# IOWA PARK LEADER

30 Cents

Vol. 19, No. 48 IOWA PARK, WICHITA COUNTY, TEXAS 76367 Thursday, August 11, 1988

## 5-CENT TAX HIKE

# Trustees agree with need

Iowa Park school trustees said Tuesday night they favor setting the tax rate for the 1988-89 school year at 81-cents, a five-cent increase.

The rate, recommended by Supt. Glen Mitchell, is to be officially set at a public hearing on the budget Aug. 18.

Local maintenance portion of the rate would be increased from 70-cents to 77.5-cents, and bonded and debt service decreased from six-cents to 3.5-cents.

Net taxable values of the district, \$255,510,685, are down almost \$4-million from the previous year's values of \$259,107,052.

That, coupled with numerous state-mandated cost increases, was the reason Supt. Mitchell made his recommendation to hike the rate.

Even with the increase, Mitchell predicted the carryover at the end of the year would only be \$1,004,782, which, he said, was the minimum the district would need to start the 1989-90 year without having to borrow money from the bank.

Local revenues, based on a 95-

percent collection rate, as well as other revenues and flow-through funds, are anticipated at \$2,868,182.

State and federal monies are expected to be \$2,813,809. That, added with the \$1.2-million carryover from the ending year, makes total funds available \$6,881,991, Mitchell told trustees.

Salaries of the district make up the major expenditure, \$4,247,903, or 72.28-percent of the budget, he said.

The administration trimmed almost \$94,346 from the proposed budget that was presented to the board at a called meeting last Thursday.

Mitchell said the board could adopt a four-cent budget increase and not have to hold a public hearing, as required by state law. He said, however, that the additional penny was needed.

Cuts in the budget since it was first shown to the board trimmed the tax rate from 84-cents.

Should the 81-cent rate be put into place next week, a homeowner whose house is valued at \$50,000 will pay \$25 more in school taxes than last year, or \$405.

In other business, trustees approved bids for bread, milk and gasoline, accepted personnel resignations and hired new personnel, and heard recommendations that lunch prices be increased.

Low bidders included: Chester Wood Oil Co. for gasoline; Preston Dairy for milk, Oak Farms for ice cream, and Rainbo for bread.

Personnel resignations included David McCullar, choir; Caia McCullar, junior high resource; Meredith Long, eighth grade math; and Karen Whisnand, eighth grade science.

New personnel hired included: Janet Walker, choir, a subject she formerly taught here; Guy James Merchant, high school science; Shelly Anne Merchant, sixth grade science; Linda Sue Fleming, eighth grade math, and Kristine Renee Clary, junior high resource.

With costs of food purchases and salaries increasing, coupled with the cafeteria's lowest carryover in years, Robert Palmer, assistant superintendent, recommended lunch prices increase.

He had been predicting to the board all year a hike would be necessary.

Lunch prices this year will be \$1 for Kidwell Elementary students, \$1.10 for those at Bradford, and \$1.25 for junior and senior high students. All other prices, such as ala cartes, deserts, drinks and breakfasts, were similarly increased.

Because of salary increases and several purchases of equipment, as well as higher food costs, Palmer said the cafeteria carryover was down from \$35,000 last year to the present \$14,238.

In reporting on the transportation department, Palmer said no bus routes would be changed this year, and bus schedules would be published before the start of school to benefit students and parents.

## New students to register

Pre-school registration for new students enrolling in the Iowa Park school district will be held 9-12 a.m. and 1-3 p.m. Thursday and Friday, Aug. 18-19, at each of the district's four campuses.

# School to fight absenteeism

At a special meeting of school trustees Thursday evening, the length of the school day was cut, and a new policy approved designed to curb absenteeism at the high school.

New school hours beginning in September will be: 8:05 a.m. to 2:35 p.m. at Kidwell Elementary; 8:05 a.m. to 2:55 p.m. at Bradford Elementary; 8:15 a.m. to 3 p.m. at junior high and 8:15 a.m. to 3:10 p.m. at high school.

Supt. Glen Mitchell explained he had received permission from the state commissioner of education to cut each of the daily seven periods to 50 minutes.

A copy of the new attendance policy will be issued to each high school student which is to be signed by parents or guardians, as well as the student, and returned by Sept. 9.

The policy provides for loss of credit in cases of excessive absences.

It states: Iowa Park High School is committed to providing students with the highest quality education possible. In order to accomplish this, students must have prompt and regular daily attendance in all classes.

State and district policy regarding attendance mandates the following:

**Absences** (All absences are recorded on a period-by-period basis).

**First Semester** - Five unexcused absences maximum per semester - loss of credit on the sixth unexcused absence as per House Bill (HB) 72.

Twelve total absences maximum per semester regardless of rea-

son - loss of credit on the 13th absence as per IPCISD procedure.

**Second Semester** - Five unexcused absences maximum per semester - loss of credit on the sixth unexcused absence as per HB 72.

Twelve total absences maximum

# Police recover property lost in two theft cases

Property from two thefts reported to police last week was returned to the owners, according to the police blotter.

Numerous pieces of equipment, including radios, tape decks and flashlights were taken sometime Saturday night from trucks in the Park Tank Truck lot.

During an investigation, officers found the missing items in a box hidden in weeds and trees east of the business' fenced area. They were returned Tuesday.

Damage caused by the thieves as the items were taken from mountings was about as expensive as the cost of the stolen items, owner Rusty Rusk said later.

Several pieces of equipment belonging to the Iowa Park schools were also recovered Sunday.

Police were informed that the equipment was believed to be located on the property of Kenneth Watts, southwest of the city.

An officer and two deputies went to the location, where the items were identified and turned over to school

THAT SEASON AGAIN - Despite 100-plus temperatures, Iowa Park's Hawk footballers began two-a-day workouts Monday morning in preparation for the 1988 season. Coach Len Williams said 92 athletes reported for tryouts. An intrasquad scrimmage, termed "Watermelon Bowl," has been set for 9 a.m. Saturday. The name was devised from the fact players and Booster Club members will be fed ice-cold watermelon following the event.

# City asked to buy land from residents

Should the city government buy residential property that has been rendered virtually valueless because of an ordinance it has passed?

That is a question being studied by Iowa Park's city council following Monday night's meeting.

At issue is property in what has been determined by the federal government as a "floodway," located south and east of the Lake Gordon spillway.

The city passed an ordinance Nov. 29, 1982 that was written by a department of the federal government.

Passage of the ordinance followed a similar ordinance action by the Wichita County commissioners' court.

Had the ordinance not been passed by the city council, aldermen were told during a discussion and again at Monday's meeting, the city would not qualify for any federal assistance in case of a natural disaster, such as a tornado, nor would any homeowner qualify to purchase flood insurance

that is backed by the federal government.

Beverly Bohannon, a resident of the affected area who appeared before the council Monday as a spokesperson for her neighbors, told council members no building permits would be issued by city hall personnel, even in cases such as a garage needing repair because it is about to fall.

The ordinance requires an engineering study that is cost prohibitive to do any type of construction that requires a building permit, or even to locate a mobile home where one has been moved off.

The engineering study is required to show any improvements placed on land in the area would not affect other residences, in case of flooding, Mike Price, city public works director, said.

Engineer Kerry Maroney told the council a computer analysis and hydroanalysis study are required, and the process is extremely expensive.

Bohannon, displaying frustration, stated, "In essence, we're just donating our property for everybody's benefit. The land is worthless."

After proposing the city buy the property so owners could relocate in areas not affected by the ordinance, she said "I don't feel like we (homeowners) should pay the premiums for the insurance (federal assistance in case of a disaster and others who qualify for flood insurance)."

Some residents in the affected area have even had their values increased recently, she told the council.

A neighbor said his value had been increased, but admitted he only talked with an assessor and did not appear before the county board that has the power to reduce assessed values.

At one point during the discussion, Mayor Tim Hunter looked at a

city map to see if the area were on the border of the city, as a possible area that could be disannexed.

It was not on the border, however, and the idea was dismissed.

After a lengthy discussion, a motion to table the issue for further information was approved by council members.

In other business, aldermen approved purchase of computer hardware and software to replace that now being used by city hall and police department.

Total cost was set at \$44,500.

Construction of Third Street will wind up Thursday, the council was told.

There had been some consideration of extending the project further north, but the city could not insure completion before school's start.

In order for the city to act as its own general contractor in construction of the new Chamber of Commerce office building, the council approved, for the project only, raising the administrator's purchasing limit to \$5,000 from \$3,000.

Administrator James Barrington explained the temporary change would make it possible for him to order materials without time-consuming requests to the council.

Aldermen also approved a three-year contract with the auditing firm of Gant and Toombs, which will hold the annual cost to \$8,000 per audit for that period of time, and could result in a savings over the period of the contract, Barrington explained.

Another required public hearing on the proposed annexation of a 28-acre tract of land was held, without comment, and the final hearing will be in September.

The area to be annexed adjoins the road on the west side from US 287 to Lake Iowa Park.

# Polls to open Saturday for special election

It won't take long for voters to mark their ballot in the special election Saturday.

There is only one position on the ballot, and two candidates.

The election is to name a temporary replacement to fulfill the unexpired term of Dist. 30 State Senator, vacated by the resignation of Ray Farabee.

Candidates on the ballot include Democrat Steven A. Carriker of Roby and Republican Bobby Albert of Wichita Falls.

Four election polls will be open between 7 a.m. and 7 p.m. in the Iowa Park area.

They include: Precinct 32, Wich-

ita County Agriculture Building at 220 W. Park; Precinct 33, Faith Baptist Church at 411 S. Wall; Precinct 34, West Wichita Coop Building, the metal building north of Valley View school building, and Precinct 60, Chaparral Baptist Assembly on the south end of Peterson Road, in a trailer next to the church.

## No commodities

No USDA commodities will be distributed this month by the Iowa Park Food Bank, according to Marian Andersen.

## Park Ford among UW Pacesetters

Iowa Park's Park Ford has been selected among 16 "Pacesetters" that will kick off the 1988-89 Greater Wichita Falls United Way campaign.

The others are Burkburnett Walmart, American National Bank, CertainTeed, Gates Molding Products, James Lane Air Conditioning, McAlister Trucking, Red River Hospital, Sikes Senter Mall, Siemens, Stanley Proto, Target, Times Record News, United Way Agencies, Wichita Falls Clinic and Woodson Lincoln/Mercury.

A goal of \$290,966 has been announced, representing 16.5 percent of the \$1,760,000 total goal for the campaign.

"This year's Pacesetter's Campaign, as in past years, will be the barometer for the success of the overall campaign," said Mac McGee, regional manager of Southwestern Bell and Pacesetter chairman.

## Tax rebates remain high

Sales taxes for the first seven months of this year are running 15.19-percent above the same period in 1987, according to the state comptroller's office.

Iowa Park received a rebate check of \$20,147.46 this month, making the year's total to date \$118,570.38. At this same time last year, the city had received \$102,935.80.

The August check was 33.63-percent greater than the same month's check last year.

Iowa Park continues to lead all other Wichita County communities in sales tax gains for the year. Burkburnett is 9.71-percent above this time last year, Electra 10.92, and Wichita Falls is only 2.09-percent.

Holiday is also showing a whopping gain over this time last year, with 41.23-percent. That city has now received \$43,596.86 after this month's check of \$7,536.92.

The August checks represent taxes collected by monthly and quarterly files in June and reported to the comptroller's office by July 20.

## McWhorter vows read in double-ring ceremony

Miss Karma Faye Oaks and Raymond Ty McWhorter exchanged vows in a double-ring ceremony Saturday afternoon at Our Redeemer Lutheran Church in Wichita Falls. Charles Paulson, pastor, officiated.

Parents of the bride are Mr. and Mrs. Lonnie Schwarze of Wichita Falls and Milford E. Oaks of Hot Springs, Ark. The bridegroom's parents are Mr. and Mrs. James R. McWhorter of Wichita Falls.

The bride, escorted to the altar by Lonnie Schwarze, wore a pearl lace on satin gown, featuring a low U-neck. Floral lace and ruffles adorned the neckline, as well as the skirt. She carried a cascade bouquet of white roses, carnations and baby's breath.

Miss Christy Nix and Renita Lewis, both of Wichita Falls were maids of honor. Tomi Sue Cockburn and Bobbie Sikes, both of Iowa Park, and Tammy Nix, Teresa Orvis and Paula Wallis, all of Wichita Falls, were bridesmaids. Each wore identical turquoise tea-length gowns with white lace overlays and carried nosegays of white and turquoise roses.

Miss Ashley Lynn McCarrell of Wichita Falls was flower girl. Shewore petite turquoise and white lace gown with a turquoise bow.

The groom wore an all-white tuxedo.

Wayne Mayberry served the groom as best man. Groomsmen were John Powers, Jerry Melton, Kenny Vodnais, Paul Laughead, Roland McCarrell, Bernie Wienhold and Keith Scruggs. Chris Thornton was ringbearer. Members of the male wedding party were attired in grey tuxedos with turquoise bow ties and cummerbunds.

Prelude music was provided by Mrs. Glen Thorman, organist. Miss Cindy Rogers, vocalist, offered "The Wedding Song," and "Lord's Prayer" during the ceremony.

Chapel decorations included brass candelabras decorated with greenery and turquoise pew bows.

A reception was held following the ceremony at The Mansion in Wichita Falls.

The reception room was decorated with arrangements of turquoise and white roses. The focal point of the room was no doubt the bride's six-tiered cake.

The turquoise and white confection featured six layers, four of which were elevated above a fountain. Two satellite cakes stood on each side, connected to the larger cake with miniature staircases. Miss

### Agent recognized

Barbara Fangmann, Wichita County Extension Agent, was recipient of the Distinguished Service Award, presented by the Texas Association of Extension Home Economists at the organization's recent state meeting.

The national award also will be presented to her Oct. 6 by the National Association at a meeting in Pittsburgh, Penn.

MRS. RAYMOND TY McWHORTER

Susan Schwarze attended the bride's table.

Miss Cindy McCarrell presided at the registry table.

The new Mrs. McWhorter attended Iowa Park High School, where she played basketball, and Wichita Falls High School, where she was vice president of the DECA Chapter. She is a student at Vernon Regional Junior College Career Development Center. The bridegroom is a graduate of Hirschi High School, where he was named All-District in baseball in 1986.

The bride wore a multi-colored pastel off-the-shoulder sundress as the couple left for Florida, where they are honeymooning. The couple plan to make their home in Savannah, Ga., where the groom will be stationed in the U.S. Army.

Out-of-town wedding guests include Mr. and Mrs. T.D. Shirey, Mr. and Mrs. Bruce Thornton and Chris and Chuck, Milford E. Oaks, Stephanie Keeney, Mr. and Mrs. Leory Schwarze and Charles and Brian, Mr. and Mrs. Louis Schwarze Jr. and Susan, and Mrs. Betty Barber.

## Look Who's New

A six pound, 13 ounce daughter, Allison Renee, was born July 19 to Mr. and Mrs. Dale Dreher of Iowa Park. The baby has two brothers, Douglas, eight years old, and Mark, seven.

Grandparents are Alex Dreher of Gorham, Ka., and Mr. and Mrs. Larry Driscoll of Russell, Ka. Mrs. Bridgett Graf of Woodston, Ka. is a great-grandmother.

Breeann Deve, a six pound, 11 ounce daughter, was born July 29 to Mr. and Mrs. Randy Daymude of Fountain Hills, Ariz. She is the couple's first child.

Mr. and Mrs. Herman Daymude of Iowa Park, and Mr. and Mrs. Marvin Nash of Continental Divide, N.M., are grandparents. Mrs. Elsie Brackhana of Continental Divide is a great-grandmother.

## Epsilon Eta has social

Epsilon Eta Chapter of Epsilon Sigma held its summer social and swim party recently at the home of Mr. and Mrs. Recil Joyce in Wichita Falls.

Members were entertained with a hot dog roast and watermelon feast.

Attending were Mr. and Mrs. Roy Johnson, Mr. and Mrs. Bud Mercer, Connie Hrcirik, Dee Dee Forney, Mr. and Mrs. Steve Turner, Jo Bumgardner, Greg Roberts, Tama McDowell and Patsy Burns. Guests at the party were Mr. and Mrs. David Boyd, Penny Richardson and Mr. and Mrs. Bill Gann.

During the business, it was announced that the state board meeting was to be held Aug. 13 and 14 in Dallas; and the state leadership seminar will be Aug. 13. Chapter members planning to attend are Tama McDowell, Dee Dee Forney and Lela Mercer.

MR. AND MRS. CHARLES PAGE

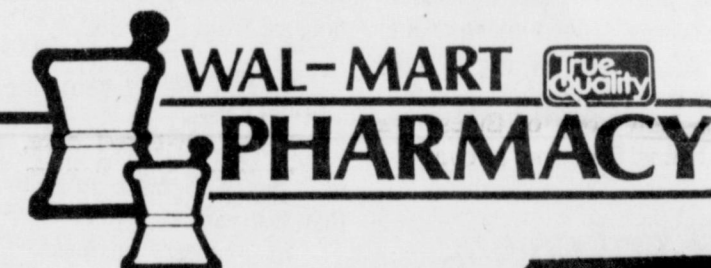

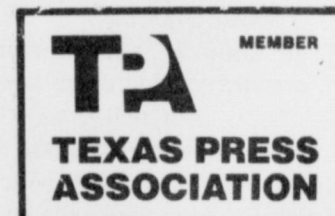

## Burrow, Page wed Monday

Miss Melissa Burrow, and Charles Page, were married Monday in a ceremony held at an office of the Justice of the Peace in Wichita Falls.

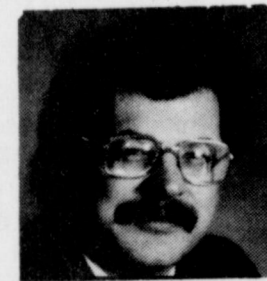

Miss Burrow is the daughter of James Machacek of Taylor and Jessie Sanders of Graham, and Page is the son of Mr. and Mrs. Edward Page of Iowa Park.

The bride is a graduate of Florence High School. The bridegroom graduated Iowa Park High

School and is employed by Zack Burkett. The couple reside in Iowa Park.

Allan Knowlden, RPh.,  
Manager

## The ABC's of Pain Relief

- Over-the-counter pain relievers contain aspirin, ibuprofen or acetaminophen. One may be better for you than another. Here are a few points on each.
- Aspirin, acetaminophen and ibuprofen all reduce fever.
- Aspirin and ibuprofen reduce pain and inflammation of arthritis.
- Aspirin may reduce the risk of heart attack in people with heart disease.
- Aspirin can cause stomach irritation.
- Ibuprofen has an excellent safety record and relieves menstrual cramps.
- Since acetaminophen doesn't irritate the stomach, it can be used by people with ulcers or aspirin allergies.
- Certain medical conditions make taking pain relievers unsafe. For example, children or teenagers with chicken pox or the flu should not be given aspirin.
- Always consult your doctor or pharmacist before trying a new over-the-counter pain reliever. Make certain that it will not interfere with your diet, medical condition or medication that you are taking.

# Trainham, Reed repeat vows Saturday evening in Holliday

Miss Deborah Ann Trainham and Mark Lee Reed exchanged marital vows before a background of candlelight Saturday evening at the First Baptist Church in Holliday. Rev. John James of Bethel Assembly of God in Wichita Falls officiated the double-ring ceremony.

A fifteen-point, fan-shaped candelabra, decorated with an arrangement of white and royal blue roses, white gladiola and greenery, stood in the middle of the altar area where the couple recited their vows. Tall brass stands holding arrangements similar to those on the candelabra stood on either side.

Parents of the couple are Mr. and Mrs. Charles E. Trainham and Mr. and Mrs. Charles W. Reed, all of Wichita Falls.

Organist Clay Morgan provided a medley of prelude music. Vocalist Robert Baxter offered "Lady" during the ceremony, and "There Is Love" while the couple lit the unity candle. Traditional wedding marches were used.

Escorted to the altar by her father, the bride chose an elaborate white satin gown for her wedding day. The sheer bodice of the gown went to a high neckline, and was generously sprinkled with pearls, sequins and lace, as were the short, puffed sleeves. The basque waistline, featuring a large bow in the back, went to a chapel-length train, featuring row upon row of ruffles. A fingertip illusion veil attached to a bandeau of white satin roses and pearls completed her costume. She carried a cascade bouquet made of white roses and carnations with blue accents, English ivy and white satin streamers.

Miss Trainham carried out bridal tradition, using a gold bracelet given her by the groom as "something old," her gown as "something new," pearl earrings of her mother's for "something borrowed" and the "something blue" garter. She also wore a lucky penny in her shoe.

Miss Pam Long of Eules was maid of honor. She wore a royal blue satin tea-length gown with a blue lace overlay. A satin band and sidebow accented the dropped waist. Royal blue satin shoes completed her ensemble.

She carried a nosegay made of royal blue and white roses, carnations and baby's breath.

The bridesmaids, wearing gowns and carrying bouquets identical to the maid of honor's, were Shelley Trainham of Grand Prairie, and Tonua Haisten and Jamie Martin, both of Wichita Falls.

Miss Amber Haisten of Wichita Falls, wearing a tea-length white lace dress with a royal blue sash at the waist, was flower girl.

The groom wore a white tuxedo with tails, and a blue bowtie and cummerbund, complemented with a white rose boutonniere.

Groomsmen and ushers were attired in black tuxedos with blue bowties and cummerbunds, with boutonnières of royal blue roses.

Jerry Haisten of Wichita Falls

MRS. MARK LEE REED

was best man. Groomsmen were Greg Spittsnaugle, Randy Black and Steve Canaday, all of Wichita Falls. Eric Reed of Wichita Falls was ringbearer.

John Trainham and Wayne Reed assumed ushering duties.

A reception was held following the ceremony at the Fellowship Hall of the church.

The bride's table, covered with white satin and lace swagged with royal blue bows, held a magnificent bridal cake.

The six-tiered cake, decorated with royal blue flowers on white, featured two satellite cakes and a fountain. Four tiers, separated with two sets of Grecian posts, stood above a fountain, and staircases holding a miniature wedding party extended from the satellite cakes to the larger cake top, where a formal bride and groom stood.

Assisting at the reception were DeAnna Reed, Tina Reed, Kim Trainham, Reta Lewis, Lue Beck and Hellen Neskoric. Karmen Middlebrooks presided at the bride's registry table.

Following a wedding trip to Dallas, the couple now reside in Wichita Falls.

The bride is a graduate of Holliday High School and attends

Midwestern State Univ. The bridegroom was graduated from Wichita Falls High School.

# As I See It...

By BOB HAMILTON

Before you blow your top about that five-cent school tax increase story on the front page, let me make a few comments.

If and when it is approved by the school board next Thursday, Iowa Park will still have the lowest rate I'm aware of, in this part of the state.

Our school tax rate this past year was 76-cents. Wichita Falls was 82-cents, and that district's trustees are taking a hard look at raising their's.

Even if Wichita Falls doesn't hike its rate, which is almost a sure thing, our's would still be one-cent lower at 81-cents.

I've done some random collecting of current school district tax rates, which have been published in newspapers of the area.

Of 17 districts, all of which are in an area between here and Fort Worth except Slaton and Canyon up on the plains, Bowie has the next lowest rate to our's: 85-cents.

Decatur has the highest rate I could find, at \$1.39. That district's board is looking at possibly raising its rate to \$1.52. Alvord has \$1.65, Boyd \$1.45, and Springtown \$1.42. Bridgeport is \$1 and looking at \$1.24.

The average tax rate of the 17 school districts, not including Iowa Park, is \$1.10.

As I've said several times before, you can blame all these high tax rates on House Bill 72, the product of H. Ross Perot, former governor Mark "Whoeeee" White and Lt. Gov. Bill Hobby, to name a few.

I had a chance to get some insight into the passage of HB 72 this week when State Sen. Bill Sarpalius was in my office. He's campaigning for the U.S. Representative post being vacated by Beau Boulter.

He admitted voting for HB 72, based on the fact he was a former teacher and response he received from writing every teacher in the Amarillo school district.

Though there was a lot about the

bill he didn't like when it came out of committee for floor vote, he said he was hopeful of making corrections in the following session.

Part of the reason he said he voted for the school reform bill was the fact that White, the guy people told me was "God's gift to the Democrats," stood before the joint legislature and said there would be adequate funding for the legislation.

There wasn't. In fact, the mandates of HB 72 have cost Texans more dearly than the slump in oil. Far more. And it will continue, unless changed.

Anyway, Sarpalius said he was a big believer in vocational education. He believes that vocational training will keep more "at-risk students" from dropping out than any other program a school can offer.

Sarpalius credits all the cuts in state funding of vocational education to Perot, and charges that Hobby led the fight to cut the funds for the programs.

I asked Sarpalius what part he felt the federal government should, or could, play in public education.

He said the feds should not tell a district how to run its school, and then pointed out that the dropout rate on the national level was too high.

The federal government can make monies available to encourage kids to stay in school, primarily through funding of vocational education, he said.

On a political note, I asked the Amarillo legislator how his campaign was going, and he responded with a recent poll showing him ahead of Larry Milner, his Republican opponent also from Amarillo, by 13 percent.

He pointed to the fact that Milner is staying at home and not out campaigning the way he was.

I'll go along with that. Milner is a ghost who is trying to ride the shirt tails of Boulter and the national Republican ticket.

And I don't think it's going to work.

## Thanks to workers

Dear Editor:

I want to thank the planning committee for the Class of '83 reunion for the great job they did to make our reunion such a success. Darla English, Kari Collins, Dana Daugherty, Shawnee Rains, Susie Cameron, Leslie Pruitt, and any others who helped, as well as Mr. and Mrs. Don Daugherty who let us have the picnic at their house, all did a lot of work and it was appreciated.

It was wonderful to visit with so many of my classmates and I'm already looking forward to the next reunion.

Sincerely,  
Afton Pike, Jr.

## ACTIVITIES in Neighboring Communities

### Cowboy exhibit

"The Working Cowboy," now on exhibit at the Wichita Falls Museum and Art Center, includes works of Valley View's Jack Stevens and others from the area, as well as nationally-known artists such as Peter Hurd, Frederic Remington, George Phippen and Gordon Snidow.

## School

Continued from page 1

requires that it be recorded as an absence, not a tardy.

In order to benefit students, parents, faculty and staff of Iowa Park High School, we have developed the following objectives and procedures to correct attendance problems.

### Objectives

1. Improve attendance and thus improve learning and grades.
2. Increase parent involvement in the process by keeping both student and parents informed of the status of the student's attendance.
3. Streamline the overall process by implementing new procedures.

### Procedures

Beginning with the first day of school, the computer will be programmed to prepare a letter for the attendance office to mail to parents of students who have excessive absences based on the following guidelines.

#### First Semester

First letter will be sent after the student has accrued a total of four absences

Second letter - eight absences

Third letter - 12 absences

Fourth letter - 13 absences; notification of loss of credit

#### Second Semester

First letter will be sent after the student has accrued a total of four absences

Second letter - eight absences

Third letter - 12 absences

Fourth letter - 13 absences; notification of loss of credit.

Each of the four letters will notify the student and parents of the total number of absences accrued to that date. In addition, the letter will indi-

cate a date for the parents to meet with the attendance committee. These meetings with parents will be each Wednesday at 9:10 a.m. in the Iowa Park High School conference room. Parents will be expected to call and confirm the appointment by noon the Tuesday prior to the conference date.

The purpose of the conference will be to offer the students an opportunity to correct their attendance problem, to actively involve the parents in the process, to provide an opportunity for peer counseling, and to enable the staff to assist in correcting the attendance problem.

## NOTICE OF PUBLIC HEARING ON TAX INCREASE

The IOWA PARK CISD will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1987 by 3.8 percent. Your individual taxes may increase or decrease, depending on the change in the taxable value of your property in relation to the change in the taxable value of all other property.

The public hearing will be held on 8-18-88 at 7:30 p.m., School Administration Building 413 E. Cash, Iowa Park, Texas.

**FOR** the proposal: Jimmy Howell, Jerry Reed, Don Decker, Gary Fielding, Wendall House, John Sibley  
**AGAINST** the proposal: None  
**PRESENT** and not voting: None  
**ABSENT:** Sheri Kennedy

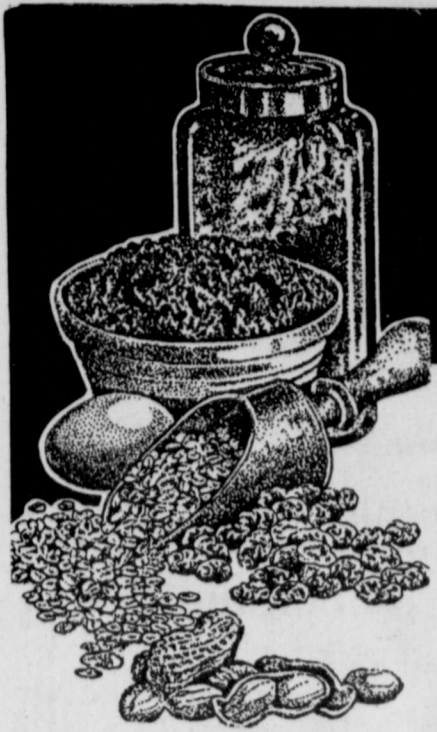

*(Names of all members of the governing body, showing how each voted on the proposal to consider the tax increase and, if one or more were absent, indicating the absences.)*

The statement above shows the percentage increase the proposed rate represents over the EFFECTIVE tax rate that the unit published on JULY 28, 1988. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	36,100	35,745
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	5,000	5,000
Average taxable value	31,100	30,745
Tax rate	.76	.81 <small>(proposed)</small>
Tax	236.36	249.03 <small>(proposed)</small>

Under this proposal taxes on the average home would increase by \$12.67 or 5.23 percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would INCREASE by 5¢ per \$100 of taxable value or 6 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

# Cook of the Week

This week's Cook of the Week, Pat (Mrs. Don) Duerson, is a cook who enjoys canning, and has included three of her canning recipes for Leader readers to enjoy.

Mrs. Duerson said she usually does her canning in July, when most fruits and vegetables are in season. The recipes she submitted for Bread and Butter Pickles, Lime Pickles and Spiced Peaches should prove to be a welcome addition to the supper table at any time during the year.

Christmas is another busy time for cooks, and Mrs. Duerson is no exception. She said the holidays usually bring some 40 members of her family to her home, no small order to fill for any cook. She also included two of her sons' favorite fudge recipes she makes at Christmas, Fudge Icing or Candy and Peanut Butter Fudge.

Mr. and Mrs. Duerson have been married 36 years and lived in Iowa Park 26 years. The couple have two sons, Ronnie, enlisted in the U.S. Navy, and Mike of Iowa Park; and three grandsons. Pat is employed at Bethania Regional Health Care Center, and Don at ABF Motor Frame.

In her spare time, Mrs. Duerson enjoys boating and swimming.

### SPICED PEACHES

Combine 5 cups sugar, 2 cups water, 1 cup vinegar, 12 inches stick cinnamon (broken) and 2 tsp. whole cloves. Heat to boiling.

Into mixture drop enough small peeled peaches to fill approximately

Mrs. Don Duerson

five pint jars. Heat peaches in syrup about five minutes. Pack hot fruit in hot pint jars; add syrup to within 1/2-inch of top and adjust lids. Process in boiling water bath 20 minutes, (time begins when water returns to boil).

### BREAD AND BUTTER PICKLES

4 quarts sliced medium cucumbers  
6 medium white onions, chopped  
2 green peppers, chopped  
3 cloves garlic, chopped  
1/3 cup salt  
5 cups sugar  
3 cups cider vinegar  
1 1/2 tsp. turmeric  
1 1/2 tsp. celery seed  
2 Tbsp. mustard seed

Do not pare cucumbers; slice thin. Add onions, peppers and garlic. Add salt; cover with cracked ice, mix thoroughly. Let stand three hours. Drain well. Combine remaining ingredients. Pour over cucumber mixture. Heat to boil then cook about 30 minutes on low heat. Seal in hot jars.

### LIME (CANDIED SWEET) PICKLES

Use 7 lbs. cucumbers (larger ones). Slice into quarters, peeling bad spots only. Put into crock with 2 cups canning lime and 2 gallons water.

Soak 24 hours.  
Rinse real well three or four times. Slice to size you want pickles to be and return to crock. Soak covered with clear water three hours. Drain water off and cover with the following, which has been brought to boiling:  
2 qts. cider vinegar  
4 1/2 lbs. sugar  
1 Tbsp. salt  
1 tsp. celery seed  
1 tsp. whole cloves  
1 tsp. pickling spices.  
LET STAND OVERNIGHT.

Next morning or approximately eight hours later, drain juice off the cucumbers and bring to boil again, adding a few drops of green food coloring. Then drop cucumbers back into juice and cook about 45 minutes to one hour, until pickles turn iridescent in color.

Store in sterilized jars and pour liquid into jars to approximately 1/4-inch from top. Seal.

### FUDGE ICING OR CANDY

2 cups sugar  
1/4 cup Karo syrup  
1/2 cup milk  
1/2 cup shortening  
2 squares chocolate (or 3 Tbsp. cocoa)  
1/4 tsp. salt  
Chopped pecans

Stir over low heat until all melts. Stirring constantly, bring to a boil, and boil three minutes. Remove from heat and beat until luke-warm. Add 1 tsp. vanilla. Pour over cake or

beat until good consistency to pour into buttered dish.

### PEANUT BUTTER FUDGE

Mix following ingredients together in pan and cook slow until forming soft ball in cup of tap water:  
1/2 cup brown sugar  
3/4 cup white sugar  
1/2 cup peanut butter  
1/2 cup milk

Beat with spoon until mixture loses its shine and is hard enough to pour into buttered plate.

## Look Who's New

Rev. and Mrs. Tim Norris of Wichita Falls are the parents of a son, Casey Matthew, born Aug. 8 at Wichita General Hospital. He weighed seven pounds, nine ounces, and has a brother, Joshua Brandon, two years old.

Mrs. Norris is the former Tina Featherston of Iowa Park.

Grandparents are Mr. and Mrs. Ray Featherston of Iowa Park, Mr. and Mrs. Charles Rutledge of Wichita Falls and Mr. and Mrs. Robert Norris of Demorest, Ga. Great-grandparents are Mr. and Mrs. Houston Darnell of Gladewater and Mary Belle Caywood of Wichita Falls.

Mrs. Jewell Darnell of Iowa Park is a great-great-grandmother.

## Key personnel hired

**HOLLIDAY** - Two key personnel were hired in called sessions of the Holliday School Board in the past two weeks, and the school's interrogation policy was updated at a regular meeting Monday.

Trustees accepted the application of Larry Palmer as elementary principal during a called session on July 26. Palmer, formerly of Burkburnett, was officially hired Aug. 2. He will replace Carol Magee, who resigned after accepting a position at Draughon's Business College in Wichita Falls.

Another called session of the board took place Aug. 4 to accept the resignation of band director Kerry Kirk, and hire a replacement.

Dennis Williams, previously band director at Shawnee, Ok., was hired by the board to fill the position.

Monday's regular meeting of the board was held in the newly-constructed administration building, where work had been completed earlier in the day.

Trustees updated the school's policy on the interrogation and search of students. Searches must be approved by a principal, superintendent or a member of the administration. Searches will include the outer garments only and must be conducted by two members of the faculty the same sex as the student.

Superintendent Dan Own gave a report on construction that has been underway during the summer at the school campus. Owen told trustees that work has been completed on the administration building, Middle School, Elementary School, and the gymnasium. He said, however, that the covered walkway and the stucco exterior at the high school had not

been completed, but should be by the beginning of the school year.

Other business included:  
\*Board members set policy and fees concerning the rental of the board room to organizations.

\*Stricter policies were set for teachers on the third level of the career ladder.

\*Bids were awarded for bakery and dairy products during the 1988-89 school year. Mrs. Bairds and Borden, based in Wichita Falls, received the bids, respectively.

\*Board members approved Supt. Owen to serve in the Region Nine Advisory Committee.

## Municipal Court Records

Results of municipal court held here Tuesday, Aug. 2, were:

Gregory Lee Semiens, no proof of liability insurance, \$181;  
Gregory Lee Semiens, displayed fictitious license plate, \$69;

## E.H. Fountain

Graveside services for E.H. "Eddie" Fountain, 65, were held Monday morning at Bluegrove Cemetery. He died Thursday in a Wichita Falls hospital.

Fountain was born Oct. 23, 1922, in El Paso. He was a retired oil field worker and had lived in Wichita Falls since 1928.

Survivors include his wife, Betty; three sons, Johnny of Amarillo, and Jimmy and Eddie, both of Wichita Falls; five daughters, Debra Hawkins of Graham, and Pat Feltman, Sheila Fugett, Renee Fugett and LaFreda Fountain, all of Wichita Falls; two brothers, Hugh A. "Pete" of Iowa Park and Gerald of Wichita Falls; two sisters Elsie Hankins of Burkburnett and Patricia Garrett of Wichita Falls; his mother, Mrs. Willie McDonald of Holliday; his stepmother, Mrs. Dean Hodge of Iowa Park; and 20 grandchildren.

## June Dickerson

Graveside services for June Dickerson, 53, longtime resident of Iowa Park, will be at 10 a.m. today in Highland Cemetery Memorial Building with Rev. Jerry Miller, pastor of Faith Baptist Church, officiating. Burial will be in Highland Cemetery under the direction of Tanner-Aulds Funeral Home.

Mrs. Dickerson was born May 15, 1935, in Wichita County. She and Billy Joe Dickerson were married Jan. 3, 1953, in Wichita Falls. She was a lifetime resident of Wichita County and a member of Faith Baptist Church of Iowa Park.

She is survived by her husband; two sons, Joey and Eddy, both of Albuquerque, N.M.; two daughters, Rebecca Wright and Jeanna Wilson, both of Iowa Park; her mother, Leola Hail of Iowa Park; two brothers, Jimmy Hail of Petrolia, and Don Hail of Elk Creek, Calif.; two sisters, Betty Norwood of Wichita Falls and Mary Sue Rye of Petrolia; her grandmother, Jessie Hail of Iowa Park; and seven grandchildren.

## Timothy L. Miller

Services for Timothy Lynn Miller, 23, were Friday afternoon at Earthman Funeral Home in Houston. Burial was in Memorial Oaks Cemetery.

Miller, formerly of Wichita Falls, died Wednesday of last week in a Houston hospital as a result of injuries received in a pedestrian-automobile accident.

He was born February 1965 in Wichita Falls. He attended Wichita Falls High School, and moved to Houston about five years ago.

Survivors include his father, Thomas of Wichita Falls; his stepmother, Sherry of Wichita Falls; his mother, Penny Ellsworth of Houston; a brother, Terry of Houston; and grandmothers, Ella Beaty of Wichita Falls and Reba Neal of Iowa Park.

## Willie Hale

Graveside services for Willie Hale, 90, of Iowa Park, were Wednesday morning at Hope Cemetery in Henrietta with Dr. Wayne Blackshear, pastor of Westside Baptist Church, officiating.

She was born March 18, 1898, in Henrietta. She had lived in the area 20+ years and was a homemaker.

Survivors include two sisters, Louisa Chappell of Henrietta and Emma Darnell of Wichita Falls.

# Walkers to raise CROP funds Key personnel hired

Four Iowa Park churches are planning a six-mile CROP Walk Oct. 15 in an effort to raise money for the hungry in this area and in various countries.

The First Christian, First United Methodist, First Presbyterian, and Christ The King Catholic Churches, all members of the Iowa Park Ministerial Alliance, are heading the event, which will ask participants to sign up sponsors.

Leading the walk, to begin at 9 a.m. at the Iowa Park High School, will be the Iowa Park High School football team and band.

## CARD OF THANKS

We wish to express our gratitude and profound appreciation to the many wonderful friends for their kind words of sympathy, the beautiful flowers, the generous gifts of food, and the many other acts of kindness afforded us during our time of sorrow and bereavement during the loss of our beloved wife, mother and grandmother.

The Family of Evelyn A. Robinson  
Ronald D. Robinson  
Donna Howard  
Anita Robinson  
Ryan Howard  
Kacie Howard

The route will be contained to Iowa Park, with three rest stops and a medical station located on the route.

Several area personalities have confirmed participation in the walk including Hawk Football Coach Len Williams, who will deliver the "Walk For Hunger" pep talk, Mayor Tim Hunter, City Administrator James Barrington, Police Chief Alan Sheffield.

Meteorologist Skip McBride will preside over the opening ceremonies, and sportscaster Andy Austin will present awards at the closing. Both will also participate in the walk.

Organizers have set a goal of recruiting 300 walkers. Seventy-five percent of the funds will be used by the Church World Service, and 25-percent is earmarked for use by the local Ministerial Alliance to alleviate hunger and other critical needs in this area.

Walkers are urged by the alliance to ask family, friend and neighbors to sponsor them for this event. Sponsor envelopes are available at the First Christian Church, or by calling Rev. Mike Grubbs, chairman, at 592-4513.

## ACTIVITIES in Neighboring Communities

### Melon Show

The seventh annual melon show will be held between 9 a.m. and 2 p.m. at Wichita Falls Farmers Market. Plaques and ribbons will be awarded.

### SAFB wants old pictures

Sheppard AFB is interested in obtaining photographs of the base from 1941 to the present, for various historical projects. Contact Base History Office, 76311-5000. Photos will be copied and returned.

## William Kiel Hopson

Services for William Kiel Hopson, 71, were Friday afternoon at Southside Baptist Church in Wichita Falls, with Rev. Jerry Woods, pastor, officiating. Burial was in Crestview Cemetery.

Hopson was born March 23, 1917, in Wichita Falls, where he lived all his life. He was retired from City Vending Co., and was a member of Southside Baptist Church. He served in the Army during World War II.

Survivors include his wife, Bonnie; a daughter, Jody Peek of Wichita Falls; a sister, Grace Gooch of Wichita Falls; two brothers, Tommy Hopson of Wichita Falls and Clyde Fair of Holliday; and two grandchildren.

## I CARE

"Filled with compassion, Jesus reached out his hand and touched the man." (Mark 1:41).

Years ago when folks traveled in horses and buggies, a man's wagon became stuck in the ditch and he could not get it out. Before long, a stranger came by and stopped, worked with the man until he was back on the road. The man offered to pay the other for his help, but he refused, to which he said, "I want you to know I really appreciate you stopping to help me when I could not help myself. I want to say if I'm ever driving down the road and come upon you stuck in a ditch, I promise to stop and do all I can to help you back on the road. If I can't do that, I promise you this. I'll climb up and sit beside you until help comes."

Just what does it mean - to care? It involves breaking out of the circle of ego-centricity and making our own lives a resource to others. It is telling another individual, "I want you to know that what happens to you makes a difference to me."

At the heart of Christian message is God cares for us. As we proclaim this message, to care is not only feeling or talking, but doing.

# AREA OIL & GAS NEWS

Two new producers have been brought on line in the Wichita County Regular Field, with Commonwealth Production of Dallas as the operator.

The No. 6-C C. Birk is located four miles northeast of Clara in a 160-acre unit in the F. Huseman Survey, A-93. The well is located 1,240 feet from the south line and 1,075 feet from the east line of the survey. It pumped 64 barrels of oil per day, plus ten barrels of water. Bottomed at 1,670 feet, production will be from a perforated interval in the Gunsight Sand, 1,564 to 1,580 feet into the hole.

The No. 8-C Birk "B" is located in a 160-acre unit in the F. Huseman Survey, A-93, 1,440 feet from the south line and 1,900 feet from the east line. Drillsite is six miles northwest of Burkburnett. It indicated ability to pump 68 barrels of oil daily plus 40 barrels of water. Production will be from the Gunsight Sand at 1,592 to 1,595 feet into the wellbore. Total drilling depth was 1,670 feet.

McCormick-Gordon of Plano has revealed plans to drill a 2,000-ft. developmental well in the Wichita County Regular Field, 2.5 miles northeast of Electra. The operator has 108 acres leased, with drillsite in the SPRR Survey, A-280. The well will be located 5,060 feet from the north line and 2,850 feet from the south-east line, and is designated as the No. A-29 J.H. Marriott.

At a location three miles south-east of Clara, Atapco of Midland has finalized a new oil producer in the Wichita County Regular Field.

The well is designated as the No. 61-A H. Reilly, pumping oil at the rate of 40 barrels per day. Production will be from perforations in the Gunsight Formation, 1,480 to 1,500 feet into the wellbore. Total drilling depth was 1,750 feet with plugback to 1,610 feet.

Location is in a 2,100-acre lease in the L.C. Dennison Survey, A-55.

Swanner Properties of Wichita Falls has completed three new oil producers in the Wichita County Regular Field. The Nos. 37, 38, and 39 L. Chilson "Shallow" are located six and seven miles south of Iowa Park. Drillsites are in a 498-acre lease in the Margaret Ramsey Survey, A-471. The wells are located 151 feet from the south line and 106 feet from the west line, 151 feet from the south

line and 406 feet from the west line, and 151 feet from the south line and 707 feet from the west line, respectively.

The operations pumped oil at the combined rate of four barrels per day. Total depths ranged from 861 to 1,272 with plugbacks from 810 to 830. Production will be from the Cisco Formation, 720 to 746 feet into the wellbore.

The No. 1 Brown Ranch "109", an 8,600-ft. deeper pool wildcat well, is scheduled to be drilled in Hardeman County. Baker & Taylor Drilling is the operator. The well will be spudded in a 750-acre lease five miles west of Medicine Mounds in the W&NW Survey, A-426. The well will be located 1,065 feet from the north line and 290 feet from the east line of the survey.

Kadane Oil of Wichita Falls has filed for permit to drill the No. 1 B&H Tabor, an 8,500-ft. deeper pool wildcat well 2.5 miles south of Chillicothe. Location is in a 40-acre unit in Hardeman County's H&TC Survey, A-40, 467 feet from the south line and 1,255 feet from the west line.

Farrex Inc. of Richardson has abandoned an undrilled wildcat location in Hardeman County, two miles east of Quanah. The well had been designated as the No. 1 Hurst. The drillsite has previously been declared dry and abandoned by Eagle Oil & Gas in 1984 with total drilling depth of 9,060 feet.

At a location six miles north-west of Burkburnett, Commonwealth Production of Dallas has finalized a new oil producer in Wichita County's Regular Field.

The well is designated as the No. 9-C C. Birk "B", pumping at the rate of 29 barrels of oil per day. Location is 1,150 feet from the south line and 1,900 feet from the east line in a 160-acre unit in the F. Huseman Survey.

Bottomed at 1,730 feet, the well will produce from the Gunsight Sand, 1,592 to 1,594 feet into the hole.

The No. 15 J.H. Bentley has been finalized by F.T. Felty of Burkburnett.

It is a developmental well in the Wichita County Regular Field. Drillsite is 3.5 miles south of Burkburnett. Location is in a 170-acre lease in the CTRR Survey,

2,721 feet from the south line and 150 feet from the west line.

Daily potential of four barrels of oil was posted with the Railroad Commission. The well went to a 635-ft. bottom, and production will be from perforations in the Cisco Formation, 571 to 581 feet into the wellbore.

The Wichita County Regular Field gained a new producer when Williams Petroleum of Burkburnett completed the No. 42 Tidewater 2.5 miles southeast of Fowlkes.

The well indicated ability to pump oil at the rate of three barrels per day. It was taken to a 2,000-ft. bottom with plugback to 1,000 feet. Production will be from a set of perforations in the Permian Formation, 884 to 898 feet into the wellbore.

The operation is in a 158-acre lease in the SA&MG Survey, 2,440 feet from the north line and 2,430 feet from the west line.

Three new producers with combined ability to pump 89 barrels of oil per day have been finalized in the Wichita Regular Field about three miles southeast of Clara.

Atapco of Midland is the operator.

The wells are designated as the Nos. 29, 62 and 63 Reilly "A".

They showed ability to pump 49, 22 and 18 barrels of oil per day, respectively along with widely divergent volumes of salt water. The No. 62 made 178 barrels of water per day, while the No. 49 and No. 63 produced seven and one, respectively.

Atapco bottomed the wells at 1,950, 1,750 and 1,750 feet, respectively. The No. 63 was plugged back to 391. The two deeper wells will produce from perforations in the Gunsight Sand, ranging from 1,366 to 1,661 feet into the hole. The other well will produce from Cisco Sand perforations ranging from 324 to 327 feet.

Carrying permit for 2,000 feet of hole, the No. 1203 Kelly is scheduled for spudding in the Wichita Regular Field, three miles north-northeast of Clara. Tri-Core Oil and Gas of Irving will be the operator. Location is in a 228-acre lease in the Lewis Powell Survey A-242. It is 4,550 feet from the north line and 1,250 feet from the east line of Section C Block 19 of the Specht Colony Subdivision.

Two 2,000-ft. developmental wells are planned by Tom Swanson of Electra at drillsites two miles south of Fowlkes, Wichita County. The locations are in a 140-acre lease in the SA&MG Survey. The No. 55 Burnett "D" is 150 feet from the south line and 1,554 feet from the west line. The No. 56 Burnett "D" is 1,050 feet from the south line and 1,479 feet from the west line. Both wells are in the Wichita County Regular Field.

A 2,000-ft. developmental well is planned by Cal Jeter of Wichita Falls at a drillsite eight miles east-southeast of Kamay, Wichita County. The location is in a 160-acre unit in the Denton CSL Survey, 1,000 feet from the north line and 1,150 feet from the west line. It is in the Wichita County Regular Field.

Joe Miller & Bobby J. Parker have given up their efforts to make producers out of the Nos. 5 and 6 D.G. Parker. They were developmental efforts in the Wichita County Regular Field. Locations were 5.5 miles south-southeast of Iowa Park. Spudded May 24 and May 25, the wells had reached 800-ft. and 1,396-ft. total depth, respectively.

An undrilled location has been abandoned by R.L. Robertson of Iowa Park at a drillsite six miles northeast of Kamay, Wichita County Regular Field. The venture had been designated as the No. 26 F.M. Love. Location was in a 40-acre unit in the W.S. Kennard Survey, 500 feet from the north line and 150 feet from the west line.

Al King Petroleum of Wichita Falls has abandoned three undrilled locations in the Wichita Regular Field. The wells included the Nos. 18, 19 and 20 Goetze. The drillsites were nine miles northeast of Electra for the No. 18 and five miles southwest of Clara for the other two wells. Total depths had been projected to 1,900 feet at all three.

Operating out of Austin, Kingdom Resources has filed for permit to drill the No. 7 Guggisburg in the Wilbarger Regular Field, about five miles south of Lockett. The venture will be located in a 200-acre lease in the W.A. McKinney Survey A-1758. It is situated 775 feet from the north line and 2,900 feet from the west line of the survey. Total depth is projected to 2,999 feet.

Two developmental wells are scheduled for spudding in the Wichita Regular Field, about two miles southeast of Fowlkes, with Williams Petroleum of Burkburnett as the operator.

The wells will be known as the No. 16 Burnett "D", carrying permit for 1,000 feet of hole and the No. 43, scheduled for maximum depth of 2,000 feet.

The Burnett well is in an 80-acre unit in the SA&MG Survey A-430, 1,175 feet from the north line and 1,360 feet from the east line of Block 4. The Tidewater well is in a 158-acre lease, same survey, 2,720 feet from the north line and 2,508 feet from the east line of Block 4.

A California operator will seek new field designation following the completion of a successful wildcat in Wilbarger County about one mile south of Oklaunion.

Elwood's Company's No. 1 Ramsey showed ability to flow 123 barrels of oil daily along with 50,000 CF casinghead gas on a 20/64 choke.

The Los Angeles company took the hole to total depth of 8,075 feet and plugged it back to 7,400. Production will be from Pennsylvania Conglomerate perforations, 6,934 to 6,970 feet into the wellbore.

Two different operators have abandoned undrilled locations in Hardeman County. The aborted ventures include the No. 1 Wells, a deepening re-entry which had been slated about five miles northeast of Quanah, and the No. 1 Rapp-Koontz, a re-entry operation planned about one-half mile south of Chillicothe.

The Wells well was a wildcat which had been written off as a dry hole with TD of 8,040 feet when finalized in October of 1952. The Rapp-Koontz had been completed as a flowing oiler in January of 1984, making 184 BOPD from Pennsylvania Conglomerate perforations at 7,432 to 7,444 feet into the hole.

ATAPCO of Midland has revealed plans to drill five 1,750-ft. developmental wells in the Wichita Regular Field. The operator has 2,100 acres leased, with drillsite in Wichita County's L.C. Dennison A-55 Survey and has designated the ventures as the Nos. 59-A, 60-A, 61-A, 62-A and 63-A H. Reilly. Drillsite is three miles southeast of Clara.

Drillsite has been staked for the No. 63 S.M. Daniels, a 2,000-ft. developmental oil well in the Wichita Regular Field. The operation will be located five miles southeast of Burkburnett in a 250-acre lease 820 feet north of the line and 1600 feet east of the line in the H. Hastie A-99 Survey, Wichita County. The operator is F.T. Felty of Burkburnett.

The Waggoner Estate has plugged and abandoned an unsuccessful developmental bid in the Wilbarger Regular Field eight miles south of Vernon. Designated as the No. 4 Jaconson, the well was spudded in the latter part of February and probed to a dry bottom at 2,100 feet.

Pumping 40-gravity crude at the rate of 38 barrels per day, the No. 7-C Birk "B" has been brought on line in the Wichita Regular Field, about six miles northwest of Burkburnett.

The well was an exploration venture of Dallas-based Commonwealth Production Inc.

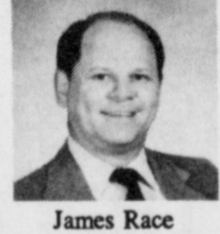

Commonwealth took the hole to total depth of 1,680 feet and perforated the Gunsight Sand for production at 1,606 to 1,607 feet into the hole. Water production totaled about 130 barrels daily.

# Ranch Roundup nears

By Lisa Bandy

Cowboys are alive and well on the Burnett Ranch outfits operating in the Iowa Park area.

Not the ones who ride across your television screen in Mercedes Benz and 10-gallon Stetsons. Or the ones who run up and down the plastic turf in helmets and shoulder pads. Or even the ones who ride bulls and broncs bareback in the professional rodeo arena.

But real, honest-to-God, ropin' and ridin', sunup to sundown cowboys. The lean, weathered kind immortalized by Remington. Wiry as buffalo grass and tough as mesquite. The kind who punch cattle on the open range for a living -- and because it's "the best kinda life there is."

August 19-20, working cowboys from the Burnett Ranches and 11 other well-known Texas ranches will meet in Wichita Falls to put their skills to the test, competing for braggin' rights as Best Ranch in Texas. The event: The eighth annual Texas Ranch Roundup.

It is held at the Wichita County Mounted Patrol Arena on FM 369.

Sponsored by Budweiser and the North Texas Rehabilitation Center, the Texas Ranch Roundup takes Old West fans back to the late 1890s and the cattle industry's inception on the Texas frontier.

During this time, entire ranch families would get together at the end of Spring roundup and let off steam, swap stories around the campfire, and watch as dads, brothers, cousins and hired hands competed against other outfits at working cattle.

Like these early "rodeos," the Texas Ranch Roundup pits real working hands and wagon bosses from real working ranches -- some of the oldest and most historic in the state -- against each other in events patterned closely after daily ranch chores.

There's roping, branding, penning, horse breaking (better known as bronc riding) and wild cow milking. There's also chuckwagon cooking (cowboys still make the best homemade biscuits in a pot on the ground) and a talent competition featuring painting and photography as well as favorite campfire songs and skits.

Despite modern technology, the cowboy's life and the way he works hasn't changed much in more than 100 years. It's still rough and romantic.

The Triangle and 6666 camps of the Burnett Ranches are known as

much for their legends as they are for their historical contributions to Texas ranching.

Legend has it that ranch founder Capt. Samuel Burk Burnett won his initial property with a poker hand of four sixes, hence the name, "Four Sixes." Actually, sometime in the

## Cheerleaders are winners

The Cheerleaders defeated Faith Baptist 12-3 Saturday to win the Optimist Club's mixed softball tournament.

The tournament began Monday of last week and continued Tuesday, Thursday, Friday and Saturday.

Results of the final three days were:

early 1870s, Burnett purchased a small herd of cattle already branded with four sixes and then decided to extend the brand to the ranch name.

"Capt. Burk," as he was fondly called, turned his initial investment into one of the largest cattle empires in Texas. His herds grazed in north-central Texas and in the Apache, Kiowa and Comanche Indian territories of Oklahoma.

Much of the land used by Capt. Burk and other ranchers was leased from Indian Chief Quanah Parker, whom they considered both friend and business associate.

The Burnett holdings soon extended beyond the legendary 6666 ranch. Under Capt. Burk's watchful eye, his son Tom developed the famous Triangle Ranches.

Springtown superintendent of schools Conny Martin says an article in the Springtown Epigraph misquoted him, even after being repeated the second week. Iowa Park's Supt. Glen Mitchell contacted him after reading a statement reportedly issued by Martin that season football ticket sales sold before a game date would mean that school kept all the money and did not have to be shared equally with the visiting team. Iowa Park's share of the gate at Springtown in 1985 was only \$999, and \$2,054 in 1987, even though the stands were packed. When Springtown played here in 1986, that school's share of the gate was \$3,795.

SS SS SS

New defensive coordinator for the Graham Steers is Charlie Hesse, a 16-year veteran of coaching who was head coach and athletic director at Port Lavaca Calhoun High School the past eight years. Besides being in the same district, 30-AAAA, with Gregory Portland, his team went 1-9 last season. Another assistant under new Steer head coach Mark Ball is Robin Ryan, whose three years in the profession have all been at Hurst Junior High, a feeder school for L.D. Bell.

LANDMARK THREATENED - Grass and brush fire, fanned by strong southerly winds, threatened the historic Wichita Valley Community House Monday afternoon before the blaze was extinguished by Wichita West Volunteer Fire Department.

# Surprise.

If the phone wiring in your home breaks, so can your budget.

## Stop the surprises.

Like your pipes and your electrical wiring, the phone wiring in your home is yours. If it breaks, it's yours to fix. And, a service call can be an unpleasant surprise to your budget. Get "peace of mind" protection with InLine Plus™

For just \$2 a month per line, our experts find the problem and, if it is your inside phone wiring, fix it at no additional cost. Plus, if we find your phone is the culprit, we'll provide you a loaner set for up to 60 days at no extra charge. Or, for \$1 a month, regular InLine™ gives you the same benefits as InLine Plus except for the loaner phone.

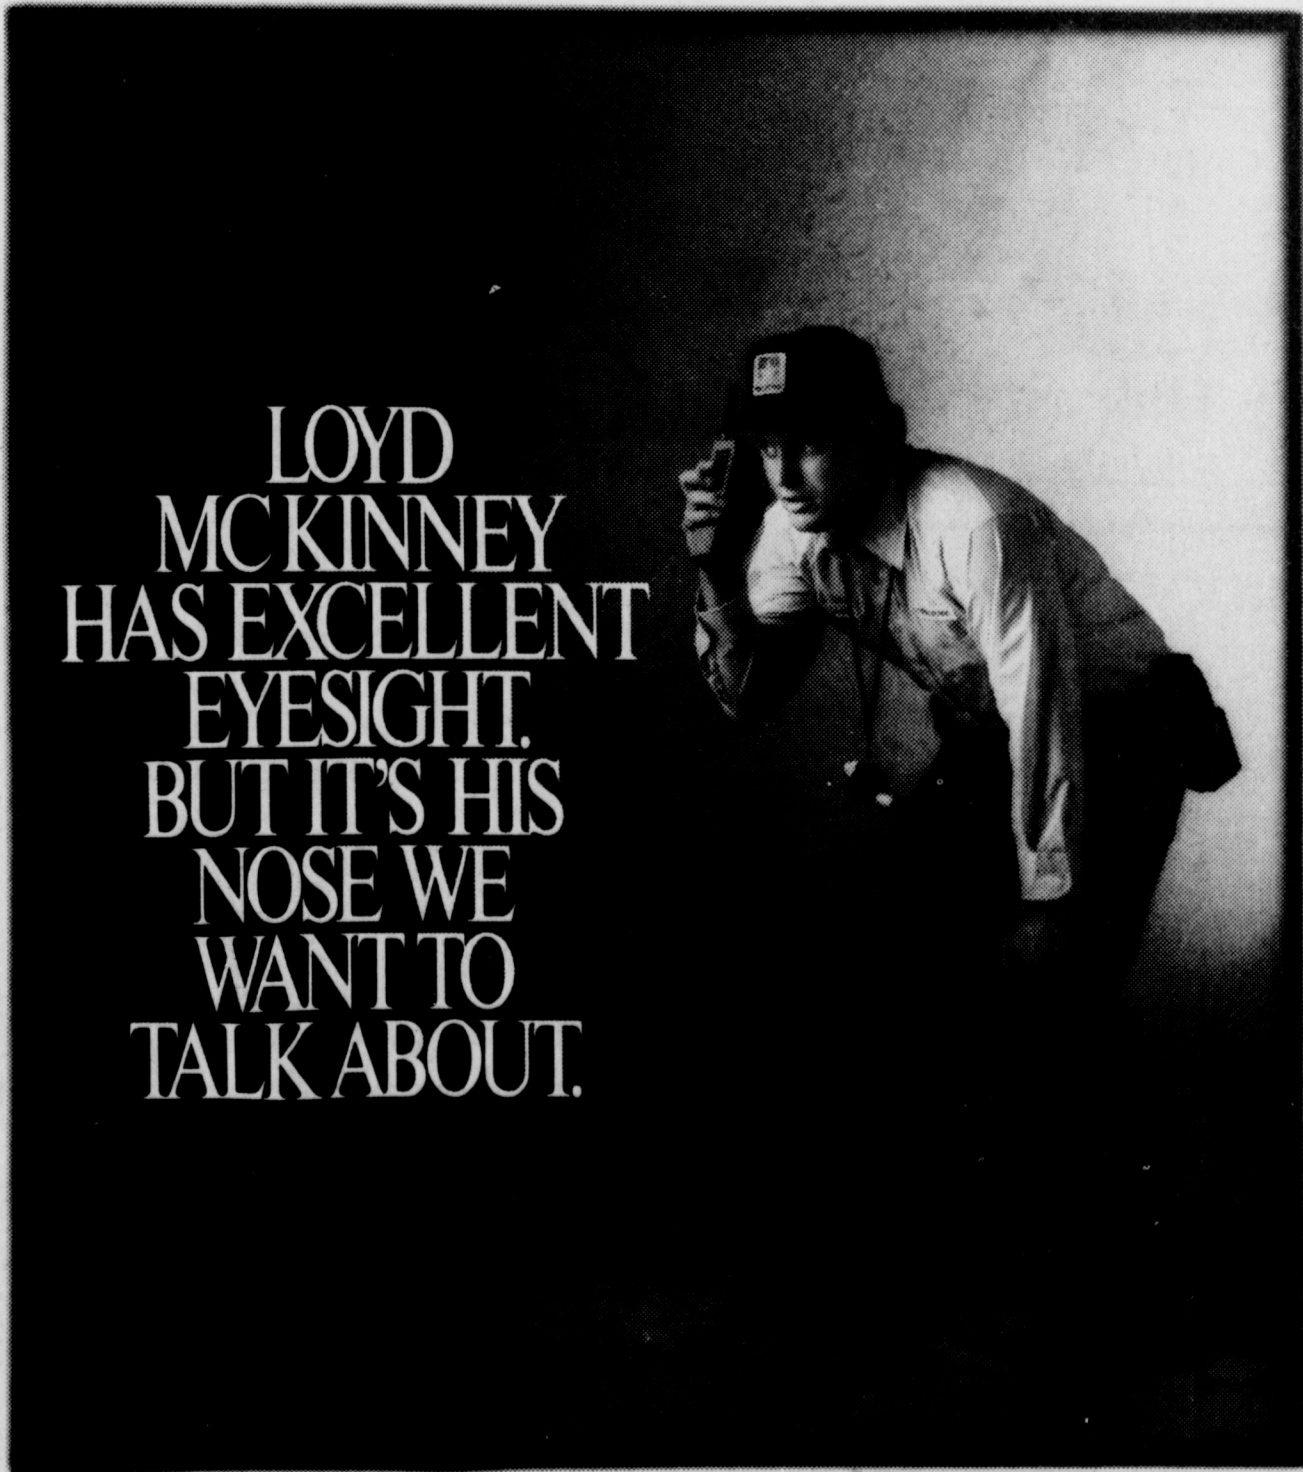

Get inside wiring protection today. And help put a stop to costly surprises.

To order, call 1-800-325-2686, extension 9.

The one to call on.™

By law, Southwestern Bell Telephone cannot repair telephone equipment. Certain conditions apply.

LOYD MCKINNEY HAS EXCELLENT EYESIGHT. BUT IT'S HIS NOSE WE WANT TO TALK ABOUT.

As a meter reader for TU Electric, the way Loyd looks at his job is very important. He's even tested for accuracy, so that he can read your meter correctly with just a glance. But along with good vision, Loyd is also trained to have a nose for trouble. And that keeps him aware of any suspicious activities on his routes. It's just his way of helping out in the neighborhood crime watch program. And it's also a good example of what A Commitment To Service really means.

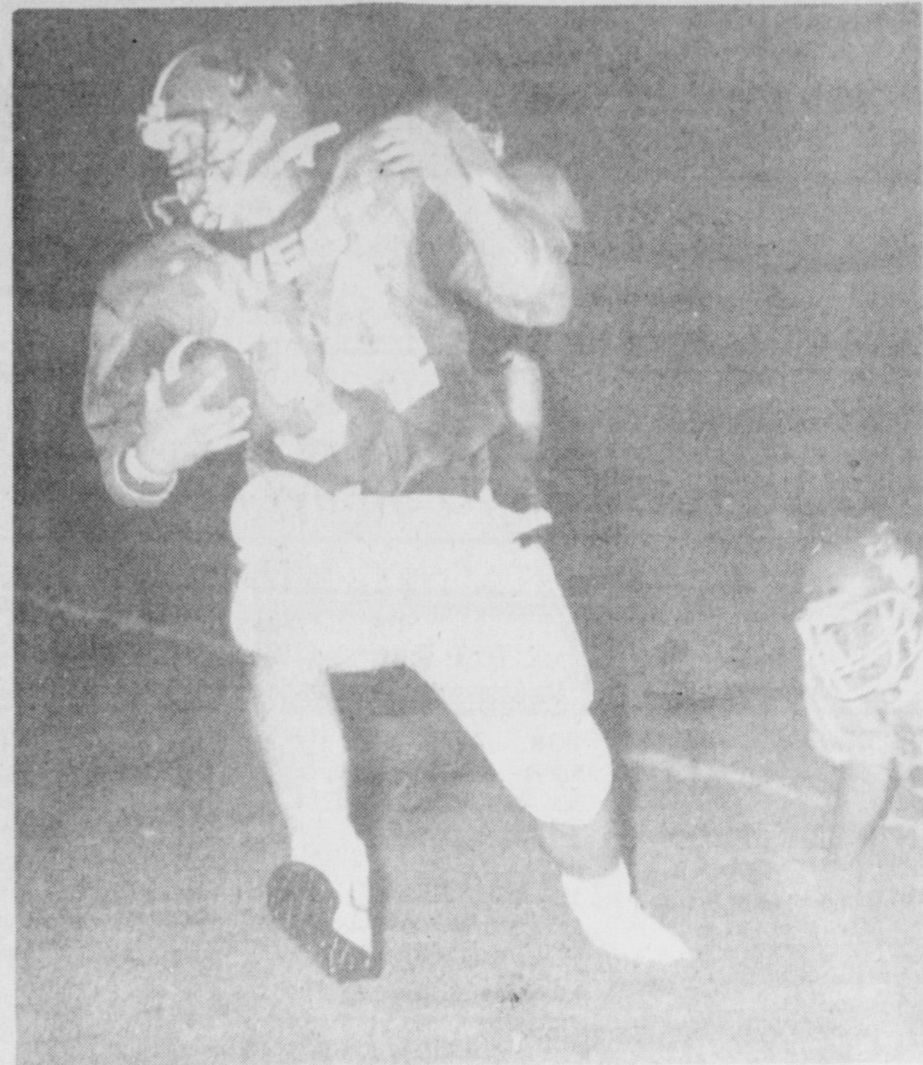

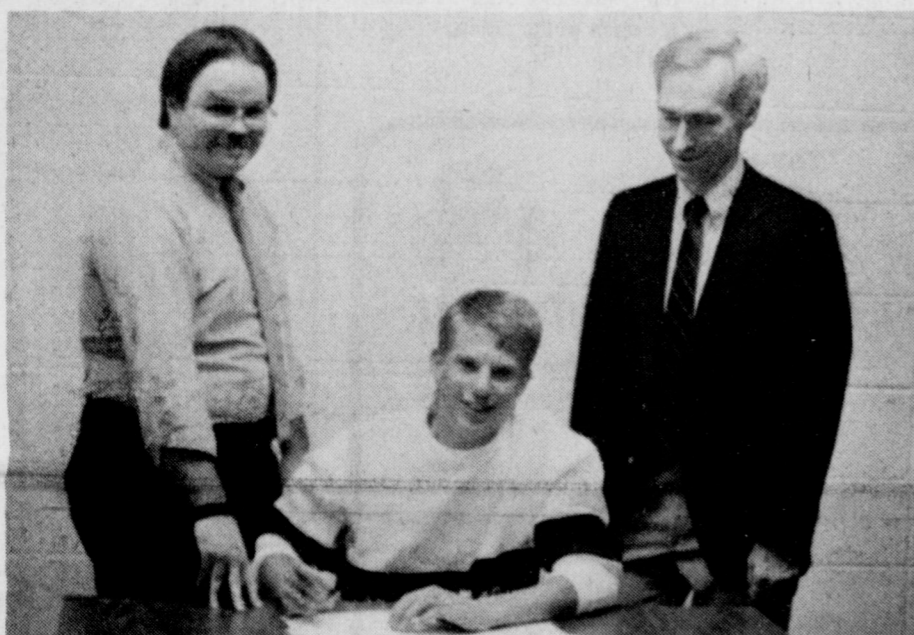

**JIM KIRKHART**, who played offensive tackle and defensive end for the Hawks, was pressed into action as an offensive guard for Texas in Saturday's Oil Bowl in Wichita Falls. His play, according to viewers, was a major reason why Texas beat Oklahoma 14-3. He had the key block on Texas' first TD.

**JOHN WOOD** became an offensive tackle for the victorious East team in Friday's Greenbelt Bowl at Childress. Normally a guard, Wood adapted well in his new roll and helped his team in its 24-0 effort against the West. He was allowed on defense three series, and tackled former Hawk Jim Cummings once.

**JIM CUMMINGS** led the East in rushing in the Greenbelt Bowl Friday at Childress. He was held to some 20 yards, however, due to the aggressive defense of the West and lack of blocking by his own linemen. Cummings also caught several passes, demonstrating his versatility.

**MARC JOHNSON**, a 6-2 guard from Iowa Park, signed a letter of intent with York College of York, Neb. July 22. The first team All-District player was also on a doubles tennis team that made it to the state tournament, and will also play tennis in the spring at York. He is shown with Coach Tim McElroy, left, and Athletic Director Mike Pruitt.

**Soccer signup set Saturday**

Boys and girls, ages five to 18, have until Saturday to sign up for the 1988 soccer season, with games to begin Sept. 10.

Soccer players wishing to sign up may call Aquilla Carillo-Miranda at 592-2631 or 592-2014.

Mrs. Carillo-Miranda said coaches for the season are being sought, and may volunteer by calling her at the same number.

A meeting for all Greater

Wichita Falls Soccer Assoc., of which the Iowa Park Soccer Assoc. is a member, will be at 7:30 p.m. Tuesday at the Wichita Falls Activity Center. Packets will be distributed and preparations for the season will be made at this meeting.

Practice will begin when sign up and team placement are completed. The season's last regular game is set for Oct. 29, with playoffs scheduled for Nov. 5 and 12, and Dec. 3 and 10.

**MEET:**  
Kathy Paulk is a single parent seeking an Associate Degree in Office Technology at the VRJC Technical Center in Wichita Falls. Kathy, who learned about the College from a friend, chose to attend VRJC because of the location and the low cost. According to Kathy, "The one on one student to instructor ratio is really nice. The other students are friendly and we help each other. I like VRJC." Kathy helps defray the cost of her college courses with the Pell Grant and the College Work Study programs. She does plan to continue her education after completing her VRJC course work by pursuing a bachelors degree in accounting.

**VRJC IS AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION INSTITUTION**
