Bales of hay reached from floor, almost to the ceiling at points around the walls in the room. Lariat ropes lay in loops the length of the tables were dotted with colorful autumn leaves.

Kitchen committee responsible for the food included E. E. Voyles, T. B. Gilbreath, H. B. Britt, Nelson Johnson, the new members, and Fred Parkey, R. A. Williams and A. C. Hooten, retiring members.

Promotion Service Planned for Baptist Youth Sunday

The annual promotion and coronation service for the young people's organizations of the Baptist church will take place Sunday evening at 7:30. Mrs. James N. Easterwood, young people's secretary, is general chairman of arrangements for the service. She will be introduced by Mrs. D. O. James, president of the Women's Missionary union.

Counselors of the Auxiliaries are Mmes. Lee Perry, Deloss Kagy, Nelson Johnson, Silas Verbie, Floyd White, J. R. Stone, Charles Metz, Lloyd Bell, Homer Blalock; and Messrs. Joe Bell and Deloss Kagy. Prelude organ and piano music will be offered by Mrs. O. E. Lochridge and Mrs. E. W. Sumrall. For the exercises the spotlight will be focused on a large white star which will center the choir rail. The star, which is the G.A. emblem, will have an open Bible suspended in its central figure. Candles will be lighted by Miss Barbara Tatom and Miss Kathryn Kelly and will burn in seven branched candelabra in the choir loft and in holders on each end of the rail.

The audience will sing the R.A. song "The King's Business" to open the program. Rev. James N. Easterwood will read the scripture. This will be followed by the promotion services where young people advance to higher age groups. This part of the program will be climaxed with a tableau depicting a family worship scene in which Sgt. and Mrs. Joe Johnson and their children Paula and Pamela take part. While they are in prayer position, Miss Frances Bell will offer "The Lord's Prayer (Malotte)" for a vocal solo.

Dorothy Faye Watson And John Rains Wed In Church Ceremony

In the presence of relatives and close friends, Miss Dorothy Faye Watson, became the bride of John Allen Rains Tuesday afternoon in a double ring ceremony performed at the First Methodist Church at 2:30 o'clock.

Rev. Kirk M. Beard, pastor, directed the marriage lines which united the daughter of Mr. and Mrs. S. E. Watson, and the son of Mr. and Mrs. Ike Rains of the Valley View community. Decorations in the nuptial space centered around a table which held an open Bible and a white cross before which the couple stood for the exchange of their vows. Flanking the table were two bouquets of white gladioli and mums.

The lighted stained glass windows high above the choir left added solemnity to the occasion. The entrance to the church auditorium was marked with a bouquet of the gladioli and mums.

During the ceremony, Mrs. James A. Sewell, organist, rendered soft interpretations of "Claire de Lune" and "Thine Alone." The wedding party left the church as the organ chimed a significant selection.

When the bride met her groom at the altar, she was wearing a cream lace afternoon gown, which was styled with a tight waist. Cap sleeves and a high neckline in front which dipped to a point in the back. A green velvet sash girdled the waist and fell in streamers from a side drape in front. She wore an off the face brown velvet hat, and other accessories of brown. She carried a shower bouquet of yellow roses atop her white Bible.

Miss Wanda Dillard attended the bride as maid of honor. She was attired in an afternoon frock, which featured a black velvet waist and black taffeta skirt. She wore an orchid mum shoulder corsage.

Donald Rains attended his brother-in-law as best man.

Immediately following the wedding, the couple departed on a trip for Mineral Wells, and other points of interest.

For travel, the bride wore a wire wool suit with brown accessories, and a yellow rose corsage. Upon their return to Iowa Park they will make their home in the Walter Scott apartment.

The bride is a popular member of the local high school set. She is enrolled as a senior student, and plans to continue her studies this year.

The groom attended high school at Valley View. He is employed by the Mann Drilling Co.

Corral Lodge Gets High Praise from All Visitors, Guests

Iowa Park can show off with pride its first and only tourist court, the Corral Lodge, which compares favorably with courts anywhere, even in the largest cities. Charles Miller is not only the owner of the lodge, but he is the architect, designer and decorator as well.

Located on W. Railroad Street on the Electra Highway, across the street east from the Texas-Oklahoma Hereford Building. The court at present consists of three four-room units, with two completed and the third nearing completion.

The charm of the lodge was recognized by the many visitors who inspected it on Saturday when Charles held open house. Charles has always loved color, the dark tones as well as the brighter hues, and he has had the adventure of choosing his own color schemes, which resulted in different combinations for each cabin.

The office and housing units present an inviting exterior picture. They are painted yellow to contrast with their maroon brick base. The mellow green outside doors and wrought iron porch trimmings, give pleasant accent to the buildings.

The principal colors in the office building are pale blue, green and rose tamps. These are combined in the walls, floor covering and furniture to give a cozy atmosphere.

The rooms that are ready for occupants prove that Charles showed no favoritism of coloring in decoration. In the first unit one room features yellow wall, dark green floor, rose drapes and a western bedspread. Another is finished in dark green and rose, the third dark green and yellow and the fourth blue and brown.

One of the most attractive rooms is in the second unit. Knotty pine walls have been finished with varnish over a greenish splash of paint. The pink drapes and bedspread combine with the walls to give a pleasing air of welcome. Color combinations in the remaining rooms of the second unit are brown and yellow; pink and maroon; and blue and brown.

The rooms are furnished with either ranch style or lime oak furniture. Each has its own tile shower and radio, and will be heated by a thermostat controlled furnace.

The Corral Lodge has already become a resting place for weary travelers and vacationists, because every room was occupied over the weekend, and 19 cars were turned away. Guests registered from Ponca City, Okla.; Washington, La.; Elmhurst, Calif.; Hummerwell, Kans.; and Blum, Dilley and Perrington, Texas. The visitor from Louisiana was Lionel Quirk, breeder of registered Morgan horses. He left a note under the office door requesting Charles to send him a pencil sketch with dimensions of the Corral Lodge.

Charles plans to start construction of eight more rooms in the near future. Upon completion of these the lodge will comprise 20 rooms, single and double.

He will build carports when the housing units are finished. The center of the grounds has already been sodded with grass. Charles is

Mr. and Mrs. Albert Maeckel have returned from Coleman where they attended funeral services for Barbara Jane Rogers, age 6 1/2 years, who died of polio in a San Angelo hospital. The little girl was the daughter of Mrs. J. R. Burton, formerly Miss Juandalive Davis of Iowa Park.

Guest Artists Feature Music Club Program

The musical recital sponsored by the Modern Music Study Club Tuesday evening at the Presbyterian Church in which Cecil E. Lapo, bass baritone and minister of music at the First Methodist Church in Wichita Falls was started one of the most brilliant performances ever enjoyed in this city.

Due to illness, Dr. Nita Akin, who was scheduled to appear in an organ recital was unable to perform on that instrument, but she did furnish magnificent piano accompaniment for Mr. Lapo's well rounded program of modern, light and deeper songs.

She promised to come back at a later date for an organ recital. Mr. Lapo sang with a noticeable warmth of feeling and handled each of his numbers with enviable ease. Perhaps the deep appreciation and admiration felt for the singer by the audience was detected by the artist and reflected in his singing.

From an artistic standpoint, Mr. Lapo's recital was a finished performance. He has endeavored himself to Iowa Parkians who are anticipating another one of his recitals with a great deal of pleasure.

The numbers he rendered were as follows: "Arm Arm Ye Brave (Judas MacCabeus) Handel. Sombre Words (Air From "Amadis") Lully. Pilgrim's Son, Tschalkowsky. My Journey's End — Foster. David and Goliath—Malotte. The Ringers—Loehr. The Green-eyed Dragon—Charles. The Song of the Flea—Moussorky. The Wedding of Miss Duck. The Song of the Black Crow, Appalachian folk songs. Ole Map River.

Mr. Lapo brought his recital to a glorious climax with The Lord's Prayer, by Malotte.

The guest artists were introduced by Mrs. Paul Zink, president of the Modern Music Study Club.

A profusion of Mums in the autumnal shades were used to decorate the church auditorium and dining room where refreshments were served to a large number of guests. Hostesses were Mesdames Lowell Short, Bess Smith, Gayle Park, W. G. Steele, Wayne House and Miss Ethyle Kidwell.

Iowa Park Herald

Published Thursday of each week at Iowa Park, Texas. Entered at the Post-office at Iowa Park, Texas, as second class matter under Act of Congress of March 3, 1879.
George R. Huckaby, George Huckaby Publishers

In various sections of Our Town homes and lots have taken on new loveliness in a setting of trees and flowers and shrubs or a thick carpet of grass.

In co-operation with the city beautification project sponsored by the Chamber of Commerce, the people have added plants to their already established gardens. Some who deserve special recognition are those whose gardens are just emerging from the planning stages.

Owners of new homes have devoted thought and time to landscaping their yards even while the houses were under construction.

In the north section of town on Texas street a neat and attractive row of houses on either side of a new blacktop road constitute a little community which is a recent addition to our town. Most of the lawns have been sodded with grass which has grown rapidly during the summer months.

Mrs. Mary Jo Burns's lawn is carpeted with luxuriant St. Augustine grass. The zinnias, marigolds and cannas present a blaze of color at the homes of Mr. and Mrs. Malcolm Mills and Mr. and Mrs. T. E. Gilbreath. Mesquite trees have been pruned and the ground cleared in preparation for sowing grass at the new home of Mr. and Mrs. C. C. Jones. Another comparatively new yard which gives evidence of work and planning can be seen at the Walter Scott home.

Mr. and Mrs. N. E. Seay have bought the lots directly in front of their home in the south part of town and they have been busy ridding the ground of unsightly objects prior to the erection of a duplex. They plan to level the land with a bulldozer and make a place of beauty as their home yard is.

Mr. and Mrs. C. L. Reeves always keep a lawn of which they can be proud. Mrs. Reeves served as city beautification chairman last year and her own yard was then and has continued to be a model by which others could be judged.

There are many other places deserving of mention. We suggest that the people drive around town and receive ideas and inspiration for their own work in making Iowa Park a city of beauty.

SENIOR NEWS

I'm sorry I didn't have any news last week, but six weeks tests, boy friend, girl friend getting married, and Negro homecoming football games sorta kept me busy.

Six weeks tests had just about everybody in a tizzy. Kenneth has been talking awfully sweet to Mrs. MacDonald and Paddlefoot has been slipping some extra work to Mrs. Thompson. We all hope it works. I hate to pay these teachers such good compliments because they really enjoy it too much, but they must have taken some kind of a course this summer because they can really make out good test questions. The only thing that is bothering us is that we can't find good answers for them.

I'll skip the boy friend part because you all know just about what that would be.

Jackie Faye is as of now going steady. I'll not tell the story behind it, but it worked anyway. Tommy now has to put up with her all the time.

Elga Ann has some new glasses. They sure look pretty Elga Ann.

Volley ball practice started this week and there are sure some sore girls going around here. Mrs. Lucy is sure going to have a fine bunch of seniors to pick from without even considering the other girls. On well—there is still time to worry about that.

It is sure nice to have Lou Ann back in school after being out with the flu last week. She said she got shot. She sure looks all shot doesn't she Ben.

I hear that Wilma is considered going steady. It couldn't be with Walter could it? Or could it?

Harold McDonald is now president of two organizations. He was recently elected president of the F. F. A. Eldon was elected song leader. You should hear him sing, and then you would understand why.

Harold Lewis is still sweet on a junior. That's all right Harold I think those juniors are the real thing, don't you Lou Ann?

Charlene is still going with Tater. What is this I hear about you going to a drive-in by your self? Or was there some one in the trunk of the car? That's what I thought.

Shuman have I been seeing you holding hands with a certain sophomore? You doing all right Shuman.

Pat Mitchell is wearing real pretty pin on her sweater this week. She got it this past week-end when she went to a football game. That pin has an O. and M. emblem on it. Could it be that one of the ex-seniors gave it to her?

I guess Page is looking forward to the Electra game this Friday night. You see there is a certain girl clarinet player in the band from Electra that has his senior ring. He doesn't want the ring he just wants to see the girl that is wearing it.

Paddlefoot we want to see you and Jake, and Kenneth get out there Friday night and work with the team and beat those Tigers. Kenneth got hurt in practice this week. Oh—you say that isn't news? But it is. He is going to play hard Friday night, and they are not going to have to carry him off the field a time.

J. C., who is going to play center this week? How about that junior, or is he playing end this week? Bobby Pace is a real good announced. He has been calling the classes down to have their pictures made for the annual.

Sandra has been wearing a senior ring this week that didn't come from Iowa Park. Whose is it?

Charlene, Wilma, Eva Jane, and Lucille took Mr. Weathers riding Wednesday afternoon. They went to Wichita and drove around a little while. They are going back Thursday to take their test. We hope you pass girls.

The band will march in the Midwestern Homecoming Parade Saturday morning at 10 o'clock. We hope that there will be lots of fans to holler at us when we march by. This will be all until next week. So—all of you come to the game Friday night and help support the Hawks as they battle with the Tigers.

Thanks — Lucille.

P. S. Beat Tigers!!!
Mrs. Elma Barker went to Dallas Wednesday by airplane, returning Thursday morning. She reports that the trip to Dallas was made in an hour and 13 minutes with a stop in Fort Worth.

Mrs. Elsie Marrah of Oakland, Calif., who was here at the bedside of her mother Mrs. Freda Wunschell, received word Sunday that her husband had been seriously injured in a fall at his home. She went home that night by plane. Mrs. Marrah was reared here and her visit last week was the first in 11 1/2 years.

Mrs. Jimmy McDonald underwent an appendicitis operation Saturday at the Flow Memorial hospital in Denton.

Mr. and Mrs. W. E. Weathers, Mr. and Mrs. Keith Blalock and Miss Bettye Denny plan to attend homecoming at Baylor university this weekend.

why no range is cooler than a modern gas range

YOU know it takes heat to cook. No hokus-pocus or cock-eyed claims can change that. However, a modern gas range will keep your kitchen as cool as you can reasonably expect.

A low simmer flame, a little larger than a thimble, cooks vegetables in a covered saucepan. For any task, you can adjust a modern gas range for the lowest possible heat. You have dozens of heats to choose from, not just 5 or 7. Moreover, burners shut off instantly; no lingering heat pours into your kitchen.

If your range has its best days behind it, now is a good time to buy. But be clear-eyed, keen-eyed. Get a range with a record of proven performance; a range that will be repair-free. Get the range that's used by 96 out of 100 women in this area. Get a modern gas range.

On display almost everywhere.

YES YOU-

CAN HAVE A CASH SAVING

OF \$4329.00

Use this tested plan — guaranteed for those who find it hard to save!

THERE IS AN EASY WAY for you to save money. To build a growing, interest-bearing cash reserve of \$4,329! And all you have to do is take three simple steps:

Decide today that you will do your saving first — before you even draw your pay.

Decide that you'll save systematically. Waiting till you have a lump sum "to spare" never works. But the thrilling truth is that the surest way to financial security lies in saving a small, definite amount regularly—week after week.

Today—go to the Payroll Office where you work and sign up for the Payroll Savings Plan. Authorize your employer to save a fixed amount from your pay each week to be automatically invested for you in U. S. Savings Bonds, Series E.

If you can set aside just \$7.50 from your pay each week, in 5 years you will own \$2,009.02 in cash; in ten years, \$4,329.02! And all the time, as you watch that money grow, your feeling of security, of financial independence, of "money in the bank" will grow with it!

BONDS ARE LIKE CASH - ONLY BETTER!

United States Savings Bonds are safer than cash. If you should lose or accidentally destroy a \$10 bill, the money is gone forever. But if your bonds should be destroyed or lost, the Government will replace them for you, free of charge. Furthermore, if you should have to convert any Series E bond, it may be cashed, after you've had it 60 days, at any bank or other financial institution which is an authorized paying agent.

MAKE THE MONEY YOU WORK FOR REALLY WORK FOR YOU . . .

Look over this chart right now. Pick the savings plan that best suits your income and your goal. Then see your employer and GET STARTED — TODAY!

WEEKLY PAYROLL SAVINGS PLAN

SAVE EACH WEEK	AND YOU WILL HAVE

Valley View

By Mrs. Roy Lakey

It's been a long time since V. V. Methodist had a dinner on Sunday, but Sunday, Oct. 29, we will honor Mr. and Mrs. Ken Crowe and Sandra who have recently moved to Graham. All Methodists and friends of the Crowe's are urged to be there at the noon hour, bringing their family basket along. Our family night suppers are always enjoyed and I feel sure the day will also be long remembered. It is the reason for the time and date.

It takes some of us back many years, when we had preaching all day and dinner on the ground. How many of you remember when if it was blustery outside, we would draw two of our pews up facing one another and down in between would have spread a meal that the people could not resist. In those days we had only the chapel part of our present building. Now with the annex, we have plenty of room and very convenience at our finger tips. Don't forget, Oct. 29 at noon, all who want to join us in an old fashion get together.

Mr. and Mrs. Jonas Belote of Iowa Park, parents of Mrs. Swan Reaves, were her visitors Tuesday afternoon. Also Mrs. J. C. Farris of Ft. Worth. The daughter of Mr. and Mrs. Reaves is a visitor in their home this week. J. C. will come the later part of the week for a week-end visit.

Jim House of Bryson, came home with his granddad for the week-end. Bes House took him home Monday and will remain for a few days. Mrs. Ira Duncan and daughter, Dixie, of Ft. Worth were also week-end guests of the Rev. and Mrs. House and granddaughter, Sara Duncan, who is attending V. V. School.

Marvin Dale Childers came Friday for the week-end with his parents and to see the Warriors win over the St. Jo team.

Otha Childers received a letter from his nephew, Carlos Caussey, in Korea, saying he thinks the war there will soon be over and he hopes to be home by Christmas. Carlos has been on the front lines and is thankful he learned to use a rifle in early years for he has had to use it a number of times, and his life depended on accuracy in hitting his target.

Wayne and Doris Henderson were home for the week-end. Doris is taking her nurses training at Galveston now, and Wayne is a student at N. T. C.

Mr. and Mrs. Wiley Bishop spent the week-end in Dallas at the bedside of his sister, who is ill with pneumonia.

Buster Reaves has accepted job with Industrial Supply at Kadane Corner. We hope these young people will be our neighbors soon. We need more young adults in our midst.

W. S. C. S. met in the home of Mrs. Ralph McKinlay Monday afternoon. Health problems and hospital work in one mission fields were discussed along with a chapter on one study of the Christian Community, presented by Miss. Education Leader Mrs. House. Refreshments of cake and punch were enjoyed by members.

Mrs. Belta Jone and Lakey visited with the Paul Coppock's and C. T. Moore's in Wichita Falls Monday night.

Charlie Morrison, president of Kiwanians Club Wichita Falls, was the speaker for the mens fellowship, Monday evening. Speaking on the topic "Service to Others" he held the groups attention till the last word was spoken. A wonderful speaker everyone says, and wish that more had heard. There were 17 men present. Host Ezra Jones, Jerry Hodges served cake and coffee.

Why not consider it your responsibility to get news into our little home town paper?

WSCS

Stockton, Harry Weaver, Fred Widmoyer, Ida Weeks and D. O. Smith.

Circle four met at the church Tuesday morning at 10:00 o'clock, with Mrs. Nita Compton and Evelyn Thompson as co-hostesses for the group.

Mrs. Bud May, president, conducted a brief business session.

Mrs. Nita Compton was leader for the program. Devotional was given by Mrs. Levere Thompson. Others assisting with the program were: Mmes. Joe Bell, Katherine Stringer, L. A. Wilson and Tom Watt.

Others attending these meetings were Mmes. Roxie Hall, B. O. Gilstrap, Edd Clark, Ruth Capeheart, H. B. Hodley, Kirk Beard, Della Craft, Irene Watt.

Whatever the scoreboard shows, there will be cheers for your side when you serve this perfect combination of food after the game, as a climax to the excitement and fun.

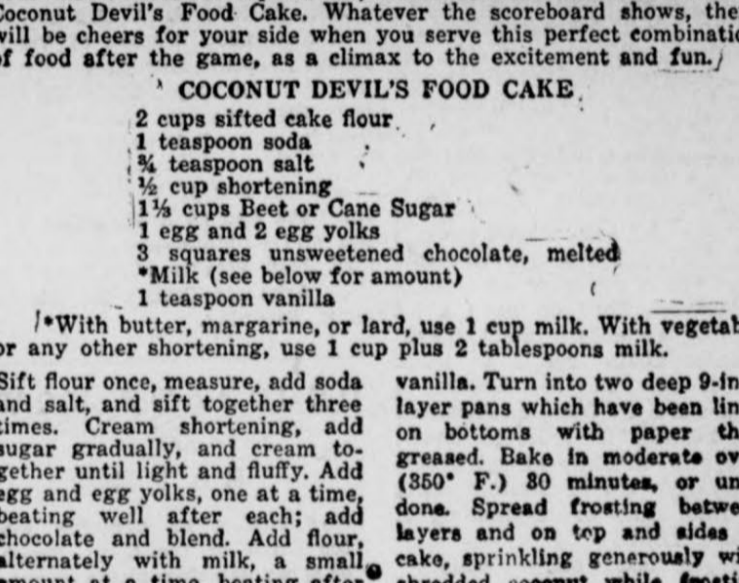

COCONUT DEVIL'S FOOD CAKE

1 teaspoon soda
1/2 teaspoon salt
1/2 cup shortening
1 1/2 cups Beet or Cane Sugar
1 egg and 2 egg yolks
3 squares unsweetened chocolate, melted
*Milk (see below for amount)
1 teaspoon vanilla

*With butter, margarine, or lard, use 1 cup milk. With vegetable or any other shortening, use 1 cup plus 2 tablespoons milk.

Sift flour once, measure, add soda and salt, and sift together three times. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add egg and egg yolks, one at a time, beating well after each; add chocolate and blend. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Turn into two deep 9-inch layer pans which have been lined on bottoms with paper then greased. Bake in moderate oven (350° F.) 30 minutes, or until done. Spread frosting between layers and on top and sides of cake, sprinkling generously with shredded coconut while frosting is still soft.

Texan Receives Recognition From Oklahoma Governor

S. J. Griffin, Austin R. Prudhomme, Jr., Gov. Roy J. Turner and Joe D. Morse at anniversary celebration.

Oklahoma City — (Special) — Oklahoma's first life insurance company in the state's history to reach the \$100 million mark of life insurance in force drew official recognition this week from Gov. Turner and other state officials.

Donald Dickey, state insurance commissioner, announced that the Home State Life Insurance Co., with home offices in Oklahoma City, had set a new state record for Oklahoma companies.

The company went over the \$100 million mark when Austin R. Prudhomme, Jr., of Fort Worth bought a policy from S. J. Griffin, company representative in Ft. Worth.

In extending official congratulations to Joe D. Morse, Home State Life president, Gov. Turner cited the great progress made by Oklahoma companies in recent years.

Home State Life, by coincidence, arrived at this "milestone" of life insurance in force while it was celebrating its 21st Anniversary.

"We are most appreciative of the way the people of Oklahoma and Texas have accepted our company and its policies," Morse said, "and especially are we gratified that operating within this comparatively small insurance area, we have been able to make this outstanding record." Morse said the company policyowners now aggregate 200,000.

BLUEBIRDS

For their Hallow'e'n party the Sparkling Blue Birds followed a ghost trail Wednesday afternoon that had been laid out by spooks. At the different stops they collected the remains of witches that had had a wreck while flying high on their brooms. These proved to be noisemakers and refreshments.

By strips of yellow crepe paper on trees and posts they were led from the schoolhouse to the home of Mrs. Archie Bryant, then to Mrs. Kirk Beard's, next to Mrs. L. C. Perry's, on to Mrs. Herman Mahler's, and finally to the home of Mrs. Ted Zeck.

Accompanying the girls were the leaders Mrs. Bryant and Mrs. Marvin Laxson. The Blue Birds following the ghost trail were Beth Adams, Carolann Bates, Patricia Blaylock, Suellen Bryant, Sarah Cole, Linda Giesert, Linda Green, Fay Laxson, Judith New, Tretha Roach, Jackie Sims, Karren Thrush, Ruth Wesley.

Tony Ventura and Fred Bardin stopped at Barbour's Humble station one day this week with two bull elk and two deer they had taken near Meeker, Colorado. They are Dallas men.

From where I sit... by Joe Marshall

You Can't Build A Better Mousetrap!

"They're not the best-looking boarders a man ever had," Hack Turner said one day, "and they've got awful tempers. But I've found it pays to have 'em around."

Hack was talking about a family of barn owls, nesting in his silo this year. Some folks believe those little white-faced screechers kill chickens—and ought to be shot on sight. But Hack disagrees.

"Up at State University they've studied barn owls for years—and never known one to eat a chicken. On the other hand, a daddy owl will clean up around 300 mice a month. Farmers that kill barn owls are throwing away the best mousetraps known to man!"

From where I sit, when someone shows a prejudice against any group of animals or humans—it's usually just based on misunderstanding. For instance, some folks are plumb intolerant about those of us who enjoy an occasional quiet glass of beer. Get to really know us and you're liable to find we're pretty good birds at that!
