aug 25, 1988

Iowa Park's Centennial Celebration will officially begin, at least for the men, with funeral for RaZor at the Summer in the Park series scheduled for 7 p.m. tonight in City Park.

In addition to RaZor ceremony, other featured programs will be an hour-long program by the Modern Music Study Club, with a street dance to follow.

The funeral for RaZor will kick

off the evening, promising fun for all ages, keeping with the traditional growth of beards associated with most centennial celebrations.

Men interested in growing beards for the centennial may register at the street dance, with the site to be announced that night. Two categories will be included in the contest - clean start and head start.

The Modern Music Study Club will then present an hour-long

program featuring talent in men's trio, cloggers, square dancers, children's chorale and children's solo specials.

Following the program, a 60s, 70s and 80s street dance, disc jockeyed by Dave Landry and Kent Smith of K-Lite 106 radio station, will begin and last until midnight.

Limbo and twist contests will be held during the dance, with ribbons awarded to the winners.

Bikers by thousands to pass through here

The highly-publicized Hotter 'N Hell Hundred will kick off at 7:30 p.m. Saturday at Memorial Stadium in Wichita Falls.

This is the seventh year Wichita Falls has held the event. An estimated 12- to 14,000 bicyclists from all over the country route will go north to Southwest Parkway in Wichita Falls at the finish line. Several rest stops will be set up along the route.

Iowa Park Police Chief Alan Sheffield said he expects most of the riders to come in "waves," with the first set expected at 9:15 a.m. and the crux of them at about 10:00. He said from 2 to 3 p.m. most of the riders should be through. Since the route includes Pacific Ave., and the intersection of Yosemite and Loop 370, high traffic areas in Iowa Park will be affected, and residents are asked to avoid these

Norman Gwinn, formerly of Iowa Park, will by in to prov Air Port from Sunnyvale, Calif. to participate for the third year in the 100-mile ride.

The board had voted down a proposal for extended leaves at an earlier meeting. But Trustee Sheri Kennedy, who was absent at the earlier meeting, asked that the issue be brought back for reconsideration.

School trustees reversed their

stand concerning an extended sick

leave policy for personnel, during a

called meeting Thursday evening.

Three options, each with varied lengths of extensions above the days already allowed for sick leave, were proposed for consideration.

The adopted option includes: one or more years experience beginning lative to five days; two or more years experience, beginning 1989-90, five days earned, accumulative to 10 days;

posal originally was because pregnancy was included in a list of catastrophic reasons for extended leaves. It remains on the list.

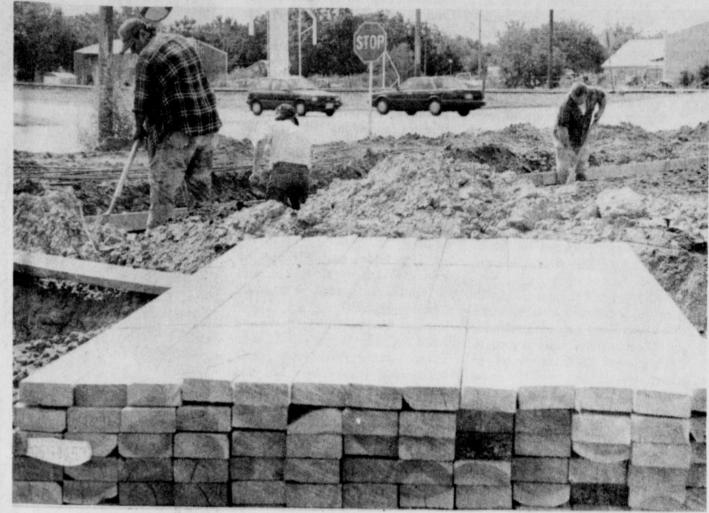

Two trustees voted against adoption of the policy. They were Don Decker and Gary Fielding.

The meeting was held in the junior high school library, following a social period during which trustees were introduced to new faculty members.

One of the purposes of the meeting was to hold a required public hearing on the proposed 1988-89 budget and tax rate. No comment was made hearing, and Oct. 30 was set as the date to adopt the budget and tax rate.

In other business, trustees passed

possible, and he felt the issue at hand could also be cut.

> Concerning the Effective School Practices, Supt. Glen Mitchell told the board "I'm committed to it."

Basically, the resolution states the trustees "believe that every child can learn;" all school personnel "are dedicated to providing the best possible education," and an "involved parents and community, a focused mission, strong instructional leadership, high expectations for students, a safe and orderly environment, and effective evaluations of district progress in the above areas are no

The rate reflects a five-cent

amend the 1987-88 budget.

are expected to ride in the race, with those opting to go the entire 100 miles, probably half of the riders, to cycle through Iowa Park, Kamay, Valley View and Holliday, directly affecting motorists and residents here.

Hundred-mile riders will take the route from Burkburnett south on FM 368 which becomes Pacific Ave. in Iowa Park. The route will continue from Pacific east on Alameda, then south on Yosemite to FM 368. A rest stop and medical station will be set up at Tom Burnett Memorial Library. The library will be closed.

An "escape route" has been planned for those not able to finish the entire 100 miles, by turning back east on FM 367 at Texoma Fertilizer Plant. Those wishing to continue will take the curve west and must be at that point by 1:30 p.m., when the route will be closed.

From Texoma Fertilizer, riders will go west to FM 367, continuing to Highway 25. From Highway 25, riders will pedal south to FM 258 where the route will turn east to FM 1206.

On 1206, the route will continue at a northeast direction to FM 368, where riders will turn back south to FM 1954. From 1954, cyclists will continue east to FM 2650 where the

As a result, Sheffield offered a few pointers to keep the route as safe as possible. They include:

*Avoid the bike route in vehicles. Spectators should walk to the route if possible.

*Should a spectator drive a car to the area, do not block a driveway. The vehicle will be towed away.

*Stay home if possible. More than likely, motorists will be inconvenienced if they get out.

Where Wichita Falls receives a reported \$1-million in direct impact as a result of the race, all points checked here show that Iowa Park's revenues are not increased that day.

Whereas two to three officers normally work on a shift, Sheffield has scheduled all working officers, nine in all, to patrol throughout the day, and an extra dispatcher to handle the extra calls. With half of the officers getting paid time and a half overtime for the day, the estimated cost to the city will be \$500 to

Thieves hit pickups

Of five thefts reported during the past week, two concerned sliding rear windows of pickups, according to the blotter at the Iowa Park Police Department.

Both thefts were reported Sunday. One was filed by Tim Clark, 1323 Westridge, and the other by Kathy Dunn, 615 W. Manes, who also said the pickup's tailgate was taken.

Police have identified a suspect and issued a warrant for the arrest in a motorcycle theft case that was reported Saturday.

The motorcycle was actually taken Friday but not reported by Patricia Hambright of 300 W. Pecan until the following day.

Det. Chris Pearson identified the suspect as being James Brookshire, a

former resident here now reportedly living in Wichita Falls.

Another theft, reported at 2:04 a.m. Tuesday by Brenda Trantham, 400 W. Diamond, concerned \$50 in cash. Police were told a subject had left the house, taking the money from off the bar.

Also reported as stolen was a Mongoose BMX bicycle. The theft was reported Thursday morning as having occurred at 308 W. Washington.

A 21-year-old Iowa Park man, Jerry Don Allen Jr., was charged Saturday afternoon with evading arrest.

Police reportedly were responding at 1:54 p.m. to a domestic disturbance in the area of Joy and Emma, where Allen was taken into custody. He was transported at 3:36 p.m. to county jail, according to the blotter.

Twelve friends of Gwinn's from Houston will pick him up at the airport, bring him to Iowa Park, and participate in the ride as well. All of the men will stay in Iowa Park over the weekend.

Gwinn, a graduate of Iowa Park High School, is a member of a triathelon club where he lives.

a resolution supporting the concept of "Effective School Practices," okayed two groups to operate high school athletic concession stands and two student transfers, but rejected a proposal to hire a part-time pianist for the junior high choir.

The Band Boosters will operate the concession stand at Hawk Stadium, and the Iowa Park Booster Club, which supports athletics, the concession stand during basketball season.

Both student transfers were for City View students, Kim Welch and Karen Pash.

The board's decision to reject a proposed expenditure of \$2,625 to hire a part-time pianist for the junior high choir was split, and president Jimmy Howell had to cast the deciding vote.

Howell pointed out that several other items had already been cut from next year's budget in order to hold down the tax rate increase as much as

unless he was called upon to break a tie vote of the council.

Coker moved to adopt the budget, but the motion died for lack of a second.

Alderman Diane Robnett moved to reject the budget, and received a second from Alderman Bud Mercer. They were joined by Alderman Virgil Woodfin in voting for the motion. Coker voted against it, and Burch abstained.

Two other votes were counted during the short meeting, and both were affirmative.

Aldermen approved adoption of six ordinances which, according to Administrator James Barrington, are to adopt changes in the latest edition of the Southern Building Code.

The other bid gave the administrator power to advertise for bids to buy a new trash truck, replacing one which has been in use since 1982.

Barrington pointed out that the specs on the bids requires the replacement truck to be diesel, as are both the trucks now in use.

Aldermen decided to meet at 7 p.m. Monday in council chambers to work on the 1988-89 budget.

Coker, Lindsey wedding vows exchanged during candlelight ceremony

In a romantic candlelight setting, Miss Alaina Ann Coker and Aaron Scott Lindsey exchanged marital vows Aug. 13 in the sanctuary of Evangel Temple Assembly of God in Wichita Falls. Rev. Jack Dial officiated the double-ring ceremony.

LEADER

Page

2

Parents of the couple are Mr. and Mrs. Johnny L. Coker of Iowa Park, and Mr. and Mrs. Kenneth Lindsey of Wichita Falls.

Tree and pyramid candelabras, holding over 100 burning white tapers, and gracefully decorated with greenery, baby's breath and pale peach streamers, formed the background for the altar area where the couple exchanged vows.

A prayer bench, intertwined with greenery and gypsophilia accented with a pale peach bow and streamers, and a communion table draped in white cutwork cloth completed the setting.

Railing to the side of the altar area was decorated with greenery and baby's breath with insets of votive candles.

Small bouquets of pixie carnations, roses, gerbera daisies, September flower and baby's breath accented with tailored bows marked seating for the guests, and a white aisle runner was laid down the center aisle for the bride's walk to the altar.

Nelda McDuffie provided organ music for the ceremony. Miss Andrea Gilmore sang "In This Very Room" following seating of the couple's mothers and grandmothers. During the ceremony, Jennifer Welch and Deanna Moore, played a flute duet of "The Lord's Prayer.;" and the organist provided a rendition of "Household of Faith" before communion. Traditional marches were used.

The bride, given in marriage by her father, chose an exquisite gown of white taffeta and alencon lace for her special day. The gown, decorated with pearls, iridescents and appliques throughout, featured a fitted bodice with a sweetheart neckline. Oversize puffed sleeves at the shoulder went to lace gauntlets that covered her arms.

The fitted waist, accented with a dropped shirred sash and large bow at one hip, flowed into a cathedral-length train.

She chose a waltz-length veil of bridal illusion secured with a headpiece adorned with pearls and

Mother of Pearl Bible from the Holy Land, given to the bride by her mother.

Thursday, Aug. 25, 1988

Iowa Park, Texas

In keeping with tradition, the bride wore a sixpence in her shoe, the same one her mother carried in her wedding, for "something old" and "something borrowed;" her wedding attire for "something new;" and the "something blue" garter.

The groom was attired in a black Pierre Cardin tuxedo with tails, a pleated shirt, white vest and bowtie. He wore a boutonniere formed of a white rosebud, stephanotis and baby's breath.

The bride was attended by Jennifer Welch of Iowa Park as maid of honor. Bridesmaids were Kristi Lindsey, sister of the groom, and Deanna Moore, both of Wichita Falls, and Julie Borge and Tammie Borge, both of Fort Worth. Junior bridesmaids were Ashley Lee and Andrea Gilmore, both of Wichita Falls.

Each was attired in a soft peach tea-length taffeta dress with a sweetheart neckline, puffed sleeves, a flounced skirt and a dropped waist with a large bow at the side. Halos made of baby's breath intertwined with teal ribbon that flowed in streamers down the back was each attendants' headpiece. A strand of pearls given each girl by the bride complemented the attire.

The attendant each carried a teal basket filled with pale peach pixie carnations, Lady Di roses, pale peach gerbera daisies, September flowers and baby's breath. Peach, teal and white ribbon cascaded from the side of the basket handle.

Kevin Towry of Wichita Falls served the groom as best man. Stan Coker, brother of the bride, of Iowa Park, Jeff Haynes of Wichita Falls, Collin Harvey of Weslaco and Lane Turner of Canyon were groomsmen. Junior groomsmen were Clint Mathis of Fort Worth and Allan Rich of Omaha, Neb.

Cub Scouts receive awards at meeting Several Cub Scouts in Pack 7

ties, and some were scarved into Webelos, during their August meeting Monday evening at First United Methodist Church.

MRS. AARON SCOTT LINDSEY

Each of the male attendants were attired in a black Pierre Cardin tuxedo with tails, and a teal bowtie and cummerbund.

Miss Britni Strickland of Victoria and Landon Birge of Wichita Falls were flower girl and ring bearer, respectively.

Miss Strickland wore a long white satin dress, accented with beaded iridescents. Her headpiece was a small spray of white flowers with a long trained veil, made to look like the bride's, attached. The ring bearer wore a black tuxedo with tails and a teal bowtie and cummerbund, and carried a white satin pillow that was

made by the bride's grandmother. Jason Welch of Iowa Park, Steve Turner, Rodney Brumbelow, Michael Harmon and Johnny Willis, all of Wichita Falls, were ushers, and wore black tuxedos with black bowties and cummerbunds.

The bride's chosen colors of peach and teal governed decorations at the reception following the ceremony at the Fellowship Hall of the church.

The bride's and groom's table joined in a V-shape, with a tealcovered table at the corner holding a brass candelabra with an arrangement of fresh peach and white roses, babies breath, peach gerbera daisies, white and peach pixie carnations, stephanotis and small teal flowers.

Each table was covered in white with a peach flounce, accented with bows, draped on the sides.

The bride's table held a magnificent four-tiered cake lavishly orated in fresh flowers. The allwhite confection was separated by one set of Grecian posts, with a Precious Moments bride and groom, belonging to the bride's grandmother, between the sets of layers. Cascades of white and peach Lady Di roses, September flowers, teal forget-menots, stephanotis, white and peach pixie carnations and baby's breath cascaded from the top of the cake down the sides.

Brass appointments completed the table settings.

The punch table, attended by Beverly Eastes and Lori Willis, both of Wichita Falls, was draped in teal and held a brass punch bowl and the couple's toasting glasses.

A bride doll, given to the bride by the groom, added a bit of sentiment to the gift table, covered in white cloth. A white lattice a backdrop, draped in peach fabric with teal balloons attached, stood behind the table.

A large framed portrait of the bride, held in an easel, stood in the reception area.

The registry table, covered in white and draped with teal, held the bride's book, plume pen and a fresh arrangement of flowers in a brass container. Miss Marla Lee of Wichita Falls secured guest's signatures.

The days preceding the wedding were marked in romance and sentiment. The bride and groom observed, jokingly, what they called "The Twelve Days of Matrimony," similar to the "Twelve Days of Christmas." On the twelfth day, the wedding day, the groom sent the bride a dozen red roses.

A catered rehearsal dinner was held in the church parlor the evening before the wedding, climaxed by a slide presentation of the couple.

Kristi Lindsey, sister of the groom, and Stan Coker, brother of the bride, narrated a slide presentation of the couple from birth to twelve years old.

Tables at the dinner were covered in white cloths and decorated with peach and teal runners, and held centerpieces of peach sacks stuffed with teal tissue paper. Peach and teal balloons were tied to each sack.

Out of town guests included Mr. and Mrs. Bill Link of Austin, Dr. and Mrs. Stanton Barron of Abilene, Col. and Mrs. Danny Rich of Omaha, Neb., Mitch Coker of Plano, Chris Coker of Austin, Mr. and Mrs.

Earl Coker of San Angelo, Mr. and Mrs. Paul Burnett Jr. of Odessa, Mrs. Dorothy Hardgrove and Mr. and Mrs. Norvill Coker, all of Corsicana.

Also, Mrs. Madell Rich, Mrs. H.B. Fouty, Mr. and Mrs. Wilson Warner and Mr. and Mrs. Dave Burnett, all of Corsicana, Mr. and Mrs. Jr. Brotherton and family of Aikin, Mr. and Mrs. LaWayne Strickland of Victoria, Dr. and Mrs. Norman Borge of Fort Worth and Lacretia Fennessey of Seattle, Wash.

When the couple left on a honeymoon trip to Dallas, the new Mrs. Lindsey wore a seafoam linen suit with a lace collar and off-white hat, complemented with a corsage of Lady Di roses and stephanotis. They will make their home in Denton.

The bride was graduated from Iowa Park High School and attends Univ. of North Texas where she is studying for a degree in education.

The groom is a graduate of Rider High School and Midwestern State Univ., where he received a bachelor of science degree. He attends the Univ. of North Texas, studying for a master's degree in accounting.

iridescents, and accented with a net pouf at the back to complete her wedding attire.

She carried a large nosegay bouquet formed of white roses, stephanotis, fern and freesia encircled with white tulle, white satin streamers, lace and pearls sitting atop a

Kidwell P-TA board meets

"School Is What We Make It" was the theme chosen when the Kidwell P-TA Executive Board met Monday at TU Electric Reddy Room. President Cheryl York presided over the meeting, attended by 14, to plan the 1988-89 school year.

Programs this year will include speakers on topics of child care, drugs, self-esteem in children, and literacy among adults.

There will be two fund-raisers this year. Kidwell T-shirts will be sold in the fall and a book fair will be held in the spring.

Kidwell P-TA meets the third Tuesday of each month, at 7:30 in the school cafeteria.

Pack 7 reported a busy summer. Seven scouts attended Cub Camp at Camp Perkins with leader, Peggy Kaspar, and Cubmaster, Jessie Bosmans. The boys received awards for archery, swimming, volleyball, and rain gutter regatta races.

In July, a swim party was held at the high school swimming pool, and in August the scouts aided the Optimist Club with the softball tournament. This Saturday, the boys will be picking up trash at the football stadium.

The Pack will be having a membership drive in September, and information will be sent home from school.

Mrs. Coker, ushered by her son, wore an ivory chemise dress made of lace over satin for her daughter's wedding. The tea-length dress featured a rounded neckline with a squared collar adorned with applique and seed pearls, and scalloped tiers.

The mother of groom wore an off-white satin brocade tea-length dress with a lace overlay. A self-belt with a rosette in the front completed the outfit. She was ushered to her seat by her son.

Both wore corsages formed of peach Lady Di roses and stephanotis with pearl accents.

Sandra Gilmore, Judy Douglas and Karen Brumbelow, all of Wichita Falls, served at the bride's table.

The groom's cake was a threetiered chocolate cake, monogrammed with the initials A, S and L. Cascades of fresh flowers also decorated the cake. Kim Harman and Tammy Offutt, both of Wichita Falls, presided.

This week's featured cook, Mickey (Mrs. Donnie) Lewis of Kamay, is a good example of a cook who has to temper her love for the art with the number of people she has to feed.

Raised in a family of 13 children, Mickey said she learned to cook in huge portions to accomodate a family of that size. As a result, she says, the first meal she cooked for her husband was a two-pound bag of red beans that they had to eat for a week.

Her family now consists of her husband and three children, two of

Cook of the Week

Mrs. Donnie Lewis

Add vanilla and cream cheese. Beat well and add flour. Bake in greased and floured tube pan 1 1/2 hours at 250 degrees.

DOUBLE CRUST LEMON PIE Start with enough pastry for two crust pie. Filling: 1 1/4 cups sugar 2 Tbsp. flour 1/8 tsp. salt 1/4 cup butter 3 eggs, well beaten (Reserve 1 Tbsp. whites)

1 Tbsp. grated lemon peel

Combine sugar, flour and salt. Blend in butter and mix thoroughly. Add eggs and stir.

Peel lemon and slice paper thin. Add to above mixture 1/2 cup water, grated lemon rind and lemon slices. Blend all together and pour into pie crust. Add top crust and brush with egg whites and sprinkle lightly with sugar and cinnamon.

CHICKEN DORITOS

1 chicken, cooked and boned 2 cans cream of chicken soup 1 can Rotel cheen chilis and tomatoes

1 med. onion, chopped and sauteed in a small amount of butter 1 med. pkg. Nacho Doritos, crushed

1/2 lb. cheese, grated Mix all ingredients together and

pour in large casserole dish, reserving some of the cheese and doritoes to sprinkle on top. Bake in 350 degree

oven 30 minutes or until bubbly and slightly brown.

MACARONI SALAD 12 oz. pkg. shell macaroni, cooked, drained, and rinsed in cold water 3 to 4 grated carrots 1 cup celery 1 cup onion 1 cup bell pepper

Mix macaroni and vegetables together and pour dressing over. Chill before serving. Better if fixed one day ahead.

IOWA PARK FADEE

DRESSING 2 cups mayonnaise 1 can Eagle Brand milk 1/4 cup white vinegar Mix together and pour over macaroni salad.

STRAWBERRY BREAD 2 pkg. (10 oz.) frozen strawberries, thawed 4 eggs 1 1/4 cup oil

2 cups sugar 1 tsp. salt 1 tsp. soda 3 tsp. cinnamon 1 1/4 cup chopped pecans

I'm impressed with all the work that has developed the Hotter 'N Hell bicycle ride into one of the largest in the nation.

I'm equally impressed with all the money, estimated at \$1-million, that will be spent with businesses in Wichita Falls this weekend in connection with the ride.

But I've had it with the event. As far as I'm concerned, Wichita Falls should continue to host the event, but let them use the streets of that city, and keep the bikers there.

Iowa Park should not be split in half, east and west, for most of a day just because of something hosted and benefitting Wichita Falls.

Burkburnett, though not split in half, is almost equally affected.

Ask some of our farmers and oilfield workers how they like all the traffic out in the country during the big ride.

It's bad enough most of the summer, and gets worse during August when the training gets serious.

There are also some minor offshoots of the ride: check the records, and see if bicycle thefts don't increase as promotion of the event escalates; and watch the children riding bicycles who watch the adults who don't stay on the side of the lanes of traffic.

Really, it's great that Wichita Falls gets all this national publicity, rakes in the money and benefits all around.

But let'em keep it at home. Oh, I got word this week that the route might be changed next year and miss Iowa Park and Burkburnett.

Praise the Lord!

Lemond recovering

Phares Lemond, who was injured in an explosion and fire that killed his wife and destroyed their home last week at Emerald and Wall, has improved enough to be moved from the intensive care unit to the fourth floor of Bethania Hospital, according to his son, Clark.

Lemond, 68, is undergoing treatment twice daily in a whirlpool, and is well enough to sit up and receive visitors, the son said.

Clark, a pharmacist at Kerrville, and three of Phares' brothers were working at the site of the tragedy yesterday, cleaning up the remaining debris, hoping to complete the project by evening.

Information released by a spokesman for Lone Star Gas Company gave further evidence as to the cause of the explosion.

The meter to the house had been read seven days prior to the explosion. Using terms of units, the meter indicated 4.2 had passed through the measuring devise, and the normal consumption for an entire month was 3.2.

Investigation of the plumbing underneath the flooring last week by county and local officers turned up a loose joint connection through which the gas apparently escaped.

The explosion completely blew away the walls on the north, west and south of the house, and the roof collapsed on the interior.

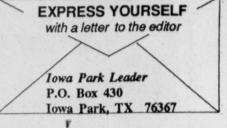

Phares Lemond was pulled from the burning structure by Jerry Starr and Duncan Spruiell.

1.40 rain measured

Recognizing the rain Friday evening was "spotty," Virgil Woodfin reported he measured 1.25 Saturday morning, and then an additional .15 from Tuesday afternoon's shower.

Other measurements reported from the Friday shower were lower, however. One guage on the east edge of the city caught .38, which was about the same as another four miles north of town.

But no one complained.

The Democrats seem to be developing, during their convention, a theme that they are for everything and against nothing. They are for education, increased spending to fight drugs, a higher minimum wage, federal day care, spending for a strong defense, gay rights, and plethora of other federal programs.

It is as if the Democrats have not met an idea they didn't like. Speaker after speaker at the convention has articulated the benefits of more federal involvement in our lives. Each was greeted by thunderous applause from the crowd.

Wish lists ar easy to compile, but hard to pay for. Not one mention has been made of how these grand new schemes will be financed by a government that is not only broke, but in debt by billions of dollars.

A reoccurring theme is to tax the rich to pay for new programs. The fact is that if all the assets: stocks. bonds, real estate, etc., were confiscated by the government from the rich, the amount would only fund our federal government for 90 days at the most.

When politicians start talking about taxing the rich, the rest of us

the words of James Freeman Clark, "The difference between a politician and a statesman is: a politician thinks of the next election and a statesman thinks of the next generation." JIM HUDSON **Perryton Herald**

Now we've come full circle on that mess with the Sandinistas in Nicaragua.

Our timid Congress cut off military aid to the Contra rebels because House Speaker Jim Wright and senators got involved in "Peace" negotiations. Once again we've had congressional amateurs trying to conduct foreign policy and as usual it has been a disaster.

Once again, we've been kicked in the teeth by the banana dictators. Instead of complying with the commitments promised a year ago when aid to the Contras was dropped, the Sandinista government has just about snuffed out the light of freedom in that country.

It has closed the opposition in the part of the newspaper, La Prensa; closed the Catholic radio station; suppressed a non-violent demonstration in Managua,; arrested 40 opposition political leaders, and expelled U.S. Ambassador Richard Melton and seven other U.S. diplomats. This is moving toward peace? The whole thing kinda reminds

ways been the country's offical language.

Recently on a trip to Lubbock, ye Editor picked up a newspaper that we thought would be interesting to read. It is called the West Texas Hispanic News, and is printed in Lubbock.

When we picked up the Hispanic paper, our thoughts were that it would challenge us personally, to see if we could recall enough of our Spanish to interpret the news.

To our surprise (but not too much), we discovered that in the eight-page edition, there was only one small article, and it was a special feature, that was even printed in Spanish. The rest of the newspaper was printed in English.

So, there's a newspaper produced especially for Spanish readers. If having material printed in both English and Spanish is such a necessity, wonder why this particular publication chose to print in English? **BILL ELLIS Friona Star**

Supplies

Continued from page 1

- pair pointed scissors
- 1 small zipper bag for supplies
- 1 spiral notebook

All items should be marked with child's name, using permanent ink.

FIFTH GRADE

have to listen carefully to their definition of rich. To some of the politicians, rich means everyone that is not living in poverty.

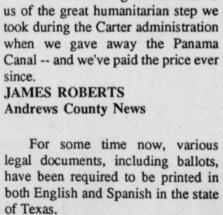

It is the middle class that pays for our federal government. The poor pay no taxes and receive payments from the government. There are just not enough rich folks to pay all the bills.

As a result, it falls to the middle class to ante up and pay for our federal government. Ask the average taxpayer and he will tell you that is not "under taxed" but that he is paying more than his fair share.

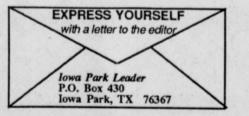

Hearing the speakers at the Democratic convention roll the liberal litany of new programs brings to mind the image of a giant cash register. Each fresh, far reaching plan rings that register and seven figure numbers flash at the press of the keys.

When the spree is ended, the total key pressed, a total bill will be handed to the American public. The amount will be staggering.

These politicians gathered in Atlanta would do well to remember

We personally think this is a ridiculous law, since English has al-

Paper can help put out fires.

We, your local volunteer firefighters depend on your contributions.

We depend on them every time we fight a fire. And that's because the tools of our trade don't and shouldn't come cheap. Like the \$200,000 it costs for a new ladder truck. The \$100 we pay for a protective helmet. Or the \$25 it costs for an axe to help us reach a trapped victim a few seconds earlier.

Over the next several weeks, you're going to be asked to help us put out fires. With paper. Give what you can. We do every time the fire alarm rings.

Your local fire department.

Mrs. Steele to be honored at 80th birthday reception

Page

6

One of Iowa Park's finest will be honored at a come and go reception from 3 to 5 p.m. Sunday at the Fellowship Hall of First Christian Church on her 80th birthday.

Mrs. Pauline Steele, a resident of Iowa Park since 1945, will be 80 years old Aug. 26, and her philosophy on life is as healthy as she is. "As long as I'm alive, I'd like to live my life to the fullest," she stated.

It was asked that no gifts be brought to the reception, hosted by the Hearthstone Sunday School Class, but cards will be appreciated.

The public is invited to attend.

Chances are many of us have met Mrs. Steele either as a customer at her beauty shop or through the First Christian Church, where she has been a member since moving here.

The former Pauline Toland was born Aug. 26, 1908, to Mr. and Mrs. William Toland in Emmett, Ark. Her family moved to Hardeman County from Arkansas in 1911 in a covered wagon and set up a farmstead, where she said no chore was too good for her or any of her eight sisters and five brothers. "Everything you can do (on a farm), I did," Mrs. Steele laughed.

She said three brothers, all younger than she, are still living.

She began working as a beautician's apprentice in 1936 in Quanah, two years before state licenses were required.

After moving here in 1945 she worked as a beauty opeator in a shop

adjoin-ing Forrest Bates Barber Shop. Shortly thereafter, in 1948, Mrs. Steele ventured into the business world, opening Pauline's Beauty Shop. Although she no longer fixes hair, she said she'll give an occasional permanent. The shop is still open with other operators working there.

Mrs. Steele's son, David, and his wife, Pam, reside in Arlington.

The importance of the church is evident when one speaks with Mrs. Steele. She said, "The church is like my second family."

Since becoming a member of the church, she has been a member of the Hearthstone Sunday School Class, taught Sunday School several years and is a member of the church board.

Other than remaining active in church work, Mrs. Steele enjoys crocheting, knitting and gardening.

Commenting on the centennial of Iowa Park, the "old timer" said the town has made a lot of progress throughout the years, adding, "I don't feel like an old timer, but I am."

But a stickler for her own appearance, she stuck to the topic of haircare. "There has been a lot of change in the hair business and hairstyles. The products are better," she allowed, adding, "You can wear whatever hairstyle you want to wear at any age. Whatever you're comfortable in and can take care of."

In her 43 years in Iowa Park, Mrs. Steele has harvested many friends, all of which she remembers, and certainly each remembers her.

Old Paths'

Seeking the

Sunday in Holliday HOLLIDAY - A formal dedication

and open house will be held at 3 p.m. Sunday for the new Holliday middle school and administrative offices.

Dedication slated

The dedication service will be held in the high school auditorium, and open house will be from 3:30 to 5 p.m.

Besides the 12,500 square feet of new construction, other improvements were included in the \$600,000plus project, according to Supt. Dan Owen.

A stucco covering was applied to the exterior walls of the old building, leaving two windows each open in the classrooms, sidewalks were rebuilt and some additional parking area.

Cost of construction was covered with available funds, Owen said, as the board promised taxpayers.

No tax increase is being sought to fund the 1988-89 budget, Owen stated. The school board will hold a public hearing Monday night in the administration building, and last year's rate of .8992 per \$100 valuation will be adopted, according to the superintendent.

Obituaries

Floyd Frederick Norton

Services for Floyd Frederick Norton, 83, of Holliday, were held Monday at Owens & Brumley Funeral Home in Wichita Falls, with Rev. Harvey McMurry, pastor of City View Baptist Church, officiating. Graveside services were held at the Duncan, Okla., Cemetery.

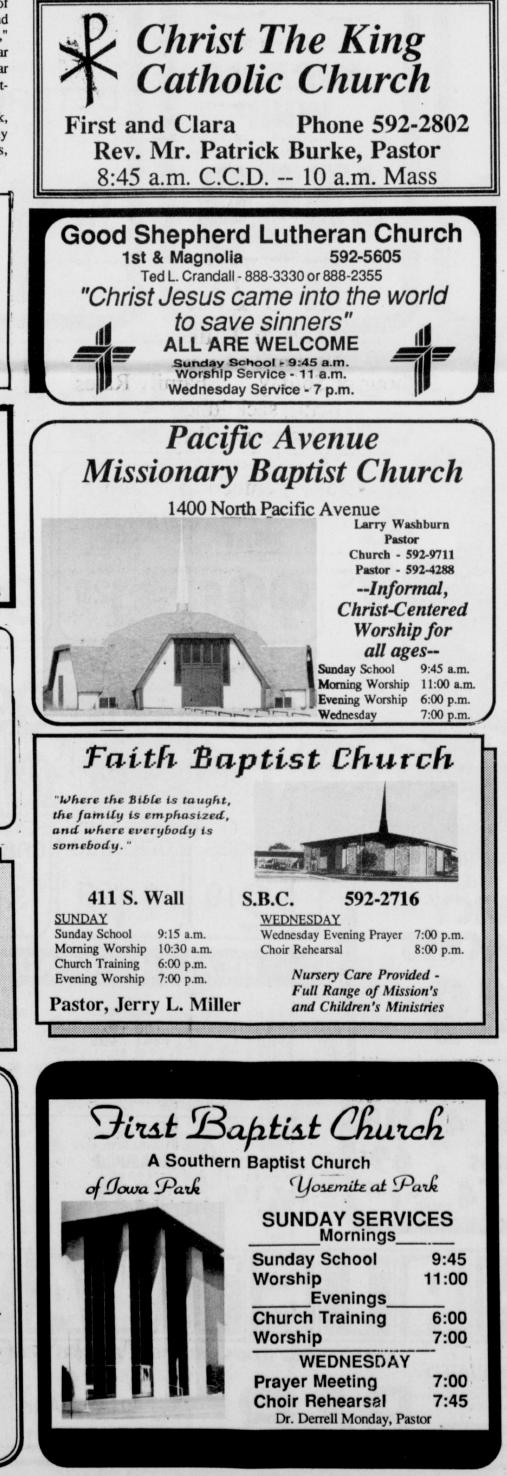

Norton was born Dec. 22, 1904, in what is now Oklahoma. He was a resident of Holliday 40 years, and was retired from Warren Petroleum, a division of Gulf Oil, at Como. He was a member of First Baptist Church.

He is survived by his wife, Lillian Iva; two sons, Floyd Jr. of Anadarko, Okla., and Frederick Donald of Denison; two daughters, Minnie Helen Sewell of Cement, Okla., and Iva Joyce Sullenger of Wichita Falls; 11 grandchildren; and 18 grandchildren.

What will happen to good unbaptized people

A person of unquestioned sincerity, convinced she should be baptized, hesitated because she knew of many fine people who were not baptized. "What will happen to good unbaptized people?" she asked.

There are excellent moral people, fair to all men, merciful to the unfortunate, who have not been baptized into the Lord is a well known fact. If a good man touches a highly charged electric wire, God's law concerning electricity is not changed. The fact that good people have not been immersed does not change God's law immersion. (Rom. 6:3,4; Col. 2:12). That millions of people were baptized (?) as infants does not change God's law that baptism is for believers (Mk. 16:16; Acts 8:36). That millions of people have been baptized into various sects and denominations does not change God's law that baptism is into one Body, one church (1 Cor. 12:13; Col. 1:18). That many sincere Jews and upright Mohammedans have not confessed Jesus does not change God's law about the death of His Son (John 3:16; Mk. 16; Acts 4:12). That some are moral and yet deny the existence of God does not change God's law about faith in Him (Hebrews 11:6).

The laws of God reveal some people are better off in God's sight unbaptized than some who have been immersed (2 Peter 2:20-22). God's laws also reveal some heathen people, not being as stubborn as some who have heard the message of Jesus, are going to have it easier in the day of judgment (Mt. 11:20-24). God's laws also reveal that some without a Bible have lived better before God than some knowing the Bible (Rom. 2:14-24).

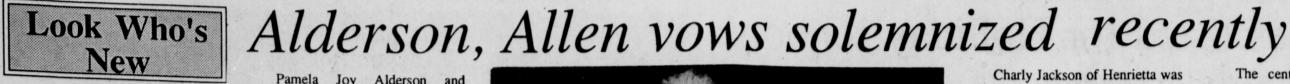

One should conclude that no matter what mercy some may have in the day of judgement, that mercy will not be extended to one who knows God's laws on baptism and who refuses to obey. (James 4:17;1 John 2:3,4).

Thursday, Aug. 25, 1988 Iowa Park, Texas

An eight pound, three ounce son, James Ray, was born Aug. 16 to Mr. and Mrs. Kevin Ray Thompson. The baby has one brother, Robert Joseph, three and a half years old.

Mrs. Thompson is the former Mary Galloway.

Grandparents are Mr. and Mrs. Joe Galloway of Pleasant Valley, Peggy Thompson of Iowa Park and Donald Thompson of Wichita Falls. Great-grandparents are Mrs. John Fisher of Muenster, Mrs. Al Galloway Sr. of Hamlin, Mr. and Mrs. Ray Underwood and Mr. and Mrs. Miles Thompson, all of Iowa Park.

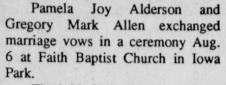

Counselor is speaker

C.A. King of Wichita Falls, the area vocational rehabilitation counselor for the Texas Commission of the Blind, gave the program for the evening Lions Tuesday. He was introduced by Dave Davis.

King discussed three criteria of the services provided for people who are legally blind which emphasized the restorative service to save eyesight and vocational services to get people back into society and make them self-dependent. He said that when people could not be rehabilitated locally, they were sent to the Crisco Rehabilitation Center at Austin for basic self-help care.

During the business directed by Jim Sligar, members voted to allow the fire department use of the Lions building Sept. 18 for a training class and business meeting at an all-day convention.

Gordon Griffith was presented with a 15-year monarch pin.

The bride is the daughter of Mr. and Mrs. Eldon Alderson of Iowa Park and Mr. and Mrs. Charles Blauvelt of Wichita Falls. The groom's parents are Mr. and Mrs. Jerry Allen Sr. of Wichita Falls.

Rev. Jerry Miller, pastor, officiated the double-ring ceremony before a background of fan-shaped candelabra holding burning tapers, and covered in boxwood greenery with white gladiolas, mauve roses, carnations. Spiral candelabras holding burning tapers stood on each side.

The kneeling bench was accented with boxwood greenery, and the unity candle was decorated with boxwood, white gladiolas, mauve roses, and carnations.

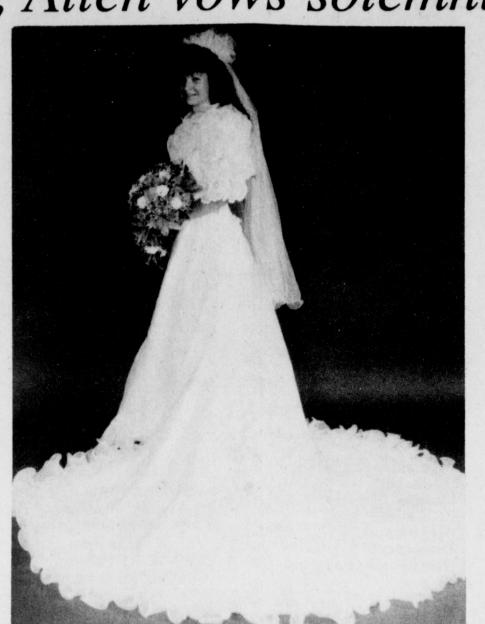

Musical selections for the wedding included "Annie's Song," "If," "Wedding March," "All of Me," "The Lord's Prayer," and "Only the Beginning."

Presented in marriage by her father, the bride was lovely in a designer gown of shimmering organza. The neckline was covered with rollededge ruffles and accented with big puff sleeves trimmed with appliqued ruffles. The flattering bodice was beaded over appliques and had touches of iridescents. The full skirt, covered in matching alencon appliques, flowed gracefully into a cathedral train made entirely of rolled-edge organza ruffles.

She carried a cascade of white lilies, mauve lilies and blue day lilies, accented with baby's breath, blue forget me nots, and greenery.

As she entered the sanctuary, the bride presented her mother with a red rose, and her step-mother with a yellow rose. She gave the mother of the groom a red rose as she was leaving.

Amy Alderson, of Iowa Park, served as maid of honor. She was

MRS. GREGORY MARK ALLEN

Angie Wedel of Henrietta. Their gowns and bouquets were identical to the maid of honor's.

The groom wore a white tuxedo with tails, a royal blue cummerbund and bowtie, and a rose boutonniere with accents of baby's breath and greenery.

His father, Jerry Allen Sr., served as best man. He and the father of the bride wore gray tuxedos with

tails, royal blue cummerbunds and bowties, with mauve carnation boutonnieres.

Groomsmen were David Wedel of Henrietta and Lee Alderson of Iowa Park. Jerry Allen Jr. and Tim Allen, both of Wichita Falls, were the ushers. They were attired in gray tuxedos with royal blue cummerbunds and bowties, and mauve carnation boutonnieres.

Charly Jackson of Henrietta was the flower girl. She wore a long white satin dress with puffed sleeves and a royal blue sash. She carried a white wicker basket holding flowers the similar to those in the bridal bouquet.

The ringbearer was Cody Tidwell of Dallas. He was dressed in a gray suit with a royal blue cummerbund and bowtie.

The mother of the bride chose a peach street-length dress for the special day, complimented with a corsage of peach day lilies, baby's breath and peach ribbon. The bride's step-mother wore a blue street-length dress, and the mother of the groom was attired in a blue and white streetlength dress, with a corsage fashioned of white day lilies, baby's breath, and ribbon.

Following the wedding, a reception was held in the Fellowship Hall of the church. The focal point of the room was the bride's table covered in white taffeta with English ivy draped across the top, and large white lace bows at the corners and center.

The bride's cake was a four-tiered confection separated with two sets of Grecian posts. The first two tiers were decorated with springwork scroll, with lattice scroll enhancing the top layers. Each tier featured a cascade of navy blue and mauve silk flowers.

The centerpiece was a silver candelabra, holding four candles, and decorated with white gladiolas, and mauve and blue lilies. A silver punch bowl and silver mint dish completed the setting.

The groom's table was covered with pleated white taffeta, and held a chocolate cake and silver coffee urn. The centerpiece was composed of a hurricane globe over a crystal base holding a candle, surrounded with an arrangement of blue and mauve lilies.

Michelle Jones presided at the registry table. It was covered with white taffeta, and held the bride's book, plume pen, and an arrangement of mauve and blue honeysuckle and lilies in a crocheted shoe, given to the couple by Carol Thames, aunt of the bride.

The bride is a graduate of Iowa Park High School where she was in the band and flag corp.

The groom is a graduate of Rider High School in Wichita Falls, where he was active in FFA.

Before leaving on a wedding trip to San Antonio, the couple changed to matching outfits of gray Wranglers and yellow oxford shirts. After the honeymoon, the couple will be at home in Iowa Park.

Special out-of-town guests included Mr. and Mrs. Sherman Alderson, grandparents of the bride, and Mrs. Charles Allen, aunt of the bride.

MESSAGE FROM THE SUPERINTENDENT The lowa Park Board of Trustees and Administration are proud to share with you the first issue of the 'Hawk's View.' We hope that everything you need to know to prepare your child for the 1988-89 school year can be found in this publication. Please keep your copy handy and refer to it throughout the year. If you have questions or need additional information, please contact us. I believe more than ever before that good attitutes and good study habits are vital parts of a student's education. We want our students to have pride in themselves and their school. You as parents are vital ink between the students and the school. We wont our students and the school. We wont our students and the school. We wont for our students and the school. We want our students and the school. We wont for our students to have pride in themselves and their school. You as parents are vital parts of a student's education. We want our students to have pride in themselves and their school. You as parents are vital parts of a student's education. We want our students and the school. We want you to have pride in themselves and their school is to provide the very best education. We want you to know that our goal is to provide the very best education. We want you to know that our goal is to provide the very best education. We want you to know that our goal is to provide the very best education of how that our goal is to provide the very best education. We want you to know that our goal is to provide the very best education of the very best education. We want you to have the provide the very student can learn and develop to his fullest.

At Risk Program Being Developed In keeping with the lowa Park Schools belief that our children are "an investment in the future," an "At Risk" program will be introduced this year. The pro-gram will attempt to identify, monitor, and assist stu-dents with various problems in order to encourage them to stay in school and graduate. Students identified "At Risk" are those that are currently failing a class, have been retained in the past, have not passed any part of the TEAMS test, excessive absences, drug or alcohol abuse, social tactors, pregnancy, or any other factor that indicates astudent might drop out. An At Risk counselor will be assigned to each grade level to work with students and parents to help resolve any problem that might prevent eventual graduation. The of the school and community to work to-gether to help every student overcome obstacles to insure his or her school and community to work to-gether to help every student overcome obstacles to insure his or her school and community to work to-

..........

Schools Begin Effective Schools Program "Every child can learn." This statement is the basic belief behind the Effective Schools Program of the lowa Park School System. At the August 18 school board meeting the board adopted a resolu-tion setting this idea as the mission of the schools for 1988-89 and into the future. All personnel, including support and profession-al, will be trained during the August Inservice. Pro-cedures for entering the program will be studied to later be implemented. The characteristics of an Effective School, ac-cording to the program, are: 1. Principals are Instructional Leaders; 2. The schools have a focused mission based on instruction and acquiring basic skills; 3. A safe and orderly atomosphere is maintained;

revision process is present; 5. Parents and citizens are involved in the basic mis-sion of the school. 6. Instill a sense of high expectations.

Immunizations For School

Upon enrolling a child in school for the first time or transferring the child to a Texas school from an-other state, a parent must provide proof that the child has been immunized appropriately for his age against diptheria, tetanus, poliomyelitis, measles,

mumps, and rubella. The Department of Health has established the following requirements for admission of school-age

children to schools: Four Year Olds entering pre-school:

Three doses of oral polio vaccine

(DPT) vaccine 3. One d Three doses of diptheria - tetanus - pertussis

3. One dose measles vaccine or varified history of illness One dose mumps vaccine or physician-verified history of illness physician-

5. One dose rubella vaccine

Five Years and Older: 1. Three doses oral polio vaccine (one dose since the child's fourth birthday). Applies to children through age 17

2. At least three doses of DT and/or tetanus-diphtheria vaccine (one dose since child's fourth birthday and within the past 10 years

One dose measles vaccine or a physician-varified history of the illness

 One dose mumps vaccine or a physician-verified history of the illness (through age 16)
 One dose rubella vaccine (through age 11)
 Chldren can be immunized by their family doctor or at their local health department. Any validated document of immunization will be accepted by the schools providing it shows at least the month and year when each immunization was given.

New Campus Times Announced

All teachers report at 8:00 A.M. and remain on campus until 3:30 P.M. Students will report to the following campuses

				=

Insurance Plan Offered for Students

The Iowa Park C.I.S.D. does not offer students insurance itself but does allow Heritage Insurance of San Antonio to offer insurance to students and members of athletic teams.

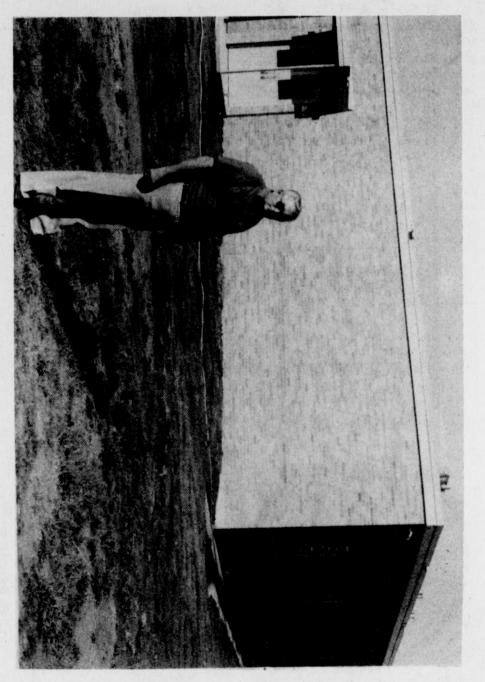

The policy plan offered pays up to \$10,000.00 in case of accident. At School premiums are \$24.00 and 24-Hour Coverage is \$65.00. The policy carries a \$100.00 deductible which can be erased by the parent prepaying a \$35.00 fee. High School football players are covered by the school. All other athletes Heritage policy. nust provide proof of insurance or purchase the

Inservice Program Prepares Teachers for School Year

Teachers of the Iowa Park School System will "go back to school" August 24th when they begin six days of intensive inservice training designed to help them get ready for the new school year. The focus of this year's inservice will be training in the Effective Schools Program. Each teacher will receive seven hours of orientation in the program. Additional sessions will include: a motivation speech by Dr. Dennis Swanberg of Hot Springs,

Arkansas; development session with peers from thesame teaching area; accreditation process training; and a choice of sessions from such varied areas as: cultural literacy, child abuse prevention, drug prevention, C.P.R. and school testing prevention, testing

procedures.

NEW THREE-WING ADDITION AT BRADFORD

HIGH SCHOOL CAFETERIA KITCHEN GETS TILE FLOOR

School Construction Brings Summer Activity Schools are normally peaceful and quiet during the summer, but such was not the case at lowa Park during the Summer of 1988. Several large projects and many more minor repairs made the schools a center of activity during this summer. Bradford Elementary received a major addition to

its classroom area with the completion of a new wing. Included in the wing were: three classrooms, a foyer, and a new set of restrooms. New roofs were added to Kidwell Elementary, Bradford Elementary, the Junior High, and, in the future, the School Administration Office. A new ceramic tile floor was installed at the High School Cafeteria.

Booster Club Presidents

Band: Pat Cravens, 438-2835 Choir: Jimmy Cook, 592-4859 FFA Boosters: Gladys Chandler, 855-0983 Kidwell P-TA: Cheryl York, 592-9507 Bradford P-TA: Darlene Barrington, 592-9612 Football: Denny McCarthy, 592-9042

Enrollment Dates and Procedures

High school students who are new to the district should come by the high school as soon as possible to enroll. School personnel will be in the office from 8:00 A.M. to 4:00 P.M., Monday through Friday. Students should bring any information from the pre-

vious school plus the immunization record. Students who attended lowa Park schools the

previous year should pick up class schedules according to the following dates and times:
Seniors: Tuesday, August 30, 9:00-11:30 A.M.
Juniors: Tuesday, August 30, 1:00-3:30 P.M.
Sophomores: Wednesday, August 31, 9-11:30 A.M.
Freshmen: Wednesday, August 31, 1:00-3:30 A.M.
All high school students should report to the high school auditorium at 8:05 A.M. on Thursday, Sept. 1st for the first day of classes

New Absence Rules Announced

for High School Absences have proven to be the principle cause of failure. It is the student's responsibility to make up work missed due to an excused absence within three days after returning to school. Work for unex-cused absences is not allowed and the student will

day or full) a parent or guardian MUST call the atten-dance office (592-2371) prior to 1:00 P.M. Upon reexcused tardy for class times missed to obtain abtee slip prior to the start of the school day (excused In order to receive an excused absence, sentee slip. or unexcused). Failure to do so will result in an unlurning to school, the student must obtain an absen-(part-

regardless of reason -- loss of credit on the thirteen-th absence as per I.P.C.I.S.D. procedure. If a student is more than 10 minutes tardy to a class, state policy than five unexcused absences per semester -- loss of credit on the sixth unexcused absence per H.B. 72, or twelve total absences maximum per semester The state and district policy regarding atten-dance mandates that a student may have no more requires that it be recorded an absence.

During each semester, parents of students with excessive absences will be notified by mail informing them of a conference each Wednesday at 9:10 A.M. in the Iowa Park High School Conference Room

with Tuesday prior to the conference date. with the attendance committee. Parents will be ex-pected to call and confirm the appointment by noon

Four letters per semester will be sent on the fol-lowing basis: First, four absences; Second, eight absences; Third, twelve absences; Fourth, thirteen absences, notification of loss of credit.

Complete copies of the school absentee policy are available at the school office.

Emergency Weather Plans

Prevent Problems

The Iowa Park C.I.S.D. has developed a detailed procedure for the handling of emergency weather situations. Each building principal is required to conduct fire, tornado, and emergency drills monthly

If emergency situations occur during the school day, it is the policy of the district to retain the stu-dents in the buildings and move them to the safest location. The Superintendent has the authority to override this policy and dismiss the students early if he feels this is in the best interest of the students.

When emergency weather situations develop during the night, the Superintendent and Assistant Superintendent drive the roads and determine if school should be conducted. If the decision is made to delay or close school, T.V. and radio stations are notified. develop

Bus Routes Serve Students

Each day the Iowa Park School District transports over 1,400 students to and from school. The District operates 10 regular routes including two hazardous routes. In addition a special handicap bus carries eleven severely handicapped students to and from school and a vocational bus transports junior high During 1988-89, because of the t

school day, some minor changes will be made in the shortened

s Kidwell early routes. Buses 1, 3 and 5 will shorten their routes and Bus 4 will carry part of the early s students. All other routes will be the same except mearlier than last year. A Cuestions on transportation can be directed to Assistant Superintendent Robert Palmer, telephone

592-4193.

School Safety and Parking Safety of our students is our Number One concern. Because of this we ask all people operating guid motor vehicles around the schools to follow these

local law subject to fines issued by law enforcement agencies. A maximum of fifteen miles per hour is per-mitted in any parking lot on the school campus. Every vehicle shall, at all times, grant right of way to pedestrians. All students of Iowa Park High School who have a valid Texas Drivers License and operate a motor vehicle on the campus must register the vehicle on campus and obtain a high school parking permit decal from the Assistant Principal's office. All vehicles must be parked in the designated area for campus in excess of 20 m.p.h. This is a state and It shall be a violation to drive or operate a motor

asked to please refrain from using these areas. However, Kidwell parents may use this area to pick up and leave students during the noon hour. Please obey the crossing guards at each of the elementary schools. The parking areas on each campus have the sticker assigned. The circle drives at each campus are reserved for loading and unloading of students. Parents are he designated areas. and we ask that you please park within

Thursday, Aug. 25, 1988 Iowa Park, Texas

AREA OIL & GAS NEWS

Atapco of Midland has filed first production figures on two new oil wells in the Wichita County Regular Field.

The No. 64-A H. Reilly showed potential to pump six barrels of oil per day. Production will be from perforations in the Gunsight, 1,661 to 1,685 feet into the wellbore. Total drilling depth was 1,750 feet with plugback to 1,693 feet.

The No. 66-A H. Reilly indicated ability to pump eight barrels of oil daily. It will produce from a perforated interval in the Thomas Formation at 1,353 to 1,378 feet into the hole. Total drilling depth was 1,750 feet with plugback to 1,472 feet.

The operator has a 2,100-acre lease in the J. Ellis Survey, A-75. locations are 550 feet from the north line and 1,100 feet from the east line. and 1,050 feet from the south line and 150 feet from the west line, respectively.

Drillsite has been staked for the No. 22 C Flusche, a 1,100-ft. developmental well in the Wichita Coounty Regular Field three miles south-southwest of Electra. The operation will be located in a 112acre lease in the H&TC Survey, A-504. Location is 1,407 feet from the south line and 3,250 feet from the west line of the survey. The operator is Ray D. Shinpaugh of Wichita Falls.

The No. 1-A Jackson "A" has been finaled by Starr Operating of Dallas.

It is a developmental well in the Wichita County Regular Field. Drillsite is six miles southeast of Burkburnett. Location is in an 80acre unit in the James Walker Survey, A-327, 150 feet from the north line and 150 feet from the west line

Daily potential of one barrel of oil was posted with the Railroad Commission. The well went to a 1,200-ft. bottom, and production will be from perforations in the Cisco to 648 feet into the l

Hester Hofer

Gold Cross Medical Supply

1.5 southeast and two miles south of Fowlkes. The wells had been designated as the Nos. 14 and 15 Burnett "C".

An undrilled location has been abandoned by Hale-McDonald of Wichita Falls at a drillsite eight miles southwest of Iowa Park, Wichita County Regular Field. The venture had been designated as the No. 38 Sue Mitchell.

Madison Oil-M.T. Halbouty of Wichita Falls has given up their efforts to make a producer out of the No. 1-C Georgia-Pacific. It was a developmental try in the Quanah Field, Hardeman County. The location was three miles north of Quanah. Spudded on June 30, the well had reached 8,800-ft. total depth.

Plug-and-abandon orders were issued for the No. 2 HBJV-Parker, a wildcat venture of Trio Operating of Wichita Falls in Hardeman County. Spudded June 7, the well had reached 8,566-ft. total depth. Drillsite was five miles north-northeast of Quanah in the W&NW Survey, A-779, 2,506 feet from the north line and 396 feet from the east line.

Ratliff Operating of Amarillo has abandoned an undrilled location four miles northeast of Quanah in the Swartz Field, Hardeman County. The well had been designated as the No. 2 McGowan.

After bottoming the hole at 3,210 feet, Limestone Oil and Gas of Wichita Falls has temporarily abandoned a wildcat well in Wichita County.

Located about three miles south of Burkburnett, the well is designated as the No. 1 Clark. It was spudded July 9, 1987 with drillsite in a 50acre lease in the S. Anderson Survey. Location is 877 feet from the southerly south line and 1,250 feet from the middle of the southeast line.

A field name of Gloria Patri was adopted.

With Elwood Co. of Los Angeles as the operator, the well flowed 123 barrels of oil per day plus 50,000 CF casinghead gas. It was gauged on a 20/64-in. choke and registered 200 PSI flowing tubing pressure. The well bottomed at 8,075 feet and was plugged back to 7,400 feet. Production will be from the Mississippian at 6,934 to 6,970 feet into the wellbore.

The location is in a 160-acre unit in the H&TC Survey. Location is 467 feet from the north line and 467 feet from the west line of the survey.

The No. 57-A.H. Reilly has been given a "dry hole" label by Atapco of Midland. Located two miles southeast of Clara, the well had been spudded June 3. It was located in Wichita County's J.E. Ellis Survey, 467 feet from the south line and 1,140 feet from the east line. Total drilling depth was 1,950 feet.

FOURTEEN of the 19 new teachers and support personnel in Iowa Park schools were on hand for a reception with the school board Thursday night.

Finnell bull would clarify procedures

State Rep. Charles Finnell will propose legislation in the 1989 session to clarify the resignation procedures of Texas state legislators.

Finnell stressed that the bill would eliminate the problems recently encountered in the 30th Senate District, which is now without a state senator and has been unrepresented over six months.

Finnell's proposal designates the Texas Secretary of State as the authority for accepting the resignations of members of the legislature on behalf of the governor.

The proposal also stipulates that the Secretary's receipt of a notarized letter of resignation shall constitute acceptance of the resignation.

"The legislation will remove the act of resignation from political maneuvering and will serve the best interests of the people of Texas," said Finnell, who is unopposed for reelection in November to the House of Representatives.

Family histories needed for centennial issue

Did your family live in the area now identified as the Iowa Park Consolidated Independent School district prior to 1938? If so, we want to include your history in the special centennial edition of the Iowa Park Leader in October.

How does one write a family history? It's not so difficult. Just tell us a story: who were your ancestors? when did they arrive here, when were they born and when did they die? where did they come from and where did they settle? what were the important events in their lives? what did they do for a living? Were they active in church or community affairs? Who were their children and whom did they marry? Repeat some of the traditional stories handed down in your family that the readers might enjoy.

An arbitrary date of residence of at least 50 years ago was selected because of the limited space in this edition. Eventually, we hope to see a county family history published which would include all of us "newcomers."

Please bring your pioneer family history to the Leader office by September 15, along with one or more pictures, if possible. We want to recognize your ancestors, but we need your help.

Watch out for 'work at home' offers

chine, or materials to make items

such as aprons, baby shoes, or

after you have purchased the supplies

However, in fraudulent schemes.

In newspapers and magazines around the country you may see ads like this:

EADER

Page

12

"Would you like to earn hundreds of dollars a week at home, in your leisure time? Many people are supplementing their income in a very easy way. Let us tell you how..."

An offer like this may sound very attractive, particularly if you are unable to leave your home to work. But, be cautious about work-at-home ads, especially ones that promise you large profits in a short period of time.

While some work-at-home plans are legitimate, many are not. Home employment schemes are one of the oldest kinds of classified advertising fraud.

What many of these ads do not say is that you may have to work many hours without pay. There also may be hidden costs.

Many work-at-home schemes require you to spend your own money to place ads in newspapers, make photocopies, or buy the envelopes, paper, stamps, and other supplies or equipment needed to do the job.

The company also may demand that you pay a membership fee or make regular payments in order to get continued instructions or materials. Consumers deceived by these ads have lost thousands of dollars as well as wasted their time and energy. Work-at-home ads may advertise

these types of employment:

Envelope Stuffing. Work-athome schemes come in many varieties, but the most common type is envelope-stuffing.

Promoters of these programs usually advertise that, for a "small" fee, they will tell you how to earn money stuffing envelopes at home.

Only when it is too late do you find out the promoter really has no employment to offer. What you are likely to receive for your fee is a letter telling you to place that same ad in newspapers and magazines, or to send the ad to friends and relatives.

The only way you will earn money is from the people who respond to your work-at-home ad. Assembly or Craft Work. Assembly or craft work is another common type of work-at-home scheme.

These programs often require you to invest hundreds of dollars in equipment or supplies or many hours of time to produce goods for a company that has promised to buy them.

For example, you might be required to buy from the company a sewing machine, a signmaking ma-

ours or equipment and performed the reours quired tasks, the company does not pay you for your efforts.

plastic signs.

Many customers, for example, have had companies refuse to pay for their work because it did not meet

Shop Iowa Park FIRST

No other Newspaper in the World would make that statement!

tions you might ask a potential employer:

* What tasks will I be required to perform? Ask for a list of every step of the job.

* Will I be paid on salary or commission?

* Who will pay me?

"quality standards." Unfortunately, no

work is ever "up to standard." Thus

you are left with relatively expensive

equipment and supplies, and no

goods in response to such ads must

In reality, those who produce

If a work-at-home program is

income.

* When will I get my first paycheck?

* What is the total cost of the work-at-home program, including supplies, equipment and membership fees? What will I get for my money?

The answers to such questions may enable you to detect whether a work-at-home scheme is legitimate and to guard against the loss of your money and time.

For additional information, you may send a self-addressed stamped envelope to the Better Business Bureau, 1106 Brook Ave., Wichita Falls, Tx. 76301, for the free brochure entitled "Tips on Work-At-Home Schemes."

Iowa Parkan shot Sunday

Melvin Koerth of Iowa Park is listed in fair condition at Bethania Hospital after being shot in the abdomen and back Sunday evening at the Sand Beach swimming area.

Linda Koerth, the victim's wife, is a suspect in the case. She was arraigned on the charge of aggravated assault with a deadly weapon the same evening before Justice of the Peace Arthur Bea Williams, according to Sgt. Stan Horton of Wichita County Sheriff's Department, and is free after posting a \$3,500 bond.

According to Horton, Koerth, a truck driver and former Holliday policeman, was shot once in the abdomen and once in the back with a .22-caliber revolver. He was transported to Bethania, where he was listed in serious condition until the middle of the week.

The shooting followed reported arguments between Koerth and his wife during the afternoon at the facility.

NOTICE OF VOTE ON TAX RATE

The IOWA PARK CISD conducted a public hearing on a proposal to increase property taxes by <u>3.8%</u> on <u>AUG. 18, 1988.</u> A public meeting for the board to vote on the tax rate will be held on <u>AUG. 30, 1988, 7:30</u> <u>p.m. at IOWA PARK SCHOOL ADM. BLDG.</u> <u>413 E. CASH, IOWA PARK, TEXAS.</u>

Thursday, Aug. 25, 1988 Iowa Park, Texas

STICKING IT OUT - Two Hawk fans wait out a rain and lightening storm that delayed the football scrimmage Friday at Holliday.

Independent S&L now Sunbelt S&L

What started out as Parker Square Savings and then became Independent American Savings is now Sunbelt Savings ... or one of 49 branches of Sunbelt Savings.

A merger of eight sick North Texas thrifts was forced last week by the Federal Savings and Loan Insurance Corp. in what is being described as the largest Texas S&L

Several players will be in new positions when the Hawks take the field to scrimmage Olney here Friday

Coach Len Williams said moves are being made both to place players in positions to fit their abilities, and also to fill slots temporarily vacant because of injuries.

night.

The freshmen will begin their scrimmage at 6 p.m. in Hawk Stadium, followed by the junior varsity and then varsity.

Starting tackle Pete Armstrong joined the growing army of "walking wounded" during Friday's scrimmage at Holliday, when his knee was hurt, despite wearing a knee brace.

Armstrong will be out of action four to six weeks, Williams said.

Two separate auto accidents also contributed players to the injury list.

Punter Robert Johnson's hand was injured in an accident Friday after the scrimmage, and Marc Cruz was injured in the other Sunday morning while driving to work. His injury is not expected to sideline him, however.

Armstrong joins Jimmy Nicholson and Chuck Brown, both out with hurt knees.

The varsity scored twice while holding Holliday's starters out of the end zone.

Williams, when asked his observations on the scrimmage, quickly pointed out that the Eagles this year live up to teams of the past. "You have to beat them, they don't beat themselves."

But Holliday may have its smallest team in two decades.

Neither team scored in its first 20-play series, with Iowa Park gaining 43 yards net rushing and 30 passing, but earning only two first downs. Holliday had 40 yards rushing and eight passing, but had one more first down than the Hawks.

In the second 20-play series, fullback Gary Tatum broke up the middle for an 80-yard scoring sprint on the first play, and bulled his 189pound body through the line for the other TD, on a four-yard play.

In the second series of plays, Iowa Park gained 153 net yards rushing, none passing, and picked up six first downs. Holliday had a net 55 yards rushing, nine yards passing, and two first downs.

Coach Williams said he felt the Iowa Park players were in excellent physical condition, because under the heat and humidity conditions Friday players not well-conditioned would have been having muscle cramps.

"We weren't intense enough the first series of plays, but after a talk, the kids got after it the second series," he commented, pointing out that his players mounted a 13-play scoring series.

Overall, Williams said he felt the defense was ahead of the offense, which is not unusual at this stage of the preseason practice. He said his defense had the most returning experience and also fewer changes have been installed in defensive play than offense.

The freshmen, who had to wait for a lightening storm to settle down before taking the field, had to play against Holliday's junior varsity because they don't have an exclusive team of freshmen.

Holliday outgained Iowa Park in that scrimmage by earning 11 first downs and scoring once. Iowa Park had three first downs.

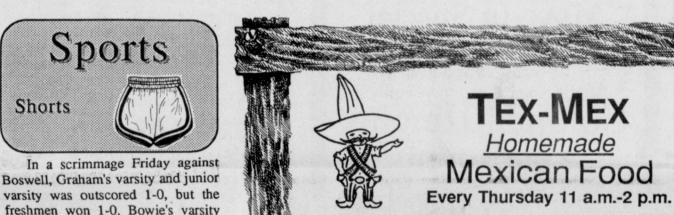

MARC CRUZ FOLLOWS HIS BLOCKING AROUND HOLLIDAY'S END IN SCRIMMAGE

In the junior varsity scrimmage, neither team scored, but Holliday outgained Iowa Park in first downs, four to three.

Players in new positions for scrimmage

Prior to and during the scrimmage with Olney, the Iowa Park Booster Club will be serving hamburgers with chips and drinks at the Hawk Stadium concession stand. Price of the meal is \$3, according to Denny McCarthy, club president.

When the Iowa Park branch was contacted Tuesday for information concerning the merger, a spokesman referred the reporter to regional president Ed Haven in Wichita Falls, who in turn gave a "hotline" number in Dallas, 214-770-1411.

Estimates of money to be pumped into the new group by FSLIC range as high as \$2.5-billion.

Drugs aren't cool.

And if you think they are then you're just fooling yourself. They'll destroy your mind, ruin your health and drain your bankroll...and that's only if you're one of the lucky ones. The not-so-lucky drug users don't live to tell about it. It doesn't take a college education to get smart about staying away from drugs. So wise up and put your foot down. Drugs are bad news, and anyone with a head on his shoulders can figure it out. Don't let drugs play you for a fool.
