# Hawk-Lion ti... matches two even teams

Iowa Park and Vernon will be competing for the lead in Dist. 5-AAA tomorrow night at Lion Stadium.

The Hawks and Lions are the only undefeated teams in conference play going into the 8 p.m. kickoff. And though a loss doesn't put Friday's loser out of the state playoffs, it makes getting there a lot harder.

Vernon and Iowa Park are about as equal as any two clubs can be. Both dropped back to Class AAA from AAAA last year, and the two figured to go on into the playoffs.

They fought to a 0-0 standoff in Hawk Stadium, and the Lions went on with the district title under their belts to advance as far as the state semifinals, losing to Daingerfield 14-7.

But the Hawks were upset by Decatur and Springtown, and stayed at home nursing a 7-2-1 record.

Over the past 15 seasons, Iowa Park has won seven times, Vernon has won seven, and of course they tied last year. Six of Vernon's seven victories came in a row, speading from 1975 through 1980. The last time they defeated the Mean Green was 1983, when they humiliated the Hawks 42-0 at Vernon.

To take the evenness even further, each team lost a reserve player under the "no-pass, no-play" rule. And each team has lost key players through injuries.

The Hawks lost tight end Wayne Oltman early last week with a broken wrist, and linebacker Jeff Tucker hurt his knee against Bowie and required surgery.

Two Lion two-way starters sidelined for the season with injuries are Matt Elliott, fullback and defensive end, and Willie King, quarterback. Dan Buesing having an outstanding season. Last week, he completed 10 of 15 attempts for 93 yards, as well as rushing seven times for another 43 yards.

Buesing's favorite target was split end Ron Cook, who snagged seven for 73 yards.

Iowa Park's secondary has nine

interceptions thus far.

This likely will be the last time Iowa Park and Vernon will compete on the district level for a few years. Vernon, according to Superintendent Jerry Cook, will be moved back to Class AAAA next year, unless the minimum is raised considerably. He gave his board of trustees that report back in September.

The Lions and Hawks have met three similar opponents. Vernon beat

Burburnett 17-15, Breckenridge 28-14 and Bowie 21-0. Iowa Park lost its opener to Breckenridge, 14-28, but took measure of Burkburnett 9-3 and Bowie 35-14.

The Lions also lost their season opener, 6-21 to Altus, but bounced back and won 13-12 over Lawton MacArthur, 25-17 over Borger and opened district play with a 21-6

decision over Springtown. Next week, the Lions are not figured to have much of a problem with Bridgeport, but they must face Decatur Nov. 8, the same night Iowa Park travels to Bridgeport.

So, midway through the district schedule, the conference championship and playoff spots are still hanging. And the next three Fridays will determine who goes on to area and who stays at home.

## Council plans tour

### Monday of 11

Burnett Memorial Library is on the city council's agenda Monday, before they take up regular business at the council chambers.

Council members are to see the progress of renovating the Burnett home, and hear how much more must be accomplished before it is opened, fully-stocked, to the public about mid November.

The tour is to begin at 6:30 p.m., and the business session at council chambers is expected to start about 7.

Aldermen are to consider annexations of two tracts of land that have been petitioned to come into the city. One is on Smith Road, for a new church, and the other on Johnson Road, for a new housing addition.

Water rates are on Monday's agenda, but Iowa Park residents are not expected to experience any increases.

Following negotiations with Wichita Falls, which first proposed an increase of some 40 percent for

city, a contract will be considered to increase the rate some 19 percent.

Iowa Park has been paying slightly more than 49-cents per 100 cubic feet of water, and the new contract calls for a rate of .5575.

Should a resolution be approved to accept the new rate, two more resolutions are to be proposed, increasing the rates to Iowa Park's two major water purchasers, Wichita Valley Water Supply Corp. and residents at Horseshoe Lake.

The contracts for both the major purchasers calls for them to pick up the increase asked by Wichita Falls, according to Administrator James Barrington.

Another resolution to be considered would, if approved, authorize a lease agreement for the northwest corner at West Highway and Fourth Street, where another eating establishment is proposed.

The city's insurance policies are up for renewal. The subject was touched

on briefly at the last meeting, when the council was told its liability increased in cost, and the coverage cut.

Barrington has made a study of the insurance costs and is to report back Monday, as instructed.

The council will be asked to approve a proposal to have two radio antennas installed atop the water tower at city hall, where they are now located midway up the stand.

The move would improve radio communications for both the police department and fire department. Additionally, one of the antennas displaced is proposed to be relocated at the auxiliary fire station in the south part of town, as a backup in case of a disaster.

Council members will consider accepting a grant, offered by Bethania Hospital through Wells Fargo, for improvements to the

Continued on page 4

SESQUICENTENNIAL SOWING - Jacky Lemon of the highway department sowed bluebonnet and crimson clover seed along US 287 Tuesday, near Highland Cemetery and at the Fourth Street intersection. The seed was purchased by the Wichita County Historical Commission and Wichita County Commission. Four different areas in the county, one in each county commissioner's precinct, were seeded Tuesday.

## Students are sidelined under new grades rule

With the local school's first six-week testing completed, several students have found themselves ineligible under the state-mandated "no-pass, no-play" rule.

The figures of total students who failed one or more grades, which is now a minimum grade of 70, are similar between Iowa Park High School and Junior High.

At the high school, 110 of the 529, or 20.7 percent, failed at least one subject. At the junior high, 83, or 20.8 percent, failed one or more subjects.

What does that mean to students participating in extracurricular subjects? Well, they cannot participate the entire second six-week period, during which time they must bring all their grades up to passing or continue

to be ineligible. Vocational Agriculture was the hardest hit at the high school, where 25 students failed at least one subject.

Continued on page 4

## News in Brief

### Set back your clocks Saturday night

It's time to change those clocks again. Standard Time goes into effect shortly after midnight Saturday, so residents will want to set their clocks back one hour before going to bed: "Fall Back."

In the past, residents have been

warned that forgetting to change their clocks could make them late for church. But now, with the Blue Law no longer in effect, they could get docked an hour's pay if late for work Sunday.

### No absentee ballots cast locally

There are two different absentee voting polls in Iowa Park for the three elections to be held Nov. 5, but thus far, not one ballot has been cast.

Voters will be deciding Nov. 5 on the proposed Home Rule Charter, a pay raise for deputies in the Wichita County Sheriff's Department, and 14 state constitutional amendments.

Absentee voting poll for the Home Rule Charter issue is Iowa Park City Hall. Absentee voting poll for the deputy pay raise and state amendments is the Iowa Park School Tax Office, on Kidwell Elementary campus.

Those wishing to cast absentee ballots must do so by the close of business Friday, Nov. 1.

### Local woman is recognized

Lola F. Pace of Iowa Park, a receptionist with Sheppard's civilian personnel office, has been cited as the Sheppard Technical Training Center Outstanding Handicapped Employee for 1985.

Her award was presented during National Employee of the Handicapped Week which was celebrated throughout the Department of Defense, Oct. 6-12.

INITIAL STUDENT ACHIEVEMENT AWARD RECIPIENTS - Iowa Park High Principal Richard Davis presented \$25 checks to Ray Sefcik, senior; Sara Owen, junior; Karie Davis, sophomore, and Steve Catlin, freshman. The new recognition is a project funded by the Student Council, and will be made each six weeks, to a member of each class. Nominations

are submitted by teachers on the basis of proven reliability, good citizenship, proven actions in the classroom, and have a good attitude about himself and his academic life. A student can win only once a year, however. Money for the project was raised by a car wash, and carryover funds from last year.

# Iowa Parkan was among first SMU graduates

## Mrs. Weiler observes 90th birthday

A lovely courtesy was extended to Ruth (Mrs. Chauncey) Weiler, who will observe her 90th birthday Oct. 30, Sunday afternoon by eight close friends and neighbors.

Hostesses for the reception held in the Fellowship Hall of First United Methodist Church were Mmes. Bill Solomon, Everett Stephenson, Charlie Lee, China B. Smith, James Owens, Don Owens, Gene Owens and Erwin Soell.

Mrs. Weiler was born in Dallas, in the fall of 1915 after she was graduated from high school that spring, she entered Southern Methodist Univ., which opened that year, as a freshman student, and she was a member of the first graduating class in 1919, graduating with summa cum laude honors.

She realized the value of getting a good education and was willing to pay the price to get it. She lived with her parents on the east side of Dallas. The family did not have a car, few people did at that time, and to get to the university Mrs. Weiler had to ride a street car to downtown Dallas, change to another street car that took her to Highland Park where she transferred to the "Dinky," a small car that took her to the campus.

Following graduation, she was employed as an instructor in the biology department at SMU. She was a member of Sigma Kappa sorority, and when a chapter was organized at Midwestern State Univ. she helped install the officers. For a Phi Beta Kappa to be established at a college or university, the school has to prove itself. One was not established at SMU until 1950, but when it was established, Mrs. Weiler was selected among the alumni to be initiated with the charter members.

At the reception Sunday, she was surprised and honored by a personal letter from L. Donald Shiels, president of SMU, which read in part

RUTH WEILER CELEBRATES 90TH BIRTHDAY ... with book given by SMU President.

"We have had very few of our graduates achieve a milestone which you are celebrating today on your ninetieth birthday - on behalf of our entire university community we extend congratulations."

In addition to the letter, the president sent her a copy of the book,

"Southern Methodist University - Founding and Early Years" by Dr. Mary Hosford Thomas, whose father was in the same class with Mrs. Weiler at the university. She also received a letter of congratulations from the president of the SMU Alumni Association.

Special music was provided by the Music Company, a special group of singers from the A Cappella High School Choir directed by Allen Andrews. For their closing number, they gathered around Mrs. Weiler and sang "Happy Birthday."

A banner spread above the doorway of the Fellowship Hall read "The McCartys Wish Ruth Weiler a Happy Birthday." It was sent from Mr. and Mrs. Dick McCarty of Agoura, Calif., close friends of Bill Weiler, son of the honoree who is in Singapore.

Having visited his mother recently, Bill was unable to come back for the birthday celebration, but he had a big part in it by providing a beautiful fall arrangement of fresh bronze, gold and orange mums, carnations, daisies, eucalyptus and wheat for the centerpiece on the refreshment table covered with gold lace. He was also responsible for her corsage highlighted with a gold orchid surrounded with gold mums.

The gold and orange colors were noted in decorations on the birthday cake and in the other refreshments. The table decor was completed with

crystal services, mints and napkins in bronze and gold.

Mrs. Weiler and her late husband came to Iowa Park in 1946 from Electra where she was made a life member of the Texas Congress of Parents and Teachers. She taught Spanish and English in the Iowa Park High School from 1947 until 1960.

Many of her former students came from several places in Texas to attend the reception.

She is a member of the Episcopal Church of the Good Shepherd. In addition to Phi Beta Kappa and Sigma Alpha, she is a member of Delta Kappa Gamma and a life member of the 23 Study Club.

## Iowa Park dominates zone choir

Park High School A Cappella Choir Saturday won positions on the North Zone Choir and will advance to District Choir competition, to be held Nov. 16 at Iowa Park High School.

The Iowa Park students make up almost half of the 106-member North Zone Choir. Competition with eight other area schools was held Saturday at Vernon High School.

Some 200 students participated including those from Wichita Falls High School, Rider High School, Hirschi High School, Graham, Burkburnett, Vernon and Mineral Wells.

Iowa Park students named to the

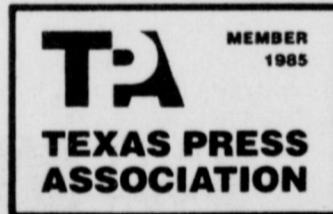

North Zone Choir include I Soprano - Christy Sandquist, Robbin Isbell, Tina Escue, and Kim Diamond; II Soprano - Crystal Lewis, Renee Smith, Christy Cravens, DeAnn Todd, Sarah Owens and Donna Gibson.

I Alto - Sheri Cravens, Lisa Cook and Missy Logan; II Alto - Cindy Blanton, Vicki Floyd, Markita Savage, Emilie Flick, Tammy Washburn, Jamie Padgett and Alicia Forsyth.

I Tenor - Brian Allen, Brett Hale, Marc Johnson, John Teel, and Kyle Long, II Tenor - Andy Jacobi, John Roy, Toby Brown, Wes Toler and Scott Smith.

Baritone - Tim Martin, Scott Webb, Glen Hopkins, Randy Boutwell, James Redclift, Brad Lewis, Phil Thames, and Steve Johnson; Basses - Mark Elliot, Scott McCarter, Scott Boss, Craig Richman, Darrin Greenfield, Butch Gunter, and Wes Ward.

Gibson, Logan and Forsyth were also named first in their section.

## Congratulations to Iowa Parkans ...for Shopping at Home

**City still leader in county**

All four municipalities in Wichita County are showing increases in sales taxes over the same period in 1984, but Iowa Park continues to be the gain leader.

The city received a check for \$10,660.08, representing sales taxes collected in September. This is almost a thousand dollars over the \$9,478.37 received for the same month last year.

Iowa Park shows a nine-month increase of 14.75 percent over last year: \$115,766.19, as compared to \$100,881.37.

The amount of sales tax received by the city is impressive, because the city council has dedicated all such money toward street improvements and construction.

Burkburnett follows Iowa Park in gain over 1984 with 6.50 percent, Electra 5.17 percent and Wichita Falls 4.61.

4-H FOOD SHOW winners from Iowa Park, in the role as Cooks of the Week, are from left: Ralph Hollenbeck, Rusty Stewart, Justin Daume, Michelle Neves and Wendy Hollenbeck. Not pictured is Sharon Wynn.

## Cook of the Week

Learning at an early age to cook and eat smart is essential to a lifetime of good eating habits. Knowing the four basic food groups and their places in a good diet are things with which this week's cooks are familiar.

Six Iowa Park 4-H Club members recently competed in and won blue ribbons at the Wichita County 4-H Food Show and agreed to be our cooks this week.

Rusty Stewart, 3rd grader; Michelle Neves and Wendy Hollenbeck, 4th graders; Justin Daume, 5th grader; Ralph Hollenbeck, 6th grader; and Sharon Wynn, a junior, know the importance of a good, balanced diet and practice it.

Each 4-H entrant must plan a daily menu with his or her entry included and in the process make sure that each meal is balanced in daily food requirements. They are also interviewed by judges of the show on nutrition and diet.

As is demonstrated here, these can also be quite tasty.

Put all ingredients for marinade in small sauce pan. Allow sugar to dissolve on low heat. Pour marinade over salad. Refrigerate overnight.

### CHOCOLATE SPIDERS

1/2 cup semi-sweet chocolate morsels  
1 - 5 oz. can Rice Chow Mein Noodles  
1 cup salted peanuts

Place chocolate morsels in top of double boiler; bring water to boil. Reduce heat to low; cook until chocolate melts. Add noodles and peanuts, stirring well. Drop chocolate mixture by teaspoonfuls onto greased baking sheets. Refrigerate 8 hours or overnight.  
Yield: about 3 dozen

Rusty Stewart

### BANANA NUT BREAD

2 cups sifted flour  
1/4 tsp. salt  
1 tsp. soda  
1 stick margarine  
1 cup sugar  
2 eggs  
1 tsp. vanilla  
1 cup mashed bananas

Cream margarine and sugar together until light and fluffy. Add eggs and vanilla. Sift flour, soda and salt together and add. Fold in mashed bananas. Pour into well-greased loaf pan. Bake in 350 degree oven for 1 hour. Cool on rack for 10 minutes. Turn out. Cool completely.

Michelle Neves  
4th Grade  
Bradford

### EASY FUDGE

2/3 cup evaporated milk  
1 1/2 cup sugar

Combine and cook 5 minutes (timing from time when mixture starts to bubble around edges of pan)  
Add:

2 cups marshmallows  
1 1/2 cup semi sweet chocolate morsels  
1 tsp. vanilla  
1/2 cup pecans  
Stir until smooth and place in buttered dish.

Wendy Hollenbeck  
4th Grade  
Bradford

### CAKE DOUGHNUTS

Vegetable oil  
3 1/2 cups flour  
1 cup sugar  
3 tsps. baking powder  
1/2 tsp. salt  
1/2 tsp ground cinnamon  
1/4 tsp ground nutmeg  
2 Tbsp. shortening  
2 eggs  
3/4 cup milk

Combine flour, sugar, baking powder, salt, cinnamon, nutmeg and stir together. Add shortening and eggs and milk and beat until golden in vegetable oil. Sprinkle with powdered sugar or ice with glaze.

Ralph Hollenbeck  
6th Grade  
Iowa Park Junior High

## VICA officers are elected

VICA officers for the 1985-86 school year were elected at a special meeting held last Thursday of the Iowa Park High School Cosmetology Class.

New officers include: Dawna Bradford, president; Pam Tyler, vice-president; Stacy Grace, secretary; Kayla Nault, reporter; Shari Leinweber, parliamentarian; and Deanna Mashburn, sargent-at-arms.

After the election of officers, Carol Hutson, Mary Kay Cosmetics representative, gave a program and demonstration on skin care and evening and daytime make-up.

## Epsilon Eta recognized

Epsilon Eta Chapter of Epsilon Sigma Alpha was recognized for outstanding service to the community and for donations of monies for service projects during the second quarter at District Six meeting held at the Green Oaks Inn in Fort Worth

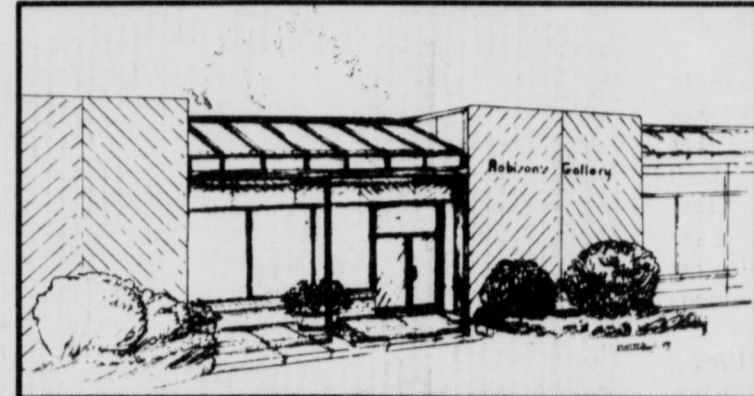

over the weekend.

Linda Gallatin of Dallas, state council president, was a special guest at the meeting. The annual leadership seminar was held Saturday afternoon.

Members from Epsilon Eta who attended were Mmes. Howard McDowell, Luther Shaw, Roy Johnson, and Bud Mercer. Joan Sargent of Electra, a former member, also attended.

# As I See It....

By BOB HAMILTON

Mrs. Moore, who wrote to the editor last week expressing her concerns about the proposed charter, should be commended for her interest. She may have been speaking for others in her letter, and she raised some issues which should be addressed.

Mrs. Moore is right the fact that there are 254 counties in Texas. According to the Texas Municipal League, there are actually 252 cities in the state which are Home Rule. Again Mrs. Moore is almost right.

The statistic she was apparently unaware of is the fact that only 35 cities in the state are eligible, because of population, to be Home Rule and are not.

Rather than pointing to the desire of most cities to refrain from Home Rule, this would point to the opposite since 88 percent of the cities which can consider being Home Rule have chosen to do so. Furthermore, of the 35 which are not yet Home Rule four are considering Charters at this time.

The second point addressed in Mrs. Moore's letter is the "Powers of the City" section in Article II. Mrs. Moore is again correct in stating that most of the powers outlined therein are for the City Council to exercise. It should be noted that any form of self-government is based on the assumption that the voters are intelligent and informed enough to vote wisely on the issues and candidates placed before them.

To say that the Charter would provide for greater rule by the Council and lesser rule by the people is to make the assumption that the people are incapable of electing qualified representatives to the Council. This retains the responsibility each voter has to do his part in electing the most qualified people to

The final point Mrs. Moore makes is that under General Law the state. In examining the proposed

Charter, we find that Article VIII provides for legislation by the people and virtually immediate recall of any elected official who proves to be unworthy of the confidence placed in him by the public.

The state does not provide any such provisions in the General Law Charter. Furthermore, there is no state agency which is responsible for overseeing the administration of the General Law cities. I thank God for that!

Any appeals to the "state" concerning the operation of General Law cities would be to the Legislature or to State District Court. Both avenues are open to the citizens under Home Rule as well as under General Law.

Also, any citizen who has experience with trying to get changes made through the City Council as opposed to the Legislature will know which is easier.

Issues such as these should be raised by concerned citizens. That is the foundation of local self-government. Voters should go to the polls Nov. 5 to decide the issue.

Statistics over the last several years indicate that in all likelihood less than 500 voters will turn out to vote. If the citizens of the city are interested in how their city is to be run in the future they should go to the polls. Home Rules provides the mechanism for greater self-determination. Whether the voters use the rights they have remains to be seen.

In voting for or against the Charter, please do so from a position of knowing what the issues are; and vote your convictions based on factual information, not hearsay.

For the past several years, we've all clucked our tongues and whistled with envy over the huge sums awarded by juries in lawsuit cases.

"Boy, that'll teach them to respect the law," we'd say, or "Man, that ole boy has got it made the rest of his life."

So, every time you see in a paper where a jury has fixed a big cash award, you can't help but wonder, "figuring how much higher it will be in the future to pay what the jury awarded."

writing coverage for high-risk truckers and cities, more in particular their police departments, are having their premiums tripled for less coverage.

Iowa Park's blanket liability insurance policy of \$2-million cost a premium of \$7,000 earlier this year. Now the premium is doubled and the coverage is \$1-million, if the city accepts the coverage.

Some major cities are banding together to form a pool, and will have self-coverage because they can't afford the premiums.

Let me give you an example of the type of damage award that is killing insurance coverage.

Recently a three-year-old boy in southwest Texas was awarded \$2.5-million, because his mother was killed in a highway accident involving an oilfield truck.

There's no question that the boy's life will be changed, denied his father's care. But how do you put a figure, financially, to it. Will the boy's earning ability after he reaches manhood be damaged to the point he must be cared for with the insurance money?

Would the father have earned \$2.5-million during the boy's lifetime that would have become the boy's eventually?

I think juries often set such high amounts to teach others a lesson to obey the law. That happened recently in a case involving a Decatur area woman, who was awarded several millions of dollars following an accident with a rock hauler.

What's really happening, though, is that we all must share in the huge settlements. I can guarantee you the payments are made up through higher insurance premiums.

The City of Iowa Park won't be paying those higher liability coverage premiums. Neither will the Cities of Holliday, Wichita Falls, Electra, etc.

No sir, the residents of all communities pay the higher premiums, through taxes.

So, every time you see in a paper where a jury has fixed a big cash award, you can't help but wonder, "figuring how much higher it will be in the future to pay what the jury awarded."

# Letters to the Editor

## Stop smoking

Dear Mr. Hamilton:  
I am thoroughly enjoying the Iowa Park Leader and hope you have the controversy of Smoking settled by now, within yourself and City Hall. I have always admired your courage in facing important issues, and Smoking is one of them. Smoking, as you well know, is very unhealthy, everyday you hear of someone else, a smoker, having Cancer, and Smoking is the strongest addiction you can acquire, as strong as drugs or alcohol. I also know that by inhaling other people's cigarette smoke you can acquire lung and bronchial trouble - for I did! Doctors are just recently convinced of the lethal addiction of Cigarette smoking! OUR FREEDOM ENDS WHEN OUR HABITS AFFECT OTHER PEOPLE'S HEALTH - the old saying, you sling your arms as much as you like, but if you hit another person's nose, your freedom ends! Much success and happiness to you in your business.

Sincerely,  
Esther E. Gallop  
Ellenwood, Ga.

## Raise wages, lower profits

Mr. Hamilton,  
The following is an excerpt from (being in rebuttle to your Chrysler editorial) an address made during a People's Lobby luncheon and broadcast over the Columbia Broadcasting System, Saturday, April 24, 1937. Delivered by Dr. Mordecai Ezekiel...

We are in no danger of the astronomical kind of inflation which carried the values of the American continentals, the French assignats, the old German marks, or Russian roubles, to zero. Rather, the only type of inflation that might threaten us is such a rapid rise in speculative values, as in 1928-1929, or in commodity values, as in 1918-1919, as might eventually plunge us again into a major depression like those of 1920 or 1929.

The first method, and probably the most desirable one, is one that businessmen themselves can adopt. It is for them to put into action the program recommended to them by the Brookings Institution in its book, "Income and economic progress." That method is very simple: Use the reduced costs of production arising from technological improvements and full-capacity operation primarily to lower the selling price of the product, and to raise wages of labor; and only in small measure to raise profits. In that way the buying power of workers can be kept rising, more workers will be employed, and production and consumption will rise together. Also, that will avoid the vicious circle of rising wages, rising prices, and more rises in wages, leading to still further rises in prices, which many industries seem to be starting today.

In the essence, this program boils down to this: Increase pay rolls faster than you increase profits; and pay higher wages out of lowered costs, rather than passing them on as higher prices. Unfortunately, our leading corporations seem to be going in the opposite direction. From 1935 to 1936, industrial pay rolls increased only a little over 10 percent, while the profits of reporting corporations increased more than 50 percent. If businessmen continue to increase profits out of all proportion to pay rolls, disaster is sure to follow.

Mr. Hamilton, I realize this is out of date and very general in respect to the fact that different industries require different treatment. There is no one solution. But I feel we, as the people of this great nation, can put our foot down to certain laws that protect and actually nourish some of our so called great and all powerful corporations to the extent that they are able to get away with the immoral and fraudulent exercises involving such legalized practices in ritualism as Bankruptcy, Corporate Reorganization, using certain tax laws and loopholes to actually gain by reporting an imaginary loss which by some means or another is always confirmable. I believe that debts contracted fraudulently should be exposed and treated as such. Fraud. Let's convict and sentence those responsible for such practices in the righteous courts of our land and yes even if it causes a little more unemployment for our people put them out of Business.

Education makes more thinking men. A free press guides them. Unlimited public discussion aids them in coming to their unemotional and unbiased decisions.

Without the almost universal acceptance of this concept of the "thinking man," the debate about the merits of Capitalism v. Fascism would be impossible.

No Mr. Hamilton I am not for nor do I discredit all "Unions..." I think it's highly disgraceful that in certain corners of our land the men and women of our working class should have to protect, with unions, such basic needs as making a decent living from those who would suppress them. I feel that the common working men/women in our country are the well of our nations prosperity and if the demagogues in control of our great industries and corporations don't stop throwing the bucket in, then one day the bottom is going to drop out. Again.

C.R. Chandler

From the book The Folklore of Capitalism, a Yale paperback by Thurman Arnold.

## Against Home Rule

Dear Mr. Hamilton:  
"Home Rule" is once again up for a "vote" on November 5, 1985. The voters of Iowa Park, Texas, will decide if our form of city government will remain General Law or changed to Home Rule. I trust Home Rule will be defeated once again as in the past. VOTE AGAINST HOME RULE to retain a better form of government for our present generation and future generations of Iowa Park in years to come.

After having researched the different forms of governments for cities, towns, and villages, (Ref. "Texas Constitution and Civil Statutes", Art.'s 1 - 1273, Pub. West) I feel our present General Law form of government is democracy in action.

General Law: A government by the people, for the people, directly or through representatives, freedom of speech, equality of rights, opportunity, and treatment of all.

Home Rule: In my opinion is in essence a totalitarian form of government, pertaining to a central-

ized government, to bring under one system, or under one control which is our City Council. With the election of the wrong people (power seekers) to our City Council could result in the dereliction of the residents of Iowa Park.

Submission of Charter: (Ref. "Texas Constitution and Civil Statutes", Art. 1167) States in preparing the "Charter" the commission shall as far as practicable, segregate each subject so the voter may vote "Yes" or "No" on the same. From the Proposed Home Rule Charter, Section 9, it states it is impracticable to segregate each subject. I disagree, and feel each Section could and should have been answered "Yes" or "No". I feel this is the commissions way of curtailing deletions or amendments by forcing the complete CHARTER to a "vote", at the same time as a General Election.

Refer to Article II, of the Proposed Home Rule Charter, for the powers of the city government. NOTE! Article II, paragraph 2, is this not the fine print of the not yet mentioned powers that will eventually surface as time prevails, if Home Rule should pass.

Read and study the Proposed Home Rule Charter, and VOTE to retain our General Law form of government, which is for the people and by the people.

If you do not have transportation to "VOTE", please call 592-4308. This is a vitally important issue facing the residents of Iowa Park. Cast your "VOTE" November 5.

Sincerely,  
Alma Francis

## Good people here

Letter to the editor:

We would like to express our appreciation for the pleasant people that meet us every day from two of our public places of Iowa Park. They are the employees of the U.S. Post Office and the employees of Wal Mart store who are a credit to any city. We have occasion to make regular trips to both of these places and have never once encountered one unpleasant place. The men who work our letter routes every day are also very pleasant and helpful if needed. Even though these two places serve our community in very different ways they are our public servants and reach much the same in their thoughtfulness, high regard and very polite attitudes that are shown by each and every employee of both places. The people of Iowa Park should be very proud of both (even of our little round boy who seems to be lucky enough to ride the postal route these days).

Mr. and Mrs. Robert Beard

# Workshop to prepare teachers

The Association of Texas Professional Educators (ATPE) will conduct a special workshop to help prepare the Iowa Park area educators for the state-mandated teacher competency test Saturday, Nov. 23 at Wichita Falls High School.

Registration will begin at 8 a.m. and the workshop will start at 9 a.m.

In order to attend the workshop, persons must have pre-registered. A fee of \$5 will be charged at the door to cover the cost of a special competency test workbook which will be

distributed to all persons attending the workshop.

The workshop will be conducted by ATPE members with credentials and expertise in the areas to be tested. The workshop is designed to prepare educators for the Texas Examination of Current Administrators and Teachers (TECAT), the teacher competency test mandated by House Bill 72. The law requires that every certified teacher in Texas take and pass the TECAT in order to retain their teaching certificate.

The competency test will be administered statewide on March 10, 1986. The exam will test teachers' knowledge of basic literacy in a reading and writing skills test. The reading test will ask teachers to identify a main idea; identify details; distinguish fact from opinion; draw inferences; use and select reference sources; and comprehend job-related vocabulary.

On the writing test, teachers must identify proper mechanics of writing, including capitalization, punctuation and spelling; recognize proper English usage; identify errors in sentence formation; and produce a written composition.

ATPE is Texas' second-largest teacher association with approximately 42,000 members statewide. Approximately 94 percent of ATPE members are classroom teachers, but administrators, paraprofessionals, students and retired teachers also belong to the association.

Iowa Park ATPE officers are Kathy McBeath, secretary; Jo Ann Hale, treasurer; Julie Salley, vice president; and LaVelda Barriek, president.

## Chamber officers

A new slate of officers of the Iowa Park Chamber of Commerce was nominated Monday at the monthly meeting of the board of directors.

To be voted on at the Chamber's annual membership meeting in November are: Rip Smith, president, Frank Gossett, first vice president, Robert Palmer, second vice president, and Frank Guyette, Carol Hayslip, H.M. Nipper, Jan Clapp, Harrell Sullivan, Gene Jordan and Gossett, new directors.

A speaker is still being sought for the Jan. 25 annual Chamber installation banquet. H.M. Nipper, who is in charge of the event, said a steak dinner will be prepared at the high school cafeteria by the Iowa Park MuleSkinners, and entertain-

ment has been arranged.

## Students

Continued from page 1

Of that 25, however, five participate in at least one other extracurricular activity.

The choir department was next hardest hit. Eight failed in Chorale Choir and seven in A Cappella Choir. Band reported two members failed and five on the pep squad, all of whom participate in at least one other activity, failed.

In athletics, two on the varsity football team failed, two on the junior varsity and seven on the freshman team failed. In boys' basketball, one on the varsity failed, while in girls' basketball, one junior varsity player and six freshman players failed. Tennis lost three via grades.

In all, 64 students are listed as being ineligible on the 13 organizations, but several of them are duplicates and the actual number is less, but unknown.

Eight players on the Eighth Grade football team lost eligibility, but none on the Seventh Grade. Two Eighth Grade girls on the basketball team were lost for the grade period, and one Seventh Grader and one Eighth Grader were ruled ineligible from band.

Those participating in choir were not counted, since there are no choir activities this semester, according to the school counselor.

# Alleged robber arrested outside district court

Det. Tommy Adams arrested Bobby Ray Wade Friday afternoon as the 24-year-old black Wichita Falls man was leaving 87th District Court.

Wade is charged with the aggravated robbery, using a deadly weapon, Oct. 11 near Gilmore Inc. Michael Keith Bush alleged Wade had used a hand gun to take some \$1,400 in cash and a wrist watch from him.

Police had found Wade, who matched Bush's description, in a Wichita Falls jail facing two other serious charges. He was released from the jail and arrested at 2:30 p.m. Friday after appearing in court. He was returned to county jail on the new charge.

Shortly after 1:30 Thursday morning, police arrested Linda Harris Hare, 26, on an outstanding Department of Public Safety warrant from El Paso. She was released after posting a \$153 bond.

Yesterday at 1:09 a.m., Teresa Ray Little, 24, was taken into custody in the 800 block of N. Pacific after learning she had outstanding DPS warrants against her from Sherman and Wichita County. She was turned over to the Wichita County Sheriff's office.

A woman at Woodbriar Apartments told police Tuesday a man had exposed himself to her. No arrest was reported.

# Holliday receives grant

Holliday has been named recipient of yet another state grant, according to city administrator Brown Hudson, speaking to Holliday city council during its final bi-monthly meeting for October.

Also during Monday's regular meeting at the Holliday Community Center, Hudson also informed council members of a recent sanitary survey to the city's treatment plant by state's department of health. Three major areas of improvement were cited, Hudson conferred, and steps were now being taken to improve the situation.

A letter from the health department's chief of surveillance and technical assistance branch, James E. Pope, said, "We are pleased to note the efforts which have been made to assist your employees in becoming certified and hope that they will be able to obtain the required 'C' license as soon as possible."

"As a result of this survey, your attention is directed to the following corrective actions necessary to bring your system into compliance with State Statutes and this Department's 'Rules and Regulations for Public Water Systems':"

1. The ground storage reservoir should be inspected and the exterior surface spot painted so that the paint systems will continue to provide adequate protection for the reservoir.

2. The overhead bulk water station available for use by the general public must be provided with a vacuum breaker which is located at the highest water flow elevation and downstream from the water valve.

3. Safety chains should be provided to secure the chlorine bottles when they are stored.

Hudson said all efforts are being made to correct those areas, and that

the new grant amounting to \$110,000 would greatly assist the program.

An October 8th letter from state governor Mark White congratulated Holliday for being named recipient of the grant to "improve the public sewer system to serve residents along West and South Avenues."

Governor White also wrote, "This award is made available through the third annual competition for funding under the Texas Community Development Program. A representative of the Department of Community Affairs will contact you concerning the contract agreement. The effective date of the contract will be approximately four to six weeks from the date of this letter."

"Thank you for your continuing efforts on behalf of the citizens of Holliday. Please feel free to call my office... if we can be of assistance during the course of this project."

Hudson told the council that the grant, \$100,000 from the state and \$10,000 from the city, will greatly improve the system. "Every effort will be made to properly supervise the project from start to finish," Hudson commented.

In other business, liability insurance for the city was tabled until the first meeting in November, the council finalized an agreement with the department of health and mental retardation for use of the community center as a meeting place for the "Outreach" program, and the city administrator reported that work to the Cypress Street Plant in Wichita Falls necessitated a shutoff of water for Tuesday, and that the city had adequate storage to accommodate the

city's needs.

Insurance representative Don Talley of Holliday met with council to discuss the current liability policy held by the city, and to give advice on renewal of the policy. Council tabled the discussion until the next meeting.

## Holliday News

RHONDA RASMUSSEN [center] was crowned Band Sweetheart in ceremonies before the homecoming game between Holliday and Nocona Friday night.

## Young Homemaker chapter best new group in region

Holliday Young Homemakers of Texas recently was awarded a silver tray and money gift at the Region IV area convention for having the

"Outstanding New Chapter," according to member Toni Marl.

In addition, Holliday Homemaker Robin Calhoun was named first runnerup for "Neatest Advisor" in the region.

Members attending the convention included Marl, Calhoun, Vicki Getts, Connie Pruitt, Sylvia Thomas and Noma Campbell.

The Young Homemakers meet once a month on the third Tuesday, in the

high school home economics room at Holliday.

Marl added that new members are welcome.

## Pee Wee playoff Saturday

It will be the 5-0 Holliday PeeWee Eagles against the 5-0 Iowa Park PeeWee Hawks this Saturday afternoon at 4:30 p.m. at both teams in Top 'O Texas Football action Saturday.

While the Hawks were beating back a challenge from Seymour at Gordon Griffith Field in Iowa Park over the weekend, Holliday was facing a stiff challenge of its own against a physical Quana bunch. Playing on a slippery field, the defensive battle turned in the red and white's favor with the Eagles taking a hard-earned 8-0 win.

Blake Belcher, who's 48-yard pass reception from quarterback Josh Bobbitt set up the game-winning score, finished with teammate Cory McClendon with 42 yards rushing to lead the game's runners. Bobbitt passed for 63 yards in the contest.

Defensively, it was Belcher, Byron Gravitt, Robert Horner, Shane Cusick, K.C. Jones and Bubba Turner leading the charge, and holding the determined Quana team out of the endzone the entire game.

The 48-yard pass play from Bobbitt to Belcher set up a two-yard touchdown plunge by McClendon, with McClendon also carrying the ball on a two-point conversion sweep around the left side for an 8-0 Eagle lead.

Belcher recovered an onside kick on the ensuing play, but Quana put

up a stiff challenge after two Eagle first downs to regain possession at its own 20.

The Braves then drove down to the Eagle 18 before losing the ball on a fumble recovery by Holliday's Steve Skoeny. The Braves saw their record drop to 3-2 with the loss, their other season loss coming at the hands of Holliday's next opponent, Iowa Park.

### 4-H officers are elected

Holliday 4-H officers for 1985-86 were elected at a recent meeting with Jennifer Wylie named president and Mike Lovel vice president.

Other officers, according to newly-elected reporter Tassie Mahler, include Jennifer Parkey, secretary; Wendy Turner, treasurer; Corey McClendon, Cecil Dolberry and Bubba Turner, recreation leaders; Sherry Turner, telephone committee.

Mahler added that new members are welcome.

\*Comparison based on official GAMA Directory, April 1985. Offer available to qualified single-family home owner-occupants only. Expires Dec. 15.

**The Nose Knows.**

An aromatic chemical is added to natural gas to give it a distinct odor. One that's easy to detect. It's this distinct odor and knowing what to do when you detect it that keeps gas safe.

If you're outdoors and smell gas, you should call your local Lone Star Gas office.

If you're indoors and detect faint whiffs, check to see if a pilot light has gone out or a burner valve has been left partially open. These are corrective steps you can take yourself.

**If your equipment is working properly and you still smell gas, please follow these precautions:**

1. Don't switch anything electrical on or off. Don't strike a match or do anything that could cause a spark.
2. Have everyone leave immediately, leaving door open to help ventilate.
3. Go to a nearby phone and call Lone Star.

Help us keep natural gas one of the safest energies available. Use your nose. Then use your head... and follow the proper precautions.

(Just a reminder: Before you do any digging, call your local Lone Star Gas office so they can inform you on pipe locations.)

**Lone Star Gas Company**

# Honor rolls released

Honor rolls for the first six-week period have been released by the principals of Iowa Park High School and Junior High.

They are: **12TH GRADE AA** - Kay Donne Cockburn, Cathy Downes, Scott Eaton, Vicki Floyd, Mary Harris, Robin Ishell, Daryl Roy, John Roy, Ray Sefcik, Jeff Tucker, Tammy Washburn, LaDonna Wilkinson, Donald Young, Ronald Young. **12TH GRADE A** - Stephen Bidy, Darla Broyles, Pam Colwell, Phyllis Forsgren, Debbie Fullerton, Butch Gunter, Stephen Johnson, Crystal Lewis, Bobby McCathern, Jamie Padgett, Shawn Price, James Redcliff, Jamie Riddlehuber, Kari Robnett, Christy Sandquist, Amy Silvers, Rhonda Wagner.

**11TH GRADE AA** - Scott Davis, Linda Gibbons, Missy Logan, Kim Nicholson, Sarah Owens, Lana Swan, Denise Ward. **11TH GRADE A** -

Robert Adams, Cindy Blanton, Amy Brillhart, Lynn Brumbelee, Eddie Collins, Lisa Fletcher, Emilie Flick, Danny Forman, Kirsten Sharpe, Gaylene Sorey, Wendy Trantham, Wes Ward, Eric Whitman.

**10TH GRADE AA** - Toby Brown, Lisa Cook, Christy Cravens, Sheri Cravens, Karie Davis, Kendra Reese, Kim Ross. **10TH GRADE A** - Jerri Brown, Stacy Boren, Jenny Bowerman, Cindy Brown, Stan Coker, Shana Devore, Daryl Downes, Elaine Elder, Joel Galloway, Glenda Gwinn, Lisa Hodges, Jeff Huff, Andy Jacobi, Jimmy Kirkhart, Paige Knight, Lorre Moser, Kame Oshiro, Charles Smith.

**9TH GRADE AA** - Andrea Blackwell, Steve Catlin, Jeff Floyd, Tiffany Gray, Will McCarthy, Jana Rains, Stacy Swan. **9TH GRADE A** - Peter Armstrong, Jeff Bartow, Delainija Cannedy, Rhonda Foehner, Michelle Haney, Valerie Hedrick,

Tammie Huff, Deborah McLemore, Jenny Salan, Melissa Wilson.

**8TH GRADE AA** - Paula Beavers, Amy Berry, Chris Blalock, Mike Brillhart, Jennifer Collingsworth, Jimmy Duggins, Jay Freeman, Laura Helwig, Melissa Horton, Jodi Meisel, Jill Silvers, Nancy Storey, Danny Tatom, Jennifer Welch. **8th GRADE A** - Angie Barker, Tommy Beavers, Jeanine Blair, Dennis Blevins, Cheryl Boggs, Darla Easley, Ginger Echols, Deanna Hill, Mike Marcum, Stacy Martin, Kelly McClure, Bruce Palmer, Deanna Sosebee, Lisa Tanner, Andrea Walls, Rhonda Weaver, Neecia Williams, Dean Wynn, Kristie Grider, Shannon McCormick.

**7TH GRADE AA** - Tommy Ashton, Patrick Birk, Paul Birk, Kerri Dorner, Hope Drissel, Marian Gholson, Marsha Glass, Brandon Martin, Katie Meyers, Misti Murray, Mary Owens, Julie Short, Jason Welch, Jamie Kaspar. **7TH GRADE A** - Dawn Beeman, Amanda Cannon, Stacy Crume, Karen Elder, Karen Ellis, Kristi Fulfer, Tracie Gunter, Jodie Horton, Justin Inman, David Lyons, Jackie Manry, Stephanie Roberts, Michelle Sellers, Emily Short, Chasity Sims, Aaron Smith, Eric Smith, Vance Stark, Gary Green, Brian Luney.

**6TH GRADE AA** - Jessica Galliton, Melody Gray, Ralph Hollenbeck, Michelle Hooker, Marcy McCarthy, J Bill Merrick, Tobie Post, Todd Pulley, Michelle Roberts, April Springer, Dorothy Sumner, Lisa Wiggins, Rex Wilson, Randa Wood. **6TH GRADE A** - Patricia Anderson, Leisa Bates, Cassandra Beall, Andy Cravens, Robert Denton, Cinnamon East, Kelly Grider, Candace Heidrich, Shawn Kaufhold, Becky Leath, Greg Martin, Christy Matthews, Jason McGrath, Chris McKee, Leslie Miller, Jason Meisel, Jeff Miller, Kristen Ojeda, David Payton, Kathy Smith, Shara Smith, Greg Steger, Dee Ann Warren, Sammie Jo Vickers, Dane Easley.

Other awards given will include 4-H Record Book Awards, Adult Leader Award, Teen Leader Award, Club Secretary of the Year, Friend of 4-H and the I Dare You Award.

### ALL STATE TRAP TEAM

Five shooting sports 4-H clubs were named to the All State Trap Team of the 1985 Texas 4-H Trap and Skeet Postal League.

David Hinkley and Dale Camp were named All-State Senior Trap Team. Stephen Riley and Todd Kisano were named to the All-State Junior Trap Team, and Doug Bomer was named to the All-State Sub-Junior Trap Team.

Receiving honors to the All District Trap Team include: Hinkley, Camp, James Lehman, Billy McCarthy, Jason Crawford, Chris Crawford, Mark Savage, Guy Riddle and Walter Riddle.

All District Junior Trap Team winners include: Riley, Kisano, Kevin Potts, Mike Rutledge, Nick Cunningham, Eric Schwindt and Mike Vaughan.

All District Sub-Junior Team winners were Bomer, Rick Farmer, Bobby Bounds, Lyle Reid, Billy Aldridge and Chris Blethen.

### SWINE CLINIC TODAY

A Swine Clinic will be held 7 p.m. today at the 4-H Auditorium in Wichita Falls. Dr. Bill Thomas, Texas A&M Swine Specialist, will be the guest speaker.

Topics to be covered include: Selection of Show Pigs, Swine Facilities, Feeding, Health Care and Proper Management Practices.

The clinic is free and open to the public.

## Halloween care urged

Major V.J. Cawthon, commander of the Texas Department of Public Safety Region 5 said, "Halloween can be fun if celebrated legally and safely. Small children should be accompanied by an adult when trick-or-treating." The motorists should be extra

careful. Children will be excited while trick-or-treating and not paying attention to traffic. The life you save, may be your own child.

A pedestrian's chance of getting killed or injured are increased 800 percent at night. The adult must think of the children's safety. Halloween should be a safe and enjoyable time for everyone.

Maj. Cawthon said, "Parents should carry a flashlight to serve as a warning to the motorists. As an added traffic safety measure on poorly lit streets, children should be instructed to use sidewalks and not jay walk."

The DPS cautions against permitting youngsters to carry jack-o-lanterns with lighted candles due to the possibility of the costume catching fire. Also throwing objects such as water balloons at moving vehicles could result in disaster.

Friday, October 25

Breakfast: Biscuit, sausage with cheese, fruit juice, milk.  
Lunch: Soup & sandwich, steak fingers, rice, green beans, beets, bread slices, peanut butter fingers, plain or chocolate milk.

Monday, October 28

"As a member of the Southside Girls' Club Board of Directors, I feel I'm giving back some of the support I was given."

Sherry Villa  
Accounting Office, CRYOVAC  
Board of Directors Member,  
Southside Girls' Club

"The skills I learned when I was a child going to Southside Girls' Club helped me win a Girls' Clubs of America Scholarship. That scholarship, and several others, led to my earning a BBA Degree from Midwestern University and an accounting position with a local industry. I'm glad somebody cared enough to help me make something of myself."

**SCRAMBLING DEFENSE** of the Midget Hawks contributed greatly in Saturday's 20-16 victory over a tough Seymour team. Players from Iowa Park are distinguished by striped helmets, and numbers on the back of each one.

## Undefeateds to battle Saturday

Iowa Park's PeeWee Hawks defeated Seymour 22-14 Saturday at the Gordon Griffith Top 'O Texas Football Stadium to remain undefeated at 5-0, setting the scheduled showdown at 6 p.m. this Saturday against the only other undefeated team in the division, Holliday.

The PeeWee Hawks, in addition to the win against the Seymour Cougars, have beaten Quana (24-6), Henrietta (22-6), Sheppard (6-0) and Electra (14-6).

B.J. Murray led the Hawks against Seymour with 103 yards rushing and two touchdown runs, of 13 and two

yards. Jeremy Kincaid also had a good night, rushing for 42 yards and one touchdown, a six-yard scramble.

On the defense, it was Bowie Farr and Josh Castles with five tackles apiece in leading the Hawks. Kincaid also had four tackles; Ross James, David Hollis and Tony Lozipone with three; Rusty Downs, Steve Parkey and Clint Witherspoon with two each.

The team roster for the PeeWee Hawks includes Casey Moser, Lozipone, Cory Thompson, Brandon Scott, Rusty Beggs, Dino Bruner, Greg Sullivan, Witherspoon, Murray, Joe Vickers, Kincaid, Casey Reed,

Josh Bata, Hollis, Farr, Ross James, Rusty Downs, Phillip House, Stan Tigrett, Dennie Atchley, Jeff Taylor, Cody Williams, Castles, Steve Parkey, Brian Spruiell, Randy Spain, Warren Key, Mike York, Chad Simpson, Brad Norris, Timothy Denton, Scooter Winter and Jason Young.

The PeeWee cheerleaders, coached by Stephanie Kincaid, are Melody Williams, Mandy Atchley, Randi Tigrett, Liza Castles, Andrea Key and Lauri Spruiell.

## Iowa Park School Scene

...All information prepared by Iowa Park School Counselors.

On Tuesday, October 22nd, Iowa Park High School will administer the Preliminary Scholastic Aptitude test for interested Juniors and Seniors. This test is composed of verbal and mathematics; and is a short version of the Scholastic Aptitude test which is a college entrance exam. The test is excellent practice for the college entrance exam; as well as being a must for all juniors and seniors who wish to be considered for National

Honor Society. Cost of the test is \$5.00 and it takes approximately two hours to take.

Juniors and Seniors who plan to attend college upon graduation from high school should be thinking seriously about taking the appropriate college entrance exam. College exams are offered several times a year by two testing companies. The

choice of a college usually dictates the proper test to be taken. The best testing date depends upon the deadlines set by the chosen college as well as the individual student's particular schedule. Students should plan ahead as each test date has a deadline for registration that will be approximately a month prior to the test date itself. Information and registration packets are available in the high school Counselor's office.

## Municipal Court Records

Results of municipal court held here Friday were:  
Jane Judd Wages, speeding, \$42;  
Edwin Gud McDonald II, overtaking and passing school bus, \$49.

Anne Robin Russell, public intoxication, \$49;  
Samuel Pennartz, public intoxication, \$112.50.

## Netters win WF tourney

Three Iowa Parkans captured titles in the Halloween tennis tournament held this weekend in Wichita Falls.

Jenny Bowerman took firsts in both singles and doubles, high school division. The Iowa Park High School player combined with Wichitan

Stephanie Gray to capture the high school girls doubles trophy.

Linda Woods took first place in the women's open division singles bracket, and second in the women's open doubles. Ray Featherston teamed with Jim McCoy of Wichita Falls to win the "A" men's doubles championship.

## Vernon sweeps Junior Hawks

Vernon Junior High teams swept both games from Iowa Park Tuesday at Vernon, 28-14 in the Seventh Grade game and 8-0 in the Eighth Grade.

Vance Edwards ran for both of the Seventh Grade touchdowns and Chad Witherspoon ran for a two-point

Vernon scored on a quarterback

option from 12 yards out and then threw a pass for the two-pointer in the Eighth Grade game.

"It was one of those nights when everything you do turns against you," commented Coach Bob Gray, whose team now holds a 5-1-1 season record.

The teams will play their final game of the season Nov. 5 when they host Burk Burnett. The Seventh Grade game will start at 5 p.m. and the Eighth Grade at 6:30.

## JV wins 25-6 over Decatur

The Hawk Junior Varsity thumped Decatur 25-6 Thursday, but the Frosh lost 0-21.

JV touchdowns were: Scott McCarter, five yards; Doug Dietrichson, 10-yard pass from Brad Huff; Joel Galloway, 97-yard kickoff return, and Huff on a 30-yard pass from Chad Fielding. Toby Brown kicked an extra point.

The teams will host Vernon at Hawk Stadium tonight.

**Health Tips**  
— from Jerel Kerby  
**CORDLESS PHONE RINGS CAUSE HEARING LOSS**  
The increasingly popular cordless telephone may create a hazard to your hearing.  
Dr. George Singleton told members of the American Otological Society that there have been 28 documented cases of permanent hearing loss attributed to the "hazardously loud" bells of the cordless phone.  
The ring causes immediate pain, loss of hearing, and tinnitus.  
Dr. Singleton explained that most people are used to having the phone stop ringing when the receiver is picked up. The cordless phone requires the user to flip a switch to turn off the ring.  
Ringing noise level is in a range of 137-141 decibels [hearing loss can occur when decibels exceed 120]. The telephone ring noise is equal to that of a gunshot blast or a jet airplane at takeoff, he said.
