreciable rainfall had been received here, until last weekend.

But, following a light shower Friday night, the area received

welcomed wetness both Sunday morning and again that evening.

Though Virgil Woodfin measured only 1:42 at his home in town, several residents north and west of Iowa Park reported 2.3 inches.

Chamber seeks nominations

Nominations for any of the annual recognition awards made by the Iowa Park Chamber of Commerce are still being accepted, according to Kenneth Via, president.

Presentation of the awards will be made at the annual Chamber banquet on Jan. 20.

The awards include Outstanding Citizen of the Year, Outstanding Educator, Outstanding Agriculturist and Outstanding Senior Citizen.

Forms to assist in preparing the nominations are available at the Chamber of Commerce office, between the hours of 10 a.m. and 3 p.m. Monday through Friday.

Absentee voting continues

Absentee voting in the Iowa Park school district bond election, to be held Nov. 14, will continue until Friday of next week at the school administration building.

Voters are being asked to decide the fate of a \$2.75-million bond issue school trustees are seeking to add classrooms and make necessary improvements.

Open house set at high school

After an absence several of years, open house will be revived at Iowa Park High School next Monday.

Principal Richard Davis explained considerable interest in holding open house at the campus, as is done at the lower grade campuses, prompted the revival.

Parents are encouraged to attend the event, which will last an hour and a half.

Following a brief welcome and introduction meeting at 7 p.m. in the cafeteria, parents will be invited to visit each of their student's classrooms and meet the teachers.

Members of the student council will be on hand to assist parents in finding rooms and to answer any questions.

The open house will last until 8:30.

EMERGENCY WORKERS CHECK POLICEMAN'S PERSONAL CAR ... after two-vehicle accident on FM 368.

Wreck results in DWI charge

There were no serious injuries sustained by either driver in a two-car collision shortly after midnight last Thursday night, but one of the drivers was arrested on a charge of driving while intoxicated.

The accident occurred at 12:55 a.m. at the intersection of FM 368 and FM 1206.

Larry Douglas Green, 21, who had Beaumont as his residence on his drivers license, was arrested for DWI, and also for possession of a small amount of marijuana.

He reportedly was driving east "at a high rate of speed" on FM 1206 and failed to stop at the intersection.

His vehicle was struck broadside by another vehicle driven by Connie Loudermilk, an Iowa Park police officer who was enroute to her home in Holliday after working her shift here.

Loudermilk was taken to Wichita General Hospital by ambulance, where she was treated for minor injuries to her knees and released. She reported for work again Monday.

Green, who also was treated for

minor cuts and abrasions, was administered a breathalyzer test which reportedly recorded .184 (.10 is the legal limit).

When he was taken to county jail, officers found an envelope in one pocket containing less than two ounces of marijuana.

Green was taken before Justice of the Peace Arthur B. Williams, who set his bond at \$750 on the DWI charge and \$200 for possession.

Both vehicles were reportedly total losses.

Brock gives Evening Lioness program

Judy Brock, a six-year leader of FOCAS, Foster Care Advocate Services, gave the program Thursday for the Evening Lioness Club.

She put major emphasis on CASA, the Court Appointed Special Advocate for abused, neglected or abandoned children. She was accompanied by Terry Oswald, a director of FOCAS.

Introduced by Mrs. Alan Bennett, the speaker stressed the special place the volunteers have in the CASA program. She said that they were trained community workers appointed by a judge to speak up for the children in court, and work alongside attorneys and case workers.

She explained that volunteers are trained by professionals in the community and are responsible for taking the time to find out as much as possible about the child that they are assigned to by reviewing the records, interviewing the parents, teachers, neighbors and, more important, the child, report to the case worker, then to the attorney.

Mrs. Brock said CASA workers strive to keep the family together instead of removing children from the home permanently, placing them in foster care or institutions. She discussed classes and opportunities that are offered to parents to give them incentive to love and protect their children and create a wholesome home environment.

The speaker announced a new volunteer program would start in January 1990. She said a 20-hour training program enables a volunteer to become an advocate. "The volunteer workers come from all walks of life and they spend about 20 hours a month working on cases," she said.

During a question and answer period, Mrs. Brock said FOCAS was funded by United Way, foundations, endowments, donations from churches, clubs and individuals.

Mrs. Bennett presented the devotion on "Beauty Box" from "Please Give A Devotion" by Amy Bolding.

Mrs. Kenneth Via presided during the business when it was voted to send a monetary gift to

FOCAS in appreciation of Mrs. Brock's program.

The meeting was held at the Lions Building and the hostesses were Mrs. Herman Daymude and

Mrs. D.O. James. Halloween decorations featuring a Jack-O-Lantern pumpkin, black cats, witches, brooms and mini pumpkins appointed the refreshment table covered in the same decor.

Keva Gunter and Pete Armstrong

March wedding planned

Mr. and Mrs. George Gunter of Valley View announced the engagement of their daughter, Keva, to Pete Armstrong, son of Jean Armstrong of Iowa Park.

The couple will exchange vows March 11 at the Country Chapel in Wichita Falls.

Miss Gunter is a graduate of Iowa Park High School, and attended Midwestern State Univ. She is employed by Best Products. Armstrong is a graduate of IPHS and attends Southwestern Oklahoma State Univ. He is employed at Showplace Video in Clinton, Okla.

Spring Air Price Break

"exceptional value in chiropractic-approved mattress design"

FCER FOUNDATION FOR CHIROPRACTIC EDUCATION AND RESEARCH
The Spring Air Company
20 N. Wacker Drive
Chicago, Illinois 60606

Gentlemen,
The Foundation for Chiropractic Education and Research is pleased to report that Spring Air's new ChiroLux mattress sets have merited the Foundation's full endorsement. The ChiroLux mattress and foundation have support characteristics essential to proper sleep posture and spinal alignment. Extra working wire has provided the necessary support in the critical "Super Center" zone. Spring Air's "Super Center" zone in the center 1/3 of the mattress provides extra body support where it is needed most. By incorporating ultra-premium technology in popular price bedding, Spring Air has made possible exceptional value in chiropractic-approved mattress design. As a result, the benefits of healthy sleep posture are more affordable than ever.

Sincerely,
Brian Cartier
Executive Director, FCER

Library News
By JO LYNN COCKRUM

The Jack'O Lantern contest was a great success! Thanks to everyone who entered and congratulations to the winners.

Entries were judged by public voting with one winner chosen in each category. The winners include: Cal Christian, largest; Amber Miller, smallest and cutest; King's Kids Day Care Center, funniest; Brownie Troop #59, scariest; and Troy and Toby Potter, most original.

Each winner received a merchandise certificate from area restaurants.

Thanks to Sonic, Ken's Pizza, Dairy Queen and Golden Fried Chicken for donating the prizes. This will be an annual event at the library, so plan to join us next year!

Thanksgiving

The library will be participating in a Thanksgiving food drive again this year. Patron may donate non-perishable foods at the library beginning Nov. 7.

Students place second in bowl

The Iowa Park High School S.P.A.A.C.E. students won second place in the High School Bowl held Saturday at Midwestern State Univ.

The Iowa Park team competed against Rider and Holliday High Schools, and lost to Springtown in the championship round.

The High School Bowl is a version of the academic College Bowl where students compete in academic trivia.

Iowa Park students competing include Paul Schlaud, Gary Green, Tommy Ashton and Jason Meisel, with Marsha Glass and Brady Cretsing as alternates.

Paul Schlaud was named Most Valuable Player in Division One schools.

Locals are inducted into honor society

Three local residents were recently inducted into the Texas Alpha Gamma Chapter of Alpha Chi, a national academic honorary society, at Midwestern State Univ.

Inducted were Christine K. Bosmans, education major, and Deryl Edward Roy, marketing major, both of Iowa park; and Tina L. Marten, elementary education major, of Holliday.

To be eligible for membership in Alpha Chi, students must be juniors or seniors with a grade point average of 3.6 or higher, and with more than 75 earned academic hours.

Volunteer receives commendation note

Marbella Childers of Iowa Park was recognized this month with a letter of appreciation from Gov. Bill Clements for her volunteer efforts with the Wichita Adult Literacy Council, Inc.

She is a tutor with the council.

Recognition from the governor comes on the heels of an award she received from the Literary Council for having logged the most contact hours with her students during the past fiscal year, according to Pamela Iden, coordinator.

Wildflower landscaping topic of meeting

There is still time to plant your wildflowers, according to Mrs. Sophie Huff of Wolfe Nursery, who gave the program of the Iowa Park Garden Club Friday morning.

During her program, entitled "Landscaping with Wildflowers," Mrs. Huff explained that wildflowers should be planted between August and November in a protected area of the yard, where they will receive at least six hours of full sunlight a day.

She said that if wildflowers are started from seed, the soil should be dug only one-half inch deep, and the seed should be mixed with sand and thrown by hand. After sowing, the area should be watered thoroughly.

If the wildflowers are transplanted, they should be watered with a root stimulator after planting.

At the closing of her program, she gave away a package of wildflower seeds and bluebonnet plants, won by Mrs. Gladys James and Mrs. Dewey Conley, respectively. Each member received a pamphlet on "Texas Bluebonnets," by the Texas Agricultural Extension Service.

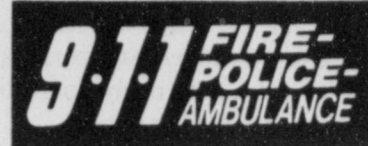

Mrs. James presided over the business session in which plans to attend the District Two Fall Convention Nov. 9 in Fort Worth were discussed.

Mrs. B.J. Gilmore read the thought for the day, entitled "Count

Your Blessings." A horticulture display of asparagus fern was shown by Mrs. R.L. Bartosh.

The 18 members in attendance answered roll call with a location where they had seen a beautiful landscape of wildflowers.

Mrs. Don Decker and Mrs. Jesse McCullough were hostesses for the meeting, and served from a table decorated with pumpkins and a ceramic Halloween centerpiece.

We have been re-opened for business three years!

Caring for Dry Skin

- Use a moisturizer after contact with water.
- Take warm, not hot, baths and showers.
- Use mild soaps and rinse thoroughly.
- Avoid: detergent bubble baths, sodium bicarbonate and perfumed products.
- Dry between toes and in skin creases.
- Use talcum powder as a drying agent.
- Wear loose fitting, natural fabric clothing.
- Drink plenty of water.
- Don't oversoap when laundering clothes.
- Use a humidifier or vaporizer to combat indoor dryness.

For products to relieve dry skin — Ask your pharmacist.

ALWAYS.

As I See It... By BOB HAMILTON

I hope you are planning to take the time to cast your ballots Tuesday on the 21 state constitutional amendment proposals.

Most of them are vitally important to everyone in the state.

As usual, I've made my study of the proposals and have my personal ballot (in my mind) ready to mark when I step into the booth.

Three of them will get "nay" votes from me: numbers 1, 3 and 21.

The first on the ballot has to do with salaries of the lieutenant governor, speaker of the house and legislators.

There is no question all their salaries should be raised, but I object to the formula they've used. It takes out of the hands of the public what they are to be paid.

They devised a formula by which their's would be based on what the governor's salary is set. As I said, I have no objection to raises for them all, but not without oversight by the citizens.

No. 3 proposal, under the guise of increasing jobs and development and production of Texas products, sounds really great. But there's too much opportunity for pork barrel deals and I'm of the opinion there are other ways than this one to accomplish the same thing.

No. 21, using state bonds for

student loan funding is a duplication of federal programs and unnecessary.

In fact, there are a lot of loan monies not being used, because the federal government has decided to start forcing repayment.

Texas doesn't need to get into the student loan business, nor does it need another bureaucracy.

Some of the other proposals actually have nothing to do with us here locally. They pertain to certain areas, so I wouldn't have objection to any of those.

So I support all but the three.

But I would like to address a few in particular, to solicit your support.

I am very much in favor of No. 10, to allow courts to inform juries about eligibility and parole for some of our bums heading for prison. This needs to be corrected, because a lot of criminals are released far before the jury figured they would be, only because they didn't know all the facts.

And I'm very much in favor of No. 13, which provides for a bill of rights for crime victims. They've been left out all these years, and the criminals had all the rights allowed.

No. 15 is one that is far overdue. It will permit non-profit organizations to legally hold raffles. And it would likewise permit community newspapers to mention the fact that

they are being held.

When the Friendly Door, or any other non-profit organization, offers a \$1 chance on winning a quilt, they are actually breaking the state law. And if I do so much as even mention the project being underway, I could lose my mailing permit which would in effect put me out of business.

And, after years of watching volunteer fire departments fight, work and actually beg for monies with which to buy equipment they need, I am in total support of Proposition No. 17.

I hope you take the interest to mark your own ballot, whether you agree with me or not. A constitution is so vitally important, it needs the affirmation of us all if it is to become the law of the land.

Amendments

Continued from page 1

public well-being in a manner independent of the legislature.

17. Authorizing the state to provide scholarships, grants, loans, and other financial assistance to local fire departments and other public fire-fighting organizations to purchase fire-fighting equipment, to aid in providing necessary equipment and facilities to comply with federal and state law, and to educate and train their members.

18. To eliminate certain time limitations relating to the issuance of Texas agricultural water conservation bonds.

19. To authorize local governments to invest their funds as provided by law.

20. To abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris and Webb counties.

21. Providing for the issuance of general obligation bonds to provide educational loans to students and to encourage the public to save for a college education.

Worth Quoting

No one can blame a shopper for trying to get the best deal he or she can. It is true of course that some people shop at the most expensive out-of-town stores just to impress their friends and perhaps their relatives. Nieman-Marcus in Dallas got rich that way. (And with effective advertising.) But most people are impressed with bargains. They want to save money on this item, knowing that pretty soon they are going to need to spend on some other item. That is where effective advertising comes in. It does no good to have a bargain, for instance, if no one knows that bargain is available.

The world is full of ex-store owners who took the position that "I've been here a long time and everybody knows what I have here. Why should I spend good money telling them about it?"

Well, Sam Walton, who built Wal-Mart, didn't think that way. Neither did the people who built Sears, or General Motors, or Pay-n-Save, or any number of others we could mention. They've all been here a while too, but they never cease telling us what they have to sell, and how good it is, and what good bargains they have for us. That's one reason they are still with us.

But back to the point. Our local businesses are generally very supportive of our local community. And they are exceedingly well stocked, in our opinion, for a small community.

Let's at least give them a fair break. Check their ads. Check their wares and their prices. And then

reflect upon how much support this community gets from those who run the t.v. sales campaigns, or the bulk mail solicitation campaigns, or the out-of-town "discount" houses. Chances are very good that one will find, in balance, that some of our very best bargains are right here.

KEN TOWERY
Floyd County Hesperian

Hawks

Continued from page 1

Wylie and Burkburnett.

The Hawks and Steers have thus far this season met four common opponents, all with similar results.

They defeated Burkburnett, Iowa Park 37-23 and Graham 48-0; Abilene Wylie, Iowa Park 48-7 and Graham 49-8, and Bowie, Iowa Park 28-7 and Graham 34-9.

Their common loss was to the Decatur Eagles, Iowa Park 25-27 and Graham 12-26.

Cauble was injured in Graham's game against Decatur and was sidelined.

Despite the Hawks' loss last year at Graham, Iowa Park holds 9-6-1 edge over the past 20 years. The tie was a 34-34 deadlock in the 1985 bi-district battle, with the Hawks advancing on penetrations, 6-5.

As of early this week, only one Hawk was on the "questionable" list of being able to play tomorrow. He is linebacker Jimmy Nicholson, who suffered a slightly-torn leg muscle in the Decatur game.

ACCIDENTAL DISCOVERY MAY END OBESITY

WASHINGTON - Obesity may be controlled naturally with a new type of pill, discovered by accident, a research scientist confirmed recently.

In studies with potential cholesterol-lowering agents, scientists noted an unusual side effect. Patients receiving an ingredient in what is now being called FS-1 all lost weight, in spite of being instructed not to alter normal eating patterns, while body weight in control groups remained constant.

Scientists say the mechanism behind the weight reduction is not clear, but suggest it is partially due to a decrease in the intestinal absorption of calorie-rich dietary fats. Although scientists for some time have known of substances with the capability of producing this effect, the dramatic impact on weight reduction was not known until recently. Substances with a greater potential to block absorption will produce greater weight loss results.

The director of research and development at National Dietary Research, an organization committed to the investigation and research of nutritional solutions to world-wide health problems, stated "The mechanism by which FS-1 works to decrease body weight is actually a more complex and sophisticated process called nutri-bonding. When chewed and swallowed immediately before meals, FS-1 releases nutrients with low caloric content into the body, while high caloric fats are eliminated, thus providing optimum nutrition and a minimum number of calories."

Studies with FS-1 indicate weight loss results clearly superior to products currently available for the treatment of obesity. In a comparative study by NDR, whose research topics have been the subject of articles published in recent medical and nutritional journals, FS-1 was found to be the most effective treatment for obesity and the most acceptable to patients.

The discovery comes as welcome news for thousands of obesity sufferers waiting years for this type of breakthrough. According to a spokesperson at NDR, "FS-1 can be made available to the public immediately, because it is not a drug and contains only natural ingredients recognized as safe. A drug with essentially the same weight loss capabilities might take as long as eight years to be available, due to lengthy delays encountered in the approval process." FS-1 is currently available on a limited basis through physicians and pharmacies, but may also be obtained directly from National Dietary Research, Suite 553, 1377 K St., Washington, DC 20005 for \$24.98 plus \$3 postage & handling. An instruction sheet for proper use and optimum results is provided with each bottle of 100 tablets.

FS-1 is available in Iowa Park at: **JACK'S PARK PHARMACY**
115 West Park 592-2731

Two students recognized in National Merit Program

Two Iowa Park High School students, Tommy L. Beavers and Bruce L. Palmer, have been named Commended Students in the 1990 National Merit Scholarship Program, Richard Davis, principal, has been advised.

A letter of commendation from the school and National Merit Scholarship Corporation, which conducts the competition, will be presented to the outstanding students.

Approximately 35,000 Commended Students nationwide are being honored for their performances on the 1988 PSAT/NMSQT, which ranks them in the top five percent of more than one-million students who entered the 1990 Merit Program by taking the qualifying test.

Commended Students scored slightly below the level required to continue in the 1990 competition for Merit Scholarships. But they have shown exceptional academic promise.

An official of the Merit Program stated that "To be designated a Commended Student in this extremely competitive program is an attainment deserving of public recognition and is a credit to these young people and their schools."

Beavers, the son of Mr. and Mrs. Douglas Beavers, is a two-year member of National Honor Society, as well as being a consistent Honor Roll student.

He participated two years in football and was on the Student Council during his freshman and sophomore

years. Beavers was also chosen to be a participant in Spectrum, a highly-selective summer program for high school students to earn early college credits, at Midwestern State Univ.

Palmer, son of Mr. and Mrs. Robert Palmer, is an Honor Roll student and a two-year member of National Honor Society.

He is actively involved in football, basketball and track, as well as working on the school newspaper. He also is involved in several UIL events at the competitive level.

Palmer has been recognized as Who's Who in world history, mathematics and boys' athletics. He is currently president of the Student Council and treasurer of the senior class.

Recreational Activity Center News

The children's Halloween party held last week was a success with 52 children in attendance.

I would like to thank Cindy Billingsly, DeDe from the police department, and Debbie Rowland for all they did to help make the party a success.

The haunted house went well, also, with 118 people chancing the tour.

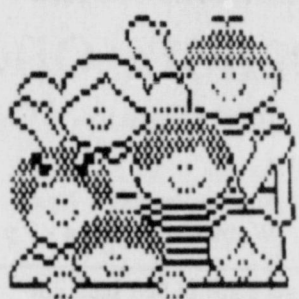

Reminder

The RAC will have its second annual RAC Motorcycle Fun Run Sunday with registration to begin at 9:30 a.m. at Red River Harley Davidson.

New Classes

Several classes will be offered at the RAC, with special emphasis placed on the holiday season. These classes are:

- Nov. 13, 7 p.m., Christmas necklace and earrings;
- Nov. 16, 7 p.m., Christmas stocking;
- Nov. 28, 1 p.m., Christmas T- or sweatshirt;

Braggin' 'bout Bradford Elementary

Bradford students participated in the October attendance contest, with prizes for the best classroom attendance awarded each week.

A drawing was held and bicycles were awarded to one student in each of the three grades. A student from each grade was also selected to receive a stuffed animal.

Bicycle winners were Tiffany Treadway, third grade; Brian Rogers, fourth grade; and Ben Carr, fifth grade. Stuffed animal winners include Jenny Jensen, third grade; Sandra Lane, fourth grade; and James Walls, fifth grade.

Nov. 30, 1 p.m. Christmas necklace and earrings, made of wood;
Dec. 5, 1 p.m., Christmas Santa figure;
Dec. 14, 7 p.m., decorate sugar cookies.

For more information on each of the classes, call the RAC, 592-4471. Pre-registration for the classes is encouraged.

Thank You!

I would like to thank the following people for giving their time and effort so willingly last Saturday for the RAC haunted house.

These people were with me from 10 a.m. until after midnight to create the house and take it back down - Billy and Denise Gilmore, Steve and Beverly Fraizer, Andy and Pam Billingsley, Barry and DeLean Goin, Larry Brown, Sue and Lori Maness and Brandi, Carla Pool and Brad, Jessy Frazier and Trinity, Staci, Ronald, Donald and Ronald Sewell, Gary Chandler, Diana Sughruue, Phil Johnson, Cindy Billingsley, Todd Cheeseman, Shannon Gafford and Mark and Steven Raby. This was the second year for most of these people and we will do it again next year! Thanks to each of you for supporting me in my efforts.

Pat Raby

Graduates course

Airman Steve E. Roach has graduated from the U.S. Air Force heating systems course at Sheppard AFB. During the course, students were taught to operate and maintain heating systems from gas heaters to steam and hot water heating.

They also earned credits toward an associate degree through the Community College of the Air Force.

Roach is from Fayetteville, Ark., and his wife, Karen, is the daughter of Harold Cramer of Iowa Park.

Card of Thanks

We would like to thank everyone who donated to our Scavenger Hunt for the Food Pantry. Thanks very much.

God bless you,
First Baptist Girls In Action

Bond issue explained

Sheri Kennedy and Denny McCarthy, Iowa Park School Board members, addressed the proposed school bond issue at a meeting of the Iowa Park Optimist Club held recently.

The board members broke down the proposed \$2.75-million bond, with projected costs per campus to include:

Kidwell Elementary School, \$419,000, to be used for a library, music room, and a physical education building that will double as a storm shelter, and an enclosure for the front porch area.

Bradford Elementary, \$304,000, to be used to build five new classrooms, enlarge the library, and build a berm around the physical education building so that it may be used as a storm shelter.

The junior high school, \$737,000, for eight new classrooms, a science laboratory, and additional restrooms and office space.

The high school, \$990,492, for three new classrooms, music room,

teacher work area, expansion of the field house, a cattle and lamb barn at the agriculture barn, roof replacement, and the replacement of the air conditioning and heating system.

Bus and maintenance barn, \$85,000, to build a new barn south of the football field.

Mrs. Kennedy stated that if this bond is passed at the Nov. 14 election, taxes would be raised .11¢ per hundred dollars.

IOWA PARK SCHOOL MENU

Friday, Nov. 3

Breakfast: Cinnamon toast, oatmeal, fruit, milk.

Lunch: Soup and sandwich, pizza, tossed salad, corn, dessert, milk.

Monday, Nov. 6

Completes training

Pvt. Michael A. Johnson has completed training at the U.S. Army Infantry School, Fort Benning, Ga.

During the course, students received training which qualified them as light-weapons infantrymen and as indirect-fire crewmen in a rifle or mortar squad.

Instruction included weapons qualifications, tactics, patrolling, land mine warfare, field communications and combat operations.

Johnson is the son of Steve Johnson of Iowa Park and Sarah Johnson of Mount Sterling, Ky.

He was graduated from Iowa Park High School in May.

COVETED DONATION - High school librarian Linda Escue shows part of the 44 trays of photo slides taken in 54 countries around the world, given to the school by Mrs. Ethelyn Burkett in memory of her sister, Mrs. Audra O. Tanner. Mrs. Tanner, who once taught at the school, had taken the shots in her travels around the world. They will be used in world history and geography classes.

To the sweetest sweetheart of the year, Patsy Leary

Happy Anniversary Sweetheart, to you from me. Thank you for giving me this wonderful year.
I love you, Don

Obituaries

Bryce Fudge

Services for Bryce Fudge, 3-month-old son of Mr. and Mrs. Stewart Fudge of Iowa Park, were held Thursday afternoon at First Baptist Church in Wichita Falls with Dr. Morris Chapman, pastor, officiating. Burial was in Highland Cemetery in Iowa Park.

He was born July 15, 1989, in Wichita Falls, and died Sunday in a Wichita Falls hospital.

Survivors include his parents; a brother, Jonathon; his grandparents, Mr. and Mrs. Marion Fudge of Wichita Falls and Mr. and Mrs. H.E. Brewer of Wichita Falls; his great-grandparents, Mrs. Elmer Fudge of Ralls, Mr. and Mrs. Jack Rolan of Slaton, and Ruby Thomas of Hodgenville, Ky.; and his great-great-grandparents, Lillian Moore of Slaton and Mabel Cook of Tyler.

Jerry Ross Smith

Services for Jerry Ross Smith, 54, of Lubbock, were held Wednesday morning at North 14th Street Church of Christ. Burial was in Gail, Texas, Cemetery.

He died Sunday in his home. Smith was born March 4, 1934, in Gail. He was a farmer.

Survivors include two sons, Clifton of Iowa Park and Brad of Lubbock; a daughter, Lisa Puckett of Vernon; a brother, Larry, of Gail; and two grandchildren.

Enoch Hoag Jr.

Services for Enoch Hoag Jr., 67, of Hobart, Okla., were held Oct. 25 at the First American Baptist Church of Hobart with Rev. Kim Mammedaty, pastor, officiating. Burial was in Elk Creek Indian Cemetery at Hobart.

Hoag was born April 24, 1922, in Binger, Okla. and died Oct. 22 at Western Oklahoma State Hospital.

He was a laborer and farmer who was also a disabled World War II veteran. He served with the U.S. Army's 45th Infantry in the Philippines and New Guinea. He was a member of the Veterans of Foreign Wars and the American Legion. In 1936, he attended Riverside Indian School and served as the school's 4-H Club president.

He married Gertrude Lone Wolf Dec. 3, 1945.

He was preceded in death by his father, Chief Enoch Hoag Sr., of the Caddo Tribe; his mother, Nellie Thomas Hoag; one sister, Josephine Hoag Martinez, and two brothers, Robert Hoag and Clarence Hoag.

Survivors include his wife of the home; four daughters, Marilyn Tartsah and Lillie Ganaway, both of Hobart, Gertrude Elaine Walker of Frederick, Okla., and Jessie Park of Iowa Park; two sisters, Esther Hoag Homovich and Lillie Hoag Whitehorn, both of Anadarko, Okla.; and 12 grandchildren.

Ethelene Carnes

Services for Ethelene Chapman Carnes were Monday morning at Dutton-Tanner-Aulds Funeral Home with Dr. Derrell Monday, pastor of First Baptist Church, and Marvin E. Fisher, officiating. Burial was Monday afternoon at Pecan Grove Memorial Park Cemetery in McKinney.

She died Friday in a Wichita Falls hospital.

Mrs. Carnes was born in Josephine, Texas, and had been a resident of Iowa Park eight years after moving from Lubbock. She was a Baptist and a homemaker. She and Arthur Paul Carnes were married July 6, 1946, in Dallas.

Survivors include her husband; a daughter, Paula J. Dilli of Rome, N.Y.; and a grandson.

Melvin Eugene Wilson

Services for Melvin Eugene Wilson, 65, were held Tuesday morning at Iowa Park Church of Christ with Dwight Parker, minister, officiating. Burial was in Thalia, Texas, Cemetery under the direction of Dutton-Tanner-Aulds Funeral Home.

He died Saturday in a Wichita Falls hospital.

Wilson was born June 14, 1924, in Edge, Tex. He and Iris Abston were married April 30, 1954, in Thalia. He was a welder with Tranter, Inc. and was an Army veteran of World War II. He was a member of Iowa Park Church of Christ.

Survivors include his wife; three sons, Ivan, Randal and Kerry, all of Iowa Park; and two grandsons.

Carl C. Johnson, Sr.

Funeral services for Carl C. Johnson, Sr., 83, father of Mrs. Glen Mitchell of Iowa Park, were held Monday afternoon at First Baptist Church in Brownfield with Kenneth Flowers, pastor, and E.K. Shepherd, pastor to the senior adults, officiating. His son, Eldon Johnson, pastor of Ringgold Baptist Church, gave the eulogy.

He died Oct. 27 in a Lubbock hospital.

Johnson was born Oct. 23, 1906, in Butler, Okla. He and Doris Thomas were married Aug. 17, 1928, in Briggsdale, Colo. He was a retired rig builder and farmer, and a member of the First Baptist Church.

Survivors include his wife; three daughters, Willa Mitchell of Iowa Park, Luella Roach of Abilene and Jeanette Williams of San

Angelo; two sons, Carl Johnson of Denver City and Eldon Johnson of Henrietta; one brother, Bill Johnson of Colorado; 13 grandchildren and 18 great-grandchildren.

THE ENTICING EMBRACE OF EVIL 1 Peter 5:8

During the 13th century many strange devices were created to torture and kill people. Perhaps the most deceptive of all was a life-size statue of a beautiful woman in an attractive setting. Her arms were outstretched as if to offer a loving embrace. When the cruel men in charge of this evil invention wished to see an enemy die a horrible death, they would tell him he was among a select few who were privileged to view the carved figure. Often the superstitious victim would be so fascinated by the statue that he would draw closer and closer to inspect its beauty. As he stood directly in front of it, the arms would suddenly move forward and clutch him, while a hundred knives simultaneously emerged to impale his body.

You read about that device and wonder what kind of twisted and perverted mind would a person have to have to devise such a mechanism. Such deceit, such stealth, such treachery somehow evades the thinking of a "normal" person. You think of the poor unsuspecting victims who, in a moment of curiosity or appreciation for the talent of the artist steps closer to scrutinize the sculpture. Allured by something that appeared so beautiful, so appealing, they became another notch on the handle of revenge and hatred's gun of destruction.

You and I have seen that statue in a different model today. The name has been changed but the design and effect are exactly like the 13th century model. It's called SIN, and it's designer, Satan, uses it to torture and destroy people. With allurements of enjoyment, pleasure, and gratification of our desires, Satan markets his destruction. As we move closer, Satan releases the lever and our souls are impaled with pain, guilt, and devastation. Satan laughs as he adds one more to the list of victims he's destroyed. Divine tears fall as God weeps over the entrapment, the enslaving, and the death of one of His creations.

Cook of the Week

Mrs. Wiley Francis

Jo Gail (Mrs. Wiley) Francis, the daughter of a farmer/rancher, grew up at Sudan. She attended South Plains College in Levelland and received her Licensed Vocational Nursing degree.

Jo has lived on many farms and ranches including the 6666, Master-son, and J.A. Ranches. She said she has cooked for a lot of cowboys, carrying meals to brandings, etc. She helped break and train horses; learned to make her own butter, and various other chores connected with life on a ranch.

She lived in the Stinnett-Borger area before moving to Iowa Park a few years ago. She has three daughters, D'Aun, Tammi, and Cindi, and five grandchildren.

Now, Jo works as a private duty nurse, and spends a lot of time taking care of her 90-year-old father who still lives in the Sudan area.

When she has time, Jo likes to do all kinds of handcrafts, sews quite a bit, and does interior decorating. She likes to write and has had several short articles published in Reader's Digest.

She and her husband, Wiley, who owns a paint and body shop in Wichita Falls, have quarterhorses and she likes to work with them.

They always have a large garden, and every year Jo cans vegetables, homemade soup, and makes pickles.

The couple attend services at Pacific Avenue Baptist Church.

Jo says her recipes are just for "old farm cooking." But around here, that is generally what the cooks like to use. She uses homemade mince

SURPRISE SHERBERT CAKE

Angel food cake - freeze overnight or 24 hours.

Slice cake with serrated bread knife into 3 even layers. Brush gently to remove excess crumbs.

On bottom layer, gently place layer of lime sherbet. Add second layer and gently spread orange sherbet. Top with third layer and freeze.

Remove from freezer, top with Cool Whip or whipped cream and garnish with candy cherries.

Slive very gently with serrated bread knife.

MEXICAN SCRAMBLED EGGS

1/2 cup onion, chopped

1 clove garlic, chopped

Saute in 2 Tbsp. butter.

Add:

1-4 oz. can green chilies

1 large tomato, diced

Simmer two minutes.

Add:

5 eggs beaten with 2 Tbsp. milk

Salt and pepper to taste.

Top with picante sauce and serv with warm tortillas or toast.

MEXICAN CASSEROLE

1 lb. hamburger meat

1 large onion, chopped

1/2 tsp. salt

1/2 tsp. garlic salt

Brown well in skillet and drain off excess grease.

Add:

1 can enchilada sauce (mild or hot)

Simmer five minutes.

Line casserole with corn tortillas. Add a layer of meat mixture saving enough for a second layer.

Add a layer of sliced Velveeta cheese, and a layer of tortillas. Repeat until all ingredients are used.

Bake at 350 degrees 30 minutes or until cheese is well melted.

meat in her recipe for "Homemade Mincemeat Pie," but says "store bought" will work.

HOMEMADE MINCEMEAT PIE

Mix in medium bowl:

1 pint homemade mincemeat

2 green apples, diced, with peel

Place in 9-inch pie shell. Top with crust, flute edges and puncture three slice cuts in top crust. Beat 1 egg yolk with 2 Tbps. water and brush on top for a nice golden brown. Bake at 400 degrees 30 minutes or until brown.

Top each slice with one dip vanilla ice cream.

PINTO BEAN CASSEROLE

2 cups cooked pinto beans, mashed with potato masher

1 cup Velveeta cheese, chopped

1 cup onion, chopped

2 chopped jalapeno peppers, optional.

In medium casserole, layer beans, cheese, onion, and thinly scatter pepper. Repeat until all ingredients are used. Bake at 350 degrees until onion is tender.

In The Military

Sorey gets wings

Dennis C. Sorey III has received the silver wings of an Army aviator and was appointed a warrant officer upon completion of the rotary wing aviator course at the U.S. Army Aviation School, Fort Rucker, Ala.

The course provided training in leadership and helicopter flying techniques as well as instrument flying.

Sorey is the son of Mr. and Mrs. Dennis Sorey of Iowa Park. He is a 1981 graduate of Iowa Park High School and a 1986 graduate of Mid-western State Univ.

Decatur 'upsets' Iowa Park

Virtually incapable of gaining yardage on the ground, Iowa Park's Hawks took to the airways Friday at Decatur, and though they set a modern-day school record in passing, fell two-points short in an important Dist. 5-AAA contest, 27-25.

The Hawks, who had averaged gaining 235 yards rushing in their seven previous games, were held to only 62 yards on the ground by a larger Decatur line.

But quarterback Jimmy Duggins completed 15 of 28 pass attempts for a whopping 363 yards. Six catches were made by Marc Cruz for 97 yards. Bruce Palmer had three catches, one for an 85-yard touchdown, for 111 yards. Stephen Brown also caught three, one for an 81-yard TD, for 116 yards. One each catches were credited to Bunkie Imboden, 22 yards, Kelly McClure, 16, and Matthew Blackman, one yard.

Decatur's Eagles, urged by an enthusiastic homecoming crowd, had to come from behind to post the victory between two teams that entered the contest undefeated in district play.

The Hawks struck twice in the first quarter on Duggins' two long bombs to Palmer and Brown. Decatur narrowed the margin just before the period ended. But three more passes at the start of the second quarter, all to Cruz, led to the Hawks' 19-7 lead. But Decatur would score again and trailed only 19-14 as the teams broke for halftime.

After a scoreless third quarter, Decatur took the lead, 20-19, and extended that to 27-19, before the Hawks made a dramatic final-minute touchdown, and missed a score-tying two-point conversion.

On their second possession of the ball, the Hawks faced a third-and-14 situation from their own 15 yard line. Duggins connected with Palmer, who picked up a key block from Stephen Brown about Decatur's 40, and he streaked untouched into the end zone. Todd Pulley's kick was good, and the Hawks led 7-0 with 5:04 remaining in the period.

Nathan Perry then stopped an Eagle drive at the Hawk 20. And, after two running plays that resulted in a one-yard loss, Duggins lofted a soft pass to Stephen Brown. He took the ball away from a defender, and galloped the remainder of the 84 yards to score. But, with 1:33 left in the period, Pulley, who had kicked five extra points without a miss this season, hooked the ball left of the uprights, giving the Hawks a 13-0 lead.

Decatur covered 69 yards after the kickoff in only four running plays. The first carry could have been for the score, had defensive end Gary Green not overtaken the runner from behind after a 51-yard gain. The Eagle kick for extra point was good, and the score was 13-7 with 11 seconds left in the first quarter.

Starting from their own 32 after the kickoff, two plays resulted in a five-yard loss. Then, Duggins hit Cruz on three consecutive completions. He was hit so hard catching the first, a 15-yarder, fans were surprised he was able to get up. But the plucky senior tailback caught the next for 28 and the third for 29. Though the Hawks and coaches still say he scored on that third catch, the officials placed the ball mere inches from the goal line. Full-back Matthew Blackman plunged over left guard on the next play to score. Duggins' pass attempt to Palmer for the two-point conversion was blocked.

Decatur rolled again on its next possession to narrow the margin to 19-14. The Eagles covered 67 yards in 11 plays, all on the ground, and then kicked the extra point.

DECATUR'S DEFENSE HELD THE HAWKS TO 62 YARDS RUSHING

The hosts almost scored again before the half ended. On a drive that was aided by a pair of penalties against the Hawks, one for pass interference, Decatur had driven to the Hawk 21 with 1:34 remaining. Then, the Eagles gained 15 yards on a reverse play that was nullified by their only serious penalty of the entire game, a 15-yarder for clipping. Iowa Park took possession two plays later on their own 31 and ran out the clock.

The Eagles started a drive from their own 34 late in the third period that resulted in a go-ahead touchdown early in the final period. The scoring play was their first pass completion of four attempts, good for 14 points. But their kick for the extra point failed, leaving the score at 20-19.

On the second play from scrimmage from the Hawk 13, after a 15-yard clipping penalty on the following kickoff runback, Duggins attempted a lateral pass to Palmer. But the ball was low and Palmer was unable to get on the ball before an Eagle claimed it on the five yard line. However, on the next play, Decatur fumbled, and Palmer covered it, at the four.

That Hawk drive stalled, and Duggins was forced to punt from the 10. He shanked the kick out of bounds at the 33. Decatur scored five plays later, and kicked the extra point, to lead 27-19 with 7:05 left in the game.

With Hawk fans exhorting the Mean Green, Iowa Park drove in four quick plays to the Eagle 31, but then Duggins suffered his only interception of the game, at the 15.

Decatur was unable to gain a first down and punted 56 yards to the Hawk 10, from where Palmer returned the ball to the Hawk 40. Pass catches by Cruz, Palmer and S. Brown, mixed in with runs by Cruz and Jimmy Nicholson advanced the ball to the Eagle one-yard line. Blackman then bulled his way for the touchdown, with 1:03 left on the scoreboard clock.

Duggins then attempted to find an open receiver in the end zone, on the two-point conversion play that would have tied the score. There was

none, so he opted to lob the ball in Stephen Brown's direction. But the senior tight end had two men covering him, and the ball was knocked harmlessly to the turf, incomplete.

Neither the Iowa Park coaching staff nor Hawk fans were pleased with the officiating of the game. Their displeasure was evident, long before the final outcome of the game was decided. Observers pointed out that only two penalties against the host team, as compared with nine against the visitors, was unusual.

Coach Len Williams was vitally interested in evening the score, because of the district's rule on settling a three-way tie, in the event that should come into effect when deciding teams to advance into the state playoffs. Point differentials are used on a plus and minus basis in the rules.

However, as far as the University Interscholastic League rules are concerned, Decatur would have been the winner of the game, had it ended in a 27-27 deadlock. The Eagles led in penetrations, 5-4, as well as first downs (24-16). Each team had been credited with a penetration, which requires taking a snap of the ball inside the opponent's 20 yard line, on their touchdown drives. Decatur's extra penetration came on the fumbled lateral at the Hawk five yard line in the fourth quarter.

Blackman, who had averaged 126 yards in the previous seven games, was held to a scant 18 yards on 13 carries by the Eagle defense. Cruz gained 34 yards on five carries.

Proposed bus maintenance barn

Bus barn, field house need space for safety

Space needed because of growth, as well as safety, is the issue for both the bus maintenance barn and athletic field house improvement proposals.

A small tract of land in the 600 block of East Washington houses the district's fleet of 20 buses, 11 pickups and cars, two tractors, mowing equipment and all related tires and parts for repairs.

Additionally, a great amount of bulk-purchased paper goods, light bulbs, airconditioner parts and other items are stored there.

In all, according to Assistant Superintendent Robert Palmer, some \$1-million in replacement value is kept at the site.

The primary structure, where the bus maintenance and storage is done, is an old military building moved to the site in the early 1960s.

The building had to be modified, by cutting out the flooring in the area where bus maintenance is done, in order for it to clear the ceiling.

That worked fairly well. Until the district began purchasing larger passenger buses, which were longer than those used when the building was put in place.

Now, when the mechanic is working on a bus, the exterior door cannot be closed, because the vehicle is too lengthy. That makes working on the buses during inclement weather difficult.

Most of the bulk purchase supplies are stored in a building that was originally constructed to serve as the school's vocational course in auto mechanics.

There is no room for expansion, and the buses are parked only six feet apart, which is unacceptable from the standpoint of safety in case one of them should catch afire.

The neighborhood is completely residential. Palmer explains that in the mornings, before sunrise, when all those buses are leaving on their routes, traffic is congested and dangerous.

This is the fifth of six articles designed to explain the purpose of the \$2.75-million bond election the Iowa Park Consolidated Independent School District's Board of Trustees has called for Nov. 14. Next week's article will be an overview of the previous articles, to serve as a reminder for voters.

Additionally, there is no room for the bus drivers to park their personal vehicles, other than alongside the streets in the area. This also adds to the congested situation.

The proposed maintenance and storage facility would be constructed in the open area to the south of the high school football stadium, where adequate space is available. This still would not take up the parking area necessary for visiting football fans.

The wider Johnson Road and its proximity to major thoroughfares is more conducive to safety, as well as efficiency, Palmer says.

A covered area under which the buses would be parked would be built and is expected not only to extend the life of the vehicles, but also keep them in cleaner condition.

Because the district proposes to construct the facility with its own personnel, only \$85,000 has been budgeted to purchase the materials.

An additional \$11,000 has been budgeted for the facility, however, to purchase a walk-in freezer where the school's foods would be stored.

The school currently must pay for space to store its major food supplies to a commercial firm in Wichita Falls, and the savings would offset the purchase expense, Palmer explained.

Total capital outlay for the bus maintenance and storage facility is set at \$96,000.

A multi-purpose room to be built on the south end of the high school fieldhouse is proposed.

Weight lifting equipment would be moved into the new area, leaving room for one of the three football teams to that area. At present, both the junior varsity and freshman teams are using the south room.

In an effort to comply with Title IX, equal rights for female athletes enacted by congress, the weights would then be available to the female

athletes. This is attempted now, but it is awkward because the present weight room adjoins a boys' dressing room, and no female restrooms are available.

In the south end of the expansion are two restrooms, one each for females and males, with access both from the inside and outside.

The new restrooms would be available for other athletic activities, including baseball and tennis.

A small concession stand with exterior windows is added in the plan, that could be used for both those activities as well.

Badly-needed storage is designed into the plan, for football, track and baseball. At present, equipment for these three sports are stored in various areas on campus.

The present weight room is too small to accommodate all the athletes in a class at one time, according to Len Williams, athletic director.

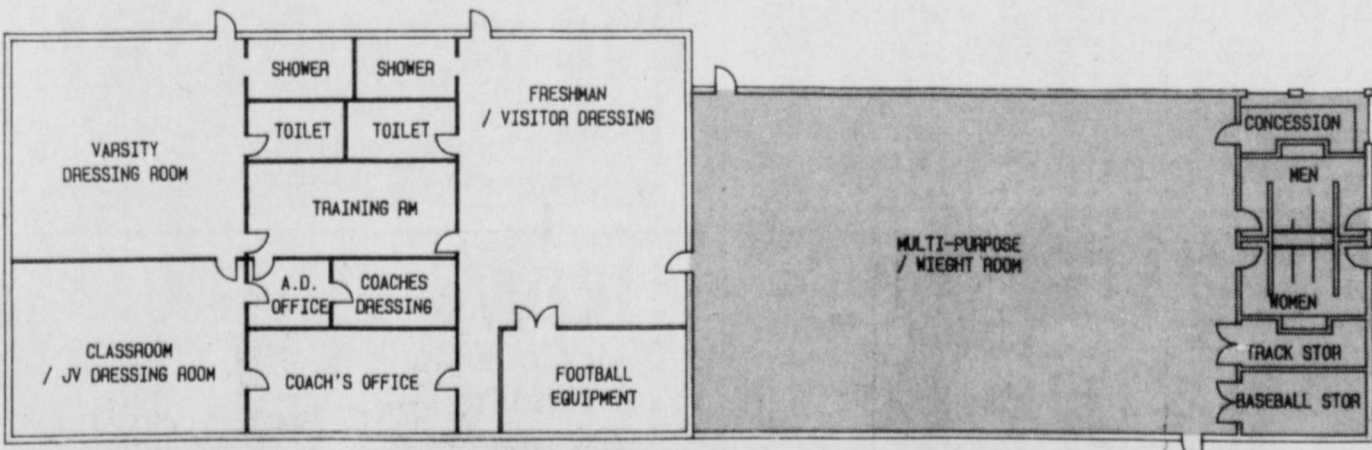

There are 12 exercise stations in the one small room, which does not leave enough room for two other important exercises of the program.

In recent years, coaches of girls' athletics have determined their students' abilities are greatly enhanced by a weight-lifting program tailored to their needs.

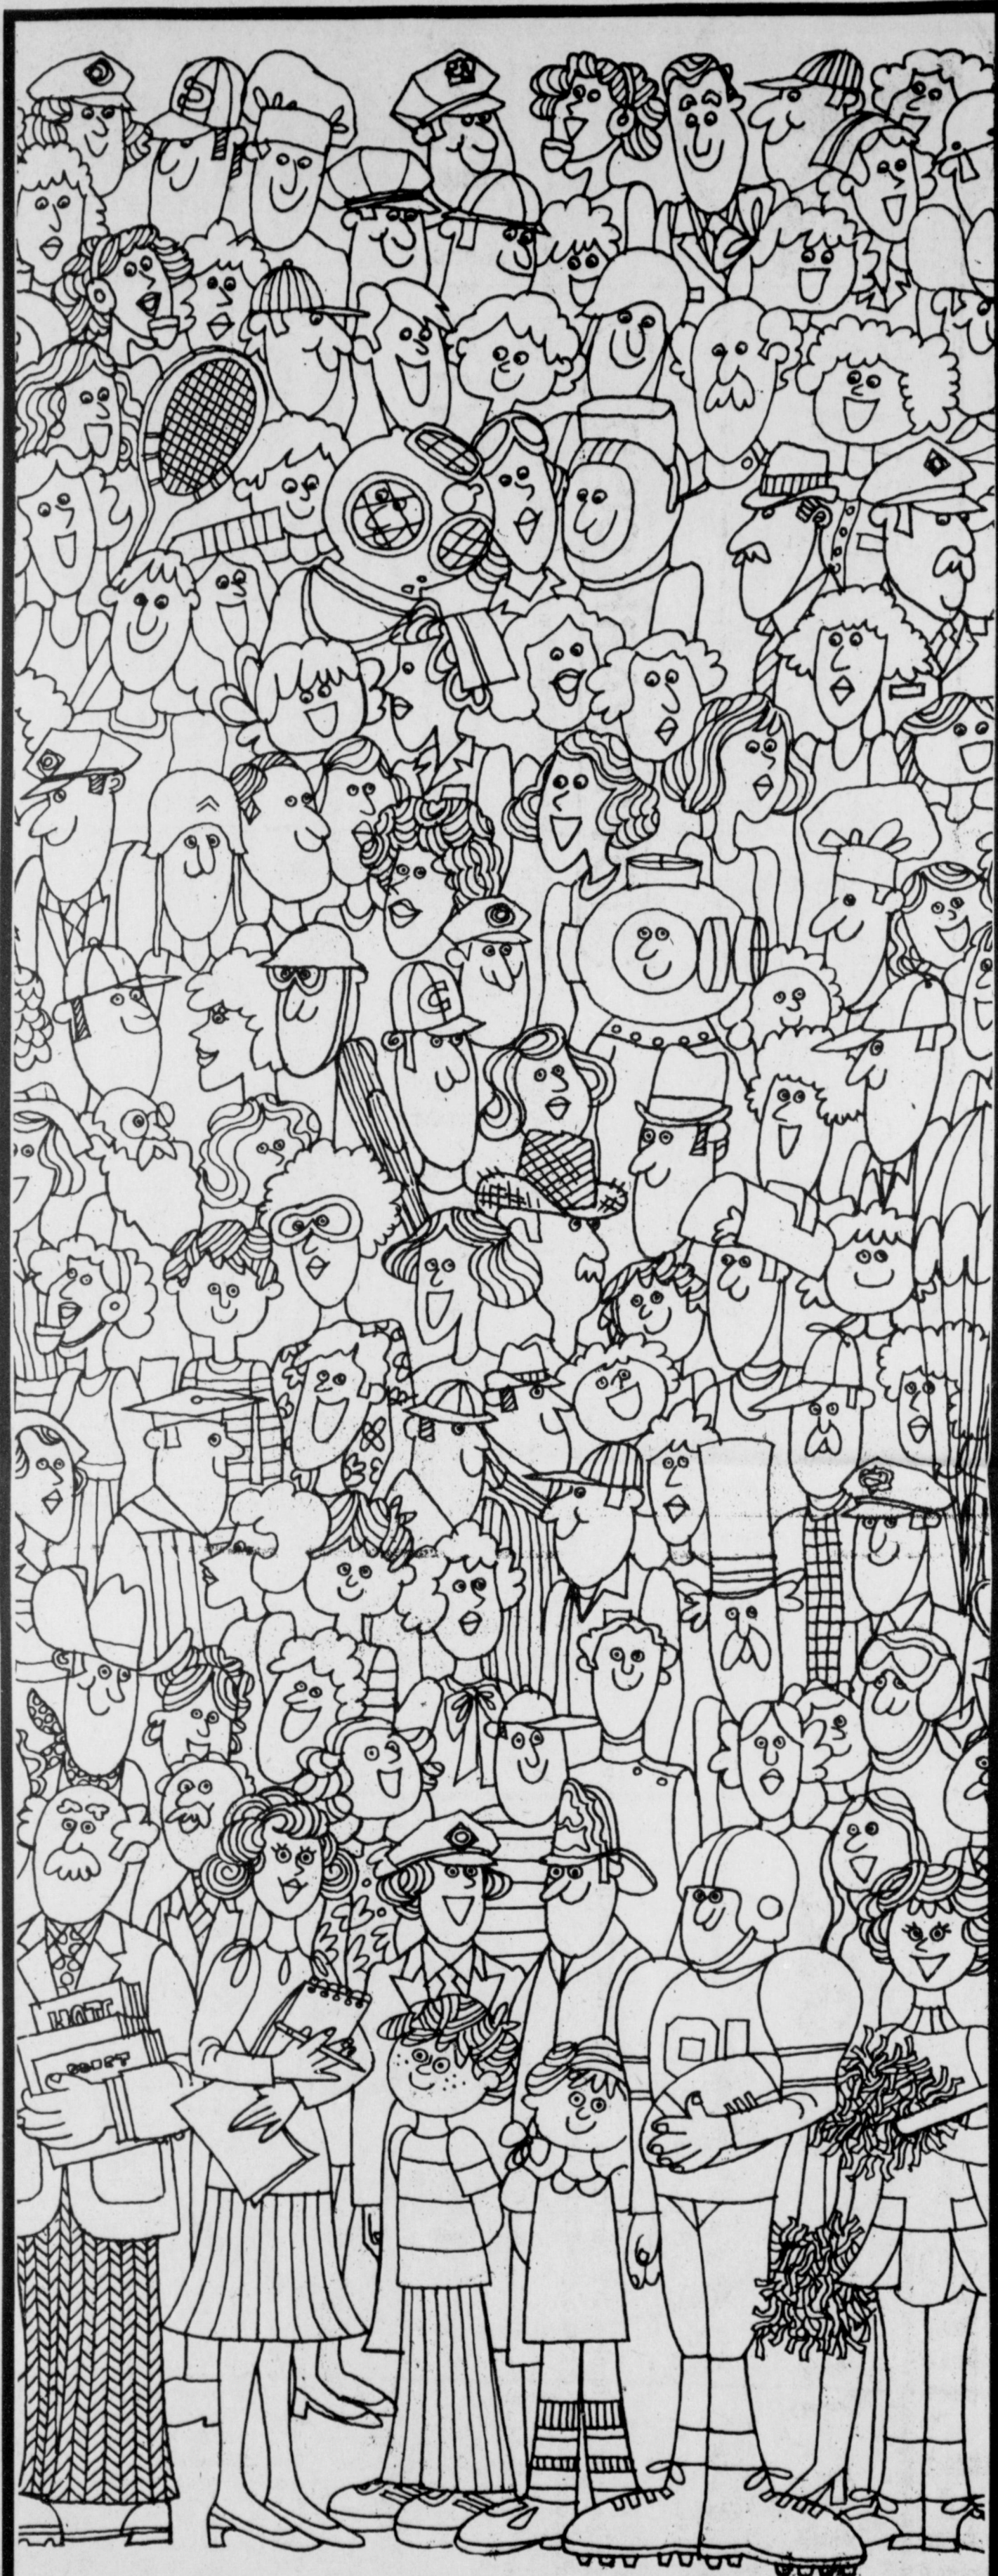

A part of the present dressing room used by the junior varsity and freshman football teams would be converted into an equipment storage facility. The room now used for that purpose would be converted into an office area for the coaching staff.

The present JV/freshman room now has to undergo a conversion each time a visiting varsity team plays here. All their equipment in the open lockers must be moved into a small storage room to accommodate the visitors.

Projected cost of adding the new room and its facilities to the fieldhouse is set at \$142,000.

Field house with addition
