BURR-R-R

Area residents snuggle deep in collars against temperatures

Iowa Parkans were forced to bundle up against freezing temperatures that began late Wednesday night of last week, and didn't rise above 32 degrees until noon Tuesday.

And while the temperatures and wind were uncomfortable, residents and emergency personnel heaved a sigh of relief that the cold was not accompanied by any moisture.

Other than a minor misting Thursday afternoon, no frozen moisture collected on streets and highways.

Only a few miles to the south and east, highways were dangerously covered by ice, according to reports.

Firemen answered four calls, but only one was considered serious, and it actually wasn't a fire. The fires had not developed to a serious point before firemen arrived.

Iowa Park volunteer firemen were called to Heritage Manor at 11:39 a.m. Sunday, where the fire alarm was sounding.

However, when they arrived, they found that instead of a fire, the fire extinguishers in the ceiling of the north wing had frozen and the pipes had burst.

Heritage employees, following established procedures in case of fire, had gathered all residents into the central meeting room, in case evacuation was required.

All the broken pipes apparently were in the six rooms on the east end of the north wing.

Damage was extensive, especially in two of the rooms.

Only two residents were still awaiting return to their rooms as of yesterday, while repairs were being completed.

There was adequate room for the

displaced residents, however.

Temperature Sunday morning was seven degrees, and it did not rise above 21 through the day.

The low Friday and Saturday was also seven degrees. But the high Friday was only 18, and it rose only one degree higher on Saturday.

When the blue norther struck here last Wednesday, about 9 a.m., the temperature was 61. It had fallen to 38 by 6 p.m.

Two fires were related to wood-burning stove chimneys.

The first was Thursday, at 303 W. Lafayette, where Iowa Park firemen quickly extinguished a fire and made sure it did not expand into the roofing.

Kamay firemen answered a call to a mobile home on Hacker Road. The chimney had been installed without adequate insulation and had overheated the material around it.

The emergency was quelled once the stove and chimney were removed.

There was curtailment of natural gas service to Cryovac, but not to the local schools.

Cryovac, along with other industries in the area, was notified by Lone Star Gas of a shortage by the company to supply the increased demand for gas, and asked to cut back.

The company, as it has done in similar cases in the past, switched over to heating oil, in order to continue operation. The plant did not experience any decrease in production, one spokesman said.

Iowa Park schools are under a contract with Lone Star which provides for curtailment in this situation but, unlike several other area schools, was not notified of curtail-

ment.

A school official said service was not cut back because the company plans to not offer the same contract when the current pact expires in September, and therefore did not exercise its curtailment clause.

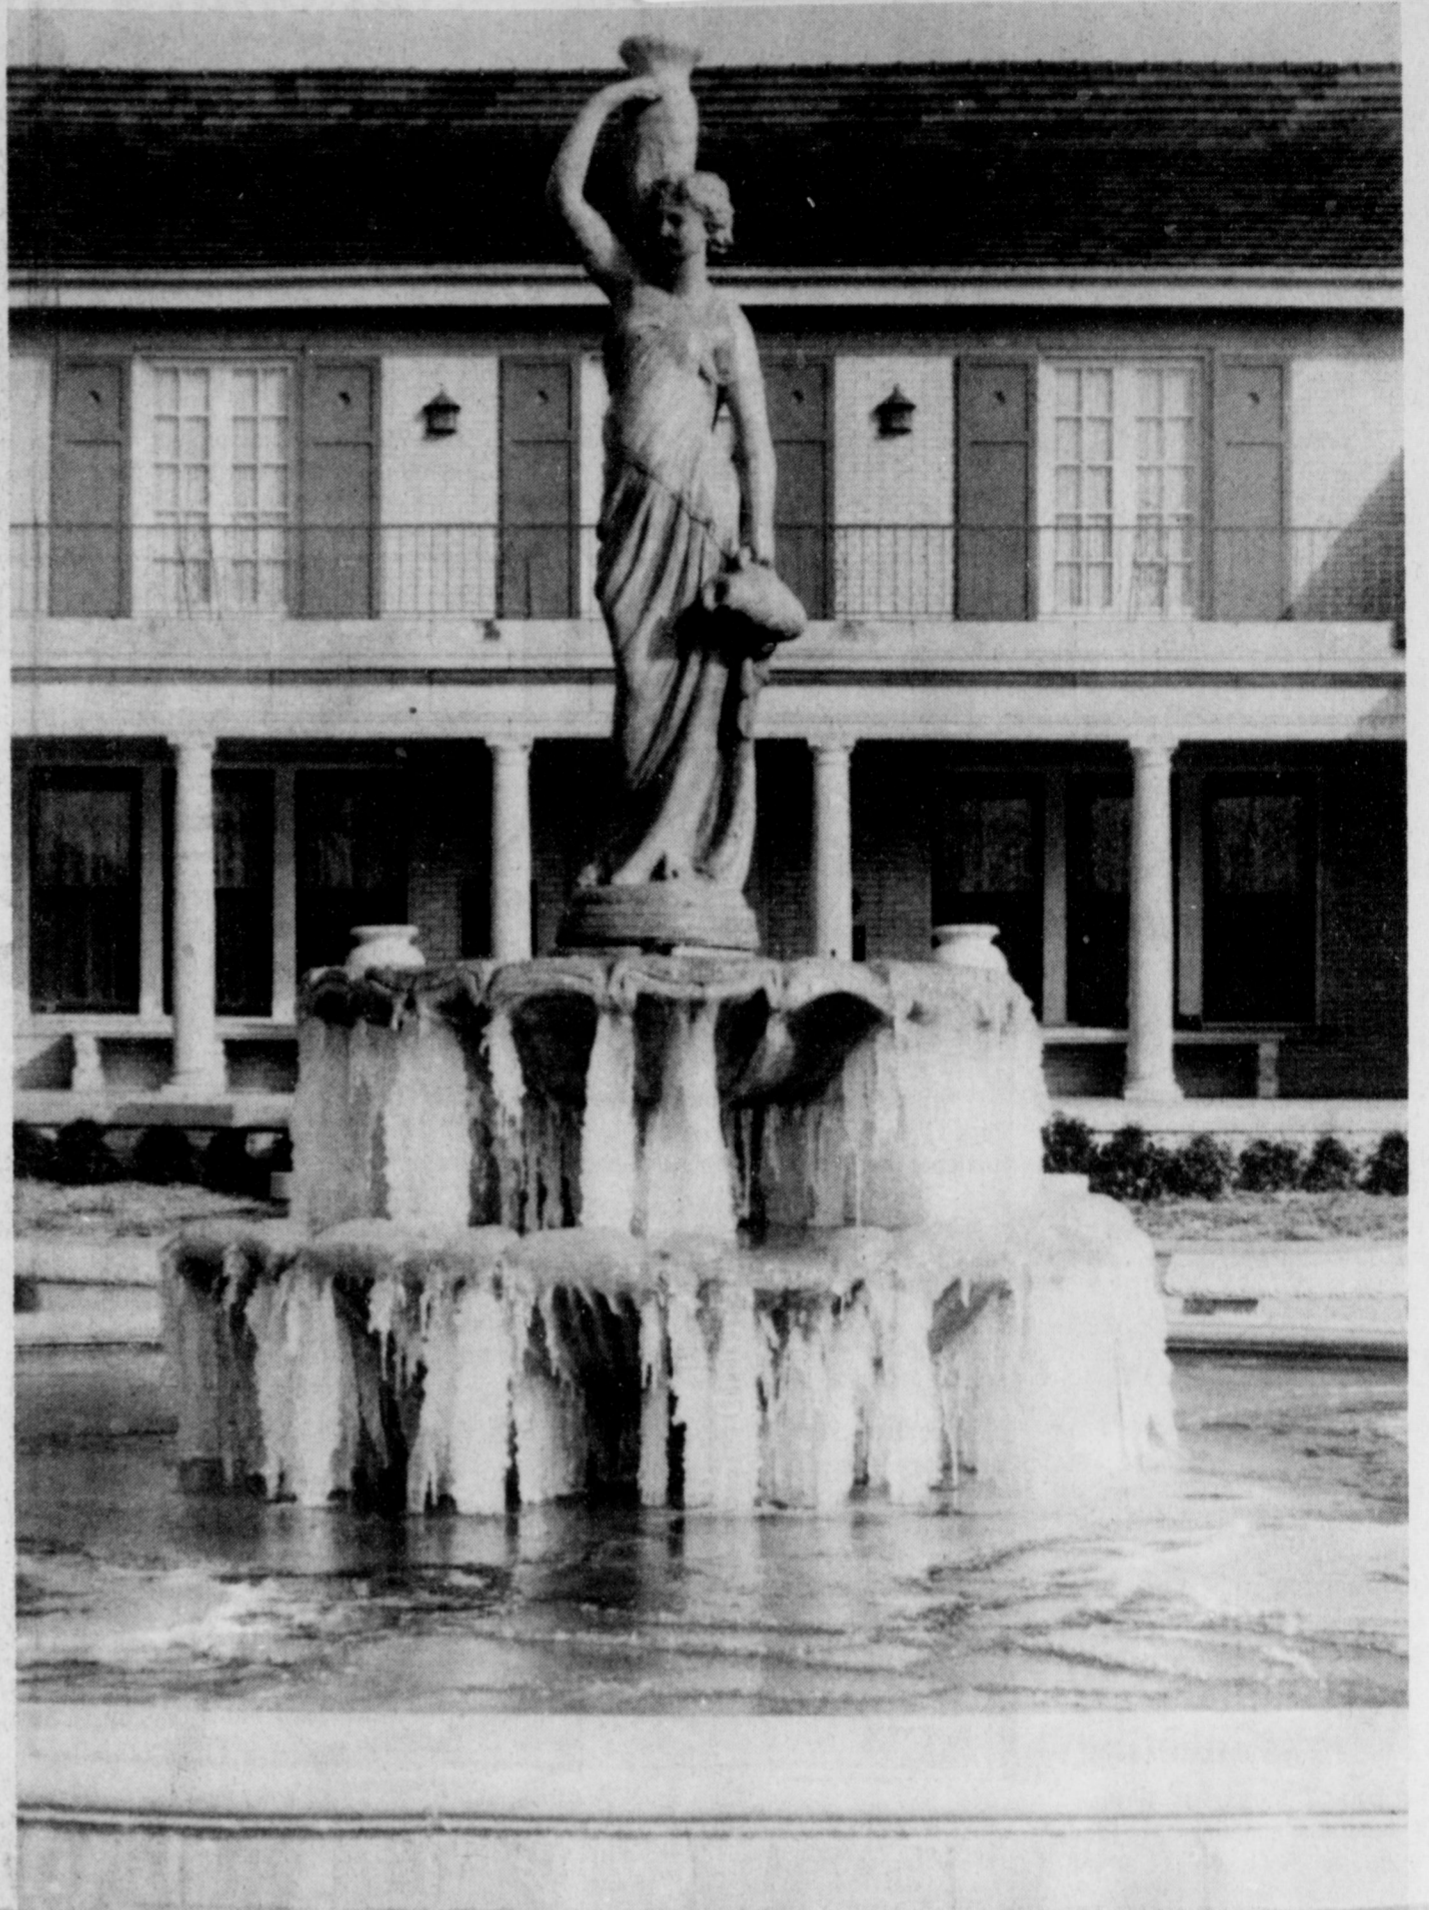

A Lone Star official, however, admitted that if the demand for gas had continued to escalate as it did over the weekend, the company may have been forced to cut service to the schools.

Gas pressure in the area lines were falling to a level where it would have been required, he said. However, it did not reach that point.

Area plumbers figure to keep busy for a while, replacing water lines that froze and burst, because of the extended extremely low temperatures.

The police blotter noted several calls requesting the city to shut off water at homes where lines had burst and houses were being flooded.

Daytime temperatures rose above freezing both Tuesday and Wednesday, but weather forecasters were indicating neither today nor Friday would not reach the 32-degree mark.

FREEZING BEAUTY

... fountain at Tom Burnett Library victim of blue norther.

Council facing marathon meeting

Members of the city council are in for one of their longest meetings in several months, according to the agenda posted this week.

Aldermen are to begin their meeting at 7 p.m. Monday in council chambers.

Indicating the complexity of the agenda is the fact that the annual election will be called, three public appearances, seven ordinances, two resolutions, two items under "bid action," eight listed under administrator's report, and an executive session.

Official action will be taken to call the city election for May 6.

Public appearances include:

* Lee Roy Olson, representing Lone Star Gas, requesting a gas rate increase (continued from the last meeting);

* Tommy Key, requesting consideration on the wiring of his buildings in the downtown area; and

* Mmes. Francis George and Bobbie Shaw, requesting authoriza-

tion to have a gazebo constructed on the grounds of the Tom Burnett Library.

Four of the ordinances relate to the annexation of Lake Iowa Park, establishing a special zone, and establishing rules and regulations for the 436-acre area.

Two ordinances would, if approved, permit abandonment of right-of-way in two blocks of North Victoria.

The seventh ordinance would rezone a tract of land on the southeast corner of West Highway and Johnson Road.

Both resolutions relate to finances. One would permit merging of four funds into one account, and the other accepts the annual audit report.

One of the bid actions to be considered would authorize the administrator to advertise for proposals to purchase two large parts for a trash truck.

The other, if approved, would permit advertising for bids to construct a building to house tractors at

the sanitary landfill.

Under administrator's report, the council is to take action on public official liability insurance, amending the policy regarding new water services outside the city limits, responding to an expansion request made by Wichita Valley Water Supply, considering work on and plans for operation of the baseball field at the RAC,

revising the animal control policy, making payment on a newly-delivered trash truck, purchasing new pumps for the Texowa lift station, and authorizing an intern.

An executive session will be held for the purpose of considering "deployment of security devices and personnel."

Retail group has plans

A series of programs designed to stimulate business, improve customer relations and otherwise benefit local business people is being planned by the newly-organized Retail Merchants Association.

An organizational meeting was held Tuesday evening at the Chamber

of Commerce building, where it was decided to hold regular meetings the first Tuesday of each month.

Chamber President Kenneth Via admitted being somewhat discouraged that only four other businessmen attended the meeting, but said he felt certain attendance would increase as the organization developed.

He said the main need was to develop strength in numbers and to promote as a group in order to make a bigger impact before the buying public.

Several specific programs were discussed which were felt would benefit business people and their employees, and speakers are being contacted to schedule dates for presentations.

School board meeting set

Contract renewals for all administrators and key personnel will be considered by the Iowa Park school board at a meeting 7:30 p.m. Tuesday in the administration building.

Trustees are also to hear a report by Gary Keep, a specialist engaged to study structure needs of the district in the future.

Board members will act on a proposal to seek a class-size waiver for the spring semester at Kidwell Elementary, where some class rooms exceed the maximum of 22 students.

Looking toward the 1989-90 school year, the calendar will be proposed for adoption; a request for vocational education funding made, and permission to add calculus as an honor course subject.

Permission will be asked by the Iowa Park Athletic Alumni Association to hold another tournament this year in the junior high gymnasium. Funds from the event are used by the group's Bertha McDonald Scholarship fund.

BOBBY JOHNSON

Former Iowa Parkan topic of play at MSU theater

The Midwestern State Univ. Theatre will present "Elevator Man: the Bobby Johnson Story" in three performances next week in the Bea Wood Studio Theatre in the Fine Arts Building.

"Elevator Man" is a stage adaptation of James Hoggard's book which traces the actual events in the life of the former Iowa Parkan.

Performances will be at 8 p.m. Feb. 17 and 18, and 2:30 p.m. Feb. 19.

Hoggard, an instructor on the MSU faculty, collaborated with Johnson in writing the book.

Johnson operated an elevator here, became heavily indebted, faked his drowning in the Gulf of Mexico and was the subject of a nation-wide

search some two years before being found by the FBI.

He stood trial, served prison time and was last reported living in Amarillo.

The story covers Johnson's life from his early childhood to his arrest in 1979.

Due to the mature language in the production, audience discretion is advised, according to Dencil Taylor, the director.

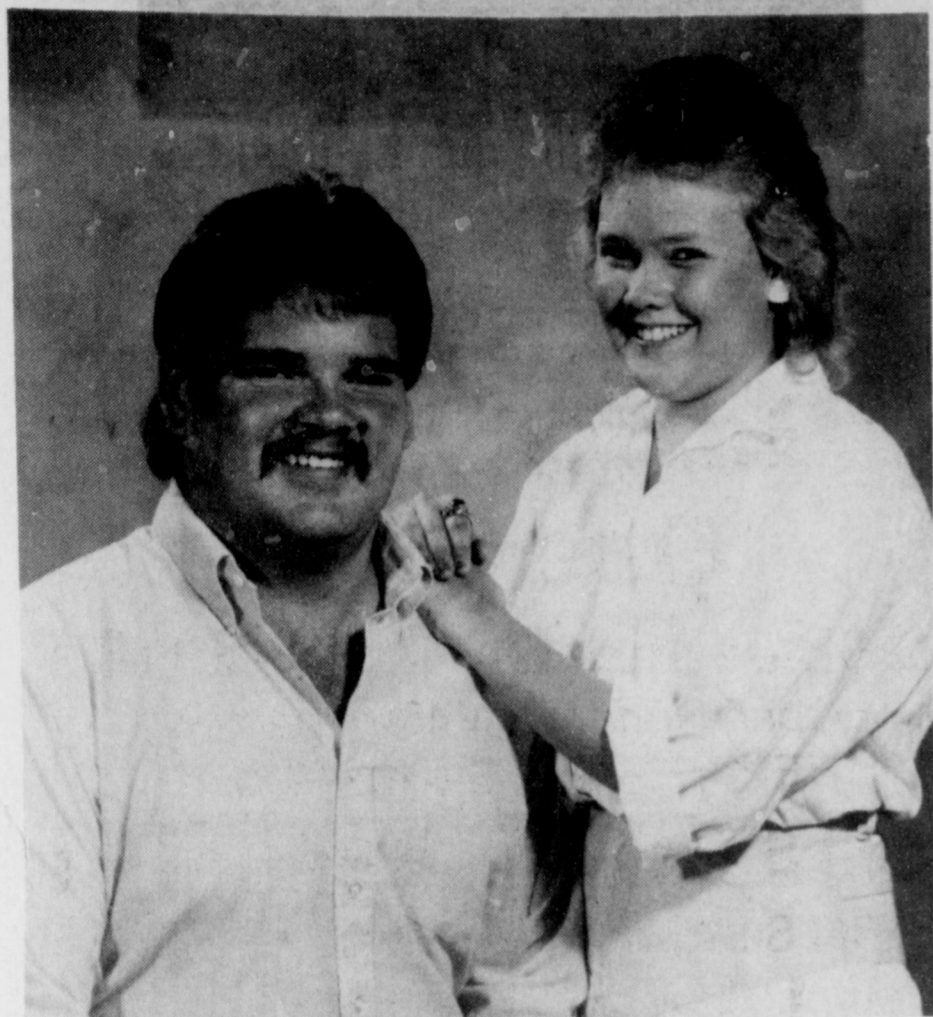

Admission will be \$6 for adults, \$4 for senior citizens, military and high school students, and free to all MSU students and faculty.

Seating is limited in the theater, with only some 135 available, according to the director.

MESSY AFTERMATH - While firemen were relieved Sunday that the alarm at Heritage Manor was not a fire, employees weren't too happy with the mess that caused the fuss. Pipes in the ceiling carrying water to the sprinkler system froze and burst, flooding much of the north wing of the building.

9-1-1 FIRE-POLICE-AMBULANCE

SHERRI FELTMAN AND CLINTON LOGGINS

Couple sets June date

Mr. and Mrs. Durand Feltman of Iowa Park announce the engagement and forthcoming marriage of their daughter, Sherri, to Clinton Loggins, son of Mr. and Mrs. Oliver C. Loggins of Iowa Park.

Miss Feltman is a senior at Iowa Park High School, and Loggins is a graduate of IPHS and is employed at Wal-Mart in Iowa Park.

The couple will exchange vows June 30 at Lakeview Church of God.

Open house to fete Hunters

An open house to celebrate the 40th anniversary of Mr. and Mrs. Sam Hunter will be held from 2 to 4:30 p.m. Saturday at First United Methodist Church.

The reception will be hosted by the couple's children and their spouses, Carol and Michael Theimer

of Woodland Park, Colo., and Gary and Mary Hunter of Dimmitt.

Friends are invited to attend and are asked to bring no gifts.

UMW has meeting

The United Methodist Women held a business meeting Tuesday morning in the Fellowship Hall of the church.

Betty Dyer, president, opened the meeting by reading Psalm 118:34. Bernice Compton gave the devotion using the poem, "My Friend."

During the business Jo Gilbert gave a report of the District workshop in Wichita Falls.

Jeanne Wakeman presented the program and pointed out that one in seven children drop out of school; one in every six children have no parents; 13 million children live in poverty; and 40 percent of mothers with children under six years old work away from home. She also said that in Texas, there are 134 counties without any medical facilities.

Mrs. Dyer closed the meeting with the thought, "What Have I To Fear, When My Lord is Always Near?"

An eight pound, seven ounce daughter, Kendra Shay, was born Feb. 5 to Mr. and Mrs. Kevin Coffman of Iowa Park at Wichita General Hospital. The baby has a sister, Haley, two and a half years old.

Grandparents are Mr. and Mrs. Jim Barnett of Chillicothe and Mr. and Mrs. Luke Coffman of Wichita Falls. Mrs. Bertha Whitten and Grover Coffman, both of Seymour, are great-grandparents.

Mr. and Mrs. Ronald McDonald of Dallas are the parents of a daughter, Rebekah Kaye, born January 20, weighing seven pounds, 15 ounces.

Grandparents are Rev. and Mrs. Jerry Lee of Dallas and Mr. and Mrs. Cletus Zachary of Rockwall. Great-grandparents are Gracie Lee of Iowa Park, Clayborn Lee of Salisaw, Okla., and Virginia Henson of Holliday. Gladys Dorman of Rush Springs, Okla., is a great-great-grandmother.

Chapter to observe National FHA Week

The Iowa Park High School chapter of Future Homemakers of America will observe National FHA Week Monday through Friday.

Highlighting the week's activities are a special recognition given to the faculty and staff of the high school and a balloon lift on Wednesday.

Cards will be attached to each balloon explaining the FHA organization.

The week's special project will be a clothing drive for Faith City

Mission, and members are encouraging students, organizations and faculty to donate items of clothing.

To end the week, members will attend the Region Two FHA Leadership meeting at Crowley High School. Theme for the meeting is "Reaching New Heights Through FHA/HERO." During the meeting, chapter members will participate in competition and leadership sessions to help increase awareness in critical issues facing teens today.

Exercise Doesn't Work If Diet Remains High In Cholesterol

If dietary cholesterol remains high, exercise and low-fat diets do not work to reduce blood cholesterol levels, according to a study conducted by Dr. Philip Greenland, of the University of Rochester. In a group of patients who first combined exercise with a low-fat, high-cholesterol diet and then switch to a program of exercise with a low-fat, low-cholesterol diet, a comparison of blood cholesterol levels showed that intake of cholesterol-rich foods resulted in an increase in blood cholesterol levels, and that exercise did not prevent this increase. The lipid levels of the exercisers on the low-fat, high-cholesterol diet were similar to those that could be expected in sedentary people, Dr. Greenland said.

Daily Dose of Oat Bran Does Wonders For Cholesterol

A breakfast of oat bran can do wonders to keep healthy young adults even healthier. That's the finding of a study conducted by Dr. Dennis M. Davidson, of the University of California at Irvine. Oat bran alone, or wheat bran mixed with whole wheat flour, or oat bran mixed with whole wheat bran and whole wheat, was fed on a random basis to 72 medical students at the University for 28 days. Those persons who ingested the oat bran alone were found to have lowered serum cholesterol levels (5.3%), lowered low-density-lipoprotein levels (8.7%), and lowered serum triglyceride levels (8.3%). These findings, according to Dr. Davidson, suggest that ingestion of 17gm. (2 rounded tablespoons) of oat bran daily can significantly lower serum cholesterol and triglyceride levels in a young, healthy population.

- Postgraduate Medicine

Blood Cholesterol, Pressure Found To Be Associated

High blood cholesterol levels may lead to the development of hypertension-inducing renal atherosclerosis, according to three studies reported at the recent meeting of the American Heart Association in Santa Fe, New Mexico. On the positive side, a reduction of serum cholesterol (through use of the anti-cholesterol drug cholestyramine) has been found to reduce the incidence of high blood pressure. In a five-year study conducted by Dr. Lars Ekelund at the University of North Carolina, 9.2 percent of the men who received cholestyramine developed high blood pressure, compared with 12.3 percent of the men who received a placebo. Other studies, conducted in Finland, the Kaiser Permanente Medical Care Program in Oakland and the University of Southern California, also confirmed the link between cholesterol and blood pressure. Although the association between cholesterol and blood pressure remains unclear, it is believed that high cholesterol levels lead to nephrosclerosis, which then raises blood pressure. In addition, it is theorized that hypercholesterolemia-induced atherosclerosis may stiffen blood vessels and thus raise blood pressure. High cholesterol levels in teenagers has been found to be a predictor for future hypertension. - Medical World News

VALORIE WARINER AND DON EATON

Engagement announced

Miss Valorie Wariner and Don Eaton will exchange vows Feb. 18 at First United Pentecostal Church.

The bride-elect is the daughter of Rhonda Wariner of Iowa Park and Jerry Wariner of North Dakota. Eaton is the son of Mr. and Mrs. Richard

Thomas and Harvey Eaton, all of Iowa Park.

The couple attended Iowa Park High School, and Eaton is employed by O.L. Fulfer Well Service in Kamay.

Sorority conducts Jewel Pin ceremony

A Jewel Pin Ceremony was conducted for four pledges of Epsilon Eta Chapter of Epsilon Sigma Alpha at a meeting in the home of Dee Dee Forney.

The ceremony for Tony Wood, Skitter Clark, Dee Dee Kelley and Mary Lynn Boyd was conducted by Tama McDowell, District Six president. Jo Bumgardner assigned the new members to committees which include: Clark, service; Boyd, social; Kelley, scrapbook, and, Tony Wood, history.

During the business, Bumgardner reported on the District Six meeting held in Fort Worth Jan. 22. She said the local chapter won first place for money donated, and third place for donated goods for the third quarter. Dee Dee Forney was elected parliamentarian for 1989-90. Members attending from Epsilon Eta were McDowell, Kelley, Wood, Lela Mercer, and Bumgardner.

Connie Hrcirik reported that the

Eubank to speak at local church

Alan Eubank, Director of Christian Communication Institute at Payap Univ., will be guest speaker at First Christian Church, at 6:45 p.m. Wednesday.

Eubank serves with the Church of Christ in Thailand through the Division of Overseas Ministries of the Christian Church. He went to Thailand in 1961, and in 1981 began his present position, using various medias to present gospel to Thailand through drama. Eubank's wife, Joan, contributes her dramatic and musical expertise in these productions.

He has taught evangelism and New Testament at Payap Univ. several years.

The public is invited to attend.

FFA News

OPEN HOUSE MONDAY

The Iowa Park Future Farmers of America will hold an open house for the public at 7 p.m. Monday in the Vocational Agriculture building.

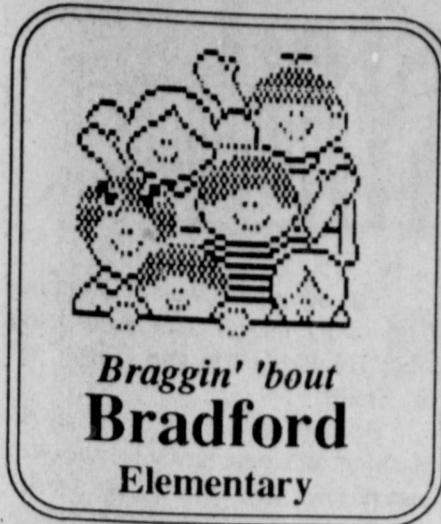

Accomplishments of the year will be on display.

All officers, members and parents are being encourage to attend.

BOOSTER CLUB TO MEET

The Iowa Park FFA Booster Club will hold its monthly meeting at 7 p.m. Monday in the Vocational Agriculture building.

The general public is invited.

Bradford Elementary is announcing its honor rolls for the third six week grading period. Students listed on the honor rolls must have received an "A" in all subjects and "A" in conduct.

THIRD GRADE - Meegan Adams, Brandi Beavers, Meradith Brammer, Amber Brandt, Wendy Bridwell, Mychal Bosmans, Jonathan Clubb, Melissa Conklin, Kristen Cooper, Sharon Dennison, Amanda Davis, Andy Gannon, James Gibson, Kyler Godwin, Jamie Gholson, Wendy Graver, Andy Harris, Kevin Hunter, Leah Hutchinson, Valerie Johnson, Le Ann Jordan, Lisa Josebee, Nicola Kelly, Amanda Krum, Amy McCluer, Jennifer Nicholson, Bambi Pryor, Trisha Pulley, Heather Skinner, Sara Siddle, Gina Steger, Meagan Sventek, Cody Underwood, Chas Verguawen, Laree Wallu, Todd Yeager.

FOURTH GRADE - Amber Beason, Misty England, Sylvia Gonzales, Shonda Jordan, Lance Largent, Andrea Potter, Mindy Rich, Whitney Richter, Kandy Sitgreaves, Justin Vickers, Laci Walburn, Lori Wiggins.

FIFTH GRADE - Amber Athley, Jessica Armstrong, Rebecca Arp, Brandon Campbell, Lindie Fudge, Jenny Harris, Blain Hefner, Brandon Herder, Jennifer Heichman, Wes Hodges, Shellye Hughes, James Kaspar, Amanda Marchand, Angie Morgan, Zachary Moser, Bradley Phipps, Jenny Rotolo, Ashli Thomas, Amanda Venhaus.

Cravens named to dean's list

Miss Sheri Marie Cravens, daughter of Mr. and Mrs. Danny Cravens of Kamay, has been named to the Dean's Honor List at Texas Tech Univ.

Students earning a spot on the list must have attained a grade point average of 3.5 or better during a semester.

Miss Cravens, a freshman at Texas Tech, was valedictorian of the Iowa Park High School class of 1988.

chapter will help with a benefit for Shannon Hayman Mar. 12.

Lela Mercer said that the chapter will participate in the Great Texas Trash-Off to be held April 1. Epsilon Eta has adopted two miles on Loop 370 (the old Iowa Park highway)

between Horseshoe Lake Road and Huntington Lane.

The chapter is also making plans for its 40th anniversary observance to be held April 30.

The next meeting will be Feb. 21 in the home of Mary Lynn Boyd.

As I See It... By BOB HAMILTON

We should never become so complacent as to take for granted those people who work in emergency situations.

I'm speaking primarily about our volunteer fire departments, but I can't leave out our peace officers and em-

ployees of water departments and utility companies.

The only difference is that the dedicated volunteers of the fire departments are, obviously, unpaid.

There were several occasions during the recently uncomfortable cold spell that I saw all of these people at work. Their responses were as quick as anyone could expect, if not sooner.

And while those who needed these people were made uncomfortable, because of the emergency, they should remember that others exposed themselves to the same elements.... for the purpose of helping those in need.

I saw volunteer firemen who make their livings in several ways, leave their work, or their warm beds, or the comfort of their homes, to rush into the cold and help others.

I saw policemen standing in the

cold, controlling traffic and ready to assist however they might be asked.

I saw gas, electricity and water department people hurry at almost break-neck speed to reach places where emergencies existed, to do their part.

People of less dedication to their jobs might not be in such a hurry.

And, lest they be overlooked, I saw neighbors assisting residents of homes threatened by fire, helping in whatever way they could.

This doesn't happen everywhere in the world. And the quickness of the responses of the people I observed was remarkable.

All these people appear to be well trained, dedicated, and genuinely ready to help anyone needing them.

It's comforting to know we have people like this in our communities.

But, a warning. Don't take them for granted.

WORTH QUOTING

Senator John T. Monfort of Lubbock has suggested that the State Board of Insurance resign because the insurance department is "dangerously mismanaged" and is rife with "waste, inefficiency, cronyism and patronage."

If my experience with the State Board of Insurance is an indication of how the insurance department operates, Senator Montford is right on target.

I discovered during my eight years as a member of the Decatur Volunteer Fire Department that the State Board of Insurance is a pawn of the insurance companies they are supposed to regulate.

I had regular contact with the Texas insurance department during my time as a firefighter, and I've never seen a more arrogant, and in my opinion ignorant, group of people.

During my time as fire chief, the State Board of Insurance decided to inspect Decatur for the first time in a dozen years for the purpose of establishing a key rate for fire insurance.

The young man sent for the task seemed more interested in whether we had a sign posted in the fire station offering an arson reward than in most of the firefighting equipment that we had. He was especially not interested in the fire equipment used outside the city limits.

Rural Texans need to understand that the State Board of Insurance does not care one bit about the fire protection they receive. If it's not in the city limits, they're not interested.

In fact, the inspector who came to Decatur did his best to trick us into saying that we would dedicate a large number of firefighters and equipment to battling a rural fire and leave the city unprotected.

The state gives a community almost no key-rate credit for fire engines that battle rural fires. For example, if Decatur had two fire trucks with identical firefighting capabilities, and one of them had a 750 gallon water tank and the other had a 1,000 gallon water tank, the state would give a great deal of key-rate credit for the truck with 750 gallons and almost none for the truck that carried more water.

This asinine situation is a perfect example of how the State Board of Insurance is behind the times in evaluating fire departments that serve both city and rural populations.

One of the goals of the Governor's Conference on Rural/Suburban Fire Protection last year was to try to change the state requirements for firefighting apparatus.

As more and more people move into rural areas, it is incumbent on the fire departments that serve these citizens to have adequate equipment and water supplies to protect their property.

The incentive is not there, however, when the cities are, in fact, penalized for having fire trucks that carry too much water.

Rural residents need to contact their state representatives and senators and demand changes in these archaic rules.

Senator Montford, whose family owns property at Lake Bridgeport, has made a good start with his important study and his request that all three members of the State Board of Insurance resign. They say that they won't quit, and that's no surprise.

We need some people on that board who are not beholden to the insurance companies that they supervise and who have at least a modicum of common sense about the needs of rural fire protection in Texas.

ROY EATON
Wise County Messenger

Thanks for issue

Dear Sir,
I must thank you for the very fine Centennial of Iowa Park that a thoughtful nephew sent to me.

I have spent hours reading and rereading about my "roots" and seeing pictures of people, businesses and homes I visited as a child. I will treasure my copy and pass it on to my family.

There is no reason you should be aware that Z.P. Dale had another family before he came to Texas. After my grandmother Elizabeth Dale died and he later married Mamie Weidman they brought the three teenage children to Iowa Park.

Elba was a farmer for many years and later moved to Electra and was involved in the oil business. He later became president of the bank there.

Hurl was severely burned in a fire and took pneumonia and died when he was in New Mexico on a government claim. He is buried in the family plot in Hillside Cemetery. My Mother, Daisy, married John Givens and we lived for many years on a farm three miles north of Iowa Park. Our branch of the family tree didn't make many "waves" but I am proud to say that out of the eight children there was not a "black-

sheep."

Of the third generation only my sister, Orene Choate of Fort Worth and I are living. But many of the fourth and fifth still live in Wichita County. Last July you had an article in the Leader of the marriage of my grand niece, Dawn Ray.

Reading about Weeth School brought back many memories. My two older brothers and I attended school there. Weeth's and another one-room country school in Wichita Co. is where the first six of us got our FCU degrees!

Grandpa Dale died four days before I was born so, of course, I never knew him but grandma Mamie was precious to us children and visiting her farm south of town was the highlight of our life. In later years Helen Clark Dale corresponded and she and her husband visited us.

I was very much surprised that since you published the poem his mother wrote you did not mention Glenn "Pop" Warner. No doubt, you know he coached the famous Jim Thorpe and Ernie Nevers while he was at Carlisle Indian School in Penn. He later coached at Leland Stanford in California.

My dad and Mr. Warner were life long friends. He visited us once while he was in Penn. and twice later while in California.

I am sorry, thank you note run away with itself and became entirely too long. But it does have one redeeming feature -- it doesn't require a replay.

Yours truly,
Vinita Hamilton

Three men arrested following truck theft

Three men have been arrested and most of a 1989 one-ton truck stolen sometime Tuesday night of last week from Park Ford has been returned, according to local police.

After the theft was reported Wednesday, deputies of the Wilbarger County sheriff's department stopped a truck on US 287, near FM 1763, that had part of the truck loaded and covered with a tarp.

Driver of the truck was identified as Edwin Dean Smirl, 32, who had a Wichita Falls address. He was released after posting a \$4,500 bond.

Arrested on related charges were Phillip Dwayne Morris, 32, who gave an address in Vernon, and Ronald Ernest Hooper, 30, who gave his address as Wichita Falls.

Morris was released after posting a \$5,000 bond, and Hooper's bond was set at \$2,500, and released.

According to police, the thieves broke the lock on the truck and drove it to a location on County Line Road, about eight miles north of 287, where they dismantled the vehicle.

The diesel engine was left at that location, and the cab and chassis was put on the truck that was stopped.

All the vehicle, which did not have a bed on it when stolen, has been returned to the local dealership except the seat and tires, police said.

Three other arrests, unrelated to the truck theft, were made here during the past week.

David Royce Kollman, 33, was taken into custody Saturday evening in the 1000 block of Johnson Road, on warrants issued by the Department of Public Safety. He was transported to county jail.

Police arrested Troy Lee Thaman in the 400 block of West Ruby Monday morning on a charge of disorderly conduct. Thaman, 18, was released after signing an order to appear in municipal court.

Finnell bills would benefit state employees

Rep. Charles Finnell this week filed two bills he says will improve basic retirement benefits administered by the state Employees Retirement System.

The bills could help the state save money by reducing state employee turnover, he indicated.

"Our hard-working state employees haven't had a real pay raise in more than five years and prospects aren't encouraging this year," Finnell said. "We need to retain their experience and avoid the expense of hiring and training new workers."

One bill would reduce from 10 years to five the state service necessary to qualify for basic retirement benefits.

"This would allow more of our older state employees to qualify for retirement," said Finnell.

Another bill would require the ERS to pay unrefunded retirement contributions to beneficiaries of state retirees who die before receiving benefits equal to what they paid in during their careers.

The third arrest resulted when police responded to a domestic disturbance complaint Tuesday evening to 904 E. Cash.

James Wofford Jenkins, 57, was charged with assault, transported to county jail, and released after posting \$500 bond.

Two thefts reported to police are still under investigation.

Police received a report Thursday that a cylinder containing nitrogen, put at the intersection of Third Street and US 287 by Southwestern Bell Telephone, had been stolen. It was valued at more than \$200.

The other theft was 22 50-pound bags of Paymaster cube feed, taken from Hunter's Farm and Home, 110 W. Smith.

Another series of vehicle tire slashing and puncturing in the west part of town was reported last week.

Four tires were reportedly slashed on a vehicle in the Colonial Apartments parking lot Wednesday night of last week. Several vehicle tires were punctured at that complex some two weeks ago.

Two more tires were punctured nearby, in the 1300 block of Edgemoor, the same evening, police were told.

Obituaries

Ralph L. Kyker

Memorial services for Ralph L. Kyker, 78, will be at 11 a.m. Saturday at Grantham-Worley Funeral home in Ryan, Okla., with John Baker and Rev. Joseph Albrecht, pastor of First United Methodist Church in Ryan, officiating. Burial will be in Ryan Cemetery.

Kyker died last Thursday in an Oklahoma City hospital.

Born June 15, 1910, in Ryan, Kyker was graduated from Ryan High School in 1929. He was a veteran of the Navy. He received a bachelor's degree in education from Fresno State College in Fresno, Calif.

He returned to Ryan from Tulsa in 1958, and later wrote a series of articles in the Ryan Leader about the past history of Ryan and his memories of the community. He was a member of Disabled American Veterans, American Legion and the Pearl Harbor Survivors Assoc. He was also a member of Epsilon Pi Tau Kappa Delta Pi.

He is survived by a sister, Elsie Sullivan of Iowa Park; and a brother, Tom of Valliant, Okla.

Pamela Sue Ayer

Services for Pamela Sue Ayer, 35, were held Tuesday morning at Liberty Baptist Church, in Wichita Falls, with Rev. Jerry Reed, pastor, officiating. Burial was in Humville, Tex.

She died Feb. 3 in a Wichita Falls hospital.

Mrs. Ayer was born April 8, 1953, in Henrietta. She attended Iowa Park Junior High and High School, graduating in 1971. While in school, she was active in choir and band, and won state competition in shorthand.

Mrs. Ayer taught school in Valley View, Iowa Park and Liberty Baptist School in Wichita Falls, and was a member of Liberty Baptist Church where she sang in the choir and played piano and organ. She and Steve Ayer were married June 16, 1973.

She is survived by her husband; a daughter, Julie Sue of Iowa Park; two sons, Gregory Steven and Philip Steven, both of Iowa Park; her parents, Mr. and Mrs. J.C. Huff of Iowa Park; and a sister, Karen Hacker of Iowa Park.

LaWanda Dewvall

Services for LaWanda V. Dewvall, 48, were held Monday morning at Owens & Brumley Funeral Home in Wichita Falls. Burial was in Charlie Cemetery.

She died Saturday in a Wichita Falls hospital.

Mrs. Dewvall was born Oct. 25, 1940, in Thornberry. A lifetime resident of Wichita Falls, she was employed by the Wichita Falls Transfer Station and attended Jefferson Street Baptist Church.

She is survived by three sons, Charles Looney of North Richland Hills, Ray Looney of Holliday, and Larry Looney of Jasper; a daughter Redonna of Mount Pleasant; her mother, Loretta Kiser of Wichita Falls; her father, Ernest Cornelison of Scotland, Tex.; two sisters, Dorothy Griffin of Burkburnett and Carolyn Campbell of Offerle, Kan.; a brother, Bill Cornelison of Vidor; and 10 grandchildren.

Local men help Jamaicans rebuild

Iowa Parkan Don Davis joined four other area men in a month-long effort to help residents of hurricane-ravished Jamaica.

The resident of 1505 Quail Valley explained, "We just went down there to help our brothers and sisters."

The five men are members of the Christadelphian Church. Besides Davis, the others were Jimmy and Sammy Wolfe, Terry Bell and Bob Cramer.

They departed Dec. 29 and returned Jan. 28.

While on the island, which was ravished by a hurricane that struck in the fall, the quintet built a church, taking it to the "dry" stage, and re-roofed two homes of Christadelphian church members.

The roofing was sheet metal, the common roofing material used in that country. It was provided by the Christadelphian Bible Mission.

Conditions on the island are still terrible, as Davis described. He said he saw several crews installing electrical lines, but most of the areas in which the group traveled was still without a telephone system.

As will happen in traveling like the men did, their luggage failed to catch up with them for about four days.

Clothing was a problem during that period of time, but not nearly as much as the other items they packed in their bags: their food.

However, the man in whose home they stayed provided their food until their luggage arrived, he said.

One of the homes they reroofed was atop a high hill. Davis recalls a grave was nearby in which a woman was buried.

He said the headstone indicated the woman was born in 1866 and died in 1987, which would make her 121 years of age at death.

Discover the Joy

SEEING JESUS

When a preacher let his books of men get the best of him, and had been preaching learned sermons on philosophy, he found a note on the pulpit stand one Sunday: "Sir, we would see Jesus, John 12:21." The preacher immediately saw his mistake, and returned to the Bible for sermon material about the central figure of time and eternity. After a few Sundays of showing forth the excellencies of Jesus, he found another note on the pulpit: "The disciples therefore were glad when they saw the Lord, John 20:20".

The Scriptures give warnings about Christians being spoiled through "philosophy and vain deceit after the rudiments of the world, and not after Christ." (Col. 2:8). Just as the pulpit can be empty of Jesus, so can the life of every Christian. It should be the ambition of each disciple so to think, talk, and do, that non-Christians would think of Jesus because of association with that disciple. The Scriptures tell of two unlearned, non-college men who so conducted themselves that outsiders "took knowledge of them that they had been with Jesus." (Acts 4:13).

All of us fall short, but it should be the aim of every Christian to say "for me to live is Christ" (Phil. 1:21), and "it is no longer I that live, but Christ liveth in me" (Gal. 2:20).

Cook of the Week

Ira Hambright

The best way to a woman's heart is through a man who isn't intimidated by cooking. And this week's featured cook, Ira Hambright, knows his way around the kitchen.

Getting an early start, Ira began working as a cook in cafes and truck stops while he was in high school. Although he cooked mainly standard dishes - steaks, French fries and chicken fried steaks - he doesn't shy away from more complicated recipes, including desserts.

Hambright said he and his wife of 16 years, Angela, divide the cooking duties of the household. He said that since his wife works at JC Penney, whoever is first to get home cooks dinner. Mrs. Hambright said that it is a big help to know that her children will get a good meal when she isn't able to help. She added that although her husband does cook, cleaning up the mess isn't on his agenda.

The couple have two children, Matthew, 12 years old; and Diana, seven years old.

After high school, he began working at White's Home and Auto in Wichita Falls as a janitor, and was offered a job in the advertising

2 eggs
2 tsp. cream of tarter
1 tsp. soda
1/4 tsp. salt
2 3/4 cups flour

Sift flour, cream of tarter, soda, salt and sugar. Add eggs and shortening. Roll into small balls, then roll in sugar and cinnamon. Bake 8 minutes in 400 degree oven.

department of the firm. He liked the job, and held almost every position in the department during his 12 1/2 years there.

Evidently, the job agreed with him, and when he left his position with White's, he opened his own business, Designer Graphics, in Wichita Falls. Hambright moved the business to Iowa Park in June, and worked mainly with T-Shirts, caps and the like. The business also sells minatures and doll houses.

Ira's other interests include photography and fishing.

BAR-B-CUPS

1 lb. ground chuck
1/2 cup catsup
1/2 cup barbecue sauce
1 small onion
1 can biscuits
Cheese of your choice

Brown ground chuck with onion until onion is done. Drain excess grease and add catsup and barbecue sauce to ground chuck. Roll biscuits out flat and put in cupcake pan. Add meat mixture to cup and top with cheese. Cook in oven at 425 degrees until biscuits are done.

HOMEMADE PANCAKES

2 cups flour
2 Tbsp. sugar
1/4 tsp. salt
4 tsp. baking powder
2 eggs
1 1/4 cups milk
8 Tbsp. butter

Stir ingredients together in a large mixing bowl. Do not use mixer.

DIABETIC DATE-NUT CAKE

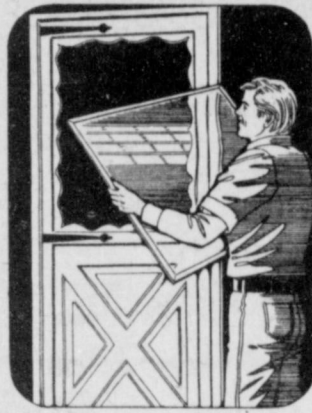

1/2 cup butter
1 Tbsp. sugar substitute
1 egg
1 cup finely chopped dates
1 1/2 cups applesauce
1 cup pecans
1/2 tsp. cinnamon
1/4 tsp. cloves
1 tsp. vanilla
2 cups flour
2 tsp. soda

Mix all ingredients together. Bake in a loaf pan in a moderate oven one hour.

Laudermilk speaks to Optimists

Iowa Park Optimist Club heard a program on the 911 service and Officer B. Teddy, Iowa Park Police Department's latest addition.

Police officer Connie Laudermilk presented the program, and explained that the 911 service will go into effect March 5.

Officer Laudermilk told Optimists that each time the 911 number is called, the caller's name, telephone number and address will appear on a screen, enabling officers to respond even quicker to emergencies. She also pointed out that the system would lower the number of prank calls to the police station.

The guest speaker also introduced the newest addition to the police department, Officer B. Teddy,

one of eight teddy bears donated to the department by Wal-Mart for use in cases involving children.

The bears will be used to win the trust of children who are victims of child abuse, a fire in the home, the death of a loved one, a domestic disturbance or the arrest of a family member. Laudermilk said, "When a

patrol officer believes it would prove beneficial, he can give a bear to a child. Officer B. Teddy from that moment on is owned by the child."

Chief Alan Sheffield was also a guest at the meeting, and with Connie thanked the Optimist Club for its donation of an air conditioner for the crime van.

Let's talk.

Information about your changing telephone service from Dan Adams, Area Manager-External Affairs

"Texas First."

It's more than a catchy name. It's a new concept. "Texas First" is Southwestern Bell Telephone's new economic development proposal to help bring about more jobs and create a stronger economy in the 1990's to Texas and all communities we serve.

So let's talk about "Texas First" and how it impacts you, your friends, your community, your state — and your telephone company.

Texas has a lot going for it. Good roads, good people, plenty of space, and a quality of life that is the envy of most other states.

These are the assets that also attract new industry and create new jobs. But there is another ingredient — a new "must" for economic development — and it's state-of-the-art telecommunications. It's the ribcage in our infrastructure that often separates the "have's" from the "have-nots."

In years past, the difference between old and new telecommunications technology weren't all that significant. Calls went through either way. Expectations were a lot simpler.

Today's needs are more high tech. We depend much more on getting and sending information, at faster and faster speeds. In fact, almost half of all the "traffic" that flows over our telephone network is data and computer talk. And it's not just happening in our metro cities. It's going on everywhere — well, almost everywhere.

Southwestern Bell Telephone in Texas has plowed millions of investment dollars into new telecommunications technology over the last decade. The new technology is focused in our major metropolitan areas — and for Texas, that's not good enough. We won't be satisfied — and our customers and regulators won't be satisfied — until all Texas communities, large and small, metro or remote, have access to advanced telecommunications technology. Other states are moving full steam ahead to modernize their networks, like California and Florida — Texas' two toughest rivals for economic growth.

Thus, "Texas First" was born.

From the start, we knew we had to come up with a proposal that made sense for the communities we serve in competing for new jobs, made sense for our customers, and made sense — economically — for us.

Under our "Texas First" proposal, Southwestern Bell has proposed the following five elements:

- Replace over a five-year period older switching facilities in some 190 Texas communities with the most modern digital technology available.
- Phase out four-party service over the same five-year period, and eliminate mileage charges outside base rate areas.
- Provide some 21 "fringe" communities adjacent to the state's four largest metro cities with an optional "expanded metro service" that would eliminate toll charges to their neighboring metro city.
- Reduce charges paid by long distance companies to access our local networks, so that they can, in turn, reduce long distance rates to their customers.
- Freeze for five years all business and residence basic local rates — rates that haven't changed in five years, rates that are well below the national average.

So, what's the catch?

Why is Southwestern Bell willing to do all this modernization and rural service upgrade, reduce rates to the long distance carriers, and still freeze local rates for five years? What's in it for the telephone company?

We have presented our "Texas First" proposal to the Public Utility Commission as something we can do for the economic good of Texas and Texans. In return, we must have a more flexible "range" of permissible earnings — 11 to 13% on investment — that will allow us to take the risks described above — and be rewarded for those risks if they pay off.

Currently, the PUC places a ceiling on earnings. This means if you're getting close to that ceiling level, the incentive isn't there to further invest in technology that could trim costs or provide new revenue sources for the company for fear of bumping over the "allowed" level. In that scenario, there is little reason to take investment risks that could bring "information age" services to the "have-nots" of the world.

We have proposed a "share-the-success" formula that would return half of our earnings above the 13% level directly to our customers in the form of credits, with the remaining earnings retained by Southwestern Bell that could be plowed back into the business to provide new products and new services. "Texas First" does not contain any "share of the loss" — the risk is ours.

In future "Let's Talk" commentaries, we will further examine the need for regulatory change and its relationship on our ability to carry out our "Texas First" plan, and to provide high-quality, multi-optional telecommunications services you and all Texans want and deserve.

In short, with "Texas First," Southwestern Bell Telephone is willing to incur great financial risks, if given the chance to reap some rewards. We're betting that we can improve the Texas economy, improve the quality of telephone service statewide, freeze basic rates, lower toll rates, and still improve our earnings by marketing new products and services. We're betting that the economy in Texas will grow — thanks in some part to "Texas First" — and that we will grow with it.

We think "Texas First" is a good investment for us and for Texas. We'd be interested in knowing your thoughts. If you have any comments or questions, please drop me a line.

TEEN CONCERNS, FAMILY COMMUNICATION TO BE DRAMATIZED

A program to help parents become more aware of problems teenagers encounter, and to help parents and youths improve family communication, will be held at 2 p.m. Saturday, Mar. 4, in the Hirschi High School auditorium.

The free program will feature the Student Theatre of Awareness, Growth and Education (S.T.A.G.E.), a group of area youth who use drama to heighten awareness of teenage problems ranging from teen pregnancy and peer pressure to adolescent depression and substance abuse.

The group is a project of Wilson Family Planning Clinic, the Mayors Commission of the Status of Women, March of Dimes and Altrusa Club of Wichita Falls.

Barbara Fangmann, Wichita County Extension home economics agent, said the program is appropriate for students in the sixth through twelfth grades, and for adults.

Girl Scouts slate cookie sale

NorCenTex Girl Scouts will be taking door-to-door and telephone orders beginning Friday and continuing through Feb. 19.

The annual cookie sale is the main fundraiser for the NorCenTex Girl Scout Council and troops.

This year there are seven varieties to choose from including: Samoas, Thin Minis, Do-Si-Dos,

Country Hearth Chocolate Chip, Tagalongs, Trefoil, and Echo. Each box sells for \$2, which will be paid upon delivery of the cookies.

Residents not contacted by a Girl Scout and wanting to order cookies may call Denise Parham, 438-2344, Service Unit Cookie Chairman for Iowa Park.

The cookies will be delivered March 3-19.

After 90 days, most car repair guarantees run out of gas.

While most car repair guarantees last only 90 days, there is one that lasts a lifetime.

It's the Lifetime Service Guarantee. Once you pay for a covered repair, it's guaranteed, with free parts and labor, for as long as you own your car.

But it doesn't just last longer than other guarantees, it covers more parts and labor, in more places, too.

No matter where you travel in North America, you'll be covered for as long as

you own your car or light truck. It's America's best car repair guarantee. Only Ford, Lincoln and Mercury owners can get it.

Ask your participating Ford or Lincoln or Mercury dealer for a copy of this limited warranty. The Lifetime Service Guarantee. Because Peace of Mind™ is just the opposite of distress.

Makeup games here tonight

Bad weather has put a rush on scheduling varsity basketball games in order to wind down the season. Bridgeport will be here tonight to make up Friday's game, which was postponed because of icy roads. Both the Hawks and Lady Hawks will play, and this will be the final outing for the girls.

However, the boys will play here Friday, and close out the season Tuesday on the road.

The freshman and junior varsity boys will play this afternoon, before the varsities take the court. First game is to be at 4 p.m. between the underclassman teams and clubs from Vernon, followed by the varsities.

Friday, the Hawks will host Bowie, and finish the schedule Tuesday at Decatur. The Frosh and JV will precede both those varsity games.

The Hawks and Lady Hawks found Vernon's pit un hospitable, as the hosts outscored the two Iowa Park clubs by a combined total of

113-59. The Lady Hawks were swamped by the Lady Lions, 60-16, as they outscored IPHS 19-2 in both the first and fourth quarters. Shonna Weaver's six points was high for Iowa Park. The Hawks played the Lions a

little closer, but lost 73-43. Vernon outscored the Hawks 21-14, 16-7, 16-13 and 20-9 in the four periods. Wayne Chitwood and Jimmy Duggins were the only Hawks to score in double digits, with 17 and 11, respectively.

Boys' tourney here next week

Iowa Park will host the Dist. 5-AAA tournament for boys freshman and junior varsity teams, Feb. 16-18. The girls' freshman and junior varsity district tournament will be played this weekend in Graham, starting today.

Though the format for the boys' tournament is not a double elimination, all teams are guaranteed two games.

The Thursday and Friday contests will be played at 3, 4:30, 6 and 7:30 p.m. Games Saturday will start at 10 a.m. and the final contest will tip off at 5:30 p.m.

Shorts 

The Texas Parks and Wildlife, along with Texas Ducks Unlimited, will conduct the first formal dedication of a completed MARSH project, located in an area near Palestine, Feb. 21. All members of Ducks Unlimited are invited to attend a noon luncheon and tour, and can contact Mike Price, area chairman, for more information and a map of the sites.

Locals, Burk split finals

Playing their final games of the season Monday, the Eighth Grade girls basketball team blew Burkburnett out of the gym 48-28, but the Seventh Grade was edged 34-33.

Michelle Robertson led locals in scoring with 23 points, while Cheri Halady canned 12, Christie Catlin eight and Erica Knight four.

The Eighth Grade finished the season with a 14-1 record.

Gina Inman scored more than half the Seventh Grade points, 17, while four each were credited to Cristal Fisch, Lauren Gossett and Brande Overman.

Mavericks win two more games

The Mavericks defeated two more teams in Wichita Falls Boys' Club Junior League play, stretching their record to 6-0.

Balanced scoring proved too much for the Wichita Falls Pistons, as nine players racked up a 36-21 win.

Leading scorers were Mickey Mayo, nine, Josh Castles, six, and five each by Clint Witherspoon and Clint Scobee.

Then eight scored in the Mavs' 47-16 win over the Wichita Falls Bears.

Jason Young had 13, Castles and Terry Winter each had nine, and Witherspoon chipped in five.

The Mavericks and City View Falcons are the only undefeated teams of the 14 in the league.

Grace earnings increase in '88

W.R. Grace & Co. has announced the fourth quarter of 1988 after-tax income from continuing operations rose four percent while net income increased 51 percent.

For the full year, income from continuing operations and net income both rose 35 percent, reflecting improvements in all of Grace's businesses -- specialty chemicals, specialty businesses, energy and health care.

Grace is the parent company of Cryovac, Iowa Park's largest employer, located on the southwest edge of town.

Net income for the year increased 35 percent, to \$233,613,000, or \$2.75 per share. Net income in 1987 totalled \$173,091,000, or \$2.03 per share.

7th Grade boys finish season

The Seventh Grade boys' basketball team defeated Burkburnett Monday and finished the season with a 10-5 record.

REMOVING STOVE - Kamay volunteer firemen remove a wood-burning stove from a mobile home on Hacker Road Friday, after its chimney almost set the structure afire.

Holliday honor rolls released

HOLLIDAY - Honor rolls for the first semester grading period have been released by the Holliday Elementary School principal. Included on the list are:

FIRST GRADE - Hillary Ashley, Christopher Caussey, Corie Collier, Joe Doyle, Brittney Hall, Jan Holman, Amber Jones, Brian Maenza, Jason Marek, Rebecca McBride, Julie Morrison, Joshua Rollins, Blaize Skocny, Claire Day, Michael Gill, Brandon Hiller, Shelly Hutto, Blake Molina, Dana Patrick, Christi Pruett, David Rasmussen, Melanie Sears, Amanda Tucker, Joel Wallace, Christie Woods, Carrie Yancey, Jenny Matus, Tanya Lindemann, Laura Beaver.

SECOND GRADE - Jamie Mason, Jennifer Berend, Stephanie DeHaven, Matt Horany, Josh Luig, Mendi Matus, Robert Conway, Eric Lauder milk, Amanda Ramirez, Laura Schmitt, Christopher Stone, Bo Bekendam, Tabitha Kocks, Robin Cartwright, John Cook, Rebecca Lyford, Ryan Schabs, Dustin Wallace.

THIRD GRADE - Chad Hickey, Skylar Holman, Jonathan Skipworth, Whitney Burnam, Brandi Allgood, Shane Calhoun, Heath Drimmel, Heather Gilmore, Justin Horne,

FOURTH GRADE - Aaron Boyd, Karalee Faver, Renee Parish, Alison White, Cora Weaver, Kylie Finnell, Ty Luig, Aric Brackeen, Leesa Bennett, Jennifer Boone, Stephen Davis, Steven Maier, Jolene Surlis, Raymond Hale, Royce Cartwright, Amanda Wallace, Kyle Tucker, Jody Martin, Nicole Ball, Chris Morgan, Brad Wortham, Jenny Virdell, Addie Bekendam.

FIFTH GRADE - Julie Castro, Erica Delph, Diana Lankford, James

O'Brien, Michael Skipworth, Christie Smith, Daniel Willis, Heather Allgood, Amanda Briggs, Jessica Cook, Jamie Dollar, Cory Ferguson, Laura Fulfer, Byron Gravitt, Jana James, Vanessa Kocks, Lindsay Patterson, Patsy Anderson, Thomas Jones.

First semester honor rolls were released this week by Holliday Middle School principal Jake Cottrell.

EIGHTH GRADE - Stacey Carpenter, Chad Caussey, Chris Finnell, Pam James, Rhonda Bennett, Shannon Corbett, Rhonda Crouch, Cecil Dolberry, Mary Ewing, Chad Hunter, Tassie Mahler, Chance Maness, Rob McIlhane, Jason Menasco, Jeremy Morgan, Misty Raley, Bryan Riddles, Jo Ellan Rushing, Michael Southard, Larry Tracy, Stephen Santellana, Michelle Skipworth, Lesli Surlis.

SEVENTH GRADE - Blake Belcher, Josh Bobbitt, Amy Davis, Michelle Ferguson, Rodney Frie, Tracy Griffin, Jenara Kocks, Duane Lankford, Michelle Mahler, Leslie McConnell, Jackie Milhollon, Jill Mullins, Jennifer Parkey, Kerri Schlabs, Korie Wallace, Summer Bowling, Courtney Burnam, Melonie Bunch, Lance Coleman, Kristia Cox, Shelley Crampton, Mollie Cusenbary, Shelley Drimmel, Danielle Gaither, Lacey Hogue, Amy Hutton, Jenny Hutto, K.C. Jones, Julie Lawler, Chuck Lindeman, Cory McClendon, Dawn Perry, Maury Salkowski, Helen Spyra, Bubba Turner, Shyanne West, Joey Woodward, Kristen Woolsey.

SIXTH GRADE - Lynsey Bekendam, Rebekah Kuykendall, Douglas Lindemann, Clarissa Struck,

Kimberly Tucker, Chris Boydston, Emily Campbell, Christel Davis, Bobbi Griffin, Casey High, Cory Hogue, Joanna Horany, Robert Horner, Jodi Keehn, Robin Lawler, Corey Lindemann, Carrie Loftiss, Ashlee McAfee, Carrie Myer, Randy Rasmussen, Christy Smallwood, Mark Southard.

CRP sign-up set

The next sign-up period for the Conservation Reserve Program (CRP) is upon us once again. The dates for this sign-up begin Feb. 6 and end Feb. 24.

The Conservation Reserve is designed to aid producers in retiring highly erodible cropland. In doing so, the ASCS will cost share up to half the cost of establishing permanent grasses on the fields that qualify as highly erodible. The program consists of a 10-year contract under which the ASCS will pay annual payments on the amount of acres placed under the program provided that all terms and conditions are met.

Property owners interested in signing up or have any questions concerning the CRP, feel free to contact the Soil Conservation Service in Iowa Park at 592-4176 or the Agricultural Stabilization and Conservation Services (ASCS) at 592-4147.

Holiday School Menu

Friday, February 10
Breakfast: Cereal, juice, milk.
Lunch: Chalupa, cheese, lettuce & tomato, spice cake, milk.
Monday, February 13
Breakfast: Eggs, toast, fruit, milk.
Lunch: Hot dogs/chili & cheese, French fries, pork & beans, fruit, milk.
Tuesday, February 14
Breakfast: Cinnamon rolls, fruit, milk.
Lunch: BBQ on a bun, pinto beans, spinach, cobbler, milk.
Wednesday, February 15
Breakfast: Rice, fruit, milk.
Lunch: Chicken nuggets, gravy, creamed potatoes, green beans, hot rolls, honey, jello, milk.
Thursday, February 16
Breakfast: Biscuit, gravy, fruit, milk.
Lunch: Fish, macaroni & cheese, tartar sauce, corn, pickles, bread, pineapple upside down cake, milk.

Students read 1,315 books

HOLLIDAY - A total of 1,315 books were read by Holliday Elementary School students as they participated in the World Book's Partners In Excellence Reading Program, earning several classrooms sets of encyclopedias.

The program encourages students in first through fifth grades to do more "leisure time" reading, and research showed that the amount of leisure time a child spends reading is directly related to his reading abilities.

The goal of the program was to earn a set of World Book or Childcraft Encyclopedia for the classroom, and the students also had the opportunity to earn a gold or silver medal or certificate based upon the number of sponsors and books read by each pupil.

Raymond Hale, fourth grader, read 42 books; and Amanda Tucker

read the most books, 20, in the grade 1-3 group. Lisa Milhollon had the most sponsors with 19.

Those classes earning a set of World Book Encyclopedias were Mrs. Richter - first grade; Mrs. Cartwright, Mrs. Shawver and Mrs. Burnam - fourth grade; and Mrs. Davis and Mr. Goodman - fifth grade.

Mrs. Byers' and Mrs. Johnson's first grade classes each earned a set of Childcraft Encyclopedias.

Mrs. Marek's third grade class and Mrs. Davis' fifth grade class each earned a set of Science Encyclopedias, and Mrs. Hardin's third grade class received a World Book Dictionary.

Hotline helps sever red tape

Gov. Bill Clements' office helped 836 Texans cut through the bureaucratic red tape with an innovative Citizens Assistant Hotline in January.

From 8 a.m. to 5 p.m. weekdays, hotline staff members provide information to anyone who calls 1-800-252-9600.

The department helps people obtain information or assistance on a variety of topics ranging from obtaining the address of their state legislators to how to get a copy of a birth certificate.

HOUSTON STOCK SHOW Kaufhold brothers to compete in calf scramble this month

Two local brothers will have an opportunity to increase their herds of calves later on this month.

Shawn and Jimmy Kaufhold are to compete Feb. 26 in the Houston Livestock Show and Rodeo calf scramble.

The sons of Mr. and Mrs. James K. Kaufhold both won calves in three weeks ago in the Fort Worth Stock Show.

Shawn, 44, and Jimmy, 46, will be competing for one of the 252 calves that will be awarded at Houston.

The actual scramble event involves 28 energetic youngsters pitted against 144 vigorous calves. Each youngster is committed to capturing a calf in a matter of minutes. The finish line is but only the successful ones receive a \$500 calf purchase certificate.

To date, the Houston Livestock Show and Rodeo calf scramble has paid 11,030 animals. More than 24 million in the hands of Texas youth.

The Brothers Kaufhold are among 17 members of the Iowa Park Future Farmers of America chapter who will be showing projects in the exhibition of the show.

All will be competing in one of two divisions of the big Houston show - the junior show division.

The other division, the open show, attracts exhibitors from the world's agricultural industry in the form of professional breeders and ranches.

Entries in both the open and

The four market animal categories represent animals raised by the exhibitors as food sources. Top animals in each of the categories are eligible for their individual market auctions.

Total money paid in 1988 at the four junior show auctions exceeded \$54 million.

The highlight of the second week of competition is the junior show. These young exhibitors represent the future of this great state and union. Behind all the hustle and bustle of the week's activities, you will find the greatest young people in the world," noted Steve Woodley, assistant manager of the show.

A new junior market steer class has been designated for the 1989 Show - the American Breed and Crossbred Steer class.

The class will be made up of pure blood or crossbred Beefmaster, Brailes, Red Brangus, Simbrah, Brahman, Brahousus, Gelbred and any other Brahman-derivative breeds and/or crosses.

Junior breeding heifers are no longer confined to junior show competition. They may be entered in both the open and junior shows.

Following is a list of dissatisfied LEADER CLASSIFIED ADVERTISERS

Exmoore Oil & Minerals of Dallas has revealed plans to drill six developmental wells in Wichita County's Regular Field, HT&B Survey.

The No. 29 Edd Heiserman Estate carries permit for 1,750 feet of hole with drillsite 1.5 miles south of Clara. The operator has 220 acres leased 1,840 feet from the north line and 2,720 feet from the west line of Block 3 in the HT&B Survey, A-125.

Well's designated as the Nos. 51 and 52 W.F. Ramming "A" have a projected total depth of 2,100 and 1,750 feet, respectively. Locations are in a 100-acre lease, 3,290 feet from the north line and 3,020 feet from the west line; and 3,760 feet from the north line and 3,960 feet from the west line of Block 1 of the HT&B Survey, A-124.

Drillsite for the No. 176 Ruyle is 2.5 miles southwest of Clara, 3,960 feet from the north line and 1,090 feet from the east line of the Block 7 of HT&B Survey, A-126. It carries permit for 2,000 feet of hole.

With projected total depth of 1,750 feet, the Nos. 60 and 61 A.J. Shulz are located 1.5 miles south of Clara. Locations are 2,230 feet from the north line and 430 feet from the west line; 3,250 feet from the north line and 2,150 feet from the west line of Block 6 of the HT&B Survey, A-480.

Drillsite has been staked for the No. 1 Dickinson-Extc, A-1,990-ft. developmental well in the Wichita County Regular Field. The operation will be located one-half mile west of Clara in a 60-acre lease. Location is 1,091 feet from the south line and 790 feet from the west line of Block 3 of the Specht Colony Survey. The operator is Landrum West of Burkburnett.

The No. 44 Tidewater, a 2,000-ft. developmental well, is scheduled to be drilled in the Wichita County Regular Field. Williams Petroleum of Burkburnett is the operator. The well will be spudded in a 158-acre lease two miles southeast of Fowlkes in the SA&MG Survey. Location will be 1,680 feet from the north line and 2,600 feet from the east line of Block 4 of the survey.

Haynes & Shirley Production of Electra has filed first production figures on an oil well in the Wichita County Regular Field. The No. 8 Heiserman showed potential to pump four barrels of oil and one barrel of water per day.

The operator has 300 acres leased, with drillsite 2,500 feet from the south line and 1,100 feet from the east line of Block 2 of the HT&B Survey, A-478, two miles southwest of Clara.

The well will produce from perforations in the Cisco Sand, 1,690 to 1,696 feet into the hole. Total drilling depth was 1,750 feet.

Trio Operating of Wichita Falls has re-completed the No. 2-A HBJV-Parker in Hardeman County's Kieran Field. The well is located five miles north-northeast of Quanah, 2,506 feet from the north line and 396 feet from the east line of Section 122, Block H of the W&NW Survey, A-779.

The well indicated ability to flow 130 barrels of oil per day plus 45,600 CF casinghead gas on a 6/64-in. choke. Flowing tubing pressure registered 900 PSI. Production will be from an open hole interval ranging from 8,568 to 8,570 feet into the wellbore.

The same operator originally completed the well as a dry hole in June 1988. The original total depth was 8,566 feet. Trio deepened the hole to 8,570 feet.

West Landrum of Burkburnett is preparing to make hole for the No. 28 Bailey "L", a developmental try in the Wichita Regular Field, about one-half mile northeast of Kamay. It carries permit for 1,900 feet of hole.

Location is in a 314-acre lease in the KWVFL Subdivision of the KMA District. It is situated 2,100 feet from the west line and 1,430 feet from the south line of Block 30.

Parnell Operating of Kamay has hung the dry hole sign on an unsuccessful developmental bid in the Wichita Regular Field, five miles east of Kamay. Designated as the No.

1 Mrs. Pearl Boyd, the well was spudded on Dec. 23 and probed to dry bottom at 1,844 feet. It has been plugged and abandoned.

At a location about four miles southwest of Kamay, West Landrum of Burkburnett is preparing to make hole for the No. 1-L Fred Thom "D." It will be a 1,990-ft. developmental bid in the Wichita Regular Field. Drillsite is in a 219-acre lease in the W.H. Spillers Survey A-257, KMA District, 450 feet west of the southwest corner of Block 35 of the R. Castleman Survey.

An independent operator from Wichita Falls is testing for potential at the No. 22 Flusche in the Wichita Regular Field, about three miles south-southwest of Electra. Drilling commenced on July 27 and proceeded to total depth of 1,100 feet. Perforations have been shot in an undisclosed formation. The operator is Ray D. Shinpaugh.

Operating out of Midland, Atapco Inc. has concluded drilling operations at the No. 82 Reilly "A", a developmental try in the Wichita Regular Field. Located about two miles southeast of Clara, the well was spudded on Dec. 4. It was taken to total depth of 1,750 feet, where potential is being evaluated.

Drilling is nearing the 8,000-ft. mark at a Wilbarger County wildcat about one mile west of Farmers Valley. Spudded on Dec. 30, the

explorer well is known as the No. 2 Moore. It is under permit for maximum hole of 8,400 feet. Paul DeCleva Inc. of Wichita Falls is the operator.

Outlook is dim for the No. 1 Rape "A," a Wilbarger County wildcat located 1.5 miles south of Farmer's Valley. The well was spudded on Oct. 4 and was drilled to total depth of 8,500 feet by Phillips Petroleum of Oklahoma City. No commercial shows were indicated.

Trio Operating of Wichita Falls had ended drilling operations at the No. 1 HBJV-Kempf Unit, but is revealing no testing details. The projected 8,500-ft. wildcat was spudded the latter part of July and was taken to an undisclosed total depth.

An ill-fated Hardeman County wildcat has been written off as a dry hole about 12 miles north of Goodlett. Designated as the No. 1 Elliot, the well probed to a dry bottom at 8,485 feet. Paul DeCleva of Wichita Falls is the operator.

Plug-and-abandon orders have been issued for an unsuccessful Foard County wildcat situated one mile northeast of Margaret. The well was known as the No. 1 Bildstein-Barrera Unit. Drilling got underway on Sept. 9 and went to 4,202-ft. TD with no commercial shows. Perkins-Prothro Inc. of Wichita Falls was the operator.

Iowa Park School Scene

...All information prepared by Iowa Park School Counselors

History is not always boring facts and memorizing dates, as shown recently by several of Carolyn Richter's Texas History students.

Christina Duggins and Angela Cook did a recorded interview with James Bowie, Davy Crockett and Susanna Dickinson to get their point of view on the Battle of the Alamo. The girls wrote their own script and had relatives read the different parts.

Another group did a video interview with Susanna Dickinson and her daughter, Angelina. To make the interview appear authentic the girls, Jennifer Ricks, Ashley Kelly, Brande Overman, Cathy Harris, and Holly Burroughs used costumes of the period and staged their production in Wichita Falls around the log

cabin. Other members of the class produced replicas of flags used during the revolution.

The projects were the climax of a six weeks study of the Texas Revolution.

New officers were recently elected for the Iowa Park Chapter of the National Jr. Honor Society. They are: Michelle Robertson, President; Rhonda Jones, Vice-President; Kamron Robnett, Secretary; Kristen Bauer, Treasurer; Carrie Lewis, Reporter. An evening induction ceremony and reception was held January 23 in the Junior High Library to honor all new members.

Bohannon is appointed TSCRA field inspector

Iowa Park Native Jackie Dean Bohannon, 38, has been appointed to serve as field inspector for District Eight by Texas and Southwestern Cattle Raisers Assoc.

Now a Lubbock resident, Bohannon succeeds Inspector H.F. Guin of Tahoka, who recently retired.

TSCRA employs 32 field inspectors, all certified peace officers carrying Special Ranger commissions, to assist cattlemen and conduct livestock theft investigations in Texas and Oklahoma.

The Iowa Park High School graduate began his law enforcement career in 1972 and has been with the Lubbock County Sheriff's Department 14 years as deputy and investigator. He has been captain of the criminal investigation division

during the last eight years.

Bohannon handled the majority of the cases involving livestock while working in Lubbock County and worked closely with TSCRA field inspectors during that time. He is familiar with the cattle industry since his father, A.L., has been active in the cattle business several years.

Bohannon has earned his basic, intermediate and advanced certificates in law enforcement, and has won several awards as a pistol champion, and in 1983 was recognized as outstanding officer of the year by the Idalou Masonic Lodge.

He is the son of Mr. and Mrs. A.L. Bohannon of Iowa Park. He and his wife, Fran, have one son, Jack, 11.

Officials to inform local veterans of Lawton VA Outpatient Clinic

Officials from the Veterans Administration will be in Wichita Falls on Feb. 22 to inform local agencies, officials and individual veterans of Wichita and Wilbarger Counties regarding the operation and services of the new Lawton, Oklahoma VA Outpatient Clinic.

The meeting will be at 7 p.m. at the Disabled American Veterans Hall, 417 Indiana.

The representatives will present information on the start-up and operation of the new clinic which will serve primarily Wichita and Wilbarger Counties of Texas. There will be a question and answer session after their presentation to address general questions about the clinic. Full operation of the clinic is

projected for July 1, and the clinic estimates it will accommodate 21,000 to 25,000 visits annually. At this time, the Lawton VA Outpatient Clinic is not receiving drop-in patients without scheduled appointments. However, knowing that there may be an urgent need to use the clinic, it is requested that veterans please call first for an appointment. Calling for an appointment a day or two in advance will allow the clinic to assemble records and expedite care.

The Lawton VA Outpatient Clinic address and telephone number is 3401 West Gore Boulevard, Lawton, 405/357-6611.

Hours of operation are 8:00 a.m. - 4:30 p.m. Monday through Friday.
